CLOSING PROPERLY...Mike Northcutt, left forefront, son of Mr. and Mrs. Ed Northcutt, presented the 'Story of the 1978 Session of the Muleshoe National Wildlife Refuge Youth Conservation Corps Workers.' He told 'facts' about each worker, excluding himself, to the amusement of the overflowing group of people at the final day of the session. Right foreground is Hal Bynum of Muleshoe, whose son, Marlin, seated right behind him, was one of the summer workers. The bemused workers lined along the back wall enjoyed Northcutt's presentation.

## Youth Conservation Corps Concludes 1978 Season

It was standing room only in a building at the Muleshoe National Wildlife Refuge Thursday afternoon as parents and inter-

ested people attended the final day of the 1978 Youth Conservation Corps session.

Allen Jones, manager of the wildlife refuge, welcomed the parents and visitors and thanked the young people for their several weeks of work.

Jones gave some of the background of the refuge in southern Bailey County, noting that it is the oldest refuge in the state and said it is 5,800 acres, providing nesting for some 260 different species of birds, with the largest being the sandhill crane which reaches a peak

population of 100,000 in November and December of each year. Ritch Barcelona of the Albuquerque National Wildlife Refuge office added his words of appreciation for the time, effort and improvements by the 20 young workers during the summer.

Camp Director Margaret Masten of Morton, introduced each youth leader and each young worker. They all received pins for their work during the year. Mrs. Masten presented slides showing that the youth worked on rats to rattlesnakes; and birds to prairie dogs, as well as constructing miles of fence; new water tanks; bird baths; cattle guards; erosion control devices; new signs carpentry and paint; and rock gardens.

The young people also were instructed in environmental awareness; emergency first aid; and even took a day to work in each of the towns of Sudan, Morton and Muleshoe.

She said many close friendships were formed and although the young men and women worked hard, they all presented smiling faces in each of the pictures taken working in the heat and the sun.

The camp director told many humorous stories of the summer at the Muleshoe National Wildlife Refuge.

To complete the ceremonies prior to touring the improve-

ments by bus, Mike Northcutt of Muleshoe presented a program, giving highlights of the summer for each individual.

Amidst almost constant laughter, he gave the youth impression of the summer. However, he omitted his own impression, which was to have been: "I came to the camp looking for a disco. Instead, I found a refuge, and danced through the summer."

At the conclusion of the formal

## Lt. Governor Meets With Kiwanis Club

Lt. Governor Howard Birdwell of Division 33 of the Kiwanis Clubs, was a special guest at the Muleshoe Kiwanis Club weekly meeting Friday morning.

The Hereford Noon Club member was accompanied to Muleshoe by Kiwanians Bartley Dwell and Lloyd Sharpe.

Lt. Governor Birdwell presented the program. He spoke on the upcoming Texas-New Oklahoma Kiwanis Convention in Amarillo August 2-5.

The speaker said activities were planned not only for Kiwanians, but also for the wives and children.

Kiwanian Jerry Hicks presented the Friendship coin to "someone who had unselfishly devoted much time to the Kiwanis firework stands."

He said he would like to give the coin to two people but only one was at the meeting, as the coin was presented to Gail and Elizabeth Bizzell.

## Jury Convicts Five Violators In City Court

Five persons were convicted in city court Wednesday after having jury trials before Municipal Judge Linda Huckaby.

Members of the six man jury assessed Vicente Daniel guilty on charges of public intoxication and resisting arrest and his fine was \$100.

Ramiro Perez was found guilty of running a stop sign and his fine was assessed at \$75.

Kevin Tucker was found guilty of running a stop sign and was fined \$15; Robert Clark was found guilty of violating driver's license restrictions and was fined \$20 and Juan Lopez was found guilty of public intoxication and was fined \$38.50.

In each case, the fine was set by the jury, the municipal judge set no fines.

## Babe Ruth All-Stars Shine At State Tournament

### SPS Turns Down Breeder Reactor

Berl Springer, president of Southwestern Public Service Company, said today that the electric company is withdrawing its offer to provide \$100-million and a plant site for building the nation's first gas-cooled breeder reactor.

"This has been a hard decision for us to make. We have been hoping, for nearly four years, that the plant would be built in our service area. However, the program has met with unusual and continuing delays, and the time has come for us to make other plans to be sure that our customers will have plenty of electricity in the future," Springer said.

Southwestern announced in September of 1974 that it had entered into an agreement with General Atomic Company, developer of the gas-cooled nuclear reactor, to provide the plant site and \$100-million for a nuclear breeder reactor with an electric generating capability of 300,000 kilowatts.

"When we made our offer in 1974, we made a commitment for a demonstration plant ready to turn out electricity on a daily basis, just like any of our other plants. At that time, it looked like we would get that kind of plant in the early 1980's. It now appears that it will be after 1990 before a plant can be built, and it will be a research project subject to shutdown and testing and not one on which we can depend for day-to-day operation."

"One of our problems is the big battle that continues over the Clinch River Breeder Reactor. The President is unalterably opposed to Clinch River at the same time that he is vague about what breeder technology he would support. The Congress seems just as insistent that Clinch River be built and pays little attention to gas-cooled or other breeder alternatives. As a result, all the breeder debate is on Clinch River, although many of us are convinced the gas-cooled breeder is better. This

has delayed the building of a demonstration plant, and it is not to the best interests of our customers to keep waiting around for this problem to be solved," Springer pointed out.

