

Texan Dies Before Trip To Become Uruguay Envoy

BRYAN, Tex., May 22. (AP)—William S. Howell, 54, business man, attorney and veteran of the US diplomatic service, died early today, one-half hour before he was to leave for South America to assume his new post as US ambassador to Uruguay.

Dr. A. C. McGill of Bryan said Howell died of a heart attack.

Shortly before 5:30 a. m. his stepmother, Mrs. W. S. Howell, called to awaken the recently appointed ambassador. Receiving no answer, she went to his bedroom and found him unconscious. A few minutes later he died.

Howell was to have left Bryan by automobile at 6 a. m. for New Orleans to take a ship to Montevideo.

Mrs. Rosemary McRae, a daughter, was to meet him at New Orleans and accompany him to Uruguay to serve as hostess at the US embassy.

Howell's death recalled the fatal heart attack suffered Feb. 6 by O. Max Gardner, 64, in New York, eight hours before he was to sail for England as US ambassador to the court of St. James.

A native of Bryan, Tex., Howell, a tall, blue-eyed, affable man, served in the diplomatic service from 1916 until 1935.

Funeral services will be held at the First Baptist Church in Bryan at 4 p. m. Friday, the same hour at which Howell was scheduled to sail from New Orleans. Dr. W. H. Andrew, pastor of the church, will officiate at the services. Burial will be in Bryan City cemetery.

At New Orleans, state department representatives were endeavoring to locate Mrs. McRae to inform her of her father's death.

Howell was educated at private schools and at the University of Texas. He practiced law in San Antonio from 1912 to 1916. In the diplomatic service, he served in London under Ambassador John W. Davis; in Mexico City under Dwight Morrow; and at Prague, Warsaw, Havana and Panama. His last station was at Paris where he was charge d'affaires. In 1935 he resigned, and since that time he had divided his time between New York and Bryan, dealing in stocks, bonds, and oil.

Blood Count For Men Near Bikini A-Bomb Ordered

WASHINGTON, May 22. (AP)—The Navy announced today that a complete blood count has been ordered for all men still in service who took part in the Bikini atom bomb tests last year.

The order was described by a Bureau of Medicine officer as a "routine follow-up."

Secretary Forrestal directed order to all ships and stations that the checkup be made in an dated May 19 and made public today.

"It is directed that a complete blood count be performed on all personnel now on active duty who were attached to operation cross roads or the Navy Radiological safety program," the order read.

"All cases of abnormal blood counts shall be repeated. Forward results of all examinations to Bureau of Medicine and Surgery with personal data as to full name, rate or rank, service number, location of examination and approximate time attached to operation Cross Roads and Radiological safety program."

Between 34,000 and 40,000 Navy men were in the vicinity when two atom bombs were exploded July 1 and 25 in the Pacific last year.

Five Railway Unions To Bargain On Pay

WASHINGTON, May 22. (AP)—Five big unions prepared to bargain out their demands on the railroads under procedure which will delay any strike shutdown for perhaps six months.

A. F. Whitney, president of the Brotherhood of Railroad Trainmen, told reporters:

1. The railroad labor organizations feel they have a legal right to call a "quick" strike any time after Sunday — but do not plan to do anything of the sort.
2. He believes his union and four others allied with it will agree to "start from scratch" under the time-consuming railway labor act in their new negotiations for changes in 44 working rules.
3. He thinks this should result in "a settlement or a breakdown of negotiations by Nov. 1."

Whitney's statement at a combined dinner and news conference last night jibed with the stand of Alvanley Johnston, who said the same thing in Cleveland regarding his brotherhood of locomotive engineers.

Twenty other rail unions will follow these legal procedures as a matter of course.

There had been some doubt in the case of the trainmen and engineers, growing out of their 48-hour strike a year ago this week.

At that time the two unions had gone through all the steps required under the law, had taken strike votes, and gone on strike May 23.

The strike was broken by President Truman when he threatened to use the army to enforce his terms, which were a pay raise of 18 1/2 cents an hour, but no changes in working rules for one year.

Police Capture Slayer Suspect

GREENVILLE, May 22. (AP)—Adrian Roark, 23, wanted in connection with the shootings of his wife and a cafe proprietor at Houston, surrendered to officers last midnight after they had poured a hail of bullets into the barn in which he was hiding, four miles east of Commerce, Hunt County Sheriff Fayt Clifton said today.

Roark, unwounded, walked from the barn with his hands in the air and told the posse of more than a dozen Hunt and Delta county officers that "it got pretty hot in there." He was armed with a .32 caliber automatic pistol, Clifton said.

Tipped off of the man's whereabouts, the officers went to the barn shortly before midnight and called for him to come out, the Sheriff related.

When he did not appear, they riddled the barn with bullets. Then Roark walked out, his hands in the air. He was taken to the Hunt county jail at Greenville.

Roark is wanted in Houston on two charges of assault to murder.

Thieves Operate In Five Towns

Peace officers of five West Texas towns, including Big Spring, area co-operating in investigating an epidemic of early morning burglaries which occurred today.

A local combination filling station-grocery store was entered by a preliminary check showed that nothing was missing. Police theorized that the thieves had been frightened and fled before they could take anything.

Three business establishments in Coahoma — two filling stations and a grocery store — were burglarized sometime after 4 a. m. but investigating officers said each place missed only a limited amount of merchandise. The raiders twisted locks to gain entrance to two of the places while a plate glass door was shattered at the other establishments.

Colorado City, Roscoe and Lufkin also reported burglaries of minor consequence.

Patients In Soldiers' Home Are Stricken

WEST LOS ANGELES, Calif., May 22. (AP)—Some 500 patients at the Sawtelle Soldiers' Home were stricken last night with food poisoning, but an Army spokesman said today that none is in serious condition.

The spokesman, declining use of his name, said it had been determined that the tainted food was served at one of three noon messes in the home, but said the cause had not been definitely isolated. All the men were affected by nausea, he added.

The Soldiers' Home, operated by the Veterans Administration, has a capacity of 3,300. Most of them are veterans of World War I and earlier conflicts. Only about 200 World War II servicemen are residents.

'Peanut King' Dies

WILKES-BARRE, Pa., May 22. (AP)—Amedeo Obici, founder and president of the Planters Nut and Chocolate Co. of Suffolk, Va., and known in the industry as the "Peanut King," died last night. He was 69.

Ford Production Lines Are Watched

DETROIT, May 22. (AP)—Production lines at three big factories of the Ford Motor Co. being watched for any signs of faltering, rolled on today under the handicap of a workmen's strike.

As the walkout of approximately 3,800 organized supervisory men headed into a second day, its ultimate effect on production for a carbody in America remained speculative.

28 White Men Acquitted In Mass Murder Trial On Lynching Charge

GREENVILLE, S. C., May 22. (AP)—Twenty-eight white men were acquitted at their mass murder trial last night on charges that they lynched a 23-year-old Negro.

The verdicts were returned last night in Greenville county's shifting courtroom after a nine-day trial unprecedented in "southern history." The state had demanded conviction — but not death — against the alleged murderers of Willie Earle, who was taken from Pickens county jail before dawn Feb. 17 and lynched in reprisal for the stabbing of a white taxi driver.

Agents of the Federal Bureau of Investigation and local and state police moved quickly into the case and within 24 hours had incriminating statements from well-known, edged members of the mob.

Eventually, 26 defendants signed

unsworn statements, admitting to police that they had helped take the Negro to an old slaughter pen where he was bludgeoned, slashed and shot to death.

