

## Truman To Get Honorary Degree From Baylor U

### President Plans Visit To Waco On March 6

WASHINGTON, Jan. 30. (AP)—President Truman today completed arrangements to visit Mexico City March 3, Waco, Texas, March 6, and San Juan, Puerto Rico, March 10.

Presidential secretary Charles G. Ross said the Chief Executive will confer with President Miguel Aleman in Mexico, receive an honorary degree from Baylor University at Waco and witness Atlantic fleet maneuvers off Puerto Rico.

He said the time of the President's departure by plane for Mexico City was undetermined but that he will arrive in the Mexican capital at 10 a. m. Monday, March 3.

He will be in Mexico—though not necessarily all that time in Mexico City—Monday, Tuesday and Wednesday and fly on Thursday, March 6 to Waco to receive the Baylor University degree at a ceremony at 11 a. m.

The degree aroused a controversy among Texas Baptists when it was first proposed in the fall of 1945. The Baptist General Conference of Texas adopted a resolution urging Baylor to withhold the honor because of what the resolution described as Mr. Truman's "reported attitude" toward poker playing and drinking.

The Waco visit will end with a luncheon which the President will have with university President Pat Neff, former Texas governor. Mr. Truman will make a brief address at the ceremony. After the luncheon, he will fly directly back to Washington.

"Soon thereafter," Ross told reporters, "a trip is scheduled that will take the President to San Juan, Puerto Rico, where he will arrive in the morning of Monday, March 10 by plane."

During the Baptist controversy, the Rev. W. L. Shuttleworth of Houston, Tex., chairman of the Civic Righteousness Committee, said from the general conference floor that "no Baptist school should confer a degree" on any man who "liked" poker and drank bourbon.

## ZONING EXPLAINED

### Plan Sets Up Three Areas For Industries

(This is one of a series of articles to acquaint the public with details of the proposed zoning plan in advance of the hearing at the City Commission Room, Friday—3:30.)

There are, broadly, three industrial areas set up under the proposed zoning program.

They are the G, H, and J districts. Each is restricted against certain types, and the J district is the most flexible with only these classifications restricted:

Manufacture of cement, gypsum, etc., distillation of bones, explosives (or storage), fertilizer, gas, glue, dumping of garbage, offal or rendering, petroleum refining, smelting, stock yards or feeding pens, tanning, curing of hides.

The H district is primarily designed for storage of materials, pipes, poles, etc. unloading, petroleum products storage and the area is narrow in confines and hugs the railroad siding.

The G district represents the category of light industry, and the number of restricted operations is great. Types prohibited from the other two kinds naturally are prohibited in a G section plus those permissible in the H and J sections but which, broadly speaking, are apt to create offensive odors, dust, undue noise or create hazards.

## Senate Gets Measure For Negro University

AUSTIN, Jan. 30. (AP)—A bill providing \$2,850,000 for establishment of a first class state university for negroes at Houston was introduced in the Senate today.

The measure was offered by Sen. Lacy Stewart of Houston, who said that the University of Houston has offered to donate 53 acres for use of the school.

It was the first proposed legislation looking toward improvement of state-supported facilities for higher education for negroes. Such legislation had been recommended by Gov. Beauford H. Jester and retiring Gov. Coke Stevenson.

The measure provides also for establishment, in addition to the State University, of a negro A. and M. college at Prairie View.

It also makes an emergency appropriation of \$350,000 to the board of directors of Texas A. and M. college to make immediately available all courses in professional education, equivalent to those offered at the University of Texas, at Prairie View.

This appropriation would be utilized while the other two institutions were being set up.

### Million Dollar Flour Mill Burns

TACOMA, Wash., Jan. 30. (AP)—A spectacular fire destroyed the \$1,000,000 Centennial Flouring Mill plant on Tacoma's waterfront today, and threatened to spread to the big Sperry flour mill nearby. Centennial's 225 employees left the plant safely shortly after the blaze started about 7:30 a. m. Two hours later firemen gave up hope of saving the plant, and devoted efforts to keeping the blaze from the Sperry mill, situated just north of Centennial.

### TAX OPPONENTS IN CONGRESS ALMOST FIGHT IN CAFETERIA

WASHINGTON, Jan. 30. (AP)—Differences over taxes flared into an angry exchange of bitter words and near blows in the House cafeteria today between Reps. Knutson (R-Minn.) and Engel (R-Mich.).

At one point, Engel grabbed Knutson's arm but colleagues said no blows were struck, although the verbal punches flew thick and fast.

Knutson is the main House champion of a 20 percent cut in individual income taxes.

Engel declared this would help the poor very little, while giving large benefits to persons with high incomes. He said that if the

### Proof Of Need For Rent Boost Said Now In Landlords' Laps

WASHINGTON, Jan. 30. (AP)—Senator Tobey (R-NH) today opened a Senate inquiry into rents with an assertion that it "rests squarely upon the landlord" to prove any need for higher rent ceilings.

Tobey is chairman of the Senate Banking committee making the investigation. There was no immediate explanation of yesterday's mix-up in which an OPA order proposing to boost ceilings 1 percent was quashed by the White House before it could be issued.

The committee originally was scheduled to hear government witnesses today but Tobey said none would be present. This postponed the appearance of James W. Follin, deputy administrator of the office of temporary controls, who had been expected to explain the mys-

tery of the shortlived rent increase order. "We believe the average American wants to play fairly," Tobey said in a statement.

"If the landlord is being discriminated against, if he is not getting a fair return on his investment, the American people will want to do something about it, but the American people want to be shown.

"The burden of proving that rent control should be abolished or revised is placed squarely upon the landlord."

One high official meanwhile explained yesterday's snarl over the proposed rent order as simply a government agency "mixup."

## 'Colossal Gamble' Blasted—

### Pay Suit Balance Urged

DETROIT, Jan. 30. (AP)—The United States government, intervening in the Mt. Clemens Pottery Co. case, urged today that partial pay time spent by labor be balanced against periods of time that employees devote to personal pursuits during working hours.

The government's position was outlined a short time after attorneys for the CIO filed briefs declaring the outpouring of more than \$4,000,000 in partial pay suits resulted from a colossal gamble to evade the Wage-Hour Act.

John F. Sonnett, assistant attorney-general, told Federal Judge Frank A. Picard, who has been directed by the Supreme Court to assess damages against the Mt. Clemens Pottery Co.:

"It would seem that the court should give due consideration to periods of time that employees are permitted to devote to personal pursuits during normal working hours.

"Plainly, an employer is not entitled to deduct trifling personal-pursuit periods during working hours in computing the work week under the (Fair Labor Standards) Act, and, by the same token, the employee should not be entitled to the addition of trifling periods of preliminary activity.

"As a matter of business reality, such periods should be treated as offsetting each other without the need for keeping records . . ."

Judge Picard adjourned the hearing until 2 p. m., when the Na-

tional Association of Manufacturers is scheduled to present industry's arguments.

Union attorneys contended in a brief filed with Federal Judge Frank A. Picard that employer liability for such pay had been spelled out time and again since 1939.

"Instead of complying with the act, in accordance with those administrative rulings and judicial decisions," they said, "American employers in wholesale fashion gambled on evading the act, hop-

### Sugar Workers Said Hungry

WASHINGTON, Jan. 30. (AP)—The Agriculture and Commerce departments joined today in action to increase exports of rice to Cuba where sugar workers are reported in "dire need."

The Agriculture Department amended its rice distribution control order to require that millers set aside a smaller quantity of their output for the American government and encourage export of much of the extra supply to China.

The commerce department's office of international trade announced that it would allow export licenses for immediate shipment of larger quantities of rice to Cuba.

The Agriculture Department said that because of the maritime strike shipments of rice to Cuba during the last half of 1946 were about 700,000 bags of 100 pounds each. This is short of the quantity allocated Cuba for that period. The department said it is desirable that Cuba at the earliest possible date in addition to the quantities allocated that country for the first six months of 1947.

