Railway Will Seek Lower Fares

To Ask Two Cent Rate From Texarkana to Fort Worth

Austin, Nov. 24. (AP)—Apparently satisfied with its experiment in reducing rates as a stimulus to passenger travel, the Texas and Pacific has applied to the state railroad commission for authority to put the reduced rates in effect between Texarkana and Fort Worth.

Hearing on the application, it was announced, will be held in Fort Worth Dec. 3.

The railroad asked to make the two-cent rate effective for continuous passage in coaches on trains 31 and 32, six points on the line. Minimum fare would be 40 cents, and the railroad would have the privilege of covering fares ending in odd cents into fares ending in round figures. Only 50 pounds of baggage would be allowed.

The rates were first applied over the Texas and Pacific line from Fort Worth to Big Spring. Subsequently the reduction was made effective on the Texas-Mexican railroad and several bus companies were allowed cuts.

The standard passenger fare was approximately 36 cents per mile.

JUDGE ORDERS FOUR GRAYSON MEN RELEASED

DALLAS, Nov. 24. (AP)—Four men, who, with 10 others, had been indicted for their alleged part in burning of the Grayson county courthouse May 9, and had been unable to make bond, were ordered released on their own recognizance by District Judge Charles A. Phippen today. Those unable to make bond had been in jail here several months.

Cases of the 14 defendants recently were sent to Austin on a charge of venue when prospective jurors told the court they could not vote to convict after they were told of the circumstances surrounding the courthouse fire.

The courthouse was burned by a mob in an effort to take George Hughes, negro, from the criminal assault against a white woman. All defendants were directed to appear before the Travis county district court Dec. 1.

Supreme Court Rules Property Taxes Separate

WASHINGTON, Nov. 24. (AP)—The supreme court ruled today that income from community property in Arizona, Louisiana, Texas and Washington may be reported by the husband and wife.

The decision, handed down by Justice Roberts, upheld the findings of courts in the four states. The government brought the case to the supreme court insisting community property income must be reported in its entirety in a single tax return by the husband alone.

It pointed out that with the rate of taxation increasing proportionately with the amount of income, separate returns resulted in a lower total payment to the government.

The question turned on the interest of the wife in the income from community property as fixed by the laws of the four states.

In a recent similar case from California, the supreme court ruled, the wife's interest was not taxed.

Justice Roberts said the test was one of ownership of the income under state law and stated that under the laws of Washington, Arizona, Texas and Louisiana, one-half belonged to the wife and that the government's contention the question of control should prevail.

Fri-Motor Ship Crashes, Pilots Fatally Injured

DETROIT, Nov. 24. (AP)—Two employees of the Ford Motor company were killed when their tri-motored experimental plane crashed in flames on the Ford airport at Dearborn today.

The dead are Myron E. Zeller, 24, of Dearborn, pilot, and Carl W. Wenzel, 30, of River Rouge, mechanic.

The two men had been in the air for about an hour and were returning to the airport when their plane caught fire. Zeller managed to bring the plane to the earth nearby at the center of the field after the flaming descent had been witnessed by hundreds of persons.

As the plane landed it turned over, and was enveloped in flames. Both men were burned fatally before firemen were able to rescue them.

WINGING WAY TO SAN DIEGO

LATE TEXAS NEWS BRIEFS

ASK THREE POSSESSORS TO LEAVE, TEXAS, Nov. 24. (AP)—Judge W. R. Irving granted separate trials for Carl Reiner and Campbell Thompson, Gray county ranchers, charged jointly with the slaying of Homer Crabtree, another ranchman, when the case was called in district court here today. It was decided to try Reiner first.

Reiner's attorney filed a request for a suspended sentence and a special venire of 170 men was to report this afternoon.

The state will allege that Crabtree was beaten to death and struck with the back of heavy boots. Reiner and Thompson were arrested shortly after Crabtree was found in a dying condition on his ranch.

The court room was filled with friends of the three men when court opened.

ROB POSTOFFICE

SAINT JOHNS, Nov. 24. (AP)—Robbers last night took approximately \$600 worth of stamps from the postoffice in the back of heavy boots. Reiner and Thompson were arrested shortly after Crabtree was found in a dying condition on his ranch.

The court room was filled with friends of the three men when court opened.

LOOT WACO STORE

WACO, Tex., Nov. 24. (AP)—Burglars took approximately \$5000 from a safe in Sanger Brothers store here last night, after they tied C. C. Matheny, night watchman.

