

# Week president killed here!

## Payton Gibner dies in auto accident

This community was saddened at the death of one of its prominent citizens, Payton Gibner, Monday night.

He died at Hansford Hospital about 10:30 p.m. Monday from injuries he received in a one car accident occurring while he was returning to his ranch home.

Mr. Gibner was alone in his sports car and possibly was trying to avoid something like livestock in the roadway. The fatality occurred on FM760 about seven miles north of town. He sustained internal injuries when the car rolled after hitting some large fence posts and was apparently thrown clear of the vehicle.

The sheriff's department received the call at 9:49 p.m. when a man and his wife from Hardisty, Oklahoma, northbound at the time came upon the wreck scene. The man stayed at the scene while his wife went to the residence of Bruce Womble who returned to the scene. The wife notified the sheriff's department and ambulance.

Womble used a fire extinguisher from a Baker & Taylor pickup to extinguish the fire in the engine compartment. The fire was out when the Spearman Fire Department arrived.

Mr. Gibner was born November 10, 1935 in Spearman. He was a lifelong resident of Spearman. He attended Spearman schools, and graduated from Southern Methodist University. After duty with the U.S. Army he returned to Spearman and was associated with the First State Bank.

He was active in all community affairs and a strong booster for Spearman. Survivors include a son, Stinson, a daughter, Lea Ann, his

Payton Gibner, president First State Bank

parents, Mr. and Mrs. C.A. Gibner, and a sister, Mrs. Verna Lee Shirley, all of Spearman. Memorial services were conducted at the First United

Methodist Church at 10:30 a.m. Wednesday, August 24 with the Rev. Frank Oglesby, pastor, officiating. Burial was in Hansford Cemetery.

Casket Bearers were Ted Collier, George Jackson, Lynn Hart, Lawrence Tindell, Jimmie Vernon, Edgar Blair, R. E. Sanders, and Rue Sanders.

## Escapee Caught In Spearman

A man who escaped from the Highland General Hospital at Pampa on Tuesday, Aug. 16, was arrested in Spearman on Friday, Aug. 19, and has been returned to Hutchinson County authorities where he is charged with unauthorized use of a motor vehicle.

Spearman Chief of Police Steven Wisniewski reported Monday, Aug. 22, that James Grafton LaLone, 20, was arrested at 310 S. Hoskins in Spearman the home of relatives. Police officers were assisted by the Hansford County Sheriff's Department.

LaLone offered no resistance at the time of his arrest in Spearman.

LaLone escaped from the hospital in Pampa a few days before he was to be released and turned over to law enforcement

officers.

LaLone had been hospitalized for treatment of a gunshot wound suffered last week when he tried to escape from Roberts County Deputy Buster Collins at Miami.

Collins reportedly tried to escort LaLone out of Miami after he thought the man was simply trespassing on private property there. It was later learned that a car stolen in Borger was hidden in Miami and that LaLone was a suspect in the case. LaLone is charged with resisting arrest in Roberts County.

LaLone of Hobbs, N. M., Tuesday, Aug. 23, was being held in Hutchinson County jail in lieu of \$20,000 bond on the charge of unauthorized use of a motor vehicle, third degree felony.

**BULLETIN: A 16 month old girl was killed in Spearman at 1 p.m. Tuesday. She was Lope Sanchez, daughter of Mateo and Janie Sanchez, 306 N. Hoskins. The family was in shock and unable to discuss the details of the accident, but the young girl apparently crawled under the pickup, as the father was leaving for work.**

THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, AUGUST 25, 1977

## Land Being Acquired For New Airport

The proposal to utilize the existing municipal airport facilities in an expansion program designed to provide a new runway plus some industrial sites has reached the stage where 320 of the 640 acres have been contracted for and negotiations are in progress to acquire the remaining acreage in the section of land north of the present Spearman Municipal airport.

The Spearman Industrial Foundation in connection with

funding from other private sources is leading the way toward a projected 1979 completion of the new airport facility.

Progress to date includes some SIF funds along with funds pledged from other private sources which will be utilized in obtaining state funds from the Texas Aeronautics Commission for airport use.

When all the paperwork is completed in this first phase of the project, a hard surface

north-east-southwest runway is anticipated to be completed on the newly acquired land by 1978.

Arrangements have been made to relocate the Community Public Service Co. power line along the north side of the existing county road and North Plain Electric Co-Op is to put their power line along the south side of the road underground.

After this has been completed a taxiway connecting the exist-

ing runway with the proposed new runway will allow existing crop dusting and other aerial operations to continue at installations along the old municipal airport runway.

It has been pointed out on at least two occasions by those connected with the project that no bond issue or special taxes will be required of the residents of Spearman.

Spearman is one of the top five priority cities in Texas

eligible for TAC funding for new airport facilities. These funds along with the other funding are to be utilized in making the new airport possible.

Business firms currently operating at the municipal airport can remain in their present locations until completion of the new airport, it has been pointed out.

The new airport will enable the city, in the future, to

contract for a fixed base operator and result in better facilities for all concerned.

The new airport proposal calls for a 3,600-foot-runway, with overruns at either end, plus taxiways. At some future time, if deemed necessary, a secondary runway from southeast to northwest can be constructed.

The new runway will have the required lighting and markings in order to conform to regulations governing such airport facilities.

## Perryton resident crash victim

Funeral services were pending Tuesday, Aug. 23, for Irvin Leroy Lilly of 19 N. Main in Perryton who died Monday after the gasoline transport truck he was driving was involved in a three-vehicle accident.

Arrangements were under direction of Bowtell Brothers Funeral Directors at Perryton.

Lilly died when his truck overturned after he attempted to avoid a rear-end collision with a car that had just passed him. The threat of fire from the truck's cargo was controlled.

The accident occurred shortly before 3 p.m. at the intersection of Texas 136 and Farm Road

1550, about 2 miles north of Borger.

Lilly was pronounced dead at the scene by Justice of the Peace Nadean Spinks.

The victim's body was pinned in the cab of the truck for more than an hour, and traffic had to be re-routed.

The truck was northbound. Another vehicle passed the truck, state troopers said, and Lilly, attempting to avoid a collision, swung the transport to the right, hitting a car parked on the east side of the farm-to-market road.

