ERIE, Pa., July 27. (AP)—Master Sgt. Vincent Petroski, father of three children, needed a house. The sergeant, who is recruiting for the Army, started to "sell" Earl Easton, 23, on the Army. Easton mentioned he had a five-room house. Petroski really poured on the steam. Now Easton is in the Army. And Petroski has his house.

Marie Forms French Cabinet Without Reds

PARIS, July 27. (AP)—Premier Andre Marie formed a new French coalition cabinet and today presented its members to President Vincent Auriol. Like its predecessor, the new cabinet contains no Communists. It is made up of members of parties who favor the cause of the Western allies. The new government contained one major change from the eight cabinets France has had in the past three years. Georges Bidault has been dropped as foreign minister. Bidault, who has represented France in all major international conferences since 1945, has been replaced by 62-year-old Robert Schuman, the outgoing premier, whose cabinet resigned July 19 and precipitated the crisis. Schuman is a popular republican (MRP), a party colleague of Bidault. Thus no major change in French foreign policy is foreseen. Marie's announcement came late last night after more than 36 hours of negotiations with the Socialist Party. At one point he almost resigned his premiership. Marie is a Radical Socialist. The party name is in a sense a misnomer. The party is neither radical nor socialist—in the accepted sense. It is a moderate centrist party.

Dr. Condon Is Attacked Anew

WASHINGTON, July 27. (AP)—A member of the House UN-American Activities Committee today resumed the attack on Dr. Edward U. Condon, director of the government's Bureau of Standards. Rep. McDowell (R-Pa.) said the committee's previous labeling of the government scientist as "one of the weakest links in our atomic security" still stands as "almost a perfect description." Condon denied that charge when the committee made it in a preliminary report last May, and asked for public hearings. McDowell, acting chairman of the group, said a date for these hearings will be set when Chairman J. Parnell Thomas (R-N.J.) returns to capitol hill, probably this week. Thomas has been ill for weeks. The committee's closed door sessions, said McDowell, have produced testimony to support the original charge—which included a statement that the government scientist had associated "knowingly or unknowingly" with a suspected Russian spy. "There has been no charge that Dr. Condon is disloyal," McDowell said, "and I don't think there will be. However, he has associated with known Communists and other persons who we believe are espionage agents."

Rodeo Boosters Give Schedule

Complete schedules for two good-will trips to neighboring cities and towns to advertise the annual Big Spring rodeo were announced this morning. The Big Spring junior chamber of commerce and the American Business club will sponsor the two excursions. The Jaycee group will leave from the Settles hotel at 7:40 a. m. Monday, their schedule calls for stops in Forson at 8 a. m.; Garden City, 8:40 a. m.; Sterling City, 9:30 a. m.; Robert Lee, 10:30 a. m.; Bronte, 10:55 a. m.; Blackwell, 11:20 a. m.; Sweetwater, 12:05 a. m.; Roby, 1:40 p. m.; Snyder, 2:40 p. m.; Roscoe, 3:30 p. m.; Loraine, 4 p. m.; Colorado City, 4:25 p. m.; Westbrook, 4:55 p. m.; Coahoma, 5:15 p. m. The ABC delegation will leave at 8 a. m. Tuesday with stops scheduled at Lamesa, 8:50 a. m.; O'Donnell, 9:25 a. m.; Tahoka, 10:10 a. m.; Lubbock, 11 a. m.; Levelland, 12:10 p. m.; Brownfield, 1:35 p. m.; Seagraves, 2:20 p. m.; Seminole, 2:55 p. m.; Odessa, 4:25 p. m.; Midland, 5:10 p. m.; Stanton, 5:55 p. m.

Hershey Says 25 Year-Olds To Go First

Draft Head Has Meeting With Solons WASHINGTON, July 27. (AP)—Selective Service Director Lewis B. Hershey announced today that 25-year-old men will be drafted first. Other age groups will be taken in order of their registration, he said. Hershey made the announcement after an hour conference with members of the Senate and House Armed Services Committees.

WASHINGTON, July 27. (AP)—Who's going to be drafted first? To learn the answer for himself—and thousands of draft-age Americans—Maj. Gen. Lewis B. Hershey went to Capitol Hill today to confer with lawmakers who helped write the selective service act. The draft director had a morning date with the Senate Armed Services Committee to explain who he thinks should start the ball rolling when inductions begin this fall. Hershey has indicated he is considering calling 25-year-olds first and working on down to those 19. But Chairman Gurney (R-SD) said "Congress decided against calling men by age groups in favor of spreading it over the entire 19-40-25 group."

Barnes Won't Seek Recount

Cecil Barnes, San Angelo, former state representative and who fell short Saturday in seeking to unseat Peppy Blount, Big Spring, as representative from the 91st district, broke his silence Monday to say he would not seek or oppose a recount. Blount's margin, on the basis of complete and unofficial returns, was 47 votes. Barnes emphasized that he would not seek a recount personally but many of his friends were investigating the procedure necessary to bring about a recount. He would not concede defeat, saying that "I prefer to wait until the official returns are in, the race being as close as it is." He intimated he would be prone to accept the certified returns personally, but added it "my friends are interested enough to seek a recount on my behalf, I wouldn't hesitate to sign whatever is necessary to set it in motion." Barnes contended that a recount "does no violence" to either side. If done fairly, it may help me and it may even help my opponent. A single vote change in several key boxes could mean the difference. Blount was not available for comment, having left Monday with his wife for El Paso to spend a few days. Previously, he had issued a statement in which he expressed appreciation for his vote over the district and promising to continue his best efforts in accordance with the wishes of the majority. As a practical matter, securing a recount is a lot more difficult than simply asking for it. Specific grounds must be cited to bring about court action. If the 91st legislative race seemed close, it paled beside one for district attorney of the 106th judicial district. Stansell Clement, Lamesa, appeared to have defeated Virgil Crawford, Brownfield, by a scant seven votes—5,820 to 5,813.

Solon Claims Spy Threat

WASHINGTON, July 27. (AP)—Sen. Revercomb (R-WV) disagreed today with Secretary of State Marshall and insisted that some foreign agents are indeed a threat to American security. Revercomb said his Senate Judiciary subcommittee will meet this week to decide its program in investigating alleged subversive activity by United Nations employees. "I think it is a very serious situation," he said. Two State Department visa officials told the Senate group last week that Communists are using the UN as a "front" for underground activity. Marshall, in effect, disavowed the testimony and said he knew of no threat to U. S. security by foreign agents. "I don't agree," Revercomb said. "Two officials of the State Department testified that subversive agents are roaming about the country. Obviously they are not UN business or legitimate government business."

