Matadors Defeat Ropesville, 57-0

1988-89 MATADORS: (bottom row 1-r) Seniors: Jesse Rameriz, Brent Marshall, Tim Kendall, Lance Barclay, Gilbert Guerrero, Brian Marshall, David Stafford; (2nd row, 1-r) Juniors: Buster France, Randy Martin, Walter Linson, Brand Cruse, Jarret Jameson, Cary Franks, Jack Carlson, Cory Franks, David Trevino, Roy Estrada; (3rd row, 1-r) Coach Marks;

Sophomores: Heath Campbell, Johnnie Martinez, Jimmy Cummings, Jeremy Davis, Matt Washington, David Alexander; Coach Wilson, Coach Buchanan; (back row, 1-r) Freshmen: Cory Kendall, Clay Ewing, Paul Barton, Eric Farley, Brad Wilson, Jason Stanley, Chancy Cruse and Roy Moreno.

Coach Marks beamed as he stated he thought the team played real well last Friday night against Ropesville. His guys learned a good lesson the week they played Whiteface. When you have a team on the ropes, they need to go ahead and put them away.

In reviewing the game with Ropesville the offense had a total of 498 yards, with 86 passing yards 47 by David Alexander and one pass by Clay Ewing for 39 yards. He had more than one running back in the

game, Brent Marshall had 183 yards for a good running game. Cory and Cary Franks both did a real good job of carrying the ball and blocking. Walter Linson's playing added to the good running game for the Matley County Matadors. By these guys getting the good runs, it meant the offensive line did a good job of blocking with key blocks by guards and tackles.

Coach Marks stated, "I really felt for the coach across the field, because I have been in his shoes more than once."

The Matadors were also short on players with Wayne Sweeney and Tim Kendall out. Wayne is having surgery this week.

The Coach also stated his defense accomplished some things this week they were unable to accomplish in the previous two scrimmages and the Whiteface game. They did a better job of stopping the off-tackle play with tackles and line-backers. "Our defense held Ropes to a total of 121 yards on the ground and no

yards in the air."

Coach Marks said his boys were talking about starting a new tradition this Friday night when they play their first

home game on the brand new field. The boys statement is, "When a team comes to Matley County to play us they will have a tough game on their hands."

Marks final words were "Come watch and see if we hold up to what we say!"

New Parking Regulations For Home Games

As the first home game for the 1988 edition of the Matadors finally approaches, there has been a great deal of anticipation in Matley County for several reasons.

First and foremost, the progress of the team has been steady, and the 1988 edition of the Mighty Matadors is determined to win district and to go into the playoffs this year. After two hard scrimmages away, and two away games, they are eager to play in the more friendly confines of Burlson Field.

Their scrimmages and the first two games have been played at the opposing teams fields because of the improvements being completed at Burlson Field. The Home Seating has been improved, the pressbox has been completely rebuilt, the track is in final stages of preparation, the field has been resodded, remarked and recrowned, and new goal posts have been installed. All of these improvements will make the "homecoming" very special, and make Burlson Field a more attractive, safer, and more comfortable place to watch the performances of the Mighty Matadors.

All progress has its price, however. The remodeling has caused a great deal of anxiety from patrons because of the limitations on inside parking caused by the improvements.

After parking spaces are allocated to concession workers, to police, to ambulance personnel, to individuals who are handicapped, a certain number reserved for school use and for visitors from other

schools, there will still be approximately 50 spaces available for patrons of Matley County, and these will be allotted on a first-come, first-served basis when the gates are opened 45 minutes before game time. This will be approximately fifteen fewer spaces than were available in the past.

For the Aspermont ballgame, these spaces will be available at \$3.00 per car for the privilege of parking inside and will only be available on a first-come, first-served basis, starting at 7:15 p.m. on September 16 when the gates open for the first game.

In the interest of fairness to all, the gates will be locked on game day until that time, and vehicles will not be allowed inside until then.

