

Three Are Sought After Robbery Here

Members of the sheriff's office are broadening their search for three members of a Latin-American gang which allegedly beat and robbed Milton B. Cautley of Lorraine near here Saturday night.

Immediately after he left the Busy Bee cafe on Lower Main street around 10 o'clock Saturday night, he maintained he had \$162 on his person when the incident occurred.

across the railroad track and dumped into a slush pit. He regained consciousness later to find his money gone, returned to town and reported his troubles to police.

Stassen Calls For Food Cut, Special Session

WASHINGTON, Oct. 14. (AP)—Harold E. Stassen called today for a 15 per cent cut in American food consumption and an "immediate" special session of Congress to deal with Europe's economic problems.

As for a special session of Congress, Stassen said he believes it is "imperative," adding that "we have been dallying in the face of disaster."

Senate Republicans said an offer by Mr. Truman to pass up a special session would be welcome, but some balked at any commitment for early action in the regular session opening in January.

Drouth Continues In North Texas

WICHITA FALLS, Oct. 14. (AP)—Thousands of cattlemen and wheat farmers are finding prolonged drouth conditions in much of North Texas and southwestern Oklahoma a matter of grave concern.

The need for moisture generally is acute in an area roughly within a hundred mile radius of Wichita Falls, a survey shows. The dry soil is in no shape for planting wheat; outlook for winter grazing is bad; pastures are burning up.

The last substantial rain recorded at the U. S. weather bureau station at Kell field, just north of here, fell on June 12-13 when 3.8 inches were recorded.

WITH 70 ABOARD

Huge Flying Boat Is Forced Down In Rough Mid-Atlantic

NEW YORK, Oct. 14. (AP)—A huge Boeing flying boat with 70 persons aboard landed in rough seas near a Coast Guard weather ship in mid-Atlantic early today and the Coast Guard reported that winds of gale force and swells 25 to 35 feet high prevented transfer of passengers by life raft to the ship.

The cutter radioed to Coast Guard headquarters here recommending that rescue aircraft en route to the flying boat, approximately 1,400 miles west of Shannon, Ireland, and 820 miles east of Argentina, Newfoundland, be recalled.

(CST) that it had ordered the weather ship Duane, which reported its position about 600 miles southwest of the Bibb, to change course and proceed to the scene. The Duane was ordered to increase its speed from 10 to 20 knots, enabling the vessel to reach the Bibb in about 30 hours.

The weather ship the Coast Guard Cutter Bibb, reported to headquarters here: "Afloat in winds of gale force, rough, choppy sea. Small boat unable to come alongside of plane. Hull is tight. Passengers still on board. Plane riding well. Standing by."

Reds Renew Attacks On U. S. Policy

Vishinsky Hits Dulles Speech On Revamping U. N.

LAKE SUCCESS, Oct. 14. (AP)—Russia today renewed the bitter attack on what she calls American "warmongers" during United Nations debate on Secretary of State Marshall's program to overhaul the U. N. peace-keeping machinery.

The clash occurred before the general assembly's 57-nation political committee as it began debate on the U. S. plan for a year-round sitting of the 57 member nations to deal with peace problems.

The U. S. plan, he said "will aid the warmongers," by louching off "more lies and propaganda" and by encouraging "warmongers and propagandists."

Vishinsky declared that Dulles had "forgotten" to say all this. Without mentioning the 22 vetoes Russia has used to exert her will over majorities in the 11-nation security council, Dulles appealed for steps "to regain public confidence and prestige needed for successful survival" of the United Nations.

Leaders Will Attend Meet

G. H. Hayward, WTCC director, and J. H. Greene, manager of the Big Spring chamber of commerce, will attend a West Texas Chamber of Commerce district meeting Wednesday in Lamesa.

The meeting, which is one of eight being held at various points in West Texas, will be in the form of a clinic on six policy planks in this year's WTCC referendum ballot.

Kidnapping Suspects Are Detained Here

Two men and a small child were detained by local police early this morning at the request of authorities in Odessa, who listed the two adults as kidnapping suspects.

Local officers halted a vehicle driven by one of the men shortly after 2 a. m. and only a few moments after Odessa officers had requested the arrest. They were released to Odessa officers at 4:30 a. m.

UNINJURED IN BOMB BLAST U. S. Consul General Robert MacAtee (above) was in conference with the Palestine High Commissioner at the government offices when a bomb explosion shook the American consulate in Jerusalem. (AP Wirephoto).

More Texans Are Backing Food Plan

Cafes Are Still Serving Meats

By The Associated Press

Texas restaurants served meat again today, the nation's second meatless Tuesday, but observance was better than last week, a survey showed today.

Housewives continued to cooperate with President Truman's conservation plan in many cities.

The State Restaurant Association last Thursday rejected Truman's plan, substituting a six-point program of its own, but today several Texas cafes curtailed meat dishes.

In Abilene, the majority of restaurants took their first notice of meatless Tuesday by reducing the meat dishes from five to two choices. In Tyler, many restaurants did not offer meat on menus, but served it on order.

Corpus Christi restaurants featured fish and seafood, while others served leftovers and fish.

Two Austin cafes attached notes to menus reading "We feel you should be the judge in this matter." One hotel eliminated meat, but most cafes offered both meat and meatless menus for customers to choose from.

Passengers on American airlines flights in and out of Dallas will be served meatless menus on Tuesdays, and eggless and poultryless menus on Thursdays, the company announced today.

A large advertisement in Dallas papers announced that Safeway meat counters would remain open on Tuesdays, and every day except Sundays, explaining in part that "many people need fresh meat in some form every day as prescribed by their physicians and for specific health conditions, and because many buy Wednesday's meat on Tuesdays."

A spokesman for a large Dallas bakery said yesterday that his firm had felt a 10 percent cutback in bread consumption since the President's wheat saving program started.

School cafeterias in Kilgore were observing meatless Tuesday, serving meat substitutes.

One butcher in Corpus Christi said: "Smucks, people in this part of the country don't see any sense in going without meat when there is so much of it around."

Big Spring city commissioners will conduct a public hearing on the proposed paving contract with the Brown and Root Construction Co. at 7:30 o'clock tonight in the city hall.

The hearing has been set to follow the regular commission meeting, although a recess between the two sessions has been planned. The hearing is expected to constitute a major portion of the day's business, although several important matters will be on the regular agenda which will come up at 5 p. m.

Former Resident Takes Medical Post GONZALES, Oct. 14. (AP)—Gonzales Warm Springs foundation's Ross Boothe today had announced appointment of Dr. Frank B. Boyle of Dallas as medical director and chief orthopedic surgeon. He said Dr. Boyle would assume his duties Jan. 1.

Dr. Boyle, a former resident of Big Spring, took a refresher and has been practicing his specialty of orthopedics since separation from service in the U. S. Army.

U. S. CONGRESSMEN FIRED ON NEAR BULGARIAN BORDER Olin E. Teague (left), Democratic Representative from Texas, and Donald L. Jackson (right), Republican Representative from California, were fired on by mortars north of Kilikis, Greece, near the Bulgarian border, a spokesman for the U. S. Embassy in Athens said. Neither was injured. They are members of a House committee on a survey tour. (AP Wirephoto).

FROM ARABS

French, Czechs Get Warning Of Bomb

JERUSALEM, Oct. 14. (AP)—An Arab informant, attributing yesterday's bombing of the U. S. consulate here to a "striking force" of the exiled Mufti of Jerusalem, said today the consulates of France and Czechoslovakia were "next on the list for warning bombs."

