

Teenager Victim Car-Train Crash

3 Die At Crossing South Of Lubbock

APPOINTMENT with death was kept by three teenagers who drove into the path of a Santa Fe freight train southeast of Lubbock during the first few minutes of Saturday morning.

One of the victims was Oleta Richardson, 17, daughter of Rev. and Mrs. James Otto Richardson of Roaring Springs. Nancy Charline Willard, 15, daughter of Mr. and Mrs. Lee Willard of Lubbock, was killed almost instantly. Gene Marshall, 18, son of Mr. and Mrs. George Marshall of Lubbock, died about 8 o'clock Saturday as a result of injuries received in the accident. The Roaring Springs girl was visiting her sister, Miss Wilma Jean Richardson of 2418 Colgate Ave. Lubbock.

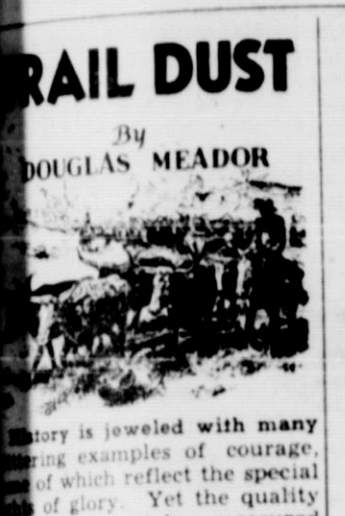

Injured in the accident were Von McCelvey, 18, and Jack Lynch, 17, driver of the car. Both are residents of Lubbock. Lynch told newsmen he was driving back toward Lubbock from Buffalo Lakes and failed to see the train until he was almost on it.

Funeral held Sunday

Funeral services for Oleta Richardson were held Sunday afternoon at 3:30 p. m. in the Flag Springs Baptist Church at Roaring Springs. Oleta was born at Bethel, Oklahoma, September 3, 1937 and died April 16, 1955, at the age of 17 years, 7 months, and 13 days. She had lived in Roaring Springs since January, 1949. Her father, Rev. J. O. Richardson is pastor of Calvary Baptist Church. Services were conducted by Rev. Glenn Smith of Turkey, assisted

118 Children Vaccinated for Polio

Dr. A. C. Traweck, Sr. C. D. Bird J. R. Moore A. D. Beauchamp

Democracy went into a tailspin at the Tuesday meeting of the Matador Lions Club. Three Bills (Bill Seale, Bill Wason and Bill Palmeyer) were harnessed into official posts on a "try-out" or "dry-run" basis.

Seale served as Boss Lion, Wason as secretary and Palmeyer as Tailwister. Lion L. M. Cox served as temporary Lion Tamer. Apparently the trial was satisfactory. During the meeting it was announced that 48 members were registered with perfect attendance during the past year.

Lion D. E. Pitts was program sponsor who presented Mrs. G. E. Hamilton and four of her music pupils. Carolyn Pohl, Jan Barton, Carol Campbell and Peggy Welling.

They entertained the group with a series of vocal numbers accompanied by Mrs. Hamilton at the piano. The quartet received a round of applause after each number.

Visitors introduced included: Mrs. C. L. Edgar, Mrs. Vance Gilbreath, C. D. Bird and J. T. Ellis.

J. E. Taylor Makes Quick Austin Trip

A total of 118 first and second grade students in Motley county have received the Salk polio vaccination. First and second grade students in all schools (white and colored) received the immunization.

County Health Officer A. C. Traweck, Sr. vaccinated the children at Traweck hospital and the work was completed by noon. It was estimated that approximately 30 of the children vaccinated were colored. After vaccination each child was presented with an ice-cream stick, a courtesy of the Matador Lions Club.

Because of confusion in ordering the vaccine, it was discovered that no allotment had been made for Motley county. James (Doc) Taylor volunteered to make a "flying" trip to Austin by automobile for the precious medicine. Accompanied by Mrs. Taylor he drove to Austin, contacted Rep. Reeves, secured the vaccine and returned to Matador in time for the Tuesday mass inoculation. He was honored Tuesday by the Matador Lions Club for the service to his community.