A county grand jury indicted 31 men for murder, conspiracy to commit murder, and of being accessories both before and after the fact. All were brought to trial in Greenville criminal court. Three won directed verdicts of acquittal.

In closing the state's case, Prosecutor Samuel Watt and Robert Ashmore appealed to the jury to act as the public conscience of South Carolina.

The jury, however, heeded the plea of Defense Counsel Thomas Wofford, who criticized northern "interference" and demanded acquittal to "show them it's no use meddling in Greenville county."

The defense offered no witnesses or testimony and no defendant

Bar Of Reformed Reds In Union Offices Pondered

WASHINGTON, May 22. (AP)—The question of whether a reformed communist ought to be permitted to hold office in a labor union went before Senate-House conferees today trying to compromise labor bill differences.

Senator Taft (R-Ohio) told a reporter it is the view of the Senate members of the conference committee that just because a man once was a communist is no reason for barring him forever from becoming a union officer.

"We want to leave some room for the man who has repented and seen the light," the Ohio Senator said.

House conferees were reported not too enthusiastic about defending a provision in their labor bill which bars from union office anybody who "is or ever has been a member of the communist party." The "ever has been" phrase was inserted on the House floor.

Both bills ban the certification of unions as bargaining agents if any of their officers is a member of the communist party "or by reason of active and consistent promotion or support of the policies and doctrines of the communist party can reasonably be regarded as being a communist or one who believes in overthrow of the government by force."

Taft said he still hopes the conferees can conclude their work this week, but some other committee members said they doubt any final agreement can be reached until next week. Lending weight to their belief was word that Chairman Hartley (R-N.J.) plans a session of his House Labor Committee Saturday to discuss conference developments.

Orphanage Bank Deposits Cited

BROWNSVILLE, May 22. (AP)—Deposits totaling \$175,213.50 in the name of the Santa Rosa orphanage have been made during the past six years in two Texas banks, witnesses testified today in the federal court mail fraud trial of Mathes and Ruth Coleman, Negro managers of the Cameron county institution.

Bank ledger sheets and deposit slips introduced by the government indicated \$99,944.17 was deposited in the First National Bank of Mercedes between October 28, 1941, and April 28, 1947 and that \$75,269.33 had been placed in the South Texas National Bank now the Alamo National Bank at San Antonio, between July 7, 1941, and March 22, 1944.

H. G. George, cashier of the Mercedes bank, also testified Mathes Coleman between April 8, 1942, and April 26, 1947 had deposited \$18,636.85 in the name of the Coleman Cattle Company, a separate fund from that of the orphanage.

Tom Pawell, assistant cashier of the Alamo National Bank at San Antonio, told the court the orphanage account with his bank had been closed on March 22, 1944, and that he believed the funds signature card bore the name of W. F. Pohlen. On cross examination, however, former Governor James V. Allred, chief defense counsel, introduced a check which he said had been drawn on the San Antonio account and asked Powell to read the signatures on the check.

Powell said the check was signed "Ruth W. Coleman and W. F. Pohlen."

Incorrect Maps Cause Air Crash

MANILA, May 22. (AP)—Wreckage of a luxury air liner carrying at least 11 Philippine government officials and a crew of seven was found today on a mountainside on Mindanao. All aboard were believed dead.

Incorrect maps which show towering Mt. Katanglad in the wild Bukidnon Plateau region as 7,863 feet instead of its actual 9,300 feet apparently brought disaster to the plush-lined, twin-engine aircraft on the mountain's cloud-obscured northern slope.

An American 13th Air Force B17 will fly to the crash area tomorrow to determine the feasibility of helicopter operations to speed the search for possible survivors of the wrecked plane.

Wreck Of Army Plane Kills Five

DAYTON, O., May 22. (AP)—Five persons were killed and two others were injured today when a four-engine army transport plane from Wright Field crashed and exploded in a field about four miles east of Dayton.

Names of the dead were withheld pending notification of relatives.

A witness said the plane appeared to be in trouble as it swooped low. Seconds later, the plane tilted on its side and plowed into a ditch, then hurtled into a wheat stubble field.

An explosion turned the plane into a mass of flames.

Wright Field officials said the plane, containing military personnel, was on a routine test flight.

Truman's Mother 'Doing Nicely'

GRANDVIEW, Mo., May 22. (AP)—President Truman's mother was reported "progressing nicely," today nearly 24 hours after she was placed in an oscillating bed for passive exercise.

Brig. Gen. Wallace H. Graham, the President's physician, said 94-year-old Mrs. Martha E. Truman's "voice is strong" and that he felt encouraged by her continued progress.

Relaying Graham's remarks to newsmen at nearby Kansas City, Presidential Press Secretary Charles G. Ross said the young medical officer saw no reason to retreat from his optimistic view yesterday that the elderly patient has a chance to recover.

The patient, co-operating with Graham's plea that she eat when she can had a fairly good breakfast, he reported and was "in good spirits."

The President, his wife and daughter, Margaret, were with the chief executive's mother.

Mr. Truman took along with him to the house a batch of official papers in which he worked during the day.

Historic Greek-Turk Aid Bill Is Signed

FIANCEES, CHILDREN, ARRIVE FROM VIENNA—A group of fiancées of American veterans, some accompanied by children, leave a Trans-Atlantic plane in Washington on their arrival from Vienna in the first such movement from Austria. (AP Wirephoto).

Measure Said Proof Of US Desire For Peace

NEGOTIATIONS FOR USE OF 400 MILLION FUND TO START SOON

KANSAS CITY, May 22. (AP)—President Truman today signed the \$400,000,000 Greek-Turkish aid bill setting in force a historic American foreign policy of bolstering weak countries against outside aggression as a "support" to the United Nations.

He called it "an important step in the building of peace" and said it offered "proof" that the United States will make "a vigorous effort to help create conditions of peace."

"The conditions of peace," he said, "include the ability of nations to maintain order and independence and to support themselves economically."

The measure, a far-reaching departure in international relations of this government, became law in a simple ceremony in a mid-western hotel with Mr. Truman's pledge it would not be used to benefit "any particular group or faction."

May Says Commission Sponsored By Mrs. FDR

WASHINGTON, May 22. (AP)—Ex-Congressman Andrew J. May testified today he tried to speed action on a wartime army commission for a New York investment banker after he had been informed that Mrs. Eleanor Roosevelt was one of the banker's sponsors.

Smuggling Ring Said Sneaking Reds Into US

WASHINGTON, May 22. (AP)—Rep. McDowell (R-Pa.) said today a House un-American Activities subcommittee has uncovered evidence that a "ring" is sneaking communists from Mexico into the United States.

McDowell said the subcommittee also found "communism deeply entrenched in Hollywood and the movies."

Just back from California, the Pennsylvania told a reporter he returned by way of the Mexican border to check on "tips and leads" regarding the ring.

"There is absolutely no question," he said.

"The un-American Activities committee is not concerned with illegal immigration, any more than with the numbers racket or cheating on income taxes."

"The immigration we are concerned about is that of people who come over our border to do something to our country."

He gave no details as to where the ring operates along the border or how many people it is getting across.

McDowell and Chairman J. Parnell Thomas (R-N.J.) were members of a subcommittee which went to the coast for hearings on communism in Hollywood.

Recommend Rise In GI Allowance

WASHINGTON, May 22. (AP)—Rep. Edith Nourse Rogers (R-Mass.) chairman of the House Veterans' Committee, said today that a subcommittee soon will recommend a boost in the subsistence allowance of veterans attending college under the G.I. Bill of Rights.

