Hospital Receives EDA Approval

Highway Department Slates Hearing

Medical Center Now Awaiting FHA Nod

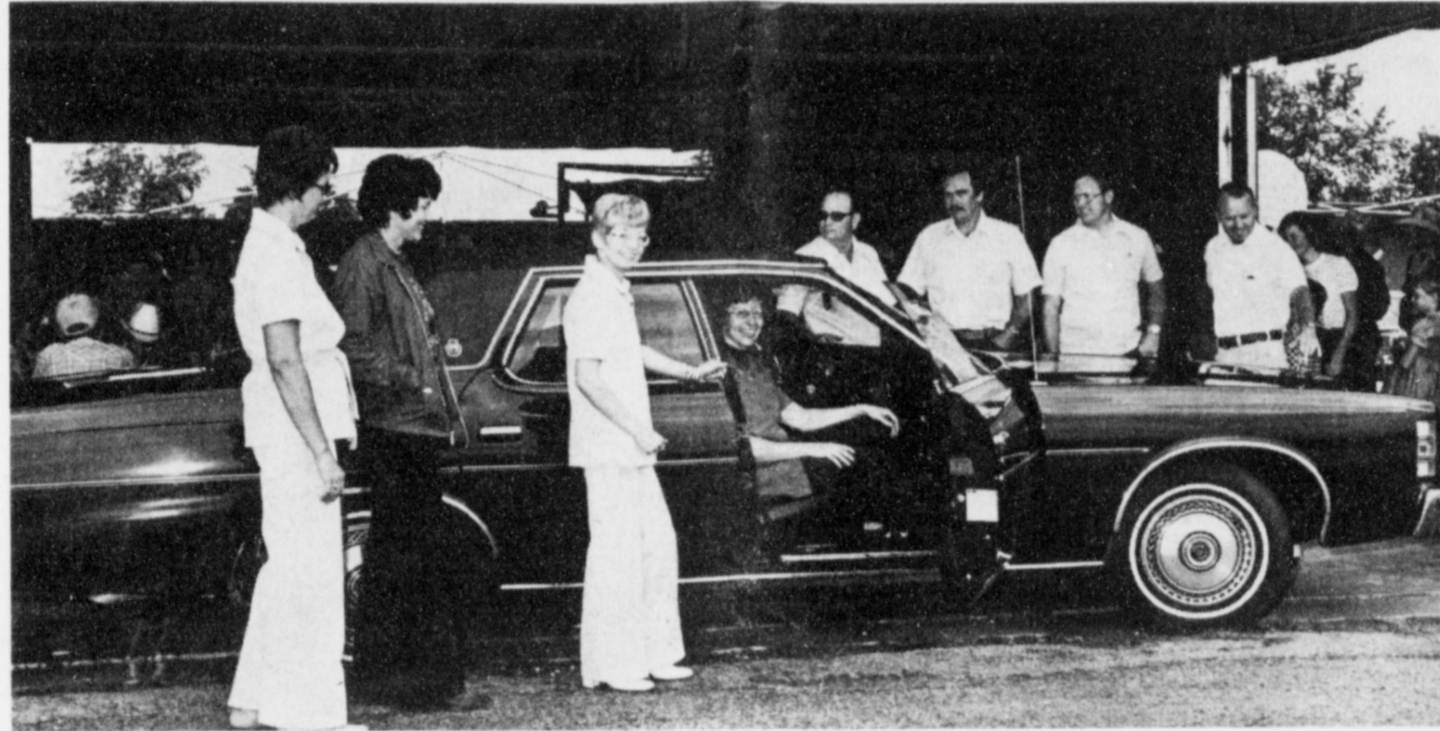

Concerns Hwy 84 Widening Project

A pre-construction meeting for the Muleshoe highway project has been scheduled for 10:30 a.m., Tuesday, July 8, in the State Department of Highways and Public Transportation warehouse at Muleshoe.

The purpose of this meeting, according to Rhea E. Bradley, supervisor resident engineer, is to promote safety to the traveling public and construction personnel and to discuss the project's plans, specifications and the contractor's plan and schedule of operations. All interested citizens are invited to attend this meeting. Administrative Assistant John Milford said that the city will be contacting all property owners on U.S. 84 by telephone on Monday, urging them to attend the meeting.

The project concerns widening Highway 84 through town from the east end of Sixth to west Eighth. It is anticipated that announcement will be made as to a tentative starting date for the construction. Total cost of the project is estimated to amount to approximately \$278,000. It will take 140 days to complete the construction. Contractors for the highway project are Cooper and Woodruff of Amarillo.

The project has been in the mill for the past two years with most of the preliminary work already finished. New traffic lights have been installed but will be hooked up on a fixed timed basis until after construction of the new four-lane highway is completed. At that time they will be converted to an actuated traffic signal system, with cantilever arms

ITS A GIVE-AWAY . . . That's right folks, this 1975 Ford LTD will be given away to some lucky person on August 23 by the Muleshoe Jaycees. Proceeds of the ticket sales will go

to the Hospital Fund. The local Jaycees started selling tickets for the new car on July 4 and the car was on display at the airport during the Jaycee breakfast.

U. S. Senator John Tower informed the Journal by telephone Thursday morning, July 3, that the Economic Development Administration had approved a one million dollar matching funds grant to the West Plains Medical Center in Muleshoe.

The funds will be matched by the local community and will be used to help enlarge and renovate the existing medical facility.

An application to the Farmers Home Administration for a \$600,000 loan has still not been officially approved, but the hospital board is waiting final approval from Washington.

The hospital board submitted the preliminary application to the Farmers Home Administration just one year ago, on July 8, 1974, for a loan of one million dollars. In September of 1974, preliminary work on establishing an Economic Development Administration District in Bailey County was started and the South Plains Association of Governments recommended the pro-

ject to the FHA on November 12, 1974.

The preliminary application to EDA for matching funds grant was submitted on February 1, 1975 and on February 25, EDA asked that the hospital file an application by March 26, 1975. Also on February 25, a modified FHA pre-application was filed requesting a loan of \$600,000 instead of the \$1 million as originally filed.

A drive in May of this year in the community completed the amount needed for matching funds which was \$400,000.

Funds will be used to construct a 33 bed wing onto the

Cont. on Page 3, col. 1

Mr. and Mrs. Tom May and family of Berkeley Heights, New Jersey, are visiting in the home of his parents, Mr. and Mrs. Don May of Muleshoe, this week. They will be visiting in the home of his sister and brother-in-law, Mr. and Mrs. Tim Campbell.