### Big Spring Poll Tax Total Lags

The county tax collector-assessor's office will remain open until midnight Friday to accommodate persons desiring to pay poll taxes. The department will also violate a tradition of long standing in accepting similar business through the noon hour tomorrow. Ordinarily it is closed from 12 noon until 1 p. m.

Total receipts fell behind the corresponding period for 1945 at the close of yesterday's business. Aggregate through Wednesday was \$3,281 as compared to \$3,361 for Jan. 29, 1945.

Over-age exemptions granted maintained a more than three-to-one ratio over the figure for two years ago, however. A total of 438 had been issued through yesterday, as against 115 for the same time in 1945.

### Truman To Make Polio Fund Plea

WASHINGTON, Jan. 30. (AP)—President Truman will make a radio address to the nation at 11:45 o'clock (EST) tonight in behalf of the "March of Dimes" campaign.

The address, to run about four minutes, is part of the annual fund-raising drive of the National Foundation for Infantile Paralysis.

Basel O'Connor, chairman of the American Red Cross, will speak on the same program, which will be broadcast by all major networks.

### Austria Asks Treaty That Won't Be Burden

LONDON, Jan. 30. (AP)—Austria asked the Four-Power Conference of Deputy Foreign Ministers today to draft for her a peace treaty which could become a "magna carta" for Austrians rather than a burden.

Italy also presented an appeal to the deputies, asking for a share in the writing of the German treaty in view of Italy's co-belligerency late in the war.

Deputies of the United States, Britain and France, meanwhile, appeared to be lined up against the Soviet Union's delegate, who seeks to allot strictly secondary roles to smaller sections in drafting the German peace treaty.

British sources said Austria put herself formally on the record against Yugoslav claims to the Province of Carinthia by asking the deputies for a democratic constitution, membership in the United Nations, early withdrawal of occupation troops and reestablishment of pre-war boundaries.

Italy's plea for a part in the writing of the German peace, was morally justified, her representative told the deputies, by "contributions to the victory of the United Nations."

Ambassador Nicolò Carandini, Italian representative in London, entered the plea in a note to the Big Four-deputy foreign ministers, who are deliberating here on German treaty problems.

### House To House Search Started

JERUSALEM, Jan. 30. (AP)—British troops swooped down on the Montefiore quarter of Jerusalem early this morning and began a house to house search for the kidnapers of a British banker who stumbled into a clinic dazed and bleeding last night after being held prisoner for 78 hours.

The section—an ancient Jewish quarter outside the old city walls—was cordoned off and several hundred persons were herded into hastily erected screening pens for questioning. At midnight it was announced that six had been detained for further examination.

Police also cordoned off and searched the Jewish industrial suburb of Givat Shaul.

## Communists Sever Withdrawal Route

### Red Liaison Officers Ready To Leave Government Area

SHANGHAI, Jan. 30. (AP)—Communist forces in North China cut the vital Peiping-Tientsin railway today, shortly after the announcement that American military units are being withdrawn from China.

The communists severed, temporarily at least, the route over which U.S. forces must withdraw from Peiping, site of the truce headquarters that will be abandoned with the end of America's long but futile peace efforts.

Associated Press Correspondent John Roderick reported from Tientsin that the railway link was cut at Wushanchung, about midway between Tientsin and Peiping. Fighting still raged there.

Before the communists attacked the government's rail artery, American authorities in Peiping discredited reports that the communists might attack the city before U.S. personnel left.

They asserted the communists were too weak to take either Peiping or Tientsin, although they could delay or imperil the American withdrawal by damaging the railway—which is just what they did. However, such disruptions ordinarily can be quickly repaired.

It was the first serious communist attack on the railway, which once was guarded by U.S. Marines, and was different from the sniping and ambushes in which Marines were caught several times.

While both government and communist leaders speculated over the effects of the departure of the Americans, informed sources in Nanking predicted that all communist liaison offices in government territory would be closed with the possible exception of Nanking's.

Government military commanders long had complained of the presence of top-notch communists in Nanking, Shanghai and Chungking, where they were able to observe and report to Yenan.

Under terms of last year's agreement establishing mediation machinery, Secretary of State Marshall, then special U.S. envoy, pledged that the United States would return communists from executive headquarters at Peiping, as well as liaison officers, to communist territory.

Most of the high-ranking communists probably will return to Yenan, the communist capital. The transportation will be a big job for the thin U.S. air forces remaining in China.

Withdrawal of the U.S. Marines, which American sources in Peiping said would follow the departure of the 1,000 army and civilian personnel from Peiping quarters, will leave few American military forces in China.

### Storm Damages Baptist Church

Damage estimated up to \$5,000 was inflicted by high winds upon the Missionary Baptist church at Knott Wednesday.

Concrete tile walls on the west side blew in, causing additional damage to other portions of the building. The roof also dipped as walls parted.

### Overhaul Asked

DALLAS, Jan. 30. (AP)—A general overhaul of Texas election laws to eliminate conflicts and vague provisions was recommended this morning as the Texas Association of Democratic County chairmen and secretaries convened for its first meeting.

The target is Attorney General Eugene Cook, who has refused to recognize Talmadge as governor, and who is representing Talmadge's rival, Lieut.-Gov. M. E. Thompson, in court action to unseat him.

Cook recently rejected two assistants nominated by Talmadge, and accepted four others nominated by Thompson.

### 22 Pounds Per Person Increase In '47 Sugar Ration Planned

WASHINGTON, Jan. 21. (AP)—The United States has asked for sufficient sugar from this year's world supply to allow an average of 95.1 pounds per person. Consumption last year averaged about 73 pounds.

This quantity would be divided among individual consumers and industrial users. Last year individual users got ration allowances of 25 pounds. The rest went to industrial users, such as candy makers, soft drink bottlers and bakers.

The American request has been laid before the International Food Emergency Council, an inter-governmental agency which recommends division of export supplies of foods in short supply among importing nations.

### Several Killed As Tornado Hits Alabama

MONTGOMERY, Ala., Jan. 30. (AP)—An undetermined number of persons were reported killed when a tornado struck Kent, Ala., about 30 miles northeast of here today a few hours after a twister hit Montgomery and injured at least 15 persons.

The State highway patrol said it had an unconfirmed report that four negroes were killed at Kent. At Tallahassee, six miles from the stricken community, attendants at a hospital said one negro child had died there and a negro man "is dying now."

Estimates of the number of injured ranged up to 27. That figure was reported by the highway patrol, but the Tallahassee hospital said it had 16 victims, 14 negroes and two white persons.

MONTGOMERY, Ala., Jan. 31. (AP)—A tornado struck just outside Montgomery today, injuring at least 12 persons and leveling a score of houses and barns.

Two of the victims, both negroes, were in serious condition, but there were no reports of deaths.

Roaring in from the southwest, the storm dipped into a rural community two miles past the city limits and just beyond the Army's Gunter Field, only a short distance from where a tornado struck on Feb. 12, 1945, killing 26 persons.

Today's twister cut a swath about a half mile long and 200 yards through the sparsely settled community northwest of the city. Gunter Field's power was cut off but no damage was reported.

### Talmadge Plans Punitive Bill

ATLANTA, Jan. 30. (AP)—Talmadge leaders introduced in the Georgia legislature today their first punitive legislation aimed at quelling official opposition to claims of Herman Talmadge to the disputed governorship of Georgia.

The bill would strip Georgia's attorney general of his power to inquire into activities of public officials, and would force him to accept assistants named by the governor and confirmed by the senate.

The target is Attorney General Eugene Cook, who has refused to recognize Talmadge as governor, and who is representing Talmadge's rival, Lieut.-Gov. M. E. Thompson, in court action to unseat him.

Cook recently rejected two assistants nominated by Talmadge, and accepted four others nominated by Thompson.

## District P-TA Conference Outlined By Directors

Selecting dates and outlining a tentative program for the annual spring conference to be held in Del Rio were features of the meeting for the sixth district Parent Teacher association board of managers Tuesday at the Hotel Cactus in San Angelo.

Mrs. Phillip Thompson, president, presided at both morning and afternoon sessions. A luncheon was held at the noon hour.

