A Second Glance

By Leon Watson

Here's wishing you a Thanksgiving holiday that's bountiful in all life's joys... good friends, good health, good fun! Enjoy it.

This holiday reflects the Pilgrim dream come true. A reverent time to give thanks for our many blessings. Let's please not forget to give thanks for the freedom we have. There are people in the world who are not free to come and go as we are.

As we gather around the Thanksgiving table let's all renew the cherished bonds of friendship and love, and as we bow our heads, let's thank the Lord for this nation and pray that He will enable us to remain free to worship, work, and live where we wish.

Happy Thanksgiving from the Tribune Staff

The Trilateral Commission has just published the report of the Trilateral Energy Task Force.

The report is entitled Energy: Managing the Transition.

Authors are John C. Sawhill, President of New York University, Keichi Oshima, professor of Nuclear Engineering at the University of Tokyo, and Hanns W. Maull, European secretary of the Trilateral Commission.

The "transition" they are talking about is "insuring an orderly transition to higher cost energy".

To this end, the first paragraph of their summary of recommendations reads:

Energy prices. Each Trilateral government, at a minimum, should take steps to move its domestic energy prices as rapidly as possible to world levels. Yet, even these levels may provide inadequate incentive for development of substitutable alternatives to oil or for reduction of growth in energy demand as rapidly as would be desirable; consequently, Trilateral governments might consider (1) mechanisms such as excise taxes for raising prices above world levels, and (2) special incentives to industry to encourage the development of alternative sources of supply.

ELECTION SURPRISES

Republicans gained the governorships in Pennsylvania, Wisconsin, Minnesota and Texas. This was the first time in 104 years that Texas has elected a Republican Governor.

Nancy Kassebaum, Republican from Kansas, will be the only woman in the US Senate.

Twelve states passed tax relief bills or resolutions.

Democrat Dick Clark of Iowa lost to Republican Robert Jepsen.

Many close races characterized the election. In Texas, Republican incumbent John Tower won by only 14,000 votes.

GOVERNMENT WILL SPEND MILLIONS TO DEVELOP FUEL OIL FROM COAL

The government will pay 75 percent to 80 percent of the \$700 million for a test project to turn high-sulphur coal into "clean-burning liquid fuel", the Energy Department says.

Gulf Oil Company will be the major contractor.

Germany and Japan may put up some of the remaining 25 percent of the \$700 million to finance it, and will get technical and scientific data in return for their money.

The plant will be built near Morgantown, West Virginia.

The plant is supposed to be finished in August, 1983.

The product supposedly will be "similar to fuel oil."

Thanksgiving Union Service Held

A message of Thanksgiving and special music were features of the Community Worship Services, Sunday night at the First Baptist Church. Speaker for the occasion was Kenny Kirk, pastor of the United Methodist Church. Rev. Kirk chose as his text Philp. 4:4-6 and I Thessalonians 5: 16-18.

Rev. Phillip Hilton generated much enthusiasm from the crowd as he lead the song service.

Roaring Springs Union Services were held at 7:30 p.m. in the United Methodist Church of Roaring Springs with Rev. Mrs. Edna Dillard giving the invocation. Special music was presented by a group from the First Baptist Church, a group from the United Methodist Church and Kenneth Marvel singing and playing his guitar represented the Assembly of God Church.

Ricky Lawrence read Thanksgiving verses from the Bible. Thomas Garst read a Thanksgiving poem. Mrs. Ossie Brown from the Mount Zion Church gave a devotional. Services were dismissed with Jeff Thacker giving the benediction.

WILDCATTER FOR DOUGHERTY

A wildcat oil well will soon be drilled a little over a mile northeast of Dougherty on the Bundy Hal Campbell property.

Exxon Oil Company will be drilling the well which is scheduled to go some 12,500 feet. Slush pit and road improvements have been made in preparation for the drilling.

The Gunn Oil Company wildcatter that was located on the Louis Pyle farm about five miles south of Floydada was declared dry after drilling some 7400 feet about a month ago.

There is still no action on the oil well that flowed about five miles east of Lakeview over a year ago.

New Employee At SCS Here

Kurt Presley is the new Range Conservationist for Motley County, arriving here last week from Junction, Texas.

