STEEL PILING BEING DRIVEN BELOW CORE OF DAM

Under the terrific pounding of a pile driver, steel sheet piling is being driven in the bottom of the core trench of the Moss Creek dam, eight miles southeast of Big Spring. The piling, varying in lengths from 11 feet to 42 feet, is being pushed past the bottom of a creek channel created thousands of years ago, thus shutting off an underground movement of water. Engineers believe that when the piling, which interlocks, is in place, the water which now flows through the subterranean stratum will rise to the bottom of the lake and offset loss through evaporation. The formation into which the piling is being driven is hard enough that it requires as high as 129 blows from the 3,000 pound hammer to drive a distance of 10 inches. Longest piling is due to be driven the latter part of this week. (Photo by Kelsey).

Tax Deadlock May Be Broken Soon

Senate Sub-Committee Expected To Make Report Early This Week

AUSTIN, April 22 (AP)—Another week has slipped by without even a dent in the old age pension taxation deadlock between the two branches of the Texas legislature but there are definite signs that a new move is only a few days away.

Rep. B. T. Johnson of Fort Worth, member of a sub-committee preparing a substitute for the sales-natural resource tax constitutional amendment approved by the senate, said the group probably would make its recommendation Monday or Tuesday.

A sub-group of the senate state affairs committee is due to report Tuesday night on a house bill levying a 1 per cent gross receipts tax on retailers and smaller taxes on wholesalers and money-lending concerns. Sen. Doss Hardin of Waco stated a majority of the group would recommend passage of the proposal provided exemptions to merchants with gross receipts of less than \$45,000 a year were removed.

If the legislature would follow the suggestion of the constitution it would quit work May 9 but indications were it would stay at least until May 13 and possibly until the latter part of next month.

With the "new tax" question temporarily shunted aside, the lawmakers made good progress this week on other major legislation. Aside from lawmaking, an important action was the senate's rejection of multimillionaire J. M. West of Houston, O'Daniel's third choice for the chairmanship of the highway commission. Some observers believed the governor during the coming week would make a fourth "try" to satisfy the senate on a highway commission appointee.

The fate of several controversial bills was uncertain. High on the senate calendar were the so-called "barons" bill and the bill to amend the constitution to provide for a referendum on the issue of whether the state should have a state flag.

Everyone who possibly can and who is the least bit interested ought to plan to attend the opening game here Thursday. It would be a fine gesture of support for the Barons to have a record crowd rooting for the home nine.

If you are interested in the unusual you probably can view the municipal dam construction in its most interesting stage this week at Moss Creek. The driving of steel sheet piling is fascinating to all, especially the uninitiated.

Now that the engineer's report is to be made to the county commissioners court on prospective routes to the dam, perhaps we may look forward to some active steps in that direction. It is, and will continue to be, a

Debaters Win Their Way To State Finals

It was another triumphal return Saturday for Big Spring high school's girl debaters.

The two—Nettjean, Carter and Jacqueline Faw—added a regional championship to their many laurels, copping first place in the interscholastic league event at Abilene. A week ago, they won their way to the regional competition with a first place ranking in the district meet at Sweetwater; and, in another two weeks, will go to Austin to represent a wide West Texas area in the state championship debates.

Only four teams advanced to the regional competition at Abilene. Nettjean and Jacqueline downed a Haskell team in the first round, then defeated Brownwood in the finals. Their subject is the state sales tax, and against Haskell they had the affirmative side of the question; against Brownwood they defended the negative.

The Abilene victory was another on a fine record compiled by the two girls this year, under tutelage of Eloise Haley, debate coach. Nettjean is the daughter of Mr. and Mrs. C. E. Carter; Jacqueline the daughter of Mr. and Mrs. H. S. Faw.

Not faring so well in the regional competition were Helen Hurt and Delavina Magee, typists. The former typed 113 words with 13 errors for a score of 136.19, but was slightly under Abilene, Brownwood and Eastland students who won the right to go to the state.