Patrons who feel that they have a health condition which would qualify for a parking place for the handicapped, are encouraged to apply for a designated parking place from 1:00 p.m. to 5:30 p.m. in the office of the superintendent on Thursday, September 15. Sorry, but pre-negacy is not a "handicapping" condition. Additionally, it should be noted that the fifteen or so parking places available on the home side will not allow any patron to move their cars without a great deal of difficulty until the game is completed.

If these procedures create an undue hardship on anyone, or create unforeseen problems, changes will be forthcoming before the Valley ballgame.

See you at Burlson Field at 8:00 p.m. on September 16 to enjoy the new facilities and to cheer on the Matadors.

Commissioners Appoint New County Attorney

The Matley County Commissioners Court met Monday, Sept. 12 at 10:00 a.m. with Judge Billy J. Whitaker, Commissioners, J.M. Russell, Bill D. Washington, Joseph Simpson and Fraizer Watson, County Clerk Lucretia Campbell.

Judge Whitaker called the court to order asking Joseph Simpson to give the invocation.

Clerk Campbell then read the minutes and the tribute the Court wrote in memory of Howard Traeweck. The Judge commended Clerk Campbell on her expertise in wording the tribute to Howard.

The Bills were read and approved to be paid as follows: General Fund, \$12,123.05; Precinct I, \$2,117.72; Precinct II, \$240.79; Precinct III, \$3,500.47; Precinct IV, \$3,817.25. One outstanding bill was for Floyd County for the use of their jail for 42 days and 10 prisoners for \$1,260.00.

The J.P. Report by Gertrude Smith of fines collected in August were \$5,614.00.

Darrell Moore, Lawyer of Abilene was introduced to talk to the Court as a candidate for the County Attorney job. He stated that he was interested in Matley County and wanted to give something back to his home county. He stated he was a partner in a law firm in Abilene, and he wanted to represent Matley County and that he would be responsible for the business, not the law firm. He also stated his schedule was flexible and he could be in Matador anytime they needed him. He also knew he would not get rich but if he could cover expenses he would be happy.

He also stated he would like to move back here someday, but he couldn't make a promise that it would be soon, it would depend on future business. As far as a fee, he would work something out feasible for the county.

Next Judge Whitaker introduced John Lynn Barnhill of Crosbyton to present an offer to the County as a special prosecutor on a monthly basis until they hired a full time lawyer or someone ran for the position, as he has no plans of moving here. He stated he cared about Matley County and wanted to help all he could. He is the County Attorney with felony responsibility and District Attorney in Crosbyton. He would be on duty one day a week and on call for \$750.00 a month.

Barnhill stated he mainly was a prosecuting attorney and also did a lot of hot check collecting. He was ready to start work that day, although he knew the next two months he would probably go in the hole, but when he got the back-log taken care of it would balance out.

After a discussion, the Court decided Barnhill was closer and selected John Lynn Barnhill, 3-1.

The Judge read a letter from Luther Green asking if the Whiteflat Exes could erect a monument on the property east of the old Whiteflat School in Whiteflat. After a discussion of who owned the land, the court tabled their decision because of lack of knowledge of the property owner.

The Judge also presented a request from Luther Green, County Republican

hired in each Precinct during the election. Clerk Campbell explained that each election Judge had always hired a Republican to work. Watson stated they hadn't ever hired one in his Precinct. Clerk Campbell said she would get the new election rules and talk to Luther.

Doyle Shannon came in to ask the court if they had hired a County Attorney to sign a letter his attorney had sent to the court. They said no but they would before the day was out. (The attorney placement decision had not been made at that time).

Tussell explained the future health insurance so the Commissioners could be thinking about what to do.

The Court opened bids on prices of motorgraders with the sales representatives on hand to answer questions. Joe Novak of West Texas Equipment Co, selling Caterpillar and Jeff Roland of Yellowhouse Machinery Co, selling John Deere.

Motion was presented and passed to apply the difference in the valuation of the 1-18-B Gallion and 1-20 Caterpillar to be split among all 4 precincts.

After a lengthy discussion, Precinct 2 and 3 selected John Deere and Precinct 1 and 4 selected Caterpillar, each selecting on the basis of the best trade-in deal.