Mr. and Mrs. Bill Tindle, of Seadrift, Texas have been guests of Mrs. Julian Lenuo of Muleshoe.

There have been some changes made in the Farm Bureau Queen's Contest. Competition will be held at the High School auditorium instead of the cafeteria as reported.

The date of the contest has also been changed due to conflicting interests. The new date has been scheduled for Saturday, July 19.

Girls are urged to get their entries in as none have been received as yet.

Cont. on Page 10, Col. 7

Commission Okays Project

The Bailey County Commissioners Court approved a proposal presented by Jerry Wenmohs and Douglas Bales of the Soil Conservation, during their meeting held Wednesday, July 2. Wenmohs and Bales sought approval of the Sandyland Resource Conservation and Development Project which will encompass a six-county area, taking in Bailey, Cochran, Lamb, Yoakum, Hockley and Terry Counties. According to County Judge Glen Williams, the purpose of

the project would be to coordinate area-wide planning for whatever type projects might be needed in the development of resources, preserving conservation and development of the area.

"If approved, this will be the first such project in Congressman George Mahon's district," Judge Williams said.

The Sandyland area would consist of 3,386,880 acres and includes six soil and water conservation districts, six counties and about 26 incorpo-

rated towns and cities. The area is located on the southern high plains of Texas. The six conservation districts include the Blackwater Valley, Lamb County, Cochran, Hockley County, Yoakum, and Terry.

Several major streams will be included in the project and include Running Water Draw, Blackwater Draw, Yellowhouse Draw, Sulphur Draw, Lost Draw, and Sulphur Springs Draw.

According to the United States Department of Agriculture Soil Conservation Service, there is a need for changing agricultural enterprises in many situations for landusers to maintain a stable income. Other situations the Sandyland Project could alleviate would be the problem of flooding and drainage. Poor drainage is typical of most of the flooding that occurs in the area.

Cont. on Page 3, col. 3

Vacationers Catch Brunt Of Gas Hike

The gas price hike announced by eight major oil companies this past week will make driving more expensive in the Muleshoe area as well as across the nation.

In checking with several stations in Muleshoe Thursday it seems that motorists will be paying from two to four cents a gallon more for gasoline than they did last week. This increase, which may be the first of several this summer, comes at just the right time to catch holiday motorists and vacationers.

In contacting representatives of the major oil companies in town, all received a price increase this week except the Gulf Station. Ed Ziegenfuss, manager at Southside Gulf, reported that he had not received a price increase in over a month.

J. A. Mills at First Street Conoco reported that the

price on his pumps were raised two and a half cents this week.

Clyde Holt at Holt's Fina reported a four cent increase from the Fina Refinery and West Sixth Texaco posted a two cent per gallon increase on its pumps.

Price per gallon of regular gasoline, not self-service, in Muleshoe now ranges from 53.9 cents to 56.5 cents, with federal energy officials predicting still more increases throughout the summer.

Swine Producers Invited To Meet Monday

Area swine producers are invited to come and attend an educational meeting on Monday night, July 7, 1975 at 8:00 p.m. to be held at the Bailey County Electric Cooperative.

Dr. Gilbert Hollis, Area Swine Specialist from Lubbock, Texas will be the guest speaker. He will cover information on the farrowing and care of sow and litter. This program has been designed to help commercial swine producers and local 4-H and F. F. A. members. Dr. Hollis will be available to answer any questions a producer might have on swine production, also.

This educational program is free and open to all people regardless of color, creed or national origin.

FOUNDATIONS POURED . . . The anchor points and foundations for the new law enforcement radio communications tower, located one half mile south of town off Highway 214, have been poured and now await actual construction of the 300 foot tower and a metal building. An auxiliary generator will be located on the site and will kick on in the event of a power failure to enable constant radio communication by law enforcement agencies. The project is a city-county endeavor with the South Plains Association of Governments being the coordinating agency for federal funding. The federal government will pay 75 percent of the total cost with the city of Muleshoe and Bailey County sharing the remaining 25 percent of expenditure.

Equalization Hearings Next Week

Informal hearings on the recent equalization in Bailey County will be conducted at the Bailey County Courthouse July 7, 8, 9, 10 and 11. Property owners have received letters this week informing them of the amount of evaluation put on their property and have been notified of a date during this week on which they can meet with the appraiser. On the Texas Appraisal and Consultant Company who appraised all of the property in Bailey County.

The Bailey County Board of Equalization will be in session Tuesday, July 15, at the courthouse between the hours of 9 a.m. and 4 p.m. to hear any problems that property owners might have.

Dill's Comeback As Golf Pro Is Drawing Attention

There was only one way to find out, and that was to try it . . . thought Terry Dill, formerly of Muleshoe. So he gathered up his golf clubs, got out the road map, dusted off his Professional Golfers Association playing card and joined the pro golfer's touring caravan.

Did he still have what it takes to play with the "big boys"? He would never know until he gave it a whirl. On the eve of the Western Open in Chicago, Dill said, "I just went out to see if I could play." He hadn't played golf at all for three years and had only played 12 or 14 rounds of golf on his own.

Dill was quick to acknowledge that he had become a little rusty, and that his game had developed some faults dur-

ing the interim. He changed his grip and his posture, standing much taller now and is not so likely to hook the ball like he had been.

Last fall Dill entered six tournaments and discovered he could still tee it up with golf's best. He won nearly \$4,000 and decided he would try it again this year.

Winning the \$4,000, was just the springboard Dill needed, although it represented only a fraction of what most others earn during a year on the tour.

In 1964, he had won nearly \$38,000 and finished 38th on the money list. That was worth a year's exemption to Dill who was living in Austin at that time. He is a native of Muleshoe and remarked,

"Muleshoe would come nearer being recognized in a Zane Grey western novel than in golfing circles."

During June's US Open, Dill began to draw more than just mere attention when he opened up with rounds of 72-69 at Medinah near Chicago. He was the early second round leader but his final round, 78, dropped him from contention.

"The course at Medinah is a rugged one," said Dill. "I only made one birdie during the last 36 holes. The greens held pretty well the first couple of days, but were soft on the front and hard on the back side the last two days, due to the rain which started falling the middle of the week."

Dill has won \$4,609 in 15

tournaments this year, and says he is playing much better now than he did in 1964. "I'm hitting it much better (from tee to green)," he said.

Taking the advice of Arnold Palmer, who told Dill the golf course construction business was presently on the downswing, he decided to go back to the pro golf tour. At that time Dill was involved with golf course development while in the Austin area, and he was just itching to get back on the green.

