

DON'T NAME IT

WILL J. MILLER

This writer is very thankful for something to write about that overshadows even Lake Marvin Jones and the expected World War. FOOTBALL. That's something pleasant to contemplate. And right here in our back yard we will have a contest Friday Sept 16th that will be worth going miles to see. Higgins vs. Spearman. The teams are well matched. The play will be excellent. I will expect you there. Don't disappoint me!

Speaking of football here is where I stick out my neck. PREDICTORS will win 2 more games this season than last season, despite the fact that we have one of the toughest schedules of many years.

One of these extra games will be a win from Perryton. The team that beats Pampa in class A high school in this district will win the state championship.

Texas University will finish at least 2nd place in the Southwest conference. Texas Tech at Lubbock will have a team that can win from the winner of the Southwestern conference.

Panhandle, Texas football team will be the team to beat to win the class B district honors, in this area. Perryton lost to McCallum last evening but the team minus their spark-plug captain.

Fantastic are the dreams and ideas that will come to a person who will allow himself that pleasure. For example as I read the story of the four million dollar dam to be built across the Canadian about one mile west of the present highway bridge I dreamed that instead of building it only one mile west it was built several miles west and just south of Channing. And across the top of that dam was a modern highway, connecting a road into Amarillo on the south and one to Dalhart on the north. It would be known as the Tascosa Trail and the thousands of people who would cross it each year would enjoy the scenic beauty of a great body of water, the historic old Boot Hill cemetery, and the Tascosa courthouse. It would shorten the distance between Amarillo and Dalhart some 14 miles, give Channing the road that it deserves and serve a traveling public as it should be served.

The above quoted paragraph from Ed Bishop's "Head-Aches" published daily in the Dalhart Texas.

Now I know why Ed calls his column a head ache. If it does not have the desired effect on Ed, or his readers in Dallam county, the versatile writer simply makes it fantastic enough to produce the required result in some other section of the Panhandle.

Can't you just imagine what John McCarty will think of the above comment. John and Ed both have had experience with the live wire citizens of Dallam county, and boy oh boy when a newspaper man of Dalhart begins day dreaming, he usually has some background. And when Dalhart goes after anything they have learned at Washington to give it to them and save time, wear and tear lots of worry.

Take for example the lake, Dalhart wanted one and they moved their city sewer disposal plant and made room for the lake right at their back door. And what is more interesting to the public is that Dalhart asked for only \$400,000 lake and got a \$584,000 recreational center.

Ed I'm asking you fair and square to quit day dreaming until after the Lake Marvin Jones dam is constructed. You shore give me a headache. I know if you and that bunch of go-getters over your way ask for the Philadelphia Mint you are liable to get it—and GOSH I sure would like to have a little half million dollar. The Hansford county before we let the U. S. Treasury for a home on dollar fund. Let me know what you think.

Gene Sanders Wins \$5.00 Lynx Guess For Friday Game

Gene Sanders was the successful contestant in the "Guess Who Wins" for the Shamrock-Spearman football contest held last Friday evening. Gene was one of 8 who turned in a ballot guessing the score to be 18-0. That was the correct score, according to confirmation from coaches Wilkins and Platt. Gene guessed yardage gained by Lynx team as 178 yards. The total yardage was 195. This was the nearest to the correct yardage gained. A coincident happened when 19 people guessed a score of 19-0. Since the Amarillo paper reported the score 19 to 0, the Reporter management had to call in the assistance of the coaches to decide the question of who won what and when and where.

Coach Wilkins stated that there was a mistake in a decision. The referee signalled a kick as good, but the headlinesman called a Shamrock player off-side. The Shamrock newspaper officially reported the game as 18 to 0.

ATTEND THE TRI-STATE FAIR SEPT. 19-24TH

AMARILLO, Sept. 15—Movie stars from Hollywood will be at the Tri-State Fair here every day during the week, Sept. 19-24.

Movita, Spanish dancer who had a part opposite Clark Gable in "Mutiny on the Bounty", will be here Tuesday and Wednesday. Lloyd Nolan, Jack Randall, singing cowboy, Boris Karloff, and others will attend the exposition during the week.

W. Lee O'Daniel and his Hillbillies, as already announced will officiate at the opening Monday morning.

Bands from every section of the tri-state area again this year will be at the fair and the organization bringing the largest delegations will be given liberal cash prizes.

