Thanksgiving Service November 25th

There will be a community Thanksgiving service at the First Methodist Church in Spearman, November 25th. The service will begin at 8:30 a. m. for the benefit of all who will want to go other places for the day. Rev. Bryant will be the principal speaker for this service.
All thankful Christians are invited to come and bring your friends. You will enjoy the program which is planned for this time.

Mrs. John Allen of Guyton visited with relatives here Thursday, Nov. 18.
Mrs. Ervin Hester spent the week in Amarillo.

Boys Will Play Canadian Night At Gruver

The Spearman Lions finished their football season last week-end and this will be the only game in the county, and a large crowd of fans is expected to attend from Hanford county, as well as from Canadian.

Champions Warm Up For Basketball Season!

The Perryton A. and B. Girls and the Texline A boys will play in Spearman Tuesday night. This will be the curtain raiser for the district champs, and the games will start at 6 P. M.
Robert Koch isolated the bacillus which causes tuberculosis.

Field Demonstration To Be Held Friday November 19th.

B. and C. Equipment Company announce this week that a Field Demonstration will be held, beginning at 1:30 P. M. Friday, November 19th. The demonstration will be held on the Stratton well which is located on the Stratton Crooks farm 4 miles East and 2 miles South of Spearman. The Nationally known NEW Lone Star Reversible Disc Plow and the Big New Super MTA International Farmall will be demonstrated.
The demonstration will be of great interest to those who are irrigating and those who are interested in leveling their land for irrigation. This plow, successor to the famous Barrow-Dionis plow, has the reputation of working wonders in preparing seed beds for irrigated land and in siding to level rolling land.

White Deer Rips Greyhounds 28-0

The White Deer Bucks took the Guver Greyhounds Friday in a District 1-A football game, 28 to 0. The game opened with both teams afflicted with fumbling. Both lost the ball twice in the grabbing and snatching and the Bucks took advantage of the exchange to score the first touchdown.

The second period was scoreless, but in the third quarter the Bucks took advantage of an exchange of points with the Greyhounds and scored three more touchdowns. The game did not figure in the district title race, with both teams out of the running.

Rifle Club For Boys

The VFW has agreed not to renew the Charter of the Explorer Scouts, when it expires January 1, 1955.
In its place, the VFW will sponsor a boy's indoor Rifle Club, including all boys from 14 to 19 years of age.
Dennis Jones, expert rifle and pistol shooter, will teach the boys safety of arms and how to become an expert on the rifle range.

Boys Rifle Clubs are organized, and affiliated with the National VFW organization and National Rifle clubs.
The local VFW chapter feel they can interest more boys in the Rifle club than through the Explorer Scouts.
The greatest care for safety will be used in this training. First the firing pins will be removed until the boys are familiar with the rifles. They will shoot the targets with the rifles chained, until safety precautions become habits.

Special Speaker At Church Nov. 26

James Craig, of Nigeria West Africa, will speak at the First Christian Church at 7:30 on Friday, November 26. James Craig has been in the States for the past three years attending Manhattan College, Manhattan, Kansas. He is an Agriculture Student, and plans to go back to his people in West Africa and help raise standards of living through agriculture.
This is one of many programs sponsored by the Christian Women's Fellowship, and the public is invited to come and hear this outstanding speaker for the evening.

SPORTS Bulletin

Mr. Craig, a special friend of Pastor and Van Dyke, will spend Thanksgiving holidays in their home here.

Miss Paula Jackson Graduates

Miss Paula Jackson, daughter of Mrs. A. L. Jackson, Sr., has returned from a 2 year study in Kansas City, Missouri, where she graduated as an X-Ray Technician from the Research Training Schools.
She was affiliated with the Children's Mercy Hospital, where she received her Pediatric training. Mercy Hospital is the largest Children's Hospital West of the Mississippi and is a charity hospital. And she affiliated with the Research Hospital, where she received Surgical experience.
Miss Jackson received her training under Dr. I. H. Lockwood, internationally known Radiologist and his Radiology Group of sixteen Radiologists.
Paula is a member of the Sorority Sisters of KCSXRT—During the past six months Miss Jackson received her Supervisory Training and the past three months she was appointed Assistant Supervising Technician.