Presley, a native of Dalhart, is a 1971 graduate of Sul Ross University at Alpine, where he received a degree in Range-Animal Science. He farmed and ranched in the Dalhart area before beginning work with the Soil Conservation office. He entered Sul Ross in 1966. He served as a range conservationist in Junction for two years prior to his Matador appointment. He has also served two years in the U.S. Army.

His duties here will be to work with farmers and ranchers as a technical assistant in grazing systems, brush management, range seeding, restoration of old fields and wildlife habitat.

Presley and his wife Jeaneal have two children, Wendy Lee, nine, and Mercie LaVoy, four.

"Save the Eyes of Texas" Campaign Is Launched

University of Texas Coach Fred Akers, sight saving chairman of the Texas Society to Prevent Blindness (TSPB), launches the "Save the Eyes of Texas" campaign with David Wells, TSPB's "Sight Saving Child". After screening and referral by TSPB's Preschool Vision Screening Program, David was diagnosed as having amblyopia or "Lazy Eye", an eye problem that must be treated as early as possible for full restoration of vision.

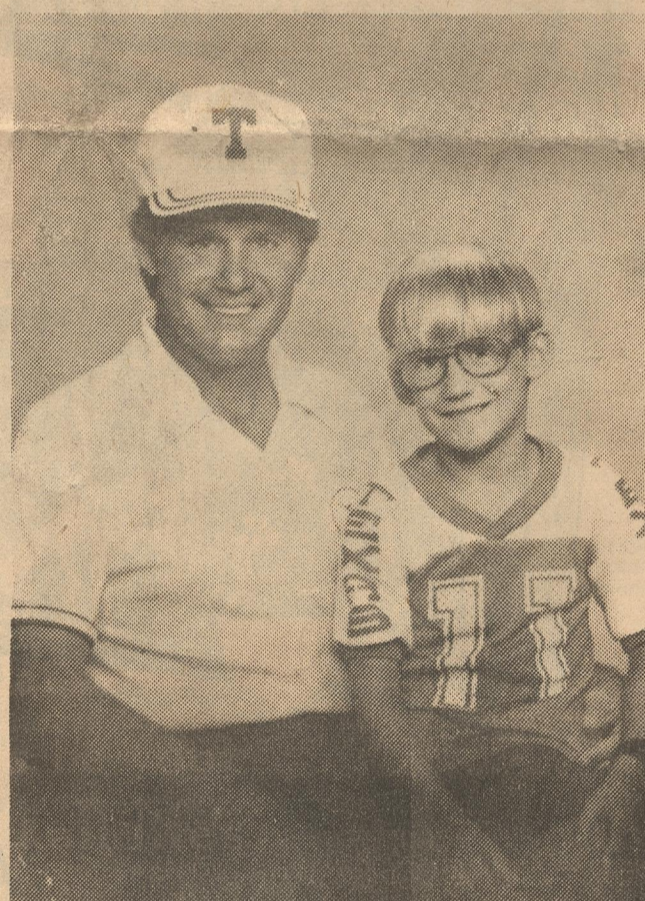

David is the son of Mr. and Mrs. Murray Wells, 4000 Silverspring Drive, Austin, and one of the 40,000 Texas children screened annually by volunteers trained by the Society to detect children's eye problems.

Organized in 1955 as an affiliate of the National Society to Prevent Blindness (NSPB), the Texas Society is a voluntary health agency devoted to sight conservation through a total program of research, public and professional education and community blindness prevention programs.

In addition to its Preschool Screening programs, TSPB also sponsors free glaucoma tests for people over 35 years of age.

Also under TSPB sponsorship is the Texas Wise Owl Club, which is a nation-wide safety program to promote the use of safety eyewear in schools and industry. Any school or company may apply for a charter in the Wise Owl Club. Membership is awarded to individuals whose sight is saved because of wearing safety eyewear at the time of a potentially blinding accident.

To obtain more information on any of the Society's sight-saving programs, please write Prevent Blindness, P.O. Box 13400, Houston, Texas 77019 or call (713) 526-2559.

SAVE THE EYES - U.T. Coach Fred Akers and Sight Saving Child David Wells launched the Texas wide "Save the Eyes of Texas" campaign this week.

KURT PRESLEY (right) is the new Range Conservationist for Motley County. He moved to Matador last week with his wife and two children. His duties will be to assist ranchers and farmers with range management. Shown with Presley is James Gillespie, district Conservationist.

She had celebrated her 99th birthday in August.

