Issue No. 20

A Second Glance

By Leon Watson

Have you ever heard of the St. Stevens Crown. It was given to the first King of Hungary (Magyar) by Pope Sylvester II. When Russian backed communist forces were attempting to take over Hungary, Hungarian officials gave the crown to the U.S. for safe keeping, and asked the Americans to never let it fall into the hands of the communists. It was said to be worth a lot of money. The U.S. leaders gave their word the crown would be kept safe from the communist. Many years past and several presidents held office and the crown was safe.

One of the first things smiling Jimmy Carter, did in the White House was to give the crown to the communists. It was about the same time he promised to give away the Panama Canal, cut back the defense of the nation and make deals with Russia which would give the enemy more power than the U.S.

What do you think about U.S. Navy ships picking up the Vietnamese refugees who are floating on the high seas? Should we be helping these people? What did Jesus say in Matthew 25:34-40. "Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world.

"For I was an hungered, and ye gave me meat: I was thirsty, and ye gave me drink: I was a stranger, and ye took me in:

"Naked, and ye clothed me: I was sick, and ye visited me: I was in prison and ye came unto me.

"Then shall the righteous answer him, saying, Lord, when saw we thee an hungered, and fed thee? or thirsty, and gave thee drink?"

"Or when saw we thee a stranger, and took thee in? or naked, and clothed thee?"

"Or when saw we thee sick, or in prison, and came unto thee?"

"And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

Funds Needed For Mini Bus

The Matador Senior Citizens are asking for financial help in running the Mini Bus, as all previous funds have expired.

Mrs. Winona Gilbreath said Tuesday, the group had raised money from egg sales and the city had given them money but the cost of operating the van-type bus was so great that the funds had mostly gone for gasoline.

The Senior Citizens take the bus on trips to Plainview, Crosbyton, Paducah and Lubbock, mostly for doctor's appointments.

Contributions for the Mini-Bus may be made to Mrs. Gilbreath at the Courthouse.

U. S. Navy Parachute Team To Perform At Reese Open House

Have you ever tried playing "leapfrog" 12,500 feet above the ground? The skies above the Reese Air Force Base, Texas Open House will be filled with the U.S. Navy's Parachute West Demonstration Team "Leapfrogs" as they perform a skyborne display of freefall parachuting.

The Reese Open House is scheduled for Saturday and Sunday, August 4 and 5, 1979. The Leapfrogs will perform once each day. Their Saturday show is scheduled for 3 p.m. Their Sunday show for 1 p.m. The Leapfrogs are assigned to the U.S. Navy's Special Warfare

Group One based at the Naval Amphibious Base Coronado, in San Diego, California. All Team members are selected from the Navy's world famous underwater demolition "frogman" teams (UDT) or the Navy's elite SEAL team. SEAL's are the Navy's counter-guerrilla warfare experts who are

trained to conduct small unit operations in hostile areas while operating in and from the sea, air and land.

During their Reese show, the Leapfrogs will perform the aerial acrobatics and precision free-fall parachute techniques used by members of the UDT and SEAL teams during combat airborne infiltration operations.

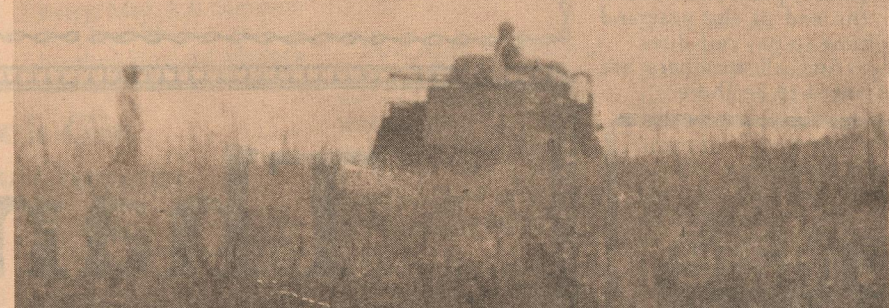

For the convenience of their viewing audience, the Leapfrogs attach colored smoke canisters to their boots and climb to an altitude of 12,500 feet (two miles) above the demonstration landing area. Their show emphasizes split-second aerial maneuvers and landing accuracy.

A jumper can control his freefall rate of descent from a relatively slow speed of 120 MPH to a breathtaking head down speed of 220 MPH by changing his body configuration with his arms and legs. After free-falling for approximately 60 seconds, the Leapfrogs open their parachutes and three seconds later their descent slows to a speed of approximately 5 MPH. By using their rectangular-shaped parachute like a glider wing a jumper can maneuver himself at speeds up to 35 MPH to a stand-up landing at a speed of 2 MPH in the center of the drop zone's target panel.

Following each show, the Leapfrogs will be available to sign autographs and describe firsthand to their audience, the art of parachuting that is their profession.

Other highlights of Saturday's Open House activities begin with a civilian aircraft fly-in from 9 a.m. to noon. A chili cookoff will run from 10 a.m. to 6 p.m. with an Ol'Fiddlers' contest scheduled from 2 to 4 p.m. The day winds up with a barbeque dinner from 6 to 9 p.m. and a street dance from 9 p.m. to midnight.