Mrs. Rogers appeared before the House Rules Committee to appeal for floor action on another measure which would permit an increase in the ceiling compensation for veterans participating in on-the-job training programs.

She and Rep. Ramey (R-Ohio), chairman of the subcommittee, said a bill will be approved within a few days to give single veterans in college a subsistence allowance of \$75 a month rather than the present \$65. Married veterans, who now receive \$90, would get \$110 with \$15 extra for each child.

Mrs. Rogers told the rules committee that the present ceiling are so low that many veterans are refusing to participate in the program. She quoted Veterans Administrator Omar Bradley as estimating the increase would cost about \$149,000,000.

Effort To Stem Veto Rejected

AUSTIN, May 22. (AP)—The Senate refused to uphold an effort looking toward a possible overriding of Gov. Beauford H. Jester's veto of the District Attorney salary raise bill.

It defeated 17 to 8, a motion by Sen. Rogers Kelley of Edinburg to recall from the House the Judiciary appropriations bill finally passed yesterday. The bill had left the pay of 52 district attorneys at Jester's veto of another measure authorizing salary increases of \$1,000 a year.

Fast action in the Senate also brought these developments:

Adoption of a conference committee report on the bill outlawing secondary or sympathy strikes. The conferees eliminated a House amendment exempting railroad workers from terms of the bill.

Final passage of bills appropriating \$1,850,000 for junior colleges and \$3,620,912 for vocational education in the next two years.

Mickey Rooney Sued By Former Wife

LOS ANGELES, May 22. (AP)—Actor Mickey Rooney, 26 one of Hollywood's highest paid actors, has been sued for separate maintenance by the former Betty Jane Rose, mother of his two sons and who, at 17, won the beauty contest title of "Miss Birmingham" in 1944.

She alleged the actor, who was divorced in 1943 from actress Ava Gardner after 18 months of marriage, used fraud in obtaining a property settlement with her, representing his annual salary as \$36,000 whereas it actually is approximately \$250,000.

Revising Fund Estimate Seen

AUSTIN, May 22. (AP)—Rep. Woodrow Bean of El Paso told the house today that Comptroller George Sheppard informed him he would revise his estimate of anticipated state revenue.

Later Bean told reporters he believed the revision would be from 30 to 40 million dollars up.

Bean, arguing against a resolution calling for final adjournment June 3, which the house defeated, said he didn't know "at whose insistence" the comptroller would revise his original estimate that state general fund income would be \$186,000,000 in the next two years.

Bean has been the leading new-tax advocate in the house. A comptroller's estimate of increased income would knock the props out from under arguments for new taxation. If the appropriations bills and estimated income can be kept in line, such efforts is now being made in conference committees on the appropriations bills.

Warplanes Rushed To Aid Besieged City

NANKING, May 22. (AP)—Chinese dispatches described a bold communist guerrilla attack inside Changchun today as the government rushed a "sizeable" force of warplanes in an effort to ease the Red grip around the besieged Manchurian capital.

Communist soldiers in plain clothes sneaked into Changchun early Wednesday and attacked three police stations. Nationalist reports said a small number of uniformed Reds, meanwhile, carried out a sortie against the city's south gate.

Local Eighth Grade Students Promoted To High School Today

Current school activities move rapidly toward a climax at 8:30 p. m. today at the city auditorium when 192 eighth grade students are promoted into high school.

Justin Holmes, member of the board and father of a class member, will deliver the address. Professional and avocational will be by Mrs. Lavan Aaron, Larry Evans and Wendell Stassey will play a cornet duet, "Andantino," the ensemble composed of Wanda Petty, Susan Houser, Lillian Rowe, Jan Masters, Mary Catherine Roberts, Beth McGinnis, Patricia Lloyd, Janice Bennett and Martha John in vocal song, "When You Wish Upon A Star," Wanda Petty

Mary Catherine Roberts and Susan Houser will be at the piano when the class, directed by Mrs. Aaron, sings "America."

Peggy Toops, ranking member of the class, will speak on the school as "The Forge of Good Citizenship" and Carroll Kinman, second ranking member, will speak on home as "The Cradle of Good Citizenship." Walter Reed, principal, will certify members for certificates, which will be presented by John Coffee, board member. Invocation will be by the Rev. Cecil Rhodes, West Side pastor, and benediction by the Rev. W. R. Mc-

(See GRADUATE, Page 4, Column 2)

Houston Third Biggest US Port

HOUSTON, Tex., May 22. (AP)—Houston ranked third among the ports of the United States in 1946 and handled the greatest volume of business in its history, statistics received by J. Russell Watt, director of the port, from the United States Corps of Engineers show.

Houston's total tonnage last year was 31,837,458 tons, considerably greater than the previous year of 28,174,310 tons handled in 1939.

Ranking second to Houston, among Texas ports, was Beaumont with a total of 23,052,108 tons, while Port Arthur was third with 20,177,288 tons and Texas city fourth with 13,149,109 tons.

Galveston ranked seventh among Texas ports with 5,860,924 tons, being exceeded by Port Aransas with 10,199,061 tons and Corpus Christi with 8,517,518 tons.

Mansfield, Oldest Man In Congress

WASHINGTON, May 22. (AP)—The oldest man in Congress and one of the most remarkable, is 86-year-old Texas Rep. Joseph Jefferson Mansfield, who became ill March 9 and was taken to the Bethesda Naval hospital.

His hometown is Columbus, Texas.

Neither age nor the inability to walk have dulled the sense of humor and the cheerful, kindly disposition of this white-haired, Virginia-born Texan. He is truly beloved by Republican and Democratic colleagues alike, and they often testified in the House chamber for their regard for him.

Every man who has served in the House in the last 30 years has hailed him respectfully as "Judge Mansfield." He came here

in 1917, at an age when some men begin to think of retiring, after having served many years in public office.

Mansfield became a Texan at the age of 20, lured to the state by a land grant his father had received from the Mexican government prior to the Texas revolution. He worked first as a farm hand and laborer in a nursery, then as a baggage master and freight clerk. He was admitted to the Texas bar in 1886, was elected mayor of Eagle Lake in 1889 and county attorney of Colorado county in 1892. He was elected county judge in Colorado county in 1896 and served in that office 20 years.

He also established and edited a newspaper, served as vestryman in the Episcopal church, helped organize, and served as an officer in the Texas Volunteer Guards, and was Grand Master of Masons in Texas in 1912-13.

For the last 26 years Judge Mansfield was confined to a wheelchair. Page boys pushed him to and from the Capitol and the House Office building — through the subway that connects the two buildings.

Always sitting just below the Speaker's rostrum, he is a familiar sight in the House chamber. A small handful of individuals, however, can remember the Judge as he was when he came here.

About 5 feet 10, he was of athletic build and so active he seldom used an elevator, preferring the stairs if going only one or two flights.

In 1921 he suddenly suffered a paralysis. Since then he has had to use a wheelchair, but is so unselfish about it and had such a radiant personality that not even those around him seemed conscious of this handicap.

During the 16 years the Democrats were in control of the House, from 1931 to 1947, he served as chairman of the important Rivers and Harbors committee. Credit goes to him, more than to any one other individual for the development of inland waterways along the Texas and Louisiana gulf coasts.

