Mules' Homecoming Spoiled

Southern Area Gins More Than 750 Bales

Shanks Runs Sole Mule Touchdown

A fired-up pack of Wildcats "laid it on" the Muleshoe Mules Friday night, spoiling homecoming and taking home a 21-7 win, while leaving Muleshoe knowing they probably advanced above the Mules.

In losing their first game of the season, the Mules racked up 173 yards on the ground and 14 in the air for a total of 187 yards in the game, while yielding 330 yards to the Wildcats from Idalou.

Jeep Shanks lead the

Hugh Young, president of the Muleshoe Jaycees, reminded that Congressional candidate George Bush will be special guest speaker at noon on Monday (tomorrow).

Lunch will be available at the American Legion Hall for anyone who wishes to eat at \$3 per plate, but it won't cost anything to be there to hear the candidate speak.

The Sudan Music Festival is planned for Saturday, October 28, at 7 p.m. in the Sudan School cafeteria.

There is no admission charge and stage bands, gospel, country 'n western and fiddle playing will be featured.

Dr. G.R. Albertson of Muleshoe has been named a Fellow of the American Academy of Family Physicians.

The degree of Fellowship may be obtained in successfully completing 600 or more hours of accredited continuing medical study or achievement of diplomat status in the specialty of family practice by passing a certifying examination.

Royce Clay and Martin Nowlin, both freshmen at Odessa College, recently competed in a forensic tournament at Oklahoma Christian College in Oklahoma City, Oklahoma.

Clay was on a debate team that won eight rounds before losing in the quarter finals and Nowlin was with a debate team that placed in the top 16 teams participating.

ground yardage for the Mules with 90 yards in 13 carries; Mike Northcutt had 24 yards in six carries; Zeke Pecina had 27 yards in six carries; Felix Norman had 10 yards in two carries and Bones Norman had eight yards in two carries.

The Wildcats struck first, as a touchdown was made in every quarter of the game. With 6:44 on the scoreboard clock, the 'Cats moved the ball downfield for 80 yards, and Buckles Bryant went in across the left side to score an 18 yarder. Scotty Moore made it a 7-0 game.

When the Mules tightened up their defense, they managed to move the ball to the Idalou 28 when Jeep Shanks burst through to the left and scrambled for 28 yards and a touchdown with 3:11 left in the second quarter. George Villarreal made it a tied game that went to halftime at 7-7.

Idalou made a tremendous effort as they racked up 28 first downs during the game, while holding the Mules to 10. However, they had a total of 95 yards in penalties, while Muleshoe had 30 yards.

Again in the third, with 1:28 on the clock, Gary Smith scampered through to the left for a 14 yard touchdown following a 90

Long Distance

Calls Stopped

By Cut Cable

O.D. Hearn, Brownfield division manager of General Telephone Co., called the Journal office Thursday to explain a power outage on telephone service Tuesday afternoon.

Hearn said a cable was cut up at West Elevator near Sudan affecting exchanges in Sudan, Muleshoe, Lariat, Needmore and Lazbuddie. For approximately an hour and a half, these telephone exchanges were isolated and could neither make or receive long distance telephone calls.

He said limited service was restored by 3:15 p.m. the same day.

Hearn added that General Telephone expressed their regret for the inconvenience to their subscribers.

CROWNED 1978 QUEEN...Gina Burden, left, was crowned the 1978 Homecoming Queen during ceremonies preceding the Muleshoe-Idalou Homecoming game Friday night in Muleshoe. Other candidates for the honor included Becky Turner and Melissa Biggerstaff. Gina was escorted by Keith Hawkins.

PTA Slates Carnival On October 31

Muleshoe PTA will sponsor a Halloween Carnival on Tuesday, October 31, from 7 - 9 p.m. and it will be designed especially for the younger group of children.

Starting off festivities will be a costume contest for pre-school through fifth grade youngsters. It will begin at 6 p.m. at the Bailey County Civic Center and Coliseum and prizes will be presented for the spookiest and most original costumes.

A concession stand will be available for everyone who attends the carnival. Included among the carnival booths will be Spook House, Palm Reader, Dart Board, Bingo, Fishing Pond, Pumpkin Patch, Football Throw, Jewelry Wheel and Engraving, Balloon Sales, Basket Throw, Sand Dig, Ring Toss, and others.

A PTA spokesman said, "If you are willing to help in a booth to see that our children have a safe and happy Halloween, contact Mrs. Lyndon Huckaby at 272-3463 or Mrs. Johnny Estep at 272-4742."

Kiwanis Votes

Financial Aid For GG Program

With the absence of Fran Berryhill, sweetheart of the Muleshoe Kiwanis Club, who was to have presented the Kiwanis program on Friday, 13, the membership had a general discussion.

They discussed the Golden Gloves program, who are in need of a place to conduct their workout sessions and hold tournaments.

Kiwanis Club members voted to advance money to the Golden Gloves so they can pay their current bills.

Merlyn Neel presented the friendship coin to Lee Dunbar.

Shoplifting, Felony Theft Filed On Duo

Two young women from Oklahoma were apprehended in Muleshoe late Tuesday following reports of shoplifting by local department and grocery stores.

A complaint was filed charging both the shoplifting. They pleaded guilty and were fined \$50 each. Another complaint filed Thursday, alleged they were in possession of a controlled substance. Following guilty pleas on that charge, they were assessed fines of \$150 each, plus \$50 court costs.

Another complaint was filed in Hale County charging one of the women with felony theft, following an investigation of stolen mail.

The woman charged with felony theft in Hale County will be released to Hale County officials as soon as she is released on the local charges.

It is harvest time on the South Plains, and farmers are busy, according to Bailey County Extension Agent Spencer Tanksley. "During the last 10 days, we have had very high early morning moisture," he said. "This keeps the producers out of the fields until around 10:30 or 11 a.m. each day. We still need moisture for our dryland areas in order to get moisture into the soil profile."

"If we don't get five to eight inches this fall, the dryland farmers will be in desperate condition for next year as our soil profile is dry."

Tanksley took a look at current crop conditions:

COTTON
The county agent said Bailey County cotton is in a number of different stages for the first part of the month of October.

He said that in the southern part of the county, harvest is underway on the very short, burned up, drought-stricken cotton, which is producing around 100-200 pounds of lint per acre.

Early irrigated cotton, which was planted in May is opening and ranges from 50-65 percent open. However, on this cotton, the cool, wet weather of

Weatherization Now Available For Elderly

Money to "weatherize" the homes of elderly, low-income or handicapped citizens is now available for Bailey County from South Plains Community Action Association, Inc., P.O. Box 610, Levelland, Texas 79336.

Weatherization assistance is for the purpose of aiding elderly and handicapped persons in weatherizing their homes to conserve energy. Work allowed on eligible homes includes such repairs as storm windows, caulking, insulation and exterior wall repairs to cut down on energy costs.

A spokesman said the funds are limited and will be allocated on the basis of "first come, first serve" as well as on the basis of emergency and extreme need.

The program is made available through the Texas Department Community Affairs Economic Opportunity Division by the U.S. Department of Energy, said the spokesman.

two weeks ago caused a cotton blight disease to develop which causes cotton to lose the leaf structure and living tissue. Tanksley predicted that as soon as this cotton is 80-85 percent open, harvest will begin.

Lazbuddie Takes Win From Sudan

Friday night, the Lazbuddie Longhorns saw the Sudan Hornets strike first and light up the scoreboard with points with a 43 yard passing touchdown from Sudan quarterback Mike Jones to Odell Johnson. Two conversion points added the tally to 8-0 when John Miles ran over the conversion points.

Coming back, Lazbuddie quarterback Andy Rogers not only sneaked over from the three, but also ran over the extra points to even the game up at 8-8.

Going into second quarter play, Longhorn running back Charleson Steinbock broke loose for a 53 yard gallop with the end zone in sight. Dennis Steinbock added the extra points.

The Hornets retaliated when John Miles also broke loose for a long gainer. He scored from 43 yards out to even up the game again, before Russell Windham plunged in from the three to draw the Longhorns ahead at the halfway point by 21-6.

