

Planning HD Tea

Planning the tea which is a part of their observance of National Home Demonstration Club Week are, left to right, Mrs. Eugenia B. Toland, Howard County agent; Mrs. Sam Armstrong of Coahoma, publicity chairman; Mrs. H. S. Hanson, county club chairman; and Mrs. M. M. Edwards of Coahoma, National HD Week chairman.

THDA President Will Speak At Tea

As their part in observance of National Home Demonstration Club Week, Howard County clubs will entertain Monday at a tea in honor of Mrs. R. M. Almarode of Monday, state president. Club members who have been in home demonstration work the longest time also will be honored. The affair will begin at 2:30 in the basement of First Baptist Church and Mrs. Almarode, who is a candidate for a national office this year, will relate her experiences at the national meeting she attended. Mrs. G. W. Ferguson, editor of the Texas Home Demonstration Association's paper, "The Messenger," will review the highlights of the work this year in Texas. Mrs.

Aubrey W. Russell, district agent, also will attend. In the receiving line will be the special guests and Mrs. Shirley Fryar, district vice president, of Knott, Mrs. Sam Armstrong of Coahoma and Mrs. Eugenia B. Toland, county agent. Club presidents will complete the house party. A blue and white scheme, for the THDA colors, will be carried out. The City ED Club is in charge of arranging the table centerpiece. Mrs. M. M. Edwards of Coahoma is in charge of arrangements for the tea. A luncheon for the county commissioners will be held in Mrs. Toland's office at noon preceding the tea.

Music Club To Present Special Program Sunday

Marking the opening of National Music Week observance in Big Spring, the Big Spring Music Study Club is to present a program at 3:30 p.m. Sunday at the First Christian Church. This affair, planned to encourage public participation in the special week, will feature a chorus, a pair of double duet piano selections, and vocal solos. The club has been working on the program for several weeks to make it an outstanding one. Officials naturally are hopeful that there will be a large crowd to hear it. After the program, Mrs. Faw

Brewster, president of the Texas Federation of Music Clubs, who is here to judge the piano tournament, is to be honored at a reception in the home of Mrs. R. V. Middleton. Many churches will take cognizance of the special week in their services Sunday. Throughout the week there will be special programs.

Auxiliary Plans For Scholarship

Plans were made to establish a permanent \$50 scholarship to Howard County Junior College for a senior girl when the American Legion Auxiliary met Thursday evening in the home of Mrs. L. H. Steward, president. The scholarship will become effective in 1953.

The president appointed as the nominating committee, Mrs. Jack Pearson, Mrs. Bert Wall and Mrs. Roland Schwarzenbach. The officer election will be held June 5 in the home of Mrs. Harold Steck. It was announced by Mrs. Wall, treasurer, that the Auxiliary made over \$100 from the Benefit Ball for the Anderson Cancer Research project.

Ladies Aid Plans Dinner At Meeting

Plans were made to honor servicemen and their families at a dinner May 18 when the Concordia Ladies Aid of St. Paul's Lutheran Church met Wednesday. The pastor, the Rev. A. H. Hoyer, offered the invocation. It was announced that the Lutheran Women's Missionary League will hold a spring rally May 7 at the church. Representatives will attend from the surrounding area and dinner will be served.

Wilson's Announce Birth Of Baby Son

Mr. and Mrs. Odell Wilson are the parents of a son born at 12:58 a.m. Thursday morning. The baby weighed six pounds, twelve ounces and was born at Big Spring Hospital. The baby is the first child for the Wilsons. His father is employed at The Herald.

Benefit Party Held By Altar Society

About \$200 was cleared for the building fund when the Altar Society of St. Thomas Catholic Church held a benefit party at the church hall Thursday night. Game prizes were awarded to A. V. Madden, Leo T. Klump, Lieut. John W. Holmes, A. B. Ronald Phillips and Helen Gray. Refreshments were served to 130.

Two 4-H Members To Attend District Meet Saturday

Two Howard County 4-H Club members will be in Lubbock Saturday for the district elimination contest. They are Connie Crow, a member of the Clover Leaf Club, who will model a dress in the dress review; and Betty Davis, a member of the Coahoma Senior 4-H Club, will give a dairy food demonstration. Miss Crow, who won second place in the state dress review last year wearing a linen suit, will model a

blue pima broadcloth dress. She has earned the right to appear in Lubbock by winning the county dress review held in April. The five highest winners in the review, judged in a closed morning session, will go to the state meet. Miss Davis will give an individual demonstration on how to make a pink party roll. Only the first highest in this division will be eligible for the state meeting and Miss Davis became eligible by winning the county demonstration.

FHA Elects New Officers; Darja Ricker Entertains

GARDEN CITY, (Sp1) — Genny Lynn Gandy was elected president for the coming year when the Garden City FHA met at the school Friday afternoon. Genny Lynn is a junior in high school and has been active in FHA work for the past three years. First vice president will be Imogene McNew, second vice president will be Doralee Schafer. Jan Burns will serve as treasurer and Theora Calverley, secretary; La Trelle Venable, parliamentarian; Lynda Smith, historian; Ruby Overton, reporter; Betty Dahan, song leader; and Sandra Wilkerson, pianist.

Attending the party were Dorothy Jean Morehead, who has been head of the home economics department of the Garden City High School for the past two years. Darja Ricker entertained a number of friends with a slumber party Friday evening at her home in Garden City. After a picnic supper the group attended the Midland-Garden City softball game at Garden City. Sponsoring the party were Dorothy Lee Shoffstall, Gladys Reynolds, Genny Lynn Gandy, Connie Scudday and Theora Calverley.

Junior Tri-Hi-Y Holds Installation, Induction Thursday

While a score of parents looked on, officers and members of the Junior Tri-Hi-Y Club were inducted at the YMCA Thursday evening. Installed as president and in charge of the ceremonies was Nancy Smith. Other officers were Ginger Hatch, vice president; Nita J. Hedleston, secretary; Nancy Pittman, treasurer. Sponsor is Betty Gray; and Mrs. K. H. McGibbon is chairman of the advisory council for the club. Fifty-five members were inducted into this new organization for girls of junior high age. Afterwards, there was a reception for the parents. About 20 attended.

AAUW Elects New Officers Thursday

Dolly Benson presented the nominating committee's report when members of the Big Spring branch of the American Association of University Women met for a picnic Thursday evening in the home of Mrs. Ruth Burnam, president. By acclamation, Eulalia Mitchell was elected vice president, and Pat Schueke was elected treasurer of the group. Nell Brown, representative to the City Federation, reported on that group's activities. Betty Peem offered suggestions for making new teachers feel more welcome in the first few months of school. About 20 attended.

Sally Smith Wins Highest SMU Honor

Sally Smith, daughter of Mr. and Mrs. Roy E. Smith of the VA Hospital, has been named outstanding senior girl of the year at SMU. A 21-year-old who is the only senior in SMU majoring in Latin, Miss Smith was among 800 students recognized at the annual Honors Day convocation. She won the Decima Lanterna award signifying the outstanding senior girl and was one of the two to receive the Alpha Lambda Delta senior book awards. Counting her high school work, Miss Smith has had eight years of Latin study. She is chairman of the student elections committee. She was crowned Aquagness of the YMCA swimming carnival held here last August.

Methodist Bishop To Speak Sunday On Radio Network

From San Francisco, Calif., and the 18th session of the general conference of the Methodist Church will come the radio network broadcast of the Protestant Hour for Sunday morning. This special program will present a message to Methodism from the new president of the Council of Bishops, Bishop Fred Pierce Corson of Philadelphia, and excerpts from the Episcopal address by Bishop Paul Bentley Kern of Nashville, Tenn.

Music and worship for this "on the spot" presentation of Methodism's lawmaking gathering will be from the session of the Conference itself. Thus a feeling of being at the General Conference will be given to the million of listeners on the 180 station network of the Protestant Hour. Bishop Paul B. Kern, who will be heard in the sermon of the morning wrote the Episcopal Address to the church and read this message on the "general state of the church" to the opening session of the Conference.

The Methodist Series of the Protestant Hour and this special program may be heard over station KTXC at 9:30 a.m. and Radio Station WFAA at 7:30 a.m.

Third Grade Pupils Fly To Sweetwater

Nine third grade students of West Ward School flew to Sweetwater Thursday morning on an educational air tour. The students were Barbara Welmer, Velena Woods, Barbara Ann Smith, Sharon Peach, Leon Oerrine, Tommy Wilkerson, Joyce Lann, Dan Feather and W. L. Nowell. They were accompanied by their teacher, Mrs. Doris Stevens and Mrs. Fred Wilkerson.

Training Union Has Wiener Roast

Members of the Junior Partners Training Union of the Baptist Church met at the Baptist Encampment recently for a wiener roast. Ariene Bradford was in charge of the program and others taking part were James Danny, Orylle Bryant, Gaylen Bradford, Isla Fay Cothran and Clyde Clark. About 40 attended.

MENU FOR TOMORROW

SATURDAY LUNCH
Chicken-Rice Soup
Raw Vegetable Sandwiches
Peanut Butter Refrigerator Cookies*
Beverage
(Recipe for Starred Dish Follows)
Peanut Butter Refrigerator Cookies
Ingredients: 1 1/2 cups sifted flour, 1/4 teaspoon baking soda, 1/4 teaspoon salt, 1/2 cup chunk-style peanut butter, 1-4 cup shortening, 1 cup firmly packed brown sugar, 1 egg, 1/2 cup evaporated milk.
Method: Sift flour, baking soda, and salt together. In large bowl, cream peanut butter, shortening, and brown sugar; beat in egg. Blend in sifted dry ingredients alternately with milk. Shape dough into 2 rolls, about 6 inches long and 2 inches in diameter. Roll in waxed paper, twisting ends, and chill overnight in refrigerator. Cut into 1/4-inch slices. Place on greased baking sheet. Bake in moderate oven (375°) over 12 minutes, or until light brown. Remove from baking sheet at once. Cool on rack. Makes about 4 dozen cookies.

DESIGNING WOMAN

Let Children Select Their Own Pictures For Walls

By ELIZABETH HILLIER
The best pictures for a child's room can be empty frames, always ready for a change of picture subject that the child chooses himself. A very young child's room is a room for rest and sleep and should be done in quiet colors and with few and simple decorations. As the child grows older, his room is a play room and can add bright color and gay decoration. As he goes on in school, his room becomes a study and a hobby room, usually filled with odd and wonderful objects he collects. The child is hardly on his feet before he is interested in pictures, and they should always be important in his room's decoration. The pictures he likes change as he does and should change on the walls. Two, three or more simple frames which permit easy removal and replacement of pictures keep his walls suitably decorated and interesting to him. Let the child choose his own subjects from his picture books, magazine pages, his own art class efforts. Inexpensive prints he studies at school. Most children really want to decorate their walls and enjoy doing it often.

Seal Drive Falls Short Of Goal Set

Mrs. Joe Roberts Jr., chairman of the Easter seal drive of the National Society for Crippled Children and Adults, Inc. has announced that \$923 of the 1,000 goal has been reached. The money has been raised through the sale of Easter seals and various other activities. Forty per cent of the money collected will go to state headquarters in Dallas. This money is used to provide treatment and teachers for handicapped children. Sixty per cent stays in the county and this is used chiefly to provide transportation for the patients and parents to treatment centers. Officially the drive has already closed, but the chapter has until May 13 to make its report.

FHA Sends Delegates

KNOX, (Sp1)—Patsy Gay and An Spalding accompanied by Mrs. T. A. Roberts were delegates from the Knox Chapter of the Future Homemakers to the state meeting held recently in Dallas.

