## Old Settlers Rodeo Queen Contestants Announced

Missy Benson

Cathy Perryman

There are two queen contestants for the Motley-Dickens Counties Old Settlers Reunion this year. They are, from left, Missy Benson, of Dickens County and Cathy Perryman of Motley County.

Missy Benson, 15, is the daughter of Nelda Benson of Spur. She is a candidate from Dickens County as the 1988 Old Settlers Rodeo Queen.

Missy is a sophomore in Spur High School. She is a twirler with the Spur Band and also twirls with the National Baton Twirl-

ers Assn. and is a member of the Spur FFA and the Drama Club. Missy was awarded the National Science Merit Award and the National Academic Merit Award.

Missy's family has been in Dickens County since its founding and her great-grandfather, A.J. Hagins, built the first Cotton Gin in Dickens County and he was the first Circuit Judge for Dickens County.

Cathy Perryman, 14 is the daughter of Mr. and Mrs. Ray Perryman of Matador. She is a Freshman at Motley County

High School.

Cathy's hobbies include basketball, swimming, 4-H activities and track.

Cathy has lived in Motley County all of her life and her parents are owners and operators of Matador Hardware.

Cathy would appreciate your vote and hopes to serve you as the next Motley-Dickens County Rodeo Queen.

These girls will be selling tickets on an Alvin Durham handmade saddle, which will be given away when the Queen is crowned.

## The Bob White And The Spanish Spur

Editor's note: The following article is one in a series depicting the people, places, and events depicted on the Motley County Library's historical mural. In the spirit of research, additions and/or corrections are solicited.

By Marisue Potts

Representing the abundant native wildlife found by early settlers, the bobwhite quail perches on a cedar fence post where a lone Conquistador's spur hangs, symbolizing the early and continuing influence of the Spanish and Mexican cultures on our language and in the occupation of ranching, in particular.

Old timers told of coming to the rolling plains and southern plains, riding through grass that was "stirrup high" and virtually brush free as they made their way without the aid of roads or maps.

The country was alive with buffalo, antelope, deer, mustang horses, turkey, quail, prairie chickens, buzzards, prairie dogs, rabbits, lobo or loafer wolves, coyotes, panthers, bobcats, and, less abundantly, bear.

Ella Bird Dumont, a pioneer of Dickens, Motley, and Cottle Counties, accompanied her husband Tom Bird on buffalo hunts, helping skin and later bringing down the woolly beast herself. She kept

her family supplied with fresh game, finding antelope much easier to sneak up on than the deer.

Because of the huge number of horses stolen from settlements by the Indians or lost by explorers or the cavalry, wild horses roamed the breaks and plains. As a young cowboy Duff Green was hired to chase a herd of wild mustangs, finally running them down near present day Lorenzo.

Some species of wildlife such as the buffalo, bear, and lobo wolf were wiped out in the zeal of bringing civilization to the area. However, conservation efforts have re-established deer and antelope, and the scream of the panther is no longer a rarity. The prairie dog's domain was reduced, but stockmen who have long battled against the rodent, doubt that it, or the coyote, will ever be totally eliminated.

\*\*\*\*\*

The first American cowboy was a vaquero, which became "buckaroo," the mounted Indian herdsman of Mexico and California who had been trained by his Spanish masters to tend cattle on mission ranchos. Sold as a slave, often branded himself, the vaquero influenced ranching in Texas with his language, equipment, and techniques.

The center of the beef industry shifted from California to Texas, nearer the railheads. The herdsmen, now they were called cowboys, spoke English and worked for Swedes, Scots, and Englishmen. But whenever they held a rodeo, tossed a lariat or dallied it around a saddle horn, pulled on their chaps, or put on a wide brimmed hat, they were paying tribute to the vaquero who started it all.

In her memoirs she describes a winter that she and Tom spent hunting bear in rugged ravines of Palo Duro Canyon.

## Scholarship To Be Established In Memory Of Clay Lancaster

Even though the pain of his tragic loss has not diminished and the empty place in his home can never be filled, the family of Clayton Luther Lancaster has indicated that contributions by relatives and friends to a scholarship or award fund will be welcomed. Such a fund would make it possible for some deserving students to

Clayton Lancaster fund at the First National Bank of Paducah or the First State Bank of Matador. A committee shall be appointed by Gary Lancaster, Clayton's

father, and by Ron Cummings, Motley County Independent School District Superintendent which shall establish how these funds are to be expended.

Perhaps, in this way, other youth can be assisted in their future endeavors, and in some small way, help to give some sense of dignity and worth to such a tragedy. Contributions may be made to the

## Matador City Council Report

The Matador City Council met Thursday, August 11 at 7:30 a.m. with Mayor Gary L. Lancaster, Councilmen L.B. Campbell, Joe P. Smith, Travis Jameson, Doyle Rose and L.J. Barkley Jr. and City Water Superintendent Bill Jameson and City Secretary, Nell Berryman

The Mayor called the meeting to order and asked for the minutes and the bills to be read. They were approved.

Mayor Lancaster reported Tom Hamilton, lawyer for the city is in the process of doing the paperwork for the Harp Estate to deed the City of Matador, the old Harp Apartment building. The council elected to tear down this building as soon as possible.

Barkley reported he had spoken to Cummings and the school board is willing to work with the city on helping with the cost of replacing the dip in the city park. After a lengthy discussion, it was decided there was not that much new damage done to the dip and Bill Jameson did not have time to replace it now, so they would wait until a later date to take on this project themselves.

Bill reported on the work he is doing now on remodeling the old fire truck room adjoining the City Hall. He asked the council if they wanted him to try and match the brick or use any brick and paint all of it to match. The Council elected for him to paint it all to match. It was explained this new room will be a meeting room and the old smaller room will be used for much needed storage of records, etc.

Jim Ducet, owner, and Dorton Canon, service manager, of Cablevision of Texas, were on hand to discuss the cable T.V. reception. The consensus was the Council thought the quality of reception had deteriorated in the last three years and the service had not been satisfactory either.

Ducet apologized for the problems and stated there was no reason Matador couldn't have as good service as Paducah and he would himself come and see about the problems and come back next month and talk with the council. Canon stated Matador was next to the smallest system and couldn't finance hiring someone just

## Carriker Voted To Succeed Farabee

Editor's Note: The following article was taken from the Amarillo Sunday News-Globe.

Wichita Falls (AP) - Democratic state Rep. Steve Carriker easily defeated Republican businessman Bobby Albert Saturday in their battle to succeed Ray Farabee in the Texas Senate, capturing more than 62 percent of the vote while sweeping all 30 counties in the district.

The final vote was 17,408 votes for Carriker to 10,594 for Albert.

Carriker, who is from Roby, 50 miles northwest of Abilene, carried Fisher County, his home county, by a vote of 954 to 84. Carriker edged the Wichita Falls businessman by 4,768 to 4,362 in Albert's home Wichita County, the most populous of the 30th Senatorial District.

The prize in Saturday's special election was the right to complete Farabee's unexpired term, which ends in December. Carriker and Albert will meet again Nov. 8 for the right to take the Senate seat when the Legislature goes to work in January.

## Barbara's Bylines

In reading the newsletter, "Comings, Goings & Doings" published occasionally by First National Bank, Quitaque, they gave the following brief on the drilling news in our areas:

It is almost certain now that another good oil well has been brought in on the W.W. Mullin farm southeast of Turkey, Motley County, for Chevron has already laid a pipeline from the W.W. Mullin #3 well to its storage tanks in the center of the place. This well, like the other two, was an extremely tight hole, with virtually no information circulating concern-

## Matadors Building For A Winning Year

The Motley County Matadors look to a super 1988 football season.

In speaking to Coach Cecil Marks, Head Coach of the Motley County Matadors for the second season, he stated, "Everything looks a lot brighter than they did when I first got here."

The Matadors were 2-7-1 in the '87 season with a return of starters at nine offensive and 10 defensive positions from 1987.