Coming back in the third, Jones passed to Hornet halfback Victor King to pull Sudan even again just as the half was over.

Steinbock, who is hard to stop, added more points with another four yard drive in the fourth and broke loose from the 21 for the final TD of the game for a 41-23 Lazbuddie Homecoming win.

Following a loss last week to Bovina, the Lazbuddie season record now stands at 4-1.

During the game, Lazbuddie racked up 21 first downs, while holding Sudan to 12. Penalties took a large toll in the game, with Lazbuddie showing 60 yards in penalties to 95 for the Sudan Hornets.

Lazbuddie quarterback Andy Rogers completed nine of ten attempts on passing and Sudan quarterback Mike Jones completed five of six attempts. Sudan fumbled the ball two times.

LAZBUDDIE ROYALTY...Terri Clark, right was crowned Homecoming Queen and Charleson Steinbock was named Homecoming King during ceremonies conducted at halftime in the Lazbuddie Homecoming Friday night.

LONGHORNS IN ACTION...Apolonio Sanchez, No. 88, dives at a Sudan Hornet in an effort to stop a forward Hornet attack during the Lazbuddie Homecoming game Friday night. Lazbuddie won their homecoming game, 41-23 and widened their season record to 4-1.

Two Local Residents To Attend Convention

Doug Bales and Jimmy Wedel, directors from the Blackwater Valley Soil and Water Conservation District, will be in Corpus Christi, October 17-19, to attend the 38th Annual State meeting of Texas Soil and Water Conservation District Directors.

The theme of this year's meeting is "Strong Directors-Strong Districts". Approximately 800 are expected to attend.

The purpose of the meeting is to review developments effecting conservation programs and to plan future conservation district programs and activities.

Dignitaries to address the group include Dr. Jarvis Miller, president Texas A&M University; Lyle Bauer, president, National Association of Conservation Districts; John Hill, Attorney General of Texas and Congressman Jack Hightower.

Other speakers include Kenneth Duykendall, president, Association of Tx. Soil and Water Conservation Districts and Bill Clements, former Deputy Secretary of Defense and Chairman of the Board of the Southeastern Drilling Company.

Bill Clayton, Speaker, Tx. House of Representatives is also expected to participate in a portion of the meeting.

Prior to assuming the presidency of Texas A&M University, Dr. Miller served in Argentina and the Dominican Republic as part of Texas A & M's assistance contracts with the U.S. Agency for International Development. Later he became assistant director of the Texas Agricultural Experiment Station, named associate director in 1971 and promoted to director in 1972.

Dr. Miller serves as Joint Research Committee of the Board for International Food and Agricultural Development. This committee advises the agency for International Development on its Agricultural and nutrition research programs and seeks more effective involvement of land grant universities in

international agricultural development programs.

Bauer, of Harper, Kans., is a wheat farmer and rancher engaged in a commercial cattle feeding operation.

As president of NACD, Bauer speaks for a national organization of 3,000 conservation districts. The primary purpose of NACD is to promote the conservation, orderly development and judicious use of natural resources through the maximum use of local initiative, decision making and self-government.

Hill, who is Texas chief legal officer, is noted for his leadership in the drafting and passage of the consumer Protection Act, Mobile Homes Standards Act and the Utility Regulator Act.

As chairman of the Governors Energy council Subcommittee on Legal Matters, Hill has made frequent appearances in Washington, D.C. to speak for sound energy legislation.

Featured speaker at the Wednesday evening's banquet is congressman Hightower. Congressman Hightower is currently serving on the agriculture committee and the committee on Government operations. In the agriculture committee, he serves on the subcommittee on livestock and grains, the subcommittee on cotton, and the subcommittee on Department operations, Investigations and Oversight.

In the government Operations Committee, Congressman Hightower will serve as a member of the subcommittee on Environmental Resources and the subcommittee on government Activities and Transportation.

Clements, former Deputy Secretary of Defense and chairman of the Board and chief executive officer of SEDCO, Inc. is also a member of the Board of Trustees and Governors, Southern Methodist Univ. He is also a former president of the American Association of Oil Well

Drilling Contractors.

Kuykendall, president of the Association of Texas SWCD's, ranches near Cherokee, Texas. He has served as a director of the San Saba-Brady SWCD since 1961. He is a member of the Colorado Basin 208 Planning Advisory Committee. He is also a member of the NACD Board of Directors and the council and District Operators Committee.

Speaker Clayton, who will address a select committee of soil and water conservation district directors on Thursday morning, is widely recognized as an expert on water legislation.

The Association of Texas SWCD's will elect two state directors and alternates during area discussion sessions on Wed., Oct. 18. The Association president and vice president will be elected at the business session on Thursday.

Nursing Home Decorated By HS-FHA

On October 10, 1978, ten members of the Future Homemakers of America decorated the nursing home after school for the Halloween holiday.

They decorated the nursing home with such things as bats, witches, half moons and pumpkins.

Also on October 10, the FHA held an executive meeting at 6:30 p.m. in the Home Economics room in the Muleshoe High School. During this meeting the officers decided on their installation of officers. The installation is to be held on Monday, October 16, at 7 p.m. in the Muleshoe High School cafeteria. After the installation, a tea will be held for Members and Mothers.

View From The Plains

by J.D. Peer, I&E Field Officer

The 1977 figures indicate that most cranes are bagged by hunters who do not hunt ducks or geese.

These crane hunters have been very consistent as the yearly totals of cranes have varied by only 29 birds from the 6,123 bagged in 1975 to the 6,094 bagged last year.

Only a small number, some three percent, of the crane hunters bagged more than six cranes in 1977 and they hunted an average of three days during the season.

The daily bag limit of three cranes appears hard to fill by the majority of the crane hunters. The most successful hunters use rag decoys and setup near the local play lakes early in the morning. Since shooting hours are one half hour before sunrise to sunset daily, most of the birds are bagged before or just after sunrise.

Recent rains on the South Plains have put some water back into the play lakes and reports of a few cranes have been received from Brownfield farmers.

All regulations that apply for duck and goose hunting such as shotgun restrictions and methods and means of harvest apply to the crane hunter with the exception of the federal migratory waterfowl stamp. Crane hunters are not required this stamp to hunt cranes.

A sandhill crane permit can be obtained by writing the P&WD, Wildlife Division, 4200 Smith School Road, Austin, Tx. 78744. Enclose your name, address and county of residence and you may request permits for other hunters if the same information is furnished for each applicant.

More information is available on waterfowl and sandhill cranes in the new 1978-79 Texas Migratory Game Bird Guide displayed at license vendors and P&WD offices.

"CHICKEN" SEASON
The annual two-day hunt for the lesser prairie chicken has been set for Oct. 21-22 in twelve Panhandle and South Plains counties and the outlook for chicken hunter success is only "fair".

OPENS

An extremely cold winter, dry spring conditions on the nesting grounds and heavy rains in some of the prairie chicken country have had an effect on the game birds population. A decrease in the number of male birds was noted this last spring.

Counties open to hunting of the elusive pinheaded grouse (prairie chicken) on the South Plains includes: Cochran, Hockley, Terry and Yoakum and the Panhandle counties include: Collingsworth, Donley, Gray, Hemphill, Lipscomb, Ochiltree, Roberts and Wheeler.

The daily bag limit of two birds may be bagged from one half hour before sunrise to sunset. Only shotguns and longbows and arrows will be allowed during the hunt. No special permit will be required of participating hunters other than the normal Texas hunting license requirements.

For several years, successful chicken hunters were required to check their birds through P&WD check stations located at strategic locations within the 12 county area. These check stations furnished the biologists with important information as to sex, weight, location of hunt and other pertinent harvest data needed to properly manage the resource.

CRANE SEASON NEARS
Many Texas sandhill crane hunters have already received their 1978 crane permit from the Texas Parks and Wildlife Department and are waiting the opening of Zone A or the west zone October 21, 1978.

Zone A crane season will continue through Jan. 31, 1979 and Zone B will not open til Dec. 5 continuing through Jan. 31, 1979.

"Several counties near Lubbock account for a large number of the cranes bagged each fall with Terry county leading the Texas list," said John T. Roberson, migratory biologist.

