ALBERT M. FISHER

Big Spring sorrowed today over the passing of one of its foremost business and civic leaders, Albert M. Fisher, who had been identified with this city's growth and interest throughout his life.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

Anniversary of the designation of Big Spring as location for the state psychopathic hospital finds the city in the midst of another campaign for another hospital.

One thing is apparent. There will be no long suspense attached to location of the federal hospital. Construction must be started by Jan. 1.

Death of Albert M. Fisher in New York came as a sudden blow to the community. Mr. Fisher, one of those rare figures who grew up with the town and stayed abreast of the times, was as well liked as he was well known.

New Outbreak Between Japs And Soviets

Russians Repulsed,
Chinese Airdrome
Is Raided

YUKI, Korea (Near The Siberian Border), Aug. 7.—(Sunday)—(AP)—A Japanese communique said today Soviet Russian troops staged a night attack on disputed Changku-feng hill but were repulsed with heavy losses.

The communique said three Soviet regiments began advancing shortly before dusk Saturday, accompanied by many tanks.

They charged Japanese positions and by midnight were repulsed after severe hand-to-hand fighting, the communique said.

Japanese reported today that about 100 Soviet airplanes were involved in yesterday's invasion of Korean territory.

In addition to two Soviet planes said to have been downed by anti-aircraft fire, four heavy Russian guns were said to have been silenced by retaliatory Japanese shelling.

Despite military developments, the foreign office spokesman remained optimistic that frontier fighting would be kept to an isolated area and that "some progress" toward a peaceful solution had been made by the Shigemitsu-Litvinoff talks.

SHANGHAI, Aug. 7.—(Sunday)—(AP)—The Japanese navy announced today that its air force had struck a "fatal blow" at China's provisional capital in the heart of central China, destroying 15 Chinese planes on the ground at Hankow, and wiped out numerous airdrome buildings and fuel and ammunition warehouses.

HENDAYE, France (At The Spanish Frontier) Aug. 6.—(AP)—The insurgent general staff reported an offensive which late today had broken through government lines at several points along the Ebro river front in eastern Spain.

Government fighters were said to be in headlong flight in the Ebro sector of the Ebro front while their comrades in the north kept the offensive with a general push against Tremp. Three thousand government fighters were reported killed and 2,000 taken prisoner.

Corrigan Up, Sees Irish

Continues Round Of
Testimonials For
Epochal "Mistake"

NEW YORK, Aug. 6.—(AP)—Still wearing his oil-smeared brown leather jacket, Douglas Corrigan forgot his slight chest injury today and motored to Camp Smith at Peekskill, N. Y., to review the "Fighting Irish" of the famous old 99th infantry regiment.

The 31-year-old aviator, who set his compass for California and landed in Dublin, Ireland, in his \$900 "old crate," was escorted by high army officers.

After the review, Corrigan returned to New York to rest before attending a testimonial dinner sponsored by the Dublin Society of New York. Fifty-seven Irish organizations were represented.

Mayor LaGuardia who expressed regret at Corrigan's chest injury and invited him to be his guest again when he returns Thursday from visits to Boston, Newark, Baltimore and Washington, D. C.

After leaving New York en route to Galveston, Long Beach, Los Angeles, San Francisco and the Cleveland air races, he has practically no commitments at all.

As for the future: "I have no plans, except to fly."

TRUSTEES TO MEET
Next meeting of county trustees will be Aug. 16 when appeals on transfers and reclassification of rural schools will be considered. Due to an error the meeting date was given as Aug. 10 when it should have been Aug. 16.

No Rest For "Dead" In Army Maneuvers

FORT SAM HOUSTON, Aug. 6.—(AP)—There will be no rest, not even for the "dead," in the third army's mimic warfare which started here today with the largest concentration of troops in the southwest since World War days.

Army officials were so intent in giving their troops the maximum training that they ruled "walking dead men"—official casualties—were expected to keep up with their units. Only those "needed" to test the organization of the medical corps will be removed from their detachments.

Neither will there be surceases from marching and shooting mythical bullets as mythical foes for those "captured." They must lag along with the official dead and maimed and "thus retain contact with the problem."

Many of the expected fifteen thousand national guardsmen from Texas and Oklahoma, 9,800 regular soldiers and 1,000 reserve officers jammed into Camp Bullis today. Others were to arrive tomorrow. They crowded in by truck and train from throughout the southwest for the Texas phase of the third army's maneuvers.

Most of next week will be spent preparing for sham fighting that starts Aug. 14. Officially, the games

Year After Site Chosen, Eight Buildings Going Up To Comprise New State Hospital

A year ago Big Spring was successful over 14 West Texas cities in a bid for a \$317,000 state hospital. Today the hospital is being pushed toward completion. Rising out of a cotton field that represents some revenue to the state is the employees' building in the upper left view. To the left of the building is the men's dormitory, immediately to right the administration building and extreme right the psychopathic hospital. Upper right is a close-up of the administration building nearly complete. Lower left is a view of the general hospital building.

Attention To Primaries In Three States

Idaho, Arkansas
And Ohio Voters
Due To Ballot

WASHINGTON, Aug. 6.—(AP)—Next week's senatorial primaries in Arkansas, Idaho and Ohio received some attention in Washington tonight pending final word from Kentucky as to the outcome of the Barkley-Chandler race, in which President Roosevelt had boldly intervened.

In Idaho next Tuesday, when Senator James P. Pope and Representative D. Worth Clark put their rivalry for the Democratic senatorial nomination to the test, a much sharper issue of New Deal loyalty versus boldly asserted independence will be involved.

Senator Pope is running on his record of consistent support of administration measures. Representative Clark has been off the New Deal reservation frequently. He is committed to an independent course.

On Tuesday also, there will be senatorial primaries in Arkansas and Ohio and a non-senatorial primary in Nebraska.

In Arkansas and Ohio, a direct showing of Roosevelt favor for renomination of Senators Caraway and Bulkeley has given a national interest to the Democratic contests. But it is in Idaho that the strongest New Deal backing has been rallied behind Pope.

State election factors are involved in Ohio to complicate the race of Senator Bulkeley for renomination and make the outcome difficult to foresee.

In Arkansas the only woman senator, Mrs. Garaway, is making her first unchaperoned campaign for re-election, the late Huey Long having invaded the state in her behalf six years ago.

FIRE TRUCKS COLLIDE

SAN ANTONIO, Aug. 6.—(AP)—Ten firemen were injured, two seriously here Saturday, when two fire trucks, rushing to a fire, collided.

Fire Chief S. G. Sarra, who arrived on the scene shortly after the wreck, said that he found the firemen strewn along the street. They were buried in all directions.

RENEW TRADE PACT

WASHINGTON, Aug. 6.—(AP)—The United States and Soviet Russia renewed today a commercial agreement in which the Soviets expressed the intention of increasing their purchases of American goods beyond a minimum of \$40,000,000 a year.

TO STAGE PROGRAM

Big Spring has accepted an invitation to stage an amateur night program on the evening program Aug. 26. J. H. Greene, chamber of commerce manager, said Saturday, H. B. Spence, Colorado chamber manager, extended the invitation.

Two Hurt In Car Crash Near Here

Mrs. L. Gaudchaux and Harriett Gaudchaux, Los Angeles, Calif., were taken after their car crashed Big Spring hospital where they were taken when their car crashed into a highway embankment two miles west of here Saturday afternoon.

They lost control of their machine on a downhill stretch, and it plunged over a borrow ditch before striking the embankment. Their injuries were not thought serious. A third member of the party, Bill Gaudchaux, suffered minor hurts. They were taken to the hospital in an Ebeley ambulance.

Nomination Of O'Daniel Certified

Demos Commend
Allred, Back Garner For
President

AUSTIN, Aug. 6.—(AP)—W. Lee O'Daniel's smashing primary victory received official approval of the state Democratic executive committee which certified him as the gubernatorial nominee today and expressed its willingness to aid him in organizing the state convention in Beaumont Sept. 13.

Committeemen canvassed returns from the July 23 primary and found O'Daniel polled a total of 573,166 votes or 31,477 more than the combined vote for his dozen opponents.

A total of 1,114,885 ballots were cast in the governor's race, more than in any other contest, and 61,763 more than were cast in the first primary of 1936 when Governor James V. Allred was renominated by a majority.

The committee declared five other candidates for statewide offices nominated in the July primary and certified to county chairmen a list of candidates for state and district offices who face a runoff election Aug. 27.

A new committee favorable to O'Daniel policies will be named at the Beaumont convention.

The administration of Governor Allred was commended in a resolution which described the chief executive as "truly a citizen of all of Texas."

A third resolution, offered by Vice-Chairman Ira Butler of Fort Worth, endorsing John N. Garner as the party's presidential nominee in 1940 was adopted unanimously.

The resolution urged active support of the Garner-for-president movement by party members.

COTTON DROPS NEAR PEGGING LEVEL

WASHINGTON, Aug. 6.—(AP)—Officials of the Agricultural Adjustment Administration said today a decline in cotton prices this week had brought the government "dangerously close" to a situation which would require it to provide price stabilizing loans on this year's crop.

Already holding more than 7,100,000 bales of cotton put up as security for previous loans, AAA officials had hoped to avoid loans this year.

On Last Leg Of Trip

ABOARD U. S. S. HOUSTON, Off Old Providence Island, Bahamas, Aug. 6.—President Roosevelt headed toward Pensacola, Fla., tonight on the last leg of a vacation cruise, which started three weeks ago today. The homeward run is slightly more than 1,100 miles. The Houston left Old Providence shortly after 6 p. m. (EST).

