

## Former Roaring Springs Resident Appointed Chaplain

Sister Audy Bustamente

Sister Audelia Bustamente, a 1965 graduate of Roaring Springs High School, recently joined the staff at Mercy Regional Medical Center, Laredo, Texas, as Chaplain in their Pastoral Care Center. Following graduation, Sister Audy attended Texas Tech, Lubbock, and then transferred to West Texas State University where she graduated with a degree in Education. For thirteen years she taught in elementary schools in Hereford, Lubbock, Long Beach, Calif., and Amarillo. After teaching, Sister Audy decided to pursue another career and entered the Pastoral Education Program and after completing this course of study she worked at Methodist Hospital, Lubbock, and Northwest Texas Hospital, Amarillo, leaving Amarillo recently upon her appointment as Chaplain at Mercy Regional Hospital in Laredo.

Sister Audy grew up in Roaring Springs, living with her grandparents, the late Mr. and Mrs. Frank Morales. Her aunt, Lupe Morales, still resides in Roaring

Spring and Sister Audy visits her whenever possible.

Quoting from an interview in the August 1988 issue of Hospital Update by Mercy Regional Medical Center "Sister Audy states that one of the missions she wants to accomplish is to form support groups for patients and their families. As someone who has fought cancer for the last eight years, she knows how much the support of friends, family and peers mean during difficult times. She stated "People need to talk about feelings and make some sense out of what they are feeling. They need to understand that it is okay to be angry and to understand that our faith is shaken by personal tragedies simply because we are human."

In Sister Audy's eight-year fight because of cancer, she suffered the amputation and the follow-up chemotherapy in order to stop the disease. She had the lows, highs, frustrations and triumphs and always regained her positive attitude toward life and her faith in God.

## Lockney Care Center To Have Bake Sale

Hello all! We are Lockney Care Center, the home of Matador native, Ward Rattan and Flomot native, Lennie Gilbert. These folks send out greetings to all.

On Saturday, September 24, we will be having a Bake and Bazaar Sale. We have been extra busy preparing our ceramics and crafts for the big day. Other activities that keep us humming are daily exercise, ball playing and devotionals, bings, ice cream socials, watermelon feasts, resident council meetings, bus

rides and much more. Our administrator is Mr. Steve Westbrook of Floydada and our administrator-in-training is Ms. Cheryl Stephens Ward who was raised in Turkey, the daughter of Mr. and Mrs. Shine Stephens, and now lives in Plainview.

We have lots of fun activities scheduled for the near future so watch for us. We are thrilled to report that Ward Rattan is back with us after a stay at the Quannah hospital.

## Creative Cooking From County Cooks

### Marvin Vaughn's Corn Fritters

1 cup water  
2 Tbsp. butter  
1/2 cup flour  
1 cup whole corn

1/2 cup cornmeal  
4 eggs  
1/2 tsp. nutmeg (or onion)

Bring water to boil and add butter, salt, nutmeg (or onion), stir until butter dissolves, add cornmeal and flour all at once (mixed). Remove from fire, stir well until all ingredients are well blended. The mix will be thick. Gradually add unbeaten eggs, one at a time, stir after each egg, until batter is smooth, add corn, place mix in refrigerator until cold (overnight). Drop in heaping Tbsp. into hot fat, brown, drain.

### Asparagus Casserole

Mary Meason

Medium White Sauce:  
2 Tbsp. butter (oleo) melted  
Blend in 2 Tbsp. flour (I use wire shik)  
1/4 tsp. salt.

Add 1 cup milk cooking quickly, stirring constantly until well thickend. Keep smooth.

Drain 1 can asparagus  
1/4 Tbsp. minced onion flakes  
some chopped pecans  
1 small jar pimentos  
1 1/2 cup grated cheese

Add 1 cup grated cheese to white sauce, stir to melt cheese, pour over the rest in casserole. Sprinkle 1/2 cup grated cheese on top and bake until bubbles.

### QUICHE

Mrs. Donnie (Kelli) Jackson

1 c. grated cheese  
6 slices fried and crumbled  
bacon or small can cooked  
chicken  
2 green onions, chopped  
1 pie shell, lightly browned

1 can mushrooms  
1 1/3 c. light cream  
3 eggs, beaten  
1 tsp. Worcestershire sauce  
salt and pepper to taste

Put cheese, bacon or chicken, onions, mushrooms in shell. Combine remaining ingredients and pour in shell. Bake 5 minutes at 425 degrees; reduce heat to 300 degrees for 35-40 minutes or until center is set.

### SWEET POTATO PIE

Anna Beth Clay

3 c. mashed, cooked sweet potatoes  
2 1/2 c. sugar  
1 c. milk (sweet or canned)  
5 eggs  
3 Tbsp. butter

1 tsp. cinnamon  
1/2 tsp. nutmet  
1/2 tsp. allspice  
1 tsp. vanilla  
1/2 c. nuts in each pie

Bake at 300 - 325 degrees

## Energy Budget Saving Ideas

Natural gas on a national average during the next five years will cost about 30 percent less than heating oil and up to four times less than the cost of electric heat, according to A.G.A. pricing studies.

1. Weather-stripping/caulking—look for air cracks around doors, windows, and other openings, such as around pipes and ducts. Seal them by caulking or weather-stripping. Heat and air conditioning escape through cracks.
2. Thermostat—set between 65 and 70 degrees in winter and at least five degrees lower when sleeping or away. (Higher heating temperatures are recommended for homes with sick, elderly, or infants.) Set at 78 to 80 degrees in summer. Consider a clock thermostat.
3. Water heaters—this is a major energy user in the home. Try a lower thermostat setting. Consider an insulation wrap. Install water flow restrictors in showers and faucets. They cut hot water use without affecting family comfort. When replacing water heater, choose an energy-efficient model.
4. Heating/cooling system—clean or replace filters as needed. Close vents in unused rooms. Insulate ducts and pipes in unheated spaces. Consider devices which can increase the efficiency of your existing system. When replacing, choose an energy-efficient model.
5. Sunlight—keep direct sunlight out in summer; let it in during winter. Drapes, shutters, awnings, shade trees, glass with reflective film, and solar screens help.
6. Appliances/lighting—fully load dryers and clothes and dishwashers. Turn off unnecessary lights. If replacing, buy energy-efficient appliances and lighting. Look for appliance efficiency labels—compare operating costs.
7. Attic insulation—check to see if your attic has the recommended level of insulation, including the attic door.
8. Floors and foundation walls—check for adequate insulation under floors, around basement, crawl space, and foundation walls.
9. Windows and doors—consider storm windows, doors, or double-paned glass to keep in heat and air conditioning.
10. Exterior walls—consider adding insulation, particularly when remodeling or re-siding your house.

## Prescription Tranquilizers Can be Addictive

Cocaine, heroin, and alcohol are all recognized as addictive. But most Americans are apparently unaware of the addiction hazard inherent in some frequently used prescription medications including the most commonly prescribed tranquilizer.