The representatives from McLarty Architect Firm was on hand to explain and discuss the preliminary plans for the handicap elevator. After a lengthy discussion and suggested changes, the meeting was adjourned.

CONSTITUTION WEEK SEPTEMBER 17-23 Ratification and Union Of the U.S. Constitution

by Eugenia Bethard

Its signing on September 17, 1787, completed only the first act in the drama of the U.S. Constitution. The real test was whether it would be accepted by the people.

In some state ratification conventions, the vote was very close, especially in three of the largest and most powerful states - Massachusetts (187-168), Virginia (89-79) and New York (30-27). But by the autumn of 1788 every state except North Carolina and Rhode Island had ratified, and the first elections of Federal Representatives and Senators sent many of the Constitutional Convention delegates to Congress to help put the new government into operation.

In the spring of 1789 the first U.S. Congress convened, and George Washington was inaugurated as the first president. The First Congress has been likened to a second constitutional convention, for it:

- *Created the executive 9 cabinet departments and the federal judiciary;
- *Chose the site for the national capital;

- *Wrote the Bill of Rights and sent it to the states for ratification; and
- *Witnessed the first stirrings of what

would become a two-party system.

"The first question that offers itself in whether the general form and aspect of the government be strictly republican. It is evident that no other form would be reconcilable with the genius of the people of America; with the fundamental principles of the Revolution; or with that honorable determination which animates every votary of freedom to rest all our political experiments on the capacity of mankind for self-government.

--From the Federalist, No. 39
"It was done by bargain and compromise, yet notwithstanding its imperfections, on the adoption of it depends...whether or not we shall become a respectable nation.

Trauma Support Group Meeting

There will be a meeting at the Library on Wednesday evening, September 28, at 8:00 p.m. to determine if there is interest in establishing a Trauma Support Group. Ms. Anita Hunter, a Clinical Practitioner of Individual and Family Psychotherapy in Lubbock will be here to explain how a support group can work, explain the stages of grief, and try to answer questions.

What is Trauma Support? A trauma support group is a non-denominational, non-profit organization dedicated solely to the purpose of aiding persons who have suffered a loss due to death, divorce, or financial or health difficulties.

Compassionate support is extended and information is provided through group sessions or individual contact. Opportunities to meet others who have been

through similar experiences, to ask questions and be answered and to gain the strength of sharing burdens.

Trauma support is for anyone who needs assistance. There are no membership rolls, no dues or fees and requires no demands on attendance or participation.

Trauma Support does not replace skilled professionals. In many instances illness and handicaps requires radical changes in lifestyles which are greater challenges than we feel capable of handling alone. At these times, the words, "yes, I remember feeling that way," are life preservers of the overstressed and often lonely individuals.

Anyone who feels they might profit from or contribute to such a group is welcome to attend.

Matador City Council Meets

The Matador City Council met Thursday, September 8, 7:30 a.m. with Mayor Gary Lancaster and Councilmen L.B. Campbell, Joe P. Smith, Doyle Rose, Travis Jameson and L.J. Barkley Jr., City Secretary Nell Berryman and Water Superintendent Bill Jameson.

Mayor Lancaster called the meeting to order with the reading of the minutes and review of the outstanding bills for \$5,751.68, \$226.88 was spent on 10 new Stop signs.

Bill Jameson informed the Council that he had a price from Frank Blackwell to stucco the front and east side of the City Hall, after the remodeling is finished, for \$4,500. The painting of the brick would be approximately \$400.00, the cost to date is \$3,200 used of the

approved \$10,000 for the project. The decision to stucco or paint was tabled until the October meeting.

Entering the meeting was Randy Barton and Harry Grey, representing Quail Pipe Company of Roaring Springs. Harry Grey explained the problem and cost of using the current water from the city of Roaring Springs. They use approximately 6 to 10 thousand gallons a day and would like to tap into the Matador pipeline on the north side of the Dutchman Creek. Bill Jameson explained that the waterline was built with the possibility of the City of Roaring Springs tapping into that line if the need ever arose.

He explained that the well was good enough to carry that many hookups and his chlorine was in mixed in the tank at the well sight.