Truman Says Nice Things About Ike

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Truman's statement that Gen. Dwight D. Eisenhower is as fine a man as ever walked brought a "thanks very much" reaction today from Republicans backing the general for the GOP presidential nomination.

"The President put it accurately and what he said will help our cause," said Sen. Morse of Oregon, an Eisenhower man.

In the wake of Truman's praise, however, came a demand from Sen. Green of Rhode Island, an administration supporter, that the general say publicly whether he favors a 6 1/2 billion dollar cut in defense and foreign-aid spending as advocated by an Eisenhower-for-President leader, Sen. Carlson of Kansas.

Carlson told a reporter he was expressing "in my own words" in calling for the reduction in a Senate speech yesterday. But he added that on Wednesday he had mailed a copy of the speech to Eisenhower in Paris.

"I just thought he might be interested in my views," Carlson said.

At his news conference yesterday Truman was asked what he thought of a report that Eisenhower was a sick man. He is not anything of the kind, the President said. Then he added that Eisenhower is as fine a man as ever walked.

Eisenhower, the President said, is just beginning to find out what happens in politics, and the attacks on him now are mild.

While Morse and other Eisenhower supporters felt the President's praise would help their candidate, none of them doubted that Truman meant just what he said recently in declaring he plans to work as hard to elect a Democratic President as though he were running himself.

At the news conference, Truman said that if he should be nominated by the Democrats as their presidential candidate he would not run; he would say no.

There has been some talk in the party that Truman might accept a "draft," even though he announced March 29 he was out of the race.

Asked whether he would go as far as Gen. Sherman of Civil War fame and say he would not serve if elected, the President replied he could not be elected without accepting the nomination.

Shortly before Truman met with

1,468 Affected By Suspensions For Accidents

By BO BYERS
AUSTIN, May 2 (AP)—Driver's license and car registrations of 1,468 persons have been suspended in Texas since Jan. 1 because the drivers were unable to pay for traffic accident damages.

The suspensions were reported yesterday by Chief J. B. Alderdice of the Department of Public Safety Responsibility Division.

Alderdice said 8.4 per cent of the drivers who had to report accidents the first three months of this year were unable to meet liability requirements under the new drivers financial responsibility law.

This meant that 1 out of every 12 drivers lost his license and had to give up his car license plates.

The law requires drivers to report accidents causing \$100 property damage or personal injury. They must be able to prove ability to pay damage claims up to \$15,000 or lose their right to drive.

The average amount of security needed to cover damage claims on accidents the first three months of this year was \$400. A total of 15,838 drivers involved in accidents proved ability to pay.

"We think the act is accomplishing its purpose—making the person responsible for the accident pay for the damage to get a release from the innocent party," Alderdice commented.

Maybe He Will Be Dead After This

KING'S LYNN, Eng. (AP)—Pvt. Anthony Rose is being held for trial on a charge of forging his own death certificate.

Rose admitted yesterday he went home from the Army, fixed up the document to show he was dead and sent it to his commanding officer.

IB

By JOHN M. HENDRIX
A brand that dates back to the early 1840s is the IB registered by Isaac Boyce in Burnet County. Burnet County was the home ranching grounds of many of the old trail drivers that have made trail driving history for Texas and the Southwest, and is often mentioned in the stories and annals of early day cattle Texas.

Reds Refuse UN Deal

By ROBERT S. TUCKMAN
MUNSAN, Korea, (AP)—Communist negotiators today refused to agree to a United Nations Command package proposal for settling the Korean armistice deadlock.

The Red reply was given in a secret full dress session of armistice delegations.

The chief negotiators scheduled another meeting for tomorrow at 11 a. m. 9 p. m. Friday EST. This gave rise to speculation the Communists may have offered a compromise plan.

But Vice Adm. C. Turner Joy, chief United Nations delegate, and Brig. Gen. William P. Nuckols, UN Command spokesman, refused to say what happened in the 75-minute session at Panmunjom.

"I regret I have no comment to make," Joy said.

Nuckols told newsmen it was "obvious that no agreement was reached."

Chief problems blocking an armistice are how to exchange prisoners of war, Russian participation, truce supervision, and rehabilitation of military airfields during a truce.

Nuckols said North Korean Gen. Nam Il, the Reds' No. 1 negotiator, did most of the talking. It was the first meeting of the main armistice delegations since they recessed Monday to permit the Communists time to study the Allied plan.

Asked if the discussion was on the basis of the Allied "overall solution," Nuckols replied "that is the only topic for discussion."

Later, however, he called newsmen together to correct what he called an "erroneous impression" that no other topic was discussed.

Asked if the Reds had submitted a counterproposal, Nuckols said: "I cannot answer that, obviously."

Two Destroyers Hit By Red Shore Fire

SEOUL, May 2 (AP)—Two American destroyers were damaged slightly by Communist shore batteries in a gun duel Wednesday afternoon in besieged Wonsan harbor on Korea's East Coast, the Navy announced today.

The Navy said it was the longest ship-to-shore artillery duel of the Korean War.

The Navy did not say whether there were any casualties.

Guns on the destroyer Maddox were splashed by spray from 125 near misses. Several shrapnel holes were found on the ship.

The destroyer Laffey, which moved in to support the Maddox, reported 170 rounds of Red gunfire hit near the ship.

The Maddox and Laffey together fired 730 rounds at the shore guns. (The North Korean Radio at Pyongyang said shore batteries at Kosong on the East Coast damaged a United Nations destroyer Thursday.)

The Air Force reported 22 U. S. Sabre jets jumped four Communist MIG-15s today and probably destroyed one Red jet.

Slower F-86 Thunderjets engaged four MIG-15s but made no claims. Both flights were in Northwest Korea.

Allied warplanes attacked rail lines in the western sector of North Korea while fighters-bombers teamed with the First Marine Air Wing

in hitting Red revetments along the battlefield.

The Air Force said the vital Red rail line between Chongju and Sinanju was cut in 60 places. Sabre jets flying protective cover attacked a supply train near Chongju. Pilots said they destroyed the locomotive. Twenty-five rail cars were damaged.

Sinanju and Sinuiju are in extreme Northwest Korea.

Fighter jets sighted no Russian-made MIG-15s.

On the ground, action was light but the weather was hot. The temperature hit 90 degrees Thursday.

May Day passed with only light contacts. But the Reds harassed Allied positions with the heaviest artillery and mortar fire in months. Nearly 60,000 rounds were hurled in Allied lines. Most of the fire was concentrated Northeast and West of the Punchbowl on the Eastern Front.

List Crash Survivor

TARPON SPRINGS, Fla. May 2 (AP)—Alrman Second Class George D. Hill, Amarillo, Tex., was listed as one of seven survivors after a B-29 bomber crashed in the Gulf of Mexico yesterday during low level gunnery practice.

Seven other airmen were missing.

Britain Recruiting On 22-Year Basis

LONDON (AP)—Britain is recruiting its military forces on a 22-year basis.

Enlistments, however, have a loophole under regulations which went into effect yesterday. Military personnel can drop out at the end of any three-year period by giving six months' notice.

For members of the Women's Royal Army Corps it is even easier. They can drop out anytime just by getting married.

AFRAID to Eat Favorite Foods?

—because of Acid Indigestion?

Must you avoid certain favorite foods because they cause your stomach, gas, heartburn? Then do as millions do. Carry a roll of Tums in pocket or purse. Special Musical Numbers To Denote Music Week At Two Local Churches

BILL COOK

As a tribute to the 29th consecutive National Music Week, two churches will have special musical numbers Sunday morning.

At several of the Baptist churches there will be special observance and another church will welcome the return of its pastor from a conference meeting.

BAPTIST
Bill Cook, youth evangelist from Hardin-Simmons University, will be the speaker for the youth rally at Airport Baptist Church Saturday at 8 p.m.

Cook is a 1950 graduate of Big Spring High School and is the son of Robert Cook of Big Spring. He is president of the Chapel Choir at Hardin-Simmons and is a member of the Baptist Student Union, Life Service Band, Inner Club Council, Ministerial Council and Religious Drama.

Also making the trip will be James Robinson of Dallas, Jimmy Hirata of Hawaii, Barbara Rutherford of Fort Worth, Carmen Bonner, Delores Williamson of Eastland, Jim Matthews of Chavis, N. M. and Elena Donald of Goodnight.

The group will also have charge of the Sunday morning service at the Westside Baptist Church and the Sunday evening service at the East Fourth Baptist Church.

At the morning services of the First Baptist Church, Jackie Robinson of Olympic fame will preach Sunday evening, the pastor, Dr. P. D. O'Brien will discuss "God Calls

Three Times" based on the text John 11:28.

The Rev. W. P. Kirk, pastor of the Lees Baptist Church, will speak Sunday morning on "We Preach," based on the text Romans 10:15.

Sunday evening his topic will

JACKIE ROBINSON

be "Daniel's Vision," Daniel 8, Saturday from 11:30 to 11:50 a.m. The pastor will speak over Radio Station KTRC, his subject will be "Words."

CATHOLIC
The Rev. William J. Moore,

OMI, will conduct masses at 7 and 9:30 a.m. at St. Thomas Catholic Church. Rosary will be recited at 5 p.m.

Masses will be said by the Rev. Paul Halley, OMI, at 8 and 9:30 a.m. at the Sacred Heart (Latin-American) Catholic Church.

FIRST CHRISTIAN
George Brown, a representative of the Texas Missionary Society, will speak at the morning services of the First Christian Church. That evening the minister, Lloyd Thompson, will tell his congregation about "The Blessed of God."

CHRISTIAN SCIENCE
The Bible illustrates that thought is spiritually regenerated and sin and suffering are destroyed when men allow themselves to be directed by God. This is one of the points brought out in the Lesson-Sermon "Everlasting Punishment" to be read in the Christian Science Church Sunday. Selections from Romans and Isaiah in the Bible and from "Science and Health With Key to the Scriptures" by Mary Baker Eddy will also be read.

CHURCHES OF CHRIST
T. H. Tarbet, minister of the Church of Christ, E. 4th and Benton, will begin the first in a series of five sermons Sunday morning on the theme "New Testament Christianity is Rational and Practical." His topic will be "It is Possible for Anybody to Live It." That evening he will discuss "A Rational Plan for Salvation."

"Thou O Lord Knowest Me" will be the morning subject of Jimmy Record, minister of the Ellis Homes Church of Christ. That evening he will tell the congregation to "Count Your Blessings." The church will be in charge of the services at the VA Hospital each Sunday afternoon in May.

CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS
Members of the Church of Jesus Christ of Latter Day Saints will meet in the Girl Scout Little House Sunday at 10 a.m. for Sunday School.

CHURCH OF GOD
The Rev. George Harrington, pastor of the Main St. Church of God, will speak Sunday morning on the topic "Things That Can't Be Bought." At the 8 p.m. service he will discuss "Praying Saints." There will be services for all age groups at 7 p.m. prior to the sermon.

CHURCH OF THE NAZARENE
The Rev. Lewis Patterson, pas-

tor of the Church of the Nazarene, will tell the morning congregation of that church of "Seeking Christ." "Power of the Spirit" will be his evening topic.

ST. MARY'S EPISCOPAL
There will be an observance of Holy Communion at 8 a.m. Sunday at St. Mary's Episcopal Church. Church School services will follow at 9:45 and the morning worship and sermon will be at 11 a.m. At 6 p.m. the YPF will meet and at 7 the instruction class will be held in the study of the rector, the Rev. William Boyd.

ST. PAUL'S LUTHERAN
Following the Sunday School and Bible Class at 10 a.m. the morning worship at St. Paul's Lutheran Church will be held at 11. The pastor, the Rev. A. H. Hoyer, will use as his sermon theme "Jesus in Our Afflictions."

