Religion may come in that
when a man first under
stands that the grace of God
comes like gentle rain from a
sky without clouds.

Gossip is attended by a certain
protection, and once re-
leased, an attempt to recapture
it as futile as trying to replace
methane in a tube.

The truly poor are those who
may have attained affluence and
position but have yet to feel the
hand of a sincere friend.

An extremely annoying condi-
tion is aggravated by a con-
spiracy among television broad-
casters to synchronize their
commercials.

Ignorance is a very poor grade
of bliss. Many of us in the
marginal classes were not aware
that our situations were so
desperate until munificent politi-
cians pointed out the condi-
tion.

Credit is a refinement of the
social order, making it possible,
with reservations, to warm your
hands by another man's fire.

Right before our eyes and in
our time is an attempt at com-
mercial suicide by the bathing

At night when I see an elder

City Water Use At High Point

Use of water in Matador is at a high point, according to City Water Supt. "Sonny" Jackson. He said consumption during the hot, dry weather has averaged about 500,000 gallons per day, which is about two-thirds of the City Water Department's production capacity, with the present wells.

Except in the case of some emergency, Supt. Jackson does not see a crisis during the present season. He feels, however, with Matador's continued growth and increasing water use, new wells should be developed as a safety measure.

Negro Bible School Is Scheduled Here

First Baptist Church of Matador will sponsor a Vacation Bible school for Negro children, August 3-7 (Monday through Friday).

Sessions will be held each morning at 9 o'clock. All Negro children of Matador are invited to meet with the group at the Macedonia Baptist Church. A cordial welcome is extended.

Boll Weevil Meet For Friday Night

A small insect, the boll weevil, that put East Texas out of the cotton business, is causing greater alarm in the Foothill Country and on the High Plains. Despite the extremely dry weather, the boll weevil is active and has been found in Crosby, Dickens, Floyd, Motley and Garza Counties.

A meeting has been scheduled here Friday at 8 p.m. in the District Courtroom. The meeting is county wide and all farmers are urged to attend and "bring a farmer along."

Everyone interested in county welfare and the future of the cotton industry is welcome to attend.

Showers Bring Little Relief

Scattered showers in various sections of Motley County during the past four days have produced little relief from the intense heat.

A thunder storm before dawn Sunday measured 22-inch here but left an inch on the John Russell place north of town.

A series of showers Tuesday afternoon produced about 70-inch on the Reeves Ranch northeast of town, and some reports said over one inch had been recorded east and southeast of Matador.

About one-half inch was recorded in the vicinity of Buzz Airport from the same series of showers. The showers have aided in the immediate areas where they fell, but generally the county remains dry and hot. Daytime heat has been near 100 degrees throughout most of the month.

MRS. ALVIN RAY LYNN

Nadyne Faulkenberry is Bride of Alvin Ray Lynn in Church Rites

Miss Doris Nadyne Faulkenberry became the bride of Alvin Ray Lynn in a double ring ceremony at 3:30 p.m. Sunday, July 26, in the First Baptist Church in Seagraves.

Rev. Frank Pollard, pastor of the church, officiated for the exchange of vows.

The bride is the daughter of Mr. and Mrs. William C. Faulkenberry of Seagraves. Mr. and Mrs. L. L. Lynn of Matador are parents of the bridegroom.

Given in marriage by her father, the bride designed and fashioned her gown of satin peau. The fitted bodice featured a scoop neckline, enhanced with lace motifs encrusted with seed pearls set atop iridescent sequins. The long sleeves ended in petal points. Lace motifs also accented the front of the skirt and the lower edge and back of the train.

Her fingertip veil of silk illusion fell from a crown of beaded roses. She carried a white Bible topped with a bouquet of white rosebuds and gardenias. In her hand she carried a silk handkerchief which her grandmother and her sister carried when they were married.

Mrs. Jim Hadaway of Amarillo attended her sister as matron of honor. Mrs. Jack Davis of Canyon, sister of the bridegroom and Mrs. Jerry Hill of Claude were bridesmaids. They wore floor length dresses of white satin peau. The sleeveless gowns were designed with scoop necklines and fitted bodices. The skirts featured soft pleats at the waistline. They wore white, elbow-length gloves, and their headpieces consisted of a large white silk organza rose with short veils of tulle. They carried bouquets of pink carnations.

The front of the church was flanked with palm leaves, and placed at each side of the altar was a candelabrum entwined with lemon leaves and white satin bows. Tall white tapers set atop fountains of greenery formed the background for the wedding ceremony. Pews were marked with candles set in lemon leaves and white satin bows.

Following the wedding ceremony, a reception was held in the Community Building. Mrs. Doyle Bagwell, cousin of the bride, registered the guests. Miss Rita Kaye Williams furnished music for the reception. The bride's table was decorated by her aunt, Mrs. Bill Harbin of Wellington. - 2 Firing Power!** Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits—to help your engine fire smoothly, to help preserve the power of new cars and restore lost power to many older cars.