Scouts Participate In Disaster Plan

On Saturday morning, at about sunrise, Fire and Police Sirens of Borger sounded the alert for a test Mobilization for a simulated disaster condition. About 300 boy Scouts from the Adobe District of Hanford, and Hutchinson counties, with 21 units represented, were already in position in "disaster" area, which part of the boys being simulated disaster victims, other boys working as rescue teams. Smoke bombs were used to heighten the effect of disaster condition. Ambulances were used to haul part of the victims. Others were carried on blankets and stretchers to first-aid tents which had been set up near by. Each victim was tagged with his injury, such as: third-degree burns, broken legs, scalp and arterial injuries, and the boy scout rescue teams treated them accordingly. Twenty-eight Scouts from Spearman Troop 51 acted as victims.
The alert lasted from about 3:30 a. m. until 9:00 a. m. after which cools, doughnuts and coffee were served by a National Guard field kitchen. Other organizations participating were: the National Guard, Borger Fire Department, Hutchinson County Sheriff Department and Civil Defense.

James P. Linn Guest Speaker

The Spearman Parents, Teachers Association met in the School cafeteria Tuesday November 9. President, R. Paul Smith presided over the meeting, and Mr. Barker gave the invocation.
Following the business session, James P. Linn, County Attorney, gave an enlightening discussion on "Established Justice."
Mrs. Cotter's room won the traveling prize for Fathers attendance.

Hanford County Has Been Designated To Receive Drouth Emergency Feed

Hanford county has been declared eligible for drouth emergency feed, according to the local A. S. C. office, here in Spearman.
All cattlemen interested in details on obtaining the drouth emergency feed, which will be grain sorghum, corn, barley oats, and hay, are urged to contact the local A. S. C. office in Spearman, or see Earl Chapman.
Applications will be accepted beginning today, Thursday.

Lions Of Gruver And Spearman Enjoy Program

Ranger Captain Frank Probst of Amarillo was guest speaker and presented an outstanding educational film on crime detection at the noon meeting of the Spearman Lion club held Tuesday of this week. In addition to the regular Lion members of Spearman some 11 members of the Gruver Lion club were present to see and hear the very interesting and instructive program.
The film, planned and supervised by Captain Probst, featured the activities of safe crackers and safe robberies. The film was made with the aid of a convict who has been in the state prison for more than 13 years during 4 different sentences. The prisoner is now a law abiding citizen, but he admitted to Captain Probst that he had taken part in 108 safe robberies, and was technically well trained in the art of opening safes.
Captain Probst said that a professional safe cracker could open the ordinary safe within 5 minutes by any or several methods. The picture reviewed the activities of a safe cracker in three different methods of opening an ordinary office safe.
Much of the talk made by the speaker dealt with suggestions to people who might be robbed. Briefly he insisted that everything be left without disturbing until the Sheriff or other peace officers has an opportunity to gain clues. The speaker listed many possibilities for identification of robbers that the average citizen does not know about.
Ranger Probst was very complimentary to our Hanford county Sheriff, J. B. Cooke. He said that Cooke gave the district and state department outstanding cooperation, and aided materially in cooperation for crime detection in this area. He was very appreciative of Mr. Cooke and the work our sheriff is doing in the network of crime detection—in fact he said Cooke was the outstanding sheriff of this area.

Birthday For Betty Mathis

Mrs. R. C. Stewart entertained her grand daughter, Betty Mathis, with a birthday party Tuesday, Nov. 9th from 4 to 5 p. m. Betty was 4 years old.
The children played games until time for Betty to blow out the candles on her cake, and make a wish. Then Mrs. Stewart served ice cream and cake to: Donna Gillery, Sharon Thompson, Paula Jean Mackie, Ada Ann Cooper, Mary and Fattie Mathis and the honor guest, Betty.

Ten Homes Are Needed

J. D. Kirkland, of Hereford, has established temporary offices in the E. C. Greene building for his irrigation pump company.
Drilling now at a depth below 3000 feet is the Texas Company well which is a direct South 40 acre offset to the discovery Lasserter No. 1. This Texas Co. well is a mile East on to the Lasserter No. 2. Fullon well.
Apparently the rig will be the Lasserter No. 2 well at the corner of a mile South on to the Lasserter Section No. 15. We do not have any official confirmation of this fact, and do not have time to get this official information before press time. We can state that trucks are preparing to move equipment, and there is activity at a spot near the North East corner of Section 15.
We are informed that Sinclair Oil Company have staked a prospective well on the Section just North of the Lasserter land on the Steel Ranch.