"Of the eight states allowing crane hunting, Texas accounted for 50 percent of the birds bagged in 1977," Roberson continued.

This is the third year Texas hunters will be required a crane permit with the valuable harvest information gathered by migratory specialists utilized to set seasons, daily bag limits and shooting hours each year.

Rural responders

AUSTIN, Texas (Spl.) — Before an ambulance can reach the scene of a medical emergency in a rural area, a nearby person with special training can often save a life until professional help arrives.

In 1978-79, The University of Texas will offer six courses to train 240 Travis County residents in how to respond to dire emergencies such as heart stoppage or severe bleeding, when every second counts.

Those completing the 42-hour course will be designated as Emergency Care Attendants. Dr. Demetri Vacalis of the UT Physical and Health Education Department devised the course in cooperation with the Travis County Emergency Medical Service.

Every adult should take the time to exercise physically once or twice a week.

HEAT PUMP

YOUR CONSTANT COMPANION FOR HEATING & COOLING EFFICIENCY

No matter what the weather outside, the heat pump works quietly... efficiently... automatically to keep your family comfortable. Since it pulls much of its heat right out of thin air, the heat pump actually saves energy as it works. In fact, it delivers as much as two units of heat for every one heat unit of electricity it uses. Costs are the lowest of any electric heating/cooling system available.

For year 'round heating and cooling efficiency, the heat pump is your constant climate control companion. Call us today for more information.

Double Ring Ceremony Unites Area Couple

A double ring ceremony united Miss Anita Renee Tosh and Brian Gale Rudd on September 23, at 2 p.m. at the Richland Hills Baptist Church with Rev. Roy Sikes officiating.

Parents of the couple are Mr. and Mrs. Bill Franklin and Mr. and Mrs. W.O. Rudd, all of Muleshoe.

The "Wedding March" and "You Light Up My Life" were played by Mrs. Wendall Robison on the organ and Mrs. John Street, sister of the bride, on the piano.

The archway of the church was covered with leather fern and blue and yellow bows. The archway was flanked with arrangements of yellow and blue Killion Daisies. The memory candle was entwined with Plumosis fern and blue and yellow bows. The pews were marked with blue and yellow bows.

The bride was escorted by her father and given in marriage by her father and mother. She wore a white organza gown designed by Mori Lee, Inc. The moulded bodice featured a high neckline edged in silk Venise lace, with a sheer silk net insert which had Venise lace motifs. The bodice was also outlined in the silk Venise lace. The bishop sleeves repeated the silk net insert, with silk Venise lace motifs. The wide cuff was edged in silk Venise lace. The empire waistline flowed to a natural waistline in back, with a self fabric bow at the center back. The full circular skirt fell to a chapel length train. The entire hemline and train was encircled with silk Venise lace.

Her silk illusion veiling was caught to a Camelot capulet covered in Venise lace and beaded with tiny seed pearls. The fingertip length veiling was two layered and was encircled with a single row of Venise lace and petal edging.

The bride carried a cascade of blue and yellow daisies, Plumosis fern, baby's breath, accented with blue bows and streamers.

For the traditional something old, the bride chose shoes; something new was her dress and something borrowed was pearl earrings from her mother. She wore the traditional blue garter.

Mrs. Billy Tosh, sister-in-law of the bride attended her as matron of honor. She wore a blue polyester magic knit gown featuring a symmetrical bodice and circular skirt, topped with a chiffon cape cover up. She carried a bouquet of yellow daisies, Plumosis

fern, and baby's breath, accented with blue bows and daisies.

Serving as bridesmaids were Miss Tyree Wagnon and Miss Karen Franklin, sister of the bride. They wore yellow polyester organza gowns with ruffled necklines and flounced hemlines, picked up at the back, giving a ruffle back effect. They were trimmed with ivory lace. They carried nosegays of yellow daisies, Plumosis fern, baby's breath and blue streamers and bows.

The groom was attired in a light blue tuxedo with dark blue trim. He wore a light blue shirt with dark trim on the ruffled front. His boutonniere was of yellow daisies.

Best man was Mickey Merriott of Canyon. Groomsmen were Dondie Gage, a friend and Billy Tosh, the bride's brother. They wore dark blue tuxedos with light blue trim. Their shirts matched the groom's. The best man wore a white daisy boutonniere and the groomsmen wore boutonniere's of blue daisies.

The guests were seated by Fred Uphoff, brother-in-law of the groom of Lazbuddie and Terry Tosh and Mickey Tosh, both brothers of the bride of Muleshoe.

The bride's mother wore a floor length red magic knit polyester gown with a round neckline. The groom's mother wore a blue Quiana knit gown. Their corsages were white carnations with blue trim.

Following the ceremony, a reception was held at the church.

Guests were registered by Mrs. Fred Uphoff. The registration table was accented with blue and yellow carnation arrangement in a bud vase.

The serving table was covered with a ivory lace cloth with an ivory satin underlay. The table was centered with an arrangement of blue and yellow daisies. The arrangement was centered with three, tiered, yellow candles. Silver appointments were used to serve the three, tiered cake with blue daisies, nuts, mints, pineapple punch by Mrs. Doyle Tosh, sister-in-law of the bride from Lawton, Okla.; Miss Marcia Rudd, the groom's sister and Mrs. Wayne Ware.

Chosen as her going away ensemble, Mrs. Rudd wore a light blue sweater with lilac pants and vest. Following a wedding trip to Bolivar, Mo., the couple will make their home in Muleshoe. Out of town guests were

Mr. and Mrs. R.E. Franklin, Sanford; Mr. and Mrs. Ivan Wilson, Borger; Mr. and Mrs. Roy Franklin, Littlefield; and Mr. and Mrs. Doyle Tosh, Lawton, Okla.

The bride is a graduate of Bolivar High School. She attended SWBC College in Bolivar, Mo. Dr. Agon's Business College.

Rudd is a 1977 graduate of Muleshoe High School and will go to work at R.E.A.

Sudan 4-H Club Met

The Sudan 4-H Club had its monthly meeting, Thursday, September 21, at 7:30 p.m. at the Community Center.

Gary Brown brought the meeting to order. They discussed new programs for the following year. It was decided that they would have a record dance, hunting safety, first aid safety and a visit to the Ranch Heritage Museum in Lubbock for the programs. They are going to have a hayride for the Christmas party.

Wendy Wiseman was elected Historian for the coming year. There were 15 members present. Refreshments were served by Jodi Tension.

Those attending were David Bousman, Becky Bowsman, Gary Brown, Janie Brown, John Chester, Scott Churchman, Gary Fields, Debbie Hill, Mike Hill, Troy Moss, Celia Pierce, Laura Powell, Crystal Rudd, Sheila Summer, Ricky Tension and Wendy Wiseman.

New members are Joseph Smith, Randy Scott, Pete Edwards, Debbie Gustin and Linda Wiseman.

The idea that our ancestors were all good, unselfish, intelligent, and patriotic illustrates the extent of modern ignorance.

MRS. BRIAN GALE RUDD (nee) MISS ANITA RENEE TOSH

DECEMBER WEDDING... Mr. and Mrs. Paul Frisbie of Plainview wish to announce the engagement of their daughter, Mary Paulette to Steve Foster, son of Mr. and Mrs. Demp Foster, of Lazbuddie. The couple plan to wed on December 2, at 4 p.m. in the First United Methodist Church of Plainview. Miss Frisbie is a 1970 graduate of Goodland High School in Goodland, Kansas and a graduate of Fort Hays State University in Hays, Kansas. She is presently employed at Holley Fertilizer in Plainview. Foster is a 1970 graduate of Lazbuddie High School and a 1976 graduate of Texas Tech. He is a farmer at Lazbuddie. The couple plan to make their home in Lazbuddie.

ABOUT YOUR HOME

By April Rhodes

Remove leaf collection on small shrubs--especially boxwood--to prevent possible fungus growth.

If you're going to be thrifty and bake your bread, place a little dish of water in the oven to keep the crust from getting too hard.

Mothers, plan a safe Halloween for your small children. Provide non-flammable costumes, call only at homes with porch or exterior lights glowing and let children carry a flashlight so motorists can see them.