Highlights on Sunday will be performances by the U.S. Air Force Drill Team from Washington, D.C., the 539th U.S. Air Force Band from Lackland AFB, Texas and at 3 p.m. the U.S. Air Force Thunderbirds Aerial Demonstration team.

PARIRIE FIRE -- Lightning set range land ablaze Tuesday in locations north and west of Matador burning between 20 and 40 acres of grass. Calm winds and damp ground helped Matador firemen battle the fire pictured here near Lost Canyon on the Middle Pease River Northwest of the city. Ranchers used shovels and saddle blankets as tools to fight the fire. (Photo by Leon Watson)

Preventing Range Fire Everyone's Business

Fire is the greatest hazard to rangeland during the hot, dry summer months and into the fall and winter. And everyone has a stake in preventing wild, range fires.

The rancher depends upon range vegetation to produce livestock which ends up as steaks, lamb chops and other meat products. Fishermen and water enthusiasts want clear rivers and lakes for fishing and water sports. Those who enjoy hunting need the forage produced on rangeland to provide cover and food for wildlife.

Most ranges have good vegetative growth due to a wet spring, and the hot, dry summer has combined for optimum fire conditions, notes Dr. B.J. Ragsdale, range specialist with the Texas Agricultural Extension Service, Texas A&M University System. "Thousands of acres

are burned by wild fires each year. Afterwards, these ranges must be managed properly to reestablish forages," says Ragsdale. "Burned-off land should be deferred from grazing the rest of the year and the following growing season."

When land is not deferred, livestock eat forage down to the ground. This keeps plants from building up food reserves and completing reproductive cycles, thus killing many plant species, explains the range specialist.

Doves, quail, deer and other wildlife, unable to find the type food they need, move to other areas, and serious erosion problems may develop because of continued lack of cover.

As far as wild fires are concerned, the old saying that "an ounce of prevention is worth a

pound of cure" still holds true, contends Ragsdale. "Motorists should snuff out cigars and cigarettes and place them in the car's ash tray instead of throwing them out the car window," he advises. "Recreationists should be careful with camp fires and should never leave them unattended."

"Landowners can protect their ranges by building fire guards. Sprayers and other fire fighting equipment should be kept in good repair and readily available up-to-date workable plans for fighting fires."

Because everyone has a part in preventing range fires and much to lose in case of fire, the specialist urges full compliance with all safety measures and immediate reporting of any fire.

Strange Letter Sparks DPS Investigation

A letter received Monday by County Judge Billy Whitaker may have touched off an investigation by the Department of Public Safety Intelligence Division which could spread state wide.

The letter said a new government would assume control of the judicial machinery of the nation and revolutionary courts would be formed.

The letter was from the Provisional Government of Texas and addressed to all sheriffs and county judges found with in the "Territory of the Provisional Government of Texas." It was signed by Dr. William R. Pabst, who claimed to be "Attorney General."

It implied that the "new" government would set up revolutionary courts which will issue severe punishment to officials who violate rights of the people.

After reading the letter Whitaker called Tribune Publisher, Leon Watson, who also read it. Watson then called the office of Texas Attorney General Mark White.

While speaking with Charles Campbell of the Crime Prevention Division of the Attorney General's office about the strange contents of the letter, Watson was told to contact Captain Dudley Thomas, DPS Intelligence in Austin. Thomas told Watson that the DPS had never heard of the Provisional Government of Texas, the same answer Watson had heard from the

Attorney General's office.

Thomas instructed Watson to forward the original copy of the letter to him, so with Judge Witaker's permission, Watson mailed the letter to the DPS in Austin.

"I wasn't aware that this Mr. Pabst had been elected Attorney General," Campbell told Watson. "If the letter was sent to all county judges and sheriffs, I'm surprised we haven't been receiving a lot of calls on it."

Judge Witaker said the letter may be a prank but should warrant an investigation.

The Letter: Provisional Government of Texas Box 301-D 3530 Timmons Lane Houston, Texas 77027

July 21, 1979

Memorandum

To: All Sheriffs and County Judges found within the Territory of the Provisional Government of Texas.

From: Dr. William R. Pabst, Attorney General.

RE: Notice Concerning your Duties.

On July 22, 1978, this Government was established by a meeting that took place in Dallas resulting in the correct notices being filed personally at the United Nations, the State Department of the

United States and the Secretary of the United States Senate.

The Provisional Government does not look upon your position lightly. Your job is to support the Constitution of the State which is, in fact, usually disregarded by most bureaucrats on a daily basis.

To clear up any doubts you may hold regarding the Constitution, you should consult Vernons Article I very carefully.

If you do not abide by Article I, please understand that our first act upon assuming control of the judicial machinery of this nation will be the installation of Revolutionary Courts who will issue severe punishments for violations of the rights of the people.

As you are aware, here in Texas, people who assert their rights are punished, while those who commit violent crimes are permitted to prey upon the law abiding individual. This, of course, is your fault, and with our eyes upon the Revolutionary Goals set out by Austin and Houston many years ago, we request that you too participate in the reestablishment of a Free Texas, in order to correct this problem.

You are deemed to have received notice of this decree as of August 1 1979.