SUSPECT, SOUGHT IN SLAYINGS, KILLED

EL PASO, Aug. 6.—(AP)—An ex-convict who was shot to death when he attempted to escape from Hot Springs, Ark., officers yesterday had been sought for slayings in connection with the slayings near here last March of Mrs. Hazel Frome and her daughter, Nancy, of Berkeley, Calif. The suspect's name was given as Earl Young, 28, of Lebanon, Pa.

The federal bureau of investigation also sought him, Fox said, for questioning in the three-year-old disappearance mystery of Mr. and Mrs. George Lorus and Mr. and Mrs. Albert Heberer, Illinois tourists.

Lead Grows For Senate Leader

Chandler Blames Federal Pressure For
His Showing

LOUISVILLE, Ky., Aug. 6 (AP)—Senator Alben W. Barkley's lead on returns from today's democratic senatorial primary over Governor A. B. Chandler was 32-244 at 11:30 p. m., central standard time tonight.

The report at this hour was from 3,106 of the state's 4,313 precincts. Eighty counties were complete. Kentucky has 120 counties.

Majority widespread
The tabulation gave Barkley 208,804 and Chandler 176,560.

Senator Barkley was leading in seven of the nine congressional districts.

The first report from Jefferson (Louisville) county of 36 precincts gave Barkley 3,247 votes to 849 for Chandler. The counting in the county did not begin until after 8 p. m. (central standard time).

A check of the votes by districts showed Barkley leading in five of the nine congressional districts. In the sixth district, embracing Kentucky's famous bluegrass region, the vote was Chandler 20,129 and Barkley 19,994. Chandler had slight leads in the eighth and ninth districts in the mountainous region of eastern Kentucky. Barkley was ahead in the seventh district by a small margin.

Senate Majority Leader Alben Barkley, personally backed by Mr. Roosevelt, was opposed for renomination by Governor A. B. "Happy" Chandler, who claims personal friendship with the president but who has criticized some New Deal policies.

Winner Backed By FD
President Roosevelt, early in July, came into Kentucky for a one-day speaking tour. He made three speeches favoring Senator Barkley. The president in one speech lauded Barkley but tempered his words with praise for Chandler. In other speeches Mr. Roosevelt praised Barkley but did not mention Chandler.

In the Republican senatorial primary John P. Haswell continued to pick up a lead over his four opponents. Haswell had the backing of the state administration. Haswell's vote was 6,694 on returns from 874 precincts in 36 counties.

In a national broadcast tonight from his home in Versailles, Governor Chandler said "All the power of the federal government" had been used "to bring about my defeat."

"As you know the President came to Kentucky and made a speech against us," he said. "They ran the WPA from 33,000 to about 100,000 x x x."

In conclusion the governor said: "Water made a gallant campaign and still have a smile on our face and a song in our hearts."

Senator Barkley in a radio speech from Paducah said: "My friends, I have very little to say, except that I'm delighted with what seems to be an overwhelming nomination to the United States Senate."

Tabulation of the vote in Breathitt county where Lee Combs, former sheriff and an election commissioner, was killed Thursday night and Deputy Walter Deaton also an election commissioner, was wounded was postponed until Monday. The Hart county tabulation also was postponed until Monday.

Clipper Ship Not Sighted

Reports That Missing
Craft Found Are
Erroneous

TOKYO, Aug. 7.—(Sunday)—(AP)—The Japanese navy today radioed the steamer Canberra, en route from Australia to Japan, to go by way of Douglas Reef to look for the missing Hawaii Clipper.

The navy's announcement of the order said the United States embassy later denied the claim.

Douglas Reef is just north of the route the Clipper expected to follow from Guam to Manila when she took off July 28.

Eugene H. Dooman, counselor of the American embassy, said the Pan-American Airways had calculated the Clipper might be in the vicinity of Douglas Reef and had asked the embassy to request Japanese aid.

As a result, he said, he asked the Japanese navy if such help could be given and the navy radioed the Canberra Maru, which happened to be the nearest vessel to the reef.

Auto Union Expels Four Officers

DETROIT, Aug. 6.—(AP)—The United Automobile Workers of America's executive board tonight removed from office and expelled from the C. I. O. union three of four suspended international vice-presidents. The fourth was suspended from office for three months.

Those given the most severe punishment possible under the union's constitution are Richard T. Frankenstein, Wyndham Mortimer and Ed Hall. Walter M. Wells was suspended for three months dating from June 13, the day President Homer Martin suspended the four and Secretary-Treasurer George F. Adderly.

Martin charged the five officers with conspiring to "disrupt" the union and turn it over to the communists. The disciplined officers retaliated with charges that Martin's administration was dominated by Jay Lovestone, head of the independent Communist Labor union.

STOCKS LEAD IN MARKET RECOVERY

NEW YORK, Aug. 6.—(AP)—Stocks bore the recovery was in today's market; many reaching new high territory for the year or longer with gains ranging to 2 points or so. At the best.

It was the heaviest Saturday advance since July 2 with returns totaling \$2,000,000,000.

Heat Death Toll Mounts

Rains And Humidity
Add To Damage
Over Nation

By The Associated Press

Heat and humidity combined yesterday (Saturday) to bring distress to widespread areas, particularly in the East.

Although cooler weather was reported by the Chicago weather bureau in the extreme northern plains, lower Mississippi valley and north Atlantic states the thermometers in most eastern and southern sectors showed readings above normal.

At least 42 deaths had been blamed on high temperatures, humidity, and torrential rains, the past four days. Eight persons—members of two families—drowned Friday at Sevierville, Tenn., in the wake of rains. Twenty other deaths were reported in upper New York state. Pennsylvania counted two dead. Newark, N. J., reported 22 fatalities.

In many localities figures on the percentage of humidity were higher than the temperature readings.

Kansas baked and there was little hope for relief from a heat wave which sent the mercury soaring to 112 on Friday.

Here are located the operating rooms—major and minor—doctors' dressing rooms, blanket warmers, sterilization rooms, rooms, wards, dentist offices and laboratories, X-ray and hospital laboratory, waiting room, utility room, kitchen and dining room.

Still farther to the south and slightly on the east is the employees' building, a two story affair capable of accommodating 53 people in single and double arrangements. Quarters are similar to those in

Shirley Temple In A New Song-And-Dance Picture Opening At Ritz Theatre Today

'Little Miss Broadway' Plays Sunday And Monday

Little Queen Shirley Temple of the movies has been ill of late, up in Boston, but before she started a cross country tour which was halted there, she had completed a new song-dance-comedy-romance number called "Little Miss Broadway," and that de luxe attraction comes to the Ritz screen today and Monday.

Of "Little Miss Broadway," the reviewers say that Shirley dances and sings with greater ease and talent than she has in any previous film, and her rare dramatic ability continues to amaze her audience.

Part of the secret of her phenomenal success is credited to the fact that Darryl F. Zanuck, production chief of 20th Century-Fox, consistently has commandeered every facility within his control to assure the best in story, production material and cast. And "Little Miss Broadway" has been reported as a double order of everything.

The original screen play was prepared by Harry Tugend and Jack Yellen.

Grand Trouper Group
The cast which supports Shirley is headed by George Murphy, Hollywood's ace acting-hoofer; Jimmy Durante, a droll comic who needs no introduction; Phyllis Brooks, the rapidly rising young blonde beauty who appeared with Shirley in "Rebecca," and Edna Mae Oliver, who is known to myriads of fans as the austere old maid.

The cast also includes two dozen big names, notable among them George Barbier, Edward Ellis, Jane Darwell, Donald Meek, Patricia Wilder and Claude Kingwater, Sr.

Sparkling Tunes
Six sparkling tunes by Walter Bullock and Harold Spina—ranging from ballads to sizzling swing lend themselves to Shirley's singing as well as the intricate steps which she and Murphy execute together.

Production has called for ultra-modern sets as well as dowdy old theatrical hotel-room scenes.

And as evidence of an assured Temple success the direction of the young star has been in the hands of Irving Cummings who makes "Little Miss Broadway" his third directorial venture with Shirley.

Heagen Gibbs, Fort Worth, is visiting with Mr. and Mrs. Thomas Joe Williamson. They were classmates at Texas university.

Mr. and Mrs. Robert Stripling and Carroll Jones attended the football game in Lubbock Saturday evening.

THE QUEEN OF BROADWAY

Dimpled Shirley Temple becomes the ruling princess of New York's main stem, in a new song-and-dance hit playing today and Monday at the Ritz. It's called "Little Miss Broadway," and presents Shirley as a more finished little actress. With her in the film are George Murphy, Jimmy Durante, Phyllis Brooks, Edna Mae Oliver, George Barbier and Jane Darwell.

O'BRIEN FILM AT THE QUEEN

Strapping George O'Brien, the personable western star who visited Big Spring in person recently, comes to the Queen screen this weekend in the principal role of an outdoor melodrama, "Park Avenue Logger." Beatrice Roberts, shown here with him, has the principal feminine role. The picture plays Sunday and Monday.

Mrs. W. A. Farrar is moving to Galveston for her health and will be joined by her family as soon as they dispose of their farm. Mrs. Farrar just recently spent six months on the coast.

New Feature, 'Grandma Travels' To Be Aired Regularly On KBST Beginning Monday, Aug. 15

AUDREY McGRATH takes leading role of Deborah, the girl who forsakes her city life for love and real happiness on a farm—all with the help of Grandma Beale in the brilliant new Sears Roebuck serial "Grandma Travels," heard on station KBST every day except Saturdays and Sundays at 10:00 a. m. starting Monday, August 15th.