All-zone running back Brent Marshall, who rushed for 1,200 yards last season, headlines the list of offensive veterans. He will be joined in Marks' T-formation backfield by sophomore quarterback David Alexander, who started the final three games last season, halfbacks Brian Marshall and Walter Linson and veteran fullback Tim Kendall.

Tackle David Stafford is up to 6-foot, 260 pounds after earning second-team

all-league honors in 1987.

Among the other linemen veterans are tackle Gilbert Guerrero, guards Jarrett Jameson and Jesse Ramirez and tight ends David Trevino and Mathew Washington. Sophomore Johnny Martinez is the leading candidate at center.

Although there are 35 players on Marks' roster, many players will still need to play both sides of the line of scrimmage. Many of the same players are also veteran defenders.

Brian Marshall, a 5-foot-6, 135 pound senior, returns in the secondary. Marshall was a second-team all-zone selection last year.

The old Harp Apartment Building that once housed residents in Matador and has now become a fire hazard and an eyesore will be demolished in the near future.

### CITY COUNCIL, continued from page 1

for Matador. Ducet stated they would hire the servicemen for anywhere but no one had applied from Matador.

Next on the agenda was setting the 1988 tax rate, after a discussion it was voted to leave it the same as last year, 58.4/100.

Travis asked if didn't the council agree last year to hook up 3 houses on the sewer around Walter Jones, as part of the grant extras. The council said they did, if there were funds left over, but there wasn't and now they would have to pay a sewer tap fee of \$60.00 and \$1.00 a foot yard fee to

lay pipe.

The Council also discussed purchasing 6" and 4" sewer pipe to finish a line to Roy Bradford's and for future use. Travis explained that pipe cost went up daily. It was decided to call Quail Pipe Co. and others for the best price and order some to keep in stock.

Barkley reported he had a number of phone calls and a few questionnaires had come in concerning the economic development proress of Motley County.

Meeting adjourned.

# When we say "You're The Boss" ... We mean it.

We are bombarded with advertisements to buy. You can shop around for goods . . . and for some services, like a mechanic. But with utilities, there is usually only one available. So, you might think it would be easy for us to take our consumers for granted.

You know what? The EXACT OPPOSITE IS TRUE. At your electric cooperative, each and every member is an owner. So when we say YOU'RE THE BOSS . . . we mean it!

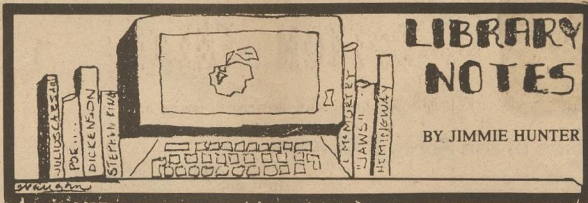

We'd like to know how we're doing, Boss. Give us a call . . . or drop by and visit. And in the meantime, try to think of the last time your mechanic asked you how he was doing.

The Brazos System

Old Settlers is fast approaching, and a visitor at the Library last week, Mr. Randal Hawk from Jacksboro, got me to reminiscing when I learned that he had gone to school at Dickens, and had known my dad, Joe Speer, and his brothers, Frank, Bryan, and Pat. He recalled that my Uncle Frank had been an excellent basketball coach, and he liked Uncle Pat as a teacher. He remembered the basketball team of two Speer boys, two Medlin boys, and Ira Clark, an Indian, who won most of the track events that he entered. This visit caused me to take time Monday to search through the pictures which have been stored at my home since my mother's death until I found a picture of that basketball team of only five players (they had no substitutes) and ask Barbara to run it in the Old Settlers edition. I also found some pictures of the Dickens school in 1912-13 and 1914-15. As he left, Mr. Hawks mentioned that he had worked with Rosie Deaton. I hope they got to visit before he had to leave the next day.

The TRAILBLAZERS AND STARGAZERS had their last official meeting Thursday, August 11, and received their certificates. I was sorry that Robert Gillespie and Kandi and Kevin Keltz were not there to have their pictures made with others who had met or exceeded their goal. Monica Clifton had enjoyed reading about Amelia Earheart, and hopes to pilot a plane herself someday. Bert Darsey said STUART LITTLE was the book he had enjoyed most. Caralee Buchanan is reading Laura Ingalls Wilder's books and likes LITTLE HOUSE ON THE PRAIRIE best so far. Ryan Martin, who has been able to give an excellent review of the book he had read to fit our subject for each week, enjoyed FAMOUS FIRSTS OF BLACK AMERICA best. Carmen Zarate has read most of the forty-two books to her little brother Nicholas which would equal 14 books on her own reading log. We are looking forward to a field trip to Roaring Springs Wednesday then it will soon be "Back to School" for these good readers. I hope they will find time to come in and check out a good book for the weekend and keep us informed about the interesting things they are learning in school. Did you see one of the green space creatures or the moon and stars mobile they made with the help of Winifred Lee.

The Read-to-Me Club will meet at the Library August 23, at 10:30 to receive their awards, before going to Cassie Campbell's house for a backyard picnic. Recent out of town visitors to your

library were: Carolyn, Gary, and Jason Brown of Argyle, Texas; Randal Hawk of Jacksboro; Felipe Lopez of McAllen; Debbie, Jennifer, and Brent Haralson of Garland; Neomi Guteriz of Harlingen; Amy Miller of Garland; Keith, Kris, Barbara, and Julie Carroll of Killeen; Douglas David Ritchey of Troup, Texas; Eddie Reid of Troup; L.A. Gates of Texas City; John Lane Graham of Bakersfield, CA; John K., Fern Green of Bakersfield, CA.

We are so grateful for the donations to the Motley County Library in memory of Clay Lancaster from Mr. and Mrs. Jimmy Don Hurt; Mr. and Mrs. Preston Staggs; Mr. and Mrs. B.L. Peacock; Mr. and Mrs. J.N. Fletcher; Mr. and Mrs. Rickey Lawrence, Chad and Casey; Mrs. Billie Lawrence, Augustine, Kathy, Sean, Jody and Amanda Lara; Mr. and Mrs. Billy Paul Simpson, Mr. and Mrs. Dean Turner; Mrs. Edgar Lee; Mr. and Mrs. Ray Minkley; Mrs. Emma N. Clem.

We deeply appreciate the donations in Memory of Howard Traweck by Lorene Lancaster, Mary Ellen Barton, Viola Stinson, Mrs. Nell Clem and Mr. and Mrs. L.B. Campbell. Donations have also been made in memory of Jack Spray by Mr. and Mrs. B.L. Peacock, Mr. and Mrs. H.R. Jameson, Mr. and Mrs. Spencer Dixon; in memory of Mrs. L.A. Carlisle by Minnie Kathleen Vennis and in memory of Fred Welling by Mr. and Mrs. Bill Pallymeyer. These memorials are such a help in keeping new books on our shelves, and shelves for the books in a pleasant surroundings, we are deeply grateful for each one, so if you have made a donation and it has not been reported or you have not received a thank you note, please let me know so that I can trace down the error. Thank you all.

My gratitude also goes to these recent volunteers who have kept the library open on Monday or Tuesday: Francis Finch, Bailey Elliot, Grace Campbell, Delores Martin, Keith and Joan Patton, and Betty Moore. Betty also assisted with the research for Marisue's article on the tractor in the Mural Series. We thank you, Betty.

I must also express my thanks to Gary Campbell who took time to give me a guided tour of Togo, Africa with the pictures in his album. I was fascinated to learn that Gary ironed all his clothes while living in Togo to kill the larva of a fly that loves to lay eggs in wet clothing and the hatching larva will burrow into one's skin because the hot sunshine doesn't destroy the eggs, that a whole city was built over water to keep from paying land taxes, and the markets are very busy and colorful where you can purchase beautiful produce, cloth, or voodoo materials. His flight home took him to Moscow where he stayed overnight. Gary is planning on returning for Homecoming in October. I hope you can talk with him then.

I am so happy that we have five people signed up for training as literacy tutors! It is not too late to add your name to that list and fill up lonely hours by helping someone improve their reading skills. One ninety year old lady is working with three students. This is a skill that really adds meaning to life. Call 347-2600 or 347-2717 if you would like to become a teacher or if you need help to learn to read better.

