CEREMONIAL AMERICAN FLAG PRESENTED — On February 25, Gene Brannon, right, and Jerry Gramm, center, accepted the ceremonial American Flag donated by American Legion Post 575 of Lubbock for the Frank Mitchell Memorial Park in Roaring Springs. Many Motley County residents will recognize the Legionnaire presenting the flag, left, as Tom Bourland, who grew up in the Whiteflat community.

Senator Gramm Announces Loans To Aid Farmers In Texas Counties

WASHINGTON -- U.S. Sen. Phil Gramm has announced that farmers in five Texas counties are eligible to apply for low-interest emergency loans to help recover from damages and losses to crops due to the freeze, high winds, hail, and excessive rainfall which plagued much of Texas during 1991.

Due to early freeze, high winds, very cool weather and excessive rainfall between June 1 and Nov. 6 of last year, farmers in Cottle, Foard and Wilbarger Counties are eligible for the loan assistance.

Due to hail, high winds and early freeze between Oct. 25 and 31, 1991, farmers in Howard and Scurry Counties are eligible for the loan assistance.

For those who cannot obtain credit through normal channels, the U.S. Farmers Home Administration will make loans available at below-market interest rates to family farmers.

In addition to the above counties, 20 other Texas counties have been named as contiguous counties and therefore are eligible for assistance. The counties af-

ected by early freeze, high winds, very cool weather and excessive rainfall are Archer, Baylor, Childress, Dickens, Hall, Hardeman, King, Knox, Motley and Wichita. The counties affected by hail, high winds and early freeze are Borden, Dawson, Fisher, Garza, Glasscock, Kent, Martin, Mitchell, Nolan and Sterling.

The FmHA, which will supervise the loan program, is charged with providing aid to the farmers and ranchers in order to assist their economic recovery from natural disasters.

State Comptroller's Office Sends Texas Cities and Counties Tax Rebates Totaling \$181 Million For February

(Austin) - State Comptroller John Sharp recently mailed checks totaling \$163.4 million to 1,066 Texas cities, a 1.8 percent increase above last February's \$160.5 million.

Checks to 106 Texas counties totaled another \$17.7 million, 4.7 percent more than last February's rebate of \$16.9 million.

This month's sales tax rebates include taxes collected by yearly, quarterly and monthly taxpayers.

"Texas retail sales were better than the nation's as a whole during 1991 but the year was sluggish and the Christmas season just brought us more of the same," Sharp said.

The city of Houston received the State's largest payment for February, \$26.3 million, a decrease of 1.5 percent below last February's payment of \$26.7 million. Dallas received the state's second largest payment, \$14.9 million, a decrease of 4.5 percent below last February's \$15.6 million. San Antonio received \$9.1 million, the third largest payment in the state, an increase of 3.2 percent above last February's payment of \$8.8 million. Austin

reflecting sales made by them during 1991. Businesses file either monthly, quarterly or yearly, depending on the amount of sales tax they collect.

Shoppers pay the local sales taxes of up to 2 percent along with the state's 6 1/4-percent state sales tax when they make a taxable purchase. Merchants then send the taxes to the Comptroller's Office with their tax returns. The state keeps its share and returns to cities, counties and other taxing entities their portion of the local sales tax.

Area voters must approve all local sales taxes at the polls. Most local governments use the money raised for services such as fire fighting, road maintenance and law enforcement. City sales taxes may also be used for local economic development and property tax

reduction.

Totals for Motley County are as follows:

Matador: net payment this period, \$3,592.87; comparable payment prior year, \$3,363.96; % change, 6.80%; 1992 payment to date, \$4,748.37; 1991 payments to date, \$4,486.57; % change, 5.84%.

Roaring Springs: net payment this period, \$2,332.48; comparable payment prior year, \$2,407.17; % change, -3.10%; 1992 payments to date, \$2,332.48; 1991 payments to date, \$3,281.30; % change, -28.92%.

County total: net payment this period, \$5,925.35; comparable payment prior year, \$5,771.13; % change, 2.67%; 1992 payments to date, \$7,080.85; 1991 payments to date, \$7,767.87; % change, -8.84%.

Local Poet To Perform At National Cowboy Hall of Fame

followed with \$7 million, an 11.3 percent increase above last February's \$6.3 million, and Fort Worth received \$5.2 million, a decrease of 3.6 percent when compared to last February's payment of \$5.4 million. Arlington received \$4.8 million, and El Paso followed with \$4 million.

Hospital districts in Baylor, Ector and Reeves counties were sent a combined total of \$1.2 million, and city transit departments in El Paso and Laredo received a total of \$2.4 million.