CITY BUDGET, AUDIT WILL BE STUDIED

The city commission will go into regular session Tuesday evening and then adjourn until Thursday to take up consideration of the proposed budget for the fiscal year and to study the audit report made by McAlpine and Carter, Dallas auditors.

9-Cent Price Foreseen For This Year

WASHINGTON, April 22 (AP)— President Roosevelt and southern senators patched up their quarrel over a cotton export subsidy today by agreeing on a bounty of about 2 cents a pound on both raw cotton and manufactured cotton goods sold abroad.

Senator Bankhead (D-Ala.), who served as pacemaker in the dispute that threatened to deadlock senate action on all farm legislation, announced the compromise after a secret conference of the senate cotton bloc.

Trash Pickup To Continue This Week

With the city-wide clean-up campaign apparently producing results, the free collection of trash by municipal trucks will continue this week.

Residents were urged to clean their premises and have trash collected in sacks or handy containers in the alleys to facilitate collection of the rubbish.

On Monday the trucks will continue in the East Ward territory. Tuesday and Wednesday they move to the South Ward district, on Thursday and Friday to the College Heights area. Collection will be continued in the West Ward sector on Saturday and the following Monday. On May 2 and 3 the pick-up swings to the North Ward section and will be concluded on May 4 and 5 in the Mexican quarter.

Criminal Cases Slated For Trial

Seventeenth district court swings into its second week here Monday with the hold-over criminal docket on tap.

District Attorney Martelle McDonald indicated that the state would announce ready on the half dozen cases due to come up for a hearing. In event the criminal docket is cleared before the end of the week, District Judge Cecil Collins has a brace of civil suits ready.

Additional arrests were reported by the sheriff's department Saturday on indictments returned by the grand jury in its initial report of the term.

Capias were returned on Thomas Lujan, Julian Subis and Cayetano Chabarras, charged with chicken theft, and Bert Chandler, billed for assault with intent to murder.

Roads To Lake Are Surveyed

Four routes for a road to the Big Spring municipal lake on Moss Creek will be submitted to the county commissioners court this week.

J. A. Pruitt, member of the engineering firm of Pruitt & French, said Saturday that a preliminary survey of the section had been completed and tentative routes had been outlined.

Most feasible, according to the report, appeared to be one from the old highway No. 1 at a point near Sand Creek in a southeasterly direction to the dam. The route offers the best crossing of Beals Creek, is shorter (only about 2 1/4 miles long) and is most scenic.

WOULD LET HOPKINS HAVE A VOICE IN LABOR AFFAIRS

WASHINGTON, April 22 (AP)—A proposal that Secretary Hopkins have a voice in the administration of some federal labor activities was reported today to have been advanced as part of a general program for revitalizing the commerce department.

Friends of Hopkins said they expected that making the commerce department into a more powerful agency would be one objective of forthcoming government reorganization plans and that in this connection it had been suggested that the department supervise the wage-hour administration, now under the labor department, or that it have jurisdiction over the national labor relations board.

STANTON GIRL IS FOUND DEAD

STANTON, April 22—Hazel Pearl White, 13-year-old daughter of Mr. and Mrs. H. L. White, was found dead at the family home three miles west of Stanton today.

She had been dead about four hours when her mother returned home at noon. A young brother, Donald, had discovered her lying across a bed. Justice of Peace Adam Konz returned an inquest verdict of death by heart attack.

Hazel, a member of the seventh grade group, was an honor student in her class.

Services were set for 3 p. m. Sunday at the Church of Christ with Norman Gibson, Midland minister, in charge. Burial was to be in the family lot of the Evergreen cemetery.

FD BARELY MISSES AN AUTO CRACKUP

WASHINGTON, April 22 (AP)— President Roosevelt narrowly escaped an automobile collision today as he motored, without police escort, back from a Virginia trip.