METHODIST
The Rev. Albie H. Carleton will

give as the communion meditation Sunday morning at the First Methodist Church "The Meaning of the Sacrament of the Lord's Supper." The special music will be dedicated to the National Music Week observance and a trio composed of Mrs. J. W. King, Mrs. H. G. Keston and Mrs. Don Newsom will sing "A Hymn to Music."

Using as his text Revelation 19:11-16, the Rev. Marvin Fisher, pastor of the Wesley Memorial Methodist Church, will speak Sunday morning on "The Leader We Need." His evening topic will be "The Life That Has Wings" based on Psalms 55:6.

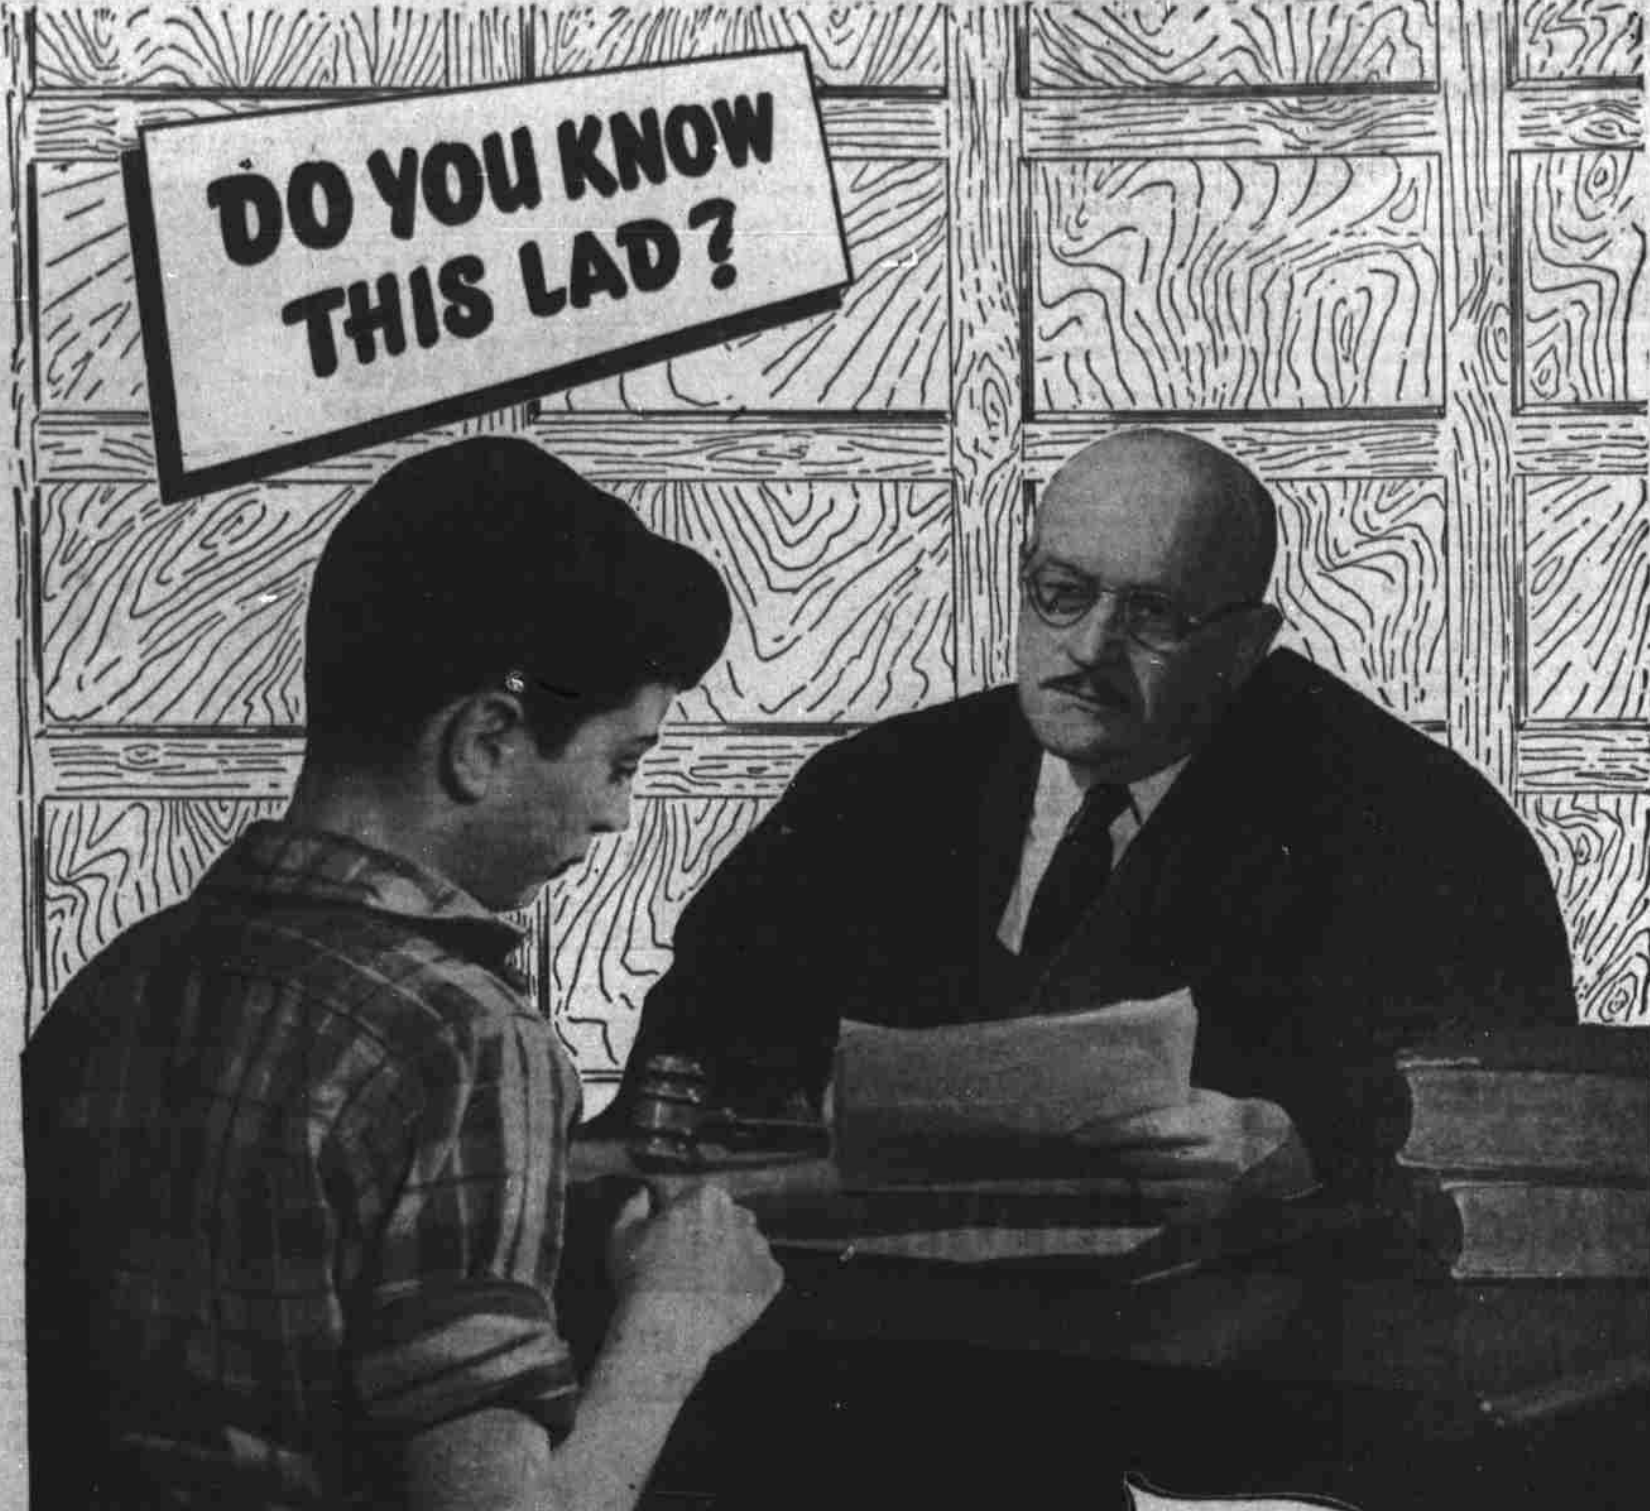

FIRST PRESBYTERIAN
Basing his sermon on the text, "For he that soweth to his flesh, shall of the flesh reap corruption, but he that soweth to the spirit reap life everlasting," Galatians 6:8, Dr. R. Gage Lloyd, pastor of

the First Presbyterian Church, will tell the congregation Sunday morning about "Sowing and Reaping." A quartet will sing "Create in Me A Clean Heart," in observance of National Music Week and the service will be broadcast over Radio Station KBST. That evening the Rev. Harvey Lasenby, associate pastor, will speak on "Living in a Big Room" based on the verse "Thou hast set my feet in the Lord's room" from Psalms 11:8. The Junior Choir will sing "Helpers of Jesus."

TEMPLE ISRAEL
Sam Bloom will speak at services this evening at Temple Israel at the Eberly Funeral Home Chapel.

BUILDERS BIBLE CLASS
The non-denominational Builders Bible Class will meet in Carpenter's Hall at 8:30 a.m. Sunday morning. Coffee and doughnuts will be served prior to the lesson.

Welcome To
MAIN STREET CHURCH OF GOD
10TH AT MAIN
Radio broadcast of the Christian Brotherhood Hour each Sunday at 8:30 a.m. over Station KBST
Bible School 9:45 a.m. Preaching 10:50 a.m.
Fellowship Services For All Ages 7:00 p.m.
Evening Services 8:00 p.m.
Wednesday Prayer Meeting 8:00 p.m.
"A Friendly Church Where Salvation Makes You A Member."
George R. Harrington, Pastor

He could be your boy or the boy next door—this solemn-faced youngster trembling before a judge in the court of justice. His offense may have been small—or extremely serious. But he has been in the wrong and he must answer for his misdeed.

Yet the blame might be placed on neglect—neglect of his parents to provide healthy outlets for his exuberant energies, neglect in occupying his free time with constructive interests, and neglect in providing a spiritual background.

Many parents fail to realize that proper spiritual guidance as well as physical and mental training can prevent just such predicaments as this. A child of religious background, well-educated in the basic ideals of Christianity, will not wilfully commit a crime against society.

Where does your child stand—alone? Or are you, his parents, with him all the way, your hands joined with his and with your unseen Father above?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his children's sake, (2) For the sake of his community and nation, (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday Proverbs	20	11-20
Monday Isaiah	32	1-6
Tuesday Isaiah	35	6-13
Wednesday Matthew	7	7-17
Thursday Matthew	10	1-6
Friday Galatians	2	1-10
Saturday Titus	2	1-8

Reds Snub Japanese Newsmen in Korea
PANMUNJOM, Korea. (AP)—The Communists today snubbed Japanese newsmen on their first visit to the Korean truce talks.
Nine Japanese correspondents accredited to the United Nations Command, made their first trip to Panmunjom.
The Japanese newsmen said they were particularly interested in learning the attitude of the Communists in view of Moscow's recent friendly overtures to Japan.
But the Communists pointedly refused to talk to the Japanese.

