

Texans To Choose Governor, Local Officials Tomorrow

Jester, Rainey Battle Furiously For Last Punch

By The Associated Press
Texans today are receiving the final punches and blows from one of the most colorful and bitterly fought gubernatorial campaigns in history.

Beauford Jester and Homer P. Rainey are entering the final moments of a campaign that has held the interest of Texas voters for over three months, with each making last minute bids for the blessings of more than a million voters who will go to the polls tomorrow.

Jester, for four years a member of the State Railroad Commission and an attorney-farmer from Corsicana, today is carrying his people's path program and criticisms of his opponent into north Texas after spending most of the week in the Houston and southeast Texas areas.

He was to be in Gainesville this morning, at Decatur this afternoon and is scheduled for a Fort Worth rally tonight.

Rainey, former president of the University of Texas and of Bucknell university in Pennsylvania and former head of the American Youth Commission in Washington, D. C., is enroute to San Antonio for his wind-up rally tonight of attacks on "monopolistic control" and his criticisms of his opponent.

During the week, Rainey has concentrated on a big-city drive, except for last night's appearance at Sulphur Springs where he made a bid for support from among followers of Atty. Gen. Grover Seligman, who ran third in the July primary and who has endorsed Jester in the run-off.

Tomorrow, Jester will return to Corsicana to vote and, in the evening, receive election returns at his law office. Rainey will be in Austin to cast his ballot at the fire station across the street from his home.

At Sulphur Springs last night, Rainey read a letter which he said claimed that Jester was once a member of the Ku Klux Klan. Rainey said the letter was addressed to former Gov. Miriam Ferguson and had been written by J. H. Ridgeway of Route 3, Hillsboro, Tex. The letter, as quoted by Rainey, said Ridgeway had met Jester in a Klan hall in Corsicana.

At Tyler, Jester denied the circumstances quoted in the letter. "Nobody ever met me in any Klan hall because I was never in one," he said. "I was never in any Klan pasture either, or in any Klan meeting of any kind."

Light Showers Fall; Weather Cooler

By The Associated Press
Light rains fell in the Amarillo and El Paso area today and fair weather prevailed in other parts of the state the weather bureau reported. The bureau predicted temperatures in the middle and upper nineties today for most of the state.

Light rains were reported yesterday in the Panhandle and El Paso areas. Dalhart had .74 inches, El Paso .20, Miami .08 and Clarendon .01.

Only two stations yesterday reported temperatures higher than 100 degrees. Mission was high with 103 degrees and Snyder recorded 101.

KBST TO CARRY RUNOFF RETURNS ON BOTH LOCAL AND STATE RACES

Returns of Saturday's runoff primary will be handled in full in broadcasts by KBST Saturday evening.
Election results will be on the air over the local station from 8 to 8:30, from 9:30 to 10 and from 10:15 to 11.
It is hoped that, with the short ballot and prompt reporting by judges, final results on local races can be given during the first broadcast period. Conclusive returns from state races should be available to radio listeners on the later broadcasts.
Both KBST and The Herald will again receive state returns as members of the Texas Election Bureau.

Hemby, Sherrill Succumb To Burns From Cosden Fire

Burns received from a flash fire at the Cosden refinery Thursday morning proved fatal when James Walter Hemby, 57 and Hershel Tolbert Sherrill, 42, died last night at the Big Spring hospital.

Both men received severe burns about the head, neck and back, and arms and legs, attending physicians said.
Cosden officials said today that exact cause of the blaze, which was extinguished after about 45 minutes, has not been determined, but apparently Hemby and Sherrill contacted a high pressure gasoline line while making repairs to a steam line in a refinery distilling unit.
Property damage caused by the fire was considered light, officials said, with a few instruments and electric motors put out of operation by the blaze.

Services Slated For J. W. Hemby At 4 Saturday

Funeral services for James Walter Hemby, 57, victim of a flash fire at Cosden Refinery Thursday morning, will be conducted at the Nalley Chapel at 4 o'clock Saturday afternoon. Rev. W. J. Porterfield will officiate. Burial will be in the local cemetery.

Hemby, who was a steam fitter at the plant, died in a local hospital at approximately 11:45 o'clock last night.
A resident of Big Spring for five years, Hemby came here from Colorado City.
Survivors include his wife, Mrs. J. W. Hemby; four children, Mrs. Lenore French, Billie Murie Hemby and Betty Jo Hemby, all of Big Spring, and Mrs. Bobby Jean Parmham, Colorado City; a brother, John Hemby, Pittsburg, Texas; two sisters, Mrs. Lee Elliott, Mount Vernon, and Mrs. J. W. Leavelle, Levelland; and two grandchildren, Kenneth Fay French and Billy David Hemby, both of Big Spring.
Pall bearers will be Roy Wyrick, John Rainey, Harry A. Lovins, E. W. Richardson, Clyde Arndner, Aubrey Cranfill, Hugh Nixon and R. W. McNew.

Tire Prices Up

WASHINGTON, Aug. 23 (AP)—OPA today authorized an immediate retail increase on about two and one-half cents in prices for tires for passenger cars, motorcycles, trucks and buses.

Retail Sales Jump

AUSTIN, Aug. 23 (AP)—Retail sales in Texas last month jumped 31.1 per cent above those of the same month a year ago, the University of Texas Bureau of Business Research has reported.
Reports by 950 independent retail stores in Texas showed striking gains particularly in sales of durable goods.

