

Mihailovic Sentenced To Death By Tribunal

Chetnik Leaders Convicted For Collaboration

BELGRADE, July 15 (AP) — Gen. Draja Mihailovic, former Chetnik leader, and 10 of his 23 co-defendants were convicted today by a Yugoslav military court on charges of collaborating with the Germans and were sentenced to die before firing squads.

The bushy-bearded defendant, the first underground leader to attract wide attention during the war, was given eight and a half hours to appeal for leniency from the presidium of the Yugoslav parliament. The deadline is 8 p. m. (1 p. m. Central Standard Time).

Unconfirmed reports said the executions would be private, provided the sentences were upheld, and that the penalties would be exacted swiftly.

Mihailovic became minister of war to former King Peter's exiled government in London. American and British officers served at his mountain headquarters as liaison officers during the last years of the war.

Prison sentences ranging downward to 18 months were imposed on the remaining defendants.

It was not immediately announced how soon the death sentences would be carried out. Two of those sentenced to die were tried and convicted in absentia.

Sentenced to be shot with Mihailovic were:

Redoslav Rade Radich, 56-year-old former commander of the Bratislav Chetnik unit.

Milica Gilsch, 36-year-old Chetnik leader.

Oskar Pavlovich, 54, former Zagreb police chief.

Dragi Yovanovich, 44, former Belgrade police chief.

Tanasje-Tasa Dinich, 55, former minister of the interior in the puppet government of Milan Nedjc, who told the court: "I don't want to live after the crimes I have committed."

Velibor Yonich, 54, minister of education in the Nedjc government.

Peter Zhivkovich, former Yugoslav general sentenced in absentia.

Djuro Dokich, 72, former commerce minister accused of conspiring for forced shipment of workers into Germany.

Kosta Musicki, 49, former aide de camp to King Peter and Queen Mary.

Mladen Zujeich, 51, former Chetnik commander believed to be in Paris and sentenced in absentia.

Among those receiving prison sentences was Konstantin Fotich, former Yugoslav ambassador to the United States, who was sentenced in absentia to 20 years.

The crowd cheered when the verdict was announced against Mihailovic, who took the decision with outward calm.

The verdict against the Serbian born Chetnik leader and his fellow defendants climaxed a trial which began June 10. Mihailovic maintained stoutly throughout the proceedings that he was innocent of collaboration with the Nazis and that he had fought to drive them from the country.

School Aid May Be \$41

AUSTIN, July 15 (AP) — The state board of education today set the per capita payment for each Texas scholastic for next year at \$35 but attached a supplemental appropriation to this year's payment which in effect boosts payment to \$41.

To be sure of the legality of the procedure, the board conditioned its action on the approval of the attorney general.

This year's per capita payment was set a year ago at \$30. A supplemental appropriation of \$4 was voted recently and today the payment was raised an additional \$2. The board attached to the appropriation the recommendation that the total \$6 supplement not be used until next year.

State Comptroller George H. Sheppard's estimate of funds available for appropriation next year would be \$55,320,319, allowing better than a \$35 per capita appropriation for Texas' 1,500,000 scholastics. State law limits the appropriation to available funds or at \$37 per capita, whichever is less.

Under the board's recommendation of applying this year's supplemental appropriation to next year's budget, however, schools would in effect have a \$41 appropriation with which to work.

HEIRENS IN JAIL—William Heirens, 17, sits in his cell in county jail, Chicago, Ill. State's Attorney William Tuohy said Heirens' fingerprints match those found in a room where a farmer, Wm. Frances Brown of Richmond, Ind., was slain last December. (AP Wirephoto).

Veto Powers Of UN Attacked By Evatt

NEW YORK, July 15 (AP) — Dr. Herbert V. Evatt, Australian foreign minister, today attacked the veto procedure in the United Nations security council as "undemocratic and unjust" and declared there must be "no veto" in the Paris peace conference.

Evatt, who is retiring as chairman of the United Nations atomic energy commission, said in a broadcast heard here and in Australia that the "illogical system of voting in the security council" is the "most serious disability under which the United Nations is now working."

Evatt, who sat in the security council and watched the Russian delegate invoke the veto power three times in one session on the Spanish issue, said:

"It is a travesty of democratic procedures when any one nation can block the unanimous opinion of the remainder of a council of eleven when it is endeavoring solely to conciliate and adjust international disputes and situations."

Another Quits Police Force

C. V. Nagel, patrolman on the Big Spring police department, submitted a letter of resignation to Chief A. G. Mitchell Sunday.

Mitchell said today that the resignation had been accepted.

In his letter, Nagel stated that as a member of the department he believed that his character and reputation as a law enforcement officer were in jeopardy "under circumstances that have existed for the past three weeks." He was especially critical of the reinstatement Wednesday of four officers who had been dismissed two days earlier.

Statewide Broadcast By Price Daniel To Originate Here

A statewide broadcast originating at Big Spring's station, KBST, will be made today at 8 p. m. by Price Daniel, candidate for attorney general of Texas.

Daniel, a former speaker of the Texas house of representatives, is due here this evening from Lubbock and Lamesa, where he is conferring with friends during the night. He will be at the Settles hotel from 6 p. m. until time for his broadcast.

His schedule calls for him to catch a flight for El Paso this evening, but he is due to be back in Big Spring Wednesday morning in the interests of his campaign. Daniel, recently discharged from the Army, has been a practicing attorney since 1932 and was speaker for the 48th legislature, climaxing six years of legislative experience.

Byrnes To Deliver Radio Report Tonight

WASHINGTON, July 15 (AP) — Secretary of State Byrnes drafted reports today for President Truman and the nation of the halting progress toward reestablishing peace in Europe.

The cabinet officer, just returned from the four-power foreign ministers conference at Paris, plans to address the nation by radio tonight at 8 p. m. (CST) over the Mutual and ABC networks.

Operator Honored

NEW YORK, July 15 (AP) — The American Telephone and Telegraph company announced today that a gold vail medal and \$1,000 had been awarded posthumously to Mrs. Julia C. Berry, telephone operator who remained at her switchboard and died in the La Salle Street hotel fire in Chicago June 5.

Commodities At Highest Since World War I

Cotton, Beef And Hogs Soar To New Peaks

NEW YORK, July 15 (AP) — The highest prices for cotton, live beef and hogs since around the first world war were paid today in wholesale and future markets.

Butter, eggs and poultry, in sharp contrast, dropped abruptly.

Cotton for future delivery broke through the 35 cents a pound level with the market up \$2 to \$5 a bale and the highest since 1923. The \$5 increase is the largest allowed in a day's trade.

Price records standing since 1919 were wiped away in the Chicago Union stockyards when hogs sold at \$18.75 a hundredweight. The advance followed lower receipts.

Strictly choice steers sold at a record high of \$25 a hundredweight in Chicago. Large arrivals of animals failed to block the advance.

Butter was marked down 3 cents a pound in New York. Large offerings went unsold because of too high asking prices.

Poultry quotations tumbled 2 to 3 cents a pound in New York on top of losses of 2 cents Thursday and one cent Friday. Increased receipts forced the downward trend.

Eggs in the Chicago futures market joined the retreat in dairy products. The October delivery declined around 5 1-3 cents a dozen.

NEW YORK, July 15 (AP) — Cotton futures advanced to 23 year highs on heavy trade and outside delivery today with the July 1946 delivery advancing the permissible \$5 a bale limit.

Growing trade sentiment that price control will be eliminated the tightening cotton supply situation, and approval of the loan to Great Britain which forecast substantial British cotton purchases here supplied impetus to the advance. In later dealings active dealers from the best levels on profit taking and hedging.

SAN ANTONIO, July 15 (AP) — Hog prices, up \$1, set a new record today on the San Antonio livestock market. Good and choice butchers 180 pounds and above sold for \$18.50 per 100 pounds, 50 cents above the previous high mark. Sows sold for \$17.50 and feeder pigs at \$17.00.

Churchill Wants 'Strong France'

PARIS, July 15 (AP) — Winston Churchill, speaking in Metz yesterday at a Bastille Day celebration marking the 177th anniversary of the French revolution, called on Europe to "rise from her ruins and spare the world a third and possibly fatal holocaust," a goal which he said necessitated a "strong France."

Meanwhile French President Georges Bidault, speaking at a similar celebration in Paris, voiced "the gratitude of the French people" to the United States for her role in the liberation of France from the Nazis and said differences between the two countries were like "old friends' quarrels."

Temperatures Hit 113 At Seymour

By The Associated Press

If the temperature in your section was below 105 yesterday, don't mention it. There are plenty of higher recordings to talk about.

The weather bureau promises more for today.

Henryetta and Seymour set the pace with 113 degrees. Haskell reported 110. Graham 109. Eastland and Memphis 108. Llano, Snyder, Ballinger and Bridgeport 107, and Encinal, Abilene and Carrizo Springs 105. Big Spring 104.

Only the gulf coast escaped the crop-searing heat. Galveston kept the mercury below 90, while Houston hit a 96 high, Corpus Christi 92 and Brownsville 94.

There was an unmeasurably small shower on the upper coast and another in the far northwest corner of the state. Only sunshine is foreseen for today.

Dallas residents voluntarily staggered the use of water for lawn sprinkling today in an effort to even up the strain on the city water distribution system brought on by the heat wave.

Fourth Polio Case

TYLER, July 15 (AP) — The fourth polio case in Tyler in less than a week was reported with the diagnosis of the illness of a 23-year-old man.