Hearty Answer To A Dinner Problem

Getting dinner in a hurry is no trick if you can afford steak, chops and/or hired help; but getting dinner in a hurry on a budget is something else. Corned Beef and Cabbage with Rice is ready in 30 minutes. Buy cooked corned beef, cut into thin slices. Then combine it with cabbage wedges, Minute rice and condensed onion soup for a flavorful one-skillet meal.

CORNEBEEF AND CABBAGE DINNER WITH RICE

- 1 can (10-1/2 oz.) condensed onion soup
- 1/2 medium cabbage, cut in wedges
- 1 pound sliced cooked corned beef
- 1/2 cup water
- 1-1/2 teaspoons prepared mustard
- 1/2 teaspoon salt
- 1-1/3 cups packaged enriched pre-cooked rice

Bring onion soup to a boil in skillet. Add cabbage and corned beef. Cover and cook over medium heat 8 to 10 minutes, or until cabbage is tender. Remove cabbage and corned beef from skillet and place on platter; keep warm. Add water, mustard and salt to mixture in skillet; bring to a full boil. Stir in rice. Cover; remove from heat. Let stand 5 minutes, or until all liquid is absorbed. Spoon rice on platter with corned beef and cabbage. Makes about 2-2/3 cups rice mixture or 4 servings.

UNUSUAL WEATHER

Unusual weather is expected by Motley County residents, however they were surprised at the hail, snow, sleet and rain that was reported in the Barton community, Whiteflat and Flomot, Tuesday afternoon, November 14. The snow plows cleared mounds of hail and snow from farm-market road east and west of Ralph Stapleton home as this is the route of a Matador School bus that came shortly after the storm. T. W. Jennings, east of Whiteflat, had a hail storm followed by 1.60 of rain.

The unfavorable weather is causing damage and delaying the harvest of peanut, grain and cotton crops in this part of Motley County.

Open House Held At Matador Floral **Now is the Time For Planning Retirement**

Matador Floral held an open house Saturday, November 18. The shop featured Christmas floral arrangements, wreaths, and swags. Mrs. Brown Hinson from Roaring Springs won a Christmas decorated straw broom as a door prize. Over fifty guests were served refreshments and registered for door prizes.

People who are planning to retire in early 1979 should act now to make sure that social security checks start coming when their income from work stops, a social security spokesperson said recently. A person should apply for social security retirement checks 2 to 3 months before he or she wants them to begin. This way, the checks will start coming when they are needed. The representative said it would be helpful if people planning to apply get certain information together before they ap-

ply. What is needed is: • The person's social security card, or a record of the number. • Proof of the person's date of birth, preferably a birth certificate or church record of birth or baptism. • Evidence of 1977 earnings, such as a Form W-2 or copy of a self-employment tax return. • Information about 1978 expected earnings. A person should not delay applying because he or she does not have this information. The people at the social security office can suggest substitute

evidence. In most cases, a person does not have to come to the social security office to apply for benefits. It can be done by phone and mail. For more information about social security benefits, call any social security office. The telephone number and address of the nearest social security office can be found in the telephone directory under "Social Security Administration."

JUNIOR HIGH MAVERICKS TAKE GAMES OVER McADOO

By Walter Skinner

The Motley County Junior High basketball teams played terrific basketball here, Thursday, November 16. At the end of each game, the "little dribblers" from M.C. were clearly the victors.

The Junior High Girls started off the night of basketball action and battled to a half-time score of M.C.-17 and McAdoo-4.

From then on, control of the game was clearly in the hands of the M.C. girls as they scored another 16 points in the second half. The final score was Motley County - 33 and McAdoo - 7.

The Motley County Boys kept up the excitement as they eased past McAdoo in the first half of their game with the score of M.C.-17, McAdoo-4.

The McAdoo team proved

to be more of a challenge as the Motley Boys fought to a final score of Motley-33, McAdoo-16. The high scorers for the game were Shawn Bearden and Tim Shannon with eight points each. J. Siffuentes of McAdoo had 12 points.

The next junior high games will be at Paducah, December 4, starting at 4:00. There will be four games starting with the Girls B team.

Gentlemen:

I personally appreciate and wholeheartedly support the Sunday Worship services and the many other religious programs that are broadcast over the radio and television. Many sick, elderly and shut-ins depend on radio and television to fulfill their worship needs. I urge you to see to it that such programming will be allowed to continue.