This month's payments include taxes collected on December sales and reported in January by businesses filing monthly returns. February's rebates also reflect taxes reported by businesses filing quarterly returns for sales made in October, November and December. Yearly filers are also included in this month's rebates.

Dennis Gaines of Matador will recite his/her original poems at the Fourth Annual Oklahoma Cowboy Poetry Gathering Saturday, April 11, at the National Cowboy Hall of Fame in Oklahoma City.

Gaines will be one of approximately 50 cowboy and cowgirl poets to perform during morning and afternoon poetry sessions, starting at 9 a.m. and continuing until 5 p.m.

Headliner poet for the event will be nationally known cowboy bard Baxter Black. He will make an appearance early in the day, then give a full performance in the afternoon.

Black will also appear at Bootleggers' Bash, a dance benefiting the Metropolitan Library System, set for 8 p.m. to midnight April 11 at the Cowboy Hall. The dance will feature Oklahoma's own Red Dirt Rangers, a group popular for its electric sound, which as been described

as jalapeno country, Liverpool bluegrass and folk-rock/Tex-Mex.

Advance tickets to the poetry sessions are \$4 for adults and children age 12 and over, \$2 for children ages 6 to 12. Children under 6 will be admitted free of charge. Dance tickets are \$7.50 for adults and children 12 and over. Children under 12 will be admitted free. During the dance, free western movies will be available for the children.

To purchase advance tickets or for more information, call 405-235-0571.

Tickets may be purchased at the door the day of the gathering. Regular Cowboy Hall admission will be charged.

The gathering is a project of the Metropolitan Library System serving Oklahoma County. Co-sponsors are the National Cowboy Hall of Fame and the State Arts Council of Oklahoma.

Whiteflat Reunion Set For April 4th

by Nora Belle Dunning

Hello Whiteflat Exes! It's nearly time for our annual reunion, Saturday, April 4. We hope all of you can come. After all, none of us are getting any younger, and already we have lost 30 people since last April that I know about and usually there are some we don't hear about until friends come and tell me.

I have so many precious memories of my life growing up in the Whiteflat Community. Of our closeness to each other, everyone was your friend, and seemed more like family than just friends. How close we were to all our teachers, our pastors of all the churches, all the people in businesses and each and everyone in our area. How we enjoyed our community meets, our county wide singing conventions, our coming to Matador, visiting with Mr. Newman, Randall

Whitworth, Henry and Lucy Ford, The Edmondson's and so many, many more. I would set out on the sidewalk by the bank for hours while my dad, Hollis Stephens visited and talked to so many friends. If I needed anything from the Dry Goods Store, Mother would tell me to go to Miss Maggie Bryant, she'd know what I needed. I'll always remember how sweet and kind those people were to me.

As all you know we have a covered dish luncheon and there's always plenty of food. As far as I know, no one has ever gone away hungry.

If you need to know anything about it my telephone number is 806-347-2722.

We need pictures for the paper, get them to me as soon as possible.

Hope to see each of you at Matador Senior Citizens Building on April 4th. I open the building at 8:00 a.m. See you there!

Annual Father-Son Banquet Planned For March 16th

The Annual Father-Son Banquet, sponsored by PTO, will be held Monday, March 16 at 7:00 p.m. in the school cafeteria. An "old time favorite man's menu" will be served, chicken fried steak, mashed potatoes and gravy, vegetables, bread and chocolate cake.

Tickets are on sale for \$6.00 each. They may be purchased by contacting Rex Carson, 347-2664 at home or at the golf course at 348-7267. She will also be selling at the school on Monday, March 16 before school and at noon. Tickets are also available at Stockman's Supply, Inc.

With a theme like !#\$%*BLOOPERS##\$&*!, a night of thrills and excitement is sure to be had by one and all!

Heart Association Education Program Presented To Motley County Schools

The American Heart Association presented the Motley County School award winning instructional health programs during National Heart Month.

Mrs. H.R. (Earlyne) Jameson, chairman of the Motley County AHA, says she was pleased to present the comprehensive and instructional material to the

Elementary classes and the Home Economic Dept.

The material is in demand by educators throughout the state, as a public service. Teachers who are using the program expressed their appreciation. They said it would be a benefit to the school to have this educational material.

MARCH IS NUTRITION MONTH EAT RIGHT WITH FRUITS AND VEGETABLES....

Fruits and vegetables are an important part of a varied diet. Many fruits and vegetables are low in calories and fat and high in fiber, vitamins, and minerals. The new Dietary Guidelines for Americans recommends increasing your fruit and vegetable consumption to a minimum of five servings each day, two fruits and three vegetables. A few simple steps can help preserve the nutrients in produce and improve the taste, texture, and appearance. Select produce that is not damaged, bruised or wilted, since rough handling leads to vitamin loss. Choose dark green, orange and yellow fruits and vegetables. They are highest in beta-carotene (a precursor of Vitamin A) which has been associated with lower cancer risk.

