

Ike Schedules Barnstorming Trip To Parley

GOP Hopeful Is Due To Arrive At Site Saturday

DENVER (AP) — Gen. Dwight D. Eisenhower, gaining in political "savvy," leaves here Thursday on a barnstorming train trip to the Republican National Convention in Chicago.

The general, his wife and official family will board the "Victory Special" here Thursday morning. Before they arrive in Chicago Saturday, Eisenhower will have made several "rear platform" speeches, appeared on a national television show and delivered a short address on the steps of the Nebraska Capitol at Lincoln.

In the convention city, the general will launch the final drive for the presidential nomination. The convention proper opens Monday. Today the national committee meets to decide the seating of 72 contested delegates.

An Eisenhower adviser, Sen. Frank Carlson (R-Kan.), said yesterday the general was in no mood for compromise on the disputed Texas delegation. Sen. Robert Taft of Ohio, already in Chicago, said he was willing to compromise.

"We want all the delegates who legally are ours," Carlson told newsmen. "I don't see how fair-minded men can fail to see the Eisenhower delegation from Texas."

The Thursday departure for the presidential aspirant who has made his headquarters here for the past two weeks came suddenly. He had been expected to leave either Friday or Saturday.

The Burlington Railroad, special train will stop at McCook and Hastings, Neb., Thursday morning, while Gen. and Mrs. Eisenhower make platform appearances. The train will arrive in Lincoln in the evening and where the general will make a brief speech on the Capitol steps.

The special will stop Friday morning in Boone, Ia., Mrs. Eisenhower's birthplace. At Ames, the special will appear on "The People," a television show, as part of a nation-wide Fourth of July program.

House Is Damaged Heavily By Fire

Extensively damaged by fire Monday afternoon was the home of Mr. and Mrs. Bill Davis, at W. 17th and Lancaster.

Interior of the residence was gutted by the blaze which apparently started in a kitchen trash basket about 2 p.m. No one was at home when the fire started. Fire Chief H. V. Crocker said inside of the house was charred and practically all furnishings were destroyed.

Two Men Escape From Prison Farm

HOUSTON, July 1 (AP)—Two men serving long terms at Harlem Prison Farm No. 1 who escaped into a cane field yesterday were caught by bloodhounds shortly after, prison officials said.

The men, Estevan Perez, 22, and Reuben Davila, 22, were caught on prison grounds not far from where they escaped the Fort Bend County institution.

Over 100 Swimmers Out As Pool Opens

More than 100 intermediate and advanced swimmers and divers hit the water this morning as the busy swimming pool opened for the first time this season.

Response was termed "most encouraging" by Tolly Baker, program secretary for the YMCA, despite a split-shift basis to avoid conflict with girls attending the district Baptist youth camp.

Beginners are ticketed to begin their instruction Wednesday. Boys report at 8 a.m. for an hour's workout. Girls report at 11 a.m. Thursday morning the intermediate group reports at 5 o'clock and the advanced and divers at 11 o'clock. Tuesday there were 65 intermediates (although a number of beginners were in the group) and 45 advanced and divers.

Latest Medium Tank Is Unveiled By Army

NEWARK, Del., July 1 (AP)—The Army today unveiled what it called the first completely new medium tank to be developed since World War II—streamlined, more powerful, and almost as easy to handle as a new automobile.

Designated the M-48, or "Patton 48," it is being produced at the Chrysler tank plant here and at two other arsenals. Officials said sizeable deliveries are expected before the end of the year.

The tank, in the 45 to 50 ton class, has several notable new features:

- 1. A lower silhouette than any other American tank of corresponding size. Present U. S. tanks have been criticized because their height made them easily spotted.
2. An egg-shaped, sloping elliptical hull and turret. This makes it harder for an enemy shell to "bite" into the armor.
3. Wider treads than present medium tanks. The wider the tread, the better the tank can operate on muddy roads, in swampy terrain or in snow.
4. A 90-millimeter, high velocity gun with a quick change tube. Using only simple tools, the liner of the gun barrel can be changed in the field in minutes instead of sending the tank back to rear areas for replacement of a whole new gun.
5. A 50-caliber machine gun on top of the turret which can be aimed, fired and loaded from within.

Child's Action Saves Sister

Eight-year-old Leonilda Webb's presence of mind Tuesday morning probably saved her 14-month-old sister from serious burns as fire threatened to sweep through the K. C. Webb residence at 1611 W. 4th Street.

Leonilda called the fire department to report the blaze. At first, all she could say was "Hurry, come on, Helen Glee is suffocating."

She repeated the statement twice before Fire Lieutenant John Waddell could interrupt to ask the location of the fire. "Oh, it's at 1611 W. 4th," Leonilda replied. Firemen sped to the home where they found a quantity of gasoline and hot oiling affix and Leonilda's infant sister, Helen Glee, burned about the face, head and arms.

The 14-month-old baby was rushed to Big Spring Hospital in a police patrol car. She was treated for the burns and returned to her home, which wasn't extensively damaged by the fire.

Fire Chief H. V. Crocker said the blaze started when a blanket, which had been cleaned in gasoline, ignited from a water heater in the bathroom as Mrs. Webb prepared to rinse the blanket in water. A pall of gasoline also caught fire inside the house and a quantity of the liquid burned outside the residence.

Damage to interior of the house and furnishings was estimated at \$500. The blaze was reported about 9:40 a.m.

Three Boys Escape

GATESVILLE, July 1 (AP)—Three more boys escaped from the State Training School for Boys yesterday and officers reported that 17 have run away since June 22. All have been returned.

Top Producers Still Ignoring Union Demands

Workers Go Back To Jobs In 31 Smaller Concerns

PITTSBURGH (AP)—The CIO United Steelworkers plugged away today at the steel industry's small companies while top producers continued to ignore the union's demands for settlement of the 30-day steel strike.

So far the union has come to terms with 31 steel-producing firms, allowing more than 50,000 to resume work. The bulk of the union membership—about 600,000—is still waiting for a new contract.

Latest to sign is Harrisburg (Pa.) Steel Corp., which employs 1,250 workers. The plant will resume production immediately.

The firm signed a pact last night calling for a wage increase of approximately 15 cents an hour, modified union shop, six paid holidays and three weeks vacation annually for 15 years service.

The modified union shop means new employees must join the union but can withdraw between their 20th and 30th day of employment.

Meanwhile, leaders of the union are meeting with other small companies across the nation but the sessions are closely guarded secrets—none of the companies has been identified.

One big reason for the secrecy is that the steelworker's chief, Philip Murray, fears the big producers will bring pressure to bear on the smaller firms and block possible agreements.

The big companies, such as U.S. Steel Corp., the nation's top producer, are bitterly opposed to the union shop issue. It was one of the recommendations the Wage Stabilization Board made when it attempted to avert the costly strike.

Only yesterday U.S. Steel sent letters to all of its employees saying it is not trying to wreck their union but is fighting the union shop issue because "voluntarism, freedom of choice . . . is the backbone of our society."

The 31 companies which have signed contracts are only a drop in the bucket. The Big Six of the industry, U. S. Steel, Bethlehem Steel, Republic Steel, Jones and Laughlin Steel, Youngstown Sheet and Tube and Inland Steel, turn out approximately 75 per cent of the total normal production.

Construction Booms In June

June construction in Big Spring boomed to the tune of \$1,226,585, more than twice the total for any previous month this year, F. W. Bettie, city building inspector, reported today.

The month's total boosted to \$3,064,405 the aggregate for the first half of the year. Helping to account for the high June figure was permit issued Monday afternoon for construction of a new Howard County Courthouse. The one permit hiked the building total \$730,000.

Also issued during June were 68 permits for part of a rental housing project in Monticello Addition. The 68 permits added to \$288,000 to the total.

The June aggregate more than doubled April's total of \$553,655—highest for any of the first five months of 1952. It accounts for more than a third of the year's total.

Granted during June were 146 permits, which made the month the year's leader in that respect, also. Total number of permits issued this year is 716.

North Korean Attack Fails To Penetrate Allied Lines

SEOUL, Korea (AP)—A befeud up North Korean Battalion attacking through deep mud hit Allied lines along a half-mile front in the Heartbreak Ridge sector of Eastern Korea last night. But it did not penetrate U. N. positions.

An Army spokesman said "they came up in front of our positions and fired at us . . . but they did not try to penetrate our lines."

The Eastern Front has been relatively quiet in recent weeks in contrast to savage fighting in the West. More than 750 North Korean Reds attacked on the east slope of Heartbreak Ridge and at three other

Brothers Are Killed In Car-Truck Crash

Two brothers, one the father of nine children and the other a Korean war veteran, died after their car rammed into the rear of a truck on U. S. 87 south of here Monday at 8:30 p.m.

Raymond E. Merworth, 46, Sidney, died enroute to a hospital. James Thomas Merworth, 32, Sidney, rushed to a hospital in a Nalley ambulance, died at 2:30 a.m. Tuesday.

Cliff Fudit, San Antonio, driver of the semi-truck, told Jack Taylor and R. C. Johnson, Texas Highway Patrolmen, that a wheel had come off his trailer. He parked the rig, he said, put out flares,

and came to town to get a repairman. The Merworths were bound toward Big Spring. Their 1938 Ford plowed so far under the truck that it was difficult to ascertain the make and model. Strangely, the two were extricated without great difficulty.

The mishap occurred about 2 1/2 miles past the Howard County line in the northeast corner of Glasscock County, according to the sheriff's department, which made the initial investigation.

Bodies of the two men were to be taken to Comanche, according to Nailey Funeral home. Raymond Merworth, who leaves his wife and nine children, sustained internal injuries and a broken leg. James Merworth suffered several broken bones in addition to internal injuries.

James Merworth leaves one daughter, a veteran of eight years service, including combat duty in Korea, he had been discharged from the Army for only a month. Parents of the two men are Mr. and Mrs. R. L. Merworth, Comanche; two sisters, Mrs. W. T. Wells, Big Spring; Mrs. Cleo Welch, Pecos; one brother, Hubert Merworth, Comanche. Several other relatives reside in Big Spring. Funeral arrangements for the two men are pending.

DEMAND HERE FOR RABBITS

Three jackrabbits are needed for a stunt to be pulled at the baseball park here next week. Gilbert Gibbs, who is seeking the bares, said free tickets would be given for each of the rabbits turned over to him.

Gibbs added that the wilder and the faster the rabbits are, the better it would make the stunt.

Owners can turn them in, either to Gibbs at Hemphill-Wells or to the sports desk, Daily Herald.

Hearing On Runaway Plane Is Postponed

BROWNSVILLE, July 1 (AP)—Another postponement was ordered today in a court hearing involving the big DC-4 transport plane spirited halfway across the nation last June 7.

District Judge James S. Graham, after conferring with attorneys for both sides, postponed to July 28 hearing on a suit by United States Overseas Airlines and Panamex Corporation, which claim the plane is theirs.

Lloyd C. Webb, who claims to be a Panamex stockholder and part owner of the aircraft, flew it to Brownsville from Oakland, Calif., June 7, U.S.O.A., which had been leasing the plane for use on a supply run to Japan, reported the ship stolon.

COURTHOUSE CEREMONY SET

Ground-breaking ceremony for Howard County's new \$740,000 courthouse will be held at 5:30 p.m. next Monday.

District Judge Charlie Sullivan will serve as principal speaker at the event while Joe Pickle will act as master of ceremonies.

Members of the county commissioners' court will be introduced. Efforts are being made to have a band on hand for music. Part of the equipment has already been moved onto the scene for the construction job.

Committee Action May Decide Issue

CHICAGO, (AP) — By ED CREAUGH — The Taft-Eisenhower battle for the Republican presidential nomination narrowed down momentarily today to a bitter tug-of-war over a few score delegates.

Television cameras were set up to report the struggle—from the outside, if not from within the green-decorated ballroom battle scene itself.

Seventy-two votes at next week's national convention were at stake.

In a close race—and this one looks nip-and-tuck—the GOP presidential nomination might well be decided by the committee's recognizing delegates favoring Sen. Robert A. Taft or those backing Gen. Dwight D. Eisenhower. The latest Associated Press delegate count shows 475 for Taft and 409 for Eisenhower. Nomination requires 604.

Eisenhower's backers say the national committee is packed with Taft men. They threaten to appeal the committee's decision to the Convention Credentials Committee and to wage a floor fight at the convention itself if the rulings on the state delegations go against the general.

Taft's supporters—with the Ohio senator here in person to direct the campaign—undoubtedly would make similar appeals in the event of a decision favoring Eisenhower.

The Taft people gave a little ground last night. They finally agreed in a subcommittee session to allow rival delegations from Texas and Louisiana an hour and a half each to make their arguments.

Noting that the Taft forces wanted to limit argument to the traditional 30 minutes, the Eisenhower statement said the change of heart proves that public opinion "can force the convention officials to hold an open, unrigged convention."

This went back to the Eisenhower backers' charge—basically denied by their opponents—that the Taft people have stolen delegates and grabbed control of the convention machinery. In fact, Taft backers are running the show at Chicago. But they bridle at any suggestion that they rigged the machinery.

Rep. Clarence Brown of Ohio, one of the Taft campaign directors, told a reporter he was all for the extra hearing time and so were Taft leaders from Texas.

In spite of the compromise on arguing time today, there was at least a temporary deadlock on TV. Taft, once opposed to letting the fireworks explode on the nation's television screens, changed signals yesterday and told a news conference TV was all right with him if it was all right with the national committee.

All the same, Taft's supporters went right on. Finally the decision was tossed to the full committee itself, for action before today's hearings on rival delegations.

Some of the small army of television people who already are pitching camp in Chicago were pretty sure the answer would be no TV.

They were far from giving up, however. Some planned to set up cameras outside a ballroom of the Conrad Hilton Hotel, televise at least the preliminaries of the meeting and carry interviews with the presum-

The foreign policy hearing shaped up as the liveliest of any of the subcommittee sessions and, in fact, was set for one of the largest ballrooms in the Conrad-Hilton Hotel, official convention headquarters.

Gen. Dwight D. Eisenhower and Sen. Robert A. Taft, the two top contenders for their party's presidential nomination, have differed sharply on some phases of foreign policy.

T. T. Resolutions Committee's chairman, Sen. Eugene D. Millikin of Colorado, sought to minimize the possibility of a convention fight over the foreign policy plank.

Himself a Taft supporter, Millikin told newsmen, "We should have

# No Dark Horse Will Win, Dewey Asserts

By JACK BELL  
HOUSTON, Tex. (AP)—Gov. Thomas E. Dewey of New York, who knows about such things, says no dark horse is going to win the Republican nomination at the party convention opening in Chicago next Monday.

Dewey thinks the nominee is going to be Gen. Dwight D. Eisenhower. But if it isn't, the New York governor says the man who heads the ticket will be Sen. Robert A. Taft of Ohio.

It is the opinion of Dewey—who has battled 668 in getting Republican nominations in 1944 and 1948 and losing it in 1940—that not much more than 100 votes will be outstanding on the first ballot at Chicago.

This means, he says, that favorite sons like Gov. Earl Warren of California, former Gov. Harold E. Stassen of Minnesota and Gov. Theodore McKeldin of Maryland will be able to marshal only about that many between them.

The Dewey reasoning would leave no room for Warren, Gen. Douglas MacArthur, the connection keynoter, or any other dark horse to emerge to take the nomination away from Eisenhower or Taft.