The blast at the U. S. consulate was the third attack in recent weeks on consulates of nations favoring partition of Palestine a step the Arabs stubbornly oppose. The Polish consulate was a target Sept. 27.

Jerusalem authorities said they believed the bomb-tosser at the American consulate was a woman. The missile was thrown into a consulate garden and injured two women employees.

The Arab informant said the attacker was a member of the M. G. M. group, which he identified as a "striking force" for Haj Amin El Hussein, the Mufti, who has been in Beirut, Lebanon, for sessions of the Arab league.

The new bomb threats emphasized the tension in the Holy Land as reports continued to circulate that Syrian and Lebanese troops were gathering on the Palestine border in conformance with an Arab league resolution adopted last Thursday.

HCJC Veterans Elect Officers

Fifty persons attended the meeting of the Veterans' Collegiate club at the Howard County Junior College on Monday evening, discussing activities of the organization.

Plans were made for regular meetings at 8 p. m. on each Monday. Chief purposes of the club will be to deal with veteran problems, expediting subsistence checks and developing social activities.

John Bill Gary, president, was in charge of the meeting Monday. Other officers are Jack Martin, vice-president; Ray Bugg, secretary; Boyd Clark, treasurer; Joe Robert Roardie, sergeant-at-arms.

Enrollment In Schools Is 1,931

Enrollment in seven elementary schools of Big Spring now stands at 1,931 with all but two schools having to clamp the lid on additional pupils in one or more classes.

Central Ward, with 345 students, is pinched in the seventh grade with a class load of 36, according to reports from the office of the elementary supervisor. College Heights has 223 children with 38 in the third grade the maximum.

North Ward has 204 with a top of 40 in the first grade. South Ward has 207 with 36 enrolled in the fifth grade, and West Ward has 538 with the second and fourth grades showing 36 and 37, respectively.

ON POLITICAL FRONT

Taft, Stassen May Combine Their Forces Against Dewey

WASHINGTON, Oct. 14. (AP)—Expressions of mutual respect between Senator Taft (R-Ohio) and former Gov. Stassen of Minnesota hinted today that in a pinch they might consolidate their strength at the 1948 Republican convention.

Despite vigorous denials from both camps that there is any working agreement, a new air of Taft-Stassen friendliness has developed recently which may have a direct bearing on the campaigning for the GOP presidential nomination.

Senator has said flatly there is "nothing to" reports that he and Stassen are teaming up.

But the fact remains that the two had kind words to say about each other in a recent appearance on the same platform in Des Moines. They will have a chance to repeat this act when they speak at a Republican Women's club convention Thursday in Columbus, Ohio.

delegates when he falls by the wayside.

2. Each camp concedes privately it needs the other's help to halt the expected drive of Gov. Dewey of New York to obtain the nomination again.

Stassen has said he would not be interested in running with Dewey.

Taft has kept publicly silent about the New Yorker, but he has told associates that he appreciated Stassen's action in endorsing the Taft-Hartley labor bill just before Congress enacted it over President Truman's veto.

The Ohio Senator has noted to friends that Dewey said nothing at the time.

Many Changes Are Made In New School Report Cards

When report cards go out on the initial six weeks of schooling Wednesday, parents of children in the first three grades will find innovations in the report system. Principal change is in the first grade where there will be no formal grading for the first six weeks, said Dean Bennett, supervisor of elementary education. Rather it will be a check or evaluation sheet. Changes in the grading in the first, second and third grades simply breaks down some broad categories to show weak and strong points under basic subject matter.

Reason for the evaluation rather than grades on the first six weeks a child is in school, explained Bennett, is the diversity of environment of youngsters who for the first time are out from under home ties; the type of work given in the first period is not designed for formal grading; adjustments and attitudes are stressed during the period; teacher-pupil contact has not become sufficiently close during the short time for fair appraisal.

As a result, parents will learn the child's progress or attitude in such matters as: Waiting turn; taking good care of property; playing with others; working with others; following directions; making good use of time; doing best work. Three categories will be checked—satisfactory, improving, unsatisfactory. Starting with the second six-weeks period, first graders will be graded formally.

word recognition, independent (that which is done independently of classroom work) reading. Arithmetic will be broken down into grades for concepts and facts. Although there is no new class period as such for elementary science in the second through the seventh grades, this work will be integrated and correlated with other subject matter and hence will be graded.

Plus and minus signs for satisfactory and unsatisfactory work and study habits will be shown on the cards for information of parents. These will include such items as working without wasting time, following directions readily, doing work neatly, completing work on time, citizenship, dependability, attitude, courtesy, care of books and supplies. This is the only category showing the plus and minus signs. All others will be graded A (very good), B (good), C (satisfactory), and D (unsatisfactory). This differs slightly from last year when D was possibly passing but unsatisfactory.

Bennett said that the breakdowns on broad subject matter was being undertaken so that parents might be able to determine wherein a child is weak in reference to the over-all picture.

When Your Innards are Crying the Blues

WHEN CONSTIPATION makes you feel just as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on laxative innards, and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful sensitive laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use pepsin preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin.

INVEST IN DR. CALDWELL'S—the favorite of millions for 50 years, and feel that wholesome relief from constipation. Even finicky children love it. CAUTION: Use only as directed.

Two Injured In Fall From Ship

MAYPORT, Fla., Oct. 14. (AP)—Two men were injured today in a 20-foot fall aboard the SS Beloit Victory, enroute from Houston, to Bremen, Germany.

The ship put in here about midnight to get the men ashore for medical attention. Earlier a Coast Guard boat had transferred a doctor to the Beloit Victory to treat the injured men.

Capt. Charles Davis, master of the ship, said the injured men are William Forest of Galveston, and William Simpson of Nova Scotia (only addresses available). No information was available as to extent of their injuries.

JayCee President Asks Support For Truman Food Plan

BILLINGS, Mont., Oct. 14. (AP)—Support of President Truman's food conservation program was asked here last night by John Ben Sheppard of Longview, president of the United States junior chamber of commerce.

Speaking to more than 500 persons at a banquet, Sheppard said his endorsement was given "only because it is an emergency measure and something has to be done immediately to help feed starving people elsewhere in the world."

The Texas attorney was earlier inducted into the Crow Indian tribe and given the name "Leading Eagle."

Largest U. S. Flag Ever Flown Raised

NEW YORK, Oct. 14. (AP)—The largest American flag ever flown weighing 500 pounds—was raised today on the New Jersey tower of the George Washington bridge over the Hudson river.

It took 19 men using four machine winches to haul up the 60 by 90 foot flag on guy ropes weighing 5,000 pounds. Raised in celebration of Columbus day, the flag will be flown each holiday when wind velocity permits, the port of New York authority announced.

We're disappointed, too...

Most of us have been on various waiting lists for one thing or another longer than we like to remember.

Railroads are no exception.

The Texas and Pacific has been on a waiting list since May, 1945, when orders were placed for the new lightweight passenger trains.

These fine, new trains... the TEXAS EAGLE and the LOUISIANA EAGLE... were scheduled to be put in service in 1946. Here it is October, 1947, and we do not have a single chair car, diner, lounge or sleeping car!

To say that we're disappointed is putting it mildly. We had every reason to believe that long before now these modern EAGLE trains would be in service. You're probably disappointed, too, as you have a right to be, for we've told you a number of times that we expected to place these trains in service many months ago.