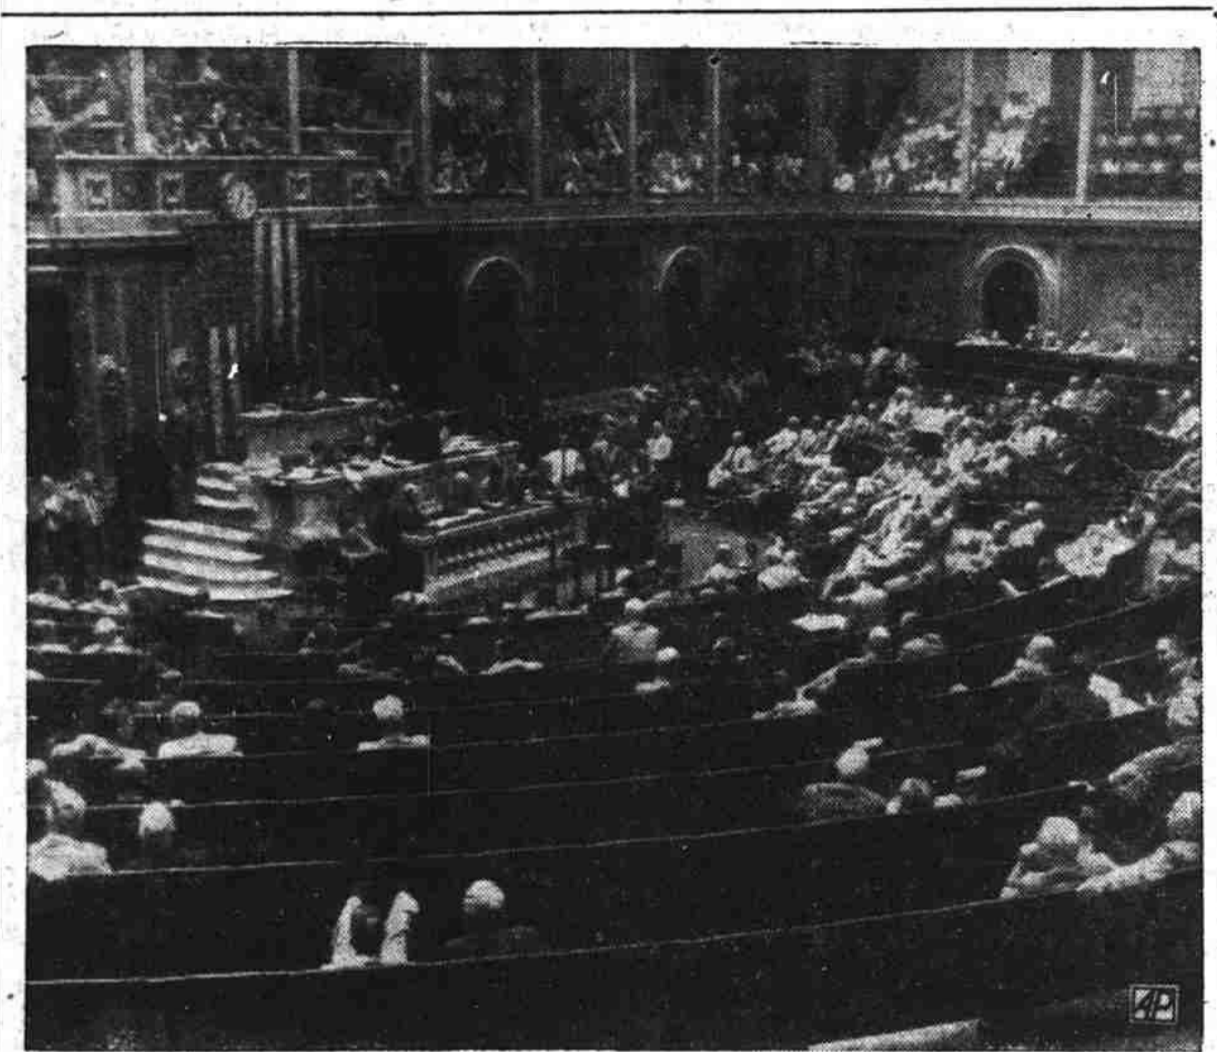

Shower Measured At .42 Of An Inch

A late afternoon thundershower brought rain and wind to Big Spring Monday. The U. S. weather bureau gauged the rainfall at .42 of an inch and the peak velocity of the wind at 45 mph. The shower kept vegetation growing at full stride, whipped some trees badly and broke a few. Lightning struck one of the Ellis Homes units. The shower apparently did not cover an extensive area.

DIXIE PLEDGES 'NO SURRENDER'

WASHINGTON, July 27. (AP)—President Truman tossed his full civil rights program back to Congress today without singling out the racial measures against which Southern Democrats have pledged a "no surrender" fight. In a sternly worded message to assembled House and Senate members, the chief executive said enactment of the program he first outlined last February "is necessary to carry out our American ideals of liberty and justice for all." The White House, in advance of Mr. Truman's personal address, had listed anti-lynch and anti-poll tax bills as among those he would plug for because hearings of them have been completed. And if his irate Dixie foes needed any fresh spur to anger, the President supplied it last night by ordering an "FEPC" for federal workers and an anti-discrimination drive in the armed forces. The two executive orders were announced by the White House shortly after 19 senators from 11 Southern states banded together for a last-ditch stand against the Truman program. "We will never surrender," Sen. Russell (D-Ga.) said. The veteran Georgia lawmaker who spoke for the group had been the choice of the Dixie rebels for president at the recent Democratic convention. As for Mr. Truman's twin orders, Russell termed them an "unconditional surrender" to the Henry A. Wallace Progressive convention and to the threatened civil disobedience campaign against the draft by some Negro leaders. The President noted in his message today that congressional committees have considered legislation to carry out some of his proposals but that only one has been approved. That lone measure was for settling the wartime evacuation claims of Japanese-Americans.

CONVENTION SET

Philadelphia To Be Honored By BZ Wacs

Philadelphia, City of Brotherly Love and political conventions, has been named as the site for the 1948 reunion of BZ Wacs on a ballot which also named Ferne Simpson, Decatur, Ill., president of the year's convalescence. BZ Wacs is an organization of some 300 veterans of the Women's Army corps who were stationed at the Big Spring Army Air field during the war years. The third annual meeting is set for September 11 and 12. Florence Becker Kalick and Anne Lucash Schlager, both native Philadelphians, were named by Miss Simpson as co-chairmen of the convention. While at Big Spring Mrs. Kalick was company clerk for the Wac squadron; Mrs. Schlager was clerk general in Post Operations; and Miss Simpson served as clerk-typist in the dental clinic of the station hospital.

Initial reunion of the veteran group was held in 1946 at Hotel Bismarck in Chicago when more than 40 members attended, and Mary Alice Cameron, New Haven, Conn., and Yetta I m e r m a n, Bronx, N. Y., were named organization officers. Last year's meet was conducted at Meriden, Conn. when the group voted to make a permanent organization and appointed Lucille LaFontaine Bishop, Brooklyn, N. Y., to conduct a mail ballot to determine 1948 officers and place of meeting.

LIGHTNING BOLT INSPIRES MOVE

That blue flame which came down the chimney of the Ellis Homes apartment occupied by Capt. O. T. Ham Monday afternoon was lightning and inspired the Army officer to move with the speed of same but the bolt luckily harmed neither Ham nor his wife, who was in the next room. When Ham surveyed the damage, he discovered the bricks to his chimney shattered and scattered. The lightning occurred during the height of Monday's rain squall.

Excess Profits Tax Also Asked Of Lawmakers

Program Aimed At Depression And Inflation

WASHINGTON, July 27. (AP)—President Truman today demanded limited price control and an excess profits tax to help check the rising cost of living and avert "another great depression." A depression, he said, would scuttle "the world's hope for a lasting peace." The President coupled a reiterated plea for power to hold wages in line with his price control recommendation. And he personally confronted the politically hostile 80th Congress with six other proposed brakes on spending—among them a return to credit restrictions and standby rationing authority. "The Communists, both here and abroad, are counting on our present prosperity turning into a depression," the chief executive declared. "They do not believe that we can—or will—put the brakes on high prices. They are counting on an economic collapse in this country." That, he said, "would cut the ground from under the free nations of Europe." Mr. Truman addressed a joint meeting of the Senate and House on the second day of the special session he called in the heat of a presidential campaign year. But his language was far more restrained than it was on his Western tour, or in his acceptance speech to the Democratic National Convention. Then he referred repeatedly to the Republican-controlled 80th Congress as one of the worst in the nation's history. The President did not spell out the details of his price control program. He left that a question to be answered by an administration bill promised later this week—perhaps tomorrow. But he did say the controls should be authorized for "scarce commodities which basically affect essential industrial production or the cost of living." That would seem to mean things like steel and meat.

Wherry Leads 'Politics' Cry

WASHINGTON, July 27. (AP)—Senator Wherry (Neb.), acting Republican leader, said today President Truman's message proves the special congressional session "is purely political." Terming Mr. Truman's price control and other recommendations a "complete rehash of old messages," Wherry commented to newsmen— "We are just as anxious as anyone else to see prices lower, but I do not agree with the President on his approach." Democrats on Capitol Hill generally spoke out in favor of the President's recommendations, except that southerners renewed their attacks on that section relating to civil rights law. Chairman Wolcott (R-Mich.) of the house banking committee said "It is very apparent that this Administration is committed to See POLITICS, Pg. 9, Col. 3"

Asks Court Ruling On Palestine War

LAKE SUCCESS, July 27. (AP)—Syria sought support today for her proposal to ask an International Court of Justice ruling on Palestine. The decision is in doubt. The United Nations Security Council was called to meet this morning to deal with the Syrian proposal and other Palestine topics. The Council adjourned on July 15 after ordering the second truce in Palestine without voting on the Syrian resolution. Faris El Khouri, Syrian delegate and lone Arab spokesman on the Council, has asked the Council to go to the International court for an opinion on the status of Palestine after the British mandate ended May 15.

'MASS PRESSURE' PRELUDE

Progressives Call For Capitol March

PHILADELPHIA, July 27. (AP)—The newly organized Young Progressives of America approved a resolution calling for a march on Washington today as a prelude to a "mass pressure" movement on Congress by the Progressive Party. Rep. Leo Isacson (ALP-NY) told the teen-age group, also known as the "Youth for Wallace" yesterday, "We are going to join in a fight against adjournment of the special session of Congress before it has enacted the reforms it professes to support." The New Yorker, told young delegates from 44 states and Puerto Rico, "As for myself and those few who represent us, we are going to propose the immediate repeal of the peace-time draft. There is no danger of war except for that danger fostered by the Fascists in our midst." The youth group adjourned their founding convention yesterday without adopting a platform because they had been granted the use of convention hall without pay until 5 p. m. (EST). After that deadline the hall would have cost them \$1,140 an hour, or \$12 an hour for each of the 95 maintenance employees. In the last five minutes of the five-hour session, the Young Progressives dropped their unadopted platform and resolutions into the lap of their national committee. The unadopted platform echoed the goals of the YPA's parent organization, the Progressive Party, whose founding convention ended here on Sunday after nominating Henry A. Wallace for the presidency and Senator Glen Taylor of Idaho as his running mate.

CRASHED U. S. FOOD PLANE — A German policeman stands guard over the wreckage of a hugh U. S. Air Force C-47 in a Berlin street after it had hit an apartment building and burned. GOVERNMENT CHALLENGED

Two Police Forces Seen For Berlin

BERLIN, July 27. (AP)—Two police forces as well as two police chiefs appeared in prospect today for blockaded Berlin. Communists directly challenged the authority of the Socialist-controlled city government. Paul Markgraf, Communist-trained police president, told the elected municipal government it could not suspend him because he had the support of the Soviet army. Markgraf said he would refuse to yield his office to Socialist Johannes Stumm, his former deputy whom the city government has appointed as his successor. Central police headquarters is in the Soviet sector. Thus the prospect arose that the three Western powers might decide to establish a central police headquarters in their occupation sectors where Stumm would preside. The three Western allied commanders of Berlin met and were believed discussing the police crisis.

