## Rotarians enjoy program on Camp Ryla

Robert Elliott Mark Garnett Allen Mires John R. Collard Jr.

The program for the Rotary Club Monday, was presented by Allen Mires and Mark Garnett, the two young men who attended Camp Ryla, last week. John R. Collard and Robert Elliott attended as sponsors.

Both Garnett and Mires praised the Rotary Club for the fun and enjoyment, plus "learning" that they received at Campy Ryla, N.M. The

boys both stated they enjoyed the aerobics that they had to take early each morning, plus the excellent breakfasts of scrambled eggs and hot cakes served each morning.

Camp Ryla is a camp sponsored by the Rotarians each summer to teach "Americanism" and free enterprise to brilliant young men. Also at the camp the boys enjoyed fishing,

hiking, games, rifle range, plus numerous talks from outstanding Rotarians in the area.

This newspaper would like to especially thank John R. Collard and Robert Elliott for their work as sponsors for Camp Ryla, this year.

## KRDF wins recognition

Radio station KRDF-FM was recently recognized with a plaque from the vocational Agriculture Teacher Association of Texas at their yearly convention at the AMFAC hotel at the Dallas-Fort Worth Airport. The award was for outstanding service to vocation agriculture through radio broadcasting. KRDF was nominated by David Scott, V. A. T. Spearman, at a district F.F.A. meeting in Pampa on April 18th and won the award at the Area Convention in Amarillo on May 4th. Accepting the award on behalf of KRDF were Spearman Ag Teachers David Scott and Gary York. KRDF has long been a supporter of vocational agricultural in Spearman and Gruver and their services are appreciated.

## Lions vs Rotarians

Coach "Buck" Schott issued a challenge to the Rotary Club this week to engage the Lion's in a game of slow pitch. The Rotarians accepted the challenge and the two clubs will meet on Saturday, Sept. 7th at 2 p.m. in the old football stadium. Coach Schott is an experienced slow pitch coach and is very active in the Lions Club activities.

The First National Bank of Spearman would like to thank the 49 boys and girls who entered the junior division of the tennis tournament last weekend, and the 106 who entered the open division of the tournament. A special thanks to the school for allowing us to hold the tournament on their courts.  
DON TOWNSEN, FIRST NATIONAL BANK, SPEARMAN, TEXAS

## Two arrests made here

Sheriff R.L. McFarlin reports a busy week at Hansford Sheriffs department. Johnny Wayne Reed 18 years old, was arrested July 29 for allegedly stealing a grain truck from the Skinner farm NE of Spearman. The truck was found in Custer County Oklahoma. Reed posted \$3,000 bond and was released from jail July 30. Saturday morning at 12:40 a.m. Deputy Charles Martin rearrested Reed. This time he was in a alleged stolen pickup truck belonging to Frontier Feeders, Hardesty, Okla.

Mike Johnson, alias Robert Swope, 22 yrs. old, and Marilyn Hughes, 36 years old, Marilyn Hughes was arrested August 4 at Littleton, Colo. and will be returned to Spearman for trial. Both Johnson and Hughes will be tried concerning the rash of burglaries in Spearman this past month.

## Aaron Love Fund

A fund has been started at the First State Bank in Spearman for Aaron Love. He will be taking radium treatments in Amarillo. At the present time he is hospitalized in St. Anthony's Hospital. If you wish to contribute to this fund contact the officials at the First State Bank.

## HOSPITAL

Patients in Hansford Hospital are: Gladys Gibson, Leland Close, Grace Bennett, Julie Adams, Willie Cash, Richard Smith.

Dismissed were: Pable Perez III, Elodia Luciano and son, Ar Cazarez.

## July moisture light

July moisture was 1.29. There were three days when the temperature soared to 101.

The average low was 66 degrees and the average high was 95 degrees.

There will be a blood drive Monday, August 12 from 4-7 p.m. at Sacred Heart Parish Hall sponsored by the Hospital Auxiliary. Hansford Co. is behind in its blood donations, so please donate if possible.

## Reception to honor new doctor and administrator

The Hansford Hospital Auxiliary will be honoring our new doctor, Romeo Sangalang, and new Hansford Hospital and Hansford Manor administrator Dennis Robertson with a reception August 11 from 2 to 3:30 p.m. in the lobby of the

Hansford Hospital.

The public is cordially invited to attend.

Dr. Sangalang began his practice July 17, and the new administrator, Dennis Robertson began his job August 1.

### Among The Neighbors

Bill Pat Underwood is the envy of all the young men in the area as he is on a Caribbean Cruise for Singles. His first port was Cayman Island, and his destination is the Bahamas. Billy Pat is an employee of the H & H Water Well Service in Spearman.