The equipment manufacturers are keenly disappointed, too. Their promises were made in good faith, but shortages of materials, work stoppages and other conditions have retarded production schedules. Time and again they've had to revise their delivery dates.

But now the manufacturers are confident they're over the production hump, and they say it won't be long before some of the cars will begin to roll. We now have their assurances that deliveries will start in November, 1947, and be completed in April, 1948... and the new cars will be placed in service as fast as they arrive.

To refresh your memory, there are 48 cars on order—sleepers, lounge and club cars, diners, chair cars and the usual complement of express, baggage and mail equipment.

We're extremely sorry that you've had to wait for these fine, new trains, but when you see and ride them, you'll agree they were worth waiting for.

It is reported that her father has set aside the equivalent of \$370,000 for the cost of the wedding and the reception following it. (AP Wire-photo).

ALL-VETS DAY

Nimitz Will Speak At Fair Ceremony

DALLAS, Oct. 14. (AP)—Chief of Naval Operations Admiral Chester W. Nimitz was to deliver an address here tonight highlighting the celebration of all-veterans day at the State Fair of Texas.

A ceremony honoring Texas congressional medal of honor winners will also be held tonight. Seven living Texans who won the nation's highest award for valor have accepted invitations to be present.

Fair officials were expecting more than 200,000 former servicemen and their families for the day.

Today will also be Denison Day and the town has closed its schools for the occasion.

Carswell, Jr., Fort Worth; Thomas B. McGuire, San Antonio; and Jack Lummus, Ennis.

"Dry dipping" is the odd name applied to a basic process in making leather soles strong and flexible.

Admiral Nimitz, a native of Fredericksburg, will speak tonight at 7:30 p. m. A message will also be read from Gen. Douglas MacArthur and Gen. Antoni Cardenas Rodriguez, chief of the Mexican Army Air Force, will speak.

Texas congressional award winners who will be honored are: Living: James H. Fields, Fort Worth; Audie L. Murphy, Farmersville; James W. Logan, Luling; Jose M. Lopez, Brownsville; John C. Morgan, Amarillo; Silvestre S. Herrera, El Paso; Marterio Garcia, Sugarland; Eli Whiteley, Georgetown; Lucian Adams, Port Arthur; Cleto Rodriguez, San Antonio; Manuel Gonzales, Fort Davis; Alexandro R. Ruiz, Barstow, and W. G. Harwell, Mercedes.

Dead: Jack W. Mathis, San Angelo; Lloyd H. Hughes, Corpus Christi; Charles H. Roan, Claude; William J. Bordelon, San Antonio; George D. Keathly, Lamesa; Jack L. Knight, Mineral Wells; Johnnie David Hutchins, Lissie; William Dean Hawkins, El Paso; Neel Kearzhen, Dallas and San Antonio; James L. Harris, Hillsboro; Robert G. Cole, San Antonio; Thomas W. Fowler, Wichita Falls; Raymond L. Knight, Houston; Truman Kimbro, Houston; Sam O. Dealey, Dallas; Turney W. Leonard, Dallas; Herman C. Wallace, Lubbock; Manuel Perez, Laredo; Horace

Cornerstone Laid In Church For Deaf

NEW YORK, Oct. 14. (AP)—A cornerstone laying ceremony in the sign language for 1,000 deaf persons featured services Sunday at the nearly completed \$100,000 St. Matthew's Lutheran Church for the deaf.

A sermon by the Rev. Dr. Arthur Brunn, of Brooklyn, was interpreted through signs by St. Matthew's pastor, the Rev. Floyd Possehl, who is not deaf.

The congregation, also using signs, recited the Lord's prayer.

AMERICA'S GREATEST POSTWAR MOTOR CAR VALUES!

The KAISER and the FRAZER

—AND THE LUXURIOUS NEW FRAZER MANHATTAN

The famous emblems pictured here identify two automobiles that are America's greatest postwar motor car values! You will see them everywhere because there are now more than 95,000 KAISER and FRAZER owners—and every month an additional 14,000 to 15,000 smart people who know values, snap up Willow Run's current production.

It is not surprising that Kaiser-Frazer has never yet been able to build enough KAISER and FRAZER cars to fill the demand. For the word has spread that these cars are priced "right"—that nowhere else can you find such postwar value! Take a look at what our owners say they are getting for their new car dollars! Some of their voluntary statements are in the lower left-hand corner of this ad. These quotations are typical of thousands just like them on file at the factory.

If you are interested in the best possible investment of your personal transportation money come and see these cars! Drive either one! Then you be the judge. You will say that you never enjoyed such a ride before—in any car at any price!

And—another nice thing—Willow Run is producing 3 cars every 2 minutes. We are getting our share and are delivering now!

Both cars are serviced with genuine factory parts—wherever you go—by one of the four largest automobile dealer organizations in the world.

READ WHAT TYPICAL KAISER AND FRAZER OWNERS SAY ABOUT THE VALUES THEY GET FOR THEIR MONEY

Exceptional Gas Mileage—"My Frazer has performed beautifully in the mountains. On exact test it delivers over 18 miles per gallon on mountain driving."—From a Greensburg, Pa., Manufacturer.

Ease of Control—"My Kaiser is the easiest car to handle that I have ever driven—and I have given it some pretty hard tests in snow and mud."—From an Inkster, Mich., Factory Worker.

Assuming Performance—"I average about 2,000 miles a month, mostly in the lumber country where the roads are plenty rough and rugged. The performance of my Frazer has not only satisfied me—it has amazed me."—From a Los Angeles, Cal., Lumberman.

Comfort—"For riding comfort, roominess, visibility in driving, ease of handling, and pick-up, my Kaiser is better than any car I have ever owned or driven. I have driven it 6,000 miles."—From a S. Hadley Falls, Mass., Architect.

Quality Construction—"Having been a fleet truck operator for 15 years, I feel qualified to say that the component parts in my Frazer are the best to be obtained. Car can't be beat for comfort and smooth handling. It's a pleasure to highly recommend it to interested prospects who ask me about it almost every day."—From a Greensboro, N. C., Wholesaler.

Dependability—"I have driven my Kaiser 16,000 miles in just 16 weeks with practically no

time out. It is my most important piece of equipment in traveling eleven southern states."—From a Dallas, Tex., Salesman.

Economy—"I now have 13,024 miles on my Frazer. I have the nicest riding car I ever owned and as for economy—well, I get as high as 25 miles to the gallon with the over-drive!"—From an Ida Grove, Ia., Real Estate Man.

Service—"Just returned from a 3,498-mile trip through Tenn., No. Carolina, So. Carolina, Ga., Fla., Ala., and La., and found Kaiser-Frazer dealers everywhere courteous, efficient and happy to have us stop—although we really did not need service. Thanks to our Kaiser, we had a perfect trip."—From a Stuttgart, Ark., Housewife.