Favor Retaining Present Neutrality Act

WASHINGTON, April 22 (AP)—Working quietly, some influential republicans in the senate have begun a movement for a "compromise" of the current neutrality controversy which would leave the present law unchanged.

Disclosing this today, one of the group said their view had been openly expressed in the statement this week by Senator Borah (R-Idaho), ranking minority member of the foreign relations committee, that the temper of the public made the time inappropriate for framing permanent neutrality legislation—or, put another way, that the present act should not be changed at this time.

There were indications, meantime, that administration was ready to press for a show-down on the question of changing the law. Chairman Pittman (D-Nev) of the senate foreign relations committee said that Hugh S. Johnson, newspaper columnist and former N.R.A. administrator, would testify Monday and that the committee would hold hearings soon afterward and begin consideration of proposed changes.

The committee did not meet today. Legislative leaders expressed the opinion that the discussion of the neutrality problem already had narrowed the possible outcome to a choice between two propositions.

These alternatives, they said, were: The adoption of Pittman's amendment under which American markets would be wide open to all belligerent nations, with the restriction that they pay cash and that their purchases not be transported in American ships.

A continuation of the cash and carry provision of the present law, now scheduled to expire May 1, with the act otherwise unchanged.

Proponents of the Pittman plan said they were confident it had more support in the senate than has been openly indicated. They expressed the opinion that a number of conservative democrats who have been talking isolation would vote, nevertheless, for Pittman's proposal. It also has some strength among the republican membership.

Telephone Inventor's Life Story Is A Typically American Saga Of Progress

'Alexander Graham Bell' Headlines Ritz Program

Out of the stirring past of this great nation emerges a drama of accomplishment that symbolizes the tradition of America—the story of Alexander Graham Bell, inventor of the telephone. His is the dramatic romance of one who dreamed and struggled, loved and achieved. Simple, human and inspiring, the motion picture playing today and Monday at the Ritz theatre pays homage to his genius and to a woman's devotion. Darryl F. Zanuck's production of "The Story of Alexander Graham Bell," a Cosmopolitan production for 20th Century-Fox, with Don Ameche (in the title role), Loretta Young and Henry Fonda sharing stellar honors, tells with power, with humor and with profound humanity the drama of a great man and the love that inspired him.

Bell's is a story that belongs to America—the obscure young scientist, his discouraging struggles, his invention of the telephone, his desperate battle against public ridicule and powerful opponents, his ultimate triumph, the flame of his genius kept alight by the love and faith of the woman he adored. So intense was the struggle against poverty, disappointment and powerful opponents—a struggle which prevented his marriage to the girl he loved, that Bell halt-

PRINCIPALS IN POPULAR DRAMA

A new film version of that popular melodrama, "Within The Law" is at the Queen theatre today and Monday. It tells the story of a woman's strange combats with a law she believed to be unfair. In the cast are Paul Kelly, Rita Johnson, Ruth Hussey and Tom Neal.

The Lone Wolf Returns To Celluloid

Warren William Cast As Debonair Thief In Lyric Offering

The Lone Wolf, suave, light-fingered international thief, returns to exciting screen life in "The Lone Wolf Spy Hunt," billed as the Lyric theatre's Sunday-Monday feature. Said to be an entertaining picture, the film marks the return to the screen of both Warren William (in the title role) and the Lone Wolf, and also is the first of a projected series of Lone Wolf films.

The screen has seen several Lone Wolfs since Louis Joseph Vance created the character more than 20 years ago. H. R. Warner, Melvyn Douglas, Bert Lytell and Frances Lederer have portrayed the international thief. William takes up where they left off. Ida Lupino, an able comedienne, has the role opposite William. Others in the cast are Ralph Morgan, Rita Hayworth, Marc Lawrence, Ben Welden, Virginia Weidler, Leonard Carey, Brandon Tynan, and Tommy Dugan.

The new film, for all its spy-involvement narrative, is blessed with comedy and romance. The setting is Washington, where a gang of spies steals government secrets and incriminate the now reformed Lone Wolf. In order to recover the plans, and to preserve his integrity as a man of honor, the Lone Wolf finds himself enmeshed in one adventure after another.

