

Jester Forces Map Platform At Demo Meet Recommend State Legislature Take 'People's Path'

SAN ANTONIO, Sept. 11 (AP)—The democratic party of Texas today had committed itself—not without some vociferous dissent—to Governor-Nominate Beauford H. Jester's "People's Path."

There was more noise than numbers in opposition; which flared late yesterday in the state convention. Jester forces took full control of the session and the party machinery by an overwhelming vote of 1,184 to 524.

By this big majority, it upheld the action of a committee which had disregarded district caucuses in six instances to nominate members of the executive committee who were friendly to Jester, rather than to Dr. Homer P. Rainey, his defeated opponent.

Then, after Jester himself appeared to make the traditional nominee's speech, the convention leadership rammed through a platform following generally the pattern of his gubernatorial campaign pledges.

To the 50th Texas Legislature due to convene in Austin next January Texas Democrats commended the program of Jester "for state betterment."

The recommendation was included in the platform dedicated to a united democracy, to "our illustrious forebears who have handed down to us a century of greatness," and to "those gallant young Texans who served in World War II."

The platform urged all citizens to unite their efforts and travel Jester's "people's path" together. "If we would realize a great economic, industrial and agricultural rebirth in Texas."

Included in the scope of the platform's provisions were veterans, teachers, farmers, dependent children, the aged, the blind, labor and management, and negroes. The Democratic platform also declared its advocacy of the following:

BULGARIAN KING THRONELESS—King Simeon II, the nine-year-old figurehead monarch of Bulgaria for the last three years, stands with his mother, Queen Gidyanne (center) and his sister, Marie Louise, in Sofia, recently. The young king lost his throne in a plebiscite that established Bulgaria as a republic. Simeon is to go into exile. (AP Wirephoto by radio from Paris).

At City Commission Meet

Budget OK'd; Complaints Discussed

City commissioners cut "hearing" time down to a minimum Tuesday evening (there were no taxpayers present and put an OK on Big Spring's budget for the current fiscal year—a 109 page document that sets up total appropriations of \$866,020, against revenues plus cash on hand of \$965,823.

The final, formal action on the budget followed a lengthy session devoted mostly to a discussion of various citizen complaints, including street troubles, garbage collection failures, insufficient street lighting, mosquito nuisance in some sections of the city—and numerous protests on property valuation increases.

Since two commissioners, J. L. LeBlou and George Mims, were out of the city, the others present delayed some decisions. These included any action on a preliminary zoning ordinance, and the proposed leasing of lands in the Moss Creek lake area for oil exploration.

The zoning ordinance would set up a city planning commission, the first step toward ultimate establishment of a city-wide zoning system. The lease proposal came from a representative of a major oil company offering \$7.50 per acre plus \$1 rental on 439 acres in the city lake area.

Under the new budget, the city tax rate remains at \$1.70, but increased revenue is anticipated from valuation increases — to be determined when the equalization board conducts hearings next week.

Of the total tax rate, 78 cents will be set aside for the interest and sinking fund, to bring in an estimated \$70,856. Delinquent tax collections are set at \$8,000 for this fund, and it has a balance of \$92,560. Requirements for the year total \$104,884, to leave a year-end balance of \$66,533.

General fund expenditures are fixed at \$655,302, as against a total available of \$674,789. Anticipated income breaks down like this:

Current taxes (92 cents of the rate on an expected 92 percent collection) \$83,574, interest and penalties \$2,500, miscellaneous income \$443,984, bonds \$74,800, cash on hand \$27,015.

Gromyko Pushes Against Greece-Ukraine Case

Brazilian Motion Asks Temporarily Dropping Charge

LAKE SUCCESS, N. Y., Sept. 11 (AP)—Yugoslavia called on the United Nations Economic and Social Council today to take immediate action to restore to her 167 Yugoslav vessels which she reported held in the US Zone of Occupation on the Upper Danube.

LAKE SUCCESS, N. Y., Sept. 11 (AP)—Soviet Delegate Andre Gromyko was expected to make a final effort in the United Nations Security Council today to bolster Ukrainian charges that the present Greek government is a threat to peace in the Balkans.

As the delegates prepared to meet at 1 p.m. (CST) they had before them a Brazilian motion that the council leave the Greek case, at least temporarily, and pass on to the next item on the agenda.

There appeared little likelihood, however, that action would be taken on this proposal until after Gromyko had been heard again.

The next item on the council's agenda was an equally controversial question—Russia's demands that all members of the United Nations report on the number of troops they have in countries other than those which were formerly enemies of the Allies.

These demands, if supported by the council, would require Great Britain to disclose the number of troops she has in Greece, Iraq and other Allied countries and would force the United States to report on her troops in China.

The delegates generally agreed the Soviet proposal would not receive the necessary votes.

Meanwhile, the economic and social council was scheduled to open its third session today to tackle a crowded program, which included such vital problems as the handling of refugees after the liquidation of UNRRA.

It was disclosed last night that Secretary General Trygve Lie would recommend the creation of an interim commission to set up the proposed international refugee organization.

Violence Seen In Truck Strike

NEW YORK, Sept. 11 (AP)—Mayor William O'Dwyer, predicting the possibility of violence if the paralyzing strike of 25,000 truck drivers continued, appealed to Daniel J. Tobin, head of the AFL Teamsters Union, to assume control of the striking local and negotiate an end to the walkout.

Declaring that striking Local 807 was "completely out of the hands of its officers," O'Dwyer said in a telegram last night: "Unless you or an authorized representative of the International Brotherhood assume responsibility and take control of this union and negotiate terms for the settlement of the strike, it is very possible that bloodshed and injury will result."

Failure of the International to act will lay all future consequences at your doorstep," O'Dwyer later told newsmen that Communists were dominating the local, but emphasized that the elected union officers were not included in his Communist charges.

The Mayor's demand for intervention by Tobin came as the 11-day old strike affected even greater stricture in the city's economic life, bringing widespread industrial layoffs, emptying many drug stores of supplies, halting all beer deliveries and resulting in an embargo on railway express shipments into New York.

Funeral services will be held at 11 a.m. Thursday at the First Methodist church with the pastor, Rev. H. C. Smith, officiating. The body will be taken overland in the afternoon to Brownwood, a former home, where graveside rites will be held at 5:30 p.m. by Dr. McCree of the Methodist church of that city. Burial will be in the family plot in Brownwood cemetery.

Mrs. Macomber came here from Brownwood in 1921, as Miss Martha Ramsey, to assume local teaching duties.

W. C. Blankenship, her superintendent for 19 years, Wednesday issued a statement lauding Mrs. Macomber's faithfulness and devotion to educational work. "She has been an inspiring example through the years to the many children who came under her supervision," he said.

There could be no teacher who ever bore a heavy load or met myriad problems with more graciousness and a more cooperative attitude. Her fine influence will long be felt and her Christian personality will be greatly missed."

Stoppage Of All Labor Urged If Stabilizers Stick To Decision

WASHINGTON, Sept. 11 (AP)—President Joseph Curran of the CIO National Maritime Union said today that his union will go on strike unless the higher pay sought by AFL maritime strikers is applied "to the whole industry."