The CHIROPRACTOR - and You
This is One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.
STOMACH TROUBLE. All forms of stomach trouble can be classed under two great divisions, namely, the organic and the neurotic. Organic disorders consist of those diseases which involve structural changes in the wall of the stomach. For example, ulcers of the stomach. Neurotic disorders are those conditions wherein the gastric juice is not normal in quantity or in quality.
These are often a confusing similarity between the symptoms of many forms of stomach trouble. A correct diagnosis is difficult to obtain. That is why one practitioner will often diagnose your case as one thing and another diagnose it as an entirely different condition. However, Chiropractic does not depend for its success upon a diagnosis of the case. The Chiropractor does not concern himself with whether the patient is suffering from gastritis, reptile ulcer or nervous dyspepsia.
THE CHIROPRACTOR KNOWS that something is wrong with the stomach; he knows that there are certain nerves supplying the stomach; and that these nerves branch out from the spine. He knows that these nerves must be free to carry nerve energy from the brain to the stomach, and that the only point along the entire course of the nerves where the carrying capacity can be interfered with is where the nerves emit from the spinal column.
So what does the Chiropractor do? He analyzes the spine, and where he finds a subluxation (a condition where the segments of the spine are not in proper alignment), he adjusts it with his hands and because of this adjustment the pressure (or pinching) is removed from the nerves supplying the stomach. Now the nerves can carry their vital energy in normal quality and quantity to the stomach and under those conditions disease cannot exist.
PERMANENT RELIEF. The relief which follows Chiropractic adjustments for stomach trouble or any condition of abnormality is not a temporary one, but permanent, because the cause of the disorder has been removed, and without cause there absolutely can be no disease.
FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you. Phone 418.

Jackson Urges Postmasters To Organize

LOS ANGELES, Oct. 14. (AP)—Postmasters "cannot ignore political factors as they arise," says Burris C. Jackson of Hillabro, chairman of the legislative committee of the National Association of Postmasters.
Jackson, first vice president of the association, spoke yesterday at the opening session of the organization's 43rd convention, attended by approximately 1,600 delegates.
He said the organization is not a political one and he hopes it never becomes political, but added: "You were appointed postmaster because of political endorsement x x x and postmasters cannot ignore political factors as they arise."
Jackson urged that postmasters "organize a national association as they have never organized before for the simple reason of self-protection."

Texas Has Record Crude Oil Output

TULSA, Okla., Oct. 14. (AP)—With Texas topping its previous all-time high, crude oil production in the United States for the week ended Oct. 11 averaged 5,280,680 barrels daily, an increase of 49,245 barrels over the previous week's output, and the country's highest ever, the Oil and Gas Journal reported today.
Texas production, which soared to a new record the previous week, was 18,250 barrels above that for daily average of 2,376,350 barrels.
Other gains included: Oklahoma, up 13,500 barrels to 402,300; Michigan, up 7,570 to 46,260; Illinois, 2,200 to 172,800; Louisiana, 5,675 to 452,050; and Montana, 3,290 to 25,250.
Largest declines were recorded by Mississippi, down 3,750 barrels to 98,380, and Wyoming, off 1,910 to 118,020.

FIRST DATE — Helress Louise Overall, 18, enjoys a bag of popcorn with Dick Werling, 18, a former schoolmate, at a theater in Los Angeles, Calif. This was her first date since she and her former sweetheart, George Gollum, were acquitted last week of murdering her parents. (AP Wirephoto).

Mexicans Seeking Flaming 'Object' NEAR CASETA

EL PASO, Oct. 14. (AP)—Mexican mounted troops today were to ride into the sandhills and mountains near Caseta, Mexico, seeking a mysterious flaming object which residents claimed soared over the town Sunday to explode in billows of smoke ten miles away.
Brig. Gen. Enrique Diaz Gonzalez, commandant of the Juarez garrison, last night sent a request to Maj. Gen. John L. Homer, commanding general of Ft. Bliss at El Paso, that U. S. military reconnaissance planes assist in the search for "the object."
The Mexican general suggested that the planes drop flares and otherwise guide the horse troops to any crater sighted.
Gen. Diaz Gonzalez led a search party in the range of mountains beyond Caseta, Colonia Reforma and Guadalupe yesterday. The search party took along metal-detecting instruments similar to mine detectors, but failed to locate the site of the reported explosion.
Caseta is just across the Mexican border from Fabens. The object was estimated to have landed about 15 miles southeast of El Paso.
At least four persons—three from Caseta and one from Colonia Reforma, about five miles from the border—reported they saw the flaming object. Many residents of Fabens and Colonia Reforma said they heard two explosions as the body apparently exploded.
Persons driving along the highway reported they saw smoke billowing from the mountains about the time of the explosion. "It went like a falling star, but it wasn't big enough to be a star," he said.
General Homer and other military officials established the object was not a military missile like the V-2 rocket that went wild and crashed in the same general direction south of Juarez Mexico, May 22.
Immigration service officials said there had been considerable blasting in the area.
An amateur astronomer, Oscar E. Monnig of Fort Worth, said yesterday it was his belief the object was "almost certainly a fireball 'meteor'."

CAMPAIGN FOR PRETZEL

ATLANTIC CITY, N. J., Oct. 14. (AP)—The pretzel is slated for a new cloak of dignity designed to bring it out of the barroom and into the kitchen.
The National Pretzel Bakers' Institute, opened its seventh annual convention here today, said it would undertake an educational campaign to give housewives a new twist on the food value of the humble pretzel.

Nationalists Gain On Chinese Reds

PEIPING, Oct. 13. (AP)—Counter-attacking nationalist troops, strongly supported by aircraft, drove Chinese communists from the Manchurian port of Yingkow and beat back Reds threatening Szeepingkai from the west, Chinese dispatches reported yesterday.
Nationalists, who a few days ago appeared to be losing the battle for Yingkow, were said to have dislodged the Red foothold within the city and to have sent the communists fleeing toward Tashihkia.

Coffin Will Head Fine Arts Colony

CORPUS CHRISTI, Oct. 14. (AP)—The writing workshop of the Corpus Christi fine arts colony June 2-15 will be headed by Robert P. Tristram Coffin, Pulitzer prize winner.
Mrs. Howell Ward, colony president, yesterday also announced that Jacob Getlar Smith of New York, will join the faculty along with Frederick Taubes, oil painter, and Silvio Sciotti, piano instructor at North Texas State College.

Friendly Quick Draw Contest Backfires

SEATTLE, Oct. 14. (AP)—A friendly contest in the quick draw of firearms almost ended seriously for two Laredo Marines yesterday.
Pvt. Hector Rocha, 20 (1917 Iturbide St.) was in the hospital today and Pfc. Eduardo Perez, 19, (3702 San Dario St.) was in the brig.
Lt. Cmdr. M. F. Sutdebaker, public relations officer, termed the shooting accidental and said it took place in a Seattle naval station barracks while the two were willing away a rainy day.
He said they decided to face each other in an oldtime western contest on speed of the draw. They had been issued 45 automatics as gate guards. Perez said he got a "bead" on Rocha and in the excitement accidentally pressed the trigger.
The pair enlisted in the Marine corps together about a year ago.

WANT FAST HELP from GETTING UP NIGHTS?

Here's good news for you folks who have to get up at night to pass water, have backache, too, because of minor functional kidney disorders.
Three generations ago, a famous doctor developed a medicine for this very trouble. Now millions have used it, often with amazingly fast, effective results. The medicine is Dr. Kilmor's Swamp-Root, made of 16 herbs, roots, vegetables, and balsams—truly nature's own way to relief. Instantly you take it, it starts to work flushing out kidneys... increases the flow of urine, helping to relieve excess acidity... so irritated bladder gets a good flushing out, too. Caution: Take as directed. You'll say it's marvelous.
For free trial supply, write Dept. D, Kilmor & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

CUT YOUR TRAVEL COST
Wabash Tickets Between St. Louis and Detroit are honored via Chicago in either direction.
So I Can Do Business in all Three Cities at the Cost of a Round Trip To Detroit.
Use the Wabash Triangle Service
CONVENIENT DEPARTURES MORNING, EVENING OR NIGHT FROM ST. LOUIS-CHICAGO-DETROIT
Leave Chicago for Detroit at 9:15 a.m., 4:15 p.m., or 11:50 p.m. any time in the next few days.
Complete your "triangle" trip by leaving Detroit for St. Louis at 8:05 a.m. or 8:00 p.m.
You can make your "triangle" trip from St. Louis to Chicago to Detroit... and directly back to St. Louis... Or you can go via Chicago in both directions... Or you can go from St. Louis directly to Detroit and return via Chicago.