The drivers of the other two cars involved were not injured.

## Commissioners Meet

The Commissioners Court met in regular session Monday, Aug. 22, in the Hansford County Courthouse in Spearman for the transaction of several agenda items.

Minutes of the meeting of Aug. 8 were approved. Claims were paid and the treasurer's monthly report was received.

Also approved was the annual tax report from the office of the tax assessor-collector.

Commissioners approved employment as a temporary county employee a worker in the tax assessor-collector's office who has been working under the Comprehensive Employment Training Program, effective Sept. 1.

Commissioners did not take any action on consideration of speed zones and speed limits for the school area in Morse.

## Notice

Woltz Studio will be showing the pictures of the children that they took recently at the B & B Farm Friendship Room at the same place. The hours are from 9:00 a.m. to 12:00 noon. All those mothers who had their children's pictures taken, are asked to be present to look at these pictures.

## Tax rebate checks mailed to Spearman, Gruver

Spearman and Gruver will receive city sales tax rebate checks somewhat lower than those received as their August share last year although total payments to date are slightly higher as financially pressed Texas cities received some good news from State Comptroller Bob Bullock in the form of checks mailed out Monday, Aug. 15, to 868 Texas cities as their August share of the one per cent city sales tax.

In his announcement, Bullock noted that city sales tax rebates to date are running a healthy 19 per cent ahead of last year. Checks totaling \$15.1 million were mailed out to the 868 Texas cities as their August share of the one per cent city sales tax.

The Gruver check for this period is for \$973.12, less than the \$1,387.25 net payment for the same period a year ago, with total payments to date being \$12,979.53 compared to \$12,751.75 last year.

The Spearman check for this period is for \$3,744.51, less than the \$5,008.93 net payment for the same period a year ago, with total payments to date being \$55,775.36 compared to \$54,441.34 for the same time period last year.

The August checks to all Texas cities bring to \$206 million the total the cities have netted this year from the sales tax. This compares to \$173.1 million for the first eight months of 1976.

Bullock said the increase in city sales tax rebates is really a double blessing.

"It signals the continuing vigor of the Texas economy and at the same time provides badly needed revenue to Texas cities," the Comptroller said.

Bullock also announced that his office has added two additional WATS lines to accommodate users of his toll-free Tax Information telephone service (1-800-252-5555).

Bullock said taxpayers and the six existing lines just

weren't enough to handle the business.

The Comptroller reminded callers that they can get their questions answered quicker if they call between 8 a.m. to 12 and 1 p.m. and 4 and 5 p.m. when the volume of calls is lowest.

## County gross sales reported

Gross sales in Hansford County for the first quarter of 1977 amounted to \$8,897,314 with gross taxable sales for the county for the same period of time totaling \$3,401,286, according to the report last Wednesday, August 17, by State Comptroller Bob Bullock.

He reported that Texas businesses, including the 166 reporting outlets in Hansford County, reported gross sales of \$32.8 billion for the first three months of 1977, a 19.4 increase over the same period last year.

Out-of-state firms reported an additional \$3 billion in sales in Texas for January, February and March, up from \$2.3 billion for the same period last year.

The sales figures are contained in reports filed with the Comptroller's Office in Austin by some 233,000 businesses holding Texas sales and use tax permits. The figures for Hansford County show \$2,501,827 of the gross taxable sales subject to the tax.

## No cases filed

For the week ending at noon Friday, Aug. 19, no civil cases had been filed in the 84th Judicial District Court, Court Clerk Marie Gault has reported.

## Graveside services held for infants

Graveside services were held in Hansford Cemetery Saturday for Mandi and Brandi Brown, twin infant daughters of Mr. and Mrs. Mike Brown, who died Thursday in Perryton. The Rev. David Nuckels, pastor of First Assembly of God Church, Burial was conducted by Bowtell Brothers Funeral Home.

Survivors include the parents; grandparents, Mr. and Mrs. James H. Brown and Mr. and Mrs. Walter Kingham of Spearman, and two great grandmothers.

Football fans can get the Numbers and name of the local football team, by clipping the Gordon's Drug ad, in this paper. These will be the boys who scrimmage at Guy-mon Thursday, 6:30 p. m.

At George's. Off campus they enjoyed a tour of the nation's capitol, seeing Lincoln's Memorial, the 'Unknown Soldier's Tomb' in Arlington Cemetery, the Jefferson Memorial, the Ford Theatre and Museum, the Washington Monument, and the two Jima monuments. They drove around the White House and stopped in the Capitol Building where they visited the House of Representatives while it was in session. The boys stated that one of their most enjoyable highlights of their stay in the capitol was a visit to a two McDonald's restaurant where they had a meal.

From Washington they crossed the Potomac River and headed for the National Jamboree, which they soon nicknamed the "more rain Jamboree". Attending the jamboree were 38,000 scouts from all over the world. Our young Spearman citizens met scouts from Cairo, Egypt; the Scandinavian Countries; New Zealand; Germany; Peru; Australia; and Japan. It was mentioned that there were more scouts from the state of Texas than from anywhere else.

After the opening ceremonies the boys were allowed to participate in a number of events including: Air Rifle, Archery, Fishing, Swimming, Canoeing, Sailing, attending the Merit Badge Midway which our boys dubbed the "Merit Badge Midway", visiting the Mountain Men camp, the Robinson Crusoe camp, "Brown Sea" Island, and enjoying hiking and a fox hunt.

## GRAND OPENING for Spearman Electronics center, 313 main, in Spearman, will be held this week-end.

Be sure and check the ads in this paper, and drop by and visit with Billy Giles at his GRAND OPENING.

Survivors include the parents; grandparents, Mr. and Mrs. James H. Brown and Mr. and Mrs. Walter Kingham of Spearman, and two great grandmothers.

America, Olympic star, Bruce Jenner; and watched a fireworks display which was acclaimed as being larger than the one held during our Bicentennial Salute at the Statue of Liberty.

Our young ambassadors returned home via a different route taking them through Columbus, Ohio; Indianapolis, Ind.; and St. Louis where they had the pleasure of viewing the great "Arch".