Harry Grey stated they were looking into every option beneficial to Quail Pipe and he appreciated their consideration and this would be a permanent arrangement and they would use Roaring Springs water was feasible as a backup.

Randy Barton asked the council if they would consider letting the Pipe Company use their Sanitary Land Fill, north of Matador. He explained that they have to haul their trash to Dickens now and it was all burnable waste, mostly pasteboard, board and plastic resin, etc.

After council discussed all water sales avenues it was elected to present the following proposition to Quail Pipe Co.: \$23.50 minimum for the first 2,000 gallons plus .75¢ for each additional 1,000

Tuesday had such a promise of Fall in the air! It seemed like a really delicious day. I picked some wildflowers to go with the sage on my way into town and found a lovely lavender and pale green moth has been hiding out on the lavender flowers with the pale green leaves all morning. Somehow it reminded me of this "Prayer for September" that appeared in the month's issue of GUIDEPOST.

Dear Lord! Kind Lord!
 Gracious Lord! I pray
 Thou wilt look on all
 I love,

Tenderly today!
 Weed their hearts of
 weariness;
 Scatter every care
 Down a wake of angel-wings
 Winning the air.
 Bring unto the sorrowing
 All release from pain;
 Let the tips of laughter
 Overflow again;
 And with all the needy
 O divide, I pray,
 This vast measure
 of content
 That is mine today!

--James Whitcomb Riley
 1849-1916

My father left me a beautiful set of James Whitcomb Riley's books, but I never knew he had written that.

We appreciate Eugenia Bethard, Regent of the Buffalo Grass Chapter, National Society of the Daughters of the American Revolution, for placing the display on the signing and ratification of the Constitution of the United States of America.

The signing of the Constitution on September 17, 1787, was only the beginning. The proposed new constitution still had to be approved by the people. The states were called upon to determine whether "We the People" really wanted to establish the institutions of government set forth in the Constitution. Approval was far from automatic. While several states ratified the constitution

unanimously, others were deeply divided, and the votes were very close in several key states. But with the New Hampshire vote on June 21, 1788, the ninth state convention ratified the Constitution, making it the law of the land. Two hundred years later the Constitution is still the law of the land, and "We the People" are still active participants.

When the U.S. Constitution was signed on September 17, 1787, only the members of the Philadelphia Convention and a handful of printers and clerks had read it or knew what it contained. The public eagerly anticipated the results of the meeting's deliberations, but didn't learn until the Convention ended just how new its proposals were.

In 1955 the Daughters of the American Revolution proposed devoting an entire week to the Constitution by extending the period of observance beyond September 17.

As the American people celebrate the Bicentennial of the Constitution - the creation and adoption of our Constitution, the formation of our first government and the ratification of the Bill of Rights - Citizenship day and Constitution Week take on special significance.

One day last week, J.A. Wheeler and George D. Moore of Ralls came into our Library and brought some excellent pictures from the early days of the Matador Ranch, and one of the famous Hank Smith house near Crosbyton with his grandparents, Mr. and Mrs. Hank Smith standing by the fence. J.A.'s father, John Wheeler had worked for several years for the Matador Land and Cattle Company before buying his own ranch. We appreciate the pictures and the original copy of THE MATADORS, by John and Colquet Warren with drawings by John L. Koonsman. I certainly enjoyed visiting with these men and with D.D. Mc Bride of Allen, Texas whose sister rushed him in before closing time on Saturday to see how many of the people and scenes he recognized from the mural. A list of other visitors from around the state will be in next week's paper.

Praise The Lord!

EATING NUTRITIOUSLY IN RESTAURANTS

If you're trying to eat nutritiously, you don't have to give control over your diet to a restaurant when you decide to eat out. Try some of these ideas from the Society for Nutrition Education to eat well without abandoning a good diet.

Unless you're restricting calories, you don't have to stick with plain fish and a green salad when you eat in a restaurant. It's best, of course, to choose lean foods, but you can eat almost anything as long as you remember portion control.