General Atomic has been working on the gas-cooled breeder since 1961. In 1968, a group of utilities representing about one-third of the generating capability in the country was formed to join General Atomic in support of the program. It, also, has had limited financial support from the federal government and some foreign nations.

Southwestern joined the industry group in 1974 when it made the offer of the plant site and the \$100-million.

Helium Breeder Associates was formed in 1976 by some of the original members of the utility group. HBA was started to serve as the organization to contract with the federal government for research and development. When it was established, it was hoped that there would be a significant increase in the federal support of the

## Three Way Duo Play Football For All-Stars

Albert Rand and Bill Hodnett, both recent graduates of Three Way High School, played in the East-West All-Star football game at Stephenville last weekend.

Playing for the west team, Albert started as a defensive linebacker, and two plays later separated his shoulder. After receiving treatment at a Stephenville hospital, he watched the rest of the game from the sideline.

Bill started as offensive center, and played the entire game in that position, as well as playing defensive linebacker after Albert was injured.

During the game, Bill intercepted a pass and returned it for some 20 yards. They played on the winning team, and in the last three minutes of the game, led by 49-46, pulling out to a 57-46 victory.

In the basketball All-Star game, the West also won, with Lynn Cowan, a Spade player, winning most valuable player awards.

## Volunteer Firemen At A&M School

Owen Jones, volunteer fireman with the Muleshoe Volunteer Fire Department, is attending the 49th annual Texas Firemen's Training School, July 23-28. The school, attended by nearly 1,750 students representing about 750 cities from more than 25 states, is being held on the Texas A&M University campus.

Firemen choose their course at the school from a list including fire fighting, fire prevention, fire department officer training, fire department pump maintenance, specialized fire protection and disaster rescue training.

Fireman Jones is being sponsored by Bailey County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward the cost of the school. Since volunteer firemen are interested in attending this school to help do a better job of fire fighting and fire prevention, 100 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the state-wide program have sponsored 100 firemen at the school, according to a Farm Bureau spokesman in Muleshoe.

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President Carrol G. Chaloupka of Dalhart. "It is our hope in sponsoring this program that the fireman will help the Muleshoe Volunteer Fire Department to better serve the residents of Bailey County."

## Lupe Rosales Puts Muleshoe On The Map

For the first time in history, the Muleshoe Junior Babe Ruth went to state playoffs. They didn't bring home the title, although they made it half way through the tournament, but they did leave Del Rio, Tex., with a good impression of Muleshoe, and for sure, the city knew Muleshoe was there.

Babe Ruth Coach Randy Clayton was lavish with praise of the entire team and their conduct during the time they were in the border city. He said the youth, who were small, played very hard against the much larger boys from such cities as Brownfield, Graham and Lubbock.

As the first game, against Graham, started the young team was almost overwhelmed by the larger players on the Graham team. However, they lost the game 1-5, and remained in the double elimination tournament.

The second day of play, Muleshoe captured the heart and image, not only of the 35-40 hometown people there to watch them, but the entire city of Del Rio.

Pitcher Lupe Rosales was the star of the show that evening and the Del Rio paper said:

"In the Muleshoe-Brownfield eliminator game, the New Mexico-border bunch were down 5-4 in the sixth but rallied for five scores on pure hustle, no hits and Brownfield's jitters.

"Lupe Rosales, an entertaining hurler ala Mark Fidrych-Milt Grabowski, went the route for Muleshoe and was the hurling kick that got the job done. His final game sent the Brownfield squad packing on a pop fly to himself, a backpedaling grab by his right fielder Stephan Moore, and a pop fly to second baseman Andy Rogers.

"Muleshoe's comeback (9-5) win sets them up for a game against Lubbock at 3 p.m. today

## Deadline Near For Certification Of '78 Crops

According to the Muleshoe ASC office, final deadline for certifying crops will be August 1.

Laverne Winn of the ASC office said farmers need to be accurate on their reports as inaccuracy could result in a severe penalty or loss of all program benefits.

She added that persons with aerial measurement requests will be notified of their certification date.

## Funeral Slated Today For Jean Lovelady

and James H. McNabb, both of Albuquerque.

Funeral services for Jean Lovelady, 54, were conducted at 2:30 p.m. Sunday in the Singleton-Ellis Chapel of the Chimes with the Rev. David Hamblin, pastor of the Muleshoe First United Methodist Church, officiating. Burial will be in the Muleshoe Cemetery. She died at 7:05 p.m. Friday, in West Plains Medical Center following a lengthy illness.

She moved to Muleshoe 29 years ago from Lubbock and had been the Bailey County Tax Assessor/Collector for the past 20 years. Jean Lovelady was born April 3, 1924 at Post. She was a member of the Baptist Church, and a member of the Tax Assessor and Collector's Association of Texas.

Jean McNabb was married to Karl Lovelady on September 1, 1949 in Muleshoe. He preceded her in death on November 21, 1977.

