ROARING SPRINGS SCHOOL NEWS

THE YELLOWJACKET, school paper of the Roaring Springs School, now comes out on Wednesday of each week. Barbara Havis is editor, and Mrs. W. A. Lewis, high school English teacher, is sponsor; Vee Harmon, J. C. Vaughn, Becky and Gwen Cooper, Rene Posey, Melborn Dawson, Allie Gwinn, Wayne Boling are other staff members.

VISITING ON THE CAMPUS Tuesday was Mr. Morgan, photographer from Spur, to do retakes, group pictures, and favorite photographs.

"THE REFLECTOR" Staff are running ahead of schedule with the annual pages as they have already completed the pages to be shipped two weeks from now. The Senior class and their sponsor, Mr. McKibben, have charge of "The Reflector" with representatives from the other high school classes serving as staff members to assist in the preparation of material.

THERE ARE ELEVEN seniors, six boys and five girls; the junior class now has sixteen members, eleven boys and five girls. Glenda Dobkins, who moved to Winters, recently, was a member of the Junior class.

AN OUTSTANDING FEATURE of the school program here is the film schedule which gives every class a place on the weekly film program and provides carefully selected films for the various grades and classes so as to vivify, reinforce, and broaden classroom instruction.

THE LITTLE YELLOWJACKETS met the Girard grade school team on the Roaring Springs gridiron Tuesday evening at 7:00. They were supported by the grade school Pep Squad.

LAST GAME OF THE 1953 season to be played by the Big Yellowjackets, will be with the Flomot Longhorns Thursday night at 7:30 on the Roaring Springs gridiron. BARGAIN BUYS IN TRUCKS

Chevrolet Trucks!

From light delivery to heavy hauling, here's a Chevrolet truck to fit your needs.

CHEVROLET
MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Buy no truck until you get our deal!

Be ahead on price! Chevrolet trucks are America's lowest priced truck line! It's easy to find a truck that costs more, but nowhere else will you find all the advanced features, all the thrifty power, all the ruggedness and durability you get in a Chevrolet truck. Be ahead on operating costs! Both the mighty Loadmaster engine on heavy-duty models and the rugged Thriftmaster engine on light- and medium-duty models squeeze more miles out of every gallon of gas. Chevrolet trucks cut upkeep costs, too. Be ahead on trade-in! You're ahead with low first cost . . . you're ahead with low operating costs . . . and you're dollars ahead again when it's time to trade! That's because Chevrolet trucks traditionally command a higher trade-in value. Buy now and be ahead all ways!

CAMPBELL CHEVROLET CO.

PUZZLE: Who got the hundred million dollars?

He walked into our office seven years ago, sat down. We knew the customer. And a wonderful credit rating he had, too.

Said he wanted airplane engines. By that time blueprints were scattered all over the place.

He was taking no chances. Not one engine would he accept without testing first, stripping apart, building up again, and testing once more. Hmm!

And more. Every engine he bought would be overhauled after 15 running hours.

He didn't say so, but he must have known we would have ideas, too. (Lights burn all night when engineers at our place see ways to improve things we make.)

The climax was last August. The customer announced that he would allow 1,200 hours flying time from these G-E engines before an overhaul.

In other words, 80 times as many hours without overhaul as seven years ago. And today only every tenth engine is tested twice before delivery because of what has been referred to as the "perfection rate" of G-E jet engines.

Oh, yes. The hundred million dollars. With General Electric engines now giving extended service, not so many are needed. Improvements have saved the customer that much in five years.

P. S. Who's the customer? The U. S. Air Force. And what was the engine? The J-47 jet engine.

And who got the hundred million dollar saving? Who profits from more Air Force per dollar? The taxpayer, everybody. This story is one more example of what happens where research men and engineers are at work. Products gain in efficiency, do more. New products emerge, and the public is always the gainer.

that injuries had plagued the Matadors this year, but hastened to declare, "I am not making excuses for the team because they don't need any." A number of the squad members made brief remarks, spiked by their appreciation for the meal.

