## Reds In 25 Miles Of German Capital

LONDON, March 8 (AP)—The Russians have driven to within 25 miles of Berlin's city limits, outflanking the fortress of Kuestrin and reaching Seelow on the west side of the Oder, a Transocean broadcast from the German capital said today.

## Allied Planes Hit Battlefield Aids

LONDON, March 8 (AP)—German rail and oil targets were struck another blow today as 1,350 American bombers, following up the RAF's 1,250-plane night assault, attacked seven oil plants and five switching yards handling traffic to the Ruhr battlefields.

The most sustained air campaign of the war carried through its 24th consecutive day.

The Americans' targets included the clogged yards at Essen, almost within earshot of the fighting along the upper Rhine, Siegen, Betzdorf, Dillenburg and Giessen. Six benzol plants and one synthetic refinery in the Gelsenkirchen-Dortmund regions were the oil objectives.

Approximately 350 fighters provided cover for the bombers. Close protection against the German air force seldom is needed any more.

The British night attack was carried out by the largest force sent out by the RAF this year. The British planes blasted the Germans' eastern front base of Dessau, struck at vital oil refineries and gave Berlin its 16th successive night raid.

It was estimated that 3,000 tons of explosives and fire bombs were dropped on Dessau on the Elbe river 85 miles southwest of Berlin and now an important base for the eastern front. The city still was in flames today.

The British air ministry listed 38 bombers and one fighter missing from the night's operations. At least 14 German night fighters were shot down.

U. S. 15th air force heavy bombers resumed operations in coordination with Russian armies in Hungary, attacking railroads at the Hungarian city of Hegyes-halom, less than 70 miles behind German lines.

Planes returning from the assault on Dessau—the main objective—reported the whole target area was "ablaze from end to end, with smoke rising to a height of 17,000 feet.

Other targets of RAF heavy bombers last night included oil refineries at Hamburg, across the river from Hamburg, and Heide in Schleswig-Holstein, west of Kiel.

Last night's raid on Berlin was carried out by fleet Mosquitos, which again dropped two-ton blockbusters on the city.

### RESTAURANTS STAY OPEN

A recent communication from the War Manpower Commission revealed that restaurants which formerly stayed open all night would be allowed to continue to do so. The directive declared that any establishment which closed at any time between 12 midnight and 8 a. m. will be required to close.

### SEVEN IN COURT

Seven persons appeared in city court Thursday morning on charges of drunkenness, and two were held for vagrancy. A woman was picked up at the bus station, Wednesday for insanity, and was being confined to city jail.

## Foreign Policy Makers Caution Stassen To Ease Off Some Ideas

By ERNEST B. VACCARO  
WASHINGTON, March 8 (AP)—Capitol Hill foreign policy makers cautioned Comdr. Harold E. Stassen today to soft-pedal his advocacy of a gradually-developed "higher level" world government.

Acting Chairman George (D-Ga) of the senate foreign relations committee said he fears the raising of "controversial issues" might "do great hurt to the immediate peace objectives Governor Stassen so ably champions."

Other senators in both parties expressed similar views after reading the former Minnesota republican governor's speech in his home state last night. In it Stassen outlined his personal world peace attitude in advance of the April 25 San Francisco United Nations conference he will attend as a delegate.

Stassen advocated gradual development of "a new and higher level of government, with legisla-

## British Plunge Into Mandalay, Fall Imminent

CALCUTTA, March 8 (AP)—Spearheads of the British 19th division plunged into the northern suburbs of Mandalay today, and official estimates at Allied headquarters left the impression that the fall of Burma's second city was imminent.

In their 14-mile dash southward from Madaya to Mandalay Indian troops of the British division bypassed a considerable number of Japanese. These enemy groups appear dazed and bewildered and are scheduled for later elimination.

Chinese troops 130 miles north-east of Mandalay smashed two miles through Japanese defenses and occupied New Lashio and its railway station, establishing Allied control of the entire Burma Road from Lashio to Kunming. The Chinese had captured old Lashio yesterday.

## Man Starts Fund To Replace Loss Of Stolen Purse

When Ynez Yanez, Sr., read a letter to the editor of The Herald from Pfc. Mary E. McCullough, a WAC stationed at Fort Worth, he knew just how she felt about having lost her purse.

Yanez once had had the same experience, so he wanted to do something about it. He put in the first \$5 toward a fund to replace the \$75 which Pfc. McCullough had stolen from her while visiting here.

"I hope that whoever stole her purse will return the valuable papers," he said. "I know she needs her money and I believe there are lots of people who would like to help replace it." Donations to the fund will be received by The Herald and sent to the WAC if and when the fund is raised.

## Vandenberg Gives Senate His Okay Of Eden Warning

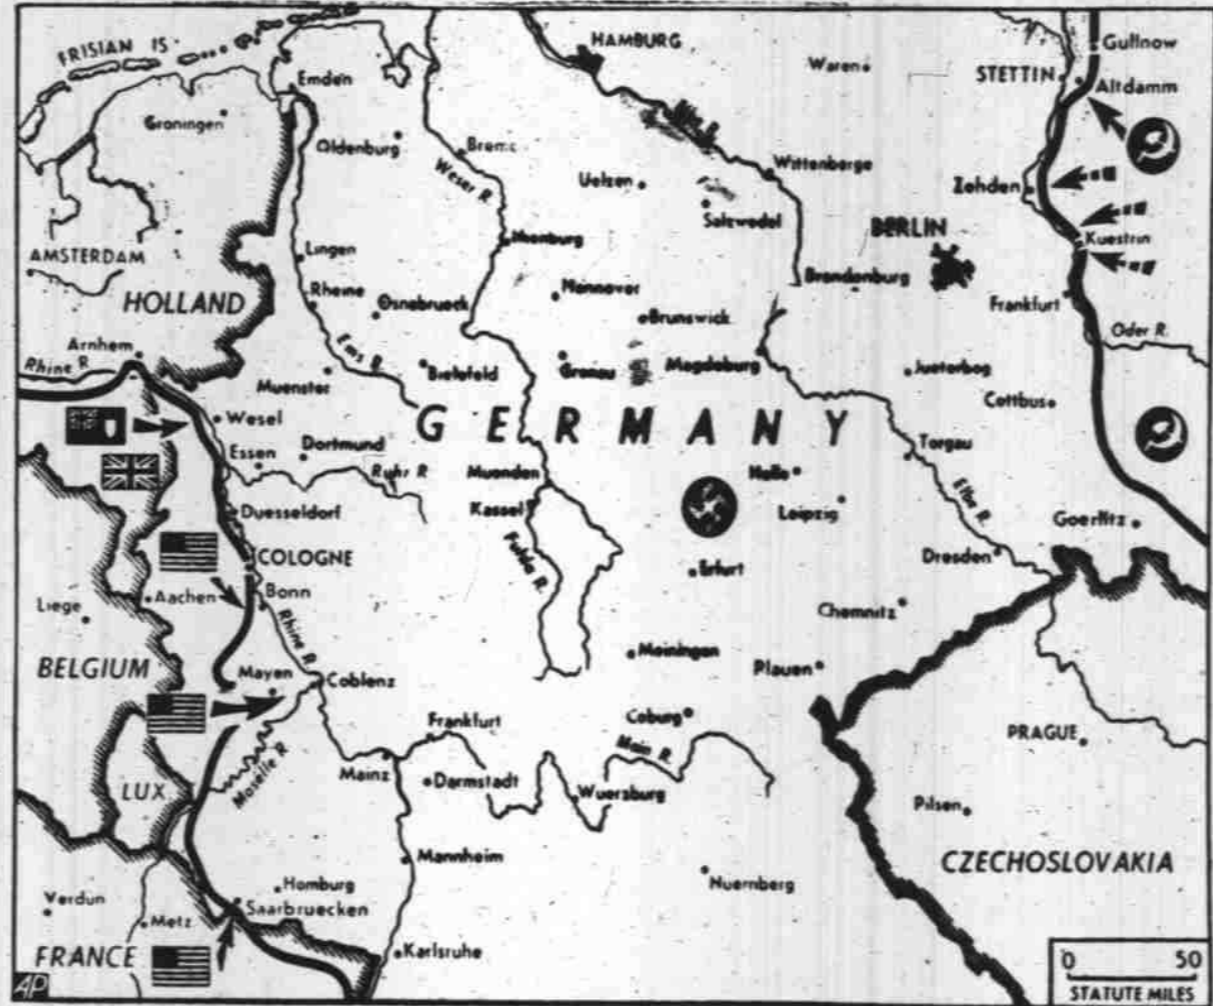

WASHINGTON, March 8 (AP)—Senator Vandenberg (R-Mich.) declared today that the three-power committee meeting in Moscow must set up "a truly representative" Polish coalition government if it is to be supported by the United States.