These five Spearman Scouts are members of the Adobe Walls Council and have recently returned from the National Scout Jamboree held in Pennsylvania. They are from the left: Mike Dixoa, Jamie Bulls, Tim and Kurt Spoonmoore, and Tracy Vetryn.

This line of scouts is about to consume...

...this pile of 'cow meat' sandwiches at the Scout Picnic, Monday nite.

The Statue of Liberty faces away from shore because she is supposed to be enlightening the world.

Shakespeare, according to estimates, never made a continuous journey as far as a round trip from Boston to New York.

Pine trees are less likely to be struck by lightning because their resin interferes with their conducting of electricity.

### IRS NEWS

Texas—Having difficulty getting a knotty tax situation untangled? Well, help may be in sight. Internal Revenue Service District Director A.W. McCannless said today.

McCannless explained that the IRS has created a Problem Resolution Program (PRP) office to help North Texas taxpayers with Federal tax problems they feel are not receiving prompt, appropriate attention from the IRS.

The District Director stressed that taxpayers first should try to get their problem solved through the usual IRS channels such as Taxpayer Service or the Audit or Collection divisions. If this fails the taxpayer should contact PRP.

"The system is not new to North Texas," McCannless stated. "It was tested in Dallas last year and will be used by all IRS district offices this year. It's a way to do a better job helping taxpayers solve their tax problems."

McCannless said that the PRP office is under the supervision in the district office in Dallas. Problems can be routed to the Dallas PRP office from any IRS office in the state or by writing SPECIAL TAX PROBLEMS, p.o. Box 1040, Dallas, Texas 75221.

### Peggy's Pointers

Container plants used as accents or for color on patios, porches or terraces frequently do not receive adequate care. Consequently, they do not fulfill their role as landscape features because of their unkempt appearance.

There are two main reasons for their poor appearance—improper watering and nutrient deficiency. When watering container-grown plants, apply enough so that it runs through the drainage hole in the bottom of the pot. Tap water usually contains some form of salt which tends to accumulate in the soil unless adequate amounts of water are applied to leach out these soluble salts. Discard the water that accumulates in the tray beneath the pot as this contains any salt that is leached from the soil. If it is allowed to remain in the tray it is usually re-absorbed by the soil as evaporation takes place at the surface of the pot.

Once the soil in the container is thoroughly wet, allow the soil to become rather dry before watering again. If soil is kept saturated, the roots will be damaged from lack of oxygen. (If in doubt about when to water, insert a freshly sharpened pencil into the soil ball in the container. If the clean wood remains clean and dry it is time to water. If it appears wet or soiled, wait another day or so.) Fertilizer should be applied frequently and in small amounts. The soluble fertilizers usually available in garden stores and nurseries are convenient to apply and are very effective. Be sure to follow the instructions on the container as the soluble fertilizers are highly concentrated and any error in measuring the recommended amount can be damaging to the plant.

While clay pots do provide good aeration, much less water is needed when plants are grown in plaster or other non-porous containers. A mulch of coarse bark or gravel on the surface of the soil in the container will reduce evaporation and prevent compaction of the soil. A plus factor is that it will also look more attractive than the bare soil.

A little extra care will pay dividends resulting in attractive plants that will add much to the enjoyment of outdoor living.

On the road last weekend I noticed a tremendous number of moving vans and thought what an opportune time to pass along this information.

"Weight bumping" on moving day—it's a technique that cheats the customer.

To increase load weight, and thus their charges, some moving companies add weight to the load they are moving. Nine percent of the companies use this tactic, according to an Interstate Commerce Commission (ICC) monitoring survey.

One way to overcharge the unsuspecting customer, says ICC, is to add several hundred pounds of bricks to the load before weighing it. This might happen to customers who do not follow their household belongings to the weighing station.

To prevent "weight-bumping" make sure the truck is empty before loading begins, and follow the mover to the weighing station to know the correct load weight.

KIDS IMMUNIZATION Preschoolers need immunization, too. In fact, most doctors recommend that infants of two months begin the basic series against DTP (diphtheria -

tetanus - pertussis) and polio immunization.

Preschoolers are sometimes left unprotected because parents wait until the child is ready for school before starting immunization series.

Each year in the United States children die of disease they never should have contracted. Others are disabled although the means for prevention is readily accessible.

Check immunization records now. If you are not sure that your children are fully protected, check with your family physician or local health department.

### AC Voc-Ed Classes Set

Registration for 82 Adult Vocational Education (AVE) courses will begin Sept. 6 at Amarillo College for city and area residents who need additional training to advance in employ-

ment or basic skills to enter a trade.

Classes will be offered in short-term health care; real estate; business-secretarial; technical, electronics-shop; and mechanical-automotive.

An advantage of the one-semester courses, which begin for the most part the week of Sept. 12, is the low tuition. Although the courses will not count toward a degree, said Clair Mayes, AVE supervisor, upon satisfactory completion, graduates are given certificates awarding continuing education units (CEUs) at the rate of one CEU per 10 class hours.

Registration will be conducted at the Washington Street campus or West campus School of Vocational Arts, 622 W. 9th.

"These are open enrollment courses and an applicant need only fill out an enrollment card supplying name, address, social security and telephone numbers," Mayes said.

Applicants may register Mon-

day through Thursday from 8:30 a.m. to 8:30 p.m. and Friday from 8:30 a.m. to 5 p.m. Classes being offered for the first time are para-professional interpreting for the deaf, music; drapery making; electronics; operational amplifiers; furniture upholstery and repair; and brake service and front end alignment.

### Hospital News

Patients in Hansford Hospital are William Cyper, Barbara Swimmer, David Arrington, Richard Sheeek, Joyce Brown, Tal Jackson and Ernestine Hale. Dismissed were Cliefie Pemberton, R.E. Lee, Christine Marcum and son, Donna Mackler, Laura Nelson, Ruby Millidge, and Kathryn Farris.

## "Farmernese" confuses urbanites

City folk are often times hard put to understand the lingo of the rural folk (and vice versa many times over for that matter) and many expressions which, perhaps, their grandparents would readily understand have now become entirely unintelligible for many who dwell not on the farms of our nation.

The unfamiliarity with farm terms becomes very obvious to anyone who might be trying to put together the classified advertising section for a beef bull—the ad paper never realizing the distinction between heifer and Hereford.