Curran made the statement to a reporter as the CIO-dominated committee for maritime unity began a strategy session at which, the NMU chief said, the current all-coast maritime strike is "the No. 1 topic."

Simultaneously, the Wage Stabilization Board received from the AFL a demand for reversal of its Aug. 23 ruling which touched off the seamen's work stoppage.

One industry member of WSB said the board had "hopes" of making an announcement on its decision at a news conference at 4 p.m. CST today, but this was not at all certain.

A 24-hour work stoppage by all American labor was urged today by the joint-strike committee of the AFL seamen in the event the Wage Stabilization Board should reject the union's wage demands.

Telegrams urging such a stoppage were sent to Philip Murray, president of the CIO, and William Green, president of the AFL.

The seamen, whose walkout has bottled up the nation's ports, also asked the two national union heads to withdraw their representatives from the WSB if it returned an unfavorable decision on the seamen's demands.

A high AFL official told reporters that AFL President William Green is polling the 15 members of the AFL executive council on whether to withdraw further union participation in the WSB as an offshoot of the Maritime strike. "The AFL has one of the two labor members on the board."

Withdrawal of both the AFL and CIO members was advocated by the AFL Seamen's strike committee in telegrams to Green and CIO President Philip Murray. In the event the board rejects the AFL wage demands.

Government Sponsors Coal Negotiations

WASHINGTON, Sept. 11 (AP)—John L. Lewis resubmitted negotiations with soft coal operators today without making any immediate new demands as a basis for returning the mines from government to private operation.

WASHINGTON, Sept. 11 (AP)—John L. Lewis and a large delegation of United Mine Workers' district presidents met with soft coal operators today in a move to restore the federally-controlled mines to private operation.

The government, anxious to get out of the coal mining business into which it was thrust by last spring's strike, called the parties together to see if they could negotiate a contract for themselves.

Most of the administrative work of running the mines has been performed by navy personnel, headed by Adm. Ben Morell, as coal mines administrator.

Lewis voiced his usual "no comment" as he strolled unsmiling into the big Interior Department conference room. He was flanked by a score of district presidents from areas east of the Mississippi River who form the subcommittee of operators, headed by Chairman Ezra Van Horn of Cleveland and Charles O'Neill of Altoona, Pa., likewise were noncommittal about the prospects for reaching a settlement which would make possible a return to private operation.

It was the first miner-management meeting in nearly four months.

Shortly after the closed door meeting convened, Mason left the conference and held a long telephone conversation in a nearby office before rejoining the board session. When reporters asked if he had already moved for a reversal, he nodded affirmatively.

Louisiana Renames Six Congressmen; Navy Vet Wins

NEW ORLEANS, Sept. 11 (AP)—At least six of Louisiana's eight US Representatives, plus a young naval veteran who served as a "baby Congressman" in 1940-42, will go back to Washington in January.

Four incumbents were renominated in a Democratic primary, equivalent to an election by one party Louisiana. Two others were unopposed. A seventh was leading in a close race, and the eighth did not seek return to Congress.

Definitely renominated were Reps. F. Edward Hebert of the First District, which includes downtown New Orleans; James H. Morrison of the Sixth, including the state capital at Baton Rouge; Henry D. Larcade of the Seventh, in the Southwest Louisiana rice country, and A. Leonard Allen of the Eighth, in the state's West-Central portion.

Rep. Charles E. McKenzie of the Fifth District, in Northwest Louisiana, had 15,541 votes to 13,678 for Otto Passman, state commander of AMVETS, with 214 of the district's 267 precincts tabulated.

Former Rep. T. Hale Boggs was named to the seat being relinquished by Rep. Paul H. Maloney in the Second District, which includes uptown New Orleans.

Rep. James Domengraf of the Third District and Overton Brooks of the Fourth had no opposition.

Jews Concern Of All World

LONDON, Sept. 11 (AP)—Paris Bey El Khoury, president of the Syrian Chamber of Deputies, declared today the Jewish problem was of world-wide concern and that a solution could not be found in Palestine alone.

Speaking for the Arab delegation to the London Conference on the future of the Holy Land, Paris Bey said "No part of Palestine should be cut off to make a home or state for a body of immigrants belonging to different nationalities."

His speech rejecting Zionists claims to Palestine was in reply to an address with which Prime Minister Clement R. Attlee opened the talks yesterday.

"The Jewish problem, as such," Paris Bey declared, "is a world concern; and therefore requires world wide solution. Palestine has nothing to do with this problem, nor can any solution be found in Palestine."

Agreeing with Attlee that it was "not impossible" to solve the problem, he added:

"The natural solution dictated by common sense is that the rights of the people of Palestine should be recognized to live securely in their own country and determine their fate in the same way as all other people; and that the application of the usual democratic principles should not be denied to the people of Palestine."

Physician Says May Can Testify Soon

WASHINGTON, Sept. 11 (AP)—Rep. Andrew J. May's attorney informed the senate war investigating committee today that barring "complications or relapses" his client will be able to testify in a war contracts inquiry here by September 2.

May, Kentucky democrat who heads the house military committee, was scheduled to testify July 26 but failed to appear because of what his physician described as a bad heart condition. He later went to his home at Prestonsburg, Ky., where he has been recuperating.

"Operation Sparkler" Raids Caches Of Jewels, Metals Hidden By Nazis

FRANKFURT, Sept. 11 (AP)—Surprise raids throughout the American and British occupation zones of Germany have uncovered millions of dollars worth of precious stones and metals hidden by the Nazis shortly before Germany surrendered, United States Army Headquarters announced today.

The diamonds, gold, silver and platinum found in the raids were dispersed in hiding places by the Nazi government agency "Reichsstelle fuer Edelmetalle" (Reich Agency for Precious Metals) in an attempt to keep them from falling into Allied hands.

A spokesman for the United States Army Intelligence Division said it was "conjectured but conceivable" that the hoard might have been designed to finance a "resurgence of German Nationalist movements."

About \$2,500,000 worth of precious stones and metals were found in less than a fourth of the total number of places raided, the spokesman said.

A total of 367 different places were raided in the two zones, and the \$2,500,000 dollars yield came from the first 79 places to tabulate results.

The Army spokesman said the clue to the hiding places came from the typically German "detailed records of the Reich Agency for Precious Metals" which were found in Berlin.

Asked why the raids were confined to the British and American zones, he said: "The only records we found pertained to dispersals in those two zones."

The joint operation throughout the American and British zones and their two sectors in Berlin was supervised by a British-American staff set up in a temporary headquarters at Welsbadeh in the American zone and was dubbed "Operation Sparkler."

It was the largest joint operation by the British and Americans since dissolution of the war-time supreme headquarters of Gen. Eisenhower.

Increase In Flour Ceilings Hinted

WASHINGTON, Sept. 11 (AP)—The cost of flour to housewives was raised one to two cents on a five pound package today by OPA. The agency said the increase is temporary.

WASHINGTON, Sept. 11 (AP)—OPA officials reported today that flour prices will be boosted. Meantime, the agency raised ceilings on work gloves and window glass, stripped controls from a score of other items, and got set to hike sugar prices.

The agency officials, who asked not to be named, told reporters the flour price increase is in the works but declined to confirm or deny trade rumors that the advance will amount to 20 cents per 100 pounds.