The Texas Poll - - -

Jester Will Swamp Rainey; Shivers In Lead For Second Spot, Opinion Sample Indicates

By JOE BELDEN, Director, The Texas Poll, Copyright, 1946
AUSTIN, Aug. 23—As the campaign for governor of Texas went into the home stretch the first part of this week, the Texas Poll gave Beauford Jester a majority that foreshadowed victory over Homer P. Rainey in the runoff Saturday.
These are the final results of the statewide survey conducted Monday, Tuesday and Wednesday:
Beauford Jester 62%
Homer P. Rainey 37%
In the race for lieutenant governor, 21 per cent of the votes were undecided when the poll was taken, a number too large to allow any one safely to say either Allan Shivers or Boyce House has the race cinched. This is made clear by the poll, however:
Shivers is leading House just as he was two weeks ago in another Texas poll, but when the present survey was conducted Shivers no longer held a majority of all the voters.
House has apparently increased his following during the last two weeks, and if he has established a trend he may well give Shivers a close race Saturday.
Shivers led in the July primary, was substantially ahead in the Texas Poll earlier in August, and is still ahead in the present survey. So he has the best chance of winning, but with the large number of undecided voters it would be folly for any poll to predict a winner at this time.
In the governor's race only 7.4% had not made up their minds.

Heavy Voting Seen In County For 18 Men

Representative Race, Eight Others Listed On Second Ballot

Another near-record number of Howard county voters is expected to register selections Saturday on an 18-man ticket in the second Democratic primary election.

As dueling candidates in the nine races not decided in the July primary wound up their campaigning this week, interest centered around the heated governor's race, the sprint for the representative post of the 91st legislative district and the fencing for three seats in the heavy county commissioner's court.

Howard was one of 17 counties within the state to favor Dr. Homer P. Rainey over Beauford Jester in the first primary. Local oracles generally were of the opinion that the Austin educator had perhaps gained even more strength locally, all polls notwithstanding.

R. E. "Peppy" Blount, Big Spring's candidate for the legislative post of the 91st district, was counting on a heavy and favorable local vote to help unseat the incumbent, Cecil H. Barnes of Tom Green county.

The two ran almost neck and neck in the district in the first primary.
R. L. "Pancho" Nall appeared to have a fight on his hands in the Precinct Three commissioner's race. His Saturday foe is Grover Blissard, a decorated war veteran who led the ticket last month.

The Precinct One commissioner's campaign pits the incumbent, J. E. (Ed) Brown against W. W. (Walter) Long while G. E. (Red) Gilliam is trying to unseat H. T. (Thad) Hale in Precinct Two's race.

Only other race of strictly local significance is that for the tax collector-assessor's post where the veteran John F. Wolcott has as political opposition R. B. Hood.
Wolcott lacked some two hundred votes of gaining a clear majority in last month's primary election.

Local consensus was that the present Commissioner of Agriculture, J. E. McDonald, would have a tough time beating R. E. McDonald, who trailed the incumbent by more than 60,000 votes last month.
Here and elsewhere, labor was apparently backing R. E. McDonald solidly.

Other names on the ticket will include:
For LIEUTENANT GOVERNOR: Allan Shivers, Jefferson county; Boyce House, Tarrant county.
For JUDGE COURT OF CRIMINAL APPEALS: Tom L. Beauchamp, Smith county; Jesse Owens, Wilbarger county.
Polls in Big Spring and in other voting precincts of the county will open at 8 a. m. and close at 7 p. m., Election Judge L. S. Patterson announced.

Persons in Voting Precincts 1, 2, 3 and 4 will cast their ballots at the court house. Those in Precinct 5 will vote at West Ward school.
In outlying districts, most boxes are located at school buildings.

500 Pounds Of DDT Being Shipped Here

City officials today were notified that 500 pounds of DDT is being shipped here by the state health department for use in the typhus control program.
The insecticide will be used as soon as the shipment arrives under the supervision of V. A. Cross, director of typhus control, City Manager B. J. McDaniel said. The city requested the shipment for use in eliminating fleas and other insects during the fall.

Yugoslavia Backs Down; Promises No More Firing

Fliers Believed Dead In Plane Forced Down

WASHINGTON, Aug. 23 (AP)—Hopes for the safety of five American fliers shot down by Yugoslav fighters last Monday faded today with a state department report that the Yugoslav fourth army had expressed doubt any of them had parachuted to safety.

That note of pessimism was raised as the department, on the basis of a message from its diplomatic representatives at Belgrade, officially confirmed the release of nine occupants of another American rmy plane which was forced to crash land Aug. 9.

The two incidents led to an ultimatum demanding that Yugoslavia release all the fliers still alive or face an American request for prompt action by the United Nations Security Council.

A message concerning the missing five came from Harold Shantz, charge d'affaires at Belgrade, read in the paper:
"The Fourth Army said they are doubtful whether any of the crew parachuted out. They think the crew may have thrown objects overboard which peasants mistook for parachutes."
Diplomats saw in Premier Marshal Tito's swift submission to the American ultimatum a sign that nations in the Soviet sphere of influence have decided against forcing—at least now—a major showdown which might shake if not wreck the machinery for preserving peace.

But even with that subdued gratification, this country still awaited a full accounting before marking the episode closed.
Three factors combined to relieve the tension which rapidly was reaching the crisis stage:
1. The release of the seven Americans and two Hungarians who had been held since their plane was fired upon by Yugoslav fighters and forced to crash land August 9.

2. Tito's own declaration—that: "I have given the strictest orders x x x not to fire on foreign planes, civil or military, and the procedure (of Aug. 9 and 10) is not to be repeated."
3. A report from American embassy officials in Yugoslavia that "the Yugoslav government has promised to give satisfaction."

Complaint Filed Against US By Yugoslavia

NEW YORK, Aug. 23 (AP)—The Moscow radio reported today that Yugoslavia had filed a complaint against the United States with the United Nations security council.