## HELPING YOUR CHILD GET READY TO BEGIN SCHOOL

Many parents are anxious for their child to know the letters, numbers, shapes and colors before starting kindergarten in the fall. However, academic-type activities and drill may not be the best thing you can do to ready your child for school.

The results of child development research tell us that fantasy play activities are more effective in the development of language, social skills and thinking skills - all of which are essential for success in school.

Fantasy play is what children com-

monly call "pretending." Through fantasy play children learn more abstract thinking and problem-solving skills. They can also test their ideas in a safe situation.

Here are some suggestions for ways to encourage fantasy play in your children:  
\*Let children have a place for a pretend house, doctor's office, grocery store or museum. They will try out different roles as they play "house," or any variation of this common childhood game.

\*Keep a box of old clothes, purses, shoes and other items for dress-up. That also encourages children to try different roles and create stories to go with their costumes.

\*Encourage children to use dramatic play to act out their favorite fairy tales and stories.

\*Provide low-realism toys and objects that require children to use their imaginations. A big box, for example, can be a house, a rocket ship or a bear's cave, depending on the imagination of the child playing on it.

## Senior Citizens Report

by Iris Blevins

Monday, the Mini bus went to Lubbock with several people riding. There were two Dr. appointments. To those who go to a doctor in Lubbock, if you could get your Dr. appointment on Monday, the bus will pick you up at your home and return you the same day. I am thankful that we have this service. We have a good Driver and she is very courteous to all of the passengers.

Tuesday was our regular second Tuesday luncheon, and we had 30 people to sign the register. Norabelle read a poem and said the blessing for the noon meal.

After the noon meal was over, our president, Ruth Baker, called the house to order for a short business meeting. Our

secretary, Ruby Thompson, read the last months minutes which were approved. Happy Birthday was sang to Addie and Lucille. Thursday the bus went to Plainview with seven people riding. We all enjoy going to Plainview.

Friday evening is always our game evening and we had a goodly number of people come and sign up for commodities and some stayed and joined us in playing 84 and 42 and dominoes.

We welcome all visitors. We ride the bus, Friday, August 19, 1988, to Lubbock to the Senior Citizens Olympics. We will probably be leaving a little early Friday morning. Call Norabelle or Ruth Baker for details.

Present to receive their certificates of recognition, official members of the Texas Reading Club of 1988 TRAILBLAZERS, STARGAZERS were (from left to right, back row) Caralee Buchanan and Carmen Zarate (front row, left to right), Bert Darsey, Monica Clifton, Jill Stanley and Ryan Martin.

Editor's Note: These stories were written by members of the TRAILBLAZERS, STARGAZERS Reading Club. The illustrated, original stories may be seen at the Motley County Library until September 7, 1988.

### THE PORCUPINE by Robert Gillespie

One time a long time ago, my dad shot a porcupine and I got to go down to see it. He showed me the quills of it.

He started to run fast and I fell off the back of him. My mom tried to step off the horse to help me but she fell. The horse ran off and left mom and I to walk back. My dad tried to rope him. But the horse ran back in the trailer by himself. We were okay so everything turned out okay.

### THE FARM

I went to the farm. I got mesquite beans and shinnery acorns and shot my B.B. gun at sum ants.

A DAY WITH MY DAD  
by Ryan Martin  
  
One day this summer, I went to the farm with my dad. We farmed on one farm. Then we moved to another farm. It started to rain, we stopped. I turned the plow wheel, a bearing was out so we went home. Then we fixed my bike.  
\*\*\*\*\*

One day my family and I were walking in the woods of the mountains. I started to wonder off, but my dad jerked my shirt and got me back. But this time my brother told me there was a shortcut in those trees so I went that way. I was walking and walking. Then it began to get dark. It got darker and darker the more I walked. Then I got tired so I layed down by a tree. I went to sleep. In the morning I found some berries and a stream and ate a small breakfast. Then I started walking again, but then I remembered a rule that my parents taught me. To stay in one place, until someone found me. I waited and waited. But no one found me. So I just kept walking. I walked for a half hour. Then I saw an airplane. I waded to get it to see me. Then it landed and my parents got out and ran to me and kissed me. Then we went to the cabin and ate dinner. I was lost and found.

The day I fell off of my horse I was 5, when Mom and my Dad and my brother and I were at my granny's house. My mom and I were riding our horse named Joe. We went riding through a field, everything was going well and something scared our horse.

### CARRIKER, continued from page 1

Farabee, a Democrat, quit the Senate to become Vice-President and General Counsel for the University of Texas System. The district he represented covers 30 North and West Texas counties.

Farabee's resignation gave Democratic county chairmen in the district the authority to pick a nominee for the special election.

Helen Farabee, the ex-senator's wife was among the contenders who sought the nomination. She died recently of cancer.

Carriker, a 37-year-old farmer in Roby, is a Democratic Party national committeeman and longtime party activist. As a House member since 1983, he has represented a 12-county district on the western side of the Senate district he now will represent.

Albert, 35, is president of Alber Furniture, Co. in Wichita Falls. Throughout his campaign, he has attacked Carriker as a "liberal leftwinger."

"He is way out of step with the people of this district. He's voted for taxes and higher spending," said Albert, who has characterized Carriker as "anti-family" because he says Carriker favors using tax dollars for abortion counseling.

Carriker has portrayed himself as "middle-of-the-road, traditional Democrat" running against a Republican who is "a long way to the right."

"I'm very close to the mainstream," Carriker said. "He's well out of the mainstream."

The Motley County results were Carriker 84 and Albert 32 with a total of 116 votes.

## ON HEALTH

Texas Department of Health's (TDH) Bureau of Laboratories in Austin. Suspecting the presence of the disorder, she began looking for it while examining lab specimens submitted for Rocky Mountain spotted fever. Today, health professionals at TDH's laboratories use a blood test to detect the disease.

"If a doctor begins treatment soon after infection, consequences such as long term joint problems can often be prevented, Rawlings explained. "If you have Lyme disease symptoms and a known tick bite, you should go see your doctor."

She added that Lyme disease is not a life-threatening health hazard, but can cause long-lasting discomforts.

In 1987, a total of 33 cases of Lyme disease were confirmed in Texas, compared to nine cases the previous year. Most of the cases occurred in the Dallas-Fort Worth area, but other cases also occurred in the Panhandle, and in Central, East, and South Texas.

"We have found the spirochete in six kinds of ticks in Texas," Rawlings said. These are the Lone Star Tick, the American dog tick, the brown dog tick, two types of rabbit ticks, and the Ixodes tick.

"The disease is reported most during the summer months, and a good preventive measure is to check yourself and your pets for ticks after being outside," Rawlings said.

To remove a tick, she said, gently grasp it with tweezers close to the skin, and slowly pull it loose. Avoid crushing the tick with your fingers.

Rawlings said that Texans needing more information about the disease can contact the Southwest Division of the National Lyme Disease Foundation. The leader of the support group is Judith Williams, at 214/796-2806.

Reporters on the trail of a story hate to hear "no comment."

But "no comment" was the big story August 3 at a public hearing in Lubbock on environmental concerns related to boll weevil control and eradication efforts. The High Plains Boll Weevil Control

Program, now in its 25th year, drew not a single adverse comment. "To us," program officials say, "that means we must be doing something right."

The U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS) called the hearing to receive public comment in the process of preparing a court-ordered environmental impact statement on a proposed federal-state-industry eradication program spanning the U.S. Cotton Belt. A similar hearing was held August 1 in Phoenix, Arizona.

Only six statements were presented at the lightly attended Lubbock hearing, all of them lauding the High Plains program as a boon to area cotton production and the High Plains economy while posing no threat to environmental safety. In contrast, a USDA source reported, the Alabama hearing produced 25 witnesses, five of whom testified in opposition to the spray program that started last year in 21 south Alabama counties.