Vandenberg, a delegate to the April 25 world security conference, gave the senate his "complete approval" of a warning voiced by British Foreign Minister Anthony Eden to the Lublin government against persecution of supporters of the London Exile government.

One of the "acid tests" to be applied to the new Polish government, the Michigan senator told colleagues, would be whether it furnished a home and country to the Polish troops which fought with the Allies at Casino in Italy and are fighting on the European front.

At best, he said, it was a "curious process" for American, British and Russian representatives—with no Poles present—to sit down in Moscow and attempt to constitute a provisional Polish government.

Emphasizing the "dreadful proportions" of the Moscow decisions, the Michigan senator reiterated his demand that agreements made in the stress of war be subjected to "full and fair review" at the peace table.

ALLIED DRIVES SQUEEZE REICH—On the western front American troops had broken through German defenses and advanced within 15 miles of Coblenz and the Rhine river on March 7. In the east Germans said the Red army had opened its big drive on Berlin, pushing on both sides of Kuestrin and toward Zehden. Other Russians drove on Stettin. (AP Wirephoto Map).

## Suicide Charge By Japs Stopped By Yank Tanks

By LEONARD MILLIMAN  
Associated Press War Editor

Tanks pacing the laborious Marine advance on Iwo Island mowed down a bizarre Japanese suicide charge, battlefront dispatches reported today, as British troops stormed into the outskirts of Mandalay, one of the great prizes of the Burma campaign.

With no weapons left to halt the tanks, Nipponese infantrymen charged the armored units carrying explosives mounted on long poles. A "considerable number" of Japanese were killed, the tanks unharmed.

The defenders blew up one of their own ammunition dumps to avoid capture as the Marines seized a strategic hill and drove two 500-yard salients into narrow enemy-held sector.

Philippines-based bombers sank or damaged 18 enemy ships in their heaviest attack on Japan's ragged shipping lines along the Asiatic coast.

Three B-29s today reconnoitered Tokyo, indicating another Superfort raid was in the making on the war-worried enemy capital, while other "snooperforts" scouted the Nagoya and Osaka-Kobe industrial areas.

Japanese broadcasts reported the U. S. Pacific fleet might strike again at any moment against the Japanese homeland. The emperor's high command was said to have completed plans to meet an invasion. The Nipponese parliament was scheduled to reconvene Sunday to cross-examine Premier Gen. Kuniaki Koiso on what he is doing about the worsening war situation.

Gen. Douglas MacArthur's armies in the Philippines reached the southern shores of Luzon island for the first time in their two-month-old invasion. Nine hundred tons of bombs were poured on the enemy's strong Mariquina watershed line, 20 miles east of Manila in the most powerful support of a ground offensive yet seen in the South Pacific.

American-trained Chinese yesterday captured the main town of Lashio, north Burma rail and road junction, after taking the old town the preceding day.

Australian troops expanded their holding on mountainous Bougainville in the Solomons and reportedly invaded Saposa island off the northwest coast. Aussies on New Britain apparently were threatening once formidable Rabaul, for Tokyo radio boasted that the garrison, its ammunition virtually exhausted, would "charge empty-handed and bite the enemy to death."

Tokyo said four B-29s bombed Wake island, but it seemed likely that excited Japanese mistook high-flying Liberators for the larger bombers.

Philippines bombers sank a destroyer and lugger near Hong Kong; destroyed or damaged five freighters off French Indo-China, and ten freighters and a corvette in "continuing the air sterilization of Formosa." Two other cargo ships were bombed north of the Bonin islands where carrier aircraft continued their daily rocket and bombing attacks on enemy garrisons.

The military long ago received orders on what to do about wiping out nazism, disarming and pacifying enemy troops and people, and otherwise routing out enemy militarism. Despite months of discussion, however, no decision has yet been reached on what to do about rebuilding or suppressing German industry and developing a new German economy.

In short, the Allied army commanders know what kind of Germany their governments do not want but they have few if any instructions on what kind of Germany they soon should help to create.

## Two Former Residents Hurt In Plane Crash

Raymond Cone and his wife, Dorothy Vandergriif Cone, former residents of Big Spring, were injured seriously Monday night when the plane which Cone was piloting crashed into a mountain-side near Bakersfield, Calif.

He sustained a broken jaw, hand and severe lacerations and Mrs. Cone sustained fractures to her back. They were obliged to make their way several miles of a farm-house before getting aid and suffered from exposure. Both were reported resting well and out of danger at a Bakersfield hospital.

## NO REDISTRICTING HERE

AUSTIN, March 8 (AP)—By a vote of 75 to 57 the house today killed a bill intended to redistrict house representation in the legislature.

## First Goes Over South Of Cologne

PARIS, March 8 (AP)—The American First army crossed the Rhine south of Cologne last night and secured a firm footing today on the east bank of the great German barrier stream.

Lt. Gen. Courtney H. Hodges poured more and more infantrymen across the river after his sudden and sensational crossing in darkness. The exact location of the bridgehead over the quarter mile-wide river was shrouded by military censorship because the Germans obviously did not know the exact situation.

The crossing started at 4:30 p. m. yesterday. In the hours since then, a steady stream of men and materiel has been pouring onto the eastern bank and moving forward in a drive to get the bridgehead out of range of enemy artillery.

(Cologne is in about the same latitude as Newfoundland, and the days at this season are extremely short.)

During the first 24 hours, there was little artillery or mortar fire on the beachhead, indicating the enemy was in utter confusion when he fled back across the river from the ashes of Cologne before Hodges' hard-driving divisions.

First army infantrymen spanned the quarter-mile-wide river against rather light opposition before the startled Germans could grasp what had happened, AP Correspondent Wes Gallagher said.

The surprise announcement was passed by censors at 5:55 tonight after 24 hours of security blackout—used while events of great importance are shaping.

Other units of the First army captured half of the Rhine University city of Bonn (101,000) and half of nearby Bad Godesberg, where Hitler six years ago humbled the late Neville Chamberlain before Munich.

Lt. Gen. Courtney H. Hodges seized the opportunity of establishing a Rhine bridgehead, and with no delay threw in troops quickly. The Germans were found disorganized after the severe mauling they took in their rout across the Cologne plain.

News of the Rhine crossing swept through the army from division to division and down through the ranks to the privates in the front lines, Correspondent Don Whitehead reported.

It brought grins to their whiskered and grimed faces and cheered everyone in the army.

The German communique said the First army had reached Remagen, only 17 miles from Lt. Gen. George S. Patton's Watch on the Rhine. Five to six German divisions back in the Eifel might be trapped by a joining of the First and Third armies.