"If any man gets within 30 votes of the nomination on any ballot, he's got it," Dewey observed to a news conference yesterday.

His theory is that Eisenhower will lead Taft on the first ballot, getting more than 300 votes while the Ohio senator falls short of that mark. A total of 604 votes is needed to nominate and Taft claims he has them in hand.

The New York governor wouldn't put it on the line, however, that the man who leads on the first ballot necessarily will get the nomination.

Under Dewey's thesis, McKeldin and Gov. John S. Fine of Pennsylvania would have to decide between

for the first ballot where they are going to try to throw the majority of their state's GOP delegations.

That also would apply to Arthur Summerfield, Michigan national committeeman who has been fighting on the fence with a reputed majority of that state's 48 delegates.

As the New York governor sees it, it will be a quick death battle between Eisenhower and Taft, over within about three ballots.

On the Democratic side, Gov. Adlai E. Stevenson has emerged from this annual governors' conference as a much more receptive candidate for his party's nomination than when he first appeared here.

Stevenson said nothing essentially new about his publicly confessed unwillingness to run for the presidency which he said he doesn't expect, he would take a good look at it before saying either "Yes" or "No."

To most of the Democratic governors here, Stevenson sounded like a man who, while reluctant, will go for the nomination prize if there is a serious effort to channel it his way.

Stevenson said nothing essentially new about his publicly confessed unwillingness to run for the presidency which he said he doesn't expect, he would take a good look at it before saying either "Yes" or "No."

Stevenson said nothing essentially new about his publicly confessed unwillingness to run for the presidency which he said he doesn't expect, he would take a good look at it before saying either "Yes" or "No."

Twins Die In Attic Fire

Priscilla and Edward Greenleaf, four-year-old twins, perished in each other's arms in an attic closet when flames swept the upper part of their Easton, Mass., home. Their mother, Mrs. David Regan, who is expecting another set of twins any day, tried vainly to rescue the tots. Fire officials believe the twins, who were in the attic looking for toy trains, were playing with matches in the dark attic. (AP Wirephoto).

# Some Practices Will Help To Avoid Polio

The sure-fire method of preventing polio isn't known, but Public Health Nurse Jewel Barton of the Big Spring-Howard County Health Unit offers some suggestions that might help forestall the disease.

The nurse lists some things to avoid in trying to side-step polio. Several "preventive" measures are recommended since the exact cause of the disease is not known.

As explained by the National Foundation for Infantile Paralysis, three distinct viruses can cause polio. Also, a person may be immune to two varieties and susceptible to the third. To avoid infection by any of the three varieties, here are some measures believed helpful.

Let children play with their usual companions, but no others. They may have developed immunity to various types, but strangers possibly might be carriers of a variety to which they are susceptible. Keep children away from crowds.

Be sure that youngsters wash their hands thoroughly before eating, and after each trip to the bathroom.

Make certain that a child does not use someone else's bath towels, drinking glass, dishes, tableware and similar articles.

# Armed Forces Bill Approved By Senate

By JERRY T. BAULCH  
WASHINGTON (AP)—The Senate last night approved a \$46,403,000,000 budget to run the armed forces for the fiscal year starting today, nearly five billion dollars less than President Truman asked.

The measure, the largest money bill before Congress this year, carries a provision Sen. O'Mahoney (D-Wyo.) said assured the Air Force it could finance a buildup to 143 wings by mid-1953. The present Air Force is a little over 90 wings.

The final total for the military services will have to be worked out in conference with the House, which voted \$46,207,000,000. The administration had requested \$51,290,000,000.

In approving the armed forces budget on a 66-0 roll call vote, the Senate completed its version of all money legislation except a 10-billion-dollar supplementary fund now before the Appropriations Committee. A vote on this is expected Thursday.

However, both the Senate and House will have to reconsider eight appropriations bills—in addition to the military budget—which are in conference committees.

Congress has sent only one money measure to the President but legislators hope to clear all 11 bills before Saturday, a target date they set for adjournment in order to attend the national political conventions this month.

A major difference between the Senate and House versions of the armed services budget is in the manner of laying out Air Force funds.

The Senate voted \$21,122,361,700 and the House \$20,752,412,512, compared with \$22,570,289,770 the President asked. The House voted its funds all in cash but the Senate stipulated that \$13,122,361,700 would be in cash and eight million in contract authority.

# Clouds Due In Some Sections

By The Associated Press  
Clouds were expected to cast their cool shadows on many overheated sections of the nation today with the heat wave of the past few days appearing on the wane.

The U. S. Weather Bureau reported that the first day of July would be quite warm in the Kentucky-Tennessee areas, which have seen no relief since June.

But fair and pleasant weather, with the skies partly cloudy, was the forecast for sections around the Great Lakes, in the Midwest, the regions west, but pleasant weather was expected for the Northeast, which was fanned through the night by cool air from Canada, and for the Pacific and Northwest areas.

The House had voted \$12,244,400,000 and \$17,815,152,142. Truman had requested \$14,380,622,000 for the Army and \$12,958,246,000 for the Navy.

The Senate bill does not include a House provision—opposed by the administration—to place a 46-billion-dollar lid on spending for the fiscal year, six billion below the planned figure.

Spending applies to new appropriations plus money from past appropriations for such things as planes and ships which take longer than a year to build.

Truman and Pentagon officials said a ceiling on spending would disrupt the plans for a military buildup.

The Senate approved by voice vote an amendment—turned down by the House—to give military men in Korea \$45 a month in combat pay. It would go to those who have been under actual enemy fire.

The Senate, by a standing vote, rejected a proposal by Sen. Douglas (D-Ill.) to reduce special hazard pay for fliers and submariners to \$50 a month for enlisted men and \$100 a month for officers. The pay is based on a sliding scale, with some officers getting as much as \$210 extra.

Truman yesterday signed the only money bill he has received for this fiscal year. It provides \$3,437,895,000 for the Treasury and Postoffice Departments, slightly under the \$3,515,145,000 requested.

The President also signed a bill appropriating \$1,413,820,350, most of it to pay Korean War costs for the year just ended.

As the heat wave percolated yesterday, it brought these 100-degree-plus temperatures: Malden, Mo., 107; Paducah, Ky., 106; Hill City, Kan., 101; Akron, Colo., 102.

# Sunshine Greet Oklahoma Voters

OKLAHOMA CITY (AP)—A hot, sunny day was forecast today as Oklahoma voters prepared to cast their ballots in state, district, and local primary elections.

Even with the favorable weather, a light vote has been predicted, not expected to exceed 400,000.

An interesting sidelight to an otherwise blusterless campaign has been the ouster of Commissioners Edd Hisei and Charles Linton in Oklahoma County, and Sheriff W. C. Jester of Marshall County. Hisei and Linton are running for re-election despite their conviction on charges of buying road material without calling for bids.

Jester was convicted by a District Court jury at Madill of illegal disposal of confiscated whisky. He is running for state representative.

WASHINGTON (AP)—You may be writing your favorite haberdasher one of these days for a can of double-breasted blue flannel coat with two cans of trousers to match.

The Air Force already has gone in for canned clothing.

The Air Material Command announced yesterday that 5,148 varieties and sizes of uniforms, underwear, shoes and other items worn by airmen are being packed in drums for shipment overseas. Later clothing may be canned for shipments in the U. S.

Officials said the air-tight containers are cheaper and offer more protection than any other type of clothing packages.

# Housewives Plan To Appeal Case

DALLAS, July 1 (AP)—Attorneys for 12 rebellious Marshall, Tex., housewives served notice yesterday of an appeal to a higher court in their battle against collecting Social Security taxes on their servants' wages.

The women got a setback in Federal Court here yesterday when Federal Judge William H. Atwell held Congress is within its rights in requiring the tax be withheld from the pay of domestic helpers.

"We intend to take this case all the way to Supreme Court if necessary," said former Congressman Martin Dies, counsel for the group in announcing an appeal to the Fifth Court of Civil Appeals in New Orleans.

The test was on a suit brought by Mrs. James K. Abney who wants to get back \$2,511 seized from her bank account by Federal agents. Mrs. Abney refused to withhold the taxes.

WASHINGTON (AP)—You may be writing your favorite haberdasher one of these days for a can of double-breasted blue flannel coat with two cans of trousers to match.

# Eva Peron's Book Now Campaign's Focal Point

By STANFORD BRADSHAW  
BUENOS AIRES (U)—Eva Peron's book "Razon de Mi Vida" is becoming the focal point of a new Argentine campaign against the United States.

Interest in acquiring the North American rights. But after the book made its appearance in Argentina, and the publishers found that it was a highly personalized statement of belief in Peronista policies—the negotiations went into a decline.

On being questioned about their intentions, the Argentine papers said, the publishers (their names have never been specified) replied that they were sorry.

## Texan's Trial For Swimming Prize Stopped

AVALON, Catalina Island, Calif., July 1 (U)—A porpoise interfered with attempts of Roy Sutter, a 28-year-old Texas chicken rancher, to swim the Catalina Channel early today.

## TV Range May Be Increased Greatly

By RENNIE TAYLOR  
Associated Press Science Reporter  
DENVER (U)—How scientists hit upon some secrets of the upper atmosphere which may increase greatly the transmitting range of television signals and even might make TV an international affair was explained today to the American Physical Society.

The main secret is that the atmosphere gently bends the course of radio waves instead of maintaining them along straight lines as was originally believed.

## Riding THE GRUB LINE With Franklin Reynolds

There has probably been entirely too much alarm over the recent break in cattle prices which was widely acclaimed as the sharpest in history. Already the market is making a substantial recovery.

## Judge Refuses To Oust Perjury Case

NEW YORK (U)—A federal judge has refused to throw out the perjury indictments against William W. Remington, former government economist.

Remington, 35, was convicted last year of lying when he told a federal grand jury he never had been a Communist party member.

## Divorcee Charged With Dallas Theft

LOS ANGELES, July 1 (U)—Jacquelyne Yvonne Hensley, 19-year-old divorcee, was charged here yesterday with the theft of \$395 from a Dallas loan association.

Fatally Injured  
MARLIN, July 1 (U)—Mrs. R. L. McGough, 78, was fatally injured yesterday when struck by an automobile about one mile east of here on a farm to market road.

# Kerr Certain Truman To Use His Influence

LITTLE ROCK (AP) — Sen. Robert S. Kerr, a candidate for the Democratic post for President, says he is convinced that President Truman will "attempt to make his influence felt" in selection of the nominee.

"I think he should, and I would be surprised if he didn't," added Kerr, who came here to seek support of the Arkansas delegation to the Democratic National Convention.

Asked if he thought he would be the beneficiary of the Truman draft, he answered:

"Well, I'm willing. I may encourage him along that line. I may even go so far as to suggest it to him."

The Oklahoma senator said Mr. Truman had removed himself from consideration for another nomination "just as definitely and finally as a man can."

Kerr expressed his views at a news conference shortly after his plane arrived here yesterday from Salt Lake City.

Asked about the possibility of a "draft" of Gov. Adlai Stevenson of Illinois by the Democratic nomination, Kerr said: "The Democrats aren't going to draft anybody."

"What I want to say is that you are a partner of ours in this operation, and we want to consult you; we should have and we recognize an error. . . ."

"If you ask me whether you had an absolute right to be consulted, I should say no."

In a June 21 speech stating Gov. Adlai Stevenson for President and Russell for vice president, in a reply to Russell's heated denial, Sullivan yesterday praised the Georgian as having "repudiated those of his backers who have been trying to work out a deal."

# Airmen Escape In B-29 Crash

CHEYENNE, Okla., July 1 (AP) — An Air Force B-29 crashed in the wild country of Western Oklahoma about midnight but all 11 airmen were reported uninjured after parachuting.

Sheriff Bob Leary of Roger Mills County said he investigated the crash and said the 11 men were able to walk to farm houses where they reported everyone escaped.

Sheriff Leary said the crash occurred about 25 miles north of here, which is next to the Texas line.

He said that he was told by ranchers that apparently one engine caught fire and the men bailed out. He said the plane was demolished as it spun to the ground and then bounced and skidded about 300 yards.

"There wasn't much left of the plane," he said. "The men sure were lucky to be able to bail out."

Leary said when the first airmen reached the ranches in this cattle raising section of Oklahoma, word was quickly phoned to all citizens of the area to turn on their porch lights so that the men could be guided.

Leary said he understood the plane was out of Louisiana.

# Train Ticket Led To Lattimore Tip

SEATTLE (AP) — A Seattle attorney disclosed yesterday that his purchase of a Baltimore train ticket for Far Eastern expert Owen Lattimore a year ago led to a recent false report that Lattimore planned a trip to Russia.

George Kallin made the statement to reporters following the arraignment in Federal Court of Harry Jarman, Seattle travel agency manager, on charges of furnishing false information to the Central Intelligence Agency and the FBI. Jarman pleaded innocent to both charges.

Kallin said he purchased the ticket for Lattimore, Johns Hopkins University Far Eastern affairs specialist, after Lattimore was stranded here by an ailing pilot's strike.

# Only 400 Show Up At Workers Rally

MANCHESTER, Ky. (AP) — Four hundred showed up yesterday at a United Mine Workers rally that union officials said would attract 6,000.

The rally went off peacefully and today residents of this little South-eastern Kentucky town relaxed from the tension that had built up before the meeting.

Some men had sent their women and children away from town. Merchants closed their stores for the day. Streets were virtually deserted, except for the rally on the Courthouse square.

The miners heard Tom Roney, organizing leader, make the speech and then departed. Clay and Leslie Counties, last remaining stronghold of non-union mine operations in the big Southeast Kentucky soft coal field.

# Mrs. Stokowski Is Poorer By \$12,285

NEW YORK (AP) — Mrs. Gloria Vanderbilt Stokowski is, in effect \$12,285 poorer today by court ruling.

Federal Judge John W. Klancy decided yesterday that gifts the 28-year-old heiress wife of conductor Leopold Stokowski gave to her mother, grandmother and former nurse from 1939 to 1944 were taxable.

A Message Of Hope

Miss Nina Warren, youngest daughter of Governor and Mrs. Earl Warren of California, who has recovered from an attack of polio she suffered about a year ago, gives a few words of encouragement to Susan Mora, 8, of League City, Tex., Susan, a victim of polio, is a patient at the Hedgecroft Clinic in Houston, Tex., and Nina is attending the National Governors' Conference with her parents. At present Houston leads Texas in the number of polio cases and Texas leads the nation. (AP Wirephoto).

# Oil Industry Plans Expansion Program

NEW YORK, June 30 (AP) — The American oil industry is spending more than four billion dollars on expansion this year to be able to maintain an adequate supply of petroleum products for civilian and military use.

The capital expenditures by the industry will be greater than in any previous one-year period in its history, it was reported today by Frank M. Porter, president of the American Petroleum Institute.

Porter said the four billion dollar total, indicated in a survey just completed, will boost the industry's total expenditures for expansion and improvement to 19 billion dollars in the seven post-war years. The 1952 expenditures, he declared, will be approximately 25 per cent more than last year's peak of \$3,370,000.

The billions are being poured into new oil wells, refineries, pipelines, tankers and other transportation facilities, fertilizer and chemical plants and other new or expanded operations. The program will require a continuing flow of huge supplies of steel and other materials, he continued.