Retail Food Prices Increase in April
WASHINGTON, May 2 (AP)—The retail price of food moved up seven-tenths of one per cent during the first two weeks in April, the Bureau of Labor Statistics has announced.
It said yesterday the rise in the food index to 229.8 was due mainly to higher fresh fruit and vegetable prices. Fruits and vegetables rose 6.3 per cent to the highest level since April, 1952.

Women Voters See Candidates, Think Next President Absent

By JACK BELL. CINCINNATI (AP)—The League of Women Voters looked over five candidates and a stand-in last night, but there was a strong suspicion among its members today that the next President wasn't there.

Samsonite LUGGAGE! Strong enough to stand on! Microcote dirt-proof, scuff-proof covering, solid brass fittings, luxurious, long-wearing linings and shock absorber handles.

nobody was surprised by what happened except where spontaneous applause broke out from the audience of 3,500, mostly women. The candidates who sounded off on schedule were Gov. Earl Warren of California and former Gov. Harold E. Stassen of Minnesota, Republicans; and Sen. Estes Kefauver of Tennessee, Sen. Robert S. Kerr of Oklahoma, and W. Averell Harriman of New York, Democrats.

The major missing candidates were Ohio's Sen. Robert A. Taft and Gen. Dwight D. Eisenhower. Gen. Eisenhower was represented by Paul G. Hoffman, former economic administrator. Taft had no representative in the meeting which was held in Taft Auditorium, a hall named for his father, former President William Howard Taft.

Hoffman got a good hand, possibly the best of the evening, when he was introduced as reflecting the views of Eisenhower but not tagging any statements he made as being those of the general.

Harriman, who has the "favorite son" support of the hefty New York Democratic delegation, came up with the newest suggestion, creation by Congress of an "inspector general" who would have broad powers, including the delving into-income tax returns, to ferret out corruption in Washington.

Taft's absence from the meeting and the league's dispute with him over whether he should be represented, didn't seem to detract from the Ohio senator's popularity among some of the delegates who spotted conspicuous Taft for President buttons.

Part, campaigning in the north-ern part of the state, said he had previous dates and offered to send a stand-in. But the league's officials ruled that only a candidate who was out of the country—only Eisenhower in this case—could be represented by proxy.

Sen. Richard Russell of Georgia, busy trying to beat Kefauver in Florida's popularity primary next Tuesday, accepted this ruling without complaint, but Taft called it "unfair." His supporters made it plain that the Ohioan wasn't going to be caught participating in a program where Eisenhower was represented only by a deputy.

New American Legion Officers

These new officers were elected Thursday night by the Big Spring American Legion Post. In the top picture are, left to right, Leslie Steward, third vice-commander; Sidney Johnson, second vice-commander; and Jack Pearson, retiring commander who becomes a member of the executive board.

Rankin Succeeds Howe As Bridge Engineer For T&P

DALLAS, May 2—C. P. Howe, of Dallas, a veteran of 47 years railroad service and bridge engineer for the Texas and Pacific Railroad, retired effective May 1.

Howe is succeeded by A. G. Rankin, an assistant engineer in the bridge department of T&P's Dallas general offices. Graduating from Massachusetts Institute of Technology with a Bachelor of Science Degree, Howe entered the engineering field in 1906.

Rankin, who has 23 years railroad experience, entered T&P Railway service May 1, 1928. From 1938 to 1944, he was designing engineer for the Texas State Highway Department, returning to service with the Texas and Pacific May 1, 1944, as assistant engineer. A graduate of Vanderbilt University, he holds a Bachelor of Engineering Degree.

MP Must Have Been A Big One

PANMUNJOM, Korea (AP)—Only a few minutes after Red guards stopped an Army photographer, Sgt. Edward Doyle Jr., from taking pictures of the Communist truce delegation, a Red photographer tried to snap Brig. Gen. William P. Nuckolls briefing Allied correspondents.

An American military policeman ordered him away. The Communist stood on a chair and continued snapping pictures. The M. P. shook him off the chair. The Communist picked up the chair and waved it over his head, then took a second look at the M. P.—and set the chair down gently.

Security officers huddled briefly and agreed to bar correspondents and newsmen from approaching within hearing distance of the conference tent during meetings.

WASHINGTON, May 2 (AP)—By a five-vote margin the House yesterday balked at lopping \$50 million dollars from the soil conservation program for the 1953 crop year.

House Fails To Cut Conservation Funds

The vote followed a warning by Speaker Sam Rayburn that a serious future flood problem would face America's growing population if the nation's soil is not conserved.

Warning Against Profane Living

JESUS TAUGHT MEN TO "SWEAR NOT AT ALL" Scripture—Exodus 20:7; Matthew 5:33-37; 23:16-18; Mark 7:1-4; Luke 6:40; 11:1-4.

By NEWMAN CAMPBELL. WAS THERE ever a time when profanity was so much used as today? Two men may be walking along a street together and talking quite quietly, but every time one speaks his words are interspersed with "oath" words.

Even women swear frequently, and both men and women appeal to their Maker in the expression, "My God," when they have received a small surprise or shock.

What is the cause? The world is a rough, tough place nowadays. We all have seen or heard of so much cruelty and suffering that we have allowed ourselves to use coarse language and profanity habitually in our common speech.

The third commandment Moses read to the people of Israel when he came down from Mt. Sinai after communing with God was: "Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh His name in vain."

The name God stands for the Maker of us all; He who made heaven and earth and all the wonders thereof. He made man and gave him the power to think, to develop into a godlike being who can help Him to make the world a better place in which to live.

Grandma Ain't Doin' Walking, Horse Is!

Editor's note: Mrs. Pauline Buffalari, whose husband is making a horseback trip from Norfolk, Va., to Washington, D. C., to deliver anti-Communism messages, is being on Voice of America broadcast in the next "Country Courier." Her husband gives a horse's eye view of the ride.

By BING, A PINTO HORSE. As told to The Associated Press by GARRISONVILLE, Va. (AP)—Grandma Buffalari and I left here bright and early this morning, still trying to make a little distance on that trip to Washington.

Pauline is asked by somebody how far we still have to go. She laughs and says, "only 34 miles." I would like to ask Pauline a little question and that is, who is having to walk this "only 34 miles," you or me?

Grandma Buffalari, she just sits in the saddle and rides and does the talking, and she says she will be in Alexandria by Saturday, but I'm doing the walking and I say it will be a living wonder if we get there by next Christmas, or ever.

So yesterday we get all the way from Stafford Courthouse four miles to this place and everybody says, "Mrs. Buffalari didn't get far today," and they say, "Mrs. Buffalari was hot and tired."

Yesterday I got a pebble in my hoof and it hurt bad until Grandma finally caught on and took me to a blacksmith. If those letters Grandma is carrying ever get to Washington and if they ever read them over the Voice of America, do you reckon they will mention old Bing over the radio? I could tell Uncle Joe a thing or two.

Nobody has even asked me to talk over the telephone. Pauline, she does all the talking, and you know who does all the walking. Do you know any good stables in Washington? My feet are killing me!

Water Compact Group Will Meet in Dallas

DALLAS, May 2 (AP)—The Texas-Louisiana Water Compact Commission was to meet here today to discuss Sabine River water use.

John Simmons, Orange, Tex., is the Texas member of the commission. Col. J. Lester White is the Louisiana member, and Col. Louis W. Prentiss, southwestern division engineer, U. S. Army Corps of Engineers, is the federal member.

Warning Against Profane Living JESUS TAUGHT MEN TO "SWEAR NOT AT ALL" Scripture—Exodus 20:7; Matthew 5:33-37; 23:16-18; Mark 7:1-4; Luke 6:40; 11:1-4.

MEMORY VERSE "Thou shalt not take the name of Jehovah thy God in vain."

By NEWMAN CAMPBELL. WAS THERE ever a time when profanity was so much used as today? Two men may be walking along a street together and talking quite quietly, but every time one speaks his words are interspersed with "oath" words. Even women swear frequently, and both men and women appeal to their Maker in the expression, "My God," when they have received a small surprise or shock. What is the cause? The world is a rough, tough place nowadays. We all have seen or heard of so much cruelty and suffering that we have allowed ourselves to use coarse language and profanity habitually in our common speech. The third commandment Moses read to the people of Israel when he came down from Mt. Sinai after communing with God was: "Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh His name in vain." The name God stands for the Maker of us all; He who made heaven and earth and all the wonders thereof. He made man and gave him the power to think, to develop into a godlike being who can help Him to make the world a better place in which to live. He is our Father to whom we turn in time of trouble, and to whom we give thanks from our hearts for our mercies. Why, then, should we use His name carelessly and irreverently in the course of general conversation, or mention His name when we are startled—making an exclamation of it? Only in times of deep feeling, and need should we utter that name. Jesus said, "I say unto you, Swear not at all; neither by heaven, for it is God's throne; Nor by the earth; for it is His footstool; neither by Jerusalem; for it is the city of the great King. "Neither shalt thou swear by thy head, because thou canst not make one hair white or black. "But let your communications be, Yes, yes; Nay, nay; for whatsoever is more than these cometh of evil." We need not think our friends are necessarily evil minded because they use profane language in their common talk. It has grown to be a habit, and they do it to prove that they are up-to-date, or to impress others that they are "tough." But isn't it time we had this bad habit called to our attention and did something about it? There are oaths that are not only allowable but beneficial. A man or woman who has been selected or appointed to a position of trust, takes an oath in all earnestness and seriousness, to perform said duty faithfully. A person on the witness stand in court, places his hand upon the Bible and swears to speak the truth, the whole truth, and nothing but the truth. The evil would come if a person took such oaths and then failed to keep them— if he cheated in office or lied on the witness stand. Again Jesus said, "Voe unto you, ye blind guides (the scribes and Pharisees) which say, Who soever shall swear by the temple, it is nothing; but who so shall swear by the gold of the temple, he is a debtor! "Ye fools and blind; for whether is greater, the gold, or the temple that sanctifieth the gold? "And, whosoever shall swear by the altar, it is nothing; but who so shall swear by the gift that is upon it, he is guilty. "Ye fools and blind; for whether is greater, the gift, or the altar that sanctifieth the gift? "Whoso therefore shall swear by the altar, sweareth by it, and by all things thereon. "And whoso shall swear by the temple, sweareth by it, and by Him that dwelleth therein. "And he that shall swear by heaven, sweareth by the throne of God, and by Him that sitteth thereon." Our Lord had all compassion for sinners, the sick and those who were oppressed, but He had only scorn for those who professed holiness, who were very particular that every item of the ritual of their religion should be attended to, but whose actions failed to show that they lived by the spiritual meaning of their faith. Woe to them! He said. The same feeling Christ had for these men He displayed when they came to Him and asked why His disciples ate without washing their hands—a sacred rite with the Jews before eating. "Well hath Isaiah prophesied of you hypocrites, as it is written, 'This people honoreth Me with their lips; but their heart is far from Me.' "What a text for a sermon are Jesus almost despairing words, when He cried, "And why call ye Me, Lord, Lord, and do not the things which I say?" Why, indeed! Are we too like those scribes and Pharisees whom Jesus so harshly criticized? Jesus was at His prayers in, we may surmise, a place apart. One of His disciples waited until He had finished and then begged humbly, "Lord, teach us how to pray." "And He said unto them, When ye pray, say, Our Father which art in heaven, Hallowed (holy) be Thy name. Thy kingdom come. Thy will be done, as in heaven, so in earth. "Give us this day, our daily bread. "And forgive us our sins; for we forgive every one that is indebted to us. And lead us not into temptation; but deliver us from evil."

It is difficult to see how any person who knows himself to be an heir to a fabulous good fortune enduring for eternity should be upset by any earthly trifle. Earthly afflictions are of necessity of short duration, but eternity is a very long time. "Be glad in the Lord and rejoice, ye righteous; and shout for joy, all ye that are upright in heart." Ps. 32:11.