Forward positions of the converging armies could not be disclosed through a security blackout, but every indication at supreme headquarters was that a great victory was shaping up.

The Ninth armored division of the First army was declared many hours ago to be over ten miles southwest of Bonn and "well under 25 miles" from the Third army's superb Fourth armored division.

The amazing dash of Lt. Gen. George S. Patton's Third army tanks to the Coblenz area and the Rhine outflanked the Saar industrial district from the north, snapping many of its communications and routes for war materiel. The Seventh army outflanked the Saar on the south and was two miles inside it.

Cologne finally was cleared completely and infantry moved up to the Rhine at places between that devastated city and Bonn. Troops besieging Bonn were almost astride the Rhine road leading south to Coblenz.

Thousands of dejected prisoners were streaming back westward from the 2,500-square-mile pocket in which five to six divisions were caught between the First and Third armies.

## U. S. Paratrooper Hanged For Murder In England; Crowd Hoots At Guards

By BARBARA WACE  
LONDON, March 8 (AP)—Karl Gustav Hulten, 22-year-old American paratrooper, died on the Pentonville prison gallows today while a middle-aged woman, protesting his execution for the holdup-slaying of a London cab driver, was trying to crash the courtyard gates in a garbage truck.

A crowd had to jump fast to avoid injury as the unexpected incident occurred outside the prison. The woman, Mrs. Elsie Van Der Elst, who long has been a vigorous opponent of capital punishment, repeatedly cried:

"You let the girl off, but you hang the man. It's a damned shame!"

She referred to the reprieve granted Hulten's co-defendant, Mrs. Elizabeth Marina Jones, 18-year-old British strip-tease dancer. Home Secretary Herbert Morrison recommended to the king Tuesday

that her sentence be commuted to life imprisonment.

Hulten, whose home was in Cambridge, Mass., and the girl were convicted in an internationally publicized trial at Old Bailey on charges of killing George Edward Heath, a taxicab driver known as the "man with the cleft chin," last Oct. 6.

Hulten, sentenced to death Dec. 23, was the first American soldier to receive such a sentence at the hands of British authorities in wartime.

He was executed at 9:10 a. m. in the presence of a handful of British prison officials and two American officers.

Members of the crowd joined in hooting protests against Morrison's decision to reprieve the dancer and let Hulten die. By 9 a. m. the crowd had grown to more than 200, most of them women, and temper had developed into brilliant hostility.

### Spring District Conference Plans Made By P-T Council

Final plans were made for the Spring district conference that is to be held here April 11th when the Parent-Teacher Council met Wednesday afternoon at the high school. Mrs. J. E. ### Katy Heads Fight For Road Control

KANSAS CITY, March 7 (AP)—Management of the Missouri-Kansas-Texas railroad and a group of its stockholders are engaged in a bitter fight for future control of the road, Katy President Matthew Sloan has revealed.

Letters have been sent to stockholders by Sloan, asking them to oppose proposals of E. N. Claughton, Miami, Fla., to substitute a nine-man board of directors for the present 15-man board which Sloan heads. The matter will come up for a decision at a meeting of the stockholders in St. Louis April 6.

Claughton, who is registered as holder of 11 per cent of the railroad's common stock, the largest individual holdings, is working with a newly-organized Stockholders Protective Committee headed by Marvin Adams of Miami, Fla. The group is said to control some 40 per cent of the common stock of the railroad, and Sloan said Claughton wrote that he believed they would be able to elect three of the five members of the present board up for reelection. Adams said a refinancing program would be sought to put the road on a sound financial basis.

### Houston Hospital To Honor Student

HOUSTON, March 8 (AP)—Helen Rosalie Burmaster, 17, who was a student nurse at Hermann hospital, will be buried this afternoon in the nurse's cap and honor pin which she would have won in two weeks.

Miss Burmaster died yesterday from injuries received in a motorcycle accident Saturday. Hospital officials bestowed the cap and honors posthumously in recognition of her work "because she was one of our finest students," Miss Constance White, director of nurses said.

### High Heel Club To Give Box Supper

Plans were completed for a box supper when the High Heel Slipper Club met in the home of Muriel Floyd Wednesday evening for a business meeting. Miss Floyd, president, presided at the business session.

The box supper is to be Saturday March 10th in the home of Virginia Neel. Committees appointed include a committee to purchase drinks, Doris Morehead, Muriel Floyd, Wilda Watts, and Gypsy Cooper; the advertising committee consists of Millie Balch and Evelyn Arnold. It was voted that one-third of the proceeds shall go to the Red Cross.

The following activities were discussed to be held in the near future: a slumber party, a barbecue, a sunrise breakfast, and a spring dance. No definite dates were decided on.

Refreshments were served to Kathleen Little, Wilda Watts, Evelyn Arnold, Bobbie and Evelyn Green, Mildred Balch, Gypsy Cooper, Doris Morehead, Pat Cochran, Virginia Neel, Jean Murphy and the hostess. The next meeting will be in the home of Wilda Watts.

### Got The Swell Head

ATHENS, Tenn. March 8 (AP)—Little Kris Michael Spradling, 21 months, found he couldn't wear his cake pan and get rid of it, too. The child slipped the removable bottom from the cake pan and then pulled it over his head as a hat. There it stuck until his frantic mother, Mrs. O. R. Spradling and a snipping tinsmith freed him. He was unhurt save for minor scratches.

### Congressional Medal Winner Dies On Iwo

WITH FIFTH MARINE DIVISION, Iwo Jima, Feb. 21 (Delayed) (AP)—Sgt. John Baslione, first enlisted Marine to win the Congressional Medal in this war, was killed by Japanese artillery fire on the beach on the first day of the battle for Iwo.

Baslione, 27-year-old hero of Guadalcanal from Raritan, N. J., was leading his machine gun platoon through a heavy artillery barrage when he was felled on the black sands. He and several of his men were caught by the Japanese fire soon after they hit the beach in the opening assault.

Although Baslione could have stayed in the United States after the Guadalcanal campaign, he had volunteered for another tour of overseas duty which ended in his death. Men of his platoon praised his aggressive courage.

### Glenway Joyce Given Life Sentence In Pen

AMARILLO, March 8 (AP)—Glenway Joyce, 34, Texas convict who escaped from the Retriever prison farm while serving a 40-year sentence, was given a life sentence here yesterday on a charge of robbery by assault. Criminal District Court Judge Henry S. Bishop passed the sentence.

Joyce slugged a guard at the prison farm near Houston Jan. 12 to escape and later was caught in Cimarron county, Okla. The life sentence was given in connection with charges of robbing and kidnapping two grocery clerks at Amarillo Jan. 27.

Joyce also was sentenced to serve two concurrent 40-year sentences given by the district court at Stinnett Tuesday, where he was tried on charges of robbery in Borger the night of Feb. 3.

SHERMAN, March 8 (AP)—A Perrin Field instructor and aviation cadet were killed yesterday when their trainer plane crashed and burned near Bennington, Okla., during a routine training flight. The dead are 1st Lt. William J. Saxman, 24, of Verona, Pa., and Cadet Robert W. Hartman of Denver, Colo.

# Few Of Us Understand About Money

By JAMES MARLOW  
WASHINGTON, March 8 (AP)—We work for money. We live by it. But few of us understand it. We get headachy thinking about it. We leave it to the experts. For that reason in the days ahead most of us probably will skip over, as it unfolds, one of the most important stories of money ever told. It involves the Bretton Woods agreement. Congress is starting to work on it. The agreement was worked out last summer by this country and 43 others. It would set up an international bank and a fund. In general, without going into details, the bank and the fund are intended to:

Help nations, with the approval of other nations, borrow money they need; and help get international trade on some kind of sound basis for the first time in history. The 44 nations would throw their share of money into the bank and the fund to make the plan work. After the agreement was decided upon the delegates of the 44 countries had to go back to their governments for approval. The house banking committee has begun hearings on the agreement. Identical bills have been placed before the house and senate. The whole congress will have to approve before this country participates in the agreement.