The American people are the most prolific users of petroleum in the world, Porter said, and consumption in the post-war years has been increasing by leaps and bounds. It now is 43 per cent higher than in 1946 and 73 per cent higher than in 1941.

Porter reported that motor vehicles alone are using about 44 billion gallons of gasoline a year, and home oil burners are consuming more than 10 billion gallons of fuel oil annually.

The survey by the institute shows, he said, that tremendous increases are required in both the production and refining phases of the petroleum industry.

Oil companies have scheduled expenditures of more than one and a half billion dollars for wells and equipment this year, the program calling for 55,000 new wells. More than a half billion dollars of the program will go for new refineries and modernization of existing facilities.

The American people are the most prolific users of petroleum in the world, Porter said, and consumption in the post-war years has been increasing by leaps and bounds. It now is 43 per cent higher than in 1946 and 73 per cent higher than in 1941.

Porter reported that motor vehicles alone are using about 44 billion gallons of gasoline a year, and home oil burners are consuming more than 10 billion gallons of fuel oil annually.

# Odessa Policeman Is Killed In Crash

SWEETWATER, July 1 (AP) — An Odessa policeman was killed last night in a head-on auto crash two miles west of here.

Dead was Patrolman Allison F. Thomas, 47, who was driving alone.

Five occupants of the other car were taken to a hospital.

# IT'S PICNIC TIME!

## Here's How to Make the Best Tuna Sandwich You've Ever Tasted!

- Use day old bread of a firm texture and slice with a very sharp knife.
- To bring out the flavor of any sandwich, cream a few drops of lemon juice with the butter.
- To prevent soaking, bring butter to room temperature, and spread a thin layer on BOTH slices instead of just one.
- For the best tasting tuna you've ever tried, use STAR-KIST TUNA—the tuna with the flavor preferred over all other national brands 3 to 1!

Tuna sandwiches are a picnic favorite, and in a sandwich, tuna flavor really comes into its own! That's why it's more important than ever to choose tuna with super flavor for your sandwiches. A recent test proved Star-Kist Tuna's flavor is preferred 3 to 1 over all other national brands tested.

Keep it on hand for those "last-minute" picnic lunches... Buy FANCY SOLID or CHUNK STYLE, both are the same fine quality!

# MEDICAL DIRECTOR REPORTS

## Doctors May Be Near A Usable Vaccine For Polio Inoculation

By The Associated Press

The Medical Director of the National Foundation of Infantile Paralysis said in Dallas Monday doctors may be nearing the point where they can produce a usable polio vaccine.

Dr. Hart E. Van Riper said mass inoculations beginning in Houston Wednesday for 35,000 young children are a part of that experimentation.

Dr. Van Riper was in Texas for a meeting of 200 Polio Foundation chapter presidents from four states. The Houston doctors will inoculate half of the Houston volunteer children with a new blood medicine. The other half will get a neutral shot that looks the same.

A shipment of 3,500 units of the medicine—gamma globulin—arrived in Houston, two dozen special nurses arrived and a ton of medical equipment was readied for the 50-man professional team that will handle the tests. The work, directed by Dr. William Hammon, public health professor at the University of Pittsburgh, is backed by the National Foundation.

Dr. Van Riper said in Dallas the theory behind a polio experiment at Frost, Navarro County, will not stand up.

Last summer, 400 persons received one shot of anti-rabies vaccine which experimenting doctors hoped might prevent polio.

Last week there were no confirmed reports of polio this year in the Frost community of 385 persons.

Dr. Herbert Hipps, Waco physician who took part in the Frost experiment, said, "We won't really know a thing about the success of the experiment until about the time school starts. Then if there haven't been any cases it will look good."

But Dr. Van Riper said he had investigated the anti-rabies shot theory and found it would not "hold water."

Meanwhile, the Texas polio outbreak continued. Houston reported 19 new cases over the week end, bringing the total to 382 patients, of whom 16 have died.

In Dallas four new cases were reported bringing the year's total to 91 compared with 24 one year ago. Dallas hospital directors agreed to pool their forces in case the mounting Dallas polio outbreak turns into a major epidemic.

In Fort Worth, another hospital opened its doors to convalescent polio patients at 23 cases filled City-County hospital facilities to capacity.

# Workers Postpone Strike At Refinery

NEW YORK (AP) — The CIO Oil Workers International Union today postponed indefinitely a strike by 10,000 employees of the Sinclair Refining Company.

The strike had been scheduled to start last midnight, but a negotiating session lasted past the deadline.

# Americans Are Taking On Reds In India's Economic Battles

By SELIG S. HARRISON  
NEW DELHI, (U.S.) — American experts helping India lift economic standards are taking on the Communists in their home territory. Ten out of 55 community development projects recently selected under the Indo-U.S. Technical Co-operation Agreement center in areas which produced sweeping Communist victories in the January general elections.

"The Communists always say Americans have imperialist designs in India," commented Horace Holmes, U. S. agriculture chief in India.

"We have found that the folks

here feel quite friendly to the United States when they see by concrete performance that we only want to offer constructive assistance. Just because a village once voted Communist, we can't write 'em off."

Communist leader Puchalipalli Sundaraya, red-faced at the American invasion of Red strongholds, contended the aid "will help only the big landlords, not the masses."

He said the Communist line in the project areas would "simply be to expose the fact that the whole thing benefits the reactionaries. It's just an advertising stunt

for America."

The 50-million-dollar U. S. program provides technical and financial backing for rural-urban projects patterned after successful Indian government experiments. Holmes helped pilot the model Indian agricultural project at Etawah in Uttar Pradesh state through four trial years.

Instruction in the use of better seeds, plowing under of suitable weeds as green manure, improved cultivating techniques and new methods of pest elimination doubled and in some cases tripled crop yields.

An old China hand, Holmes directed UNRRA agricultural rehabilitation activities in Kiangsu Province in the two years before the Red Army captured control of the mainland. Most of the time the Communists held the Northern half of Kiangsu.

"That meant I had a lot of direct contact with those boys since it was UNRRA policy to dispense humanitarian relief regardless of politics," Holmes recalled.

"We went freely across the line and found they did have a lot of zealous workers trying to do good for the people. I don't mean the hard-boiled, rabid boys in the top."

"It's the same in India. I think we'll run into some of our best co-operation and hardest work from people who might have felt only a little while back that the Communists were the only ones who cared. Here there's no Red Army. We can fight it out with ploughs instead of guns."

Five development projects have been set up in sections of Madras state which were solidly Communist. Officials plan another in the adjacent East Hyderabad district of Nalgonda, scene of armed Communist peasant uprisings against Prime Minister Nehru's government in 1948-51.

Two projects in Travancore-Cochin state and one each in Manipur and Western Hyderabad round out the list of the 10 ventures in Communist centers.

Indian authorities viewed the selection of Communist-influenced areas as American aid targets against the American aid targets. Only the strong stand of Bowles and Holmes, a former Whiteville, Tenn., farm county agent, which finally won Nehru's approval.

# Civil Rights Issue Explodes At Session

By MORRIE LANDSBERG  
HOUSTON, Tex. (U.S.) — The explosive political issue of civil rights brought new tension today between Democratic governors pulling for rival views on the party's presidential year platform.

Gov. G. Mennen Williams of

Michigan, here for the National Governors Conference, stirred up the old fight deep in States Rights country by indicating a no-compromise position on a question which fostered the Dixiecrat movement four years ago.

Gov. James F. Byrnes of South Carolina, a leader of the anti-Truman wing in the South, was expected to reply at a news conference scheduled for 10 a.m.

Williams said Michigan would stand strongly for the 1948 platform on civil rights. The controversial plank endorsed President Truman's since-stymied program of federal legislation aimed at job discrimination, lynching and the poll tax.

Williams told a news conference yesterday, "Labor wouldn't be satisfied with anything less than the 1948 platform."

Williams made it clear he goes further than Gov. Adlai Stevenson of Illinois in support of President Truman's civil rights proposals. Stevenson said he hopes the Democrats can compromise the issue. The Illinois governor said he was for state federal Fair Employment Practice Commissions with the federal government stepping in only when the states failed to act.

Republican Gov. Alfred E. Driscoll of New Jersey charged at the governors' meeting itself that duplication in taxes and services is causing a billion-dollar yearly waste in tax dollars.

Republican Gov. Val Peterson of Nebraska twice tried to get the conference to recommend that the states abandon federal grants and finance such programs as vocational education or highway building.

Referring to widespread complaints against federal control of many state activities, he said bluntly: "Either we put up some money or shut up."

# Teachers Are Gaining Rank

AUSTIN, —Despite the fact that Texas teachers had not had an increase in their base salaries since 1949, they have continued to improve their professional training. They now rank among the five top states in the nation in teacher preparation, according to Charles H. Tennyson, executive secretary of the Texas State Teachers Association.

Tennyson said that figures available from the Texas Education Agency show that more than 95 per cent of the state's 58,513 public school teachers now hold degrees from accredited institutions of higher learning.

During the school term just closed, only 2,299 or 4.5 per cent of the white teachers in the state did not have degrees. Only 146 or 1.84 per cent of the Negro teachers in Texas do not have degrees.

The school year 1951-52 also marked progress in another direction. Tennyson added. It was the first year in the history of the state that the schools did not have some people teaching who had less than a high school education. The previous year 34 such people were employed as teachers.

# Stray Hat Starts Chain Of Events

KANSAS CITY (U.S.) — A 16-year-old tractor driver's hat blew off on a road near here yesterday with these results:

George Coons steered the tractor onto the road shoulder so he could pick up his hat. He got too close to the edge and the tractor tumbled 25 feet into a creek. Coons was pinned under the machine in six inches of water.

A woman motorist saw the accident, stopped her car and tried to flag down a loaded lumber truck for help.

The truck driver, W. L. Pittman, 24, turned his head to look at the woman, and his truck plunged down a 30-foot bank, rolling over twice before landing on its wheels.

Pittman jumped to safety and wasn't hurt. But he gashed his finger while cutting the shoe off Coons' left foot to free the tractor driver.

Coons was taken to a hospital. His condition was satisfactory.

# San Antonio Bus Strike Is Delayed

SAN ANTONIO, July 1 (U.S.) — A threatened bus drivers strike here has been delayed at least until midnight tonight.

Spokesmen for bus drivers local agreed to hold off until then while company and union officials negotiate even though the contract expired at midnight last night.

Negotiations were to be continued.

E. M. Welmer, president of the bus operators union, said employees were ready to bargain day and night and he was hopeful agreement could be reached.

The drivers want a ten-cents an hour wage hike.

# Tradition Broken; Woman Takes Stand

LOS ANGELES (U.S.) — The half-century old Frisars Club, actors' fraternal organization, broke tradition last night at a testimonial dinner honoring Judy Garland and allowed women on the speakers' platform.

Film players Rosalind Russell de Havilland and Marie Wilson took the platform along with the men to pay tribute to Miss Garland as "Miss Show Business."

Toastmaster George Jesel, told a filmland crowd of 750 that Judy is personally responsible for the rebirth of vaudeville at the Palace Theater in New York.

Miss Garland, long in the movies, has been touring recently with her own vaudeville act, which she launched at the Palace earlier this year.

# Contest Chairman

George T. Hansen of Salt Lake City, Utah, works through the Chicago heat as he gets down to the business of gathering evidence in delegate contests for the GOP national convention.

Hansen is chairman of the subcommittee which will first pass on all contests. (AP Wirephoto).

# Mrs. Michaud Is Sentenced

CARSON CITY, Nev. (U.S.) — Mrs. Jeanne d'Arc Michaud, 36-year-old self-styled brains of the \$1,500,000 Redfield burglary, yesterday was sentenced to five years in prison by Federal Judge Roger Foley.

Mrs. Michaud probably will be sent to the federal reformatory for women at Alderson, W. Va. She will become eligible for parole after serving 20 months.

Judge Foley also sentenced two others involved in the bizarre burglary of LaVere Redfield's Reno mansion in February.

Leona Mae Girdano, 40, Reno cocktail waitress, convicted of transporting \$11,000 of the loot across state lines, was sentenced to a year and a day.

Benton Henry Robinson, 46, a dude ranch handyman and Mrs. Michaud's contact with the underworld, was sentenced to four years. He pleaded guilty.

Three others are awaiting trial. They are Andreis Young, 46, John Trillegi, 37, and Frank Sorrenten, 36, all of Milwaukee, Wis.

# Woman Plunges To Death In Niagra

NIAGARA FALLS, N. Y. (U.S.) — Scores of tourists watched helplessly last night as a woman plunged into the Niagara River and was swept by her death over the American Falls.

The woman, Mrs. Josephine Stachowiak of nearby Cheektowaga was identified through several notes found in a purse left with a coat at the scene of the jump near the cataract's brink. Contents of the notes were not disclosed.

Relatives told police that Mrs. Stachowiak had been despondent over the death of her husband last fall.

# Purchase Merges Two Large Firms

CINCINNATI, July 1 (U.S.) — Two of the nation's largest window shade manufacturers were combined yesterday with the purchase of the Stewart Hartshorn Co., Mtskegon, Mich., by the Charles W. Breneman Co., Cincinnati.

The purchase price was not disclosed.

The Breneman Company has Texas branches in Houston and Dallas.

# Harriman Says House Against People's Wish

WEST POINT, N. Y. (U.S.) — Averell Harriman believes House cuts in the foreign aid bill were made against the people's wishes.

Speaking in his home county last night, the candidate for the Democratic presidential nomination said in a Columbia Broadcasting System network radio address: "I cannot believe that this action was truly representative of the attitude of the majority of the whole House."

I have been out among the grass roots myself for the past six weeks, and everywhere I find that the people understand the present critical situation and the necessity for American leadership of the free nations."

Harriman said he thought the congressmen responsible "were not representing the wishes of the American people."

The Mutual Security administrator said he hoped the Senate would restore the \$1,917,853,350 House cut from the foreign aid measure that originally provided \$7,949,801,000.

The House sent the bill to the Senate Saturday.

# Texas Cities Go On TV Network

NEW YORK, July 1 (U.S.) — Four of the largest cities in Texas were scheduled to go on the coast-to-coast television network today in time for the national conventions in Chicago.

Dallas, Fort Worth, Houston and San Antonio were to be connected to the Bell system TV circuit today along with Tulsa, Oklahoma City and Phoenix. Seattle will be on by convention time making 65 of the nation's 66 TV cities able to receive network telecasts.

Miami and New Orleans were connected to the network yesterday.

The National Broadcasting Company estimated 17,900,000 United States homes would have TV sets by the time the GOP session begins in Chicago.

H. M. Beville Jr., NBC Director of Planning and Research, forecast that the conventions would attract some 70 million TV viewers apiece. He said about one million saw the 1948 conventions by TV.

# Officers Search For Bank Burglar

MARLIN, July 1 (U.S.) — State officers were called in to help investigate the burglary of the Chilton Citizens Bank early yesterday.

The private unincorporated bank at Chilton, 12 miles west of here, was burglarized. Bank officials said about 12 safely deposit boxes were rifled but no bank money was taken. The loss to owners of the deposit boxes was not known.

# Man Suffers Burns In Fire At Spur

SPUR, July 1 (U.S.) — An explosion and fire in a hangar at a small airport he operates here seriously burned F. R. Blair, 33, late yesterday.