One week from tomorrow—Monday, August 15th—brings a distinctive new feature to KBST listeners. It is "Grandma Travels," which will be heard each morning, Mondays through Fridays, at 10 o'clock for twenty-six weeks.

Aline Ballard, author of "Broken Butterfly" and many other famous stories, is writing the new dramatic radio program.

In commenting on her advent in radio, Miss Ballard stated that, if anything, radio was more interesting than writing books or stories for magazines because her characters come to life.

"It is one thing to write about a character," said Miss Ballard, "but it is altogether different to have that character live on the radio."

Miss Ballard, like many other well-known novelists, had been tempted to write for the radio before. She felt, however, that she could not do justice to any radio program unless it was her own.

One day in Santa Fe, Miss Ballard conceived the story of a little old lady of 85 who got her greatest joy in living through helping other people out of their troubles. The leading lady of her program, which is called GRANDMA TRAVELS, is Grandma Beale.

And as Grandma travels trouble flies before her.

Arriving at the Macon County, Missouri, home of Nell Donovan, who had lived with Grandma for three years and toward Grandma feels as she would an own grandchild, she came upon an amazing experiment.

Pat Donovan's brother, Terry, wanting to prove to his sweetheart, Deborah Kane, that love on a farm was better than life in the city, decided to demonstrate his theory before asking Deborah to put it into practice. How Grandma stepped in and saved the day, makes the story.

Hollywood Sights And Sounds —by ROBBIN COONS—

HOLLYWOOD — I've just witnessed Frank Lloyd's biggest moment in nine weeks. I saw him shoot the final scene of "If I Were King."

The producer-director sat beside the camera. At the other side stood Ronald Colman, a bearded Francois Villon in a comfortable modern suit. Before the camera stood Frances Dee, dark hair flowing, white robes flowing—a medieval French princess ready for a close-up.

"I know," said Frances, "what would make them fight."

"What?" said Colman's off-stage voice.

"They would fight if they were hungry — those fat generals and their men, forever stuffing themselves with food and drink. Pigs, all of them!"

"That was all. 'If I Were King'."

was finished, slightly under schedule. There were groans and thank-yous all around. Colman vanished. He did Princess Dee—the latter, I learned, having just earned \$500 for those two speeches. Colman earned considerably more for his one word. But you ought to see them earn it on a full day.

"I don't know when I've been so glad to see a picture finished," Lloyd volunteered en route to the commissary for lunch. "And I don't know when I've been so tired."

There were Lloyd, his young associate producer Leon Smith, Lancelotti Heath, who gets depressed when he's assigned to other units than Lloyd's; and myself. All of us knew Lloyd, blue-eyed, black-browed Scotman, had gone ahead with the picture when he should have been in bed. Had a bad leg injury several weeks back. So all of us felt sorry for him—until he began on his vacation plans. Little Norwegian boat, 28 days at sea, reading, sleeping, eating, resting. Sympathy? We were green-eyed.

But he'll have to stay here on the picture until September. I gave a little so-so talk.

"Not at all," Frank insisted. "The hard part's finished. No more worrying about people getting hurt in sword play and mob scenes. No more tension, all of us straining to get each scene right. All we have left now is to cut it, put it together, synchronize the music—and then take it somewhere for the sneak preview. That's the sight I'm going to see. That's the sight I'm going to see. That's the sight I'm going to see. That's the sight I'm going to see. That's the sight I'm going to see."

"Got a next one picked out?" I asked.

"Lou's been handing me a lot of scripts to read, but I don't trust myself when I'm this tired. Temptation to pick an easy one is too great. And the easy ones don't often make the best ones."

I asked Lloyd why he didn't try a modern story for a change after "Wells Fargo," "Maid of Salem," "Mufin on the Bounty" and this.

"I'd like nothing better," he replied with enthusiasm, "but I can't find a good one. Trouble with most is the women. Women are being written as they fancy themselves—in roles in business, law, medicine. I think what women want in pictures is more chivalry and gallantry. There are too many modern stories in which the hero expresses devotion by socking his lady in the jaw. That's why I think 'If I Were King' is going to meet a demand—for real romance."

So you see, ladies, it's up to you.

R. L. Warren, county clerk, was able to be back at his post Saturday after a week's illness.

Geo. O'Brien Starred In Queen Film

'Park Avenue Logger' Is Thrilling Outdoor Drama

Picturesque in its background, powerful in dramatic theme and packed with action, "Park Avenue Logger," George O'Brien's new production is offered at the Queen theatre today and Monday as one of the best outdoor dramas that movie star has made in seasons.

O'Brien is the husky, personable star who visited Big Spring in person a few weeks ago.

David Howard was director of the current thriller, which is reported to be their best joint effort since becoming established several years ago as the foremost star-director team in the screen's outdoor picture field.

Adapted from the Saturday Evening Post story by Bruce Hutchison, "Park Avenue Logger" concerns the exciting adventures of a wealthy scion of a lumber millionaire, who convinces his father that he is an intellectual giant more interested in pursuing scientific phenomena than exercising his physical attributes. The deception works according to his highest expectations and he is shipped off to a logging camp where the father hopes he will make use of his brawn. The young man's daring exploits in the big tree country, where he satisfies his elemental passion for physical labor and battling, supply the thrilling events leading to a whirlwind finish.

Beatrice Roberts, former Ziegfeld girl and Atlantic City beauty contest winner, makes her debut as O'Brien's leading lady in the role of a courageous girl who struggles to have her invalid father's lumber business from failure at the hands of Willard Robertson and Ward Bond, character heavies portraying two conspiring foremen. Bert Hanlon, former vaudeville comic; Gertrude Short, popular film comedienne, and Robert E. O'Connor have roles of importance.

The awe-inspiring beauty of the big timber belts in Oregon, Washington and Northern California supply the outdoor background for most of the exciting action.

Robert Donat At The Lyric In 'Count Of Monte Cristo'

A revival of the picture that made Robert Donat, noted English actor, famous the world over, "The Count of Monte Cristo," appears again at the Lyric theatre Sunday and Monday.

Donat is shown in the title role of the noted Alexander Dumas tale of romance and adventure in the 19th century France.

The love affair of Edmond Dantes (Donat) and lovely Mercedes (Elissa Landi) highlights the story of the man who unwittingly became associated with a band of rogues, who was sent to prison for a crime he did not commit; and who escaped to avenge that miscarriage of justice. How he accumulated one

AT THE CHURCHES

CHRISTIAN SCIENCE SERVICES
 Room 1, Settles Hotel
 "Spirit" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, August 7. The Golden Text is: "The fruit of the Spirit is in all goodness and righteousness and truth" (Ephesians 5:9).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God is a Spirit; and they that worship him must worship him in spirit and in truth" (John 4:24).
 The Lesson-Sermon also includes the following passage from the Christian Science textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scriptures imply that God is All-in-all. . . . The Scriptures also declare that God is Spirit. . . . He fills all space, and it is impossible to conceive of such omnipresence and individuality except as Infinite Spirit or Mind. Hence all is Spirit and spiritual" (page 331).

Big Spring Youth, On Naval Cruise, Writes Of Interesting Attractions At Sea And At European Points

Not many people from this section ever get to make a European cruise, and few indeed have the good fortune to make such a cruise aboard a U.S. naval vessel.

But such is the good luck of Robert Halley, son of Mr. and Mrs. George Halley, Robert is in his second year at the U.S. naval academy at Annapolis.

He writes interestingly of his trip to continental points of interest. Here are some of the highlights in his letters to his parents:

June 8—So now after several days, we are crossing the big deep. Yesterday afternoon we left the mouth of Chesapeake and by 3:30 p. m. were completely out of sight of land. For the first time this enormous ship has been unstable; the bay was rough; the apparently calm sea is still just powerful enough to keep us swinging from side to side. At first the motion was disconcerting, but now is scarcely noticed. We sleep in hammocks for third class. First class use cots. Ours are quite nice for they tend to remain steady and let the ship swing. The sea this far out is beautiful, deep blue color, never ceasing in movement and containing surge and powerful rolling. It is fascinating and soul satisfying. The school of porpoise I saw was suggestive of the power of the sea with their black glistering fins and arched backs.

Arrival in France
 June 8—This morning we are about 2,300 miles from Le Havre and about 1,100 miles from Annapolis. Our crossing thus far has been smooth. I have developed that rolling walk and have not thought of being seasick. There is no concern about my health unless from overeating. Each night it is clear, we have movies on deck, a fine diversion for us.

June 16—The crossing is nearly over now. Despite very cool weather and rough days, I have enjoyed it immensely. This morning we sighted Scilly Island, now more land can be seen, a sign that we are definitely in the English channel. Tomorrow we enter Le Havre and Saturday Paris.

June 18—The city Le Havre compares very favorably with any American city, having modernistic homes with beautifully terraced lawns, all homes being built on sides of hills.

Paris Enchanting
 June 25—The Paris trip was wonderful and I have fallen in love with the enchanting city with its historical spots, delightful winding and confusing streets, with the busy Seine cutting back and forth across town, with beautiful parks and fascinating features I have seen nowhere else. This morning we went over many parts of Paris. We will ascend the Eiffel Tower, and if the view is as good as it was at Notre Dame, I will spend part of the evening there and then visit a museum.

June 28—Yesterday we followed the coast of Sweden closely and could see castles and small villages, light houses and an occasional radio tower rising to meet the sky. You probably would like Denmark, if all I hear is correct. The people are friendly, clean, well educated, fond of good cooking and are excellent neighbors. This country has more schools than Germany has barracks. The use of bicycles is more established than in any other country and I shall try to rent one for a spin before I leave. You should see the short beds once used in Denmark—about five feet long for Danes slept propped up in bed by big pillows.