Fresh fruits and vegetable should be sun-ripened, then chilled immediately to preserve the content of Vitamin A, Vitamin C, Folate, and other nutrients. Also, don't wash produce until just before eating to conserve C and B vitamins. Wash without soaking to prevent drawing out nutrients into the water. Don't peel your fruits and vegetables, since many nutrients are contained in the skin. Rinse and brush thoroughly instead. Skins also contribute dietary fiber - an added bonus.

Prepare fruits and vegetables as close to serving or cooking time as possible to minimize exposure to air and light. Steam, stir-fry, or microwave vegetables, since these cooking methods preserve the most vitamins. Cook vegetables until just tender-crisp. Overcooking destroys vitamins. If you must boil, use as little water as possible. Boiling, soaking, or canning draws water soluble vitamins such as C and Bs and minerals such as selenium and potassium from the food into the pot.

After boiling, save the vitamins and minerals by using the remaining water in soups, stews, or sauces. If you eat and enjoy plenty of fruits and vegetables, you can't help but eat right, America.

CHOOSE A DIET LOW IN FAT, SATURATED FAT, AND CHOLESTEROL....

Many Americans need to reduce the amount of total fat, saturated fat, and cholesterol in their diets. Diets high in fat have more risk for obesity and certain types of cancers. Higher levels of saturated fats and cholesterol are linked to increased risk for heart disease. Suggested goals are as follows. For total fat, consume only an amount that provides 30 percent or less of daily caloric intake.

For saturated fat, consume an amount that provides less than 10 percent of calories per day. Saturated fats are mostly solid at room temperature and come mostly from animal sources, but tropical oils (coconut, palm, and palm kernel oils) and hydrogenated fats also contain saturated fats. Most vegetable sources of fat contain mostly unsaturated fat. These are usually liquid at room temperatures.

For cholesterol, animal products are the only source of dietary cholesterol, so eating less fat from animal sources is a good way to control cholesterol.

To lower fat in the diet: eat plenty of

vegetables, fruits, and grains; choose lean meats, fish, poultry without skin, and lowfat dairy products. Use fats and oils sparingly when cooking or serving. And remember, because fats contain over twice as many calories per gram as other nutrients, a diet low in fat makes it easier to consume foods with adequate nutrients without exceeding caloric requirements.

CHOOSE A DIET WITH PLENTY OF VEGETABLES, FRUITS, AND GRAIN PRODUCTS...

Vegetables, fruits, and grain products are an important part of a varied diet. They supply lots of vitamins and minerals, complex carbohydrates, and dietary fiber -- and they are usually low in fat. Eating foods with fiber is important for proper bowel function and can reduce symptoms of chronic constipation, diverticular disease, and hemorrhoids. It is better to obtain fiber from foods than supplements. Children should be encouraged to learn to eat these foods regularly for lifetime healthy habits. Put this guideline into practice by eating more dry beans and peas; fruit; and breads and cereals, pasta, and rice.

USE SUGARS ONLY IN MODERATION...

Sugars and many foods that contain them in large amounts supply calories, but few nutrients. Sugar comes in many forms: table sugar (sucrose), brown sugar, honey, syrup, corn sweeteners, molasses, glucose (dextrose), fructose, maltose, and lactose. Read labels of packaged ingredients for "hidden" sugars that are added in processing. Use sugars in moderation, sparingly if caloric needs are low. Sugars can also contribute to tooth decay.

USE SALT AND SODIUM ONLY IN MODERATION....

Most Americans eat more salt (sodium chloride) and sodium than they need. The exact connection between sodium intake and high blood pressure is not exactly known, but some people with high blood pressure benefit from reducing intake. Use salt sparingly in cooking and at the table. Check ingredient labels of spice mixtures, packaged mixes, canned products, frozen dinners, condiments, and snack foods. Many of these have added sodium or salt in processing.

IF YOU DRINK ALCOHOLIC BEVERAGES, DO SO IN MODERATION....

