# **Eighth Army Drives On To Moro River**

ALLIED HEADQUARTERS. ALLIED HEADQUARTERS. Algiers, Dec. 6 (P) — The Ameriean Fifth army, by-passing German strongpoints, has captured strongpoints, has captured heights commanding the As Traifor To road to Rome west of Mignano, while the British Eighth army's drive has carried to the Moro river, 19 miles beyond the Sangro, Allied headquarters announced today.

The Nazis launched strong counterattacks against American and British infantry stroming the heights in bitter handto-hand battles, and threw in new reinforcements including mechanized grenadiers against the Eighth army in a desperate attempt to halt the smashing Allied drives. A flame-throwing tank was captured by the Brit-

From their newly-wen positions the Allied troops could gaze out across the valley to Cassion, and beyond it to the valley which leads northwest into Italy's capital.

In one sector, small units of Germans still holding out defiantly on the summit of a ridge were cut off by the allied drive well

recent days with bombardments of German supply routes, bases and shipping.

The British destroyers bombarded the coastal road between Pescara and Giulianova, sent shells screaming into the coastal towns of Ancona and San Benedetto, and sank three enemy coastal craft and a merchant vessel.

Aerial support of the Allied ground forces was limited by bad weather, but the enemy-held Yugoslav port of Split was bombed yesterday by medium bombers and a floating dock at Orbetello, on Italy's west coast, was hit and

The British Eighth army's drive to the Moro river represented a gain of about two and a half miles from San Vito, whose capture was announced yesterday, and carried the Adriatic offensive to within 14 miles of Pescara.

This latest ironic twist to the Italian upheaval was reported both by Reuters and the Swiss Telegraph agency which said the former Italian Foreign Minister, whose meteoric career was upset when he had a falling out with his father-in-law, had been sentenced to death by a special court of Mussolini's Republican Fascist Italy to try "traitors."

The life of the 40-year-old count was a story-book tale of a rise to right-hand man to Mussolini in the hey-day of Fascism of great popularity, prestige and wealth, and then, when the re-

son-in-law had changed until "his only feeling for him is sheer hate," Marshal Pietro Badoglio

reported.

# Strategy Planned By Three Powers AGREEMENT REACHED FOR SMASHING NAZI ARMIES IN THREE-WAY OPERATIONS

CAIRO, Egypt, Dec. 6 (AP)-President Roosevelt, Prime Minister Churchill and Premier Joseph Stalin have agreed completely on "the scope and timing of operations" to smash the German army from three sides, an announcement signed by the three statesmen in an epic four-day meeting in Teheran, Iran, and released here today disclosed. The Allied leaders also chartered a peace era in which all nations would be invited to join "a world family of demo-

cratic nations" based on the reaffirmed principles of the Atlantic Charter. The history-making conference of the heads of the world's most powerful military and political combine was held in the Iranian capital from Nov. 28 to Dec. 1, attended also by scores of top-flight military chieftains and diplomats from the United States, Britain and Russia.

Heavily underscoring the urgency of the military phase, the combined British and American general staffs subsequently returned to Cairo, scene of the Nov. 22-26 meeting of Chinese Generalissimo Chiang Kai-shek with President Roosevelt and the prime min-

ister, and staged concentrated planning sessions from last Friday through today. Churchill joined in these and

other sessions, leading to the probability that other disclosures of paramount international importance are still to come. President Roosevelt's where-

# Text Of Declaration

LONDON, Dec. 6 (A)-Following is the text of the declaration of President Roosevelt, Prime Minister Churchill and Premier Stalin at the conclusion of their Teheran conference:

We, the president of the United States of America, the prime minister of Great Britain and the premier of the Soviet Union, have met these four days past in this capital of our ally Iran and have shaped and confirmed our common policy. We expressed our determination that our nations shall work together in the war and in the peace that will follow.

As to the war, our military staffs have joined in our roundtable discussions and we have concerted our plans for the destruction of the German forces. We have reached complete agreement as to the scope and timing of operations which will be undertaken from the east, west and south. The common understanding which we have

concord will make it an enduring peace. We recognize fully the supreme responsibility rest-ing upon us and all the United Nations to make

a peace which will command the good will of the overwhelming masses of the peoples of the world and banish the scourge and terror of war for many generations.

With our diplomatic advisers we have surveyed the problems of the future. We shall seek the co-operation and active participation of all nations, large and small, whose peoples in heart and mind are dedicated, as are our own peoples, to the elimination of tyranny and slavery, oppression and intolerance. We will welcome them as they may choose to come into a world family of democratic nations.

No power on earth can prevent our destroying the German armies by land, their U-boats by sea and their war plants from the air. Our attacks will be relentless and increasing. From these friendly conferences we look

with confidence to the day when all the peo-ples of the world may live free lives untouched by tyranny and according to their varying desires and their own consciences. We came here with hope and determina-

# Fleet Expansion **Bill Is Reported** By Committee

WASHINGTON, Dec. 6 (P)-A formal report by the house naval committee on a new \$5,000,000,000 fleet expansion bill underscored Saturday the navy's preparations for intesified amphibious warfare and invasions during and beyond

The huge authorization expenditure will call for acquisition of 2. 500,000 tons of auxiliary vesselsattack transports, escort aircraft carriers, attack cargo vessels, communications ships and tenders plus 1,000,000 tons of landing

"It will be noted," said the con mittee, "that the majority of the auxiliary vessels and landing craft to be obtained through the enactment of this bill are for use in amphibious warfare."