In England
 July 16—Docked in Portsmouth yesterday. At this port ship is to have a reception aboard, a customary honor paid the town we are in; at Le Havre the New York had reception; at Copenhagen the Texas; so at Portsmouth our ship, Wyoming, will stage the affair popular in naval and diplomatic circles.

July 19—Now in London. Saw London bridge, London tower, St. Paul church, etc. This visit is more profitable than so many others. This morning two friends and I walked about with a very friendly little Englishman, just seeing the town. First we walked to Hyde Park from Piccadilly, then past Buckingham Palace, through St. James Park, over to Whitehall, and in that area we saw the residence of the prime minister, the king and queen. We will try to see them pass tonight from station to Buckingham Palace.

July 21—In a few more days our course will be leading homeward. When it comes to living, there is no place like home.

In a few weeks Robert will be here to visit with his parents for the first time since he entered service more than a year ago.

CHILD KILLED

MURPHY, N. C., Aug. 6 (AP)—While her mother arranged flowers on a grave in a cemetery here, three-year-old Joanne Palmer played. The child tugged at an old tombstone. It fell on her. The injury was fatal.

HE'S NEW FATHER, AND ALSO A NEW GRANDFATHER

PITTSBURGH, Pa., Aug. 6 (AP)—John E. Born, 76-year-old realtor, is "papa" in one room at the Pittsburgh hospital and down the corridor a few rooms he's "great-grandfather."

Two days after Born's son, John E. Born, Jr., was born, his granddaughter, Mrs. James Hubbard, gave birth to his great-grandson, James Hubbard, Jr.

"What's so remarkable about it?" Born asked friends who congratulated Mrs. "I'm a young man."

Born's present wife is his second.

PIONEER CATTLEMAN OF ALPINE DEAD

ALPINE, Aug. 6 (AP)—Funeral services were held today for W. B. Hancock, pioneer cattleman and patron of Sul Ross State Teachers college, who died of heart disease Thursday night.

Hancock was born at Port Lavaca Sept. 23, 1860, moved to Alpine in 1885 and spent most of his active life in the cattle business. He was a Mason, a steward in the Methodist church and an ardent supporter of Sul Ross State Teachers college from its beginning.

He is survived by his wife, Mrs. W. B. Hancock, and four children: H. L. Hancock of Corona, N. M.; Mrs. G. W. Bates, Alpine, Pa.; C. F. Jackson, Crystal City, and Mrs. F. L. Abernathy, Houston.

Mrs. J. R. Pickle, accompanied by two grandsons, Bubba and Billie Bailey of El Paso, returned home Friday evening after a month's vacation at Clouderoff, N. M.

BUYS BAKERY

Purchase of the Meads Bakery by W. H. Knott of McKinney was announced here Saturday. Name of the concern will be changed to Knott's Bakery Monday when the product, "Knott's Better Bread," is issued. W. H. Knott, a baker of 34 years' experience, will continue to make his home in McKinney and management of the local concern will be in the hands of H. C. Knott and J. B. McKinney. Knott has moved here to assume his duties and McKinney has been here for four years associated with the Mead bakery. Knott has 12 years experience in baking, having attended the American Institute of Baking at Chicago.

BROTHER-IN-LAW OF LOCAL MEN KILLED IN HIGHWAY MISHAP

Word of the death of Dr. W. L. Bowby of El Paso in a highway accident in which Mrs. Bowby was injured was received here Saturday by W. F. Fahrenkamp, Jr., and E. E. Fahrenkamp, brothers of Mrs. Bowby. The El Pasoans were en route to California when their car was in collision with a truck near Lordsburg, N. M., about 5 o'clock Saturday morning. Dr. Bowby was killed instantly, and Mrs. Bowby suffered severe shock and some lacerations. She was treated in a hospital at Lordsburg, and was to be returned to El Paso Saturday night. W. F. Fahrenkamp, Jr., had planned to meet the Bowbys in Los Angeles next Tuesday. His daughter, Billie Mae, is in El Paso visiting her grandmother, Mrs. W. F. Fahrenkamp.

MORE PLANS IN FOR APPROVAL AS TWO HOUSES FINISHED

With two houses nearing completion in the new Park Hill addition, north of Edwards Heights, more plans are in the FHA regional headquarters for approval. J. C. Velvin of Velvin-Strauch, Inc., said Saturday. Houses on the addition are being built for C. A. Amos and H. W. Whitney. Velvin has erected an office building on the southeast corner of the tract. Utilities are being projected. Streets are being graded. All work has been in accordance with the Federal Housing administration requirements.

Roping Contest For Oil Men Feature Of Midland Show

MIDLAND, Aug. 6.—Addition of an oil men's roping contest, with a representative to be chosen from each town in the Permian Basin, has been announced as a feature attraction of the annual Midland Rodeo, September 2, 4 and 5.

W. T. Doherty, chairman of the publicity committee, has been authorized by the rodeo committee to

secure the entries, with much rivalry expected among backers of the various representatives. Besides securing the interest of several towns, it is planned to have several oil companies represented.

The roping contest takes the place of a previously planned oil men's mile race, due to the fact that calf roping fits the type of show better and that no wild mules were found available, officials said. The oil men will rope their calves and bell them, it was announced. It is likely that more than the usual

two loops will be allowed. Although planned definitely only for the first day and night shows, it is expected that interest in the event will perhaps cause repetition on the second and third days.

Jimmy Jones, Odessa, and John Stripling motored to Lubbock Saturday evening for the high school all-star football game.

Edith Gay left Friday evening for a two weeks visit with her parents at DeKalb, Texas.

BARONS SWEEP FROM BEHIND WINK, 8-7; PLAY TODAY.

THE SPORTS PARADE

BY HANK HART

Clarence "Poa-Vine" Trantham, whom Lubbock fans called "Levi" for some reason or other, has really snapped out of it, hasn't he? He's won four victories in his last five starts. Al Sweet, the outfielder who started like a house afire for the Barons here several weeks ago, signed up with Jodie Tate following his release last week. Let's hope he gets a new start. He was quite popular here. Cholle Barnabé has plenty of trouble now. Bobby Decker and Joe Saparito were both hurt last week and may not be able to play today. On top of that Catcher Fowler got in the way of a Lubbock base runner and escaped with a twisted neck. Then he has his own bad ankle to think about. Still, he's still shooting away at that fourth place in WT-NM league standings and may give Jodie Tate a package before this thing becomes history. Remember, game time is at 4 p. m. today instead of 3.

Attendance on the city's playgrounds as reported by H. F. Malone, city recreational director, set a record high. Croquet equipment is being supplied for each ground and at the city park and is proving the most popular game. Malone leaves this week for a short vacation. At least two Big Spring softball teams are expected to enter the Colorado AAU softball tournament which gets underway this week. E. M. Rowe is expected to cart his Lone Star Chevrolet aggregation over to the Mitchell county capital while Ben Daniel's is making plans to enter his Devils. Clint McDonald, the big guy that lost out to Red Cunningham in the heavyweight finals of this district's Golden Gloves boxing tournament last January, is competing in Abilene's faster softball leagues. Clint tried out with the Barons several weeks ago but wasn't in shape and had to quit. They say he was one of the better pro baseballers in his younger days but quit the game when Ft. Worth wanted to farm him into the Evangeline league. Big Spring will probably have two entrants in the TAAF boxing tournament in Abilene August 11-12-13. They are Pilior Yanez and Yanez Yanez who fought in the Golden Gloves meeting here. From Galveston, Houston, San Antonio, Kingsville, Waco, Dallas, Ft. Worth, San Angelo, Kermit, Wichita Falls, Abilene and Port Arthur are expected to come amateur pug to try for the laurels here.

Jack Hagen, the mighty grizzly bear, once wrestled in a free-for-all which Jack Dempsey refused. The Hago has a high opinion of the Manassa Mauler. Speaking of wrestling, Shiek Mar-Allah came back to this section from California by way of Mexico, made the trip through that section in a house trailer. Hagen tells us that Danny MacShain, the Wild Irish Rose, was defeated in the light heavy title recently by LeRoy McGuirk, the one-eyed Nebraska. Danny's still hanging around Hollywood, tho, where Allan Lane, a movie actor, does his directing. Gene Spence, city manager, tells us that Homer Norton is leaving College Station shortly for California where he is to be one of the featured in the Catalina Island Coaching school, sponsored by Sam Barry of the University of Southern California Athletic department. Among others who will be on the teaching staff are Stub Allison, the California mentor, and Howard Jones of USC. Odessa's first annual invitational golf tournament will be staged August 15-20-21, they tell us. Players will be given the opportunity to qualify Sunday, August 14. Doug Jones, the local good-will golfer who manages to play in his share of tournaments during the year, fired an 80 in his qualifying round at Phil-De-Co, Rising Star, Friday.

MICKEY COCHRANE LOSES JOB AS MANAGER WITH DETROIT

DETROIT, Aug. 6 (AP)—Walter O. Briggs, Sr., owner of the Detroit Tigers, announced tonight Gordon Stanley (Mickey) Cochrane no longer is manager of the American league club.

Del Baker, coach in charge of the club when Cochrane was incapacitated, will complete the season as manager, Briggs said. Cochrane will be paid for the remainder of the present year, Briggs added.

Briggs said he and Mickey conferred today and "it was agreed he would no longer continue his connection with the Detroit baseball company."

"I regret sincerely," the owner continued, "the termination of our baseball relationship, both from a personal standpoint and because of the contribution which Mickey Cochrane made to Detroit and the club when he came here as manager and catcher five years ago."