Window glass prices were increased by 18 per cent while the pricing of work gloves was placed under a flexible formula, which permitted an immediate rise of three cents a pair. Razor blades, baby carriages and fountain pens were among the items eliminated from control.

Shriners In Mexico For Independence Day

Here 'n There

Mrs. Escol Compton, 310 Virginia, wasn't seeing things after all. Tuesday morning she aroused part of the neighborhood to help locate a snake, she saw in her house. After turning things upside down, the incident was about to be chalked up to hot weather, but then Compton and Wesley Deats located the warmin't in the bathroom. Sure enough, it was an enthusiastic bull snake.

Mrs. Ida Collins left Wednesday afternoon to take her son, Roy, to Texas Tech, where he entered school. Judge James T. Brooks took his son, James, to Lubbock Tuesday to enter Tech.

Word has been received by Mrs. Joe Pond that her parents, Mr. and Mrs. J. H. Greene, arrived Sunday morning, after a pleasant trip, in Pendleton, Ore., where they will visit with his brother, C. B. Greene, whom he has not seen in more than 35 years. They left here Saturday by Continental Air Lines.

S. H. Garrison, cleaning the yard at the Halliburton camp on East 24th Street, this morning, heard a warning rattle and investigated. He discovered and killed a rattler—three feet long and shaking two rattlers.

Christening Gifts Probed

WASHINGTON, Sept. 11 (P)—The Senate Mead Committee intends to hold public hearings on wartime shipbuilders' gifts of diamond bracelets, watches, silverware and other dainties to some 6,000 women who swung christening bottles at ship launchings. Chairman Mead (D-NY) said the committee head intended to withhold the list of the gifts and the recipients until the hearings. The Maritime Commission, however, made it public yesterday.

"The Committee, of course, will continue its investigation of this subject in accordance with its customary procedure," Mead added in a statement. No date for hearings has been set.

Mead said the committee's interest arose from complaints that relatives of officials in the Maritime Commission were frequently named as ship sponsors.

The 6,000 sponsors ranged from Mrs. Eleanor Roosevelt, wife of the late president, to women waiters in shipyards.

The most valuable gift report was a \$2,516.17 diamond bracelet received by Mrs. William D. Leahy, wife of President Roosevelt's personal chief of staff, from the Sun Shipbuilding and Drydock Corporation, Chester, Pa. Mrs. Leahy, who died in 1942, sponsored the Cimarron in 1939.

Livestock Auction Reports Good Sale

Officials of the West Texas Livestock Auction Company commented on the "good sale" Wednesday when \$69,000 was taken in on approximately 1,000 head of cattle. Few pigs were brought in, but these sold at ceiling price of 15.50. Maximum stabilization range of cattle in this area is 19.25, the company has been notified.

In the sale, hereford cows and calves brought from \$110 to \$135; mixed cows and calves \$80 to \$118. Stocker cows ranged from 8.50 to 11; stocker steer yearlings 14 to 15.75; stocker heifer yearlings 13.50 to 14.50; stocker heifer calves 14.50 to 15.75; stocker steer calves 15 to 16.75; fat yearlings 15 to 17.50; fat calves 15 to 13.25 (ceiling); fat cows 10.50 to 16.20; canner and cutter 6 to 8.50; bulls 10.50 to 12.

Clean-Up Drive Gathers Momentum

The city's fall clean-up campaign gained considerable momentum Tuesday, as trucks made their second pick-up routes.

A total of 21 loads of trash was handled, bringing the aggregate for the first two days up to 33.

If the daily volume can be maintained for the remainder of the week the campaign may overshadow the drive of last spring. There is still time for full-scale collection, B. J. McDaniel, chairman of the chamber of commerce health and recreation department, remained in urging residents of sections to be covered by free pick-up service later in the week to redouble their efforts.

Part Of City, Strip Of County Gets Rain

Southern Big Spring fell in the path of a small thundershower Tuesday evening and a strip through the Ackery section got a good downpour.

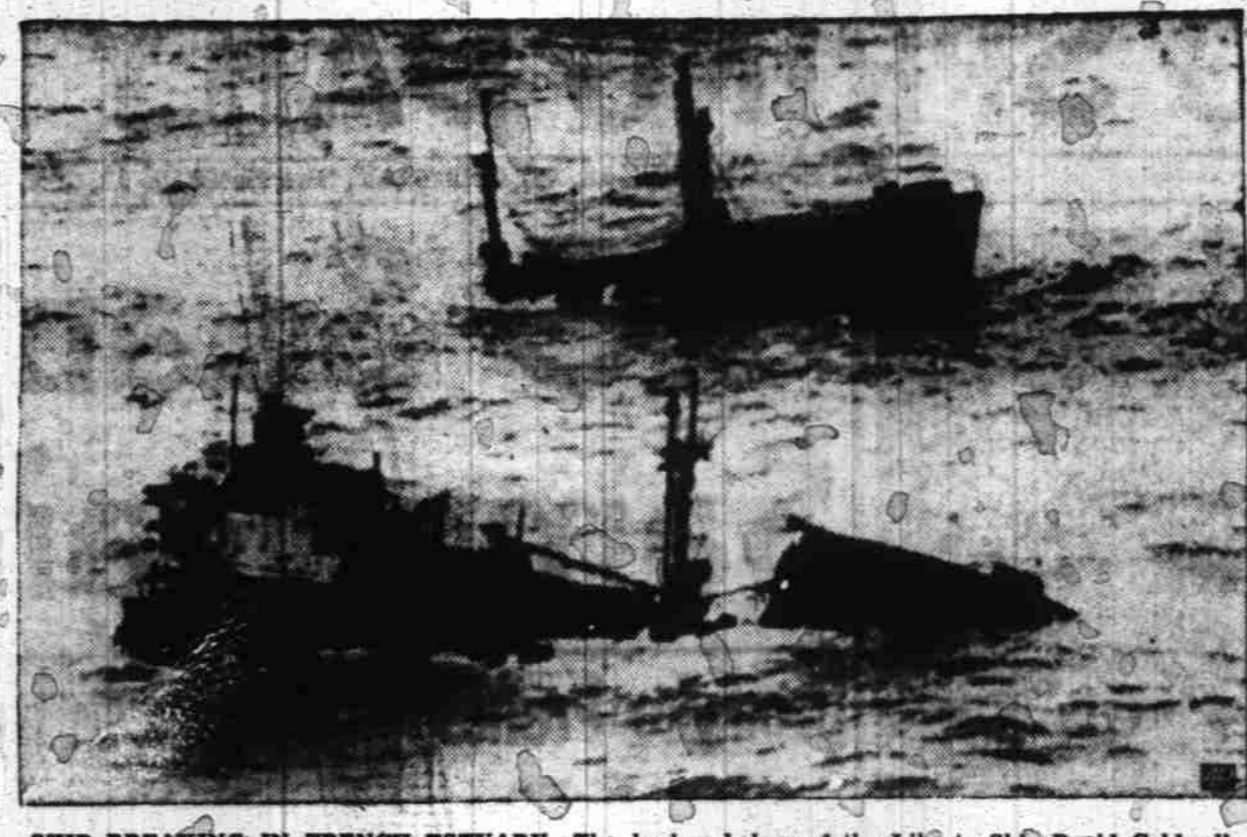

This, however, about covered the appreciable area for rainfall. Neither the US weather bureau at the airport (a trace) or the US Experiment Farm (none) came up with any precipitation totals.