Win Basketball Opener

By Willy Palmer

Despite trailing by seven points at the end of the first quarter, the Motley County Matadors "bounced" back in the second quarter to take the lead. The Motley boys went into the locker room at half time leading the Eagles 24 to 22.

Lead by the 19-point game of Senior Robert Parker, the Matadors exploded for 51 points in the second half while holding Lakeview to only 22 points. The final score

revealed to the fans that this year's Matador basketball team has got what it takes to win. The final tally was Motley County 75, Lakeview 44.

Mark Gardenhire lead Lakeview's team with 10 points.

ATTEND BANQUET

Mrs. R. E. Donovan and Mrs. Douglas Meador attended the Lubbock Chamber of Commerce banquet Friday night in the Memorial Civic Center. Former Secretary of State Henry Kissinger was the featured speaker, and was introduced by U.S. Rep. George Mahon. Introduced as honored guests at the banquet were Iran's Prince Reza Pahlavi, who is training at Reese Air Force Base, and Iranian Ambassador Ardeshir Zahedi.

Varsity Girls Win Over Lakeview Eagles

By Carla Hart

Tuesday, November 14, the Motley County Girls Varsity, met the Lakeview Eagles here in the Motley County gymnasium.

The M.C. girls played an outstanding game. At the end of the first quarter Motley Co. led 23 to 9. And at the half, the M.C. girls led the Eagles 17 points, 27 to 20.

Leading scorers for Motley County were Sharlene Smith, with 14 points, Gwen Calvert, with 10, and Bunni Zabielski, with 10 points. Janie Reyes, led Lakeview with 18 points. The Motley County Girls

are doing excellently in rebounding with 51 rebounds during the Lakeview game.

The M.C. girls played their best until the very end of the fourth quarter to defeat the Lakeview squad 75 to 33 -- a 42 point victory.

The team will face the Crosbyton Chiefs here, November 21, at about 7:00 p.m.

The Tradition of Freedom... Our Cherished Legacy

Freedom is a tradition in our great nation. From the earliest beginnings, the courage of our Pilgrim forefathers made it possible. The will and faith of our people have kept it alive. It will remain ours with vigilance and dedication. So—the past, the present and the future are inextricably woven together. Through freedom. Today we give thanks for this precious legacy. We remember and cherish our tradition. We pray that freedom will become the inalienable right of all nations.

When We Lose Our Rebels, We Lose Our Country

by Key Crawford
Hereford, Texas

Trying to help a farmer is much like trying to save the life of a drowning man. If you approach him from the wrong position, you might be drowned yourself by his frantic thrashings, while you were only trying to help him to safety.

To some people, it is impossible to understand how anyone could sacrifice time and money in the service of his fellow farmers and his country, without any thought for personal gain or profit. Maybe they question and criticize others motives so that they will have a good excuse not to participate in activities that might cost them some personal sacrifice. Perhaps they are admitting that in the same position, they would try for personal profit!

If this attitude had prevailed in 1776, the United States would still be an English colony. If the same attitude continues much longer, we will, in all likelihood, be someone else's colony in the near future. For when a society such as ours no longer has its rebels - men who are willing to take a chance or make a sacrifice for the betterment of that society, no matter what the personal cost - then we have lost our way of life!

It is natural for a farmer to find it hard to accept a leader. All farmers are leaders in their own right. Maybe the reason the American Agriculture Movement has been so successful is that anyone can be a leader. We are all going in the same direction at the

same time, and whoever happens to get in front ends up as the leader.

Many people who would be leaders have been disappointed when no one in the movement would follow them. By the same token, others who would rather just be participants have been called on to speak for the movement because of their unique ability to communicate, when the rest of us just stammer and stumble. Many times statements are made by these spokesmen that some of us may not completely agree with. But they are doing a job and performing a service, sometimes at great personal sacrifice, and we have no cause to criticize, because who among us could do any better.

If a man involved with AAM is offered a position where he might further serve his country, both the movement and the country would be losers if full advantage of such an offer were not taken. Where else in this country of ours will you find people whose character and integrity can match that of a farmer?

To those who would criticize and malign the agricultural movement and its participants, I ask this: Will you refuse to take parity prices for your commodities because they were fought for and won by those who you criticize or don't approve of? I think not! You will gladly accept any gains in prices that the participants in the movement can garner for you. At the same time, you will still be critical of the very ones who fought your fight and won your prices.