As a clue that naval strategists are not counting on an early end of the war, the committee said that "it should be emphasized that it may be necessary to return to congress to present additional requirements" for the same type of, craft before the end of the war.

The new measure would bring the total of authorized construction of auxiliary vessels and land-a ing craft since May, 1941, to more than 7,000,000 tons. This is addition to millions of tons built into fighting ships.

# What are you doing about the empty chair?

THIS YEAR, on Christmas, almost everyone is thinking of an empty chair.

Perhaps the one in your house is empty for the first time. Or perhaps this is the second Christmas. Perhaps it will go on being empty always.

It will not be a happy Christmas for many. But it should be a Christmas of hope-hope that you can make stronger.

You know that even though the tide has turned now, and we've begun to win this war-our soldiers cannot come home until it is won. And you know the sooner it is won-the more soldiers will come

What are you doing about those empty chairs on Christmas?

There is something you can do-that everyone in America can do this year.

You can buy War Bonds for Christmas presents -War Bonds for every empty chair in your house -War Bonds for every person who hopes those chairs will not remain empty too long.

This should be a War Bond Christmas. Isn't that the most important kind of a Christmas for you?

# **TB** Association To Begin Tests

The Howard County Tuberculosis association, with cooperation of the Big Spring-Howard county division of the Midland-Ector-Howard county health unit, Monday started distribution of permission slips preparatory to institution of an extensive program of tuberculin tests.

Plans are to test all freshmen and seniors in the Big Spring and rural high schools, and all students in the first and fifth grades of Big Spring and rural schools. In the smaller rural schools, however, tests will be administered to all children.

In every case, children must have parental permission for the tests although they are harmless and cause no more discomfort than mosquito bite.

Local physicians are cooperating with the two units on the project.
Association officials said that where the results were positive, X-ray examinations would follow to make sure. These would be sent to Austin for examination by a chest specialist of the state department of public health.

Parents will be sent notifications of the results of the tests, and a public health nurse from the health unit will personally contact the parents of all children who show evidence of tuberculosis infection.

Parents who want their children to have this free service are asked to fill in the cards which their children will bring home. The child then presents it at the time the tests are administered.

## **Jurors Picked** For Murder Case

Jurors for the trial of the State of Texas versus Charlie Chapple, charged with murder after the fatal shooting of his wife, Jessie Mae Chapple, were selected Mon- cussed and members are urged to day morning in 70th District court and the first witness was heard just before noon when jurors were excused until 1:30 p. m. by Judge Cecil Collings.

Jurors selected were J. D. Jones, J. A. Hull, Dewe" Martin, M. H. Boatler, J. M. Cross, E. H. Thorpe, J. B. Sample, Morgan Martin, Roy Clark, Dalton Mitchell, Edgar Airhart, and Jack Bennett.

Mrs. Chapple succumbed from gun shot wounds on November 21 and Chapple was subsequently in-dicted by grand jurors for mur-

Other cases to come before the court included that of Robert Hilburn, charged with perjury. When Hilburn, who was under \$1,000 bond, failed to appear, Judge Collings ordered his bond forfeited. The ex parte petition of Ruth Hill and Charles Eugene Hill to have surnames changed to Hall

was granted by Judge Collings. Also a divorce was granted during the week in the case of Mozelle Hall Denton versus George W Denton. Custody of minor children was given to the plaintiff. Final property judgment was held up by Judge Collings pending obtaining description of separate property owned by Mrs. Denton.

# Soil In Good Shape After Rainfall

"Plowing" rains fell over this area during the weekend to leave the soil in its best condition since May and even added to dwindling supplies of stock water.

The US weather bureau at the airport reported .69 of an inch in all while the US Experiment Farm gauge showed .85 in all. Over the county a half inch was given as the minimum with communities in to an inch and a half

At the Moss Creek lake the rain gauge registered half an inch. while three miles to the east at Powell Creek lake there was threequarters of an inch, enough to put a foot of water in the reservoir. Colorado City reported a to-

tal of 2.21 inches of rain during the weekend.

As a result of the rain, which fell slowly, all farms in the areaeven in tight land sections-had ample seasoning to "put up" their land. It also was sufficient for some winter oat planting, and although it was too late to make much difference with pastures, the moisture doubtless will mean early spring weeds.

Reports from other points showed Dallas with half an inch, Coke county an inch and a half which saved small grain crops, Wichita county with .76 of an inch, .14 at El Paso and in southern New Mexico, 1.07 at Fort Worth, 1.65 at Bridgeport in West Texas, Roanoke 1.50, Weatherford 2.05, Decatur 1.82, Trinidad 1.20, Corsicana 1.50, San Antonio 30, Hous-ton a trace, Waco 21, Abilene .68, Amarillo .07 and Austin .10,