# U. N. Is Accused Of 'Creating Incidents'

By SAM SUMMERLIN  
MUNSAN, Korea (U.S.) — The Communists today accused the U. N. Command of "seeking pretexts for creating new incidents" as truce negotiators returned to Panmunjom following a three-day Allied recess.

North Korean Gen. Namun Il lambasted the U. N. for insisting that the Reds pinpoint the location of four prison camps in North Korea. His charge was included in a letter handed to Allied liaison officers a few minutes before negotiators began another futile attempt to break the long armistice deadlock.

Maj. Gen. William K. Harrison Jr. told the Reds "if the prisoner

# Kasch Awarded School Project At Vealmoor

Contract for improvements to the Vealmoor school has been awarded to A. P. Kasch & Sons of Big Spring.

Kasch was low on a bid of \$116,600, and the offer of completion in 200 working days was on a par with the lowest.

Included in the contract is erection of a combination gymnasium-auditorium, two class rooms and a cafeteria. These will be added to the present brick structure.

The Vealmoor district has been enriched in recent years by discovery of oil in the Vealmoor pool. Trustees, after analyzing bids Monday morning, announced award of the contract.

Kasch has been a plumbing contractor for years and recently has started general contracting. The company holds the contract on the Gray Hill school job.

Other bids, hunched fairly closely, included Suggs Construction of Big Spring \$118,591; Jones Construction, Big Spring, \$124,288; Swain Construction, Lubbock, \$124,400.

# Obsolete Planes Going To Reserves

WASHINGTON (U.S.) — The Air Force said today it will funnel about 250 airplanes — outmoded fighters, trainers and troop carriers — into the re-establishment of its reserve training program this year.

The Air Force reserve training program was discontinued after the outbreak of the Korean War stripped the organization of its planes and men.

A spokesman for the Continental Air Command said 22 reserve training centers will be set up, starting this month.

# Officers Search For Bank Burglar

MARLIN, July 1 (U.S.) — State officers were called in to help investigate the burglary of the Chilton Citizens Bank early yesterday.

The private unincorporated bank at Chilton, 12 miles west of here, was burglarized. Bank officials said about 12 safely deposit boxes were rifled but no bank money was taken. The loss to owners of the deposit boxes was not known.

## A Bible Thought For Today—

Nothing is more contagious than a good and noble example. This poor widow's example has stimulated the gift of countless billions. A niggardly, stingy withholding not only robs a good cause but the bad example is too apt to be followed by others. "She of her want did cast in all that she had." — Mark 12:44.

## Two Party Balance Can't Be Had With Two Classes Of Republicans

In the heat of the battle to obtain the nomination, sight may be lost of some significant facts in connection with present and inter-party maneuvering.

Reference is particularly apropos the GOP fracas in Texas. Eisenhower forces, consisting of large number of Democrats or former Democrats, moved in and ostensibly captured the state for Ike. Regular GOP forces, wise to the tricks of the trade, ruled out these delegations on the grounds that the perpetrators were Democrats and not Republicans. If the Ike partisans had morality and enthusiasm on their side, the regulars (or Taft supporters) had a court decision and possession on their side. It's up to the national GOP convention to handle this hot potato.

The thing that may be overlooked in the midst of recriminations and vituperations is not that the regulars may succeed in maintaining their firm grip on party affairs, but in what it will do to hopes of two-party competition throughout the South.

For years the Republicans have been voting in Democratic primaries (not all do, but most do) for conservatives and then support the Republicans in general elections. And where the heat has been on and a sufficient number of Democrats disgruntled with the nominee, the Republicans have amassed considerable strength in the general election for those under the GOP banner. Obviously this increased GOP vote in November is drained off the Democratic total. It also is obvious that the two-party system cannot attain any semblance of balance in Texas and the South if two classes of Republicans—a handful of May Republicans and a great mass of November Republicans. It won't work that way. The GOP, if it is to cut any capers, had better take its current when and how they can be had and leave the impressions more are wanted.

## It Is Imperative That Companies And Union Continue Negotiations

Talks are continuing with some of the smaller steel companies in an effort to reach agreements for ending the strike in these plants.

This does not involve the big companies, which are standing as firm in their position as the union is in its contention.

There is some ground for hope, however, in the continuing talks between the union and any section of the industry. For there is always the possibility that one or more of these settlements, as they are reached, will become a pattern by which the whole steel impasse can be unraveled. "Little" steel cannot go too far in its agreements on the surmise that being able to produce while big companies are shut down would furnish an economic advantage. Actually, the demand for steel is so sharp that there is no such advantage. Too, there is still reason to believe that the main issue can be settled soon and the big mills put back into operation.

The union and the major companies should exercise more energy in attempting to arrange and pursue talks. Several things are at stake. One certainly is the nation's welfare and perhaps its security because any prolonged steel stoppage would cripple critically the defense effort. Another is that the principle of voluntary and private settlement of difficulties is on test. A failure to give and take by either side may subject it to stringent and compulsory action by the government. Finally, there is no real sense to workers missing pay checks and management losing money through idleness.

## Merry-Go-Round—Drew Pearson

### Committee Favors Pan-American Airways Instead Of Taxpayers

Certain congressmen tried to camouflage it, but the House Interstate and Foreign Commerce Committee voted out an airline subsidy bill the other day that was exactly what Pan American Airways had ordered. The effect was the same as if the congressmen had voted to shift \$17,000,000 a year from the taxpayers' pockets to Pan Am's treasury.

The bill had been pressed to slip through Congress early in June, as the result of a preliminary vote to the vote. However, when this column exposed the amazing backstage wire pulling by the Pan Am lobby, it threw the committee into an uproar and delayed the bill for a few weeks. The publicity resulted in seven congressmen switching their votes, but failed to stop the Pan Am subsidy which was adopted by a secret 14 to 8 vote.

Because of the publicity, the congressmen took the precaution of doctoring up the bill with amendments, so it wouldn't resemble the original Pan Am bill too closely. But beneath the fancy language, it still means \$17,000,000 to Pan American Airways.

The bill pretends to separate air mail pay from government subsidy, but instead of basing mail pay on the cost of a reasonable profit, the bill pegs the mail carrying charges at an inflated, arbitrary rate. Result is that Pan Am would draw an extra \$17,000,000 a year, and the public would be deceived into thinking this was fair compensation for carrying the mails.

Pan Am's publicity experts have been putting out the story that they are entitled to the extra mail subsidy in order to pay for defense features that the airlines have been asked to build into 321 planes. The truth is, however, that the cost of defense modification is paid by an extra \$70,000,000 direct from the Air Force. Not one cent for this comes out of air mail subsidies. No matter how you look at it, the inflated subsidies are still gravy. Instead of financing defense features in planes, these subsidies really contribute to the plush salaries paid to airline executives, the fancy parties thrown for congressmen, and orchids given to lady passengers.

Chairman Robert Crosser, Ohio Democrat, was so concerned over the committee's earlier bad publicity received in this column, that he issued a strict warning against leaking out the secret vote. Nevertheless, here is how each member

voted: those for Pan Am were: Democrats—Priest of Tennessee, Harris of Arkansas, Rogers of Florida, Stanley of Virginia, and Roberts of Alabama; Republicans—Hinsaw of California, Hall of New York, O'Hara of Minnesota, Hale of Maine, Doliver of Iowa, Bennett of Michigan, Hoffman of Illinois, Chenoweth of Colorado, and Beamer of Indiana.

Those voting against Pan Am were: Democrats—Klein of New York, Granahan of Pennsylvania, Williams of Mississippi, Thornberry of Texas, Heller of New York, and Moulder of Missouri; plus two Republicans, Wolverton of New Jersey and Heselton of Massachusetts.

Chairman Crosser didn't vote on the grounds that the chairman is supposed to cast his ballot only in case of a tie. On less ticklish matters, however, Crosser hasn't hesitated to vote in the past. Another congressman who got cold feet was McGuire of Connecticut, who left the committee room five minutes before the roll call. Both Crosser and McGuire have admitted privately that they have been under terrific pressure from the Democratic bosses back home to go along with Pan Am.

One of the most amazing comments was made by Congressman Beamer, who votes for tremendous economy cuts that have no chance of passing. In answer to the argument that the Pan Am bill would cost the government \$29,000,000 extra a year (\$17,000,000 going to Pan Am, the rest to other airlines), Beamer snorted: "I don't think \$29,000,000 is much of a saving."

No matter how much they try to disguise the fact, the congressmen knew they were voting against the taxpayers and for Pan Am. They may discover in November, however, that the taxpayers have more votes than Pan Am.

Note—Pan American officials threw a party for the committee at the exclusive Belle Haven Country Club; while Pan Am Vice President J. Carroll Cone bought a \$200 Jefferson-Jackson dinner for Congressman Harris of Arkansas and wife. Harris introduced the Pan Am bill.

Despite his repeated and vigorous denials that he could be drafted to run again, administration Democrats still have hopes that President Truman may change his mind.

Latest to sound out the President was able Congressman George Miller of California, who went to the White House last week to seek Truman's support for construction of an urgently needed and long-delayed bridge to supplement the old San Francisco-Oakland bridge over San Francisco Bay.

Civil defense officials have strongly advocated a second bridge as a defense measure, in case the San Francisco-Oakland span is ever knocked out, but a local squabble over the proposed location has held it up.

However, Truman assured Congressman Miller, Frank Havenner, and Jack Anderson of California that he would direct the Army Engineers to make an immediate study and report back to him how soon construction (partly with federal funds) could get under way.

As his callers were leaving, Miller remarked: "Congressman Havenner and myself are Democrats and I think I speak for both of us when I say that I wish you would remain here in the White House another four years. With your help, I'm sure we'd have the bridge."

### Struggle For Disputed Delegates Sets Hot Theme Of GOP Convention

WASHINGTON (AP)—That big blaze in Chicago, a fire in the Republican party, will stay hot all week even though sometimes obscured by fog from the politicians.

The struggle there between the Taft and Eisenhower forces to seat contested delegates at the convention which opens Monday may wreck the party's election chances if the politicians make a spectacle of themselves.

The outcome of the struggle this week may mean the party nomination or loss of it for Gen. Eisenhower or Sen. Taft at the convention next week.

Before the fog sets in—claims, counterclaims, accusations—this is a brief summary of what makes the Chicago fire blaze:

The delegates finally seated at the convention will vote on the party's candidate for President. But there's a dispute between the Taft and Eisenhower people over 27 delegates of the total of 1,208.

If—except for the 72 in dispute—Taft and Eisenhower go into the convention fairly close, having picked up more uncontested delegates meanwhile, those 72 contested ones might mean the difference between win or lose.

Today the Republican National Committee, or a subcommittee, will begin hearing both sides. The national committee may decide by Thursday night whose delegates should be seated when the convention opens Monday. Taft has offered to compromise delegates. The Eisenhower people say they will not compromise, and at the same time charge the national committee is dominated by Taft.

Taft says they'd rather have the "issue than the delegates." Their argument is: Why should we compromise about our delegates, who

## Notebook—Hal Boyle

### Range Riders Look Back Upon Years Of Hardship

MILES CITY, Mont., July 1 (AP)—The Old West is still young enough to have its living pioneers.

They are the old timers who came here in their youth, or the children of those who came still earlier, and homesteaded a fenceless frontier.

It was a titanic lonely gamble for most—a lifetime gamble in a vast rolling land, where drought sometimes starved their stock in summer and the bitter cold froze their herds in winter. It was a long battle for enough water and the right kind of weather.

The land broke many of the early comers, but many stayed and broke the land.

Once a year these pioneers gather in reunion here and talk about old times. They call themselves range riders, because that is what they were. And if you refer to them as cowboys, they will refer to point out that a cowboy is a critter that inhabits Hollywood.

They are a wonderful people, marked by a great calm and dignity. Their hardwon victory shows in their sun-creaked countenances, and in the far reach in their eyes. The earth and sky of endless Montana has been stamped by time in their faces.

Among those at the reunion of the range riders this year was Mrs. Susan Haughian, about whom I have written before. Mrs. Haughian came here as a sprightly young girl from Ireland. Now in her 65th year, she has ten children and 24 grandchildren—and she is as sprightly as ever.

Today she and her family own or lease more than 100,000 acres, but there were times when she and the kids weren't even sure of their groceries. Susan has had a rugged life, full of many troubles.

"But I wouldn't change one moment of my life if I could," she said stoutly. Courage has been her armor all the way, and it still is.

She is a keen and active businesswoman, and wants to keep ranching as long as the Lord will allow her.

"I'm not going to be a baby sitter for 24 grandchildren," she said, laughing.

Susan's success story is matched by Leo Cremer, who is one of America's leading rodeo entrepreneurs as well as one of the state's biggest ranchers.

"Mr. Rodeo" came here from Wisconsin in 1911 at the age of 20 with his young bride. He homesteaded 320 water-short acres. Like Susan and many other determined settlers, Cremer, when faced with the choice of buying better groceries or more acres, chose to gamble on acres.

Cremer now has 82,000 acres of deeded land and 18,000 acres under lease—more than 150 square miles. He is a big, graying man with a gusty laugh, who thinks any day is wasted if he doesn't spend at least part of it on horseback.

As a state senator was to solve America's political troubles by moving the national capital from Washington, D. C., to Montana. His tongue-in-cheek suggestion met a rather cool reception out here.

"We're against it," one rancher said. "All those politicians would just stir up the cattle. Let 'em graze where they are."

There is a new whisper of wealth in Montana—oil. The search for black gold has brought a new kind of pioneer here.

But no matter how much oil they find, they will never play the role of the home-owners—the old range riders who tamed the land on horseback.

## Around The Rim—The Herald Staff

### Old Pleas Lilly Was Quite A Man But Didn't Leave Any Inheritance

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

Never in my life have I inherited a dime and the chances now are that I never will. The principal reasons I have never inherited any money are that those from whom I might have inherited never had anything when they died, or if they did have some relative rushed in and wrote a will while I was off somewhere silently praying that the ill would pull through and live a long time to come.

People generally, I suppose, inherit from their fathers. My father was one of the grandest men I ever knew. When he died he had only enough to pay the funeral expenses and to mark his grave with a bronze plaque. In his life time he made and lost several comfortable fortunes. He was a high-tempered man and the only reason he was never in any real serious trouble was that he was such a damn poor shot. He was as a for described Cactus Jack Garner, "a whiskey drinking, poker playing, evil old man," but he was one of the greatest characters who ever lived as far as I am concerned. He had nothing to leave me but my memories of him and as the years tread one upon another I would rather have them than any mesquite-infested ranch I ever saw.

There was never any chance to inherit from my mother, since there had never been anything more than a comfortable living in her family since my great-grandfather, Pleasant Lilly, put all of the name between a rock and a hard place back in the days of shavery.

He so annoyed the rest of the clan that the Pawnee Bill (Major Gordon Little) branch even changed the spelling of the name, and this branch also included old Ben Little, the quite famous New Mexico trapper and predator hunter.

Great-Grandfather Pleasant Lilly, or "Old Pleas," as most folks called him when he wasn't present, was something of a ring-tailed whizzer with red-striped wheels, as the story has been handed down in lieu of cash and antique silver.