Jury Trial At District Court

In a jury trial, suite 706 over contract held this week in 84th District court, the defendants, E. T. Rafferty, Sr. and E. T. Rafferty, Jr. were given the decision. The nature of the trial was a suite to collect for drilling an irrigation well. According to testimony the well was not a proven well, and the defendants argued that the nature of the contract was no water no pay. E. J. Mickle was the contractor.
The criminal docket will be taken up next week.

L. M. Womble Home At Morse Destroyed By Fire Wednesday

The L. M. Womble home at Morse was completely destroyed by fire Wednesday November 17. According to reports the residence caught fire at about 10:30 p. m. during the high wind and all efforts to extinguish the flame were failures. The residence belonged to Jake Clifton of Morse.
Of interest to this section is the announcement of the Phillips well on Judge Ivy Duncan lease just across the line in Hutchinson county. We understand that Clifton is on Back Page.

What this newspaper interprets as the "Kickoff" for an intensive drilling campaign for oil in the Lasserter pool North of Spearman may result from the successful test of the 40 acre Diagonal Lasserter No. 2, offset from the original discovery well which was officially gauged as a 960 barrel producer.

We are delighted to (unofficially) report that the offset Lasserter No. 2 R. H. Fullon well is rated as a 1300 barrel well, with possibility of an 1800 barrel well flowing on a one inch choke. The well was perforated and swabbed Monday night and responded to a gauged 33 barrel per hour under swabbing process. When the well kicked-off and flowed the gauge showed 44 barrels per hour with half inch choke. The well was turned loose under three quarter inch choke and produced at the rate of 55 barrels per hour. At the time this article is written there is a possibility that the well will be tested under full inch choke, and there is a possibility that it will produce at the rate of pretty close to 2000 barrels per 24 hours. The blowing pressure increased from 310 to 350 when the choke was changed from half inch to three quarter inches. Normally the blowing pressure should have decreased, unless and except the bottom hole pressure is building up. The records we are quoting represent the first test after the swabbing process, and if course there will not be an official test until the Rail Road Commission makes the test in the near future. The well was perforated from 7182 feet to 7214 feet. There was a good sand below this depth, according to information from the electric log, but apparently the producers were afraid of getting into water and did not perforate nearly all the apparent oil bearing sand. We overheard an employee state that he believed the well could be rated at a 2000 barrel. If the test perforation had been 14 feet deeper.

New Olds Goes On Display November 19

The new Oldsmobile for 1955 goes on display at the salesroom of the County Motor Company Friday morning November 19th. The public is cordially invited to attend the showing.
Coffee and doughnuts will be served.

Irvin Hester In Hospital

Irvin Hester, a surgical patient at Amarillo, is doing nicely. Mr. and Mrs. Lloyd Buzzard returned home Monday following the operation, and Mrs. Hester remained with her husband. Mr. Hester will be home soon.

Gruver Scouts

The Girl Scouts of Gruver are going to start meeting every Tuesday, in the afternoon. They are going to go on Camp out at the Nature Park.

November 24. These Thanksgiving Services for the Community, will be held in the Gruber Baptist Church, beginning at 7:30 p. m. Everyone is welcome to attend, in fact is urged to do so. The most entertaining program follows:

Prelude, Mrs. Sluder, Organist and Mrs. Paddy, Pianist Hymn number 2, "Oh Worship The King," Prayer, by Rev. Herbert Hughes, Announcements, Rev. Burton Hymn, number 19, "Love Divine," Hymn, No. 213, "More Love To Thee," Offertory Scripture and Prayer, Rev. Bill Burton. Special Music by Mrs. Charles Lansdown, which will be "Thanks Be To God." The Thanksgiving Sermon will be delivered by Rev. Cecil Ottinger, followed by the Doxology hymn, and the benediction, by Rev. Frank Reece.

WILKINSON NAMED WYCC DIRECTOR
At a recent meeting of Chamber of Commerce Managers in Buchanan Texas recently, Wilson Buchanan was elected one of the Directors of the West Texas Chamber of Commerce. Wilson is the Manager of the Spearman Chamber.

Married At Clovis, N. M.

Diana Lee Allen, daughter of Mr. and Mrs. Johnny Lackey and S. B. Sheets, son of Mr. and Mrs. Claude Sheets, were married Saturday November 6, in Clovis, New Mexico. Mrs. Sheets graduated with the 1954 class at Spearman High Commercial Credit Corporation in Amarillo. Mr. Sheets attended Spearman

schools and served two years in the army. He has recently returned home from a years tour of duty in Korea. He is employed by Whittenburgs in Amarillo. The couple is at home at 500 West 10th st. Apartment 10, Amarillo.