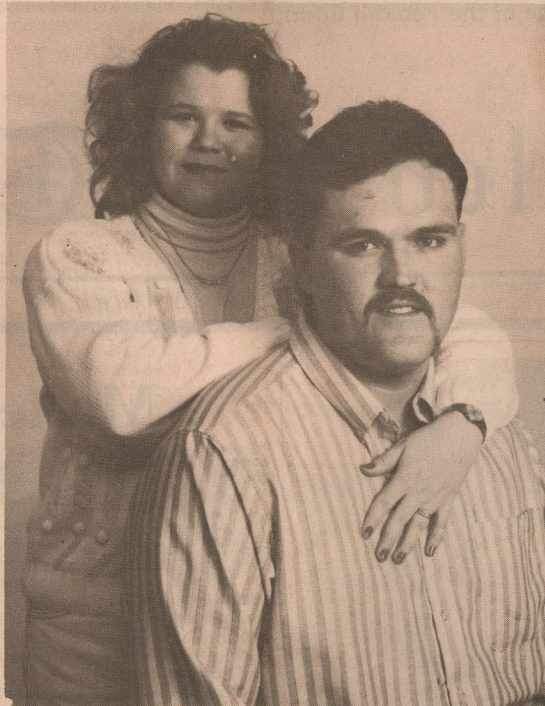

Alcohol supplies calories, but few or no nutrients. Alcohol consumption is currently not recommended, health-wise. Those who should not drink are: women pregnant or those trying to conceive, individuals taking medicines, children, and adolescents.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or national origin.

GENEALOGY SEMINAR REPORT

Those of you that are interested in genealogy missed a very interesting and informative meeting last Saturday night at the Motley County Library. We had the following persons in attendance: Odessa Mullins, and Lee Peacock of Roaring Springs; Mary Lou Bollman of Lockney; Nancy Marble of South Plains; Beverly Vinson of Flomott; Betty Moore, Janie Campbell, Joyce Campbell, Opal Pipkin, Lucretia Estes Campbell, Winifred Darsey and Wilda Dixon.

Mr. Ron Bremer of Salt Lake City, Utah, answered questions and gave several ideas for where to look when you come to a dead end. He also talked about what the better sources of information are and where to find them.

There is one source book that he suggested and we are now asking for donations to the genealogy fund to purchase this book. Any amount is welcome and we already have nearly half of the amount needed. Please take your donations to the Library as soon as possible so that we can finish paying for this book. Any monies received above the price of the book will be applied to other genealogy books and materials.

Amy's Anecdotes

by Amy Woolsey

After meeting the English girl who is staying with the Potts', I never realized how much of a difference there is between England and the United States. The difference in words and other such things just amazes me. I absolutely love the accent. I wish I could talk like that instead of like a Texan. It sounds so sophisticated. I've always thought the house I live in was so old, but 1907 is just a bit young compared to a cottage built in 1600, (where her dad lives). Wow! The different meanings in words, such as tea; to the English it means to eat; to us it means a beverage to drink. Just so many different things. I can't believe the many types of "slang" we use. It really amazes me. I hope some day "when I get rich" I'll get to go to England. To see what it's like and to understand it better. That would be so fun! But, that's only "when I get rich."

A GREAT MEETING

The much-ballyhooed March 2nd public meeting conducted by Texas Parks and Wildlife was a huge success with a standing room crowd of over 100 concerned citizens. The meeting had to be moved from the Commissioners Court to a bigger courtroom. The TPW surely were impressed with the number of interested taxpayers.

Most were there to talk about the fishing conditions at Lake Meredith, but several avid hunters used the forum to get some answers on proposed changes in the 1992-93 hunting regulations.

The most interesting exchange on hunting concerned the proposal to ban bowhunters from carrying firearms. BEST LOGIC of the night: the international signal of distress is three gun shots, not three arrows flying the air.

For the fishermen it was a night of small victory and several disappointments.

GREAT NEWS for local fish: After conducting cove kills as recently as the summer of '91, TPW regional biologist JOE KRAAI of Canyon, promised, "NO cove kills are scheduled for Panhandle lakes in 1992." Upon hearing the good news, that great stone face, PLAYA PETE, almost smiled. It took six months to get that answer from Mr. Kraai.

The TPW disclosed that the proposed slot limit protecting smallmouth bass will allow an angler to keep only three smallmouth either under 12 inches or over 15 inches. The current limit is five and each must be over 14 inches.

Since last fall, Kraai has changed his mind concerning the need to lower the walleye length limit. Minimum size will remain 16 inches, at least for another year.

HIGHLIGHT of the meeting: After testimony from numerous anglers lamenting the fishing conditions at Meredith, up stepped part-time walleye guide MELVIN STOVAL of Fritch, who claimed that "LAKE MEREDITH is a walleye fisherman's paradise." Melvin backed up his claim with a cooler full of keeper walleyes. It is nice that a guide can catch fish, but it would be better if the average angler, who cannot be on the lake twice a week, could share that success.

Final decisions on all fishing and hunting rules will be made by the TPW commissioners at their summer meeting and will be effective as of September 1, 1992.

SUMMARY: Sadly, the TPW rejected all suggestions from the public on the need to improve fishing in the Panhandle. They continue to ignore the facts: local bass, walleye, and striper anglers are being forced into spending their money in New Mexico, Oklahoma, or down-state.