Nor are the one Wolf's entanglements solely with the sinister spy ring. There is Miss Washington belle eager to disrupt the Lone Wolf's bachelorhood. She wants to marry him, and she doesn't care in the slightest how many spy rings he has to fight. There is, in addition, little Virginia Weidler, who is seen as the Lone Wolf's motherless daughter. Virginia is an amazing child who enjoys listening to radio crime programs, and then puts them into practice—to the discomfiture of whatever victims she hits upon.

PRE-MARITAL TEST MEASURE BEFORE LEGISLATURE

AUSTIN, April 22 (AP)—The house of representatives might determine Monday whether it thinks both men and women should submit to pre-marital examinations.

On the calendar and in a position for probable consideration is a bill by Rep. R. L. Brown of Nacogdoches requiring both parties of a marriage contract to present certificates from a physician showing that within 15 days of application for a license they received serological tests "essential to the determination of freedom from syphilis and all other venereal diseases."

Texas law now requires that the prospective groom present a certificate and advocates of universal pre-marital examination had complained the present statute is subject to easy evasion.

R. F. Voyer, director of the Texas Social Hygiene association, asserted today a large percentage of certificates issued are false. His organization has sponsored the new proposal.

Legislators Go On Air Today To Answer Gov. W. Lee O'Daniel's Remarks On Sunday Broadcasts

Two state legislators will go on the air today to answer the radio remarks made by Gov. W. Lee O'Daniel, in his regular Sunday morning broadcasts.

Senator Joe Hill of Henderson and Representative Broadfoot of Brenham will be heard on a legislative forum over station KSTX and the Texas State Network from 1:45 to 2 p. m.

The forum was scheduled by TSN as the result of a petition circulated in the state legislature three weeks ago asking that senators and representatives, as well as the governor, be given time on the network.

Elliott Roosevelt, TSN president, offered the time and his offer was referred to committee after legislators had suggested that the proposal might better be accepted by individual members instead of by the legislature as a body.

A part of the 45-minute broadcast will be given over to the two legislators, the remainder to be taken up in answering whatever political remarks are made by the governor on his 8:30 a. m. chat from the capital.

One of the state's outstanding pioneer families—the George W. Scarboroughs—will be the subject for dramatic salute in the weekly presentation of "Salute to the Pioneers" heard at 2:45 this afternoon.

Incident to be dramatized deals specifically with the heroic battle and tragic death of George A. Scarborough, one of the most fearless of Texas' law enforcement officers.

George W. Scarborough moved to Jones county, Texas, in 1878, and located eight miles south of the present town of Anson. A Baptist preacher, he delivered the first sermon ever made in Jones county.

Three of George W. Scarborough's sons have made a lasting impression on the Southwest. The youngest, Lee, became a great Baptist preacher, and is today president of the Southwestern Baptist Theological Seminary at Fort Worth. Another son, William F., has had a great deal to do with the developing of the cattle industry in the state, living at present in Midland, Texas. The third son—George A.—about whom the drama is concerned, became one of the best loved and most feared of all the peace officers of the Southwest.

"Concerto in C Minor" by Solyette will be played by Dr. Walter Gilwick, director of the Fine Arts conservatory at Mary Hardin-Baylor college, Belton, in a half-hour piano recital from Alma Reeves chapel on the college campus at 8:30 this evening. The broadcast being heard locally through KSTX and the Texas State Network.

The orchestral accompaniment on the second piano will be played by Miss Wills Mae Kelley, instructor in piano at the college. The piano concert will be broadcast by remote control from Belton through KTEM, TSN's Temple affiliate.