Mrs. Myrtle DeArmond has returned to her duties at the Bunk House after recovering from a broken arm received in a fall.

Myrtle is very appreciative of the consideration shown her during her hospital and home confinement. The cards, calls and prayers of friends helped her recovery. She wished to publicly thank Dr. Viola, the nurses and the entire hospital staff for the excellent care and individual thoughtfulness during her hospital stay. She was impressed by their efficiency, and feels one can be proud of the Hansford Hospital.

The Norman Brack family were saddened last Tuesday by the death of his brother, Leroy, of an apparent heart attack. Leroy lived in Pendleton, Oregon, and had visited here last summer. The Bracks were unable to attend the services.

Mrs. Grace Kirk returned home Friday after being at Alva, Oklahoma for several days. She had gone to assist in the care of her sister, Elsie Doctor, who is recovering from a pace maker placement.

Chris McMinn, Spearman City Policeman, has moved to a new residence - which is 422 West Second Street. Officer McMinn has been on the Spearman force since April. He is from Lefors, Texas and has been in law enforcement for one and a half years. He is unmarried, and his hobbies are golf and roping.

Mr. Orville Newcomb, of Woodward, Oklahoma is visiting in the home of his sister, Mrs. Freda Sheets.

Mr. and Mrs. John Bishop had guests on Sunday and all attended church together. John's sister, Mrs. Mary Ward, from O'Donnell, Texas and her daughter, Betsy Ward, of Alpine, Texas are visiting in the home of another daughter here, Mrs. Phyllis Shedeck for several days. Mrs. Shedeck, and daughters, Tricia and Claire also visited with the Bishops Sunday.

Hansford County Treasurer, Verna Gail Keim, and Mary Fern Terry, bookkeeper for B & B Industries, returned this week-end from a ten day vacation trip through the Rockies. They went to Colorado Springs, Yellowstone Park, and came back by way of Salt Lake City, Utah. They enjoyed the moose, elk and buffalo at Yellowstone but missed the bears that used to roam the Park.

Mr. and Mrs. William Whitford have moved to their new address, 1006 Barkley. They returned here to live in May and have been making their home in the home of their daughter, Mr. and Mrs. Bill Harnish. The Whitfords are glad to be settled, with Mr. Whitford returning to his employment at Spearman Redi-mix and their membership in the First Christian Church, and welcome their friends to call.

Mrs. Rita Phillips has as guests this week her brother, Mr. and Mrs. J.G. Smith of Alice, Texas and her sister, Mrs. Laura Kirkland, of Abilene. They are also guests in the homes of Mrs. Elaine Janzen and Martha Boyd.

Mr. and Mrs. Norman Brack recently spent the week-end in Tulia in the home of their daughter and family-the Kaci Jones, Christen and Kourtney. Kyle Brack, who is student at Texas Tech was also a guest.

Mr. and Mrs. Bruce Sheets returned last week from a visit in the home of her sister and husband, Nina and Del Taylor, former residents of Spearman. The highlight of the visit was attending the musical "Annie" at Garden City, Kansas. Del and Nina's granddaughters, Fara and Amanda Blackett were in it. Fara played the lead role "Annie" and Amanda was in the chorus.

Kelli Fisher of Memphis spent three days with Helen Fisher this week. She will be attending Northwest University at Wichita Falls in the fall.

Mr. and Mrs. Owen Pendergraft entertained relatives, Mrs. Alice Kirk, and her daughter, Nancy Rush over the week-end. They were returning to their homes in New Braunfels, Texas after spending two months in Rockford, Illinois. Saturday evening the Pendergrafts and their guests were hosted to dinner in the home of Mr. and Mrs. Richard Gaines.

Mr. and Mrs. Ismael Vela and their children Rosalinda, Victor and Eric drove all the way from Oakland, California. They spent almost two weeks with his parents Mr. and Mrs. Eusebio Vela of Gruver.

### Boulter to hold town meeting

Continuing with his series of district-wide Town Meetings, Congressman Beau Boulter (R,13) has invited the "Citizens of Hansford County" to a Town Meeting on Wednesday, August 7, at 7:00 P.M., in the Community Room of the First State Bank in Spearman, Texas.

"Over the past seven months", Boulter commented, "these meetings have been central to keeping me in touch with the people of the 13th District. We've talked about everything-from farm problems to the Cost of Living Adjustments for Social Security recipients. While I'm in Spearman", Boulter continued, "I want to talk first about the 1986 budget, and then get into whatever the folks there want to talk about."