Reds Sending Fighter Planes To Germany

BERLIN, July 27. (AP)—German press reports today said the Russians are increasing substantially the number of fighter planes, including jets, stationed in their zone of Germany, around Berlin. These reports appeared as the Americans strengthened their combat plane forces at bases in Western Germany. The most recent U. S. additions were 16 jet fighters which reached Fuerstenfeldbruck Sunday. German reports also said large Soviet summer army maneuvers are taking place in the Russian zone, from the Baltic south to Thuringia. The reports said much armor is involved, including big "Joseph Stalin III" tanks, and strong air support. The tanks were described as 62-ton monsters, perhaps the heaviest in the world. American Air Force officials here said the Russians have posted new warnings of maneuvers by their fighters in the air corridors traversed by British and American transports flying over the Russian land blockade. The Americans said some Russian jets have been seen in these corridors, but that most fighters sighted were the more conventional Yaks. The reports of the increasing Russian fighter strength and of Soviet army maneuvers appeared today in the British-licensed newspaper Telegraph and in British Military Government's official German language newspaper, Die Welt. Allied authorities had no comment.

Reds Building Treaty Net

WASHINGTON, July 27. (AP)—While assailing American support of Western Europe, Russia and her Eastern European satellites are building a tight network of treaties against "aggression." The State Department noted this today in publishing an official document the "texts of 22 compacts signed by Moscow or the Soviet bloc states. Others have been completed or are in the making. The roundup was made before Czechoslovakia and Romania initiated their "treaty of friendship, collaboration and mutual assistance" last week. Russia and Albania are expected to sign up shortly, thereby increasing pressure against Marshal Tito's Yugoslavia in his quarrel with Moscow. The treaty between the new Communist-run Czech regime and Romania, like most of the others, provides for mutual military support in case either is "dragged into armed conflict" with an aggressive Germany or "with any other state directly or indirectly uniting with Germany." By the terms of Moscow's propaganda campaign that would appear to include the United States, Britain and France because of their backing of a separate government for Western Germany. The exchange of pledges among the Soviet bloc states has been accompanied by numerous denunciations of "American imperialism," the State Department also noted.

Crude Output Gains Shown

TULSA, Okla., July 27. (AP)—America's crude oil production during the week ended July 24 gained an average of 7,580 barrels daily over the previous week's figures, the Oil & Gas Journal reported today.

The Journal gave the week's total daily average production at 5,447,455 barrels.

Listed as areas with the greatest gains were:

Mississippi, up 12,745 barrels to 132,485 barrels, a new high for the year; Michigan, up 2,200 to 45,900; Colorado, 1,580 to 46,310; and Wyoming, 1,730 to 150,410.

Increases of 430 barrels or less were credited to Alabama, Arkansas and Montana.

Principal declines were in Kansas, down 7,450 to 282,000; Oklahoma off 3,250 to 420,200; and Indiana, Kentucky and California, all down 550 barrels or less.

Production was unchanged in Florida, Louisiana, Illinois, Nebraska, New Mexico and Texas. The Texas production was 2,415,475.

Italian Labor Group Splits

ROME, July 27. (AP)—Union leaders strove desperately today to hold together Italy's General Confederation of Labor, as Communist members split with the Catholic and government party faction.

The seven million-member confederation (CGIL) began coming apart at the seams last week after its Communist-dominated executive committee called a disastrous general strike following the attempted assassination of Communist Leader Palmiro Togliatti.

The Communist majority in the CGIL executive committee have, in effect, told Christian Democrat and Catholic Labor (ACLI) leaders to "go ahead and form your own union."

Leaders of the Republican and Socialist Labor (PSLI) labor parties fear a withdrawal of the Christian Democrats and ACIL workers will further weaken the CGIL's non-Communist minority and place the Communists in virtual control.

Maritime Vote Beats Leftists

NEW YORK, July 27. (AP)—Joseph Curran has been reelected president of the National Maritime Union (CIO) by a vote of almost three-to-one, and three top-ranking officials linked with the left-wing anti-Curran faction have been defeated by big margins.

The extent of the right-wing victory—apparent for some time as the counting of ballots progressed—was announced officially last night.

Pro-Curran candidates were returned to office by large majorities.

Curran beat Frederick N. (Blackie) Myers, former NMU vice-president by a vote of 28,043 to 9,640 for the presidency. Secretary Ferdinand C. Smith, a Negro facing deportation proceedings on a government charge that he is an alien Communist, was defeated for re-election. Vice-Presidents Chester Young and Howard McKenzie also were among those beaten.

IT WAS JUST IDEA THAT HURT

CHICAGO, July 27. (AP)—A shot was fired and a youth staggered from a hamburger shop at 209 North Western Avenue last night and fell face down on the sidewalk.

A police squad was summoned. Mrs. Helen Williams, 30, owner of the shop, told Detective Lyons Kelliher the youth had broken a window and she shot at him after he threatened her.

Kelliher ordered the youth to the Cook County jail hospital as he continued questioning Mrs. Williams.

A few minutes later Kelliher learned the youth—identified as Roscoe Kelly, 22—had not been hit by a bullet at the hamburger shop. He fainted.

Kelly was held on a charge of malicious mischief on Mrs. Williams' complaint.

Babe Ruth Sees Film Of His Life

NEW YORK, July 27. (AP)—Babe Ruth took time out from a hospital to see his life story unfold on a movie screen last night.

The ailing home run king was greeted by a tremendous roar from the street crowds as he arrived at the Astor Theater for the benefit world premier of "The Babe Ruth Story."

Ruth left the theater when the film was half-finished, but he pronounced it "wonderful." The producers said they will take a print of the picture to Memorial Hospital later for a private showing for the Babe.

Mayor William O'Dwyer, who had proclaimed yesterday "Babe Ruth Day" in New York, met the Bambino in the theater lobby and the audience applauded as they walked down the aisle to their seats.

Greeks Struggle To Win Height

ATHENS, July 27. (AP)—Dogged army forces are battling fanatically resisting guerrillas for possession of 8,000-foot-high Kleptis Height, the Greek general staff said today. The height is the key to the Northern Smolikas Mountains.

The army jumped off yesterday morning in a renewed drive to crush Communist rebels held up in the Grammos Mountain area. The Kleptis struggle, the general staff said, is going on at the summit of the height, which the army captured and held for two hours yesterday before being driven off by 12 rebel counterattacks.

Kleptis is the primary block on the Konitsa-Smolikas front and is holding up juncture of the attacking Ninth Division and the Second Division moving westward toward it.

expanding army as it is built with new draftees.

The UMT is being discontinued, the Army said, because its facilities and personnel are needed for training inductees under the new draft law. It added that the unit would resume operation about Nov. 1.

The unit started training its first group of teen-agers, enlistees in the Regular Army who volunteered for the experiment, in January, 1947. Since then, three training cycles of six months each have been held. About 650 men were trained in each period.

The announcement came as Gen. Omar Bradley, Army chief of staff, and a group of officers arrived here for a three-day conference on training teen-age draftees. The group of about 50 officers included 15 generals, among them Lt. Gen. Jacob L. Devers, chief of the Army's ground forces; Maj. Gen. Harold Bull, chief of Army chaplains, and Maj. Gen. Bryant Moore, chief public information officer.

Making the announcement, Lt. Gen. Leonard T. Gerow, Second Army commander, said the UMT unit's operations would be halted only temporarily. He declared that "UMT is definitely necessary as a basic, long-range step toward national security."

Two thousand enlisted men have arrived here for three-year Army "hitches" to begin basic training, UMT style, and about 1,000 more are due soon.

Steps are underway to adapt the unit's training methods for Regular Army outfits. Many of its procedures have been put into use in the Third Armored Training Division here, which will be studied by the conferees.

Post officials disclosed at least six UMT developments would become Army-wide:

1. The religious program.
2. The trainee court, in which the men themselves judge and mete out punishment for minor infractions of regulations. A demerit system for infractions is included.
3. Prohibition of profanity during training periods.
4. Compulsory citizenship and morality lectures by chaplains and others.
5. A leadership-trainee program with its special student-instructor relationship aimed at eliminating browbeating.
6. A special citizens' advisory committee to cooperate with Army officials on problems of soldiers visiting nearby towns.

DISCOVERS RETONGA; FINDS RELIEF FROM ACID INDIGESTION

Victim of Sour Stomach, Constipation, Headaches and Sleepless Nights Happily Tells How Famous Medicine Gave Prompt Relief.

"I could hardly eat anything without suffering for it," declares Mrs. Hattie Milam, "until I discovered Retonga." Mrs. Milam, a native of Macon, Ga., has lived in California for the past 14 years and owns her home at 27 Indiana Ave. in Venice. She continues:

"For several years I suffered terribly from sour stomach. I could hardly eat a thing without paying a price in gas pains and bloating. Even mild foods like bread and coffee gave me heartburn. I was terribly plagued by constipation and headaches and was continually taking harsh laxatives. Sleeplessness was another thing I had to put up with. In the morning I'd get up feeling completely worn out, with no energy for anything. Life's no fun when you feel the way I did.

"The relief that Retonga brought me was just plain wonderful. Now I eat anything I want without any discomfort. My constipation and headaches have been relieved. I sleep like a top, and have worlds of pep and energy. I never dream-

ed one medicine could do so much for a person as Retonga did for me."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at Collins Brothers Drug Store. (Adv.)

Full Use of Electrical Appliances

● Your kitchen planning should provide properly placed convenience outlets for all of your portable electrical appliances—those you have now and those you plan to add later.

There are many small appliances to make your kitchen tasks easier—the roaster, mixer, coffee maker, waffle iron, toaster, grill and many others. List those you will want in your kitchen and plan outlets for them.

Your overhead wall cabinets can be equipped with built-in outlets on the under surface. (See illustration at the left.) Or, regular double-socket outlets can be installed along the walls, above the drainboard.

The importance of proper wiring cannot be overemphasized. The cost of good wiring, including all the outlets you need, is insignificant compared to the convenience it will bring to your electric kitchen.

Consult your electrical contractor-dealer, architect or builder about adequate wiring.