While making his rounds, Matheny was confronted by two men who held him up with a pistol and chained him by his neck to a post outside the store's business office on the third floor of the building while they cracked the safe.

After the robbers left, Matheny managed to free himself and called police.

Victim of Somnambulism Slashes Half Brother To Death, Wounds Two

NEW YORK, Nov. 24. (AP)—Michael Filosa went walking in his sleep with a razor early today and when his journey was over his half brother had been slashed to death and his mother and half sister were unconscious in their Brooklyn home with grave wounds.

Police, summoned by screaming neighbors, found Filosa standing in the front room with a razor in his hands and a dazed expression on his face. In one bedroom they found Salvatore De Hall, 16, dead. Anna De Hall, 49, and his sister, Catherine, 18, suffering from numerous wounds about the face and body.

Filosa was held on an open charge, pending developments. He was unable to give a coherent explanation of the tragedy, except to say that he had been dreaming and did not realize what he was doing.

Filosa is 28 years old, unmarried and a house painter. Police said he had long been a victim of somnambulism.

HANKINS GONE

AMARILLO, Tex., Nov. 24. (AP)—No disposition had been taken up in one o'clock today in the case of C. B. Hankins, Baptist minister, carpenter, who walked away from the Potter county jail Thursday night where he was being held pending trial on a forged charge against Hankins in a forgery of a \$200 check on Dr. J. E. Nunn, Amarillo. The case was set for trial in district court here today.

Hankins was a trusty at the time of his escape.

AIRMEN MEET

DALLAS, Nov. 24. (AP)—Aeronautics and traffic club officials of the southwestern states met here today in regional conference in problems affecting safety of air and airplane travel. The conference was sponsored by the national conference on highway safety, the aeronautical chamber of commerce and the United States chamber of commerce.

W. Rufus Abbott of Chicago, vice president of the United States chamber, said "new means of transportation had built cities and likewise pushed some into the backwash of economic development," adding that regulation had not kept pace with mechanical progress.

He advocated licensing of automobile drivers and educational safety work in the schools.

George W. Elliott, general secretary of the Philadelphia chamber of commerce, said "no problem can be ignored that is costing the country 21,000 lives and a big economic loss from accidents and congestion."

Nueces River Valley Dam Breaks

Negligible Property Loss As Waters Flood Lowlands

CORPUS CHRISTI, Tex., Nov. 24. (AP)—Sheriff's deputies and citizens today were endeavoring to warn duck hunters and to clear all persons from the valley of the Nueces river above here, after a 50-foot wide break occurred yesterday in the Mathis dam at Lovenskiold lake, 40 miles west of here.

Cowboys combed the lowlands in hurried efforts to drive out more than 2000 head of cattle in danger of being swept away by a rushing wall of water loosed by the crumbling of the dam.

P. G. Lovenskiold, mayor of Corpus Christi, for whom Lake Lovenskiold was named, said a court of inquiry would be organized as quickly as possible and consulting engineers would be called in.

Early today the water level of the lake had fallen six feet and the stream was rushing through the gap in the dam with great force. An approach to the Southern Pacific railway bridge at Lycauta was washed out and high water traffic disrupted.

City officials expressed the opinion that the crest of the flood would be high enough to keep debris in the wall of water from damaging intake pipes of the city water supply system, upon which more than 10,000 persons depend for water.

Reports from Fort Worth quoted S. W. Kresce and Marvin C. Nichols, who with John B. Hawley completed the dam, as advancing the theory that a slight shifting of the earth's surface may have caused the break. They counted a suggestion that dynamite may have been used.

Suspected Planter Of Dynamite Bomb In Building Held

SAN FRANCISCO, Nov. 24. (AP)—Traced by the number on a battery in a 200-stick-dynamite bomb delivered Saturday at the Spokane, Wash., Chronicle building, Henry A. Isle, night watchman of a San Francisco bank, was arrested here today.

The bomb, in the opinion of officers, was intended to wreck the Chronicle building. It was contained in an old trunk and was addressed and delivered to the newspaper's office in the newspaper's building.

Two years ago Isle was acquitted of planting a bomb in the Spokane-Speakean-Review building. Both newspapers are published by W. R. Cowles, one of the directors of the Associated Press.

Admitting, police said, he "knew all about" the previous bombing, Isle denied direct knowledge of last Saturday's attempt. He blamed both attempts on two political gangs which he said had been fighting in Spokane for years. Investigators said he hinted at plots so large that "two United States senators couldn't start an investigation."