During the business session the resignation of Mrs. J. E. Brigham of Big Spring as vice-president and aide to the president was accepted by the group. Mrs. Louis Jones was elected to fill the vacancy.

The dates, April 15, 16 and 17 were selected as conference time with the First Methodist church of Del Rio to be headquarters. Mrs. K. H. McDowell of the hostess city is serving as conference chairman.

## Mrs. Wayne Pearce Honoree At Party In Grigsby Home

A pink and blue color scheme was used in decorations at a bridge tea given by Mrs. C. W. Grigsby at her home Tuesday afternoon honoring Mrs. Wayne Pearce.

Blue tapers in crystal holders were on the lace laid refreshment table which was appointed with silver and crystal.

Miniature corsages of sweetpea were worn by members of the houseparty which included Mrs. Jimmy Mason, Mrs. H. W. Wright, Mrs. Jimmy Jennings and Mrs. J. D. Jones.

Bridge was entertainment, and Mrs. Ray Griffin won high score. Mrs. Bill Savage won low and Mrs. Simon Terrazas binged.

Others playing were Mrs. Robert Satterwhite, Mrs. V. A. Whittington, Mrs. Ocle Henson, Mrs. Escal Compton, Mrs. Robert E. Lee, Mrs. Jack Y. Smith, Mrs. H. W. Wright and Mrs. Jennings.

Tea guests included Mrs. E. W. Richardson, Mrs. Doug Orme, Mrs. Paul Darrow and Mrs. C. K. Shelton.

Gifts were sent by a number of friends.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Baracelate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

The theme, "Laying Firm Foundations" will be the basis for development of the four-point program: Health, parent education, school education and family life. The board of directors will meet in dinner session the evening of April 15, with registration slated for the morning of April 16, the first general session opening at 10 a.m., April 16.

Conference speakers will include L. A. Woods, state superintendent of education; Mrs. T. H. Odell of Haskell, state health chairman; Mr. R. M. Hawkins, president of Sul Ross college at Alpine; and Dr. W. O. Williams, superintendent of Sweetwater schools.

The hostess committee is planning several social events, including luncheon on April 16 at Villa Acuna. Various workshops will be provided and special guests of the district will be Mrs. W. A. Hay of Fort Stockton, president of 15th district; and Mrs. T. H. Ethridge of Alpine, state chairman of the exceptional child.

Mrs. Thompson announced the appointment of Joe King, superintendent of Paint Rock schools, as district legislative chairman; and Mrs. O. M. Arradondo of Del Rio as district chairman of the Spanish speaking division.

## Miller Discusses Indian Religions For Presbyterians

The hopelessness of Hinduism and Mohammedism, the leading religions of India, was stressed when E. A. Miller spoke at the third in a series of School of Missions programs at the First Presbyterian church Wednesday evening.

Formerly stationed in India, Miller discussed with the group his observations of Indian life, particularly the religious phases. He declared that there are at present only 6,000,000 Christians in the country, pointing out how much Christianity has to offer the Indian people. He stated that the Mohammedans and Hindus are in constant conflict.

The devotionals was brought by Dee Davis. Mrs. H. C. Stupp conducted the missions class for the children of the church.

A pot luck dinner preceded the program.

At 7:30 p. m. Thursday Rev. R. Gage Lloyd will review the book, "Now Is the Time," a missionary book which tells of Presbyterian missions around the world. Rev. Lloyd will stress this evening the missionary effort in Mexico, Brazil, China and Japan. Herbert White, stationed for some time in Korea, will speak on life in that Eastern country.

## Average American Figure Comes Into Its Own With Designers

**U. S. AVERAGE . . .** This flattering pure silk shantung dress is designed for women five feet five or under. Swathed hipline and front pleum add interest.

**PINT-SIZE SWANK . . .** Golden beige silk shantung makes a spectator sports dress for resort wear, designed to fit the average figure proportions.

By DOROTHY ROE  
Associated Press Fashion Editor

HAVE you ever wondered why your new dress didn't look the same as it did when you saw it on the mannequin in the store window? Or have you ever picked out a dress from a picture in a magazine, only to find that it made you look like a pygmy dressed in a circus tent?

It's a common fate of the average woman, of average size, to find bitter disappointment in the fit of clothes she buys in ready-to-wear departments. Often the waistline is too long, the sleeves too long, the skirt too long, even though the garment may fit in circumference. If she buys the dress anyway alteration costs make it more expensive than she planned. If she tries to wear it as is,

the proportions are wrong for her figure.

It is a sad but true fact that most designers plan their creations for the tall, willowy fashion models, while the average woman, short and slightly hefty is left with only a dream of how she would like to look.

Since we are not all constructed like Powers models, who usually are at least five feet ten, with a size 12 waist and hipline, it behooves us to look into the proportion of the clothes we buy.

One manufacturer has investigated the measurements of the average woman and found that a large percentage of US female adults are five feet or under in height, with a little more girth than is usually provided for in the standard size dress.

The result is a line of dresses

## Blanche Groves Junior GA Meets For Mission Study

A program which depicted the un-Christian parts of the world was featured at the meeting Wednesday afternoon of the Blanche Groves Junior Girls Auxiliary when they met in the parlor of the First Baptist church.

The girls read post card messages from the different parts of the world where Christianity is not known. A poster, showing pictures of the different races of people heard from, was presented.

Sacks of cookies and fruit were prepared to be taken to the elderly men who reside at Shipley camp.

The members studied further on the "maiden step" of the GA, and made plans for a mother-daughter Valentine party at which time all who have completed that step will receive the first award.

Those who attended the meeting were Evelyn Wilson, Joyce Ann Anderson, Glenna Coffey, Delores Hagood, Mary Frances Norman, Peggy Todd, Twila Phillips, Lela Mae Hobbs, Nelda Boatman, Doris Ann Daniels, Janice Brooks, Ethel Chapman, Virginia Carpenter, Patsy Hale, Mary Evelyn Hobbs, Gloria Ann Friedman, Nancy Henson, Janice Nalley, Mrs. J. ## WYA To Entertain Acapella Group

Young women of the Lottie Moon YWA met at the First Baptist church Wednesday to formulate plans for an informal social the group will sponsor for the Sam Houston State Teachers' Acapella choir which appears here Feb. 13.

Refreshments will be served to the choir by the YWA following the musical program at the church.

During a business session, Betty Jean Underwood was named devotional chairman, succeeding Julia Cochran, and Billie Jean Younger was appointed chairman of the invitation committee.

Plans were announced for the formal installation of officers which will be conducted Feb. 7, and a note of appreciation for YWA caroling was read.

"Golden Rules in Other Countries," was discussed by Miss Younger, and the group chose the violet as the unit flower. Goal for the year is based on the scripture, second Timothy, 2-15.

Those attending the meeting were Nidra Williams, Miss Younger, Patricia Phillips, Jean Cornellson, Joyce Worrell, Shirley Griffin, Dee Sanders, Carolyn Smith, Miss Underwood, Mamie Jean Meador, a new member, and the sponsors, Mrs. L. T. Ewing and Mrs. Milton Meyer.

Mr. and Mrs. J. R. Lloyd are visiting in Dallas this week with her sister, Mrs. Belle Dial. They plan to visit other points in East Texas before returning home.

## Georgia Senate Receives White Primary Measure

ATLANTA, Jan. 30. (AP)—Georgia's white primary bill, a bid for the total exclusion of negro voters from democratic primaries which constitute the decisive balloting in this state, moved over to the state senate today after receiving a thumping two-to-one approval in the house.

Senate action on the measure is not expected until next week, after a committee appointed to study similar measures in other states has reported on Monday.

Taking its vote late in the afternoon after almost seven hours of continuous debate, the house approved the bill yesterday by a vote of 133 to 62.

The bill will divest the state of any control over party primaries, leaving them to the parties themselves as "private organizations" which proponents say legally can set their own membership qualifications. It is a studied effort to bar from primaries where nomination is tantamount to election.