Tell the waiter you want a smaller than normal-size portion. Some restaurants will give half-portion and charge less, but many won't. Tell the waiter to bring you half the regular serving anyway. If you just can't bring yourself to ask for a smaller amount, eat only half of a full entree and ask the waiter to take the rest away.

Other ways to reduce the amount you eat is to choose one or two appetizers rather than a regular meal, order items a la carte for less total food and when you have a dessert, share it with a friend.

If you have trouble avoiding the high-calorie, high-fat temptations at the salad bar, ask the waitress to get a bowl of fresh greens and vegetables for you.

Read the menu with an eye toward cooking terms that mean "fat-added." For example, "saute" also means added butter, "tempura" is batter-fried, "au gratin" means cheese sauce. If the entree you want is fried, ask if it can be broiled instead.

Since butter is 100 calories per tablespoon, switch to sour cream at 26 calories per tablespoon. Or even better, ask the waiter for a small dish of cottage cheese or yogurt for your baked potato.

Ask for all toppings - salad dressings, sauces and gravies - to be served "on the side." Then you control how much will be added to the dish.

And if you can't resist the french fries, order the thicker "steak" fries instead of the thin type. They soak up less fat.

Educational programs conducted by the Texas Agricultural Extension Services are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

Friends of the Library Announce New Officers

The Friends of the Motley County Library met Thursday, September 8 at 7:00 p.m. in the Library meeting room with the President Michelle Bearden calling the meeting to order for fourteen members.

Earline Vaughn, Secretary, read the minutes of the last meeting. They were approved as read. Keith Patton gave the financial report.

Michelle announced that the Library Board is currently without a member. Marisue Potts has resigned as President and as a member.

Next on the agenda was a request for the Friends to decide if they wanted to pay Joe Taylor \$250.00 for painting the sign on the windows of the Library. After discussion, they elected to pay this.

Librarian, Jimmie Hunter, had a request for the Friends to consider purchasing two more shelf sections or even just one shelf section for \$675.00 per section. After a discussion, they elected to purchase one shelf section.

The Library Board had asked the Friends to consider repairing or replacing the sidewalk out front of the Library. It was decided to not do this at present. Next discussion was if they needed a

Friends representative to attend the Library Board meetings. They decided an officer should go.

The President asked the Friends if they would be willing to drop the price of the cookbooks for the sale of the last two boxes. They decided to sell these for \$5.00 each. Michelle also volunteered to sell the cookbooks, color-sketch books and Mural story books at Homecoming. Also reported was that the El Progreso and Predicta Study Clubs sold cookbooks and the other books at the Old Settlers and made over \$200.00.

The Friends discussed plans to have an autograph party and book sale for Marisue Potts and Joe Taylor during the Old Fashioned Christmas Day in Matador which is usually held in December.

Plans were made for contacting members and new members for Friends of the Library in January. Darla Gwinn is compiling a list on a computer disk.

New officers were elected and will take office in January, 1989. Francis Finch, President; Kathy Gillespie, Vice President; Earline Vaughn, Secretary, Keith Patton, Treasurer. Meeting adjourned.

Arts & Crafts Club Meeting Report

by Mary Louder

The Motley County Arts and Crafts Club met for their first meeting of the club year in the home of Winifred Lee, Monday afternoon of this week.

Hand painted ceramic refrigerator magnets were created by each one in attendance, with the hostess in charge.

Officers for this year are: president, Winifred Lee; vice president, June Keltz; secretary and treasurer, Lorene Lancaster; reporter, Mary Louder and telephone, Bonnie Edmondson.

During the business portion of the meeting, presided over by the president, Tori Gustafson, yearbook chairman, gave a review of this year's book. A discussion

was held on the club bazars and on changes in some meeting dates.

Enjoyable refreshments were served to the following members: Mesdames Elsie Thacker, Betty Simpson, Bonnie Edmondson, Lorene Lancaster, Dora Watson, Rhea Lancaster, Verdine Neighbors, Tori Gustafson, Delores Martin, Winifred Darsey, Mary Louder and the hostess.