Russia Will Have To Wait Before She Gets Any Loan From The U.S.

WASHINGTON, July 15 (AP) — Russia probably will have to wait until next year at least for a loan even a fraction of the size of the \$3,750,000,000 credit Congress okayed Saturday for Britain.

The Kremlin reportedly is interested in borrowing about \$1,000,000,000 from this country.

Little has been heard of a Russian loan since the United States some months ago notified Moscow of a willingness to discuss it, provided Russia would agree to talk at the same time about her trade relations with the Balkans and other areas within the Soviet sphere of influence.

Any such loan would have to come through the export-import bank unlike the one to Britain which late Saturday won a 219 to 135 House vote of approval, following Senate clearance previously.

Only President Truman's signature is needed before London can start drawing on the money, in return for which the British have promised to work for freer world trade. The loan is to be repaid by the year 2001. Some officials believe the first money will be advanced this week.

Russia figured prominently in the British loan debate. Proponents argued that the credit would establish Britain as a bulwark against the spread of Communism.

Speaker Rayburn (D-Tex) appealed personally for ratification of the loan, lest "England and Western Europe be pushed into an ideology I despise."

Munitions Man Says May Help Sought For Combine

CONGRESSMEN SHARPEN SABERS FOR SHOWDOWN FIGHT ON OPA

WASHINGTON, July 15 (AP) — OPA's friends and foes in the house sharpened their legislative sabers today for a duel over the price control revival bill which President Truman declared "couldn't be any worse."

The chief executive's wry comment on the senate-passed measure added the strongest hint yet that a second veto is in the offing unless something more to the administration's liking can be worked out by a joint committee of the two chambers.

Barring a last-minute change in plans the first test will take place on the house floor tomorrow.

The issue—with each side confident of victory—is whether any controls at all shall be clamped back on a dozen or more items in legislation to breathe new life into OPA until next June 30.

The senate, by top-heavy majorities, ordered these things kept free of any future price ceilings:

Meat, poultry, eggs, milk, butter, cheese and all other livestock and dairy products; cottonseed, soybeans and their products; grain and feedstuffs; tobacco products and gasoline and other petroleum products, so long as oil supplies do not drop below domestic demand.

It undoubtedly was this list of exemptions that prompted Mr. Truman to say the OPA bill "is in terrible shape" and "couldn't be any worse."

Group To Study Negro Colleges To Be Named

AUSTIN, July 15 (AP) — Gov. Coke Stevenson announced today he hopes this week to name a bi-racial commission of seven members to work out detailed plans for establishing a system of higher education for negroes in Texas.

He said he would follow recommendations of the governing boards of the University of Texas and Texas A&M college, praising their action in adopting a joint committee report Saturday as "the studied judgment of two great boards."

Stevenson said that the proposal to establish in effect a negro A. and M. at Prairie View and a negro state university, as outlined by the joint committee's report, seemed to him to be "a real and serious effort to provide higher education for negroes."

The governor said he would name two negroes and five whites to the advisory commission suggested by the governing boards. He has already offered commission posts to W. R. Banks, principal of Prairie View Normal — the only existing state college for negroes — and to Associate Justice J. E. Hickman of the state supreme court.

The University and A & M boards Saturday approved the recommendation of their joint committee on negro education which suggested that Prairie View be expanded into an institution of agriculture and mechanic arts, including graduate and undergraduate studies in these and other vocational subjects. The committee recommended that a first class university for negroes be established, preferably at Houston, under direction of the board of regents.

Stevenson at his press conference today said he did not want to exclude the possibility that the matter might be submitted as a topic for consideration at a special session of the legislature if one is called, but his present view was that it was more likely a topic for a regular session.

Asked what would happen if nothing had been done toward actually setting up courses of study by Dec. 13, the date set for execution of a court judgment under which a negro may be admitted to the University of Texas law school, Stevenson said the state could either ask for an extension, or appeal the case.

Increase Shown In Oil Market Demand

AUSTIN, July 15 (AP) — The Bureau of Mines today estimated the market demand for Texas crude oil in August at 2,120,000 barrels daily, an increase of 10,000 barrels daily over its July forecast.

Purchasers' nominations announced by Chairman Olin Culberson of the railroad commission totaled 2,435,256 barrels daily, a decrease of 50,285 barrels daily under July nominations.

The commission will hold its statewide prorating hearing Wednesday to consider this and other evidence in setting the August production allowable. The current allowable is 2,407,657 barrels daily.

Seven Are Named In Traffic Violations

Seven persons were haled into county and justice courts this morning on charges growing out of traffic violations reported by the state highway patrol and the city police over the weekend.

County court heard guilty pleas entered by Carlos Garcia and Juan C. Garcia on separate charges of driving while under the influence of intoxicants. Both men drew fines of \$50 and court costs and Juan Garcia had his driver's license suspended for six months.

Two of the persons had been filed on for speeding within the city limits while the other three failed, to produce vehicle drivers licenses after being stopped.

Committee Seeks Way To Question Congressman

WASHINGTON, July 15 (AP) — Joseph Freeman, a munitions manufacturer's Washington agent whose salary skyrocketed from \$5,841 to \$70,000 in four years, testified today that he asked Rep. May (D-Ky) for business help "six or eight times."

But Freeman told the Senate war investigating committee, searching into the wartime operations of an Illinois munitions combine, that he "didn't know whether Mr. May had ever visited his office."

That response came after Chairman Mead (D-NY) cautioned him to "think hard and long, and remember that you are under oath."

The committee has received testimony that May, chairman of the House military committee, interceded with the War Department to give contracts to the munitions combine. May has declared his activities were solely in the interest of the war effort and that he did not profit.

The combine received wartime contracts amounting to more than \$78,000,000.

"Was the congressman cooperative?" inquired Mead.

"Not always," said Freeman. Under questioning, Freeman testified that sometimes he had to wait as much as a week in order to get May's help on problems involving the Erie Basin and Batavia Metal Products companies, two of the concerns in the combine.

Before Freeman was called to the stand, Mead announced that the committee is examining the law "as to bringing Congressman May before the committee by legal process."

Freeman related that one of the transactions concerning which he contacted May was the formation of the Cumberland Lumber company, Prestonsburg, Ky., home town of the Congressman.

Having heard that there was lumber for sale in Kentucky, Freeman said, he telephoned May to inquire whether the latter knew where any was to be found. May, he said, mentioned a tract of timber land that could be purchased, and later Freeman relayed to May a request by Henry Garson of the Illinois munitions group that an attempt be made to obtain options on the land.

The committee has received testimony that the Kentucky State Department's records list Andrew J. May as agent for the Cumberland company. Government accountants also put into its records cancelled checks for more than \$18,000 which were made out by Cumberland and were endorsed by A. J. May.

Rep. May has denied profiting from the company.

Freeman said that except for his contact with May he knew nothing about Cumberland except that he was appointed as a director of the company and attended one or two board meetings.

Committee members pressed Freeman as to whether he had ever delivered any money to May. He replied, "Positively, no."

The announcement said that all marine garrisons in the Chingwangtao-Peiliao area had been alerted and strong detachments had been ordered to search the countryside for the missing men.

An air search, which started at dawn Sunday but was halted by weather conditions, will be resumed as soon as possible.

The Chinese press asserted that the captors were members of the communist army and nationalist troops were ordered to join in the search.

Loan OK'd By Truman

WASHINGTON, July 15 (AP) — President Truman today signed the \$3,750,000,000 British loan agreement, terming it a major step to carry out a program "for reviving and expanding international trade."

The loan, Mr. Truman said in a statement, serves the immediate as well as long-time interests of the United States, "by helping to restore world trade."

At the same time, he added, it enables Great Britain to "cooperate in creating a pattern of mutually beneficial economic relations among the nations of the world."

Linda To Get Divorce

HOLLYWOOD, July 15 (AP) — Linda Darnell, the 23-year-old Dallas girl who surprised Hollywood in 1943 by marrying Fred Astaire, now 48, has separated from him and intends to institute divorce proceedings at an early date, friends said today.

FIGHTS FOR LIFE — Howard Hughes (above) continued his stubborn fight for survival Monday at Los Angeles where his temperature and pulse still remained above normal. Last night Dr. Verne Mason said he was optimistic over Hughes' chances for complete recovery. Hughes was injured a week ago in a plane crash. (AP Wirephoto).

Amendment May Be Submitted At General Election

AUSTIN, July 15 (AP) — The attorney general held in an opinion today that the proper date for submission of the proposed constitutional amendment setting up a retirement system for state employees is Nov. 5, general election day.

The legislature, in voting to submit the proposal to the electorate, had not set a definite date. The act merely said the proposal should be voted on "at an election to be held throughout the state in November, 1946."

The amendment, if adopted, would authorize the legislature to set up a system of retirement, disability, and death compensation for state employees. They are not now covered by social security benefits.

Marines Held By Commies

By TOM MASTERSON

TIENSIN, July 15 (AP) — Six American marines were taken prisoner Saturday by "an unidentified band of 80 armed Chinese" about 22 miles north of Chingwangtao, on the Gulf of Chihli, US Marine Corps headquarters announced here today.

The announcement said that all marine garrisons in the Chingwangtao-Peiliao area had been alerted and strong detachments had been ordered to search the countryside for the missing men.