Boulter was the only freshman Republican to gain a seat on the House Budget Committee, and was recently appointed to the House/Senate Budget Conference Committee which is assigned the task of hammering out the differences between the budgets passed by the house and Senate. "Needless to say", Boulter commented, "the budget process is complicated. So far our Conference Committee has not broken the dead-lock. I'd like to hear what the people of Hansford County have to say, and what they'd like to see changed."

#### ABOUT YOUR HOME

Painting a ceiling or in high places can be very messy. You can slip a paper plate up on the handle to catch the drips.

Coat your lips with a gloss, lipstick, chapstick or petroleum jelly to prevent hot sun and wind from drying or chapping your lips.

Cool summer dessert: Place a slice of chocolate ice cream between 2 slices of toasted pound cake. (Toast cake slices on a cookie sheet in the oven.)

Use inexpensive paper plates and cups for lunch and snack time on busy days to save clean up time.

A lazy susan makes finding your spices easy--just turn until you see the one you need. A lazy susan under the sink works well with cleaners, etc.

## Rev. Kidd to speak at FCC

REV. NORMAN KIDD

FIRST CHRISTIAN CHURCH is embarking on a new venture of faith. It is a means of spiritual and

physical growth in the lives of God's people and His Church. It is a new page in our history.

We invite you to be a part of it as we begin this Sunday, August 11, 9:30 a.m. for Sunday School and 10:50 a.m. for Morning Worship. Message will be "The Deadline", Rev. 3:1.

Our guest will be Rev. Norman Kidd, Program Director with Cargill Associates of Fort Worth. He will be teaching a combined adult Sunday School class and then preaching at the worship hour. He holds degrees from Manhattan Christian College, Manhattan, Kansas, and Pacific Christian College, Fullerton, California.

We are excited about the future of First Christian and want to share our plans and enthusiasm with all of you. We want to make the 1980's the greatest decade of ministry yet.

An All-Church Fellowship Luncheon will follow the services. Please plan to join us.

### To God a note of Thanks

by Mrs. E.A. Greever

Friends as a topic this week I feel to write the entire 3rd chapter of 11 Peter. This second epistle beloved I now write unto you in both which I stir up your pure minds by way of remembrance. That ye may be mind feel of the words which were spoken

before by the holy prophets and of the commandment of us the apostles of the Lord and Saviour: Knowing this first that there shall come in the last days scoffers walking after their own

lusts and saying Where is the promise of his coming? For since the fathers fell asleep all things continue as they were from the beginning of the creation. For this they willingly are ignorant of, that by the word of God the heavens were of old and the earth standing out of the water and in the water: Where by the world that then was being over flowed with water perished. But the heavens and the earth which are now by the same word are kept in store reserved unto fire against the day of judgment and perdition of ungodly men.

But beloved be not ignorant of this one thing, that one day is with the Lord as a thousand years and a thousand years as one day. The Lord is not slack concerning his promise as some men count slackness but is long suffering to us ward not willing that any should perish but that all should come to repentance. But the day of the Lord will come as a thief in the night, in which the heavens shall pass away with a great noise and the elements shall melt with fervent heat, the earth also and the works that are there in shall be burned up. Seeing dissolved what manner of persons ought ye to be in all holy conversation and godliness looking for and hasting unto the coming of the day of God where in the heavens being on fire shall be dissolved and the elements shall melt with fervent heat? Never the less we according to his promise look for new heavens and a new earth where in dwelleth righteousness. Wherefore beloved seeing that ye

look for such things be diligent that ye may be found of him in peace without spot and blameless. And account that the long suffering of our Lord is salvation even as our beloved brother Paul also according to the wisdom given unto him hath written unto you. As also in all his epistles speaking in them of these things in which are some things hard to be understood which they that are unlearned and unstable rest as they do also the other scriptures unto their own destruction. Ye therefore beloved seeing ye know these things before, beware lest ye also being led away with the error of the wicked fall from your own steadfastness. But grow in grace and in the knowledge of our Lord and Saviour Jesus Christ. To him be glory both now and forever. Amen.

In Hebrews Chap. 1 verse 2 we are told God speaking unto us by his Son is the last days so soon we will have finished two thousand year days so by the Spirit and word that agree there is another change near at hand, and this means the first resurrection. In Hosea Chapter 6 verse 2 we read. After two days will he revive us in the third day he will raise us up and we shall live in his sight (the thousand year reign with Christ) Jesus said, not everyone that saith Lord shall enter into the kingdom of heaven but he that doeth the will of the Father which is in heaven. Matt 7:21, so no doubt the

beloved of the Lord is a group who have said Lo I come in the volume of the book it is written of me to do thy will of God being fully surrendered as was Christ. In Gal. 2:20 the words of Paul I am crucified with Christ never

the less I live yet not I but Christ liveth in me and the like which I now live in the flesh I live by the faith of the Son of God who loved me and gave himself for me. So not knowing the day or hour Christ returns, we must be ready at that time, and only go Gods grace can this be done and his word tells us is grace is sufficient. Thank God.