Treasury Secretary Morgenthau and his experts have toiled hard on this. Morgenthau yesterday told the committee fast action is needed so this country can take the lead in world collaboration. He said it would be worth-while putting the agreement into actual practice if for no other reasons than these two above all others:

1. If small nations can get on their feet by borrowing from the bank they won't have to go to some single nation which might force them to make political and economic deals inimical to other nations.
2. Russia has agreed, for the first time since the communists took over the government, to make public all its vital statistics like production, gold reserves and so on if the agreement becomes an actuality.

Morgenthau seemed worried that congress might make some changes in the agreement as it stands for this reason: Other nations then would want to make changes. This might wreck the agreement or mean another conference of the 44 nations months from now, if ever. It is by no means certain the agreement will go through untouched. The American Bankers association approves the bank but not the fund as written.

## Sugar Allotment Enough For Year

By RHEBA MERLE BOYLES  
Home Dem. Agent  
We're going to have less sugar for canning this year, but no one should suffer if homemakers use wisely what they get. The 20-pound maximum allotment of canning sugar per person is plenty to meet the conservation needs for one year, according to standards of the Texas A. & M. College extension service.

Ordinarily 22 quarts of canned fruit per person is enough to place on the pantry shelves. By good management and using some sugar substitutes in canning, many families can also satisfy that "sweet taste" with seven pints of preserves, jellies, or jams for every person in the family.

If you're not familiar with the OPA's recent announcement about sugar for home canning, here are some of the 1945 provisions.

No ration stamps in Book No. 4 will be good for canning sugar this year. You'll have to apply directly to your own rationing board later on this spring.

You don't get that 20 pounds automatically. The amount you get is based on what you can expect to can. For canning fruits and fruit juices you'll get one pound of sugar for each four quarts to be canned. That allowance can't exceed 20 pounds per person or over 160 pounds to a single family.

Only five pounds of each person's allowance are to be used for making jams, relishes and similar foods which aren't considered so important in the balanced diet.

If you sell home-canned food, you will be allowed no more sugar than you used for this purpose in 1944, the OPA says.

Persons interested in stretching their sugar allowances for home canning may get some helpful material from their county home demonstration agent's office. You own local ration board will announce when applications can be filed and how to apply by mail.

## You Can Look For A Good House, But Not A Post-War Miracle

What will post-war homes be like? Well, of course no one knows exactly, but we shouldn't expect a "miracle house." Few people could afford such houses, anyway.

But here's the type of house builders say they can offer... and you can expect... allowing for personal preferences, of course. One story houses are expected to stay popular, and since many types are on the rambling order, people will probably buy larger lots. Your kitchen will be more efficient, have more work surfaces and storage space. Folks who can afford them, probably will provide for dining space in the kitchen and a ventilating fan. In the bathroom, too, you can expect more built-in fixtures and storage space. Showers have gained in popularity and most new

homes will include them as standard fixtures. Many houses will have two bathrooms... at least one and a half, experts in the building trade say. Dining rooms are expected to be smaller... or else disappear and become part of the living room space. Your living room will depend on how much you can spend, but you can count on more windows. The same applies to the bedroom. This room may be smaller, but it will offer more storage space.

3—Italian Front: 544 miles (from Reno river).

If we have all the electrical gadgets the manufacturers promise, likely the wiring in your post-war house will have to be much heavier than you now have. And you'd better allow for enough convenient outlets for appliances. Folks with plenty to spend can enjoy all-year air conditioning, but the rest of us will have to do some smart planning to catch the cool breezes in summer and to take advantage of winter sunshine.

## NYU In Position Of Deciding To Offers

NEW YORK, March 8 (AP)—New York University appeared to be in the enviable position of having its choice between the national invitational basketball tournament and the NCAA competition today after disposing of CCNY by a lopsided 75-48 margin.

St. John's, a definite invitational starter to defend its title, warmed up for post-season play by smothering St. Francis, 69-35, in the other half of last night's twin bill at Madison Square Garden.

## REWARD COLLECTED

PORTLAND, Ore., March 8 (AP)—A woman picked up a lost wallet on the floor of a bank and approached a clerk. Hesitating before handing it to the clerk, she

took out a \$1 bill, and explained, "this is for the reward."  
The United States, with only 5 percent of the world's area, has nearly one-third of the world's railroad mileage.

## Thirteen Soldiers Rescued In Flood

COTTON PLANT, Ark., March 8 (AP)—Thirteen soldiers on flood duty were rescued early today after their assault craft capsized in the swift currents of the White river but between 12 and 17 others were still listed as missing.

Lifejackets had been issued the troops, assigned to the emergency repair of levees, and rescue parties hoped to find others clinging to trees. The condition of the rescued was described as "good." They were rescued within three hours after the mishap.

Information from the scene was confined to terse radio reports. The official report said merely a "boat transporting troops across the river at and near Week's Landing capsized, dumping 25 or 30 men into the river."

The soldiers were among the 2,000 ordered into Woodruff, Prairie and Monroe counties where the White river threatened to break through and flood 100,000 acres of good farmland. The levee emergency accounted for their being transported across the 40-foot deep waters at night.

The army declined to identify the battalion to which the men were assigned. Arkansas state police were called upon for respirators and the nearby "Stuttgart army air field sent eight ambulances."

### Lt. H. N. Yeaden Missing In Italy

Mrs. Colleen Yeaden, Forsan, has been informed by the war department that her husband, Lt. Hubert N. Yeaden, 23, has been missing in action over Italy since Feb. 22.

Lt. Yeaden, a B-24 pilot, was a squadron leader assigned to the 15th Air Force and was based in Italy.

Receiving his wings at Forster Field in September of 1942, he was stationed at Goodfellow Field in San Angelo as an instructor until March, 1944, when he was assigned for transition training at Fort Worth. After advanced training at March Field and Riverside, Calif., he was shipped to Italy. He had just returned from a rest camp on the Isle of Capri when he went on the mission from which he did not return, Mrs. Yeaden learned from recent letters.

Lt. Yeaden, a former resident of Island, Ky., was married to Colleen Moore at San Angelo in November of 1942 and she and their year-and-a-half old daughter, Katherine Bonnell, reside with her parents, Mr. and Mrs. J. P. Kubeka at Forsan.

### Divorce Petitions Heard In 70th Court

Four divorce petitions were heard by Judge Cecil Collings in 70th district court Wednesday.

Lola Harris was granted a divorce from M. J. Harris and had her maiden name of Lester restored; Mollie Grant was granted an annulment of her marriage to Sam H. Grant; Dorothy Woffard was granted a divorce from Woodie Woffard and restored her maiden name of Berry; and Gene Hamilton was granted a divorce from Marvin L. Hamilton and maiden name of Tingle restored.

Winchester, Va., in the Shenandoah valley was taken and retaken 72 times in the war between the states.

### BIG DELICIOUS 8-SERVING MEAT LOAF—ONLY 5 POINTS!

When it comes right down to it, the one great standby point "stretcher" is a big, tender, tasty meat loaf. And this oatmeal meat loaf shrinks less in cooking than other types of meat.

That's why it is particularly timely to find a recipe that not only makes red points go farther but is unusually delicious and nutritious.

This meat loaf uses only 1 1/2 pounds of meat—5 red points as we go to press—yet it yields 8 generous servings!