Suspect Returned To Local Jail

Earl H. Williams, 48-year-old horse wrangler who signed a confession that he beat his wife, Beulah, to death in their two-room shanty in Northeastern Glasscock county the evening of July 6, has been returned to the Howard county jail from Garden City.

He was transferred from the Glasscock county jail at the request of Sheriff Walter Teel, who said that county did not have the proper facilities to take care of the prisoner.

Williams has been denied bail. He will probably be retained here until the grand jury meets in Garden City Monday, July 22.

Absentee Balloting Reaches Total Of 78

An additional 11 persons took advantage of absentee voting privileges for the July 27 Democratic primary election up to noon today, bringing to 78 the number who have registered ballots with the county clerk.

Absentee ballots will be accepted by the county clerk until Tuesday, July 23. Individuals interested in voting can either call at that office in the court or write for the election blanks, sending proper certification.

Hull And Phillips Hope To Keep Prices At OPA Level At Grocery

Offering the highest type of service available and top grade merchandise, Hull and Phillips Grocery, 303 Bell street, is a typical food shopping center for housewives in a community which has become accustomed to and expects the best.

The store, located conveniently for virtually every family in Big Spring, is accepted as one of the city's many fundamental institutions, and it has kept pace with the times.

Despite handicaps occasioned by merchandise shortages and red-tape, the store has made progress. Elmo Phillips and Elton (Ted) Hull, present owners, purchased the firm some four months ago, and their efforts toward maintaining a grocery stock of the highest type have resulted in scores of regular customers.

Prices have remained virtually the same at Hull and Phillips since expiration of OPA. It will continue that way, the owners declare, unless wholesalers find it necessary to make advances in their prices. Quite naturally, some items are expected to go up, but present indications are that increases will be reasonable.

Hull and Phillips offer a complete line of all staple and fancy groceries and plenty of fresh fruits and vegetables and meats. The owners are experienced buyers, and consequently their stocks usually are kept up-to-the-minute in merchandise which is at all available.

Fruits and vegetables are received on regular schedules, assuring housewives of top quality.

To remove hard water scale deposits from the bottoms of porcelain enamel double boilers, boil together 1 quart of water with 1 teaspoon of salt and the juice of 1-2 lemons, 1 teaspoon soda or 1 tablespoon vinegar for a few minutes and it will disappear.

EXPERT TOUCH to an attractive, lustrous hair dress is given by Eleanor Thomas, operator at the Bonnie Lee Beauty shop. With the best in equipment and experience, Bonnie Lee Beauty specializes in the type of work that makes customers regular ones. During the summer months, special hair dresses are recommended to beat the heat wave. (Jack M. Haynes Photo).

Accidents And Violence Take Lives Of Five

By the Associated Press

At least five persons were known dead this morning from accidents and violent incidents throughout the state during the week end.

Apparent among the death re-

ports was the lack of traffic fatalities.

Two persons died in shootings. Two died in a fire. A fifth person was found with his throat slashed.

The dead: Marvin B. Smith, 33, wharf patrolman, was shot to death early yesterday in Houston. Joseph Warren Waites, 29, was charged with murder.

A woman tentatively identified as Mabel Ray Hopkins of Dallas was shot to death in a Dallas cafe last night. A man questioned in the shooting said he playfully pointed a pistol at her. He said she grabbed the barrel and the gun discharged.

Two negro children, Ulysses Grant, 3, and Jewell Elizabeth Grant, 2, burned to death yesterday near Childress when their home was destroyed by fire.

The body of Pat Templeton, 27, of Noonday, Tex., was found last night in a ditch near his home. His throat had been slashed and the body bore several stab wounds.

Gen. Douglas MacArthur is credited with having given the nickname "Rainbow" to the 42nd Infantry Division during World War I.

Big Spring Tractor Company Gives Demonstration Of Implements

How the Ford-Ferguson tractor can, with all of its compactness and easy manageability, be so readily adaptable to every type of farm work, both heavy and light, is sometimes puzzling to those unacquainted with its features. C. C. Worrell, manager of Big Spring Tractor company, has pointed out the answer really is quite simple, Worrell stated. The Ferguson System uses certain natural laws to make the tractor and implement work for and with, instead of against, each other. An implement pulled behind a tractor sets up opposing forces which the tractor designer usually has to overcome by making the tractor long and heavy. How the Ferguson System "cashes in" on these natural engineering laws is clearly explained by a demonstration.

The pulled plow tends naturally to revolve forward. The Ferguson top link braces against the implement, causing this top link to exert a strong forward and downward pushing force. The force on the top link also governs the automatic control spring, which, coupled with the fingertip control lever, provides for working at uniform depth, whether the ground is even or uneven. Such actions protect tractor and implement when solid obstructions are hit.

The highly desirable result of the Ferguson System combining forces with nature is obvious to anyone who has seen a Ford-Ferguson tractor in operation. For heavy pulling, such as a two-bottom plow, middlebuster or disc

harrow, the needed traction is supplied by the action of the Ferguson System.

At light work such as cultivating or hauling, there is no excess built-in weight to lug through the fields day in and day out.

The result is economy, both in first cost and operating cost, almost unbelievable to anyone who has not actually used the Ferguson Tractor with its Ferguson implements on his own farm. To see such Ferguson equipment farmers and ranchers are invited to the Big Spring Tractor company at 1101 Lamesa highway, phone 938.

Standard Super Service Open 24 Hours A Day

Question: Where can a motorist needing gasoline late at night get his tank filled?
Answer: At the Standard Super Service Station at 311 East Third.

Question: Where can the busy car owner who can't spare his vehicle in the daytime get his car washed or greased?
Answer: At the Standard Super Service Station.

The answer to many questions confronting drivers both in town and those passing through is Standard Super Service. Handy for tourists, convenient for local trade, the station is on a 24-hour basis. Many customers who can not find time to put their car in the garage for a washing or greasing leave it at the station late at night, and pick it up, sparkling and sans rattle at 7 o'clock the following morning.

The greasing rack is also a Standard certified lubricating service with a high grade of material used on the squeaky part of a protesting car. Both the owners, Homer Williams and Cecil Caswell, or their employees, John W. Branch and Houston Robison, both veterans, are expert at getting to those hard to reach parts and delivering a good grease job.

The station is an agent for Standard products; Chevron Supreme gasoline and Chevron Regular; RPM motor oil and Standard Penn; and Atlas batteries and tires.

For expert service by courteous attendants, drive in to the Standard Super Service station.

Best Quality Meats Usually Available At Hull and Phillips

Despite reported meat shortages about the country recently, the Hull and Phillips Grocery, 303 Bell, has kept its many customers supplied with best quality fresh meats. The store makes all fresh meat purchases locally, from butchers and slaughterers who buy Howard county and West Texas livestock.

The meat market, incidentally, is regarded as one of the most important departments at Hull and Phillips.

Visits And Visitors

Mrs. Ned Sanders of Brownville is visiting her parents, Mr. and Mrs. N. J. Allen.

Mrs. Ben Allen is a guest of her daughter, Mrs. Stanley Wheeler.

Guests in the Walker Bailey home over the weekend were his brother, Gay Bailey and Mrs. Bailey of Grand Prairie, Mr. and Mrs. Berlie Fallon of Abilene, Mr. and Mrs. Leonard Langley and Mr. and Mrs. T. E. Alexander and son of Westbrook.

Mrs. Jimmy Lock is to arrive today from Pascagoula, Miss., for a visit with Mr. and Mrs. B. S. Baird.

Guests in the home of Mrs. E. V. Hart over the weekend were Bernice Hayley and Bill Drake of Monahan.

J. T. Balch has gone to Mineral Wells to take over his ranch near there.

Margaret Ackly of Shamrock is here this week to visit her sister, Mrs. O. E. Wright, and the Rev. Wright.

Mr. and Mrs. Claude Wilkinson are on an itinerary planned to carry them through the pleasure spots of Colorado.

Mrs. D. A. Purser, Nora, and Mr. and Mrs. W. R. Purser are visiting in the A. B. Winslow home from Berkeley, Calif.

Betty Bob Diltz is spending mid-semester vacation, with her mother, Mrs. Mary Diltz.

M. C. Knowles has returned to Fort Worth.

Mr. and Mrs. Willard B. Knowles and Judy of Martinez, Calif., have been visiting his brother, M. C. Knowles, and Mrs. Knowles. They have continued to Salt Lake City to visit another brother. Also visiting in the Knowles home is their son, Milton S. Knowles, who is spending a 12-day furlough with his parents. He is stationed near San Antonio.

Mr. and Mrs. G. G. Morehead are visiting relatives in Norman, Okla.

Mrs. J. D. Jones and Judy are visiting relatives in Stamford.

Mr. and Mrs. Wayne Prather and Tommy are in Lubbock for a visit.

Johnny Bodine is vacationing for two weeks with friends in Texas City.

Mrs. A. J. Hibben has as her guests her daughter, Mrs. S. M. Parker, and Mr. Parker, and grandson, Weldon Parker, Mrs. Parker and their baby, all of Corpus Christi.

Mr. and Mrs. C. W. White and family have gone to the Leon river for a fishing trip. Accompanying them was their son, Ray F. White, who recently was discharged from the navy and has just returned home.

Mr. and Mrs. J. D. Moore, who reside near Knott, have gone to Houston for a visit.

Mr. and Mrs. Paul McGray have left for a vacation trip.

