A Second Glance

Farmers could always expect to do a little better when a democrat was in the White House; that is until we got the present man in office. He seems to fight the farmers.

Jimmy Carter also has an ugly trick up his sleeve concerning the SALT II treaty. Why would he play down the presence of Kussian soldiers in Cuba in order to get SALT II passed. He says we will beef up our forces and maneuvers in that area, but we always have had a strong force there; it is nothing new.

Whether Carter admits it or not Russian pilots are flying more and more recon (picture taking) missions from Cuba.

I can't help the feeling--I smell a rat.

If you are lucky enough to be walking along near the post office when the emergency siren on the Matador water tower goes off you might find yourself hugging an evergreen tree over on the courthouse square. That thing is loud enough to warn people in Amarillo that they better clear the streets, because the boys are heading for fire practice.

Two In Custody After Springs Theft

A 27 year-old Lancaster, Texas woman and a 17 year-old juvenile male from Kalamazoo, Mich. were in custody of the Motley County sheriff's office Tuesday in connection with a Roaring Springs robbery.

after they were arrested in Crosbyton.

O.L. Daniels reported to county sheriff, Alton Marshall, Monday that his granddaughter, Shelia Daniels, and her juvenile companion had

left his house heading south with money taken from his home. Marshall put a bulletin over the radio to neighboring cities and within 30 minutes Crosby County Sheriff, Fred Owens arrested the couple in a parked car in front of a Crosbyton Bank.

The couple gave Owens the money and made statements. Then Marshall and Clyde Clifton, Motley County deputy from Roaring Springs, picked up the pair and had them in jail in Matador before sundown.

Miss Daniels was reported to have traveled to Roaring Springs for a visit with her grandfather, and had picked up the juvenile in the Dallas-Fort Worth area. After spending several days with Daniels the couple left and Daniels noticed the money missing.

Parents Visitation Planned For Motley Co. Schools

Tuesday and Wednesday, Oct. 9 and 10, are the days for the Motley County School Parents Visitation, when parents and teachers get together to discuss the progress of the students.

School will dismiss at 1 p.m. both days and buses will run shortly after school dismisses. Lunches will be served at the

regular time on both days. Visitation periods are expected to run from about 1:15 until 4:15 each day. Parents will pick up their children's report cards from the teachers. Each visit should last five to ten minutes. Parents need to register in the school lobby prior to visiting with the faculty.

MD DISCUSSED -- Jim Clayton (right), Regional Director of South Plains Health Provider Organization, Inc. in Plainview, met with local officials Tuesday to discuss getting a doctor and nurse practitioner in Matador. Matadors to Meet Jayton After 37--8 Loss to Sudan

Conscious of last week's mistakes in the 37-8 loss to Sudan, the Matadors of Motley County have made some changes in their defensive line-up, as they prepare for the big and physical Jayton Jaybirds. "Jayton will try to line up and run over us," Coach Gene Griffen said Tuesday. "They are a big ball club."

Sudan delt the Matadors some hard times with speed and fancy blocking schemes as they defeated the Motley County team here last Friday.

"We have made personnel changes on defense which should give us more quickness," Griffen said. "Our main goal this week is to play good defense. That's where we are working hard to improve ourselves. Maybe with these changes Jayton can't use the blocking schemes Sudan did. We can't stand that."

The Matadors won't change their offensive plan much, but try to improve on the plays they already have. During the Sudan game Julian Zabielski hit

eight out of his 16 passes for 101 yards, but he also suffered four interceptions. In the rushing department Charlie Campbell carried 16 times for 69 yards, Harvey Lee eight times for 38 yards, and Randy Meredith seven for 26.

Dewayne Walker led the team in tackles with

12. Lee had 9, Meredith 11. The offence had 103 yards total rushing.

Motley County's only scores came when with 37 seconds left in the first half when Zabielski completed a pass to end Dennis Gwinn for a 17 yard touchdown and then again for the two point extra points.

Homecoming Mums Are Now On Sale

The time and opportunity is now here to show your wife or sweetheart how much you care for her.

percentage of money made to help buy equipment for the basketball team. This year's plans are being made to use the money to buy warm-up bottoms for the team. So if you want a mum contact one of the basketball girls.