NEXT WEEK - my interview with Mr. Walleye, MELVIN STOVAL.

Social Security Tips

by Mary Jane Shanes

SOCIAL SECURITY AND THE BABY BOOM GENERATION

Are you a baby boomer?

If you were born between 1946 and 1964 then you, are a member of the single largest generation in American history. Social Security has devoted a lot of study to the baby boom generation ... and with good reason. The Social Security system will provide retirement benefits for the 76 million members of this generation who will begin to reach retirement age in the second decade of the next century.

While we know with certainty that the first baby boomer will turn 65 in 2011, there are many uncertainties about this generation. One is this: no one is sure just how many 'baby boomers' will be retired in 2020, for example. According to the Census Bureau, it could be as many as 58 million or as few as 48 million. It depends a great deal on unknowables -- how long are the baby boomers likely to work, and how long are they likely to live?

Take the question of work. Some experts say that because of lower birth rates that followed the boomer generation, there will be fewer young(er) workers in the early years of the next century. So, there will be greater demand for older workers to continue working. On the other hand, the same experts agree that recent experience indicates just the opposite: workers seem to be retiring at increasingly younger ages. A similar situation exists when we look at probably mortal-

ity rates for the baby boomers.

When Social Security began in 1935, the average life expectancy for people turning 65 was a little more than 11 years for men and 13 years for women; today those numbers are 15 years for men and 19 for women; and when the first baby boomer reaches 65 in 2011, the numbers could be as many as 18 for men and 23 for women.

But that last number is iffy. New diseases, environmental hazards or unexpected increases in, for example, heart disease could cut future life expectancy. By the same token, new medical breakthroughs or healthier lifestyles might lengthen boomers' years after retirement. For example, the U.S. Public Health Service has estimated that substantial reduction in cancer could add 3 years to everyone's life expectancy.

The Social Security disability insurance trust funds will also be affected by the health of the baby boom generation. Already, the average age of a male disabled beneficiary has declined from 57.3 years in 1960, to 51.1 years by 1987.

We at Social Security continue to watch this generation with great interest - and plan accordingly. Our trust fund balances, for example, are accumulating enough reserves to pay benefits for at least 50 years.

But so much about the baby boomers remains unpredictable. And frankly, a generation that has always prided itself on being different probably likes it that way.

gerous to your health.

According to Chuck Barton, M.D., medical director of Methodist Hospital's Emergency Department, getting overheated in a sauna, spa or hot tub can cause abnormal heart rhythms and lead to cardiac arrest. Among those most at risk are individuals suffering from a cardiac condition, epilepsy or diabetes. The use of alcohol or cocaine while in a hot tub may further increase the risk of abnormal heart rhythms.

Research also indicates a connection between the use of saunas and premature labor in pregnant women, along with potential birth defects. Men are at risk of temporarily impaired fertility due to saunas.

Dr. Barton recommends limiting the water temperature in your hot tub or spa to less than 104 degrees F, the air temperature in your sauna to less than 176 degrees F, and your at-risk temperature in your sauna to less than 176 degrees F, and your at-risk guests to less than 10 minutes in the sauna, spa or hot tub.

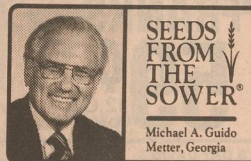

LOSING WEIGHT SAFELY

Losing weight and keeping the pounds off isn't easy to do. For many Americans, dieting becomes a cycle of disappointment - taking off the weight, and putting it back on again within a few months.

Maintaining an appropriate weight is good for your health. But according to Andy Gray, M.D., on staff at Methodist Hospital, it is equally important to your health to lose extra pounds slowly and safely.

If you feel you need a weight loss program to stay on track, Dr. Gray recommends one that:

- * provides all the nutrients your body needs without added calories.
- * reflects your own tastes and eating habits.
- * keeps you from feeling hungry or unusually tired.
- * allows you to eat away from home comfortably
- * offers a change in eating habits that you can maintain long after you've finished the program.

SEEDS FROM THE SOWER®
Michael A. Guido
M.D., Georgia

Two bosses were talking. One said of a girl, "Poor thing, she doesn't know right from wrong." "You teach her what's right," said one, "and I'll teach her what's wrong."

The worst thing you can do is to teach a person to sin. The next worst thing is to sell out to sin.

You can't sell out in the game of love and win. To compare it with cards, once you've played your ace - given your self - the game's over.

If you play again, you'll play with a worn deck, but with a new partner. If your "king" turns out to be a "joker" you go deeper in your guilt and grief.