Survivors include a daughter, Karla Eubank, Maud, Tex. and a son, Mark Lovelady, of the home; five brothers, Grady McNabb, Moriarty, N.M.; Tommy McNabb, Truth or Consequences, N.M.; Louie McNabb, Flagstaff, Ariz. and Frank McNabb

Marcia Henry and her children, Mike, Christi, and Kacy went to Six Flags last week and on their way home, they stopped in Panhandle to visit with her brother, Mr. and Mrs. J.L. Redwine and family.

Mr. and Mrs. George Wheeler visited in Lubbock last weekend with their son, Tim Wheeler.

Visiting in the home of Mr. and Mrs. Lewis Scoggin last weekend were Mr. and Mrs. Balcoe, Rex and Edmond, of Amarillo; Mr. and Mrs. H.J. Swinford, of Portales; and Mr. and Mrs. Bob Swinford of Clovis.

Staying with them this week are her mother, Lola Swinford, of Alamogordo, N.M.; Mr. and Mrs. Wright Butler, of Oji, Calif.; and Mr. and Mrs. Cliff Smith and granddaughter, Le-

Cont. Page 3, Col. 1

## Falling Equipment Killed Area Youth

An eight year old Lazbuddie youth, Raymond Riley Moore, Jr., was dead on arrival at West Plains Medical Center in Muleshoe around 9:15 Wednesday morning. He was brought to the hospital by his father after a bar from a falling ditch digger fell across his abdomen in an accident at the farm home of Raymond McGeeHee where the Moores were employed.

Raymond Moore, Sr. said he was in the barn working when the ditch digger fell over on the youth who was playing around the equipment. Moore said the

youngster got up and walked around a little bit before collapsing.

Enroute to Muleshoe, the vehicle, driven by the father, had a flat and the father continued to the hospital driving on the rim of the wheel. The trip was to no avail, as the parents said the youngster stopped breathing just outside town.

According to Dr. Bruce Purdy, death was due to internal injuries.

Raymond Riley Moore, Jr. was born March 17, 1970 at Kerrville and moved to the Lazbuddie community four years ago. He was a second grade student at Lazbuddie Elementary School.

Funeral services were conducted at 11 a.m. Friday at the Lazbuddie Church of Christ with Andy Rogers, minister, officiating. Burial was in Lazbuddie Cemetery under direction of Singleton-Ellis Funeral Home.

Survivors include his parents, Mr. and Mrs. Raymond Moore Sr.; grandparents, Mr. and Mrs. R.C. Moore, Centerpoint; Verdo Bishop, Kerrville; and Mrs. Minnie Blaylock, Hooks; one half sister, Sharon Kay Willis, Kerrville; brothers, Jim Moore and half brother Richard Willis of the home and half brother Richard Moore, Luling.

RAYMOND MOORE, JR.

## Police Report

Periodically, offense reports filed in the Bailey County Sheriff's office show an increase, and such was the case during the past several days.

Since last Friday, seven offense reports have been made at the Bailey County Law Enforcement Center.

Included were Mrs. T.G. Howard reporting the loss of a 14 inch wheel and Michelin tire; Belinda Magby's purse was stolen from her car parked at the Child Care Center and Stan Williams reported a missing sorrel horse.

Also, Hugh Vinson at Needmore said someone had pulled lights off a combine and cut the wires; Horton Griffin reported a missing 40-20 John Deere tractor and boll puller; Stanley Burreson reported as missing a piggy bank with \$80 to \$100 including 30 to 40 silver dollars and \$2 bills and Rita Johnson reported the loss of a diamond necklace.

Arrests have included two persons for public intoxication; two persons for burglary; one on worthless check charges; one for public intoxication and resisting arrest and one for Texas Youth Corrections.

MRS. JEAN LOVELADY

## Charter Members Honored At Gem Society Rock Show

The Clovis Gem and Mineral Society will be honoring two couples who are charter members of the organization during their 14th annual Rock Show to be held this weekend in the Youth Recreation Building, Seventy at Sycamore.

The show will be open from 9 a.m. to 9 p.m. on Saturday, July 29 and again on Sunday from 10 a.m. to 5 p.m.

This year's show will have demonstrations on agate marble making and facet work. There will be lots of displays with dealers present to demonstrate equipment and show rocks, supplies, and finished jewelry.

A Clovis point arrow owned by

Dorothy Black will be on display. This is one of the symbols of the clubs emblem.

Hourly door prizes will be given. A C.B. radio will be given Saturday and Sunday.

Clarence Kube is show chairman this year.

Sunday afternoon there will be a rock swap and auction.

The Gem and Mineral Society regularly makes a contribution to an ENMU student to help with book purchases.

Being honored will be Pat and Sarah Brady of Logan and Arthur and Willie Woodburn of Clovis. The Clovis Gem and Mineral Society have dedicated the 14th annual Rock Show to Mr. and Mrs. Brady and Mr.

and Mrs. Woodburn and will honor them with a tea Sunday from 2 p.m. to 3 p.m.

The Brady's, who have been collecting for 35 years and actively engaged in rock work for the past 18, were instrumental in organizing the Clovis Gem and Mineral Society in 1964.

Familiar faces to rockhounds, the Brady's will be at the show to give advice about every phase of rockwork and share their experiences of trips and rockhunts in New Mexico, Colorado, and West Texas. Pat Brady has always enjoyed lapidary work, though he says his hands are losing some of their steadiness.

the plains of New Mexico. The couple's son set it in a silver ring for her.