Dill is convinced his day will come when he can win on the tour and at Medinah. "I'm just playing real well and I think I'll keep playing well. I've been driving well, putting

Cont. on Page 3, col. 2

ELEVATED WATER TANK . . . Workmen were "hard at it" this week, beginning construction of the foundation for the city's new 500,000 gallon elevated water storage tank located in the southwest part of town. It is estimated that the entire tank will be completed by October or November of this year. The elevated tank is expected to cost the city approximately \$260,000.

TACB Tells Of Outdoor Burning Regulations

According to John W. Warner, Regional Supervisor of the Texas Air Control Board of Lubbock, the Texas Air Control Board Regulations currently prohibit various types of outdoor burning, included in this prohibition is the outdoor burning of agricultural crop residue. Many people of the agricultural community are unaware of this restriction. Therefore, as an attempt to further inform the public, the following information should be noted:

Regulation I of the Texas Air Control Board prohibits outdoor burning within the State of Texas. This prohibition applies to outdoor burning of agricultural crop residue. There are exceptions to the regulation in that certain outdoor burning is allowable, such as fire-fighting training, recreational campfires, etc. Violators of this ban of outdoor burning are subject to fines of \$50 to \$1000 per day for each day of violation.

The Texas Air Control Board also has several other regulations concerning other types of air pollution, permits for construction and operation of possible air pollution sources, and air pollution emergency episodes.

For further information contact the Region II office of the Texas Air Control Board at No. 15 Briercroft Office Park, Lubbock, Texas 79412, or phone (806) 744-0090.

Sunflower Moth Is Only Obstacle Left

LUBBOCK --What High Plains folks hope will be yellow gold is beginning to glow over the area as 300,000 acres of sunflowers come into bloom during the next few weeks. Yet another obstacle awaits sunflower growers who are breathing more easily now that they're past the first of two peak periods of the carrot beetle emergence. That obstacle is the sunflower head moth.

Larva of the sunflower moth, once they've hatched on the blooming flowers, feed on the tender growth, sometimes destroying an entire crop. They are the most severe pest of sunflowers in the United States, according to Dr. Robert C. McIntyre, area entomologist with the Texas Agricultural Extension Service.

A composite, such as the sunflower, is actually a group of flowers with each flower developing into an individual seed, McIntyre says. Flowering begins on the outer diameter of the head progressing to the center. A field of well-adapted hybrid sunflowers normally complete the bloom period in 12 to 15 days. This is the only time that sunflowers are susceptible to attack and damage by the moth, which is colored light buff to silver.

Eggs are deposited within or between the individual flower tubes. Young larvae hatching from these eggs begin feeding immediately and remain on the surface of the flower for a couple of days. They spin silken webs as they feed, forming a mat of frass, silk and dried blooms on the face of the head. As the larvae become older, they begin tunneling into the developing seeds and fleshy receptacle of the head. Each larva damages or destroys an average of nine seeds, the entomologist figures.

Dr. George Teetes, research entomologist with the Texas Agricultural Experiment Station at Lubbock, has found several chemicals to be effective in controlling the moth. He and co-workers have also looked into the timing and implications which might protect the delicate flowers during the bloom period.

Methyl parathion, Thiodan (R), and Supercide (R) are the three insecticides labeled for use on sunflowers against the moth. Tests have shown that methyl parathion and Thiodan (R) give effective control when applied at one pound AI (actual insecticide) rate per acre in a schedule of two to three applications at a five-day interval. Supercide was found effective at 1/2 pound rate per acre in the schedule.

The three insecticides are cleared for a total of three applications per growing season for sunflower larvae control, McIntyre adds. Two or three applications are generally required because a field of hybrid sunflowers generally takes 12 to 15 days to bloom completely.

Hospital...

Cont. from Page 1

existing hospital and to remodel the current facility.

It has been reported that preliminary drawings of the proposed one-story wing have been approved and bids could possibly be taken by late summer or early fall. The construction target date has been tentatively set for October of this year. The renovation of the West Plains Medical Center in Muleshoe is expected to take some two years to complete.

The new wing will include a recovery room and a three bed intensive care unit complete with coronary care facilities.

A new kitchen will be built to serve both the hospital and the Muleshoe Nursing Home.

The current hospital will be brought up to the Life Safety Code set by the State Department of Health. The operating room, supply services, delivery room, and X-ray room will be modernized as will the lab. Doctors offices will also be relocated and the lobby will be enlarged.

Cont. from Page 1
Damage generally occurs in low income housing areas where streets, drainage, and sidewalks have not, or cannot be properly developed. Bailey, Cochran, Hockley and Terry counties each sited needs for flood control and drainage.

Since the area normally receive 18 inches or less annual precipitation the economy is based on a viable irrigated

agriculture. Increased emphasis is being placed on more efficient use of existing water supplies and rainfall runoff. The importation of water from outside the region is a high priority item for the Sandyland area. Irrigation wells in the area continue to show losses in the amount of water pumped or increases in pumping costs. Reduced supplies of irrigation water has caused farmers to invest in high

priced, more sophisticated types of pumping equipment and irrigation systems.

Other problems listed include land use adjustments erosion, sedimentation, and lack of recreational facilities.

The objectives and benefits are many and varied but are expected to pool local initiative and talents to improve rural and urban living conditions. The area would benefit from a general understanding of

each other's problems, a deeper appreciation of the value of natural resources, and development of local leadership to serve and benefit people outside their immediate area of influence.

Very strong support has been demonstrated by all levels of government. Local governmental units will make maximum use of local human and financial resources to solve their problems. Sponsors of

the project are soil and water conservation districts and county commissioners court. The conservation districts will provide leadership and guidance in the development of project

measure proposals and will lend expertise to specific soil and water conservation projects. They will also assist in conducting informational activities

Mr. and Mrs. David Kendall Gallman

Miss Farley, Gallman United In Marriage

Miss Le Ann Farley and David Kendall Gallman were united in marriage Saturday, June 7 at 7 p.m., in the Lazbuddie United Methodist Church with the Rev. Frank Matthews officiating in the double ring ceremony.

Parents of the couple are Mr. and Mrs. Roy Farley of Muleshoe and Mrs. Fred Gallman of Lazbuddie. The bride is also the granddaughter of Mr. and Mrs. Henry Bass of Muleshoe.

The couple stood before an altar with the open Bible and two candlesticks flanked by two seven branch candelabra with azalea pink candles accented by nemosa branches and azalea pink bows. The aisle was marked by azalea pink ribbons. Musical selections were played by Miss Olena Seaton who also accompanied Mrs. JeDon Gallman sister-in-law of the groom, who sang "My Cup Runneth Over" and "The Lord's Prayer."