Subsequently Black Mike was handicapped by a recurring illness and this was climaxed by suffering a fractured skull in 1937, when he was accidentally hit by a pitched ball.

Since then Mickey has not played in a regularly-scheduled game and has managed the team from the bench.

This year the team has made a poor showing and at present is in the second division.

CARDS BEST PHILS
PHILADELPHIA, Aug. 6 (AP)—Three Phillies' errors and Curt Davis' ninth inning relief hurling gave St. Louis a 7-6 victory over Jimmy Wilson's Phillies today. Davis relieved Bob Weiland in the ninth and ended a two run rally. St. Louis' score: 0-0 2-0 3-0 7-1 2-2 Philadelphia: 0-0 2-0 0-2-6-11-3 Weiland, C. Davis and Owen; Hollingsworth and V. Davis.

Texas Paces Reds To 11-6 Victory
BROOKLYN, Aug. 6 (AP)—Rookie Harry Craft hit a homer with the bases loaded in the first inning today and the Cincinnati Reds coasted in from there with an 11 to 6 victory over the Dodgers. The win boosted the Reds into sole possession of third place in the National league.

Hartay Meets Don Hill At AC Tuesday

Andy Tremaine Comes Back For Semifinal Joust With Count

Having disposed of Jack Hagen in last week's main event, Hollywood's Donald Hill stands by in the main event of the Big Spring Athletic club's three bout wrestling program for George Hartay.

Hartay looked exceptionally well in wrestling to a 20 minute draw with Count Johnson last week and, if he can find a way to unwind from Hill's terrible "grapevine" hold he can become the fair-haired boy at the club for a spell.

Hill has thrown three opponents in a row with the peculiar twist, bids fair to become so respected that opponents will demand abolition of the hold.

In the semio Andy Tremaine, winner over Shiek Mar-Allah via the disqualification route last week is today in with Count Johnson in a match billed for 30 minutes or less.

Mar-Allah drops back into the special event class where he goes up against Johnson.

The opener should go on at about 8:30 o'clock.

Abilene Ready For Fighters

ABILENE, Aug. 6.—This city of West Texas taken on a fight consciousness that augments well for the 1938 state boxing tournament of the Texas Amateur Athletic Federation here August 11, 12 and 13. With champions from nine districts certified and others coming in daily, Jim Edwards, tournament director, is confident this year's program will more than warrant all advance enthusiasm by giving West Texas its greatest amateur fight program of all time.

Abilene Sportsman club, sponsors of the tournament, have completed plans for caring for nightly crowds of 3,000 fans at their new and modern sports stadium. Approximately 600 ringside seats will be available in addition to the 2,400 seating capacity of the ball park grandstand.

From Galveston, Houston, San Antonio, Kingsville, Waco, Dallas, Fort Worth, San Angelo, Kermit, Wichita Falls and Abilene have come definite entries of district champions. Others, including Brownwood, Big Spring, Ballinger, Port Arthur, Orange, Austin and Perryton, are due to have representatives in the tournament.

BEAT ROOKIE

BOSTON, Aug. 6 (AP)—The Bees bunched three hits in the seventh lining off Rookie Vance Page, who was making his big league debut, today to break a scoreless duel and top the Chicago Cubs 1 to 0 behind Lou Pette's six-hit pitching.

PROUD BIG SPRINGER

Mr. and Mrs. Roy Lamb of Big Spring are shown with the seven-foot sailfish he caught at Fort Isabel, Texas, July 21. It was Lamb's first sailfish and twenty-fifth caught at Fort Isabel in the last 13 months. Three blue marlin also have been taken at Fort Isabel in the same period. A special sailfish and marlin contest has been added to the Fifth Annual Rio Grande Valley Fishing Rodeo to be held at Fort Isabel this month. The special contest opens August 12 and continues through the rodeo dates, August 25, 26 and 27.

Smyly Overtakes Stevens In Race For WT-NM League Batting Honors

The league had a new batting leader this week, Outfielder Robinson of Wink boasting a mark of .414, but had played in only 14 games. Leader over the season's play was Outfielder Smyly of Hobbs with an average of .367, closely trailed by Second Baseman Stevens of Lubbock with .364. Manager Miller of Lubbock continued to gain, reaching .358 by virtue of some recent heavy hitting. Other leaders included: Home runs: Suytar, Midland (26); Triples: Taylor, Mosel, Lubbock (8); Two base hits—Miller (32); Wins batted in—Stevens (101); Averages through July 31 follow:

EL CHICO SETS RECORD

SARATOGA SPRINGS, N. Y., Aug. 6 (AP)—El Chico, unbeaten two-year-old from the barn of Wilton Ziegler, Jr., took another long leap toward the 1938 juvenile turf championship today when he equalled the six-furlong track record in winning the 36th Saratoga Special. He stepped the distance in 1:10 2-5 under 122 pounds.

BARONS WALLOP LUBBOCK, 10-5, BEHIND TRANTHAM'S HURLING

LUBBOCK, Aug. 6.—Despite injuries to key men the Big Spring Barons salvaged the final game of a series with the Lubbock Hubbers here Friday evening, winning 10-5, behind steady pitching by Clarence Trantham who chalked up his 12th pitching triumph of the season.

The Barons started in earnest in the sixth frame, tallying four times, then added four more in the eighth to sew up the honors.

Bobby Decker's home run was the spotlight clout of the evening while Billy Capps' double and single accounted for a quartet of alleys.

Decker and Joe Saparito left the game due to leg injuries. The Big Springers pounded Errante Terry hard, then combed the offerings of his successor, Ralph Marshall, for three runs and three hits in the 2-3 innings he worked.

Box score:

Clerks Spring Upset, Defeat West Siders

Take Lead At Start; Whitt And Berry Pace Attack

Kicking the dope bucket around with much gusto the T&P Clerks walloped the West Siders, 16-9, in a Major city league softball game on the Munny diamond Friday evening.

The Clerks were behind only once in the dust and tallied six runs in the third frame to take a permanent advantage.

A four run outburst in the opening frame started them on their way and they counted twice again in the second to take care of the six runs the West Siders made in the third.

Whitt and Berry paced the Clerk 16-hit attack, Whitt collecting three hits while Berry accounted for a home run with two on base.

Score by innings:
T&P 432 003 1-16
West Siders 020 010 0-9

Lombardi Sets Nat'l. Bat Pace

Wally Berger A Threat With .339; Medwick Is In Third

NEW YORK, Aug. 6 (AP)—The biggest baseball bargain of the year, if the batting averages mean anything, was the Cincinnati Reds' deal acquiring walloping Wally Berger from the Giants for little more than a song.

The Giants sent Walloping Wally along with cash to get Alex Koussouris, who was somewhat of a bust, and is doing bench duty now, while Berger is batting second in the National league standings.

Ernie Lombardi has been setting the pace at top.

Wally collected nine hits in 23 chances during the week ended with Friday's games to boost his over second place from Ducky Medwick, average six points to .339 and take week of the Cardinals, who fell to third with .332.

Lombardi hit safely only four times in 15 chances to drop four points to .354.

Trailing the three leaders in the leading ten batters with 200 or more times at bat were Stan Hack of the Cubs, fourth with .330; Buck McCormick, Reds, .329; Arky Vaughan, Pirates, .328; Ival Gooden, Reds, .327; Mel Ott, Giants, .325; Jojo Moore, Giants, .321; and Buck Jordan of the Phillies, with .319.

Armstrong After Third Title In Year's Time

NEW YORK, Aug. 6 (AP)—Little Henry Armstrong, the brown dynamo from the Pacific Slope, goes shooting next week for something no boxer has ever attained—a third major ring title in less than a year.

Last October Henry belted out game little Pete Sarron of Birmingham to become undisputed featherweight champion of the world.

Seven months later to the day he made a quick raid into the welterweight division to wear down a stout-hearted but bleeding Barney Ross and annex that title. Lou Ambers and his lightweight crown are next to the list.

Ambers and Armstrong are booked over the championship 15-round route at the Polo Grounds Wednesday night. If the Armstrong winning streak continues, he'll be the first man in boxing history to wear three crowns at the same time.

Ambers is looking like himself again after a so-so campaign on the Pacific coast. And during the last few days a flood of Ambers money has poured into Broadway—insisting on odds however.

PAT STASEY SETTLES TO HOLD OPPOSITION

Game Today Begins At 4 P. M.; John Soden Scheduled To Twirl For BS

Featuring an attack that has gained a fair reputation among WT-NM league circles, the Big Spring Barons waited five innings to strike while the opposition was building up a six-nothing lead, then banged away to do their worst damage all in one frame and finally came up with an 8-7 victory over the Wink Spudders here Saturday night, cutting the visitors' league advantage to four and one-half games.

Pat Stasey was on the hill for the locals and survived only game shakiness to earn the victory even.

The two teams will meet again this afternoon in the second of their three series in a game scheduled to get under way at 4 p. m. Johnny Soden is to take the mound for the locals while Frankie Grabek had been announced as the twirler for the Winks.

The game Saturday appeared lost when the Spuds hit Stasey at will in the early frames but Lefty Lucas, usually the "Jonah" for the local ball club, couldn't hold the lead and got credit for the loss when he left in the sixth frame with the winning run on second base. Molly Ferguson relieved but Center Fielder Stone, coming in fast on Simmons' short fly, missed it, allowing Hobson to score.

Stone Hat Leader
Stone walloped Stasey's offerings for three licks during the evening to take batting honors while Frankie Jacob and Dick Hobson each came up with a pair to pace the local attack.