According to a recent Louis Harris & Associates survey, only 19 percent of Americans recognized that Xanax®, currently the most frequently prescribed tranquilizer, can be addictive, even though 89 percent recognize the addictive properties of Valium®, which was once the market leader.

"The physical dependence problem with Xanax, Valium and other drugs that belong to the class known as benzodiazepines is real," according to Norman Sussman, M.D., clinical associate professor of psychiatry at the New York University School of Medicine.

"There is no easy solution to the problem," Sussman says. "Once people are on these drugs for several months, many will experience some serious withdrawal symptoms."

According to the *Physicians' Desk Reference*, abrupt withdrawal from benzodiazepines results in symptoms ranging from malaise and insomnia to abdominal and muscle cramps, vomiting, sweating, and tremor. Convulsions, or seizures, have occurred on rapid decrease or abrupt discontinuation of the tranquilizing drugs.

The withdrawal process often mimics anxiety—the symptoms for which tranquilizers are most commonly prescribed. According to Sussman, patients often don't believe they are undergoing a withdrawal. Instead, they think they are experiencing a recurrence of their illness because they no longer are taking the drugs.

Nearly 2.5 million Americans may be "hooked" on benzodiazepines. The Harris survey indicates that six million adult Americans have been taking tranquilizers continuously for more than one year and, according to a report in *Internal Medicine for the Specialist*, 40 percent of those who take tranquilizers for more than six months may be addicted.

More than 60 million prescriptions for benzodiazepine tranquilizers were dispensed in the United States last year.

Sussman recommends that if people want to stop taking benzodiazepine tranquilizers, they should do so gradually and under the care of their physician. He also suggests an alternative treatment.

"For anxiety sufferers who are not currently taking benzodiazepines, they should first seek non-drug therapies. Supportive counseling and behavioral therapy can be very beneficial in the treatment of anxiety." In addition, newer drug therapy which does not create dependence is available," Sussman said.

## LIBRARY NOTES

BY JIMMIE HUNTER

Jimmie Hunter has taken an opportunity to take a well deserved vacation this week; mentioned Colorado Springs as the ultimate destination. We look forward to an energized librarian upon her return.

Guests visiting our Library since August 27, include: Elvira Weaks and Leslie and Lindsey of Silverton, Bessie Morrison Cohen and Virginia Cage of Dougherty, Dink Wilson of Quanah, Sue D. Bird of Madill, OK, Stan Hanesworth of Houston, Ladell Wiggins of Midland, Gladys Williams of El Cajan, CA, J.A. Wheeler and George D. Moore of Ralls, Texas, D.D. McBride of Allen, Kendel Hampton and David Wolf of Austin,

Wynelle Wagon of Lubbock, Randy Detwiler of Paducah, Micky Hurt of Paducah, Greg Craig of Odessa and Nell Perry of Hobbs, N.M.

Delores Martin attended a West Texas Library System Meeting in Lubbock on September 15, and learned that we have two new libraries during the past year, one of these long needed libraries. The one in Guthrie is located in the old Court-house and a museum is being created also.

The Trauma Support Group will be meeting in the library on Wednesday, September 28 at 8:00 p.m. and all interested are encouraged to attend.

## Rocker Geoff Moore Returns To Plainview September 24

PLAINVIEW (special) -- Christian rocker Geoff Moore and his band, The Distance, will make their second appearance in Plainview this year when they return to the Wayland Baptist University campus for a concert Sept. 24.

The Saturday event is scheduled for 7:30 p.m. in Harrall Memorial Auditorium and will begin with an appearance by another Christian artist, Glen Allen Green.

Advance tickets are \$8 per person for groups and \$9 for individuals, and all tickets will be \$10 at the door. Advanced purchasing is advised, since seating is

limited. Moore and his band played to a standing-room-only crowd during their appearance here with Petra last January and are being brought back by Wayland's Student Union Board by popular demand.

"Our students enjoyed Geoff Moore as much as Petra last spring, and we are happy to be able to bring them back," said Tom Copeland, WBU director of student administrative services.

The group, which continues to tour extensively with Petra, recently released its fourth album, "A Place to Stand," on the Sparrow Records label.

## Historical Marker Dedication

There will be a dedication of an Official Texas Historical Marker at the Mary E. Hudspeth House at 1905 4th Avenue, Canyon, Texas on September 25, 1988 at 1:30 p.m. The dedication is sponsored by the Randall County Historical Commission and Mr. and Mrs. David Haynie, and will commemorate Mary Elizabeth Hudspeth, renowned scholar, teacher and the first Dean of Women at West Texas State University.

This 1909 home is in the process of being restored by Mr. and Mrs. David Haynie and is now known as the Hudspeth House Bed and Breakfast, which lodges overnight guests, serves a gourmet breakfast in the Georgia O'Keefe dining room, hosts receptions and weddings, and lunch and dinner by reservation only. The house is filled with lovely antiques, and an extensive plate and tin can collection.

The public is invited to the dedication, tour, and reception. For further information call 655-9800.

### HEALTHY ADDITIONS TO YOUR FOOD PREPARATION

You can multiply the health benefits of food you prepare without spending one more minute in the kitchen.

It's as simple as adding three canisters to your countertop set - fill one with nonfat dry milk, one with whole-wheat flour and one with oatmeal. Then whenever you can, add them to foods to enhance nutritional value.

For example, mix nonfat milk into yogurt or a glass of skim milk for extra calcium. Or you can add a few tablespoons to biscuits, corn bread or pancake mix. Also, try reducing the amount of sugar in a baked goods recipe and add back that amount in dry milk powder for extra calcium, protein and riboflavin.

Substitute whole-wheat flour for half or more of the white flour you normally use in any dish. It will add fiber and more vitamins.

Oatmeal can go in many recipes, from muffins and cookies to meat loaf. It adds fiber and will help lower blood cholesterol.

Adding nutrition to your diet can be a matter of simply having the right ingredients easily available to use as you cook.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

Wait on the Lord: be of good courage, and he shall strengthen thine heart: wait, I say, on the Lord.

## Child C.P.R. Course To Be Offered At Wayland

PLAINVIEW -- Advance registration is now open on the Wayland Baptist University campus for a one-day course in cardiopulmonary resuscitation (CPR) for infants and children.

Sponsored by Wayland's Lifelong Learning Center and the Hale County Red Cross, the course is scheduled for Saturday, October 1, 9:00 a.m. to 5:00 p.m., at College Hill Day Care Center, 800 Canyon.

The course is designed to teach persons who work with young children how to save the life of a child whose heart and/or breathing has stopped.

Instruction will include lecture and

hands-on-practice using manikins, and persons who complete the course will be certified basic rescuers.

Mrs. Frances Sams, owner and operator of College Hill Day Care Center, will instruct the course.

Cost is \$12.50 per person and includes all materials.