At Ackery there were no official figures, but the fall must have ranged from one to two inches in a strip about five miles wide. Terraces backed up water, borrow ditches flowed, and a few ponds were impounded.

The shower tailed off into Martin county, extending westward beyond the Lamesa-Station road. The Edwards Heights area of Big Spring had a brisk shower, but elsewhere in the south part of town the fall eased off to heavy sprinkles.

Freight Derailed

SALT LAKE CITY, Sept. 11 (P)—Eight freight cars, including two loaded with aerial bombs, were derailed last night at the Denver and Rio Grande railroad switch on the outskirts of the city. No one was injured.

Lions Prepare For Donkey Bout

Lions were shamed by Jack Y. Smith, team captain who intimidated at the regular luncheon at the Settles Wednesday that members were suffering from a bad case of "mule fright."

However, said Smith, "we have gone too far now to back out on the mules and even the American Legion."

Thus, he pledged that the Lions would be ready to contest the Legionnaires in a donkey ball game at the rodeo grounds at 7:30 p. m. Thursday, and to repeat again Friday.

Much of the meeting was taken up with plans for mustering a team of fearless mule skinner, concession operators, ticket takers, announcing, etc.

It was estimated that well over 1,000 tickets have been sold for the two-night affair, one member of the Legion having sold 306 adult tickets single handed.

Royce Dobbins, membership chairman, announced a new attendance plan. In the absence of the president, Otis Grafs, Bill Dawes, first vice-president, presided.

Laundry Operators To Attend Meeting

Operators of laundry and dry cleaning establishments are being asked to attend a meeting at the old price control board on Sept. 19.

A price specialist from a district OPA office in Fort Worth will be here to explain and discuss price control measures involving charges, etc. The meeting is scheduled for 10 a. m.

Firms included are dry cleaning and pressing establishments and laundries, both steam and "help your self" types.

Bus Drivers Plan Institute Tuesday

A bus drivers institute has been set for Tuesday at 9 a. m. according to County Superintendent Walker Bailey.

Place of the meeting has not been announced.

Besides Bailey, speakers will include a member of the state highway patrol from the Lubbock district office; Justin Holmes, who talks on care and maintenance of equipment; and Neal Barnaby, who speaks on first aid.

At 1:30 p. m. south of the football stadium there will be an inspection of all buses and of private cars used to transport school children in rural areas.

Floyd Hill Injured In Truck Mishap

Floyd Hill of Big Spring was carried to a local hospital for treatment late Tuesday after his truck was involved in a collision with another on Highway 87 near Ackery at about 5:30 p. m.

Texas Highway patrolmen from Big Spring, who investigated, said Hill's truck which was loaded with alfalfa hay, collided with another truck loaded with butane gas driven by Charlie Guelker of Sweetwater.

Guelker apparently lost control of his vehicle, officers said, when he applied brakes as a tractor approached the scene. Late afternoon showers had made the pavement slippery.

Hill's injuries were not believed serious, but both trucks were damaged, officers said.

ROYAL FUNERAL HIGH IN JAPAN

TOYKO, Sept. 11 (P)—Royal funerals are expensive in Japan. General MacArthur today authorized the Imperial Household to advance 70,000 yen (\$4,667) to the estate of the late Prince Fushimi to help pay funeral costs but stipulated the amount must be repaid before March. Fushimi had assets of nearly 8,000,000 yen (\$533,333).

Fushimi's funerals actually cost an estimated 130,000 yen (\$8,667).

Ten Indictments Returned By Jury

Ten indictments containing counts against 14 individuals were reported by the grand jury in 70th district court Tuesday evening.

Five were for forgery, one for driving while intoxicated, four for robbery, one for assault with intent to murder, one for theft and two for burglary.

Among those under custody after returning of the bills were: Jack Allen and C. E. Wampler, robbery; Houston Cowden, driving while intoxicated; E. D. Oliver, assault with intent to murder; Carl Jenkins, forgery; James William Thomas alias Bill R. Thomas, forgery; Jose Mendez, in the state prison, burglary; Carrie-Turner, theft.

Street Equipment Damaged In Mishap

Showers in and around Big Spring put streets in fine condition for grading late Tuesday afternoon, but due to an accident involving equipment the street department was unable to take full advantage of the opportunity today.

Monday, the city's only maintainer, in working conditions took a riderless journey down the incline of the 100 block East 11th street and was damaged considerably by the impact of the sudden stop at the bottom of the hill. Repairs will be made as soon as possible, City officials said, but difficulty in getting immediate delivery of some essential parts is expected.

The Tuesday showers did not extend as far as the city lakes to the southeast.

Court Takes Up Several Divorces

Hearing on a continuance motion and a divorce matter were on tap Wednesday afternoon for the 70th district court.

Judge Cecil Collins was to pass on a motion for continuing the note suit of Earl Horn versus Mrs. J. M. Marchbanks, et vir at 1:30 p. m. and then to consider the suit for divorce and child custody by Beatie Fountain versus Clifford W. Fountain.

The court granted a divorce to Rosy Maude Nix from Hoyle Nix and custody of a minor child for nine months of each year; custody to the defendant for three months each year. Laura Berry was granted a divorce from Clarence Berry and given custody of five minor children. The defendant was ordered to pay \$30 monthly for child support.

Other divorces granted were Robert Hines from Marie Hines, Herbert Feather from Loydell Feather, and Lavara Pickle from Roy Pickle.

Markets

NEW YORK, Sept. 11 (P)—Stocks negotiated a speedy rally in today's market with leaders of virtually all departments retrieving 1 to 10 or more points of the recent slump.

Transfers were in the neighborhood of 3,000,000 shares against 3,300,000 on the Tuesday reapse.

Mrs. Thomas Opens First North Ward P-TA Meet

Mrs. Truett Thomas, president of North Ward Parent-Teacher association, was in charge of the unit's first meeting of the year at the North Ward school Tuesday afternoon when final arrangements were made for the year's work.

Further development of the luncheon and improvement of the playground were adopted as projects for the unit during the year.

The corps of officers was completed and additional committee chairmen and members included, Mrs. M. P. Peters, budget and finance; Mrs. Jeff Grant, safety; Mrs. Avery Deel, yearbook; Mrs. W. A. Abat, radio; luncheon; Mrs. Truman Dailio, assisted by Mrs. T. E. Osborne and Mrs. George Hill, trees and playground; Mrs. Frank Wilson, assisted by Mrs. M. Y. Butler.

Mrs. B. E. Winterrowd brought the thought for the day from the Texas Parent-Teacher magazine, after which D. M. McKinney and Nat Shick spoke to the women of the club. They explained how scouting helps children by keeping them busy on constructive work and in directed play. They asked that a called meeting be held Thursday, Sept. 20 at 7:30 p. m. at the school for all parents interested in organizing Scout dens for the boys.

The room count was won by the second grade.

Following the business session a social hour was held and refreshments were served.