BULL COULDN'T BE ROUGHER
TOKYO, July 27. (AP)—It wasn't a bull that wrecked a Tokyo china shop. But the effect was the same.
Two men dashed into the shop pursued by two more. Howling and yelling, the first pair began firing cups, saucers, plates and gravy boats at their pursuers, who retaliated in kind.
Police collared the four and marched them off as the bewildered proprietor surveyed the wreckage.

Latin American Opera Is Cheered

By BOB THOMAS
Los Angeles, July 27. (AP)—An enthusiastic audience last night cheered the world premiere of "Magdalena," a South American-flavored light opera which looks destined for a long stay on Broadway.
The Los Angeles Civic Light Opera Association lavished an estimated \$300,000 on the show and it appears to be a worthwhile investment. The premiere at the Philharmonic saw some skittish scenery and one or two slow spots, but it is largely a handsome, intriguing production.
"Magdalena's" greatest asset is a superlative score created by Heitor Villa-Lobos, distinguished Brazilian composer. The first night crowd was sometimes dazed, but usually enchanted by the pulsating rhythms and contrapuntal melodies.
The smallest of the South American countries is Uruguay, with an area of 72,153 square miles.

READY FOR PENNSYLVANIA PHONES

Bell's Voice Recorder Will Help Forgetful Husbands

HARRISBURG, Pa., July 27. (AP)—Forgetful husbands and lovers wishing to recall precisely the sweet nothings whispered into their ears soon will get some help from the telephone company.
Starting Aug. 2 a limited number of subscribers may obtain from the Bell Telephone Company of Pennsylvania a little gadget officially described as a "recorder connector with an automatic tone signal."
By means of this device, any telephone user paying the \$5 initial charge and \$2 monthly fee may have a permanent record of telephone messages.
Housewives, for instance, can rest assured that the shopping orders phoned to Hubby at the office will be carried out down to the last spoon of thread.
And the swain forced to leave town for a few days can leave behind a record of his love for his sweetheart to consider in his absence.
The telephone company, which received permission from the Pennsylvania State Public Utility Commission yesterday to file rates for the proposed service, said it could not determine immediately how many voice recorders will be available when the program gets under way.
One thing the company made clear, however.
Every regular telephone line to which a voice recorder has been connected will have attached also the tone signal—which will emit a "beep" every 12 seconds.
This will serve as a warning to all callers that their conversations are being recorded.
Without such a warning, the voice recorder is illegal, except on private lines not going through the telephone company's switchboard. Connectors without the warning signal will be installed on private lines for \$1 a month.
All customers will be required to release the telephone company from the danger of libel or slander in connection with the use of the recorder.
"Yes, dear (beep) a pound of steak, a loaf of bread (beep)."

Koreans Warned Of Red Tactics

SEOUL, July 27. (AP)—Lt. Gen. John R. Hodge warned South Koreans today that Communists are seeking to destroy their new government by infiltrating staffs of newspapers and other organizations.
"Sometimes they are ardent Communist infiltrators posing as Korean nationalists," the American occupation commander said in a statement. "Such persons are especially active among some groups of news reporters and printers."
"While a few newspapers of the extreme left and right in South Korea have been suspended for inciting violence, papers of all political complexions have been permitted to publish."

Texas Bands Win Prizes

NEW YORK, July 27. (AP)—Bands and drum and bugle corps from throughout the United States won a total of \$2,250 in prizes last night in the Fifth Avenue parade held in connection with the 31st annual convention of Lions International.
Texas units won three of the five prizes awarded for bands.
The following band winners were announced:
First, (\$500) Gladewater, Tex., High School) Second, (\$400) White Oak High School of Longview, Tex.; third and fourth placed (tied, dividing \$300), Elizabeth City, N. C., High School and Alvin, Tex., High School; fifth, Len High School, Charlottesville, Va.
Winners in the delegations - In-uniform contest were:
First Florida; second Cuba; third (\$150) Mexico; fourth (\$100) Texas; fifth the California-Nevada district.

South America stretches about 4,500 miles north and south and 3,200 miles at its widest east-west point.

Economic Task Faces Congress

Whether Congress embraces the suggestions of the President in dealing with the economic situation, it certainly is faced with a challenge to at least explore the possibility of action to brake inflationary trends.

Rationing and price control are hardly expected as remedies, and even if they were the handiest instruments, this is a presidential election year. Thus, it would be a lot easier to ask than to receive when it comes to slapping on such controls.

This sets the pace for much of the problem. In other words, it may take some unpleasant and some drastic action to be effective at all. It is apparent now that the "temporary" rise and orderly decline to normalcy, so freely predicted a couple of seasons back, have not materialized. The opposite has come to pass, and any chance of immediate exceeding of demand has now gone with resumption of a semi-war economy. This has its effects in two ways. First of all we are spending about \$17 billions for preparedness and for European recovery. That means taxes, which in turn means less chance for real tax relief. It also means more goods for these services and export, and thus less for civilian domestic consumption. Our buying power is increasing without an increase in goods.

So this is no transitory situation. It is a real and dangerous problem. Congress is going to have to face it realistically and sensibly... or to continue an inadequate policy of letting nature take its course.

No Balance In Aggressiveness

The third or progressive party has completed its convention by adopting its platform, which emphasizes a desire for peace, and reiterating its endorsement of its candidates, Henry Wallace.

Most of those participating were liberals fired by the belief that only a new group outside the major parties could change the international course sufficiently to bring about the peace. In their efforts to bring this about, the convention delegates bent over backwards in saying nothing which might be offensive to the Soviets. A minority, which did not expect U. S. policy from criticism, sought to insert a statement to the effect that it did not give other powers a clean bill of health, too, but this was beaten down by those who thought it would be a slap at a "friendly ally."

Of course the convention had its tip from its leader, who refused to be drawn into a pre- or con debate on communism. Wallace, aware that communist support would hurt his candidacy, seemed loath to let it go. One of his major weaknesses has been his failure to match constructive criticism of his own country with that of its chief rival in world affairs.

As a result, it has drawn—unwelcome though it might be—welter of red workers into the fold. They may be in a minute minority, but they are vocal, in a few key spots and ready to see no word is lifted against Russia. Thus the progressive party is robbed of a balanced aggressiveness and boldness it should have to make any serious bid for support.

PROGRESSIVES LEARN SECRET OF TREASURY

By HAL BOYLE PHILADELPHIA, Pa.—Henry Wallace's Progressive Party will go down in political history for at least one thing—it has learned the secret of the American treasury.

This secret is that a lot of little people can fork over more dough than a few big people.

The money that one reluctant millionaire will disgorge in a moment of private appeal for the salvation of the Democratic or Republican Party is strictly limited. But when Hank Wallace's fund-raiser hits the platform in front of 30,000 or more cheering partisans the pocketbook appeal is unlimited.

The Progressive Party calls out the dollars from the common people on a program that offers the hope of pie here and now.

Tapping the wallet of the ordinary man Henry Wallace has caught up with the treasury—which long has known that the working man can pay more than the multi-millionaire. There just happens to be a slight more working men in the world than there are multi-millionaires.

Wallace himself has no direct connection, physically, with such considerations. He doesn't appear on the platform until the gilt and the gelt has been collected and delivered.

Then he comes out and talks about issues instead of dollars. He said nothing about the \$30,000, including the federal amusement tax, which his supporters paid to hear him in Shibe Park Saturday night.

He said nothing, as he stood on a boxing platform behind second base while a golden moon rose over the right field fence, about the \$30,000 the crowd had pledged for the purchase of radio time before he arrived. He just shook the famous forelock out of his eyes, threw his head back for the cheers in a manner reminiscent but unequal to Franklin D. Roosevelt, and pitched again and again verbally for the century of the common man.

He talked of peace and plenty, conciliation of Russia, and banged the Wall Street scoundrels off the backboard. But politicians always have talked of peace and plenty and hit the sawdust trail of accusation against Wall Street.

What they will be amazed at Wallace for this— that he got thousands of voters to pay money to hear him make an election speech.

Affairs Of The World

Man Thinks About Food

By DEWITT MACKENZIE

The cold war between Russia and the Democrats had its genesis in ideology—aggressive Communism bent on world conquest—but its outcome is going to be determined by economic factors.

Military power will play an important part, but that is based on economic well-being. As for ideology, man is given to thinking with his stomach. His ideological leanings are likely to be decisively influenced by the amount of food (plus a corresponding allotment of other necessities) available for his family.

That is the significance of the Marshall Plan, and it dominates the whole crisis. The task of the democracies is to hold the present "military front" through Central Europe to give the Marshall Plan time to put Western Europe on its feet economically.

Already the Marshall Plan—officially christened "The European Recovery Program"—is showing good results. One of the chief early benefits has been a psychological lift among the peoples of the democracies.

We have a very good illustration of this in the firm manner in which the Italian government under Premier De Gasperi has handled the big and revolutionary Communist Party of that country. The Commission of no confidence in the government, presented in the Senate after the attempted assassination of the Red leader, Palmiro Togliatti, was soundly defeated last Thursday.

The democratic elements in Italy have their chin up. That is increasingly true in the Western European countries. And quite as much to the point, all this is having its effect in Eastern Europe where there is increasing resistance being shown against Soviet domination.

Be Choosey

BANGKOK (AP)—When you call a policeman in Bangkok, be sure you get a \$2 a month man, not a two-bit one. One group joins the force voluntarily. These make 30 ticals a month. That's slightly less than two U. S. dollars. The rest of the force, about 6,800, are conscripts assigned by the Army. They are paid four ticals a month—about 25 cents.