Also being honored with a dedication are the A.C. Woodburn. His wife Sarah, who enjoys collecting, cherishes a piece of banded agate that she found near Fort Sumner, very rare on burns. They, like the Brady's,

were charter members of the Clovis Gem and Mineral Society.

Long time interested in rocks, they have been active collectors and interested in rockhunts for many years. Mrs. Woodburn has always had a special interest in the history of New Mexico, fossils and Indian lore.

## Boyd Clayton

### Now On Duty At Ohio Base

U.S. Air Force Captain Boyd L. Clayton, son of Mr. and Mrs. F.D. Clayton of Earth, has arrived for duty at Wright-Patterson AFB, Ohio. Captain Clayton, a transportation officer with a unit of the Air Force Logistics Command, pre-

viously served at Laughlin AFB, Texas.

The captain, a 1963 graduate of Springlake-Earth High School, received his B.S. degree in 1967 from Abilene Christian University and was commissioned upon completion of Officer Training School at Lackland AFB, Texas. His wife, Jerrolyn, is the daughter of Mr. and Mrs. W.H. Elza of 41 Willow Lane, Temple, Texas.

## WTCC Oppose Health Program

West Texas Chamber of Commerce members said a decisive NO in a recent survey to determine if a national health insurance program required by federal law is needed.

While nixing federal intervention into the overall health insurance arena the chamber members did indicate that health care costs have indeed reached the crises point.

Contemplating some form of legislation attacking the health care question, WTCC members were asked their opinion as to how it should be financed with the general consensus leaning toward individual employee payroll deductions.

Those West Texas Chamber members responding apparently ranked health care needs high on their list of priorities as evidenced by the fact that 84 percent of the respondents currently make available a health care insurance program of some type for their employees.

Most felt that a national health care insurance program administered by the federal government would just be another extension of regulations to further complicate life for the private business sector.

Of the respondents providing a hospitalization program, 35 percent paid the entire cost while 50 percent shared costs with the employee. Two percent provided programs requiring employees to pay the entire premium. Fifteen percent of those responding indicated they did not make available a health insurance program.

MR. AND MRS. A.C. WOODBURN

**The Speaker Reports**

by **Bill Clayton**

AUSTIN—State governments are destined to play an important role in our intergovernmental system in the years ahead. Whatever the party or the policies of the White House and Congress in the next decade, the significance of the states will likely be enhanced rather than diminished.

A publication of the Council of State Governments reports that in the last 50 years, two major challenges to the authority of the states have been mounted—the New Deal of the 1930's and the Great Society of the 1960's.

The states, however, have not withered on undernourished vines or become inactive. On the contrary, the states, despite local crises such as in New York, remain vital and vibrant parts of our interdependent, intergovernmental system.

State government employment in 1975 approached almost 2.7 million—only slightly below the employment figure for the federal government.

The fiscal bulk of the states is enormous. Total revenue in 1975 exceeded \$34 billion, of which \$36 billion came from the federal government.

While the states are neither shrinking violets nor shirking partners in the federal system, according to the report, they do face sharp if not severe challenges in securing adequate revenues and in providing for the effective delivery of public services.

The politics, policymaking and administration of the 50 state governments may, over the next 10 years, be-

come the top agenda item on the calendar of issues involving U. S. federalism.

It is a fact that the effective functioning of the states has become a keystone in a viable federal system. Our country can be only as great as the states themselves. Texas will be a leader in molding governmental developments be-

cause of the tremendous economic advantages and the cautious approach to government which this state enjoys.

## Welcome To Muleshoe

Mr. & Mrs. Gary Carthel and Daintry

This weeks newcomers are Gary and Doris Carthel. The Carthels come to us from Hereford where Gary was associated with Warner Seed Co. Gary and Doris have 2 children, Daintry, age 7 and Greg, a student at West Texas State. Carthel is now associated with Fry and Cox as a salesman. As hobbies Doris likes needlecrafts and Gary likes to Trap Shoot and play golf. The Carthels are Baptist and now live at 329 W. Ave. J.

**DOES WORK BUILD MUSCLES...**As the summer session ended for the Youth Conservation Corps workers at the Muleshoe National Wildlife Refuge, they proudly showed off muscles built up during the last two months through shoveling, hammering, hauling, lifting, and horseplay. It was a lot of work, mixed well with a sprinkling of play and a handful of knowledge to make a memorable summer for the youth.

**BR...**

Cont'd from page 1

At bat he was just as judicious and in his final turn at the plate patiently worked the opposing pitcher for a much-needed base on balls with two outs and Brownfield ahead at 5-4. Not only that the bases were jammed and the deadlocking run came in.

Whether it was in the cards or was just a stroke of fortune, Lupe trotted down to first base in a world of concentration, but nerves of steel.

What happened later was anticlimax as Brownfield, unnerved by the little guy from Muleshoe, gave up four more scores on two errors.

Today the Muleshoe squad, seven who wear glasses, wipe the sweat from their brows and lenses to face a still bigger and seemingly more powerful team from Lubbock. Off of tourney performance the Lubbock squad looks like the favorite this afternoon...but Brownfield did too.