His activities in development of waterways throughout the country led to a close and unusual friendship for years with the late James N. Stout of New York. The later, two years older than Mansfield, died about four years ago. A New York navigation and shipping authority, Stout came to Washington every weekend for years to play chess with Mansfield. Almost any Saturday or Sunday afternoon you could find them in a close game in the Judge's office.

For recreation now, the Judge goes for a Sunday afternoon automobile ride with his son, Bruce Jefferson Mansfield, a civilian employee of the office of Army Engineers. He knows well the historical background of all nearby Virginia and Maryland, and will be proud, for he is a direct descendant of some of America's most distinguished families who lived in this area.

Born Feb. 9, 1861, at what is now Wayne, W. Va., but then Virginia, the "Dean of Congress" was christened Beauregard after the famous Confederate general. Mansfield's father, also a Confederate soldier, was killed in battle in the summer of 1861. When word of his death reached home, the name of the then five-month-old Beauregard was changed to that of his father Joseph Jefferson.

Time rolls back swiftly when one considers these facts: Judge Mansfield's paternal grandfather fought in the American Revolutionary War. His father, Joseph Jefferson Mansfield, was born in 1807. The father's mother was a cousin of Thomas Jefferson. The grandfather of the Congressman, on his father's side, was 17 when he fought against the British in the US War of Independence.

Judge Mansfield's wife who died many years ago, was a member of the Byrd family of Virginia.

Besides his son Bruce Jefferson, Mansfield has two daughters, Margaret Byrd-Dorsey of Baltimore, Md., and Mrs. Jaquelin Amanda Schmidt, whose husband, Frank Schmidt is county clerk at Seguin, four grandchildren, and one great grandchild.

Holt, Garland Of Big Spring To Get Degrees

James Daniel Holt, resident of Big Spring and son of Mr. and Mrs. C. L. Holt, Abilene, and Rufus Garland Findley, son of Mrs. R. L. Findley, route No. 2, Big Spring, will receive bachelor of arts degrees from Hardin-Simmons university on June 2.

Holt holds a major in Bible and a minor in English. A minister, he has been active in the ministerial council and life service band for four years on the H-SU campus.

Findley majored in chemistry and minored in mathematics. A graduate of Big Spring high school, he transferred from Texas Tech. At H-SU he served as vice president of the sophomore class, was representative of that class on the Cowden-Paxton hall council, lettered in basketball 1944-45, served as Ferguson hall council secretary and held membership in the University Players, Science club and was active in intramural sports.

Edward F. McFaddin, associate justice of the Arkansas supreme court, will be commencement speaker.

Revenue Collections In Texas Up One-Fifth

AUSTIN, May 22. (AP)—A 20 per cent increase in federal internal revenue collections for Texas last month above the same month, a year ago was reported yesterday by the University of Texas Bureau of Business Research.

No. One McCutchen Hits Oil, Gas-Cut

SAN ANGELO, May 22. (AP)—Union Oil Co. of California No. 1 Jim McCutcheon, Coke county wildcat three miles east of Robert Lee, was credited unofficially today with having recovered oil and gas-cut mud and approximately 100 feet of oil on a drillstem test.

The test was made from 6,300 feet to 6,330 feet in the top of the Ellenberg.

More oil and gas-cut mud was recovered on a test to 6,340 feet below which boring continued, the reports said. Union representatives maintained silence on the operation.

The well is 20 miles southeast of the Jameson (Strawn) field in northwestern Coke County, which has four flowing wells and is unlined.

Corn, beans and squash are native American plants; Onions came from Palestine; asparagus from Siberia; cabbage, broccoli and cauliflower are European; tomatoes, Potatoes, Muskmelons, Persian, peas, Egyptian, lettuce, Chinese.

Commencement At Ackerly Planned Tonight

ACKERLY, May 22. — Commencement activities, embracing both the senior and eighth grade classes, will be held at 8 p. m. today in the high school auditorium.

Addresses of the honor students in both classes will feature the program. Jaymie White will deliver the senior salutatory and Billie Bollinger the valedictory for the graduating class. Mozelle Rhea and Lynn Batson will sing a duet, the seniors will sing a farewell song. Supt. C. L. Mitchell will present diplomas and Miss Clanton will make special awards. Professional and recreational will be by Mrs. H. C. Chowning.

Billie Cates will deliver the eighth grade salutatory, and Totsy Ingram the valedictory.

Speaker for the commencement will be Delbert Downing, Midland.

Included in the senior class are Clyn Batson, Juanita Reed, Hub Rogers, Gracie Faye Oaks, Geneya McKee, Joyce Springfield, Velma Crain, Mozelle Rhea, A. D. Reed, J. C. Ingram and Melvin Smith.

Those in the eighth grade class are Billie Cates, Totsy Ingram, Orlando Hughes, Annie Pearl Kingston, Junior Rhea, Eugene Taylor, Bartlett Hodges.

Town Meeting To Discuss Rising Cost Of Living

The problem confronting the nation as it watches the rising cost America's Town Meeting when the subject, "How Can We Avoid An Economic Bust," is discussed on the KBST broadcast, tonight at 7:30.

Sen. Joseph H. Ball (R. Minn.), member of the Senate Labor and Public Welfare Committee, and Chester Bowles, former OPA administrator and former director of the Economic Stabilization Board, will be the speakers on the broadcast.

Richard V. Gilbert, consulting economist and former economic advisor to the secretary of Commerce and Office of Price Administration will interrogate Senator Ball. George Terborgh, economist and author of "The Bogey of Economic Maturity" will question Bowles.

Remove Stains; Add New Sparkle to DENTAL PLATES

NO BRUSHING

Spartans, ABC Chalk Up Wins In Many Tests

Big Spring Hardware scored a easy 7-0 victory over Big Spring Motor Wednesday night at the city park softball diamond behind the one-hit hurling of Morr-Crittenden.

Letting Wood was the only man to touch Crittenden for a safe! Morr struck out eight men an issued only one base on balls.

Woodrow Harris helped the Spartans close along with a hit run in the third round, when Crittenden collected a triple and a double.

ABC thrashed American Legion 12-0 in a wild bout. Travi Carleton was unsteady on the hill but managed to notch the win.

Kenn Isaacs and Freddie Koger hit round trippers for the winners.

GALVESTON, May 22. (AP)—A three-day convention of the Rice Millers' Association, attended by delegates from Arkansas, Louisiana, Tennessee, California, Texas, Cuba and Puerto Rico, opened here today.

Sea Molds by FLEEXES

Beauty on the beach, designed with flattery, a forethought by Flexees, figure-sleeking genius.

HOME TO ROOST—A U. S. Navy fighter plane comes in for a landing on the deck of the aircraft carrier Leyte, as the warship plows a wake in the Mediterranean Sea during its recent cruise. Above is the overhang of the flight deck; below, sailors watch from an anti-aircraft gun platform on the carrier's hangar deck.

Negro University Directors Building On Permanent Basis

AUSTIN, May 22. (P)—While Heman Marion Sweatt's legal fight to enter the University of Texas is in the process of adjudication, the directors of the newly-established Texas State University for Negroes are taking practical steps to give the colored youth of Texas a real university of their own. They are letting the Sweatt case follow its own course, and meanwhile hope to have running full blast by September an institution of higher learning for Negroes that will afford the same educational opportunities now offered whites.