Since enrollment is limited to 20 persons, pre-registration is required in at the Lifelong Learning Center, 708 Yonkers. Enrollment will be accepted on a first-come, first-served basis.

More information is available from the center at 296-5521, ext. 548.

## EMS Week Sept. 18-24

Gov. William P. Clements, Jr. has proclaimed Sept. 18-24 "Emergency Medical Services Week in Texas." The event honors the specially trained persons whose timely actions often make the difference between life and death. The Texas Department of Health (TDH) and local EMS groups will sponsor activities throughout the week to educate Texans about EMS.

"Knowing how to call EMS, and what to do in the first few minutes of an emergency are sometimes crucial to a victim's survival," said Gene Weatherall, chief of the TDH Bureau of Emergency Management.

"When you call EMS," Weatherall said, "stay on the line until the dispatcher tells you to hang up the phone. In many cases, EMS is on the way while you are still talking to the EMS dispatcher."

"If possible, you should also turn on your porch light, and have someone wait by the road to direct the EMS crew," Weatherall added.

More than 40,000 EMS persons are certified in Texas. TDH and its regional offices closely monitor the training, certification, and field work of all EMS personnel.

"Dependable emergency medical care is our goal, and Texas' EMS is a leader in the nation," Weatherall said.

Texas ambulances respond to more than a million calls each year. State law requires that each vehicle be licensed by TDH, and that each be staffed by at least two persons certified in EMS.

For more information on EMS training and responses, contact TDH at (512) 458-7550.

## Senior Citizens Report

by Iris Blevins

Monday, our bus made a trip to Lubbock with seven people riding. And two had doctor appointments. Tuesday was our regular luncheon day and we had a big crowd, with 32 people signing the register, and some didn't sign it.

Our president, Ruth Baker, was home with the flu bug and Norabell opened the doors at 10:00 a.m. to a group of waiting people, ready to start playing dominoes.

Since our president was ill and couldn't be with us, we omitted the business meeting and election of new officers. A new date was set for all of this, which is Tuesday, Sept. 27. Be sure and mark this

on your calendar, make plans to be with us for this important meeting. We will also enjoy a good lunch, games of 84, 42 and dominoes will be played after the business is finished.

Thursday, the bus made its regular run to Plainview with eight people riding. It was a nice day and everyone enjoyed the trip and some did some shopping.

Friday evening is always welcomed by a few of us. We gather at the Senior Citizens Center for an evening of visiting and playing games of 84, 42 and dominoes. And we have refreshments. We welcome you to come and enjoy the evening with us.

Friday, October 28: 1:30 p.m. Registration and coffee in the lobby of the Motley County High School and Cafeteria.

3:25 p.m., Pep Rally in School Gym.  
5:00-7:00 p.m., Pre-game Supper in Cafeteria.

7:30 p.m., Homecoming Game with Crowell.

Post game activities open for Individual gatherings.

Saturday, October 29: Set aside for golf (weather permitting) with friends, Roaring Springs Ranch Club golf Course, open to the public, green fees, \$9.00.

9:30 a.m. - 12:00 noon, continued registration, coffee and visiting.

1:00 - 3:00 p.m., visiting and class reunions.

3:00 p.m., Program and Business Meeting.

6:00-8:00 p.m., Exes Supper.  
9:00 p.m. - 1:00 a.m., Dance at Fire Station.

The Ex-Student and Teachers Association would like to encourage Exes from Roaring Springs, Flomot, Whiteflat and Northfield to be active in the 1988 Motley County Homecoming. Our school system is the Motley County ISD and this combines all schools in the county. We do not want to leave anyone out and would like for Exes from all schools to become involved and take an active part in this Homecoming and plan for future Homecomings.

## Fall Should Bring Relief From Dry Conditions

COLLEGE STATION -- Most Texans, particularly farmers and ranchers, will be glad to see the last of the hot, dry weather that has plagued the state the past few months - and relief actually is in sight!

The National Weather Service's 90-day outlook calls for a break in "routine" before too long, as cool fronts should start moving through Texas with more regularity in the coming weeks.

That should bring some relief from the extremely high temperatures that have had a viselike grip on much of the state since about mid-July, said Dr. Mickey Flynn, meteorologist in charge of the NWS Agricultural Service Center at Texas A&M University.

There is also some possibility that frosts will be earlier than normal in northern parts of the state, Flynn said. Records indicate that frosts tend to be earlier in the season after an extremely hot, dry summer.

While an early frost might be good news to some folks, cotton farmers in the Texas plains would have a different opinion. An early frost could be detrimental to cotton fiber development, particularly in the South Plains (Lubbock area) where more than half the state's cotton is grown.

The 90-day outlook calls for about average temperatures over most of Texas, with slightly above normal temperatures for northeastern and eastern areas.

As far as rainfall is concerned, the outlook is for below normal precipitation in the High Plains and Trans-Pecos areas, regions that have received above normal for the remainder of the state over the next three months. If that holds true, parts of Texas should get some much-needed rains.

"The projected lack of rainfall in the High Plains and Trans-Pecos regions is good news for cotton farmers who will be actively harvesting their crop over the next few months," Flynn said.

"However, the dry weather will definitely hamper the planting of small grains (wheat and oats) and other crops for fall and winter grazing. Right now soil moisture is extremely short over most of the state, and producers need rain to plant crops that will provide forage for their livestock later this fall and during the winter months."

Establishing some green forage for livestock is particularly important this fall because of the siege of dry weather this year that has limited grazing on pastures and ranges and reduced hay production, Flynn said.

Because of short hay supplies in many counties, producers need rain immediately for a possible final cutting of hay. However, that possibility will diminish with each passing day of dry weather.

Fall vegetable growers as well as gardeners also are looking for some relief from the hot, dry weather, Flynn said. Fall vegetables are grown over much of central, eastern and southern Texas and would benefit from cooler weather and rains.

Rains also would give an immediate boost to the state's pecan crop and to late-planted peanuts and soybeans, said the meteorologist.

Of course, homeowners could all use some rain to green up their lawns for the fall months, and individuals in charge of maintaining public parks and grounds would certainly welcome some relief from summer-long irrigations, Flynn said.

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS  
GENERAL ELECTION  
NOVEMBER 8, 1988

**PROPOSITION NO. 1 ON THE BALLOT**  
Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

**PROPOSITION NO. 2 ON THE BALLOT**  
House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.  
The state comptroller and the state treasurer could decide to trans-

**PROPOSITION NO. 3 ON THE BALLOT**  
House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.  
The proposed amendment will appear on the ballot as follows:  
"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

## El Progreso Club Hosts Senior Tea

Senior Girls: (l-r) Tina Cummings, Joely Ewing, Paka Barton, Jenifer Davis, Janiele Long, Dina Patel, Leigh Barton, Tammy Taylor, Regina Cruse, Tricia Palmer, Sue Maxwell.