It is unusually nutritious because the "stretcher" is oatmeal, richest of all the cereals in the main element of meat, protein. So, by using oatmeal, you actually reinforce the family's supply of this element so vital for normal growth and stamina.

That's a comforting thought—but the main reason you'll like this loaf is because it is so good. The nut-like whole-grain flavor adds a lot to the taste, and the oatmeal helps make a loaf of good, firm texture. And it's so easy to use rolled oats right from the package.

Use the basic recipe, or your family may like one of the variations suggested below.

**BASIC MEAT LOAF RECIPE**  
(8 servings)

1 1/2 pounds ground beef chuck	2 1/2 teaspoons salt
3/4 pound ground pork	1/4 teaspoon pepper
1/2 cup onion, cut fine	1 teaspoon prepared mustard
1 cup rolled oats (quick or regular type, uncooked)	1 beaten egg
	1 cup milk or water

**METHOD:** Combine all ingredients thoroughly and pack firmly into a loaf pan. Bake in a moderate oven (375° F.) for 1 hour.

**VARIATIONS:** All beef may be used. Add another 1/4 cup onion and 1/4 cup coarsely chopped green pepper; or 1/2 cup catsup; or 1 tablespoon Worcestershire Sauce; or a dash of poultry seasoning, thyme, savory or sage.

### Howard Co. Lambs To Be Exhibited In Ft. Worth Stock Show

Four Howard county 4-H lambs will be entered in the Southwestern Fat Stock exposition at Fort Worth, it was announced Wednesday.

Included are: The lamb which won first place in the Howard county show and sixth place in the heavy mutton division at San Angelo as shown by Alfred Thieme, Jr.; Wayne White's lamb which won fifth place in the light weight division at San Angelo and D. C. Bedell's lamb, which placed next in the same division; and first place Delane lamb by Frank Thieme.

Among those accompanying the boys will be County Agent Durward Luter, Ebb Echols, Ralph White and Donald Lay of Coahoma and R. J. Echols and Ray Echols, Coahoma club boys. The group is to leave Friday. Judging is Saturday afternoon.

**GUNNERY INSTRUCTOR**  
T/Sgt. Frank Barton was graduated last week from the army air forces central instructor's school at Laredo Army Air Field. He will now become an instructor at one of the seven aerial gunnery schools. His wife, Kathryn A. Barton, resides in Big Spring.

# Schoolboy Cage Tourney Opens

By HAROLD V. RATLIFF

AUSTIN, March 8 (AP)—The first of 24 teams here for the twenty-fifth annual Texas schoolboy basketball tournament moved out today in an opening round devoted to the class B division.

Mt. Enterprise from East Texas clashed with Sugarland of the deep south in the opening battle and won 34-26, and Ingleside, another South Texas quintet, was tangling with McCamey of West Texas.

Class A teams start play in the afternoon and continue through the night.

The class AA division—blue ribbon feature of the tournament—does not swing into action until tomorrow afternoon.

Championships in each division are being determined by eight teams—bi-district champions from class AA and regional titlists from the other classes.

Around 250 boys are here for the tournament in which Milby (Houston), a 30-game winner, is favored to take the class AA crown, with Paschal (Fort Worth), which has lost only once, as the chief threat and Greenville rated a darkhorse.

Class A appeared a wide-open scramble. The defending champion, Nocona, is back but does not boast a team as strong as 1944. Quitman, conqueror of Mt. Vernon, last year runner-up, and Sidney Lanier of San Antonio, which has met defeat just once, were the probable favorites.

The tall boys from Prairie Lea, unbeaten and practically unworried and rated as strong as most of the class AA and class A teams, were overwhelming picks to repeat with the title of class B.

# Sliding Down The Sports Chute

with BILL

Things are rolling along very well this week concerning all phases of Big Spring athletics. This takes in track, tennis, and the coming kite contest, and perhaps another move may come up for some special attention before many days go by. More of that later in the week.

The kite contest took a big jump in entries yesterday with yours truly receiving North Ward's list, Miss Arah Phillips bringing her list down, and Central Ward expected to come through in the very near future.

In speaking of Central Ward I would like to give recognition to Mrs. Parks for the work she has done in promoting our contest. She ran off a complete list of rules and regulations and sent to each of the teachers there, to be read to the students in each room. It certainly proved a great aid to our drive to get all the youngsters in this carnival.

Also I might say the same for Miss Phillips who has been the "big push" in the campaign. She has worked tirelessly and effectually and it has been invaluable in getting the job done.

There seems to be some misunderstanding about one rule of the carnival. No boy will be allowed to enter but one kite in any one division. However, he may enter this same kite in as many divisions as he wishes, and the fighter contest is open to all... but with only one kite per entry.

Garden City, Forsan, Coahoma and Knott representatives met in the local high school Tuesday evening to organize their Class B league for the coming track and field, softball, and interscholastic league events.

These representatives chose Garden City for the site of the coming meet with the date set on April 7. A full day of activities is predicted at this meet, and some good Class B competition is promised.

The local junior high is eligible to enter, but according to Walter Reed, principal of the local schools, it has been decided to pass this until better organization is reached in the system here. That will come later, but is coming... we certainly need to train those junior high students... while they are still in junior high.

The track team has a full schedule of events facing it. The local relays, sponsored by the Big Spring Athletic Association for the benefit of the new track fund, are to come off March 24. April 7, two weeks later, the local thin-clads will journey to Odessa for that meet and the district meet falls April 14 in Midland.

So that you have the coming events on the athletic calendar here. (And immediately after the district track meet comes spring football and "knob-knocking time" will be back for 30 days before school ends.)  
Think it over...

## Whit Wyatt Willing To Play—In South

ATLANTA, March 8 (AP)—Whit Wyatt is willing to do a bit of mound work for the Brooklyn Dodgers this year if he can train in the south.

Wyatt's ailing arm for two years now hasn't permitted him even to approach the effectiveness he enjoyed with the Dodgers from 1940 through 1942, and he feels that spring training at Bear Mountain, N. Y., "will hurt my arm again this year."

He said if he couldn't make some arrangement to "work out in the warm sunshine" he'd stay on his Georgia farm.

## Charity Golf Match Slated For April 8

LOS ANGELES, March 7 (AP)—A charity golf match between Betty Jameson of Texas, and Mrs. Mildred (Babe) Didrikson Zaharias of Los Angeles, will be played here April 8, Olin Dutra, president of the Southern California PGA, announced tonight.

The match will be over 36 holes. A rematch is to be played at Houston at a date to be announced later.

# Bill Before Legislature Giving Game Commission Regulating Right

AUSTIN, March 8 (AP)—A bill giving the game, fish and oyster commission broad powers in regulating the control of wildlife in Texas was before the 49th legislature today.

It was the second revolutionary proposal dealing with game and fish to come before the current session. The first, abolishing closed seasons on game fish and otherwise greatly relaxing regulations in regard to angling, met little opposition and is now in effect.

It was not considered likely the bill offered yesterday in the senate by Howard Carney of Atlanta would have such smooth sailing. Its net effect would be to take away from the legislature and vest

in the game commission, regulatory powers now held by the lawmakers.

The Carney bill authorizes the commission to make a continuous study of the supply and factors bearing on the increase of game birds, furbearing and game animals and fresh water fish. Then, on the basis of its findings in this research, it could determine when any species is being reduced unduly through hunting and fishing.

The commission, and not the legislature, would be empowered to prescribe the number to be taken as well as the sex and size. The bill would repeal all general and special laws insofar as they control open seasons, bag and possession limits, means and methods of taking.

# Big Name Athletes Set Up For Tests To Find Truth About "Athlete's Heart"

PHILADELPHIA, March 8 (AP)—Big-name athletes and hundreds of athletic fry were signed up as guinea pigs today in a medical research project to determine whether there is any such thing as an "athlete's heart."