Some of the directors of the institution feel that the idea has become general over the state that the Texas State University for Negroes is only of an emergency or stop-gap nature. They emphatically insist that such impression is entirely incorrect, and that they are taking both the constitutional and statutory mandates under which the institution was founded at face value to give young Negroes in Texas substantially equal higher education on a long-range basis. Craig V. Cullinan of Houston, chairman of the Negro university's board of directors, recently endorsed a proposed constitutional amendment designed to give the institution a sound financial basis for the entire board of five whites and four Negroes. The proposed amendment, by Rep. Jim Heflin of Houston, would assure general fund appropriations for the school in an amount equal to one-sixth of the income from the University of Texas permanent fund. This underwriting in the state's fundamental law would remove the school from possible future legislative whims, assuring the sort of continued financial support essential to sound, long-distance development in every conceivable field of higher education. Just one week after their nominations by Gov. Beauford H. Jester had been confirmed by the senate, the biracial board met in Austin and named Cullinan chairman. A Negro, Principal Emeritus W. R. Banks of Prairie View university, was made vice-chairman. The members wasted no time digging in on the business of putting into effect the statute enacted earlier in the session of the legislature under which a total of \$3,000,000 was appropriated for higher education of Negroes in the

next two years. They started plugging for enactment of another measure by Rep. Heflin, allowing them to accept lands, buildings and other property for the school. Cullinan said this would enable the directors to begin with a "going concern"—the physical properties of the Texas College for Negroes at Houston, which has a current enrollment of 1,800 students. The directors are not worried about having students. They feel that a first-class institution of the kind they want to give the Negroes of Texas will draw as many students as it can handle. Cullinan believes most Texas Negroes want their own institution of higher learning, and that efforts to discredit the interim law school at Austin mostly stemmed from out of the state.

National Science Bill Considered

WASHINGTON, May 22. (P)—The House Interstate Commerce Committee moved today to consider legislation establishing a national science foundation, and Senator Smith (R-N.J.) said he will withdraw his motion to have the Senate reconsider the approval it gave such a bill Tuesday. Smith, chief author of the Senate bill, told reporters he believes he can accomplish the change he desires after the House acts and the measure goes to a House-Senate conference to adjust differences. Smith told the Senate he voted under a misapprehension for an amendment approved by a single vote, giving the President sole authority to remove the director of the proposed foundation. As originally presented, the amendment would have given such authority also to the proposed 24-member foundation. The New Jersey senator said for such a government-financed research program to succeed the foundation itself should have control over its personnel as well as research projects.

FATHER-IN-LAW DIES
WASHINGTON, May 22. (P)—Rep. Worley (D-Texas) left Washington today after receiving word of the death in Sharnock last night of his father-in-law, Fred S. Oliver.

Bevin Sinned Against Fact, Paper Charges

MOSCOW, May 22. (P)—The government newspaper Izvestia declared today that British Foreign Secretary Ernest Bevin's recent report to the House of Commons on the Moscow foreign ministers meeting was "a sinning against fact." The article, which took up three-quarters of a page, declared that Bevin's statement did not represent a "proper presentation" of facts and declared it could in no way be called a "report" on what took place in the Soviet capital. The paper also accused Bevin of giving an improper account of conversations anent the proposed revision of the British-Russian treaty of alliance. "Actually he said nothing about the real state of the Anglo-Soviet talks," Izvestia said. "The situation is that the British side introduced amendments in these talks which do not improve but worsen the present Anglo-Soviet agreement."

Oiler Co-Owner Fined By Green

A \$50 fine has been assessed against A. D. Ensey, co-owner and business manager of the Odessa Oilers, by Longhorn League President Howard Green, according to reports received here today. The fine was levied in connection with a disturbance during last Sunday's Odessa-Ballinger game played on the Oiler diamond. Ensey and Manager Stu Williams of Ballinger appeared at a hearing Wednesday in Abilene. Details of the disturbance were not made public.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or washing when you eat, laugh or talk? Just sprinkle a little PASTEETH on your plates. This shining (non-slip) powder holds false teeth more firmly and more comfortably. No sunburn, sooty, pasty taste or feeling. Does not sour. Checks "blate odor" (denture breath). Get PASTEETH today at any drug store.

A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low
If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and of color? Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease. To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloats and give of that sour food taste. Don't wait! Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm, fresh, fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Another Texas merit system council examination has been announced for June 28. Walter L. Read, in charge of administration of the examinations here, announced Thursday.

Grocery Store Fire

The fire department was called to Furr Food store at 9 p. m. Wednesday when an electric motor in the fruit and vegetable department burned out. There was no damage except to the motor, firemen said.

Dollinger Shows How Investments In Education Pay

Wherever and whenever more money is invested in education, economic levels rise. This was the thesis developed before a group of more than 50 administrators, teachers, and other citizens Wednesday evening by H. J. Dollinger, Dallas, assistant manager of the Southwest division of the US chamber of commerce, at the Settles. The meeting was sponsored by the chamber of commerce education committee, headed by Ted Phillips.

Dollinger told of surveys made by the US chamber of which resulted in the contention that money spent in education is a business investment. While the curve is not identical, it is more than regular, he said. In fact, according to Dollinger, the per capita income shows an even more pronounced increase over per pupil educational expenditures on the whole.

Instructed Verdict Given In Lease Trial

FORT STOCKTON, May 22. (AP) — Judge Hunter Metcalfe entered an instructed verdict in District Court here yesterday granting lease title to 20 acres with four producing oil wells on the west side of the Yates oil field in Pecos county to the Phillips Petroleum Company.

Ten Garden City Seniors Will Graduate Today

GARDEN CITY, May 22. — Ten seniors will be graduated from the Garden City high school, at 88 p. m. today.

Jack Hodges, San Angelo, executive for the Concho Valley Boy Scout council and a former Big Spring resident, will speak on "Personality to Face a New World." Rosie Schafer will deliver the valedictory, "Artistic Living," and Billy Joe Hughes the salutatory, "Day After Day, Youth Wends Its Way." Other students on the program are: Perla Faye Hunt, class history; Margie Fannin, prophecy; Janet Hightower, class will; Jeanne Roberts, class song. Leonard Schafer is to present a clock on behalf of the class and P. D. Funderburk, secretary of the board, will accept.

Mrs. Alton Cook will play the professional and recessional; Rev. A. C. Durrant will give the invocation and Rev. R. E. Browder will pronounce the benediction. Principal G. O. Grigas certifies the graduates and Supt. C. G. Parsons presents the diploma. In the class, Perla Faye Hunt was third ranking student. Class sponsor is Mrs. R. R. Ricker. Junior ushers for commencement are Caralaine McNew, Susan Schafer, Loren Baker, and Jerry Currie.

Members of the class are Leonard Schafer, president; Harry Calverley, vice-president; Margie Fannin, secretary; Billy Joe Hughes, treasurer; Janet Hightower, Perla Faye Hunt, Geraldine Long, Jeanne Roberts, Rosie Schafer, and J. A. Pye, Jr., who receives his diploma in absentia.

Embezzler Suspect Returned Here

Deputy Sheriff Tracy L. Kupper returned from El Paso today with Leon Randall, who is wanted here on a charge of embezzlement. According to his employer, Randall walked out of a local tavern two nights ago with the day's receipts stashed in his pockets and disappeared. He was picked up by El Paso police 30 minutes after they had been alerted by local peace officers.

Newsprint For Oil

OTTAWA, May 22. (AP) — Canada has reached an agreement with Argentina to ship that country 99,000 additional tons of newsprint this year in return for the privilege of purchasing 9,000 metric tons of edible oils. Finance Minister Douglas Abbott informed the House of Commons last night.