Both claimants to the state's disputed governorship, Herman Talmadge and Lt. Gov. M. E. Thompson, have declared themselves in favor of a white primary. It was Talmadge's supporters, however, who pushed the bill through and Thompson's adherents, mostly, who first sought delay in consideration and then opposed this particular measure.

## 'Other Religions' Discussed At WMS Meet in Vincent

"Other Religions of the World" was the subject discussed on the Royal Service program at the meeting of the Vincent Baptist Women's Missionary Society Monday in the home of Mrs. L. K. Osborn. Mrs. Osborn initiated the discussion by telling of all peoples search for God, and Mrs. Willis E. Winters commented on the basic Fagan religion — animism. Mrs. B. O. Brown spoke on Hinduism, Mrs. M. A. Cate on Confucianism, Mrs. J. C. Shepherd on Mohammedanism, and Mrs. George Read on Catholicism. Mrs. Willis Winters concluded the program by telling of "God's Message for All People."

Others attending were Mrs. J. L. McNeil, Mrs. Henry Ernst, Mrs. R. T. Shafer, Mrs. S. J. Harding, Mrs. A. L. Fortson and Mrs. D. Van Pelt.

**Mrs. Warren Hostess To WMS Homemakers**  
The Woman's Missionary Society and the Homemaker's Class of the Airport Baptist church met in the home of Mrs. C. V. Warren Tuesday afternoon.

Mrs. T. H. Gill presided over the meeting of the Sunday school class which held its first gathering since it was organized recently.

Those attending were Mrs. J. C. Lough, Mrs. Virgil Smedley, Mrs. A. M. Basden, Mrs. R. H. Harter, and Mrs. Zoe Myers.

Plans for the sweetheart party which will be held at the church parsonage Feb. 7 were discussed at the meeting of the WMS which was presided over by Mrs. Franklin Earley. The party for adults is scheduled at 8 p. m.

The group will pack a box for Buckner's orphanage next Tuesday when the society meets with Mrs. Franklin Earley at 3 p. m. Members are urged to bring apportionments for packing.

Attending were members of the Homemaker's class and Mrs. Edwin Spears.

**Party Friday Evening**  
Young people of the Airport Baptist church will have an informal party at the church parsonage Friday evening.

The entertainment is slated for 7:30 p. m., and young people are invited to attend.

**SERVICES HELD**  
Burial services were held this week in Greenville for Best Moore, brother-in-law of Mrs. W. E. Rayburn of Big Spring.

## Wool Consumption Of Billion Pounds Yearly Predicted

SAN FRANCISCO, Jan. 30. (AP) Postwar consumption in the US of nearly one billion pounds of grease wool annually — approximately 40 per cent more than the prewar use — was predicted today by F. Eugene Ackerman of New York City, executive director of the American wool council.

Ackerman addressed the one-day sixth annual convention of the wool council, presided over by President R. C. Rich of Burley, Idaho.

The council's meeting followed closing sessions of the National Wool Growers Association convention which urged federal measures to prevent spread into the US of the foot and mouth disease outbreak in Mexico. An increased tariff on wool also was recommended.

Ackerman based his prediction of increased wool consumption on an upswing in population, which he said was 10 million greater than in 1939, and a higher national income.

"The sale of clothing depends entirely upon the size of our national income," he pointed out. "Traditionally, the families of this country spend an average of 10 per cent for their clothing requirements, of which approximately 35 percent represents items entirely of wool or containing wool."

## YMCA To Be Open Afternoons, Nights

Arrangements have been made to keep the YMCA open for longer hours each day, Bill Dawes, executive secretary, announced Thursday.

By rearranging schedules, a member of the staff will be on duty from early afternoon until 9 p. m. Monday through Saturday, with the exception of time out for dinner at 8 p. m. to 7 p. m.

In addition, volunteer workers will be scheduled to supervise recreation for youths during the evening hours.

Due to incomplete schedules for volunteer workers, the Y has not been opened on some nights, and on some nights when it was open traffic was light. Some members of the board believed this was due to a lack of understanding among those who patronize the Y.

## High Heel Slippers Plan Spring Party, February Outing

A planning session was held when members of the High Heel Slipper club convened this week for a business meeting at the home of Mary Gerald Robbins.

Arrangements were made for a wiener roast for Feb. 7 with the girls meeting at the home of Rebecca Rogers and proceeding from there to Scenic mountain. Committees for the outing were appointed. Plans were discussed for a backwards Valentine party to be held on Feb. 14 at the home of Mrs. Clarinda Harris, sponsor. An Easter dance to be held on April 5 was discussed, as was a trip to Christoval at the end of school.

Those who attended the meeting were Nancy Whitney, Patsy Ann Young, Nancy Lovelace, Mary Gerald Robbins, Billie Jean O'Neal, Lindell Gross, Rebecca Rogers, Joyce Worrall, Ellen McLaughlin, Delores Hull, Dorothy Purser, Earlynn Wright, Sue Nell Nall and Tommy Nall.

**Ralph Miller Feted On Eighth Birthday**  
Mrs. Eugene Long entertained with a party in her home Sunday evening honoring her grandson, Ralph Miller, who celebrated his eighth birthday anniversary.

A Valentine theme was used in decorations of the refreshment table which was centered with a decorated cake topped with pink birthday candles. Matching tapers in crystal holders were on either side, and Valentine crackers were given as plate favors.

Games were played, and those attending were Dell Roy Buchanan, Alton Long, Roger Long, Jimmie Griffith, Ralph Miller, Ronald Joe Miller, Frank B. Griffith, Haley Lynn Hodnett.

William Bond, Curtis Miller, Molly Griffith, Nelda Sue Bond, Harrel Griffith, Roy Griffith, Sue Ann Miller, Rickey Hodnett, Roy Griffith, Terry Lynn Long, Mark William Harwell, Jr., Mr. and Mrs. Cecil Miller, Mrs. Cecil Long, Mrs. and Mrs. Merle Hodnett, Mrs. L. Griffith and Mr. and Mrs. Eugene Long.

**MUSIC CLUB CHANGED**  
Mrs. H. M. Jarratt, sponsor, has announced that the regular meeting of the Allegro Music club has been postponed until Monday. The group will meet at 4 p. m. on that day in the First Baptist church.

## Storm Forces Cancelling Of Field Study

Wednesday's terrific blow forced cancellation of the field study planned by the District AAA county administrators in conference here.

Instead, the 11 persons representing five counties underwent further orientation on soil practices in a session at the court house. Bob Spreem, district performance supervisor from College Station, headed the discussion.

Delegates from Borden, Sterling, Glasscock, Martin and Howard counties were present.

AAA personnel from eight other counties of the district set up were present for the opening of a new class this morning.

## Occupation Force Needs Mechanics

The six occupational divisions now in the orient are critically in need of auto mechanics, cooks, radio repairmen and radio operators in low, medium and high speeds, according to Lt. Col. Teddy H. Sanford, the commanding officer of the local US Army recruiting district.

Telephone and telegraph installers and repairmen are also needed in the occupational area. Men with training in these subjects have opportunity to investigate the grades in which they can be enlisted in the Regular Army at the local recruiting station.

Jess Blair, local range conservationist, is in Menard conferring with soil men in that area. He is expected to return Friday.

**COMPLETE MOVING SERVICE**—Kyle Gray Transfer company, specializing in furniture, general drayage, feed and cattle transport, offers complete moving service over a five state radius. Not only is the company in a position to move material with its fleet of nine trucks, but it has an outstanding safety record behind it. None of the Kyle Gray trucks have had mishaps involving other vehicles since he began operation of his business in 1936 and expanded it in 1940. As to versatility of his staff, he points to how they have handled all sorts of jobs—including the moving of five hives of bees. (Photo by Jack Hayes).

**Gray Transfer**  
Now Covers Five States In Area  
The quick, competent service of the Kyle Gray Transfer company has won a name for the owner, Kyle Gray, who opened a small trucking concern in Big Spring back in 1936, and has seen it grow into one of West Texas' leading transfer companies.