Shock often follows the discovery of the meaning of certain farm-oriented words such as gelding, steer, or barrow and references to such terms as JD for farm equipment companies usually conjures up a picture of suspicion and a good hunch that the subject referred to is probably a government agency or a new and rare disease.

Those from the big cities may well consider their educations broadened when they begin to know the meaning of such terms as short, bear, ewe, and pullet and when Bang's test no longer means

GS Chairman Training Held

Girl Scout Neighborhood Chairman Training was given in Guymon, Ok., August 18th. The Neighborhood Chairman in the community is responsible for developing and maintaining Girl Scouting in her neighborhood. The Neighborhood Chairman is

a very important person, carrying a vital, challenging and responsible job in the Yucca Girl Scout Council. The Neighborhood Chairman is a volunteer in the Girl Scout organization and has help from volunteers in the

community and Council, the president, district chairman, Board of Directors, leaders, troop organizers, and troop consultants. She also has assistance from the professional staff of the Yucca Council.

Buzz Groups were held with the District Chairman offering assistance in the progress, problems and service needed to aid the Neighborhood Chairman in her meeting her neighborhood's needs.

HD Club News

Happy Homes Home Demonstration Club met Thursday, August 18 in the home of Mrs. Betty Morrison. President Mrs. Fontella McKee called the meeting to order.

Mrs. Betty Morrison gave the devotional from Phillipian 4-4-9. Roll Call was answered by "My First Day at School". Mrs. McKee reported on the Bloodmobile.

The date was set for the family ice cream social for August 27 at the swimming pool park at 5:00 P.M.

Mrs. Joyce Byers gave the program on two paintings. Refreshments were served to members. Mesdames: Joyce Byers, Fontella McKee, Nan Nicholson and one guest.

The next meeting will be September 1 at the home of Mrs. Nan Nicholson. Agent Miss Peggy Marrs will give the program.

Meeting Thursday, August 18 at the Home Demonstration Club Room for a short meeting was the Las Amigas Home Demonstration Club. Hostesses were Mrs. Francis Ortega and Mrs. Adella Lopez.

Minutes of the previous meeting were read and approved. Mrs. Maria Pacheco read the devotional.

The program on "Family Life" was given by Mrs. Frances Hudson.

Members present were Mesdames: Janie Flores, Maria Pacheco, and Nancy Garcia from Gruver.

The next meeting date will be announced later.

99,000 People see "Texas"

Canyon, Texas, August 20, 1977. When the last rider swept across the face of the Canyon tonight with the American flag streaming over his head as he rode, and the music soared as the lights built up on the 600 foot cliff behind the stage, "TEXAS" closed for the twelfth season.

For reservations for the 13th season in 1978, please write "TEXAS", Box 286, Canyon, Texas 79015.

Local Women Receive LVN Pins

Two Spearman residents were among the 18 Licensed Vocational Nursing students at Frank Phillips College who received their pins during a candlelight graduation ceremony Friday at 7 p.m.

Donna Gayle Gilley and Judith Lurline Speck received pins from Mrs. Ella M. Weeter, R.N., director of the LVN department. Mrs. Weeter was assisted by Mrs. Marilyn Vermillion, R.N., and Mrs. Sandra West, R.N., both instructors in the department.

Announcement

99,000 people saw "TEXAS" in 1977, making the total cumulative attendance for twelve seasons more than 960,000 people.

The Blue Monday Bridge Club will have its first meeting the 12th of September at 2:00 P.M. at the home of Mrs. Lester McLain.

Prices Good Thurs. - Sat. AUGUST 21, 22, NONE SOLD TO DEALERS. LIMIT RIGHTS RESERVED. Mon.-Sat. - 8:00-9:00 Sunday - 10:00-7:00

# Kiss A Baby Campaign Chairmen Named

Committee chairmen have been named for the 1977 Kiss A Baby Campaign in Spearman for the Cystic Fibrosis Foundation. The announcements were made by Mrs. Jerry Holton.

Head of the Publicity Committee will be Mrs. Bobby Everson. Mrs. Jerry Hayes will be Treasurer, and Mrs. Glenn Blodgett will be in charge of the Finance Committee.

Each year, more than 100 Chapters of the Cystic Fibrosis Foundation conduct the Breath of Life Campaign to raise funds for research, care and education programs which benefit millions of children in the nation who have lung-damaging diseases. This year's Kiss A Baby Campaign will be conducted to

make parents aware of the signs of Cystic Fibrosis. Kiss A Baby Campaign encourages parents to kiss their babies as the taste of salt on the skin is a symptom of Cystic Fibrosis. It is estimated that only 60% of persons suffering from C/F have been diagnosed.

Although incurable, cystic fibrosis can be treated to relieve suffering and lengthen many lives. Therapies developed for cystic fibrosis also help relieve and often cure children suffering from other lung-damaging diseases. Providing diagnosis, referral and treatment for children with these lung diseases and with digestive disorders related to C/F is the role of more than 100 Cystic Fibrosis Centers. You can help, too, by volunteering for the local Kiss A Baby Campaign. Call Mrs. Jerry Holton at 659-5573 or Mrs. Bobby Everson at 659-2462.

## THANK YOU

A big thank you to the people of Hansford County for another successful blood drive.

Thanks to Thrifway, KBMF radio station, SCA-TV, local newspapers, and the nurses and doctors who took time from their jobs to help, and to Sacred Heart Catholic Church for the use of their Parish Hall, to the Auxiliary Ladies, and all local ladies that helped, to the Demonstration Clubs for sandwiches, and especially to all the donors who came out. A total of 130 pints were given. See you again in March.

If we have missed expressing our thanks to anyone, we also thank you.

Edith Smith  
BPC for Hansford County

## Arts & Crafts Guild News

Arts and Crafts Guild met on the 19th of August.

Delicious refreshments were served to members. Mesdames: Deta Blodgett, Clay Gibner, Nolan Holt, Sada Hoskins, Ned Turner, Pope Gibner, P. A. Lyon, Sr., Bill Russell, Bruce Sheets, Joe Traylor, and Garrett Allen.

The next meeting will be August 26 at the home of Mrs. Deta Blodgett.