Guests were registered from a table covered with a pink floor length cloth overlaid with white lace. Decorations on the table included the guest book and an arrangement of daisies, miniature pink carnations, and baby's breath centered with a hurricane lamp and an azalea pink candle. Presiding at the guest table was Mrs. Robert Gallman, sister-in-law of the groom.

The bride, presented in marriage by her father, wore a formal length gown of white peau de soille, designed and fashioned by the bride and her mother. The bodice was enhanced by a scooped v-neckline and a fitted midriff with an overlay of lace. Accenting the neck, the bride wore a single strand of white pearls. The slightly puffed sleeves of sheer organza were banded with lace covered peau de soille. The flowing skirt was of organza over peau de soille edged with two rows of six inch embroidered lace mak-

ing its own chapel length train accented by lace flowerettes dotted on the skirt. The three tiered veil of bridal illusion trimmed with lace fell from a tierra to accent the chapel train. The bride carried a loose bouquet, a design of white daisies, pink miniature carnations, and baby's breath accented by azalea pink ribbons. Carrying out the bridal tradition, for something old, the bride wore her mother's first set of wedding rings, new was her bridal attire, something borrowed were her pearls from Spain belonging to her grandmother, Mrs. Henry Bass, and something blue was the garter made for the bride by her grandmother. She also wore the traditional pennies minted in the year of the couples births.

Attending the bride as maid of honor was Miss Susan Farley, sister of the bride, Bridesmaids were Miss Diane Coker and Miss Susan Mimms both of Lazbuddie. Attendants wore formal length dresses of pink polyester knit. The dresses were designed with midribs and wide collars overlaid with white lace. The sleeveless dresses with the low v-neck had a self fabric tie. Attendants carried long stemmed daisy clusters tied with azalea pink ribbons. Candlelighters were Miss Diana Clark and Miss Treasa Clark of Friona both cousins of the bride. They were attired identical to the other attendants with corsages of spring colored daisies.

Serving his brother as best man was Dale Gallman of Leveland. Groomsmen were Robert Gallman of Lazbuddie and JeDon Gallman of Friona also brothers of the groom. Ushers were Scotty Farley, brother of the bride, and Shelley Simpson of Plains, a college roommate of the groom.

Flower girl was Miss Melanie Gallman of Friona, niece of the groom. She wore a dress similar to that of the other attendants and carried a white straw basket filled with pink love knots.

Ring bearer was Darren Albertson of Muleshoe, nephew of the groom. He carried a square white satin pillow outlined with lace and accented with baby's breath, satin ribbon, and wedding rings.

For her daughter's wedding, Mrs. Farley wore a sleeveless formal length gown of blue polyester with a draped bodice and slightly flared skirt. A white gardenia corsage and white accessories completed her attire.

Mrs. Gallman wore a formal length gown of turquoise polyester with an overcoat of couille accented with shades of turquoise. She wore a white gardenia corsage and bone accessories.

Immediately following the ceremony, a reception was held in the church fellowship hall. The serving table was covered with a net overlay over a white linen cloth. The bride's bouquet made up the centerpiece. The three tiered wedding cake was topped with the traditional bride and groom. Sugar doves and wedding bells were used to adorn the cake. The cake

was made by Mrs. Ed Clark of Friona, aunt of the bride. The pink punch was served from crystal appointment. Mints and nuts finalized the table along with the pink rice bags. Presiding over the serving table were Mrs. Bob Edwards, of Pampa, Mrs. Ronnie Johns, of Lubbock, and Mrs. Gary Albertson of Muleshoe, all sisters of the groom.

For travel the bride chose a red, white, and blue two piece suit with white accessories.

After a wedding trip to Tres Ritos, New Mexico the couple is at home in Muleshoe.

The bride is a 1975 graduate of Lazbuddie High School. The groom is a 1972 graduate of Lazbuddie High School, and a 1975 graduate of South Plains College. He is presently employed by Whit, Watts, and Rempe John Deere in Muleshoe.

A rehearsal dinner was hosted by Mrs. Fred Gallman on Friday, June 6 at Leal's Mexican Restaurant.

Out of town guests were Mr. and Mrs. Leon Simpson and Susan of Plains, Tex., Mike Grimley and Joan Waters of Hereford; Mr. and Mrs. Cleo Couch of Dallas, Tex., Mr. and Mrs. Bill Couch and Jonathan of Plainview; Carolyn Gallman of Pampa.

Steven Paul Mann

Mr. and Mrs. Jo Bob Mann of Friona are the proud parents of a new baby boy born July 2, 1975 at 11:47 a.m., in the Parmer County Community Hospital of Friona. The baby weighed nine pounds and nine ounces and was named Steven Paul Mann. He is the couple's second child. They have another son, Michael. The maternal grandparents are Mr. and Mrs. Vernon Bleeker of Muleshoe. The paternal grandparents are Mr. and Mrs. Joe Mann of Friona.

Bigger Figures
It's getting so that school children will soon need an adding machine to do a simple sum in arithmetic.

YL 4-H Club

The YL 4-H clothing group have met twice a week this past June. They went to a store and looked at patterns and material, then each girl chose the pattern and material of their choice. They learned how to lay a pattern on fabric and cut it out. They learned the basics of sewing and practiced them. After much discussion and practice on the machine, the girls sewed up the garments themselves. The girls did most of their sewing at their leader's (Mrs. Butch Vandiver) home.

At the final meeting, they went over a booklet "4-H's be a Model Everyday", then they all filled out their project record forms. Those attending the meetings were Staci Vandiver, Rhonda Mills, Cora Patterson, Dana Smith and Beth Harmon.

Methodist Youth Plan Rummage Sale

The First United Methodist Youth of Muleshoe will sponsor a rummage sale, July 9 through the 11. It will be held in the old Western Auto building from 8:30 a.m. to 6:00 p.m., each day. A great variety of items will be sold.

Pressure Cookers Tested

Mrs. Robin Taylor, Bailey County Extension Agent was at the home of Mrs. John Blackman from 9:30 -1:30 Monday, June 30, 1975 testing pressure cookers. There were 15 tested for Mrs. Nolan Harlan, Mrs. John Blackman, Mrs. Bill Sowerder, Mrs. Margaret Teaff, Mrs. Mike Richardson, Mrs. Dudley Cash, Mrs. W. R. Adams, Mrs. Richard Black, Lorilla Jones, Mrs. L. L. Waddlen, Rowena Richardson, Mrs. Ashel Richardson, Mrs. Robert Claunch, Mrs. L. H. Medlin and Mrs. Penny Fort. Mrs. Ruth Cordean and Mrs. Eugene Ore received literature.