### More People Reap Benefits From H&R Block Tax Course

Thousands of successful tax preparers started their careers with the H&R Block Income Tax Course.

H&R Block has been teaching income taxes for 30 years and this year is offering a basic income tax course starting September 5th with evening classes available.

Many of the most successful people in the tax preparation business started with this basic course which teaches all phases of income tax preparation. The 13 week course progresses from simple to complex tax problems. Students learn through classroom discussion and homework.

Qualified course graduates may be offered job interviews for positions with Block. Many of Block's employees find the flexible hours a plus. However, Block is under no obligation to offer employment, nor

are graduates under any obligation to accept employment with H&R Block.

The course is ideal for those interested in tax preparation as a career or for those who want to learn about taxes for their own personal use. The course is challenging and, for those who are highly motivated, can prove to be profitable as well. No prerequisites are required for enrollment.

One low course fee includes all textbooks, supplies and tax forms necessary for completion of the course. Certificates and 7.5 continuing education units will be awarded upon successful completion of the course.

Registration forms and a brochure for the income tax course may be obtained by contacting the Perryton H&R Block office at 314 N. Industrial. Telephone 806-435-5616.

Memorials may be to Holly Springs Baptist Church c/o Gruver State Bank or to a favorite charity.

**Eating fish may lower risk of heart disease**

Here's some advice to take to heart: eating fish may lower your risk of heart problems.

According to the August Read-er's Digest, some of the oils found primarily in cold- and deep-water varieties of fish—salmon, mackerel, herring and sardines—are rich in the kind of polyunsaturated fats (PUFAs) that give your body "a preventive tuneup against heart disease."

These PUFAs, a form of omega-3 fatty acids, are two to five times more potent in lowering blood cholesterol than their omega-6 counterparts from vegetable oils. They also make blood "thinner," slower to clot and less likely to contribute to atherosclerotic lesions on artery walls -- "all pluses for people at risk for heart disease," The Digest notes.

A number of researchers believe that PUFAs are used by the body to build the oily membranes that surround cells, making the mem-branes more fluid. With a high intake of PUFAs, the clots that trigger most heart attacks may not form as easily.

Researchers are also encouraged by the way in which omega-3s sweep cholesterol out of the blood. Fish oils somehow change the delicate balance of blood compo-nents, called lipoproteins, that shuttle cholesterol around the body. Omega-3s force down the levels of low-and very-low-density lipoproteins that carry cholesterol and—particularly—triglycerides into body tissues, and may push up the level of high-density lipoprote-

ins that are thought to carry cholesterol away.

In light of the emerging benefits of omega-3s, especially in prevent-ing heart disease, Americans should add more high-fat fish to their diets, researchers say.

**New format for Methodist VBS**

Rev. Lane Boyd announces that the Vacation Church School presen-ted Monday, August 12 through Friday, August 16 will have a new format. This year, the Vacation Church School isn't just for the children, but it is for the entire family including parents and other "oldsters."

To make it easy for all adults to join in, the meetings will occur at 7:00 PM with supper starting everyone off. After a little physical food, classes will begin at approx-imately 7:30 with some singing, crafts, recreation and lots of "Spiri-tual food." Meeting should dismiss by 9:00 PM.

Subjects and activities will vary with the age groups with "Peace" as the general theme of the classes. There will be two classes for te adults. The first will be of special interest to parents. Betty Womble will lead the class titled "Parenting for Peace and Justice." Other adults may choose to attend "The Servant Image in Peacemaking" lead by Patty Sheppard.

Other leaders involved in Vac-a-tion Church School include Linda Cummings, Steven & Susan Poole, Gina Davis, Connie Woolley, Denise Donnell, Martha Lanier and Carlee Dixon. Also involved are Nellie Buchanan, Nancy Shaner, Doug & Connie Steger, Gaye Woolley, Heather McRee, and Brice & Martha McRee.

Vacation Church School will finish with a big bang including a swimming party, and ice cream and cookies on Friday night.

Make plans for the entire family to join in the fun and learning. First United Methodist Church is located at 407 S. Haney in Spearman.

**WASHINGTON REPORT**

WASHINGTON, D.C. -- The im-pression grows in Washington that Senate Budget Committee Chairman Pete Domenici of New Mexico is right but strident. On the other hand, House Budget Committee Chairman William Gray III, of Philadelphia, seems a diplomat in contrast.

Domenici and other Republican conferees were disgusted with the lack of willingness among House Democrats to limit cost of living increases.