Million Dollar Daydreams (EVER HAVE 'EM?)

Just about everybody has had daydreams about suddenly and unexpectedly getting a lot of dough. Unfortunately, however, the chances are a million to one that they'll never come true.
If you want to get yourself a nice hunk of change, the only sure-fire way to do it is by saving—and saving regularly.
What's the best way to save regularly?
By buying U. S. Savings Bonds—either on the Payroll Plan, or the Bond-A-Month Plan for bank depositors.
When you sign up for these plans, your money is invested regularly—automatically.
U. S. Savings Bonds are the world's safest, soundest investment. And in just 10 years, they'll pay you \$4 back for every \$3 you put in.
Sign up today for one of these bond-buying plans; and in years to come your other daydreams—of building a home, or buying a farm, or sending your kids to college—can and will come true!

Save the easy, automatic way—with U. S. Savings Bonds

Governor Of Oklahoma Has Champion Bull

DALLAS, Oct. 14. (AP)—T. Royal Rupert 185th, two-year-old 1,800 pounder from the ranch of Governor Roy Turner of Oklahoma, won the Hereford bull championship in the State Fair of Texas livestock show.

The reserve champion bull, Prince Publican 7th, was shown by Largent & Stevens of Merkel. Both are named yesterday as the show entered its second week.

F. D. Jones Hereford ranch of Elmore showed the champion steer in Rusty, a 1,000-pound yearling. The reserve champion was Sir Spencer, exhibited by Texas Technological College.

In the sheep arena entries of J. O. Heath and Jim Heath of Argyle and W. E. Crouch of Washbahe scored heavily in the Rambouillet division. In the Delaine Merino division class winners were shown by C. F. Sappington of Talpa; Owen Bragg of Talpa, and Clyde Gilmp of Lometa.

The Hereford show continues today, and there will be judging in Hampshire and Southdown sheep and in Angora goats.

Sports Magazine Features Article On Gloria Strom

An article and full page picture of Gloria Strom, Big Spring, were featured in this month's edition of the Woman Golfer, a magazine published at Greensboro, N. C.

The story, "Out of the Southwest Storms Gloria Strom," concerns the young co-ed's feats in the tournaments in which she has competed to date and enters into a discussion of her possibilities as a championship golfer.

Gloria, now in the University of Texas, recently won the Big Spring Women's City tournament.

LAVERNE ROACH FIGHTS TONITE

NEW YORK, Oct. 14. (AP)—Laverne Roach, the "fighting Marine" from Plainview, Tex., continues his campaign for a Madison Square Garden main event appearance when he takes another whirl around the neighborhood club circuit tonight.

Roach, who recently scored an impressive victory over Billy Arnold, Philadelphia lightweight, is matched with Jack Kenny of Livingston, N. J., in the 10-round feature on tonight's card at Broadway Arena, Brooklyn.

Kenny, who began fighting professionally about the same time Roach started his pro career a year ago, has won seven, four of them by knockouts, and lost two in recent ring appearances.

Freak Tornado Hits Farms Near Fabens

EL PASO, Oct. 14. (AP)—A hail storm and freak small tornado caused severe damage to the cotton and alfalfa crop in the Fabens, Tex., area yesterday.

Hailstones as "big as walnuts" all but destroyed the alfalfa fields of farmers Lee Baker, Frank Owens, Raymond Myers and L. P. Shafer.

Light hail also fell in El Paso shortly after noon.

The freak tornado struck a barn on the Baker farm and lifted off the roof.

Crash In Sweden

STOCKHOLM, Oct. 14. (AP)—Railway officials reported today at least 14 persons were killed and eight injured when a bus collided with a passenger train at a crossing six miles south of Karistad in central Sweden.

Charges To Be Filed Against Murder Suspect

LAMAR, Colo. Oct. 14. (AP)—District Attorney Gordon Allcott said charges will be filed against a Keyes, Okla., man who gave himself up a few hours after two brothers were found shot fatally near Springfield, Colo.

Allcott identified the man as Thurman Glover of Keyes. He said Glover gave himself up at Texhoma, Okla., Friday, and had been moved quietly to the Lamar jail. The charges will be filed at Springfield.

Earl Wilson, 40, was killed instantly by four bullets in the body. His brother, Lucian C. Wilson, 38, of Odessa, died in a hospital Sunday night of a bullet wound in the brain.

Earl and another brother operated a restaurant in Pritchett, Colo., and Lucian was visiting them. The men were found slumped in the front seat of their automobile.

Allcott said that Glover was a painter who had done some work for Earl Wilson at Pritchett.

Help Of Law Is Asked In Strike

TEXARKANA, Ark. Oct. 14. (AP)—The Arkansas governor has been requested to send a group of state police here to assist in maintaining order in the current strike by the United Mine Workers union against the Texarkana Cotton Oil Company, Sheriff W. E. Davis announced.

Davis said yesterday he hoped his precautions would not be necessary but that he did not intend to take any chances of further violence in the strike.

Three union organizers were recently bound over to the Miller county circuit court on \$5,000 bond each in connection with the beating of a Negro employee of the company with a chain. The employee had crossed the UMW picket line.

Part Of Hospital Land Is Condemned

DALLAS, Oct. 14. (AP)—Condemnation of 17.83 acres of land on the campus of the proposed Southwestern Medical Center for a 500-bed veterans administration hospital has been ordered by U. S. District Judge William H. Atwell.

The Veterans Administration yesterday deposited \$93,540 as its estimate of what the land is worth. The veterans hospital will cost in excess of \$5,000,000.

Priest Is Expelled From Yugoslavia

TRIESTE, Oct. 14. (AP)—Reports reaching Trieste today said Msgr. Francesco Mocnik, apostolic administrator for Gorizia province areas now part of Yugoslavia, had been expelled from Yugoslavia for the second time in a month.

Parts of Gorizia province passed from Italy to Yugoslavia under the Italian peace treaty.

DENTAL MEET

TYLER, Oct. 14. (AP)—The East Texas Dental society will conclude its 17th annual mid-year convention here today.

JIMMY STEWART RECEIVES AWARD — Jimmy Stewart, motion picture actor of Hollywood, receives the Philadelphia "Commerce and Industry Award" from Pennsylvania's Governor James H. Duff, at a dinner in Philadelphia celebrating "Pennsylvania Week." The award was presented by Gov. Duff on behalf of the Philadelphia Chamber of Commerce to Stewart for the "Pennsylvanian who has contributed most to his industry." (AP Wirephoto).

Warning Is Issued On Rent Violations

Landlords who collect increases in rents up to 15 per cent without entering into a valid written lease agreement with their tenants are violating the Housing and Rent Act of 1947 and are subject to its penalties for charging more than the maximum legal rent, Don W. Seale, area rent director of Big Spring, warned today.

Seale said he was calling attention to the lease increase provisions of the Federal rent law because reports have been reaching his office that some landlords have increased rents, without executing a written lease.