I would also say this: the news media and especially the politicians tell us that we farmers are very few in numbers. This is true, and figures are now showing that there are about 489,000 fewer of us this year than last! If any of us are to survive, we cannot afford jealousies and egos that would divide us and keep us from working together. If a man is working for the movement and what he says is right, support him and help him. Whether he is a member of the Farm Bureau, Farmers Union, Protestant, Catholic, Democrat or Republican, or he lives in a shack or a mansion, or drives a Ford or a Chevrolet, if what he says is valid and right, he deserves your support!

The American Agriculture Movement needs you! America needs you! We have learned that one person CAN do something about what is wrong with our country if he will just quit complaining and try! It was Theodore Roosevelt who said:

It is not the critic who counts; not the man who points out where the strong man stumbled or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred with dust and sweat and blood - at the best, he knows the triumph of high achievement; if he fails, at least he fails while daring greatly, so that his place shall never be with those cold and timid souls who knew neither victory nor defeat.

ASCS News

By Emilio Aguilar
199 GEED GRAIN PROGRAM: The 1979 Feed Grain Program announced November 11, 1978 is essentially the same as for the 1978 crop. There will be a slight increase in support prices. Summarizing it, here is how it looks:

A. Crops included - Barley, Corn, and Grain Sorghum.

B. National Program Acreage (million acres)

1. Barley - 6.5
2. Corn - 63.7
3. Grain Sorghum - 13.2

C. Set Aside

1. Barley - 20 percent of 1979 planted acreage.
2. Corn and Grain Sorghum - 10 percent of 1979 planted acreage.

D. Voluntary Diversion

1. Does not apply to barley.
2. Is 10 percent of 1979 planted acreage for corn and grain sorghum, and is optional for one or both crops.

3. Payment will equal \$1.00 times the established yield times the voluntary diversion for the crop.

4. There is no restriction to the prior year acreage as in 1978. Any Corn or Grain

Sorghum producer meeting NCA requirements may have voluntary diversion.

E. Target Price (Bushels)

1. Barley - \$2.40
2. Corn - \$2.20
3. Grain Sorghum - \$2.30

F. Loan Rate (Bushels)

1. Barley - \$1.63
2. Corn - \$2.00
3. Grain Sorghum - \$1.90

G. Deficiency Payment

Deficiency payments, if any, is guaranteed on all the acreage when the 1978 acreage is underplanted in 1979 by:

1. Barley - 30 percent
2. Corn and Grain Sorghum - 10 percent.

1978 DISASTER PROVISIONS - It looks like we will have a lot of low yields this year, so please remember that you have 15 days from the end of harvest (on each farm) to file for a low yield payment on each crop.

If you have a crop (cotton or feed grain) that is too sorry to harvest or you want to graze it, check with us on this as we will need to appraise it, or zero it, depending on what you want to do.

Cranberries will keep for 4 to 8 weeks in your refrigerator. Or you can freeze them with no preparation.

Census Bureau Asks Press To Help Persuade Farmers To Return Census

The 1978 Census of Agriculture forms will be mailed to farmers at the end of December.

The Bureau of the Census says the census is being taken one year earlier than normal to put it in phase with the cycle of other Economic Censuses, which will start in 1982.

The Bureau of the Census has mailed out "press kits" to newspapers to enlist their help in getting farmers to fill out the census forms.

They are asking newspapers to run editorials, free prepared ads, "news releases", etc around the end of the year and in January to persuade farmers to fill out the forms.

The Bureau of the Census will provide radio "news features" for airing, some featuring a "unique talking computer" with the musical theme "Count Us In." They also will provide interviews with officials of the Census Bureau. A sample speech was enclosed for delivering at farm events.

One of the things the Bureau of the Census thinks farmers will like is that the census has been shortened from 22 pages to 4 and 5 pages. (The pages are 10 1/4 by 14 inches long, however.)

The Bureau says the time required to fill out the census has been reduced by one third.

The 1978 census will be conducted in two phases. First, all farm operators will be sent a form. 20% of these will be the 5-pagers. Then, in 1980, 10,000 to 50,000 more forms will be sent regarding energy uses, corporate structure, horticulture, on-farm irrigation, farm labor and farm finance.