The government of Yugoslavia has appealed to the United Nations economic and social council for restitution of Yugoslav vessels held by allied military authorities on the northern Danube. The note did not specifically mention the United States, which controls the zone.

The government of Yugoslavia has appealed to the United Nations economic and social council for restitution of Yugoslav vessels held by allied military authorities on the northern Danube. The note did not specifically mention the United States, which controls the zone.

but the Yugoslav delegate to the UN said the note merely asked that the economic and social council discuss the question of shipping on the Danube.
Dr. Andrija Stampar, Yugoslav delegate who also is deputy chairman of the economic and social council, said as far as he could "recall" the note did not mention the United States specifically.

He said he had filed the letter with Trygve Lie, UN secretary-general, about two weeks ago and asked that the question be placed on the agenda of the economic and social council which is due to convene here again Sept. 11.
"This is not a question for the security council," he said. "The letter was sent to Mr. Lie so that the matter could be discussed at length in connection with the problem of the reconstruction of devastated areas."

The Moscow radio, in a broadcast heard in London, declared that Yugoslavia had alleged specifically that the United States refused to relinquish six Yugoslav passenger ships and other vessels now anchored in the upper Danube.

Quoting a Tass message from Belgrade, the radio said that Dr. Stampar had asked that "the incorrect detention of passenger ships and other vessels" be put on the agenda "for the next security council meeting on Aug. 31."

College To Be Given Post Site; Approved For Veteran Schooling

Howard County Junior college today had word of developments on two fronts that smooth out its work of getting housed and in position to offer schooling to veterans.

From the office of Congressman George Mahon, College Prexy E. C. Dodd received a telegram saying that the division engineers in Dallas had been directed to issue immediately a "right of entry" for the college to have access to the hospital unit and adjacent buildings at the Big Spring Bombardier school. This was being passed down from Washington and word was expected soon from the Dallas office.

This authorization will confirm the interim permit which the college has been assured, for temporary use of the buildings; and will not be affected by a WAA action Thursday which stopped title transfer on some army fields and war plants.

Dodd also had word from the state department of education that it is approving the local institution for veterans' training purposes. This approval must go on to a special state committee for final action, but the education department's recommendation is certain of acceptance. This approval means the HCJC's veteran students will be eligible for tuition compensation and of government subsistence while taking their courses.

They described it further as "an assumption of unwarranted and drastic power" and issued a call for a national protest meeting in New Orleans Sept. 20.

The four are: Senate President McKellar (D-Tenn.); acting Chairman Overton (D-La.) of the senate commerce committee; Chairman Mansfield (D-Tex.) of the house rivers and harbors committee; and Chairman Whittington (D-Miss.) of the house flood control committee.

The aroused democrats invited republican members of their committees to join them in the protest meeting.
Several republicans have taken issue with Mr. Truman since he announced his revision of the budget earlier this month in an effort to bring it into balance either this fiscal year or next.

Junior College Catalog Sent Out

First copies of the Howard County Junior college's catalog for the 1946-47 session rolled off the presses Friday, and the book will be distributed to prospective students immediately. E. C. Dodd, president of the college, said.
Printed in the catalog is information concerning courses to be offered during the first term, names of the faculty with data on (See COLLEGE, Pg. 8, Col. 5)

FEARFUL OF SURPLUSES NEXT YEAR

WASHINGTON, Aug. 23 (AP)—Wary lest some crops may yield surpluses next year, Secretary of Agriculture Anderson is casting about for a method of inducing farmers to stick to government production goals.

Under existing farm laws, the agriculture department is required to "support" prices of most agricultural commodities.
Specifically, prices or returns to growers must be maintained at not less than 90 percent of parity, except in the case of cotton, which must be maintained at not less than 92.5 percent. Parity is the figure designed to give the farmer the same buying power he enjoyed in some past favorable period.
Looking to the prospect that world food demands on this country may dwindle considerably after this year, Anderson is known to feel that these support levels may, in the case of some commodities, be too favorable. That is, they might provide an incentive which would lead farmers to produce more than is needed.

Tito Warns Air Force To Let US Planes Pass

PARIS, Aug. 23 (AP)—The official press agency Tanjug said today that Premier Marshal Tito had decided to reject the American ultimatum.

BELGRADE, Aug. 23 (AP)—Premier Marshal Tito, having complied with an angry United States' ultimatum demanding the release of seven interned Americans, has given his air force "the strictest orders" not to fire on foreign planes again, even if they happen to fly over Yugoslavia without clearance.

Tito also has assured US Ambassador Richard C. Patterson that permission would be given American representatives to inspect both US C-47 transports shot down by Yugoslav pilots, the second demand in the ultimatum. One plane was downed near Ljubljana on Aug. 9 and the other near Bled last Monday.

Two American graves registration representatives were scheduled today to inspect the scene of Monday's crash, amid indications that none of the five crew members survived the fire and explosion which occurred when the ship was forced down.

The foreign office earlier in the week stated that two crew members parachuted but Yugoslav military authorities told the US consul in Zagreb yesterday that no trace had been found of them. The other three presumably perished.

(The Belgrade radio, heard in London, said the entire crew had parachuted, but could not be found.)
Seven Americans and two Europeans aboard the plane forced down Aug. 9 were released from custody an hour before Tito's conference with Patterson.

Mrs. White Dies Thursday; Rites Set For Today

Mrs. Margaret Ellen White, 94, passed away in a local hospital Thursday at 6:05 p.m. Services were slated to take place at 5 o'clock this afternoon at the First Baptist Church in Coahoma.

Mrs. White, born Sept. 19, 1850, moved to Big Spring to make her home in 1923 from Franklin county where her husband was buried 31 years ago. She is a native of Tennessee.