Enthusiasm is high among the exhibitors and this year's exposition promises the finest display of prize products, especially in the Hereford department, fair officials say.

Much money has been spent in obtaining high class entertainment—Beutler Bros. rodeo with champion performers, "Cavalcade of Hits", insured against rain by the fair association and the Mighty Sheelsy Midway.

REPORT HOPPERS THICK AS BEES

Pete Cator in Spearman Wednesday reported hoppers on his place near Gruver as thick as bees when they were swarming.

Tom Taylor Transferred

Friends of Mr. and Mrs. Tommie Taylor learn that the popular young couple will have to leave Spearman, since Mr. Taylor has received a promotion and will make his headquarters at Canadian, Texas. The Taylors have made many friends here who regret to see them leave, but are glad of their advancement. Arthur R. Turner has been named to take Mr. Taylor's place in the work as Rehabilitation supervisor.

EMPLOY COUNTY ATTORNEY MONDAY

T. D. Sansing, attorney of Linden, Texas, who comes to Hansford County well recommended, was employed by the Hansford Commissioners' court Monday of this week. Mr. Sansing will move to Spearman as soon as he can complete legal cases pending that demand his attention at Linden. Sansing is married and has 2 children, one school age, the other younger.

THE GAME OF LIFE

Bill Jones was the shining star upon our high school team. His tackling was ferocious, his bucking was no dream. When husky William tucked the ball beneath his brawny arm, the other teams contending had good reason for alarm. And when a rival tackler tried to stop his driving pace. His first thought was that a train of cars had waltzed across the face.

Bill had the speed, Bill had the weight, the nerve to never yield. From goal to goal he dashed along while fragments strewn the field. And there had been a standing bet that no dared to call. That Bill could make the distance through a ten foot granite wall. When Bill wound up his high school days, each students heart was sore. He wept to think that husky Bill would buck the line no more.

Not so with William, in his dreams he saw the field of fame, where he could buck to glory in the swirl of life's big game. So with his sheepskin tucked beneath his brawny arm one day Bill put on speed and dashed into the thickest of the spray. With eyes a-blaze, he sprinted where the laurel highways lead. When Bill woke up his scalp hung loose and knots adorned his head.

Bill tried to run the ends of life when low with a vicious toss. A bill collector tackled him and threw him for a loss. And when he switched his course again and charged into the line, the massive guard named "Failure" did a two-step on his spine. Bill tried to punt out of the rut, but ere he turned the trick, the tackle competition tumbled through and blocked the kick.

And one day when across the field of fame the goal seemed dim, The wise old coach "Experience" came up and said to him: "Old Man" said he, "the main thing now before you is to win the bout, Is keep on bucking failure until you've worn the lobster out, Cut out this work around the end go in there low and hard, Just put your eye on the goal and start there yard by yard;

"And more than all when you are thrown or tumbled with a crack, Don't lie there whining, hustle up and keep on coming back. Keep coming back, and if at last you lose the game of right, Let those who whipped you know they, too, have had a fight. You'll find the bread-line hard to buck and fame's goal far away But hit the line and hit it hard across each driving play, And when the One Great Scorer comes to write across your name, He writes not that you won or lost, But How You Played The Game."

LOCAL MERCHANTS TO SPONSOR LYNX GUESS CONTEST FRIDAY.

Spearman merchants will again sponsor a guessing contest with a \$5.00 prize offered the football fan who can guess the nearest correct score and yardage gained in an extra night work, the football being very accurate. This contest will be held at 3 p. m. on Friday afternoon at the bank.

Noel Womble Is Badly Burned When Tractor Catches On Fire

While filling up the tractor on the Womble farm about 16 miles south east of Spearman Tuesday just afternoon, Noel Womble was seriously burned and Lewis Sparks sustained burns on his hands and arms in putting out the tractor fire and helping to extinguish the flames from young Womble's clothes.