At 2:30 the Enoch H. D. Club had its regular meeting with Mrs. Wilma Petree, president, presiding. This was the last meeting for the physical year and the new officers will take over at the next meeting.

Each filled out a Community Report Card. The categories were people, building community facilities, environment, improvements, and Economic Development.

Mrs. Robin Taylor showed some films by the Texas Extension Service at A&M. The theme of the them was "Why Home Improvement?" She told of several points that had room for improvement. She also told of a program where a community could enter in a state wide contest. The deadline for enrollment is December 7. All phases and persons

PUT DANDELIONS TO GOOD USE . . . Pictured are Mrs. Gid Howell, owner of Decorators 216 Miss Donita Throckmorton and Delores Keltan as they show the arrangement they made from the Dandelion weeds that people try so hard to deep out of their yards. The arrangement made of sprayed red, white and blue dandelions that have gone to seed, wheat and baby's breath is set upon a toy drum. The bicentennial theme is carried out with three flags placed in the middle. The arrangement was originally made for the reception honoring the Doctors hospital board and hospital staff. The arrangement may now be rented or bought. It is a unique idea and a new way to get rid of those pesky dandelions.

Angeley Reunion Held

Mr. and Mrs. R. D. "Tub" Angeley hosted a lawn party featuring a fish fry with all the trimmings at their home in Pleasant Valley. The purpose of the party was a family reunion honoring Mr. and Mrs. Lyle Koester and daughters of Washougal, Washington.

Guests attending were: Mr. and Mrs. Hap Bearden, of Burkett, Texas; Mrs. O. K. Angeley of Crossplains, Mrs. Claburn Stuart and children of Senora; Mrs. Jesse Cole and son of Lubbock; Mr. and Mrs. Russell Haberer and Miss Leslie of Plainview; Mrs. Gene Whitfill of Silverton, Curtis Keynolds, of Albuquerque, New Mexico; Mr. and Mrs. Shanks Ivy, Mr. and Mrs. Ken Angeley and family, Mrs. Alice Angeley, Mr. and Mrs. Jack Angeley, Mr. and Mrs. Bobby Jack Angeley, Mr. and Mrs. Donnie Haberer, Mr. and Mrs. Marshall Millegan, and Mrs. Bonnie Haberer.

Miss Layton, Nickols Exchange Vows

Miss Rita Suzanne Layton and Jerry Dale Nickols were united in marriage, Saturday afternoon, July 5, at 7:00 p.m. in the First Baptist Church at Enochs. Rev. Charlie Shaw officiated the double ring ceremony.

Miss Layton is the daughter of Mr. and Mrs. R. H. Layton of Morton. The groom is the son of Mr. and Mrs. Dale Nickols of Enochs.

The church was decorated in apricot and yellow. Wedding selections were played by Linda Nickols, with soloists Sandra Austin and Sammy Nickols accompanying her.

Given in marriage by her father, the bride wore a formal empire-style gown of white satin, fashioned with a scoop-neckline trimmed with seed pearls and long sleeves. The bride carried a bouquet of yellow roses and baby's breath.

Attending the bride as ma-

trou of honor was her sister, Pamela McDaniel of Austin. She was dressed in shimmering apricot polyester with flower trim of yellow and apricot. The princess style dress featured an empire waist accented with puff sleeves.

Donnie Nickols, brother of the groom, of Enochs, served as best man. Groomsmen were Gary Nickols, of Enochs, uncle of the groom. Ushers were Jarrod Layton of Morton, and Richard Nickols of Enochs. The candlelighters were Paula Nickols of Enochs, sister of the groom and Robert Layton, of Morton, brother of the bride.

There was a reception following the ceremony at the Fellowship Hall of the Enochs Baptist Church.

For traveling, the bride chose a orange plaid suit for their wedding trip to Colorado. The bride was a 1975 graduate of Bula High School and

Marjorie Simmon

Marjorie Simmon Retired Postmaster

Marjorie Simmon was the Bula Postmaster for twenty eight years. She retired from her job, June 20, 1975.

Mr. and Mrs. Simmon and their two sons, Darmon and Oliver, moved from Elgin to the Bula community in 1930. They bought land and farmed for three years. Later, the Simmons went into the grocery business. Mrs. Simmon was the assistant Postmaster, from 1936 to 1942.

In 1942, they sold the grocery business to his brother, Mr. and Mrs. Arbie Simmon and he became Postmaster, also.

Mr. and Mrs. Simmon's sons were both serving in the navy. They went to California where both, Mr. and Mrs. Simmon's started work for the Consolidated Air Craft, Mrs. Simmon worked in the purchasing department and Mr. Simmon worked in the Material Control department.

In 1946, they moved back to Bula and bought the grocery business back from his brother. Mrs. Simmon was appointed acting Postmaster, December 30, 1946 and was commissioned Postmaster on April 23, 1948, and served until her retirement, June 20, 1975.

Nursing Home News

by Myrtle Guinn

Mrs. Sain became ill and was moved to the hospital several days ago. She is much better now and we hope she will soon be well enough to be back in her room here. Her daughter, Nan, has been so faithful to come and be with her mother, Mrs. Sain's other daughter, Mrs. Mae Provence, has recently returned home after a two or three month visit with her child.

Mrs. Harris has had a cold and has not been feeling well. Hope she is feeling better soon. Homer Johnson and Mrs. Boydston have not been feeling well. We are hoping they will feel better soon.

Mrs. Lewis had company on Wednesday. Her son, Leon

and his daughter, came with her little three month old baby girl.

Mrs. Penny Malone also had her oldest little granddaughter with her on Wednesday morning.

Mrs. Nellie Dean has not been feeling very well. Her son and wife visited her one day this week. Mrs. Hardin has not been feeling very well either. Her daughter, Mrs. Gladys Phipps came to visit with her every day.

Mrs. Newton's daughter, Mrs. Lavada Lassiter of Whiteface, came to see her on Monday.

Several men here have enjoyed the "42" games in the afternoons.

Mrs. Hall visited with Mrs. Veach one afternoon. Mr. Veach who has been ill is improving. We are glad to know that Mrs. Wilkerson, a friend from Temple has been visiting with Mrs. Hall and Mrs. Veach.