# Telethon Here Sept. 5

Spearman Cable TV at 308 Main will serve as the site for local telephone pledges and donations during the forthcoming Jerry Lewis Labor Day Telethon Sept. 5 to benefit the Muscular Dystrophy Association (MDA) which will be seen live from Spearman and Las Vegas over SCA TV Channel 6 on cable.

Spearman Rotary Club members will man the pledge center for 10 hours of the 22-hour spectacular under direction of Club President John Hutchinson.

A special telephone number has been assigned to the center-659-3703.

"We're looking forward to

this event, and we know the good people of Spearman will unite and help us in our fight against this people-wasting disease," Hutchinson said.

He mentioned that the goal this year is at least \$5,578.82 the amount raised last year, and he wants to increase that amount as much as possible this year.

MDA is a national voluntary health agency which funds extensive patient service and research programs throughout the world for those afflicted with muscular dystrophy and related neuromuscular disorders.

Rotarians will be on duty from 7 a.m. until 5 p.m. on Labor Day.

## Spearman Spinners Celebrate Anniversary Dance

Spearman Spinners Square Dance Club met Thursday, August 18 for their first anniversary dance with 3 squares dancing at the County Barn. A good time was had by all.

A lot of the songs sung by Paul Lopez were popular hits that he sang for the first time for the club. The interested bystanders that watched were from Spearman.

Hosts for the gala event were Don and Gwen McClain, Randy and Teresa Hargis, and Richard and Lisa Pipkin.

The regular dance on September 1 is cancelled because of the

W.I.F.E. 'Poor Farmers' Supper' that will be held that evening instead.

Their next dance will be September 15 at the County Barn with Paul Lopez calling.

## Club Enjoys Tour of Lackey Home

Gladiola Flower Club met Thursday, August 18 at 9:30 a.m. at the ranch home of Mrs. Joel Lee Lackey with Mrs. Garland Head serving as hostess.

Mrs. Claude Newell presided over the business meeting.

Roll Call was answered by "Timely Tips On Gardening".

The program was a home tour of the new home of Mrs. Lackey which is decorated in historical and antique items and family heirlooms.

There was no further business.

Members present were Mesdames: Wallace Berner, John

Brown, Bill Jackson, Doyle Jackson, Roy Flowers, Ed Hanger, Irvin Davis, Kenneth Evans, Garland Head, Don Kunselman, Claude Newell and special guest Mrs. Lackey.

The next meeting will be September 1 at the home of Mrs. Lloyd Buzzard.

The smallest amount of natural gas on reserve in a long time is what we have now. Domestic supplies are dwindling. Proved reserves are at their lowest levels since 1955 and some industries have been suffering shut-downs because of shortages.

## Scouts relate activities

Highlights of the 1977 National Scout Jamboree in Moraine State Park in Pennsylvania and associated activities, when not curtailed by the elements, were related to Spearman Rotary Club members Monday by the six local Boy Scouts who participated in the reunion.

Boy Scouts from Spearman attending were, from Troop 551,

Mike Lovett, James Ball, Tracy Vernon, Jimmy Vernon, and Kurt Spoonemore and, from Troop 578, Timmy Spoonemore.

The presentation was at Martins Steak Gardens.

Each of the young Scouts was a member of Jamboree Troop 462.

Despite RAIN and resulting mud conditions which prevailed during the week of the Jamboree, the Scouts reported a good time both during the stay in Pennsylvania, the time spent in Washington, D.C., and on the journey to and from the Jamboree.

Soldiers and Sailors Monument was one of the places visited during the journey to the Jamboree.

Activities during the Jamboree included publication of a daily tabloid size newspaper and visiting displays from other Boy Scout troops.

The Spearman Boy Scouts displayed ropes which they had spent much time on in preparation for this year's Jamboree. Other troops had displays in keeping with their area and council activities.

Entertainment included a presentation by Burl Ives, some sky divers and flyers of jet aircraft.

The closing ceremony included 3,000 explosions of fireworks, among the other activities.

Thirty thousand Boy Scouts attended the 1977 Jamboree.

The Jamboree, described as a sort of reunion, is attended by Boy Scouts who respond affirmatively when asked by the Scoutmaster if they would like to attend.

## FPC registration begins Aug. 25

Registration at Frank Phillips College will be August 25, beginning at 8:30 a.m., and according to the scheduled below, which shows alphabetical listing of surnames and time for registration.

8:30 a.m.-9:00 a.m.	L-Q
9:00 a.m.-9:30 a.m.	R-Z
1:00 p.m.-1:30 p.m.	A-D
2:00 p.m.-2:30 p.m.	E-K

Evening school students (those who are taking night classes only) are urged to register on the evening of August 25 between 6:30 and 7:30 p.m. An evening school student who must register during the day must register at the appropriate time as designated by his last name initial.

Students will be registered and admitted only according to this schedule. Those missing the scheduled registration times will register during late registration date.

Late registrants will include all those who register during August 29 - Sept. 2. The last date to register is Sept. 2 at 2:00 p.m.

No person will be admitted to MWFF classes after September 2, or to 7th classes after September 6, without written permission from the academic dean.

Classes will begin Monday, August 29, at 8:00 a.m.

Evening students must be attending class on the first date that class meets after Friday, September 2, and will not be admitted to class after that date without written permission from the dean.

**United Presbyterian Church News**

Presbyterian Men will have a prayer breakfast on Thursday, August 25 at 6:30 a.m.

There is a Fall Leadership School for the churches of Palo Duro Union Presbytery on Saturday, August 27 from 8:30 a.m. to 3:45 p.m. at the First Presbyterian Church of Amarillo.

Wylie Adult Bible Class meets every Sunday at 9:45 a.m. "Peace on Earth" will be the subject of Pastor Edward D. Freeman's sermon at the service for the public worship of God on Sunday, August 28 at 11:00 a.m.

Everyone is welcome at all services and activities of the First Presbyterian Church.

## Bridge Club

Grand Slam Bridge Club met Thursday, August 18 in the home of Mrs. Mack McCormack.

High score was won by Mrs. Bob Meek; second high, Mrs. Albert Baker; and traveling prize, Mrs. Ted Godfrey.