El Progreso Club met Sept. 15, 1988 at the Matador Ranch Headquarters with Mrs. Dale (Jo Etta) Bumgardner, hostess for their opening program honoring the High School Senior Girls who were accompanied by their mothers. It was a beautiful afternoon for meeting on the south porch of the house where chairs had been placed for the program.

The President, Mrs. Joe (Loys) Campbell, called the meeting to order for the business session before the girls and their mothers arrived. The club was reminded the next meeting will be in Anson with Mrs. Robert (JoAnn) Dickson with the group meeting in front of the First Baptist Church at 8:45 a.m. to go in a group. Also, members were reminded of the T.F.W.C. Workshop in Austin at the Marriott Capitol Sept. 23-25 and the Santa Rosa District Workshop on Oct. 15 in Paducah.

After the arrival of the girls and mothers they were welcomed by the President, Mrs. Campbell, who, in turn read the opening caption from the yearbook "Where there's more of singing and less of sighing, Where there's more of giving and less of buying, and a person makes friends without half trying, that's where the West begins." -- Arthur Chapman. She, then, presented Mrs. J.E. (Marge) Edwards, who, in her own inimitable way, proceeded to enlighten the group about her topic, "I Wish They Would Teach Graduates This Stuff." She began

by telling how she had chosen her topic, then, when the yearbook committee decided to have it "western" she had to find a denim skirt (thank goodness she found one in town), take it up to fit, find, in a box stashed in the garage, a concho belt to wear with it and finally a hat of her sons that looked as if it had been "used".

Getting to the "meat" of her topic she told the group that all across the state and nation seniors of 1989 are starting to school, already looking forward to graduation next May. They have mastered many, many facets of education and they also know that C.D.'s are not certificates of deposit but compact discs. She commented that maybe it wasn't too late, maybe there are things the schools don't teach that might come in handy such as when a sale isn't really a sale and that up to 50% off also means down to zero; how it would help to know about different cuts of meat; how advantageous it would be to know the retail markup on jewelry and other products; how great it would be if every girl graduate would be required to take a course in "The Truth About Cosmetics"; how helpful it would be to teach girls more "stuff" about cars in school, how to shop for one, what the real cost is, how to change a spark plug or tire or the oil; how to decode advertisements; and no one should receive a diploma without passing a course in "The Reality of Buying on Credit." She, then, chose Andrew A. Rooney's

book "A Few Minutes with Andy Rooney" selecting a few of the items he mentioned such as "Catalogs", "Soap", "Most Needed Things," and "Advertising".

Mrs. Edwards concluded with a brief statement on how lax our country is in teaching geography - 5% of the adults polled don't know that Washington, D.C. is the capital of the U.S. and 15% don't know that Mexico City is the largest city in the world.

Given all the publicity that education has received recently, significant changes will occur by the year 2000. Changes will be made in the way schools are organized, what is taught and how teachers are trained. Lastly, she stated "A setback is only a setup for a future comeback" -- Anonymous.

The president gave the Inspirational Thought, one from Douglas Meador's "Trail Dust", and another "Success is never ending, Failure is never final" -- Anonymous. She then presented small favors of famed count-cross stitch mortarboards with "89" on them and "May" and "Graduation" stitched in red and black.

The east end of the porch had been set aside for two refreshment tables, both with beige homespun cloths trimmed in red checked gingham ruffles. On the smaller table was the coffee urn and dessert of pumpkin cake with whipped cream. The larger table held the blue enamel-ware "punch-pot" with matching cups, a kerosene lamp and dried arrangement. A variety of appetizers was served along with punch and coffee. The refreshment hostesses for the afternoon were Mrs. R.E. (Lucretia) Campbell Jr., Mrs. Robert (Winifred) Darsey and Mrs. W.N. (Opal) Pipkin. Mrs. Howard (Debbie) Martin helped the hostess Mrs. Bumgardner with her duties.

Most of the members and guests were attired in denim skirts, dresses or other western type wear. At different areas of the porch, saddles, chaps, boots, hats, etc., were displayed.

Guests attending with their mothers were Leigh Barton, Paka Barton, Regina Cruse, Tina Cummings, Jenifer Davis, Jolie Ewing, Janiele Long, Sue Maxwell, Tricia Palmer, Tammy Taylor and Dina Patel, whose mother was not able to attend. The girls were accompanied by their sponsor, Mrs. Billy (Pam) Wilson. Members attending other than previously mentioned were Mrs. Bob (Nell) Clem, Mrs. E.A. (Dorothy) Day, Mrs. Ted (Bailey) Elliott, Mrs. W.D. (Vena) Lipscomb, Mrs. W.F. ## Matador Garden Club Begins Year With Brunch At Library

Matador Garden Club began its 1988-89 club year Monday, September 19 with an Autumn Brunch at the Motley County Library. The meeting place had been planned for the Virginia Walton Willie Roadside Park, but due to the rains during the weekend, the location was changed.

After partaking of an enjoyable array of food and beverages, Mrs. Edgar Lee, president, called the club to order for a business session. Minutes were read by Mrs. W.N. Pipkin, secretary and club projects discussed. Yearbooks were distributed and admired, and programs for the year were reviewed by Mrs. Lee in the absence of Mrs. J.D. Craven, yearbook chairman.

The book covers were designed by Mrs. Lee and featured a cluster of roses, the club's official flower. Her nephew-in-law, Jerry Mask of Beaumont made copies of the contents at no cost to the club, and the members expressed appreciation for his complimentary contribution.

The president outlined her plans for the year and led discussions of projects, which include continuing work at the Constitution Tree Plaque and other ongoing activities. Among the local projects will be care of the planter boxes in downtown areas, maintaining Pioneer Memorial Park, Arbor Day tree planting, coop-

erating with other civic organizations in city-wide Christmas plans and placing Christmas decorations in the Pioneer Park area and planter boxes during December.

Current theme for the club is "Sow, Grow, Show." Programs for the year include three artistic, one on birds, two on conservation and two horticulture.

A report from the Lone Star Gardener magazine by Mrs. Pipkin concluded the opening program.

Serving as hostesses were Mesdames Lee, Pipkin, W.D. Lipscomb and Douglas Meador. Others present were Rachel Patton, Mrs. Robert Darsey, Mrs. Ted Elliott, Mrs. Artie Wason and Mrs. Pete Williams.

Matador Garden Club was organized and federated in 1950 with Mrs. Freeman Thacker as the first president. Others who served since then were Mrs. Glenn Woodruff, Mrs. W.N. Pipkin, Mrs. Edgar Lee, Mrs. W.W. Clements, Mrs. F.F. Campbell, Mrs. D.E. Pitts, Mrs. U.L. Willie, Mrs. Howard Traweck, Mrs. Ted Elliott, Mrs. Douglas Meador and Mrs. Alvin Stearns. Several served more than once in office.

The club is affiliated with National Council of State Garden Clubs, Inc., Texas Garden Clubs, Inc., District 1 Central Zone and South Central Region.