Homecoming Plans Underway

By Lila Meador

With football season underway, Homecoming fever is in the air, as ex-students and teachers respond to the invitation to attend the affair, set for October 12-13. Many letters have been received by Hazel Donovan, secretary of

the Ex-Students and Teachers Association.

Homecoming schedule as outlined in the letter mailed to former students and faculty includes football games scheduled for Thursday between Junior Hi and Jayton (here) at 4 p.m., and Jr. Varsity vs Jayton.

Kickoff for Homecoming game with the Claude Mustangs will be the bonfire at the VFW grounds, at 8 p.m. Thursday. Activities for the game Friday night will begin shortly after 7 p.m. with crowning of a sweetheart by the Motley County Matadors. Game-time is 7:30.

Registration for the exes will begin at 1:30 Friday, with visiting and coffee throughout the afternoon, at the high school. A Pep Rally will be held at 3 p.m. in the school gymnasium.

The Young Adult Class of United Methodist Church will serve a chili and stew supper in the school cafeteria from 5 p.m. until 7 p.m. Proceeds will go to the

church building fund.

Registration starting at 9:30 a.m. Saturday, visiting, class reunions and an afternoon business meeting and program are on the agenda for the second

day. A barbecue supper at the school will be served from 6 to 8 p.m. and tickets for this will be available at the door. Homecoming dance at the VFW building will conclude the reunion.

Local County Roads Scheduled For Work

Work in Motley County is included in the 1979-1980 Texas Farm to Market Road Program passed September 27, 1979 by the State Highway and Public Transportation Commission.

District Engineer Lewis H. White of Childress said the program includes construction of a new Farm to Market Road located two miles east of Matador. The new road will extend from F.M. 94 South 2.1 miles to 1 mile south of U. S. Highway 62. Estimated cost of the project is \$293,100.

The contract for the work is expected to be let some time in 1980. Statewide the two-year program includes \$48 million for new construction or additional financing on 413 miles of Farm and Ranch to Market Roads in the State.

This includes funding for 118 miles of new construction and additional financing for another 260 miles. Approximately 34 miles of projects were authorized previously and included in this program.

Leslie Jameson Takes First In Tribune Contest

Leslie Jameson captured the first place spot in the latest Tribune Football Contest, missing only the Texas Tech game. Leslie beat Jerry Jones (2nd) and Selma Jo Aguilar (3rd) in the tie breaker. Pat Green leads in the overall contest with 30 points.

Thirteen contestants missed two games, 18 missed three, 12 missed four, one-five, and two-six.

Sponsors for the contest this year are

Billie Dean's Drive Inn, Billy's Grocery, Bob Stanley Pharmacy, First State Bank, Emilio's Conoco, Giesecke Butane Co., El Matador Travel Center, Jo Barb Dee Barber Shop, Matador Motor & Impl. Co., Sut's Spot Cash Grocery, Thacker Supply and City Cleaners.

This week entries must be turned in at Emilio's Conoco and Thacker Supply in Roaring Springs.

RUNNING HARD -- Number 24, Jeanette Moore is shown gaining yards for the Charlie's Angels team in the Powderpuff Football Game Tuesday night. Blocking (Behind the ball carrier?) were Kim Campbell No 80 and Derinda Cruse No. 40. The Angel's were defeated by the Bad Girls by a score of 30 to 14. The Powderpuff game is held each year as a project of the Motley County FHA Chapter. Miss Paula Jones is the club's sponsor.

Translator Tower Survey Shows Many Freeloaders

The geographic location of Motley County makes television reception almost non-existent unless the viewers are on the cable or use the Translator Tower to bounce signals to their antenna.

The Translator Tower, however, is in serious financial difficulty, and according to a survey taken by the Translator

Association, there are from 40 to 50 Motley County residents who are "freeloaders" of the service.

Since the tower users are all on the honor system, the association is asking all its users to become subscribers so the system won't be completely shut down because of the lack of money.

If the system is shut

down, chances are it will be disassembled and not reopened. Thus those county residents not on the cable will not have TV reception.