Marine Lt. Patty Berg, golf champion, and Marine Lt. Helen Marlowe, tennis star, were among

a group of football, baseball, boxing and rowing figures who agreed to submit to exhaustive physical examinations to help answer the old and oft-debated puzzle of whether sports are harmful to contestants' hearts.

It will be five or six years, said project director Dr. Joseph Wolfe, before enough data has been amassed to justify a conclusion.

# Top Professional Golfers Attempt Team Competition In Tourney Today

MIAMI, Fla., March 8 (AP)—The nomadic golf professionals, who have fought it out on an every-man-for-himself basis down the

long trail of medal play tournaments, tried their hands at team competition today for the first time this winter.

# Arkansas Heads Vote Bill To Aid Grid Standing

LITTLE ROCK, Ark., March 8 (AP)—Frankly designed "to put Arkansas football teams on the map," a bill was passed by the Arkansas legislature today, authorizing a top annual salary of \$12,500 for the state university's head grid coach.

Rep. J. L. Erwin captain of the 1932 Arkansas eleven steered the measure to 53-33 passage, citing the University of Texas and Tulsa University as examples for Arkansas to build a winning team by keeping a top-notch coach.

The opposition had protested that the salary would be higher than that paid the university president or the governor and insisted that subsidization of athletics would be better.

# Jack Sharkey Says Dempsey Better Than "Bomber"

BOSTON, March 8 (AP)—After being silent for more than eight years as boxing's most heated argument became more so, Jack Sharkey, Boston's former heavy-weight titlist has settled it by publicly stating that Jack Dempsey was a much more effective puncher than Joe Louis, the current titlist.

Sharkey is considered somewhat an authority, being the only one who fought them both.

Ignoring Dempsey's recent omission of himself from the former's "best 10" opponents, Sharkey placed the Old Manassa Mauler first on his own first 10 list and Louis seventh.

# Chicago Cubs Open Training Minus Team

FRENCH LICK, Ind., March 8 (AP)—Manager Charlie Grimm of the Chicago Cubs didn't have enough players to field a team today as the club's spring training drills formally opened.

Only a half dozen of the 16 players scheduled to come here from Chicago made the trip. The arrivals included five rookies. Among the missing was Phil Cavaretta, veteran first baseman and captain, who was due to leave with the first group from Chicago last night. Grimm hopes most of his pitchers will be in camp within a few days and all 37 on the club's roster within a couple of weeks.

# New York's Three Ball Clubs To Play Benefit Matches

NEW YORK, March 8 (AP)—Greater New York's three major league baseball clubs announced plans today for a three-game round robin series to be played for the benefit of the Red Cross 1945 war fund.

Two of the contests will be held before the season opening, the New York Giants vs. the Brooklyn Dodgers at Ebbets Field, April 11, and the New York Yankees vs. the Dodgers at Yankee stadium, April 12.

Taking advantage of the July schedule break for the now-cancelled all-star game, the Yankees and Giants will meet at the Polo Grounds July 9 and arrangements have been made to play off the series in that period if any of the earlier games are rained out.

All receipts will go to the Red Cross as the three clubs will pay all expenses.

# Girls High School Cage Tourney To Open At Hillsboro

HILLSBORO, March 8 (AP)—The opening round of the sixth annual Texas state high school girls' basketball championship tournament begins tonight with sixteen teams on hand.

Heavy favorites to wrest the crown from defending champion Aquilla are China's Clippers who have won 97 straight games. Others in the tournament are Follett, Lott, Union, Jonesboro, Friona, Hermleigh, Novice, Bloomington, Comfort, La Poyner, Whitharral, Mesquite, Aledo and Avinger.

Play will be moved to Hillsboro Friday and Saturday. Finals are Saturday night.

Past champions have been Gatesville, Wayside, Ennis, Borger and Aquilla.

# Other Clubs Relax At Home While Senators Figure Out Batting Order

WASHINGTON, March 8 (AP)—While other clubs still are relaxing at home, Clark Griffith already is figuring out the batting order for his Washington Senators this season.

As his squad, first in the majors to begin spring training, limbers up at Maryland University, the 75-year-old owner bundles himself up in heavy clothing, rubbers, muffler and jots down:

George Case, lf., .249; George Myatt, ss., .286; George Binks, rf., .374; Stan Spence, cf., .313; Fred Vaughn, 2b., .257; Harland Clift, 3b., .157; Joe Kuhel, 1b., .278; Mike Guerra, c., .281; Dutch Leonard, p., .228.

"That lineup will give us more speed on the bases and more punch at the plate than we had at any time last year," Griffith assures himself.

The customary number of "ifs" go into his calculations:

If Case's shoulder, which frequently came out of place last summer, mends satisfactorily. It was operated on this winter.

If Binks, a .374 hitter from Milwaukee, hits major league pitching as well as he did American association hurling.

If Spence, classified 1-A, isn't drafted shortly.

If Clift, a long-ball hitter in his best days, can regain his one-time

TEXAN COMMISSIONED WITH THE U.S. FORCES IN FRANCE, March 8 (AP)—Mark Barron, son of Mr. and Mrs. H. A. Barron of 810 South 16th St., Waco, Tex., has been commissioned a second lieutenant in the army. It was announced yesterday.

# Boyd Kelley Is New Manager Of Radio Station

A radio man of some six years experience, Boyd Kelley has assumed the management of KBST today, coming to this station from KFJZ and the Texas State Network in Fort Worth.

Kelley, 31 years old, will not be a newcomer to this job nor to West Texas. He has managed two other radio stations during the past, formerly heading the KLRH staff in Midland, and WBBZ in Ponca City, Okla.

The announcement of the new manager was made Wednesday. William R. Dawes, at present assistant manager, will continue in this capacity.

Kelley's parents now reside in Ruie, while his wife and one child are in Midland with friends. Kelley plans to move his family to this city as soon as he can find living quarters.

The young, jovial manager was born in Locke City, and attended high school at Rochester, where he graduated. He received his college education at McMurry in Abilene, and North Texas State Teachers College of Denon, where he received his bachelor's degree. Later Kelley did graduate work at the University of Texas.

Kelley was a program director of KFJZ for two years, and has been handling a daily news cast for the same period of time over the state network, of which KBST is a member.

The new manager stated that the continuance of his mike work was as yet unsettled, but that in any event he would handle no more than one such program daily.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, March 8 (AP)—Arthur Donovan, the fight referee, was explaining his theories on judging fights to the members of the New York Boxing Writers' association, who have been somewhat confused by Commissioner Egan's efforts to find a more satisfactory system. . . . Arthur generally referred to the boxers as "this fellow" and "that fellow" and the conclusion of each episode was: "Naturally there was a hellaboo so they threw that rule out the window." . . . But at the end he left the impression that he prefers the present system of counting rounds won and lost to any point system—providing the judge has the option of awarding the decision to a fighter who is clearly superior even though he won fewer rounds; that he figures aggressiveness, if effective, is very important and a knockdown "is something." . . . The referee summed it all up in one question that no one could answer: "So, what system are you going to have outside of what has remained from all those systems that didn't hold up? If they'd been any good, they would have held up."

**Not quite clear—**  
About that time a late arrival, Henry Armstrong, was called upon for a few words before his departure for an overseas USO tour, along with Keny Washington and other noted negro athletes. . . . Hank remarked, "I've had some bad decisions against me, like that one against Chester Slider out in Oakland where I beat him every round, broke his leg, and still lost the decision. I've often wondered how those things were scored." . . . That broke up the meeting.