Gilded Knight Romps Home In Chesapeake

HAVRE DE GRACE, Md., April 22 (AP)—Gilded Knight, wing-footed Wheatley Stable colt, definitely established himself today as the outstanding three-year-old of the moment by whipping a crack field of Kentucky Derby and Preakness eligibles in the \$15,000-added Chesapeake Stakes. Displaying the same driving speed that carried him to a sensational victory a week ago over El Chico, winter-broke favorite for the derby, the bay son of Sir Gallahad III and Gold Brick flashed to a convincing length and a half triumph over Alfred Gwynn Vanderbilt's Impound before a crowd of 20,000.

Loper Sets Pace As Local Bowlers Defeat Lubbock

Loper shot 246 his second time out, then went on to set up an average of 233. Lubbock's Reed held individual game high with 255.

Texans Figure In New Marks At Lawrence

LAWRENCE, Kas., April 22 (AP)—Elmer Hackney, Kansas State's strongman shot-putter, bet a teammate a quart of ice cream he could break the record on his final toss today. Then he heaved the pellet 62 feet, 1-1/2 inches for one of the three new marks established at the windswept 17th annual University of Kansas Relays.

HORNED FROGS LOSE TO TEXAS

AUSTIN, April 22 (AP)—Johnny "Home Run" Hill had his sights set on Clark field's fences today as he rapped out three home runs to play a leading role in the Texas Longhorns' 13-2 victory over the Texas Christian university Horned Frogs.

It was the seventh straight conference victory for the Diamond and placed them still further ahead of a throat-cutting field that thrives the Longhorns. Hill's three blows that he slamed over the right field fence of his total for the conference amount to six, one more than he collected last year in leading the league.

DALLAS, April 22 (AP)—New blood threatens to give Texas' perennial big names a jostling in the 23rd annual Texas Golf association tournament over the Brook Hollow course here May 25-28. Four or five comparative newcomers, headed by long John Barnum of Edinburg, are out to give the old guard a run for the title, one of the most coveted in the nation because of the strength of Texas golfers.

PAWTUCKET, R. I., April 22 (AP)—An upset triumph by the Texan filly Be Blue, making her first start of the year, in the \$5,000-added Spring handicap today marked the opening of New England's 172-day racing season before a 35,000 crowd at Narragansett Park. That surprising daughter of Blue Larkspur, owned by T. H. Heard, Jr., scored by a neck over Felix Spatola's stoutly supported Wise Prince while turning the six-furlongs in 1:11 4-5. Be Blue was always close to the pace-setting favorite, Mrs. W. Plunket Stewart's Early Delivery, and took over when the latter faded.

New Threats In Golf Picture This Year

DALLAS, April 22 (AP)—New blood threatens to give Texas' perennial big names a jostling in the 23rd annual Texas Golf association tournament over the Brook Hollow course here May 25-28. Four or five comparative newcomers, headed by long John Barnum of Edinburg, are out to give the old guard a run for the title, one of the most coveted in the nation because of the strength of Texas golfers.

Barnum handsome six foot, three inch better who came out of obscurity to stun the galleries with his fine performance in the \$5,000 Texas open tournament at San Antonio in February, has the distance and finesse to become a challenger. He smoked around the Brackenridge park layout in 280 for the 72-hole Texas open, four strokes better than par and far ahead of some of the nation's finest pros, including National Open Champion Ralph Guldahl. In his only other big time tournament appearance of the year, he was a finalist in the Houston invitation, a rough meet. Left-handed Howard Creel, former Colorado champion and perhaps the finest portside swinger in the game, now lives in Dallas and will try for the Texas title, while Austin has three distinct threats in Buck Luce, Tom Miller and Walter Benson, all youngsters but deft shotmakers.