Don't sell out! Give yourself to the Lord who loves you and who'll lift you.

Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap.
Luke 6:38

FROM PLAINS COTTON GROWERS, INC.

Jesse Moore, Director of the United States Department of Agriculture-Agricultural Marketing Service (USDA-AMS), and Paulette Zakrzewski, Senior Government Relations Representative for the National Cotton Council (NCC), have agreed to be guest speakers at the 34th Annual Meeting of Lubbock-based Plains Cotton Growers (PCG).

The PCG meeting is scheduled to begin at 9:30 a.m. Thursday, April 9 at the Lubbock Memorial Civic Center in conjunction with the Texas Cotton Ginners' Association (TCGA) convention and trade show. The PCG meeting will be in the west end of the Center's Banquet Hall and includes a buffet lunch at noon following the meeting. Producers as well as ginners are encouraged to attend the meeting.

Following the PCG meeting and luncheon will be the Texas High Plains Cotton Seminar from 1:15-4:40 under the theme "It's Got to Get Better in '92."

The TCGA convention begins at 9:00 a.m. Thursday and continues through Saturday. The convention's reputation of being the largest gathering of cotton people on the High Plains is understandable. The 1991 attendance figures from TCGA showed that nearly 5,500 people attended the event and it is expected that the same number will attend in 1992.

During the PCG meeting Moore is expected to discuss the upcoming Universal Standards Conference and some of the proposed changes to the cotton classing system. One of the most important proposals is one that will separate color and leaf into two grades and eliminate additional grade reductions for bark.

Zakrzewski is expected to discuss the

Mental Health

by Ron Trusler

NOTE: Ron Trusler, M.Ed., L.P.C. is Assistant Executive Director Central Plains Center for Mental Health, Mental Retardation and Substance Abuse.

There's a great sugar coated myth that says, "Get married and live happily ever after" and that "fighting is not a part of a healthy marriage."

If couples want to enjoy a satisfying, growing marriage relationship they must develop:

1. objectivity - looking at facts, not feelings.
 2. flexibility - consider views/opinions of others and be willing to use them.
 3. willingness to let the other person be themselves.
 4. ability to "disagree agreeably" or learn "HOW TO FIGHT AND DO IT RIGHT!"
- Any couple can cope better with conflict if they use the following ten principles:
- "1. Don't avoid conflict with the silent treatment
 - the silent treatment comes about because of a desire to avoid controversy, a desire to control the other person and to punish
 - it's been said that "silence is golden" but it's also "yellow" because some people are afraid to deal with the issue at hand;

activities in Washington and what the industry can expect to confront in the future, especially the environmental issues that threaten to alter drastically the way U.S. farmers are allowed to work their land.

"We are pleased that Jesse Moore and Paulette Zakrzewski have agreed to speak at our meeting this year," says Donald Johnson, PCG Executive Vice President. "High Plains producers will have an excellent opportunity to hear first hand about what is going on in Washington and what effect it could have on them personally."

In addition to the guest speakers the PCG meeting will feature addresses from the President and Executive Vice President to the membership, a report on the High Plains Boll Weevil Diapause Program, and a report on the Plains Cotton Improvement Program.

Following the PCG meeting the afternoon seminar will feature Kater Hake from the NCC as well as speakers from the Texas Agricultural Experiment Station in Lubbock. Topics to be discussed at the seminar will range from what went right and wrong in 1991, the mechanics of applying fertilizer and irrigation to get the maximum benefit, and marketing strategies for 1992.

The PCG board of Directors will meet following the membership meeting for the election of 1992-1993 officers. Current officers include President Larry Nelson of Tulia, Vice President Wayne Huffaker of Tahoka and Secretary-Treasurer Frank Jones of Lamesa. Each of these individuals has served the maximum two-year term in his present position. The PCG Board of Directors is currently in the process of being elected in a series of county election meetings across the 25-county area.

issues that are avoided are often the ones that need immediate attention

2. Don't "gunnie-sack" your feelings — like putting everything you feel in a sack and waiting till it's full to dump "the whole load" on someone.
3. If possible, prepare the setting for disagreement

— arrange for the best time and place. Guard against being interrupted. It's good to let your children know that you disagree sometimes. You can set the pattern for healthy disagreements, and children will learn from you. Teach them it's O.K. to disagree in a healthy manner.

4. Attack the problem not the person. — too many people attack each other rather than the problem.

— an old shepherd from Wyoming observed the behavior of wild animals when they were attacked by wolves. Wild horses would form a circle with their heads at the center of the circle and kick out at the wolves. Wild jackasses also formed a circle, but with their heads out toward the wolves. They would up kicking one another. We have choice: being smart and kick the problem or acting like ... (the other animal), and kicking each other.