The Barnabemen were playing without the services of Bobby Decker, regular second sacker, and Joe Saparito, left fielder. Chick Greer was moved onto the key stone while Simmons, new gardener, went to right, Ramsdell to center and Jaot to left.

Bobby Riggs Beats Wood

Moves Toward Berth On Cup Team In Easy Win

SOUTHAMPTON, N. Y., Aug. 6 (AP)—Bobby Riggs of Chicago, America's second ranking tennis player, dealt a crushing blow to Sidney Woods' comeback campaign today when he beat the New York, 6-0, 6-3, 7-5, in the final of the 18th annual Meadow club invitation tennis tournament.

The young Chicagoan took another long step toward clinching the No. 2 singles berth on the United States Davis cup team. Before the match he and Wood were recognized as two of the outstanding candidates.

The start today was delayed while Wood visited an osteopath, who assured him no harm would come from his playing. He had complained of sore muscles.

The doubles final produced an upset when Frank Kovacs and Bobby Harman of Oakland, Calif., overcame the smooth southern team of Frank Guernsey, Jr., of Orlando, Fla., and Russell Bobbitt of Atlanta, 1-6, 9-7, 1-6, 6-4, 6-4.

SUN EGRET WINS

PAWTUCKET, R. I., Aug. 6 (AP)—Finding the heavy truck to his liking, A. Campton's Sun Egret rumped home an easy winner in the \$5,000-added Roger Williams handicap at Narragansett park today to pay \$620. The three-year-old was two lengths and a half in front of Felix Spatola's Wise Prince at the finish and was timed in 1:40 3/4 for the mile.

WORK RESUMED ON WILDCATS IN COUNTY

Completion In Snyder Area Is Gauged At 526 Bbls. After Shot

Completion of a test in the Snyder area of southeast Howard county and resumption of drilling on two wildcat tests in the western part of the county were old highlights here the past week.

Moore Bros. No. 3-A O'Daniel, in the southwest quarter of section 34-30-18 T&P, tested 526 barrels flowing after shooting with 600 quarts from 2,699-2,788 feet. It was shooting out Friday.

After setting casing to shut off salt water flow, the W. B. Powell No. 1 Gular estate, wildcat test west of Big Spring in section 17-A, B&C, drilled to 2,645 feet and was underrigging to lowering the string to complete the shut off. At the same time operations were in full stride on the T. G. Shaw No. 1 H. Wilkinson, just over the Martin county line in section 35-A B&C. It drilled past 320 feet. Both tests are in the general area where the now abandoned Texas No. 1 Wilkinson had free oil shows.

In the northwest corner of Howard county, the rank wildcat Owens No. 1 Wright was still shut down and possibly will resume drilling this week at 1,378 feet.

Between the Snyder and Chalk pools of southeastern Howard county, Ajax Drilling Co. moved in for the Ajax-Anderson & Prichard No. 1 Scott in section 85-29, W&NW, Noble No. 1 Hyman, formerly the Gooden-Kahn No. 1 Hyman, in section 87-29, W&NW, logged a natural flow of oil at 2,100 feet. Location is 2,310 feet from the west and south lines of the section.

In the Snyder area, Moore Bros. No. 8 TXL, section 33-30-18, T&P, continued to clean out after a 600 quart shot from 2,620-2,775 feet and a test of 733 barrels. Likewise, Magnolia No. 6 O'Daniel, section 24, cleaned out to bottom after a similar shot at 2,620-2,900 for a potential of 433 barrels. It was running tubing and rods and preparing to pump.

Magnolia spudded with rotary its No. 9 O'Daniel on its lease, the northwest quarter of section 34, drilled its No. 7 O'Daniel to 1,850 feet and rigged up with standard drill in on its No. 8 O'Daniel after cementing seven inch casing at 2,550 feet. In the northwest quarter of the same section Moore Bros. No. 25 O'Daniel, drilled to 2,528 feet and built derrick for their No. 3-B O'Daniel. Ajax No. 1 O'Daniel, just to the north, was at 2,550 feet.

Sun Oil Co. No. 5 Snyder, set 8 1/4 inch string at 1,698 feet and drilled to 1,750 feet in section 28; Eastland Oil Co. No. 2-A Snyder, section 27, drilled at 2,362 feet; Greene Production Co. No. 1 Snyder, in the northeast quarter of the same section, cleaned out at 1,700 feet on a rehabilitation test; and Eastland Oil Co. No. 2-A TXL, section 33, drilled to 1,882 feet.

Chalk extension area had prospects of another producer when Noble No. 1-A Chalk, 2,310 feet from the north and 330 feet from the west lines of section 94-29 W&NW, carried 700 feet of oil in the hole above 2,900 feet. Noble No. 5 Chalk, a south offset, was reported below 900 feet. Letwin and Lipka No. 2 Chalk had derrick up on location at 330 feet from the east and 973 feet from the south lines of section 95-94, W&NW, and Murphy and Lamb No. 1 Chalk, 2,310 feet from the north and 330 feet from the east lines of section 95-29, W&NW.

Coleman Test Makes Flow Of 400 Barrels

Wooten No. 1 Stockard Gets Production In Strawn Sand

ABILENE, Aug. 6.—Indicating prolific flow production from the Strawn sand, same producing horizon as that of the KMA field of North Texas, the H. O. Wooten of Abilene and associates No. 1 W. R. Stockard in northwestern Coleman county provided highlights of the week's developments in this area when it flowed approximately 400 barrels in an hour and a half, then bridged with tools in the hole.

Late in the week, operators were still attempting to free cable tools from bottom, while the well headed a small amount of oil at intervals. The heavy flow came as tump from a 50-quart shot of nitroglycerine was being drilled out, the well having indicated production of 300 to 400 barrels per day previously on natural shooting.

Pay horizon is the same as that producing in six nine-year-old wells of the Goldsboro pool, six miles to the northwest. It was drilled from 3,622 to a total depth of 3,850 feet, still in the sand.

Location is 1,330 feet east of a small flowing well, States Oil Corporation No. 1 Goodson, which also is producing from the Strawn. No. 1 Stockard is 35 miles south of Abilene and near the townsite of No. 1, 330 feet out of the northwest corner of the southeast quarter of section 23, T&NO survey.

Owners of the well and 3,500-acre block surrounding are Wooten, S. M. Jay and J. C. Reese of Abilene, French Robertson of Haskell, F. L. Cooper of Ada, Okla., and Price & Wilson, Wichita Falls contractors.

Stonewall county's first producer, the Stonewall Oil company No. 1 H. T. Carlie, reported a completion with a flow of 365 barrels of oil in 14 hours for potential following a 500-gallon experimental treatment with acid. The well started off flowing 64 barrels the first hour but settled to approximately nine barrels hourly, which is maintained on a 12-hour test following.

The wildcat discovery, five miles north of Peacock in section 293-D, H&TC survey, is producing from Palo Pinto lime taken at 5,169-76 feet, total depth.

MARTIN COUNTY TEST WATCHED

This wildcat test, just over the line in Martin county, is due to be watched with a great deal of interest. It is the T. G. Shaw No. 1 H. E. Wilkinson in section 35-A, B&C survey and is about 16 miles northwest of Big Spring.

Shaw, who blocked acreage for the abandoned Texas No. 1 Wilkinson which had free oil shows, believes that the geology of the area, worked out by J. Brian Eby, will prove a northwest-southeast structural trend to be correct. Shaw believes the oil in the first well migrated from a "mother" pool.

When Shaw entered Howard county, he sold half interest in the first well to Texas Co. which now owns an eight section lease extending to near the new well. The Hays & Co. of Washington, D. C. have brought royalty money into the Shaw plays. Restriction on pipelines in East Texas may result in more drilling in the Permian basin, Shaw thinks. Should his well, or the W. R. Powell No. 1 Gular or the Owens No. 1 F. G. Wright, in the northwestern corner of Howard county, strike oil, this immediate area would share heavily in new development, he believes.

Andrews Well Shows Record Oil Flow

Makes 5,429 Barrels After Heavy Acid Treatment

SAN ANGELO, Aug. 6.—A record oil flow for that part of the West Texas Permian Basin north of Ector County—5,429 barrels by Humble No. 47 J. S. Means on the east side of the Means pool in north central Andrews county—and an increase in both locations and completions from sub-normal figures the week before were among favorable West Texas developments this week. On the negative side were low markers by a wildcat and a test between the Denver and Walker areas in Yoakum county and by one wildcat each in Gaines and Cochran counties.

Humble No. 47 Means in Andrews county made its record flow through 2-inch tubing and a 2 1/2-inch casing outlet after being treated with 10,000 gallons of acid, with the total depth 4,510 feet. The gas-oil ratio was only 295-1. The well is 1,983 from the north, 2,002 feet from the east line of section 10-A35-pel, a south offset to Humble No. 46 J. S. Means, which recently extended production one-half mile east. Humble No. 49 J. S. Means, a diagonal southeast offset to its big well.

635-Barrel Flow
The southern Andrews county pool opener drilled by R. R. Rhodes and J. D. Tomkins of Midland and Walter J. Donnelly of Ft. Worth on the E. W. Cowden land was completed for an official flow of 635.51 barrels of oil through a three-quarter inch choke on 2-inch tubing. It topped the pay at 4,155, drilled to 4,220 feet and was treated with 6,500 gallons of acid in two stages. Location is 330 from the north, 2,310 feet from the west line of section 1-12-2n-T&P, seven miles south of the Fuhrman pool in Andrews and five miles northwest of the North Cowden field in Ector county.