Bill Pallmeyer Retires After 26 Years As Agent

W.C. "Bill" Pallmeyer, County Extension Agent in Motley County since August 1, 1953, has announced his retirement from the Texas Agricultural Extension Service effective August 31, 1979. Prior to his work in Motley County, Pallmeyer received his Extension Service training in Hall County in 1948 and served as County Agent two years in Wichita County and two years in Knox County.

As County Extension Agent in Motley County, Pallmeyer has provided outstanding leadership in the areas of Field Crops and 4-H. He has been cited many times for his leadership in youth counseling and has received a Distinguished Service Award from Texas A&M, as well as the Superior Service Award.

Pallmeyer was very active in the development of a peanut production program in Motley County which resulted in tremendous increases in income to the people in the Flomot Community. As a result of efforts in conducting educational work, peanuts produced in this area are sold almost exclusively for seed due to their high quality.

Most recently Pallmeyer has been active in

and Hall Counties within the Diapause Control Zone along the Caprock.

Pallmeyer will move with his family to Meridian, Texas, following his retirement August 31, where he will be engaged in a private business.

N. L. Moss Honored By Vo-Ag Association

N.L. Moss, Vocational Agricultural Teacher, Motley County High School, was honored by the Vocational Agriculture Teachers Association of Texas in Houston, July 31, according to Ray Carson, Garland, President of the organization.

Moss was recognized for his 35 years of service to the Vocational Agriculture program of Texas. He graduated from Whiteface High School and received both B.S. and M.S. degrees from Texas Tech University. He served three years of military duty in the U.S. Army.

The award was presented at the Annual Awards Program of the Association.

The program was held during the State In-service Education Workshop for Vocational Agriculture Teachers and the 1979 Workshop emphasized staying up with the changes in

the organization of the Pest Management Program to carry out an early-season boll weevil control. As a result of his efforts, a County Extension Entomologist position has been secured to serve the people in Motley, Floyd, Briscoe,

today's modern Agriculture. Leaders in Agriculture and Education from throughout the state and nation will participate in the four-day, in-service meeting. Education features of the meeting was under the direction of Mr. J.A. Marshall, Director of Agriculture Education, Texas Education Agency, Austin. Marshall assisted by G.G. Scroggins, Assistant Director, Agriculture Education, TEA.

Moss has been very active in civic, community, school and church activities. The Moss family are members of the Methodist Church where he was Chairman of the Board, lay leader, and several of the commissions; Lion's Club; Masonic Lodge; 32 degree Mason; Teacher of the Year; Soil Conserv., and honored two times in the High School annual with Yearbook Dedications.

**Mrs. Jameson Named
 Chairman for
 Arthritis Foundation**

Mrs. Penny Willhite, Chairman of the West Texas Chapter, today announced that Mrs. Clay Jameson, has agreed to conduct a Special Event in Matador to raise funds for the West Texas Chapter of the Arthritis Foundation.
 Mrs. Willhite said that funds raised from this event will help to support services for Arthritics and their families in this area and to advance the National Foundation's research programs that are directed at finding the cause and cure to Arthritis.
 More than 31,000,000 Americans are afflicted with Arthritis serious enough to require medical care, 135, right here in Motley County. Arthritis, the Nation's No. 1 Crippler, costs the National Economy a staggering \$13 Billion annually in lost wages and medical care bills.
 The cost in human suffering, in pain and disability, is beyond measure.

FUN IN THE WATER: Scoutmaster Ronnie Vandiver is shown giving instruction to Boy Scouts Brent Campbell (right) and Alex Guerrero (left) as they prepare to take Cub Scout Kenneth Jackson for a ride in the canoe. The outing was held last month at Jameson Lake for the Boy Scouts and Cub Scouts.

The Matador Boy Scouts travelled to the mountains of northern New Mexico during the week of July 15-21. They attended Camp Tres Ritos for a week's camping trip. While at the camp the Scouts participated in sessions on Archery, Indian Lore, Citizenship-in-the-World, and Fish and Wildlife Management. The Scouts also visited the Picturis Indian Pueblo and museum near Penasco, New Mexico.

learned, was built around 1200 a.d.
 The Scouts also spent time during the week trout fishing. For a day the Matador Troop played host to a International Scout from Peru. The Scout from Peru explained the history of scouting in his country and also gave the Matador Troop some coins, stamps, and posters from Peru.
 The Matador Scouts earned various merit badges and rank advancements while at Camp Tres Ritos. The Scouts from Matador on the camping trip were Kyle Hardin, Craig Turner, Kody Hardin, Wade Vandiver, and Chris Ferguson along with Scoutmaster, Ronnie Vandiver and assistants Ronnie Bradshaw and Bobby Ferguson.

All of the boys had a great time and are ready to go back again next year, said Scoutmaster Ronnie Vandiver.