Pleasant Valley Holds Arts And Crafts Bazaar

Pleasant Valley Community is sponsoring an Arts and Crafts Bazaar at the community center Friday, July 11 from 10:00 a.m. to 8:00 p.m. and again on Saturday, July 12, from 10:00 a.m. to 4:00 p.m. A 10% commission charge on all items sold will be used for improvements of the community center. Refreshments will be sold both days. The community center is located 10 miles east of Muleshoe on the Plainview Highway and 1 mile north.

We encourage everyone to come shop for some unique gifts and decorative items! Examples of categories that will be included are: paintings--oil, acrylic, tote, watercolors, and tube; stitiches--dolls, doll clothing, crewel, crochet, needlepoint, quilting, weaving, decoupage; ceramics and china painting; woodcrafts; quilting; papertote; Christmas de-

corations; household linens and goods; jewelry; and even baked goods and candies--all handmade items will be sold.

All displayers need to have their entries checked in Thursday, July 10, between 4:00 and 8:00 p.m. Each item needs to be priced (price tag must include total cost--10% commission plus your price) and identified with the displayer's name.

If you have any questions please call any of these numbers: Rita Hawkins 965-2485; Sue Holt 965-2842; Phyllis Angely 965-2776; Pat Angeley 965-2768.

Bula News

By Mrs. John Blackman

WMU met Tuesday at 2:30 p.m. for their regular weekly meeting, with Mrs. J. R. Teaff in charge of the study, which was Bible study day. The lesson taken from Acts Chapters 16 and 18. Mrs. Richardson, prayer chairman, read the call to prayer and Mrs. Battles gave the opening prayer and prayer for the missionaries. Mrs. E. W. Black closed the meeting with prayer. Others attending were Mrs. P. R. Pierce and Miss Vina Tugman.

Guests in the C. A. Williams home is their daughter and family, Mr. and Mrs. Don Brunk and boys Steve, Jay and Jeff. They came Saturday and will be leaving this Friday. They will be going to Eugene, Oregon, to live. They have been living in El Paso.

Sunday the Williams enjoyed having other children Mr. and Mrs. David Williams, children Pam and Jeff of Slaton and Mr. and Mrs. Darnell Williams and boys Dewayne and Donnie of Enochs.

Ronald Risinger, son of Mr. and Mrs. W. C. Risinger is at the John Seelye Hospital in Galveston, taking further therapy

Mrs. Jerry Dale Nickols and treatment for injuries received in a car accident about two months ago.

Guests in the Ivan Clawson and J. D. Rowland homes are Mr. and Mrs. Hulon Clawson and grandchildren Terry and Randy, from Vista, Calif. They had been visiting with their son and family Mr. and Mrs. W. D. Clawson at Lovington, N. M.

Mrs. Freddie Maxwell accompanied a friend, Mrs. David Driscoll, to Plainview, Monday afternoon, where Mrs. Driscoll was honored with a baby shower, at the home of Mrs. Ann Lagrone, in Plainview.

Mrs. Driscoll has been staying here with her father H. M. Black, while her husband is in the process of moving from Plainview, to Fort Worth, where he will enroll in the Southwestern Seminary. Both Mr. and Mrs. Driscoll are graduates of Wayland.

Mrs. Fred Locker underwent surgery Wednesday morning at the Littlefield Hospital. We hope her stay won't be for long in the hospital. And she will come home feeling much better.

Mr. and Mrs. Gene Bryan, drove to Littlefield Sunday after

church services and were dinner guests of her sister Mrs. Vera Farrington. Also another sister was with them, Mr. and Mrs. Otis Neel and daughter Kay, of Friona.

Mrs. E. W. Black is home after a stay of several months with her daughters, and families Mr. and Mrs. W. T. Sullivan at Sherman and Dr. and Mrs. W. T. Zedlitz of Dallas. Mrs. Sullivan and daughter Ann flew up with her and stayed from Sunday until Wednesday.

Mrs. Nolan Harlan and son John David, went to the Knights Rest Home Monday for a visit with Mrs. Lula Harlan, and took her out for lunch, which she enjoyed so much. Mrs. Harlan is doing much better, since a stay of several days in the Amherst hospital.

Debbie Adams, daughter of Mr. and Mrs. Bobby Adams of near Morton, and granddaughter of Mr. and Mrs. W. R. Adams of our community, was able to return home Saturday from the Lubbock Methodist hospital, after undergoing repair work on the wiring of her pace maker, on Saturday week. She is able to be up and about the house, and seems to be getting stronger each day.

Ed Scott, sophomore student at Sunset School of Preaching, Lubbock, spoke Sunday morning and evening at the Bula Church of Christ. He, with his wife, Carolyn, and children Justin and Diane, were dinner guests of Mr. and Mrs. Nolan Harlan.

Rev. Eddie Riley and wife Karen took several of the RA's to Lubbock, Saturday night for the East-West ball game. Boys going were Billy Tiller, Bernie Davila, Lewis Peacock, and Donald Black. Also Ruby and Glenda Peacock.

Mr. and Mrs. Tom Bogard drove Saturday morning to Charlie, Texas, for a visit with their son and family, the Jake Bogards. They enjoyed eating lots of fresh vegetables, and seeing beautiful crops, down that way. On their return home Monday, they saw so much area of farming that were in the storm area Sunday evening, it looked bad to them.

A. P. Fred was dismissed from the Methodist Hospital Monday morning after undergoing minor surgery the past week. He is still not feeling too good.

IF YOUR COMPANY ISN'T PROVIDING FOR YOUR RETIREMENT WHO IS?

the \$1,500 tax break

If you're employed and not participating in a private or governmental retirement plan (Social Security doesn't count) you are eligible to start one of your own.

This new plan is known as the individual Retirement Savings Account. You are entitled to contribute up to 15 percent of your annual salary, or \$1,500 (whichever is less).

New Pension Act Enables Millions of Working Americans Currently Not Covered By Any Retirement Plan to Set Up Their Own Tax-Favored Retirement Account.

the \$7,500 tax break

If you are self-employed and do not have a retirement plan, then you can start a tax-sheltered plan of your own.

This new plan is known as Keogh HR 10. You may contribute up to 15 percent of your earned income or \$7,500 (whichever is less).

BOTH PLANS ARE TAX SHELTERED!

You can claim your contribution to either plan as deduction on your federal and state income tax returns. In the meantime, the money in your account will grow tax sheltered. No income tax will be due until the funds are paid out to you, and **FIRST FEDERAL** pays the highest rate for which the amount qualifies.

FIRST FEDERAL offers both these plans without charging fees or commissions. Call or come in and talk it over with the Savings Counselor at the **FIRST FEDERAL** office nearest you... or send in the coupon below.