That is a bullet Congress should bite. It was a considerable achieve-ment when Domenici and Majority Leader Bob Dole got such a bill passed by the Senate.

House Democrats played politics and refused to limit COLA's. Domenici was so disgusted talks between House and Senate conferees were called off.

Domenici and Republican sen-ators insisting on COLA increase limits felt President Reagan pulled the rug out from under them when he seemed to go along with House conferees on the COLA dispute. They were visibly upset again, disgusted.

After a lapse, Senate conferees led by Domenici came up with a new offer--this time cutting \$65 billion from the deficit in the first year, more than the first Senate proposal.

Congressman Gray, a minister and not prone to tough talk, conceded it was a serious new offer. But Democrats like Butler Derrick (SC) belittled it.

Speaker Tip O'Neill of the House was more diplomatic, hinting the House might compromise on COLA's. That was the situation in the last week of Congress before the August recess.

What the conferee struggle has indicated is that strident individuals and attitudes might not produce compromise, a meaningful bill.

Desperately needed--and Presi-dent Reagan is stressing this--is an attitude from conferees of both Senate and House that a compromise must somehow be worked out. It should have been hammered out weeks ago.

**Check your venting & heating system**

A deadly killer may be lurking in your basement, the August Read-er's Digest warns, if precautions aren't taken to check your heating and venting system. Most people know that oil heating systems should be serviced and flues and chimneys inspected once a year. If the vent becomes blocked, your house will fill with smelly black soot.

However, if a gas heating system becomes blocked, there are no such telltale warning signals. Your house can fill with colorless, odor-less carbon monoxide (CO), a poison that deprives the brain of oxygen. "In low- or medium-level CO intoxication," the Digest article points out, "symptoms vary and can be confused with those of flu, impending stroke or even acute anxiety." While a lit gas burner tells you your furnace is operating, it can't tell you that CO is present, a product of incomplete combustion

that can occur when a furnace vent is clogged.

Especially if you are converting from oil to gas, your flue and chimney should be cleaned at the time of conversion. Both types of systems should be serviced and inspected regularly, and summer is the best time to do it.

A qualified oil or gas serviceman can show you how to inspect the system between his professional visits, particularly how to check whether combustion products are being drawn up properly through the venting system.

Other actions you can take include inspecting both the inside and the outside of the chimney for obstructions and signs of deteriora-tion, and examining the supports and connections of the flue pipe and draft hood for corrosion and accumulations of soot.

By PAULA SINISE

Mares eat oats and doves eat oates and little lambs eat ivy. I know what you're thinking. The counselor has finally gone crackers, right? Actually, I am about to step onto my favorite soap box, the pursuit of whimsy. What in the world is that, and why would anyone want to pursue such a silly sounding thing you ask? Webster's dictionary defines whimsy as... "A sudden notion or whim, odd fancy, or a quality of delicately fantastic humor."

Let me give you an example of whimsy. Send a bouquet of balloons or some flowers with a stuffed animal attached to the county judge. These men and women are what I consider the epitome of sober good sense and serious thought. That's whimsy. Maybe a grandparent sits down to blow dandelions fairies. Wishing on a star is whimsy. Nobody really believes that wishing on a star will work, but we do it anyway because, well, just maybe. . . Whimsy.

By now, you may be asking yourself why a usually rational person is recommending whimsy to other usually rational persons. Let's take a look at tv for a minute. According to the shows we watch on tv, every civilized nation in the world has at least one nuclear bomb big enough to destroy the world, and most have more than one, accompanied by at least one slightly maniacal person who wants to do just that. According to tv, every third world nation (Central and South America especially) is 50% guerrillas, bent on destroying the other 50% innocent bystanders plus every American they can find. If you watch tv, you know that if you stand in front of a bank, the odds are that you'll be gunned down by the vicious criminal who has waited until you get there to rob the bank.

You probably learned from tv that every teenager you know is sniffling, snorting, shooting up or drinking. If that's not enough, you know that your sex life isn't what it should be because you don't have three lovers and if you did, you'd die from exhaustion in six weeks. To top it all off, you can never answer your kids' questions like Rick, Bill, Alex, Ma'am, Benson or the rest of those geniuses who always know what their kids need to hear.

Are you thoroughly depressed? Enter whimsy. In my opinion, we all need a touch of something that sparkles with humor to keep us sane. That, I think, is why unicorns, rainbows, and shooting stars are so popular. They give us hope that the world isn't really what we think it is, that the world is in fact just a little fun with color and beauty to balance the grimness and sorrow.