Doris Hale is Appointed

Postmaster At Afton, TX 79220

Sectional Center Manager/Postmaster, Elmer J. Reed, Jr., of Lubbock today announced the appointment of Ms. Doris Hale as new Postmaster at Afton, TX 79220, effective Saturday, July 28, 1979.
 Ms. Hale, 45, a native of Afton, has worked for the Post Office in Afton since 1958. She has been the Officer-in-Charge for the past two years, and she and her husband, Tommie, reside in Afton. The Hale's have two grown sons, Tom, and

Dave, who reside in Spur, TX, and Tatum, N.M.
 Ms. Hale's hobbies are painting and gardening. Postmaster selections for offices of this size are made on the basis of merit from a list of qualified candidates submitted to the Sectional Center Manager at Lubbock, TX. He selects and recommends to the Postmaster General the best qualified person for appointment to each vacancy.

**Arts and Crafts to Meet
 Monday, August 6th**

The Motley County Arts and Crafts will meet at the Woodruff Building at 9:00 a.m. Monday, August 6.
 They will go to Lockney and visit at a pottery plant and also it is the end of the year and time to pay our dues. And all members are urged to be there.

Rites Held for Joy Earthman

Funeral services for Mrs. Joy Earthman, 54, of Amarillo, former Flomot resident, were held at 11:30 a.m., Monday, July 30 at Schooler-Gordon Colonial Chapel in Amarillo.

The Rev. Hardy Cole, pastor of the Trinity United Methodist Church in Amarillo officiated.

Interment was in Memory Garden cemetery under the direction of Schooler-Gordon Funeral Directors.

Mrs. Earthman died Saturday, July 28 at 7:30 a.m. in the Amarillo Nursing Home following a lengthy illness.

Joy Turner Earthman was born July 3, 1925 in Motley County and was the daughter of pioneer family, Mr. and Mrs. Tom Turner. She spent her youth in Flomot where she attended school. She was preceded in death by a daughter.

She is survived by one daughter, Kathy; two sons, Andy and Eric; her mother, Mrs. Estelle Turner of Amarillo; three sisters, Mrs. Thelma Brown and Mrs. Bonnie Grimlan of Amarillo and Mrs. Joan

Bradford of Dallas and three brothers, Malcolm Turner of Flomot, Ben Turner of Saudi Arabia and Riley Turner of Lubbock.

Nephews served as pallbearers.

Attending the services were Mr. and Mrs. Malcolm Turner and Mr. and Mrs. Donnie Turner of Flomot, Johnny Turner of Whiteflat, Mr. and Mrs. Dean Turner of Matador and Mr. and Mrs. Benny Turner of Abernathy.

Arrival Announced
Mr. and Mrs. David Pennock of Abilene are proud parents of a baby daughter, born Saturday, July 28 at 1:10 a.m. in the Hendricks Hospital in Abilene. She weighed eight pounds and one ounce and was named Holly Joanna. Mrs. Pennock is the former Jo Ann Jameson.

Grandparents of the new arrival are Mr. and Mrs. Jodie Jameson of Plainview and Mr. and Mrs. Harold Pennock of Abilene. Maternal great grandparents are Mrs. Beulah Jameson of Dougherty and Bob Jameson of Matador.

PLAY DAY
Long drive on No. 2 last Thursday was won by Louise (below 20) and Tommy (above 20). Others playing: Laverna, Geneva, Winifred, Loys, Frances and Hazel.

Stopping for coffee at El Matador were Louise, Laverna, Winifred, Loys, Geneva and Hazel.

LUNCHEON:
Those attending the monthly luncheon at Plainview Savings and Loan party room: Loys, Frances, Mickey, Geneva, Louise, Laverna, Winifred, Tommy and Hazel. Lots of good food—fried chicken, salads, casseroles and desserts (chocolate pie, cherry cake, coconut cake and banana pudding.)

Several members were out of town or otherwise busy and involved.

Our thanks to Phil for the use of the party room. We really appreciate the use of this facility, here in Matador.

MEN'S TOURNAMENT
Sunday, August 5. TEE-OFF at 1:30. **TOURNAMENT AT MEMPHIS**

Our association has received an invitation to Best Ball Scramble for ladies at Memphis CC, Saturday, August 4. Tee-off at 10 a.m. Entry fee, \$15 per person... Lots of entertainment planned for the affair.

SPUR LADIES ASSN is having a Low Ball Partnership tournament Thursday, August 16. Coffee at 8:30 and Tee-off 9 a.m. Those planning to go should notify Loys by August 11.

ANOTHER HOLE—IN—ONE—Marvin had the thrill of making a hole-in-one on No. 3... July 24, using No. 4 iron... playing a foursome with Howard, Jake E. and Clay Gilbert. He had made one other hole-in-one at Plainview CC, in 1950... and that one was also on No. 3.

Survivors include three brothers, A.B. of Palestine, A.T. of Farwell and Loyd of Plainview.

over after returning to his pickup. He and another man had been chaining mesquite and evergreen on the ranch. He was a Gainesville native and moved from Paducah to Dickens County in 1935.

Survivors include three brothers, A.B. of Palestine, A.T. of Farwell and Loyd of Plainview.

was born March 30, 1904 in Mercury, Texas and moved with his parents to Northfield during the 1920's. He was an oilfield worker, a farmer, a boxer and a cowboy. He was a member of the Northfield Baptist Church.

Survivors include his mother, Mrs. A.J. Matlock of Childress, a sister, Mrs. A.B. Simpson of Northfield and a brother, Howard Matlock of Hanford, California.