Ohio Oil Co. No. 1 Avertit, which last fall extended the Seminole pool in Gaines county a quarter mile west, was deepened from 5,073 to 5,116 feet apparently without striking water and with probably an increase in oil. It prepared to make a natural test. The well, which initially flowed 168 barrels daily, is 660 from the north, 1,990 feet from the east line of section 228-G-WTRR.

Low Marker
Osage Drilling Co. No. 1 B. E. Miller, Gaines wildcat in the southwest corner of the northwest quarter of section 281-G-WTRR, topped the Yates sand at 3,390 feet, 45 feet above sea level and 215 feet lower than in J. L. Frick and Osage No. 1 T. S. Riley, 2 1/2 miles to the southeast, which indicated a four-mile northwest extension to the Seminole pool. Drilling continued below 3,673 in anhydrite and redrock.

Phillips Drilling Co. No. 1 O'Brien, Yoakum county wildcat immediately south of Plains and in the northeast quarter of section 442-D—John H. Gibson, logged the first brown lime stringer at 4,170 feet, 528 feet below sea level and about 75 feet lower than in Magnolia No. 1 Webb, a dry hole two miles to likely would have shocked Tascosa back in the 'eighties.

Persons arranging the big reunion have collected around a thousand saddles and horses for the parade. That number of horses wouldn't have been a very big remuda on the XIT when the boys were handling thousands of head of cattle on the range that covered huge Texas counties. The XIT horses grazed in grass bally-deep. Today there are sand dunes on some of the old range. Fields dot what was once the biggest range in the world. Beefy, white-faced, blooded steers, which couldn't stand a trip across the former XIT range, graze in the pastures, successors to the big steers which could go into Abilene or Fort Dodge after a wild stampede just this after of rough trail trip across the territory and the Kansas prairies.

HE HAD A PRAYER
MIAMI, Fla., Aug. 6 (AP)—L. R. Russell told tales today about a fish delivering a prayer from its mouth.

When he landed a 12-pound grouper, he said, a small fish was seen to come out of its mouth and deliver a prayer from its mouth.

Man About Manhattan

by GEORGE TUCKER

NEW YORK—If you are coming to the town with nothing particular to do you might look up on that 70-year-old negro miser who is running a museum in a cellar off Columbus Circle. It has a sign which says "Captain Charley's Private Museum for Intelligent People" and in it you will find bric-a-brac collected from all over the world.

There are lion skin capes made from the pelts of lions killed in Ethiopia, and shackles that are alleged to have been struck from the legs of a captured naval prisoner aboard the Spanish warship Maria Teresa, at Manila. There are stuffed reptiles and birds, and piles of dried fish. In one corner you will observe a silken gown stripped from a bearded Chinese priest during the E. uprising.

Near at hand is a carved wood bench which was used as a chopping block for 40 African tribal chiefs who had their heads chopped off.

Captain Charley first opened his museum in Harlem but he didn't like it up there. He says too many petty thieves kept lifting his stuff, and bothering him. So he moved to that cellar near Columbus Circle, and he likes that very much.

This museum is great stuff, he believes, and he is preparing to do something really big when the Fair opens.

"I know everybody and everybody knows me," he tells you. "I've got letters from naval commanders and theatrical producers. I was in the navy 16 years. Here is a rhinoceros horn given me by Teddy Roosevelt. I used to be captain of a large handling munitions, and I was in the Battle of Manila Bay. I was decorated for rescue work when the Titanic sank. I was on the S. S. Carpathia then. And here's a sharp-shooter's medal I won when I was on the S. S. Johnston. Me, sure I'm lucky. Everybody knows me. I was born with a silver spoon in my mouth."

Charley has other medals too but he admits they are only "lodge buttons." Among his souvenirs is a battered tin bucket which he swears is Al Smith's dinner pail when he worked at the Fulton fish market.

Charley's greatest moment came when he discovered thousands of dollars in an old church. The church was abandoned, and a torrential downpour cracked the walls of the church, revealing the glittering heap of gold. This was in the Philippines, and the Captain says he lived handsomely three years on his share of the discovered booty.

"Sure, I know everybody," he goes on. "I knew O. Henry when I work-

DEDICATION OF NEW CHURCH NEXT WEEK

All day services will mark dedication of the new Church of God plant at W. 4th and Lancaster streets next Sunday, Rev. Homer Sheats, pastor, said Saturday. There will be special services back to Boston where I was born and where my daddy was born before me."

during the day and also dinner on the ground. Many churches in this area, led by their pastors, will be represented. Among church officials to be here will be District Superintendent A. C. Bates of Amarillo. The public will be invited to take part in the ceremony.

HE HELPED BUILD A COMMUNITY

Solid, stable communities are built through the united efforts of men like Albert M. Fisher who, having contributed his very great share to the well-being of Big Spring, has been called to a higher responsibility. No greater tribute to Mr. Fisher can be paid than the spontaneous outpouring of regret which evidenced itself throughout the city when word came of his death. That he was known by all the people, and that all the people felt a genuine personal concern for him and his family is token of the place of high esteem he occupied.

This high place was maintained on a firm foundation. For Albert Fisher, devoted husband and father, friendly business man and good neighbor, had a deep sense of devotion for his native city and those who populate it. This devotion was not passive, but expressed itself in active activity for any program calculated to be for the good of Big Spring. It was not alone that he was a member of a great-hearted pioneer family which played so prominent a part in the development of this area, although the honest traits of the pioneer remained with Albert Fisher. It was that he loved his city, toward which he devoted his life, and which he loved in return, was ever ready to meet, with interest in full, the obligations which rest upon one so deeply steeped in the responsibilities of the building of an empire.

There was no great fanfare about Albert Fisher's activities in this community. He labored quietly and sincerely, in keeping with his heritage, toward building a successful business that contributed its share to the city's commerce; toward maintaining a gracious home of the highest standard; toward making and retaining true friendships that thrived because there was no selfishness to mar them. Because he was unostentatious, the myriad good deeds done by Albert Fisher for his town and his neighbors must forever go unrecorded in mortal fact. He would prefer it that way. For acts of service and charity were performed by him on their own merit alone.

Mr. Fisher was an integral figure in Big Spring, in the great pioneer spirit that still asserts itself in the West. His passing leaves a deep void which only a Higher Knowledge understands how to fill.

MORE SALES, MORE JOBS. Based on the theory that "sales are jobs" a movement called the Sales Crusade is sweeping over the country with considerable success. It is an organized sales promotion idea, wherein all business elements of a community are banded together in a concerted effort to stimulate retail distribution of goods.

Washington Daybook

By Preston Grover

WASHINGTON. — Once upon a time there was a famous statesman who wished in vain that his enemy had written a book. Then he would have had an opportunity to confound his enemy with inconsistencies, with glaring mis-statements, with changes of front, and with everything that can happen to a man who has written a book.

But the Republican National Committee has beaten that idea to a shell. The committee has written a book for their enemy—President Roosevelt. It is a trim little affair bound in green paper and labeled "Quotations From Franklin Delano Roosevelt."

As a foretaste of what is inside, there is a quotation from Benjamin Franklin: "Saying and doing have quarreled and parted."

Now President Roosevelt has had "book trouble" before. When the Supreme Court fight was in progress, Senator Wheeler picked up a book the President published in 1933 entitled "On Our Way." From it he extracted condemnation of any idea of "packing" the Supreme Court by adding new members with a view to obtaining a change of decision.

Senator Wheeler read quotations from the book into the record in launching his attack against the court revision bill. Aimed at Campaigners The new book put out by the Republican National Committee helps out those who might not have been so well posted on these things as Senator Wheeler. It has an index and a cross-index on which to find what the President said on this and that, on any asserted changes of attitude, and the like.

"Some quotations were selected which appear to be excellent arguments for the New Deal, all its theories and all its works," says a note in preface. "They set forth in ringing terms social objectives which no man could honorably disagree with. They can be used by skillful campaigners as yardsticks for New Deal promises by which to gauge the performance of the New Deal in its many and varied fields of experimentation."

"Other quotations were selected for use in refuting the arguments of the allies of the President in his own language. Thus we have included statements of the soundness and permanence of the economic recovery of 1933 and 1936 so heavily relied on by the administration in its successful battle for votes in the last presidential election. Administration claims for credit for recovery are especially useful in fixing responsibility for the Roosevelt belt depression, for in the words of the President, 'We planned it that way.'

(The book probably was on the press before there was time to get a few quotations to explain the current upturn on the stock market.)

WORK ON AIRPORT PROJECT SPEEDED
 With approximately 1,000 yards of caliche being moved in daily, the airport improvement project began to take on a new aspect last week. At the end of the week E. H. "Red" Morton, WPA supervising engineer, reported barely less than 3,000 yards of base material moved during the five day period. Top course is on half of the first runway and with 100 men shifts working, Morton believes the runway will be fully installed with base material in two weeks.

The Week

(Continued from Page 1)

of Howard and Martin counties have for two days the past two weeks suggests the possibility of the city park in that direction. Perhaps there are a few things that might be done to make the park even more popular for many other such gatherings in the future.

Big Spring showed the "good neighbor" quality last week at San Antonio before the highway

commission. When the designation of a highway from Stanton to Lamesa and Andrews was blocked because Big Spring was on the originally planned route, representatives of the city and county went to bat for Stanton. It was commendable that officials saw fit to forget disappointment over not getting an extension to Big Spring and to help Martin county get what it could.

From the number of people along the lowland and northern section of the city who are complaining about an acute infestation of mosquitoes, perhaps some sort of

inquiry should be made into the matter. A little drainage and a little kerosene might lessen the unpleasantness and reduce a health hazard.