Our Lives Can Be Enriched By Greater Understanding Of Music

Sunday will mark the beginning of National Music Week observance in Big Spring. Before the week is out, thanks to the ingenuity and energy of the Big Spring Music Club, our citizens are quite apt to hear more about the subject and to be impressed with the role of music in our lives. Of the arts, music perhaps is within easier command of the masses. It has an universality of appeal and basic simplicity which makes it understandable to people of all stations, races and tongues.

To any individual is that which pleases him. Perhaps this is over-simplification, but it does point up the fact that the necessity of music is available to all. The more music people enjoy, the more likely the quality, the expressiveness, the creative power of the music is apt to improve. The more music people have, the more they come to recognize that it is an integral part of their lives and that their living is made happier because of it. Our world would be a dreary place without music, for we would be cut off from one of the Divine instincts that stir our souls and make us reach a little higher for the stars.

Principal Contenders Now Shape Up As Being In Even Positions

When the Massachusetts results were in, with Ike Eisenhower in possession of almost 70 per cent of all Republican votes, and running second to Kefauver on the Democratic ballot, the Associated Press compiled a list of delegates committed to Eisenhower and Senator Taft throughout the nation. This showed Eisenhower with 285 delegates on his side, and Taft with 268. Previous to the Massachusetts balloting, Ike was 26 delegates behind Taft.

Taft has a distinct and what may prove to be an insurmountable advantage when the delegates actually assemble in Chicago on July 7. He controls the machinery of the Republican party, and will have a strong and perhaps decisive voice in organizing the convention and in writing the platform. In general, he has the professionals on his side, while Ike must depend primarily on amateurs. That is a situation that could give Taft a decided edge.

Notes On A Cruise

Bike Is Vital Transportation Means In Auto-Starved France

PAU, Southern France.—There is a charm about France which extends beyond its borders. One cannot be neighbors to such a graceful people without imitating some of their beauty. This may account for some of the change that the motorist notices as he drives from Madrid north across the Pyrenees.

All who want to board the bus or street car take their places in a line and board the bus in a dignified manner. A woman with a small child or parcel or two does not get shoved aside by the mad rush of the more robust.

Hot Mexican dishes did not originate in Spain. The food is not seasoned at all—not even salt is used in cooking. You see no strings of red peppers hanging by the kitchen doors of the village houses. There is no Indian corn here and no hot tamales, no beans baked to a pulp, no chili. Spanish food must be disappointing to our friends from below the Rio Grande when they come to Spain.

The mules of Spain are small. One wonders why American breeders came over here for jacks in the days before the tractor. The farm boys doll up their mules with trick shearing. The mule is sheared closely half way along his back and belly. The back, neck and hips have a much lighter color than the long-haired legs and lower sides. This appears to be a universal decoration.

There appears to be a standard blanket weave throughout northern Spain. It is a gray and brown plaid, about 1 1/2 inches wide, made of undyed wool. Undoubtedly it is made at home. About half the total number of sheep in Spain have brown or black wool. Certainly this is by design.

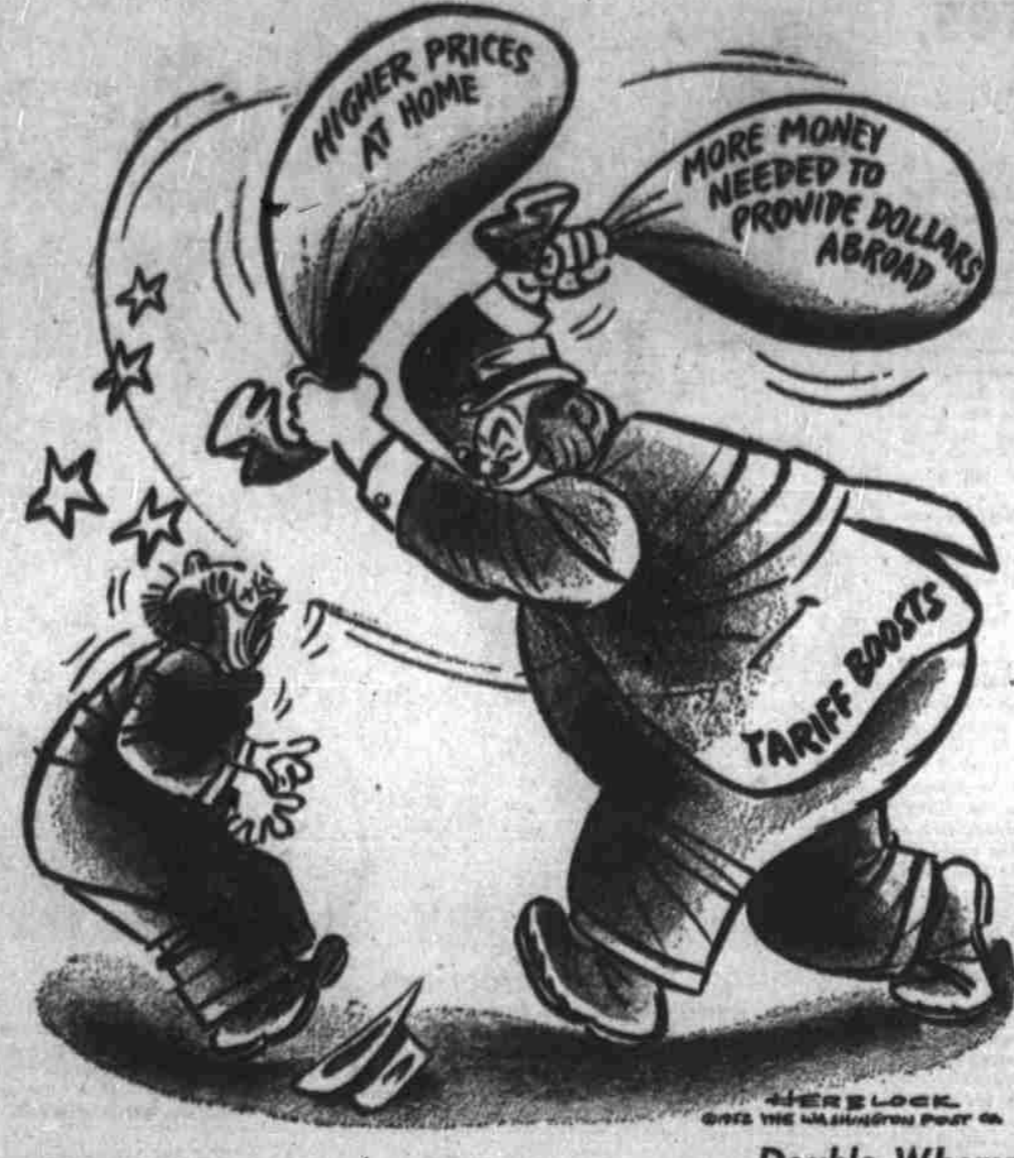

The river Ebro is paralleled by Canal de Tauste, the source of water for millions of acres of irrigated land. It rises near the Atlantic and flows southeast across Spain, emptying into the Mediterranean near Tortosa. This valley's marketing headquarters is Zaragoza. In contrast with the barren hills it looks like a Garden of Eden. The valley is 250 to 300 miles long and in some places as much as 25 miles wide. Crops are grown the year around. Without it Spain would perish.

Nothing is wasted in Europe, except time—particularly in Spain. Wheat is a big crop in the Ebro Valley. After the wheat is threshed, all straw is preserved with care. Hay and straw stacks in other parts of Europe are covered with a thatch of marsh weeds and grass, but in Spain a straw stack is sealed in a thin crust of adobe.

At first you would think it was an Indian Hogan. But when you come upon one the size of a rural church, you know it is something different. The open ones reveal the straw as clear and bright as the day it was cut.

Sticks and poles are an important adjunct of European farming. No matter where you go you find the garden variety of agriculture consuming thousands of sticks. Sometimes they are made of reeds from the same variety of grass as that which our highway department sets out in West Texas to stop erosion in ditches. A matting shield against the wind of the spring and the sun of the summer is woven from these six to eight-foot reeds. In other places it protects celery, peas, and in instances supports a lima bean vine.

From wooded North Africa to wood-starved France, every twig is saved. Hundreds of sticks and poles are required for every grapevine, in order that the clusters of grapes will swing free above the ground. They are also used on tomato and other vines.

World Today—James Marlow

Steel Issue May Take A Long Time Before Passed On By Supreme Court

WASHINGTON —Don't look for a Supreme Court decision in the steel dispute in a few days. It could take weeks. And there may never be one because meanwhile the steelworkers and mill owners might reach a settlement. This is how the legal side of the case goes, starting with federal Judge David A. Pine's decision Tuesday. He said the President had no right to seize the industry and he ordered the mills given back.

Without ruling on whether Pine was right or wrong, the Appellate Court granted the stay. That is, the court said the government could hold the mills until it went to the Supreme Court. The Appellate Court said unless the government got to the high court by 3:30 p.m. Friday, it would have to give up the mills. There was no doubt the government lawyers would set to the Supreme Court before then.

After reading the briefs and hearing the arguments, the nine justices then have to decide what their opinion will be. The justices could be fast or slow. But suppose—going back a few steps—the Supreme Court decides, after examining those preliminary petitions, that it won't review the case. What then? Then the government lawyers would have to go back to the nine judges on the Appellate Court and ask them to decide whether Pine was right. More petitions, briefs, and so on.

This Day In Texas

By CURTIS BISHOP

The town incorporated on this day in 1871 achieved renown some twenty years later in a very unique way.

Notebook—Hal Boyle

By HAL BOYLE

A Newspaper Is The Sum Of Those Who Make It

Editor's Note: The following column was written specifically for the book administration course at the University of Texas at Austin. It was written by Hal Boyle and released for general use.

Twenty years is a long time in the life of a man. In half a century a man can fall victim to fallen arches, dyspepsia, cynicism or delusions of grandeur. Over that period he begins to feel himself coming apart at the seams. So do many governments, because governments—like men—are susceptible to interior ailments.

Convict Sought For Questioning In Schuster Death

NEW YORK (AP)—A 36-year-old convict is being sought for questioning in connection with the March 5 killing of Arnold Schuster, the man who tipped the whereabouts of bank robber Willie Sutton.

Can You Make The Pig Turn About?

Among the many kinds of tricks which people perform, there are some which might be classed as "false tricks" or "joke tricks." The object is to have a laugh, little or big, on someone.

Don't You Believe It! Bess Is Not Going To Seek Presidency

By now practically everybody knows that Harry S. Truman is not a candidate for President of the United States. In case you haven't heard, neither is Mrs. Harry S. Truman.

Yes, Bess Truman was mentioned as a possible candidate recently. It happened at some sort of social event attended by a bunch of women in Washington. The suggestion that Mrs. Truman seek the post to be vacated by her husband was reported as a "joking" announcement, and from all accounts Mrs. Truman received it as such.

gain a measure of experience in the office without actually having the responsibility of an office holder. Moreover, the probability has observed the pitfalls and tribulations which have beset her husband during the past seven years. But maybe that is all the more reason for Mrs. Truman's negative reply, even to a joking suggestion. Perhaps she has had her fill of life around the capital. At any rate it was reported that she became more cheerful at all public appearances following her husband's announcement that he was withdrawing from politics.

Merry-Go-Round—Drew Pearson

No Pay Increase For Railmen, Thus No Hike For Steelworkers

WASHINGTON.—Last week end everything was all set inside the government to give the steelworkers a wage increase, regardless of the courts and whether the steel industry liked it or not. This was before Judge Pine's decision that seizure was illegal. Suddenly the plan was called off.