## Springs Ranch Waterfalls Scene For Wedding

Mr. and Mrs. James May

The historic waterfalls of the Springs Ranch, near Roaring Springs, was the setting for the 6 p.m. outdoor wedding, recently, uniting LaNita Perryman of

Roaring Springs and James May of Matador in marriage.

The Rev. Gene B. Louder, pastor of the Roaring Springs and Matador United Methodist churches, performed the double ring ceremony.

The bride wore a street length, long sleeved dress, trimmed in matching white lace with multi-colored floral embroidery on the front of the upper portion of the dress. She carried a single long stemmed white carnation tied with a white satin bow.

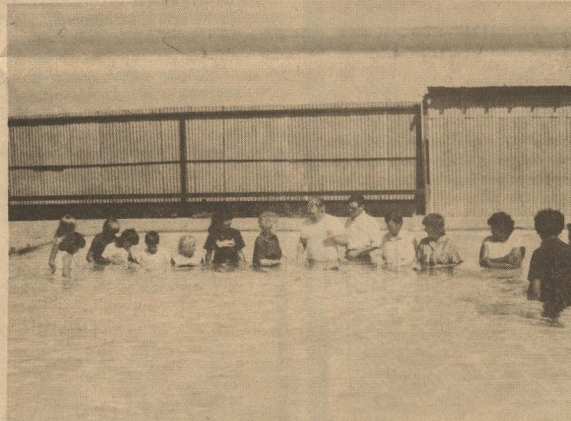

Honor attendants were Brenda Perryman, Matador, sister-in-law of the bride and Stephen Wayne Byrd, Roaring Springs, cousin of the bride. The groom's sister Molly Christian, Matador, and the brides son, Bobby, Roaring Springs, served as ring bearers.

The bride is the daughter of Mr. and Mrs. Delbert Perryman, Roaring Springs and the groom is the son of Fay Christian, Matador. The mothers were each presented with a single long stemmed white carnation.

Immediately following the ceremony a reception was held in the home of the bride's parents. The serving table was covered with a white lace cloth and centered with a three tiered wedding cake, frosted in white, with blue confection trim. Fruit punch and coffee was also served.

Following a brief honeymoon to Lubbock, the newly married couple are at home in Roaring Springs, where he serves as water superintendent for the city of Roaring Springs.

## 14 People Baptized At Roaring Springs Camp

The Roaring Springs Assembly of God Church baptized fourteen people on August 7 by Rev. Edna Dillard. She was assisted by Gary Bridge.

The baptism took place in the swimming pool at the Assembly of God Youth Camp 10 miles East of Roaring Springs. The following day, Rev. Dillard had her 82nd birthday.

## Do Gooder's Club Has Back to School Theme

Mr. and Mrs. Wilburn Martin, former school teachers, were the featured guests at the Do Gooder's Club meeting, Tuesday afternoon, Sept. 13 held at the Community Center in Flomot. They told of their recent European tour that included major historical and tourist attractions in England and Scotland. They also had on display and gave informative data on the rare items they were able to purchase on the tour.

Hostesses were Mesdames L.E. Shorter, Jack Starkey and Seab Washington. The table was laid with a white cloth

with a "Back To School" arrangement of school supplies and books. Refreshments of assorted vegetables and dip, canapes, cake squares and punch were served.

Mrs. Wilson Barton, president, presided at a short business session. Members voted to use the colors of beige and brown for the painting of the exterior of the Community Center building.

Those attending were Mesdames Clay Franks, Billy Morris, D.M. Gilbert, Clayton Bond, Wilson Barton, L.E. Shorter, Jack Starkey, Seab Washington and James Monk.

## Letter To The Editor

Editor's note: The following letter is addressed to T.V. Tower Subscribers:

Dear T.V. Tower Subscribers:

I think Mr. Ray Moran, owner of the Tower, owes all of you an apology. He mis-quoted all the figures concerning the payment of tower dues.

For the year beginning October 1987 to October 1988, there were thirteen people who paid \$120.00 yearly for the T.V. service. There are six people who allow a Bank draft to be drawn for their dues. The Motley County Hospital District pays a monthly rental of \$40.00 for Tower use.

Mr. Moran withdrew funds from this account in the amounts of \$700.00 and \$200.00. True this isn't a "fabulous" amount. The balance left barely covers the electric bill.

I have not received any other instructions from Mr. Moran, only not to collect any dues until he can figure out how the response will be over the "scrambling" method.

Please do write to him at the address given in the last copy of the Motley County Tribune, and let him know your views on this matter.

Sincerely,  
Lucretia Campbell

Dear Barbara Jameson,

Yesterday on the 14th, I talked with Mrs. Luther Lancaster on the phone to get her permission to write these few verses on her late husband. I told her this poem would not be in my first small book, that is at the printers now.

In light of the recent death of her grandson, I did not want to add to her misery. She talked very freely with me about Luther and told me many things I did not know. As you can tell, the events

on my mind happened many years ago and should not hurt anyone's feelings.

Rosie Deaton wrote me to say he really enjoyed my verses on him. We have been friends for 33 years. When this little book comes out October 1, I will send one for you to use as you see fit.

If you decide this is worthy your consideration, I would greatly appreciate it.

Respectfully,  
Jack L. Douglas

### LUTHER LANCASTER

Luther looked big when he stepped through the door  
As I sat there on the cook house floor  
Waitin' for breakfast that very first day  
Where I'd come to cowboy and meant to stay.

Since I was down low I saw Luther's feet  
With his hand made spurs that looked real neat  
His pant legs were down in his black boot tops  
But he never said much, as down he dropped.

No one said much at this time of the day  
At four in the morning for a cowboy's pay  
I hear people gripe about this nine to five  
They should be a cowboy trying to survive.

Luther threw his ol' hat out of the way  
And I watched his face that very first day  
He had a good face but was pretty quiet  
Nobody to mess with, in the pale morning light.

The old hat was used and full of sweat  
I'll always remember the first day we met  
Luther's hat crowns were creased, his own way  
Pinched in on both sides, made to stay.

Soon after breakfast we went to the lot  
To catch our horses and hit a long trot  
Nobody said much but I watched what he did  
Cause he was a cowboy and me just a kid.

Luther's batwing leggins flapped as we went  
And all his life he rode hell-bent  
Luther never let up when things got rough  
And he pushed to the limit and was mighty tough

The first day I saw him he rode County Clerk  
Not much of a horse and a counterfeit jerk  
He fell in a hole with Luther one day  
And laid out broadside a minute to stay

Directly, I saw Luther leave the crew  
And I was wondering what he'd do  
He never said a word and the mesquites were thick  
And the cattle we drove had their way to pick

But Luther was running when he left there  
On County Clerk splittin' the air  
Then all at once, he returned out of the blue  
With his face scratched and bleeding and the horse was too

Nobody said, "Luther where'd you go?"  
But I'd liked to have seen and I didn't know  
So later at lunch I asked where he went  
And I remember today just what he meant

"Me and County Clerk left to have a talk  
I wanted to see if he could walk"  
Luther told this horse to stay up on his feet  
And not be fallin' with him in the seat.