Donald Lovelady Feted At Party

Donald Frank Lovelady was honored on his seventh birthday Saturday with a party given for him by his parents, Mr. and Mrs. W. E. Lovelady, in their home.

Games were entertainment, and favors were balloons and whistles. The birthday cake was decorated in blue and white.

Attending were Sandy and Judy Jennings, Patsy Ruth and Roy Glen Deal, Coy Thomas, Laura Brown, Wilson and Mary Ann Bell, Alice Ann Martin, Barbara Gray and Robert Parks, Tommy Buckner, Adrian Lynn DeGraffenreid, Jane and Barbara Hill, Ruth Ann Avant, Henry Martin Hill, Mrs. Pauline McGee, Mrs. S. E. Buckner, Mrs. Joe Jacobs, Mrs. W. C. Bell, Mrs. A. L. DeGraffenreid, Mrs. Roy Green and Mrs. Frank Wilson.

Starvation Threat Continues, Group Told By Wallace

WASHINGTON, July 15. (AP)—Secretary of Commerce Wallace told a group of boys and girls at the White House today that "fully one-fourth of the world's population is now at the starvation level."

"It may be another year or possibly two years before the people of the world have enough food to free them from the fear of death by starvation," Wallace said in a speech prepared for a gathering of youngsters attending the National Youth Conference on Food.

Despite reports that harvests are "bigger than expected," he said, "we cannot allow ourselves to be misled by appearances in the season of plenty."

"If we are to produce the one word that we like to talk about, all nations must make an effort to think in terms of the desires and problems of other nations. Only then will it be possible to arrive at reasonable agreements and build a world free from the fear of war."

Former Resident On Council At Baird

C. J. (Charley) Redwine, a former Big Spring resident, was recently elected to the City Council at Baird, his present home, according to an article published in the July edition of "Texas and Pacific Topics."

Redwine, who now operates a hotel in Baird, retired from active duty as a locomotive engineer here several years ago.

Illness Fatal To Mrs. Ford

Funeral for Mrs. Texanna Whitely Ford, 85, long time resident of Howard county, was to be held at 4 p. m. today at the Eberley chapel.

Mrs. Ford died at 4 a. m. Sunday at her home in the Airport addition after an illness of only four days. Born in Washington county, Texas, she came with her husband, the late C. W. Ford, to Howard county 40 years ago. He died in 1926 and she will be interred beside his grave in the Mt. Olive cemetery.

For the past 20 years she had held membership in the Baptist church at Hartwell. The Rev. W. C. Best, Trinity Baptist pastor, will officiate at the funeral, and singers from that church were to be in charge of music.

Survivors include five sons, W. K. Ford and J. C. Ford, Phoenix, Ariz., and L. A. Ford, A. E. Ford, and W. E. Ford, Big Spring; and daughter, Mrs. A. B. Johnson, Big Spring; 19 grandchildren and 21 great-grandchildren.

Palbearers were to be Edwin Morris, True Dunagan, Aran Kendall, Mike Anderson, Charles Anderson, Wesley Huddleston.

Vaughns Have Girl

Cpl. and Mrs. Charles Vaughn are parents of a daughter, Mary Katherine, born Friday in a local hospital. She weighed seven pounds, nine ounces.

Son of Mrs. Ada Vaughn, Cpl. Vaughn is now stationed near San Antonio. Mrs. Vaughn is the former Dorothy Bee of Ohio.

Postmasters OK'd

WASHINGTON, July 15. (AP)—The Senate has approved the following nominations for postmasters in Texas:

J. Dea Allen, Blum; Meta Cargile, Converse; Leland C. Adams, Holliday; Marjorie L. Burton, Katy; Margaret M. Harden, LaRue; Betty F. Irby, Texon; Oreta M. Fersch, Wink.

Mr. and Mrs. Garner McAdams left Sunday for a week's vacation trip to a resort in the mountains of Colorado.

Services Held For Callihan Infant

Rites were said Saturday evening for Ross Terri Callihan, infant son of Mr. and Mrs. Ross J. Callihan. The baby, born Friday evening, died at birth. The Rev. J. R. Clark, East Fourth Baptist pastor, conducted the brief services at the Eberley chapel and burial was made in the baby section of the city cemetery. Besides the parents, survivors include the maternal grandparents, Mr. and Mrs. E. G. Cauble, Big Lake, and Mr. and Mrs. S. A. Callihan, Big Spring.

LOCKHART GOLFER WINS

SEGUIN, July 15 (AP)—Herbert Reid, Jr. of Lockhart defeated Bert Keller of Seguin one-up in 37 holes to win the state left-handers golf championship here yesterday.

Objectives Of British Loan

Congress has approved the British loan. Among other things, it provides a \$3,750,000,000 loan from this country to the British. An agreement by England to end financial practices which discriminate against the United States and some other countries is a proviso of the loan.

Object of the loan is to give England, weakened by prolonged and exhaustive war, a chance to restore her financial house and remove restrictive financial trade measures adopted out of the exigencies of war.

There are many other features such as the provision that the loan is interest free until 1951 and maturity is 50 years from that date. In severe depression years, interest will be waived. England is not to discriminate against American goods and is to pay for products or services in this country with dollars or pounds convertible into dollars. England is to dissolve the sterling area dollar pool set up during the war through a tie-up with other nations close to her and whereby they pooled their dollars. England also must agree to support the American proposal for an international trade organization to reduce trade barriers and eliminate trade discrimination.

Many proponents of the loan have seen in it a chance to restore Anglo-American system of international trade and thus remove economic obstructions from the path of nations which otherwise would turn to or fall under Soviet trade practices and eventually

under the Russian Ideologies.

In so many words, it is regarded as an admission that you can't be something with nothing. Nations of the world will indulge in conventional, open trading only if it offers best opportunities. Under restrictive practices, international trade degenerates into the realm of barter. That we, with our high standard of living, would suffer under such an arrangement goes without saying. Moreover, a barter between nations is, in the long run, no more satisfactory than between individuals, for invariably a spirit if not an actual state of bondage develops.

Modification and even elimination of other restrictive practices, such as cartels, are highly desired. These, applied in language familiar to all of us, represent odious monopolies or trusts. That they had a part in constricting us at a time the war was impending is undeniable. Moreover, they mean, as all monopolies mean, that a favored few reap the harvest at the expense of the great masses.

If the loan means the revitalizing of national trade on a sound and reasonably free basis that offers nations of the world an even break; if it removes the necessity of embracing Russia out of desperation; if it strikes a telling blow at trade restrictions, then it is money well invested. It has a good chance of accomplishing a good part of these objectives. With this in mind, fretting over whether it will eventually be repaid is a secondary consideration.

UNDERNEATH THOSE OLD PAPERS—

Hal Boyle's Notebook

Narcotics No Problem

BERLIN, (AP) — Narcotics addiction is less prevalent today in Berlin, a city of fear and frustration, than in New York or Hollywood, where life holds more security.

That is the opinion of Arthur Giuliani, US military government narcotics control officer and former agent of the Treasury Department's bureau of narcotics.

"There has been a slight increase in the use of narcotics among professional men, but it hasn't reached the proportions of a major social evil," he said.

"This contrasts with the situation in Germany after the first government was forced in 1928 to employ drastic curbs.

"Most of the present day addicts are physicians, victims of neuroses or German war wounded," said Giuliani.

"Very few druggists become addicts. I suppose they see too many victims themselves and what it does to them.

"There is no marijuana smoking here," Giuliani said, "the chief types of addiction are morphine and cocaine and synthetic narcotics made from coal tar."

Powdered opium sells illegally in Berlin's threadbare underworld for \$1,200 a pound. So far no organized gangs have been found specializing in supplying the "unnies" or addicts. Narcotics are just another sideline to black market operators dealing in cigarettes, food and other scarce commodities. Supplies are looted from German army dumps.

"The Wehrmacht had literally tons of narcotics — enough to last Germany for at least ten years," said Giuliani. "The supply was scattered throughout the four zones. As the troops retreated they were told to blow up these narcotics dumps. But nine times out of ten they failed to do so."

"Most of it has gotten back into our hands and is being distributed through German channels as the

need arises. Our policy is to give captured medical supplies back to the Germans as soon as adequate control agencies are established.

"Germany now is producing enough narcotics in the United States zone to fill present wants within the zone. We don't want to import drugs into Germany or export from it.

"We list all known narcotics addicts. But the habit isn't nearly as prevalent here as in New York or Hollywood. Our biggest problem is to get back looted supplies and thus keep them from filtering into the black market.

"No epidemic addiction has spread through German youth, but some are engaged in peddling it."

Here, as elsewhere, addiction centers in the cities rather than in rural areas where distribution would be more difficult.

"There have been no cases of the sale of narcotics between American troops and Germans," said Giuliani, "and there has been no indication that any supplies have gone from here to the United States."

Peanut Criminal Barred In Germany

MUNICH, Germany, (AP)—Josef Scharnagl's pet animals were monkeys at the Munich Zoological Garden. "The monkeys must be starving because they have not been getting any peanuts for six years," he told the judge trying him on a charge he stole peanuts from the Army depot here and fed them to monkeys.

He was given plenty of time to think of peanuts—behind prison bars.

America's only mountain division in World War II, the 10th, comprised about 15,000 men and 6,000 mules and horses.