We're not counting Muleshoe and their determination out of it until the final out against the big Lubbock nine. After all everyone around here knows that "Ro-

**Axtell Rites Are Conducted On Saturday**

Funeral services for Ray Axtell, 80, Earth, were conducted at 2 p.m. Saturday at the Earth

**Farm Bureau Sends Youths To Seminar**

Bailey County Farm Bureau sponsored three students at the 16th Annual High School Citizenship Seminar on the Baylor University campus in Waco, July 17-21.

Chosen on the basis of scholastic achievement, character and leadership ability, the students were Tammy Davis, daughter of Mr. and Mrs. T.D. Davis, Maple; Shannon Kennedy, daughter of Mr. and Mrs. Clinton Kennedy, Muleshoe and Quentin Mimms, son of Mr. and Mrs. Dalton Mimms, Lazbuddie.

Speakers included Carrol Chaloupka, TFB president; Warren Newberry, TFB executive director; Carl Anderson, McLennan County judge; Robert K. Campbell, president of Texas Power and Light; Dr. Thomas Cunningham, family life specialist and associate professor at Oklahoma State University, and others.

First United Methodist Church with the Rev. Bill Watson, officiating, assisted by Rev. Johnnie Williams of Crosbyton. Burial was in Springlake Cemetery under direction of Parsons-Ellis-Singleton Funeral Home of Earth.

Axtell, a farmer and cattleman, died at 1:30 a.m. Friday at the Amherst Hospital.

He was born in Plevna, Kan., and moved to the Texas Panhandle with his parents in 1908 at the age of 10. He received a bachelor's degree from Kansas State University in 1921 and returned to the Sunnyside community where he lived until 1970 when he moved to Earth.

He served as a member of the loan committee of Plainview Production Credit Association, the Dimmitt Consumers Cooperative and the Bailey County Electric Cooperative. Axtell was also a past president of the Wheat Growers Association of Dimmitt.

Ray Axtell was married to Mattie Jordan on October 18, 1939 at Tulia. He was named outstanding soil conservationist in the district in 1951. He was a member of the Methodist Church.

Survivors include his wife, Mattie; a son, Charles, Sunnyside; a sister, Fern Cleavinger, Alhambra, Calif.; and a brother, Harry, Durango, Colorado and two grandchildren.

No greatness exists unless it's based upon principle and not upon profits.

**Land Bank Announces New Interest**

Ernest Kerr, Manager of the Federal Land Bank Association of Muleshoe, announced today that the Federal Land Bank's billing rate on farm and ranch loans and rural residence loans will be increased from 7 3/4 percent to 8 percent, effective August 1, 1978.

The Houston Bank introduced the variable rate plan in 1969 which allows the billing rate to increase or decrease with the variations in the money market. In making this announcement, Kerr stated, "The Bank's decision was necessitated because

of the increase in the cost of money with the most recent bond issue sold by the Bank selling at 8.72 percent average effective rate. Also, that an 8 percent rate was certainly very competitive under today's monetary conditions."

The Federal Land Bank of Houston makes long term real estate loans on farm and ranch land and rural residences throughout Texas, and now has \$1.3 billion in loans outstanding. The local association makes and services loans in Bailey and Parmer counties. Officers and directors of the association are Gordon Duncan, James B. Glaze, Jim Claunch, Morris Douglass and Arlin Hartzog.

# Francis Dunbar, Royce Hamilton United In Double Ring Ceremony

MRS. ROYCE LEE HAMILTON (nee) Francis Elizabeth Dunbar

## Sachiko Mitsuhiro And Masayoshi Harashima Visit Muleshoe From Japan

CHILDREN WELCOMED FROM JAPAN...Tommy Black, executive director of the Muleshoe Chamber of Commerce and Agriculture welcomes two LABO exchange program children from Japan. Pictured left to right are Robin Moore, Tommy Black, Sachiko Mitsuhiro, Sally Lunsford, Tori Hunt, Masayoshi Harashima and Curtis Hunt.

Miss Francis Elizabeth Dunbar and Royce Lee Hamilton, both of Muleshoe were united in a double ring ceremony, July 16, at 3 p.m. in the First United Methodist Church with Rev. David Hamblin officiating.

Miss Dunbar is the daughter of Mr. and Mrs. J.L. Dunbar, of Muleshoe and Hamilton is the son of Mr. and Mrs. Elbert Hamilton, also of Muleshoe.

The altar was decorated with two candleabras centered with pink gladiolas and blue carnations.

"The Wedding Song" was sung by Keith Johnson, friend of the groom from Houston, accompanied on the piano by Mrs. Bobbie Grogan and the traditional candle was lit.

Escorted and given in marriage by her father, Miss Dunbar wore a long candlelight gown with an empire waist covered with seed pearls. The long, sheer sleeves were gathered at the cuff of Chantilly lace. The hemline and the high collar were trimmed with Chantilly lace. The chapel length veil was edged with Chantilly lace and featured a headpiece of lace flowers adorned with seed pearls. Her dress was borrowed from her sister, Mrs. Gary Newsome, of Hastings, Neb. She carried a single pink silk rose.

As something old, Miss Dunbar wore a heart shaped locket belonging to her mother. For something new, the groom presented her with diamond earrings. She borrowed her wedding dress and wore the traditional blue garter.