When planting small trees or tall shrubbery in the fall, support them with guide wires. Cover the wire around the tree with a rubber hose.

PTA Met To Plan Carnival

After the officers and chairpersons met at 3:15 p.m., Mrs. Gilbert Dale called the Parent, Teachers Association to order, Monday, October 9, at 3:45 p.m. Invocation was given by Mrs. R.D. Angeley.

Brett and Lance King, sons of Mr. and Mrs. Max King, represented the boy scouts and led the pledge of allegiance. The minutes were given by Mrs. Lionel Lane and the treasurers report by Mrs. Lyndon Huckaby. Mrs. Gilbert Dale gave the reading of communications. Two of the topics were, eight scholarships will be available for career teacher and Friends of the Library is having their membership drive. The dues are \$1 per person and \$5 per family. Any contribution is appreciated and is tax deductible. This money is used to buy films and books. For further information, see Mrs. Bernis Camp at the Muleshoe Public Library. For more information on the scholarships, call Bill Taylor.

Art students from Muleshoe High School will be judging the Halloween Poster Contest in their classroom. The first, second and third place winners from each grade will receive a ribbon and their poster will be put on public display in Muleshoe as publicity for the Halloween Carnival. This carnival will be held at the Bailey County Civic Center on Tuesday, October 31. The costume contest begins at 6 p.m. The carnival is from 7 to 9 p.m. The tickets for the booths are a quarter each and there will be prizes.

The PTA still has a few black and white shakers left at \$1 a piece. If you are interested, contact Mrs. Johnnie Estep. PTA bumper stickers can be purchased at the next meeting

on November 13, at 3:45 p.m. at the Mary DeShazo Cafeteria for fifty cents each.

The Beautification project was completed. The poles at Richland Hills were painted to show the children where their bus would stop and pick them up.

October 2 thru 6 was Treat Your Teachers Week. Each day, parents took snacks to each school lounge.

Due to the T.S.T.A. Convention, schools will be dismissed October 27.

Parent Teacher's Association will be celebrating their 69th Birthday on October 19.

Miss Virginia Bowers introduced the speakers, Mrs. Pat Brewer, preschool; Mrs. Mary Obenhaus, first grade; Mrs. Eloise Wilson, second grade; Mrs. Judy Elland, third grade; Mrs. Joyelline Costen, fourth grade and Mrs. Donna Mayberry, fifth grade. They spoke about the school curriculum at each grade level.

Mrs. Obenhaus and Miss Bowers tied on room count for Richland Hills and Mrs. Beth Skipworth won at Mary DeShazo.

The meeting was adjourned by Mrs. Gilbert Dale.

4-H Cooking Group Met

The Muleshoe 4-H Club's Level II cooking group met October 5, at the 16th and D Church.

They learned the importance of nutrients to their health and discussed the future meetings. Butter-scotch treats were prepared and served by each of the girls.

On October 10, the girls met at El Jacalito's Tortilla Factory for a tour. The girls learned the process used for making flour and corn tortillas.

The girls in the group are Zanna Huckaby, Heather Merriott, Shelly Sain, Maria Bynum and Mandy Plank. Mrs. Lyndon Huckaby is instructor with Mrs. Walter Sain and Holly Huckaby, guests.

Ambulance Service Discussed By Judge

By Glen Williams
Bailey County Judge

This is written for public information - that the people might more fully understand the ambulance situation in Bailey County. The matter of providing ambulance services is rapidly approaching a crises situation, and, con-

sequently, some difficult decisions will have to be made in the near future. The rapid rise in the cost of helping provide such services may soon make it prohibitive.

At the present time Bailey County owns the ambulance that is used by the

Singleton-Ellis Funeral Home. It was purchased in December 1976 at an approximate cost of \$14,000. And the County pays the maintenance and repairs. Mr. Ellis pays the operating expense and insurance.

The County and City to-

gether pay Mr. Ellis a monthly subsidy of \$1,500.00 for labor. This is divided \$1,050.00 to the County and \$450.00 to the City.

In addition to this the funeral home retains all the revenues the ambulance produces. Apparently the revenues are about equal to the operating expenses.

Furthermore, sometime ago the County put a motor in another of the Funeral Home vehicles at a cost of about \$900.00.

NOW, at a recent meeting of the Commissioner's Court Mr. Ellis said that his "back-up" vehicle is about worn out and requested the County to buy another one. Either a used one for about \$6,000.00 or a new one for \$11,500.00. And he said the County would also be required to pay for the insurance.

He stated that if we did not provide these things he would immediately terminate all ambulance services.

So what do we do? No one wants the County to be without ambulance services. But where does responsibility rest? And what price can we pay? As I understand it, the law PERMITS counties to provide ambulance service, but does NOT REQUIRE it. It appears that, statewide, funeral homes are getting out of the ambulance business and the services are being taken over by cities, counties, private agencies, and volunteers.

In our County, if the cost would ever stabilize we could probably live with it, or could live with normal cost-of-living and inflationary increases. But that hasn't been the case. We started in 1971 with a subsidy of \$350.00 per month. Shortly thereafter it went up. Then in March of 1974 it went up again - this time to \$800.00 per month. Then later to \$1,500.00 per month. Then a new \$14,000.00 ambulance. Now it is another new \$11,000.00 vehicle, plus the insurance. After a while the present ambulance will have to be replaced, and there will, no doubt, be requests for more money. So, the day is not far distant when the Commissioner's Court must decide whether to:

1. Meet the conditions set forth by Mr. Ellis for providing the service and continue to contract with him.

2. Find some type of viable alternative, or

3. Get out of the ambulance business and hope that someone else will operate it.

In this connection we will appreciate any in-put or suggestions you may have. Please be assured that the

Commissioner's Court wants to do the right thing - whatever is in the public interest. But we cannot continue as we are going and carry on other services to which we are already committed without ultimately raising taxes. And be assured also that the Court does NOT want to raise taxes.

In my judgment, the Commissioner's Court is helping provide some very good and useful services for the people of this area, such as the Mental Health Out-Reach Center, the Bookmobile, the Senior Citizen Van, the new Coliseum, ambulance service, and others. But the ambulance situation poses a very serious problem - and one that is not going away. Regardless of the approach, it involves a lot of money and tremendous responsibility, because

An ambulance must be a GOOD vehicle, and it must be properly equipped.

It must be staffed by trained personnel, and two people are needed on each call.

It must be prepared to answer calls twenty-four hours a day, and a back-up vehicle is necessary.

Thus it is an expensive operation because those things do not come cheap. But we do want you to understand the situation, because it is YOUR business and YOUR money.

We are giving the total situation very serious and careful study, and we will finally make whatever decisions appear to be in the best interest of the most people. In that connection we hope to have your patience and understanding.

Lubricant Tricks Arthritics

The nagging pain of arthritis can force victims to seek relief from almost any source, however hopeless or false it may be. The Texas Medical Association (TMA) says one of the latest additions to this realm of medicine-show magic is WD-40, a substance sold to lubricate, loosen and protect parts in machines, but not in people.

After hearing reports of people putting WD-40 on

their skin to treat arthritis, TMA checked with the WD-40 company in San Diego and found they also were baffled by the phenomenon. Glen Agnew, WE-40 technical director, said that the product has been on the market for 20 years but that the company had heard of it being used for arthritis only in the last couple of years.

There is nothing in the product that would help arthritis and the company definitely does not recommend or encourage its use as a medicine, Agnew said.

Yet some people insist that it has helped their arthritis. Ed Easley of Houston, executive director of the Gulf Coast Chapter of the Arthritis Foundation, said people who claim it has helped probably have rheumatoid arthritis, one of about 100 types of arthritis. Rheumatoid arthritis victims often claim that odd, unworkable remedies help them because they are tricked by the nature of their disease. Rheumatoid arthritis tends to get better and worse in an unpredictable pattern so if someone tries an unproven treatment about the time the arthritis gets better by itself, the quack cure naturally gets the credit. Unfortunately this pattern happens a lot since about 20 percent of the nation's 31,600,000 arthritis victims have rheumatoid arthritis.