The next meeting will feature a lesson on dying and stringing beads and will begin at 10 a.m. on October 3 in the home of Leola McKelvey. In connection with the meeting a covered dish luncheon will be held.

FARM SAFETY WEEK September 18-24

COLLEGE STATION--Farming and ranching continues to rank as one of the most hazardous occupations in the nation, so it's appropriate that a special week be set aside to focus on farm and ranch safety, said a safety engineer at Texas A&M University.

National Farm Safety Week is Sept. 18-24, and that week also has been declared Texas Farm and Ranch Safety Week by Gov. Bill Clements, said Thomas D. Valco with the Texas Agricultural Extension Service.

Theme of the weeklong observance is "Ensure Your Future with Farm Safety."

"This theme stresses the hazards involved in agricultural production and the effort into preventing injury and illness on the farm, especially during times of economic stress," Valco said.

The engineer said that each year there are about 100 Texas fatalities from farm and ranch related accidents. Also, an estimated 10,000 disabling injuries and 100,000 injuries requiring medical atten-

tion occur annually in the state.

According to National Safety Council figures, some 1,600 deaths resulted from farm accidents in 1987, with most fatalities caused by (in descending order) tractors, firearms, drowning, burns, falls, electrical shock and machinery.

"Through a continuing educational effort in safe farming and ranching operations and improved safety design in machinery and equipment, rural fatalities have been reduced by 50 percent in the past 10 years," said Valco.

"That's why it's so important to continue to focus on safety awareness in farming and ranching," he said. "Simply following safe work procedures and keeping equipment and machinery in good repair can make a big difference."

"Giving attention to safety can reduce needless suffering of rural accident victims and prevent the financial burden of agricultural accidents on productivity and family income," Valco said.

CITY COUNCIL, Continued from page 1

gallons, with Quail Pipe paying the cost of 6" meter and laying the line, then the City of Matador would maintain the meter.

Nell said she couldn't bill this in her computer, they would have to be hand written.

The Council elected to present the following dumping proposition to Quail Pipe: Quail purchase 6-ft. dumpsters and pay \$100 a loan (6 dumpsters makes a load) or they could haul and dump for \$200 a month.

Mayor Lancaster told the council he had received a call from Ray Moran, owner of the T.V. Translator Tower, west of Matador and wanted to know if the City would be interested in purchasing the Tower System as he only had 6 paying subscribers. He collected \$900 in 1987 and it costs him \$1200 to operate. If he doesn't sell the Tower and if he doesn't get more paid subscribers he will scramble each channel and patrons will have to purchase de-scramblers. The city is not interested in owning the tower.

Rose asked the Council if they were interested in helping to buy some treated wood for a table awning in the City Park. Secretary Nell Berryman reported that the Park Committee had paid all their bills at the Higginbotham-Bartlett Co. After discussion, the City didn't want to purchase the wood.

L.J. Barkley Jr., presented his drawn up plan of a proposed nursing home to be built by someone in the future.

Barkley also said he was looking into a pilot project for a mesquite chip or brickette plant. These are just some long range plans he is working on.

The Council discussed laying new sewer line to hook up existing houses or new houses. They would need to be pre-paid before they would be hooked up.

Bicentennial dates to remember:
1788 - December 23: Maryland cedes 10 square miles of land to Congress for a new federal capital.

1789 - February 4: Presidential electors choose George Washington as the first President and John Adams as Vice-President.

*March 4: The first U.S. Congress convenes in New York under the new Constitution.

*April 30: George Washington is inaugurated as the first President of the United States.

*Sept. 24: Congress creates the federal judiciary.

*Sept. 25: Congress sends a Bill of Rights to the states for ratification.

1790 - July 16: Legislation is signed making the District of Columbia the permanent federal capital, starting in 1800.

The Years 1787-1791 were creative, a seminal period in American history, and provide abundant material for reflection today.

Let's fly our Flags and ring our bells in remembrance of the Ratification and Union of our U.S. Constitution on September 17, 1787.

The Commission on the Bicentennial of the United States Constitution was created by Act of Congress to oversee the commemoration of the 200th anniversary of the Constitution from 1987 to 1991.