He didn't know but just one way  
To go all out at work or play  
A rope cut off his finger, ten miles from his camp  
As we gathered bulls in the August damp

Luther'd spliced a rope and was tied to the horn  
When he lost his finger that hot damp morn  
The horse he was ridin' was Heavy Tail  
A pretty good horse that never failed

He gave me the reins and crawled on a wagon  
Me leadin' his horse and behind I came taggin'  
We never knew where that finger went  
It's out there today where it was sent

I can see him now cuttin' a chew  
Of Red Tag Tinsley, knowin' what to do  
If I needed help, Luther was there  
Ridin' hard as he could, no matter where

Born a cowboy on the Matador range  
Luther went full out and never did change.

## Senior Citizens Can Get Too much Vitamin A

COLLEGE STATION -- People over 60 who would rather take vitamin supplements than eat their vegetables, may run the risk of low-level vitamin A toxicity.

The vitamin A that's plentiful in green and yellow vegetables isn't the same thing you get in a vitamin supplement, according to Dr. Alice Hunt, a nutrition specialist with the Texas Agricultural Extension Service at Texas A&M University.

"Vitamin supplements contain a pure form of vitamin A called retinyl esters," she said. "Although the esters themselves are not toxic, once in the body they can be converted into free retinol, which is toxic."

"Chronic vitamin A toxicity can cause liver damage, bone and joint pain and scaly dermatitis. A large overdose can cause headaches," said the specialist.

Recent research conducted by U.S. Department of Agriculture scientists indicated that high levels of retinyl esters are more likely among older people who take vitamin supplements.

The researchers surveyed 562 healthy Boston residents over age 60, half of whom reported taking vitamin supplements, usually in the form of multi-

vitamin preparations. Those who used the supplements the longest had the highest blood levels of retinyl esters.

The five people in the study who had the highest levels of retinyl esters had taken supplements daily for more than five years. Four of them had signs of liver damage.

In a similar survey of 194 men and women aged 19 to 59, the USDA researchers found that two of the young people taking multivitamins had higher ester levels, but did not show signs of liver damage.

"The liver has a tremendous capacity to store vitamin A, but once it is too full, toxicity may occur. Whether older people absorb vitamin A more efficiently or simply can't store as much in the liver is unclear," said Hunt.

"People who eat adequate amounts of vegetables are already getting plenty of vitamin A and don't need supplements," she said.

Carrots, squash, tomatoes, dark green leafy vegetables, peaches and apricots are the best food sources of vitamin A, according to the nutritionist.

## Getting The Most For Your Fall Clothing Dollar

COLLEGE STATION -- If you didn't buy fall and winter clothes last year - especially dresses, men's and women's suits or coats - be prepared for "sticker shock" when you begin shopping.

Last fall consumers stayed away from the stores and for the first time in 20 years, annual sales of women's apparel fell, according to U.S. Commerce Department figures. The buying slump has continued through 1988, although retailers hope sales will pick up this season.

Industry sources have blamed the drop in clothing sales both on a rejection of recent clothing styles, such as last season's short skirts, and prices, which rose 7.3% in 1987 and continue to inch up this year.

"The higher prices may encourage consumers to be more conscious of what they're getting for their money, especially in the big ticket fall and winter clothes like wool suits," said Dr. Ann Beard, a clothing and textiles specialist with the Texas Agricultural Extension Service at Texas A&M University.

Although the price of raw wool has doubled in the past year, that's not the only cause for increasing higher wool clothing prices this fall, according to Rita Kourlis, director of wool marketing for the American Wool Council in Denver.

"The cost of the wool is only about 3 percent of the retail price for the finished garment. So in a \$300 suit only about \$10 goes for the wool," she said.

"There's somewhat of a trickle effect, with the cost of wool yarn and fabric increasing as the price for raw wool goes up," Kourlis said. "However, the labor to produce a garment is by far the greatest expense." Rising clothing costs may mean consumers hang onto the clothes in their closets for another year, or adopt some different strategies for shopping.

"Consumers have a number of options for making sure they get the most for their investment in clothing," said Beard, who prepares educational materials for Extension consumer courses held throughout the state.

Use should be the first consideration, she said. Paying for high quality fabrics, good construction and classic styling is more important in those clothes you will wear frequently and expect to have for some time, rather than those worn only once in a while.

"Many retailers will feature winter clothes made with wool blends, rather than 100 percent wool, to keep consumer's costs down. Wool blends have many excellent features, but have less breathability than the pure wool fabrics," she said. "A lighter weight wool or wool blend may also be a better investment since it can be worn for a longer period of

time in our Texas climate."

In addition to styling and fabric content, Beard suggests checking for signs of quality construction. "Some manufacturers of clothing in all price ranges may skimp on workmanship, materials or quality inspections to keep prices from rising faster."

"For example, check to see that seams are flat and wide enough to withstand normal stress, buttons or other fasteners are sewn on securely and all openings are smooth and flat," she said.

The PCG committee discussed the 1989 loan level and target price, but agreed that both are controlled by law and therefore not subject to debate. The loan for 1989 has to be at 85 percent of the five-year spot market average after dropping the high and low years, about 51.8 cents, the same as this year. The 1989 target price is prescribed at 73.4 cents, down from the 75.9 cents of 1988

The preliminary weighted average farm price for U.S. upland cotton through July came to 59.2 cents per pound.

The deficiency payment under the 1988 farm program will be determined by subtracting either the calendar year average price or the 51.8-cent loan from the established 75.9-cent target price, whichever results in the smaller payment. USDA estimated the payment rate for the year at 16 cents, at program signup in late 1987. The remainder will be paid in 1989 after final price figures, including revised figures for the first seven months, have been tallied through December.

Should the 59.2-cent average through July hold for the rest of the year, the total payment would come to 16.7 cents, and producers could expect a final settlement of 10.3 cents above the advance.

But Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, thinks the final payment may be well above that level. "U.S. prices have been in a freefall since June, we're harvesting a crop of almost 15 million bales, looking at a carryover in excess of 8 million bales, and the adjusted world

price has fallen to the low 40's. So there's little hope for a return to the 57 to 61-cent farm prices that prevailed earlier," Johnson concludes.

The reported average price dropped from 61.2 cents in June to 58.6 cents in July, and the latest figure, for mid-August, came in at only 55.2 cents. However marketings at the lower July price were only 123,000 bales, and the weighted annual average will drop appreciably. Marketings for the final five months of 1987 accounted for an admittedly unusual 79 percent of the year's total. In a more normal year, 1986, almost 60 percent of the year's volume was recorded in the final five months.

If one assumes an average farm price of 55 cents, and marketings of another 6.5 million bales (about 65 percent of the total) for the remainder of 1988, Johnson speculates, the annual average price would equal about 56 cents and a total deficiency payment of 19.9 cents would be due, 13.5 cents above the advance.