But if WD-40 does not help, can it hurt? The answer, like many medical issues, involves a definite yes and a definite maybe. The warning on the side of the product says WD-40 is flammable and also is dangerous if swallowed. The "maybe" comes in when considering its action on skin.

Most people can use it under normal working con-

ditions with no problem unless they have an allergy to the ingredients. The question becomes cloudier when talking about long-term exposure because no tests have been run. However, Agnew and Mike Ellis of the Southeast Texas Poison Control Center in Galveston both said the only long-term danger for most people might be dry, cracked skin with perhaps red spots. They urged anyone with these problems to stop using the product or the conditions could get worse.

But using WD-40 for arthritis has more subtle dangers than dry skin, TMA said. Reliance on the product can waste money and distract patients from dependable treatments. People seeking information on trustworthy treatment should contact their physicians or local chapter of the Arthritis Foundation. If no local chapter is handy, write: Arthritis Foundation, Suite 108, 8000 Vantage Drive, San Antonio, Tex. 78230.

Cotton...

have cotton planted in June, with bolls now open five to ten percent. This cotton did not take the blight disease, and needs more time. It will need another month for maximum yields.

"We talked in a county meeting with representatives from other local USDA agencies on Wed. afternoon and estimate an approximate 140,000 acres of cotton in the county. From this, we hope to make 80,000 plus bales of cotton, although it is still a little early to make accurate predictions on yield figures at this time."

Tanksley said cotton gins at Bula, Enoch and Maple

are receiving cotton daily, at this time. At the first of the week, they had ginned around 600 bales and expect to be in full swing shortly.

The county agent said his management tip for producers is that after cotton has reached a point of being 80-85 percent open, producers can expect defoliation or desiccation to be a profitable situation. One reason, according to Tanksley, is that the cotton lint is not attached very tightly around the burr of the boll, therefore, the producer can anticipate loss due to wet weather or blowing conditions that might occur.

CORN

He said the corn harvest is around 80 percent complete across the county, with most fields that remain being low enough in moisture that with harvest weather continuing, will be completed in approximately 10 days.

He said the county yield is slightly above average, and a good quality corn crop has been noted. Approximately 42,000 acres are planted in corn.

GRAIN SORGHUM

Dryland grain sorghum in the southern part of the county has suffered the most from the heat and drought, according to the county agent. He said less than 50 percent of the dryland grain sorghum is expected to be harvested.

"A number of farmers will see low yield payments and some expected to be completely zeroed

tember last year were \$6,683,482.47, compared to \$7,147,676.17 at the same time this year. Loans also increased by \$457,221.05, from \$5,125,829.98 on September 30 last year, to \$5,583,051.03 on the same date this year.

Deposits at Friona State Bank were up by more than \$2 million during the past year, with \$23,488,058.66 at the close of business on September 30 last year and \$26,289,194.92 on the same date this year for a difference of \$2,801,136.26. Loans at the bank also increased by \$824,020.06 during the same period of time, from \$17,883,439.67 on September 30 last year to \$18,707,459.73 on September 30 of this year.

At Sudan, the First National Bank reported an increase in deposits of \$265,203.53 during the past year, from \$4,936,933.96 on September 30 last year to \$5,202,137.49 on the same date this year. During the same period of time, loans at the bank decreased by \$76,816.07, from \$1,860,499.00 to a figure of \$1,783,682.93 at the end of September this year.

First State Bank at Morton reported an increase in deposits during the past year of \$1,785,708.65, from \$12,437,000.00 on September 30 last year to \$14,222,708.65 this year. At the same time, loans decreased by \$500,417.37, from \$8,286,000.00 on September 30 last year to \$7,785,582.63 on the same date this year.

Farwell's Security State Bank also reported a decrease in loans of \$2,961,603.40 during the past year. On September 30 last year, loans were reported to be \$9,609,874.85, compared to \$6,648,271.45 on the same date this year. During the same period of time, deposits at the bank increased by \$2,979,748.06. At the close of business on September 30 this year, deposits were reported to be \$20,893,672.19, compared to \$17,913,924.13 on the same date last year.

He predicted an estimated 30,000 head at least, in this area.

"In summation," said Tanksley, "with a high market for all classes of livestock, farmers may be able to seek out a little profit from stubble and fields by grazing cattle."

Winding up the crop picture at this time, the county agent said alfalfa is being cut for the last time this year and vegetables are still being harvested. Underway now, the harvest of peppers, pumpkins and canner tomatoes is still keeping produce packers busy. Tanksley noted that one potato shed, at Lariat, is still processing potatoes.

yard march downfield from their own 10. Moore again kicked the extra point, and Idalou led 14-7.

The third quarter was marked by twin turnovers of the ball. Idalou fumbled on the Muleshoe 46 yard line, but on the next play, Muleshoe fumbled back to Idalou.

Again in the fourth, the Idalou Wildcats scored with 8:51 on the clock. Buckles Bryant ambled 16 yards right down the middle after he found a hole big enough for him to get through. Scotty Moore added the final point of the game and made it 21-7.

Next Friday night, district play begins for the Mules. They will travel to Friona to take on the Chieftains, the only team to beat Muleshoe last year. Gametime will be 7:30 p.m., and if the Mules go on to take the district, they will probably be facing the Idalou Wildcats again in Bi-District play after the regular season.

The game Friday night brought the Mules' record to 4-1, while Idalou went home with a clean 6-0 record.

All the coaches and players remind that the next five games are crucial for the Mules, as a loss to any of the teams could result in another tie like last year. Be sure to follow the Mules, they're your team!

*** Mules Tale Pays Tribute To J. Varsity ***

This week the Mule's Tale staff would like to pay special tribute to the Muleshoe J.V. team. The team at presstime stands with a record of 3-1. These boys have done a great job. Keep up the good work throughout the season.

Gary Cox, 16 year old son of Mr. and Mrs. James G. Cox, plays offensive guard. He is a member of FFA and athletics. He commented, "We have a good team with some great coaches. We are undefeated as a J.V., and we are going to stay undefeated."

Marvin Lewis is the 16 year old son of Celestine Lewis. He plays linebacker for the J.V. team.

A junior at Muleshoe High School, David Patterson is the 16 year old son of Mr. and Mrs. Donald W. Patterson. He plays tight end and is a member of FFA and also plays basketball. His comments were, "This year we have the best coaches around and the best players, also. As a J.V. team we are unbeaten and at the end of the year as a J.V. team we will still be unbeaten!!!"

Wesley Rasco, the 16 year old son of Mr. and Mrs. Odell Rasco, plays strong tackle. He is a member of FFA and 4-H. He commented, "I think we have the best J.V. team in the district. Our line and backs are better than last year. We are 3-0 as a J.V. team. When we played Lazbuddie, they won, but we played our very best. It was a varsity game anyway."

Felix Norman is the 17 year old son of Mr. and Mrs. Jim Norman. He plays halfback. His comments were, "I think our team will keep on winning if we keep on giving what it takes to win."

Ray Castorena, the 15 year old son of Mr. and Mrs. Alex Castorena, plays cornerback. He commented, "As a J.V. player, I will try to help the team win district."

A sophomore at MHS, Charles Walker is the 16 year old son of Mr. and Mrs. Charlie Walker. He commented, "Well, I think we have got a good team and I really think we will go all the way undefeated this year!"

Tommy Wheeler, the 16 year old son of Mr. and Mrs. George Wheeler, plays defensive corner. He is a member of FFA and FFA. His comments were, "We have a real good team this year. We have worked hard and if we keep it up we can come out on top of our district!"

A junior at MHS, Mike Henry is the 16 year old son of Marcia Henry. He plays defensive tackle and is a member of FFA. He commented, "We have a great team this year and most of our team is made up of sophomores. There are a few juniors. We have all worked together and are having a winning season. Our coaches have helped a lot. They get us fired up before the games and that helps. Each of us try as hard as we can during the game. We should continue to win if each of us gives all we've got towards the team!"