Saying Nothing

He refused to mention any names or explain records which police say indicate the battery used in the bomb belonged to him.

"I've been all through this before," he said, "I'll say nothing."

His arrest came less than 36 hours after the huge bomb, which experts said was capable of wrecking both the Chronicle and the Spokane-Speakean-Review buildings, had been discovered by Cleveland Williams, Spokane correspondent of the Associated Press.

Williams became suspicious when he was unable to place the sender and the trunk began to leak. A locksmith opened the trunk revealing the infernal machine, which Williams immediately disconnected. It was timed to explode at 4 p. m. yesterday shortly after most of the employes for the Monday edition of the Spokane-Speakean-Review came to work. One disconnected wire was believed to have prevented the bomb from exploding as its maker had planned.

The trail of the bomb was traced back through Seattle and Portland to San Francisco. Police said it had been picked up by a transfer company on the sidewalk not far from where Isle lived.

"There are two political gangs fighting each other in Spokane," police quoted him as saying. "One is just as dirty as the other. They were fighting three years ago and they are still fighting apparently."

Stole Dynamite

"I bought some dynamite in Spokane in 1927. I was having a lot of dynamite to blast out stumps."

"They came to me and asked me to bomb the Cowles building. (He refused to explain whom he meant by "they"). I turned them down cold."

Charges Filed Against Youth Alleged to Have Forged Four Checks On Gin

Charges of forgery were filed in Justice of the Peace Cecil C. Collins' court this morning against Dillard Lovvorn, Coahoma. It is alleged Lovvorn forged four checks on the Farmers Cooperative Gin Co., of Coahoma. The checks were for \$10, \$33, \$42 and \$30.

He was arrested Saturday night by Night Pullenham, Moseley soon after he is alleged to have fled from the Givall Sales Co., Main street, where he had cashed a check for \$42. Soon after the man left the store it was discovered the check was worthless. It is alleged.

He was being held by Howard county officers today.

Third Member of Gang Wanted For West Texas Robberies Is Taken By Nebraska Officials

Local officers declare Bartz will probably be turned over to Florence, Arizona, officials. Although charges are filed against him here, he probably will not be returned for trial.

Bartz is the third of the alleged gang to be arrested. Burns is in jail in Crosbyton, and Fred B. Bartz is in Big Spring, charged with the Collins Drug robbery, escaped from the Howard county jail Saturday morning.

Freight Reductions Not To Extend After Nov. 30 Bush Learns

J. V. Bush, county agent, has received notice from Dr. C. W. Warburton, secretary of National Drought Relief Committee, that freight reductions will not extend beyond Nov. 30.

It is declared that it will be necessary for farmers and ranchmen who care to take advantage of the low rate to make their orders between now and Nov. 30.

European Continent Lashed By Furious Storms Causing Damages to Four Countries

By The Associated Press

Furious gales accompanied by torrential rainstorms lashed the European continent today, taking at least nine lives, inflicting serious injury upon hundreds, and wreaking havoc in France, Belgium, Germany and Austria.

Belgium appeared the heaviest sufferer, for her low countrylands were inundated when swollen rivers topped the dikes and overran the fields.

A wind of hurricane force swept Vienna where three persons were killed, 22 seriously injured and many others slightly hurt.

French rivers overflowed their banks and France was under water from Havre to Paris. Navigation on the Seine was impossible and such vessels as could not find shelter were damaged or sunk. One girl was reported drowned.

Germany was hard hit. In the south the Rhine and Moselle overflowed their banks driving thousands from their homes to higher lands at Friedrichshafen, home of the Graf Zeppelin, and throughout the Lake Constance region, hurricanes did tremendous damage.

The storm extended even to Spain, and at Columbia the German seaplane D-100-X was unable to continue a flight to Lisbon.

Channel Rough

The English Channel and waters along the coast of Europe were a constant menace to shipping.

The three-ton motor tug out of Goldenrod for Cardiff, was believed to have run aground near Portland, England.

The Louise Leonhardt, 1100 Hamburg for the United States, fought fast with all hands in the Elbe Estuary off Cuxhaven. There were 30 in the crew.

Thousands were made homeless in France. Belgium and Germany property damage was enormous. Emergency flood measures appeared to be useless and the rains continued pouring down today.

Paris was worried. High winds ran the length of the city as a protection against floods, but the water was rising steadily toward the top of these embankments. The Marine canal was a tangled mass of floating logs which produce could not be unloaded.