The Rev. Dick O'Brien will be in charge of the services with Mrs. W. C. Rogers furnishing the music. Burial will be beside many of her family in a lot in Coahoma.

She is survived by five of her 14 children, John G. White of Talco, Mrs. Sally Ann Patterson of Big Spring, R. A. White of Big Spring, Homer White of Sand Springs and Mrs. S. T. O'Neal of Mount Vernon.

Of her 206 grandchildren, great-grandchildren and great-great-grandchildren, the following are to be here for the funeral: Mrs. J. E. Russell of Big Spring, Mrs. and Mrs. Ralph W. Cook, Mrs. Grace Callahan, Mary Frances White, Betty Jane White, and Donald White, all of Coahoma and Elmo White of Lamesa, Mrs. Edna Miers of Big Spring and Mrs. E. F. White of Stanton.

Pallbearers will be T. W. Faris, A. W. Thompson, C. A. Cauffman, Donald Lay, Hollis Shirley and Les Adams.

Anderson Reported Seeking Means For Farmers To Stick To Crop Goals

WASHINGTON, Aug. 23 (AP)—Some thought is being given to suggestions that the price support programs would be carried out only if a farmer produced within goals set by the department.

Such a plan might require a return to pre-war AAA support allotments and price supports subsidies. Each producer then would be given a planting allotment for the crops he normally grew. And he would be assured the support price—or subsidy—only on that portion of his crop grown on his allotted acreage.

WATCHDOGS FOR THE GOVERNMENT

Narcotics Agents Find Dope Rings Base In Jive Joints For Rug Cutters

(Editor's Note: This is the third in a series of stories about the work of the Undercover Men in the US government who ferret out breakers of 'coercal law.'

By FRANK L. WELLER AP Newsfeatures Writer

WASHINGTON—This is a story about a pretty young girl we'll call "Susie."

Agents of the Narcotics Bureau of the US Treasury tell it... to emphasize the terrifying increase in use of illicit narcotics by teenagers.

"Susie" was in a jive-joint. She was only 18.

"Have a cigaret?"... a smooth stranger asked when the band stopped.

"Reefers," Susie scowled. "Kid stuff! My gang uses the real thing now."

Agents say "reefers"—marijuana cigarettes—aren't enough for boys and girls like Susie these days. They have found them using five kinds of the old-time narcotics which almost disappeared from the market during war years.

Import shipping from the Orient was nil then, and sources of illicit traffic were cut off. Now they are open. Much of the supply is coming into parts of Mexico where it is difficult for police to operate.

Well-financed gangs are running it into Texas, New Mexico and California. Jobbers ship the raw product to New York for processing, and the peddler's product is smuggled back into consumer channels.

A narcotic agent told me that right now most of it is being found in Cleveland, Detroit, Chicago, Buffalo, Rochester and Albany.

He said practically all the dealers are musicians or ex-musicians of cheap popular dance orchestras and the jazz-hound type of individual.

That, he said, is how peddlers contact such girls as "Susie" and her boy friends. Arrests are especially difficult because the peddlers are in conspicuous, furtive, small operators and the rugcutters are alerted to spot narcotics agents and signal the peddler.

The bureau, headed by H. J. Anslinger, pretty well knows the sources of supply for confirmed narcotics addicts. It seems the habit-forming peril of the traffic has moved from well-known criminal channels to these jive dives, where unrestrained youths think a "thump" or two will "send" them, and "hot horns" in the hands use the stuff to stay "hot."

However, agents recently have arrested 26 peddlers in the Times Square, 52nd Street and Harlem areas of New York. They arrested 16 in Rochester and Buffalo.

In 1945 narcotics agents made 1,474 arrests and seized 5,052 ounces of narcotics and 4,550 ounces of bulk marihuana...

Now, they say, there is evidence

Texas Today—

Texans Exhibit Some Of Their Many Inventions

By JACK RUTLEDGE Associated Press Staff

"One thing I have to admit about you Texans, said John L. E. Collier, president of Ideas Unlimited," "you certainly don't believe anything is impossible and you don't mind spending money to prove it."

He made his comment after studying gadgets offered him by over 100 Dallas inventors. Their products filled a whole room.

The items ranged from new types of fishing lures to working models for new plows.

One was a design for a motor-driven turntable to be installed in front of your garage at home. According to his plan, a motorist would back out of the garage onto the turn table, which would automatically spin the car around, facing it in a forward driving position.

Another idea was a small flashlight to be attached to the lining of women's purses. One inventor had a toy submarine which dives and remains submerged in a bathtub, and another had a neckpiece to serve as book holder for beauty shop customers whose hands are not free.

A hair-curler turning out both round and flat curls; a plow which the designer claimed will speed up per-acreage yield; a sample of corrugated plywood for use in building anything from a footstool to a house, and a new type of water container for refrigerators were other ideas.

Sure, Texas has everything. It was, for example, 80 years ahead of Senator Claghorn, the unreconstructed rebel of the airwaves.

The historic tower clock at Ursuline Academy in San Antonio, erected in Civil War days, has just three faces. The side that faces north is barren and has no clock.

Actually, the story goes, the clock was sent from France at a time when the academy was on the very outskirts of town. No one, by any wild stretch of imagination, could conceive of the little cow town ever extending any further to the north, so they just didn't have a clock facing that direction.

Now, down town, the clock is still used and the San Antonio Evening News called it the "Claghorn Clock" because it refuses to show its face to the north.

Navy Announces New Retirement Benefits

Navy recruiting officers just received word that new retirement benefits are now in effect. Upon completion of 20 years active service in the Army, Navy, Marine Corps, Coast Guard, or any component thereof, men may upon their own request be transferred to the Fleet Reserve for inactive duty.