It was in Alabama that two environmental groups and two north Alabama cotton growers last April filed for an injunction against the eradication program, alleging, among other things, mis-

use of chemicals. The suit was settled in July, with the judge allowing the program to continue under an agreement that USDA would prepare an environmental impact statement for all U.S. programs, that specified safety procedures would be followed, advance notice of sprayings would be published, and producers would re-vote on the program before May, 1989.

The High Plains program has retained a high level of public acceptance, producer Jarrell Edwards of Borden County told the Lubbock hearing judge, through "intense training, management, spraying selectivity and close attention to sensitive areas."

Edwards is Chairman of the Boll Weevil Steering Committee, a committee of Plains Cotton Growers, Inc., the organization that has conducted the High Plains program from the beginning.

He pointed out that the chemical used in the program, ultra-low volume malathion, is a low toxicity, non-persistent insecticide with no long-range adverse effects on any desirable species. On management he said control zone fields are precisely mapped to shape and scale and sprayed only after two surveys confirm the level of infestations.

In addition, Edwards continued, contractor and pilots receive detailed briefings in a daily basis, every field is flagged and watched during chemical applications, aircraft are calibrated and checked for leaks after every load, and "pilots guilty of chemical misuse are dismissed on the spot."

## Roaring Springs Ranch 1st Annual Meeting Report

The members of the Roaring Springs Ranch Club, Inc. met at the Motley County School Auditorium, Saturday, August 13 for their 1st Annual meeting as a private club.

President J.M. (Buzz) Thacker and other board members, Billy Wason, Bennett Reeves, Kenneth Abbott and Haynes Baumgardner welcomed everyone and Thacker happily reported this was the first meeting he looked forward to since finally after 3 long years of work and frustration the Ranch belonged to the members.

A financial report was given. A report was given on the election of the new board member by Joe Campbell of Matador. Haynes Baumgardner of Lubbock received 408 votes with several others as write-ins, J.N. Fletcher, H.W. Bryant, Carl Sayles, Charlie Long, Randy Barton, and Polly Gwinn.

Next was a time of question and answers. Roger Hoffman representing the Springs Ranch Estates reported their progress and that the estates were considering to change their name to Country Lake Estates.

The question was asked if members could bring their own horses since there were no horses at the Ranch now. The Board responded that they would have to discuss this and make a decision later.

Thacker reported on August 12, they

were notified they were now reaffiliated with Coast to Coast and the membership fee is \$29.00 a year to belong to Coast to Coast (C to C). The question was asked about the C to C yellow card and blue card, the yellow card costing \$4.00 to stay in a C to C campground with \$3.00 going to the Campground or the blue card costing \$1.00 to camp with the \$1.00 going to C to C. After other discussion the Board said they would look into this further.

The question was asked why memberships (the first 50) could be sold for \$3,000 but if a member resold his/her membership they would only receive \$1,500 and the club would get the other \$1,500. After lengthy discussion it was explained that if country club memberships were sold a given up the member get nothing and some other membership clubs you get nothing back for your years of dues, the Board felt this was the best solution for members and the club.

The new board member, Haynes Baumgardner and other board member Kenneth Abbott spoke briefly of how excited they were that 'we' finally had control of the club and hoped everyone would work together in making it a lifetime membership club to be a benefit for this whole area as well as the club.

Meeting adjourned.

**TICKS CAN CARRY LYME DISEASE**  
Summer is the season for ticks in Texas. And anyone working or playing outdoors, should be alert that some ticks, and the corkscrew-shaped organism they carry, can inflict serious arthritic misery.

People can contract Lyme disease after being bitten by an infected tick carrying bacteria called spirochetes. Lyme disease is named for the Connecticut town where it was first recognized in the U.S. in 1975.

The first symptom is often a red circular rash that enlarges. Victims seem to have a flu-like illness with fever, headache, chills, a stiff neck, and extreme fatigue.

Later, other health problems may include arthritis, and disorders of the heart and nervous system lasting months or years. The disease can be passed from a pregnant woman to her unborn child.

Lyme disease was detected in Texas by microbiologist Julie Rawlings at the

## Park Cleanup Has Good Turnout

The Park Planning Committee and volunteers met Thursday, August 11 at 7:00 p.m. at the park. The Committee was very pleased and thankful for the turnout and help.

Tony Rose and Douglas Campbell mowed around trees and equipment where city mowers could not get. Shane Jones raked. Lori Campbell and Reneigh and Leigha Burns hoed flower beds and pruned crepe myrtles. Robin, Luke and Hannah Bodeker worked on another flower bed while Don, Colleen, Bradley

and Stachia Baxter and LaShea Rose worked on other flower beds and picked up trash.

Janie Campbell scrubbed the graffiti from 2 park benches, one picnic table and benches and the slide.

Homemade ice cream was served to the workers.

Another workday is being scheduled for Tuesday, August 23 at 7:00 p.m. in the Park for additional yard work and repairs. Your help will be greatly appreciated.

## LIONS CLUB REPORT

The Matador Lions Club met August 16, for their noon lunch at the Methodist Church Fellowship Hall with Walter Jones serving a delicious meal to 22 Lions and 6 guests.

Boss Lion Jesse Turner reported on the directors meeting and then asked Lion Gene Louder to make a report. Louder stated in reading the history of the Lions Club he noted that the late Howard Traweck joined the Lions Club in 1938 making this his 50th year, he thought the Club might want to recognize this.

The Regional Chairman Lion Ronnie Vandiver introduced the new District governor for the 2T-2 District for 88-89

year, Walt McAlexander, Gov. McAlexander introduced the 3 Lions that accompanied him and his Japanese exchange student.

The Governor reported how excited he was about the coming year and all the work the Lions were doing for the good of each community and the world. The Governor is especially encouraging the use of the Plains Area Lions Eye Bank and also informed the club that the past Governor had set up a program with the Lions in England and each Club had a Twin Club in England and they would be in correspondence with the club.

Meeting adjourned.

## Immunizations Necessary For School

Regardless of whether a child attends public or private school, every student in Texas must have proof of immunization.

Upon enrolling a child in school for the first time or transferring the child to a Texas school from another state, a parent must provide proof that the child has been immunized appropriately for his age against diphtheria, tetanus, poliomyelitis, measles, mumps and rubella.

With rare exceptions, Texas law forbids schools to accept children without proof of immunization. The Texas Department of Health has established minimum requirements for immunization for the admission of school-age children to school. They are as follows:

- Four-year-olds entering pre-school:
  - \*Three doses of oral polio vaccine
  - \*Three doses of diphtheria-tetanus-pertussis (DTP) vaccine.
  - \*One dose measles vaccine or a physician-verified history of the illness
  - \*One dose mumps vaccine or a physician-verified history of the illness
  - \*One dose rubella vaccine

- Five years and older:
  - \*Three doses oral polio vaccine (one dose since the child's fourth birthday). Applies to children through age 17.

\*At least three doses of DTP and/or tetanus-diphtheria vaccine (one dose since the child's fourth birthday and within the past 10 years).

\*One dose measles vaccine or a physician-verified history of the illness

\*One dose mumps vaccine or a physician-verified history of the illness (through age 16)

\*One dose rubella vaccine (through age 11)

If a child is on an ideal immunization schedule, he or she will have received five doses of DTP vaccine and either four or five doses of oral polio vaccine by the time he or she enters school.

Children can be immunized by their family doctor or at their local health department. Any validated document of immunization will be accepted by the schools providing it shows at least one month and year when each immunization was given. The Texas Department of

Health and local health departments will provide record-keeping cards free of charge for maintaining school immunization files.

For more information about immunizations, parents should contact their local schools or health departments.

## REGISTRATION SCHEDULE

School will begin September 1 at 8:15 a.m. and dismiss at 3:26 p.m. each day.

The 1988-89 school year will get underway with the Kindergarten Registration in the Kindergarten room on Wednesday, August 24, at 1:30 p.m. Kindergarten students are required to bring their birth certificates and medical shot records to registration. They must have had booster shots after their fourth birthday to be in compliance with the state requirements. We will also need their Social Security Numbers. Please have all this information with you when you come to register. We will make copies of all of this and you may take the originals home with you. Grades K-3 will get out of school at 2:40 p.m.