The throng saw Glenn Cunningham register a hollow victory—his first in three years in the Cunningham mile. The time, of almost high school calibre, was 4:29.2. Chuck Penick, his only opponent, took the lead at the outset and was still a stride ahead with but 220 yards to go when Glenn forged to the front in the final 100 yards. The Kansan, whose record of 4:12.7 was set in 1934, led by a yard. Michigan State's star sprinter, Wilbur Greer, pulled a leg muscle in his "rubber" encounter with Moez Ellerbee, national collegiate champion from Tuskegee Institute, in the 100-yard dash, and the dusky

speedster snaked just inches ahead of the limping Greer in the final strides. Even the south wind, blowing at a seven-mile pace at the time, couldn't push Fred Wolcott of Rice over the 120 yard hurdles fast enough to create a new record. Wolcott, running with a leg injury, was seven yards in the lead at the finish with the time 14.3. The Rice sprinters retained their championship in the 40-yard relay, and Oklahoma and Oklahoma A. and M. won four of the seven four-somes in the university division. Missouri and Michigan State were the only northern teams to break in the domination of the southwest.

Approximately one-quarter of the distance has been cleared and prepared for grading. Within another two months the fencing, clearing and grading should be virtually finished and a new and much shorter route to Andrews opened. The state is due to take over the road and maintain it as a state highway when all requirements have been met.

At the conference will be some 400 delegates each from the Methodist Episcopal church and the Methodist Episcopal church South, together with thousands of visitors. D. P. Yoder, Snyder layman, is the other delegate from this district. Pastor delegates from the Northwest Texas conference are Dr. O. P. Clark, Lubbock, former presiding elder of this district, Rev. W. M. Pearce, Pampa, Rev. E. E. White, Plainview, and Rev. C. A. Bickley, Abilene, presiding elder and former Big Spring pastor. Lay delegates from the conference include R. H. Nichols, Vernon publisher, S. H. Condon, Canyon, J. M. Willson, Floydada, Mrs. Morris Randall, Seymour, an aunt of Dr. W. B. Hardy of Big Spring, and Bernard Bryant, Stamford.

Campers Sign Early To Spend Summer Vacation Away

HUNT, Tex., April 22 (Sp) — Among the very earliest campers to enroll for the fourteenth season at Camp Waldemar for girls, near Kerrville, was a group of Big Spring juniors and one senior.

Since shortly after Christmas, they have been making plans to go down to Waldemar for the opening day on June 4.

They are Louise Ann Bennett, Marjio Thurman, Janet Robb, Gloria Strom and Robbie Piner. All but Robbie are juniors and will be in the department headed by Miss Ruth Anderson of Midland, junior director.

Juniors at Waldemar are between the ages of 8 and 12 and they have a distinct and separate program from the rest of the camp. Special counselors have charge of their activities; they eat in a separate dining room; and this year they are to be housed almost entirely in new rock buildings which are characteristic of Waldemar.

Mrs. Iris Thurman is the local representative and will also go to the camp as a counselor to assist in the dramatics department.

Social Life Goes On In Spite Of House Cleaning; Gardens

During the week Big Spring housewives cleaned out the dust, shook out the curtains, and did a little spring house cleaning. As for out-door work most of them got ambitious with trowel and spade in the spirit of the clean-up campaign.

But in spite of these activities, they and their families found time to entertain friends and relatives for the weekend and to do a little gadding about themselves. A look down the list will show that—

Mrs. and Mrs. Clyde Childers and Mr. and Mrs. A. C. Hoover of Ozona were guests this week of Mrs. W. S. Garnett. Mrs. Childers is Mrs. Garnett's sister.

The Rev. Garnett returned Friday from Sabinal where he has spent the past two weeks.

Mrs. Georgia Hannaford returned to Clyde Saturday after spending the winter here with her daughter, Mrs. W. E. Bates.

Mrs. B. Keagan has as guest her sister, Mrs. Hughes, of Brady.

There's Extra good news in this price tag

The model illustrated is the Buick Special, model 41 four-door touring sedan \$996 delivered at Flint, Mich.*

There are a lot of things about this Buick any wide-awake-to-value buyer ought to know, but there's one important point that's worth making especially clear.

That's this: Many an item you'll pay extra for elsewhere is included in Buick's eye-opening prices!

Indeed, so many "extras" are standard on Buick that when you count them in, this beauty costs actually less than more than one car with lower advertised prices!