Family Party And Shower

Mr. and Mrs. Willis Sheets, and Mr. and Mrs. Gene Cudd entertained Mr. and Mrs. S. B. Sheets Saturday night with a miscellaneous shower and family party. This was held in Perryton, in the home of Mr. and Mrs. Gene Cudd.

The serving table was laid with a lace cloth, and centered with a wedding cake. Mrs. Gene Cudd served it, and Mrs. Willis Sheets presided at the coffee urn. The evening was spent playing 42. Those present were: Mr. and Mrs. Johny Lackey, and Keron, Mr. and Mrs. Claude Sheets, Mr. and Mrs. Daniel Sheets, and Jerry, Mr. and Mrs. Blanch Sheets, Mr. and Mrs. Floyd Sheets, Claude Sheets Jr. and Miss Pat Halpain and the hosts and hostesses, Mr. and Mrs. Gene Cudd and Mr. and Mrs. Willis Sheets.

Want To Prospect For Uranium

"Palo Duro Canyon State Park is the best spot in the Texas Panhandle to prospect for uranium, and we've made it possible for anyone to take a chance at today's biggest bonanza," Pete Cowart, park manager, says.

He refers to the newly-opened concession to rent Geiger counters. This, he thinks, gives Panhandle residents an opportunity to experiment with a Geiger counter, have fun, and maybe find uranium without having to travel great distances or invest in expensive equipment.

"Anyone who finds a deposit of ore that assays as much as 20 per cent uranium per pound is eligible for the \$10,000 reward given by the Atomic Energy Commission," Cowart says. "Amateurs have as good a chance at that bonus as experienced prospectors."

Is there uranium in Palo Duro Canyon?
"If I knew where there was a deposit of uranium in this canyon, I wouldn't be standing here venting Geiger counters," Cowart answers. "No one knows whether there is uranium in the canyon, and the only way to find out is to test each rock exposure with a Geiger counter."

Cowart says the AEC lists three types of sedimentary rocks as most likely to contain uranium, and all three types are found in Palo Duro Canyon. The canyon has not been thoroughly prospected yet, either. In fact, only a few visitors have taken Geiger counters into the canyon.

The Geiger counters rented at the park are the simplest, but not the least expensive, made. They record clicks in ear phones, the number of clicks increasingly greatly if radioactive minerals are found. Everyone renting a counter gets a sheet of simple instructions on its use, and another page of tips on where

to look. It's so easy to do that even very young children enjoy prospecting.
The State of Texas owns minerals under the park, so if anyone finds paying ore he will have to negotiate a lease on the area of the park involved.
This is the first time Geiger counters have been rented in a Texas state park. Cowart thinks it is the first such project in the country.

Mr. and Mrs. Irvin Lamb and Tom visited in Perryton Sunday.

Mrs. Bill Kenyon and children of Portales, N. M., visited her parents Mr. and Mrs. F. W. Brandt last week.

Mr. and Mrs. Ted Berry and children of Texhoma visited her aunt Mrs. W. E. Rosson on Sunday.

Mr. and Mrs. John Berry are home. They have been in Portland Oregon visiting their son and wife, Mr. and Mrs. Mike Berry.

Mr. and Mrs. Hix Wilbanks are visiting in Central Texas.

ADD BEAUTY TO YOUR HOME BY GROWING POINSETTIAS

Poinsettias add brightness and beauty to the home, and if you want to grow them yourself, you can—no matter where you live in Texas.

The location of your home in Texas will determine the best way to grow them. In the Lower Rio Grande Valley, the plants grow as large shrubs.

Instructions on growing, rooting, pruning, insect control, mulching, and care of cut flowers are included in a new bulletin B-233 "The Poinsettia."

GIVE YOUR CHILD A NICKLE BUT TEACH HIM ITS VALUE

When you give your child a nickel, you can give him something of enduring value at no extra cost.

The lesson you teach your child in money management will be something he can use all his life.

As soon as a child is old enough to ask for a nickel for ice cream, he is old enough to learn a little about its value.

As soon as the children are old enough, let them help plan with the family how to get the things the family wants.

If you don't teach him money management, he may spend half his life learning by hard knocks and financial set-backs.