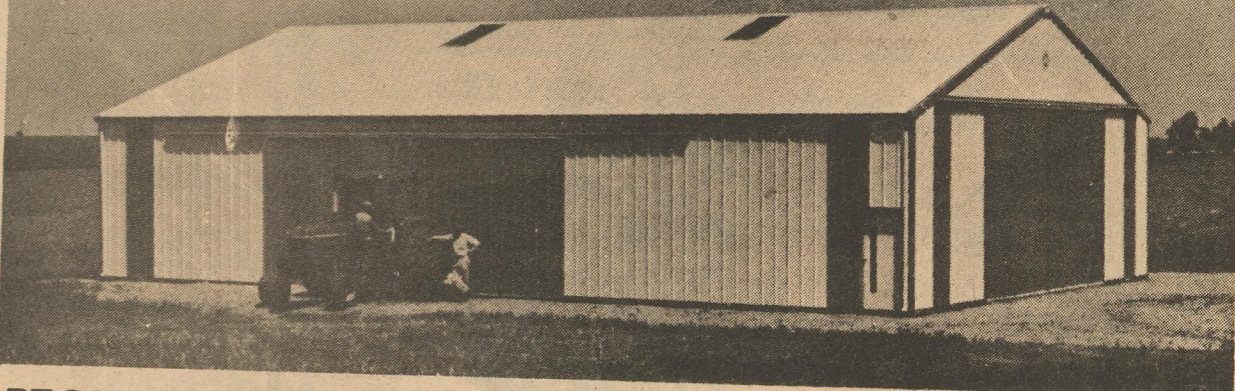

All census form recipients will be asked about land in farms, land use, production and sale of crops, inventory, number sold, and sales value of livestock and poultry, and operator and farm management characteristics.

The 20% who get the five page forms will be asked value of land and buildings, selected production expenses, selected farm equipment, hired farm labor, fertilizer and pesticide use, grain storage capacity, and petroleum fuel usage and storage capacity.

The Bureau of the Census points out that follow-up mailings cost additional public funds in postage, but follow-up mailings will be required until all forms are received.

The Bureau of the Census points out that response to the census is required by law (Title 13, United States Code)

All people who apply for, and meet the basic requirements for, social security disability benefits are considered for vocational rehabilitation services by an agency in their State, a social security spokesperson said recently.

But, vocational rehabilitation services are also available to people who do not meet the requirements for social security disability benefits as well as to those who do not even apply for these benefits.

If a person is thought to have potential for rehabilitation, some or all of the following

services may be offered:

- Counseling and guidance, to discuss problems and work out a plan for rehabilitation, which may include a plan for achieving self-support.
- Medical examination and help, including possible surgical or hospital services to reduce or remove the disability.
- Physical aids, such as artificial limbs, braces, hearing aids, eyeglasses, or other devices.
- Job training may be provided in a vocational school, college or university, or a rehabilitation facility.

• Job placement and followup to assist in finding the right job and to help adjust to a new occupation and overcome any special problems.

People, whether or not they applied for social security benefits, can get more information about vocational rehabilitation, including the addresses of State rehabilitation agencies, at any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory under "Social Security Administration."

County Agent Pallmeyer Says

Grass Fertilizer Tests
 Fertilizer was placed on grass plots in 1977, and carryover effects in 1978 were as follows: Banty Brandon, Ermelo lovegrass, 9629 lbs. -- ac. fertilized vs. 2890 lb. -- ac. unfertilized; John Stotts, Sideoats grama, 776 lb -- ac. fertilized, vs 226 lb -- ac. unfertilized.
 These gains of 6739 lb. -- ac. and 550 lb. -- ac. were in addition to 6105 lb. -- ac. and 712 lb -- ac. gained in 1977. J. C. Cross applied 480 lb -- ac. of 19-1.67-3.33-21 Su-1 Fe-1 Zn-33 Mg. on the Brandon

farm, and John Stotts applied 100 lb.-ac. of 16-2-0. Fertilizer applied according to the needs will pay, adds Extension Agent Bill Pallmeyer. If this wasn't true, asks Pallmeyer, why are more people fertilizing each year? Don't try to eyeball results, but obtain yield figures and see if several dollars are not returned for each dollar spent!
 Start off with a soil test. It is not the final answer, but is the best guide a person has to start with.

THE LADY TINKER
NOVEL CLEAN UP!
If you have no outside sink for clean-ups, try using a can of aerosol shave cream for cleaning up. Simply spray on a small amount and remove it with a paper towel.

need money?