Students in grades 1-8 will register on the first day of school.

High school students will register Tuesday, August 30. Please have your Social Security Numbers with you if you have not already turned them in. The Class schedule for registration is as follows:

- 9:00 to 10:30 - Seniors in Cafeteria
- 10:30 to 12:00 - Juniors in Cafeteria.
- 1:00 to 2:30 - Sophomores in Cafeteria
- 2:30 to 4:00 - Freshmen in Cafeteria.

All students new to the Motley County Schools should come by the principals office Monday, Tuesday, or Wednesday, August 22, 23, or 24 to fill out a form to apply for records from your previous school. Your parent or guardian will need to accompany you as this form requires their signature. As a new student you still need to bring your birth certificate and Social Security Number.

## TESTS OF GENERAL EDUCATIONAL DEVELOPMENT

The GED Test Battery Consists of five tests: Writing Skills, Social Studies, Science, Interpreting Literature and the Arts, Math. The writing skills test includes an essay question. All other test questions are multiple choice. The test takes up to 7 hours and 35 minutes to complete, most questions require the ability to understand broad concepts rather than the ability to remember facts and details.

The cost for all tests is \$25.00. The \$25.00 may be paid when the first test is taken, or tests may be paid for at each testing session. The cost to retake tests is \$5.00 except writing skills which is \$7.50. Personal checks are not accepted.

The Texas Education Agency issues a state credential, the certificate of High School Equivalency when all tests have been passed. The Chief Examiner also sends a report of tests scores to those who complete the requirements. Additional copies of the state certificate cost \$10.00.

Additional copies of scores may be obtained from Jane Giddens (296-6357) for \$5.00.

Classes are available at the Adult Learning Center to help students acquire the skills to pass the test. These classes meet Monday through Thursday from 1:00 to 3:00 and from 7:00 to 9:30.

## ELIGIBILITY

1. Resident of Texas
2. Withdrawn from school
3. Minimum age 17. If 17, must bring copy of withdrawal from school and must also bring written permission from parents or guardian to take the test.
4. Identification is required.

## TEST DATES 1988-1989

## LEGAL NOTICE

The Motley County Independent School District offers vocational programs in agriculture and home economics.

It is the policy of the Motley County Independent School District not to discriminate on the basis of sex, handicap, race, color, and national origin its educational and vocational programs, activities, or employment as required by Title IX, Section 503 and Title VI.

## FREE AND REDUCED MEALS

The Motley County Independent School District this week announced its policy for free and reduced price meals for children unable to pay the full price of meals served under the National School Lunch Program and School Breakfast Program. Each school and the office of the Superintendent has a copy of the policy, which may be reviewed by any interested party.

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced price meals, households should fill out the application and return it to the school. Additional copies are available at the principal's office. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other program officials.

For the school officials to determine eligibility, the household must provide the following information listed on the application: Names of all household members; Social Security numbers of all adult household members or a statement that the household member does not possess one; Total household income or the household's food stamp case number if they currently receive food stamps; Signature of an adult household member certifying that the information provided is correct.

Applications may be submitted at any time during the year.

Under the provisions of the free and reduced price policy, Ronald Cummings, Superintendent, will review applications and determine eligibility. Parents or

guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal may make a request either orally or in writing to Mr. Ronald W. Cummings, Drawer 310, Matador, Texas 79244, for a hearing on the decision.

Households are required to report increases in household income of over \$50 per month or \$600 per year and decreases in household size. Also, if a household member becomes unemployed or if the household size increases, the household should contact the school. Such changes may make the children of the household eligible for reduced price meals or for free meals.

In certain cases foster children are also eligible for school meal benefits. If a household has foster children living with them and wishes to apply for them, the household should contact the school for more information.

The information provided by the household is confidential and will be used only for purposes of determining eligibility and verifying data.

In the operation of child feeding programs administered by the U.S. Department of Agriculture, no child will be discriminated against because of race, color, sex, national origin, age or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

# School Safety

Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety, wants to remind everyone that the summer vacation will soon be over, and thousands of youngsters will be starting back to school, many of those for the first time.

So, once again, we will be seeing those big yellow school buses back on the streets and highways. The Texas Department of Public Safety wants to remind you that Texas law prohibits the passing of a stopped school bus that is loading or unloading passengers when the lights are flashing. If you are in doubt - stop - those few moments you lose may mean a lifetime to some youngster. None of us want to be responsible for the death or injury of a young child, so remember to slow down in the school zones in the mornings and again in the afternoons.

Major Cawthon stated, "Just because most of the children will be in school, we must not forget the preschooler who will still be playing the residential areas. Remember, slow down as you are driving through school zones, playgrounds, and in and around school areas."

Drive as if you had a child there - because someone has!

## The Way It Was

By Emmett Jenkins

There was a large tree, a black walnut or a cottonwood, which stood about where the center of the swimming pool is now.

Close to where the south end of the pool is now, was a low ridge, eight or ten feet high, that blocked all outlet except on the west side.

The water from the falls ran down the east side, made the turn and ran close to the bank and made its exit on the west side, then to the river.

I presume it was as it had been for hundreds of years.

I don't remember much about the Brush Arbor Revivals, who the preachers were, or what denomination, but it seemed to be a community affair, with all churches participating. I do remember the Arbor would not seat the large attendance. Many people sat on the ground, outside the Arbor.

I attended the first "Old Settlers", which was held at the Springs and I continued to attend, for several years. Later the celebration was moved to the town of Roaring Springs.

The pool was built about 1929 (this is from memory only) as I cannot find a record of the exact date.

It was at the pool that I saw Murdo and his son, John McKenzie.

It was one Sunday afternoon. Murdo was dressed in Scotch plaid, wearing a plaid cap. He did not look like one of the most successful cowmen of his day. He looked more like a banker or some businessman of note.

The Matador Land and Cattle Company built the pool and continued leasing it, until the land was sold.

When we had visitors, we enjoyed taking them to the Springs for a picnic lunch or a cookout. People enjoyed sitting in the shade, watching the kids play in the water. It was wonderful to get a drink of the ninety-nine percent pure

water, which trickled from the rock, close to the big falls. It was so relaxing there, visiting, swimming or whatever one chose to do.

It was the favorite spot for the people, in the whole area. Many people enjoyed Sunday afternoons or a weekend of camping.

I did not think much about it, at that time, but it was a courtesy of the Matador Land and Cattle Company. It was all free.

The Boy Scouts had the privilege of spending a week or so, every summer. If a person abused that privilege, and there was no Lawman, the citizens would set things right.

At the entrance, there was a cattle-guard. We did not have to open a gate.

Did we appreciate it, as we should? It has always been that way, and was just a way of life, that we took for granted.

There were no, "No Trespassing", "No Hunting", "No Fishing", "Keepout" signs, on the Matador fences.

We lived next to a Matador pasture, until I was grown.

First, we lived next to the D.L., which was the Hereford purebred pasture. It was ridden regularly by the McDonald Campman.

We were free to hunt quail or trap. Also we would go plum hunting and we knew where the thickets were located, that had the big yellow plums. We also enjoyed gathering wild grapes.

When we were growing up, we would play on the creek, climb trees or whatever.

We felt as much at home on the Matador land, as we did at home. There must have been a mutual understanding.

There was one rule that was religiously adhered to, always, "put up the gate".

continued next week

God has given us eternal life, and this life is in His Son.

1 John 5:11

## Extension Agent Wins State Communication Media Award

Lynda Fogerson

Lynda Fogerson, Briscoe County Extension Agent, was recently named as a state and regional winner in the Communication Media Awards program of the National Association of Extension

Home Economists.

A plaque in recognition of her achievement was presented at the 1988 annual meeting of the Texas Association of Extension Home Economists at South Padre Island on August 3.

Mrs. Fogerson's winning entry in the package program category, "Nutrition - the Winning Edge," was developed to provide teaching materials on sports nutrition to junior high and high school coaches and health teachers.

Over 150 Extension home economists from across the state attended the annual conference. Speakers addressed topics in keeping with the conference theme, "Extension Home Economists: Making a World of Difference."