Always a "more-for-your-money" food buy, fresh, flavorful cabbage is now in plentiful supply on the market.

Always a "more-for-your-money" food buy, fresh, flavorful cabbage is now in plentiful supply on the market.

Defects of cabbage are easily detected—the most common ones are worm injury, decay, yellowing of leaves and burst heads.

December 14 is the day cotton producers will vote in a referendum on the cotton marketing quota question.

Billings, Mont.—A baby girl was delivered by Caesarean section while the mother, Mrs. Donald Singer, 25, of Powell, Wyo., was confined in an iron lung with bilharziosis.

Wheat Fed On The Farm Included In Quota Totals

College Station, Nov.—When marketing quotas are in effect for wheat, that grown on acres in excess of farm acreage allotments is subject to quota penalties.

Smaller producers—those with acreage allotments of less than 15 acres—do not come under the marketing quota provisions if their total wheat production on the farm does not exceed 15 acres.

In all other instances, however, all wheat produced on acreage in excess of the allotment is subject to quota penalties.

Egg Producer's 55 Outlook

College Station, Nov.—The outlook for 1955 is favorable for egg producers who sell on a graded market.

Based on the price prospects and trends in recent months, the natural tendency of farmers will be to raise the number of chickens in 1955, says John G. McHanev, extension agricultural economist.

Production for the first six months of 1955 is already "made" by the number of chickens pullets now on farms.

Prices paid to producers in March and April may drop below the level of the same months in '54 but can be expected to improve again in the fall of 1955.

A four percent increase in egg production this year in Texas has not kept pace with that there's no cause for a high percentage reduction of layers on farms in areas where graded markets are available, the economist says.

Polishing Your "Gat" For Deer Season? Better Polish Safety Rules, Too

College Station, Nov.—Careful hunters are polishing their safety rules as well as their "rats" in anticipation of deer season which opens November 19.

Defects of cabbage are easily detected—the most common ones are worm injury, decay, yellowing of leaves and burst heads.

December 14 is the day cotton producers will vote in a referendum on the cotton marketing quota question.

Billings, Mont.—A baby girl was delivered by Caesarean section while the mother, Mrs. Donald Singer, 25, of Powell, Wyo., was confined in an iron lung with bilharziosis.

Attention Farmers

1954 Amendments to the Social Security will bring Federal old-age and survivors insurance to most farm families beginning in January 1955.

Any farm operator or farm employee who does not now have a social security card should apply for one immediately.

HOME DEMONSTRATION (UPHOLSTERY WORKSHOPS)

"It's hard work, but the most fascinating thing I've ever done!" was the comment made by Mrs. Lester McLain and sixty-one other upholstery trained leaders in Hansford County.

The nine Home Demonstration clubs in Hansford County went all out for the upholstery workshop. This was planned as a special interest fall activity for the Home Demonstration women.

The marketing committee was able to buy all the supplies at a big discount. The committee handled approximately \$300.00 worth of supplies for the women.

With the State Farm Bureau convention at Galveston over, the delegates to the National convention at New York City, delegates to State Convention report a very successful convention with many of the farm excursions voted in to be presented at the national.

State resolutions go a long way in changing the pressure in the National Agricultural program.

Mr. and Mrs. Robert Alexander and Mr. and Mrs. Kelly Garrett attended State FB convention, and have reservations for the New York trip. Letters are coming to Stanley Garnett from FB members over District one, asking for reservations on the farm excursion to New York Dec. 12-16. Ten Hansfordites have made reservations for the National trip.

Anyone wishing to take advantage of the New York trip may do so by making reservations before November 22.

Mr. and Mrs. Buchanan and Mrs. Don Tipton visited over the weekend in Amarillo.

Mr. H. D. Goldston of Hereford has been visiting with his family in Hansford County.

John Adams is credited with the motto "E Pluribus Unum."

Three Types of Farm Loans Offered by FHA This Year

Texas farmers can obtain three types of operating loans from the Farmers Home Administration, Walter T. McKay, Texas State Director, said today.

The regular production and substitution loans help small farmers to improve their farming operations. These loans may be made to buy farm and home equipment, feed, seed, lime and other farm necessities.

There is a statutory limit of \$7,000 on each production and substitution loan and the total outstanding debt for these loans cannot exceed \$10,000.

When the main purpose of the production and substitution loan is to improve the farmer's operations, a limited amount of funds may be included to refinance debts secured by liens on livestock and farm equipment.