For 20 years service here is the rate of pay for the different pay grades:

Table with 2 columns: Pay Grade and Rate. Chief Petty Officer \$132, Petty Officer, 1st Class \$108, Petty Officer, 2nd Class \$92, Petty Officer, 3rd Class \$80, Seaman 1st Class \$72, Fireman 1st Class \$64, Seaman 2nd Class \$64.

These rates do not include 10 percent for heroism or good conduct.

Frank Honeycutt Succeeds Joe Holladay As Athletic Coach At Forsan High School

Frank P. Honeycutt, Jr., of Big Sandy, Texas, one of three candidates considered, has been elected coach and physical education instructor at Forsan high school.

Honeycutt was chosen at a meeting of school board members this week. The trustees first convened last Friday to discuss applications but reached no decision.

Honeycutt succeeds Joe Holladay, who has served as mentor of the Forsan athletic teams for the past several years.

Recently discharged from the US Navy, Honeycutt spent 30 months as PE instructor of boot trainees at Great Lakes and a year in that capacity in medical rehabilitation. During his time in service, he served a basketball and track coach for his battalion.

The new coach and his family are expected to move to Forsan within the next few days. Fall grid drills will get underway at Forsan Tuesday, Sept. 3.

Army Wives In Tokyo Protest Quarters

TOKYO, Aug. 23 (P)—A delegation of US army wives, protesting living conditions at their Quonset hut village, "Palace Heights," were told today they probably would have to remain there at least until after the first of the year.

Col. L. A. Diller, secretary to the general staff, said the village never was intended as housing for dependents of army and civilian personnel but was so utilized to enable some junior officers to bring out their families before permanent housing is ready.

Other officers chose to wait until more adequate housing is available, and their dependents will be arriving soon.

"These officers who waited will have to be considered," he said. A spokeswoman for the group said efforts were being made to "clean up unsanitary conditions and remove dangers to children," since there was no immediate hope of moving to permanent units.

SHOOT LUKE, OR GIVE UP THE GUN

SAN ANTONIO, Aug. 23 (P)—To an army colonel who claimed another man was bothering his wife, District Judge Robert W. Terrell gave this advice: "Take a 12-gauge shotgun and finish off the man in Texas style."

Col. John F. Gullett, commander of the Goodfellow Field at San Angelo, Tex., had asked an injunction restraining a San Antonio man from visiting and telephoning his wife. The colonel said Mrs. Gullett had met the man six months ago and since then had been getting "20 to 30 telephone calls a day" from him.

Judge Terrell yesterday declared his court had no intention of making itself look "ridiculous" by granting such an injunction and then suggested "there are two courses open to Col. Gullett. He can take a 12-gauge shotgun and finish off the man in Texas style or he can withdraw this foolish case."

PROMOTE SENATOR Allan Shivers To LIEUTENANT GOVERNOR

Allan Shivers is the only candidate in this race who has the necessary and essential experience to be your lieutenant governor—the presiding officer of the senate. He also is the ONLY WAR VETERAN in the race.

Allan Shivers stands for a more progressive program for Texas. He is the anti-sales tax candidate. He believes that no new taxes are necessary to expand our highways and farm to market roads, to pay old age pensions in full, improve our public health system and develop a school system excelled by none.

Allan Shivers is a lawyer, farmer, legislator and loyal Democrat. He is married, the father of two sons and a homeowner. He waived senatorial exemption, volunteered for the Army and served two years overseas, earning five battle stars.

His 12 years as a member of the senate, combined with service to his country in time of war, fully qualify him to be a fair, impartial and honest lieutenant governor. Allan Shivers has conducted a clean, upright campaign. He will make a conscientious, aggressive and honest lieutenant governor. Vote for Allan Shivers and you will be voting for a greater, more progressive Texas.

Letter To The Editor— Dictators Cited By Supporter Of Homer P. Rainey

To The Editor: This is why I am for Dr. Rainey.

"The Lord preserve us from arrogance and pride." This is a quotation from one of the last letters of George Washington, then an old man, after he had led his armies against the arrogant princes of the day. You will notice that he did not say "The Lord has preserved us" but he put it in the present tense, hoping for the continual preservation each day which he knew we would need.

Usually when we think of a prince or dictator we look back two centuries or across the seas and we say, "Thank goodness they are gone." We do not notice those at our door-step today.

We could pay more attention to that sizable conflict which Andrew Jackson had with them about one century ago.

Both of these men were generals and they would fight if it came to the preservation of America. Some of us know that these princes are still with us because we have had to deal with them. Many a prince has had no more power and no more profound contempt than some of the people with whom Dr. Rainey has had to deal.

It was my personal fortune to work with one of these men for years and if I had been a general like Washington or Jackson there would have been another fight on. There are two spirits in this world. "The Lord preserve us from arrogance and pride" is my humble prayer on this election day. Sincerely yours, Mrs. Leighton Mundt.

DAUGHTERS OF CANDIDATES—Daughters of Texas gubernatorial candidates Beauford Jester of Corsicana and Homer P. Rainey of Austin have made platform appearances with their fathers during the runoff campaign for the democratic nomination. Here are (left to right), Barbara Jester, 21, Joan Jester, 16, and Lenore Rainey, 18. (AP Photos.)

Fathers Vie For Governorship, Daughters For Sam Houston's Bed

By GARTH JONES Associated Press Staff

No matter who wins the runoff, the governor's mansion is going to be graced by a typical beauty or two.

If Beauford Jester wins, Barbara and Joan Jester will add charm to the Austin home. If Homer P. Rainey wins, it will be Lenore Rainey.

These girls, true to the modern trend, are not sitting back with bated breath waiting for their fathers to win.

During the run-off campaign these three attractive girls added glamour to the speakers' platform.