Presentations included "Perspectives on a Global Economy," "Are You Making a World of Difference?" "Adult Education and Cultural Diversity," "Changing Family Roles and Acculturation," and "Family Lifestyles Around the World."

Lynda is the daughter of Mrs. Bailey Elliott and the late Ted Elliott of Matador.

## Jan France Named To National Cowgirl Hall of Fame

Jan France of Roaring Springs has been nominated to be inducted into the National Cowgirl Hall of Fame.

A letter dated July 14, from president Margret Formby announced the nomination.

France was nominated because of her work in preserving the western heritage and being an example for future generations in knowing their roots.

France is a resident of Roaring Springs, mother of three children; Sunday, Misty and Buster. As founder of the Texas Wagon Train, she conceived and organized the Texas Sesquicentennial Wagon Train in 1986 that circled the state of Texas and drove the lead wagon. France

has continued her efforts by publishing a quarterly newspaper, and organize wagon train journeys throughout Texas several times a year.

After a person has been accepted as a nominee for the National Cowgirl Hall of Fame approximately two years of research is then done before the person (if still qualified) is inducted.

France stated, "It is indeed an honor to just be nominated to the National Cowgirl Hall of Fame. This is a very high honor in itself. I know of many wonderful people who have done great things who have never received any recognition, this makes me feel very humble."

## Grandparents Day September 11

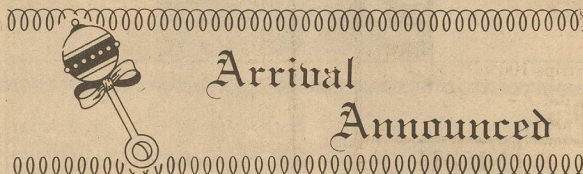

Texas's observation of National Grandparents Day will be held Sunday, September 11.

As in the past two years, commemorative certificates inscribed "An Outstanding Grandparent" and signed by Gov. William Clements and Texas Department on Aging Executive Director O.P. (Bob) Bobbitt will be available free from TDOA.

A space is also provided where those giving the certificates can inscribe the name of the honoree.

Requests of any reasonable quantity can be filled. In order to assure that your certificate(s) arrive in time, send a written request before August 30 to: Grandparents Certificates, Texas Department on Aging, P.O. Box 12786, Capitol Station, Austin, TX 78711.

No phone orders - other than from area agencies on aging and other aging network affiliates - will be taken. Please allow at least 2-3 weeks for delivery.

## Social Security Tips

By Terry J. Clements

For many years, Social Security assumed that a beneficiary would receive benefits by check through the mail. From now on, if you are applying for benefits, Social Security will assume that you want to have your benefits paid directly into your bank account.

The step is a result of technological improvements which make the electronic transfer of funds a great deal more efficient than the paperwork involved in the old method. As a result, the Treasury Department no longer requires that beneficiaries complete an authorization form at their financial institution for direct deposit. Now, during the initial claims interview, the Social Security representative can input their request for direct deposit directly into the computer and start the direct deposit process along with the processing of their claim.

Direct deposit has been around since 1975. Today more than 48 percent of Social Security beneficiaries have the service. Most people chose it as a matter

of convenience. It eliminates waiting at the mailbox for the check to come, waiting in line to cash a check, and the risk of loss or theft of the check. The convenience is especially important to disabled and elderly beneficiaries whose mobility may be limited. But it has also become the choice of people who appreciate the convenience of not worrying about their check when they are away from home.

Direct deposit is a more cost-effective method for the Government. It eliminates the cost of storage, handling, or postage for checks. The Treasury Department spends only 4 cents to issue a direct deposit benefit, and about 29 cents to issue a check.

People who are already receiving their benefits by check can arrange for direct deposit simply by calling the nearest Social Security office with their checking account or savings account number. Social Security can arrange to have their checks routed directly to their accounts.

For more information, or to file a claim, call 293-9623.

## Chisum Fund Raiser Set At Horn-B Ranch

Friends and supporters of Warren Chisum, Democrat candidate for Texas House of Representatives in the 84th District, are hosting a cook-out at John Lee Bell's Horn-B Exotic Game Ranch August 27.

Hamburgers and hot dogs will be served from 5 p.m. to 7 p.m. at the ranch

located near Clarendon. The fund-raiser will give voters a chance to meet the candidate and present their concerns about the issues of the election.

Tickets are available at the Democratic headquarters in each county represented in the district, or may be obtained by calling 1-800/346-9769.

# PEACE

EDITOR'S NOTE: Mrs. Roy Eason of Matador submitted this article from her keepsakes. It is taken from the Amarillo Daily News, August 15, 1945. This is a time to remember how precious our Peace is.

### BEATEN ENEMY WILL SURRENDER TO MACARTHUR

WASHINGTON, AUG. 14, 1945 - Japan has surrendered unconditionally, President Truman announced at 6 p.m., CWI, tonight.

General of the Army Douglas A. MacArthur has been designated supreme Allied commander to receive the surrender.

Offensive operations have been ordered suspended everywhere.

V-J Day will be proclaimed only after the surrender has been formally accepted by MacArthur.

President Truman said he regarded the surrender as "unconditional." The Japanese note, however, directly followed one from Secretary of State Byrnes in which the Allies agreed that the Japanese

would be permitted to keep their emperor, at least for a time. The Byrnes note prescribed that the emperor should be completely controlled by the Allies; also that the Japanese people should have an opportunity later on to decide by ballot the kind of government they want.

The following is a quote by the Mayor of Amarillo in 1945.

"We Amarilloans, here on the high plains of Texas, today should and do receive this peace from the God who gave it with much humility.

We accept it knowing that it carries with it a great responsibility. Without this realization, our sons' efforts and sacrifice will have been in vain.

Our citizens did their part in winning this war, and I have no fears that they will not do their part in making secure this peace for which so many of our brave young men fought and died.

With the guidance of the Great Divine, let us all unite and enter into the rebuilding of this war weary world and torn mankind - that is Amarillo's responsibility."

## Tom West Announces Candidacy for Dist. Attorney

Tom West

Tom West, currently serving as county attorney in Briscoe County, has announced he will be a candidate for district attorney of the 110th Judicial District in the November 8 general election.

West, who is involved in farming and ranching interests in Briscoe County, will run as a write-in candidate because there will be no names from either party on the ballot this fall.

The district is comprised of Floyd, Motley, Dickens and Briscoe counties.

"I'm running for this highly important position because I'm sick and tired of criminals running loose in our area who should be behind bars," West said.

"When a person is convicted of a crime I want them behind bars for the length of their sentence and not to be let loose on some technicality or fancy plea bargain deal.

"If elected district attorney, the saying 'law and order' won't be an empty slogan;

because if they do the crime, and are convicted, I'll see they do the time in jail," West said.

He pledged to pinpoint the drug traffic saying, "as district attorney, the four counties I represent will be cleansed of drugs. Whether it be manufacturing, selling, or abusing any controlled illegal substance," he added.

West, who is a Democrat, pointed out the voters will have to take a few seconds longer to write-in his name, adding "but for a job this important I'm confident they will take that time to select the right person, someone like myself who will slam the jail door on the criminals."

A native of Lubbock, West is a 1967 graduate of Texas Tech University and received his law degree from Baylor University in 1969. He has been in private practice of law in Lubbock and Silverton since that time. He became Briscoe County Attorney in 1987.

He has two children, a son, Greg, 17, and a daughter, Catharin, 13.

West, has been admitted to practice law in U.S. District Court in the Northern District of Texas and is a member of the State Bar of Texas, the American College of Legal Medicine, the Texas Trial Lawyers Association as well as the Texas Criminal Lawyers Association, and the National Sheriff's Association.

West has served as a deacon in the First Presbyterian Church and is a member of the Texas District and County Attorneys Association's legislative committee.

He also is a member of the Texas Tech Red Raider Club and the Texas Tech Century Club and of the Mid-Continent Oil and Gas Association as well as an exporter of hybrid grain sorghum.