Although the equipment belongs to First State Bank, subscribers are asked to pay their dues to Lucretia Campbell at the County Clerks office in the Motley County Courthouse.

President's Tea Opens Club Year

El Progreso Club began its new year Thursday, Sept. 27, with a President's Tea at the fellowship hall of the United Methodist Church. Special guests were Motley County High School senior girls and their mothers. A program, presented in the church sanctuary, opened with piano selections by Mrs. Frank Pohl, following a business session conducted by the president, Mrs. Franklin Price. The club voted to join the Eternas Junior Study Club in a bake sale, in support of the Arthritis Foundation, and to participate in the P.T.A. carnival.

New yearbooks were distributed and a preview of the programs was given by Mrs. John Hamilton, chairman of the yearbook committee. She called attention to the Oct. 11 program on Solar Energy and field trip to Crosbyton for a visit to the Solar project sight, and the solar energy home, "La Casa Del Sol," of Mrs. Georgia Mae Erickson.

Leader for the Federation Heritage Day program was Mrs. D.E. Pitts. As an introduction, she read the quotation from the yearbook: "Another year has just begun. It brings new hopes, new work, new fun. Whether its wishes all come true, is largely a matter that's up to you."

Mrs. Pitts presented Mrs. Price for the President's Address on "Opportunities for Service Through Federation," which included challenges to the club members in various fields of community service.

For her introduction, Mrs. Price read a poem describing the beginning of federated clubs in 1889, following the organization in 1868 of one "Woman's Club." "There are many benefits of the Federated club membership for the individual woman to serve, to improve, and to enjoy the community in which she lives," Mrs. Price said. "She will enrich her life by putting her talents, time and education to work for causes that benefit her family and her community."

She called attention to two areas stressed by the Federation, Free Enterprise and the family. She quoted this as "the summer of our discontent," citing inflation, energy crises and gas shortages, and offered Free Enterprise as a step toward a solution. "It is up to us, through the FREE program (Federation's Role in our Enterprise Economy) to inform ourselves more

fully and to share this knowledge with others." In highlighting the position of "The Positive Family in Society," Mrs. Price gave four basic principles for a strong family: mutual appreciation and respect for one another; time spent together as a family; good communication between the parents and the children, and a religious commitment. "Clubwork is in many ways like a stone tossed into a pond. Its ever widening circles serve the individual, the community and the nation," she declared.

Mrs. J.E. Edwards delighted the audience with a review of the book, "Just Wait 'Til You Have Children of Your Own," by Erma Bombeck, popular author and columnist. Giving, loving and caring were offered by Mrs. Edwards as a means of bridging the communication gap between parent and child.

Inspirational Thought by Mrs. Harold Campbell concluded the program, as she read from the book, "Bless This Mess and Other Prayers," by two Lubbock women, Jo Carr and Imogene Sorley. Punch, cookies, mints and nuts were served from a refreshment table in the fellowship hall, following the program. The table featured an epergne arrangement of fall flowers, and crystal punch service. Hostesses were members of the tea committee, Mesdames C.D. Garrison, R.E. Campbell Jr., W.F. McCaghen, J.L. Woodruff and Ralph Stapleton.

The senior girls were given gifts of paper-weights from the club. Those present were Jackie Bearden and Mrs. Betty Bearden, Gwen Calvert and Mrs. Mary Jo Calvert, Pam Francis and Mrs. Sandra Francis, Vicki Halford and Mrs. Carol Halford, Lucretia Johnson and Mrs. Carolyn Johnson, Barbara Lee and Mrs. Zerlene Lee, Gina Long and her grandmother, Mrs. Chas. Long, Kay Phillips and Mrs. Jean Phillips, Pamela Pitts and Mrs. Jerlene Pitts, and Charlene Smith and Mrs. Pauline Smith. Only one girl and her mother, Rebeca Finch and Mrs. Frances Finch were unable to attend, due to Rebeca's illness.

El Progreso members present, in addition to the tea committee and others on the program, included Miss Mary Keith, Miss Rachel Patton and Mesdames Carl King, E.A. Day, W.F. Jacobs, Phil Green, Robert Darsey, Douglas Meador, W.N. Pipkin and Joe Campbell.