**Shorts and shells—**  
Bill Voiselle, who won 21 games for the Giants last season, tips opposing batters that it'll be murder if they try to hunt against him this year. . . . Bill has been drilling all winter at Ninety Six, S. C., fielding bunts tapped out by his wife and he lost eight of his 228 pounds in one workout, chasing balls that got away from him down a half-mile hillside. . . . What Manager Mel Ott probably would like to know is: can Mrs. V. hit a curve and go to her left for a grounder.

**Mack's Best Pitcher Now Biggest Hold-Out**  
PHILADELPHIA, March 8 (AP)—Connie Mack's leading pitcher, Russ Christopher, became his leading holdout today. The Athletics towering right-hander doesn't like the money Connie offered and hasn't returned his contract, Acting Manager Earl Mack said.

**SHORTAGE OF THAT KIND?**  
LEWISTON, Idaho, March 8 (AP)—Accompanying a full-length picture of a thinly-clad bathing beauty in the Lewiston Morning Tribune was this advertised plea: "Skilled frame and body repair men wanted."

## Errol Flynn May Be Sued By Wife

LOS ANGELES, March 8 (AP)—The Los Angeles Examiner said today it had learned that 18-year-old Nora Eddington Flynn will sue film actor Errol Flynn for divorce on allegations of mental cruelty and incompatibility.

"Mrs. Flynn has told friends that she will not seek alimony nor any financial settlement from Flynn, but will ask only for adequate support for their child," said the Examiner. "She is expected to leave Mexico City by plane for Los Angeles within the next two weeks."

The Examiner said friends of the girl learned she had decided to ask for a divorce shortly after her baby was born in Mexico City, Jan. 10; that Flynn sought to persuade her from taking any immediate action.

Flynn and Miss Eddington were married secretly at sea in Mexican waters on a yacht chartered by the actor but first news of the ceremony came Jan. 30 when the birth of a baby girl, Deidri, was announced in Mexico City. Flynn evaded direct answers to questions about the marriage for several days, then announced in New York that she was his wife.

## Service Casualty Lists Now 823,632

WASHINGTON, March 8 (AP)—Army and Navy combat casualties since the beginning of the war reached a total of 823,632, the two services disclosed today.

Secretary of War Stimson reported Army casualties of 732,922 on the basis of individual names compiled in Washington through February 28. The latest Navy casualty figure is 90,710.

The overall total represents an increase of 10,600 over last week's figure. The Army accounted for all except 373 of the rise.

A breakdown on Army casualties and corresponding figures for last week:

Killed 142,285 and 140,366; wounded 438,734 and 430,757; prisoners 60,666 and 60,535; missing 91,237 and 91,637. Stimson said that 221,155 of the wounded, or more than half, returned to duty.

A similar breakdown for the Navy:

Killed 34,513 and 34,283; wounded 41,209 and 40,904; prisoners 4,317 and 4,476; missing 10,671 and 10,674.

**TEXAN TO PLAY FOR SEALS**  
SAN FRANCISCO, March 8 (AP)—Malone Sanders, now in Corsicana, Tex., has accepted terms with the San Francisco Seals and will leave soon for the training camp, the Seals' management reported yesterday. Sanders, a first baseman, was acquired from the New York Giants in the deal for Pitcher Ray Harrell.

**HIGHLAND PARK GIRLS WIN**  
DALLAS, March 8 (AP)—The annual high school girls' invitation basketball tournament sponsored by Psi Kappa Gamma of SMU was won last night by the Highland Park Lassies, who defeated the defending champion, Point, 38 to 27.

## Benno Rabinof And Sylvia Smith Score Hit With Local Audience

Benno Rabinof, violinist, and Sylvia Smith, pianist, certainly helped the cause of good music in Big Spring Wednesday evening, scoring a popular triumph before a crowd of several hundred people at the municipal auditorium.

Their concert was unusually well balanced and Miss Smith proved an artist in her own right quite as much as the virtuoso. Not only did she delight with her own solo selections, but her magic as an accompanist certainly took nothing from Mr. Rabinof's efforts.

The violinist substituted freely—and to the pleasure of the audience—in the first portion of his offerings. He was particularly convincing in his opening two numbers, for Vieuxtemps' Rondino afforded him excellent opportunity to demonstrate his technical skill quite as well as unlimited mastery in both extremes of the register. On the other hand, his interpretation of Schubert's Ave Maria showed his capabilities for rich tonal quality. From Paganini he played

garian Rhapsody, No. 2 had gone but a few bars until the listeners could feel Liszt. Incidentally, Miss Smith had a tumultuous reception for the Rhapsody. She had every assurance at the keyboard of an artist who knows she can command, even at gentle touch, maximum from the grand piano. Either Mr. Rabinof or Miss Smith would be a concert delight by themselves. —JP.

The tallest smokestack in the world—585 feet high—is located in Anaconda, Mont.

First Lieut. Cecil B. Bowles, 22, of Big Spring has arrived at Army Air Forces redistribution station No. 2 in Miami Beach for reassignment following overseas duty. Lt. Bowles has returned from the Asiatic-Pacific theater of operations, where he was a finance officer attached to the air forces. He is the son of Mrs. Viola Bowles and his wife, Dorothy, lives at Fort Wayne, Ind.

**From where I sit... by Joe Marsh**

**Definition of a Great Man**

At Bill Webster's the other evening, we were kidding Bill about his children always saying that their pop's "a great man."

"Well, the kids are right," chuckles Bill. "Everybody in America's a great man. You just can't be part of greatness and not share in it."

In America (argues Bill) things that used to belong only to the great are common property; a share in government through the right to vote; individual liberties guaranteed by constitution; freedom to speak

one's mind; to work at what one pleases; to choose what one likes to eat or drink... whether beer or buttermilk.

But from where I sit, there's one important point to add... to make Bill's definition ring true. We must be worthy of this greatness. We must have the humility to appreciate these blessings... never abuse them with intolerance, intemperance, or indifference.

Costly Fire Hits

San Antonio Firm

SAN ANTONIO, March 8 (AP)—A spectacular fire, one of the most costly in the history of this city, destroyed a huge warehouse in the rear of 1333 South Flores street early today causing a property loss in excess of \$175,000 and, for a time, threatened to spread to a nearby lumber company where about \$75,000 worth of lumber is stored.
Critical farm and road machinery and equipment, including more than 25 tractors, quantities of cream separators, cotton dusting equipment, milking machinery and tools owned by the Bull-Stewart Equipment company and valued at \$125,000 were destroyed, according to Ray Jensen, service manager of the company. The Bull-Stewart company used half of the warehouse for storage purposes and the Southern Pecan Shelling company the other half to store pecans and cartons. Officials of the pecan company estimated their loss at \$25,000.

The warehouse itself, owned by Mrs. Annie May White of Temple, was valued at approximately \$25,000, according to Roy Campbell, president of the Campbell Lumber company, who managed the property for Mrs. White. The fire was discovered by Herman Wolff, an employee of the Campbell Lumber company, when he was awakened at 5:45 a. m. by the barking of his dog "Spot." Immediately upon his arrival at the scene Assistant Fire Chief Butler turned in a second alarm and six additional companies

Houston CIO Group

Fights Work Bill

HOUSTON, March 8 (AP)—The Houston branch of the National Maritime Union (CIO) has gone on record as opposing the "right to work" legislation now pending in the Texas legislature, it was announced by C. Harmon, NMU agent yesterday.
In a resolution the maritime workers described the bills as "designed primarily to create confusion, strikes, lockouts, set industry against labor, and promote a situation that will make it impossible for the entire state of Texas to unite for producing the materials of war."