At least one of them—Barbara Jester—has taken an active part in promoting her father's candidacy.

All three daughters, plus other members of the candidates' family, plan to travel the campaign road during the last stages of the run-off.

Barbara, 21, green eyes, blonde hair, made her first appearance in the political race during the first primary. At first she merely traveled with Jester. Later when he was called to Dallas to the Federal Communication Commission's hearing, she took the microphone and actively advocated his election.

Barbara is a senior at the University of Texas, with a music major in voice and harp. At present she is single. She admits she has serious romantic intentions but says she is not ready to make them publicly known.

The tall vivacious blonde describes herself as a typical Texas college girl.

"I like swimming and bowling," she said, "and of course I like my music. Daddy and mother used to sing and play at home when they were younger, but now that I've grown up, I sort of furnish the

musical entertainment around the house."

Barbara says she has never had a chance to visit the Texas governor's mansion but would like to very much.

"I've always had a hankering to sleep in the Sam Houston bed," she said.

Joan Jester, 16, green eyes, brown hair, is a senior in Corsicana high school.

ZIEGLER TO SPEAK GALVESTON, Aug. 23 (AP)—Officials of the John Sealy college of nursing have announced that Miss Frances Helen Ziegler, dean of the college of nursing of Vanderbilt university, Nashville, Tenn., will be speaker at the school's commencement exercises here Nov. 1.

of hoping her father will be elected governor—movies, swimming, and football.

"I've always thought I'd like art," she said. "I think I'd like to do sketching and such as that, although I've never done any of it."

Joan has never been in the governor's mansion either, and so far has no choice of rooms if the White House of Texas becomes her home address.

"You know," she said, "There's one thing I'd like before this campaign is over. I'd like to hear Dr. Rainey make a speech. I've heard so much about him."

Joan traveled with her father during most of the first week of his runoff campaign, and has been with him during much of the latter stage along with the rest of the Jester family.

Lenore Rainey, 18, blue eyes, brown hair, is a sophomore at the University of Texas. Her major is in economics.

"No special phase of economics," she said, "because I'm not far enough along to start specializing. However, the thing I really want to do is get married."

Lenore likes tennis and riding—"that is I like them sometimes. I guess a lot of the time I'm more of a hot house flower. Or maybe I'm a little lazy."

Lenore says she has been in the governor's mansion a number of times and if her father is elected, she has a room picked out for her personal use.

"I'd like to sleep in the Sam Houston bed," she said. She joined her father Aug. 6 and has traveled with him often during the remainder of the campaign. During his speeches she sits on the platform close behind him. When she is introduced to the rally audiences, Lenore smiles and bows, and returns to her seat.

Dr. Rainey has an older daughter, Mrs. Helen Rainey Gilmore, who lives in Austin.

MORNING: Let the Christian Have His Say So. Psalms 107:2 EVENING: "The Lord's Portion Is His People" Deut. 32:9 First Baptist Church Everybody's Church Sixth & Main

YESTERDAY A group of little boys and girls in Big Spring got out of bed on a Sunday morning. Their parents did not go to church and Sunday school, therefore did not realize the importance of their children attending. While the parents read or visited or played games or worked, the children amused themselves as best they could and doing whatever whims and human desires led them to do. They met with others of their sort and learned to do many things which children should not do. The idea of the Lord's Day being sacred never occurred to them. No one ever told them and they had no home example. TODAY They have grown to mature men and women. They still do not realize the sacredness of Sunday as a day of worship. They go ahead with business and social affairs as on other days. They play or work and hardly know how the inside of a church looks or what worship is. They even visit neighbors who are church members and keep them away from worship. They hardly glance at a church when they drive down the street past the many places of worship. TOMORROW Illness or accident will come. Death will stretch out his bony hands and his icy fingers will lay hold upon their throats and choke the life out of their bodies. As they take the last fleeting glance backward over life it will appear empty and fruitless and a look forward into the endless eternity will reveal only void and emptiness. Then they must appear in His presence and near Him say, "Depart from me, I never knew you." Big Spring Pastors Association

Redcaps Lick ABC, Ford Brigade Licks Pipeliners

The three top teams in the Mury softball league came through with triumphs Thursday night in the midst of some furious campaigning near season's end.

Doc's Redcaps, deadlocked with the Refiners for the lead position, humbled Vernon Whittington's American Business Club in a wild contest, 15-6.

Both debaters were unrelenting on the city park diamond. In addition to those wins, Cosden and the Wilkinson gang picked up decisions on forfeits from Dub's Garage and Manhattan, respectively.

Tulsa Cops Duke After Rhubarb With Sports

Tulsa fans last night saw their Oilers score five runs in the seventh inning to come from behind to defeat the Shreveport Sports, 6-4, in a game that included a brief pop-bottle barrage and the ousting of three Oilers by umpires at Orr and Perry Hunter.

The Oilers and the remnants of Eddie Hammond's UBW team put on perhaps the best entertainment, from the standpoint of spectator interest.

Despite a home run by Jake Morgan and some nifty hurling by Red Harrison, the Mechanics got behind Toby Cunningham to win the game.

LOOKING 'EM OVER

With TOMMY HART Our Town bids fair to be the busiest sports mecca in West Texas the last weekend in this month.

The Big Spring Invitational Golf tournament, bigger and better than ever, will open up with the Hall and Bennett Trophy matches on Friday, Aug. 30, and continue through Monday, Sept. 2. A record entry list is anticipated.

Saturday (Aug. 31), six-man football coaches gather at the Settles hotel for an all-day coaching school. Rodney Kidd, state interscholastic league athletic director, is making preparations to attend the clinic.