Marketings and price figures through July for 1988 appear in the chart below.

	Marketings (1000 bales)		Prices (¢ per lb.)	
	Monthly	Cumulative	Monthly	Weighted Avg.
January	1,283	1,283	60.6	60.6
February	687	1,970	56.8	59.3
March	388	2,358	57.7	59.0
April	305	2,663	59.4	59.1
May	359	3,022	58.9	59.0
June	314	3,336	61.2	59.2

## South Plains Fair To Begin This Weekend

LUBBOCK - A hypnotist, kid musician, racing pigs and "rock" foods will be among the special attractions scheduled during the 71st annual Panhandle-South Plains Fair here September 24 - October 1.

General manager Steve L. Lewis said that Ken Whitener, billed as "world's funniest hypnotist," will be making a return engagement on the outdoor stage at 6:30 p.m. and 8:30 p.m. daily throughout the eight-day run.

Whitener, who appears extensively at fairs, festivals, colleges, universities and comedy clubs, was a hit here last year. He graduated from the University of Dallas with a degree in drama and theater and a minor in psychology. He has a mail order business marketing self-motivation tapes and offers a series of tapes for children on confidence, achievement, emotions, shyness, bed-wetting, nail-biting and other topics.

"Shenandoah" a group of youngsters ranging in age from 11 to 16 is scheduled to perform on the outdoor stage at 5:30 p.m., 7:30 p.m. and 9:30 p.m. daily. The multi-talented group of brothers and sisters from Las Vegas, Nev., play a variety of instruments in gospel, patriotic and contemporary music. In the past two years, they have played to more than 10 million persons.

Hedrick's racing pigs and petting zoo will return. The petting zoo offers a wide range of exotic animals and will be open daily. The racing pigs will run five times

each day next to the Broadway entrance at Fair Park.

Also on tap will be a display of rocks that look like food. The exhibit includes river rocks that look like baked potatoes and a handful of mustard-brown pebbles that resemble macadamia nuts. The "hard rock cafe" is the creation of Arless and Margaret Nixon of Phoenix, Ariz. "Breakfast, lunch and dinner" arrangements will be on exhibit in the Trade Mart Building daily.

Lubbock County 4-H Clubs will sponsor the children's barnyard in the Agriculture building daily. The ever-popular feature includes numerous mother animals and their young in an educational setting. Club members will be on hand to answer questions.

Seven stage shows also have been arranged for Fair Park Coliseum, beginning with 4 p.m. and 7 p.m. shows on opening day by Dan Seals and Kathy Mattea. The remainder of the lineup includes The Oak Ridge Boys, 4 p.m. and 7 p.m. Sept. 25; Highway 101 and Sweethearts of the Rodeo, 7 p.m. only Sept. 26; Exile 7 p.m. only Sept. 27; Michael Martin Murphey and Holly Dun, 7 p.m. only Sept. 29; Ray Stevens, 7 p.m. only Sept. 30 and Merle Haggard and The Strangers, 7 p.m. only Oct. 1.

Tickets for all shows are \$10 each and all seats are reserved. Tickets may be purchased at the Fair Park Coliseum box office, Luskey's Western Wear or Dunlaps. For further details call 744-9557.

## Social Security Tips

By Terry J. Clements

The Social Security Administration wants to be sure that everyone who is eligible for Social Security or supplemental security income (SSI) payments receives them on time and in the right amount. Before making any decisions about someone's case, we carefully consider all the information we have.

When we decide that someone is not eligible or no longer eligible for payments or that amount of payments should be changed, we send a written notice about our decision. That decision may be appealed, and if it was wrong, we will change it.

There are four steps in the appeals process. Generally, they must be taken in order. They are: (1) reconsideration, (2) hearing by an administrative law judge, (3) review by the Appeals Council, and (4) Federal court review.

A reconsideration is a complete review of the claim by someone who did not take part in the original decision. All the evidence originally submitted will be looked at again. We also will consider any additional evidence submitted.

There are special rules for people who have been receiving benefits because they are disabled and we decide that they have medically improved. In the reconsideration process, they may meet with a disability hearing officer and explain in person why they believe they are still disabled. They also may ask us to continue paying benefits while a decision is

made on the appeal.

There also are special rules for people who were receiving SSI checks and we decide they are no longer eligible or that their payments should be reduced. They may continue to receive payments while we reconsider their case.

Someone who does not agree with the reconsideration decision may ask for a hearing by an administrative law judge. The administrative law judge had no part in either the original or reconsidered decision. The administrative law judge will make a decision based on all available information, including any new information given.

A person who does not agree with the hearing decision may ask for a review by the Appeals Council. The Appeals Council considers all requests for review, but it may deny a request if it believes the decision by the administrative law judge was correct. If the Appeals Council decides the case should be reviewed, it will either decide it or return it to an administrative law judge for further review.

People who do not agree with the Appeals Council's decision may file a lawsuit in a Federal district court. They also may file a lawsuit if the Appeals Council decides not to review the case.

If you ever have any questions about appealing a Social Security decision, please call any Social Security office.

For more information or to file a claim call 293-9623.

New Ideas in Hair Care

Hair care is both much easier and much harder than it used to be. New hairstyling products, from sprays to mousses to gels, make it quick and easy to create styles that are sleek and elegant, lush, long and curly or short and spiky. Still, the very variety of hairstyling options and products can make things confusing.

Just keep in mind hair styling is

an area of beauty care where you can really use your head and come out a winner. Some tips to help you:

- If you have fine hair, it will look best in a blunt cut. Wear it loose, shiny and swinging free, or try a perm for added body.

- Do you have a thin, angular face? You'd probably look good with a high-style geometric cut, or long bangs with sides and the back clipped close. A round face needs a center or side part, with softly curled hair draping the face at the temples and jawline.

- Make your hair spray work

The right hair spray can keep your hair in a style to suit your mood—and the moment.