The resolution also stated that "an un-American organization called the Christian American association" was behind the bills and called upon all the people of Texas to "unite in defeating this Hitler-inspired legislation."
At the same time, the union adopted a resolution condemning the threatened strike by John L. Lewis' coal miners, according to Harmon.
Butter first was made in commercial quantities in the United States in 1836 in Orange county, New York.

**Post Graduates Hear Hamer Tell Of Experiences**

Graduates of Class 45-3B at the Big Spring Bombardier School heard Lt. Redick Hamer of Trenton, Mich., holder of the Distinguished Flying Cross and the Air Medal with three oak leaf clusters recall incidents of his graduation, phase training and combat experience at exercises this morning in the post theatre.

"Let's see, now. I shake the colonel's wings and take his hand x x and now I x x on well, I'll watch the others and see what they do," was his decision during the confusion just before the ed u ehe. w fusion just before he walked across the stage to receive his wings almost two years ago at Victorville, California.

"These are my wings," he thought, and in comparison they did not look like the others at all. "Mine looked like this," he confessed producing a giant size pair of cardboard wings and hanging them across his chest.

His wings began to shrink shortly afterwards in his first phase of combat training and continued to grow smaller until on one of his first combat missions, he realized he was only one member of one crew of the entire air force, and they were all trained to do a job. At that stage his wings were reduced to normal size.

Lt. Col. Gerald F. Keeling awarded the silver wings, and Lt. J. H. Meadows of Inkster, Mich., responded for the graduation class. Award winners were F-O Ernest Wong, of Watsonville, Calif., best athlete; Lt. Ralph A. Murphy, Friendsville, Md., outstanding academic student; Lt. Rudolph L. Meyer, Jersey City, N. J., best bombardier; and Lt. Meadows, best soldier.

Among the graduates were a number of Frenchmen and nine Texans, including F-O Charles R. Kelly of Midland.

**Boy Scout First Aid Dates Fixed**

April 1 was set as the date for the Boy Scout first aid contests for the Big Spring district, it was decided and the commissioners and Scoutmasters meeting Wednesday night. Further plans were made for the annual Round Up, and scoutmasters were urged to have their boys start preparation, and to try to have every boy in every troop participate.

The next monthly camp was scheduled for March 30 and 31, with Sgt. George Miller made responsible for the camp fire program.

Scouting leaders decided that in the future the Court of Honor will be held on Tuesdays at 8 p. m., regardless of conflict.

Scouters present were George Melear, district commissioner; Elara Phillips, neighborhood commissioner; D. M. McKinney, cubbing commissioner; scoutmasters and assistant scoutmasters, Sgt. W. D. Berry, Sgt. Stanley Peruffoy, W. L. Berry, Perry Johnson, Arnold Seydler, Fred Seller.

**Conservation Plans Approved**

Supervisors of the Martin-Howard Soil Conservation district Tuesday approved nine applications for assistance on 5,588 acres and passed conservation plans for nine farms and one ranch embracing 7,384 acres.

Included in the list were the Womer Robinson, Virgil Little and W. H. Yater farms and the R. L. Powell ranch in Howard county, reported J. H. Taylor, district conservationist. N. M. Smith's application for assistance was approved.

The board made plans for distribution of 1,960 pounds of perennial sudan grass seed to district cooperators. Last year a small amount was issued for seed purposes with the stipulation that 80 per cent would come back to the board for redistribution. While some may be used in field work, it also will be sown on areas to test sodding possibilities.

**Red Cross Heads To Home Stretch**

The Red Cross roll call was heading for the short rows Thursday, Henry D. Norris, war fund roll call chairman, reported.

On hand was \$20,036 of a \$22,900 quota. This included a pretty hefty lick of \$1,375 from the civilian employees of the Big Spring Bombardier School, with still more to come from this source.

Norris appealed for workers to clean up their contact lists and report as quickly as possible. This will insure that the chapter's obligations will be met.

"We are determined to co-ordinate our drive by Saturday," said Norris. In addition to those in Big Spring who are still making contacts, he said there was some in the rural areas which had not been completed.

Contributors to the special gift fund were Howard County Abstract Co., K. H. McGibbon, A. L. Wasson, Burton-Lingo, Big Spring Water Well Supply, Big Spring Iron and Metal, R. H. Dana, Dr. and Mrs. Tureblood, Sain Goldman, Empire Southern Service Co.

**Two Texans Honored With French Medals**

WITH THE 36TH DIVISION IN FRANCE, March 8 (AP)—Two Texans were among the five men who received France's Croix De Guerre yesterday in recognition of their work with French expeditionary forces in the Italian campaign last spring.

The medal with silver stars was conferred on Capt. John Clark, Jr., 2618 Marburg Ave., Dallas, and Capt. Frederick Schwinn, 2213 Prospect Ave., Houston.

They served with the 753rd tank battalion which was awarded France's highest military honor—the Croix de Guerre with Verdillon star.

**Shots Are Fired At Jacomoni's Guards**

ROME, March 8 (AP)—Shots were fired in the night at carabinieri guarding a clinic where Lt. Gen. Count Francesco Jacomoni is held on war crimes charges, in another of the series of demonstrations so far weathered by Premier Ivanoe Bonomi.

No attempt was made to burst into the hospital.

The escape Sunday of Gen. Bario Roatta and a protest riot before the royal palace were previous incidents of the week.

The cabinet declared its confidence in Bonomi late yesterday. Opposition parties protested anew against his retention of control of the government.

Jacomoni, brought to court for continuation of his trial this morning, was guarded by carabinieri armed with sub-machine guns. He told the newsmen that "I heard the shooting, but I stayed in bed."

Former viceroy of Albania, he was one of a group accused of helping Mussolini maintain his dictatorship. Among acts charged to him are the assassination of King Alexander of Yugoslavia aggressive international policies and murder of the Roselli brothers in France.

**Cosden Leads Ladies In Bowling Tourney**

Cosden captured first place in team bowling, Vera Dozier and Grace Applin first in doubles and Mary Ruth Dozier first in singles as the women's bowling tournament terminated Wednesday evening.

Cosden rolled 2,857 with Hester's second with 2,761.

In Doubles the Dozier Applin combination had 1,100 with Irene Orenbaum and Inez McCleskey hitting 1,155, and Fern Wells and Wanda Griffith 1,132. Behind the top singles game of 637 came Lois Eason with 601 and Minnie Howze with 587. Mary Ruth Dozier was best all around with 1,851 points.

Mrs. B. L. LeFever left Tuesday for Abilene to be with her father, Dr. W. J. Mathews, who is seriously ill.

**Senate Approves John Redditt As Highway Chief**

AUSTIN, March 8 (AP)—The senate in a brief executive session today confirmed the appointment of John Redditt of Lufkin as chairman of the state highway commission.

Also confirmed: Charles O. Thompson of Colorado City; A. G. (Pat) Mayse of Paris and Mark McGee of Fort Worth as members of the board of directors of Texas technological College at Lubbock.

John T. Rother of Houston, for the state board of Architectural Examiners.

Prior to the executive session the senate by unanimous vote, suspended the rule placing a deadline on the submission of bills to extend the time from March 9 (end of the 60 days period) through March 12.

**President Returns From Hyde Park Stay**

WASHINGTON, March 8 (AP)—President Roosevelt returned today from a four-day visit to his home in Hyde Park, N. Y., and almost immediately went into conference with democratic congressional leaders.

Those calling at the White House were Vice President Truman, Speaker Sam Rayburn, Senate Leader Barkley and House Leader McCormack.

The conference was understood to be devoted mainly to the legislative situation.

A full day of engagements was announced by Jonathan Daniels, administrative assistant, with 12 Rangers who took part in the capture of the Cabanatuan prison camp in the Philippines being presented to the chief executive after the congressional conference.