Sparks was pouring the gasoline into the tractor and Womble was making some sort of adjustment on the left hand side of the farm machinery. The tank ran over and just at that instant ignited splashing a funnel of burning gasoline on Womble. Sparks extinguished the flames on Womble tearing off his shirt and other clothing and throwing dirt on him. Mr. Sparks had left his two year old baby in the pickup truck that he used to bring the gasoline to the field. He drove the pickup over near the tractor to load Noel into the car and the pickup caught on fire. Sparks finally extinguished the flames on both the pick-up and the tractor and drove to the Homer Harbour "dine and dance pavilion". Harbour, who has a Packard passenger car loaded the two men in his car, leaving the baby at his home, making the 11 mile drive to Spearman in 7 minutes. Both men were given emergency treatment at Spearman and were carried to the McKay Sanitarium, where Mr. Womble remains this week. Mr. Sparks sustained only minor burns. Noel was in a very serious condition, but his improvement since the accident indicate the burns were not so severe as first thought.

WELL TEST MAY CONNECT FIELDS

The Darrouzett Oil Corporation, through its president, F. E. Evans, of Darrouzett, announced it would drill a test oil and gas well in Lipscomb County which may link the oil and gas regions of western Kansas and the Texas Panhandle.

Operations will start Sept. 10 on the well in the northeast part of Lipscomb, two miles south and a half-mile west of Darrouzett. The company has blocked 40,000 acres in this territory.

LEE BROWN LOSES EYE AFTER ACCIDENT

Lee Brown of Spearman, underwent an operation at a local hospital yesterday for the removal of his left eye as a result of an accident while hunting Sunday.

Last night he was reported as resting well and that he likely would be dismissed from the hospital within two or three days.

Mr. Brown suffered the eye injury while he and a brother-in-law, Frantz Ferguson, of Stinnett were hunting birds. A slug from a small caliber rifle struck a concrete culvert and a chip of concrete struck Brown's left eye ball. He was rushed to Amarillo for treatment.

The surgeon last night said he removed bits of concrete from the patient's eye. Brown was on crutches at the time of the accident, having suffered injuries in a fall from an oil derrick.

Baptist Revival At Gruver Sept. 25

On Sunday Sept. 25 the Gruver Baptist church begins their fall revival. This late date has been selected in order to give the farmers time to sow their wheat and be free to attend the services.

The preaching will be in charge of the pastor Rev. Herbert Hughes who has had much experience as an evangelist. Mr. Morval West of Sayre, Oklahoma will have charge of the music. Bro. West is a well known evangelistic singer. He is a fine singer and musician. Everyone enjoys good singing and this is assured under the direction of Bro. West.

Every person in Hansford county is cordially invited to attend these services.

Farmers Warned To Heed Wheat Bases

The Hansford County agent's office today warns farmers who overseed their wheat bases, or who plant wheat without having bases, that they will be out of compliance in 1939 and will not receive any payments.

From 1928 to 1937, an average of 70,925,000 acres of wheat were seeded per year in the U. S. This year, agriculturalists wish to control over-production of wheat by cutting down the seeded acreage to 55,000,000 acres. To do this, wheat bases have been set up on each farm, and seeding in excess of a base will bring penalties.

Farmers who are uncertain if they have wheat bases, or the amount of the bases, are urged to contact the county agent's office for the correct information.

APPLICATION BLANKS READY FOR FHA LOANS

Applications from farmers in Hansford county for loans which to purchase farms under the Bankhead-Jones Farm Tenant Purchase Act program will be received from now until October 1, Arthur R. Turner, county rural rehabilitation supervisor, announced today upon his return from Amarillo, Texas, where he attended a two-day school of instruction.

Also attending from this county were F. R. Wallin, R. C. Bennett and Carl Hutchison, county committeemen, recently appointed by Secretary of Agriculture Henry A. Wallace, to check applications in this county.

All farm tenants, sharecroppers, farm laborers, or others who obtain or recently have obtained most of their income from farming, may make applications for one of the several loans to be made in this county, Mr. Turner said.

It was explained that preference for these loans will be given to married persons or persons dependent families; to persons able to make a down payment; or to persons who own livestock and equipment necessary to carry on farming operations.

Applicants who will receive loans will be given a wide choice in selecting the farms they want to buy. The price of the property however, must be in keeping with its value, as determined by the county committee and the FSA. Preference will be given to farms needing a minimum outlay for repairs and improvements. However, loans will be large enough to cover building repairs and other farm improvements.

The county supervisor said the FSA will assist applicants who receive loans in developing sound farm and home management plans, preparing operating budgets, and maintaining business like records.