In the Seine dozens of tug boats were caught between bridges and with the water at its present level, they were in danger of being crushed.

Like all of the winds, however, this one had some good to the users served for the emergency as buildings of temporary bridges and residences of the homeless.

A terrific gale swept the Loire Valley today, leveling trees and unroofing houses. Many persons were reported injured.

RIVERS RISE

LONDON, Nov. 24. (AP)—While a week-end gale howled from London to Vienna, going considerable damage, rivers of France, Germany and Belgium rose past flood stage, threatening today to cut a muddy swath through populous industrial and farming sections.

Seven persons perished and at least 200 were injured. France had five dead and many injured; a girl was drowned in the lower Rhine, and in Vienna one person was killed and 100 injured in an 80-mile hurricane.

Belgium appeared the greatest sufferer, with the river Scheldt bursting its dike and flooding over rivers. Thousands left their homes. There was considerable suffering from hunger.

Today's early morning tide was not so high as was expected and this, coupled with a slight cessation of the wind from off the sea, gave hope of improvement in conditions.

The Terhone region is completely submerged. Antwerp suffered considerable damage, its suburb of Sainte Anne was marooned and Charleroi Collieries and steel works were flooded.

In France the Seine and tributary rivers from Paris to Havre were flooded. Lowland sections were covered with water. At Havre the wind reached a velocity of 70 miles an hour, accompanied by hail and lightning. Two hangars at Villa Coublay lost their roofs and vineyards were damaged at Thiems. At Hologne 20 craft were driven ashore. A 90-mile wind whistled about Eifel tower.

Thunderstorm Die

Of the five dead in France, three were Lorient fishermen who were smacked capsize in the storm, one was a barge captain who was killed when the gale toppled a derrick over on him, and one a sailor at Hologne whose craft was blown ashore.

Southern Germany was hard hit with the Rhine and Moselle many feet above normal stages.

In addition to one dead, 100 were injured at Vienna. Residences were badly damaged. The finest old trees in the parks were uprooted and a number of airplanes damaged.

In Germany Bavaria suffered most in Munich both towers of the Munich Stadelthorn radio station crashed. Trees were uprooted and chimneys fell, breaking in roofs. Windows and skylights

Three Chicago Women Victims Of Gun Battle

Great Dane Pits Strength Against Eight Robbers Of Resort

CHICAGO, Nov. 24. (AP)—A Great Dane pitted his courage and strength against eight Chicago robbers and although defeated, the wounds he inflicted, police believed, may lead to the apprehension of the men who shot to death three women entertainers in a rooming house.

The dog, fighting furiously, slash right and left at the eight invaders, but guns and pistols, blazing in the darkness as the lights of the resort in suburban Summit, went out, won.

Besides the three women slain, three men were injured, all apparently hit by the gunman's bullets.

Despite the fact the holdups ended, police were hopeful that they might be able to trace them if and when they appeared at doctors' offices for treatment for wounds inflicted by the dog.

Their total loot but \$200.

As one of the holdup men began pushing Henry Goetz, owner of the resort, the great Dane leaped to the aid of his master, sinking his teeth in the man's leg and the gunman, in sudden fright began to fire. The next instant the place was in darkness. Panic reigned as shots flew in all directions. Apparently one of the invaders, in attempting to turn on more lights had touched the wrong switch.

Three Dead

When the lights were turned on again, they revealed Miss Mary Binning, 22, formerly of Champlain, Ill., and Miss Alice Ward, of Milwaukee, dead, with bullets in their backs. Miss Mary Carney, owner of a beauty parlor, was wounded fatally. John Gates, a waiter, Jack O'Brien and Lieut. James Micus, a railway detective also were wounded.

While the panic was at its height Lieutenant Micus added to the din by firing at the invaders. They used two motor cars to escape, when the lieutenant nearly overcame by his wounds, lost their trail.

The holdup, which occurred early today just as Miss Ward prepared to sing a request number for the guests, was the major crime of a series that Chicago and vicinity suffered over the week-end. Guyon Paradise, a dancehall on the west side was bombed, but the damage was slight. Police blamed labor trouble.

Among the other crimes "as the holdup of an oil filling station in which police shot and killed one of the robbers.

Policeman Hubert J. Dillon was shot and killed by a drunken negro, who in turn was killed by Dillon's fellow officers.

