## Around Gruver

I recently studied some figures on the Christmas Card business. An enormous number have been printed for this year's sales. To me the interesting and significant thing about the Christmas Card business is that only one in five is religious at all. Some of the religious ones are not very religious. Yet Christmas is a Christian holiday. Evidently there is not a very great demand for Christian cards. If there was a demand for them the card makers would supply it. To me this is a sad commentary on the times in which we are living. We sing 'God Bless America' but why should He bless America.

Mrs. Homer Cluck, Mrs. Sam Cluck and Mrs. Aubrey Paddy attended the Convention of Music Clubs down in Lubbock last week. They took with them a good report of the local club activities.

Mr. and Mrs. Clarence Winder and Grandmother Harp spent the last week-end in Lubbock. Marguerite had a birthday, and they went down to help her celebrate it. They all had a nice time.

Lubbock was popular last week. Mr. Neal Hudson the girls Basketball coach went to Lubbock to attend the Basketball Clinic. He spoke on defense and was invited to take six of our girls to put on an exhibition of defense. So the following young kiddies took off early Saturday morning. Patsy Cluck, Viola Dahl, Jeannette Thorsen, Nell Beth Thorsen, Romona Jones and Peggy Dort. Peggy acted as chaper for the bunch.

We understand that Mr. O. A. Bush, former Superintendent of Schools here, and now of Mc Murray College spoke in the Methodist Church Sunday morning.

Chunky Clawson, young son of Mr. and Mrs. Dutch Clawson has been very ill in a Perryton Hospital. We understand that he is doing very well.

Mr. and Mrs. Gay Fletcher and Richie spent the last week-end visiting their daughter and son-in-law and their family in Fort Worth. They also went to Waco to see the Baylor game and visit their son Bob and his wife, the former Judy Vernon. Their other son Don who is in the Air Corps in San Antonio came up to see with them. So they had a nice family reunion in the home of her daughters.

Mrs. Gertrude Ogle and Mrs. P. H. Westerfield went to Fort Worth to attend the State Meeting of the Eastern Star.

Mrs. McCastin, the former Billy Jean Lowe and her daughter Rosemary are visiting her parents Mr. and Mrs. Curt Lowe. Billy Jean and her husband are living in Levelland. Curt and Mrs. Lowe went down to bring her home.

Mrs. Velma Ruth Medder, the former Velma Ruth Fox is visiting her parents, while her husband is in Denver taking some specialized work in Dentistry.

Mrs. Corky Chapman, the former Lou McClellan flew in from California to be with her parents. Mr. and Mrs. Randolph McClellan. Corky is in the Navy and stationed in California.

Mrs. Noble Watson is visiting in the home of her daughter Betty Ruth Burris. Mr. Burris is the coach for the Grade School football team.

The American Legion recently elected a new slate of officers. "Bill" Guntory is the new Commander. These new officers are planning to do some worth while things. They will hold a special Armistice Day service this year. They will begin with Hansford Cemetery for a short service. At eleven o'clock, they will have a service in the Gruver Cemetery.

Are you interested in magic, would you like to be a magician? I have enough Magic paraphernalia for a three hour show. I would like to sell and would do so very cheaply. Also include a complete course in Magic by Tarbell and one by Thurston. Let me know if you are interested.

man was admitted for emergency treatment Oct. 28, and released the same day.  
Mr. and Mrs. Donald Cooke, son and daughter-in-law of Mr. and Mrs. J. B. Cooke of Spearman are the proud parents of a new son born at 1:45 A. M. Oct. 29th. The new Mr. Cooke weighed 7 lbs & 7 ozs, and was named James Burch H. Mrs. Cooke and son were dismissed from the hospital Nov. 3rd.  
Michael Ray Lewis, small son of Mr. and Mrs. G. W. Lewis of Spearman was admitted for medical treatment Oct. 30, and was dismissed Nov. 1.  
Mr. LeRoy Tucker was admitted from the hospital Nov. 3rd after several days medical treatment.  
Lagelin Cates of Ada Oklahoma spent a few days the past week end on business here, and visiting his brother, Mr. and Mrs. Pat Cates.  
Mr. and Mrs. P. A. Lyon returned last weekend from Denton where they visited relatives. Mrs. A. F. Burkle remains there for an extended stay.  
Mrs. O. L. Williams and Miss Ella Mc Guiney spent the week-end in Keyes, Okla. visiting Mrs. Williams son, Kenneth and family.