Loans will be made for a 40 year period at three per cent interest. Annual payments of 4.3 per cent of the sum borrowed will cover both interest and principal.

All farmers in Hansford county interested in this program are urged to contact Mr. Turner at his office at Spearman at their earliest convenience and obtain application blanks.

Hansford county's committee who will assist Arthur L. Turner in selecting loans for farmers have asked that all land owners of this area who have land suitable for sale in the government program, list this land with specifications at the office of Rehabilitation supervisor Arthur R. Turner.

Lynx Lose Opening Game To Shamrock Irish

Although the Lynx outplayed Shamrock, they were unable to carry the ball across to pay dirt. Due to nervousness of the Lynx, Shamrock blocked a punt in the opening minutes of the ball game and ran for a touchdown. In the second quarter Shamrock scored on a pass and a lateral. The Lynx kept the ball in Shamrock territory during the entire third quarter. Shamrock scored in the final period on running plays. Horn and Keims showed up well on the offense. Carter and Phelps played well on defense.

SENIORS

The Seniors have gotten off to a flying start so far this year. Mr. Perry, of the Perry Studio in Perryton was over Wednesday to try to get the order for the Senior pictures. The Seniors were impressed with his work but they decided to wait for the man from Denver, Colorado, who has always done their work, in order to see what kind of price he would make.

In English 4, we have been reading Chaucer's Canterbury Tales, but we can't seem to get much sense out of it. Mr. Wilkins is a genius on pop quizzes. He gave us one in Civics last week and the grades—welllll! The work book of business law should be here some time this week so we can really go to work.

FIRST GRADE SCHOOL CHAPEL PROGRAM TO BE FRIDAY

The following program has been planned for the first assembly of the year, which will be Friday morning.

Song, by assembly; invocation, Mr. Graves; special numbers, Mrs. Loftin's room; song by assembly. Parents are invited to attend the assembly programs.

FIRST GRADES

The first graders are all getting acquainted and learning how to play together nicely.

They have begun a unit about Pets, and they are so happy when they read their own little stories.

JUNIORS

The Juniors are working hard in their class as the second week of school rolls by. The Juniors have several new members this year. They are Robert Phelps, James Beck, Sammy Morris, Allison, and Eli Unruh and Elizabeth Walberry.

The juniors will be out rooting for the Lynx when they meet with Higgins Coyotes Friday afternoon.

teachers and Brother Brown, of the Methodist church, welcomed the teachers to Spearman for the coming year.

Following the program, punch and cake were served in the annex. Mrs. Smith, mother of the pastor of the Presbyterian church, served the punch.

Band Will Go To Tri-State Fair Tuesday Sept. 20

As far as band news is concerned this week, there has been no thing done in the very recent past of which we band members can brag, except perhaps practice very diligently for the past few days. However, there are some things coming up in a short time which we all plan to do up in fine style.

This Friday we are going to play during the Spearman-Higgins football game. Some of the football boys have said they liked listening to the band and wished that the band could accompany them an all of their out-of-town games. So do all the band members wish this were possible, but we have resigned our fate to playing one or two out of town games and all of the home games. So all you football boys, we'll be out there giving you all the support we possibly can.

Next in line of band activities will be the going to the Tri-State Fair at Amarillo next Tuesday. The Tri-State Fair is an annual affair which has provided a break in the monotony and plenty of entertainment for the Spearman Band since it was originated. When we go to Amarillo next Tuesday, we expect to live up to our reputation of being a real little band.

They have also learned several little songs about Pets. They would be glad to have their parents visit their rooms at any time.

Cookies Anybody Can Make

By PEARL LOCKE Co. H. D. Agent

Date and Nut Bars 3 eggs well beaten 7-8 cupful of light brown sugar 2-3 cupful of sifted pastry flour 3-4 teaspoonful of baking powder 1-2 teaspoon of salt 1 teaspoonful of vanilla 1-2 cupful of walnut meats 1-2 package of chopped dates

Mix the beaten eggs and the brown sugar together. Add the other ingredients in the order given sifting the flour with the baking powder and salt. Dredge the nutmeats and dates with a portion of the flour. Bake in a moderate oven (375 degrees) in a pan about 8x3 inches. Cut in strips and roll each piece in powdered sugar.