Members present were Mesdames: Albert Baker, Ted Godfrey, Roy Flowers, Jack Lassater, Mack McCormack, Monty Blackman, Joe Vanneman, Lynn Cook; and guests, Mrs. J. E. Blackburn, Mrs. Dennis Nelson, Mrs. Willon Green, and Mrs. Bob Meek.

The next meeting will be September 15 in the home of Mrs. Jack Lassater.

**In Memoriam**

In Loving Memory of Kate Gray

My darling mother who passed away August 26, 1971. Time goes on with many changes. Joy, sorrow, smiles and tears, your memory still is cherished, with the passing of six long years.

A heart of gold stopped beating; Her tired eyes rest; God broke our hearts to prove to us, He only takes the best.

Mother left a beautiful memory; A sorrow too great to be told; But to us who loved and lost her, Her memory will never grow old.

Missed so much by her two daughters, Frances Sim and Mary Schroeder - Granddaughter, Frances Markle and family - Two grandsons and Families - Loon Schroeder & Billy Bob Schroeder

It would take 53 years for an airplane, traveling 200 miles per hour, to go from the earth to the sun.

These seven gentlemen seldom receive the credit they should unless it's bad. They are our football coaches and trainer and fine ones they are. From the left, Coach Moore, defensive co-ordinator specializing with the guards and centers; Coach Kenneth Friemel, Varsity quick-side line and defensive inside linebackers, Assistant "B" team and Assistant Freshmen coach; Windy Williams, Varsity defensive linebackers, offensive backfield, Head eighth grade, and Assistant seventh grade coach; Jim Bob Brown, Varsity strong tackle and strong end, Assistant defensive backfield, Head seventh grade, and Assistant Freshmen coach; Gregg Sherwood, is Head football coach; Curtiss Beasley, Athletic trainer; and Bill Hamilton, Varsity defensive ends, offensive backs, Assistant "B" team and Head Freshmen coach.

Edith Smith headed-up the blood drive this year ----

### Detectors get second recall notice

The Consumer Product Safety Commission has issued a second recall notice for smoke detectors that could fail to warn of danger. The second notice, issued jointly by the Commission and BRK Electronics, the manufacturer, was issued because more than 80,000 of the detector units were not located following the initial recall notice in January. The detectors, marketed by BRK, American Machine & Foundry (AMF), I-T-E Imperial Corporation and Sears Roebuck & Company have model numbers as follows: BRK - S5749AC, S5749ACS, S5749L, S5749SL, AMF - 2000AC.

2000ACL, I-T-E - I101-AC; Sears - 9-57049, 9-57047, 9-57048. If defective units are discovered, the manufacturer or outlet store should be notified for appropriate action.

### Women's Bowling Meeting

The Hansford County Women's Bowling Association will have its annual meeting at Martin's Steak Garden on Aug. 29 at 7:30. Anyone interested in bowling please attend.

### FPC Has 4 Day Schedule

Last spring Frank Phillips College introduced, on a limited scale and in addition to the existing 5-day schedule, a 4-day schedule with classes meeting Monday through Thursday. This action afforded the student the opportunity to have a 3-day weekend.

FPC has extended this multiplicity concept even further for this Fall. Now a student may be able to carry a full load over a 5-day schedule if desired, or to carry the same classes over a 4-day session with either Tuesday, Thursday, or Friday free of classes in addition to the week end.

In each case classes can be scheduled entirely in the morning, or in the morning and afternoon.

In addition to the above, additional adjustments have been made which make it possible for the student to schedule a full load, with morning and afternoon classes, over a 3-day or even a 2-day period.

The inclusion of the evening school schedule of classes extends the potential of scheduling possibilities, by offering a combination schedule of both day and evening classes, giving the student an opportunity to work several days a week and still carry a full load of classes, or more time for study and social activities.

### Rodeo

The 1977 Hansford County Junior Rodeo has been scheduled for Saturday, September 17, 1977 beginning at 1:00 p.m. at the Oscar Archer Arena, Spearman, Texas. This year's junior rodeo is being put on by the Hansford County 4-H Horse Clubs.

Events and age categories are as follows:

- 14 and under - 1st, 2nd, 3rd place buckles - All Around Boy & Girl Buckle
- Boys & Girls 10 years and under
- Boys & Girls 11 - 14 years
- Barrels
- Sheelard Broncs Poles
- Steer Riding
- Goat Tying
- Boys & Girls 14 and under
- Ribbon Roping
- Breakaway Roping

- Team Roping
- 15 - 17 - Money Paid - Buckle for All Around Boy & Girl
- Girls 15 - 17 years
- Barrels
- Goat Tying Poles
- Breakaway Roping
- Boys 15 - 17 years
- Bull Riding
- Ribbon Roping
- Bareback Riding
- Team Roping

Entries close September 10, 1977. No late entries will be accepted. Entry blanks are available at Western stores and County Extension offices.

### It's The Smallest

The smallest known star is called LP 327-186. A "white dwarf," it's 100 light-years away, with a diameter only half that of the moon.

A new law allowing terminally ill patients to have their own life support measures withdrawn goes into effect August 29, 1977. The Texas Natural Death Act states that an adult can sign a document saying that a physician can halt life support measures that would only artificially prolong the moment of death. At least two weeks after two doctors have said a patient has a terminal illness, the patient can sign the document.

Supporters of the law say that it does not legalize mercy killing; it only permits terminally ill patients to decide their own fates. Only adults can fill out the form and only for themselves. Someone does not have to be terminally ill to fill out a directive but it only will indicate his or her wishes and will not be legally binding. Another aspect of the bill is that if a terminally ill patient live longer than expected, the person must re-sign the directive if he wants it to be effective from more than five years.

Texas is one of a handful of states to pass "right-to-die" legislation so far, the American Medical Association says. The Texas law is very similar to California's bill, the first passed in the nation. Neighboring states New Mexico and Arkansas have somewhat less restrictive laws. Arkansas' law is the most similar to the "living will" widely distributed by the Euthanasia Education Council. The council's document is not legally binding but expresses the signor's wishes to "be allowed to die and not be kept alive by artificial means of heroic measures."

The council has distributed more than 2 million of the wills which also say, "I do not fear death itself as much as the indignities of deterioration, dependence and hopeless pain. I therefore ask that medication be mercifully administered to me to alleviate suffering even though this may hasten the moment of death."