The law provides that rents may be increased up to, but not more than, 15 per cent if landlords and tenants "voluntarily enter into a valid written lease in good faith."

Such leases will be effective only if they are in writing and signed by both the landlord and tenant on or before Dec. 31, 1947, Seale reminded. Such a lease cannot expire before Dec. 31, 1948, and a copy of it must be filed with the area rent office at 603 Petroleum building within 15 days after date of execution.

The important point for tenants and landlords to remember is that under specific provisions of the law the lease must be written, Seale said. The reason for this provision, he pointed out, is that the tenant who agrees voluntarily to an increase up to 15 per cent, in return is given the specific right by the lease to live in the same quarters without a further rise in his rent at least until after the end of the next year.

Priest Is Expelled From Yugoslavia

TRIESTE, Oct. 14. (AP)—Reports reaching Trieste today said Msgr. Francesco Mocnik, apostolic administrator for Gorizia province areas now part of Yugoslavia, had been expelled from Yugoslavia for the second time in a month.

Parts of Gorizia province passed from Italy to Yugoslavia under the Italian peace treaty.

OUT AHEAD IN New Cab Comfort

Better Looking... Better Riding
Better Built and A Better Buy

Above—Grilles are protected and reinforced by bars of heavy bumper stock. They are frame-mounted and angle-braced.

Center—Seats are adjustable 3 1/2 inches. Thick upholstery and 72 individually-wrapped springs assure extra comfort and long wear.

Below—Cabs are ventilated by a circulating fresh air system equal to the finest cars. Forced air heating and defrosting are also available.

New light and medium duty GMCs lead the field with a long list of outstanding comfort features.

For roominess, there's more leg room, hip room and elbow room. For riding comfort, there's the 3-point cab mounting with rubber stabilizers... adjustable seat with nearly double the number of springs... scientific insulation and soundproofing. For visibility, there's 22% more area in windshield and windows. For ventilation, there's a revolutionary fresh air circulation system.

Add to all these comfort features the distinctively styled, rugged new front end design... war-proved and improved engines... stronger and sturdier chassis... and you'll appreciate why the new GMC is truly The Truck of Extra Value.

TRAIN ROBBERS GAS PASSENGERS

BUCHAREST, Romania, Oct. 14. (AP)—A band of thieves put all the passengers in a railway carriage to sleep by using gas last night and robbed the night train from Bucharest to Iasi, the newspaper Natiunea said today.

When the passengers woke up this morning at Iasi station they found all their luggage gone.

Germans To Be Represented In Lichter Suit

HOUSTON, Oct. 14. (AP)—Two U. S. Attorneys will represent 27 Germans living in the American occupation zone in Germany in a suit over the estate of the late Frank A. Lichter in civil district court here Oct. 27.

Lichter, a native of Germany, died here 11 years ago. His will provided that the estate should go to "my heirs" after the death of his widow, who died last year.

Attorneys said this will superseded one in which Mrs. Irma O'Pry of Houston, Lichter's step-daughter, was designated as the heir after Mrs. Lichter's death.

Mrs. O'Pry is attempting to obtain a court ruling that the term "my heirs" refers to her.

Lichter left an estate of \$1,500 in a Tomball bank and royalties in the Bammel gas field.

U. S. District Attorney Brian Odem and his assistant, Fred Leigh were appointed by Attorney General Tom Clark to represent the German residents, who were found to be relations of Lichter by Attorney Paul Strong.

Tops in style! Tops in quality! Tops in low-cost performance!

Studebaker's glamorous postwar Commander

LOWER AND WIDER!
America's new kind of quality car

Mc Donald Motor Co.

206 JOHNSON STREET

HERE'S the automobile that you've always hoped someone would build—the dramatically different, low, long, luxurious postwar Studebaker Commander. It's brilliantly engineered and soundly constructed to give you top quality performance. Take nothing less than this low swung, roomy postwar Studebaker Commander if you're buying a new automobile and want the finest.

Light Up---Cheer Up

ALL THE LAMP BULBS YOU NEED ARE AVAILABLE NOW!

Plenty of bulbs in all types and sizes will provide Better Light for Better Sight. With shorter days and longer nights ahead, it's time to stock up on your bulb supply. It's also a good time to check your home lighting. You'll probably be surprised at the number of empty sockets and the many places where light is inadequate. Empty sockets are useless and wrong size bulbs mean poor lighting as well as eyestrain.

Fill EMPTY SOCKETS

Fix the bulbsnatchers in your family by filling all empty sockets and replacing burned out bulbs. With the supply of bulbs plentiful, there's no need for blacked-out halls, closets or corners anywhere in the house.

Use RIGHT SIZE BULBS

For easy, comfortable seeing, use the proper size bulb for the lighting job to be done. Make sure that every member of your family has the best light possible for work, study or recreation.

Buy SPARE BULBS

For your own convenience, buy lamp bulbs by the half-dozen or dozen. Burned out bulbs can be replaced easily and quickly when you have an assortment of spares on hand.

Most stores sell Lamp Bulbs — put them on your shopping list today.

TEXAS ELECTRIC SERVICE COMPANY

STRAN-STEEL "Quonsets"

All-steel construction — easy to erect, easy to maintain, attractive in appearance. Used widely on farms, in business and industry for many purposes. Fire-safe and durable; will not sag, warp or rot. Low-cost, permanent construction. Call for information.

LOOKING 'EM OVER

With TOMMY HART

Appearing in the 1947 edition of the magazine PRO FOOTBALL ILLUSTRATED, which is appearing on the newstands now, is an editorial written by Publisher F. T. Kable concerning the fight between the National Pro League and the All-American Conference.

Since it brings into sharper focus a backstage battle that has been going on for two or three years, we're picking up excerpts from it for the benefit of the readers, who may be at a total loss to understand the friction:

"A sports squabble, such as the current one in professional football, is not a pretty or a pleasant thing. Furthermore, it is a simple and undeniable fact that wrangles of this kind do not involve the sport itself but are purely struggles for money, power and control that are associated with it.

"We have contended, and justly so, that the friction which exists between the National Football League and the All-American Football conference, is a matter to be settled by the two principals, to gain or lose by their own action . . .

"In the current squabble between the two leagues, thousands upon thousands of fans can't understand why the NFL didn't and still doesn't welcome the AAFC. They see in two leagues a natural rivalry as amply proved in baseball. They say this is a big country and if other cities want big league football they should have it and they are convinced that the AAFC is here to stay . . .

Until 1933, the NFL was satisfied to decide its championship upon a percentage basis. Then the circuit was divided into two divisions, East and West, forming in effect two leagues within the league for a playoff for the title, the success of which needs no recounting. Thus the league itself recognized fifteen years ago the need for opposite setups and achieved it geographically within itself.

"From time to time in recent years, other cities have petitioned the NFL for franchises and they were turned down but, had some of them been accepted, professional football in all likelihood would still be exclusively the NFL with seven or eight clubs or cities in each division instead of the five today.

"The senior circuit (probably) felt that the AAFC generally would be a losing proposition for its backers, the first season for sure, and in all probability the second, and that the new conference would fall to answer the bell for its third campaign.

"So far, this calculation has proved correct in part. The AAFC did lose money last year despite the upsurge in interest and despite its consequential increase in revenues it is doubtful that the backers will get even on their outlay this season. . . but there is no indication whatever that the AAFC will collapse after the current season. Quite to the contrary, all signs point to the exact opposite.