Washington Merry-Go-Round—Drew Pearson

May Should Have Been Checked

WASHINGTON. — If all the history of that fabulous character Andrew Jackson May of Kentucky and his family were compiled in one volume, it would make a volume more unbelievable than fiction.

The only other unbelievable thing is that grown men in the War Department with the responsibility of millions of lives on their shoulders should not have seen through the congressman from Kentucky long ago. If they had read past references to May in the Washington Merry-Go-Round or kept the usual clipping morgue operated by any efficient newspaper, they would not today be so red-faced when called before the Mead committee.

But they did not even bother to consult FBI files or the court records of the Justice Department. Instead, Secretary of War Patterson humbly went up to Congressman May's office when summoned. So did Patterson's aide, the present Undersecretary of War, Brig. Gen. Kenneth Royall. In Washington, it's the other way around. Reason why the War Department chiefs groveled before May will be told later.

trophy the relief records and prevent the conviction. Patterson also would have discovered that 14 of May's friends and political supporters went to jail for relief frauds, and that May appeared as their attorney.

A congressman is not supposed to take a case against the federal government. He is paid by the federal government and is supposed to be the servant of the federal government. Therefore, it is a penitentiary offense to profit from handling a case against the federal government. Perhaps the ebullient Andrew Jackson May got around this on the technicality that he did not profit. Anyway, he appeared in court shamelessly and brazenly to defend one of the worst relief frauds in US history.

Furthermore, if the Mead committee would dig into the files of the post office department, they would find that May exerted all sorts of pressure to have the case dropped. He used his influence as a congressman in exactly the same way he did on behalf of the Erie Basin war profiteers.

Padded Relief Rolls

What happened was that, back in 1934, Harry Hopkins and his CWA staff found that in May's home town of Prestonsburg and the surrounding county, 112 percent of the people were on relief—in other words, more people than were in the county. May's industrious machine, led by his henchman, Judge Walt Stumbo, had even dug up hundreds of names of people later identified as buried in the cemetery.

May's brother-in-law, J. D. Mayo, a grocer, was in on the racket. So was his cousin, Curtis W. Mayo, who ran the Kreuger Baker and Grocery company. Both went to jail. Mrs. Mayo, wife of May's brother-in-law, was in the county relief committee, while a niece also was employed there.

This was how the racket operated. The county relief committee gave a relief certificate to an alleged needy person, who then took the certificate entitled him to \$40 worth of groceries. The grocer gave him perhaps \$5 in groceries and certified that he had

received \$40. Then the certificate was sent to CWA headquarters in Louisville at a net profit of \$35, which was usually split between the grocer and the person on relief.

The situation was so scandalous that the government discovered 22 sacks of mail sent to Louisville containing unhandled relief orders. In other words, they had merely been filled out and certified by grocers—including May's cousin and brother-in-law without even bothering to put the certificates in the hands of alleged relief recipients.

Since some of the alleged relief recipients were in the cemetery, this would have been difficult. Others were mountain families who could not read and write and had to depend on the county relief committee to fill in the certificates.

After the FBI got into the case, the local relief crowd burned down the county courthouse to destroy the evidence, not realizing that sufficient records remained in Louisville to convict them. In the end, the government had to resort to a mail fraud case, since the bogus relief certificates were sent through the mails. Twenty-seven May henchmen and relatives were indicted, with 18 finally going to jail, including the head of May's machine, Judge Stumbo.

NOTE — Reason Secretary of War Patterson and Undersecretary Kenneth Royall were so obsequious to May was that he was scratching their back while they were scratching his. Late in the war, Patterson moved heaven and earth to pass a compulsory labor bill conscripting all labor. May introduced this for him and pushed it through the House. It was killed in the Senate.

Royall also has favored more military control of the atom and May has carried the ball for him on this. He introduced the May bill giving major atom control to the military and, more recently, has gleefully acquiesced in the sabotage of the Senate's civilian control bill by the House military affairs committee.

Words Help To Pass The Time

NEW YORK.—On sizzling summer nights, saloons where there is no music or entertainment are more crowded than you might expect. . . . Citizens of Broadway, tied to the city by the necessities of their jobs, escape the heat simply by going to their favorite air-conditioned hangouts and sipping through the night.

Since just sitting around drinking gets on a guy's nerves, means of diversion have been devised. . . . And, strangely enough, these fashionable fellows and girls, whose conversations normally concern such topics as the latest play or radio show, international politics, Bilbo, Billy Conn and Andrei Gromyko, have turned to an old parlor pastime known everywhere I've ever been, city or country, as "Ghosts."

"Ghosts" is a word game in which one participant starts with a single letter and the rest in order add more letters until a word has been finished or a player can't think of a letter to turn the collection into a word, thereby eliminating himself. . . . A comparatively simple pastime, it turns into a serious and vicious business on occasion, especially when the gang plays the version called "sudden death," which permits prefixes, suffixes, plurals and practically anything which can be attached to a word of more than five letters.

The champ of this sort of semantic set-to is the comedian, Rags Ragland. . . . Rags would seem to be as unlikely a champion of anything so pedantic as anyone you could imagine. . . . The Rag Man's background would

seem particularly short on the pundit side, but each night he knocks the spots of such literary fellows as Jerry Devine, who produces the radio show, "This Is Your FBI"; Jerry Lewis, a magazine writer and radio scripter; Frank Gallup, who announces some of the nation's biggest radio shows, and half a dozen others, including myself, who deal in words.

Rags certainly is a good promotional argument for the erudition of burlesque veterans for he spent 12 years in that end of the acting business before he became a Broadway and then a Hollywood star. . . . On stage and screen he plays doltish bumpkins who can't add two and two.

The arbiter in all disputes in

this game, played each night in Toots Shor's 51st St. saloon, is a waiter known only as Murray. . . . Murray is the last word on all spelling arguments and minor questions which come up during said game. . . . A college man who started toting trays and got to like the life, he is a student of several foreign languages, is interested more than slightly in geopolitics and even knows a little of what Einstein is getting at when that hirsute gentleman talks about fission, energy and mass, the velocity of light, etc. All of the Ghosts gang think Murray might even beat Rags at the game. . . . He keeps out of it, however. . . . "Toots doesn't want the waiters to get too intimate with the customers," says Murray.

Labor Responsibility

(Editor's Note: This is the last of six stories explaining the history of organized labor and how, after a year of strikes, it emerges almost untouched by restrictive legislation.)

WASHINGTON, (AP)—Now that it has grown to giant size the position of organized labor has changed a bit.

Now, instead of seeking new benefits, labor has been fighting to hold what it has. It has been forced into that position.

Friends of labor—and labor leaders themselves—say that labor now must begin to show a sense of the responsibility that goes with power.

Emil Rieve, president of the CIO's Textile Workers Union of America, recently said: The time is past when big unions can be operated as a private club "without consideration of public opinion."

"They must now accept the responsibility not only to their own membership but to employers and the general public," he said.

As an example, he said unions should give a strict accounting to their own members and the public—for every penny they take in or spend. Some unions now make public their financial affairs. Many do not.

Employers who complain that present laws restrict them while leaving unions free, want changes. They say:

1. When a union strikes during the life of a contract, it should be denied the benefits of the Na-

tional Labor Relations Act (NLRB).

(The NLRB gives unions the right to bargain with an employer for his workers and forbids the employer to interfere in any way with formation of a union among his workers.)

2. The NLRB should be changed so that a boss would have some freedom in talking with his employees about a union.

3. The closed shop is unlawful. (A closed shop is one where the boss can hire none but union men. A closed shop, under certain conditions, is considered all right by the National Labor Relations Board which was set up to administer the NLRB.)

4. Unions should be forced to incorporate, like any business, so they can be sued for violating a contract.

5. The NLRB should be changed so that foremen could not be organized into unions. They can be now, under certain conditions. Employers say they consider foremen part of management.

6. The NLRB should be changed to compel unions to bargain with an employer. The law doesn't say that now. It says simply that a boss must bargain with a union.

Lighthouse Moved
PORTLAND, Ore. — A lighthouse, 24 feet high and weighing some 20 tons, is being moved to a new location near here.

The old structure, built for the government in 1895 at the junction of the Columbia and Willamette rivers, has a new site, 500 yards from the former foundation, and new occupants. Mr. and Mrs. Al Swanson will use it as a look-out station for the Portland Merchants' exchange and will pass the word along when a ship nears the Willamette mouth.

Letter Auctioned
LONDON. — A letter written by John Quincy Adams when minister to Russia in 1811 describing Anglo-American difficulties which led to war a year later recently was auctioned at Sotheby's for \$168.

Stranahan Paces Kansas City Tournament

Bulla Collects \$2,500 As Top Pro Finisher

KANSAS CITY, July 15 (AP)—Amateur Frank Stranahan, son of a Toledo, O., millionaire, whose winning score of 274 in the Kansas City invitational golf tournament yesterday resembled a pauper's bank account, today had the world's greatest professional teem on his hip for the moment at least.

The 23-year-old Ohioan had the shot for every pin during four days of blasting on Hillcrest country club's 6,592-yard course that ended without several of the big name money-players running out their string.

While Stranahan settled for the title trophy after making the final round in 31-39—69 for a 72-hole total of 14-under par 274, big John Bulla, Chicago, was only one stroke away and collected the professional's prize of \$2,500.

Veterans Byron Nelson, Toledo, pre-tournament favorite, Jimmy Elmes, Chicago, and Harold (Jug) McSpaden, Sanford, Me., each came in with 276's and \$1,433.23 of the \$20,000 victory bond pie.