He and his father and brothers were all very wealthy men. They lived neighbors, back there in the Blue Grass of Kentucky somewhere between Georgetown and Cynthiana, as I have been told. Their tobacco was finest in that country, and year after year it topped the market. They had unusually good luck with their race horses, and bred fine cattle and jacks and sons and daughters. I've never been back there, to check the records, but a part of the story is that they were all very rich and had many slaves. They lived high on the hog, and their fandangoes must have been the talk of the countryside.

But Old Pleas wrecked their happiness and paved the way for my pauperdom. He had a pronounced idiosyncrasy. He collected mulatto girls (the color of new saddles) at the slave sales like some people collect old guns; others collect fine stamps and still others collect fine Herford. He couldn't resist a mulatto girl if she was young and pretty, and if he didn't show up on time at a slave sale the girls would be pushed into the back-ground until he arrived, and no matter how high the bidding he bought 'em!

That, in a nutshell, was my great-grandfather Old Pleas Lilly. His father and his brothers plead with him, and he'd promise. They would step into the gap and put up more money. Then along would come another slave sale, he'd tank up on Cognac, and build more brick cabins, and so it went until the whole family was busted flatter than a pig bladder from last year's killing. So far as I know none of this bunch of the Lilly has ever had any money since.

There are those who can point with pride to the millions that have been handed down to them, but me, I'm pretty proud of the memories of that "whiskey drinking, poker playing, evil old man" who was my father, and the blood of Old Pleas that runs riot through my veins—at times.

FRANKLIN REYNOLDS

## Business Outlook—J. A. Livingston

### Do U. S. Grandchildren Face Depleted Standard Of Living?

Have you ever passed through a dead mining town? Through Cripple Creek or Dead Man's Gulch? You see the old workings—the cuts into the earth. You see the abandoned shacks, the remnants of a store or a saloon. A guide is apt to say, "They ran out of ore and had to quit." It's hard to think of the United States that way, ain't it, pard?

But is it? Not to the President's Materials Policy Committee, headed by William S. Paley, chairman of the Columbia Broadcasting System.

The guide, of course, was wrong. The mine didn't run out of gold, or copper, or silver. You can always scratch up some metal in these abandoned diggings, if only you work hard enough. But you don't get enough out of it—per man per hour. The dirt simply isn't pay dirt. Other mines, richer in ore, attract capital and labor.

That's what customarily happens. Men—capital—work the rich lodes first. When they've "skimmed the cream," they perforce go to the harder-to-reach, higher-cost dirt. Thus, in England coal is now mined a half mile and more beneath the earth's surface. Neither machinery nor men can cheaply get to it.

Here, in the United States, nature's industrial bounty is at its full—acres of coal, iron ore, copper, zinc, lumber exploited by the world's most advanced technology. As pay dirt paid out less, technology has made it pay out more.

Back in the 'twenties and 'thirties, America shipped its riches abroad—petroleum, zinc, copper, and lumber. Today, because of greatly expanded domestic demand and because the United States is rearming itself and helping to rearm others, we're buyers of oil, zinc, copper, and lumber. We're far from a have-not nation, but we're becoming increasingly an importing nation. And we're becoming a high-cost nation.

That is the burden of the Paley report. It says: "As a nation, we have always been more interested in sawmills than seedlings. We have put much more engineering thought into the layout of factories to cut up metals than into mining processes to

produce them. We think about material resources last, not first."

As the Commission sees it, U.S. requirements for basic materials will rise between now and 1970-80, as follows: Tin 18 per cent; zinc 39 per cent; copper 43 per cent; iron ore 54 per cent; rubber 89 per cent; nickel 100 per cent; petroleum 109 per cent; tungsten 150 per cent; fluorspar 187 per cent; aluminum 291 per cent. World demand—or rather the demand of the other nations in the free world—will rise even faster. That has implications:

First, this country must develop new domestic sources of supply through exploration and discovery.

Second, the U.S. must husband resources. The report says, "About 50 per cent of the commercial grades of coal and more than 50 per cent of the petroleum in an average pool are left behind... Roughly, one out of ten pounds of copper in ores is thrown on the tailings heap; more sulfur is blown from smokestacks than is consumed..."

Third, the United States, in self-preservation, must help foster the "rising ambitions of the resource-rich but less-developed nations." We have to discard, even as Great Britain did her industrial heyday, the notion of high protective tariffs. "Buy American" is unsuited to our new industrial interdependence.

For the investor, the report has implications too. If production costs go up, if discoveries abroad unfold cheaper outlets, what will that do to American securities? That explains why farsighted U.S. companies are investing abroad.

Above all, the report means this: The standard of living of our children and our children's children depends on foreign resources. Their well-being is contingent on peace, international stability, and freedom of trade. That cannot help but govern American diplomacy and policy in world affairs.

Those abandoned high-cost mines out west are not yet typical or symptomatic. They're reminders that the economic sins or virtues, the waste or husbandry, the foolishness or wisdom of forefathers are the weakness or strength of nations.

## Uncle Ray's Corner

### Swimming Is Big Olympic Test

Nature supplies people with legs to use in walking and running, and our legs also come in well when we swim!

People must have engaged in swimming since the start of the Old Stone Age. We may suppose that they swam across deep rivers long before they had any type of boat or raft.

Most persons find pleasure in swimming. We hear about "the old swimming hole" as dear to the hearts of those reared in rural districts. In our modern world, people travel more than in the old days. Millions go to seaside places to swim in the ocean, or take vacations along the shores of lakes, or use swimming pools.

Because it is an old and important sport, swimming has a big place in the modern Olympic Games. There are races for 100 meters, 400 meters, 1,500 meters and other distances.

Looking back over Olympic swimming records, I find that the best mark for 100 meters was made four years ago by an American, Walter Ris. He swam the distance in 57 and three-tenths seconds. That clipped three-tenths of a second from the previous record of a Hungarian named Csik.

Judging by Olympic records, men can run about five and a half times as fast as they can swim.

Women take part in their own swimming races at the Olympics. The best 100-meter Olympic mark for women, up to this year, is one minute five and nine-tenths seconds. It was made in Germany 16 years ago by Helena Mastenbroek, representing Holland.

I, the 400-meter swims, men in the Olympics have kept whittling down the time. The first champion took more than six minutes for this distance. Four years ago an American named William Smith cut the time to four minutes and 41 seconds. The women's Olympic record also is held by an American, Ann Curtis.

The 1,500 meter race is a little short of a mile. The best Olympic record for this was made by a Japanese who swam the distance in 19 minutes 12 and four-tenths seconds. That record was made 20 years ago.

For GENERAL INTEREST section of your scrapbook.

Tomorrow: Crew Races.

Interesting life stories of Mozart, Beethoven, Chopin, Brahms, Strauss and Liszt are told in the illustrated leaflet called MASTERS OF MUSIC. This will be sent without charge to any reader who asks for it and encloses a stamped, self-addressed envelope. Address your letter to Uncle Ray in care of this newspaper, and allow about 10 days for reply.

# Rosenstein's Little Black Dress Is Back

By DOROTHY ROE  
Associated Press Fashion Editor

NEW YORK (U.S.)—Suave is the word for Nettie Rosenstein, famous for her special touch with the all-important "little black dress," which this season manages to give the effect of having been poured on.

Her collection for fall, previewed for the visiting fashion press, shows a series of dresses, all having smooth, rounded shoulder lines, slim midriffs, skirts narrow or with controlled fullness, understated but immensely flattering.

With the black dresses she adds dramatic touches of costume jewelry in the form of massive gold coin medallions or pendants and heavy gold chains.

Her collection of suits also stresses soft tailoring, natural shoulders and a feminine cut. Most have slim skirts and brief jackets with flared petal-like pe-

lums. The slim waistline is important in the fall silhouette, the lines curving above and below.

Jane Derby shows a series of well-bred suits in understated design, accenting the costume with a consisting of box jacket and slouch dress. She employs contrasting textures in fabrics, combining poodle cloth and flannel with effective results.

The ladylike black crepe-de-chine cocktail dress trimmed in delicate handwork and lace, which are practically a Derby signature, are again in evidence.

Mrs. Derby uses magnificent Italian brocades in a series of dinner and evening fashions, does such tricks as making a windbreaker in French blue satin with knit cuffs and waistband, lining it in silk. This goes over a matching satin dinner dress.

Her collection shows the kind of good taste that marks American designing at its best.

MRS. BERWYN ELLIOTT TATE

## Berwyn Tate on Trip To Lake Tahoe, Calif.

Mr. and Mrs. Berwyn Elliott Tate are on a wedding trip to Lake Tahoe, Calif., following their marriage Sunday afternoon in Snyder. The bride is the former Lynn L. Logan, daughter of Mr. and Mrs. Archie Logan of Snyder. Mr. and Mrs. Alvah H. Tate of Knott are parents of the bridegroom.

Dr. Max Leach of Abilene Christian College performed the double ring ceremony at the Church of Christ. The couple repeated their vows as they stood before an altar decorated with baskets of flowers and fern trees. Greenery and vines formed the background. Yellow majestic daisies and ferns marked the pews.

A quartet, composed of Mrs. Alfred Leib, Mrs. Jay Rogers, Mrs. Wade Davis and Elois McDow, sang "No Other Love" and "I Love You Truly."

groom; and Mrs. Barbara Caudle. The attendants were identically attired in Nile green dresses fashioned like that of the maid of honor. Each carried an arm spray of yellow majestic daisies and wore white lace gloves, floral headresses and gold leaf pins set with a cultured pearl, gifts of the bride.

Janeene Smith and Jane DeWald lighted the candles. They wore forest green dresses.

Jim Middleton of San Diego served as best man.

Ushers were Gary Tate of Knott, Cliff McMillan of Big Spring, Don Tarbot of Ackery and Marion Gardner of Roswell, N. M.

Immediately following the ceremony a reception was held at the home of the bride's parents.

The table was laid with a Madeira linen cloth. Yellow roses in a green container flanked the four-tiered wedding cake. Yellow and white gladioli and white carnations were placed throughout the entertaining rooms. The focal point was a gardenia tree, from which gardenias were picked to be worn by members of the house party.

Favors were miniature bags of rice tied with the bridal colors. They were passed by Randy Dean Adams of Abilene, cousin of the bride.

Miss McDow cut the cake and Mrs. D. M. Cogdell Jr. served the punch. Others in the house party were Shirley Gilliam, Ruth Schooling, Mary Sue Boren, Mary Nell Trevey and Mickey Kelly.

When the couple left on their wedding trip, the bride wore a powder blue sheer dress trimmed with a blue rhinestone pin and earrings, gifts of the bridegroom. Her accessories were black.

Mrs. Tate is a graduate of Snyder High School. She attended Hardin-Simmons University, where she was a member of the Cow Girl Band and North Texas State College, Denton.

Her husband is a graduate of Abilene Christian College, where he studied for the ministry.

The bride, given in marriage by her father, wore a white candle-light fallie gown. The dress was fashioned with a fluted bodice paneled with heavy lace and embroidered with tiny seed pearls. The neckline was a scooped "V" and the skirt fell to the floor in deep unpressed pleats.

Her chapel-length veil was caught to a double bandeau of fallie designed with shirred silk bridal illusion and heavy lace embroidered with seed pearls.

She carried a cascade bouquet of white gardenias, love flowers and lily of the Nile tied with white satin ribbon.

Mildred Boren of Post was maid of honor. She was attired in a maize bouffant ballerina-length or-gandy dress with draped bodice and matching stole. She carried a bouquet of large white majestic daisies.

Mrs. Kirby Tatum was matron of honor and bridesmaids were Ann Gough of Temple, Merle Faye Tate of Abilene, cousin of the bride-

### Skirt-Blouse Team

Softly pleated skirt, scooped neckline blouse—ONE pattern makes both of these important basic separates! Try a new combination of fabrics; or use one material for the "dress" look.

No. 2368 is cut in sizes 10, 12, 14, 16, 18 and 20. Size 16 blouse, 1-5/8 yds. 35-in. Skirt, 2-1/8 yds. 35-in.

Send 30 cents for PATTERN with Name, Address, Style Number and Size. Address: PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

The SPRING-SUMMER FASHION BOOK brings you dozens of pretty and wearable fashions for cottons, from cool, cool casuals to town styles; plus the most inspiring suggestions for your vacation wardrobe. In all, over 125 easy-to-make pattern designs for all ages and occasions. Order your copy now. Price just 25 cents.

## Rev. Bonham Will Speak Wednesday

Rev. and Mrs. A. K. Bonham will speak and show color slides dealing with their work among the Japanese people of California at Prairie View Baptist Church located six miles north of Big Spring Wednesday night, according to announcement made by the Rev. Leslie Kelley, pastor of the church.

The Wednesday evening program will begin at the church at 8:30. Rev. Bonham is a graduate of Golden Gate Seminary, has been employed several years by the Baptist Home Mission Board, and is currently in Big Spring with Mrs. Bonham and their three children for the Baptist Youth Encampment being conducted east of the city just off the San Angelo highway where he is speaking daily at 11:15 a.m.

All of the people in the Prairie View Community, as well as others in this area who are interested in work such as the Bonhams are carrying on are invited to the church for a special midweek service.

## Mrs. Amerson Is Birthday Honoree

Mrs. Tom Amerson was honored Monday evening at a birthday party in the home of Mrs. Jim Mitchell, 808 Abrams.

Movies were shown and canasta was played. Gifts were presented to the honoree.

Attending were Mrs. A. F. Gilliland, Mrs. R. V. Foresyth, Mrs. B. M. Franks, Mrs. Eula Pond, Mrs. R. E. Gutte, Tom Amerson and Jim Mitchell.

## Barbecue Set

GARDEN CITY, (Sp) —All men are invited to attend the barbecue being given by the Garden City Christian Brotherhood Thursday evening at 7:30 at the Baptist Church. B. A. Harris, program chairman, has announced that following the supper Noel Gates, postmaster of Midland, will speak to the group.

## United Council Of Church Women Have Coffee

Members of United Council of Church Women were entertained Monday morning at a coffee at First Presbyterian Church.

Hostesses were Mrs. W. G. Wilson Jr., Mrs. D. T. Evans, Mrs. Lee Milling and Mrs. LeRoy Olson.

The lace-covered table was centered with an arrangement of

## Mrs. Myers Returns From Extended Visit

Mrs. Eunice Meyers has returned from an extended trip to South Texas where she visited in El Campa with her mother, Mrs. N. I. Dalton, on her 80th birthday, and her father. She also visited her son, James Myers, and wife in Beaumont, and with relatives in Houston.

## Save Time By Using French Fry Cutter

Do you never cook French fries because you hate to cut them up? Then you'll want a one-stroke cutter. Insert the whole peeled potato, press handle, out comes 25 perfect French fries or 49 shoestring potatoes. The device slices all vegetables and makes carrot sticks. Comes in white, red or yellow enameled steel with two interchangeable stainless-steel cutters.

## Imported Planter Is Thing For Ivy

For that ever-present ivy is a hand-wrought planter. Imported from Mexico, the planter casts dramatic shadows against the wall. Hang it indoors, on the porch or patio. Rustic copper finish is a beautiful complement to green plants. Comes complete with wall bracket, chain and clay pot.

### Quick Embroideries

By CAROL CURTIS

Seven days of the week the kitten and puppy romp over tea towels, across kitchen aprons, u-bleached muslin clothespin aprons, across little girls' "help mother" kitchen aprons. Designs are 8 by 5 inches, exclusive of names of week. Simple outlines are done in red, brown, green, yellow. Without the names of days of week the amusing little animals can be used on the blocks of a child's bed spread, curtains.