"In the meantime, the NFL, generated by chagrin, spite and no small amount of anger, has pulled every trick out of the bag while resorting to subterfuge to thwart the progress of the AAFC. All of which can be checked off to human behavior, for no longer can the NFL make salary offers on a take-it-or-leave-it basis; no longer can it post the names of leading candidates upon the draft board with the assurance that when the time comes to sign players, the players will be on hand and no longer can the clubs bid against each other for some potential star. They must now bid against an outside party, another league. . .

"The unanimous sentiment expressed by (fans) is that the leagues get together. . . Should the NFL elect to carry on its resistance, it has a precedent in baseball when the National league fought recognition of the American in which the National's bullheaded attitude cost fortunes, almost wrecked the organized game and, caused among other things, two famous characters, erstwhile friends, to go to their graves with bitterness in their hearts.

"But out of it emerged major league baseball, two leagues side by side in friendly accord and rivalry as the greatest sports organization in the world. This can be achieved in football without undue cost and sacrifice. . .

"In the talks all right, but all we ever talks about is the good used cars at MORRIS CLANTON'S

Cubs Throttled Lamesa, 33-7

Let the dead past bury the dead was the attitude taken by the Big Spring high school football team in its initial practice of the week Monday afternoon.

The Bovines last Friday lost their third game in four starts, that a 6-0 decision to underdog Lamesa, but, in the words of Coach Pat Murphy, "all that is behind us."

The team has a job to do this weekend. Brownfield's Cubs, a salty aggregation from District 1AA, is coming to town Friday night and Murphy is seeking to prime the team physically and mentally for the test.

The Brownfield crew almost blew Lamesa off the field several weeks ago, winning a 33-7 decision.

However, Murphy and his cohorts feel, and not without reason, that his troops would have humbled the Lamesans, too, had Harold Berry been able to play. Berry, ace quarterback didn't even suit out. He was taken ill Sunday, Oct. 5, and never had a chance to work all week.

Berry reported back to work yesterday and the team took on a new spirit. The Steers are an entirely different looking ball club with Berry in there and make no bones about it.

The team will be on the rebound this week, what with Berry and Moe Madison in top shape again. Murphy's gang is already out of the running for the District 3AA gonfalon, having taken two league defeats, but it aims to tear up someone's playhouse and has designs on starting with Brownfield.

Texas Offense Rated No. One

DALLAS, Oct. 14. (AP)—The University of Texas has taken over leadership in both offensive departments of Southwest Conference football, rolling up 901 yards on the ground and 583 in the air for a total of 1484—an average of 371 per game.

Arkansas is second in total offense with 1179 yards. Texas Christian has replaced Arkansas as the defensive leader, allowing an average of 128 yards per contest. Bay is second with 130.

Ken Holland of Arkansas tops the ball-carriers with 263 yards on 29 runs, with Doak Walker of Southern Methodist second with 252 on 45 carries and Clyde Scott of Arkansas third with 237 on 51 tries.

In passing it's Bobby Layne of Texas by a wide margin. Layne has pitched 39 times and connected on 25 of them for 491 yards. Stan Holmigg of Texas A. and M. is second with 277 yards on 21 completions in 49 throws.

Byron Gilroy of Texas has caught eight passes for 179 yards to lead that department. Holmigg has the best punting average among those kicking 10 times or more with 48.1 on 24 boots. Ed Green of Southern Methodist is second with 44.5 on 10 kicks.

Lindy Berry of Texas Christian has run back 19 punts for 285 yards but the best average is held by Bob Goode of A. and M. who has returned four kicks 28.2 yards per.

Arkansas is second in total offense with 1179 yards. Texas Christian has replaced Arkansas as the defensive leader, allowing an average of 128 yards per contest. Bay is second with 130.

Abbott Gathers Most Laurels At Pat's Barn

Before the biggest house of the fall wrestling season, Bill "Ace" Abbott and Gene Blackley, both from Abilene, scored victories at the Big Spring Athletic club Monday night.

Abbott was a winner all the way. He initiated the program as a crooner, singing three songs that were well received. He next wound up as a finalist in a rattle royal cooked up by Mrs. Ruth O'Dowdy, acting promoter. Then he clobbered the chops of Sailor Parker in the grand finale.

Tiger Billy McEuin found himself on the outside looking in, in the rattle royal, the other four principals ganging up on him to lay him low. Apparently, none cared to do business with William as a partner.

Kenny Mayne was next to bite the dust, a development which left two villains—Blackley and Parker—in the ring with Abbott.

A hasty conference between Parker and Blackley in the corner of ethroped square sized up the situation immediately thereafter. From the confab obviously came the decision to let one heavy at Abbott and the other at Mayne.

That much accomplished, Blackley gave up with only token resistance to get at Mayne. He then proceeded to bounce Kenny around the ring but Parker bit off more than he could chew. Abbott flattened him in short order.

That much accomplished, Blackley gave up with only token resistance to get at Mayne. He then proceeded to bounce Kenny around the ring but Parker bit off more than he could chew. Abbott flattened him in short order.

That much accomplished, Blackley gave up with only token resistance to get at Mayne. He then proceeded to bounce Kenny around the ring but Parker bit off more than he could chew. Abbott flattened him in short order.

Michigan Replaces Irish At Top Of Football Poll

Longhorns Land In Third Spot

NEW YORK, Oct. 14. (AP)—Michigan, voted the nation's number one college football team in the Associated Press weekly poll, probably will face the stiffest opposition of the top ten this Saturday when the high-scoring Wolverines clash with Northwestern in a Western conference game.

Although Michigan is expected to make it four straight wins, Northwestern is no pushover by any means. The Wildcats have won only one out of three, but that was a stunning 27-26 upset of the powerful UCLA eleven.

The Wolverines, who romped to a 69-0 victory over Pittsburgh last Saturday, received 93 first place votes, 29 seconds and a total of 1,258 points from 131 sports writers throughout the nation.

Notre Dame, which fell from the top to second place, is not expected to have much trouble with Nebraska next Saturday. The Fighting Irish apparently lost some prestige in their 22-7 victory over Purdue and received only 23 first place votes to place second with 1,103 points.

Only four others of the top ten will see action over the weekend. California, fourth top team, meets Washington State, Illinois, sixth after its scoreless draw with Army, meets strong Minnesota in another Western conference struggle. The Gophers placed 13th in the poll. The Illini received only one first place ballot but managed to nose out the Cadets for sixth place, 529 points to 476.

Unbeaten and unscored upon Pennsylvania, eighth in the ratings, meets Columbia in the outstanding game in the east. Surprising Vanderbilt, whose 218 points just put them in the select ten, opposes Kentucky, conqueror of Georgia, in a Southeastern skirmish.

Texas, the Southwestern power, garnered 10 first place votes to place third with 926 points. The Longhorns were followed by California, 674; Georgia Tech, 623; Illinois, Army, Pennsylvania, 395; Penn State, 236 and Vanderbilt. Thirty teams figured in the balloting.

Texas, the Southwestern power, garnered 10 first place votes to place third with 926 points. The Longhorns were followed by California, 674; Georgia Tech, 623; Illinois, Army, Pennsylvania, 395; Penn State, 236 and Vanderbilt. Thirty teams figured in the balloting.

NIMITZ MAY RETIRE SOON

DALLAS, Oct. 14. (AP)—The Dallas Times-Herald today quoted fleet Admiral Chester W. Nimitz as saying he will retire as chief of naval operations in mid-December.