Reason for the last-minute switch was not the argument before Judge David Pine or protests by the steel companies, but the intervention of the railroad brotherhoods. Here is what happened.

Hearing that the steelworkers were due to have a wage increase handed them by the government, Roy Hughes, president of the Brotherhood of Railway Conductors, got in touch with Charles Murphy, counsel to the President, told him of a letter the brotherhoods had received from Karl Bendetsen, assistant secretary of the Army, who is now operating the railroads on behalf of the government.

Apparently he also wants voters to forget about the \$300,000 RFC loan he got for the States Lumber Co., which purchased lumber from Boykin. Later, three members of the Thomasville, Ala., bank which loaned him the loan, were indicted.

Bendetsen had written Hughes that under the executive order by which the Army took over the railroads, he was not authorized to grant a wage increase. He expressed his sympathy for such an increase, but said that under the circumstances he was powerless.

Running against the "all is made for love" congressman are two candidates: J. Joe Thompson, former prosecuting attorney from Butler, Ala., with an A-1 record, who many people think really defeated Boykin in the last primary. Later a "vote-buy" scandal showed that prostitutes had city machine ballot-stuffers voted as much as 21 times—as a result of which the ballot-box stuffers were given criminal sentences.

The railroads have now been operated under the government for about two years, Hughes reminded White House Counsel Murphy. If a wage increase is now granted to the steelworkers after less than a month, with no wage increase granted to the railroad brotherhoods, then there would be real trouble among railroad labor.

It is extremely difficult to get a strike—even against the government of the United States. White House Counsel Murphy dashed back to the White House, stopped the proposed wage increase to the steelworkers. That was why John Steelman, who had been planning the increase, immediately got busy negotiating with the railroad brotherhoods.

In fact, Hughes intimated that it would be extremely difficult to get a strike—even against the government of the United States.

FRANK BOYKIN in many respects is a second edition of Boykin and recently left from the city machine. Peter Crolich, a public operator, who got 18 months in jail for a \$2,000 fine for vote frauds, is now in charge of Glover's energetic backers.

White House Counsel Murphy dashed back to the White House, stopped the proposed wage increase to the steelworkers. That was why John Steelman, who had been planning the increase, immediately got busy negotiating with the railroad brotherhoods.

BRITISH A-BOMB — Prime Minister Churchill is planning a flight to Australia this summer to witness Britain's first atomic-bomb test. Churchill's advisers intimate he's too old to make the trip, but he seems determined to be there in order to make a dramatic announcement of the results.

Uncle Ray's Corner

Among the many kinds of tricks which people perform, there are some which might be classed as "false tricks" or "joke tricks." The object is to have a laugh, little or big, on someone.

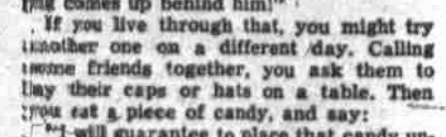

RECALCITRANT CHURCHILL — British ambassador to Egypt, Sir Ralph Stevenson, threatened to resign last week unless Prime Minister Churchill softened his government's tough policy toward Ugypt. The ambassador went to London to complain that his cables are being ignored and that new and bloody riots are rampant in Egypt unless King Farouk is recognized as king of the Sudan as a first step toward a compromise settlement.

For example, you may say to a friend: "I will show you something which you never saw before, which I never saw before, and which no one ever will see again."

For GENERAL INTEREST section of your scrapbook.

Probably he will think you are just talking, but prove your point. Open an English walnut, and he will see the nut meat which neither of you ever saw before. Then eat the nut meat, and no one will see it again.

A school pupil may use the blackboard (if the teacher says it is to be allowed) and show the other pupils how to draw "an oblong pig which looks round."

THE STORY OF THE ALPHABET is a new leaflet by Uncle Ray. It contains 15 fine illustrations and many facts about the names of people. To get a copy send a stamped, self-addressed envelope to Uncle Ray, in care of this newspaper.

"I will fix that," you reply. You erase the pig's head and draw it in again so that it is turned and partly covers the front part of the oblong. Then you draw a second pig in back of the first one, saying: "The first pig only looks round if another pig comes up behind him!"

THE BIG SPRING HERALD is published Sunday morning and weekday afternoon. APPLICABLE NEWSPAPER. Published at second class matter July 16, 1938 at Big Spring, Texas, under the name of THE BIG SPRING HERALD, Inc. Vol. 10, No. 19,712.

Someone in the class may say, "That pig doesn't look round. It is oblong." "I will fix that," you reply. You erase the pig's head and draw it in again so that it is turned and partly covers the front part of the oblong. Then you draw a second pig in back of the first one, saying: "The first pig only looks round if another pig comes up behind him!"

ROBINSON THE SPEAKER

Banquet Here Saturday Honors Cage Sportsmen

A distinguished athlete who has turned to the ministry, Jackie Robinson, pays Big Spring a visit tomorrow and while he is here he'll speak at the Sportsmanship Banquet at the High School Cafeteria at 8 p.m. Saturday.

Robinson was an internationally known player in his college days at Baylor. He was an All-American for the Bears and performed with the U. S. Olympic team in London, England.

A native of Fort Worth, Robinson attended Baylor from 1945 through '49. He won the Jack Dempsey Outstanding Athlete Award in 1949. He was voted the greatest basketball player in Texas Intercollegiate League history in 1945, while attending Paschal High in Fort Worth.

Robinson has preached in city-wide revivals at Tulsa, Okla.; Knoxville, Tenn.; Birmingham, Ala.; New Orleans, Baton Rouge, La.; Honolulu, Hawaii, and numerous places within the state.

He also appeared before the Baptist World Alliance in Cleveland during the summer of 1950 and has spoken on all major radio networks.

While at Baylor, Jackie was named to Who's Who in American Colleges and Universities, 1948-49. He took special study in Edinburgh, Scotland, and the Student Southwestern Seminary.

Some 35 high school and 12 HCJC players will be honor guests at the banquet, which is the brainchild of Ted Phillips, local business man. Other business men are helping Phillips underwrite the expense of the banquet. It will be an annual event.

Winners of the first annual Sportsmanship awards will be announced during the banquet. A player from each team will be honored and given a suitable award.

Wrestling Promoter Seeking A Place For Shows Here

Raymond Martin, wrestling promoter at Mineral Wells, visited here Thursday to look over sites for a proposed wrestling arena.

Martin is a former resident of Big Spring. He said if he could find a suitable location, he would like to erect a building seating upwards of 2,500. The building, he added, would serve other purposes for persons staging promotions within the city.

Big Spring has not had professional wrestling since Pat O'Dowdy operated here a couple of years ago. O'Dowdy now holds a promoter's license in Odessa.

Fem Flag Tourney Set For May 11

Ladies of the Big Spring Country Club will stage their annual flag tournament Sunday, May 11, starting at 2 p.m. The tournament will be over nine holes.

The women completed their ring-around tournament earlier this week. Billy Dillon and Mrs. Frank Proctor were the winners. Mrs. Dillon posted a low net of 33, slicing ten strokes off her gross score of 43.

Mrs. Proctor showed the most improvement when she bettered her score by 28 strokes, cutting it to 57.

JACKIE ROBINSON

Vigilant Biologists Make It Hard On Rough Fish

By L. A. WILKE
AUSTIN.—Rough fish in Texas lakes and streams have been the hardest hit this year of any time in history. Literally tons of them have been destroyed by the vigilant biologists of the Texas Game & Fish Commission. As a result game fish another year should have lots more breathing room in whatever water will be available.

I had the privilege of watching a job of fish poisoning this week. It was most interesting. I had read considerably of the job being done and also of some of the protests against rotenone a lake. I felt the biologists knew what they were doing and didn't bother too much about the protests. After seeing the job done I feel it is one of the answers to the fisherman's problem of getting rough fish out of the waters of Texas.

Two big jobs have been done this year, one on the Guadalupe river near New Braunfels and the other on the North Concho at San Angelo. The latter job wasn't quite finished, because some of the ranchers wanted to be sure there would be no trouble for their livestock. They soon found out about this and now they are permitting the biologists to go back into the area and finish the job.

Next week they are to go into the Brownwood area, where attempts will be made to get rid of thousands of rough fish. Two weeks in a row they hit one of the tributaries of Lake Austin. First a concentration of buffalo was found in the creek and they were poisoned. Specimen of the spawna was sent to the University laboratory where it was artificially hatched. When the fry began coming off the department went back to the lake to kill off the fry.

In exactly the same area poisoned last week they found a concentration of spawning carp this week. They applied the rotenone again and hauled out perhaps two tons of huge carp.

I stopped on the bank and watched the operation. Within thirty minutes after the poison was spread, the water began churning with dying fish. Boat after boat went out with nets to bring the dying fish in. It was estimated some two tons of carp was taken from an area covering perhaps five acres. I saw only three dead game fish, one small bass and two small cats.

Frequently the percentage is higher but it also is true that where carp concentrate the other fish clear out.

If you have a rough fish problem in your lake, contact your game warden and he can help get the men needed to clean them out. Readers Digest has a quiz from Outdoor Life's columns you may be interested in:

GRIMES, QUINTANA SHINE

Broncs Score Three In Eighth To Topple Artesia, 6 To 5

The Big Spring Broncs got off the mat in the eighth inning to strike a three-run rally that enabled them to humble Artesia, 6-5, here Thursday night in the first test of strength this season between the two teams.

Witty Quintana put Big Spring back in the game with a homer over the left field wall, his third in two games, with Rick Gonzales on base, also in the first inning.

Artesia, appearing in relief of Fernandez in the seventh, pitched very well to gain credit for his second win of the season.

Steers Invade Odessa Today

Roy Baird and his Big Spring High School baseball team headed for Odessa today for an afternoon engagement with the Odessa Bronchos.

The Steers almost upset Odessa last time out and will be shooting the works in an attempt to humble the Hossees today.

Charley Rose will probably toe the slab for Big Spring today. Charley held the Broncs at bay in his last start, only to weaken in the seventh and lose the decision.

The Steers still have a make-up game with Lubbock in Lubbock, which will probably be played next week.

Three Winners Are Outfit In League

The Longhorn League clubs that are moving ahead get something extra out of their base hits. Three of four winners Thursday night were outfit.

Only San Angelo, which mustered six hits and seven runs in the ninth inning, outslugged its foe. The Colts blasted 13 hits to Sweetwater's 11 in winning 12-7 and gaining an outright hold on first place.

Sweetwater fell from a first place tie to third when Odessa drubbed Rowell 10-4 although outfit 13-12.

Big Spring used six hits effectively with three Artesia errors to take a 6-4 verdict. Artesia clubbed 11 hits. In the other game Vernon bagged 11 hits to Midland's five but lost the game 3-2.

Weight On His Mind

Dick Prahm of Big Spring concentrates this week and on throwing the shot put in the State Track and Field Meet, which begins today in Austin and continues through Saturday. He's Big Spring's lone representative in the big carnival.

LOOKING 'EM OVER

With Tommy Hart

Joe Neidson, the Vernon backstop who clubbed those three home runs in two games against Big Spring in Yonkers last weekend, bashed only five round trippers all season in 1951 at Wichita Falls. Neidson hit Class B pitching at a .278 clip in 112 games last year. He made more errors than any other receiver in the league, though. Neidson is 34 years old and has spent three seasons in the Texas League.

It's a shame Odessa and Amarillo aren't in the same baseball league. High schools of the two cities are becoming storied rivals. A new feud was born recently when Amarillo's golf team was forced to forfeit the Regional Meet title after leading by 16 strokes, because one of the Sandie players used a borrowed putter on one hole. Amarillo also forfeited its Border Olympics track crown in March because it had used an ineligible man and Odessa fell heir to the first place trophy. There have been charges and countercharges hurled from each place that the opposition isn't playing fair. It all has a healthy effect on gate receipts, though.