Livestock loans are made for periods up to 3 years. Any balances remaining on these loans after the three years are served for collection based on the record of the borrower.

Other creditors are not to subordinate their liens, but are expected to stand by and to

4-H Achievement Day Set Nov. 13

College Station, Nov.—November 13 is Texas 4-H Achievement day, and the 120,000 Texas members are urged to participate in the state on their activities and achievements for the year.

More than 18,000 Texas members are from urban homes. A broad program for your development offers opportunity for study in many fields suited to both urban and rural populations.

Besides ranching, raising crops, and livestock and sewing, the 4-H program includes such things as money management, safety, first aid, music appreciation, citizenship and entomology.

4-H members appear on radio or TV programs or give a speech with poise development through their training. They give demonstrations at Galveston over the weekend.

Watch in your community for the observance of Texas 4-H Achievement Day.

Mrs. Ralph Blodgett and Mrs. Roy L. McClellan were shoppers in Amarillo Monday.

Mr. and Mrs. Robert Alexander and Mr. and Mrs. Kelly Garrett attended State FB convention, and have reservations for the New York trip.

Balancing Feed With Livestock

College Station, Nov.—Balancing livestock with feed on the range is a "number one" problem of livestock raisers.

The tendency is to remember stocking rates during good years, says A. H. Walker, extension range specialist. "A balanced livestock program is based on average years."

Proper grazing gives plants a chance to maintain themselves, withstand drought, and conserve moisture, Walker points out.

A balanced program for growing livestock includes plans for deferred grazing, the planting of supplemental grazing crops and provisions for range or hay reserves.

If extra feed is needed, buy it early and in season. Plan to graze half and leave half of the annual forage production for range maintenance, the specialist says.

Research shows when more than 50 percent of the forage was removed, growth of plant roots stopped for a period of several days to several weeks.

About A Country Church

A NEW EXPERIENCE FOR ME TO SEE THE WIFE BAPTIZE HER HUSBAND.

By J. H. NICHOLS

A country church at a Ranch Home, has made the history not only for the North Plains but for the coming generation.

The day was ideal and seemed to be set apart for this particular occasion. A day that will never be forgotten.

This new experience to me, was to see a woman preacher stand on one side of the candidate and the Evangelist stand on the other side.

Back to the Church with a full congregation from different towns and some from Oklahoma, the communion was observed with an invitation for all to participate in the memory of Christ's death.

Managing Small Grains For Winter Grazing

College Station, Nov.—Management plays a big role in the success of small grains and annual clovers for winter grazing.

Don't turn in the livestock until the new planting has at least six inches growth, says E. M. Trew, extension pasture specialist.

This allows the development of a hardy root system and plants aren't frost killed by grazing animals.

Rotation grazing offers the most efficient use of forage produced by fast growing small grains and legumes.

Winter grazing usually is very succulent and a little dry hay should be provided to help the diets of livestock.

First year plantings of bromegrass, fescue or perennial ryegrass should not be grazed except where under irrigation or on very fertile soil, says Trew.

This delayed grazing gives the plants a good chance to become established.

RHEUMATIC, ARTHRITIC VICTIMS PRAISE PAIN-RELIEVING POWER OF SAFE NEW "FILM-COATED" TABLET

Quickly Cools Deep-Seated Pains Without Stomach Distress

Why Ar-Pan-Ex Helps

Ar-Pan-Ex, a formula recently perfected by a noted Eastern Scientist, contains seven active ingredients, scientifically formulated to prevent nausea and distressing action in the stomach.

Let Ar-Pan-Ex Help You

Do what Mrs. Creemer did. Enjoy a new lease on life with safe, powerful Ar-Pan-Ex. Get immediate relief from deep-seated pain. Take this article to any good drug store and ask for GENUINE AR-PAN-EX.

A NEW "EYE" IN THE TEXAS SKY

This spectacular night photograph shows the new half-billion candlepower beacon atop the new Republic National Bank Building in Dallas, Texas. Towering 150 feet above the roof of the building, 598 feet above the sidewalk, the light is visible 120 miles from Dallas. In the left foreground is the building now occupied by the Bank. Several blocks nearer the camera, it seems almost as high as the new structure. When completed, the tower supporting the beacon will be covered with more than two miles of brilliant luminous tubing, in changing colors of red, white and blue. Dedication of the \$25,000,000, 40-story building is scheduled for December 1.