Wichita Falls Sen. Ray Farabee's legislation does not mention medication but it does say in part "... where the application of life-sustaining procedures would serve only to artificially prolong the moment of my death and where my physician determines that my death is imminent whether or not life-sustaining procedures be withheld or withdrawn, and that I be permitted to die naturally."

The directive must be signed by the patient and by two witnesses who are not related to the patient and who will not benefit from any inheritance.

For more information on Texas' Natural Death Act, write Texas Medical Association, Communication Department.

### ANNOUNCEMENT

A baby shower honoring Travis Hayes Newsum, son of Mr. and Mrs. Mike Newsum is planned for Sunday, August 28th. It will be held in the Fellowship Hall of the First Baptist Church. The time will be from 3 to 4 p.m.

In the hope of rain at the beginning of the dry season, some Portuguese place a dummy dressed for rain on their rooftops!

## There are surprises... and there are surprises!

## Take the surprise out of monthly electric bills with the EQUAL PAYMENT PLAN.

Under the Equal Payment Plan your yearly electric usage is estimated and divided into twelve equal monthly payments. You know from one month to the next exactly what your electric bill will be. No guessing... no surprises. Periodically, we will review your account to make certain our original estimate is still in keeping with actual usage. If a difference is found, you'll be contacted and an adjustment worked out. Call us for more information on the practical and convenient Equal Payment Plan.

## Season tickets available

Reserve next season tickets on sale at the school business office. Those persons who had tickets last year will have thru Friday, August 26th to receive the next season. All seats not sold will be available on August 29th, with the first to come being the first served. The season tickets will be \$12.50 for the five home games. The first home game will be September 2nd, with the Lynx being the Stratford Ells.

# BACK TO SCHOOL

*FUN'S OVER...  
BACK TO SCHOOL!*

## WATCH FOR THE CHILDREN

School age children are active - apt to dart into or across the street.

Slow down to a safe stopping speed when passing schools.

Keep your eyes on the youngsters playing near the street.

They might dart into the a path of your car at anytime, expecting you to be able to stop.

## Extra Care Makes a Big Difference

**Drivers-Take these safety precautions**

1. Instill child safety in your mind.
2. Obey all traffic signs.....
3. Be prepared to stop when driving near parks and playgrounds.
4. Look for the unexpected where children are congregated.
5. Drive to suit conditions and situations.
6. Use good judgement when picking up children in playground areas.
7. Exercise extreme care on rainy or bad days.

### Students-If you ride your bike

- Always use hand signals
- Always stop for stop signs
- Never ride at night without a light
- Always ride in straight lines
- Always ride single file
- Never ride double on your bike
- Never trick or stunt ride
- Never hitch rides

### Safety 'A's

1. Cross only at corners
2. Look all ways before you cross
3. Stay from BETWEEN parked cars
4. Watch for TURNING cars
5. Walk on left facing traffic
6. Be extra alert on rainy days
7. Play away from traffic
8. Wear white at night
9. Obey the traffic signs

### New program for car license sales

Dog days got you down? Soaring temperatures dulling your thought processes? This may be a good time to reflect on the long lines that stretched interminably last March as Texas motorists sought to beat the annual motor vehicle registration deadline. That ought to push your temperature a little higher!

But there's no reason why it should. Relief is on the way. Some motorists are getting a preliminary look this week at the new year-round registration program which will be initiated next January.

Flyers outlining briefly plans for the new system are being mailed with new motor vehicle registrations, according to Robert W. (Bob) Townsley, director of the Motor Vehicle Division of the State Department of Highways and Public Transportation.

The notices indicate that "staggered" year-round registration begins January 1, 1978.

"Your 1977 vehicle registration will expire midnight, April 1st, as usual, and must be renewed by that deadline," the notices say.

"Beginning January 1, 1978, a new law requires that vehicle registrations be converted to a new system with registrations expiring on a staggered basis in different months throughout the year.

"To convert to the new system next year, registration periods for passenger cars and light trucks (such as pickups) will be staggered. All other registrations, including personalized plates) will remain the same.

"On or about January 1, 1978, you should receive through the mail a renewal notice for each of your vehicles. The passenger car and light truck renewals will be staggered for various periods and license fees will be prorated accordingly. (Renewal periods will be assigned according to the license plate numbers.)

"After your vehicles are registered under the new staggered system, all future registrations will be for a period of 12 months.

"This new system should permit us to serve you more efficiently by having an equal number of registrations expire each month throughout the year; and in subsequent years, after 1978, it should eliminate those traditional long lines that form each March at the county tax assessor-collectors' offices."

Several states - including Kentucky, Washington, California - already have initiated the year-round registration plan. Texas hopes to report the same results:

No more long waiting lines... faster and more efficient services.

### Social Security News

Employees of state and local governmental agencies who are considering terminating their social security coverage need to be fully aware of what they might lose by so doing. Many of these people thing of social security as strictly an old age retirement program and look at it from the standpoint of paying in on it for a long time before they become entitled. However,

social security offers valuable protection for people at any age, as well as protection for their families. If a person becomes disabled, benefits may be paid to him, his wife and children. Benefits would continue for as long as the person was disabled. Benefits to his children would continue until they reach age 22 if they remained single and were full-time students in an accredited school.

Survivors benefits are also payable if a worker dies and leaves a widow and minor children. Benefits would be paid to the widow until she remarries or until the youngest child reaches age 18. Benefits to the children would be paid for as long as they remained single and were full-time students in an accredited school until they reached age 22.

The value of this protection should be weighed carefully before one rushes into an action he may forever regret.

People can get information about social security coverage by calling or writing the Pampa Social Office located at 1541 North Hobart Street, 79065. The phone number is 669-3381 (area code 806).

BLOOD - our most precious possession----Thanks to everyone who worked in the bloodmobile project-----

BLOOD-- the drops of life---

### Hints for HOMEMAKERS Tips To Help You

You can save money and energy with your electric dishwasher, as well as time, if you turn the dial to off after the machine finishes washing and then let the dishes dry by themselves.

To save time while vacuuming, get a long extension cord and plug it into a centrally located socket, instead of having to stop, stoop, plug and replug the vacuum cleaner as you go.