## Pork Referendum Sept. 7-8, 1988

Pork producers in Motley County will have an opportunity to vote in a special referendum Sept. 7-8 as authorized by the Pork Promotion, Research and Consumer Information act of 1985.

Purpose of the referendum is to determine the continuance of the 100 percent checkoff program which provides funds for pork research and promotion to enhance the pork industry. The checkoff is at the rate of 25 cents per \$100 on all hogs and pigs as well as on all imported hogs and pork products.

Referendum voting will be conducted in the county Extension office during normal business hours Sept. 7-8.

Producers and importers unable to vote in person may request an absentee ballot from Dr. Bill Thomas, Extension Swine Specialist, Kleberg Center - Room 212, Texas A&M University, College Station, Texas 77843. Absentee ballots will be available from Aug. 1 until close of business on Aug. 26. Absentee ballot return

envelopes, containing the ballot and registration/certification statements, must be signed by the voter and mailed so as to be received in the county Extension office serving the county of voter residence by close of business on Sept. 1.

All pork producers who produced and owned porcine animals in the U.S. for sale in commerce and who are subject to assessment during the representative time period of Nov. 1, 1986, through Sept. 6, 1988, are eligible to vote. Importers who imported porcine animals, pork or pork products during the representative time period also are eligible to vote. Also, eligible are 4-H, FFA and other youth who owned porcine animals and are subject to assessment during the representative time period.

The Agricultural Stabilization and Conservation Service will count ballots, determine the eligibility of challenged voters and ballots, and report referendum results.

## Boys Ranch Rodeo To Be Held Labor Day Weekend

Young cowboys will exhibit Old West skills at the nationally famous Cal Farley's Boys Ranch Rodeo this Labor Day weekend, Sept. 4 and 5.

Performances for the 44th annual rodeo will be at 2:30 p.m. Sunday and Monday with barbecue lunches available at noon both days.

Some of the Ranch's 400 boys will compete on broncs, bulls, calves and stick horses, while others display their talents in the wild steer race, chute-dogging or as daring rodeo clowns. They will compete for trophy buckles, the titles of Junior and Senior All-Around Cowboys and the applause of more than 5,000 rodeo fans each afternoon.

All of the Ranch's boys will take part in the rodeo through the competition, entertaining in the Boys Ranch Band, assisting with refreshments or helping visitors. Girls from Girlstown, U.S.A., along with area riding clubs, will appear in the Grand Entries. The girls will also participate in the stick horse races and a special "girls-only" event.

Tickets are still available for both performances. Reservations and information are available in Amarillo at the Boys Ranch office, 600 West 11th, or by calling 372-2341. General admission tickets are \$2.50 may be purchased at the rodeo arena or the Ranch office.

## Letter To The Editor

Dear Barbara:

The number of people responding to the questionnaire that was recently run in the Motley County Tribune, concerning the economic growth of Motley County, was astounding. According to the replies received at the Tribune office the majority of people in the county are willing to work at getting new businesses to locate somewhere in Motley County. There were no "signed" replies checking either box two or three. Most businesses county-wide have been enthusiastic about the possibilities.

In addition to the replies turned in to the Tribune, L.J. Barkley, Jr. has received

numerous phone calls from Motley County residents reaffirming the need for organized County wide cooperation regarding economic growth in the area.

We are no longer running the questionnaire in the paper, but we are still taking names of those willing to serve on committees, those with ideas to share, and those who just think it's a good idea.

For further information or suggestions contact your County Commissioners, City Councilmen, Hospital Board members and School Board members.

Sincerely,  
Seven Alexander

### BARBARA'S BYLINES continued from page 1

ing its progress. A new pad has just been built for a FOURTH WELL to be drilled on the Mullin place - so this is a pretty good indication that the third well will be comparable to the first two, which each pump approximately 350 barrels of oil per day. Chevron's well on the Clyde Johnson place, which is located southeast of Quitaque in the edge of Hall County, is also nearing completion, and if a producer can be brought in there, it will open up an ENTIRE NEW AREA for potential drilling!

In attending the county, city and other board meetings, it seems the air was lighter this year in view of the recent oil discovery in the north part of the county. Only one well is on the 1988 tax roll so next year should be way above this year.

In speaking to Jimmy Ross, Briscoe County Judge, he said two of their projects were nearing being ready for production and the other projects they are working on have been held up by red tape and the drought but in time he felt they would

be a benefit to not only Briscoe county but the counties around, which could include Motley.

It is so exciting to see there are good things happening and progress being made around the area.

In hearing all the discussion on the water problems in Roaring Springs and remember in the recent past when Mator had to get a new well and now with all the concern over nitrates filtering into wells I wonder why we haven't dammed a river to supply all our water needs. All the other towns around us use lake water. Can anyone send in the answer to this?

The Tribune is looking for a volunteer to be a sports writer to write up the stories for the football games. Is anyone interested in helping us keep people informed of the football progress each week, if so please contact the Tribune office.

Please notice the Classified Ad policy the Tribune has had to set. We are one of the last papers to set a prepaid classified ad policy and we are sorry we have had to do this to our customers, but in order to keep the ad rate at \$3.50 instead of \$4.00 for a minimum. We hope you, our customers, will understand and help us with this. Thank you.

### Bob White, Spanish Spur continued from page 1

The Motley County place name of Bear Creek suggests that the small brown bear probably roamed this far southeast also.

Americans, Texans especially, have a way of corrupting even the most beautiful Spanish name. In the DICTIONARY OF THE OLD WEST (New York, Promotory Press, 1977) Peter Watts searches for the Spanish or Mexican influence in the many words that cowboys adopted for their own.

Arroyo, mesa, remuda, mesquite, chilli, frijoles, tortilla, tamale, latigo, lobo, vara, rodeo, sombrero were adopted as spoken. However, the Spanish words for jail changed from *jugado* to hoosegow and from *calabozo* to calaboose. *Estampida* became stampede, *coyote* became coyote, *grulla* or a mouse-colored horse became gruyer.

*Caballerango*, one who herds horses, became caverango and then wrangler. *Broncho* was shortened to bronco, then bronc while *mesteno* became mustang. A band of horses or *cavallard*, became cavyard, then cavyie.

On the equipment end a hair rope or *fiadore* became theodore; a rawhide rope or *la reata* became lariat. A halter, *bosal* in Spanish, was a bosal in English. Sound-alikes, *cuerda* became quirt; *jaquima* became hackamore; *lazo* became lasso; *ramal* became romal. The leather covering for stirrups, *tapaderos* was taps, while leg coverings or leggings was shortened from *chaparajoes* or *chapparreras* to chaps.

Back at the chuckwagon, the *cuna*, the rawhide sling underneath that held cowchips or mesquite firewood, was called the cooney, while the *cocinero* or cook was called coosie. *Charqui*, the familiar strips of dried beef, sounded similar but was spelled jerky.

The list, and the influence, goes on and on, adding color and interest to our language.

Praise The Lord!

### CLASSIFIED ADVERTISING POLICY

EFFECTIVE SEPT. 1, 1988:

All Classified ads placed in this paper will be cash in advance. There will be a \$3.50 minimum charge for all classified ads over 30 words and will be billed at an additional .10 cents per word. Classifieds placed by phone or out of town accounts or charged and billed at the end of the month will be charged an additional .50 cents. All cards of thanks will be billed \$5.00 per first 50 words or \$10.00 for over 50 words up to 100 words, after that, .10 cents per word will be added. All \$5.00 charges (birthdays, wedding, anniversary greeting, and pictures) will be paid at the end of the month. A .50 cent charge will be added. This policy change has been forced upon the Motley County Tribune by postal and statement printing cost. Thank you for your cooperation.

## Obituaries

### A.L. "JACK" SPRAY

Funeral services for Agle Lee "Jack" Spray, 79, were held at 4:00 p.m., Wednesday, August 10 in the Matador Church of Christ with Billy Joe Whitaker of Matador officiating.

Burial was in the Whiteflat Cemetery under the direction of Mynatt Funeral Home.

He died Monday night, August 8 enroute to Caprock Hospital in Floydada.