Attending were: Mrs. Truett Thomas, Mrs. Dalton White, Mrs. Brown Rogers, Mrs. H. A. Davis, Mrs. M. Y. Butler, Mrs. Avery

Deel, Mrs. Truman Dailio, Mrs. J. W. Craig, Mrs. Steve Cochran, Mrs. T. F. Horton, Mrs. A. L. Cooper, Mrs. George Hill, Mrs. Jeff Grant, Mrs. T. E. Osborne, Mrs. Walter Rueckart, Mrs. B. E. Winterrowd, Lucille Grant, Mrs. M. P. Peters, Mrs. Frank Wilson, Mrs. Haskell Grant, Mrs. R. D. Sallee, Mrs. Floyd Hull, Nat Shick, D. M. McKinney, Mrs. Melvin Choate, Mrs. Garnett Miller, Mrs. Logan, Mrs. Beatrice Viererge and Mrs. C. E. Suggs.

The next meeting of the unit will be on October 8.

Members of the membership committee met last Friday in the home of Mrs. B. E. Winterrowd, chairman, for a planning session. Present were Mrs. Alvin Viererge, Mrs. Truett Thomas, Mrs. A. L. Cooper, Mrs. B. E. Winterrowd, Mrs. R. D. Sallee.

Mrs. Eisenhower, General's Mother Dies Suddenly

ABILENE, Kans., Sept. 11 (AP)—Mrs. Ida Stover Eisenhower, 84, mother of Gen. Dwight D. Eisenhower, died early today at her home.

Mrs. Eisenhower died unexpectedly about 3:15 a. m. after complaining of a pain in her stomach. Her housekeeper and companion, Mrs. Trula B. Robinson, said Mrs. Eisenhower woke up at about 3 a. m., asked for a glass of water, and then told Mrs. Robinson to "go back to bed. I'm all right."

Death was attributed to a heart attack.

Mrs. Eisenhower, who had not been ill, had taken two automobile rides only yesterday.

Milton S. Eisenhower, president of Kansas State College, Manhattan, a son, arrived at 8 a. m. and took charge of arrangements for the funeral and burial.

He said General Eisenhower, now in Washington, was expected in Abilene tomorrow afternoon.

Charles McQuain, son of Mr. and Mrs. H. D. McQuain has left for Lubbock where he will be a junior at Texas Tech.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Take like a tonic, it should stimulate appetite, add energy, then help build resistance for the "time" trouble started 3 days before "time" time, it should help relieve pain due to queer functional periodic causes. Summer Weather Due To Return

The Associated Press

The weatherman says the cool spell is just about over.

A weather front which moved in over the Panhandle several days ago dropping temperatures into the 50's, is dwindling away.

The bureau said summer heat may be expected to continue until the latter days of September.

Last night Amarillo and Dalhart recorded minimum temperature of 58 degrees. The maximums there yesterday were 82 and 80 degrees, respectively.

Henrietta continued to lead the heat parade with 103. Mission had 102 degrees.

Problem Not Confined To Meat

Customer meat rationing is improbable, OPA officials have declared, despite scarcity of the commodity in many sections. Whether this remains a permanent policy is something that time and events may decide, but unless the scarcity becomes acute and widespread, the public probably would rather not have to be subjected to rationing restraints.

Of course, there are many factors which make for a critical situation in the meat industry. In this section, for instance, we have witnessed a drastic unloading of stock, mainly due to drought, and partly due to a lush market. Fortunately, for once, farmers and ranchers were able to reduce stocks without taking a financial licking.

Although the drought is extensive in the Southwest and West, it should be borne in mind that so far this is not a nationwide condition. Therefore the situation might be balanced by importation from other sections.

But here the price factor enters into the picture. Dealers can enter other markets only so long as they are able to sell at a price which would enable them to compete in the open market and transport their purchases here. There are still a considerable number of cattle in this section, although the number and quality may not be such that the full demand can be supplied.

One of the keys to the situation is that

matter of production costs, and that largely resolves itself to feed. Livestock producers, like all other producers, are in the business to make money. There is a point beyond which they cannot go if feed prices progress and the ultimate price to producer is fixed. One of two things must happen: Either feed prices must be levelled off or meat prices go up. This is not without its complications, for the farmer, faced with higher production costs and a desire to come out on top, wants as good price as he can get for his feed. On the other hand, the millions who eat meat have a stake in the problem for ever; boost in price of meat means that much more on the cost of living. Unfortunately, the meat situation is not isolated; it is but one of a series of economic snarls besetting our economy.

A general realization, however, that we are all in the same boat will be helpful. If the spiral keeps going up, there will be a buyers strike, not out of desire, but out of sheer financial necessity. It won't be just on meat but on all consumer goods. When that happens, the bottom falls out and we'll take a jolt and a whine of a lot of people get hurt. But as pertains to meat, the consuming public can alleviate the situation by not being hoggish.

KILLING THEMSELVES

Hal Boyle's Notebook

Not Same Picture As In 1929

The stock market has taken another sharp dip, the second within a fortnight. Those who remember 1929 know what the break started in that day and time. Yet, competent observers see no such tie today. For one thing, regardless of what the market does, there is still a big consumer demand piled up and there is still a record amount of money in the hands of the general public. It has been suggested that the shaky in-

ternational situation plus increasing signs of labor unrest have marked influence on market trends. Some think the stage has been set for a bearish market. Of these, the labor situation might have the greatest bearing, for any threat of interrupted production at this critical stage is discouraging. What this does to the general economy is more important than what happens to the market.

No Time For Sailing

By JOHN P. MCKNIGHT
(For Hal Boyle)

GORIZIA, Venezia Giulia (AP)—Once in a while, Maj. Gen. Bryant E. Moore thinks back across the years to boyhood days on the river and bays of his native Maine and gets a hankering for salt water. Then he calls an aide, and he says:

"See if you can line me up a sailboat for Thursday or Friday."

However, come Thursday or Friday, and the sailboat will go unused.

"Something always comes up, because," the general explains.

Something always comes up, because this rugged, red-faced, 52-year-old veteran of Guadalcanal and Germany has his big hands full, these days of redeployment, keeping his division up to the fighting pitch which, during the Italian campaign, won it the half-rate, half-admiral's nickname "Blue Devils" from the radio propagandist "Axis Sally."

Not that Moore expects the 88th to have to fight.

He and other top-flight Allied military men in the Mediterranean theater express confidence that Marshall Tito and the Yugoslav rocky hills will just over the sky hills will swallow—albeit with some straining—the decisions of the peace-makers on Venezia Giulia.

However, Allied policy can not discount the possibility of open hostilities, since Italy-Venezia negotiations still run high. So Moore means to have the 88th ready.

About his difficulties—which included the redeployment of 10,000 trained men at one swoop last fall—Moore, not given to overstatement, says only:

"Things are sometimes pretty hard."

However, the West Pointer is

used to having it pretty hard.

He sailed with Gen. Alexander Patch to New Caledonia in January, 1942, one month after Pearl Harbor, and, in September, landed on Guadalcanal with the 184th Infantry, which he commanded in "brilliant defensive fighting around Henderson Field and Koli Point," to quote the War Department citation that went with his Silver Star.

Later he was attached for two months to the Marines on the bloody Pacific island and got the Distinguished Service Cross.