Here are some quick tips for kicking the problem and not your partner.

- back up your accusation or statement with facts.
- stay in the present - complaints over 6 months old are too old.
- do not make reference to relatives.
- do not mention their appearance (e.g. weight, hair, sloppy clothes, etc.)
- leave off the dramatics, getting emotional may be a means of manipulating; threats can do the same thing.

We will deal with the other 6 ways of "HOW TO FIGHT AND DO IT RIGHT" next week.

Community Night of Fun At Sadie Hawkins Supper

A community that worked together, played together last Saturday night and had a lot of fun, and raised money for our dream of building a community center for the town of Roaring Springs, at the Kountry Kitchen Cafe.

A delicious meal consisting of Chili (made by Don Dillard), and he was complimented highly on his culinary efforts, stew cornbread, homemade ice cream and cakes, made by club members, was served to a full house.

Bill Hand was slow getting to the kitchen, so Lula Swim washed dishes, and Bill dried them!!

Bennie Dillard was on his third bowl or was it the fourth, of ice cream, when Pauline Hand rang the bell of the 42 players to draw for partners and table number of Talley's in the shape of Texas

Mike Peacock of Amarillo spent weekend before last with his parents, Mr. and Mrs. B.L. Peacock and enjoyed the Sadie Hawkins Party at the Kountry Kitchen on Saturday night.

M.G. Bethard's friends are glad to know he was able to come home Thursday afternoon after his surgery and recuperation at Methodist Hospital in Lubbock. Best wishes for full recovery soon!

Mrs. Cleo Watson visited in Plainview Friday with her sisters, Pete Ozborn and Billie Roller, and their families.

Mr. and Mrs. Hughes Fish of Lubbock were overnight guests of her sister and husband, Mr. and Mrs. Bennie D. Dillard. Mrs. Hughes, the former Ola Fay Carpenter, also visited friends, among them Miss Lula Swim and Mrs. Roxie Lewis.

Mrs. Benny Goss of Littlefield brought her mother, Mrs. Vera Mitchell home last Saturday after a two weeks visit in Littlefield where she had gone to keep a Lubbock medical appointment and a bout of stomach virus prolonged her stay. Welcome home, Mrs. Mitchell.

Mrs. Minnie Dye expects to return to her home here to spend the spring and summer and the date of her return has been set at Saturday, March 14. Her neighbors and friends were delighted to get the news and look forward eagerly to her return.

Miss Freda Keahey who had been in Manhattan, Kansas, for two months for hip surgery, therapy, and recuperation, came home Monday. She had been greatly missed and was heartily welcomed home.

HONORED ON BIRTHDAY

Mrs. Audry Jones was honored on her birthday, Monday, March 2, with a luncheon in her home.

Sandwiches, salad, chips and dip were served. The group sang "happy birthday", as the birthday cake was served.

Special guests were her daughter and husband, Glen and Betty McGregor of Garland. They visited from Saturday, Feb. 29 through Thursday, March 5. Others attending were Audry's sisters and nieces, Dora Hurt, Barbara Marvel, Joyce Meredith, Carla Meador, Sherry Rose, Mitzi Christopher, Brenda Peryman and son, Stacey, and Sarah Ho-Gland.

MISS SWIM IS GUILD HOSTESS

The Guild met Wednesday evening of last week in the home of Miss Lula Swim on Second Street with eight members present. Mrs. Billie Clifton gave the opening prayer; Mrs. Cheslea Read brought the devotional on the Parable of the Sower, using the 13th chapter of Matthew. The study continued on St. Mark, the 4th and 5th chapters. Mrs. Read said the closing prayer.

Present were the hostess, and Mesdames Opal Bradford, Billie Clifton, Mary Lumsden, Pearl Patten, Chelsea Read, Imogene Swim, and Grace Zableski.

Mr. and Mrs. Richard Varnell of Afton visited Mr. and Mrs. W.H. Marshall Saturday afternoon. Mrs. Varnell had attended a meeting of Gamma Eta Chapter of Delta Kappa Gamma Society and brought Mrs. Marshall, who had not been able to attend, a souvenir recognizing her 51 years as a member of that organization and with that recognition the distinction of having the third longest years of membership in Gamma Eta Chapter which takes in Cottle, Crosby, Dickens, Kent, King and Motley Counties.

Mickey Brooks and daughter of Tahoka spent the day with his parents, Mr. and Mrs. Melton Brooks.

Mr. and Mrs. Brown Hinson attended Open House of the Robert Davis home in Floydada Sunday afternoon. Mrs. Davis is the daughter of Mr. and Mrs. Johnny Redding.