Send 25 cents for Seven Kitten and Puppy Transfer Designs (Pattern No. 407) color chart for working, all instructions, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

Big Spring Herald Box 229, Madison Square Station New York 10, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

## Storage Furniture Makes Ideal Dividers For Rooms

By ELIZABETH HILLIER

Design your own room dividers, and paint them or give them a wood finish yourself.

One of the best ideas to come along in a long time is storage furniture that opens on both sides, to be used for dividers. Five units of it fit side by side and stack atop each other to arrange in dozens of ways, and they come inexpensively innocent of finish so you can brush on any color you please.

The five units are a see-through bookcase, a divided bookcase, a sliding door cabinet with doors on both sides, a three drawer chest—the only piece that doesn't open both ways — and a chest-desk-table that has drop leaves at both the back and the front and a drawer. All units are the same width, height and depth and there is a standard base which comes separately and fits any unit. The five units look like many more because it is so easy to vary the designs with any number of pieces, from two to a high, wide and handsome nine as sketched.

Room dividers, once a novelty, are now a near necessity for many homes, small, large, old and new. One-room apartments often need them, but so do big houses where oversize rooms can become twice as useful if some space is reserved from the rest. Old homes that now did not use dividers, and new homes, with their open floor design, take to divider furniture perhaps most of all.

An arrangement of room divider units can become as grand as a breakfast in a room where no wall space exists for furniture of breakfast size. Free-standing, with one end to a wall, the break-front-proportioned divider grouping becomes an additional wall. The greatest need for a divider is to separate the living area from the dining area in a living-dining room, and these units become china, linen and silver displays and hide-aways on one side and living room secretaries and storage on the other.

Smaller groupings of the units

## MENU FOR TOMORROW

- FAMILY DINNER**  
Spaghetti with Tomato Sauce and Meatballs  
Steamed Broccoli  
Salad Bowl  
Crusty Bread and Butter  
Lemon Blueberry Fluff
- Beverage**  
Recipe for Starred Dish Follows:  
**LEMON BLUEBERRY FLUFF**  
Ingredients: 2 cups fresh cultivated blueberries, 1/2 cup sugar, one 3-ounce package lemon-flavored gelatin, 1 1/2 cups very hot water, 2 tablespoons strained lemon juice, 1/2 cup heavy cream.
- Method:** Mix blueberries and sugar and allow to stand at room temperature. Meanwhile dissolve gelatin in hot water; stir in lemon juice. Chill until slightly thickened; place in bowl of ice and water and beat with rotary beater until thick and fluffy. Beat cream until stiff and fold in; fold in sweetened blueberries. Turn into 1-quart mold. Chill until firm. Makes 6 to 8 servings.

## Al Locke Conducts Revival At Church

A revival meeting is now in progress at the Mt. Zion Baptist Church, one block west of the Snyder Highway on NE 10th.

It is being conducted by Al Locke of Tyler, evangelist. E. S. Parrish is in charge of the music and services are held each day at 10:30 a.m. and 8 p.m.

Elder E. G. Newcomer is extending an invitation to the public to attend.

## IT'S WHAT'S COOKIN' WEEK

### DESIGNING WOMAN

## Storage Furniture Makes Ideal Dividers For Rooms

can close off a kitchen from a dining area, and the opening through the chest-desk-table can be a pass-through for food. Its leaves provide extra table top space for

and aft. Units can separate sleeping space from working space, and divide bed rooms used by two while they provide desks for each person.

## Century Class Party

It has been announced that the Century Class of the First Presbyterian Church will have a hobo party tonight at 7:30 at the church. Members of the class taught by Dr. Garland Lang will be guests.

## Baptists Have Work Day, Mission Study

Mrs. V. R. Cook spoke at the first chapter of "Tangled Threads" when the Kate Morrison Circle of the E. 4th Baptist Church met Monday with Mrs. W. O. Leonard for mission study.

Prayers were offered by Mrs. B. D. Rice and Mrs. Leroy Minchew. Seven attended.

Mrs. Dick Weathers discussed "What Is Christian Living" as the devotional when the Northside Baptist WMU met at the church Monday.

Mrs. Bill Bostiek led in prayer and Mrs. Eck McClure presided during the business session.

Mrs. Earl Hollis and Mrs. H. Davis sang a duet. Eleven attended.

Willing Workers Circle of East Fourth Baptist Church met Monday in the home of Mrs. G. C. Ragsdale for work day. A box was packed for the Round Rock orphan home.

Mrs. Denver Yates led the devotional from I Corinthians the 12th chapter. Prayers were led by Mrs. Arthur Leonard and Mrs. J. R. Ford.

Attending were seven members and a visitor, Mrs. Wilbur Barnett, of California.

Alic and Mrs. Roy W. Long, above of Lowery Air Force Base, Denver, Colo., have been visiting their parents, Mr. and Mrs. L. W. Longshore and Mr. and Mrs. W. R. McGinnis, 801 E. 15th.

# "10 to 15 more cups per pound!"

SAYS: Louis Guicharnaud about Maryland Club Coffee. Mr. Guicharnaud is Executive Chef at San Antonio's famous St. Anthony Hotel, where guests have come to expect only the finest in cuisine. He says, "Maryland Club is not only the finest coffee... it's also the most economical."

**THE CHOICE OF CELEBRATED HOSTESSES**

Mrs. Stephen W. Schneider, popular Dallas hostess, says, "My friends always compliment my coffee... I serve Maryland Club!"

"Maryland Club has a marvelous flavor and aroma... makes coffee the way we like it best," says Mrs. James B. Gates, prominent hostess of Little Rock, Arkansas.

**Richest of all coffees...**

Rich, winy Maryland Club Coffee actually costs you less because it lasts longer. Maryland Club is the world's richest coffee, a matchless blend of the finest coffees grown. That's why it takes less of this rich blend to make each delicious cup. Yes, you'll find Maryland Club gives you 10 to 15 more cups from every pound. Try Maryland Club today!

Enjoy its richer, full-bodied flavor... its more-cups-per-pound economy. Enjoy the coffee served by celebrated hostesses and famous restaurateurs throughout the Southwest... Maryland Club!

\*as certified by Southwestern Laboratories

the coffee you'd drink if you owned all the coffee in the world!

Dawson Mungerville Edger To Perforate And Take Test

Snowden No. 1-95 Classen, an edger in the Mungerville-Pennsylvanian pool of northwest Dawson, was preparing to perforate casing and make production tests.

Humble No. 1 Foster abandoned in northwest Sterling. Efforts to test a northern Glasscock wildcat in the Clear Fork were abandoned when the packer failed.

Blanco Oil No. 1 Halliday-State, C NE NW 36-34, EL&RR, half a mile west of the Mungerville-Pennsylvanian discovery, drilled to 4,247 in lime and shale.

Group Breaks With Chairman

MEXICO CITY, July 1 (AP)—The oil committee of the Chamber of Deputies broke with its chairman today on the question of foreign aid in developing Mexico's oil deposits.

The dispute is largely academic since the entire committee goes out of office before Congress meets again.

The three rank and file members of the committee said they "disavow all parts" of a statement made last week by Chairman Natalio Vazquez Pallares.

The contracts provide the foreign companies will drill where Pemex tells them. If the well is dry, they get nothing. If productive, they get half the value of the oil until drilling costs are paid, then 15 per cent for 25 years.

\$100 Fines Are Assessed Couple

Abram Martinez and Kina Perez were each fined \$100 and costs in county court this morning on a charge of unlawfully living together as man and wife.

Eva Martinez entered a plea of guilty to the charge of unlawfully carrying arms and was fined \$100, plus court costs.

Arlis Woody of Colorado City, involved in an automobile accident east of town last night, was hit with a \$100 fine in court this morning on a charge of driving while under the influence of intoxicants.

North Texas Is Lashed By Wind

A line of thunderstorms lashed North Texas late Monday bringing temporary relief from the heat.

Though scattered showers were forecast Tuesday over most of the state, temperatures were expected to remain hot.

Drenching rains and high winds struck North Texas damaging property and uprooting trees.

Some observers reported small twisters in the clouds, but no tornado damage was reported.

At Lake Kickapoo, 25 cabins west of Wichita Falls, four cabins were toppled by high winds. More than an inch of rain fell between 3 and 4 p.m.

The storm veered southward from Lake Kickapoo, uprooting trees, knocking down wires and spilling two inches of rain in Clay County. The squall line broke up after sundown and did no further damage.

Isolated showers struck other portions of the state. Port Arthur had 1.24 inches of rain overnight. Waco had .88 and San Antonio .55. Overnight temperatures ranged from 81 in Galveston to 63 in Dalhart.

The heat wave produced Monday temperatures in the 90's with a high of 102 reported in Presidio. More warm weather was forecast.

The Welch pool but pointing for the Ellenburger, was at 11,473 in lime, taking a drillem test. It is located C NW SE 27-34, EL&RR.

Snowden No. 1-95 Classen, 660 from the south and east lines section 35-M, EL&RR, half a mile north of the discovery well of the Mungerville pool, was bottomed at 8,620 with 5 1/2-in. casing at 8,612.

American Republics No. 1 Buckner Orphan's Home, C SW SW 17-35-54, T&P, a mile and a half northeast of production in the Driver-Spraberry pool of southwest Glasscock, moved in cable tools to drill out cement.

Seaboard, et al No. 1 Bishop, C NE NE 31-32-36, T&P, prepared to drillem test at 5,990 in shale and lime.

Sinclair No. 1 Clark, C SW SE 41-35-46, T&P, drilled below 7,305 in lime, sand and shale.

Standard No. 1-A Snyder, C NW NW 20-30-18, T&P, four miles southeast of Coahoma, was bottomed at 7,968 in lime, waiting on cement to set in an effort to try to regain lost circulation.

Standard No. 1 Simpson, in northwest Howard, C SW NW 21-33-32, T&P, bored to 6,118 in lime and shale.

Deep Rock No. 1 Rackler was at 6,160 in shale, sand and lime.

Shell No. 1 Southland Royalty drilled to 9,997 in lime and shale.

Plymouth No. 1 W. R. Morris, C NW SW 7-35-18, T&P, was bottomed at 7,948 in lower Spraberry. Operators were preparing to run 3-in. liner and to make production tests.

Phillips No. 1-C Schrag, section 324, LaSalle CSL, plugged back to 8,800, was swabbing. It swabbed 12 hours, recovering 12 barrels of oil and seven of water.

Gulf No. 1-O-A G. W. Glass, C SE NW 12-39-19, T&P, drilled to 3,016 in shale and anhydrite.

Standard No. 1 Cosden, C SE SW 30-40-18, T&P, was at 11,890 in lime and shale.

Standard No. 1 Flynn drilled to 9,140. It is C SW SW 12-248, Hartley CSL.

DeKalb No. 1 Knox, C NW NE 253 Ward CSL, drilled to 11,136 in lime, shale and chert.

Anderson-Prichard No. 7 D. L. Hutt will be a Tex Harvey location 660 from the south and west lines section 42-37-34, T&P, - 16 1/2 miles Southeast Midland, rotary 8,100.

Anderson-Prichard No. 6 D. L. Hutt will be 660 from north and west lines section 43-37-34, T&P, rotary 8,100.

Frank and George Frankel No. 8-H L. E. and Jay H. Floyd, 671.1 feet from west and 664.1 feet from south lines section 26-37-34, T&P, flowed 24 hours through half-inch choke after 4,500 gallons hydraulic. It made no water and 335.44 barrels of 37.4 gravity oil. Gas-oil ratio was 432-1, elevation 2,662 DF.

North Texas Is Lashed By Wind

A line of thunderstorms lashed North Texas late Monday bringing temporary relief from the heat.

Though scattered showers were forecast Tuesday over most of the state, temperatures were expected to remain hot.

Drenching rains and high winds struck North Texas damaging property and uprooting trees.

Some observers reported small twisters in the clouds, but no tornado damage was reported.

At Lake Kickapoo, 25 cabins west of Wichita Falls, four cabins were toppled by high winds. More than an inch of rain fell between 3 and 4 p.m.

The storm veered southward from Lake Kickapoo, uprooting trees, knocking down wires and spilling two inches of rain in Clay County. The squall line broke up after sundown and did no further damage.

Isolated showers struck other portions of the state. Port Arthur had 1.24 inches of rain overnight. Waco had .88 and San Antonio .55. Overnight temperatures ranged from 81 in Galveston to 63 in Dalhart.

The heat wave produced Monday temperatures in the 90's with a high of 102 reported in Presidio. More warm weather was forecast.

top pay 7,080, total depth 7,290; 8 1/2 at 7,034.

Hunt No. 1 Hodnett, C SE NE 89-47, H&TC, Northwest Mitchell, drilled to 6,793 in lime.

Cooper and Thrash No. 1 Cooper and Thrash will be 325 from the west and 340 from the north lines section 148-3, H&TC, a Buffalo Creek (Ellenburger) outpost a half mile north of Hermleigh. Depth is projected to 8,600.

Austral Oil Exploration No. 1 Ellwood, C SW SW 78-18, SPRR, 12 miles north of Sterling City, drilled to 6,318 in Pennsylvanian shale.

Tex Harvey No. 1 Chappell, C SE SE 43-18, SPRR, 18 miles northeast of Sterling City, was at 7,510 in sand, probably the Strawn.

Humble No. 1 Dayvaut, C NE NE 13-15, H&TC, drilled to 7,333 in shale.

Humble No. 1 W. L. Foster Jr., 660 from the north and west lines section 4-31-4, T&P, Northwest Sterling explorer which failed in the Ellenburger, plugged and abandoned after trying to get something in the San Andres. It swabbed 23 barrels of salt water in 7 hours through perforations from 2,458-68 after 500 gallons mud acid and 7,000 regular.

The Texas Railroad Commission declined Tuesday to approve a new field designation for oil development within the Colorado River Municipal Water District Lake Basin area. Thus, the request for 80-acre spacing within the lake basin will be considered as though they are part of the Von Roeder pool.

Opinion Erases Fraud Charges

CORPUS CHRISTI, July 1 (AP)—Federal District Judge James V. Alfred yesterday entered an opinion here which, in effect, disposes of all allegations of fraud against the Bentsen brothers in a case involving sale of Rio Grande Valley lands.

Five complainants, charging fraud and conspiracy, and 15 defendants, including Lloyd M. Bentsen Sr. and Elmer C. Bentsen, both of McAllen, were involved. The complainants alleged misrepresentation and excessive profits through a series of sales.

In a jury trial this spring before Judge Alfred in Federal District Court, all of the defendants were cleared in the conspiracy case. The jury, however, was hung on the fraud issue.

The "Bentsen group" consisting of the Bentsen brothers, G. F. Dorn, Bentsen Bros., Inc., and the Rio Grande Development Co. moved for a judgment on the whole case, based upon the jury verdict in the conspiracy issue.

Said Alfred in his 21-page opinion: "There was no evidence of any direct participation in the actual making of representations by the Bentsen group."

"The Bentsens could not collect out of the purchasers' notes more than they were entitled to on their vendors' lien notes."

Walker, who knew Villa from previous assignments, advised the Mexican general to withhold his attack.