PLAN TODAY FOR YOUR RETIREMENT TOMORROW!

JULY 4, 1776

INDEPENDENCE DAY

JULY 4, 1975

COME AND GET IT . . . Breakfast is served . . . And the Muleshoe Jaycees are doing the cooking. Hotcakes, bacon and all the coffee you could drink was the menu Friday morning, July 4 at the airport. The Jaycees fed a large crowd despite some difficulties with electric cords which burned out. Pictured (l-r) are Monte Dollar, Larry Goree and Gene McGuire.

LOOK MA, I WON. . . . Timmy Shipman was one proud little guy Friday morning when he peddled his tricycle just as fast as he could and crossed the finish line first.

GOSPEL CRUSADERS . . . Rode in the Fourth of July parade held Friday in Muleshoe. Just one of the many floats that pleased the crowd of parade-watchers lining Main Street.

CHOW TIME AGAIN And hundreds of hungry Fourth of July Celebrators lined up in the chow-line at the old city park for barbeque and all the trimmings. The Muleshoe Chamber of Commerce sponsored the meal.

STILL THE CHAMP Ed Neutzler, of Lubbock is still the champion Mule Shoe pitcher. He eliminated Troy Scott who was winner of the men's division and went on to out pitch young Russell Magby, winner of the junior division, to win the championship.

DRESSED FOR THE PART These four "old-timers" dressed for the occasion during the July 4th celebration held in Muleshoe Friday. They are just four of the members of Odd Fellows and Rebekahs who were to take part in the Old Settlers Reunion Friday afternoon held at the Methodist Church.

HUNGRY GALS These two little gals from Denver City, are being served breakfast at the Muleshoe Airport by Jaycees who sponsored the meal. They are (l-r) Betty Jo Candill and Sharon Dee Owens. They said, "it just hit the spot."

YOUNGSTERS GET IN THE ACT A group of happy bicyclists line up with their decorated bikes for the Fourth of July Parade held in Muleshoe on Friday evening.

FLOATS ADD TO PARADE These two floats were among the many to enhance the Fourth of July Celebration held in Muleshoe on Friday, and made the parade more enjoyable for the crowds of people who lined the streets to have a look.

THAT'S ONE WAY TO DO IT Not to be stymied, these two fellows took to the outdoors to fry their bacon. Had a little trouble with electrical cords burning out inside the hanger at the airport where breakfast was being cooked and served, so they went outside and plugged their skillet in. Pictured are (l-r) Ronnie Bullock and Perry Hall.

ART EXHIBIT. . . . The Muleshoe Art Association set up their art exhibit in the Muleshoe State Bank Community Room, which was well attended by art lovers of all ages. Cash, merchandise, and framing awards were given away around 3 p.m. Friday, July Fourth.

THE SCIENTISTS TELL ME ...

By Robert L. Haney, Science Writer
The Texas Agricultural Experiment Station

Microwave Oven Owners Say They're Great, But...

When you buy a cooking appliance these days you want to know if it saves time, labor or fuel cost. If it's said to save all three, then it's bound to interest nearly everyone who cooks.

In spite of high inflation, the year 1974 was the best year yet in sales of microwave appliances. The best selling type is described as the portable, countertop model.

The growing popularity of this appliance has created widespread interest and raised many important questions concerning consumers' attitude and use of it. How do homemakers feel about a possible safety hazard from radiation in a few instances? Do they feel well enough informed for the care and maintenance necessary in the use of this appliance? What are the use patterns and use practices? Are they satisfied with the oven performance and the cooking results? Have their food purchasing patterns changed since they acquired the microwave oven?

The Consumer Research Center of the Texas Agricultural Experiment Station, Texas A&M University, conducted a survey of microwave oven owners in the Bryan and College Station, Texas, area. Homemakers who owned microwave ovens generally expressed a high level of satisfaction with the appliance according to Dr. Ki Soon Rhee and research associate Flowayne Drew. Over half of them were so pleased with it that they thought it should be standard equipment in the kitchen.

Most of them felt the microwave oven was safe. (Only about 1 in 5 had had the radiation level checked.) Some of the users expressed dissatisfaction with the size of the cooking cavity and

CALL 385-6083
Littlefield 409 W. 2nd

We are grateful for all your help in any way, as it helped us to bear our grief from his sudden death.
Sons, Howard Cecil and Mark Weaver, Anchorage, Alaska. Parents, Mr. and Mrs. V. C. Weaver, Bula. Sisters, Verdeen Wright, Houston; Juanita Branned, San Antonio; and Marie Suggs, Odessa, 27s-ltc

Having one of these ovens did not cause a great change in the pattern of food purchasing. Some visible changes were shown in the increased purchases of the ingredients for casserole dishes made from "scratch" (by 20 percent of the respondents); casserole helpers (14 percent); frozen casseroles such as pot pies (12 percent); cooked frozen meat items including TV dinners (17 percent); ready-to-eat refrigerated meat such as wieners and lunch meats (11 percent); pre-prepared frozen baked products (24 percent); fresh and frozen vegetables (10 percent); and processed soups (12 percent).

The greatest change due to owning a microwave oven occurred in the purchase of certain disposable kitchen items. A majority bought more paper towels and paper plates, and one third of the homemakers bought more waxed paper and plastic wraps.

One might call this the era of the investigation.

On Wall Street
By Bob Hill
Lentz, Newton & Co.

The great American habit of bargain hunting isn't being limited to home appliances and automobiles. It is driving the travel industry in general and travel agents in particular up the walls. European travel is down sharply, as is travel to the Middle East. Sharply higher air fares are to blame. Even travel expectations for Bicentennial events in New England are sharply lower than had been anticipated. The big reason is all the publicity about the expected huge crowds of tourists the Bicentennial cities were bracing for this summer. 1975 travel expectations to cities such as Philadelphia, Boston, New York, Washington, D.C., Williamsburg and Valley Forge are actually less than last year's attendance figures.

But if the tourists are avoiding the New England area and the east coast, they aren't ignoring California, Hawaii, Florida, Canada, and Mexico. There seems to be plenty of money for trips to those places. Disney World and Disneyland are well ahead of 1974 attendance figures.

The most popular means of transportation is still the automobile but only as long as gasoline prices stay within reason. Traffic on Greyhound is down from a banner year in 1974, but bus tour enquiries are running 400% ahead of last year.

The fuel crisis has hurt Amtrak. Passenger miles are

down 20% against last year. The airlines are at least holding their own for the moment on domestic flights. International flights are a disaster area.