Senior Citizens Report

by Iris Blevins

Monday, our bus went to Lubbock with ten people riding. There were doctor's appointments and some went to have their glasses straightened and Elgie had her eyes treated.

Thursday the bus went to Plainview with ten people riding. They reported lots of hard rain and a lot of thunder and lightning.

Some went to Senior Citizens for lunch and some ate hamburgers. But all reported a good time.

Friday evening is the time we all get together for games and community fellowship. And Norabelle opened the doors at 2:00 p.m. and everyone enjoyed a table of forty-two and a table of eighty-four.

Don't forget, that we elect new officers the second Tuesday in

September. That is our next luncheon day. Come and take part in supporting this project. It is a very nice place to sit and visit and do any kind of hard work.

This should have run in last week's paper but I was thinking about my family reunion at Buffalo Gap and forgot to take it to the Tribune office, and I am sorry.

Last week the bus went to Lubbock and Plainview as scheduled, and they had a good game of eighty-four and forty-two at the center, Friday evening.

Artie made a flying trip to California last week to visit her sister, Girtie. She reports a good visit, and enjoyed flying.

I enjoyed my family reunion and week of visiting in the home of my sister and brother-in-law, Mattie and Clarence Talby of Wingate, Texas.

Letter To The Editor

Dear Editor,

I am writing this letter to the editor after reading the article about the conflict of interest within the City Council of Roaring Springs.

We all know that if you are authorized to approve the payment of invoices we must be very careful in whatever we approve will not turn into a conflict of interest issue.

Now I know that our Mayor and City Council could and should provide the receipts called for in the article and eliminate any innuendo of conflict of interest.

The sooner we get this issue out of the way, the sooner the Mayor and City Council can get on the way for securing a grant to take care of the Roaring Springs water system.

Sincerely yours,
Ray Zabielski

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 8, 1988

**PROPOSITION NO. 1
ON THE BALLOT**

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

**PROPOSITION NO. 2
ON THE BALLOT**

House Joint Resolution 2 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

**PROPOSITION NO. 3
ON THE BALLOT**

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

Our Teachers Are Totally Terrific!!

Teacher Profile

by Tricia Palmer

Mrs. Karen Davis

The first grade teacher is Mrs. Karen Davis. She is married to Mr. Ronnie Davis of Matador. They have two girls, Renee, 14, a freshman at MCHS and Sheryl, 12, a seventh grader.

Mrs. Davis is formally Karen Williams of Roaring Springs. She graduated from Roaring Springs High School and from Texas Tech University in

Lubbock. She has been teaching for two years at Motley County.

Karen enjoys reading and walking. She said that her goals for the first grade class this year are to read, improve writing, and getting her students ready for second grade.

School Pictures To Be Taken Monday

The 1988-89 School Pictures will be taken Monday, September 19th. The students will be bringing home the Prepay Packages. You need to choose a package, put the money in the envelope and try to return it to the school by Friday, September 16th. Even if you do not want to order any pictures, please return the

envelope with your name on it. We realize the Prepay Package may be an inconvenience to some of you, but it is easier to handle 290 students this way. If you have any questions concerning these pictures, please call Pam Wilson, between 12:30 and 1:30 at 347-2676.

WILD HAT DAY

To celebrate the opening of our new football stadium, the student council is sponsoring a "Wild Hat Day" with the theme of "Getting a Hornet." There will be prizes awarded on Thursday, September 15. The judging will take place in the Gym during the "HAT" period, (home-room, activity, and tutorial). This will be from 10:00 to 10:30 a.m. The student

council extends an invitation to all Matador Fans to attend and participate in this. The Junior High and High School will have an Annual Signing party at that time also.

On Friday, at 3:00 p.m. a pep rally will be held in the Gym. All Matador Boosters are encouraged to attend this pep rally

Topics from Tricia

The football team did a great job Friday night against the Ropesville Eagles. The final score was 57-0. The Matadors will be playing at home this week against the Aspermont Hornets. Everyone needs to come out and support the Matadors Friday night.