Jack Norman, County Polio Chapter Chairman, said Tuesday that the mass vaccination was without incident. Only one child cried. He extended the thanks of the county chapter, the Lions Club and the public in general, to Mrs. Forrest Campbell and Mrs. C. M. Barton who aided in the registration without compensation.

At the Lions meeting Tuesday the following telegram was approved:

Dr. Jonas Salk, Medical School University of Pittsburgh, Pittsburgh, Pennsylvania

Motley County Infantile Paralysis Chapter and the Matador Lions Club wish to express their appreciation for your great service to the world in the development of Salk's vaccine.

Howard Traweck, Douglas Meador, Jack Norman, Committeemen.

Salk's vaccine will be available to all physicians in the near future and will be used on the same basis as other vaccines. A supply has been ordered by both hospitals here.

AWARDS PRESENTED 4 MASONIC LODGE PIONEER MEMBERS

FIFTY-ONE YEARS ago, April 9, a young doctor, who had recently come to a young town in the cattle country, delivered a baby boy who was a "howling success". The physician was Dr. A. C. Traweck, Sr. the town was (near) Matador, and the baby boy was State Representative Elbert Reeves.

Exactly fifty-one years later (to the day) Representative Reeves delivered to Dr. Traweck and three other Motley county pioneers, Masonic honor emblems and the esteem of the Matador Masonic Lodge. The four members, Dr. Traweck, C. D. Bird, J. R. Moore and A. D. Beauchamp had each held a continuous membership in the Matador lodge for half a century, or longer.

Previous to the presentation program approximately 50 members of the lodge gathered in the Masonic Hall dining room for a banquet. In the program that followed, Rep. Reeves presented the 50-year membership buttons to the principal address in which he related the incidence of Dr. Traweck bringing him into the world exactly fifty-one years before. Rep. Reeves was introduced by Worshipful Master Elsworth S. Jones. It was the lodge's first ceremony to honor 50-year members.

Records of the lodge show that it was organized in December 1894 with ten charter members, none of whom are known to survive. They were: W. L. Browning, J. L. Burleson, J. S. Thomas, F. E. McLaughy, T. N. Cammack, T. N. Edmondson, W. B. Gilpin, J. R. Williams, J. J. Russell and J. C. Lisenby.

Part of the presentation program was devoted to pioneer day reminiscing among the four men who during half a century have had an active role in the development of the empire of West Texas. Mr. Bird is a cattleman and banker; Mr. Moore and Mr. Beauchamp are ranchers. Dr. Traweck is still a practicing physician.

SPRINGS POOL OPENS SEASON

Sure harbinger of summer is the annual opening of the Roaring Springs swimming pool. Announcement is made by Manager Ray Snyder that the pool will be open for the season, Sunday, April 24th. It will be open to the public daily between the hours of 10 a. m. and 10 p. m.

The historic and scenic playground is one of the most popular areas in West Texas for picnicking and camping parties. No charge is made except for the use of the pool.

TRADITIONALLY Motley county is white face country, but the glory is passing. For the second year in succession, Marcus Sweatt of Roaring Springs, Saturday received the grand champion steer award in showing an Aberdeen-Angus. Roaring Springs youngsters swept up almost all of the top prizes in the 13th annual Motley County Junior Stock Show. The grand champion steer exhibitor is the son of Mr. and Mrs. Paul Sweatt.

Quality of the Motley county livestock was evidenced Monday on the Fort Worth market (a day of extra heavy selling). The 30 steers shipped to market brought \$3,467.74, the seven best animals topping the Fort Worth market for the day at 25¢. The 17 head of hogs shipped to Ft. Worth brought \$606.23 with 14 animals selling for 17.5¢ per pound, tops for the day. The total sale of livestock was \$6,073.97.

Jerry Green, son of Mr. and Mrs. Mervin Green of Roaring Springs, showed the grand champion barrow. He also won the swine showmanship award. Grand champion female hog was shown by Melvin Cooper of Matador.