US open champion Lloyd Mangrum, Chicago, was ninth at 280, and the game's leading money winner for the year, Ben Hogan, of Hershey, Pa., finished in a tenth place tie with four others.

Ex-Army Sergeant Johnny Palmer, Baden, N. C., and Vic Ghieszi, Knoxville, Tenn., tied for sixth and seventh places at 277, while Herman Barron, White Plains, N. Y., was next with a 280.

Stranahan's victory was his second triumph over the pros in the last nine months.

Hogan, who collected his smallest check in many months, \$220, still was the money-man for the year.

Ben's total stands at \$25,214.50.

City Tournament Underway Today

The Mundy course's "show of the year," the City golf tournament, gets underway over the back nine today and is set for an indefinite run.

Qualifying will continue until Aug. 1, during which time most of the patrons of both of the country clubs — are expected to go on the firing line.

Match play gets underway after the first and the play will be conducted on a weekly basis with competition slated to continue well into September.

All matches, as well as the qualifying round, will be decided over the 18-hole route with the entries negotiating the back side twice. The front nine is closed due to repairs.

Early favorites include Obie Bristow, Gene Anderson, Jack Morgan, E. J. Hughes and Dick O'Brien.

Entry fee is \$2, which covers all expenses except the breaking of clubs.

The official WPB report shows that the total war production amounted to \$239,205,995,000.

Galveston Decisions
Conroe At Waco, 3-2

WACO, July 15 (AP)—Dan's Cafe of San Antonio meets Camp Hood and the Texarkana Skyliners play Randolph Field of San Antonio here tonight in the state semi-pro baseball tournament.

Yesterday the Galveston Merchants eked out a 3-2 win over the Conroe Wildcats. Jack Paysee, Galveston third baseman, stole home in the ninth inning for the winning run.

Pobril Tire of Temple forfeited to Shell Oilers yesterday.

American exports to Russia average \$293,000,000 a month; imports from Russia, \$6,000,000 a month.

Lamesans Stage Rally To Edge Gold Sox, 9-7

LAMESA, July 15 — Lamesa's Lobos snapped a losing streak here Sunday afternoon before a slim crowd of 663 as they trimmed the second-place Amarillo Gold Sox 9 to 7 in a tense struggle.

Jack Haupt came in to relieve Lobo starter Bill Mumm in the ninth after Williams and Bauman had led off the final frame with singles. Crues grounded out to third. Sutch popped to Allaire. Then Gold Sox manager Bob Seeds walked to load the bases, and Haupt shut off the threat by fanning Catcher Lamprich to save Mumm the victory.

The Lobos blew an early lead but came back in the eighth with a 3-run rally to triumph. Bob Allaire, manager and second sacker, led off with a triple to right. Martin went out, but Scopetone singled to center to score Allaire and went on to second on Williams error. Joe Fortin drove Albuquerque in, and I. B. Palmer punched a home run after Fortin was out trying to reach second.

Mumm held the Gold Sox to eight hits, but two of them were home runs and two of the passes he issued and one hit batsman eventually scored.

Amarillo's biggest inning was the seventh when they came from behind and took a one run lead on successive home runs by Joe Bauman and Bob Crues after Williams was hit by one of Mumm's pitches. It was the 27th homer for Bauman and No. 15 for Crues. Bill Scopetone's error in the sixth led to one tally for Amarillo, but he made amendments in the same frame by taking Wilson's fly and speeding a perfect strike to home plate to nip Duarte for a double play.

Melago hit a home run with one man on in the fifth as the Lobos took a 6 to 3 lead.

Allaire and Fortin got four hits each to lead the Lobo rampage. Allaire had a double, triple and two singles and Fortin got four singles. Bauman led the Gold Sox with a home run and a single in four trips.

Manager Allaire nominated Cecil Hart as the twirler for the second game of the series. Lamesa has released righthander Pete Teague.

SUSPECT SOUGHT
SHREVEPORT, La., July 15 (AP)—Sheriff Corbett Akin of Carthage, Tex., has asked the Shreveport police department to be on the lookout for a Haynesville, La., man wanted at Carthage on a criminal assault charge.

It is estimated that there was an increase of 300,000 business establishments in the United States during 1945.

LOOKING 'EM OVER

WITH TOMMY HART
There's about as much truth in the stories circulating that Dewitt Coulter, West Point's famous "wandering boy," will earn \$21,500 his first year in professional football as there was in the one making the rounds below the border that Jorge Pasquel offered Teddy Williams half a million potatoes to jump organized baseball.

Football, being the big budget game it is, cannot pay that kind of money because there are so many mouths to feed, not the least of whom are the owners of the parks in which the game is played.

An average lineman in the National league has been making something like \$300 a game, and the magnates consider that big money. The backs may get a bit more because they get better publicity breaks.

This corner knows for a fact some of the squadmen of several second division teams in the National circuit considered themselves lucky to be drawing \$100 a bout.

An ordinary club will have on its roster 30 to 35 players, a few of whom may not even be wage earners. League clubs have to play part of their games on the road, in which case they oftentimes get no more than expenses. It is in their home games that the club owners look to their "take" and that, after expenses and taxes come right off the top, isn't as big as people would think.

Most of the club owners are moneyed men, true. But they didn't get that way by playing a losing proposition, whether it be

railroads, timber or football. So they play the percentages in the game and keep their salaries at a level where they don't stand to lose.

Coulter will be about one of six or eight tackles on his club. Why should his employer pay the Texas boy three or four times as much as the other men of that position, since he will be a rookie and most of them will have had experience in the professional field?

The same goes for ends or guards or centers. It stands to reason that his employers are going to be well equipped with playing strength in order to have a winning team, which is a requisite if they expect to lure the paying customers.

The mynates hire press agents to hallyho their games. Trainers, coaches, efficiency experts—all cost them a pretty penny. The player is just one of many hired hands, all of whom are necessary to make the show click.

The income in years past has had to be spread pretty thin to make it meet, all the expense and no player, whether he is Coulter or Sammy Baugh, hogs it all.

If Coulter draws one-third of what the papers make his salary out to be, he can consider himself lucky.

Buddy Scott, the Texas heavyweight now scrapping with success around Oklahoma City, may soon be matched against Abel Cestac, the Argentine protegee of Jack Dempsey.

Scott must first hurdle Gunnar Barlund Tuesday night, however.

A new minor sport may be introduced in the Southwest conference next spring—sailing.

A group of Texas A&M collegians has made arrangements with the Houston Yacht club to borrow half a dozen sailing vessels and are now trying to introduce several of the other conference schools in promoting races.

DAVIS WINS 18th FOR HENDERSON
By The Associated Press
Henderson, Jacksonville, Tex., and Greenville waved the victory banners in the East Texas league yesterday.

Elton Davis chalked up his 18th mound victory of the season when Henderson hung an 8-6 defeat on Lufkin.

Jacksonville took a two-run lead in the second inning and stretched it into a 7-3 victory over Tyler.

Texas swamped Sherman 8-2.
Greenville rode roughshod over two Paris pitchers to a 10-5 triumph.

ABC, Veterans Get Chance To Bowl Over Pace-Setters

Bredemeyer To Hurl Against Gartman In 7:30 Opener
American Business Club and the Veterans of Foreign Wars campaign to narrow the race for second half honors in the Mundy softball league at the city park this evening when they tangle with two of the pace-setters.

ABC does the honors first, mixing with Big Spring Motor company at 7:30 o'clock while VFW goes into action at 9 o'clock against the Redcaps.

The Fordmen and Doc Wilkinson's gang are deadlocked with Cosden's Oilers, Manhattan and Big Spring Hardware, each with three triumphs in four starts.

ABC is half a game away, having chalked up three wins in five tries while the Vets have been able to register but one victory in four games.

Leon Glenn Bredemeyer, Big Spring Motor's "Mr. Money-in-the-Bank," will toe the rubber against American Business Club and is due to draw D. R. Gartman as a foe.

Sammy Burns, VFW skipper, will not be able to rely on Tommy Elliott, who is out for the season.

Missions To Have New Playing Field
SAN ANTONIO, July 15 (AP)—Plans are expected to be announced soon for a new baseball park on city-owned property to be used by the San Antonio Missions of the Texas league.

Mayor Gus Maersmann has indicated that officials have decided upon a site near Alamo stadium, the high school athletic plant.

Under present plans the city will furnish the land with revenue bonds being used to provide funds for construction of the grandstand and bleachers providing seating capacity of 12,500.

Transit Co. has purchased Tech field, present home of the Missions, and will erect a new bus garage and repair plant.

WHICH WAY ARE YOU GOING AFTER GRADUATION FROM HIGH SCHOOL?

Right after graduation, how would you like to step into a job that gives you good pay... gives you an opportunity to study one or more of 200 skills and trades, including such advanced sciences as aviation, radar, television, electronics, radio, jet propulsion, atomic science... permits you to travel to the far corners of the world... gives you 30 days' vacation with pay every year... provides you with food, clothing, quarters, medical and dental care... pays allowances to your dependents... offers many more attractive advantages... enables you to retire with a life income any time after 20 years?

Believe it or not, that job is open to you right now if you enlist in the U. S. Army. You can learn and earn at the same time. You can attend Army training schools and specialize in courses which will put you away out ahead in a career in later life.