Land for sale by owners in Hansford County, Texas; 320 acres dryland, one-half minerals. 8 miles West and 1 mile North of Gruver, Texas. Will take sealed bids to Sept. 30, 1977. Bids opened at 10:00 A.M., Saturday, Oct. 1, 1977, at LaCasita Room of Gruver State Bank. Bidders will have opportunity to raise bid at time of opening. 10% down at time of sale, with balance due on closing. Send bids to:  
I. W. AYRES, JR.

### Recall of smoke alarms announced

Master Lock Company, Milwaukee, Wisconsin, and the U.S. Consumer Product Safety Commission (CPSC), today announced a voluntary recall of approximately 32,000 "Master" number 2551 battery-operated smoke alarms and number 2553 dual-powered smoke alarms made late in 1975 and during part of 1976.

The recalled smoke alarms can be identified by the following range of serial numbers: 1 to 10,000; 17,735 to 20,000 and 2,000,001 to 2,020,000. The serial number is located on the back cover of the smoke alarm under the mounting bracket.

Consumers who own a "Master" smoke alarm with a serial number that falls within this range are asked to write: Master Lock Company, 2600 N. 32nd Street, Milwaukee, Wisconsin 53210, Attention: Department #16. They should include their name, address, telephone, and serial number of the alarm.

The company will promptly send the consumer a form detailing full return instructions. The units will either be replaced or corrected, depending on the problem, without cost to the consumer.

Information on this recall is available by calling the U.S. Consumer Product Safety Commission toll-free Hotline 800/538-2666.

Editors at almost two million newspapers across America work long hours selecting items that will both inform and interest their readers. Your daily paper is more than a way of keeping abreast of current events. It's also a forum of opinion, for stories of human interest and for ways to save you money, through shopping tips and advertising.

## Lynx to scrimmage Tigers Thursday

Sam Boone punts behind this protecting line during Tuesday morning's workout in shorts.

Spearman will travel to Guyton Thursday evening to scrimmage their JV and Varsity teams. When asked about his thoughts on Guyton, Coach Sherwood replied, "We don't really worry about these teams we scrimmage with like we would a team we're going to play." The scrimmages are more or less informal meets where coaches from both sides can take the opportunity to look at their players without having all the pressures of a regular season game.

As for the progress of the team the coaches are keeping pretty closed-mouth about the whole thing. They have been having good workouts and other than that your guess would be as good as anyone. Maybe they'll tell us more after Thursday's scrimmage with Guyton. The JV should start at 6:00 p.m.

# IN THE OPINION OF THE COURT

Scriptures selected by the American Bible Society

Copyright 1973 Kenster Advertising Service, Inc., Strasburg, Virginia

Crime, drug abuse, sexual license, contempt for society — on all counts the situation is worse, not better. Why do we no longer hear much about juvenile and parental delinquency?

First, the more common evil becomes, the less it is called *delinquency*. Lower standards enough and there are no delinquents!

Second, it wasn't juvenile or parental delinquency that caused our plight. It was *spiritual delinquency*. Millions in our society set their spiritual standards at a level where such delinquency became custom.

The thing to do with an opinion like this is to REVERSE it. That can be done by a Higher Court — such as an *aroused* citizenry, seeking every spiritual opportunity and fulfilling every religious responsibility that its churches provide and teach.

	Sunday Acts 12: 1-17	Monday James 1: 5-8	Tuesday I John 5: 10-15	Wednesday I Timothy 2: 1-6	Thursday Psalms 66: 1-12	Friday Psalms 66: 13-20	Saturday Genesis 1: 1-19

## Field day to feature soil research

How to correct nitrogen, phosphorous, iron and zinc deficiencies in sorghum and cotton will be discussed among scientists, farmers and agri-businessmen during activities of the 68th Annual Field Day of the Texas Agricultural Experiment Station, Tuesday September 13.

Soil research is one of several featured research highlights singled out for the review during the afternoon events. An estimated 1,200 or more persons are expected with field tours, machinery displays and other attractions scheduled.

Field day chairman Dr. Bill Lyle says the special occasion will be at the Texas A&M University Agricultural Research and Extension Center, north of the Lubbock Regional Airport on Farm Market Road 1294.

Cooperating agencies hosting the Field Day with the Experiment Station include the Texas Agricultural Extension Service, Agricultural Research Service, USDA, National Weather Service and High Plains Research Foundation.

Tractor-drawn trailers will take guests through the 300-acre research plot area. They'll be given look at studies ranging from cotton variety and disease tests to weed control and water-use efficiency experiments.

Dr. Art Onken, Associate Professor, working in soil and fertilizer research will lead discussions on soil studies. Special emphasis, he says, will be on foliar application of fertilizer and how to correct plant nutrient deficiencies.

"The application of fertilizer materials is a huge economic investment," he says. "Growers can easily apply too much or too little and at the wrong time. Errors in judgement often are extremely costly to the grower, and he should manage fertilizer use in a way that he has a reasonable chance of obtaining an acceptable return on his investment."

Onken says that farmers should assess their fertilizer needs carefully. Research being conducted at the Lubbock Experiment Station is aimed at helping producers not only in methods of assessing soil fertilizer needs but in the application of soil nutrients as well.

Scientists, he adds, are looking closer at plant tissue analysis as a method of determining when plants need certain nutrients and at what growth stages. This is a measurement technique using plant leaves to reveal rates of nutrient uptake which when correlated with fertilizer use data can help the grower calculate which nutrient should be applied at a given growth stage.

The soil researcher says every tool and bit of information available should be used by growers in making fertilizer use decisions. Soil research studies, he adds, are designed to help in this important test.

For more information contact: Dr. Arthur B. Onken, Texas Agricultural Experiment Station, Route 3, Lubbock, Texas 79401.

Save time and money when it comes to running your portable radio or recorder. Pleasant company when cleaning. It can also be a problem when you're ready to go and your batteries aren't. You can keep rechargeable 9-volt size nickel cadmium battery from General Electric on charge so it's fresh when you need it. And it can be recharged up to 1000 times.

Save the trouble of ironing large tablecloths by dampening them through, wringing them out slightly and pinning them flat to a rug through a large sheet. Cover with another sheet to keep it clean.