Motley County High School has some new teachers this year. The new English

teachers for Jrs. and Srs. is Mr. Moore, the new Math teacher is Mr. Taylor. We have a teacher that travels back and forth from Patton Springs, Mrs. Monroe. Mrs. Burkes is also a new teacher. She teaches Social Studies. Welcome to Motley

County! Pictures will be taken September 19 for the Annual. The classes will be having their individual pictures taken then. The Annuals from last year are in and they look good.

I have some advice for the Freshmen of this year and those coming up. Enjoy the years in front of you in High School, because very soon you will be the ones graduating. It seems like yesterday we all were Freshmen. Have fun and enjoy it!

The Sr. girls have a Tea, Thursday at Matador Ranch Headquarters sponsored by the El Progreso Study Club. Thank you ladies!

Social Security Tips

By Terry J. Clements

Thinking about retiring? Or perhaps tapering off work gradually with a part-time job? If so, there are some facts you should know about Social Security.

To begin with, you can receive your full retirement amount at 65, or a permanently reduced amount as early as 62. For example, the reduction is 20 percent at 62, 13 1/2 percent at 63, and 6 2/3 percent at 64.

If you're past 65 when you apply, you'll get a light "bonus": Your monthly check will be increased by 3 percent for each year (1/4 of 1 percent for each month) that you did not get a benefit between 65 and 70. (The credit is more if you reach 65 after 1989).

Some Social Security work credits are needed before you can get benefits. For example, if you are 62 in 1988, you need at least 9 1/4 years of coverage (37 "quarters of coverage") to be insured.

The amount of your monthly check will depend on your average covered earnings while you worked. A worker who retires at 65 in 1988 after having maximum covered earnings most years can expect to receive \$838 a month. If he or she has eligible dependents, payments to the family will be substantially more.

Once benefits start, payments will increase automatically to keep pace with annual rises in the cost of living. The benefit increase will be tied to the in-

crease in either prices or average wages, depending on the status of the economy.

Your retirement checks may be subject to Federal income tax if you have substantial outside income in addition to benefits. In no case, however, will you have to pay tax on more than one-half of the benefits. For more information on this, contact the Internal Revenue Service.

You and any dependents who are at least 65 have Medicare protection to help pay costly medical bills. You are eligible for Medicare even if you plan to keep working and not receive monthly checks at this time. You will, however, need to apply for it.

You can have some earnings from work and still receive Social Security checks. If you are 65 or older in 1984, you can earn up to \$8,400 and receive all benefits due; \$6,120 if you are under 65; and no limit if you are 70 or older. If earnings exceed the annual exempt amount, \$1 in benefits is withheld for each \$2 of earnings above the exempt amount.

If your plans are uncertain or you have questions, the best thing to do is "inquire before you retire." Phone any Social Security office. The people there will be glad to help you.

For more information or to file a claim, call 293-9623.

A little fellow came running to his father, shouting, "Look, Daddy; I pulled up this corn stalk all by myself."

"You're strong," he said. "Yea," grinned the boy, "and the whole world was pulling at the other end."

Many are like Jimmy. They imagine they can take on the world and the wicked ones alone, and win.

You can build a machine to dry your threads, but not your tears.

You can build a machine to take stains out of silks, but not out of your soul.

You can build a machine to keep a missile on a straight course, but not a man.

You need the Lord for these things, and you need Him more than you need your next breath.

He's yours for the taking. You'll take Him, won't you?

To the residents of Matador, Roaring Springs and vicinity,

The dues for the Translators on the Tower West of Matador are not paying for the service.

There are only 6 people paying for this service, therefore I am forced to take the following action:

Effective October 1, 1988, Channel 83 (13) will be scrambled. The other channels will be scrambled by the end of the year, including ABC.

The de-scrambler device will be loaned to subscribers for a one time \$200 deposit. The dues will remain at the \$120 per year level. The de-scrambler will be available to be picked up at a local location for your installation on your TV Set and Antenna.

Installation of this new equipment will be very expensive. I would like to have an expression of interest from individuals who would like to subscribe.

If there is no interest, I will be forced to discontinue service on October 1, 1988.