McClellan Chevrolet Co. Gruver Motor Co.
Spearman, Texas Gruver, Texas

OLL STORY Continued From Page One This well heared as a multi-Pay pool has production in the shallow White Delimitic in the Douglas and Marmaton sands. There are two offsets being drilled near the well, and if these wells come in good production, it will mean more activity for Hansford county and Hansford citizens.

THIS and THAT

Around Gruver

Last week, after it was all over, we learned that the Veterans held a Memorial service at the cemetery. We found quite a number of people who had heard of it, in fact most of us had not. Had we known we certainly would have been there. We are glad the service was held and hope that a great number were present. The next important day is Thanksgiving. It would really be wonderful if we made it a day of Thanksgiving for a change. We are glad there will be a Thanksgiving service in Gruver on Thanksgiving day. It will be held in the Baptist church, and the Methodist Pastor, Bro. Ottinger will deliver the sermon. We hope you will keep this in mind.

We have some new arrivals to report this week. Mr. and Mrs. Ted Evans are happy over the arrival of a son. The young man weighed 8 pounds, and is named Walter David Evans. Do you remember Walter Evans? Ted's grandfather. Mr. and Mrs. Art Evans are the baby's grandparents. Welcome and congratulations.

Mr. and Mrs. Tom Spivey are happy over the arrival of a new baby daughter. The young lady weighed 11 pounds and is named by way of Amarillo. She has a pretty name, Linda Gale. Mr. and Mrs. Ernest Spivey are increasing their grandchildren greatly. Congratulations to all concerned.

Mr. and Mrs. Pete Barnes are in Truth or Consequence, N. M. for a two weeks vacation. Mr. and Mrs. S. D. Dozier are also there having a good time.

Grady Martin is at his home in Borger, but not doing too well. If you are down that way, drop in and see him for a few minutes.

Mr. and Mrs. L. K. Garrett are back from a trip to Pittsburg, Texas. Mrs. Bunt, Jim Kat's mother returned with them for a visit here. While down that way, Kelly left Jim in Pittsburg and went on to Galveston to the Farm Bureau convention.

Early in December several people will leave here to attend the National Farm Bureau convention to be held in New York. They will also enjoy a sight-seeing trip on the way there. They will visit many places of interest, such as Williamsburg, Va., and will enjoy a boat ride on the Potomac on the way to Washington. Mr. and Mrs. Robert Alexander, Mr. and Mrs. Kelly Garrett, Mrs. A. L. Thorsen and Mrs. Homer Cluck will make the trip.

We are glad to welcome home another of our soldier boys, R. G. Greene, son of Mr. and Mrs. R. C. Greeme Sr. is back in the states after spending fifteen months in Pusan, Korea. R. C. was the mail clerk for his outfit. He arrived in this country Nov. 11th, went to El Paso and there was mustered out of the service. Welcome home.

We are sorry to tell you that Mr. Merle Widener suffered a slight stroke last week. Just now he is some better. He is an uncle of Mrs. Ted McClellan.

We are glad to report that Mrs. Dick Pugh (Frankie Brook) is improving a little. She is in an Oklahoma City hospital, and has been very ill.

Mr. and Mrs. Frank Gibson left last week for Elk City, Okla. to visit the daughter and son-in-law. Frank has not been well, and his daughter came here to get him.

Carolyn Miller spent the week end here with her father, Joe Miller.

We have a report that Kirby Clawson suffered a bad and painful accident last Saturday. He got his foot caught in some machinery and it was badly crushed. He was on the operating table for nearly two hours. He will be in the hospital for several days yet, and it will be quite a while before he is well again.

CELEBRATES TEN BIRTHDAY On Friday November 12, little Paula Jean Mackie, daughter of Mr. and Mrs. Albert Mackie, celebrated her 10th birthday. She is a very popular child, and her friends, her brother Donald, helped her host for the affair.

Helping their mother with refreshments was Mrs. Fred Wornle of Gruver, and Mrs. Jack Caro and Mrs. Kenneth Evans. Approximately 38 children enjoyed the birthday party.

Mr. and Mrs. Tom Bayless of Elk City visited Sunday with her mother Mrs. Grace Hughes.

Sgt. D. L. Packham, Air Force recruiter for the Pampa area announced today that an enlistment quota of 9 men had been assigned to his station by the Air Force Recruiting Detachment at Amarillo.