Bob Stafford of Roaring Springs had the reserve champion steer. Ronnie Davis, Roaring Springs won the steer showmanship award.

Melvin Cooper of Matador had the reserve champion barrow, which, like the champion, was Poland-China. Norma, Cooper of Matador was the only girl to break into the championship ranks, her Poland-China winning reserve honors in the female swine division; a Chester-White (continued on back page)

Tom Tilson Entertains Boys Ranch

Tom Tilson, local magician, accompanied by members of the American Legion and Legion Auxiliary of Fleming Post, made a trip to Amarillo Monday where Mr. Tilson entertained the boys at Boys Ranch and the veterans at the Amarillo Veterans Hospital.

The group, which included Mrs. Tilson, Mrs. H. H. Schweitzer, president of the auxiliary, Mr. and Mrs. Bill Smith, Mr. and Mrs. James Priddy and Mr. and Mrs. Ward Rattan went first to Boys Ranch where they ate a picnic lunch and were conducted on a tour of the ranch by Mr. and Mrs. Rattan's son, Garland, who has charge of the recreation program at the ranch. The Ward Rattans were joined in Canyon by Mrs. Garland Rattan, who made the trip with them.

At one o'clock, Mr. Tilson put on a show for the 212 boys at the ranch. He is not a stranger to them, having entertained there once previously.

At 7:15 p. m. Mr. Tilson did a repeat performance of his act at the veterans' hospital, to a fascinated audience. Members of the auxiliary visited in the wards with patients not able to attend the program and presented cigarettes contributed by Matador people. Ice cream was served at the conclusion of the show.

Drouth Aid Is Dropped

Motley county, with Dickens and three or four other West Texas counties, has been removed from the list of drouth disaster relief counties.

Cause of the removal is not known at present while counties equally or less critical have been kept on the list. Rep. Elbert Reeves, in a telephone conversation with the Tribune yesterday afternoon, said he had been unable to trace the error. He said there had been some claims that field men with the Extension Service had sent in reports that the counties removed were in improved condition, or that the counties had been confused with other counties in their reports.

Rep. Reeves said he had taken the matter up directly with government officials and that Governor Allan Shivers had notified Washington of the discrepancy and was doing all within his power to get the aid restored at once. Also aiding with full cooperation was Disaster Relief Chairman W. L. McGill.

Rep. Reeves said state officials had done all within their capacities to restore the relief and that reports have been verified. He said the matter now rests with Secretary of Agriculture Benson and the Department of Agriculture.

Name Band Scheduled

Miller Brothers, one of the top four Western bands in the nation, will play for a dance at the Motley County VFW building, Monday night, May 2.

Miller Brothers, who record on the 4 star label, are billed as the most versatile dance band in the western world, playing everything from the latest popular tunes to the oldest hoedowns. Also included in the evening's program is a floor show which is becoming increasingly popular.

The band consists of eight pieces; two violins, trumpet, steel guitar, piano, bass violin, drums and standard guitar.

City Streets Get Seal-Top Coating

Work has been completed in placing a seal-top coating over 34 blocks of Matador's "ribbon" streets. Hot weather of the past few days has been ideal for the work. The city's entire paved street system is now in good condition.

Contractors on the job are scheduled to return in two or three weeks, Mayor W. L. McWilliams declared, to fill agreements to extend the paving in various parts of town where property-owners desire to pay property-improvement. Information regarding costs of the paving may be secured from Mayor McWilliams or any member of the city council.

Mrs. Lena Scott and daughter, Mrs. Bob Warden, and her son, Juandell Davis, and her son, Bobby Joe, spent several days last week visiting in the home of Mrs. Scott's sister, Mrs. Homer Sheats.

Sheriff's Office Gets 2-Way Radio

Sheriff John Stotts is on the air with a new GE two-way radio installed Saturday in his office at the courthouse. His official call number is KKJ792 but it's not on your radio dial. The high frequency rating is limited exclusively to police work.