The city located at the highest altitude in the United States is Leadville, Colorado, more than 10,000 feet above sea level.

- 2-3/4 cups cold milk
- 2 packages (4-serving size) coconut cream flavor instant pudding and pie filling
- 1 baked 9-inch pie shell, cooled

Dice orange sections, reserving several for garnish, if desired. Prepare whipped topping mix with 1 cup of the milk as directed on package, using large mixer bowl. Add remaining 1-3/4 cups of milk and pie filling mix. Blend; then beat at high speed for 2 minutes, scraping bowl occasionally. Fold in oranges. Spoon into pie shell. Chill at least 4 hours. Men's hair styles have probably undergone more changes in the past 15 years than in the preceding 50! When a man selects a hair style today, he wants one to suit his lifestyle, as well as his features and the texture of his hair.

A MAN'S MANE shouldn't be his hassle!

As men accustom themselves to this new self-expression, many are discovering the particular attractiveness and convenience of permanent styling.

The simple permanent style is a boon to the athletic man who often showers several times a day. The permanent wave reduces his hair care to a bare minimum. Blow drying is usually unnecessary, and even combing can often be dispensed with.

Men with straight, relatively thin or fine hair can achieve handsome fullness with a body wave, while those who are drawn to the more dramatic can choose one of the striking styles that permanents make possible.

Longer hair or shorter for you? Thinner or fuller; curly or straight? The answer is "Whatever you like." A guide to help you choose the "right" hairstyle, and information on permcare, is available from Zotos International, Box 1005 PD-T, Darien, CT 06820.

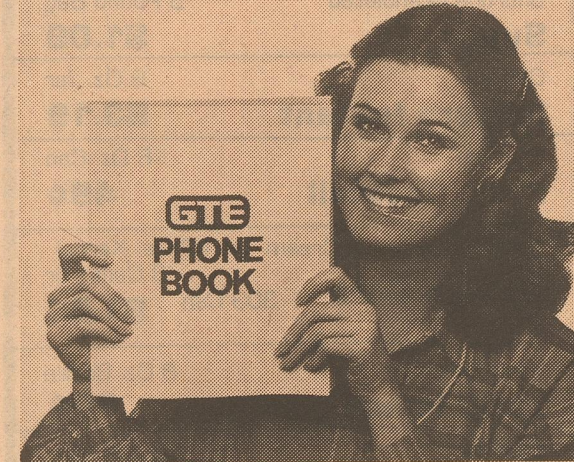

Only one variety of mushroom is grown commercially in the U.S. It can range from dark brown to pure white. Differences are negligible, but the darker ones are firmer, better for skewering, less easily bruised and—some believe—more flavorful.

Cattle Raisers President Testifies for Meat Import Bill

The president of the Texas and Southwestern Cattle Raisers Association presented testimony this week in Washington, D.C. strongly supporting amendments that would strengthen the 1964 Meat Import Act.

John B. Armstrong, representing 14,000 cow/calf producers in Texas, Oklahoma and surrounding states, told the subcommittee on international trade of the Senate Finance Committee that "We are already dependent on other countries for our oil supply. The last thing we want and need is for this country to become dependent on foreign beef and meat supplies as well. Failure to enact this legislation (S.B. 55) into law eventually could contribute to that kind of result."

The new legislation proposes a countercyclical import quota which allows imports to increase when domestic beef output has declined and decreases imports when U.S. production becomes plentiful.

Armstrong said the bill

is anti-inflationary because it has a stabilizing effect on domestic cattle prices. It encourages cattlemen to rebuild their herds because it smooths out the highs and lows of the cattle cycle.

Last year, the Carter Administration pocket-vetoed similar legislation. This was done over the objections of TSCRA and cattlemen throughout the nation.

"That action adversely affected the confidence of cattlemen and delayed the buildup in breeding herds necessary for increased beef supplies," Armstrong said. The new legislation spells out in detail the circumstances under which the President may increase meat imports beyond quota levels.

The U.S. currently imports 30 percent of all beef traded in the world market and provides beef-exporting nations with about seven and one-half percent of its domestic market, Armstrong said. On the export side, in 1979, the U.S. will sell only two-

tenths of one percent of domestic production.