Few have locks on both front doors—or a light in the luggage compartment—or automatic electric lighters in the dash—or ash receivers as numerous and as handy.

And where else, we'd like to ask, may you have your choice of wide running boards or narrow—or get a gas-saving economy gear just for the asking?

No other car, of course, gives you the extra silkiness of the

Pilot Training Starts July 1

WASHINGTON, April 22 (AP)—Rep. Kilday (D-Tex.) disclosed today after a conference with air corps officials that the war department would start on July 1 its first program to train new pilots and more than double the number of skilled flyers available for army service.

Fourteen civil air training centers, yet to be selected, will enroll cadets under the same strict requirements demanded of students entering Randolph Field, the air corps training school.

Instructors at the civil centers would report to Randolph Field June 1 for instruction, Kilday said, so that training in the various schools would be uniform. The courses would be of three months duration, with new classes enrolled every six weeks. Graduates would be sent to Randolph Field for advanced training.

Three months after the start of the program, Kilday continued, beginners would no longer be received at Randolph, but would receive their initial instruction at the civil airfields.

Those graduating in the first course at civil schools would enter Randolph on the same status as students who received their primary instructions at a military field.

As in the past, Randolph would still serve as a training school through which all cadets must pass before moving to the advanced courses at Kelly Field. Although the number of students to be enrolled at the civil training schools was not announced, it was expected to approximate the number now receiving course at a dozen colleges under National Youth Administration projects. The average number of students at those schools is about 25.

IN SECOND YEAR, COAHOMA BAND WINS DIST. HONORS, WILL COMPETE FOR REGIONAL TITLE

COAHOMA, April 22—A signal climax to just two years of activity comes for the Coahoma high school band on April 28, when Director J. J. Hensley, Jr., takes his organization to Abilene to compete for Class C honors in the national regional band contest. The competition is for Region 6 of a national contest setup, comprised of the states of Texas, Oklahoma and New Mexico.

The Coahoma organization will compete in this event by virtue of honors won at a district contest in Abilene recently. In that event, the Howard county organization was graded 85 in concert work and 96 in marching, and was given the status of first division for its class. That honor was the third taken by the band during the current school year, out of three events entered. The Coahomans won second place in the Christmas parade event at Big Spring last December and took top honors—and a silver trophy—in the recent Stanton Band Clinic. Hensley also took his group to the Cotton Bowl celebration at Dallas last New Year's.

The fine record has been established during the second year of the band's organization. Hensley came here in 1937 to organize the musical group, and this year has a 55-piece organization. In addition, a junior "feeder" band has been organized with 40 pieces, and members of this group are given preparatory training so that they may step into the senior band as replacements are needed. Five seniors will leave the senior band this year.

Ticket Sale For Minstrel Is Started

Stage fright is reported to be gradually wearing away from Big Spring Kiwanians as they go through their paces nightly in preparation for their minstrel show which will be presented at municipal auditorium next Friday night. After working with end men rehearsals for the past 10 days, the task of "breaking in" a group of "Southerners" for chorus duties was started Saturday and, according to those present for the initial sing-song, a few strange and unusual tones were discovered. However, the minstrel's vocal leader has high hopes of smoothing out the rough spots and polishing the noise down to such an extent that it will be recognized as the English language before curtain time.

Club members were issued tickets in two dozen lots Saturday morning by W. B. Hardy, head of the ticket sales committee, and by nightfall many had reduced their supply by half. The drive will continue through Friday, Hardy said.

"Judging from the success of our first day's sales, we'll have a packed house when the show comes off," the ticket chief reported last night, "and that's what it will take to raise the money needed for our underprivileged children's work." The minstrel cast will continue

rehearsals nightly next week under the direction of Miss Eloise Haley.

Spending the day in Lubbock Friday were Mrs. E. W. Malone, Mrs. Joe Ricker, Mrs. R. F. Schermerhorn, and Mrs. Ted Groebel.