Amarillo, by the way, hooked itself another pro football game recently. The city will host the Detroit Lions and the Chicago Cardinals the night of Aug. 18.

Pauls Valley, Okla., one of the six smallest cities in professional baseball, was the only Sooner State League outfit to show an increase in attendance in 1951.

Midland's Optimist Club may angle for a fall football game featuring Brooke Medical Center and some college team in Texas, preferably Texas Tech or Houston.

Brooke may have a grid club that will rival the success of its baseball team, which showed here recently. Randy Clay, the ex-Texas star, is there. Clayton Tonnenmaker, one-time Minnesota All-American, was with the Medics but became an officer and shipped out.

One reason you don't hear too much squawking by college coaches over the decision of the NCAA to limit spring football workouts to 20 games: It is now generally agreed that 20 days of work is all that is needed, especially under the two-plateau system.

Don't be surprised if the Texas Interscholastic League takes similar action against spring drills, in time.

It has long been rumored that Bob Neyland is quitting as Tennessee football coach after next season, in fact, would have retired this past year had not Tennessee had too successful a campaign. Neyland is building himself a home at Venice, Fla., which is quite a ways removed from Knoxville.

Airmen Turn Back Cook Nine, 11-3

The Big Spring Air Base team belted Cook's Appliance Company,

11-3, in a softball battle at the City Park Thursday night. Cook's had previously nudged the Airmen in an exhibition. James Watt smashed two long home runs for the losers to continue his sensational hitting.

Industrial League Managers Convene

Managers fielding teams in the Industrial Softball League will meet at the Y at 5 p.m. today discuss a 1952 schedule. Seven teams are lined up for

Jayhawks Grab Double Header

The Howard County Junior College Jayhawks were to play their third doubleheader in four days this afternoon when they meet the Frank Phillips Platoonists of Borger in two five-inning jousts.

The first bout was down for 1 p.m. Clarence Jones probably will hurl one of the games for HC and possibly Donnie Barnes the other. The Hawks cleaned up on Clarence's Bulldogs, 16-3, and 21-10 here Thursday afternoon.

Howard Jones went all the way on the mound for the Big Springers in the opener and gave up only one hit. That was a second lining drive by Bradley. Jones also helped his cause along with a triple, double and single.

Jackie Jennings had three blows for the locals while Clarence Jones had two. Charley Wright, Harold Rosson and Cecil Hoggard divided time on the mound for HC in the nightcap. The Bulldogs counted five of their runs in the last inning.

HC enjoyed two big innings in getting away, counting six times in the first and six more in the follow-up frame. Howard Jones again had three hits for HC. Wright bashed a two-run homer in the third. Rosson also drove one out, that one in the second.

First game: Clarendon 002 01-3 1 2 HCJC 403 8-16 12 1 Corcoran and Bulman; H. Jones and Barnes. Second game: Clarendon 230 00 5-10 8 1 HCJC 602 320 x-21 12 2 Reynolds and Bulman; Wright, Rosson, Hoggard and Barnes, Jennings.

play in the circuit and an eighth may be certified today. The seven already committed to play are Veterans Hospital, Cook Appliance, McDonald Motor, Cabot Carbon, T. & P. Eagles, Humble Oil Company and the Big Spring Air Base. Eight teams are lined up for the Church League, which begins play May 5. They are First Methodist, First Baptist, Wesley Methodist, First Presbyterian, East Fourth Baptist, St. Thomas Catholic and First Christian.

Others wishing to field teams in that circuit must do so on or before next Thursday. Those interested can get in touch with Tolly Baker at the Y or telephone 1054. Indications are play will begin in the Industrial League as early as Monday.

Pre-Derby Din Is Terrific

By ORLO ROBERTSON LOUISVILLE, Ky. (AP)—Pre-Derby excitement reached fever pitch today with 16 three-year-olds already enrolled in the \$100,000 added mile and one-quarter run for the roses and six more expected before the entry box closes.

The 10, headed by A. W. Abbott's talented Blue Man of Rye, N. Y., were entered yesterday over a 10-hour period for tomorrow's turf classic. It was a departure from the usual procedure of taking entries only on the day before the race.

In addition to Blue Man, the group included the New York combine of Jack Amiel's Count Flame and Master Fiddle from the Myhelyn Stable; Bayard Sharp's Delaware-owned Hamball; Sam Wilson Jr.'s Gushing Oil; hope of Texas; Sub Fleet of Charles T. Fisher's Dixiana Farm and 'four rank outsiders.

Bengals Invade Midland Sunday

Ynez Yanez and his Big Spring Tigers go to Midland Sunday for a baseball engagement with the Midland Greyhounds. Game time is 5 o'clock.

The Bengals clash with Odessa in their first home game on May 18. A week from Sunday, they meet Grandfalls in Grandfalls.

North Ward Wins

North Ward fifth graders held on for a 6-5 victory over East Ward on Wednesday afternoon. The victors led all the way in the close game. James Kinman was the winning pitcher and Harry Music the catcher. Batteries for East Ward were Wilson Bell and A. C. Rawlings.

LITTLE SPORT

BRONCS SEEK THIRD IN ROW

Odessa, Brenham, Iraan Favored In State Meet

By HAROLD V. RAYLIFF AUSTIN, May 2 (AP)—More than half the field of 612 tracksters moved out today in the three-division Texas schoolboy meet.

Odessa, Brenham and Iraan were favored to win the titles which, in the case of Odessa, would establish a record. If the Broncs take the class AA championship it will mark the first time in history for a school to win the crown three consecutive years.

Brenham, sparked by its great sprinter, Kiel Landua, and with two crack relay teams, is expected to beat out Jacksonville and Robstown for the class A championship. Iraan, with mighty Billy Huddleston due to take three first places—both hurdles and broad jump—and a top 100-yard dash man in Bobby Locker, should spread eagle in the field in class B. Sugarland and Karnes City look like they will furnish the chief competition.

No team appears capable of giving Odessa a tight fight. San Jacinto of Houston, Brownsville, Wichita Falls, Forest (Dallas), Galena Park and Lamar (Houston) project a nip-and-tuck battle for second place. Preliminaries in the hurdles, dashes, shot put and high jump in all classes and finals in the class A pole vault were run off this morning. This afternoon there will be finals in all classes of the broad jump and discus throw and in the class B pole vault.

Eagle Linksters Dominate Tournery Play At Athens

By STERLING SLAPPEY ATHENS, Ga., May 2 (AP)—Golfers of North Texas State—the class of the college crowd—today were on their way to what looks like an encore of 1949-50-51.

If anything, they might be better than ever. In three previous years, they have shown well here and gone on to win high national honors.

The Texans rate first in team play in the Southern Intercollegiate Tournament and have their No. 3 man—Don January of Dallas—in first place for southern individual honors.

January made par of 36-36-72 on the Athens Country Club course look like standard for a duffer yesterday when he shot a 67. That was good by two strokes to put the slim, 22-year-old ahead of the brightest name in amateur golf—Billy Maxwell, the National Amateur Champion and a North Texas teammate, who had a 69. His 67 also outranked Billy Key's 68. Key, a Columbus, Ga., golfer, attends Rollins College. Tied for fourth were Ray Terry of Sewanee and Dick Tiddy of Wake Forest. Five others were tied at 71: Bobby Hill of Alabama, Don

Reed of Vanderbilt, Hillman Robins of Memphis State, Dan Sikes of Florida and Joe Conrad of North Texas.

The four-man North Texas team of January, Maxwell, Conrad and Buster Reed, who had a 72, shot an aggregate score of 279. The closest team to them was Louisiana State, but the Bayou boys were 15 strokes back at 294.

The Southern and Southeastern team titles will be settled after today's 18 holes. The two championships are played simultaneously.

Also after today's 18, the field will be cut to the low 30 scores and ties. They will finish out the tournament over 36 holes tomorrow.

Fred Cobb, coach at North Texas, rates his present squad as "probably the best I ever had, not even counting Buster Reed." Reed is ineligible for NCAA competition since he has used his three years of allotted participation.

Dale Mitchell of the Cleveland Indians has batted under .300 only once in his major league career. His best mark was .336 in 1948. His worst was last season when he batted only .290.

The highest total of goals scored by two teams in an American Hockey League playoff game was 14, when Buffalo defeated Cleveland 12-2 in 1943-44.

STATE DEM LEADER BACKS YARBOROUGH

Shivers Urges Texans Attend Precinct Meets

By The Associated Press
Resignation of an East Texas banker from the State Democratic Executive Committee because of his promised backing of gubernatorial candidate Ralph Yarborough kept political talk buzzing today.

The precinct meetings, set for Saturday, kept most politicians too busy to do much talking. Most rural areas scheduled the neighborhood conventions during daylight hours. Urban areas, for the most part, scheduled them for night time. Record turnouts were expected.

Worried about high meat prices?

Put a bowl of BORDEN'S COTTAGE CHEESE on the table. It provides the protein nourishment of meat... at 1/4 the cost!

Reduce your food expense and add to your enjoyment of meals at one and the same time. A bowl of Borden's Cottage Cheese on the table at meals does it. Add to its delicious flavor with chives or pineapple if you like.

Borden's COUNTRY STYLE COTTAGE CHEESE

Dickson Levels Another Blast At Governor

AUSTIN, May 2 (AP)—The "Loyal Democrats" today charged that the "majority" Gov. Shivers wants to recognize at Democratic conventions includes Republicans, Communists, Socialists and Dixiecrats.

Dickson said the only thing the governor was for was tideland. "The 'Loyal Democrats' agree on that. The numerous things he was against are likewise opposed by most Democrats. But it is not enough to be against everything when the fate of our nation in the world is at stake."

To Moon?

Faraway places like the moon intrigue Patricia Simons of Hoxsie, R.I. She is one of 23,000 adventurers from all parts of the country who have signed up at New York City's Hayden Planetarium for rocket flights to the moon when such heavenly flights become feasible. (AP Wirephoto).

Parole Is Seen For Iowa Youth Held By Texas

AUSTIN, May 2 (AP)—Parole of a 15-year-old Iowa farm boy now serving a 10-year Texas sentence for robbery was predicted by an attorney who entered the case yesterday.

W. K. McClain of Georgetown, came away from a private conference with the State Pardon Board hopeful that Herbert Fletcher might win his freedom by Monday.

The youth was convicted as a 17-year-old, but his mother, Mrs. Edna Fletcher of Onawa, Iowa, came to Texas with a birth certificate showing him only 15.

Harry Won't Talk About Tides Veto

WASHINGTON, May 2 (AP)—Will President Truman veto the tide-lands bill? He wouldn't say yesterday. At his press conference the Chief Executive refused to disclose whether he would sign or veto the measure which would give the states title to oil-rich lands off the coasts of Texas, Louisiana, and California. Instead Truman said simply he would comment on the bill when it reached him for action.

Keese Acting Administrator As JC Searches For Prexy

Howard County Junior College trustees named an acting administrator Thursday evening and started their search for a new president.

This action came after the board formally accepted the resignation of E. C. Dodd, who has served as president of the institution since March 1948 soon after the county-wide district was created.

Keese will be in charge of the summer school and he and Dodd are working on budget figures to be presented to the board at its next meeting. The customary audit is now in progress by Neil G. Hilliard, said Dr. Malone.

Edgar Phillips, recently named to fill the unexpired term of Robert T. Piner, resigned, was given the oath of office as a board member. In the organization of the board, the officers were re-elected. Dr. Malone is president; Horace Gar-

ret, vice president; Leroy Echols, secretary. Dr. Malone said that he did not anticipate that the board would come to any decision on a successor for Dodd before early June.