Towers Restored

MOSCOW (AP)—Fifteen of the old towers of the Kremlin have been restored and by autumn, an announcement says, all nineteen towers will have been redone. Work is being carried on at present on the Trotsky, Spassky, and Nikolskaya towers. Only one tower—the middle arsenal—has not yet been touched.

"YOU GETTING INTERESTED IN BETTER HOUSING NOW?"

Washington Merry-Go-Round

Truman Urged By Farm Leader To Phone Joe Stalin And Seek Peace Man To Man

By DREW PEARSON WASHINGTON—President Truman got some interesting suggestions on the Berlin crisis the other day from James Patton, rugged boss of the National Farmers Union, who urged him to "do something dramatic."

"If I were President," blurted the Rocky Mountain farmer, "I would call Premier Stalin on the phone, tell him we had a bad situation on our hands and say I wanted to meet him in Berlin to talk it over."

"Jim," the President smiled, "I can't be dramatic. I'm not the dramatic type." But he assured the farm leader that "ways can be worked out" to settle the explosive Berlin question without war.

Patton had one more question on the international situation. "How close," he asked solemnly, "are we to war?" The newspapers, Truman replied, have overplayed the Berlin tension. The Russians, he was convinced, do not want war. "And we certainly don't want war," added the President.

NOTE: Patton also told the President that, while Congress had passed farm price supports, it was only the beginning of a long-range farm program. The farmers needed other measures, such as soil conservation, rural electricity, aid to rural schools, etc.

"Well, I'll certainly keep plugging for you," Truman promised.

WHY THE HOUSEWIFE WORRIES

It has now been exactly two years since the Congress of the United States, after hot and hectic debates in the month of July, 1946, voted to sabotage price controls. Here are the official figures showing the difference between controlled prices and uncontrolled prices since the end of OPA:

Price of meat—upped 191 per cent since May 15, '46.
Rents—which remain under control, increased only 7.6 per cent.
Gas and Electricity—regulated by state and municipal commissions, have increased only 2 per cent.

General food prices—have gone up 214.1 per cent over the 1935-39 average.
Words certain statesmen would like to forget (made during the OPA debates two years ago):
Sen. Kenneth Wherry, Nebraska Republican—"Taft! Taft! Everybody's talking about what Taft has done to OPA. I'm the fellow that knocked out meat control, and I've done more to that bill than anybody else."
Rep. John Taber, New York Republican—"OPA is at the present time the chief promoter of inflation."

Sen. Robert Taft, Ohio Republican—"Prices somewhat higher than normal tend to increase production. We certainly should not force such a reduction of prices as to interfere with more production."
Rep. Henry D. Larcade Jr., Louisiana Democrat—"OPA is running in a highbanded, dictatorial and discriminating manner, treating not only the members of Congress but the people of the country as a whole with disdain, disrespect and discourtesy."

Rep. Jesse Sumner, Illinois Republican—"Subsidies are just OPA's black-market way of concealing the fact the cost of living is going up and up and your money is buying less and less and less."

Rep. William Lemke, North Dakota Republican—"Today the question is should the OPA be liquidated—abolished? My answer is that it should never have been created. It is an un-American, illegitimate

child. It was born of foreign parentage."
Rep. Carl T. Curtis, Nebraska Republican—"OPA is a sham and a fraud. It is one of the prime causes of inflation."
Rep. Edward O. McCowen, Ohio Republican—"Let us make the break now, and then let the price-control act die its natural death. There will be confusion for a few months... Then confusion will end, prices will be stabilized and production will be normal and sufficient."

MERRY-GO-ROUND
Remark General Eisenhower to friends "The Republican platform looks in two directions... Mrs. Huey P. Long, wife of the late Louisiana Kingfish, may be the first woman in America to be the wife of a senator, a senator herself, and the mother of a senator. She succeeded her husband, and now her son, Russell, is running... Keep an eye on dynamic young Lyle B. Martin of Olathe, Kansas, now challenging diehard Congressman Errett Scrivener in the Kansas Republican primaries... Friends of Justice Bill Douglas are suggesting that can primaries be held in the Senate from Oregon in order to prepare for the presidential race in 1952."

CORPORATION GRAVY
While the cost of food to the housewife has zoomed, here is what's happened to the dividends of big corporations.
The figures were presented recently by plain-talking Democratic Senator Joe O'Mahoney of Wyoming, as compiled from the Federal Reserve Board and various banking reports, as follows:
Profits of 100 corporations after taxes:
1940—\$1,875,000,000.
1945—\$1,943,000,000.
1947—\$3,730,000,000.

O'Mahoney also cited a Federal Reserve Board report, stating that business profits this year will exceed the dizzy high of 1947. Pointing to individual corporations which have shared in this bonanza, he reported that General Electric Co. is now making profits in excess of 2 per cent of net worth, General Motors 19.9 per cent, U. S. Steel, 10 per cent.

The 1947 profits of General Electric, before taxes were paid, were five times greater than its 1939 profits, O'Mahoney charged. Meanwhile, he declared, wage increases have been obliterated by inflated living costs, as evidenced by the fact that American consumers are paying \$37,000,000 more for what they buy this year than in 1946.

UNDER THE DOME
Most people remember criticism, don't remember justification. When Congressman Chet Holifield had the courage to stick up for Dr. Edward Condon of the Bureau of Standards, he received a barrage of brickbats. Now Condon has been completely exonerated by the Atomic Energy Commission of being a "poor security risk..."

Jarring note at the Pershing funeral: One pallbearer was Gen. George Van Horn Moseley, who came to light during the Dies hearing as being the idol of the fascist Knights of the White Camelia. A recent booklet circulated in Washington is captioned: "Army General Exposes Jews—General George Van Horn Moseley, one of three top generals in the first world war and close adviser to General Pershing, lifts the lid on Jewish conspiracy and the communist lot."

In Hollywood

Shirley Loses Her Fight For Love Scene With Agar

By BOB THOMAS HOLLYWOOD, Pa.—Shirley Temple won't get her wish for a film love scene with husband John Agar. The actress was campaigning for a smooch scene in their current film, "Baltimore Escapee..."

"Since we probably won't be doing another picture together for some time..." But it didn't fit into the script, she tells me, so they'll have a platonic love affair in the film. Shirley and John go their separate professional ways after the film. She'll start a new movie in August; all she knows about it is that it's in modern dress. He'll probably start "Mission Without Orders."

Judy Garland's collapse is partly due to the fact that she did three tough musicals in a row. With all the rehearsing of dance and song numbers, that's more than most constitutions can take. "Barkleys of Broadway" and "Annie Get Your Gun" would have made five in a row, so she had to take a rest. Lucille Ball and Rosalind Russell pulled a fast switch at Columbia. Lucille was set for "Grass Widow" and Ros for "Miss Grant Takes Richmond" (will they have to change that title for the South?) then they merely exchanged pictures.

Ingrid Bergman's "Joan of Arc" will probably premiere simultaneously in New York and Hollywood in late November. It will be the costliest new film shown this year.

Broadway

STAGE, FILMS MAKE STRANGE BEDFELLOWS

By JACK O'BRIAN

NEW YORK—Politics not only makes strange bedfellows, but makes strange changes in movie scripts based on Broadway shows. When the film version of the fine play, "Command Decision," gets onto its strip of celluloid, the character of a visiting congressman, berated enthusiastically in the play by an air force general will have disappeared. Or rather, will have changed his costume, into a captain. In the interest of non-partisan picture-making, the captain will have been made a squadron commander charged with desertion because of his refusal to lead his planes over Germany. It might not set too easily if the general bawled his ears off the legislator as is done in the original version at the Fulton Theater.

One shift from the William Wister Haines manuscript will be made in honor of romance. The fatal off-stage crash of a limping bomber, a third-act thriller, is being tossed aside. Clark Gable will bring in the badly beaten machine by radio. Still another adjustment, of a somewhat puzzling nature, is the up-grading of the sergeant, played on Broadway, and superbly by James Whitmore. In the film he'll be a lieutenant, played by Van Johnson. It's the best role in the show, and no little of the impact of the ironic humor in the role comes as a result of the sympathetic reaction an audience assembles for the usually stepped-on non-coms. The sight and sound of a sergeant caustically having his say is one delightful notion.

The same in the hands of an officer may take away some of the neatly humorous contrast of an enlisted man with a sense of humor sounding, his amusing comments at the expense of bumbling brass. We'll just have to wait and see, though.

I hereby would like to announce the loss of my standing in the Sophisticated Critics Circle, an informal, unofficial circle of ill-meaning reviewers who have progressed, or regressed, to a point where no ice show receives their private approval and recommendation. It has become willfully axiomatic for some of my confreres to belittle the attractions of the perennial icetravaganzas at the Center Theater. This year's edition labors under the somewhat overused title of "Howdy, Mr. Ice!" But the fun is constant. The funny Freddie Trenkler is one of the few authentic clerks. The rest of the show is a clean, refreshing gamut of grace, acrobatics and colorful, skating feats. I know by having my naive say that I stand a good chance that George Jean Nathan might nod to me next time we meet, but I'll have to chance it. The adventurous life, you know.

The Nation Today
Reds Always In Minority

By AMES MARLOW WASHINGTON, Pa.—Henry Wallace's Progressive Party hammers on this idea:
This country and Russia can live at peace and work together. Merely saying so doesn't make it a fact, since that's also the No. 1 problem of our time, a number of questions have to be faced.
Pushed and helped by the Russian Communists, Communists have taken over all the countries of Eastern Europe except Greece. And all of them, since all believe in the inevitable triumph of Communism everywhere, want to see the rest of Europe communized.