Miss Sandy Dunbar, sister of the bride of Muleshoe served Miss Dunbar as maid of honor. Bridesmaids were Mrs. Gary Newsome and Miss Danna Strickland, a friend from Midland. They wore long, sleeveless satin dresses. They featured a cape collar and v-necklines. They carried pink French carnations tied with pink and blue ribbons.

Keith Johnson served Hamilton as best man. Groomsmen were Ricky Hamilton, of Stephenville and Randal Hamilton, of Muleshoe, both brothers of the groom.

Candlelighters were Danny Jones, of Clovis, and Max DuBose, of Pampa ushered guests.

A reception followed the wedding in the Fellowship Hall. Mrs. Marshall Cook, Mrs. Marge Strickland, Mrs. Ken Nesbitt, and Mrs. Gary MacBrown served the reception.

The bride's table was covered with a white cloth trimmed with French lace over a pink underlay. It was centered with an arrangement of pink and blue carnations and baby's breath. A white three tiered cake, nuts and pink mints were served.

The groom's table was covered with a white cloth and white lace overlay. German Chocolate cake

and coffee were served from silver appointments.

Special out of town guests were Mr. and Mrs. Doug DuBose, of Pampa; Mr. and Mrs. Ricky Hamilton and children, of Stephenville; Mrs. Marge Strickland, of Midland; and Keith Johnson, of Houston.

A rehearsal dinner was given by the groom's parents, at the XIT Steak House, Friday night, July 14.

The bride left the reception in a pink satin dress and jacket. A pink French rose corsage and white accessories completed her

outfit. After a wedding trip to Santa Fe, N.M., the couple returned to their home in Muleshoe.

Mrs. Hamilton is a 1977 graduate of Muleshoe High School. She was a member of National Honor Society, Rainbow, and FTA. She attended Texas Tech University and is presently employed at West Plains Hospital in the Insurance Office.

Hamilton attended Hardin Simmons University and is employed with Hamilton Construction Company.

## Miss Diane Mc Guire Honored With Gift Shower

Miss Diane McGuire, bride-elect of John Saylor was honored with a bridal shower July 27, at 4:30 p.m. in the home of Mrs. Don Harmon.

Greeting the guests were the honoree, Miss McGuire, Mrs. Charles Saylor, mother of the prospective groom; Mrs. Don McGuire, mother of the bride-elect; and Mrs. Don Harmon.

Miss McGuire was presented a corsage of yellow orchids accented with yellow bows.

The table was covered with a white cloth overlaid with sheer white, embossed with velour white flowers. It featured a gathered floor length skirt accented with yellow bows. An arrangement of yellow silk daffodils and dried baby's breath. Crystal appointments were used to serve pineapple sherbert punch, finger sandwiches and nuts. Miss Dani Dunham and Miss Melodie Mauldin served at her table and Miss Gina Elliot registered guests.

The hostesses presented Miss McGuire with a Hoover vacuum cleaner and the floral arrange-

ment from her table.

Assisting with the hospitalities were, Mrs. Guy Austin, Mrs. Bill Brockman, Mrs. Preston Cargile, Mrs. Glen Lust, Mrs. Doug Bales, Mrs. James Brown, Mrs. Bill Loyd, Mrs. W.M. Pool II, Mrs. Gordon Wilson, Mrs. Royce Turner, Mrs. Wayne Moore, Mrs. Christi Whitt, Mrs. C.E. Grant, Mrs. H.A. Douglass, Mrs. Gary Dale, Mrs. Clinton Rogers, Mrs. Haney Poyner, Mrs. Joe Mac Wagnon, Mrs. S.P. Stockard, and Mrs. Don Harmon.

MISS DIANE MCGUIRE

## Derek Clegg To Attend Summer Science Program

Derek Clegg, grandson of Mrs. Jewel White of Muleshoe, has been selected to participate in a summer science program in Ogai, Calif., sponsored by the National Science Foundation. The program is highly selective, allowing only thirty-six high school juniors from over the nation to participate. Selection is made on the basis of test scores, teacher recommendations, and high school achievement records.

The program involves six weeks of intensive study in Astronomy and Astrophysics with special emphasis on the use of the telescope at the Conservatory of The Thatcher School for astroid-tracking.

Derek resides in Fort Worth with his parents, Dr. and Mrs. Luther Clegg. Mrs. Clegg is the former Mary Jo White of Muleshoe. She and Dr. Clegg taught school in Muleshoe from 1955 to 1958.

MRS. CHARLES MORAW

### Mrs. Charles Moraw Shares Chocolate-Coconut Dessert

Mrs. Charles Moraw would like to share her favorite recipes for Baked Lasagna and Chocolate-Coconut Desert.

Mrs. Moraw has been a resident of Muleshoe for six years after moving here from Lubbock. Mrs. Moraw is a housewife and her husband, Charles is in the hay business. They met at the July 4 activities at Muleshoe in 1972 and were married October 7, 1972 in Lubbock.

Mrs. Moraw's hobbies are reading and cooking. She is President of Epsilon Chi Chapter and has been a member since 1974. She was the outstanding member for 1976-77 and in 1977 she received her first and second degree of Pallas Athena.

Mrs. Moraw would like to share these delicious recipes for women who like to cook.