Mrs. Ruth Benson and Mrs. Mildred Plumlee were visited last week by their sisters, Mrs. Jackie Jackson of Amarillo, Mrs. Lucille Wright of Levelland and Mrs. Artie Webb of Floydada.

Mrs. Evelyn Edwards of Pueblo, Colorado visited in the home of Ruth Benson, Monday morning.

Public Relations Officer Caprock Trappers Assn. Hunters and Trappers receiving notices from Texas Parks and Wildlife to renew their license will be finding a card enclosed in with their renewal notices warning about the danger of rabies.

Caprock Trapper's Assn. would like to remind everyone that rabies in wild animals is twice as high this year in Texas as it has been in past years. The danger to trappers and those coming in contact with wild animals or handling furs and hides of wild animals are in much more danger of being exposed to wild animals carrying rabies than anyone else.

CRTA got in touch with Sissy at Texas Dept. of Health in Dickens to get information about the rabies vaccine now available. Caprock is working in conjunction with the dept. of health to set up a series of clinics to vaccinate anyone interested in receiving these rabies shots. It is necessary to receive three shots at one week intervals and a booster later on to be effective.

Preston Mynatt Public Relations Officer Caprock Trappers Assn

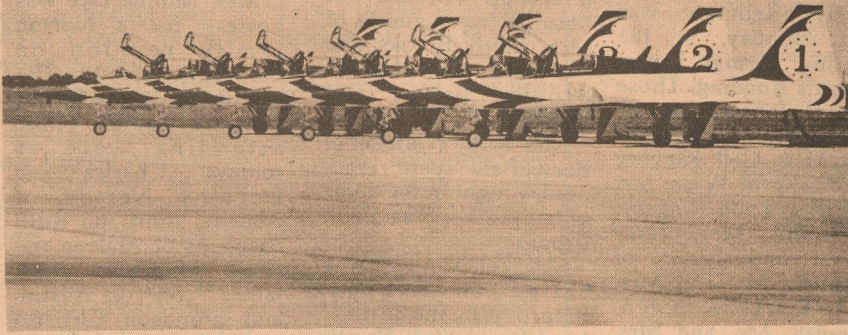

Fire Dept. — 347-2323
Sheriff — 347-2234

Although the Texas Dept. of Health can give the shots it is required that a doctor be present. The health dept. is in the process of contacting the state Dr. about coming to Dickens for the clinics. As soon as they confirm that he is available CRTA will get with them and the doctor to set up the dates for the clinics. We will be sure to notify the Tribune so they can publish the dates and times and details.

CRTA encourages all its 150 members to take these shots and contact Texas Dept. of Health in Dickens, 623-5565 or myself, Preston Mynatt, in Roaring Springs 348-2581. We need to know about those who are interested so the health dept. will have an idea of how much vaccine to have available at the clinic. They can't keep it on hand and so will need to send for the amount they expect to need.

Rabies hasn't been as bad around our area as in some parts of Texas. This is due to the amount of quality trappers in our areas.

U.S. Air Force Thunderbirds Perform at Reese Open House

More exciting than ever, the U.S. Air Force Thunderbirds will return to the South Plains at 3 p.m., Sunday, August 5, 1979 to take part in the annual Reese Air Force Base Open House.

Headlining the August 4th and 5th Open House, the famed aerial demonstration team comes back to the Lubbock area with a new show featuring two solo performers in addition to the traditional four-ship precision flying team.

Guiding the six-man team to Reese will be the commander and lead pilot for the Thunderbirds, Maj. D.L. Smith. The major is flanked by Capt. Ron Maness, left wing, and Capt. Jim Latham, right wing. Completing the formation team is Capt. Jim Coziahr, slot.

The Thunderbirds will open their show with the classic four-ship launch. For the next 40 minutes, Open House spectators will witness precision flying at its best.

Streaking overhead at speeds nearing 600 m.p.h., the Thunderbirds will perform intricate maneuvers, often with no more than three feet between the shimmering red, white and blue T-38 Talon jets.

In between the formation runs by the main group, the two solo pilots will make exciting passes before the anticipated overflow crowd.

Following the show, the Thunderbirds will sign autographs and talk with Open House visitors at planeside.

This is the 27th season of Thunderbird performances. Up to the start of this year's season they have flown more than 2,245 air shows throughout the United States and 45 foreign countries. At home or abroad, they present to their audiences the professionalism, dedication and hard work of all Air Force men and women. To date, their shows have been viewed by more than 136 million people.

The Thunderbird team is composed of highly-skilled men and women working in more than 25 different career fields. The noncommissioned officers are technicians in the fields of aircraft maintenance, information, operations, supply, communications and administration.

During their show, the Thunderbirds will be flying the T-38 Talon jet. This is the seventh aircraft to be flown by the Thunderbirds and is

the same aircraft that has been flown by Reese's student pilots since 1963. At one time, the T-38 held 12 world flying records. Many countries of the world use the T-38 as their front line fighter in its combat model known as the F-5.

The change to the T-38 from the F-4 Phantom jet came about in 1974 as a fuel conservation measure. The T-38's low fuel consumption contributes to the overall Air Force policy of energy and resource conservation. In today's environment, it is reassuring to know that the Thunderbirds are flying a high performance airplane that is economical and cost effective.

