TRAIL DUST

The past is in the attics and storerooms and by the sides of roads and in junk yards. Once bright new articles have gone to decay, rusting, bent, broken and useless. Old cars have lost their original glitter and the pride once attached to them has gone with the memories. Miles of faithful service has been forgotten and many of the former owners are buried in scattered cemeteries to rest the rest of the dead. The same is true of crowded attics where old chairs repose in the dusty silence beside a crib, an old lamp which once brought light to a home and a row of dolls that once belonged to a little girl who long ago gave birth to little dolls of her own. There is no way the past can speak to the future. People and articles move in the same cycle, except that some cycles are smaller.

The weather forecasters have too many problems as the situation stands and I have no intention of throwing in a few chunks of advice. However last night I witnessed the driest new moon I have seen since prohibition days. One problem with my moon forecasts is hard to explain. It is the same moon that shines on South Texas where so much rain has fallen that farmers are unable to get into their fields.

The number of mistakes we make may not be counted by the world. All that is necessary is to weave a blanket of success thick enough to cover them snugly.

If a man does not have enough time to go to church, he must have come to the conclusion that if he stays busy he will not have time to answer the call of eternity.

Red Cross Will Aid Program

Billy Wason, Red Cross service officer here has released the following information regarding a new federal program which went into effect the first of the year and will benefit Americans 65, or blind or disabled, with little or no income and limited resources.

The program is called Supplemental Health Security Income and is expected to become as familiar as the term Social Security is today.

The Social Security Administration has asked the American National Red Cross to assist in this program. Social Security is looking for those 65 or older, or younger people blind or disabled, who are poor and are not now receiving State local public assistance payments. They should contact their local Red Cross Chapter.

Supplemental Security income, signed into law on October 30, 1972, assures a nationally uniform floor of cash income for the aged, blind and disabled. If an eligible individual's income is less than \$140 per month, the government will supplement his income to bring it up to the \$140 floor or higher; per couple, \$210 per month.

SSI eliminates many of the varying eligibility standards and payments in States and local public assistance programs. Eligibility and payment standards will be uniform nationwide. The Federal law does not require liens on the homes of recipients or require relatives to support the needy as is now the case in some States.

Mr. and Mrs. Clarence Groves of Arlington, Tex., visited overnight Saturday, with his sister, Mrs. Velma Fulfer. They were en route home from Artesia, N.M. where they attended the funeral Friday, of Mrs. Groves' brother, Russell Lee, 78, who died Wednesday, Feb. 20.

Big Hike In Postage Due On March 2nd

Anybody got a dime? That's what it's going to take to mail a first class letter, come Saturday, March 2. That's when the new postage increase goes into effect, costing the general public all over the U.S. -- more to use the mails in 1974.

This is the second rate hike the U.S. Postal Service, which came into being in May, 1971, it boosted rates by 21 percent.

To a large extent, according to Postmaster General Elmer T. Klassen, the added revenue will be used to cover the wage increase of 14 percent over two years that was granted to its 650,000 union employees last year.

The Postal Service had sought to increase its revenue by \$1.5 billion, or 18.7 percent above the 1973 level. The Cost of Living Council, however, decided that this was excessive and reduced it to 1.3 billion.

What the increase means for citizens using the mails is that 10 cents in stamps will have to be put on letters, rather than 8 cents; that 13 cents will be required for airmail letters, instead of 11 cents, and that 8 cents will be needed on postcards.

For a local customer who mails an average of one letter a day, the added cost will amount to \$7.30 in a year!

Speaker Believes

Bible Is Source Of 'Higher Education'

Vessels of knowledge can be found in "higher education," but the best source is contained in the Bible, according to Rev. Lewis Savage, youthful pastor of the Assembly of God Church.

Receives BS Degree

Miss Laura Jacobs completed her work at Texas Tech University, Lubbock in December and received a Bachelor of Science Degree. She majored in Home Economics with a specialization in clothing and textiles, and fashion merchandising. Miss Jacobs was on the Dean's Honor List four times.

She is a member of the American Home Economist Association and Fashion Board, and is the daughter of Mrs. W. F. Jacobs and the late Mr. Jacobs.

Rev. Savage was speaker at the Youth Night Union Church Service at the First United Methodist Church Sunday evening. He was introduced by Rev. Douglas Gossett.

"I would be the last to belittle education," he declared, "but we sometimes place too much importance on things of the world, such as a higher education, politics and material needs."

He read from Second Timothy, 2:19-22, the description of "vessels of gold and silver, but also of wood and of earth, and some to honour and some to dishonour; if a man purge himself from iniquities, he shall be a vessel unto honour, sanctified and meet for the Master's use and prepared unto every good work."