In February, 1943, he was promoted to Brigadier and joined the 104th Division at Camp Adair, Ore., as assistant division commander. After a year and a half of training the 104th landed in France in August, 1944, and was attached to the Canadian First Army for the bitter fighting around Antwerp. Then Moore was shifted to the 7th Corps of the 1st Army under "Lightnin' Joe" Collins, and in February, 1945, he was given command of the 8th Division, then across the Ruhr, and led it on to Cologne and Schweren, Germany. The 8th took 316,000 prisoners.

In November, 1945, Moore was ordered to the 88th in Venezia Giulia.

The 8th was the first all-draftee division in World War II, and the first to see combat, in North Africa.

It fought all the way up Italy into the Po Valley and, when German resistance collapsed and the outfit was looking forward to going home, it drew the Venezia Giulia assignment.

The Nation Today—James Marlow

The Junior College In Education

WASHINGTON, (AP)—Junior colleges—there are about 630 in this country—this year will take in a record number of students: 355,000.

Every state except Nevada has at least one junior college, according to the American Association of Junior Colleges.

The AAJC says the nation's junior colleges still have room this fall for about 25,000 to 30,000 students.

Some junior colleges have four-year courses. The last two years of high school and the equivalent of the first two years in college. But most—and this story will deal only with this group—take in only high school graduates and give them two years of schooling. A junior college can't give the kind of degree a college can give, like bachelor of arts or bachelor of science.

It does give a degree—called an associate degree—like an associate in arts. This is upon completion of two years' work.

Generally, junior colleges give this kind of education:

1. A general course, the first two years of the traditional college courses.

2. Special business courses. These prepare a student for some special kind of work, like secretarial work, welding, drafting, mining, printing.

This is equivalent to the freshman and sophomore years in college. Having finished this course a student can go on to a senior college to finish his junior and senior years and get his regular degree, but—

Washington Merry-Go-Round—Drew Pearson

Government Bungles Maritime Strike

WASHINGTON — Inside fact on the jumbled Maritime Strike is that both the AFL and CIO Maritime unions could have had a \$22.50 monthly increase as early as last June if there hadn't been friction between two powerful labor leaders — Harry Bridges of the West Coast Longshoremen and Joe Curran of the Maritime Union.

What happened was that last May Secretary of Labor, Schwellenbach and Granville Conway, war shipping administrator, had a talk with Hoyt Haddock, Washington representative for Curran's CIO Maritime Union. Both agreed that the seamen were entitled to a substantial wage boost. The tentative figure of \$30 a month was mentioned, with time-and-a-half for work over 48 hours.

Haddock later sent a telegram to both Bridges and Curran reporting this, and to his amazement got a hot wire back from Bridges telling Haddock to mind his own business. Bridges even told Haddock to go back to Schwellenbach and Conway and inform them to disregard their previous conversation. This Haddock did.

Byrnes speech on Germany was imparted to high officials in Washington about 12 days before he made it. The suspicion is that the Russians learned about it at the same time.

Byrnes phoned President Truman about 12 days in advance, told him the Russians were on the rampage, that nothing could be done to satisfy them. He therefore proposed that the United States and Great Britain try to set up a German government which could be won over to democracy and which could serve as a bulwark against Russia.

President Truman, who has come to put complete trust in Byrnes' judgment, agreed.

Whether or not the Russians tapped the Trans-Atlantic phone, or whether they had other ways of knowing what was going on is anyone's guess. Maybe it was just coincidence.

Anyway, it was shortly after this that Foreign Minister Molotov made his sudden, mystery flight to Moscow. Simultaneously, the spired stories began to leak out of Poland that Russia would take Silesia away from Poland and give it to Germany. Obviously this was German bait to counteract the offers Byrnes was going to make to Germany.

If Russia goes ahead with this policy of "The Soviet givevith and the Soviet takevath away" it will cause the toughest showdown so far experienced between Moscow and Washington.

The categorical Byrnes-Truman position is that the Soviet can neither "givevith nor takevath" without the consent of his Allies, that Germany's boundaries are to be decided only at the final peace treaty — which Russia so far has refused to call.

Labor Retreats

Later, when the CIO maritime strike was called, public reaction flared. The railroad strike had occurred only a short time before and Congress was seething with labor resentment. The case bill was under discussion and labor leaders knew that if the CIO Maritime unions went out on strike, drastic anti-labor legislation not only would pass Congress but would not be vetoed by the White House.

So in the end, CIO leaders settled for \$17.50 a month increase. This was far below the \$30 figure tentatively discussed by Haddock with Schwellenbach and Conway before Harry Bridges had wired him to mind his own business.

On June 28, just twelve days after the \$17.50 award was fixed, Captain Conway, who, as war shipping administrator, operated 70 per cent of the nation's ships, completely ignored the \$17.50 for the CIO and agreed to \$22.50 for AFL seamen.

Obviously this meant bitter war between the CIO-AFL rivals. Also it meant trouble with the wage stabilization board, which had just set the increase at \$17.50. However, Mr. Conway blundered ahead just the same.

So later, when the wage stabilization board scaled down the AFL's \$22.50 to the CIO's \$17.50, the AFL struck. The whole tie-up could have been avoided by a little more government foresight — largely on the part of Captain Conway.

Cats Blank Tulsa, 5-0, As Dallas Edges Santone, 4-3

By The Associated Press
John Van Cuyk of the Fort Worth Cats and Clint Conaster of the Dallas Rebels are the margins of victory that have given their teams jumps on the Tulsa Oilers and the San Antonio Missions in the Texas League championship playoff.

Van Cuyk last night gave up only two hits as the Cats shutout Tulsa, 5-0, at Fort Worth, while Conaster, in collecting two homers, drove in all of the Dallas scores as the Rebels took a thriller from the Missions, 4-3, at Dallas.

Brooks, Dodgers Get Set For A Crucial Series

By JACK HAND (Associated Press Sports Writer)
All quiet in the Brooklyn bullpen where the over-worked relief artists have been squatting for a week, watching in wonder as five straight starters have gone the route.

Higbe faltered in the eighth against the Phils as Coach Chuck Dressen felt the urged to wig-wag for help. Hugh Casey, Art Herring, Hank Behring and Ralph Branca must feel they have been on a seven-day vacation in the midst of the flag fight.

Medalist Aces Paired Off In Amateur Round

SPRINGFIELD, N. J., Sept. 11 (AP)—The luck of the draw paired two of the hottest players in the National Amateur Golf championship today as 64 survivors of the 36-hole qualifying grind opened match play on the Baltusrol Club's exacting layout.

Rube Melton's three-hit, 8-0 shutout over Cincinnati yesterday may have clinched him a day's work against St. Louis, because he beat Home Pollet last time the Red Birds were in town.

Lubbock, Pampa Snatch First Playoff Games

By The Associated Press
The Abilene Blue Sox, who finished the West Texas-New Mexico League regular season in first place, lost an eleven-inning 3-1 pitchers' battle last night to the fourth place Lubbock Hubbers in the opening round of the League's Shaughnessy playoff.

Season Leaders Take East Texas Playoff Openers

By The Associated Press
Full-season leaders Henderson and Texarkana today held advantages over the third and fourth place finishers, Tyler and Greenville, in the post-season playoffs in the East Texas League.