## It's *WHERE* you buy a used car that counts!

**When you can trust the dealer who sold you a used car, you can trust the car.**

We're businessmen! Our reputation depends on every transaction—a new car sale, a used car sale or a service job. We want your new and used car business now and in the future! And we want your service business, too!

We handle used cars and trucks as a service to customers who trade them in for new cars. Sometimes we get overloaded with these trade-ins and our capital is tied up. Like everyone else, we have bills to pay. So we must always offer used cars at rock-bottom prices to keep our inventory moving.

Drop in soon and let's talk about a deal. We know you'll agree that the place for you to buy is at your Ford Dealer's.

Don't Name It
One of the stories I learned on the drouth breaking hunting trip, I trust that no one will label this story sac-religious, or unwholesome.

Seems an old soldier boy who did not know a great deal about the Bible and religion, came back to America after coming through a great many close shaves, in Korea. From what he knew he felt like the Lord had guided him and saved his life innumerable times.

LANDS IN FISH
Norfolk, England — It took Leonard Wright, amateur fisherman with a disabled right arm, almost an hour to land a 17-pound catfish, 50 inches long and nearly 17 inches around.

NEWS NOTES
FRUITFUL CHASE
Stroud, Okla. — Chasing a speeding car, State troopers nabbed, not only the driver of the car but found that two of the passengers — were escapes from a Michigan reform school.

Organic Materials Aid in Making Soil More Drouth Resistant
Although Texas farmers and ranchmen are not able to have "made-to-order" weather, recent tests indicate certain practices which increase the moisture penetrating capacity of the soil greatly aids in making land more drouth resistant.

Supplemental Feeding
As winter approaches and with range grasses in short supply in many areas, supplemental feeding continues of prime importance with livestock producers.

Commissioner Day Sprains Ankle
Commissioner Joe Day was wearing crutches a couple of days last week as a result of a fall on the cement sidewalk. He sustained a badly sprained ankle.

Gruver PTA Meeting Monday
A panel discussion on "Developing Civic Responsibility" was directed by Mr. Hoy at the regular PTA meeting Monday night at the Gruver auditorium.

FILLERS
With colder weather just a round the corner, livestock will need even more attention and of prime importance is the supplementary feed. Oil meal products are the most economical and dependable source of supplemental protein.

Dairymen Use Clover To Cut Costs
Texas' dairy farmers have increasing evidence that legumes in a planned pasture program help to trim the costs of producing milk.

The weather holds a direct bearing on the future price outlook for beef cattle. With the exception of seasonal ups and downs, the markets should level off and prices become more stabilized unless drouth conditions and other weather factors force marketings.

The number of persons in the U. S. 65 years of age or older has quadrupled since 1900 while the total population has only doubled. This group now makes up about 5 percent of the nation's population.

November 14 has been designated as National 4-H achievement day.

Senator Johnson Reports Of Regional Soil Conservation Offices Difficult To Understand
Senator Lyndon B. Johnson says that reorganization proposals abolishing regional offices of the Soil Conservation Service are "startling and difficult to understand."

The Texas Senator also disclosed that the Agriculture Department has rejected "by inference" a proposal to stabilize the market through purchasing cattle on the hoof.

Senator Johnson also said that Texas lost at least \$1,000,000 in income during the first six months of this year because of declining cattle prices.

We have Mustang winter oats for heavy yield, and for grazing, Winter Barley, Winter Peas and Hairy Vetch for building up the land. We also have a limited quantity of Kiowa wheat, one year from certified, and a small amount of Early Triumph.