Coach Defends Team

Coach Ray Hopkins declared, "I have heard that the Matadors quit in the Turkey game. That is not true. The Matadors have never quit in any game — they lost to a good team. They did their best."

Mothers Prepare Surprise Supper For Grid Squad

Good food (the kind mother prepares) is a powerful morale stimulant and it has often been credited with changing a boy's outlook. Weighing the situation, mothers of the Matador Matadors decided last week that a big fried chicken supper would just about cure any impairment in the squad's outlook since the game with Turkey. Their judgment was eminently correct.

The supper was planned as a surprise and the boys came directly from the practice field to the American Legion building where they were met by parents, teachers and a group of football patrons. The odor of good food had permeated the building and created an air of anticipation. Great pans piled high with golden fried chicken were arranged near the kitchen. Near them were bowls of gravy, black-eyed peas, potatoes, and vegetable salad. At the far end of the table was an arrangement of home-made pies as mothers alone can make.

The affair was entirely informal. Superintendent Bert Ezzell offered the grace. The line of hungry, laughing boys surged forward toward the food. After the meal Frank Traweck provided a short interlude of piano music.

Brief speeches followed. Superintendent Ezzell explained

Julia Marie Sams To Wed Next Month

Engagement of Miss Julia Marie Sams of Waco, to James Edward Matush of Temple, with their wedding set for Dec. 5, was announced at a recent tea in Waco, given by an aunt of the bride-elect, Mrs. Ross Sams, her daughter, Miss Mary Sams, and her daughter-in-law, Mrs. Sams, Jr., at the senior Sams home, 3426 Castle Drive.

Miss Sams is the daughter of Mr. and Mrs. Rowe Sams, 3416 Carondelet, Waco, and a granddaughter of Mrs. Leonora Luckett of Matador, who attended the announcement tea, accompanying her other daughter, Mrs. Cecil Godfrey and daughter, Ann, of Spur. Ann will be a junior bridesmaid in the wedding.

An announcement plate, hand-painted by Mrs. Sams, bearing the words, "Doolie and Jim, December 5" was in the center of the tea table. It was in a heart-shaped setting of pink and white blossoms, on a pink satin cloth with net cover.

Pink gladioli and grapes in twin compotes decorated the credenza in the dining room, and maroon flowers were used against the pink decor of the living room. Mrs. James Daugherty of Nacona played the organ during the receiving hours.

The bride-elect has been working at the Veterans Hospital since her graduation from Baylor University in 1952. Mr. Matush, son of Mr. and Mrs. Matush of Temple is a graduate of Texas A&M College and is in military service at Fort Sill, Oklahoma.

TRANSFERRED TO N. Y.

Pvt. Norman Neighbors, son of Mr. and Mrs. J. P. Neighbors, has been transferred from Fort Hood, Texas, to Fort Slocum, New York, with a student detachment. He arrived at his destination about the same time the snow storm hit the eastern seaboard, last week.

Saturday, "Speedy" was joined in New York City, by a former schoolmate, Pvt. Jerry Warren, son of Mr. and Mrs. Colquet Warren, who is stationed at Ft. Dix, N. J. and together they made the rounds of Gotham.

Miss Ella Garner of Lubbock visited here this week with her cousins, Miss Mary Keith and Mrs. M. S. Patton, and other relatives.

Local Items

Visitors here over the week-end in the home of Mr. and Mrs. Fred G. Simpson, were their daughter and family, Mr. and Mrs. Arthur Cooper of Muleshoe.

Mrs. J. C. McBride returned home Thursday from a weeks visit with her sister and daughter, Mrs. T. W. Sain and Mrs. J. M. Davis in Amarillo. She was accompanied home by her grand daughter, Sandra Davis.

Mrs. A. B. Groves left Monday morning for San Angelo, to be at the bedside of her sister, who is seriously ill.