In the second game the Pampa Oilers handed the Amarillo Gold Sox a 7-3 defeat as Lefty Jim Carithers outpitched the Amarillo ace, Bill Evans.

The Oilers took a four run lead in the first three innings scoring twice in the first on two hits and an error and two more in the third on doubles by Cecil McClung and Wyman Hunnicutt.

LOOKING 'EM OVER

Although opinions actually are as varied concerning football rules as anything else, most of them boil down to two school of thought. One favors keeping the rules as they are, which might give the coaches more figuring to do when working out new plans for defense and attack.

Too Many Men Chief Problem For Yearlings

Coach Jim McWhorter, who started Monday to tutor Big Spring junior high Yearling footballers is faced with the same problem that is worrying many a high school and college coach this year, but it's a worry most coaches enjoy.

The other school favors changing the rules at any time such action would speed up or streamline the game, especially from the fans' point of view. An argument is that coaches should not necessarily have to figure intricate means of legalizing new methods under static rules, but with new plans, especially those which indicate widespread popularity, they should be permitted to alter regulations here and there to stimulate development of the game.

Although the policy has really been more "middle of the road" in nature, it is significant that the "T" formation alone has prompted another change this year. In a move calculated to provide even more deception, the rules committee decided that the player near the snapper-back need not be at least a yard behind the line of scrimmage if he doesn't receive the ball.

Other efforts have been made to speed up the game generally. For example, a substitute needs only to be recognized by an official, instead of actually reporting. Another time saver is the new regulation which requires that a team get ready for play after a minute and a half of a time out is used, which will enable play to begin exactly at the end of the two-minute interval allowed for a time out.

Downing Speaks To Lamesa C-C
LAMESA, Sept. 11 - A large chamber of commerce membership crowd Tuesday evening heard an appeal to look to their children in building a city for tomorrow.
Delbert Downing, Midland, told the gathering of approximately 250 persons at the city park that normal is not "back but normal is what we make out of today and tomorrow." He stressed the importance of organizations such as the chamber of commerce in building communities, of industries and churches, and particularly did he emphasize the importance of good schools and planned recreation for children "who are plodding along toward building tomorrow."
Music for the occasion was furnished by Hnp Halsey, Lock and-his string band. Carl Round-trand, Lamesa actor, was master of ceremonies and Marshall Crawford, president of the Lamesa chamber, was in charge of the barbeque and program. Intertwined were Mrs. Louise McCall, chamber manager, and members of the board and committee chairman for the occasion, Mac Scoggins and Alf Carpenter. Out-of-town guests included Mr. and Mrs. S. L. Ford, Lubbock, Bill, Collyns and Downing, Midland, Mr. and Mrs. Joe Pickle and Edith Gay, Big Spring.

Sweetwater Votes Three Bond Issues

SWEETWATER, Sept. 11 (AP)—Three of six proposed bond issues have been approved by Sweetwater voters.

Approved in the special election yesterday were hospital improvements, \$76,000; street paving and grade separation \$128,000, and water-sewer extensions and improvements, \$160,000.

Defeated issues were a public library, \$46,000; a police administration and new city hall, \$55,000, and park improvements \$60,000.

Mitchell and Coke—Ranch-to-market highway 18, Colorado City to Robert Lee.

Tom Green and Runnels—Farm-to-market road from Miles to Orient.

Callahan—Location of US highway 80 in vicinity of Clyde.

Taylor—Continued maintenance of war highways in Taylor county.

Athens To Elect New City Council

ATHENS, Tenn., Sept. 11 (AP)—The way was open today for a special city election to be held in this bullet-scarred city which has been without a mayor and a board of aldermen since last Friday.

The state attorney general's office in Nashville informed former Mayor Paul Walker in a letter yesterday that Section 1921 of the 1932 code of Tennessee provided for special elections in the event of vacancies.

Walker and his board resigned after shots were fired into the home of Alderman Hugh Riggs last Thursday.

A special election is expected to be called by the McMinn county election commission after two vacancies in its ranks are filled by the state election commission.

Previously, the attorney general's office had informed Walker by phone that no provisions were contained in the Athens city charter for special plebiscites.

Upset Stomachs Yield Inches Of Gas And Bloat

"I was so full of gas I was afraid I'd burst. Sour, bitter substance rose up in my throat from my upset stomach after meals. I got INNER-AID, and it worked inches of gas and bloat from me. Waistline is way down now. Meals are a pleasure. I praise Inner-Aid to the sky."—This is an actual testimonial and we can verify it.

INNER-AID is the new formula containing medicinal juices from 12 Great Herbs, these herbs cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering—Get Inner-Aid. Sold by all drug stores here in Big Spring. (adv.)

Convair, Lockheed Merger Considered

FORT WORTH, Sept. 11 (AP)—an explanatory nature and that any specific statements would be premature.

In a talk before Fort Worth civic leaders and approximately 300 Convair foremen, Woodhead said last night that such a transaction would be a "merger" and not a "sale" as was reported in earlier news releases.

In Hollywood Glenn Miller's Boys Expect Him To Return

By BOB THOMAS
HOLLYWOOD, (AP)—Members of the Glenn Miller band, which is currently breaking records at its old Hollywood stand, still expect their former leader to be back leading them again some day.
The band is now fronted by Tex Beneke, the drawing Fort Worth boy who sang jump tunes and played a mean sax in the original Miller outfit. He expressed the sentiment of the players:
"I truly expect that Glenn will be back leading the band again. I know it's a million to one chance, but I can't get it into my mind that he is gone. I dream about him all the time."
Miller was lost on a fog-bound English Channel flight during the war. No trace was ever found. His widow and many of his friends still believe he will return.
When peace came, the band reformed under the leadership of Beneke, with permission for use of the name and library obtained from Mrs. Miller. The decision was a good one, if the current performance at the Palladium is any basis.

Texas Asked To Join Mexico Celebration
AUSTIN, Sept. 11. (AP)—Gov. Coke Stevenson today called on the people of Texas to join its next-door neighbor, Mexico, in celebrating Sept. 16 as the anniversary of that nation's independence.
The governor's proclamation recalled that the people of Mexico on Sept. 16, 1810, under the leadership of Miguel Hidalgo y Costilla, revolted openly against the domination of Spain.
This date, continued the proclamation, "affords us an opportunity to replenish our zeal for patriotism, to reaffirm our devotion to the fundamental principles of democracy, to emphasize our sincerity in the good neighbor policy, and to strengthen the good relations which now exist between the peoples of the two great republics."

General Ike To View US European Forces
11 (AP)—Gen. Eisenhower, army chief of staff, is expected in the American zone of occupied Europe for a general inspection of all forces probably within 10 days, it was disclosed today.
Maj. Gen. Clarence R. Huebner, newly appointed chief of staff in Germany, told a news conference Eisenhower would visit every major installation, including the American zone of Austria.