Markets

LIVESTOCK. FORT WORTH, May 22. (AP) — Cattle 2,000 calves 800 trade slow, most classes steady to 20c lower, some sales off more on low grade calves and cows. Medium to good slaughter steers and yearlings, 18.00-22.00 medium to good cows 13.75-17.00, good and choice fat-calves 19.00-23.00, yearlings and steers mostly 14.00-19.00, stocker cows 10.00-13.00. Hogs 700, butchers strong to 25c higher, some steady, 25.00 up, stocker pigs steady, top 24.00 paid by city butchers, good and choice hogs weights 180-200 lb. 22.50, mostly 23.75, good and choice 25.00-27.50, 22.00-23.00, common to medium spring lambs 15.00-19.00, good short lambs 17.00-19.00.

WALL STREET. NEW YORK, May 22. (AP) — Selected rail and industrial rose fractions to round 3 points in today's stock market although many leads operated with some difficulty. Wednesday's recovery was extended at an active opening. Declines then tapered and extreme advances were shaded here and there. There was a scattering of minus signs near the fourth hour.

NEW YORK, May 22. (AP) — Cotton futures at noon this morning to 43 1/2 was under the previous close, July 34.23, Oct. 29.35, Dec. 28.40.

End-Of-School Litter Piles Up In Office Lobby

Books, folders, brief cases... pencils, pens, papers—these and mounting pile of litter in the lobby of the principal's office at high school Thursday, emblematic of the last minute rush for the official closing of schools Friday.

Weather Forecast

Moderate southeast winds on coast becoming fresh Friday.

Democrats Push Drive To Delay Income Tax Cut

WASHINGTON, May 22. (AP) — Democrats pushed ahead today in a drive to delay senate action on income tax cut legislation and republicans admitted the outcome will be close.

Senators Byrd, (D-Va.), Barkley (D-Ky.), and Tydings (D-Md.), were ready to take the floor to support a proposal by Senator George (D-Ga.), that consideration of the GOP-backed bill, already approved by the house, be held up until June 10 to see what the appropriation picture looks like.

Senator Millikin (R-Colo.), chairman of the finance committee, said the opposition could have all the time it wanted but he predicted the George move would be defeated. Roosevelt papers — Senator Brewster (R-Me.), said today a senate committee and not private individuals should decide whether to observe an order by President Roosevelt that some of his papers should never be made public. Roosevelt's order, is contained in a memorandum now in the hands of Brewster's war investigating committee which is demanding free access to the Roosevelt papers in connection with an oil investigation.

Legion Meet Tonight

The Big Spring American Legion post will meet tonight at 8 o'clock in the Settles hotel. Harold P. Steck, post commander, announced this morning. Special entertainment has been arranged, and a good attendance is urged, Steck said.

Mrs. Walter M. Stoutenburg and son, James, of Yakima, Wash. are visiting with her parents, Mr. and Mrs. S. P. Jones. Mrs. Harry Wheelon, Amarillo, is visiting here with her sister, Mrs. Jess Willbanks, and mother-in-law, Mrs. W. E. Carnrike. Wheelon is vice-president and production director for Shamrock Oil Corp.

EXTRA CARE OF YOUR ELECTRIC REFRIGERATOR MEANS LONGER WEAR... More Efficient Operation. Let Hot Foods Cool. Don't Overload Your Refrigerator. Always Maintain Even Temperature. Defrost Regularly. Remove Ice Trays Carefully. Keep Refrigerator Door Closed. Your electric refrigerator is built to give long service. It serves you best if you give it proper care. Help your refrigerator last longer and operate more efficiently by following these suggestions. TEXAS ELECTRIC SERVICE COMPANY

Creighton Tire Has Seiberling Supply

The Creighton Tire company, which proffers complete service to the motorist 13 1/2 hours daily six days a week, is in receipt of a shipment of Seiberling tires and is prepared to take care of the needs of all vehicle owners seeking such equipment.

Charley Creighton, manager of the concern bearing his name, draws attention to the fact that Seiberling's famous puncture-proof tube, a war-time casualty, will shortly return to the market.

"We draw attention to that," states Creighton, "because our tube became the most famous of its kind at the time it was in production prior to the war. We have patrons come to us from time to time who are still riding on Seiberling tubes after ten years of constant use. Some of those tubes have been driven up to 300,000 miles and are not yet ready to be retired."

In addition to gas, oil, grease and wash jobs, the Creighton concern proffers such things as batteries, radios, even lawn mowers to its customers. Creighton's has in stock several kinds of radios ranging from table models to cabinet size sets.

Functioning on a 6:30 a. m. to 8 p. m. schedule, the Creighton Tire company services the public every day of the week save Sunday. The concern has been doing business at that same stand for the past decade.

Your Car Needs Checking Before Summer Runs

It's summer tune-up time and before hot weather arrives, H. M. Rowe advises motorists to bring their automobiles to his garage for a thorough inspection.

With vacations just around the corner and plans already in action, the present condition of the automobile should also be considered and planned for.

Located at 214 East Second Street, the Rowe Garage offers free inspection service and can give motorists estimates on the work to be done.

"Keeping a car running smoothly is much easier on the operator than a major overhaul, but many of us are prone to keep putting our repair job off until damage is really done," Rowe states in expressing his belief "a stitch in time saves nine."

Williams' Chevron Service Stresses Convenience, Cleanliness, Service

Convenience of location, well-kept, attractive premises, prompt service and nationally-known products are used by thoroughly experienced personnel for all lubrication work.

Another retail feature, is the Atlas line of automobile tires, batteries and other accessories. The Atlas products also are nationally known for service and dependability, and the Atlas automobile tire carries an unconditional, one-year guarantee against all road hazards.

Williams invites new motorists to call at his station, where one and all are assured the most efficient, courteous service obtainable anywhere.

For Graduation

Let us send lovely congratulatory flowers to your graduates. And remember to depend upon our service for all important occasions and holidays.

Volunteer Work To Control Flies In City Area Urged By Officials

Local residents were asked again today to co-operate in volunteer work to control house-flies and mosquitos until complete plans for a complete, city-wide spraying program can be completed.

No. 1 Brennand Stakes North Offset To Opener

Tobe Foster, completing a discovery in his No. 1 R. S. Brennand, Sr., a Clear Fork producer, two miles south of the Coleman ranch pool and a quarter mile west of the north end of the Westbrook pool of northwest Mitchell, has staked north offset to the opener.

It will be his No. 1 D. M. Womack, 330 from the south and 2,310 feet from the west lines of section 22-26, H&TC. It is due to start May 25 and is for 2,900 feet.

Scurry county's interest lived in the deep pay prospects with oil and gas shows by the Ohio Oil No. 1-C J. W. Neal, in the northeastern part of the county. It recovered 250 feet of oil and gas out drilling mud and a little free oil on top of the mud on a drilling stem 10 feet for another stem test. Ellenburger top has been picked around 7,224 feet. It is 660 feet out of the northeast corner of the R. N. Miller survey 1, abstract 868, 11 miles west and slightly north of Rotan and is 21 miles southeast of the Ellenburger production in the Polar field of Kent county.

Three Accepted For Membership In Local Lodge

Three persons were accepted for membership in the Rebekah lodge Tuesday evening when the organization met at the ROOF hall.

Sonora Murphy, president, as noble grand, and Mrs. Kathryn Allen and A. J. Allen were received to accept the Rebekah degree by initiation. Mrs. Flora E. Hayworth was accepted by transfer from another lodge.