The chamber of commerce has something — it is a proposal to establish a concentration point here for cotton pickers who migrate each autumn from San Antonio to the south plains area. This town is strategically located for such a point. Besides insuring a supply of harvest labor for this section, it would doubtless pay for itself in money the laborers and those who

come to hire them spend in Big Spring.

What's become of this campaign to popularize the water and soil utilization contest in Howard county? Here's a thing that can pay big dividends, but it will require much promotion. People returning from the Gulf say it is muddy over a large territory with South-Central and lower West Texas soil. We might as well work toward keeping as much of that soil and water at home as possible.

Speaking of conservation, trench silo demonstrations set for Wednesday fit nicely into that category. At the L. C. Matthies farm farmers can see how well feed can be stored in underground silos for longer than a year. Matthies made his silo with a minimum of equipment and any farmer can do likewise. Not far off, trench silos will rank with terracing, contouring and dams as a conservation measure in West Texas.

Warner Oland Death Victim

Actor Was Famous For His Roles As Charlie Chan

SANTA BARBARA, Calif., Aug. 6 (AP)—Johann Warner Oland, the Charlie Chan who escaped a thousand terrible deaths on the screen, died of bronchial pneumonia today in his native Sweden.

News the 58-year-old and portly stage and screen star died came from the home of his estranged wife, the former Edith Shearn of the stage, who was preparing for a hurried trip to his bedside.

The end came at 2:30 p. m. (5 a. m. P.S.T.) in a Stockholm hospital after being removed from the home of Eric Stocklass, Scandinavian artist and friend of the actor, in Tyresco, near Stockholm.

Oland's departure to Sweden more than a month ago was almost as mysterious as were the movements of Author Earl Derr Biggers' famous detective that he portrayed.

Before Oland quietly sailed from Los Angeles, he had agreed to do three more Charlie Chan pictures, of which he had made 17, this fall. So convincing were his roles as a Chinese that Oland was mistaken by Chinese for a Chinese on a vacation trip in the Orient.

Two-Thirds Rule Sought

Demos Move To Combat Third Term Campaign

WASHINGTON, Aug. 6 (AP)—A proposal to restore the two-thirds rule in the 1940 Democratic convention may become a rallying point for anti-administration Democrats if President Roosevelt stands for a third term.

A group of southern Democrats is already calculating the chances of winning enough northern support in 1940 to restore the rule, which once gave the "solid South" an effective veto power in party councils.

This same group formed a bloc in the last Congress against some of the president's proposals.

Under the two-thirds rule, scrapped in 1932 when Mr. Roosevelt was nominated, no candidate could win the Democratic presidential nomination without a two-thirds convention vote. The South had more than a third of the delegates and thus could withhold the nomination from anyone it opposed.

If anti-Roosevelt forces could muster a majority in favor of the two-thirds regulation in 1940, they would capture a potent weapon with which to fight any third-term drive.

Politicians discussing the subject declined to be quoted by name until, they said, the president had disclosed his intentions definitely.

Mr. Roosevelt's best known statement on the question thus far was made at a Democratic banquet on March 4, 1937, when he said: "My great ambition on Jan. 20, 1941, is to turn over this desk and chair in the White House to my successor, whoever he may be, with the assurance that I am at the same time turning over to him as president a nation intact."

MEN'S WEAR OF CHARACTER

Hospital

the upper administration floor where 17 living quarters are housed.

The two dormitories, one on the south for men and on the north for women, contain individual quarters for patients, wards, and doctors' offices. The men's quarters has a barber shop.

Nearly Complete

At the west end of the site are the warehouse and powerhouse, both all but complete. Connecting is a half mile of spacious tunnel for water, sewer and steam pipes.

Dr. George T. McMahan, superintendent, is watching construction with meticulous care. He has wide experience in treating mentally ill persons and has firm convictions on modern methods of restoring patients to their usefulness. For instance, he has a prejudice against grills over windows and had them painted the least ostentatious shade when they had to be installed.

Soon the administration building will be complete and the remaining portion of the hospital should be pronounced finished by the end of the year. Then it will be necessary for the legislature to make an operation and maintenance appropriation for the hospital to open its doors to something slightly less than 500 patients.

Trench Silo Programs Arranged

Two Demonstrations In Howard, One In Glasscock

Howard and Glasscock counties will have practical demonstrations on the value of trench silos this week.

Wednesday at 10 a. m. E. R. Eudaly, extension service dairy and trench silo expert, and J. D. Prewitt, district agent, will aid O. P. Griffin, county agent, in a demonstration at the L. C. Matthies farm, five miles west and two north of Moore school house, or two miles west and two south of the old Highway school location. Matthies has a year old bundle trench silo which he claims has made his feed go three times as far. In the afternoon at two o'clock, the U. S. experiment farm will be the scene of another demonstration where year old chopped ensilage is stored.

Thursday Eudaly and Prewitt will join V. G. Young, Glasscock county agent, in a demonstration at the Harry Echols farm on the Garden City-Stanton road. The farm is 10 miles south of Stanton and 26 miles northwest of Garden City. Echols has three trench silos, both bundle and chopped feed, one of which has never been opened since construction in 1928. Young urged all interested to attend the affair.

served ranchmen and others over a wide territory extending into New Mexico and far into the Panhandle.

As he grew up, Albert worked in that store, became manager of its dry goods department. He established his own department store in 1923, making it one of the major concerns of its type in this section.

Mr. and Mrs. Fisher and sons left here July 27, on what had been planned as an extensive buying and vacation tour.

Mr. Fisher was a Shriner, a member of the Rotary club, and long had been active in chamber of commerce activities.

Slays Wife, Four Sons

Kansas Man Suicides After Killing Entire Family

NORTON, Kan., Aug. 6 (AP)—Powder burns around forehead wounds that killed a mother and four sons here this morning were cited by officers tonight in explaining how the father was able to shoot each with a single shot rifle without awakening the others.

The father, George Dobbie, 39, was found dying of a wound in the mouth by a messenger sent to learn why he had not appeared on his job as a tractor operator for the county.

His wife, 34, and their four sons, George, Jr., 17; Glen Donald, 15; Raymond, 12, and Floyd Gene, 11, were dead when found.

Sheriff C. W. Holland said he believed Dobbie placed the single shot .32 calibre rifle between the eyes of each of his victims, muffling the explosions. The gun was found lying on Dobbie's stomach. He died

THROWS SON, JUMPS BEFORE CRASH, NEITHER HURT

DES MOINES, Ia., Aug. 6 (AP)—Mrs. Harry Oppenheim, 25, tossed her son, Patrick, 2, out of her automobile just before the car was struck by a train here.

The boy received only few scratches. Mrs. Oppenheim, leaping out seconds later, escaped with a bruised back.

Little "Pat's" only comment on his narrow escape was: "Choo-choo break mama's car all up."

DROWNS IN BOAT

GALVESTON, Aug. 6 (AP)—William L. Sanders, 39, Pasadena, Texas, a pipefitter for the Shell Petroleum corporation, was found dead in a small skiff from which he was fishing alone in Galveston bay near Virginia Point today.

Justice of the Peace Fred W. Harris returned an inquest verdict of death by accidental drowning. Fishhooks on Sanders' line had caught in his hands, Harris said. Loss of blood was believed to have caused him to faint, his face falling into the water.

SUSPECT HANGS SELF

DALLAS, Aug. 6 (AP)—Less than an hour after he had been placed in jail as the suspect in a daylight holdup today, Nelson Moss Baker, 28, ex-convict, was found hanging by his leather belt.

Statement Cited In Murder Trial

SOUTH PARIS, Me., Aug. 6.—Francis M. Carroll's one-time superior, Sheriff F. F. Francis, today told a jury trying Carroll on a charge of killing Dr. James G. Littlefield that Carroll, when arrested on a morals charge, blurted out: "God, Sheriff, you don't think I had anything to do with murdering Dr. Littlefield, do you?"

The morals charge, Francis testified, involved Barbara, 18-year-old daughter of Carroll and erstwhile sweetheart of Paul M. Dwyer, 19, who confessed the killing and accepted a life imprisonment sentence.

The sheriff said his former chief deputy had not accounted for his whereabouts on the night, last Oct. 12, when the 67-year-old country physician was killed in Dwyer's home. Dwyer charged from the stand that Carroll killed the doctor.

HEARING POSTPONED

AUSTIN, Aug. 6 (AP)—The railroad commission has announced postponement to Sept. 10 of a hearing at Midland for taking evidence on which to determine the definition of Winkley county oil fields, including Keystone, Kermit and Barbara.

The hearing, originally scheduled Aug. 10, was postponed, engineers said, because the completion of several wells now being drilled probably will provide additional valuable information.

LEADERS IN MEETING

Today begins a week's meeting at the First Baptist church with "two young men with a purpose" leading in a special effort directed toward the enlistment of young people. Luther J. Holcomb, son of Dr. E. L. Holcomb, executive secretary of the Southern Baptist Sunday school board, and Jack Gardner, son of Dr. T. C. Gardner, director of the state B.T.U. work, are the two young men. Luther started training for the legal profession, received the call to preach and is now doing a recognized piece of work over the southland. Gardner, who directs the music, does yeoman service as a lay worker. The meeting will continue through next Sunday.

SOFTEEN TAX HIKE

MEXICO CITY, Aug. 6 (AP)—Government action to soften the effect of a 12 per cent export tax boost due soon was virtually promised the big mining industry today, but the industry—90 per cent foreign—remained gloomy.

Even though the treasury decided to "pull its punch" in assessing the tax, spokesmen said, the new