Under the GI Bill of Rights, if you enlist for 3 years, you may have 48 months of college, or business or trade school education, with tuition up to \$500 per ordinary school year paid and \$65 a month living allowance (\$90 if you are married) paid by the Government.

Match this against other opportunities open to you today. It's one you can't afford to miss. Certainly you'll want to get all the facts—and the pay figures are worth seeing, too. Stop in at the Army Recruiting Station and find out all about it.

Reorganization Plans Due To Be Accepted

WASHINGTON, July 15. (AP) — Democratic Leader Barkley (Ky) predicted today the Senate will let President Truman's three government reorganization plans go into effect at midnight tonight. The Kentuckian told reporters he believes his colleagues will follow the trail they struck out on Saturday when they rejected by a 57 to 30 vote a House-approved resolution to disapprove plan No. 3.

The result was to permit the plan to go into effect, since both Houses must say "no" to stop any move of this kind by the President. Republicans opposing the other two plans were expected to concentrate their fire on No. 1. Among its provisions would be the merger of several bureaus dealing with housing into a single, permanent housing agency. Real estate men have opposed the change.

Plan No. 2, which proposes preliminary steps toward setting up a new federal department of welfare under a cabinet officer, seemed likely to provoke less argument.

Opponents pitched more of their unsuccessful fight against plan No. 3 on its proposal to combine the grazing service and general land office into a single bureau of land management in the Interior Department.

Williams, Top Box Office Draw, Wins Spurs As Successor To Ruth

Baseball's top box office draw is Ted Williams of the Boston Red Sox — the logical heir to Babe Ruth's throne. Failure of Joe DiMaggio to hit his pre-war stride left Bobby Feller of Cleveland as Williams' chief rival as a turnstile magnet. But rapid Robert at best can work only every fourth day and Teddy is slugging every afternoon. Williams' performance yesterday enabled Boston to stretch its lead to 11 full games by sweeping a doubleheader from Cleveland, 11-10 and 6-4. Teddy drove in eight runs with three homers and a single in the opener, and doubled down the right field line in the second tilt despite Manager Lou Boudreau's novel defense.

Manpower Shortage Viewed By Fall By Some Economists

WASHINGTON, July 15. (AP) — A new manpower shortage by fall is looming larger in the eyes of some federal economists. Officials of the Civilian Production Administration, who first reported the possibility in May, say now they are "even more convinced" by latest census reports on employment.

The census bureau found the civilian working force had risen to 56,740,000 in June, approaching the "sixty million jobs" level which Secretary of Commerce Henry A. Wallace calls "full employment." CPA officials interviewed said the manpower pinch might be felt as early as October or November, growing out of three factors: (1) demands for perhaps 1,000,000 men in construction and building materials, (2) sizeable expansion in the retail trades and services, and (3) continued but smaller new hiring by factories.

Some analysts in the Office of War Mobilization and Reconversion say there is "better than a 50-50 chance" for a manpower shortage this fall; others believe it will be severe in some industries and localities but not general.

Knott School Work Is Making Progress

Work on the foundation of the Knott school project will probably be completed sometime this week, according to J. D. Jones, contractor. Jones has had a crew of ten men on the job for the past three weeks. Enough steel to complete the work on the base arrived from the manufacturers last week. Construction on the remainder of the \$90,000 structure is expected to be held up, however, since wholesale concerns have notified Jones that part of the material is not immediately available.

A Local Lady Spit Up Acid Liquids For Hours After Eating

For hours after every meal, a local lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloating, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking INNER-AID. Her doctor agrees with her. No gas, bloating or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this remarkable New Compound. INNER-AID contains 12 Great Herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

Martin-Howard Soil Conservation District News

E. T. O'Daniel reports that he has reduced his cattle herd down to only cows and young calves in an effort to conserve as much range grass as possible during the drought. O'Daniel also stated he desires to permit a portion of his range to rest and improve when moisture conditions become favorable. O'Daniel, who has been a district cooperater since 1941, ranches in the Wild Horse conservation group in the eastern portion of the district.

Abnormal dry will be tried as a winter cover and grazing crop on sandy land on the J. Y. Robb ranch. The ranch manager told C. R. Donaldson, local soil conservation service head, that according to his experience elsewhere, abuzzly rye produced an effective cover on sandy land and kept it from blowing during the spring when the hazard is greatest. Moisture evaporation is extremely high during this time of year on both cultivated and range land. Soil conservation service technicians have made observations which show, for example, that when the air temperature is 105 degrees the soil temperature where there is no vegetation may be 133 degrees. However, where a good cover of vegetation occurs, the soil temperature may be 94 degrees.

According to E. J. Hughes, district conservativist, this indicates the importance of maintaining a good cover of range grasses at all times and especially during the growing season. District supervisors Tuesday approved soil and water conservation plans for two farms in the eastern part of the district. They are for Mrs. Ida Mae Oldham, 4.320 acres, and R. R. McNew, 640 acres. Also applications for assistance in planning were received from L. W. Longshore, S. L. Lockhard, L. R. Hanson and L. E. Castle.

Soldier Named In Robbery Charge

WACO, July 15. (AP) — Two soldiers from Fort Sam Houston, Sgt. Hollis E. Lynch and Pfc. Aaron Bragg, have been charged with armed robbery in connection with three robberies between Waco and Temple Saturday night. The two were arrested yesterday in Temple. A total of \$42 was taken from a service station at Eddy, Tex. Ray McGregor, University of Texas student, was robbed of about \$50 at Eddy and J. C. Pitts of about \$50 at Waco.

MARSHALL CHAMPION

PLAINVIEW, Tex., July 15. (AP) — Raymond Marshall, Lubbock, tied the course record of 63 in the second 18 holes of the Plainview invitational golf tournament yesterday to defeat Jack Williams of Plainview 3 and 1.

Louisiana Yields Rich Crude Pay

PHILADELPHIA, July 15. (AP)—John G. Pew, assistant to the vice president of the Sun Oil Company, said the company's discovery of the Delhi fields in Richland Parish, La., has proven to be the biggest field of its type since the discovery of the giant east Texas field in 1930.

Recent surveys of the Delhi field indicate it will produce at least 175,000,000 barrels of oil, Pew said. The East Texas field has yielded approximately 2,000,000,000 barrels and is estimated to have at least that much more in reserve.

Jap-American Heroes Given High Honors

WASHINGTON, July 15. (AP)—President Truman and the Army paid extraordinary tribute today to the 500 surviving soldiers of the Japanese-American 442nd Infantry regimental combat team.

The Chief Executive arranged to affix the Presidential Distinguished Unit Citation banner to the team's colors at an afternoon ceremony which also included a full dress parade and military review.

In Europe during the Potsdam conference last summer Mr. Truman reviewed and decorated the 35th Infantry Division in which he fought in World War I. But no other unit has been singled out for such honors as today's upon its return home from overseas battlegrounds.

Flaunting the reckless slogan "Go for Broke," dice-rolling equivalent of "shoot the works," the group acquired more than 3,600 Purple Heart decorations for wounds and some 1,000 other individual and organizational decorations. The combat team fought at Bloody Cassino; on the bitter beach at Anzio; rescued a lost battalion of the 98th division in France, and drove to the Rhine.

Ten outstanding members of the combat team, each with a name bespeaking Japanese antecedents, were selected to join the President, Secretary of War Patterson and military and civilian notables in the reviewing stand. Also chosen were four famed former members of the unit, now patients at Walter Reed General hospital here.

Weather Forecast

BIG SPRING AND VICINITY: Partly cloudy with scattered thunder showers this afternoon and tonight. High 105; low 75; high tomorrow 103.

A-Bomb Test Range For Australia?

SYDNEY, July 15. (AP)—A British rocket bomb mission which surveyed Australia three months ago was reported today to have recommended to the British government that the world's largest rocket and atom bomb testing range be established in Central Australia.

The Canberra correspondent of the Sydney Sun said the mission had estimated an expenditure between \$28,000,000 and \$32,000,000 would be needed.

Sources close to the government in Canberra said they were unable to confirm officially the Sun report.

Sources close to the government in Canberra said they were unable to confirm officially the Sun report.

The Sun said the testing range would be one thousand miles long and possibly 200 wide.

Here 'n There

Among those recently receiving honorable discharges at the US Naval Separation Center, Norman, Okla., was James C. McClure of Big Spring. McClure recently completed eight months of sea duty in the Pacific.

Bobby Claude Barron, Sp (A) 3-c has received his discharge from the Terminal Island Naval Separation Center, San Pedro, Calif. He recently returned from 13 months of duty in the Pacific, and wears the Asiatic-Pacific and American Theatre ribbons and the Victory medal.

City employes on vacation this week include Bernard Huett of the office staff, and R. V. Forsyth, superintendent of the street department.

Possessor of a Certified Public Accountant's certificate is Joe W. Burrell of the Cosden Petroleum corporation staff, who has been formally notified by the Texas State Board of Public Accountancy that he passed all tests for the certificate. Burrell took the exams soon after his return here from naval service.

Hillman Successor Selected By Union

NEW YORK, July 15. (AP)—Jacob S. Potofsky today took over the presidency of the Amalgamated Clothing Workers of America (CWA), succeeding the late Sidney Hillman. He was elected yesterday by the general executive board of the union.

Scouts To Stage Swim Meet Here

Boy Scouts of the Big Spring district will hold a swimming meet on the night of July 26 at the Municipal pool, W. D. Berry, head of the arrangements committee, has announced.