Statement Signed In Shooting By Former Resident

A statement has been signed at Ballinger by J. T. Thomas, Sr., in connection with the fatal shooting of his son, J. T. Thomas, Jr., Sunday.

Thomas, a former resident of Big Spring, was held without bond and no preliminary hearing has been set.

Airline Granted New San Francisco Route

American Airlines today was granted authority by the Civil Aeronautics Board to serve San Francisco and Oakland, Cal., on its transcontinental route.

Mrs. Pittman New Head Of OES

Mrs. Ruth Pittman was elected worthy matron of the Order of the Eastern Star at a meeting held Tuesday evening at the Masonic Temple.

Pittman will serve with C. R. McCleeny, worthy patron; Mrs. Fannie Akers, assistant matron; Mrs. Veda Carter, conductress; Mrs. Margie Bird, assistant conductress; Mrs. H. F. Williamson trustee.

Annual Outing For Local Seniors Termed Success

Outdoor sports and dancing featured and exciting day for Big Spring high school seniors who held their annual outing Monday at Christoval.

Approval Of 25 HCJC Academy Credits Asked

Approval of 25 credits in the academy division of the Howard County Junior College has been recommended by E. H. Boutler, deputy state superintendent, following an inspection of the college sub-division for non-high school graduates.

The academy was established last year by the college to accommodate returned veterans who had not completed high school graduation requirements. Under the arrangements, they could concentrate upon satisfying high school requisites and at the same time taking some college level work.

Boutler recommended approval of 25 subjects for affiliation. He commended the type of work and instruction in several subjects covered by the 25 units.

Mansfield, Lee Meet In Pecos

Toots Mansfield Big Spring, is to meet Cotton Lee, Clovis, N.M., in Pecos Sunday afternoon in a steer-calf roping match.

They will each rope and brand five steers and then conclude by roping and tying five calves.

Nolte Takes Over As FHA Supervisor

Murrah Nolte, Eastland, has succeeded William Lawson as county Farmer Home Administration supervisor.

State May Go Into Red If New Revenue Measures Aren't Passed

AUSTIN, May 21. (AP)—The Texas legislature thus far has approved bills calling for the expenditure of \$170,900,000 by the state government during the next two years.

Martin-Howard Soil Conservation District News

Land with a good stubble of sudan which was plowed with a chisel held more water during recent rains than listed on flatbrook land on the farm of Frank Loveless, supervisor of the Martin-Howard Soil Conservation District.

The Choicest Suburban Acreage Mountain Home

Can you imagine living in a highly improved home, nestled in the most attractive mountain scenes in the Silver Heels addition to Big Spring, just outside the city limits. This 33 acre, five large room house, new decorated interior, built by pipe features, hardwood floors, just like new, fine large barn, and contains fine well of water with electric pump, and a large per cent of the richest valley tillable land that will grow things superior to any land in Howard County. Also can be divided into small acreage homesteads. At the press of the button you can turn on or off electric lights everywhere about the place. Built just before inferior building materials started in the market. The price is much less than what it would cost to duplicate it, even with the shoddy material available now. It will be a long time before such a fine place as this one can be duplicated.
Call me for appointment.

SENATE JOINT RESOLUTION NO. 4
An amendment to Article VII of the Constitution of the State of Texas, by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and permanent improvements at state institutions of higher learning, providing for a five-cent reduction in the maximum allowable state tax on property providing for an election and the issuance of a proclamation therefor.
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto the following sections, which shall read as follows:
"Section 17. In lieu of the state ad valorem tax on property to the amount of one hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 16 of the Constitution of the State of Texas, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property to two (2) cents on the value of the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate Army and Navy, for other organizations, and the militia of the State of Texas, and for the widows of such soldiers, sailors, and other members of such organizations or militia. Provided that the Legislature may reduce the rate hereinafter levied.
"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property to the amount of one hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, and the governing board of each of such institutions of higher learning is fully authorized to expend all or any part of said funds allotted to such institution as hereinafter provided, to acquire bonds or notes issued for the purpose of acquiring, reconstructing and installing such buildings and other permanent improvements as shall be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3) per cent per annum and shall mature serially or otherwise, not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions, provided, the power to issue bonds or notes is hereby expressly re-authorized for a period of three (3) years from the date of the adoption of this amendment and provided further, that the five (5) cent tax hereby levied shall expire finally upon payment of all bonds heretofore authorized provided, that the Legislature may on property as heretofore permitted to be levied by Section 16 of Article VIII as approved, exclusive of the tax necessary to pay the public debt, and of the taxes

Legal Notice

Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Hundred (\$500,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund or notes issued under similar serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enforcing.
Said Bonds are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas, in and to the Permanent University Fund as such property for the purpose of securing the payment of the principal and interest of such bonds or notes.
The Permanent University Fund State Teachers' bonds shall be approved by the Attorney General of Texas and when so approved shall be indorsed.
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the State on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:
"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of one (1) Cent for Confederate pensions in order to create special funds necessary for the payment of buildings and other permanent improvements at state institutions of higher learning, in the amount of Two (2) Cents on the value of the One Hundred (\$100) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate Army and Navy, for other organizations, and the militia of the State of Texas, and for the widows of such soldiers, sailors, and other members of such organizations or militia, provided that the Legislature may reduce the rate hereinafter levied, and for the levying of a state ad valorem tax on property to the amount of One (1) Cent for the purpose of creating a special fund for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amount of Two (2) Cents on the value of the One Hundred (\$100) Dollars valuation, providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, and the governing board of each of such institutions of higher learning is fully authorized to expend all or any part of said funds allotted to such institution as hereinafter provided, to acquire bonds or notes issued for the purpose of acquiring, reconstructing and installing such buildings and other permanent improvements as shall be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3) per cent per annum and shall mature serially or otherwise, not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions, provided, the power to issue bonds or notes is hereby expressly re-authorized for a period of three (3) years from the date of the adoption of this amendment and provided further, that the five (5) cent tax hereby levied shall expire finally upon payment of all bonds heretofore authorized provided, that the Legislature may on property as heretofore permitted to be levied by Section 16 of Article VIII as approved, exclusive of the tax necessary to pay the public debt, and of the taxes

Controversial Wool Bill Facing Showdown In Washington Today

WASHINGTON, May 23. (AP)—The disputed wool bill faced showdown today as the House is ready to vote on amendments.

Center of controversy is a bill authorizing the president to impose import duties on foreign wools if the tariff commission should find that such imports depressed the price of wool grown in this country.

Virtually undisputed is that the bill authorizing the commodity credit corporation to buy American clip as a price support step, although a difference of opinion prevails as to how strong should be the support.

Sweatt Resigns For VA Job In Dickens County

Paul Sweatt, teacher of vocational agriculture at Coahoma, has resigned to accept a position as VA teacher at Patton Springs school in Dickens County.

He and his family will move to Patton Springs on July 1. Dan McRae, formerly head of the Forsan schools, is superintendent at Patton Springs.

A graduate of West Texas State Teachers at Canyon, Sweatt also has done work on his masters degree at Sam Houston Teachers at Huntsville. He has served as principal of schools in Mitchell and Howard counties, was superintendent of a school in Seary county and taught surveying two years in the Army before joining the Coahoma staff two years ago.

Hardware Clips Jaycees, 14-3

Big Spring Hardware scored its fifth victory in seven Mundy softball league starts by trouncing Howard County Junior college, 14-3, at the city park Thursday night.