Mr. and Mrs. Witt Springer were overnight guests Monday, in the home of his brother and wife, Mr. and Mrs. E. F. Springer.

Howard Traweck attended to business in Houston, after attending the Texas-S.M.U. football game Saturday in Dallas. He returned home Tuesday.

Mrs. Dick Groves returned Monday night from Willcox, Arizona, where she spent the week-end, having accompanied Mr. Groves to his new work in the Willcox postoffice.

Miss Patti Pipkin, Home Ec. teacher at Plainview, spent the week-end at her home here, visiting her parents, Mr. and Mrs. Bill Pipkin.

RETURNS HOME

Mrs. W. M. Graham returned home Tuesday from Hagerman, N. M., where she had been visiting relatives the past ten days.

WEEK-END VISITORS

Week-end visitors in the home of Mr. and Mrs. Bill Pipkin were her cousin and family, Mr. and Mrs. J. J. Kennedy and son, Jimmie, and their daughter, Mrs. Bobby Dunn all of Quanah.

From where I sit... by Joe Marsh

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over.

"Well, Flip and I just stood there when the fellow leans out

the window and says, 'Just wanted to make sure you're the right man to vote for.'

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow.

Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

America's Greatest Invention
 By Neal Pipkin

The wheel is by far the world's greatest invention according to my opinion. It is the most useful and beneficiary object in the world today. The wheel, which is defined as a circular frame or solid disc revolving on an axis of which the function is to transmit or to modify motion, was first used many years ago. It was not as it is today, but was usually a circular disc either cut from a solid piece of wood or from two separate planks of wood fastened together and then cut in a circular shape. The ordinary wheel consists of the nave, the central position or hub, through which the axle passes, the spokes, the radial bars inserted in the nave and reaching to the peripheral rim, the felloe or felly.

The wheel has helped the world to be what it is today very much. Just think where the world would be today without this wonderful invention. We could not have the automobile or land vehicles that could reach any speed or efficiency. We could have sea planes and boats but no land-based airplanes. All, or nearly all, of the gears in our modern machines are a form of the wheel and the inclined plane another important invention. The world was practically nothing until the invention of the wheel and we owe nearly everything we have today to a very simple invention, the wheel.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get new but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

NATIONAL CONTEST THEMES SELECTED

Six essays of Matador High School students were chosen by the El Progreso Club of Matador to be entered in the National Americanism Essay Contest.

The state contest closed November 1, 1953 and the National contest will close January 1, 1954. The essay was written on "What America Means To Me" and is open to all high school students in the United States. This 1000 word essay was written in conjunction with National Americanism Week and sponsored by General Federation of Women's Clubs.

The students whose essays were chosen from the entire high school were the following:

- Seniors: La Nelle Rattan, daughter of Mr. and Mrs. Demps Rattan of Whiteflat; Bette Montgomery, daughter of Mr. and Mrs. Frank Montgomery of Matador; James Findley Sturdivant, son of Mr. and Mrs. James Sturdivant, Matador; Martha Jones, daughter of Mr. and Mrs. E. S. Jones, Matador; Neal Pipkin, son of Mr. and Mrs. Bill Pipkin, Matador; and Sophomore Frank Trawweek, son of Dr. and Mrs. Albert Trawweek of Matador.

MOTHERS ARE GUESTS AT HOME EC LUNCH

The Junior Class of Matador High School was very happy to have their guests for lunch Friday, November 6, the mothers of their class.

Those present for the meal were: Mrs. J. B. Tidmore, Mrs. R. L. Mitchell and Mrs. J. M. Norman.

The meal consisted of roast, carrots, onions, potatoes, gravy, vegetable salad, rolls, butter and chocolate cake.

HOMEMAKING CLASS STUDY MEAL COSTS

The Homemaking classes are in the full swing of cooking. The Juniors and Sophomores are cooking full meals while the Freshmen are cooking on a smaller scale.

The meals are planned and prepared by each class and the cost is figured after it has been served. We have found some of the meals are expensive and others are inexpensive.