Parley Rules Out Court Of Human Rights

PARIS, Sept. 11. (AP)—The Peace Conference Legal and Drafting Commission virtually eliminated Australia's proposal for a World Court of Human Rights today by ruling 14 to 2 that the proposal properly belonged in the United Nations and not in the peace treaties.
Only Australia and New Zealand voted to have the court case, which would guarantee certain fundamental freedoms, inserted in the treaties. Russia, White Russia, Poland, the Ukraine and Greece abstained. The Australian delegation immediately served notice it intended to raise the issue again.
In the Italian political and territorial commission, Dr. Ales Beller of Yugoslavia moved into the third chapter of his explanation of Yugoslav demands for more territory from Italy with a long statement asserting Yugoslavia's historical and ethnic right to complete possession of Venezia Giulia and disputed Trieste.
Delegates from the Ukraine and Czechoslovakia supported the Yugoslav contentions, while the Italy embassy in Paris announced that Italy had asked for a plebiscite in Venezia Giulia to settle the disputed border question, which is scheduled to come before a sub-commission holding a night session tonight.

This Is A Tale About Rabbits With Long Tails
By JACK RUTLEDGE
Associated Press Staff
The Animal Kingdom:
Ples Rollins, the so-called scientist of Lightning Bug Hollow down near Italy way, says solemnly he'll soon be commercializing rabbit tail toupees if the OPA doesn't step in and plank a ceiling on his products.
This, of course, is strictly off the level. For the benefit of those who prefer one syllable words, it's just a plain lie. But Rollins says he has developed a rabbit with a tail as long as its body.
The tail, he says, is like that of a large Persian cat, and when the rabbit is excited, it sorts of spreads out like that of a skunk. The hair, he continues, is very fine.
Rollins may be remembered as the man who came up with the technicolor lightning bug that was supposed to lure boll weevils from cotton patches.
He says he's going to show his new rabbits at state and county fairs.
Houstonians were startled recently by a dog. It was large, and striped like a zebra. The stripes were about half an inch wide, and spaced four inches apart around its body—even around its nose.
Mrs. W. H. Wolf, who exhibited the hound, said it was a genuine, honest-to-goodness Mexican zebra hound. She says she knows of but one other such dog in the United States.
It's smaller than a bird dog, is a fighting flog, is named Pooch, and is perfectly normal except for the stripes. The Houston Post carried its picture to prove it.
Then there was that cat born north of Bonham.
Most cats have nine lives, they say, but this one had eight legs. J. Kincaid found it, and brought it to Bonham to show around. It didn't live.

Lubbock To Vote On Sale Of Beer
LUBBOCK, Sept. 11. (AP)—Lubbock county, where alcoholic beverages have never been sold legally, will vote on Oct. 5 on a proposal to legalize the sale of 4 percent beer.
The county commissioners court yesterday ordered the election after receiving a petition signed by 1,180 residents.

Glider Up For Sale
DALLAS, Sept. 11. (AP)—Over two hundred high-wing, monoplane cargo gliders have been placed on sale by the War Assets Administration, W. P. Ramsey, chief of the Aircraft Disposal Division of the Dallas office, has announced.
Priority holders may purchase the gliders from Sept. 25 to Oct. 12. General public sales will be made at a later date.

Soldier Death Case To Go To Truman
NEW YORK, Sept. 11. (AP)—Mrs. Elizabeth Wallrath, mother of Pvt. Frank R. Wallrath, said today after being informed of the confirmation of a death sentence for her son that she would carry her fight to save the 22-year-old paratrooper "personally to President Truman."
The death sentence for the soldier, convicted of desertion in combat on Luzon and of twice escaping confinement, was confirmed earlier by Maj. Gen. Joseph M. Swing, commanding general of the 11th Airborne Division, at Sapporo, Japan.
His son left President Truman the only authority empowered to mitigate the sentence.

London Squatters Evicted; Backed By Communists
LONDON, Sept. 11. (AP)—A protest server in black coat and striped trousers climbed through a ground floor window of Duchess of Bedford House today and served an eviction notice on 1,000 squatters barricaded within the building, a luxury apartment block in London's fashionable west end.
Stanley Henderson, secretary of the Squatters' Committee and a leader of the communist-sponsored movement to commandeer unused dwellings, said he had been summoned to appear in court next Tuesday.
"It is between us and the ministry of works," he added, "I don't fully understand it. I am now going to get legal advice."
The squatters had posted sentries behind barred doors to resist eviction efforts of the labor government.
The seven-story Duchess of Bedford House, in a secluded section of Genet Kensington, was vacant when the squatters moved in as a "direct action" move in the British housing shortage.
Similar siege conditions were developing at the 25 or more other vacant buildings which squatters seized in widely separated areas of greater London.
When two government employees reached the Bedford House seeking to remove furniture, they were refused admission by a sentry who shouted "nobody gets in or out." One government man said he was threatened with an iron bar. The government has leased the house.

Boy In Chains, Father Charged
LOUISVILLE, Ky., Sept. 11. (AP)—Kin E. Wiltse faced charges today of contributing to the neglect and delinquency of a minor after police said his 13-year-old son, James Wiltse, was found fastened with a 20-foot chain in his yard.
Police Lt. Murray L. Leslie said the boy was found with a log chain locked around his ankle and tied to a sewer pipe.
The boy told officers his father "was right because I had left home after mother told me not to." The father was released on bond.

Gifts Ranging Up To \$2,000 Given Women Who Launched Wartime Ships

WASHINGTON, Sept. 11. (AP)—A list of approximately 5,000 women who sponsored the launching of wartime merchant vessels and received gifts ranging from \$25 to \$2,000 was made public by the Maritime Commission.
The 130-page report, prepared at the request of the Senate War Relieving Committee, was based on information from shipbuilders. Some of the builders declined, however, to report the type of gift or its cost.
With those exceptions, the list showed the names of the company, the ship, and the sponsor. In addition, it gave the sponsor's relationship, if any, to Maritime Commission or war shipping administration officials or employees, a description of the gift, its cost and whether it was paid for from the shipbuilder's profits or was charged to the Maritime Commission.
The gifts included rings, bracelets, watches, silver trays, silver platters, plaques, cigarette boxes and inexpensive victory pins. One woman received a set of golf clubs.
There was a wide range of recipients including relatives of government, army and navy officials; actresses and writers, prominent women in many states, wives of workers, and relatives and friends of persons for whom vessels were named.
Mary Pickford, the actress, was presented with a watch valued at \$200 for sponsoring the SS Samtary.
The Bethlehem Fairfield Shipyard in Baltimore refused information regarding a gift to Mrs. Henry Wallace, wife of the secretary of commerce, who sponsored the Patrick Henry.
The same company likewise refused information concerning Miss Grace Tully, secretary to the late President Franklin D. Roosevelt, who sponsored the Jared Ingersoll.
Mrs. Elliott Roosevelt, Fort Worth, was presented with a \$35 bracelet by the Good Houston Ship Building Corporation for sponsoring the cargo ship Joseph E. Johnston.

Hidalgo County Asks For More Officers

EDINBURG, Sept. 11. (AP)—A petition, signed by 200 persons, has been presented to the Hidalgo county commissioners court asking that additional officers be hired in an effort to break-up a series of home burglaries that have been reported in Sharyland, suburban farming area between Mission and McAllen.
Scores of burglaries have been reported there in recent months. The petition also asked that two-way radios be used and that blood hounds be used in tracking the thieves.