OKLAHOMA GUN BATTLE FATAL

SEMINOLE, Okla., Nov. 24. (AP)—B. L. "Blackie" Younger is dead, his wife in a local hospital, her left arm and leg broken, and Deputy Sheriff Frank Loftus has 23 stitches in his cheek as the result of a fray during a liquor raid Saturday night.

Younger, admitted bootlegger who refused to surrender, and was wounded fatally while attempting to steal upon riding officers with a gun in each hand, died here yesterday.

Mrs. Younger was wounded by Deputy Sheriff Fred Hanner as she attempted to fire a shotgun at Loftus who was grappling with her husband. Younger fled and officers took Mrs. Younger to the hospital, returning later with reinforcements.

The fatal shooting followed. Loftus, slashed by Younger during the previous encounter, was not wounded seriously.

"We had to slip liquor to keep the children in school," Mrs. Younger told officers at the hospital.

Homecoming Planned At Tech

All Exes and Graduates Invited for Turkey Day Celebration

Texas Tech invites all graduates and ex-students back for Homecoming and the Tech-Simmons game on Thanksgiving Day.

Tuberculosis is caused by a germ, the tubercle bacillus, which was discovered in 1882 by Dr. Robert Koch, a German physician.

Infection Tuberculosis is spread directly from one person to another by inhalation of small-worm germs of tubercle bacilli.

No Special Events Carried Although no special events have been made for a homecoming here, a special thanksgiving dinner is being offered to all invited.

Bovine Infection Ninety per cent of tuberculosis is of the human type but the variety of the germ which affects cattle is responsible for many cases, especially in childhood.

Resistance Under the crowded conditions of civilized life, everyone at one time or another inhales and swallows thousands of disease germs.

Lung-Gland Tuberculosis In recent years, extensive studies have been carried on, largely through the use of the X-ray, in so-called hilum or lung-gland tuberculosis.

Infection and Disease There is an important difference between infection and disease, and we now use these terms, which is clearly brought out in the above paragraph.

EVERYDAY QUESTIONS

Answered By
Dr. S. Parkes Cadman

Questions from readers are answered by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

I am a recent college graduate and belong to a Christian home. Much I have learned during my student life I find not so true. So far as religion is concerned what attitude of mind is best for a man situated as I am?

Several such intellectual attitudes can be adopted. Which of these you select, realize that you will face the facts of life with courage and independence. Think them out in the terms of what knowledge you have and act upon them with fidelity and resolution. For courage is every man's indispensable ally.

While you must live largely in the past, do not repeat its formulae from which vision has evaporated. Be its interpreter, not its slave. Avoid the revolutionary attitude unless it is forced upon you. To be sure, the world has changed, but it does not follow that life has to be constantly rebuilt from its foundations.

Those who accept this delusive dogma take on the reactionary attitude and declare "Down with all that's up," ignore the truth that, in the main, life is the same for every passing generation of our kind. For one in your present frame of mind I suggest the attitude of readiness. Meet the old which is verifiable with new facts. Attempt to break in what is really a continuous development. Explain to yourself the motive and aims which actuate you. Obey those which will bear the light of close analysis and scrutiny. I venture to predict that by practicing this process you will find a place in your soul's structure for the faith in God and in righteousness. Out of man's bewildered lips steadfastly flash some new self-sacrifice, balanced judgment and wisely applied endurance. We judge him by his fruits. If you are good then, the world's goodness will be yours. It is a good idea to have a plan of life with you, and to follow it with a certain amount of tenacity. In your opinion, what is the best way to raise a child? It is like that. Great things are done by the child who is not spoiled. A tariff policy will be a great boon to our country.

It is impossible to find a way which will satisfy all. Each widely separated geographical region has its own peculiar needs. The British Commonwealth of Nations will do in the matter of protection, tariff, and other matters. hitherto Britain has been the world's exporter of goods and services. The world's powerful proceeds from the results in its favor. The world's peace has been maintained. The world's progress has been made. The world's happiness has been increased. The world's glory has been enhanced. The world's honor has been exalted. The world's power has been augmented. The world's influence has been extended. The world's fame has been proclaimed. The world's name has been made known. The world's fame has been proclaimed. The world's name has been made known.

Prisoner Hangs Self After Leading Song
UNIONTOWN, Pa., Nov. 24. (AP)—He wasn't much of a singer and he never took an active part in the religious services, but yesterday, fellow prisoners noticed there were tears in his eyes as John Gramak prayed with the Salvation Army folks in the county jail bull pen. And when they sang "Nearer My God to Thee," John seemed to lead the singing. No one saw him slip away to his cell after the meeting.