The Sophomore class made a meat market survey and found that the price of the meat usually varies with the meat served. However, deserts and salads can bring the price of a meal up.

The following meals prepared by one class represents a high and low cost meal. Meat balls, vegetable combination salad, field peas, rolls, butter, tea, lemon and ice cream for seven people cost only two dollars and eighty cents. The high cost meal was chicken, gravy, frozen okra, mashed potatoes, pineapple and grated cheese salad, hot biscuits, butter, tea, brownies and whipped cream for seven people cost four dollars and forty cents.

High school teachers and boys have been guests of the Junior and Sophomore girls. The Freshmen class is so large that one group cooks for the other group to eat.

The Freshmen have a big mystery to solve. They had a recipe for thirty-six muffins but when the muffins were baked there were only twelve. We always follow the recipe exactly the way it is written, but will we ever learn what went wrong.

WHAT SCHOOL SPIRIT MEANS TO A FORMER MATADOR STUDENT

Supt. Bert Ezzell received a very nice letter from one of our former Matador students. We thought the public would be interested in knowing what the school spirit meant to this individual. Her letter is as follows:

Dear Mr. Ezzell:

I was reading in the Matador paper about the school spirit the students had this year. Well let me tell you one thing, I do not think anyone has school spirit like Matador has. I guess you think I am crazy writing a letter like this, but I have not seen one bit of school spirit since I have been going to Tech High School here in Fort Worth. "Like Matador Has". Keep up the high spirit and do not let it down and tell the students it is awfully boring when you do not have school spirit. I sure would like to see the team play because I know everyone is "backing" them and I am too.

I am making good grades here. I made an A in English, an A in typing, an A in bookkeeping, an A in P. E., a B in American History, and a B plus in shorthand. Their grade system is: A-93-100; B-87-93; C-80-93; and D-75-80.

Well I just had to write and say something about the school spirit.

Wishing I was still there,
 Nelda Spray Watson.

Essays

"America's Greatest Need"
 By Lucretia Edwards

"Hello, everyone, this is Morgan Battey bringing you news of our world, and social happenings." We hear that most every day. It is usually about Communism or the people here in our own country who have turned Communist or have at one time had something to do with it.

One of our favorite television stars, Lucille Ball admitted she voted Communist ticket at one time. She is now asking all of her fans to forgive her, when she should be asking God. That is a mistake we are all making, wanting success more than anything.

Christianity is something that you can take or leave. The way our world is looking today, most of the people have left it.

If we want our country free and peaceful, then we must help our missionaries who are in foreign places, where people do not believe in Christianity.

Education is also needed in our fight against Communism. Maybe you have not thought about it but suppose you reason had turned Communist. It would be quite a shock, but then you look back and see, how much he read the Bible, how far he got in school and how often he attended church. Whose fault is it, yours or his? That is for you to decide. Let us not allow that to happen to us. If we would all remember the Golden Rule, it would help us a lot to fight Communism. So let us all start today being good honest Christians and see what happens to Communism.

—M. H. S. B.—

KAMPUS KLATTER

It seems as though Carl Wayne Cooper hurt his head this week. He and some more boys were playing out in front of the school building and he started to jump a flower bed and didn't succeed. Better luck next time!

The basketball girls have been working out at night here lately. It's going to take quite a bit of this to get the team ready.

I think everyone is glad we are having cooler weather. This is the best sleeping weather. Most everyone in high school have to be in bed early anyway, so they should be glad we are having good sleeping weather!

Betty Neighbors cut her hair. Shortie hair is the style nowadays. It's cute short, but cuter long.

M. H. S.'s home-coming game is when we play Quitaque. We will also crown our football Queen.

Preparations are under way for the annual football banquet.

We are still writing themes in English, but thank goodness we handed the last one in this week. We are still memorizing poetry tho. The Seniors will memorize McBeth's speech next. They have been studying McBeth practically all this six weeks.