Three winners in each event will represent the district in a council-wide affair scheduled for Aug. 2 at the Pagoda pool in Midland.

The list of contests include 40-yard breast stroke, 40-yard back stroke, 40-yard side stroke, candle race, towing race, 40-yard free style, diving for 14 years and over, diving for 12 and 13 year olds, 80-yard relay for 12 and 13 year olds, 160 yard relay for 14 years and older, water polo and a dog paddle race.

Cosden Board Is Relected

Directors of the Cosden Petroleum corporation were in session here Monday afternoon to elect officers and transact other business.

Their session was in the wake of the annual stockholders' meeting, held at the company offices during the morning. At that session, the entire directorate was reelected.

B. H. Roth, James L. Carey and Leo M. O'Dell, all of New York City; Nelson Phillips, Jr., of Dallas; and R. L. Tollett, Marvin M. Miller and R. V. Karcher of Big Spring.

Approved at the stockholders meeting was an amendment to the corporation by-laws to permit compensation of not over \$2,500 per year to directors.

Markets

NEW YORK, July 15. (AP)—Stocks generally continued their retreat in today's market when an early selective recovery flurry soon faded.

The drift was lower by fractions to 2 points or so near the fourth hour. Inclined to slip were U. S. Steel, Youngstown Sheet, Chrysler, Montgomery Ward, Sears Roebuck, Woolworth, J. I. Case, Electric Power & Light, American Water Works, Du Pont, Union Carbide, Johns-Manville, Santa Fe, Equitable Office Building, National Distillers and Distillers Corp. Resistance was shown by Goodyear, Lockheed, International Harvester, North American, American Can, Southern Railway, Texas Co. and Standard Oil (N).

10 Pct. Price Hike In Canadian Pulp

TORONTO, July 15. (AP)—A 10 per cent advance in Canadian pulp prices to United States consumers became effective today.

The new price, announced here by Abitibi Power and Paper Corp., was: Bleached sulphite \$103.40, unbleached sulphite \$90.20, bleached sulphate \$103.40, unbleached sulphate \$83.60, groundwood pulp \$63.80.

Dallas Misses Milk Because Of Strike

DALLAS, July 15. (AP)—Milk deliveries will not be made today to 20,000 families in the Dallas area due to a strike of about 70 truck drivers, Lindsay Waters Jr., vice president of the Tennessee Dairies, Inc., said.

Agents of the striking union, Local 745 of the AFL Teamsters Union, were not available for comment.

Houston Selected As Telephone Workers Convention Place

First state meeting of the Southwestern Telephone Workers union has been awarded to Houston, W. D. Berry, district president for the union, announced Monday.

Big Spring had been under consideration with five other cities as a possible convention site. Dates of the convention will be Aug. 26-31. Berry will head a delegation from this district, representing the plants section. Other representatives from traffic and commercial departments from the various locals in the district may be selected soon.

Public Records

Building Permits
L. D. Patterson, to build frame and stucco addition to building at 1311 W. 5th, \$1,000.
J. T. Myrick, to build frame addition to house at 1113 Scurry, \$400.

The Five Mile Act passed in England in 1665 forbade any non-conformist minister, who refused to take the oath of non-resistance, to come within five miles of any corporate town where he had preached since 1660, or to act as a schoolmaster or private tutor.

Committees Plan For Local Rodeo

Plans are shaping up for the annual Big Spring rodeo, directors of the chamber of commerce were told at the regular meeting Monday noon at the Settles.

Lewis Price, chairman of the retail trades committee, said steps were being taken toward handling decorations for the occasion. Two trips advertising the rodeo are being shaped under direction of Elmo Wasson, chairman of the goodwill group.

Payment of \$10,000 on property at W. 2nd and Scurry streets has been made, R. T. Piner, chairman of the special affairs committee, reported. Another \$10,000 will be due in six months and a final \$5,000 within two years, unless cancelled if arrangements are made for construction of a community center on part of the property.

Reports on committee investigation of ceramics plants in the Cisco-Eastland area were heard, and the president, Joe Pickle, expressed hope that a small plant would be launched here this year.

The president also reported that in view of the successful July 4 celebration, plans already were taking shape for an even better affair next year. It was estimated that 10,000 persons viewed the fireworks display at the city park on July 4.

School Lunch Work To Education Dept.

Governor Coke Stevenson has appointed the State Department of Education to manage the US Department of Agriculture's community school luncheon program in Texas for the next fiscal year, according to information channeled through M. Weaver, local AAA supervisor.

Swim Pool Closed For Cleanup Work

The Municipal swimming pool at City park was closed Sunday night to permit workers to clean equipment, city officials reported today.

Plans are to have the pool back in operation Tuesday, but a further delay may be caused by a failure of pumping apparatus in the O'Barr water field in Glasscock county. A transformer burned out at the wells over the weekend leaving only one pump in operation. Repairs will be effected as soon as possible, officials said.

Sunday night was the first time the swimming pool had been drained since its opening April 17.

Curbing Work Starts On South Scurry

Workers were to begin pouring curbing today on the 1400 block of South Scurry street, where preliminary work for paving was completed last week.

The new project will give Scurry continuous paving from First to 15th. Property owners on the 1400 block signed for the paving in the city's voluntary program.

Truman Into Montana Scrap

WASHINGTON, July 15. (AP)—The vote-pulling power of a friendly letter from President Truman encounters a test tomorrow in Montana's democratic primary, which finds James Roosevelt, son of the late president and at least two labor organizations backing Senator Burton K. Wheeler's renomination bid.

Lined up on one side are Wheeler and Mr. Truman, who protested against the "smear campaign" he said was being made against his old senate colleague.

On the other are Lief Erickson, Wheeler's opponent, the CIO, the Brotherhood of Railway Trainmen, Senator James E. Murray (D-Mont) and some members of the National Farmers Union.

The senate campaign investigating committee has pushed into this criss-cross of alignments to dig into (1) contentions by Wheeler that he has been subjected to "unfair propaganda" and (2) a somewhat similar counter assertion by Erickson.

The committee's investigation thus far disclosed a letter from Dr. Truman describing as "sheer distortions of the fact" assertions that Wheeler is an enemy of railroad labor and expressing the hope that "the smear campaign against Burt Wheeler" would stop.

The senate group, without much success thus far, also has been looking into complaints by Erickson that Wheeler "dominates" the inquiry committee.

Army Recruiters To Take Part In Monahans Event

Members of the local US army recruiting office will represent Big Spring in the fete being planned at Monahans in observance of VJ Day August 14.

The local staff will prepare a float for a morning parade there and is making arrangements for an Army band to supply the official music.

Program for the day of celebration is being planned by the American Legion and Veterans of Foreign Wars in co-operation with the chamber of commerce of that city.

Lt. George Kesselring, officer in charge of the local recruiting office, has been informed that the AAF Officers' Training school has again been opened at San Antonio, with new classes of 200 starting work every month.

The school will function as long as the selective service laws are in effect.

J. B. Henry Baby Claimed By Death

Funeral services were conducted by Rev. James Roy Clark Sunday at 4 p. m. in Nalley chapel for Robert Edward Henry, infant son of Mr. and Mrs. J. B. Henry. Death occurred in a local hospital Sunday at 3 a. m.

Survivors include the parents, paternal grandparents, Mr. and Mrs. E. F. Henry, and maternal grandparents, Mr. and Mrs. R. L. Springer of San Angelo.

Burial was in the local cemetery.

Firemen To School

Two men from the Big Spring fire department left Sunday for College Station, where they are attending a firemen's training school at the Texas A&M college.

The short course they are attending will be concluded Friday. Attending from the Big Spring department are R. T. Hale and O. W. Laws.

ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine

Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed nights by a frequent desire to pass water? Then you should know about that famous doctor's discovery—DR. KILMER'S SWAMP ROOT—that thousands say gives blessed relief. Swamp Root is a carefully blended combination of 18 herbs, roots, vegetables, balsams. Dr. Kilmer's is not bark or habit-forming in any way. Many say its marvelous effect is amazing. All druggists sell Swamp Root.

Food gifts to Russia in 1945 included 310,000,000 pounds of meats, 106,000,000 pounds of lard, 8,541,000 pounds of butter, 110,000,000 pounds of sugar, 36,000,000 pounds of vegetable oils. A flood plain in a level land of area on a river border, formed in times of inundation by deposits of silt, sand or gravel which have been eroded and transported from higher land.

AMPHILL-WALK CORP.

NEW DODGE

While You're Waiting we give you ...

Double Protection

***Your Safety and Comfort—*Your Present Car Investment**

TO all OUR FRIENDS and CUSTOMERS—this is the most urgent and sincere advice we can give you today.

"Keep Your Present Car in Top Condition"

Of course we want to put you in a new Dodge as quickly as we can. But we simply can't do that to your own best advantage if you run down the condition of your present car.

Why? Because the wait may be long—your present car is old and yet you need all the driving safety and comfort you can get. Also, because you definitely 'profit' or 'lose' by the "condition" of your present car when you finally turn it in.

So, out of our experience and knowledge of today's conditions we again say to you—**Get Our Double Protection—Today**

Bring in your car. Let us give it the necessary inspection and expert care. Then you'll have peace of mind—and you'll be money ahead.

Your New Dodge will be a rich reward for waiting. With **Double Protection** now—while you're waiting—you gain in every way.