#### CHOCOLATE-COCONUT DESERT:

1-6oz. pkg. semi-sweet chocolate chips  
1-13 oz. can evaporated milk  
1-10 and one half ounce pkg. (5c.) mini marshmallows  
1 and one third cup flaked coconut  
6 T. butter or margarine  
2 cups crushed Rice Krispies  
1 cup chopped pecans  
one half gallon brick vanilla ice cream

**cream**  
In pan, melt chocolate chips in evaporated milk. Bring to boil; boil gently uncovered 4 minutes until thickened, stirring constantly. Add marshmallows, heat and stir till melted. Chill so ice cream won't melt when chocolate mixture is poured over it. In a skillet cook and stir coconut in butter until lightly browned. Stir in cereal and nuts. Spread 3 c. cereal mixture in 13x9 pan. Cut ice cream in half lengthwise and then horizontally into twelve pieces each. (24 pieces). Arrange half ice cream over cereal and spread with half of chocolate mixture. Repeat layers. Top with cereal mixture. Freeze until firm. Let stand 5-10 minutes at room temperature before serving.

Mrs. Moraw suggests that it is best to freeze dessert overnight and serve the next day.

**BAKED LASAGNA**  
Bring to boil 4 qts. water. Add 2 T. salt and 1 T. vegetable oil. For this recipe, Mrs. Moraw used six strips of lasagna. Cook. Drain and rinse in cold water. Mrs. Moraw leaves the cooked lasagna in the pan of cold water until it is needed.

**Meat Sauce:**  
In a large skillet or pan, brown 2 lbs. ground beef in 1 T. oil. Season with salt and pepper.

Stir in 1-12 oz. can tomato paste, 24 oz. water, 1 pkg. (1 oz.) American Beauty Spaghetti Sauce Mix. Cover and simmer 15 minutes, stirring now and then.

**Cheese Filling:**  
Mix together at least 2 pkgs. of Mozzarella Cheese (grated), 24 oz. small curd cottage cheese, and 1 T. fine chopped parsley. The extra cheese makes this cheese filling better and really adds extra flavor to the entire dish.

Lightly grease a 13 x 8 3/4 x 1 3/4 baking dish. In the bottom of the pan put enough meat sauce to cover the bottom, or

use 1/3 of the sauce. Next put 3 strips of the lasagna noodles on top of the meat sauce. Next add one half of the cheese filling. Add 1/3 of the meat sauce, noodles and the other half of the cheese filling and top with the remaining 1/3 meat sauce.

If baking for that day, preheat oven to 350 and bake from 30 to 45 minutes.

This recipe can be made one day and served the next. If so, on the day you are to serve it, set it out for 1 hour at room temperature and then bake it.

This can be served with a large tossed salad, and hot garlic bread for a very filling meal.

### TOPS Has Weekly Meeting

The TOPS Club held their regular weekly meeting Thursday, July 27, at 7 p.m. in the REA building.

The meeting was called to order by the leader, Mrs. Owen Jones. The members of TOPS sang the TOPS song and recited the pledge. Roll call was done by Mrs. Waylon Harris with the weight recorder. There were 22 members weighing in with four visitors, Mrs. June Arnold, Mrs. Betty Monett, Mrs. Becky

Smith and Jennifer Smith. The weekly queen was Mrs. Nan Gatlin with first runner up, Mrs. Buria Vinson and second runner up, Mrs. Lavayne Williams.

Lavayne Williams drew the can-can and she could accept. The meeting was dismissed with the goodnight song.

**NEW SALT PROPOSALS**

## Standby Plan Ready For Gas Rationing

A public hearing on the federal government's proposed standby plan for gasoline rationing will be held in Dallas, August 17-18, it was announced today by Curtis E. Carlson, Jr., Acting Regional Representative for the U.S. Department of Energy.

The hearing will begin each day at 9:30 a.m. in the Regency Room of the Adolphus Hotel, 1321 Commerce Street.

Persons wishing to speak should write to Dennis Butler, Department of Energy, P.O. Box 35228, Dallas, Texas 75235

## Farm Land Ad Valorem Taxes Talked

State Senator Bob Price today announced that he has joined Senator A.M. Aikin, Jr., of Paris, Texas, Dean of the Texas Senate and Chairman of the Senate Finance Committee, and other members of the Senate in sponsoring S.J.R. 14 which proposes a constitutional amendment relating to ad valorem taxation of agricultural property, exemptions of certain property from taxation, and conditions for increases in total property tax revenue.

This constitutional amendment does not include such features as initiative and referendum, a cap on the amount of taxes to be levied, nor a two-thirds majority of the legislature to raise taxes.

"However," Senator Price said, "this proposal does have the support of the Lieutenant Governor and the leadership in the Senate, giving the measure a greater chance of passage during this special session of the legislature."

S.J.R. 14 excludes from taxation household goods and personal effects not used for the production of income. The proposed constitutional amendment would further provide for the taxation of agricultural land according to productivity and would raise the homestead exemption from \$3,000 to \$5,000 of the fair market value of the residence homestead, and up to \$10,000 for residence homesteads of persons 65 years of age or older. Also, the total amount of property taxes imposed at the local and state level would be limited to the amounts of the preceding year, unless adequate notice is given and a public hearing is held to consider the proposed increase.