Installation of the station now places Matador in contact with other sheriff's offices in the area and the set will make possible contact with Highway Patrol offices in Lubbock. It also makes communication possible with either Sheriff Stotts or Deputy Jinks Wilson at any time when they are in their automobiles anywhere in the county, or within range of the station.

Contact has been made with Floydada, Dickens, Guthrie, Paducah and Memphis. Distant police broadcasts have also been heard. Sheriff Stotts has had a two-way radio on his automobile for about two years. Half the cost of installations is paid by the government as part of the Civil Defense Program.

Antenna for the station is attached to the top of the city water tower and much of the transmitting and receiving equipment is attached to the northwest tower post. The set in Sheriff Stotts' office is about the size of a table model radio.

TUTORIAL
A Promising Career

By Charles A. Guy

Newspapers have made their names generously available in the past few years to voicing the needs of various vocational interests for new manpower.

The need for more teachers, nurses, more physicians, chemists, more engineers, more ministers, more career men in the armed forces has been pointed out sharply by a recent meeting called by the Texas Daily Newspaper Association in Austin.

Conferring with journalism department heads at the Austin meeting, Association officials declared that the supply of professionally trained youngsters is inadequate to meet replacement needs on Texas newspapers.

It was no news story to the teachers. Recent surveys had shown that most journalism departments and schools have been moving from two to ten jobs for every graduate they turn out, the past few years.

Texas Tech, since last June, has had to answer numerous requests for beginning reporters and newspaper advertising men with the reply that all its graduates had been placed.

Reasons for the shortages are hard to find. As new vocations develop in an age of change, a certain glamor surrounds them, and students aim at those glittering jobs in total disregard of a probable oversupply of manpower. A few other vocations temporarily offer more pay for the beginner, and some students are lured by possible profit into ignoring their lack of talent in a tempting field. Some students are misled by movies and ignorant advisors into thinking that a reporter's job is a rather rakish, only semi-respectable task.

The truth is, of course, that modern news work is a highly responsible as well as highly interesting vocation. It calls for preparation on a professional level, and its rewards are as satisfying as those of the other professions. The job of communicating and interpreting the events of the day is so essential to the functioning of a democracy, and to the operation of our economic and intellectual life, that its importance can hardly be overestimated. In a generation, salaries have tripled or quadrupled.

Choice of careers by young people is a matter which should not be decided hastily on the basis of glamor, recruiting campaigns, or the present wage scales of an ever-changing economy. The only substantial basis of choice is aptitude of the individual. It is easily possible to make a poor engineer of a man who would have been a good Army officer, a poor teacher of one who would have been a good chemist, and a poor radio announcer of one who would have been a successful newspaperman.

For the high school graduate who likes to keep up with what goes on, and likes to express himself by communicating the day's happenings in clear, understandable terms, professional training for a news career is one of the most attractive prospects.

The field is wide open, and the opportunities, as in all professions, are limited only by the ability and energy of the individual.

Why Trop-Artic Oil Can Double Engine Life

IT'S PERFORMANCE THAT COUNTS!

Some motor oils give good protection at low temperatures. Other oils are effective at high temperatures. But new TROP-ARTIC All-Weather motor oil gives protection at all temperatures, from below zero to extremely high heat.

So it's easy to see why TROP-ARTIC is so much better than ordinary motor oils at preventing engine wear... so much better that it can even double engine life. TROP-ARTIC lets you start easier... saves you gasoline... and can save 15% to 45% on oil consumption.

Phillips 66 TROP-ARTIC is the first all-weather oil to meet the highest standard ever established for automobile motor oils... the Mil-O-2104 Supplement 1 Test.

Wedding vows were exchanged Saturday afternoon, April 9, by Miss Geneva Gage, daughter of Mr. and Mrs. C. R. Gage of Afton, and R. L. Giesecke, son of Mr. and Mrs. C. W. Giesecke, Jr., of Floydada.

The double ring ceremony was read in the Church of Christ parsonage in Floydada by Gordon L. Downing, pastor.