Brad Poyner, the 15 year old son of Mr. and Mrs. Paul Poyner, plays defensive end. He is a member of FFA, Muletrain - Mule's Tale and is the sophomore class reporter. He commented, "This year and last year our Varsity has started a winning tradition in Muleshoe and the J.V. team wants to carry on that tradition. It will be very difficult to follow in their

footsteps; but with the great coaches we have and everyone's good attitude, I think we can win the rest of our games this year and that will build a foundation for great years to come!!" Clifford Watson, the 16 year old son of Mr. and Mrs. W.T. Watson, plays right cornerback. He is a member of FFA, an FFA officer and sophomore class vice president. He commented, "I think we have a really strong team; and if we will stay unified and keep our respect for our great coaches, we will continue to have a really good year!"

A sophomore at MHS, Jimmy Gleason is the son of Dr. and Mrs. Jerry Gleason. He plays running back and defensive end for the J.V. team. He is a member of 4-H, FFA and FFA. He commented, "Everyone can see what the Varsity looks like. This would not be true if the J.V. didn't go out every day and give their best."

Bryce Holmes, the 15 year old son of Mr. and Mrs. A.W. Holmes plays defensive end. He is a member of FFA and FFA. His comments were, "Football is a lot of fun and with the spirit our team has, we will go a long way!!!"

Mickey Long, the 15 year old son of Mr. and Mrs. Billy Long, plays split end for the J.V. team. He commented, "We are undefeated as a J.V. team and I think we will finish undefeated!!!"

Cam Hawkins, the 16 year old son of Richard and Sherri Hawkins, plays flanker. He is a member of FFA. His comments were, "I think the coaches are really good and do a good job. I think the J.V. is a real good team, and we are starting a tradition in Muleshoe and I think we are going to go to state two years in a row, this year and next year. We will have another State team next year!"

A junior at MHS, Arnold Madrid is the 17 year old son of Mr. and Mrs. Solomon Madrid. He plays strong guard and defensive noseguard. He is a member of the Art Club. He commented, "I think that our team has depth and we will go all the way when the time comes!"

Monti Vandiver, the 16 year old son of Mr. and Mrs. Butch Vandiver, plays quarterback for the J.V. team. He is a member of FFA, FFA and all sports. He commented, "Our J.V. is our Varsity for next year and you build a tradition by having a great J.V. team to come up to take the Seniors places. We have the team that can keep up Muleshoe's winning ways. We could not be winners without our coaches. We have the best coaching staff in the state of Texas and when you have the best in Texas, you have the best in the Nation!!!"

Robby Clark, the 16 year old son of Mr. and Mrs. G.R. Clark, plays tailback. He is a member of FFA, FFA and athletics. His comments were, "I think this year's J.V. team is really super. We have really been working hard and putting forth a lot of effort. We have the best coaches and the best support of anyone around."

A junior at MHS, Jim Ware is the 16 year old son of Mr. and Mrs. Wayne Ware. He plays defensive corner and is a member of FFA. He commented, "I think we have the best J.V. team around. One of the reasons we are the best

J.V. team around is because of our coaches. Another reason is because we are in good physical condition. I want to thank our coaches for what they have done so far this year!"

Shane Claunch, the 16 year old son of Mr. and Mrs. Jim Claunch, plays free safety for the J.V. He is a member of FFA, 4-H and athletics. He commented, "I think that our hard work and enthusiasm is really beginning to show. We have a lot of support from our coaches, classmates and fans. We are going to the top!!!"

Raul Lozano, the 17 year old son of Mr. and Mrs. Ines Lozano, plays nose-guard for the J.V. team. He commented, "This is the year that we are going to win District. We are going to be undefeated for the rest of the year. Right now we are 3-0 and are going to make 4-0 and that is by beating Hereford. So this is the year of Mule Mania because Muleshoe has the best coaching staff it has ever had!!!"

Mike Mills is the 16 year old son of Mr. and Mrs. Marlin Mills. He is a junior and plays free safety. Mike is involved in FFA and commented, "We have a very good team this year and have only lost one game and that to a varsity team. In the future I can bet we are going to be No. 1!!!"

A junior at MHS, Rodney Unrein is the 17 year old son of Mr. and Mrs. Ralph Unrein. He plays line-backer and is a member of speech and FFA and had this to say, "We have a very good team this year and have only lost one game. I think Muleshoe has definitely started a tradition in football. And when I get on the Varsity team, I will do as much as I can to support that tradition."

Andy Snell, the 15 year old son of Mr. and Mrs. Gene A. Snell, plays flanker. He is a member of FFA and commented, "We have a great coaching staff and we have a great team."

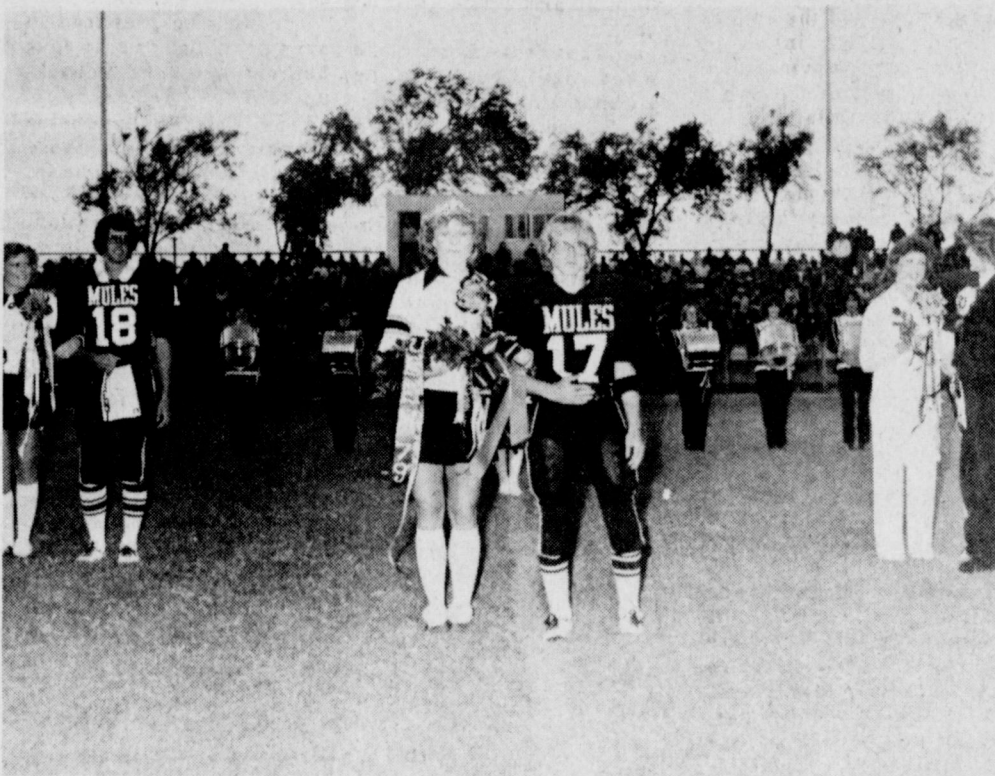

Casey Farmer, the 15 year old son of Mr. and Mrs. Charles Farmer, plays split end. He is a member of FFA and FFA. Casey commented, "I think we really look sharp this year. We have got the best coaches and a lot of determination to win."

Larry Beane, the 15 year old son of Mr. and Mrs. Eddie Beane plays quarterback. His comments were, "We have great coaches and I believe we have more team spirit than we have ever had before, and with this we can go far."

Greg Harrison, the quick guard for the J.V. Mules, is the 15 year old son of Mr. and Mrs. Donald Harrison. Greg is a member of FFA, FFA and Student Council. He had this to say, "The J.V. team has a real good team this year. We have a lot of team workmanship. We play as a team and never give up no matter how rough it gets. We have the will to win!!!"

Richard Orozco, the 16 year old son of Mr. and Mrs. Robert Orozco, plays tight end. Richard is in Band and commented, "As a J.V. player, I hope that we will win our district games and we are going to win them."

Larry Nowell, the 15 year old son of Mr. and Mrs. Derrell Nowell, plays tackle. He is a member of FFA and FFA. He commented, "We can have an undefeated J.V., but it is

going to take all of us giving our best."