"This legislative proposal, if passed during this session, would appear on the ballot for voter consideration during the general election on 7 November 1978," said Senator Price.

Price concluded, "While this constitutional amendment may not include all of the attractive aspects of tax reform, it does have the best chance of passage by both houses of the legislature during this special session and will offer tax relief for homesteads and agricultural land and provide for limitations on tax increases."

or telephone Butler at 214-749-7705.

The department will receive formal statements the morning of the first day of the hearing and throughout the second day. The hear views of as many as possible, DoE has set aside from 2 to 7 p.m. of the first day to receive statements from any member of the general public.

After consideration of public comments, DoE will submit a plan to Congress as required by the Energy Policy and Conservation Act. Both the House of Representatives and the Senate must approve it.

If approved, the plan would remain on standby basis until the President determines rationing is needed to meet a major supply interruption. In that event the President would ask Congress for permission to implement the plan. If the plan were not approved by either House, the plan would go into effect.

Energy Secretary James Schlesinger said in announcing the plan: "Rationing would be a complex, painful action for the Nation to take...This plan is no panacea. It cannot solve all the problems arising from an interruption of petroleum supplies from overseas. It is intended to be enforceable and fair and to limit the impact on the Nation and upon individuals... After considering numerous alternatives, we believe this plan is equitable, simple, and enforceable."

David J. Bardin, Administrator of the Economic Regulatory Administration which developed the plan said: "All members of the general public would be affected if the plan were implemented and the limited available petroleum supplies had to be shared. We are asking the public for their comments and suggestions to help ensure that we have the best plan possible."

## Army Reduces Requirements For Height

The minimum height standard for men to enlist or transfer into military policeman or correctional specialist training has been lowered.

According to recent policy change the height requirement is now at least 64 inches rather than the previous requirement of 69 inches.

The revision makes the male military policeman height standard consistent with the female military police standard of 64 inches.

World progress would move faster if people would talk less and work harder.

A vacation in July, August or September might add several years to your life.

## CattleMen In Meet With President Carter

Independent Cattlemen's Association President Roy Wheeler and nine other national leaders of the domestic cattle industry met with President Carter July 25 at the White House in a session designed to inform the President of the many serious problems facing agriculture.

It was one of Wheeler's most important actions since taking office in June. Vice President Walter Mondale and USDA Secretary Bob Bergland also talked to the men, allowing for an exchange of information lasting nearly an hour.

The meeting was arranged by congressional leaders concerned that the President should learn first-hand the reasons behind livestock producers' reluctance to rebuild herds due to market instability and the recent increase in beef imports.

Carter, last month ordered an additional 200 million pounds of imported beef into the United States, an action that he said would lower consumer food prices. But agriculture leaders said that the President's action had little effect on the retail price of meat and instead caused a significant impact on the markets of livestock producers.

During the meeting, Wheeler told the President that instability in the market place has taken its financial toll on livestock producers just as it has hurt agriculture as a whole. He said troubled times for ranchers are not over in spite of slightly higher prices received for livestock recently.

"Despite higher prices, liquidation is continuing," said Wheeler. "Many banks are calling in loans on livestock for fear of another price drop. Ranchers are selling because they have the same concerns over the market. Financial institutions are hesitant to lend producers capital because of the instability in the marketplace. There will be no attempt to build herds while market uncertainties exist as they do today."

Wheeler told the President

that if ranchers started rebuilding herds today it would take two years for consumers to see any results. He said livestock producers wanted some assurance of what their products will be worth at that time. He warned that with the reduction of herd sizes, the nation could be faced with beef shortages in the future.

According to Wheeler, the President guaranteed he would not let in any additional imported meat this year and that he would never place price controls on beef.

Carter told the agriculture leaders that he is studying legislation pending in the House which would revise the 1964 Meat Import Act to use a countercyclical approach to importing cattle.

Wheeler, owner of a livestock auction in Pleasanton, has returned to ICA state headquarters in Austin where he and other

officers continue to work for legislation at the state and national level which would benefit food and fiber producers.

### The Truth

Little Mary was on a visit to her grandparents, and the old-fashioned clock in the wall was a source of wonderment to her. While she was standing before it her grandmother said to her from the next room, "Is the clock running, dear?" "No, ma'm," promptly replied Mary. "It's just standing still and wagging its tail."

Sikes, Pastor</p> <p><b>SPANISH BAPTIST MISSION</b> Rev. Ynes Aleman East Third and Avenue E</p> <p><b>TRINITY BAPTIST CHURCH</b> 314 Ave. B. Rev. Gene Prevo</p> <p><b>MULESHOE CHURCH OF CHRIST</b> Royce Clay, Minister Clovis Highway</p> <p><b>FIRST BAPTIST CHURCH</b> 220 West Ave E Rev. J.E. Meeks</p>	 <p><i>God's Purposes</i></p> <p>If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.</p> <p>So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.</p> <p>As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."</p> <p>But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.</p> <p>The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society as way of life will long endure and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.</p> 	<p><b>PROGRESS SECOND BAPTIST CHURCH</b> Clifford Slay, Pastor 1st and 3rd Sundays</p> <p><b>ST MATTHEW BAPTIST CHURCH</b> West Third E.