Also performing on Sunday, August 5th will be the U.S. Air Force Drill Team from Washington, D.C., the 539th U.S. Air Force Band from Lackland AFB, Texas and the U.S. Navy's Parachute West Demonstration team, the Leapfrogs.

Highlights on Saturday, August 5th, will be a civilian aircraft fly-in an evening barbeque dinner and street dance. The 539th Band and the Leapfrogs will also perform on Saturday.

Letter to the Editor

Dear Editor,

Please print this article. We have many CRTA members in this area and there are many trappers, hunters and others who spend much time out doors who could be affected.

Thank you.

We will be sure to notify the Tribune so they can publish the dates and times and details.

CRTA encourages all its 150 members to take these shots and contact Texas Dept. of Health in Dickens, 623-5565 or myself, Preston Mynatt, in Roaring Springs 348-2581. We need to know about those who are interested so the health dept. will have an idea of how much vaccine to have available at the clinic. They can't keep it on hand and so will need to send for the amount they expect to need.

Rabies hasn't been as bad around our area as in some parts of Texas. This is due to the amount of quality trappers in our areas.

Mr. and Mrs. Cruse Attend Navy Unit Reunion

Mr. and Mrs. Ray Cruse attended the US Boat Pool Baker Naval Unit 36 Reunion that was held July 20-22 in New Iberia, Louisiana at the Holiday Inn. They were joined by 35 of Mr. Cruse's ex-Navy friends who served in World War II and their wives.

Mr. and Mrs. Cruse enplaned from the Lubbock Airport, Sunday, July 15 to San Antonio and met Mr. and Mrs. Donald Brown of Irving and Mr. and Mrs. D.A. Butcher of Eules where they enjoyed the tourist attractions and entertainment before continuing their flight to Louisiana. They were guests of Mr. and Mrs. J.C. Broussar in New Iberia, Wednesday night and Thursday before the weekend reunion. The group returned by plane to their respective homes, Monday.

Truett and Pritchett Family Reunion

Mr. and Mrs. Dan Kingston attended the annual Truett and Pritchett Family Reunion that was held in Idalou, Sunday, July 29. All of the families were represented with seventy five attending the celebration. E.H. Truett of Idalou and Mrs. Rebecca Truett, of Lockney, the last two living family descendants, were the honored guests. Recognized as the youngest family member was Aaron, son of Mr. and Mrs. Ray Allen of Andrews, and for traveling the farthest were Mr. and Mrs. Mike Bayless of Los Angeles, California.

Hospital Patients

Mrs. Bert Cloyd returned home Friday from the Methodist Hospital in Lubbock where she was a patient last week. Her son and wife, Mr. and Mrs. Leon Cloyd were with her during her hospitalization.

Mr. and Mrs. Richard Rhodes and son, Ricky of Midland visited the weekend with Mr. and Mrs. L.E. Shorter and Mr. and Mrs. Clois Shorter and daughters. Mrs. Rhodes and Ricky remained to visit until Wednesday when Mrs. L.E. Shorter and Mrs. Clois Shorter accompanied them home and returned home Thursday.

Mrs. Lillie Tanner and grandchildren, Jamie and Chad Tanner of Tulia visited Saturday and Sunday with her daughter and family, Mr. and Mrs. Joe Ike Clay and children and other relatives. Tina, daughter of Mr. and Mrs. Clay, returned home with her grandmother to visit.

Members of the Quitaque and Flomot United Methodist Churches and their pastor, and his family, the Rev. and Mrs. George Price and son, Jeffery enjoyed an outdoor fellowship church service and picnic at the Merrell Homestead, Sunday evening, July 29. Those attending from Flomot were Mr. and Mrs. Wade Martin, Mrs. Bud Morris, Mr. and Mrs. Ronald Clay and Mr. and Mrs. George Pope.

Mr. and Mrs. A.D. Moseley met her sister and husband, Mr. and Mrs. Coy Dunn of Dimmitt and other friends in Silverton, Saturday where they enjoyed a picnic at Silverton Park.

Their other grandson, Kevin Frank was involved in baseball tournaments, having made the all-tournament team, and could not accompany them. Monday, Mrs. Price drove to Amarillo to accompany another grandson, Dax Rattan, here.

Small Grain Variety Tests Announced

Results of the small grain tests planted by Susie Marshall on November 10, 1978 and harvested June 11, 1979 showed that the old stanbys, Cimarron oats and Toscana wheat still perform well. Results are as follows:

WHEAT: Yukon, 31.8 bu./ac., 2674 lbs. forage/ac.; Eagle, 30.8-2710; Toscana, 29.2-3008; Larned, 28.5-2250; Vona, 28.5-3103; Wichita, 28.2-2546; Lancota, 28.1-2515; Agent, 27.6-2015; Payne, 27.2-2260; TAM 101, 26.7-2131; Osage, 26.5-2433; Sage, 26.3-2415; Caddo, 25.8-2412; Scout 66, 25.5-2610 (Seeding rate 40 lb./ac.) Imp. Triumph, 25.2-2150; Centurk, 25.2-2096; Scout 66, 25.0-2221; Palo Duro, 24.8-2363; Sturdy, 24.2-2600; Rall, 23.9-2336; Concho, 23.9-2268; Centurk, 22.7-1850 (Seeding rate 40 lb./ac.) Caprock, 22.6-1855; Lindon, 21.9-1948; Newton, 21.4-1875; Pronto, 20.9-1744. All wheat except noted above was seeded at 44 lbs./ac. It should also be noted that Vona was the top forage producer.