A sophomore at Muleshoe High School, Curby Brantley is the 15 year old son of Mr. and Mrs. Curby Brantley. He plays center and is a member of FFA, FFA, a class officer and an FFA officer. He commented, "I think we have a good football team. We also have a great staff of coaches with good attitudes toward making our program better."

Carroll Precure, the 15 year old son of Mr. and Mrs. Ray Precure, plays line-backer. He is a member of Speech, FFA, a Student Council officer and sophomore class president. He commented, "So far this year our record is 3-1 with our only defeat coming from a varsity team. I think that as a team we are united and we have the right kind of attitude to be winners. The teams that we have beaten are Portales, Tulia and Hereford. With all these aspects and our coaching staff, we are going to be undefeated as a J.V. team with a record of 9-1 and be the district 3-AA J. V. champs."

Kelly Harrison, the 16 year old son of Mr. and Mrs. Teddy Harrison, plays offensive tackle. He is a member of 4-H, FFA, and FFA. He commented, "It is fun and an exciting game that we all like."

Michael Davenport, the 16 year old son of Mr. and Mrs. Calvin Meissner, plays nose-guard. His comments were, "I think that we will go a long way because our J.V. is going against the number 1 team in the state and when we go up, it will stay that way. We have great coaches who will make it stay that way."

The Volleyball Team performed very well this week. They traveled to Bovina, Monday night, and won both the A and B team games. Tuesday night the Farwell Steers came to Muleshoe and returned home, losing both games. The Jr. Varsity girls won 15 to 5 and 17 to 15. The Varsity team played two sets of action and won all four games. Both teams continue to improve and are working very hard.

The Mullettes will host Plainview next Monday night at 6:30 in the High School gym; and then Tuesday at 6:30, they will host the Brownfield team for a tough game of action.

Happy Birthday

The Mule's Tale Staff would like to wish the following people a Happy Birthday! Those having birthdays this week are: Oct. 16--Deanna Smith Oct. 17--Sherri Reese, Jacinto Rodriguez Oct. 18--Tony Flores, Antonia Valle and Sandra Graves Oct. 21--George Villarreal, Hope Free.

The highlight of the 1978 Homecoming activities was the coronation of Miss Gina Burden, Homecoming queen, preceding the kickoff between the Muleshoe Mules and the Idalou Wildcats. Miss Burden, the daughter of Mr. and Mrs. Dale Burden is a senior. She was escorted by Keith Hawkins, the son of Mr. and Mrs. Eugene Hawkins. Cheerleader Glenda Rasco presented the crown to Hawkins, who crowned the 1978 Homecoming queen. An arm bouquet of roses was presented by Cheerleader Jo Ronda Rhodes. Gina was presented an engraved

J.V. Whites Beat Farwell With 21-14

The Muleshoe J.V. White team, combined with the freshmen team, defeated Farwell's J.V. team by a score of 21-14, and provided almost as much excitement as the Muleshoe-Abernathy varsity game the next night.

Farwell drove down the field in the second quarter for the only score of the first half. After the PAT failed, Farwell led, 6-0.

The Mules came back early in the second half on a 30 yard run up the middle by Monty Hysinger, who then added the PAT to put the Mules in front 7-6.

The Mules came right back to score again quickly. The Muleshoe defense held the Steers; and on a fourth down punt, Gary Cox, broke through the line, blocked the punt and carried it 40 yards to paydirt. The kick for the extra point went wide and the Mules led 13-6, going into the fourth quarter.

After an interception deep in their own end of the field, Farwell drove the length of the field to score and then added a 2 point conversion to go ahead, 14-13. The Mules came right back down the field with Lupe Rosales scoring the TD with 40 seconds left in the game. Hysinger then passed to Trent Kirven for the two point conversion to put the Mules ahead to stay, 21-14.

Farwell, however, had other ideas and came back down the field only to have their last minute try halted when Johnny Ybarra intercepted a Farwell pass.

Other Homecoming activities included the pre-game supper sponsored by the HECE department at MHS and the Homecoming mum sales by the Junior Class.

Mighty M. To W.T.

The Mighty M Band marched in the West Texas University Homecoming parade, Saturday. They also attended the barbeque and the football game between W.T. and Lamar College.

The queen was attended by Miss Melissa Biggerstaff, escorted by Mark Harmon, and Miss Becky Turner, escorted by Brent Burrows. The attendants were presented long stem roses by Cheerleaders Sandy Dunbar and Annie Kirvin and engraved key chains by Shelly Dunham. Melissa is the daughter of Mr. and Mrs. Corky Biggerstaff, and Becky is the daughter of Mr. and Mrs. Doyce Turner. They are both juniors at MHS. Mark is the son of Mr. and Mrs. Don Harmon, and Brent is the son of Mr. and Mrs. Olan Burrows. Hawkins, Harmon and Burrows are football captains and are all seniors.

Several events of special note took place at Muleshoe High School during Homecoming week. The Student Council sold chances on the Homecoming football, painted by Mark Northcutt. The football was awarded preceding the game to the lucky winner, Pat Black. The Student Council also sold Homecoming beat tags. Varsity cheerleaders sponsored activities including a miniature float contest with the Sophomore Class taking first place. Each door in the halls of MHS added to the festive occasion with unique displays of talent urging the Mules to victory. This contest was won by the Speech Class. On Thursday night the band, cheerleaders, victory bell with Freshman cheerleaders, and football team had a special parade to the Boy Scout hut where the bonfire was held. Ernie Vela made a speech, and the cheerleaders and band led the spirit including the school song and the fight song. There was a Spirit Drag back to the high school following the bonfire.

The pep rally Friday, including the parade of miniature floats, was well attended by students and exes. It followed the exes Homecoming coffee, which was held in the cafeteria at 2 p.m. Both old and new annuals were on display at the coffee. Approximately 45 exes attended the coffee, with David Dillman winning the prize for traveling the greatest distance to come to homecoming; and Bettye Cowan was awarded the prize for graduating from Muleshoe High School the longest ago.

Best of MHS

For his grand playing in the game Friday, Muleshoe 26 - Abernathy 20, Zeke Pecina was selected this week's "Best of M.H.S."

Zeke, 17, is a Junior, and is the son of Mr. and Mrs. Paul Pecina. He resides at 415 East Ave. F. He is active in athletics, FFA and is on the Muletrain - Mule's Tale.

When asked to comment on football he replied, "I think that this season has really been fantastic. I love working with the team we have this year. I feel we will win the district championship, because our character has made us a team unity. I like to say that our coaching staff has just as much a part in anything, as our team. They have led us to a 4-0 season; and with the coaches we have, it is Victory All The Way."

BULLETIN

There will be a Jr. class meeting of all Jr. Class mothers Tuesday at 3:30 p.m. in room 14 at the High School. This meeting will be to discuss and plan the Thanksgiving Supper which will be November 3. All mothers are urged to attend.

The first six weeks ended Tuesday, October 10 and the report cards went out Friday, October 13.

HERO Hoopla

This week, the HERO Chapter would like to recognize two outstanding members who have contributed much time and effort to the organization.

Josie Baca participates in HECE I and is employed at Poyner's Whites Auto. She is the eighteen year old daughter of Mrs. Josie Baca. Josie enjoys dancing and traveling. She is devoted to HERO and says, "HECE is an asset in life which will help you out in your future."

Steve Gartin is also an eighteen year old HECE I student. He is the son of Mr. and Mrs. Don Gartin. Steve works at Harvey Bass Appliance and has been employed there for over a year. His hobbies are hunting and fishing. Congratulations to these students. Keep up the good work!!

Photographer Is Flashing Around MHS

Doug Cowan, photographer for journalism, has been taking pictures for the brochure to be distributed during American Education Week. This week is from November 14 thru 18. Open house will be November 14 and 15.

**** The better the speaker, the smaller and more understandable are the words he uses.

In the game against Abernathy, many things happened so quickly that it was very difficult to adjust to every situation. Our players did an outstanding job of adjusting and driving the ball with 1:01 left in the game to win. Vince Lombardi told us once that winning is a habit; unfortunately so is losing. Our players have a great desire to win and because of this desire and dedication have won two extremely close ballgames. We fought hard to maintain our unbeaten record.