"If you wait until the end of the World Series, you might make the front pages," Walker told Villa. Villa waited, and when he took Ojinaga he made the front pages.

Walker later went to work for McMath Printing Co., and became a vice president.

In 1935 he was named head of the WPA writers project at El Paso County. His health failed in 1943 and he left El Paso where he had been a civilian employe at Biggs Air Force Base.

Burial will be in Bloomington, Ind., Walker's birthplace.

Award Presented To Parents Of Casualty

PLAINVIEW, July 1 (AP)—The nation's second highest military award—the Navy Cross—was presented yesterday to the parents of a Marine who lost his life saving a buddy.

Mr. and Mrs. Nathaniel G. Elliott of Plainview accepted the award in behalf of their son, Marine Pfc. R. J. Elliott. Marine First Lieutenant David H. Cowling of Lubbock presented the medal to the parents in a simple ceremony in the Elliott home.

The citation accompanying the posthumous award said Elliott, 23, was killed Jan. 26, 1951, while helping a wounded comrade to safety on a Korean battlefield.

Paper Says Rolfe, Bartell On Skids

DETROIT, July 1 (AP)—The Detroit News said today that Manager Red Rolfe and Coach Dick Bartell of the Detroit Tigers are "due to lose their jobs in a major shakeup" of the team.

The paper said President Walter O. Briggs Jr. and directors of the American League Club, dissatisfied with the last place team's showing, have made a definite decision to fire both men.

The News story gave no indication of when the dismissals would take place or who would replace the Rolfe-Bartell combination.

New Field Found

NEW YORK, July 1 (AP)—The Lion Oil Co., Eldorado, Ark. announced it has found a new oil field in Crockett County, Tex., where the company owns a block of about 1,800 acres. The successful wildcat was named the Shannon No. 1 but no name has as yet been chosen for the field, the company said.

Sen. Robert A. Taft (R-O) didn't reveal the thoughts in his mind as he gazes at the door of his Congress hotel suite in Chicago after his arrival to be on hand at the GOP national convention.

HST To Tell What He Thinks Of Bill

By WARREN ROGERS JR. WASHINGTON (AP)—Ten more months of life have been granted the economic controls law—curbing wages, prices, rents and the like—and President Truman will say today what he thinks of its new look.

After Truman signed the bill yesterday a few hours before the midnight expiration deadline, the White House announced he would issue a statement today setting forth his views.

The statement is not expected to be complimentary. The 10-month extension falls considerably shy of the two years, the President had asked.

Congressional leaders, like House Speaker Rayburn of Texas, said they found Truman unenthusiastic about the measure sent to him by Congress Saturday night. He signed it reluctantly, they said, feeling it was all he could do.

The Office of Price Stabilization, still studying the legislation, withheld formal comment. One OPS chief said he asked anonymously: "Every change in the act is calculated to raise prices substantially."

Many legislators who voted for the bill contend inflationary pressures are slackening, making tight controls unnecessary. The House originally voted to end all price controls, in effect, but this was dropped by a Senate-House conference which worked out the compromise finally accepted.

The new law keeps the lid on prices and wages generally for the next 10 months, until April 30, 1953. It continues authority for allocating scarce materials for a full year, until June 30, 1953.

Federal rent controls will last three months, until Sept. 30, except in areas certified as critically in need of defense housing or those in which local authorities request their continuance.

Dropped from price control are processed fruits and vegetables—frozen, canned and so on. OPS officials complained this would bite into the housewife's food budget, much of which they said went for such items.

Government curbs on consumer credit—the installment plan for buying things like automobiles and refrigerators—died with the old act last midnight.

Real estate credit restrictions were relaxed, but officials announced there would be no immediate change in Regulation "X", which sets minimum cash down payments for home purchases.

The Federal Reserve Board and the Housing and Home Finance Agency, which administer real estate controls, issued a joint statement. They said the Regulation "X" change—lifting it when the annual rate of housing starts falling below 1,200,000, about 100,000 more than now—may take at least five months to put into effect. Considerable procedure must first be followed.

The Wage Stabilization Board is retained in the new act, but somewhat-altered in scope. Its membership—one-third each from unions, management and the public—must now be confirmed by the Senate. And it may no longer make recommendations in labor disputes unless asked by the union and industry at odds.

The new act contains a request from Congress to the President, asking him to invoke the 80-day no-strike injunction provision of the Taft-Hartley Labor Law in the steel strike. The request has no legal effect, however, and can be ignored.

Walker Rites Set In Indiana

Body of Norman Walker, 69, an old school newspaperman and former Associated Press correspondent, was on its way today to Bloomington, Ind., and final rest.

He was a former city editor of the El Paso Herald, and managed the Associated Press Bureau in El Paso to cover many important stories about Mexico's revolutionary period.

In 1917, Gen. Pancho Villa was anxious to impress the U.S. by defeating President Carranza and asked Walker whether his timing was right for a raid on the town of Ojinaga.

Walker, who knew Villa from previous assignments, advised the Mexican general to withhold his attack.

"If you wait until the end of the World Series, you might make the front pages," Walker told Villa. Villa waited, and when he took Ojinaga he made the front pages.

Walker later went to work for McMath Printing Co., and became a vice president.

In 1935 he was named head of the WPA writers project at El Paso County. His health failed in 1943 and he left El Paso where he had been a civilian employe at Biggs Air Force Base.

Connally Predicts Senate Will Okay Two West German Pacts

By JOE HALL. WASHINGTON, July 1 (AP)—Sen. Connally (D-Tex.) said today the pacts setting up a new common European army including Western Germany are without parallel in history.

The veteran Foreign Relations Committee chairman made the statement as the Senate takes for opening debate on ratification of two of the agreements. They would end the occupation of Western Germany and let that republic into the defensive military force of the free world.

Connally predicted Senate approval without much trouble. A two-thirds vote is required.

Core of the network of pacts signed last month in Bonn and Paris is the new establishing a European Defense Community army with contingents from France, Italy, Belgium, the Netherlands, Luxembourg and Western Germany.

"The six nations who have signed this treaty," Connally said, "have been at each other's throats throughout much of their history, yet now in an atmosphere of cooperation and cordiality, they surrender control over their armed forces to a supranational body."

"They have voluntarily given up their sovereignty over the most sensitive portion of any country's national life."

"If there is any comparable event in history, I cannot recall it."

The Senate is not called upon to ratify the EDC pact. But one of the agreements it must approve is Western Germany—would end the occupation and set up the basis for the German Republic to work with the West.

Connally said Western Germany could not be admitted to the North Atlantic Treaty Organization because that took unanimous consent, which could not be obtained now.

But the result is about the same and the effect of the protocol is that we receive far-reaching guarantees from Germany," he said.

"This arrangement does not really enlarge United States commitments in Europe," Connally said.

"We already have troops stationed in Germany, and those troops will remain there under these agreements."

Connally urged the Senate to reject a rider which Sen. Hickenlooper (R-Ia) has said he will offer to the protocol revision.

This would require congressional approval to extend the security guarantees of the North Atlantic Pact to the EDC and thus to Western Germany.

The other up for a vote—the so-called peace contract between this country, Britain, France and approval of any "military implementation" of the treaty. Hickenlooper said it is designed to make sure the agreement does not add to any powers the President has.

Condition of Bertha Lee Murphy, 45, victim of a double stabbing in Midland on Sunday, remained serious at the Midland Memorial Hospital on Tuesday.

She was cut about the face and stabbed in the abdomen during a brawl which officers said climaxed a beer drinking party.

C. A. White, 48, a Midland painter, also was in serious condition with stabs in the abdomen, arms and face.

Granville Lattimer, 55, who lived with White in an apartment at the rear of 2510 W. Holloway Street in Midland, was charged with assault with intent to murder, and Tuesday morning Justice of Peace L. C. Stephenson at Midland set bond at \$2,000 in each case. Lattimer had not made bond at noon.

Miss Murphy said she had come to Midland to visit friends and had met Lattimer and White at a tavern on U. S. 80 west of the city. She said that "we went to their apartment and were going to play some poker. There was another man but he left early."

"They drank several beers but I didn't like beer very much. The first thing I knew these two guys started arguing. One man had been fooling around with a knife and suddenly he said he was going to kill both of us."

"He cut me first in the face and I tried to get away. Then he started cutting this other guy."

Miss Murphy ran from the apartment and aroused neighbors.

Ungo Is Sent To Decatur

Following are recent player transactions completed within the Longhorn League, as announced by Prexy Hal Sayles:

ARTESIA—Ervin Armin, obtained by optional assignment from Clovis club of West Texas-New Mexico League.

ODESSA—Benjamin Quintana obtained by optional assignment from Laredo club of Gulf Coast League. Guillermo Galenda, signed as free agent.

TRINIDAD—Gilberto Garza Trevino, placed on ineligible list because of leaving club without permission.

SWEETWATER—Jon Dee Miller, contract optionally assigned to Chickasha club of Sooner State League. Gustavo Ungo, contract optionally assigned to Decatur club of Mississippi-Ohio Valley League.

VERNON—Pat McLaughlin, signed as non-playing manager. Stephen F. Lagomarsino, signed as free agent. John C. Andrews, obtained by optional assignment from Oklahoma City of Texas League.

Edwin L. Bucynski, signed as free agent. Jerome Madalena, obtained by outright assignment from Albuquerque club of West Texas-New Mexico League. Ernesto W. Klein, contract assigned outright to Ardmore club of Sooner State League. Audie Malone, contract assigned outright to Roswell Club.

Real estate credit restrictions were relaxed, but officials announced there would be no immediate change in Regulation "X", which sets minimum cash down payments for home purchases.

The Federal Reserve Board and the Housing and Home Finance Agency, which administer real estate controls, issued a joint statement. They said the Regulation "X" change—lifting it when the annual rate of housing starts falling below 1,200,000, about 100,000 more than now—may take at least five months to put into effect. Considerable procedure must first be followed.

The Wage Stabilization Board is retained in the new act, but somewhat-altered in scope. Its membership—one-third each from unions, management and the public—must now be confirmed by the Senate. And it may no longer make recommendations in labor disputes unless asked by the union and industry at odds.

The new act contains a request from Congress to the President, asking him to invoke the 80-day no-strike injunction provision of the Taft-Hartley Labor Law in the steel strike. The request has no legal effect, however, and can be ignored.

Condition Of Stab Victim Is Still 'Serious'

Condition of Bertha Lee Murphy, 45, victim of a double stabbing in Midland on Sunday, remained serious at the Midland Memorial Hospital on Tuesday.

She was cut about the face and stabbed in the abdomen during a brawl which officers said climaxed a beer drinking party.

C. A. White, 48, a Midland painter, also was in serious condition with stabs in the abdomen, arms and face.

Granville Lattimer, 55, who lived with White in an apartment at the rear of 2510 W. Holloway Street in Midland, was charged with assault with intent to murder, and Tuesday morning Justice of Peace L. C. Stephenson at Midland set bond at \$2,000 in each case. Lattimer had not made bond at noon.

Miss Murphy said she had come to Midland to visit friends and had met Lattimer and White at a tavern on U. S. 80 west of the city. She said that "we went to their apartment and were going to play some poker. There was another man but he left early."

"They drank several beers but I didn't like beer very much. The first thing I knew these two guys started arguing. One man had been fooling around with a knife and suddenly he said he was going to kill both of us."

"He cut me first in the face and I tried to get away. Then he started cutting this other guy."

Miss Murphy ran from the apartment and aroused neighbors.

Two More Entrants Announced Today

Two new contestants were announced today for the Big Spring and Howard County Dress Revue to be staged in City Park July 4.

Latest entries are Lois Bodungin, sponsored by The Snack Shop; and Marilyn Miller, sponsored by the Crawford Hotel and Coffee Shop.

Trumpeters for the revue also were named. They are Tommy Thigpen and Kenneth Briden.

The revue will be part of Big Spring's annual Independence Day observance. It will be followed by a fireworks display. Both events may be witnessed from the amphitheater in the park.

New Postal Rate Effective Today

Postmaster Nat Shick this morning called attention to the fact that the postage increase on bulk third class material, which principally includes circulars and other advertising matter, went into effect today.

The increase was made effective by a law of last Oct. 30.

Shick says tables showing the increase are available at his office and those interested may get information on the rate applicable to particular mailings, which vary according to weights and numbers of pieces of mail deposited at one time.

HOSPITAL NOTES

Admissions—Mrs. A. D. Webb, 1615 State; Jerry Worthan, 1703 W. 3rd; J. R. # Baez Hurls Steeds To Win; Twin Bill Scheduled Tonight

## First Contest Set For 7 P.M.

The Longhorn League lead will be at stake this evening when the Big Spring Bronces tangle with the Odessa Oilers in a twin bill. The first of two seven-inning games will get underway at 7 p.m.

Only by sweeping the double bill can the Cayuses sweep into first place. The resident nine trail the Oilers by a game and a half now and could claim the top spot by half a game should they topple the Oilers twice.

Guerra and Aramis Arenchiba probably will twirl for Big Spring. Each has had adequate rest and should be ready.

Pepper Martin, the Oilers' manager, will come back with Garland Fuqua for one of the games, perhaps. Fuqua was in to pitch to one man last night and forced him to hit into a double play.

Indications are he'll have to send a right-hander against the locals in the other bout.

The Bronces hit the road after tonight's action, moving first to Midland for a brace of games and then on to Odessa to test the Oilers in a single on July 4. They return here with Sweetwater next Saturday.

Big Spring (Texas) Herald, Tues., July 1, 1952 13

T-SGT. PRESTON HURD ..... To Tournament

## Shantz Could Open For AL

By CHARLES CHAMBERLAIN CHICAGO (U) — An American League lineup with an overall batting average of near .290 and a six-man pitching staff with a total of at least 50 wins will be at Manager Casey Stengel's command to beset the National Leaguers in the all-star game.

A poll of the nation's baseball fans determined all starters for the annual classic except the pitchers.

Stengel had full authority to pluck his hurling corps and came up with Vic Raschi (6-2) and Allie Reynolds (9-4) of his own New York Yankees; Mike Garcia (11-5) and Bob Lemon (6-7) of Cleveland; ageless Satchel Paige (5-2), St. Louis' peerless relief hurler, and Bobby Shantz of Philadelphia (13-2) the only lefty.

The mound starter probably will be Shantz since the big game on July 8 will be played in the amazing little hurler's own backyard, Philadelphia's Shibe Park.

## Borger Surges In WT-NM Loop

By The Associated Press  
By The Associated Press  
Borger strided past three clubs in the West Texas-New Mexico League Monday night when the Gasers stopped Lubbock 11-4. Borger moved into fourth from seventh.

Lubbock's defeat enabled Lamesa, netting its fifth victory in a row, to take over undisputed second place.

Lamesa stopped Albuquerque 8-2 as Ed Arthur handed the Dukes their third straight setback.

Amarillo made the best of five hits to club Pampa 6-1. Two of the five Amarillo hits off loser Tommy Thompson were homers. Stan Malchinsky rapped one with two on and Johnny Follis hit one solo.

Clovis eked out a 3-2 triumph over Abilene to stay in front by eight and a half games.

## Cook's To Vincent

Cook's Appliance, winners of the first half of the YMCA Fastball League, goes to Vincent this evening for an exhibition game with the Vincent Independents.