OATS: Cimarron, 45.3 bu./ac., 1850 lbs. forage/ac.; Ora, 35.3-2350 (Seeding rate 40 lb./ac.) Ora, 33.9-1374; Ora, 32.3-1325 (Seeding rate 52 lb./ac.) Nora, 31.8-1233; TAM 312, 28.7-1383 (Seeding rate 52 lb./ac.) TAM 312, 28.3-1425; Walken, 23.8-2018.

All oats except noted above was seeded at 60 lbs./ac. It should also be noted that Ora seeded at 40 lbs./ac. was the top forage producer.

All oat varieties except Cimarron, Walken and Ora seeded at 40 lbs./ac. showed considerable winterkill. Walken is a norther oat, and the Ora seeded at 40 lbs./ac. was obtained at Paducah. Ora seeded at the other rates, was obtained in Fisher County which may explain the difference in winterkill.

According to County Agent Bill Palmeyer, nothing was proven by different seeding rates, but in the past 44 lbs. wheat/ac. and 60 lbs. oats/ac. have given the best results.

Yields are slightly higher than would be obtained by a producer, as only strips with solid stands where harvested to compare the potential of the varieties under test.

March moisture indicated that a crop would be made, but as April and May were very dry, yields were not up to expectations.

The crop protection bill reported recently by the House Agriculture Committee doesn't even come close to meeting the objectives of Plains Cotton Growers, Inc., Lubbock, according to Joe D. Unfred of New Home, PCG President.

PCG's policy calls for extending the current disaster program until it is proven that an all-risk crop insurance program is a workable and adequate replacement.

"It will take several years just to determine if the crop insurance plan envisioned by the Ag Committee bill will attract the level of producer participation necessary to make it work at all," Unfred states, "and there is serious doubt it will ever provide the protection High Plains producers need against weather hazards and other conditions beyond their control."

Without an extension, the present disaster program will expire with the 1979 crop. The Senate Committee, perhaps agreeing that it will take time to develop and prove the proposed insurance program, earlier reported a bill which would extend the

disaster program for 1980 and give producers a choice of the disaster program or Federal crop insurance in 1981.

The House measure, while it would make the disaster program available to all cotton, wheat, feed grain and rice producers in 1980, would deny disaster program eligibility in 1981 to producers in all counties where the new Federal insurance was generally available.

To its credit, the House Committee did approve its bill authority for the Secretary of Agriculture to make the disaster program available to producers in 1981 if on a county or national basis he determines that Federal crop insurance protection is inadequate, or if he determines it is necessary to achieve compliance with set-aside or diversion programs.

"It hasn't been made clear exactly what this latter 'if' means," Unfred said, "but I wouldn't want to count very heavily on the Secretary admitting that the insurance program sponsored by him and his administration is not affording 'adequate protection', particularly when such an admission might occasion an additional Federal expenditure."

Unfred is quick to note that Congressmen from this area who are on the Committee, Kent Hance of Lubbock and Charles Stenholm of Stanford, served their constituents well in attempts to get an unconditional two-year extension of the disaster program and in an effort to raise the level of government participation in premium costs.

"The opposition was too strong on these points," he continues, "but they were successful in removing a \$200,000 limitation on subsidized crop insurance depend on compliance with recommended soil conservation practices."

The outcome of the two bills is very much in doubt when they reach Senate and House floors, Unfred points out. "And if one or both fail to pass, we'll then be asking Congress for a simple two-year extension of the disaster program."

ASCS News

By Emilio Aguilar
Eligibility for participation in all programs administered by ASCS is established under law without regard to race, creed, sex, or national origin.

1979 Disaster Program
Acreages of cotton, corn and grain sorghum that fail due to reasons beyond the producers control, should be reported before planting evidence is destroyed. We realize that grasshoppers are causing a lot of damage around your cotton fields. Before you plow up these areas, you need to file a disaster claim.

Set Aside Acres
Set aside cannot be grazed prior to September 16, 1979. No harvesting or baling is permitted. You are required to control weeds. If clean tillage (plowing, discing, or listing) is being applied on your set aside acres, leave the soil in a rough condition to prevent erosion.

Agricultural Conservation Program
ACP funds are available for conservation work. Make your request, then wait for county committee approval before you start the practice.

Keep Track of Farm Business Expenses

Correct income tax accounting requires separation of farm business deductions from non-business ones. This means keeping good records of all expenses throughout the year. "Since much of the 1979 work and labor-expenses lie ahead, Texas farmers and ranchers should give particular attention to proper accounting procedures," says Dr. Ashley Lovell, economist with the Texas Agricultural Extension Service, Texas A&M University System.

For instance, if there is a true employer-employee relationship, a farmer's children may be paid reasonable wages or other compensation which is a business expense and therefore tax deductible.