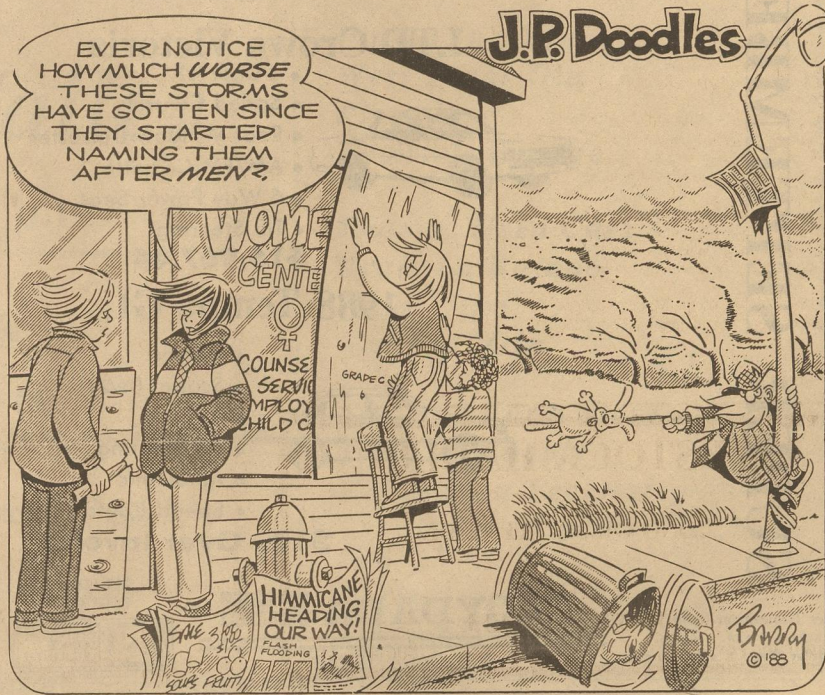

for you. Using a professional quality product such as All Set Hair Spray from DeMert can help make sure hair stays beautifully set in the style that suits your mood, from playful to romantic.

- Considering a hair color change? Your new hair color must match your skin tone and eye color. It shouldn't just be a shade you've seen in a magazine that looked great on a model.

### WORD of GOD

Therefore if any man be in Christ he is a new creature: old things are passed away; behold, all things are become new.

II Corinthians 5:17

Have A Happy Day!

# Fanfare for less than 10¢ a day!

An electric ceiling fan can help circulate the air in your home for more energy efficient cooling and heating and operates for pennies a day.

Electric energy also runs your television for less than 3¢ an hour, brew a pot of coffee for about 2¢ a pot, cook a couple of meals in your oven for just 20¢ and cleans the dishes for 6¢ a day.

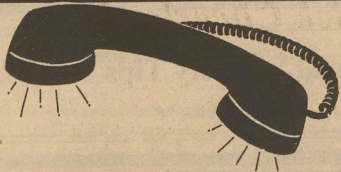

When you add it all up, electricity is a real bargain when you consider all you ask it to do each month, and electricity from WTU is there when you need it.

Remember REDDY supplies the energy — but only YOU can use it wisely!

God Bless You!

**NOTICE TO PUBLIC OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS**

and is available for public examination and copying upon request in the office of the City Secretary between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.

CITY OF ROARING SPRINGS  
P.O. BOX 247  
ROARING SPRINGS, TEXAS 79256  
(806) 348-7231

### Public Comments on Finding

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about October 8, 1988, the above-named City of Roaring Springs will request the Texas Department of Commerce to release Federal funds under Title I of the Housing and Community Development Act of 1974 as amended, to be used for the following project:

ACTIVITY  
Water and Fire Improvements

TEXAS COMMUNITY DEVELOPMENT PROGRAM  
1987 Texas Department of Commerce Contract

Project to be located in the city limits of Roaring Springs, Motley County, Texas within Enumeration Districts #18. A more detailed description of the project and a map showing the specific locations of the proposed improvements is available for public examination at City Hall, Roaring Springs, Texas.

### Finding of No Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above-named City of Roaring Springs has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such Statement are as follows:  
**WATER AND FIRE IMPROVEMENTS** - It is the major intent of the City of Roaring Springs to install much needed water and fire improvements in the community. The project will increase the capacity of the system and the level of service now available. Construction activities will produce certain amounts of very limited air and noise pollution during that phase. No major increases in traffic or auto exhaust pollution are expected.

An Environmental Assessment respecting the project has been made by the above-named City of Roaring Springs which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Assessment is on file at the above address

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City of Roaring Springs, to the office of the undersigned. Such written comments should be received at City Hall on or before October 7, 1988. All such comments so received will be considered and the City of Roaring Springs, will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

### Release of Funds

The City of Roaring Springs will undertake the project described above with Community Development funds from the Texas Department of Commerce under Title I of the Housing and Community Development Act of 1974. The City of Roaring Springs is certifying to TDOC that the City of Roaring Springs and Eugene Watson in his official capacity as Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental assessments, decision making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval the city of Roaring Springs may use the Texas Community Development Program funds and TDOC will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

### Objections to State Release of Funds

Texas Department of Commerce will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved by TDOC; or (b) that applicant's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (234 CFR Part 58.75) and may be addressed to Texas Department of Commerce, P.O. Box 12728, Capitol Station, Austin, Texas 78711.

Objections to the release of funds on basis other than those stated above will not be considered by TDOC. No objection received after October 24, 1988 will be considered by TDOC. The Chief Executive Officer of the City of Roaring Springs is Eugene Watson.

The counsel of the Lord standeth for ever, the thoughts of his heart to all generations.

## NEWSLETTER

have enjoyed, it's not surprising that we have such a fine start to our school year.

The 1988-89 school year has started off as smoothly as any school year ever, and the administration, faculty, and staff offer our thanks to the patrons, parents, and to the students for helping make our school have such a positive learning environment for our students.

The recent improvements on the football field and track could not have been possible without the hard work of several individuals. A special thanks should go to Kenneth Marshall, Alvin Alexander, Randy Barton, Larry Clifton, Billy Johnson, Jim Cooper, Leslie Jameson, Sonny Russell, Bob Davis, Bill Jameson, Dennis Jones, Joe Farley, David Taylor, Richard Martin and Charlie Johnson but others have also made major contributions as well.

The coaches helped keep the field alive by watering all summer long; Jesse Turner and West Texas Utilities provided assistance by providing a computer print out to set the lights; Clay Jameson and the Highway Department provided a bucket truck to set the lights and a roller to pack the field; and so forth.

Others have helped also by just providing the encouragement and having faith in us that the job would be done on time. To all of you, Motley County I.S.D. THANKS YOU. With the type of community involvement and support we

We would like to congratulate the Motley County Matadors and coaches on a great start in football this season. Each of you deserve a "STAR" for your performance, your effort and the spirit you have shown so far. We are looking forward to the game with Valley to be played in our beautiful new facility Friday night at 7:30 p.m. This will be the first District game - EVERYONE COME OUT AND CHEER THE MATADORS ON TO VICTORY!

## Topics from Tricia

The Matadors played another great game Friday night against the Aspermont Hornets. They won by 40 points. Friday night the Matadors play at home again, against the Valley Patriots. The game will begin at 7:30 this is the first District game of the season. Come out and support them on Friday night!

Jr. High Football will be played at Valley Thursday night at 5:00 p.m. This is the first football game for the Mavericks. Everyone needs to support the Mavericks at Valley!!

Pictures were taken Monday, Sept. 19. Things are already getting busy this year. The Seniors are already trying to decide where to attend college, what college test to take again; ACT or SAT; we are beginning to think about graduation and other things.

The FHA will be preparing supper for the Ladies Night out. Don't forget about making the dish that you are suppose to.

GOOD LUCK MAVERICKS AND MATADORS ON YOUR GAMES THIS WEEK!!