Russia has a special interest in seeing that happen. A Europe made up of friendly, like-minded nations would save it from the danger of attack from a powerful enemy.
If all Europe goes Communist, Asia is sure to follow. With that kind of strength behind them, Latin America's Communist parties would try to take control there.
Then this country would find itself alone in a sea of Communism. It couldn't survive against a communized world.

The United States already has taken a stand to prevent Communism from spreading further.
It is doing it through the Marshall Plan for helping Western Europe get prosperous; by giving aid to Greece and Turkey; by holding fast against Russia in Germany. But does this government—which calls itself a Democracy based on the majority will of the people—have a right to block the spread of Communism in Europe if the majority of people there want it?

This is one answer to that:
The Communists have been a minority in every country where they have taken over. Once in control, they have suppressed any opposition which might overthrow them.

That includes Russia.
But couldn't this country work out a deal with Russia whereby the Red Army would go back inside Russia, we'd withdraw our troops from Europe, and Europe would be free to work out its own salvation?

Maybe. But would that stop the spread of Communism? How could it, so long as the local Communists in each country were free to plan and plot and try to come to power?

Language Course Needs Revising

It seems to me that the type of foreign language that is now being taught in high schools and colleges is a waste of so much time and initiative.

That appears to be a strong statement and a number of professors will disagree with me, I know, for they, already have disagreed. I went to high school in a small school system which did not bother with foreign languages; therefore I entered college without a day of any foreign language. The catalogue under which I entered and ultimately received my degree said that I must have at least three years of foreign language as I had come that far without any.

I duly enrolled in a Spanish class and was becoming fairly well interested in the subject under the guidance of the head of the department; when he bowed out in favor of a professor. The professor, I suppose, had learned the language the same way he was trying to teach it to us, for he was really a German and I'm told, was an excellent instructor in that course.

I learned a few of the rules and applied them stupidly and blindly, sometimes they were right and sometimes they were wrong—I never knew when I would be right and when I would be wrong. As for conversational Spanish—I learned "Yo no se" to which I replied to most questions asked me. I memorized the days of the week; months of the year; how to count and a few other things that I knew would be asked on the final examination. So I got through first year Spanish.

The second year, I suppose that I was lucky; for I never could read those stories in the two and half hours that I spent on each lesson. The bad part about it is that I did not know enough about it, even to copy.

The next year, when I went to enroll, the only foreign language course that I could enroll in, that would fit into my schedule, was third year Spanish. That year was tortuous and agony—I cut class as much as possible and felt that my days were much better when I cut the class. Fortunately the main book during the first semester was a history book. I memorized every data in it—that's how I passed that semester; but the last semester—that is still a nightmare.

I was lost and a number of times I threatened to quit; but the facts remained that I had a have that year of foreign language and that I had, already passed one semester. This compelled me to stay in the class.

My professor, who that semester, was the head of the department, could not understand how a pupil in Spanish could be as unintelligent in any subject as I was. I got some of the most peculiar grades in that course, such as F minus and failure minus. I never did figure which was the lowest.

El Professor was not impressed by my "yo no se," and indeed he volunteered that it was the height of rudeness. It should have been couched in some introductory idiom, it seems.

The thought of my foreign language lesson convulsed me, and when at last the shouting and tumult had died, I emerged with a D plus, of all things. How did I get it?
Yo no se!—BILLIE BURRELL

Today And Tomorrow

We Must Avoid Berlin Incident

By WALTER LIPPMANN

Before we reply to the Soviet note about the Berlin blockade, we should see to it that there is time for thoroughgoing consultation and full consideration among the Western powers. The immediate thing to do, it seems to me, is to take measures designed to avoid collisions, crashes, and deaths in the air corridors to Berlin. For that could make the conflict, which is already so grave and so dangerous, altogether unmanageable and irreparable.

The best chance of avoiding the irreparable incident which would precipitate war would lie, first, in an Allied decision to make a carefully considered reply to the arguments and the proposals which the Soviet Union has advanced, and then—in advising the Russians through diplomatic channels that since a considered reply will take time to formulate, they will do well to instruct their air force commanders in Berlin to be cautious.

This diplomatic action will provide a better test of Russia's intentions than would a spectacular attempt to pierce the blockade by running an armed convoy into Berlin. For the Russians have said that they want to negotiate. If they mean it, they will readily agree to what would be in effect a "hold fire" understanding for the air corridors. If they will take measures to avoid the irreparable incident while London, Paris, and Washington are formulating a considered reply, the door will remain open to the negotiated settlement which they say they want, which our decision to make a considered reply will prove that we want.

There are many who will object to such a course of action because they are under the impression that the Allied notes were an ultimatum, that the blockade must, therefore, be lifted unconditionally before there can be any negotiation, and that anything else is a retreat and appeasement.

But the plain fact is that the three Western notes about Berlin were not an ultimatum. The French government said expressly that the French government "will make no appeal to force as a means of resolving the differences that may exist between the Soviet government and itself on any point in the Berlin situation." Now when a government, after making a demand on another government, says that it will make no appeal to force, it is saying that it wishes to negotiate.

Children Need Help When Learning To Speak

By DAVID TAYLOR MARKE
If your child is a "lefty" don't make him self-conscious about it. Either effect a change over to the right or unobtrusively that he is unaware of what you are doing, or let him be left-handed.

mer tells me. He points out that the left side of the brain operates the right side of the body and vice versa.
Dr. Palmer also says:
Girl babies learn to talk earlier and more easily than boy babies. At 18 months a girl baby has a vocabulary of 18 words, whereas at 22 months a boy has learned to say only 15 or 16 words.

American Girls Use Soap For Charm

By BETTY CLARKE
The American girl is the cleanest girl in the world. So popular has the well-scrubbed look become that the soap, brush and wash-cloth motif seems to be the glamor insignia of today's woman.

Though most mothers think of a child's speech as something that he inherits, it is actually a learned act bringing together structures in the body that don't ordinarily work together. Speech is a combination of chewing, sucking and swallowing motions.
Children should have normal language when about three years old. Between three and five the normal child learns so quickly that he enters school he has a vocabulary of perhaps 2,500 words.

Mothers don't worry about daughter's "high water neck mark" as Granny did. Girls are taught the importance of good grooming in public schools and universities today.

National surveys of speech defects, says Dr. Palmer, indicate that 180,000 babies born this year—or one out of 20 will develop a speech defect during early childhood.
Children love rhyming words, says Katherine Lowrey Trehwitt, supervisor in the city schools of Cleveland, Ohio.

Bare feet and leg fads make them conscious of well-scrubbed limbs. Off-the-shoulder gowns and strapless bathing suits demand that shoulders, neck and arms be kept sparkling clean. Girls even in modest circumstances develop a debutante look at an early age.
The best way to achieve naturalness, they find, is through warm water and soap. It is amazing that even teen-agers discuss soaps they like and prefer, and many of them use their allowance to buy a particular soap of their liking.

When pupils can write poetry, she says in "The Tennessee Teacher" in an article entitled, "Winged Words," they should be given the feeling that they can always show what they have written to the teacher without fear or ridicule.
All too often, she says, we forget that "littie children in their spontaneous, unselfconscious way speak the language of poetry." If we would only fan the spark of imagination which glows in most children, we could encourage self-expression in words as well as in art and music.

At night cleansing creams are used to remove makeup. But after that is accomplished it is best to work up a good lather and scrub yourself until your "skin sings."

As an example she cites the following written by a second grade boy:
MAY
The trees are green,
Flowers are seen.
I'm so happy and gay
In wonderful May.
I say, I say,
I'm happy today,
Oh wonderful May,
Hip, hip, hooray!

Hoyer Home Is Scene For Ladies Aid Social

The Rev. and Mrs. H. D. Hoyer entertained at their home Sunday afternoon for the Ladies Aid Society of St. Paul's Lutheran church.
Following games, refreshments were served.

T&P Is Facing Segregation Suit

LOS ANGELES, July 27.—An anti-segregation suit for \$180,000 damages was on file against two railroads today.
Nine California Negroes accused the Southern Pacific and the Texas and Pacific Railroads of "willful misconduct" in requiring them to leave reserved chair seats for another coach at El Paso.
They contended their tickets entitled them to the more comfortable accommodations from Los Angeles to Dallas. Each asks \$20,000 actual damages for "loss of comfort, humiliation and discomfort" and \$10,000 punitive damage.
The plaintiffs are Laura Powers, Violet L. Adams, Josephine Benjamin, Mary Jackson, Nettie Lee Cook, Joseph B. Williams and Benny H. Warren, all of Los Angeles; Pearl Smith, San Francisco, and Myrtle Lee Wright, Vallejo.

Pfc Max Merrill Winn, son of Mr. Gould Winn, 1306 West Fifth St., Big Spring, has entered as a student in the medical laboratory technicians course at Medical Field Service School, Brooke Army Medical Center, Fort Sam Houston, Texas.

Medical Test Proved This Great To Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, weak, high-strung—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. In a recent medical test this proved remarkably helpful to women troubled this way. Any druggist.

When you buy Barcostre, you buy a preparation for taking off weight. You don't pay for any printed diet nor for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcostre is the original grapefruit juice recipe to take off extra fat.
Just go to your druggist and ask for four ounces of Liquid Barcostre. Pour this into a glass bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoons twice a day. That's all there is to it.
If the very first bottle doesn't show you the simple, easy way to take off extra fat, return the empty bottle for your money back.

Strategy Backfires As Big Spring Loses 3-2 Decision

Gus No Longer Top Challenger

NEW YORK, July 27. (AP)—The jigsaw puzzle that is the heavyweight boxing division was scrambled again today and one of the missing pieces was Gus Lesnevich, former light heavyweight champion of the world.