## Webb Linksmen To Zone Meet

Five members of the Webb Air Base golf team have gone to Sherman where they will compete in the Air Force North Zone Conference Golf Tournament, which gets underway today and continues through Thursday.

Winner of the meet will go to the Southwest Tournament at Barksdale Field, La. Later, the Air Force World-Wide Tournament will take place at Maxwell Field, Ala.

Making the trip from here were Lt. Col. John L. Campbell, Capt. Arlie Garner Jr., Chaplain (Lt.) John C. Little Sr., M-Sgt. Norman E. Gardner and T-Sgt. Preston F. Hurd.

Entries will take part in 54 holes of medal play. The five low men will be eligible to compete at Barksdale.

## Turnout Good In Texas Loop

DALLAS, July 1 (U)—The Texas League race will draw more than 1,250,000 paid admissions this year if it continues at its present pace.

At the halfway mark the circuit had put \$43,344 in the parks, a gain of 17,291 over the same period last year. It represents an increase of 24 per cent.

Secretary Milton Price attributed the increase to the close and thrilling race being staged. All the clubs still are very much in the fight for the pennant.

Fort Worth and Shreveport have shown the biggest gains, the former with 22,982 more than last season and Shreveport with 21,075 more.

Beaumont, Dallas and Oklahoma City also are up.

The average per game last year was 2,389. This year it is 2,455.

The attendance by clubs:  
Club 1951 1952  
Beaumont 51,485 62,493  
Dallas 120,234 130,447  
Houston 143,321 117,945  
San Antonio 76,898 49,387  
Shreveport 49,034 70,109  
Oklahoma City 53,563 60,965  
Tulsa 65,417 65,903  
Fort Worth 63,113 85,095  
Totals 626,053 643,344

## Off To Fast Start

The Gold Sox (above) got off to a fast start in Little League play Monday by belting the Yankees, 14-10.

Left to right, top row, they are, Michael Musgrove, Tommy Buckner, Wayne Fields, Willie Roy English, Don Scaggis and Charles Russell. Front row, Julius Glickman, Gerald Davidson, Jimmy Parkhill, Bruce Moore and Bill Norred. In the rear are Manager Tommie Elliott and his aide, Hollis Harper.

## Quintana Hits 11th Home Run

Staggered by a three-run homer off the bat of Roman Loyko in the ninth inning, popular Bertie Baez recovered his poise to get the last two batters and gain credit for his eighth victory of the 1952 season as the Big Spring Bronces toppled the Odessa Oilers, 5-4, here Monday night.

Baez fashioned one of the great mound performances of his career. He hurled one-hit ball for eight frames and the only blow on him until the ninth was a fast-sinking fly ball in center field that Juan Visteur midgeted.

The roof threatened to cave in on the veteran right-hander in the last go-round, however, and he had to dig deep into his bag of tricks before he could deliver the "all-clear signal" and send the 1,358 customers home happy.

Wes Orta, in to pinch hit for Carlos Perez to open the ninth, got a base hit back of second base. With one away, Roberto Fabian singled to put runners at first and second. Loyko then came on to stroke his round-tripper and it was a 5-4 ball game.

Baez stayed on after a conference at the mound and leveled to get the mighty Leo Eastman on a ground ball to Ossie Alvarez. Bobby Martin then flew out to Visteur in left center field to end the game.

Whity Quintana put the Steeds out ahead in the leaf-off frame with his 11th home run of the season. The drive came with Alvarez up front. The Cayuses added a tally in that round when Pat Stacey stroked and came home on a base bow and a misplay.

The Steeds walked two runs in the third on hits to Quintana and Visteur, a single by Al Valdes and a bolt by Haul Dierra on Al Costello's ground ball.

Odessa picked up an unearned tally in the sixth when Visteur bobbled Eastman's fly ball. Martin walked and Felix Castro singled.

RAMBLINGS—The victory was Baez's 45th in a Big Spring uniform. His 1952 record is now 8-4. Stacey did not have an official time at bat, having walked three times and sacrificed on another appearance.

Lefty Leon Hayes faced the Bronces for the fourth time this season and had to absorb his second loss to Big Spring and his fourth within the league.

He departed in favor of Garland Fuqua in the fifth, who came in to pitch to one batter and forced him (Visteur) to bounce into a double play. Carlos Perez finished on the hill for Odessa. The win sliced Odessa's margin over Big Spring to 3 1/2 games. Only nine hits were registered in the ball game and no one got more than one hit.

## LITTLE SPORT

## Murray Dickson And Bob Friend Taking Lumps

By JOE REICHLER AP Sports Writer

Bob Friend and Murray Dickson appear destined to become the first Pittsburgh pitchers to lose 20 games in one season while Art Houtteman is well on his way to absorbing the most defeats in Detroit's American League history.

Each of the trio has dropped 11 decisions to gain the dubious distinction of being the "losingest" pitchers in the majors. Friend and Houtteman lost their 11th game yesterday and their seventh in a row. Dickson lost his 11th last Saturday.

All are toiling for last-place outfits.

Since Detroit has played 68 games, Houtteman stands to lose 25 this year unless he undergoes a complete reversal of form or his luck changes. At the same rate, Friend and Dickson should lose 24 games since Pittsburgh has played 71 of its 154 games.

No Pittsburgh pitcher of modern times has lost 20 games. Only four Detroit pitchers ever lost 20 or more games in a single season.

Since 1945 only one pitcher in each league lost as many as 20 games. Alex Kellner of the Philadelphia Athletics and Bob Rush of the Chicago Cubs lost that many in 1950.

In sharp contrast, Sal Maglie of the New York Giants and Gerry Staley of the St. Louis Cardinals advanced another step toward their 20-victory goal yesterday.

Maglie notched his 11th triumph despite a shoddy performance as the Giants swept both ends of a doubleheader from the Boston Braves, 8-7 and 4-0. Staley registered his 10th success in the Cardinals' 7-4 win over Cincinnati.

Both big league pace-setters suffered surprising defeats as rookie Dick Brodowski pitched the Boston Red Sox to a 4-3 victory over the Yankees in New York and veteran Karl Drews hurled the Philadelphia Phils to a 4-0 win over the Dodgers in Brooklyn.

The White Sox, behind veteran Joe Dobson's five-hit pitching, thrashed Houtteman and the Tigers 7-2. Washington moved up a notch into fourth place, four games behind the Yankees, with a 6-2 decision over the Athletics. Frank Shea registered his sixth win against two defeats with a neat seven-hitter.

The Chicago Cubs set back Friend and the Pirates, 5-4, as shortstop Roy Smalley batted in all the winners' runs with a double and homer.

Cleveland and the St. Louis Browns were idle, causing the Indians to drop into fifth place as the Browns remained in the sixth slot.

Brodowski, a 19-year-old right-hander who was pitching Class D ball a year ago, stopped the Yankees with four hits as the Red Sox won their first game of the season at Yankee Stadium. They had dropped eight in a row there since last Sept. 5.

Drews handcuffed the Dodgers with five hits as he recorded his fourth victory. Richie Ashburn scored three of Philadelphia's runs off Carl Erskine and catcher Smoky Burgess drove him in each time.

Maglie was tagged for 11 hits and needed help from Dave Koslo in the eighth inning as he nearly blew a early 5-2 lead provided by Hank Thompson's two successive home runs.

Follis Is Sold By Vernon Club

VERNON — A brother combination, Jim and George Hayes, have been obtained by the Vernon Dusters in a trade for Johnny Follis, hard hitting infielder.

Follis went to Amarillo, Jim Hayes is a second baseman who reportedly is a good double-play man. George Hayes is a rookie who played with the House of David at one time.

Vernon has also purchased Pat Lorenzo, outfielder, from Lamesa of the WT-NM League.

Tyler of the Big State League has sent John Meier, limited service player, to Vernon for season. He plays first and third.

## LOOKING 'EM OVER

With Tommy Hart

It probably will not surprise anyone but Artesia is leading the Longhorn League in home runs. The Drillers have hit nearly five times as many as Vernon.

GUERRA WAS NEAR-PERFECT AGAINST VERNON  
It is generally known that Gil Guerra pitched nine innings of hitless ball when Big Spring won that 12-inning thriller from Vernon the other night?

In the 12th inning (Guerra had appeared in relief of Bert Estrada), John Belmont finally broke the spell with a single.

Apparently Guerra thrives on work. He looked to better advantage in a relief chore here against Roswell some ten days ago than he had the previous night in a starting role.

Papa Joe Cambria recommended him to Washington two years ago. Gil would perhaps be up there were he not bothered with his liver, which doesn't seem inclined to co-operate at all times.

LOOK OUT FOR ADDITIONAL FIRE WORKS  
The fellows who help Manager Pat Stacey of the Bronces cook up these promotion stunts for home games—Gilbert Gibbs and Harold Steck—are at it again.

The pair are planning a treat for the fans for Tuesday, July 8, at which time Vernon shows here.

Mance Kinman's Eagles must be rated top-flight contenders in last half play in Little League competition.

The Eagles finished last in first half play but came along fast in the final two weeks. And, in the all-star game Saturday night, Eagle players carried the big stick as the second division clubs routed the top two teams. Of the 11 runs scored, seven were accounted for by the Eagles.

My nomination for the city's most worthless citizen is the one who stole the Little Leaguers' home plate at City Memorial Park. It was taken about May 25. Let it be said that the fugitive's absence is good company.

Several bats and balls were taken along with the dish, incidentally.

Juan Izaguirre, the ex-Bronc, is now hitting 'clean-up' for the Texas City club in the Gulf Coast League.

And Wayne Wallace, the big infielder who used to play with San Angelo, hits the long ball occasionally for Corpus Christi but hasn't been able to hit better than .308 this season.

Hank Galben, who tried out here as an infielder and was found wanting and then became a part-time regular at Sweetwater has returned to Cuba where he'll undergo an operation on his knee. He hurt it in a recent game.

According to Bob Millburn of the San Angelo paper, the Angelo Colts are expecting big things of Lawrence (Tex) Henke, a hurler who was with them in spring training, in 1953.

Henke is with Hannibal, Mo., where he has won eight and lost three games.

Joe Stydahar of the Los Angeles pro football team says he's looking for Glenn Davis to become the hottest item in the National Pro League this fall. Adds Glenn had leg injuries and marital troubles last season and neither will be with him this season.

## IN JAYCEE LOOP

## Coahoma Defeats Col-Tex, 6 To 2

COAHOMA — Paced by George Ray, who played his best game of the season, the Coahoma Bulldogs moved out in front in the Colorado City Softball League Monday night by beating Col-Tex, 6-2.

Ray hit two home runs and a single and made some spectacular catches afield to help Jim Ward to victory. Ward limited the Col-Tex

team to two hits, one by Brown and one by Berman Corbell. The Coahoma team collected six off George Parham.

Ward also hit a round tripper for Coahoma.

The first of Ray's two four-masters came in the third with Vernon Wolf and Raymond Morrison on base. Ray hit for the circuit again in the seventh while Ward got his in the fourth.

Ward struck out six of the Col-Tex team while Parham had five K's to his credit.

The two teams play again Saturday night to determine who wins first half play in the league.

## Amarillo Ball Park Destroyed By Fire

AMARILLO, July 1 (U)—The Gold Sox baseball park here, home of the Amarillo club in the West Texas-New Mexico league, burned early today.

Only the south stands were left after fire broke out about 1:15 a.m. (CST) and spread through the grandstand.

The park is owned by Potter County and leased to Pete Knatt, owner of the Amarillo Gold Sox. Cause of the fire was undetermined and no estimate of damage has been made early today.

## Dusters Blast Brooks, 35-4

Webb Air Base, banking 16 runs in the first inning, went on to rout Brooks Appliance Store, 35-4, in a YMCA Industrial Fastball League game here Monday night.

Mel Haveman went all the way on the mound for Webb, setting the Brooks team down with four hits. He collected five hits on his own, including three home runs.

Haveman hit

# Budget Deficit Is About Three Billions

By CHARLES MOLONY  
WASHINGTON (U)—The budget deficit for fiscal 1952 appears to be about three billion dollars—or 38 per cent—less than President Truman predicted.

This was indicated as Treasury bookkeepers worked to get together today the final figures for the period, which ended yesterday.

With only a couple of days' government accounts to be tallied, prospects were for an outcome about like this, in round figures:

spending, 67 billion dollars; income 62 billion; resulting deficit, five billion.

The President estimated last January the deficit would be \$8,200,000,000. But his spending figure of \$70,900,000,000 has proved a big overestimate, and his revenue figure of \$62,700,000,000 a bit over-optimistic.

While a five-billion-dollar deficit for fiscal 1952 would constitute a big improvement over the President's estimates, it would nevertheless reflect an 8 1/2-billion decline from fiscal 1951, which ended in a budget surplus of 3 1/2 billion.

In the year just closed, budget outlays jumped about 5 per cent higher than in the preceding year. Where the President went wrong was in expecting spending to zoom 57 per cent as a result of the expanding defense program.

On revenues, the President's estimate came closer. Tax receipts, boosted by rate hikes and new levies, climbed about 29 per cent above fiscal 1951. Truman forecast an increase of about 30 per cent.

The main reason spending fell below the Truman estimate was that planes and other equipment ordered for the U.S. armed forces and foreign countries in the Mutual Security program were not delivered by June 30 in the quantities anticipated.

The money for these undelivered items is obligated, meaning contracts or purchase orders have been let, but the money doesn't count in the budget as spent until the goods are received and paid for.

## Crippled Father In Futile Attempt To Save His Child

HUGO, Okla (U)—A frantic father, crippled since childhood, rose from his wheel chair at a family picnic last night to save his 11-year-old daughter from drowning.

Olen Petty, however, could not reach his son Joe, 9, who sank within inches of his grasping fingers. The body was recovered later.

Joe and his sister Lucille were wading in Schooler Lake, 16 miles northeast of here, and stepped in to deep water.

"It was miraculous," said their uncle, Cecil Garner, in regard to Petty's attempt to save them.

Petty, he said, is able to walk only on his hands and knees. Witnesses, shocked by the tragedy, were unable to recall how he reached his children from the bank so quickly.

## Community Chest Board Sets System For Terms

Board of directors of the Howard County Community Chest took action at a meeting Monday to establish a system of bringing new members on the board each year.

Through a drawing process, one-half the current membership will retire off the board in November, at the conclusion of the 1952 fund campaign. The remaining men will serve until November, 1953, and under this program, one-half the board will be composed of new members each year.

The board also voted to consider a request from the local USO organization for submission of budget request to be included in the Chest's drive this fall. The United fund effort also raises money for the Boy Scouts, Girl Scouts, Salvation Army and YMCA. The USO organization is attempting to set up activities here for the benefit of airmen at Webb Air Force Base, and Chest directors said they felt any fund effort might be included in the Chest campaign.

Board members who will retire in November will be Adolph

## Club Endorses Two Women For Veep

BOSTON, July 1 (U)—Two prominent women were endorsed yesterday as U. S. vice presidential candidates by the National Federation of Business and Professional Women's Clubs.

They are District Judge Sarah T. Hughes of Dallas, Tex., and U. S. Senator Margaret Chase Smith (R-Me.).

Judge Hughes was endorsed as the Democratic candidate and Senator Smith the Republican.

Their endorsements were unanimous. The federation represents 150,000 women in the United States, Alaska and Canada.
