TRAIL DUST

By DOUGLAS MEADOR

Success has been achieved by making a whip out of failure and flogging all the lagging efforts until the crest of the hill is reached.

Convenient terms is the most effective bait ever used to capture an otherwise intelligent buyer who might get more pleasure out of freedom from worry than the article he purchases.

The law does not excuse ignorance but apparently there is a way to evade almost everything else.

A strange thing about memory is that the things best forgotten are frequently kept with great fidelity, while the important data has a way of vanishing when we need it.

Two can make a bargain but in some instances it requires half a dozen lawyers and a court trial to keep it.

Girls who used to curl their hair with irons heated over coal oil lamps apparently fared about as well in the matrimony lottery as their daughters and granddaughters who go to beauty shops regularly.

Stupidity is much easier to keep concealed during a conversation if the lips are kept pressed firmly together.

Some of the modern music may be the sounds that posterity will know, and on the other hand a musical genius may amplify the noise of a rock crusher with the softer tones of a diesel truck changing gears, and leave it in eternity's album.

Work remains one of the best sedatives that can be obtained without a prescription.

Separating ourselves from bad habits is like giving up friends who contributed little more than the satisfaction of always being convenient.

He came to Motley County about 50 years ago, living in the Whiteflat community. After living in Paducah for a number of years, he returned to this county, and had lived here the past 25 years.

New Fords Out Today

Two new 1971 Ford Motor Company cars, the Ford and Mercury are on sale today at the Matador Auto Company, local Ford agency. Ford's new small car, the Pinto, was advertised last week.

At present Ford is not affected by the Detroit strike now in effect, but Glenn Woodruff, manager of the Matador Auto, says indications are that his cars are going to be in short supply, at least until the strike has been settled.

Mrs. Derrick Taves and her sister, Margaret Evans of Lubbock, visited Sunday with her mother, Mrs. Walter Evans. Sherry Taves, who has been visiting her grandmother, accompanied her mother and aunt back to Lubbock.

Commander Joe P. Smith announced today.

Commander Smith said signed petitions obtained during "V. F. W. Freedom Signature Week" will be forwarded to V. F. W. Commander-in-Chief Herbert R. Rainwater who will personally seek to deliver them in October to the North Vietnam delegation at the Paris Peace Talks.

"If this fails," Commander Smith said, "then Commander-in-Chief Rainwater will present them to U. N. Secretary General U Thant and ask that the world organization bring pressure on Hanoi to assure that our men are treated humanely and the sick and injured are released."

Over 1,400 American fighting men are believed to be held in Southeast Asia by the North Vietnamese. Viet Cong and other Communists, Commander Smith reported.

"Reports from the handful of prisoners released by Hanoi and from those who have escaped tell us that our servicemen are being held prisoners without proper food or medical care in callous disregard for the standards set up by the Geneva Convention," he said.

"My Post believes that Americans have a special obligation to these men," Commander Smith continued, "and feel that these petitions will vividly demonstrate to North Vietnam that the nation is united solidly on this issue and that the cruel and inhuman treatment they are inflicting will only serve to prolong the conflict in Southeast Asia."

Petitions will be placed in most business places in Matador, Roaring Springs and Flomot.

Gentle Rains Cover County

Slow rainfall that started late Sunday brought needed moisture to the thirsty fields and ranges of Motley County. Much of the Panhandle received rain, varying in some instances from a trace to over three inches.

Reports indicate that the county average was more than one inch. Amount registered here by Bob Stanley's rain gauge was 1.14 inches, while reports in the north part of Matador were as high as 1.70 inches. Roaring Springs reported 1.25 at the air-

port, while some farmers reported as much as 2 inches.

Heaviest rains were in the Whiteflat area where from 2.50 to 3.50 inches were reported. Most sections of the Flomot area reported in the neighborhood of one inch. Report from the Tom Moore farm in Northfield was 1.40 inches.

Welcome cool weather followed the rains which continued Sunday night and until noon Monday. The wheat and rye planted in the county is expected to benefit greatly the grazing problem that had developed due to the prolonged dry weather.

Ranchers say that grass will have but a short time to develop before frost, and in some instances grass will need to grow from roots due to damage caused by the drought.

The Matadors' defense blocked three Dragon attempts for extra point conversions, and Hurt intercepted a Dragon pass.

Parole Officer Speaks to Class

By Jeanette Day
Mr. Herman Fox, a parole officer from Paducah, Texas, spoke to the Senior Government class Sept. 9. Mr. Fox counseled with juvenile delinquents after they are released from one of the states' two training schools one for boys at Gatesville and one at Gainesville for girls.

Gatesville has eight open schools with an enrollment of 1400 boys and one closed, or guarded, school with an enrollment of 450 boys.

After Mr. Fox gave a brief history of juvenile law, he discussed the difference between probation and parole, liquor violation, and compulsory school law.

Mr. Fox works with boys whose IQ's range from 30 to 180. Sixty-five percent come from broken homes, nineteen percent are there on drug abuse charges, and 450 boys are between the ages of ten and twelve.

Part of Mr. Fox's job is seeing that the parolee does not violate the restrictions placed on him by the parole board. These restrictions include: no driving except to and from a job, attending church twice a week, and if at all possible, living at home with parents. Each month the parolee must submit a written report to Mr. Fox.

Mr. Fox closed his talk with, 'You have to like these kids to work with them. And no matter how much you disagree with your Mom and Dad, at least they're feeding you three meals a day and that is more than a lot of these kids had.'

PROCLAMATION

WHEREAS, there are over 1,400 servicemen held as prisoners in Southeast Asia by North Vietnam and her allies; and

WHEREAS, North Vietnam, despite appeals from neutral sources such as the International Red Cross, has consistently refused to divulge any information about the men on their health and well being, including even naming those they are holding, or even permitting such groups to inspect North Vietnamese prison camps to determine if they meet the minimum standards of care and treatment embodied in the Geneva Convention; and

WHEREAS, such callous disregard for long-established international rules for humane treatment of such prisoners is causing unbearable anguish among these American prisoners and their families at home;

THEREFORE, I, Kirby Campbell, Mayor of the City of Matador, do proclaim September 20-26, 1970, as "V.F.W. Freedom Signature Week" and urge all citizens of this community to demonstrate their obligation to these fellow Americans by signing petitions requesting the immediate release of all Americans held prisoner by the North Vietnam government and by Communist political front groups in Southeast Asia.