LOOKING 'EM OVER

With TOMMY HART

Considering the fact that the Big Spring baseball Broncs own one of the poorest road records of any club in the Longhorn baseball league, it is little short of amazing that Pat Stasey has been able to keep his club in first place.

Cowboys Rally In 9th Inning

The Big Spring baseball Broncs—bravely ignoring a chance to play for a tie in the ninth inning—gambled and lost a decision here Monday night, this time to the Del Rio Cowboys by a 3-2 count.

All stations were jammed when Bobby Fernandez stroled to the dish with one way in the ninth—a perfect set-up for a squeeze play. But orders were to hit away and Fernandez rolled weakly to Simon Luna, the pitcher, who threw in time to catch the front runner, Orville Bosch, at the plate.

The Big Springers turned in probably their most wretched performance of the season in the boring joust. The fire that led them to the top of the heap and made them one of the best gate attractions in the circuit has been extinguished. The infielders were listless, the outfield tied to a tree.

Only a crippled Pancho Perez looked to advantage. The tall right-hander shut out the opposition for eight innings only to run into trouble in the ninth.

In that round, Fidler doubled to start the round. Phillip Luna popped to Ernie Klein at second by Ortiz, a pinch hitter, bounced a single into left to send Fidler to third and Ferdie Neimann doubled, scoring Fidler. McAteer bunted perfectly to jam the sacks and that was all for Perez.

Despite the loss, the Steeds did not lose ground to second-place Midland. The Tribe was having its troubles with seventh-place San Angelo, losing an 11-6 decision.

ROUNDING THE SACKS—Neimann gained a walk on four pitched balls as the leadoff man in the first inning. Phillip Luna had to use Tony Traspuesso's mask, having broken his own before the game.

Referee Teddy Waltham, the only official, didn't hesitate in giving his verdict. The English crowd exulted. "That's our Freddie!"

The bout was fairly close despite the fact Lesnevich absorbed the bulk of the punishment. The Associated Press score sheet gave seven rounds to Gus, five to Mills and counted three even.

Lesnevich Sails For U. S. Friday Minus Light-Heavyweight Title

LONDON, July 27. (AP)—Ringscarred Gus Lesnevich sails for home Friday minus the world light heavyweight championship and his once bright hopes of fighting for the heavyweight crown.

Freddie Mills, battle-browed Briton, scrambled Gus' future last night in a surprise upset. The former carnival clown won the 175-pound round with a 15-round decision before the largest crowd ever to see a fight in England.

Promoter Jack Solomon packed 46,000 into White City Stadium and grossed around \$300,000. Lesnevich, twice banged to the canvas and left with ugly gashes around both eyes, immediately announced he was discarding his heavyweight aspirations in favor of another shot at Mills.

Gus' manager, Joe Yella, said he had a contract for a return bout with the 29-year-old Briton. There was talk the fight, which would be the third between the two, might be staged in New York.

Sawyer Takes Over Reins Of The Phils

PHILADELPHIA, July 27. (AP)—Eddie Sawyer, whose success in handling young ball players is legend in these parts, took over the reins of the Philadelphia Phillies today determined to "let the kids play their own game and enjoy themselves."

Sawyer, who is only 37 himself, said that "if they don't enjoy the game they're not worth a dime."

The club announced yesterday that Sawyer was being elevated from the manager's post at Toronto of the Class Triple-A International league to fill the managerial shoes of the Phils.

He has lifted Toronto from last place into third spot in the international loop this year. The Phillies now are in sixth place. Sawyer would make no prediction on where they club would be at the end of the season, but he made it plain he thinks it will be higher in the National League standings.

He succeeds Dusty Cooke as pitcher. Cooke took over when Ben Chapman was fired less than two weeks ago.

Perkowski Wins 18th Decision

By The Associated Press
Harry Perkowski is only two games away from being the Texas League's first 20-game winner this year. The lanky Tulsa southpaw insured his 18th victory last night with some hefty stickwork.

Perkowski set Beaumont down with six hits, hit a grand-slam home run and started another scoring spree in the Oilers' 8-3 win with a triple.

Two other pitchers took the spotlight last night. Ray Shore lost a two hit, 2-1 decision to Fort Worth when Dee Fondy's triple erased a San Antonio lead. Len Gilmore held Shreveport to two hits as Oklahoma City won, 2-0.

Perkowski has been beaten only four times this year and with better than a month to go, seems assured of nearing the 30-victory mark.

Tonight, Houston moves to Fort Worth; San Antonio is at Dallas; Shreveport at Tulsa and Beaumont at Oklahoma City.

Lippy Gains Sweet Revenge In Brooklyn As Giants Win

By JOE REICHLER
By The Associated Press

Lippy Leo Durocher rode triumphantly into the Polo Grounds today in his home debut as manager of the New York Giants with all the pomp and glory of a conquering hero.

No matter what Durocher does from now on, Giant followers will never forget what he did last night. Neither will tee Flatbush faithful. In a setting knee deep in drama, the former pilot of the Brooklyn Dodgers returned to his old stamping grounds last night and watched his Giants club his former hirelings into almost total submission. The New Yorkers massacred their inter-borough rivals, 13-4.

It was sweet revenge for Giant fans who had seen their favorites humbled 32 times in 39 clashes at Ebbets Field over the last four years. It also was sweet revenge for Durocher, who was shipped park, didn't know it then, but that was the last chance it had to jeer Durocher and the Giants. Once the game got under way, it was Leo who had the laugh.

LEO DUROCHER
... Fans Won't Forget

That was the only game played in the majors yesterday. Today the five-team battle for the National League flag continues with Boston host to the Philadelphia Athletics, the Dodgers taking on the Cardinals at Ebbets Field, and the Giants clashing with the Cincinnati Reds at the Polo Grounds, under the lights. In another league night contest, Philadelphia meets Chicago.

The torrid four-team fight for the American League flag also resumes today with the pace-setting Boston Red Sox hoping to better their four percentage point margin over Philadelphia's Athletics at Detroit. The A's engage the third place Indians in Cleveland and the New York Yankees clash with the Browns in St. Louis. In the other game, Washington comes to grips with the White Sox at Chicago. All are night affairs.

Tigers Beaten By Grandfalls

A six-run outbreak in the second round provided the necessary margin as the Grandfalls Eagles walloped the Big Spring Latin-American baseball Tigers, 8-4, here Sunday afternoon.

The outbreak came at the expense of Gus Fierro, who was in the process of losing his first game of the season.

Grandfalls got to Fierro for ten assorted hits while the best the Bengals could do off two Grandfalls slingers was seven safeties, two of them by Elias Gamboa.

Getz, Weidner Win At BSAC

At Getz and Billy Weidner emerged the winners in the grapple show at the Big Spring Athletic club last night. Weidner tossed Frankie Hill Murdock after Getz had scrambled Henry (Jet) Harrel in the opener.

Weidner didn't surrender a fall to the Fort Worth ruffian. He twice made the Texan say "uncle" with full Nelsons.

Palbearers included Glenn Johnson, Edward Johnson and Garland Morrison, nephews of the deceased, and O. T. Arnold, A. F. Doster of Sylvester and Red Hall of Cosho.

Two Cottages Are Damaged By Fire

Two cottages at the Motor Inn Courts on West Third street suffered damage at about midnight last night when fire broke out in the roofs of the two structures.

Part of the damage resulted from the flames. Firemen said the buildings apparently ignited from a short circuit in electrical wiring.

Firemen answered an alarm at 6 p. m. Monday when a short circuit was reported in an electric motor at 1703 East 17th the fire was extinguished before equipment arrived, however.

Swimming Class Signup Continued

Due to weather conditions Monday registration for the Red Cross swimming courses at the Municipal swimming pool were continued through today, Olen Puckett, Red Cross water safety chairman, reported this morning.

Courses for both junior and senior swimmers are to be offered under joint sponsorship of the Red Cross and the Big Spring YMCA. Several students registered Monday afternoon, but no class was held because of unfavorable weather. Others may register at 6 p. m. today at the Mundy pool.

Those who registered Monday included George Clark, Amos Jones, Doyle Hohertz, Earl Rusk, Pat Lamb and Bobbie Hohertz, in the senior group, and Bobby Leonard, June Cook, Allan Conley, Lynette Blum, Nancy Smith and Jo Ann Smith in the junior class.

North Mitchell Test May Plug

Fullerton, et al No. 1 Strain, north Mitchell wildcat, shut down for orders at 7,944 feet in the Ellenburger.

It ran a drillstem test from 7,842-84 feet with the tool open for two hours and 22 minutes. It recovered 90 feet of gas cut mud and 360 feet of gas cut water and 210 feet of sulphur water. There were no shows of free oil and the test is due to be abandoned.

Monday Skelly Oil Co. had announced location of a 3,500 foot wildcat in southwestern Mitchell county, eight miles south of Westbrook. It will be No. 1 Margaret L. Moore, et al and is to be 1,650 feet from the east and 2,310 feet from the south lines of section 40, block 38, T & P survey.

Politics

Continued from page one high prices until after the election. Otherwise the President would have used the powers he already has to stop inflation.

Chairman Allen (R-Ill) of the house rules committee which has bottled up the Taft-Ellender, Wagner long-range housing bill asked by Mr. Truman, said he hopes Congress can adjourn in two weeks.

Allen said: "His (the President's) attacks on Congress have not been directed at republican policies, but at the American institution of Representative government."

Other comment - Rep. Priest (D-Tenn): "He has made a good diagnosis of the nation's economic ills and prescribed some effective remedies."

Rep. Wheeler (D-Ga): "I would favor some sensible housing bill. But no price control and rationing, or civil rights."