WHO DOESN'T NEED MONEY?
Ever heard that old cliché? Unfortunately, the people that really need money don't have the money to secure a loan of the type they need, nor do they know where to go to get that much needed financing.

FINDING MONEY - THAT'S OUR BUSINESS
Worldwide Finance Exchange have the sources and we will share them with you for only pennies each. You can finance almost any venture, expand your business, or lease now and purchase later for as little as one dollar, buy that piece of real estate you've had your eye on, or just secure financing for whatever you have in mind, even that new idea you have. Our sources are proven and have the money available now.

LISTED BELOW ARE JUST A FEW MAJOR FIELDS MONEY IS AVAILABLE FOR
REAL ESTATE
NEED CAPITAL FOR FIRST AND SECOND MORTGAGES, SALE LEASE-BACKS, REFINANCING OR JOINT VENTURES AND PARTNERSHIPS?
VENTURE CAPITAL
NEED CAPITAL FOR A NEW BUSINESS OR EXPANSION OF YOUR PRESENT BUSINESS IN CONSTRUCTION, TECHNOLOGY, MOVIES, MANUFACTURING, OIL & GAS AND OTHER ENERGY RELATED PROJECTS.

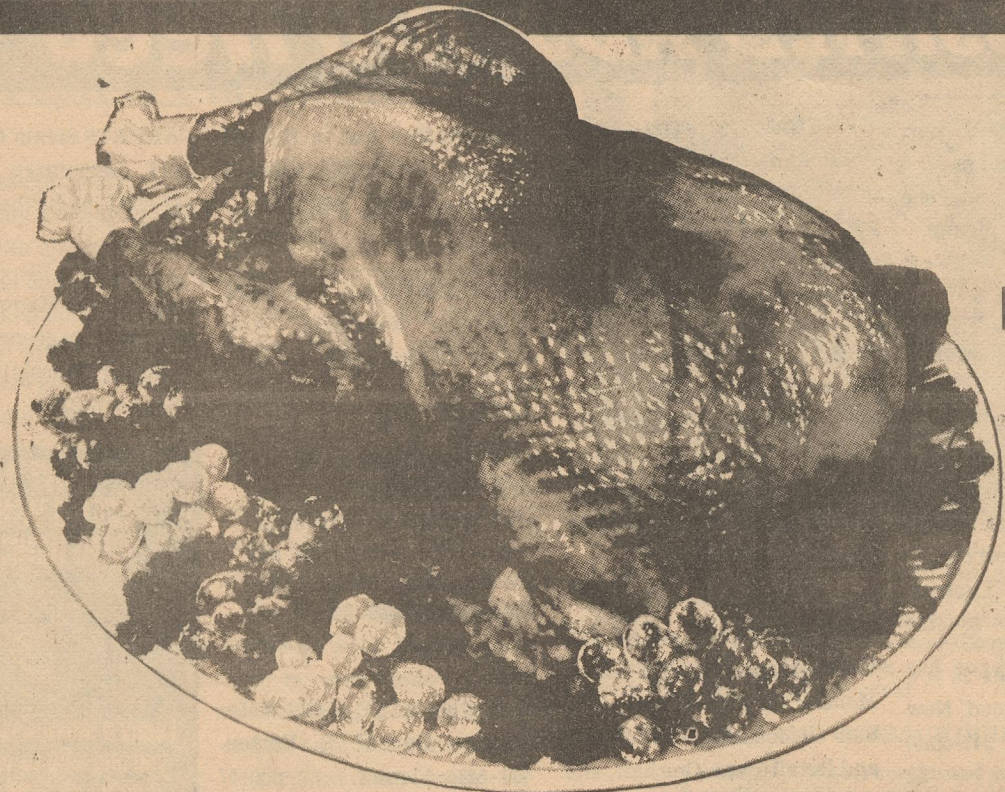

Names and addresses of over 300 firms that will loan or invest in: warehouses, apartments, shopping centers, office buildings, recreation facilities, mobile home parks, nursing homes, hospitals and agricultural.

HELPING YOU SECURE FINANCING IS OUR BUSINESS TOO.
We'll share our sources with you for less than 5¢ each. Not only will we give you their names, addresses and telephone numbers; we'll include the person to contact. We will even introduce you personally if you need it. All you have to do is fill in the coupon below and mail it today, we'll do the rest. Hurry! Our lenders already have over 50 billion dollars on their books.