"Wages paid for construction of buildings should not be deducted as ordinary business expenses but should be capitalized as part of the building cost. Treating such wages as ordinary expenses would violate IRS instructions and would distort taxable income," notes Lovell.

The economist explains that any loss from a closed hedging futures transaction is deductible as a necessary business

expense. In addition, the broker's commission and interest paid on funds to meet margin requirements would be deductible.

"Costs of items purchased for resale, such as stocker calves, are deductible only in the year they are resold," says Lovell. "In case of a death loss, costs would be deducted the year the loss is discovered."

He emphasizes the need to keep track of miscellaneous expenses during the year, such as farm organization dues, farm magazine subscriptions, office supplies, advertising, account books and services, small hand tools and farm business travel.

Farmers may deduct the actual cost of pickup use or can choose the standard mileage rate for calculating deductible expenses. If the standard rate is used, adequate records must be maintained to establish the mileage, including the time, place and purpose of travel.

Lovell notes that these suggestions illustrate the necessity of properly accounting for expenses throughout the year. He encourages obtaining the services of a tax accountant or attorney regarding particular business details.

Annual Fair Set for Sept. 22-29

Beef cattle entries will be competing for a whopping \$7,570 premiums at the 62nd annual Panhandle South Plains Fair in Lubbock, Sept. 22-29.

Beef cattle will be judged in 42 classes by Allen Poe of Waxahachie. Joe Wise is show superintendent.

In certain classes, the premiums range from \$40 for fifth place to \$100 for first. In addition, grand champion and reserve grand champions will be picked in bull and female classes, worth \$75 for the top spot and \$25 for second.

The beef cattle show is one of several cattle shows on tap for the fair, which is offering a record \$60,000 in premiums--much of it in the cattle classes.

Banners will be awarded to the premium breeder and premium exhibitor.

Gene Ledel's million dollar midway will return to the fair again this fall, along with a star-studded lineup bfor the stage of Fair Park Coliseum.

Following an opening day fiddler's contest, the following shows have been booked:

The Charley Pride show, 5 p.m. and 8 p.m.

Sept. 23;
The Eddie Rabbitt show, with Janice Fricke, 8 p.m. only Sept. 25;
The Dave and Sugar show, with John Conlee, 8 p.m. only Sept. 26;

"The Golden Years of Country Music," by South Plains College, 7 p.m. only Sept. 27;

The Tom T. Hall show, with Charly McClain, 8 p.m. only Sept. 28; and The Tammy Wynette show, with George "Goober" Lindsey and Rex Allen Jr., 5 p.m. and 8 p.m. Sept. 29.

All seats are reserved and tickets are \$4, \$5 and \$6, except for the three-hour SPC show, which costs \$2 and \$3.

Ticket reservations still are being accepted by the fair association at P.O. Box 208, Lubbock, Texas 79408. Orders must be accompanied by a stamped, self-addressed envelope.

Reservations are being processed in the order in which received to assure best seats for early purchasers. However, orders will not be filled until mid-August when the box office opens and tickets go on sale at five other locations.

Ticky sales are ahead of last year's pace, Lewis said.

Bollworm Alert

Motley County cotton producers should check fields closely from July 31st to August 5th for bollworm eggs.

As many are aware, a bollworm moth trap was placed in operation on J.D. Craven's place earlier in the year. Daily catches of insects were recorded and according to information provided by Emory Boring, Area Entomologist from Vernon, bollworm egg laying activity will increase thru August 3rd.

To control bollworms, they must be sprayed while very small, therefore the importance for producers to keep a close watch on their fields. A few worms will not justify spraying, therefore producers should also know the economic level for applying controls. After bolls are present, the second threshold is when 8-10% of the green squares are worm damaged.

Depending on the condition of cotton, another egg laying peak can be expected about September 3rd.

It takes two hours for aspirin to reach its peak effectiveness in the average body.

Price includes the strongest warranty!

Morton Buildings' warranty covers: 40 years on posts; 5 years against roof leaks; 5 years on paint; and 5 years against wind or snow load damage (including sliding doors). To take advantage of this outstanding offer we ask your cooperation with the following: Provide a level building site (our salesman will assist with site preparation guidelines); furnish unloading help.  participate in our 3 payment plan (1. Down payment; 2. Delivery payment and 3. Completion payment); and accept delivery and erection at Morton Buildings' convenience. Also note, travel expenses will be added if your building site is more than 40 miles from the sales office. No sales tax need be added. Offer expires Sept. 15, 1979. For complete details, contact the nearest sales office listed below.

Public Notice
Notice is hereby given that a public hearing will begin at 9 a.m. on July 24, 1979, in the offices of the Texas Public Utility Commission in Austin, Texas, on a proposal by Southwestern Bell Telephone Co. to make certain changes in the format of selected Texas telephone directories. The principal proposed changes are: (1) to separate business and residential listings in the white pages, with residential surnames listed once in boldface type followed by the alphabetical listing of the 'individuals' given names in regular type; and (2) to add, in addition to the "white pages" business and residential listings and the Yellow Pages business listings, a third set of "blue pages" listing the numbers of selected governmental and public service agencies. Inquiries may be addressed to the Texas Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757.