I am not suggesting that we live

on whimsy alone. No, indeed, that would change whimsy to manna, shooting stars to everyday events. Whimsy should be the added extra something that enchances life. Now I'm going to tell you the secret of whimsy, how you too can add whimsy to your life and the lives of your loved ones. Do you remember that surprise that your folks gave you when you were younger. It was something totally unexpected, but so special because you had always wanted it. Keep that attitude in mind when you are in pursuit of whimsy. Whimsy is NEVER practical. Whimsy is ALWAYS impractical, silly, fun and unexpected. It is a 10 pound jar of assorted jelly beans, a Gucci toothbrush holder, a helium filled balloon with "You make me High" on it.

Two more things about whimsy. Whimsy is NOT selfish. It is as necessary as breathing and laughing. Finally, whimsy is best when it's shared. We are, as a whole, a lonely people. Whimsy lightens the load of nuclear bombs, ugly Americans and guerrilla warfare. It does help keep us sane. After all, that's what whimsy is all about.

Paula Sinise, MED

## CANCER PREVENTION

### CANCER PREVENTION QUIZ

Are you in a high risk group for cancer? Many more black Americans are. National Cancer Institute studies show, than is generally supposed. Taking this test can help you learn about your own risks and how to reduce them.

## Karen's Kozy Korner

Most adults know that looking good is an important part of feeling good. But parents sometimes overlook how important feeling well dressed is to children.

Children who have confidence in how they look tend to be more positive in their schoolwork and their relations with classmates. Research studies also show that teachers believe school-age children with an attractive appearance are more intelligent and do better in school.

Parents can help children have that extra bit of confidence by planning school clothes carefully. The basic element in selecting school clothes is that they should be attractive, comfortable and safe. But beyond that is an enormous range for choice - a choice to be made with the child's input.

Here are some suggestions on how to make shopping trips a success.

First make a money plan. Know how much you have to spend on clothes for everyone before you begin buying. The greatest amount of money spend on children's clothing usually goes for a back-to-school wardrobe.

Have a closet check at the beginning of each season. Decide what is usable, stylish, still fits, and in good repair. Agree on what to buy and when, since you don't need to have everything at once. School-age children grow fast, so purchase only a few things at the beginning of the school year to avoid outgrowing garments.

Buy clothes that fit according to your child's size, not by age. Most manufacturers base sizes on weight and height so if you can't shop with the child, take actual measurements along. Since sizes may vary by manufacturer, it's best to have the child try on the clothes.

Check for quality and safety. Look for straight seams, check buttons zippers, belts, ties and pockets, for strength, finishing and ease of handling. Select fabrics that are sturdy but comfortable, colorfast and have easy-care requirements.

Always read labels before you buy. Permanent labels give you details for laundering. Hanging tags often carry additional information on fabric properties.

## On Coke

The magazine "Consumer Reports"-a non-profit publication which tests products-recently tested the new Coke against the old, and against Pepsi, with 95 tasters. It also analyzed content.

Despite the amount of protest registered in the media about the new product of number-one, both the new Coke and Pepsi were preferred to the old Coke.

As for analysis, all three contained about the same amount of sugar. There was a difference in taste-and thus flavoring is what the current ruckus is about. (All three are about 99 percent carbonated water and sugar.)

As for the public's final verdict on taste; the magazine says only time will tell.

## Perryton woman elected to REA board

Mrs. Nancy McAlister of Perryton has been elected to the board of directors of the National Rural Electric Women's Association. The action came at the annual membership meeting of the group July 30 in Austin. Mrs. McAlister has been active in rural electric women's activities since 1971. Her husband Pat is manager of North Plains Electric Cooperative which is based in Perryton.

## Tips on guarding against lightning

The first self-testing medical diagnostic tool was the thermometer. Things are much more sophisticated now.

The August Reader's Digest reports that "last year American consumers spent some \$350 million for diagnostic tests and devices-up seven-fold since 1980 and still on the rise."

You can monitor your own blood pressure with a simple manual device selling for \$20 or \$30 or an electronic model costing \$240 that automatically pumps up the cuff and provides a digital readout.

Sales of pregnancy-test kits are rising at a 15 to 20 percent annual rate. The tests are more accurate for positive results than for negative-98 percent accuracy when the test is positive, but only 82 percent when negative. "If a woman gets a negative result, she is advised to take another test a week later, unless she has her period in the interim. If she does as directed, the level of negative accuracy rises to 94 percent," the Digest article continues.

Occult blood tests, designed to reveal hidden blood in the rectum, can indicate cancer, colitis and ulcers. As a rule, doctors will perform this test on their patients \$0 and over during their annual physical. But many people do not have an annual physical. They can do the test at home for between \$4.50 and \$7.50. A positive finding does not in itself signify the presence of disease; it does, however, give strong motivation for checking with one's doctor.