Ice Box Cookies 1-2 cupful of butter or other shortening 1 cupful of light brown sugar 1 egg 1-2 teaspoonful of vanilla 1 and 1-4 cupfuls of flour 1-2 teaspoonful of soda 1-4 teaspoonful of salt 1-2 cupful of chopped nutmeats

Cream the butter and gradually add the sugar. Add the egg, well beaten, and the vanilla. Add the flour, which has been sifted with the soda and salt, then the nutmeats, dredged in a portion of the flour. Using your hands, mold the dough into a long roll. Let it stand in a cool place overnight. Slice as thin as possible and bake in a hot oven (425 degrees).

Gingersnaps 2 cupfuls of sugar 2 cupfuls of molasses 2 cupfuls of shorting 1 tablespoonful of ginger 1 and 1-2 teaspoonfuls of soda Abauo 10 cupfuls of flour 3 teaspoonfuls of baking powder 1-2 teaspoonful of salt

Place the sugar molasses, shorting and ginger in a saucepan. Let come to a boil. Add the soda and cool to lukewarm. Add the flour sifted with the baking powder and salt. Make dough stiff enough to roll. Roll on a floured board and bake in a moderate oven 400 degrees, for 10 minutes. One-half the recipe makes a generous amount.

More cooking hints will be published next week.

NOTICE FARMERS

You will notice in the new Ful-O-Pep Egg ash book that we are now including concentrated spring range in the Ful-O-Pep Mashers in the form of dehydrated cereal grasses. The commercial use of cod liver oil was introduced in Ful-O-Pep Mashers about 15 years ago and Dr. Kent is of the opinion that the use of this new product is of equal or greater importance than the use of cod liver oil. His opinions are based on results obtained at our experimental farm and the results from various state colleges throughout the country. The use of cereal grasses substantially increases egg production, chick growth and livability. This new ingredient is now being used in all the Ful-O-Pep Mashers, including the Turkey Feeds.

Just to prove that frame gardens are successful Virdie P. Wheeler this week brings to our attention two families in the County who have made sub-irrigated cold frame gardens and have them planted and vegetables growing in them. They are Ralph Fullbright and George Mitts. Both families are very proud of their gardens and say that cold frame gardens are really all right. Their food supply will be benefited by having fresh green vegetables until frost if not later. This will also be a protection to their health.

It takes only a little time and a few cents for garden seed to have a nice cold frame garden like theirs. If hoppers and insects are around your home try the cold frame garden, keeping the cover on all time. This protects the plants from insects, sand, wind and extreme rays of the sun. Either Mr. Mitts or Mr. Fullbright will be glad to have you see his garden if you are interested and want suggestions or Virdie P. Wheeler has a demonstration garden which is sub-irrigated that was planted July 28. Tomatoes in it are over 12 inches high and beans are in bloom with a few young beans. She will be glad to show you this garden and to help you make one of your own.

Both families are also keeping good record books. Mrs. Mitts says she believes it to be one of the best things a family can do to keep an accurate record book.

Wilbur, 12-year old son of Mr. Fullbright, has kept their record book. It is an extra nice book, the records being very accurate. This is good, for it is a book which will help you to know how to keep a record book. It also proves that you can keep a record book.

Edgad Messenger was an overnight guest at the home of Wayne Hutchison Tuesday evening.

R. V. CONVERSE SAYS:—

The Department of Agriculture officials are somewhat disappointed because the potato producers have turned down their plea for a controlled program effecting potatoes, the sections of the country that are favored with regular crops do not care for a program of politics in the potato business.

It is very significant that while the farmers generally are under the AAA and are following the advice of the department of Agriculture the U. S. Income Survey places the farmer at the bottom of the economic scale as to income.

There is some talk in Washing-

ton that President Roosevelt will call a special session of Congress to revise the Social Security set up, in order to forestall any act by the new Congress after the election in November. There are lots of new members nominated that are pledged to support some kind of a liberal pension plan and the administration is very anxious to hold the pension to the minimum amount.

By a new process just discovered cloth can be coated with gold at a cost of about \$2.50 per yard.

Now comes Charles H. Hunt, of the Agricultural Experiment Station of Ohio who found that filtrate from yeast extract fed to rats keeps their hair from growing grey, and restores natural color after it has turned grey, if this works in humans good-by grey hair.