Idalou is the best football team we have played this year. We expect them to be very difficult to defeat as they are 5-0 coming into Muleshoe. Idalou has great balance in their offense and defense. We cannot spot any weaknesses. The Homecoming game will be a great challenge for us playing such an outstanding team.

MHS Volleyball Is Continuing Winning Season

The Volleyball Team performed very well this week. They traveled to Bovina, Monday night, and won both the A and B team games. Tuesday night the Farwell Steers came to Muleshoe and returned home, losing both games. The Jr. Varsity girls won 15 to 5 and 17 to 15. The Varsity team played two sets of action and won all four games. Both teams continue to improve and are working very hard.

The Mullettes will host Plainview next Monday night at 6:30 in the High School gym; and then Tuesday at 6:30, they will host the Brownfield team for a tough game of action.

Football Highlight Reflections

1928 - 50 years ago-- The 1928 season was a struggle for the "Yellowjackets" although the school did sponsor the team for the first time. Jue March, an ex-Oklahoma star who was employed by a local firm, donated his time in coaching the players.

Claude Wilemon (still an ardent Muleshoe football fan today; was brought up from the seventh grade to play on the team when a shortage occurred. He played six years of varsity football at Muleshoe High School, (a record?).

1935 - 43 years ago-- Houston Hart, tackle, was the captain of the

1953 - 25 years ago-- Kenneth Henry, guard; Bill Willis, quarterback; and Bennie Bickel, fullback were football captains.

Book Explores Quack 'Sure' Arthritis Cures

Oldtimers with chapters will remember Dan Dale Alexander and his book, "Arthritis and Common Sense," as representing one of the more notorious arthritis quackery problems in modern times. An examiner for the Federal Trade Commission, James A. Purcell, found that the book-jacket falsely stated: "Unlike present 'cures' supposedly caused by costly miracle drugs, this book gives a complete outline of an inexpensive corrective diet which lubricated the patient's joints and returns arthritics to better health."

The medical testimony, he pointed out, shows "there is no known or demonstrable effect which any diet, 'corrective' or otherwise, or any ingested foodstuff, can or does have in 'lubricating the patient's joints,' on the basis whereof it is found that this representation is false and misleading."

The examiner further stated that throughout

these proceedings he "has been intrigued and beguiled by the impressive lack of medical or other training or education which would fit Alexander to write a book on such a recondite subject as arthritis and rheumatism, and to come up with all the ipse dixit solutions in a field which is, and for many years has been, an insurmountable challenge to the outstanding scientific minds of the medical profession."

Purcell further stated that "Alexander would have the public believe that his one goal was to serve the altruistic purpose of helping arthritics and that the vast profit accruing to him from sales of the book was merely incidental—a representation this examiner is unwilling and unable to accept having listened to, scrutinized, analyzed and weighed all of the evidence presented."

Sophomores Name Precure As President

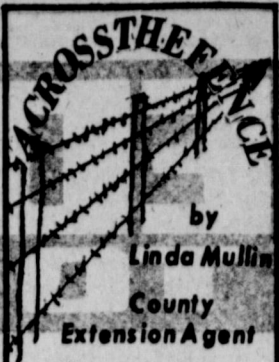

On Monday, October 2, the Sophomore class had their first meeting of the year. They elected their officers and then discussed what money-making project they would use at the Halloween carnival. Mrs. Pat Black, Coach Mike Wartes, and Mr. Steven Johnson, the sponsors of the Sophomore class conducted the meeting. Carol Precure was elected President and took charge of the meeting. The other officers elected were, Vice president—Clifford Watson, Secretary—Michelle Agee, Treasurer—Curby Brantley, Reporter—Brad Poynor, and Parliamentarian—Julius Briscoe. The Student Council Representatives are Leslie Wagnon and Greg Harrison. The officers are scheduled to have a meeting Monday, October 16, during orientation period.

It was thought that the problem was laid to rest back in 1959 with the conclusion of FTC action against Alexander and his publishers. But Alexander continued sporadically to promote his gospel on the lecture circuit, and there is evidence that these activities have increased substantially in recent months. He seems to find more and more platforms to which he is welcomed, and media reports suggest that his message is usually interpreted as "new."

The Arthritis Foundation maintains the stand that Alexander's claims are nonsense. The joints of the human body are not lubricated by an oil or fat. Nor do the lubricating substances in the joints have any relationships to food containing oils or fats, to cod liver oil, or to such vitamins as Vitamin D.

MEDICAL 'ID' CARD A MUST FOR SOME

A medical identification card could save a life. In emergencies, a medical ID card can speak for the patient who cannot tell doctors about special needs or problems. People who need a medical ID card are those with certain diseases or drug allergies and those who take medicine regularly—along with those who have any other problems that might affect medical treatment.

To prepare a medical ID card, make clear, direct notes about needs or problems.

DISEASES
 Among diseases that require notes on a medical ID card are diabetes, asthma, epilepsy and heart or kidney disease. For example, if a person is a diabetic, that note is necessary, because of the

possible need for insulin in case of injury. Also, an insulin reaction can be mistaken for drunkenness and result in improper medical attention.

DRUG ALLERGIES
 Any severe allergies need a note, especially those caused by certain drugs. For example, penicillin and sedatives often are used in emergency situations. If a victim is allergic to these drugs, the treatment might cause more problems than the original emergency. Also, write down known allergies to various insect stings, such as bees. These require immediate action. Also, include the date of the last tetanus immunization—and whether or not the person is allergic to tetanus anti-toxin.

REGULARLY TAKEN MEDICINES
 Notes about medicines taken regularly are important for two reasons. First, lack of this medicine may cause serious problems, such as for persons who regularly take insulin, cortisone or special eye drops for glaucoma. Also, emergency medical people can prevent serious drug interactions when they know what the patient has already taken.

OTHER PROBLEMS
 Other information for a medical ID card might include a note about such things as wearing contact lenses, deafness, not being able to speak English or any other medical problem or condition not easily recognized in case of emergency.

Despite your fears, the world can get along as usual without you, and will.

John Rhodes, Congressman: "I think that Gov. Reagan is far ahead. There's no doubt about it. He's kept his organization intact."

WRESTLING WITH OUR FEARS

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our daily work.

Many of our fears are real. A great many of our fears, however, are unfounded—a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

*"My fears are causeless and ungrounded,
 Fantastic dreams and melancholy fumes."*

There is only one thing that will dispel fear of this type. We must do something to get out of ourselves. That means loving and helping others.

The Bible puts it so well in 1 John 4:18. "There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."

The Church is God's Agency designed to help you. We invite you to attend this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

* Save 50% to 75% of the electricity normally used in cooking!

Radarange Model RR7D
 made only by **Amana**

Here's the fastest, most efficient, energy-saving way to cook! Cook family-size roasts in minutes instead of hours. Thaw frozen foods, reheat cooked dishes unbelievably fast. Most foods cook in 1/4 the usual time with 50% to 75% savings on electricity you normally use in cooking. All the heat goes into the food, none is wasted!

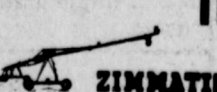

- Pull down see-through door with electric lock • COOKMATIC Power Shift™ • Start switch, Stop switch and Light switch • Cooking indicator dial light • Removable oven tray • Many more work-and-time saving conveniences.

*Comparison test figures were made by leading West Coast and Mid-West utilities and Amana Ann MacGregor Test Kitchen using the appropriate conventional cooking in an electric oven, range top or electric fry pan.

ECONOMY GROWING

The federal government has provided evidence that the economy is growing steadily despite a slowdown in consumer spending. The Federal Reserve Board said industrial production increased a moderate 0.5 percent in August, about average for the past year.

MONEY MAKING FARM TOOL.

It's the soil testing probe. The start of maximum profits from your fertilizer program.

Now is the best time to get soil samples. We are ready to help you get them and have them tested. We can examine the lab analysis together, and arrive at a fertilization program that meets your crop goals.

That way, you won't waste money by applying too much fertilizer; or rob your yield potential by applying too little.

Fertilizer is the single biggest contributor to crop profits. Soil testing is the most important factor in profitable fertilizer programs.

Come in and see us. Or call today for a soil test.

Soil test now. Profit later.