The game was originally supposed to have been played at Forsan but transferred at the request of Forsan league members. They said their lighting system was not working.

The Spartans made the most of nine hits, getting four runs in the first and eight in the second to erase all doubt as to the outcome.

Steven Baker and Bill Shelton collected a home run and a double each for the winners. Wopdrow Harris clouted out a round tripper. Morris Crittenden and Ted Gross had doubles while Ocie Hensen had a double and a triple.

Jimmy Daylong, on the rubber for Hardware, gave out four hits. The Forsan - Big Spring Motor game was postponed.

Local Elder To Attend Assembly

A. A. Porter, member of the board of elders of the First Presbyterian church, will be one of two lay commissioners from the El Paso Presbytery to the 87th general assembly of the Presbyterian Church, U.S.

Porter will leave Monday with his family for the one-week meeting at Montreat, N. C. Sessions open on May 29 and close June 3.

R. E. Ellis, Fort Stockton, is the other lay delegate. Two ministers from the Presbytery, which includes territory from Lubbock to Fort Stockton and El Paso to Colorado City, will complete the slate of four commissioners.

This is the first time in a number of years that Big Spring has furnished one of the Presbytery's commissioners to the general assembly.

Abilene Reserve Unit Will Be Activated

SAN ANTONIO, May 23. (AP)—Activation of ten additional organized reserve corps units has been announced by Fourth Army headquarters here.

They include: Abilene—408th Evacuation Hospital (semi-mobile) with Colonel Clinton E. Adams, 416 Alexander Building, commanding.

As passed by the senate several weeks ago, the bill simply provides for the CCC to buy the wool produced in the United States at 1946 price levels until Dec. 31, 1949. Rep. Herter (R-Mass.) said he will offer an amendment to guarantee growers 90 per cent of parity, rather than a fixed 1946 price level.

The 1946 figure of approximately 42 cents per pound is almost exactly 100 per cent of parity under current calculations.

The house agriculture committee created the furor over the wool bill by approving the import fee provision.

The heated arguments in yesterday's debate showed it was a non-partisan issue.

Massachusetts, Representatives McCormack, Democrat, and Herter, Republican, and Reps. Sabath (D-Ill.) and Cooley (D-NC) led the opposition.

Chairman Hope (R-Kan.) of the house agriculture committee, led the fight for the measure with the import fee provision. Reps. Fisher (D-Tex.), Granger (D-Utah) and Barrett (R-Wyo.), all from large sheep growing districts, gave him vigorous backing.

The hardest blow yet struck by the opponents was the reading of a letter from Undersecretary of State Will Clayton saying that adoption of the import fee provision would make the United States stand convicted of insincerity in its international trade discussions.

This drew caustic comment from Rep. Gearhart (R-Calif.), who said he supported the wool bill because it protected American producers against low-cost foreign competition.

Criticizing the terms of reciprocal trade agreements which this government had negotiated, Gearhart added:

"Are we willing to sacrifice the wool industry so that the automobile industry can expand its market on the other side of the world?"

Rep. Martin (R-Ia.) declared that the American wool producers should be encouraged to increase production to assure this country of supplies in the event of a war.

Red-Head Paces Local Linksmen

EL PASO, May 23. — Bill Roden, leading the Big Spring delegation in the Texas PGA golf tournament here, posted a 78 Thursday to bring his two-day score to 151.

He trails the leader, Frank Champ of Lake Charles, La., by 17 strokes. Byron Nelson is a stroke back of Champ, having reported a 69 Thursday.

Fox Fanning, Big Spring pro, registered a 77 Thursday to bring his two-day total to 157 while Shirley Robbins of Big Spring has rounds of 80 and 83 for an aggregate of 163.

Legislators Go On Vacations

AUSTIN, May 23. (AP)—Texas legislators took another Thursday-night-to-Monday vacation this weekend with many of them convinced that next week will bring an end to the regular session of the 50th legislature.

Yesterday's action in the Senate, the House and Governor's office gave good reason to believe that the session is near its end. House members heard that a new estimate of state revenue is in the offing with the estimate due to show plenty of money on hand to take care of virtually all essential appropriation bills still pending.

This would knock the props from under proponents of new taxes who have said there would not be enough money.

Whooping Cough At New High In Texas

AUSTIN, May 23. (AP)—Whooping cough, which kills one child out of ten with the disease in the under-one-year age group, is at its highest recorded rate in Texas, the State Health Department reported today.

The department report showed 1,678 cases for the past two weeks, the highest ever recorded for any two-week period. Since April 5, whooping cough has been increasing. The 824 cases reported for the week ending May 17 are twice the number of cases reported six weeks ago, the report indicated.

Two Games Tonight

Many softball league games at the city park tonight will pit Big Spring Hardware against American Business club in the 7-30 o'clock and Big Spring Motor against Forsan in the morningcap.

DAR Elects President

WASHINGTON, May 23. (AP)—Mrs. Roscoe C. O. Byrne of Brookville, Ind., was elected president general of the Daughters of the American Revolution early today.

COUNTERFEIT BABY FEET

ST. PAUL, Minn., May 23. (AP)—When Mrs. Lester Schampagne, 30, returned home she saw what appeared to be two pairs of baby feet, clad in pink booties, protruding from beneath a sheet, at the bottom of the stairs to her apartment.

She immediately called police and reported two babies had been abandoned in her apartment building.

Two squads of detectives arrived. They lifted the sheet and found two dolls.

Detective Learns Hot Checks Hot

OKLAHOMA CITY, Okla. (AP)—Detective Harold J. Hooper has been chasing down hot check artists for more than 25 years, but it still didn't prevent him from being victimized twice.

Hooper sheepishly explains that a man came to him explaining that someone had forged his signature on some checks, but rather than cause any fuss would pay the amounts and forget the matter.

Later the man returned and asked that Hooper endorse two of his checks. Hooper consented. The checks were returned with the notation "no funds."

Earl Of Harewood III

LEEDS, England, May 23. (AP)—The Earl of Harewood, brother-in-law of King George VI of England, is ill at his home here, suffering from cardiac complications and bronchial asthma, a bulletin today said.

The Earl, 64, married the Princess Royal in 1922.

Requests For Alien Farm Labor Falls Off

HIDALGO, May 23. (AP)—Only 2,500 out of an estimated 40,000 alien farm workers have been contacted to date under the joint US-Mexico labor program in the Rio Grande Valley, Allan Skinner, officer in charge of the US Immigration service station here, said.

Skinner, whose office handles the workers on this side of the Rio Grande, said the program is running smoothly but that employer applications for contracted workers are falling off. However, he said, the Mexican labor office at Reynosa is still operating at full capacity.

Rice Millers Hold 48th Annual Meet

GALVESTON, May 23. (AP)—Topping today's program of the 48th meeting of the Rice Millers' Association here will be talks by Ray L. Miller, regional director of the US Department of Commerce, and Fred J. Rossiter, chief of Rice, Oils and Fat Division, office of Foreign Agricultural Relations of the Department of Commerce.

The convention got underway yesterday with a report by W. M. Reid, executive vice president, and routine business sessions.

BURIED TREASURE

LOS ANGELES, May 23. (AP)—Housewife Vivian West was digging up a plot for flowers in her yard when her spade struck an old fruit jar. In it were three small stones, each the size of a pea.

A jeweler told her they were cultured pearls.

"I guess they're mine," said Mrs. West, "but I feel like a pirate—sort of mysterious."