Mr. and Mrs. Brown Hinson kept a

with blue bonnets painted on them, by Pauline. The tournament was kept moving by the ringing of the bell every 4 hands and at the end of the tournament, Mike Peacock of Amarillo, was declared winner with 9 wins.

The Skip-Bo winner was Lula Swim, pictorial winners were the team of Janice Brown, Nita Dillard, and Kim Alexander. The winner of the chicken foot game was Steve Byrd.

Several new members joined our club and paid dues and several made donations for the project.

Thanks go to Lou Barrett for the use of the Cafe and to all those who attended and helped in any way.

The door prize was won by Harry Patten and the last we heard as Harry and Pearl left was Pearl begging Harry for at least one slice of the cake!

medical appointment in Amarillo Monday.

Rev. Charles Fisk returned Friday from a mission trip to New Orleans.

Mrs. Odessa Mullins, accompanied by her aunt, Mrs. Allie Lawrence, of Plainview spent Thursday night with Mr. and Mrs. Bud Roller in Lubbock. They both kept doctor appointments Friday.

Obituaries

Jewell Battle

Ranger -- Jewel Battle, age 67 of Ranger died Tuesday morning, March 3, at her residence. Funeral services were held at 2:00 p.m. Friday, March 6, in the Mesquite and Rusk street Church of Christ. Burial will be in the Evergreen Cemetery in Ranger directed by Edwards Funeral Home of Ranger.

Mrs. Battle was born July 24, 1924 in Ennis, Texas. She was a graduate of the Ennis High School and Texas Women's University in Denton. She married James Battle on May 14, 1946 in Eastland and they had lived most of their lives in Ranger. For the past 20 plus years she and her husband have cooked for the Lions Club, Kiwanis Club and her children's school classes as fund raisers. She was an avid supporter of her children in school activities and enjoyed High School Football and Basketball. She enjoyed doing for other people, driving in the country,

cooking, Country & Western Music and very proud of her children's accomplishments.

She was a member of the Mesquite and Rusk street Church of Christ in Ranger and The Order of the Eastern Star in Ennis, Texas.

She was preceded in death by her husband.

Her parents, Bud Lowe and Abbey Green, lived in Matador many years ago.

She is survived by 3 daughters, Jennie Jackson of Fort Polk, Louisiana, Lola Douglas of Ranger, Jimmy Battle of Nevada; one son, James Battle of Sparks, Ennis, Texas; one brother, Samuel Lowe of Houston, Texas; two sisters, Ora Crawford of Houston and Willie Hamilton of Ennis; 11 grandchildren and 2 great-grandchildren.

Otho Calloway

Graveside rites for Otho B. Calloway 85, of Sunnyvale, CA., and formerly of Matador were held at 2:00 p.m. Wednesday, March 11, at East Mound Cemetery in Matador with Mike Crowley, Minister of Matador Church of Christ, officiating. Burial is under the direction of Seigler Funeral Home of Matador.

Mr. Calloway died at 2:39 p.m. PST, Friday, March 6, 1992, at El Camino Hospital in Mountain View, CA after a lengthy illness.

He was born November 4, 1906 in Motley County and had lived in Motley County for many years until returning to

California in 1991. He was a veteran of the US Marine Corps, serving over 30 years, retiring in 1953 as a Master Sergeant. Following retirement from the Military, he was employed by the United States Postal Service in Sunnyvale, CA.

He married Rosemary E. Garrison in McAllister, OK, on July 3, 1989. Mr. Calloway attended the Church of Christ.

Survivors include his wife; two step-daughters, Robin Pettengill of Scotts Valley, CA, Ronda Duvall of McAllister, OK; one step-son, Ray Garrison of Salinas, CA; one brother, Brooks Calloway of Floydada; and 6 step-grandchildren.

CHURCHES OF CHRIST (who are these people?)

These people teach that Christians should conform their everyday conduct to Bible standards. They believe that the basic concepts of honesty, justice, morality and industry should guide Christians in all their relationships, because these principles are taught in the Bible.

These people use only the congregational form of church government. They observe the Lord's Supper the first day of each week and in their worship sing without the use of musical instruments.

They preach faith, repentance, confession and immersion as essential to conversion.

They believe that the church is evangelistic in nature, that its mission is to preach the gospel to the whole creation, help the needy, and to do good unto all men.

They are simply known as churches of Christ. They follow these practices because they believe that in doing so they conform to the New Testament pattern found in the Bible.

Members of churches of Christ accept the Bible as the inspired Word of God. They believe that Jesus is the divine Son of God, that He is the head of the church and that He speaks to His followers through the New Testament.

And so, the churches of Christ in the 20th Century have as their guide the same teaching that the church followed in the 1st Century. They invite all people to follow the Bible in all things.