See you next week.

It raises your pride and races your pulse

IT'S TRADE-IN TIME FOR A BETTER DEAL
 Want top allowance on your present car? See us this week for a deal that will raise your pride. Now is your chance to drive a moneysaving bargain.

You feel it the moment we turn over the keys to you.

You now own the handsomest "hardtop" around — a Buick Riviera — and the warm glow goes all through you.

But not alone for the racy beauty of the car.

You feel that prideful surge, too, from the fact that here you bought yourself a whale of a lot of room and power and soft luxury and ride steadiness — for a lot less than you expected.

For the automobile pictured here is a Buick SPECIAL Riviera — which means it delivers locally for just a few dollars

more than the "hardtop" models of the "low-price three."

But it's only when you drive away in your bounteous new beauty that the real thrills begin and the satisfaction deepens...

When the highest Fireball 8 power in Buick SPECIAL history whispers away the miles with effortless ease...

When Twin-Turbine Dynaflo® gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way...

When the deep wide seats cradle you in spacious comfort and the great glass areas give you visibility practically unlimited.

Surely you ought to look into this great Buick that's so prideful to own, so thrilling to drive, so easy to buy. We'll be happy to arrange a sampling. Can you visit us this week?

Interest Runs High

Announcement of tentative plans for the homecoming was made too late for last week's Tribune. However, a large number of ex-students of the county schools which have since consolidated, still reside in this and adjoining communities, and publicity through personal contact and posters prepared by high school students, has accelerated local interest and enthusiasm.

On display for the event, in show windows of various Matador business firms, are old school pictures and newspaper clippings which have been "unearthed" by many ex-students who have already started re-living old memories of by-gone days, including the time two Matador football players ran together and knocked each other out in a game with Childress.

had also included a blue velvet hat trimmed in rhinestones, and navy pumps. Attending the couple were Mrs. Hassell's daughter and son-in-law, Mr. and Mrs. Forrest Campbell, in whose home the reception was to have been held.

She had been a member of the Methodist Church for many years, and always enjoyed attending all services. She was particularly fond of mid-week prayer meeting, and chose to be married following that service Wednesday night.

Only a small crowd was present at the wedding ceremony, the culmination of a brief romance warmly received by the many friends of the couple here.

Without exception all declared the bride as radiant as any bride a fraction of her years. A short time ago, Mrs. Tudor met her future husband when he appeared to escort her to a wedding similar to theirs—the marriage of another elderly couple. Mr. Hassell is a retired railroad man and lived in Seattle, Washington, until two years ago when he moved to Paducah to farm with his brother-in-law and sister.

Born In Erath County

Anne Sheridan was born near Stephenville, Erath County, Texas. She married William Boone Tudor in 1897 and they came to Matador in 1901 and remained here for several years. They then moved to the Indian territory of Chickasha, Okla., and from there went to Mineral Wells, where they lived a number of years.

Mrs. Tudor returned to Matador in 1921 and had made her home here most of the time since, returning to Mineral Wells occasionally, where she enjoyed better health.

Besides her husband, and Mrs. Campbell, Mrs. Hassell is survived by another daughter, Mrs. George Masterton of Dallas; and three sons: Col. J. S. Tudor, San Antonio; E. O. Tudor, Ft. Worth; and Don C. Tudor, Washington, D. C. Nine grandchildren and nine great-grandchildren also survive.

At Extension Conference

County Agent Bill Pallmeyer last week attended a conference at A and M College of Extension and Home Demonstration agents Mrs. P. M. Palmer accompanied him to Meridian, where she visited relatives. They returned home Sunday.

Fire brick were first made in the United States in Baltimore in 1827. Until then, brick for the construction of furnaces had been imported from England.

Most brick are red because all clay, regardless of color, containing iron in practically any form, will burn red when exposed to an oxidizing fire. The red can be neutralized and a buff or cream colored brick produced by adding lime to the clay in the manufacturing process.