Given in marriage by her father, the bride wore a white linen suit with navy accessories. Her corsage was a brown cymbidium orchid.

Miss Patsy Gage, sister of the bride, was maid of honor. She was dressed in a blue plaid dress with white accessories. She wore a pink carnation corsage.

Raymond C. Giesecke served his brother as best man.

The bride's mother wore a grey suit with pink accessories and a pink carnation corsage. The bridegroom's mother wore a navy blue linen dress with black accessories and a white carnation corsage.

Guests present other than attendants and families were the bride's sister and family, Mr. and Mrs. G. F. Yeates of Matador, and Mrs. Gordon L. Downing and daughter, Carolyn.

Mrs. Giesecke is a graduate of Patton Springs High School, in the class of 1954. She was employed until recently as a receptionist at Stanley Clinic in Matador.

The groom is a former Matador resident. He graduated from high school here in the year 1950 and received his degree in Industrial Technology from Texas A&M in January of this year.

W.S.C.S. Sponsors Easter Banquet

On Easter Sunday afternoon at 5 p. m. the senior class of Matador High School and its sponsor and his wife, Mr. and Mrs. O. B. Stamper, were honored at a banquet held in the basement of the Methodist Church. The banquet was sponsored by the Women's Society of Christian Service for the young people of the church, including those home from college for the Easter holidays and their dates.

Easter decorations were used in the dining hall, and a delicious menu of ham, candied yams, green beans, fruit salad, hot rolls, tea, cake and ice cream was served.

After the invocation by Rev. W. V. O'Kelly, the highlight of the evening was the presentation of an Honorary Youth Membership Pen to Joe Fair, President of the M.Y.F. The presentation was made by Mrs. Pete Williams, secretary of youth work, in behalf of the W. S. C. S.

Howard Traweck entertained the guests with his slides of Glacier National Park. M.Y.F. benediction was led by Joe Fair.

Here's why Chevrolet out-V8's everybody!

These features and advantages are the measure of a truly modern V8 engine . . . and only Chevrolet has them in the low-price field. Most aren't even found in high-priced cars. That's why Chevrolet is stealing everybody's thunder with the most modern V8 on the road!

DON'T BUY ANY V8 UNTIL YOU'VE TRIED CHEVROLET'S RECORD-SMASHING "TURBO-FIRE V8"
Most Modern in Design — Lowest in Price

CAMPBELL CHEVROLET CO

MATADOR, TEXAS

Modern 12-volt electrical system!
The only car in the low-price field with the extra energy of 12 volts . . . twice the electrical punch!

Faster, stronger cranking for cold-weather starts and a "fatter" spark for faultless high-speed operation!

Highest standard compression ratio in its field!
Chevrolet's compression ratio is 8 to 1, to wring every possible ounce of power and extra miles out of every gallon of gas.