Admiral Nimitz also said that he has recommended his successor to President Truman, but said he was not at liberty to divulge the name as yet.

HURRICANE MOVES
Gales, High Tides Hit North Carolina

HATTERAS, N. C. Oct. 14. (AP)—Gales and high tides hit the North Carolina outer banks today and cut telephone communications with the mainland as a tropical hurricane passed 130 miles due east of Hatteras.

The Coast Guard said it had little fear however, for the safety of residents along the sparsely populated strand, as the 40 to 50 miles an hour winds lashing it were not unusual. The storm had caused millions of dollars of flood damage on the lower east coast of Florida.

Army Chaplain Speaks Here

Chaplain Capt. E. A. Burgess, who has been assigned to duty with the Military Personnel Procurement section with the Fourth Army in order to conduct liaison work between civilian organizations and the Army, has arrived in town for a series of appearances before local service clubs.

Capt. Burgess' first engagement was to be before the regular Tuesday luncheon with the Big Spring Junior Chamber of Commerce at the Crawford hotel. He is also committed to fulfill a speaking engagement over KBST at 3:30 o'clock this afternoon.

The chaplain will meet with the Lions' Club at noon Wednesday in the Crawford and speak during an evening service at the East Fourth Baptist church tomorrow night starting at 8 o'clock.

At noon Thursday, Burgess will appear before the Kiwanis club in the Crawford and Friday will fulfill a similar engagement with the ABC Club.

In all talks, Chaplain Burgess will present the religious aspects of Army life.

Ordained as a Baptist minister in 1932, Burgess became an Army chaplain in 1942 after holding pastorates in Texas and Louisiana. He served two tours of duty overseas, the first of which began in October, 1943, when he went to the Pacific theater with the 40th Infantry division. In Hawaii, he was transferred to the 165th Station Hospital and remained for 19 months before returning to the state in July, 1945.

His second tour was in Italy as a regimental chaplain for the 350th Regiment, 88th Division. He returned from Italy last January.

Guy Cravens Is Honored By Railroad

Guy Cravens of Big Spring will be one of 73 members of the T&P 40-Year Veterans and Retired Employees Association to make a trip to New Orleans Friday as guests of the railroad.

Occupying space in three pullman cars, the group is scheduled to leave Marshall at 9:45 p. m. Friday. After arrival in New Orleans, which is scheduled for early Saturday morning, the party will make sight seeing tours and participate in other activities.

Meals will be served in a special dining car, which, along with the Pullmans, will be parked at the T&P-Missouri Pacific station in New Orleans to serve as headquarters for the party.

A feature of the Saturday activities will be a three-hour trip on the Mississippi River aboard the five-deck river liner, The President.

All members of the party will travel from Marshall to New Orleans on a "blanket pass" and expenses for all meals in the dining car and for bus and taxi fares during the tours will be assumed by the railroad. The return trip to Marshall will begin at 11:30 p. m. Saturday.

Magnolia No. 1 Drills Ahead

Magnolia No. 1 Guy Guffee, northeastern Howard deep wildcat, drilled ahead at 8,316 feet in an unannounced formation Tuesday after returning only drilling mud on a drillstem test from 8,239-76.

Two previous attempts to test a stained section thought to be in the Mississippi failed when packer failed to hold. There were no returns but mud when the test was run. Location is in section 58-20, LaVaca.

Ralph U. Fitting, Jr., Midland, was reported moving materials for his south outpost in the Howard-Glasscock area. The test is a mile and three-quarters south of Forsan and just over in Glasscock county, 950 feet out of the northwest corner of the southeast quarter of section 158-29, W&NW. It is 3,000 feet south of nearest production.

Russell Maguire No. 1 J. W. Fryar, in the northwest quarter of section 4-33-1n, T&P, a 3,150 wildcat seven miles north and two west of Big Spring, reportedly spudded.

Five Plead Guilty

Five persons charged with drunkenness entered pleas of guilty in justice court this morning and each was fined \$1 plus court expenses.

They were Milton Clark, Alfred Holland, Jack McVain, Larius Barber and Dennis Brunson.

Use of the rose ornament on a shield was a privilege granted to their greatest warriors by the Roman emperors.

Markets

COTTON
NEW YORK, Oct. 14. —Cotton futures at 11:55 a. m. were 1/8¢ higher than the previous close, Oct. 31-84, Dec. 31-80 and March 31-84.

WHEAT
NEW YORK, Oct. 14. (A. P.)—Industrial stocks generally edged forward in local markets under leadership of steel and aircraft but rails continued apathetic.

GRAIN
Chicago, active at the start on the accumulation of orders over the Monday holiday, soon slowed. Advances fractions to a point or more prevailed near midday.

MEATS
The bulk of the early buying as attributed to the belief that the list recently had undergone a consolidation and was in technical shape to resume the push. Growing demand for steel and expectations of further government aviation contracts aided these groups. Carriers were unresponsive to the interim freight rate increase which became effective yesterday.

BONDS
Bonds were narrow and cotton futures higher.

LIVESTOCK
FORT WORTH, Oct. 14. (A. P.) — CATTLE: 4,200; calves 2,300; mature cattle generally steady; trade more active; some cows stronger; calves much more active and mostly steady to strong on the better grades; commoner kinds steady; good fed steers and yearlings 17.00-20.00; lightweights stopping around 18.00; common to medium calves 10.00-12.00; stocker calves yearlings and steers mostly 14.00-21.00; some choice 500 lb yearlings topping at 22.25; stocker cows 14.00 downward; some 400 lb cows 14.00.

HOGS
700; butchers active, mostly steady with Monday's prices; pigs unchanged; top 29.25 paid for good and choice 190-270 lb butchers; good and choice 160-185 lb 28.75-29.00; sows 28.00-27.50; stocker pigs 18.00-25.50; stags 18.00-19.00.

SHEEP
6,000; trade slow; slaughter lambs about steady yearlings scarce; seed sheep steady to 25 cents lower; some good feeder lambs steady; most bids on feeders unevenly lower; medium and good slaughter lambs 17.00-20.00; stocker and feeder lambs mostly 12.00-17.00; ewes at 5.50-7.50; better kinds absent.

Weather Forecast

Dept. of Commerce Weather Bureau

GOAT TAKES OVER AIRPORT

An ancient billy-goat, which gave employees of the American Airlines here a merry time Monday afternoon, was rounded up by members of the sheriff's office and taken to the West Texas Auction barn for safekeeping.

The oldest, whose physical makeup looked all the more ominous because of a set of long horns, ambled into the AA office and became the center of attraction for several minutes or more.

Apparently he later became curious about the runway for he had departed the station by the time the officers got there.

The owner can claim him at the auction barn.

The Cullinan, largest diamond in the world, discovered in 1905, weighed one and three-quarters pounds.

Rites Set For Noble Frost

Funeral for Noble Sylvester Frost, 89, who died in his home at O'Donnell on Monday evening, was to be held at 4 p. m. today at the Church of Christ in O'Donnell with Arthur L. Golden, minister, officiating.

Mr. Frost had been a resident of West Texas since 1901. He leaves one son, Clyde Frost, O'Donnell, four grandchildren and three great-grandchildren.

Funeralbearers were to be Harvey Castleberry, J. N. Christopher, C. V. Morrison Ernest Harris, Charles Cathey, C. J. Beach, all of O'Donnell. Nalley Funeral home of Big Spring was in charge of arrangements.