Sunday (Sept. 1), coaches and officials of the 3AA high school football district arrive for a rules and orientation session and will lay final plans for the fall campaign.

Coach Johnny Dibrell will issue equipment to the Big Spring high school griders either on that Sunday or the following day. The Bovings will be hard at work for their opening game with Cisco by the middle of the first week in September.

Elias Gamboa's Big Spring baseball Tigers tie into the San Angelo Sheep Herders in what should shape up as a very interesting contest on Sept. 1 at the North Ward diamond.

Country club officials are still hopeful of getting Earl Stewart, Jr., the Dallas ace, to come here for the Labor Day golf tournament, even though Earl has gone north to play in an amateur meet in Chicago.

Stewart wrapped up the gold trophy in the Longview tournament last weekend, dusting off Tommy Bolt of Shreveport, 10 and 6, in the finals.

The Dallas linkman fired a sizzling 66 to take an eight hole lead on the first 18 holes.

Miami's football Seahawks, Big Spring's Ole Cordill et al, trek northward from their training base at Asheville, N. C., to Baltimore Friday, Aug. 30, to do battle with the Buffalo Bisons in an All-American professional conference exhibition game.

Buffalo's coach is none other than Red Dawson, who used to tutor the Tulane Greenies. He has had his charges in training at Oconomowoc, Wis.

Most local baseball fans should have no trouble in recalling Buzz Backs, who filled in here as a backstop under Jodie Tate part of the 1941 season.

The sign was hung out by some of the passengers as an expression of their feelings about conditions aboard. They told Sydney newspaper reporters that during the voyage the dormitories were sometimes in a filthy condition, that crewmen behaved badly and the medical attention was poor.

One passenger, Miss Kitty Dillabough of Philadelphia, declared that conditions on the Falcon "merit congressional investigation."

The master of the vessel, Capt. Robert A. Eastman, said in reply that the Falcon was "trophied from the keel up" and that on his daily inspections he failed to find any insanitary conditions.

Sam H. Richter, regional representative of the war shipping administration, said tonight he would investigate the complaints and inspect the vessel tomorrow.

Archie MacDonald, Daily Telegraph shipping reporter who spent hours aboard interviewing passengers, said he failed to find anyone who had a good word to say about the voyage.

Three Sam Houston Men With All-Stars

HUNTSVILLE, Aug. 23 (AP) — Three former Sam Houston college football players will be on the Los Angeles Ram professional team that opens its grid season tonight in Chicago against the college all-stars.

They are Ben Hightower of Beaumont, end; Ralph Ruthstrom, Houston, halfback; and E. W. Grubbs, Orange, center.

Hightower was twice an all-Lone Star conference player. Grubbs left the Bearkats in 1942 as an all-conference center. Ruthstrom, a triple threat man, also made the conference all-star squad.

Dyer Clan Defeats Phillies in Twin Bill At St. Louis

By The Associated Press
If the St. Louis Cardinals fail to win the National league flag this season, it won't be the fault of Stanley Frank Musial, the circuit's number one batter.

Musial rapped out six hits as the Cardinals swept a doubleheader from the Philadelphia Phillies, 7-6 and 4-3, to draw even with the Dodgers who were shut out, 2-0 by the Reds in Cincinnati.

The hard-hitting first baseman won the opener, played in the afternoon, with a home run in the 12th inning and blasted the Phillies hopes of a split with a trio of base hits which accounted for the winning runs in the second game, played at night.

Johnny (Double-No-Hit) Vander Meer pitched the shutout against the Dodgers, handing the Brooks their second loss in three games of their fourth and final western trip.

The Chicago White Sox won their first game from the American league leading Boston Red Sox in nine starts at Fenway Park this season by coming from behind to eke out a 4-3 11-inning decision.

Winning their second doubleheader in two days, the runner-up New York Yankees trimmed the St. Louis Browns, 4-3 and 8-2.

The Boston Braves won their sixth straight victory over the Chicago Cubs, 3-2. The Braves' rookie southpaw Monte Kennedy won a tight pitching duel from veteran Rip Sewell as the New York Giants nosed out the Pittsburgh Pirates, 1-0, in ten innings.

The Philadelphia Athletics hammered Bob Feller for three consecutive hits in the seventh inning to outscore the Cleveland Indians, 8-6, for their third straight victory.

A scheduled night game at Washington between the Detroit Tigers and the Senators was halted by rain at the end of two scoreless innings.

Lord Byron Still Running Strong At Portland

PORTLAND, Ore., Aug. 23 (AP) — Defending champion Byron Nelson—aching back and all—was still very much in the running today as eight survivors of an original field of 123 hit the 36-hole quarterfinals of the 28th annual National Professional Golfers' championship.

Lord Byron led the procession of sub-par winners in yesterday's third round, being nine under par for the 34 holes he required to dispose of Herman Barron, Tam O'Shanter open champion from White Plains, N. Y. The score was 3 and 2.

Every one of yesterday's winners bettered par. Ed "Porky" Oliver of Chicago, who was to play Nelson in a feature 36-hole today, was eight under for 32 holes in beating Chandler Harper, Portsmouth, Va., 5 and 4.

Harold "Jug" McSpaden of Sanford, Me., was seven under for 33 holes in beating E. J. "Dutch" Harrison, Little Rock, Ark., 4 and 3.

Jimmy Demaret of Houston, Tex., was five under par for 34 holes as he eliminated tourney medalist Jim Ferrier of San Francisco, 3 and 2.

Jim Turnesa, Mamaroneck, N. Y., was one under par for 32 holes in defeating Dick Shoemaker, the husky ex-welder from Pittsburgh, Pa., 5 and 4.

Busy Ben Hogan of Hershey, Pa., was six under par for 32 holes as he beat Art Bell of Colma, Calif., 5 and 4.