Taking over the transfer business in 1940, Gray expanded his service to customers and during the years has increased business to the extent that the company is now hauling furniture, feed and livestock in five states that include Texas, Oklahoma, New Mexico, Arkansas and Louisiana. Their safety record is outstanding. Nine moving vans and cattle trucks are operated by experienced drivers who have achieved an enviable record for the concern. "We haven't had any wrecks involving other vehicles since we started business a long time ago," Gray states.

Becoming more popular is Gray's service of packing and moving household goods to any point within the five state radius. "If a family so desires, they can leave the unpleasant part of moving to us," Gray says. Drivers carefully pack everything from China to pictures and table lamps along with furniture and other household furnishings.

**Driver White Has One-Stop Service**

A literal one-stop service for truckers is offered in Big Spring by the Driver White Truck company, 1600 East Third street. The completeness of this service has gained the firm many customers, many of whom have been served during the period when new trucking equipment has not been available. The Driver White Truck company is glad that it could help truckers when new equipment could not be purchased. Curtis Driver, manager, said. The local White Truck company maintains a complete servicing shop, operated by experienced personnel, and all truckers have a standing invitation to talk over their truck troubles with the management. Truck accessories carried by the Driver company cover well known merchandise. They include Good-year tires, Champion spark plugs, Willard Batteries, American safety tanks and commercial trailers. In the service department, the Driver company has equipment to do steam cleaning and greasing on trucks to owner's entire satisfaction. The Driver White Truck company also is making available White's "Continuing Control System of Truck Management." This system was worked out by White as an aid to truck owners. In working out the plan, White prepared complete instructions, based on studies of large and small fleets in all types of service, for controlling each of three major factors: correct application of the truck to the work it is to do, improved maintenance designed for each vehicle, and better selection of drivers.

# Outpost Rates 207 Barrels During Test

Norman & Roche No. 2 S. R. Coleman, section 70.97, H&TC, Coleman Ranch pool, rated 207 barrels Tuesday on a 24-hour potential test. The northwest Mitchell producer previously had been shot with 735 quarts from 2,655-2,877 feet and became the fourth well in the new area.

The same operators carried 500 feet of oil in the hole at 2,720 feet in lime after topping pay at 2,645 feet, increasing from 2680-90 and then filling at the latter depth. Norman & Roche No. 4 Coleman drilled at 2,181 feet in lime, topped at 1,644 feet.

Tobe Foster No. 1 Dave Womack, section 3, block 26, Cuthbert strip, carried 500 feet of oil in the hole in hard, tight lime at 2,812 feet.

Butram, et al No. 1-A Coleman cleaned out following shot from 2,615-2,830 feet with 2,700 feet of oil in the hole. Burtam No. 1-B S. R. Coleman drilled below 600 feet in redbeds. Both tests are in section 70.97, H&TC. Doswell & Morgan, 330 feet from the east and south lines of section 71-97, H&TC, topped lime at 1,714 feet and drilled at 2,170 feet in the formation.

# Dr. O'Brien Talks To Lions On Democracy

Democracy, which has found its highest expression in western civilization and particularly in the United States, is nothing new, Dr. P. D. O'Brien told the Lions club Wednesday.

Repeating an address made to the high school assembly in keeping with Lions-sponsored series, Dr. O'Brien declared that "democracy is something that is innate in the human heart, something as old as life itself. It is only under a democracy that the souls, minds and hearts of men reach the highest expression of their talents, he said.

He pointed to the development of the "greatest educational system in the world, the greatest industrial system, greatest abundance of churches and religious expression, abolition of slavery, victory in all its wars, and freedom of speech, press and religion as evidences of blessings under a democracy.

Otis Graff, president, announced that there would be a joint meeting of the heads of all service clubs the first week in April for the purpose of seeking to coordinate activities. At least two joint meetings of all the clubs each year is anticipated, he said.

Program was in charge of Bob McEwen and was introduced by Judge Cecil Collins, chairman of the club's citizenship and patriotism committee.

# TIME TO BEAUTIFY

## Vines Are Versatile In Garden Planting

(This is one of a series of articles prepared with aid of the chamber of commerce beautification committee.)

So you want vines to climb trellises or drape over an arbor? A good place to start is by determining what you want the vines to accomplish. If it is a wall cover, then English ivy offers year-around cover and clings well to brick, etc. Boston ivy is good but is not evergreen.

If it is a decorative or screen vine you want, how about old fashioned honeysuckle? You can't beat it either for thriftiness or for fragrance.

There are many others, too, which are beautiful and effective. For instance there is wisteria, silver lact, queen's wreath. Some have grown Madeira vines with success and there is balsam.

For a rapid and effective annual vine that produces an abundance, there is always the morning glory — and it is long on blossoms. Improved varieties offer king-sized flowers.

Perhaps you have a gate arch or a fancy trellis around the place. Then there are varieties of climbing roses, some of which produce a profusion of richly colored blooms.

Of course, if you like utility with beauty, there is the grape — the sure shot producer for this section. The vines grow rapidly, but they are afflicted with mid-season insects.

Most vines require temperate pruning, but in the case of grapes only a few buds on each main artery should be left. Some cut back even further than that, for only the new wood makes fruit.

# HUSBAND LOSES IN LEGAL BOUT

DETROIT, Jan. 30. (AP)—Mrs. Gloria Lee Deane today had wrested a divorce from her athlete husband Raymond whose knowledge of wrestling holds did not help him hold her.

Mrs. Deane told Circuit Judge Guy A. Miller yesterday that her husband frequently carried his college wrestling experience into their home life with "humiliating and painful" results.

"He'd clamp a headlock on me," she told the court, "and then slip into a hip lock and then try the flying mare and he'd toss me right across the room. I always lost."

The United States grows about half the world's corn.

R. J. Wheelock, Jr. No. 1 S. R. Coleman, section 70.97, H&TC, was at 2,181 feet in lime, topped at 1,644 feet. J. B. Tubb No. 1 Chester Jones, section 60-20, LaVaca, extreme northwest Mitchell, waited on cement to set around seven-inch string at 3,951 feet.

Two wildcats, one in western Dawson and the other in northern Mitchell county, have been staked this week. The Mitchell exploration is on the southeastern edge of the Sharon Ridge pool and is proposed as the No. 1 Hardy by I. Weiner, Big Spring, and John Odstriel as a 1,800-foot test. Location is 330 feet from the north and east lines of the southeast quarter of the northeast quarter, 99-97 H&TC.

John Pringle, King, Warren & Dye of Midland has staked a San Andres wildcat as a 5,500-foot rotary venture nine miles southwest of production in the Welch pool of northwestern Dawson. It is six and a half miles southeast of Cedar Lake production in Gaines county and is 13 1/2 miles west of Lamesa. Located on the F. J. Steward land, 680 feet from the south and west lines of section 105-M, EL&RR, the exploration is three miles southwest of a dry hole, abandoned at 5,122 feet.

The Humble No. 1 Davis, section 339-97m H&TC, six and a half miles north of Snyder, shut down to abandon after acidizing with 3,000 gallons from 7,775-7,842. Packer failed to hold. The Mississippi section was tested.

In northwestern Coke county, the Sun No. 1 Fred Jameson, quarter of a mile south of the company's discovery No. 1 Allen Jameson, Strawn producer, was below 5,600 feet in shale and was testing a core which showed oil stains.

# Penicillin Plan Nipped Suddenly

FRANKFURT, Germany, Jan. 30. (AP)—A US military government plan to fly German scientists to the United States to learn how to boost Germany's penicillin production suddenly was cancelled on orders from Washington, it was learned today.

Ten minutes before the group of German scientists was scheduled to board the plane for America at Wiesbaden last week, military government sources said, officers stopped them on orders contained in an urgent war department cable.

Instead, these informants said, a committee believed to represent commercial penicillin interests in the United States will come to Germany to probe the possibilities of shipping penicillin bulk from America for packaging in Germany.

Penicillin is urgently needed here to halt the spread of venereal disease among occupation troops and German women — growing menace which United States authorities have fought by seeking German cooperation.