Many U.S. cattlemen believe that beef-exporting nations are the U.S. as a dumping ground for their periodic surpluses and Armstrong underscored this feeling by saying, "It is obvious to us that beef trade is not a two-way street, especially with the tariffs, trade barriers and restrictions on beef imports imposed by Japan and the European Economic Community. This legislation would take a lot of politics out of the world trade issue."

Washington observers generally agree that the legislation is in strong hands and will pass, despite previous arguments with the Administration over the minimum import level. A compromise figure of 1.25 billion pounds was reached in negotiations between procattlemen legislators and the Administration recently. The Administration set the 1979 quota at 1.57 billion pounds, but so far, exporting nations have been unable to meet the quota.

First Cotton Bale Ginner At Flomot

The first bale of cotton ginned in Motley County by J.B. Barton and Blake Barton was ginned, bagged and tied for free by Caprock Gin of Flomot. The gin paid 75¢ a pound for the cotton and \$120.00 for the seed. The total premiums were \$751.50.

Donating premiums for the first bale were: Merrell's Food, Valley

Drug & Gift, Brunson Supply, Rice's Dry Goods, First National Bank, Panhandle Compress, Dean Turner, Rolling Plains PCA, Matador Motor & Implement, C.R.'s Conoco, Higginbotham-Bartlett, Billy's Grocery, Spray Auto & Farm Supply, First State Bank and Mr. and Mrs. Orville Lee.

RAISING CANE

Most of us think of America as the most industrialized nation in the world, yet we are also one of the greatest and most efficient agricultural nations in the world.

Interestingly, our own farms meet most of our needs even for two of our three largest food imports, sugar and meat. The third is coffee which we don't grow.

However, our own sugar industry, which contributes \$10.5 billion to the nation's economy and employs over 100,000 people, is being threatened by the dumping of foreign surplus sugar on our markets.

Many concerned legislators are urging Congress to adopt a Sugar Regulation Act which would protect our sugar industry and keep us from becoming dependent on foreign suppliers. They are very aware of our continuing and bitter experience with OPEC oil countries.

WINNING HEROES OF AMERICA

Your School Board
About 95,000 men and women are working on ways to make sure your child gets as much as he or she can from school. Who are they? They're the members of your local school board.

These people are public education officials who, across the nation, usually serve without pay. They're dedicated to the idea that America's youth deserves the best education the community can provide.

CHARLIE'S ANGELS CHEERLEADERS -- Cheering on the Charlie's Angels team, (but not loud enough to win) were (left to right) Charles Cammack, Stephen Zarate, Wesley Stafford and Jerry Long. Charlie's Angels were defeated by the Bad Girls by a score of 30 to 14. Coaches for the Charlie's Angels team were Charlie Campbell and Glen Calvert. Manager was Ross Odell. This team was made up of Juniors and Sophomores.

Card Of Thanks

AN EXPRESSION OF GRATITUDE

The burden of our shocked grief at the sudden death of our loved one, Elouise Brawner, was eased by the innumerable acts of kindness of our friends. Some came to offer help or just to say a comforting word; some telephoned messages of sympathy; some prepared food and brought it for our convenience; some sent flowers; and others performed acts of help and service too numerous to mention. Many beautiful cards, bearing messages of hope and comfort, continue to come, and they tell us that you care and share our grief; and they warm our hearts.

Special words of gratitude are due to Rev. Mrs. Edna Dillard and Rev. D.D. Smith for their comfort and help, and especially for their conducting the funeral services. may you in your time of need be so blessed and comforted!

Your business and friendship is appreciated

WE TRAIN PEOPLE TO OPERATE IT WITH A TIGHT FIST.

"The telephone company does more than send bills. We get them, too. And it's my job to make sure those bills are right. Keeping costs under control is a full-time job. "Every penny I save here is a penny our customers won't find on their phone bills. And I'm also helping my company run a tight and efficient business. "That's why I'm proud to be one of the people General Telephone is talking about when they say 'We keep you talking.'"

Cathy McBurnett, Accounting Control Clerk, San Angelo, TX. One of the 100,000 GTE professionals who are working to bring you better and more efficient telephone service.