Both of these scrappers have shown good form since release from the Navy. Bell boasts a string of 15-straight triumphs, 12 by kayak. He's a seasoned performer and a powerful puncher.

Abrams is a cagey combination boxer-mauler with an aggressive style. He prefers to fight inside and is hard to nail with a solid sock. Tony Zale nosed him out in a 100-lb. title match just before the war, but Georgie boasts three victories over former champion Billy Goose.

AN APPEAL TO REASON

The importance of the office of State Representative to the District transcends the mere consideration of place of residence. Cecil H. Barnes, Representative for one term, defeated Burke T. Summers in a fair face with a clear majority for the last Legislature, whereupon Summers left the people's cause and became a professional lobbyist during the 49th Legislature. He is, and has been for weeks devoting his time, furnishing an automobile and spending money to accomplish the defeat of Cecil H. Barnes for his own personal ends, and without citing anything in the record that merits the defeat of the incumbent. Cecil H. Barnes appeals to the electorate that this is not a sound political principle upon which to defeat a public servant and asks for a fair decision from the voters.

The young opponent of Cecil H. Barnes is only a sophomore in Texas University with veteran's benefits and with his education not half completed. He states that he will resume his football career and education, which is a full time job in itself; yet asks for a top State office with heavy and specialized responsibilities that he would accept as a sideline to football and an unfinished education. Should this request be granted for the asking? Is it fair to the District to so replace experience? Is it actually fair to deny him a responsibility beyond his years and experience? To refuse a child a task beyond his years trains him. To refuse a young man an office beyond his years is not an injustice, but to displace a qualified man with him would be an injustice to the man and to the District.

Blount Termed A Symbol Of Young American Manhood

To the Editor:
I am interested in Peppy Blount not only as an individual and a friend, but also because to me he is a symbol of young American manhood at its best.
He is the son of a working man and a member of a family that has always been of service to its community and country.
His father, a maintenance foreman, has been on the same work for 28 years, since he returned from France where he spent his 18th birthday as a member of the artillery, in Battery C, trench mortar battalion. He has been active in the American Legion and VFW and is a member of the Methodist church.
His mother rendered service to her country by acting as camp hostess to the G.I.'s at the air base in Big Spring. She has been president of the P-TA and has been very active in other civic affairs.
His sister has just graduated from our local high school where she was yell leader, a member of the band and active in other affairs. She has contributed her vocal talent to many worthy occasions.
With a family like this whose life has been devoted to service to the community and country, it is only natural that Peppy should grow up to consider service to his fellow man a matter of course and actual duty.
I have watched the boy since he was a baby. I have seen him caddying on our local golf links, just a big kid with an infectious grin. I have seen him grow and attend high school and represent us on our athletic teams. I have watched him blossom into manhood as he further represented us on Luzon and in French Indo China as a member of the United States air corps. I saw him come home with one of the highest honors the air corps can offer, the Distinguished Flying Cross. MacArthur was glad to have him; the president must have been glad to have him, too, for his unit received a Presidential citation. But for all the honors he has received none in my mind compares to the fact that in his whole lifetime in this community no one can point to any act that has not been that of a gentleman and a true sport. His life has been clean and fine and Christian in every respect.
I am not one to say that age may not help gain experience and knowledge. But not necessarily so. A jackass is still a jackass at one year or a hundred. Age was not too much help to our distinguished congressman Andrew May who, at 71, has involved us in a national scandal. The leaders of the world have had us in two wars during my generation. In a land of plenty we have seen our citizens in poverty and want. No age alone and brains alone are not enough. A man must have it in his heart to serve his fellow man. I believe that Peppy Blount has that quality. I believe that the youth who saved this nation should have some small voice in its government, if that youth has a sincere devotion to its people and its country.
Sincerely,
OBIE BRISTOW.

Markets
NEW YORK, Aug. 23 (AP)—Selected stocks negotiated a half-hearted recovery in today's market although many leaders were notably indifferent.
Deals reverted to sluggishness after a fairly active first hour and early gains. Scattered losers appeared and the direction was a trifle foggy near the close. Transfers dwindled to about 750,000 shares compared with 1,530,000 the day before.

Weather Forecast
BIG SPRING AND VICINITY: Partly cloudy this afternoon, tonight and Saturday; not much change in temperature. Expected high today, 96 degrees; low tonight, 69; high tomorrow, 95.
EAST TEXAS: Partly cloudy this afternoon, tonight and Saturday. Scattered thundershowers along the upper coast Saturday. Gentle to moderate to southeast winds.
WEST TEXAS: Partly cloudy this afternoon, tonight and Saturday. Scattered showers in Panhandle and the El Paso area.

Robertson Child's Illness Diagnosed As Poliomyelitis

Big Spring's first local case of poliomyelitis of the year was reported Friday, when physicians made that diagnosis of the illness of Linda Robertson, five-year-old daughter of Mr. and Mrs. J. O. Robertson, 406 Galveston street. While her condition was regarded as serious, the physician said there is yet no condition of paralysis.
Some out-of-town polio cases have been treated here this summer, but Linda's case is the first reported in the city proper.
Report of the case prompted County Sanitarian Lawrence Wells to appeal anew for sanitation precautions.

"We believe that the men and women who compose our faculty are capable of giving the highest type of instruction," Dodd said. "All full-time instructors have Masters degrees, and part-time faculty members are experienced in educational work."
Pointing out that the catalog has been prepared chiefly as a guide for students who desire information about the college, Dodd emphasized that several courses not yet listed probably will be offered. The college intends to provide a program based principally on demand, he said, and inquiries concerning any that are not included in the catalog will be welcomed by the president.