Mr. Spray was born August 23, 1908 in Haskell County. He moved to Whiteflat, November 1918 with his parents, the late Mr. and Mrs. J.W. (John) Spray. He married the former Rosa Smith, October 26, 1929 in Hobart, Oklahoma. He was preceded in death by a son, Melvin "Sleepy" Spray.

He was a farmer and served as a Motley County Commissioner of Precinct II 1954-1958. He was a member of the Church of Christ.

Survivors include his wife; two sons, Norman of Bedford and Billy Jack of Las Cruces, N.M.; two daughters, Geney Stan of La Plata, N.M. and Melba Rosser of The Colony; four sisters, Lorene Lipham of Omaha, Nebraska, Odessa Hotchkiss of Lynnwood, Washington and Gladys Russell and Alene Briscoe, both of Plainview; 13 grandchildren and 11 great grandchildren.

Serving as pallbearers were Alvin Lynn, Larry Hoyle, Stuart Dixon, Richard Turner, Don Wason and Ronald Clay.

## Card of Thanks

Dear Kirby, Tony and Lisa,

Thank you for your prompt attention and diligence in response to our need.

The Jack Spray family

We would like to express our heartfelt gratitude for the many expressions of concern and sympathy during the illness and loss of our loved one. The many prayers and kind gestures are appreciated.

Sincerely,  
the family of Jack Spray

We would like to thank everyone who called, visited or sent cards to Whitney during her recovery. Your thoughts and prayers are greatly appreciated. One of the nicest things of living in a small town is the love that is shown during a crisis.

We would also like to express our Thanks to the EMT's who took such good care of Whitney until we could be with her. A familiar face is a great comfort.

Whitney Jameson,  
Travis & Lou Anne Jameson

The Do-Gooders Club of Flomot wishes to thank Ronald Clay for being such a convincing auctioneer at our party on August 6. We also want to thank those who bought ice cream. The party was a success and we thank those who attended and those who gave donations.

The Do-Gooders Club

## Card of Thanks

TO OUR FRIENDS,

I want to take this way of saying Thank you to so many people, who have done such nice things for me and my family.

All the cards, visits, flowers, calls, stuffed toys, clothes, food, balloons, and "goodies" while I was in the hospital and since I have come home are greatly appreciated.

Since our accident on August 2nd, the pouring of love has been tremendous. The Love of God, and your prayers has been such a comfort to all those involved. My family and I continue to pray for the Lancaster family and I will always remember the fun times we all shared with Clay.

I want to especially thank our EMT and those who helped us all that night. Because of them and God's Grace, I am home-bound now in what is called a Halo Brace. I am so grateful.....I came close to being an angel and now I have a "halo" to prove it.

Love,  
Heather,  
Roy & Frances

## Roaring Springs News

By Odessa Mullins

Mrs. Ora Stonecipher was hospitalized in Caprock Hospital in Floydada from August 3 until August 9 with a badly infected leg which required a skin graft. The injury, which resulted in the infection was the result of an accident in her home. Mrs. Stonecipher kept a medical appointment at Caprock Hospital Monday for the removal of stitches from the graft.

Recent visitors of Ora Stonecipher and Joe Rice Sr. was their sister, Mrs. Felix Cochran and her granddaughter and sons Denney and Jason from Brownwood. Rev. B.C. Stonecipher and grandson, James Stonecipher of Muleshoe visited Sunday afternoon with Ora Stonecipher. They had attended the 100th anniversary of the Afton Baptist church.

Mesdames Gladys Parker, Velma Harris and Odessa Harris of Azle were visitors Friday night with their niece Lou Caffey and husband Gary. They went on to Lubbock to spend Saturday and Sunday with Mrs. Clara Youngblood. Mrs. Parker is Mrs. Youngblood's sister and the mesdames Harris are her sisters-in-law. Mrs. Youngblood is reported to be doing well in Quaker Villa, Lubbock.

Mrs. Lorine Osborn attended the Sunday morning service at the Afton First Baptist Church observing the 100th Anniversary of the Church's organization. She visited her daughter Mrs. Patsy Brown and family at Girard Sunday afternoon.

Mrs. Newell (Dutch) Crego of Albuquerque, N.M. has been the guest of her sister, Mrs. Vera Mitchell for several days. The ladies niece Mrs. Richard Bumpass of Paducah visited with them Saturday afternoon and Sunday. Monday, the ladies visited their brother and wife, Mr. and Mrs. Floyd Webb in Floydada and their sister-in-law, Mrs. Fanny Webb in Matador. Mrs. Crego will return home Thursday.

Mr. and Mrs. John Green and grandson, Lane Graham are here at their home from Bakersfield, California; they will be here for Old Settlers and will visit relatives in this community.

Mrs. Eithel Hicks and daughter Mrs. Marie Stockard were visitors with the J.D. Mitchells Tuesday of last week. Mrs. Hicks sold her house while they were here.

The J.D. Mitchells received news of the death of their son-in-law, Bob Work's mother, who was nearing her 102nd birthday in Saratoga, California Friday a week ago.

Mr. and Mrs. Bobby Mullins and grandchildren Johnathan and Keshaspent Saturday night in Amarillo visiting her brother and wife, Mr. and Mrs. William

Williams. Their daughter, Debra Head and son were visiting there and leaving for their home in Arkansas. Mr. and Mrs. Todd Mullins and Josh of Lubbock visited Sunday evening with his dad and family, Mr. and Mrs. Bobby Mullins and grandmother, Odessa Mullins.

Odessa Mullins attended the 100th Anniversary of Afton Baptist Church Sunday afternoon and visited with Mr. and Mrs. Raydell Mullins in Afton and Mr. and Mrs. Tommy Hale.

### BETHARDS ENJOY VACATIONING IN 3 STATES

Mr. and Mrs. Myron G. Bethard, with their grandchildren, Nickolas, Larissa, Kristopher, and Ethan and Lawrence Bowden have returned from an extensive trip to New Mexico, Arizona and California. Mr. Bethard attended his High School Reunion at Durham, Calif. The trip consisted of staying at the New Mexico State Park, Blue Water Lake for 4 days, going rock hunting in Northern California, the 5 children enjoying swimming in Butte Creek, Butte County, floating down the rapids on inner tubes, swinging out over the swift current on a rope tied to a high, large tree.

Going to Ft. Bragg to the beach. An interesting beach was named Glass Beach, where glass has been smoothed down through the years to smooth pebbles that can be walked on and felt warm to the touch. The tide was out leaving on the rocks starfish, snails and other marine life, which was very interesting to the children.

Returning to Durham, Calif. where the Bethards were the guest of Mr. Bethard's sister, Mrs. Henry Sicheligo, the Bethards resumed their trip, going to San Francisco, over the Golden Gate Bridge, and before completely crossing it, the fog rolled in. The Bowden Children were especially interested in the Bridge, as their mother has been over the bridge several times, but has also been under it, sailing into port on an Ocean Linner. From the Golden Gate Bridge the trip continued on through downtown San Francisco, then to Highway 1 along the coast, to Pfeiffer Beach, Big Sur, where the children enjoyed the huge waves coming in. The weather was nice and warm at this beach. From the lovely coast of California, the Bethards and family then traveled to the Petrified Forest in Arizona, then ending the sightseeing. After returning to Roaring Springs, the Bowden children visited for several days before the Bethards took them home to Grand Prairie. At this time the Bethard family, along with the Bowden and Swinnea families attended the Oprea "The Mikado", Gilbert & Sullivan, at the Majestic, performed by the Lyric Opera of Dallas.

## FLOYDADA

FLOYDADA, TEXAS

983-3761 763-1234

A man died, and his widow hoped that someone would say a good word about him at the funeral.

Nobody wanted to, but a preacher finally agreed. He said, "Well, his brother was worse."

But salvation doesn't depend on whether someone is better or worse than you. It's not a reward for the good you have done.

Morality can't merit it. Baptism can't buy it. Philosophy can't produce it. Education can't earn it. Science can't secure it. The government can't guarantee it. The church can't confer it. But you may have it.

Salvation is the gift of God. Receive it, won't you?