There are about 65,000,000 males of all ages in the US population.

# Court Overrules Rehearing Motion

AUSTIN, Jan. 30. (AP)—The Court of Criminal Appeals yesterday overruled a motion for rehearing of the case of Marshall Morris of Palestine, convicted of aggravated assault.

The court previously had affirmed his sentence of one year in jail and a fine of \$500 on conviction of assaulting Miss Jimmy Gant, a nurse.

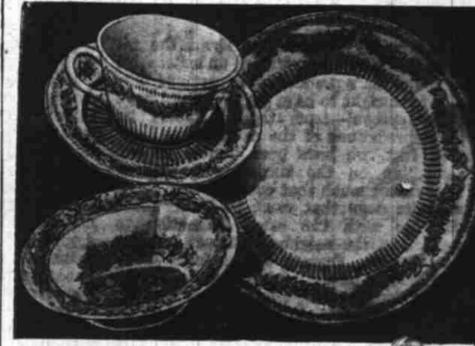

The Board of Pardons and Paroles, however, recommended to Gov. Coke Stevenson in December that the jail sentence be remitted and the fine be reduced to \$100. After protests from Palestine citizens, Stevens revoked the clemency he had issued on this recommendation.

Our recent observations about the responsibility of keeping dogs under control on the owner's premises as a part and parcel of the right to have pets seems to have elicited approval—from those afflicted by the depredations of the canines.

capable of keeping them in the sanctuary of the home grounds. One other thing pops in our minds in connection with the approaching spring season. It is this. The urge to clean up (and we hope every one is bitten by the bug) leads to the question of disposing of the refuse. Pending such a time as a city-wide campaign is conducted with free collection service by the city, this material can either be burned (with utmost caution against spreading fire and consideration of neighbors who might be smoked out), or it can be placed in the hands of reputable people who engage in disposal service.

# Case Of Profit, Not Preference

George L. Wenzel, Baltimore, Md., a restaurant food cost expert, is quoted with saying that the American housewife's belief that she is getting a bargain in lean meat has all but driven first-class beef from the nation's markets.

80 cents a pound, the average housewife is not going to risk taking home a supply of tallow to turn into the nation's fat salvage. Finally, the food expert, who should have a little experience in feeding without the privilege of doubling prices for service, should also know that one of the real reasons that better beef is being driven from the nation's counters is that the cost of feeding has reached such proportions that ranchers and farmers are at least wary of undertaking extensive feeding programs.

CONCLUSIVE EVIDENCE OF CONSPIRACY TO JACK UP THE PRICES OF NEWSPRINT TO AMERICAN NEWSPAPERS OVER A LONG PERIOD OF YEARS IS CONTAINED IN A FEDERAL TRADE COMMISSION REPORT NOW BEING STUDIED BY THE SENATE SMALL BUSINESS COMMITTEE.

through the danger of explosion. Without enumerating all the prohibitions, here are some which may establish the idea: Abattoir, acetylene gas manufacture, blast furnace, boiler works, brick and tile manufacture, cotton gins or cotton oil mills, fat rendering, fish smoking and curing, forge plant, paint, etc. manufacture, large planing mills, rock crushers, soap (other than liquid) manufacture, tar roofing manufacture, vinegar factory.

It is difficult to pin down the locations of the districts in type, but for the most part they straddle the T&P tracks from east to west with the exception of the immediate business district, and on the outlying sections of northeast and northwest Big Spring. In all discussions of the zones, it should be borne in mind that they can only apply only to the corporate limits and that prohibitions are not retroactive. Thus, concerns now operating businesses zones, should they be established, cannot be disturbed in continued, unexpanded operations.

# Health Director In Confab Here

Dr. F. E. Sadler of Midland, director of the Midland-Ector Howard health unit, conferred here Wednesday afternoon with County Judge Walton Morrison and H. W. Whitney, acting city manager, concerning continuation of joint city-county support of the local health unit.

County commissioners still are studying the health unit program, and they expect to announce a decision on the joint support plan soon. Heretofore the local health unit program has been financed by the city and county, but heavy drains on county funds occasioned by participation in the purchase of a veterans hospital site left future county support in doubt, officials said.

# Neff Refuses Comment On Baptist Protest

WACO, Jan. 30. (AP)—Pat M. Neff, president of Baylor University, confirming that President Truman would receive an honorary doctor of laws degree from the university in March, refused to comment today on action of the Texas General Baptist Convention in November, 1945, which objected to giving a degree to Mr. Truman.

Dr. J. T. Harrington, president of the Baylor board of trustees, likewise refused comment. The convention urged Baylor to withhold a degree proposed at that time because of what the resolution described as Mr. Truman's "reported attitude toward 'gambling and drinking.'" Baylor officials announced later the school would confer the degree regardless of the conference action but Mr. Truman cancelled his scheduled trip to Waco because of pressing capital business.

Neff today said he had not announced previously the forthcoming award of the degree because, "I had given the President's secretary my word no announcement would come from Baylor ahead of the White House release."

Baylor authorities said the date and time of the ceremony would depend upon Truman's itinerary.

Big Spring residents will get an opportunity to see part of the proposed street lighting project in operation sooner than expected, the Texas Electric Service company announced today, as workers began erecting a demonstration segment. Materials for the entire project, which will include all of Third street from east to west city limits, is not yet available, officials said. However, the electric company has been able to secure enough essential items to erect nine lights, and they are being installed this week on Third street between Main and Gregg. Steel poles are being used on the demonstration segment, and the first to go up was at the corner of Third and Main this morning. Lamps for the entire project will be mercury vapor type.

**Proposed Closed Shop Bill Hit**  
MIAMI, Fla., Jan. 30. (AP)—The 15 top policy-makers of the AFL contended today it would be "a tragic mistake" to enact proposed labor-curbing legislation in Congress because it would boost the number of strikes.

AFL President William Green said the 18-man executive council, which handles affairs of the 7,000,000 AFL members between annual conventions, would attack each of the bills it considered injurious to labor.

**Lamesa To Ballot Tuesday On Bonds**  
LAMESA, Jan. 30.—Voters will decide on bond issues totaling \$519,000 here Tuesday.

Bulk of the bond proposals, or \$414,000 are for water and sewer extensions and replacement and enlargement of mains. The remaining \$105,000 bonds are divided as follows: \$50,000 for street improvement, \$25,000 for parks, \$20,000 for fire department, and \$10,000 for equipment.

Railroads deliver an average of 4,000 cars of foodstuffs and fuel to New York City and its suburbs on an average day.

# Capone Starts On Last Ride

MIAMI, Fla., Jan. 30. (AP)—Scarface Al Capone began his last ride at 2 a.m. today.

W. L. Philbrick, manager of the Philbrick Funeral Home where Capone's body has been since his death Saturday, said that Ralph, brother of the former gang leader, claimed the body early this morning.

He said papers were made out with Chicago as the destination. Philbrick said at no time had the body left the funeral home since it was brought there Saturday.

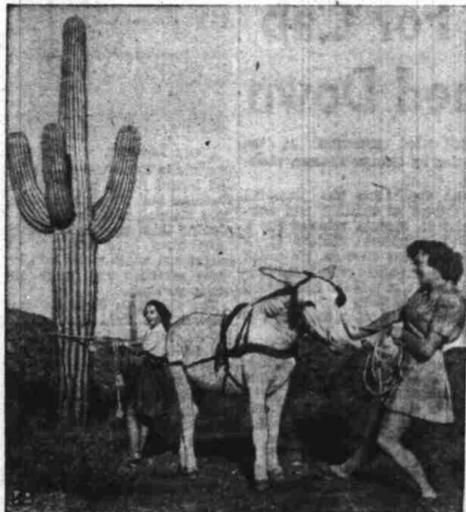

He said he did not know how the body was to be sent, or when. A reliable source here said, however, that a hearse would take it on the 1,800 mile trip.