The trend is for bare-bones costs, tours instead of do-it-yourself trip plans and last minute changes in travel plans. Now someone will plan a trip in two weeks instead of 10 months, then change everything at the last moment. It isn't a case of Americans taking fewer vacations, or just staying home. It's more a matter of getting more value for the travel dollar, avoiding the crowded cities, and last minute changes in travel plans.

A BUS-TRAVELING HOME
SACRAMENTO, CALIF.--Georgia and David Clark of Essex, England have toured much of the United States in a double-decker bus that was converted into a mobile home. They bought the bus in England for \$700, shipped it to Chicago and started their tour in June, 1974.

HAS HER WISH
FREMONT, OHIO--Mrs. Elma Tschumy, a retired kindergarten teacher, said if she reached the age of 70, she wanted a birthday party with all male guests. The guest lists was composed of 263 men--many her former pupils.

FROSTIE WINS AGAIN ... Jimmy Henderson's horse, Frostie has done it again. For the third time in three years the horse has won in the reining event at the District Horse Show. Frostie placed first this year and second in horsemanship. Young Henderson competed in the District II 4-H Horse Show held at South Plains Fairgrounds in Lubbock on June 30 and July 1.

Midge Reported In Area Fields

Potential yield-damaging infestations of sorghum midge have been reported in area sorghum fields. According to custom applicators and chemical suppliers, many fields at bloom harbor adult midge. Left uncontrolled, the larvae of these adults can damage sorghum grain heads severely.

Most damage from this insect occurs during the blooming period. Once bloom begins, farmers are advised to carefully observe fields for adult midge activity.

Midge can be identified as an orange-colored, fragile-looking gnat about one-twelfth inch long. The midge life cycle from egg to adult is completed in an average of 16 days. Growers should look for adult midge during early morning or late evening hours as this is when the greatest activity takes place.

Estimates on damage from midge amount to millions of dollars of yield loss. In Texas alone, loss to this insect is in excess of \$10 million. With a significant increase in sorghum plantings this year, the potential exists for an even greater loss.

Another pest that is familiar to a growing number of sorghum producers is Banks Grass Mite. A member of the spider mite complex, this hard-to-

control mite damages sorghum by sucking nutrients from leaves during periods of water stress. While damage from Banks Grass Mite is easy to see, initial infestations are difficult to detect. Mites are located on the underside of sorghum leaves. They spin fine webs and lay numerous eggs.

Two Bailey County 4-H's Qualify For State

One of the largest District II 4-H Horse Shows was held on the South Plains Fairgrounds in Lubbock, Monday and Tuesday, June 30 and July 1.

This competition is held so that 20 South Plains boys and girls can qualify for the State 4-H Horse Show to be held in Fort Worth later this month.

A team of 16 boys and girls from Bailey County competed in this competition and they placed fourth as a team in the district.

Two 4-H's from the county qualified for state competition. They are Bill Hodnett, son of Mr. and Mrs. Jack Hodnett of Maple, and Jimmy Henderson, son of Mr. and Mrs. Bobby Henderson of Muleshoe.

The highlight of this large horse show came when Hodnett and JoAnn Whitehead of Cochran County, tied in the barrel racing event with a time of 17.44 seconds. A runoff was held with Hodnett being declared the winner with a time of 17.22 while Miss Whitehead turned in a time of 18.22.

Hodnett was the winner in the barrels and also won second in pole bending with a time of 21.58.

Most all the local 4-H members that are familiar with the horse program know about a horse named Frosty. A yellow Palomino gelding, owned by the Bobby Henderson family, this horse will compete for the third year in a row at the State 4-H Horse Show. Jimmy Henderson rode the horse during the show

this year winning in the Reining event and placing second in Western Horsemanship. Frosty and one of the three Henderson boys have won the Reining event the past three years running.

Shane Clauch, son of Mr. and Mrs. Jim Pat Clauch of Bula, placed first in the Hal-

ter Grade Mare competition and Sharia Farmer, daughter of Mr. and Mrs. Charles Farmer, placed third in the Halter Grade Mare competition.

Also in the Halter competition, Kenny Henderson, son of Mr. and Mrs. Bobby Henderson, placed fifth with his grade gelding and Curtis Car-

penter placed sixth with his grade gelding out of a class of about 40 horses.

Other placings in the time events went to Shonne Hodnett who placed tenth in the Pole Bending Contest out of 90 contestants.

Casey Farmer placed tenth in Barrel Racing out of 90 con-

testants.

In a special event held Monday night, Sherman Presley, son of Mr. and Mrs. Jimmy Presley, placed fourth in Judged Roping.

Hodnett and Henderson will be going to the state competition and will compete with some 260 top horsemen from

across the state. The show will be held July 23-26 in Fort Worth.

The donations will help send 21 Muleshoe DeMolays to the State Conclave to be held in San Antonio on July 24-26.

Steve Van Zant O'Grady has received an appointment to West Point. He was notified by Congressman George Mahon, by letter, of the appointment. Steve also received letters from General Berry, Superintendent of the Academy, and from Colonel Rogers.

Commision...

Cont. from Page 3

to inform people of services available from RC&D project measures.

County Commissioners Court will propose measures and will, in certain cases, exercise their power of eminent domain. Local sponsors will assume responsibility for operations and maintenance of structures constructed with federal funds.

In other business, the Commissioners Court discussed office space. The Commissioners are presently in the process of providing office space for the State Health Nurse and are giving thought to the relocation of certain other offices.

The Central Plains Mental Health Center requested an audience with the Commissioners Court to give their report of their activities for the past year. A tentative date of July 14 has been set to hear this report.

The Commissioners agreed to make a contribution from Revenue Sharing Funds in the amount of \$50,000 to the hospital, once the legal way can be worked out, according to Judge Williams.

Discussion was held concerning the local ambulance service and commissioners will be meeting with city dads for further discussion of the service before a solution is resolved.

Highway...

Cont. from Page 1

at Highway 84 and the crossroads and Highway 84 and Main. The new arms are in and the lights hung though they are not operating as yet. There will be a left turn signal at the crossroads so traffic can flow more easily.

Upon completion, this will make Highway 84 a new four-lane highway which is projected to handle all the traffic through the year 1990 and alleviate the necessity of a bypass of the City of Muleshoe.

When completed, the project will have moved the present curbs and gutters about four feet on each side of the highway. All electrical and telephone poles have already been moved as well as the necessary plumbing.

One of the main purposes of the hearing slated for Tuesday, July 8, is to promote citizen involvement.