They found him there last night hanging by his belt.

Body Recommends Spur Suspension

LUBBOCK, Texas, Nov. 24. (AP)—The Class B high school executive committee of District Two in special session here today passed resolutions recommending to the state committee at Austin that Spur high be suspended from the Texas Intercollegiate Class B League from one to two years as a result of alleged infractions of the eligibility rules. Two Spur players, Jim Hahn and Brode Puckett, were found ineligible according to age limits as a result of lengthy investigations therefore making the team ineligible to represent sub-district three. Consequently, Rails high school will be the official champion of that division and must play Slaton high for south side honors. The Slaton-Rails game will be played at Slaton Monday afternoon. Spur withdrew from the conference Friday.

New Okla. Pipe Line To Be Started

OKLAHOMA CITY, Nov. 24. (AP)—A crude oil pipe line 81 miles long, connecting Tonkawa and the Oklahoma City field, will be started in December. E. H. Skinner, manager of the pipe line department of the Continental Oil Company, announced today. The line, to cost \$200,000, will assure an additional supply of crude oil for the company's Ponca City refinery. Actual construction is expected to begin December 13. The ultimate daily capacity of the line is estimated at 20,000 barrels.

Reward Offered For Berger P. O. Robbers

BORGER, Texas, Nov. 24. (AP)—A reward of \$2,000 for persons arrested and convicted of the postoffice robbery at Borger in which 25,000 was stolen from Postmaster Rothchild was offered today by postal inspectors for the government. The reward is the maximum allowable where the life of an employee has been jeopardized by a dangerous weapon. Rothchild was kidnaped from his home at the point of a gun and forced to open the postoffice safe for the robbers. Four suspects arrested in connection with the robbery were not identified by Rothchild.

Salvoldi Signs With Chicago Pro Football Squad

CHICAGO, Nov. 24. (AP)—Salvoldi, who last week withdrew from Notre Dame after it became known he was married and could not play professional football with the Chicago Bears.

The all-important principle in making jelly is the same in roasting HILLS BROS COFFEE

Add the warm sugar to the hot fruit syrup a little at a time to be sure of perfect jelly. Hills Bros., by their patented, continuous process—Controlled Roasting—insure evenly roasted, full-flavored coffee because they roast only a few pounds at a time. No other coffee tastes like Hills Bros. because none is roasted the same way.

Valano Earthquake Takes Lives Of 50

TIRANA, Albania, Nov. 24. (AP)—The earthquake which struck the Valano district Wednesday, killing some 50 persons, caused more than 900 houses to collapse. Much damage was done in the town of Valano, where a great number of buildings were badly shaken and walls were cracked. The quake also struck the towns of Telgac, Messapik, Palas, Tarkoel and Dermi, but the epicenter appeared to have been at Tepeleni. King Zog has sent relief funds and first aid workers into the district.

Some Policemen Loaf On Corners But This One Covers Territory

HAMMOND, Ind., Nov. 24. (AP)—There may be some policemen in the United States who cover their beats by leaning over a cigar counter or chatting with the proverbial nursemaid, but Officer Fred Fondrie is not one of them. Fondrie came panting down Sheffield avenue last night when Capt. William Bukvich stopped him and demanded an explanation for all the speed. "Listen," said Fondrie as he struggled to get his breath, "you would run too. You have to do it to pull the boxes in time. Pat Kelly is attending a wedding tonight so I have his beat to cover. Clarence Hudson is off too, and I'm covering his also, that makes 32 square miles—and a box in each beat to pull every hour."

Incidentally he mentioned that Wolf Lake, four miles wide, lay between two of his beats and that to gain time he had conceived the idea of rowing across it, instead of walking around. Captain Bukvich felt something ought to be done about it so he let him finish the night in his automobile. Labor income from vocational agriculture students in Florida last year amounted to \$159,725.47. Virginia and Maryland farms will produce about 80,850,000 pounds of peanuts this year.

WILD BEAUTY

By MATEEL HOWE FARNHAM

FANNY FREIBURG married "above her class" when she eloped with David Frost and her mother-in-law lost no time in so informing the charming, young bride on the day after the wedding. UNDER this sneering condescension of a smug, self-centered and aristocratic family, Fanny began a memorable struggle to hold her husband's love against the scheming and bitterness of his mother. Mrs. FARNHAM writes with a keen understanding of life—a story of pathos, romance and marriage problems.