Services Are Pending For Mrs. Blankenship

Funeral services are pending for Mrs. Glenn Blankenship, about 47, who succumbed at 11:25 a. m. today at a local hospital. She was the wife of H. B. Blankenship.

Mrs. Blankenship moved to Big Spring about a year ago from Midland. Her illness had warranted hospitalization for some 10 days. Final arrangements await notification of relatives, scattered over many parts of Texas and nearby states.

I am deeply grateful for the good vote I received for county judge and particularly for the loyalty of my friends. I regret that the policies and principles to which I adhered did not gather sufficient support. Nevertheless, I shall continue to give my best.

Blount-Barnes Count Remains Unchanged

Total vote of Peppy Blount, Big Spring, and Cecil Barnes, San Angelo, remained unchanged Tuesday in the official canvass of the first democratic primary.

L. S. Patterson, chairman of the county democratic executive committee, said that the official tabulation showed Blount with 3,509 votes and Barnes with 1,974. Over the district Blount won a 47 majority on the basis of complete, unofficial returns.

Only a vote here or there changed in any of the other races and contributed no material difference to any of them, said the executive committee. The official tabulation revealed re-election of Patterson as the

Wacs Are Offered Special Program For Re-Enlistment

Members of the Women's Army Corps, Regular Army, who were discharged between May 1, 1948 and July 1, 1948, may re-enlist in grade immediately in order not to jeopardize their re-enlistment allowance rights, even though the enlistment of women in the Women's Army Corps, Regular Army, and the Women of the US Air Force will not be authorized until about Sept. 15, 1948.

Application for re-enlistment must be made in person at the local recruiting station in the post office building. On or about Sept. 15, women with prior service in any of the Armed Forces and women with prior military service may apply for enlistment in either the WAC or WAF, Capt. O. T. Ham, commander of the local recruiting station, stated.

Newly passed laws authorize a gradual buildup of female personnel during the next two years.

Two Divorces Are Granted By Collings

Marinelle Jones was granted a divorce from Lester Jones in a case heard by Judge Cecil C. Collings in 70th district court proceedings Monday afternoon.

In another suit cleared from the docket, Marion Young won marital freedom from J. J. Young and had her former name of Wright restored.

THANKS TO MY MANY FRIENDS IN HOWARD COUNTY: I wish to take this opportunity to thank each and everyone of you for the wonderful support given me in the July Primary. And to assure you that I will continue to run your office of County Clerk to the best of my ability. We invite you to visit the office at any time we can be of service to you. THANKS. LEE PORTER (Pd. Pol. Adv.)

THANKS, FOLKS I want to thank and tell you how much I appreciate the good vote you gave me Saturday. As in the past, I shall do all that I can to merit your continued confidence and support. EARL HULL (Pd. Pol. Adv.)

WHAT ABOUT YOU AND ME AND ADVERTISING? ing is the spark plug of American business. Suppose nobody read the ads or listened to radio advertising. Soon businesses would start to fail. It wouldn't be long before these failures would affect your pay check. It's good advertising—powerful advertising—that makes the wheels go 'round... makes business grow and prosper... makes jobs. So next time you see or hear it, remember—advertising makes your job more secure.

You have a job. I am an ad. And here's why I'm so important to you. No matter what your job is, in the last analysis it depends on somebody selling something to somebody else. And advertising is the lowest cost way yet devised to sell goods or services. It's obvious how this works with the new post-war businesses that have come along. It's taken advertising to put them over. It's just as true of the basic industries we've had for years. Advertising is the spark plug of American business.

OTHER WAYS ADVERTISING HELPS YOU AND YOUR FAMILY 1 Brings you better goods for less money 2 Makes shopping more pleasant and easier 3 Gears consumer demand to production; to create prosperity

This rise in the standard of living for you and yours is unequalled in all history. Advertising helped raise this standard—is needed even more today to sell industry's new developments.

Texas Is In Political Lull After A Stormy Demo Primary

By The Associated Press

Texas was in a political lull today. The first Democratic primary storm was at an end, but in the offing was the second primary, soon to strike with renewed intensity.

Both runoff candidates in the race for U. S. Senate were temporarily off the campaign trail. Coke Stevenson was making plans to go to Washington to attend the special session of Congress as an observer. Lyndon Johnson was already there as congressional representative from the 10th district. Meantime, only a few thousand primary election votes remained to be accounted for.

Stevenson was easy possessor of the lead in the Senate race. Last night's Texas Election Bureau returns gave him 433,058 votes to 365,969 for Johnson. Stevenson's percentage was 53.95; Johnson's 46.05.

George Peddy, who conceded elimination from the runoff, held 236,196 or 21.03 per cent of the votes.

A record vote for the state was assured. Up to last night 1,108,790 votes were accounted for by the Texas Election Bureau.

The bureau's returns last night were based on reports from 253 of the 254 counties, including 156 complete.

Gov. Beauford Jester won re-nomination with little trouble over State Rep. Roger Q. Evans and Caso March.

No other statewide race was in apparent doubt. Even the early sea-saw battle between Associate Justice W. St. John Garwood and Jefferson G. Smith was without suspense. The associate justice faced defeat until returns from his home county boosted him out in front with a comfortable lead.

Last night's tabulations gave Garwood 480,711 votes; Smith 440,032.

Three runoffs in the congressional races were indicated.

Lloyd M. Benton, Jr., McAllen, and Phillip Kazen, Laredo, will make the second primary race for Congressman Milton H. West's district 15 seat. West's retiring.

Kelley McClain, Georgetown attorney, apparently gained a runoff place in the 10th congressional district race against Homer Thorn-

Arkansas Vote Slated Today

LITTLE ROCK, July 27 (AP)—Few more than half of Arkansas' 450,000 eligible voters were expected to cast ballots in today's Democratic preferential primary.

This was the general forecast despite a heated race for governor and the fact that three congressional seats and various other major state offices were involved. Offices on the ballot today were those sought by three or more candidates. Any candidate receiving a majority will be the Democratic nominee, which is equivalent to being elected in one-party Arkansas.

In races where no candidate receives a majority, the two high men will go into a runoff in the regular primary Aug. 10.

Principal interest was in the gubernatorial scrap. Four candidates figured prominently in pre-election speculation in this race: Sid McMath of Hot Springs, who led a group of former servicemen to victory over the Garland County political forces of former Hot Springs Mayor Leo P. McLaugh-

lin two years ago; Jack Holt of Little Rock, former state attorney general; Horace E. Thompson of Little Rock, former federal tax collector; and James Mackrell, radio showman and an ordained Baptist minister.

GOT QUICK RHEUMATIC RELIEF WITH MERTOX

"For the past 15 years I have been bothered with frequent rheumatic pains in my left shoulder. This trouble later spread to my right shoulder also," writes Mr. J. C. Kirkland of Dallas. In my work I have to use my arms a lot, and my shoulders were beginning to stiffen up. After taking Mertox Compound for a short time this condition was quickly corrected, so that now I am free from rheumatic trouble and free of the aches and pains. I was also troubled with gas and bloating, which were very painful. I felt tired and rundown; just seemed to have no life or pep at all. Had severe headaches, too. The gas would seem to press against my heart and lungs and make it hard to breathe. Now I can get anything, even meat, which was impossible before taking this splendid medicine. My bowels are now regular and I do not have to get up at night as I did before.

You can get Mertox Compound from any Texas drugist at the new REDUCED price.

Chinese Drive Is Pushing Reds Back

PEIPING, July 27 (AP)—Government troops have pushed the Communists farther back from Taiyuan, capital of Shansi Province, provincial government dispatches said today.

Communist troops five miles south of the city were reported pressed back three miles. They gave ground also west of the Fen River. Taiyuan stands on the eastern shore of the Fen.

Thirteen Red spies were reported executed at the Sanhsi city.

Rodeo Stock Is Moving In

More than 200 head of Earl and Jack Sellers rodeo stock is due to begin moving into Big Spring this week from the Sellers' Seven Cross ranch near Del Rio in preparation for the 15th annual Big Spring Cowboy Reunion and Rodeo, scheduled for Aug. 4-7.

Other preparations for the annual event also are taking shape. Street decorations have been installed in the business district, and the rodeo is rapidly replacing politics as the center of local interest.

The tough Sellers stock, featuring belligerent Brahmas that were ridden only five times in 40 attempts at Kerrville recently, will include two score of the famous bulls, 70 bucking horses, many of them newcomers to the rodeo arena, 60 roping calves, 25 saddle horses and 35 bulldogging steers including the noted red Armandice steers from Mexico.

The Sellers organization also announced that specialty acts have been contracted for the Big Spring event. They will include trick and acrobatic roping by Calgary Red of Cody, Wyoming, and Jack and Bobbie Knapp of Hollywood, Cal., and clowning by Jack Knapp and Johnnie Miller of Vernon.

Second Primary Expected To Be Dull In Oklahoma

OKLAHOMA CITY, July 27 (AP)—Oklahomans hold their second, or run-off primary today, but the only election heat is in the weather—90-plus and sultry.

Only two major party nominations are at stake—the Democratic nod for U. S. senator and Fourth District congressman—with a miscellany of nominations for state posts.

Former Gov. Robert S. Kerrkey-nator for the 1944 Democratic national convention—is pitted against former Congressman Gomer Smith for the Senate nomination.

The other major dispute is in the Fourth Congressional district. This will be vacated by Rep. Glen D. Johnson, a Democrat washed out in the first primary Senate race.

Tom Steed, a former Shawnee, Okla., newspaperman, is in a close race with former Rep. Lyle Boren for the Democratic nomination.