# Crops Damaged By Dust Storm

Soil conservation officials today estimated that yesterday's dust storm in the Tulla-Plainview area caused between \$500,000 and \$1,000,000 damage to crops and lands.

Conservation officials at Amarillo said the figures are "guesses" and the total may exceed \$1,000,000 when a complete survey is made. When the sun rose this morning over the Tulla-Plainview section, it revealed thousands of acres of bare soil where yesterday stubbled or green wheat had stood. Other fields of wheat were covered with the dust and in some cases, wheat sprouts were cut off at the ground by the blowing soil.

**Flights Suspended**  
SHANGHAI, Jan. 30. (AP)—All Chinese commercial passenger flights were suspended today by the ministry of communications pending an investigation into the mid-air explosion of an airliner near Hankow Tuesday, with 23 reported killed, and the disappearance of a second plane.

# Overseas Surplus Nets 1 1/2 Billions

WASHINGTON, Jan. 30. (AP)—Secretary of State Marshall told Congress today the United States has realized \$1,500,000,000 from the sale of overseas property which of 1946 was property with an original cost of \$6,800,000,000. Still left for disposal at the end of the year is \$1,365,000,000 which already has been declared surplus and an estimated \$2,000,000,000 which will be freed by the armed forces later.

Marshall forwarded the information in a letter to Congress transmitting the fourth quarterly report of the foreign liquidation commission.

# Research Fund Okayed By State

AUSTIN, Jan. 30. (AP)—The attorney general today held that the Board of Regents of Texas State College for Women at Denton has authority to expend its local institutional funds for research purposes beneficial to the college.

The opinion, written by Chester E. Gillson, assistant attorney general, further held that such expenditures may not be used to increase any salary beyond a sum fixed by the legislature.

S. B. Whittenburg of Amarillo, president of the board of regents, requested the ruling.

# 'Fair Trades Bill' Hurdles Barrier

AUSTIN, Jan. 30. (AP)—The so-called "fair trades bill" hurdled its first barrier last night when it received a 6-0 favorable vote of the Senate Committee on Commerce and Manufacturing recommending it for Senate passage.

The one-sided vote followed a spirited public hearing in which name-calling, charges and counter-charges were fired for three hours by large merchants, housewives, and legislators who filled the Senate chamber.

The bill would make it unlawful for retailers to sell for prices below minimum prices fixed by the seller.

Charles H. Flato of Kingsville, representing the Texas Hardware and Implement Association, declared that association to have voted unanimously in favor of the bill at a Houston convention.

# Livestock Bill Changed Slightly

AUSTIN, Jan. 30. (AP)—The House and Senate today agreed on two minor changes in a bill granting a \$150,000 appropriation to the Yivestock Sanitary Commission to combat foot and mouth disease.

The amended bill required the Livestock Sanitary Commission to monthly reports to the state auditor on expenditures from this emergency fund. A technical change in the bill insured that it shall not violate any federal laws, national treaties with other countries or agreements between Texas and bordering states.

# Application For Cab Permit Turned Down

After deliberating for more than an hour the Big Spring city commission Tuesday rejected Mrs. Eva Henderson's application for a taxicab permit.

# Franchise Bid Is Rejected

Big Spring city commissioners voted unanimously in regular session Tuesday to advise George D. Geer of Sweetwater that the city is not interested in granting an additional electric service franchise at this time.

In previous communications with the mayor, city manager and several commissioners Geer had indicated that he was interested in such a franchise, preferably for a 50-year period, and if granted the franchise he planned to construct and maintain a power plant.

Geer's latest request came in which commissioner voted to place the form of a proposed ordinance, on file.

# TO TRY AGAIN

NEW YORK, Jan. 29. (AP)—Marius Ruzay, star pre-war left-hander of the New York Yankees, will be taken to the Puerto Rico training camp of the Bombers and receive a chance to make a comeback.

behalf were presented at the hearing by George Thomas, attorney.

The application was prompted by failure of existing taxi companies to operate vehicles for a period to operate vehicles for a wave. Thomas asserted. He called on three members of railroad brotherhoods who told the commission that many of their members were inconvenienced when the cabs suspended operations.

Representing the two present taxi companies were T. J. Coffey, local attorney, and Carl S. Guin of Abilene, auditor for the operators of Checker cabs. They told members of the commission that the two companies are not operating all of their respective cars at present because of insufficient business. Operations were suspended during the cold wave, they said, as a safety precaution.

The commission postponed a vote on the application until conclusion of the regular agenda, then a formal rejection was recorded by a vote of two to one. Commissioner George Mims voted to sustain the application, while Commissioners H. W. Wright and J. L. LeBlanc opposed the measure. Commissioner Iva Hunneycutt was absent.

# Blaze Destroys Storage Building

ACKERLY, Jan. 29. (Sp) — A fire which started shortly after 10 a. m. today destroyed a cottonseed storage building at the Planters Gin here.

The blaze, which was fought by firemen from Big Spring, gin employees and volunteers, was kept from the main gin building, despite a high wind.

The Big Spring fire department dispatched a truck to the scene which pumped water on 50 tons of cottonseed which were stored in the building. Although the building was virtually a total loss, gin officials hoped to save part of the seed after the high wind subsided.

# Three Billions In Surplus Goods Will Go On Sale

About three billion dollars' of surplus capital and producers goods along with \$164 millions of surplus consumer goods will go on sale throughout the nation under the War Assets Administration's second operational program beginning Feb. 1.

Robert M. Littlejohn, outlining the program for 33 regional WAA offices, said the tempo achieved in the first program for November, December and January will be maintained until all surplus property is disposed.

# Careless Shooting Of Air Rifles Hit

Several complaints on careless shooting of air rifles, especially in the south part of town, have been made to the officials during the past few days, Herbert W. Whitney, acting city manager, reported today.

The city will not seek to prohibit boys from shooting air rifles, Whitney said, but more care will be urged, and the boys are being asked to refrain from using their rifles in residential areas. Some broken windows have been reported in the complaints, he said.

Frank Loveless, a District Supervisor in Zone 3, C. H. DeVaney and Dewitt Shive, all of the East Coahoma Soil Conservation Group, have maintained their terraces by plowing them up with a breaking plow. They have added to both height and width which will keep them effective and make them easier to work.

The alfalfa on C. H. DeVaney's sub-irrigated field has withstood the sub-zero weather and is looking good. The root system is well established, being over two feet in depth.

Gordon Stone, a District Supervisor in Zone 5 who ranches and farms in the Lomax Soil Conservation Group, has completed nine miles of broad base terraces since the first of the year.

Edmund Tom, a Supervisor in Zone 1 who farms and ranches north and south of Stanton, sold some late calves last week that netted him over \$100 per head. He put the calves on small grain in November that was planted in 40-inch rows the first of September.

W. E. Mann, a district cooper of the Vincent Farm Conservation Group, is planning to begin planting native grasses on a field that he plans to retire from cropland. A mixture of Blue Grama, Side Oats Grama and Buffalo grasses will be used. This reseeding is a part of Mann's well rounded soil and water conservation program.

# Veteran Divorces Czech War Bride

EDINBURG, Jan. 29. (AP)—A war-time romance which started in Paris broke up on the rocks of Communist doctrine, the husband testified, and ended in civil district court of Hidalgo County.

Court records show that C. M. McClain of Mission has been granted a divorce from his Czechoslovakian bride of three months. McClain testified in court that he and his bride lived together for two weeks in 1945 and that she has returned to Europe.

The war veteran said that his wife made unfavorable comparisons between life in the United States and in Russia, relating how "much" better things are in Russia.

# Firmen Attract Heavy Donations To March Of Dimes

Capitalizing upon a real life demonstration of an iron lung, city firemen Tuesday drew in heavy contributions to the March of Dimes infantile paralysis campaign.

What time they were not addressing pedestrians by name to make contributions, firemen had a speaker microphone attached to the diaphragm of the VFW lung, which was in actual operation with a fireman as patient. These cries came set up a perpetual appeal. Pancho Nall helped the firemen ballyhoo the campaign for funds.