ACROSS COLORADO RIVER CRMWD To Close Dam On Schedule

The Colorado River Municipal Water District is due to proceed with the closing of its dam across the Colorado River in Southwest Scurry County on schedule.

H. T. Piner, CRMWD president, said that in absence of any instructions to the contrary at the board meeting in Big Spring Thursday that the contractor, J. W. Moorman & Son, would be free to proceed in plugging the last gap of the two-mile dam.

Moorman had given notice on March 5 that he was ready to close the structure. Under terms of his contract, the District had 60 days in which to instruct him otherwise.

Board members had spent the day conferring with representatives of three principal oil producers in the basin area. Two of the three said they had no objection to the dam closure now and the third

was non-committal on his point. The recent eastward extension or discovery of oil production in the basin area by the Magnolia No. 1-D Conrad had complicated plans to prepare for the impounding of water in the big lake which is to supply the three CRMWD cities—Snyder, Big Spring and Odessa. Many of the presently indicated locations would be inundated in event of major rains on the watershed.

To a suggestion by Piner that 80-acre spacing might prove effective as well as reduce the expense of providing drilling mounds, Shell Oil Company objected.

Boh T. B. Lambert, Odessa, and Joe T. Dickerson, Midland, said that the 80-acre spacing proposal was not acceptable to Shell because of engineering and technical reasons.

Lambert thought that the cur-

Where Dam Will Be Closed

This is the last section of the Colorado River Municipal Water District dam remaining to be constructed. CRMWD directors left the way open here Thursday for the contractor to proceed with filling this space in the Colorado River channel. Approximately 600,000 cubic yards of material will be required to plug it and to complete the two-mile span of the earthen structure which is to impound a tri-city water supply for Snyder, Big Spring and Odessa.

rent 120 MER (maximum efficient rate of recovery) for the Von Roeder field was as high as could be supported by engineering. Hence, he doubted the feasibility of doubling allowables on 80-acre spaced-wells in the basin. This raised the question of whether the logical approach would be to cut non-basin wells in the pool back to 60 and let the wells on 80-acre spacing produce at the MER of 120, he said.

When Piner suggested that closure of the dam rather than spacing was the prime question of the moment, Dickerson said that Shell was in no position to object to the closure "in the light of the District's inference of responsibility within its financial ability."

"The District recognizes its responsibility insofar as its finances will permit," replied Piner, "but the District does not feel that it

has legal or moral responsibility for increased costs (in event of inundation) occasioned by a year's delay in the development."

Phillips had no objection to closing the dam, its representatives observing that its drilling would be completed in advance of probable inundation.

A. E. Chester, Dallas, Magnolia vice president in charge of production, said his company could neither object to nor advocate the dam closure. Problems which might arise through its closure could be settled across the table, he thought. He said Magnolia had sought to cooperate in every way possible but that more rapid development could not have been undertaken in the area without undue risks based on geological and geophysical data available. Chester and L. E. Fitzgerald, Bartlesville, Okla., representing Phillips Pe-

trolem, had assented to the 80-acre spacing idea.

S. W. Fresse, Fort Worth, engineer for the CRMWD, said that in all but three of 25 years the basin area would not have been inundated to such a level as to interfere with most of the drilling operations currently contemplated.

Most of the oil operator representatives accompanied the board members to the lake site Thursday afternoon for an inspection.

Board members at the meeting were Piner, R. L. Cook, George Mims, George White of Big Spring; P. C. Harbour, Odessa; W. J. Ely, James Rosser, R. A. Schooling, and Lyle Deffenbach of Snyder. Also attending were E. V. Spence, general manager; S. W. Fresse and Marvin Nichols, the District's engineers; Oliver Fanning, Fort Worth, representing the Conrad Estate.

Oilmen here were L. E. Fitzgerald and D. A. Miller, Bartlesville, Okla., for Phillips; T. B. Lambert and E. L. Kinney of Odessa and Paxton Howard, M. A. Sherwood, R. P. Moscrip of Midland for Shell; A. E. Chester and R. G. Watt, Dallas, R. G. German and J. H. Montgomery of Midland and J. R. Hissom and J. M. McLaughlin of Brownfield for Magnolia.

Impounding of a "little lake" to supply Snyder this summer is to possibility at the Colorado River Municipal Water District basin in Southwest Scurry County.

J. W. Moorman & Son, contractor for the dam, plugged the channel of the river about half a mile west of the dam this week.

Object of this, S. W. Fresse, Fort Worth, CRMWD engineer explained, is to divert runoff into the deep depressions at the base of the dam from which soil was borrowed to raise the huge earthen structure.

If this sink were to fill, it likely would more than run Snyder through summer months, he said. While it would not reach the Snyder intake, this could be overcome by pumping water from the sink into the intake. The line to Snyder was completed in February.

FACES COURT MARTIAL

Seaman 'Fighting' Navy's Inequality

By ROY BISOYAN
PEARL HARBOR—Millions of seamen, Bruce S. Hopping, currently a leaf taker facing court martial for criticizing Navy discipline, says he is fighting the "system of inequality in the whole Navy."
 "The American public should know what goes on," the Maplewood, N. J., naval reservist said yesterday in an interview. "They should know their money is going to waste because of poorly handled indoctrination and personnel policies."
 He is vice president of a three million dollar New Jersey lumber firm.
 Rear Adm. Francis C. Denebrink, Pacific service forces commander,

recommended a special court martial—second severest in the Navy—for Hopping. He said the sailor should be tried on charges of "violation of Navy regulations and conduct to the prejudice of good order and discipline."
 Hopping has had three unsuccessful foists with the Navy.
 He publicly criticized Navy crew as well to eat last September at Bainbridge, Md.
 He led crew complaints last February against discipline aboard the salvage ship Reclaimer. A Navy board exonerated the Reclaimer's two top officers.
 Hopping's latest brush came Saturday when he called on Denebrink for an "informal chat" while the admiral was breakfasting in his pajamas. He said Denebrink told him to get out.
 Denebrink said he was recommending court martial on two counts, complaining against duties and prejudicial conduct. Maximum penalty is six months at hard labor, forfeiture of pay and a bad conduct discharge.

Air Industry To Fight TV Tower Height

By VERN HAUGLAND
WASHINGTON—The aviation industry is lining up strongly against the prospective mushrooming of television towers across the nation.

The Air Transport Association, an organization of the major airlines, has asked the Federal Communications Commission to place a limit on the height of the towers now that it has lifted the freeze on new television stations.
 Ultra-high frequency transmitters would require towers of 1,200 to 2,000 feet and the association does not want them that tall. The Air Line Pilots Association has notified the Civil Aeronautics Board that "erection of steel needles 1,000 to 2,000 feet above the surface, within or immediately adjacent to airport control zones and airways, will seriously affect the safe and efficient operation of present and future air transportation."
 Clarence N. Sayen, Chicago, president of the Pilots' Association, said it would be much better to regulate tower construction now "than to have them moved or razed after it is proven, through air crashes, that they are unsafe."
 Larry Cates, Pilots' Association Washington representative, said in a statement that the lifting of the freeze and the resulting rush of TV station applications, is "one of the most serious hazards to air line operations this country has faced."

"No clear-cut policy on the location or height of the towers which will be required was worked out by the two industries—aviation and tele-broadcasting—before the lifting of the freeze," Cates said.
 "Some research is needed to do away with the necessity for these high towers not only from an air safety standpoint but to insure national coverage as well."
 Sayen, in a statement, urged that the differences be settled without "lengthy legal battles" which would hinder both industries.
 The Air Transport Association has recommended that:

1. Congress amend the communications act to give the FCC specific authority to deny applications when antenna sites or heights are found to be air hazards.
2. All TV towers be restricted to city sections already considered air hazard areas.
3. Aircraft radio warning devices be installed at each antenna site.
4. "Booster" stations be used so that high towers would be unnecessary.

Ex-Newsman Dies

SAN PEDRO, Calif.—Death has ended the career of Edward Walker Harden, 53, former financial editor of the Chicago Tribune, financial editor of the New York Commercial and editor-in-chief of the Chicago Journal. He died yesterday in a hospital.

'East Room Walk' Is The White House Party Step

WASHINGTON, U.S.—Folks are talking today about a new party step introduced at the White House and already dubbed "The East Room Walk."
 White House ushers and aides, helped by the U. S. Marine Band, had nearly 1,500 guests at the diplomatic reception going it yesterday while they waited to shake hands with the President and Mrs. Truman.
 The ushers thought it up to relieve what seems like ages of waiting in a reception line at big state functions, now being resumed since the executive mansion has been renovated.
 The East Room Walk can be done to a waltz or a march, or whatever the Marine Band feels like playing.
 It was born almost of necessity. During the three years the White House was closed for repairs, reception guest lists expanded. Now the line toward the President and Mrs. Truman, shaking hands at about 30 per minute, moves at snail's pace.
 In the East Room, the major bottleneck, ushers decided to keep everybody moving by lining them, two abreast, up and down the big ballroom. Apparently without realizing it, they shuffle in step with the music.
 "And that," said an usher, "is the East Room Walk."

Variety Club Award

LAS VEGAS, Nev.—A plaque and \$1,000 was awarded to Helen Keller by Variety Clubs International at its annual meeting last night.

MUNSINGWEAR UNDERWEAR

KNIT BRIEF... this brief of lightweight rib knit combed cotton (sketched right) supports you in a way to which you've never been accustomed! It's because of the patented "Pouch" and the convenience of the "Horizontal Fly" construction. 85c

ZALE'S Jewelers

Two AF Strikers Due Honorable Discharges
SAN ANTONIO, Tex.—Two Air Force officers facing court martial for refusal to fly have been recommended for honorable discharge by Randolph Air Force Base officials.
 Lt. Bill Adams, public information officer at Randolph, yesterday identified the two officers as 1st Lt. James G. Bristol, pilot, and 1st Lt. Edwin L. Cox, bombardier.
 Four other officers still face the court martial charges. Two of them have been transferred from Randolph on "temporary duty," a third has been granted an "indefinite" emergency furlough, and a fourth has been placed on a non-flying status.
 A Biggs AFB officer, Lt. Vernon Goodwin, recently was given two years at hard labor on similar charges.

Methodists To Consider More Streamlining
SAN FRANCISCO—A proposal to create two new commissions to strip away overlapping activities of half a dozen boards comes before the Methodist General Conference for debate today.
 The proposal is contained in the third report of a committee seeking areas of agreement on the controversial survey on streamlining church structure. However, instead of cutting the number of boards in half and reducing personnel, as recommended in the survey, the compromise proposal sets up additional agencies.
 Opponents of the survey report, who oppose any change in the structure of the church, were quick to point out when the compromise proposal was submitted last night: "The overall structure of existing boards remains exactly as it is."
 A recommendation which would have cleared the way for integration of the central jurisdiction—Negro churches—into other jurisdictions of the church was found unconstitutional by the Judicial Council. The Committee on Conferences announced it will submit a draft for the constitutional amendment the Judicial Council ruled necessary. Such an amendment will have to be approved by a two-thirds majority of the General Conference and of annual conferences.

Pioneer Newspaper Is Revived Again
VIRGINIA CITY, Nev.—The Territorial Enterprise, celebrated pioneer newspaper on which Mark Twain once was a reporter, came to life again yesterday after an absence of 30 years.
 Author Lucius Beebe, former night life reporter for the New York Herald Tribune and his partner Charles Clegg revived the bombastic old newspaper by purchasing the weekly Virginia City News.