Additionally, there are home tests for blood-glucose levels-essential for many diabetics-and tests for urinary-tract infections. In preparation are home tests for cholesterol, strep throat and forecasting of fertility cycles for women.

These tests are not to be used for self-diagnosis, physicians caution, but they are valuable "screening tools" for alerting someone to see a doctor if there is need.

The next time you get caught outside in a thunderstorm, don't delay taking steps to guard against being struck by lightning. According to the August Reader's Digest, lightning kills an average of 100 people each year and injures another 250.

Here are some recommended ways to protect yourself from lightning:

- \* Seek shelter indoors or in a closed car.
- \* Get away from water. If boating, get to shore.
- \* Avoid exposed metal objects, such as bicycles, golf clubs, fences.
- \* Stay away from tall trees.
- \* In an open area, crouch in a fetal position with only the feet touching the ground to minimize exposure.
- \* Don't run in a group of people. Spread out to reduce the risk.
- \* Don't use the telephone. Lightning may travel along the line.

## Local woman attends seminar

DALLAS, Texas -- Norma Jean Mackie of Spearman, an independent Beauty Consultant for Mary Kay Cosmetics, has just returned home from three days of intensive sales and product training in Dallas as a participant in Mary Kay's 1985 national seminar.

More than 30,000 independent beauty consultants and sales directors flocked to Dallas between July 22 and August 3 to attend one of four consecutive three-day meetings. In keeping with the company's commitment to recognize outstanding business women, this year's multi-million dollar seminar was appropriately entitled "Applause, Applause!"

To enable Mrs. Mackie, who joined Mary Kay in March, 1984, to build her Mary Kay business in the months ahead, dozens of specialized classes were held each day in product knowledge, Color Awareness, sales training, business management, goal setting and other valuable tools for business success.

Besides intensive training, company founder and Chairman of the Board Mary Kay Ash also uses the annual meeting to personally reward and recognize the outstanding achievers of the past year.

During four identical Awards Night extravaganzas, the company distributed more than a million dollars in fur coats and jackets, luxury vacations, shopping sprees and gold and diamond jewelry.

Mary Kay Cosmetics, Inc. is an international manufacturer and distributor of premium skin, hair and body care products, cosmetics, toiletries and fragrances. Net sales for 1984 were \$277.5 million.

### Teachers attend training session

Five Spearman Independent School District personnel attended a week-long Classroom Disciplinary Management and Strategy Program July 22-26 at Southwest Texas State University in San Marcos. Pictured left to right are course coordinator Mac Hewlett and Spearman principal Ken Friemel and teachers Judy Friemel, Jerry Orr, Terri Orr and Lil Turner. (SWT News Service Photo).

Cener, a part of SWT's Institute of Criminal Justice Studies. During the training session, each school team -- which includes teachers and at least one administrator -- devises a plan to improve school discipline and provide alternatives to school suspension. In the first two years, 359 representatives from 83 districts participated in the program. The teams have implemented 91 action plans in their schools. Follow-up technical assistance is provided schools that participate in the program.

Attending from the Spearman ISD were principal Ken Friemel and teachers Judy Friemel, Jerry Orr, Terri Orr and Lil Turner.

Five Spearman School District officials were among teachers and administrators from 14 Texas public school districts who attended the final of four summer training sessions in the Classroom Disciplinary Management and Strategy Program at Southwest Texas State University July 22-26.

The program, now in its third year, is designed to help school officials prevent such problems as disruption, truancy, drug and alcohol abuse, juvenile delinquency and other behaviors detrimental to education. Funded by the Criminal Justice Division of the Governor's Office, the program was developed and implemented by the Texas Juvenile Justice

## Boys Ranch Rodeo Set

The forty-first annual Boys Ranch Rodeo will be held over the Labor Day weekend with up to 10,000 people expected for the two performances. Nearly 250 of the Ranch's boys will be riding calves, steers, bulls, bareback broncs, along with area riding clubs that will participate in the grand entry. It is a rodeo for all of the boys and those who do not compete as contestants will be selling barbecue beef plates, soft drinks and snow cones, or working at the many jobs required for a successful rodeo.

The boys will be competing for belt buckles and for the titles of Junior and Senior All-Around Cowboys. Specialty acts will include a wild steer race, FFA project parade, calf scramble and barrel races with five and six-year-old boys riding strick horses. Among the spectators will be many of the Ranch graduates who are expected to return for their annual reunion.

## Hunt is CS chairman

The Lone Star Chapter of the Cystic Fibrosis Foundation is delighted to announce the appointment of GLENNA HUNT as the Chairman of its 1985 Campaign in Gruver.

The Campaign will be held to provide the community with pertinent information about Cystic Fibrosis, the number one genetic killer of children and young adults and to raise desperately needed funds to support research, education and care programs.