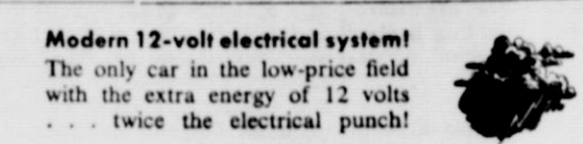

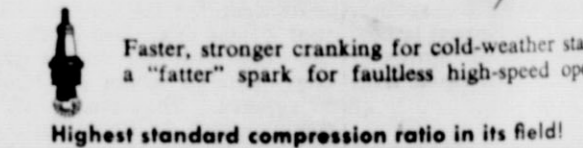

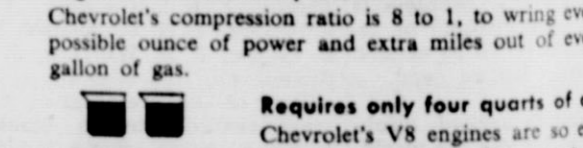

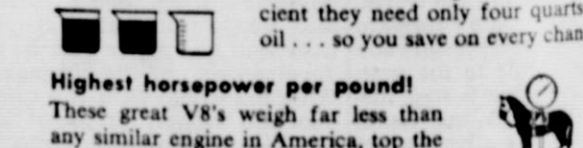

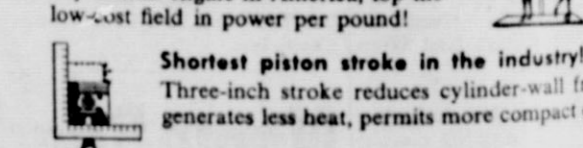

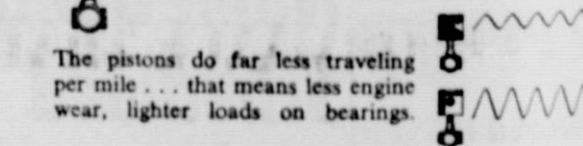

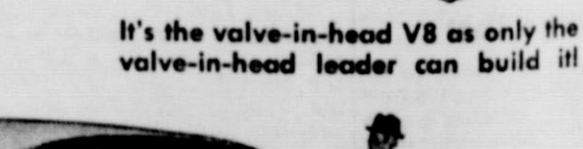

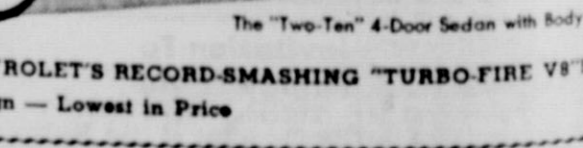

Requires only four quarts of oil!
Chevrolet's V8 engines are so efficient they need only four quarts of oil . . . so you save on every change!

Highest horsepower per pound!
These great V8's weigh far less than any similar engine in America, top the low-cost field in power per pound!

Shortest piston stroke in the industry!
Three-inch stroke reduces cylinder-wall friction, generates less heat, permits more compact design.

The pistons do far less traveling per mile . . . that means less engine wear, lighter loads on bearings.

It's the valve-in-head V8 as only the valve-in-head leader can build it!

West Texas Utilities Company

Sells more...because it's worth more!

Ford's worth more when you buy it... and it's easy to see why! Only Ford brings you the long, low look of the Thunderbird and its "car-of-tomorrow" lines. Only Ford gives you the instant—and reassuring—response of Trigger-Torque power... power that whisks you up hills or around traffic... gives you "Go" when you need it for safety's sake! And Ford alone in its field gives you the solid comfort and handling ease of a new and smoother Angle-Poised Ride.

There are countless other worth-more features, from the smoothness and long life of Ford's deep-block engines to the colorfully fresh new beauty of Ford's Luxury Lounge interiors. A Test Drive will show you how many there are.

Ford's worth more when you sell it... and used car prices prove it! For years, Ford cars have returned a higher proportion of their original cost at resale than any other low-priced car. And that's further proof that Ford's first in all-round, long-lasting value.

Before you buy any new car be sure you see and drive the worth more car... the '55 Ford

The new best seller... **FORD**

Victim Of Tractor Mishap Improving

LUBBOCK—Melvin Martin, 21, son of Mr. and Mrs. Bruce Martin of Matador, who was injured at 8:45 a. m. Tuesday when a tractor he was driving on Tech Freeway was struck from behind by a car, was considered in a satisfactory condition late Tuesday night in Methodist Hospital.

Martin suffered a fractured pelvis when the wheels of the tractor passed over him after he was thrown from the vehicle.

The youth, an employee of the Caprock Woodwork Co., Clovis Rd., a subsidiary of the H. C. Smith Construction Co., was taken to the hospital in a McDonald ambulance.

Police Investigated

City police investigated the accident.

Officers said Raymond Botherton, 31, of Sundown, was driver of the automobile that struck the tractor. A traffic ticket for following too closely was issued to Botherton they said.

The accident occurred about a mile west of the Village Mill on the freeway, just over a railroad crossing, according to investigating officers.

Both vehicles, the tractor and the automobile were proceeding west on the freeway, when the accident happened officers related.

Ambulance attendants said they picked up Martin on the right hand side of the freeway. They said he was lying on the ground—Lubbock Avalanche.