# Engineer Receives Authority To Survey Highway In County

S. J. Treadway, Abilene, district engineer for the state highway department, has received authority to make a survey of the section of the Big Spring-Lenora-Andrews highway in Howard county.

In a letter to the Howard county commissioners court, Treadway said that he had been instructed to make the survey, but that it could not be made at the present time due to shortage of field personnel.

# ZONING EXPLAINED—Tenth Of Area In City Limits For Businesses

(This is one of a series of articles for the purpose of acquainting the public with zoning in advance of the proposed zoning program in advance of the public hearing Friday.—E.D.)

Something like 10 to 12 per cent of the land area of the corporate limits would be classified as business—or F district—under the proposed zoning plan.

Previously, the residential zoning plan has been discussed, and subsequently, other commercial areas such as industrial and manufacturing will be explained.

In general, the business area would encompass the present downtown district from Sixth street to First on Main at its widest point. This would be pinched down on the wings to include the territory between a point half a block south of Fourth street and Second streets, east and west.

There are several deviations, too numerous to chronicle here. In addition, a half block area on either side of Gregg street north and south would be included in this category.

It should be borne in mind that construction of a higher classification, namely residential, would be permitted in this area, but nothing of a lower classification such as industrial, manufacturing, and storage.

Thus, categories of business which would be excluded from the lower classifications could not locate in the F districts. Other types of business which might be obnoxious or offensive by reason of emission of odor, dust, smoke, gas or noise would not be permitted in the general business areas, which are envisioned primarily for wholesale and retail merchandising.

Aside from those classifications prohibited in either the G, H or J classifications, these are some which would not be permitted to locate in the future in an F district: backsmithing shop, building material storage yard, coal, coke or wood yard, contractor's plant or storage yard, flour mills, grain elevators, horse barns, ice plant, livery stable or riding academy, lumber yard, machine shop, stone monument works.

In addition to the F classification for general business, there is an E classification for neighborhood business areas. The idea of these is to spot them with convenience in the residential areas, but at the same time to concentrate them in certain spots so that a promiscuous establishment of businesses in residential areas would be precluded.

# Program Would Set Aside Four Home Areas

Under terms of the proposed zoning program for the city, there are four basic residential areas, which would occupy approximately 70 per cent of the corporate land area.

There are three A districts, an A district being restricted to one-family dwellings. Under terms of the program, only one-family dwellings would be permitted in these areas in the future. The exceptions would include churches, schools, museums, libraries, parks, playgrounds or community centers owned and operated by the City of Big Spring.

# Army Prisoners Saw To Freedom

NEW YORK, Jan. 29. (AP)—Five Army prisoners hacksawed their way through iron bars today and escaped from prison on Governor's Island in New York Harbor, U. S. Army authorities said.

Four of the prisoners had been transferred to Fort Jay on the island after attempting to escape from Ft. Dix, N. J., New Year's Eve, the Army said.

A hacksaw was found in their cell in which two bars had been cut away, the Army said, and a sixth prisoner who had declined to join them in the escape was found in the cell. The five were believed to have swum to a rowboat moored 200 feet off the island, which is just one-half mile from the lower tip of Manhattan, and rowed to shore.

The Army said the four who previously attempted to escape from Fort Dix were: Frank Mobbs, 24, of Norwich, N. Y.; Robert Ledoux, 23, of Lawrence, Miss.; Edward Cholasinski, 24, of Buffalo, N. Y.; and Calvin Stevenson, 20, of Chicago.

# KISSING GIRL NETS \$15 FINE

SEATTLE, Jan. 29. (AP)—"The light changed and there he was still kissing the girl," Traffic Patrolman S. J. Stevenson told the court.

"She had her head on my shoulder. She was asleep," replied 22-year-old Charles W. Clapper, GI student charged with reckless driving. "I just leaned over to look at her. Going to marry her I hope."

# County Court Justice Swift

Justice worked swiftly in the case of Lloyd J. Pilkington, picked up Monday afternoon by the state highway patrol on a charge of driving while under the influence of intoxicants.

Pilkington was hauled into county court immediately upon reaching the courthouse, where he entered a plea of guilty and was fined \$75 plus costs.

# Jury Summoned To Re-Convene

The grand jury has been summoned to re-convene for the January term on Saturday, Feb. 1, District Attorney Martelle McDonald said this morning.

Among the cases which will probably be considered at the session is the Jan. 22 hijacking of the W. D. Mining store near Fairview. Three youths are being held in the county jail in connection with the case.

# ZONING EXPLAINED—Program Would Set Aside Four Home Areas

Under terms of the proposed zoning program for the city, there are four basic residential areas, which would occupy approximately 70 per cent of the corporate land area.

There are three A districts, an A district being restricted to one-family dwellings. Under terms of the program, only one-family dwellings would be permitted in these areas in the future. # Fort McIntosh Will Be Sold

FORT WORTH, Jan. 28. (AP)—Ancient Fort McIntosh at Laredo has been put up for sale, it was announced yesterday, bringing to an end a colorful existence that has seen troops of Spain, Mexico, the Confederacy and the United States.

Announcement of sale of buildings at the fort was made by Marshall W. Amis, regional director of the federal public housing authority. Only the chapel will not be sold on a priority basis. It will be disposed of separately, he said.

Assets include 156 buildings, a railroad spur, swimming pool and 207 acres of land.

The fort was named on January 7, 1850, when it was christened for Lt. Col. James S. McIntosh, of Georgia, who died in Mexico City in 1848 from wounds received in the battle of Molina Del Rey.

# Receipts Up For Poll Tax

For the first time since they were made available to the public, poll tax receipts show a greater total here than they did for the corresponding period in 1945, a similar election year.

The aggregate helped by a tremendous volume which reached the county tax collector-assessor's office through the mails, reached 3022 at closing time Tuesday as compared to 2,947 on Jan. 28, 1945.

# Polled Herefords Bring \$424 Each

BROWNWOOD, Jan. 29. (AP)—Fifty four polled Herefords sold for \$22,930, an average of \$424.63 each, yesterday at the eleventh annual auction of the Brown County Polled Hereford Association.

The sale concluded the seven-day annual Brownwood Livestock Show.

In yesterday's sale nineteen cows sold for an average of \$545.53 and 35 bulls for \$359.

Wiley Garland, Grand Prairie, paid the top price of \$1,135 for Joan Domino, a cow consigned by R. A. Halbert of Sonora.

Announcement of the purchase of Logan Feed and Hatchery by E. P. (Jack) Rainosek was made here Monday.

Rainosek, who resides in Odessa at the present time, said that the trade became effective Jan. 22 and that the name of the concern, located at E. 3rd and Young, was being changed to Westex Feed & Hatchery.

Beauford Stuteville, who has been with Vernon Logan, the former owner, for several years, has been named manager of the business. Rainosek said that for the present he would reside in Odessa but that he ultimately planned to move to Big Spring.

# Music Festival Slated In April

The first annual musical festival of the Interscholastic League has been set for Abilene on April 25-26, according to an announcement of the executive committee, which met Saturday in Abilene to make tentative plans.

Deadline for entries by schools in the area effected will be Feb. 15.

The festival takes the place of the series of area meetings formerly sponsored by the Texas Music Educators. District division lines of the TME have been maintained by the league, which is taking over the activity upon the recommendation of school administrators.

# Sam Hackney Reports on the U.S.A.

Sam Hackney and the missus just returned from a trailer trip around the country. They're tired, and glad to be home, but mighty impressed with what they saw.

As Sam reports—every section has something different; a different way of talking; different tastes in food and drink; different laws and customs. But bigger than all these differences is the American spirit of tolerance that lets us live together in united peace.

"Of course," says Sam, "you run into intolerance from time to time. Individuals who criticize another's right to speak his mind; enjoy a glass of beer; or work at any trade he chooses. But those are the exceptions—and we're even tolerant of them!"

From where I sit, more of us ought to make a trip like the Hackneys—to realize firsthand how America is bigger than its many differences... how tolerance of those differences is the very thing that makes us strong.