CF is difficult to diagnose and, at present, impossible to cure. Each day five babies are born with this tragic disease which will clog and choke their lungs and inhibit their digestive process and their growth. It will eventually take their lives as it takes the lives of three young people each and every day.

For more information about cystic fibrosis and how you can help in the fight to find a cure, please contact GLENNA HUNT 733-2283.

## Notice to Ex-Students

## Over 700 REA leaders meet

Some 700 Texas co-op leaders joined last week in celebrating 50 years of rural electrification. They cited the record as reason for the celebration—from 97 percent of the rural populace without electricity in 1935 to 97 percent with electric service today.

In compiling this record, Texas' 80 rural electric systems have constructed more than 241,000 miles of lines throughout the rural areas of all but nine of Texas' 254 counties. They're now looking forward to connecting their one-millionth meter later this year.

Reference to the milestones punctuated sessions of the 45th annual meeting of the Association of Texas Electric Cooperatives. More than 700 persons registered for the July 29-31 meeting in Austin. A focal point of the gathering was a program one evening citing the late President Lyndon B. Johnson for his particular contributions to the rural electric record.

At this point, Cactus Pryor, Austin showman of identified as "LBJ's favorite smooch," reminisced of his acquaintance with Johnson. A film of Johnson's career and close association with electric cooperatives preceded Pryor's lively presentation.

The TEC association premiered a 45-minute version of another film, "Legacy of a Dream," one afternoon. The documentary recalls the early days of rural electrification, with old-timers discussing the hardships and the excitement of the early years. Twenty-two television stations across the state broadcast a 28-minute version of the film earlier this year.

An executive of the National Rural Electric Cooperative Association, Richard A. Pence, discussed some attempted hostile takeovers of co-ops by investor-owned utilities. The last successful takeover attempt was in Mississippi in 1972, when Mississippi Power Company gained control of a co-op's board and changed the bylaws allowing 200 members to cast 12,000 votes.

Pence explained that in recent years, several investor owned utilities have become "cash-rich," leading them to turn a hungry eye

to the not-for-profit cooperative systems. Pence and Bill St. Clair, Austin attorney and TEC general counsel, suggested ways for co-op managers and directors to defend themselves and co-op members from large utilities by hiring communication professionals, making changes in bylaws, and by conducting surveys to get a better understanding of members' attitudes.

TEC's chief operating officer, Jim Morris, pointed out a major perception problem of cooperatives in his presentation, "Our Second Half-Century."

"The investor-owned utilities' subsidy amounts to almost \$50 per consumer; the municipal subsidy is about \$40; and the rural electric subsidy is about \$9 per consumer. . . . Where is the equity between urban and rural consumers?"

State Representative Pete Laney of Haie Center, a farm and ranch community north of Lubbock, outlined the volatile nature of the political process and the shrinking number of rural members of the Texas Legislature. Laney, chairman of the State Affairs Committee in the House, helped stop detrimental legislation in the 69th Legislature that would have had "far-reaching" effects on all co-ops.

Dennis Engelke, Government-in-Action Youth Tour director for TEC, organized a reunion of approximately 200 youth tour participants to help celebrate REA's 50th birthday. TEC sponsors the annual youth tour, an idea of Lyndon Johnson's in the 1950s, which allows about 60 winners of speech or essay contests to visit Washington, DC, and study the political process.

The TEC government relations department presented a panel discussion on issues concerning co-ops such as dual certification of service areas, recent legislation, and Public Utility Commission management audits.

A.T. (Sonny) Turner of South-west Texas EC consoled concerned co-op officials about the audits: "A PUC management audit is the best thing that can happen to a co-op;

you should welcome one . . . don't be afraid of one," Turner said.

Voting delegates elected three men to two-year terms on the board of directors: Sam Houston of Hill County EC, Hollis E. Joslin of Johnson County EC, and J.R. (Russ) Vander Zee of Bandera EC. The board in turn selected new officers: Sam Houston, president, succeeding Bill McGinnis of Denton County EC, Hollis E. Joslin, vice-president, and James Barr of Coleman County EC, secretary-treasurer.

The Texas Rural Electric Women's Association elected Mrs. Pat McAllister of North Plains EC Texas member of the national board. Mrs. J.R. Vander Zee was elected to the TREWA board.

Rural Friends, a political action group for the cooperatives, elected three new officers: Tommie Cutler, assistant manager of Taylor EC, is the new chairman; Jim Springs, general manager of DeWitt County EC is vice-chairman; and Sid Stevenson, president of Bluebonnet EC, is secretary-treasurer.

## BIBLE VERSE

*If ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people; for all the Earth is mine.*