He admonished adults to set the right examples for young people, by living right. "The primary purpose of life is to be aware you are vessels to hold the purpose of God -- seek after faith, follow after love and follow after a pure heart. If you don't have Christ in your heart, you have nothing. Prepare for life by being vessels completely filled with the knowledge of Jesus Christ."

"Faith comes by hearing, and hearing by the word of God," he quoted from Romans 10:17 as he concluded his impressive message.

Special music was by the Motley High School Girls Chorus, directed by Mrs. Dan Kingston. Mrs. Kingston, at the piano and Miss Roberta Jameson, church organist, presented a duet for offertory. Ushers, Kenny Rose and Robert Shannon, took up the offering, which was given to the Boy Scouts.

Date Is Announced For 4-H Food Show

Youthful chefs will focus on Texas foods when the Motley County 4-H Food Show gets underway Saturday, March 9, with youth competing in senior and junior divisions, according to an announcement by Miss Pam Wallace, assistant County Extension Agent-at-Large.

Following a "Lone Star Foods" theme, local youth will whip up main dishes, side dishes, breads and desserts, or snacks and beverages as they choose one of the four entry classes for competition.

Judging for both divisions will begin at 1:00 p.m., in the basement of the First United Methodist Church in Matador, where the event will be held. All 4-Hers entering, need to be at the church at 12:30 and have their food displays set up by 12:50 p.m. After the judging is completed, the presentation of awards will take place, followed by a "Tasting Party" and public viewing of the entries from 2:45 p.m. to 3:15 p.m. The public is invited to come sample the products these youthful cooks have prepared.

Youth ages 14-19 will compete in the senior division, while the junior contest involves ages 9-13.

Both the senior and junior divisions offer a first, second and third place ribbon in

each of the four entry classes.

"Because our foods program emphasizes nutrition, contestants will be asked to demonstrate knowledge of nutrition and meal planning as well as the ability to prepare food," said Miss Wallace.

"Many 4-H boys, as well as girls have shown an interest in Foods and Nutrition project work. It is hoped that this year's show will include boys. In a lot of cases, boys are just as talented as girls in the area of cooking, and the Food Show is an excellent way for them to show off this particular talent," she added.

A meeting of Foods and Nutrition project leaders was held Tuesday, February 26th in the courthouse. Completion of project work was discussed and final plans for the Food Show were made.

"I want to thank all of those leaders who have volunteered so much of their time to work with interested 4-H youth on Foods and Nutrition project work. These leaders will be recognized the day of the show. Without leaders, the 4-H program cannot function," Miss Wallace said.

The Motley County 4-H Food Show is sponsored by the Texas Agricultural Extension Service, Texas A&M University System.

Mr. and Mrs. C. T. Howell of Amarillo visited here Friday night with her sister, Mrs. Velma Fuller.

Miss Rachel Patton and Mrs. Alvin Stearns visited in Tulia, Saturday with their brother, M. A. (Buck) Patton of Kress, who is a patient in the Tulia hospital, following a stroke.

Mrs. John Hamilton visited in Plainview recently with her son and family, Mr. and Mrs. Tom Hamilton and children.

STUDIES ABOUT THE BIBLE

It is God's will that we use the gospel of Christ as His testament or contract with man for salvation from sin. Rom. 1:16. For I am not ashamed of the gospel, for it is the power of God for salvation to everyone who believes, to the Jew first and also to the Greek.

The gospel of Christ is perfect, is the power of God for salvation, and contains "every good work." If we change it in any way, it cannot be perfect.

If we love Christ, we will keep His commands. John 14:15. If we are Christ's friends, we will do what He commands. John 15:14. If we respect Christ's perfect message, we will not pervert it. Gal. 1:6-9. We must abide in the gospel. 2 John 9. Any one who goes too far and does not abide in the teaching of Christ, does not have God; the one who abides in the teaching, he has both the Father and the Son.

John, by help from the Holy Spirit, tells us that the gospel of Christ has boundaries and that we must "abide in" those boundaries. It is a sin to go beyond that which is written. The one who goes beyond the gospel is described in this manner, "does not have God." That is a serious charge, but it came from heaven, through the pen of John.

By keeping the gospel unchanged, pure, perfect, is the only way we can keep such specific commands of Christ as 1 Cor. 1:10. Now I exhort you, brethren, by the name of our Lord Jesus Christ, that you all agree (speak the same thing, KJ), and there be no divisions among you, but you be made complete in the same mind and in the same judgement.

The above command was given for the correction of the sin of division which was troubling the "church of God at Corinth." (Continued)