Sgt. Packham said that the quota was a minimum number expected from this station and that the quota could be exceeded. In addition to the quota announcement The Sgt. also said that the "Buddy Enlistment" program is still in effect. This program provides that two or more buddies from the same area may enlist together and be assured that they will stay together during basic training.

Persons wishing information on the Air Force enlistment program may contact Sgt. D. L. Packham at The Post Office in Pampa, Texas.

The Gruver Music Club

By Mrs. E. M. McClellan The Gruver Music Club met November 9, 1954, at the Methodist Church for the Opera Program and Guest Day.

The guest of honor were Mrs. Glenn Rose, Goodiet, President Seventh District Texas Federation of Music Clubs, and Mrs. Berry Magee, Quannah, Junior Counselor.

Guests present: Messdames Glenn Ross, Berry Magee, W. N. Fletcher, P. H. Westerfield, W. L. Harris, A. W. Evans, R. D. McClellan, Mother T. C. Atkinson, Lee Brown, J. C. Harris, R. E. Brooks, Gene Cluck, Cook, N. Fletcher, the Harmony Club, Kathryn Knutson, Louise Knutson, Sue Ellen Hawkins, Janet Eddleman, Marlene Gruver, Deanna Sapley, Judy Ottinger, Jones George, Van Buren, George Bratten, Kathy Truax.

Members: Messdames Harley Alexander, A. C. Bort, A. R. Bort, L. O. Brooks, Charles C. Beck, J. P. Carter, Homer Cluck, S. R. Cluck, Darrel Cooper, W. I. Eddleman, G. Etling, Wm. Etling, Paul Gushory, R. Hintergardt, Cecil Holt, K. Irwin, W. L. Mauldin, E. M. McClellan, Wm. Murrell, C. Ottinger, A. Peddy, E. T. Rafferty, A. L. Thorsen, Glenn Truax, and Claude Watkins.

I have several buyers for 160, 320, and 640 acres of land. For quick sale, list your farms with Joe Pundt, Real Estate, 112 East 1st Street, P. O. Box 1590, Borger, Texas. No. 50 41-c

TOUGH TIME. Denver, Colo.—J. Andrew Bennett, 4, started across a street and ran smack into the side of a car driven by Edward Novak, 73. Nothing daunted, he picked himself up, started again and ran straight into the side of a car driven by Lloyd McKinley, 43. Total injuries—one skinned nose.

BEEES KILL MAN. Costa Mesa, Cal.—James J. Fagan was stung nearly 100 times by a swarm of bees. His wife ran to neighbors for help. They responded with lighted torches and smoked off the bees. Fagan, however, was dead twenty minutes later.

SHAPED SIGNAL LIGHTS. Mount Dora, Fla.—Mayor L. L. Heaton has approved the idea of fitting masks over traffic lights to make green lights appear orange, caution lights diamond shaped and red lights circles. The mayor says that even the color blind can tell what the traffic lights are signaling. He ought to know—he's color blind himself.

RUN OVER BY TRAIN UNHURT. Oliver Springs, Tenn.—Patricia Duncan, 12-year-old high-school freshman, on her way from a school building to a lunchroom, slipped and fell on the railroad tracks. The engineer on a short train, was unable to stop and the train passed over her as she rolled between the rails. She suffered only minor abrasions.

Seattle, Washington is farther north than Nova Scotia.

Lynx Lose To Tornados 47-19

Spearman's Jynxing Lynx dropped behind 35 points in the first half at Lynx stadium Friday night, but came surging back in the last half to garner 19 points, and threaten another T. D. before the number 2 football team in the region headed them off, the final score being 47 to 19.

Larry Baggen scored four touch-downs for the visitors, and their all district player, Mac Kehoe was used as a decoy most of the night, but was very impressive on both offense and defense.

Thomas Rawls was the leading gainer for the Lynx Friday night, scoring the first touchdown on a 60 yard pass play from quarter back Nollner. Nollner droppedkick the extra point after this touch-down. The Lynx came surging back to add two more quick touch-downs, with Elbert Pook going 5 yds. for the second T. D. and David Stavik making the next one on an eleven yard run through the middle.

Emil Knutson and Kathryn had Sunday dinner with Mrs. Clara Stejle.

Mr. and Mrs. C. Scheaf and children, Christine, Tom, and Don, of Canadian, Texas, were present at a surprise birthday dinner for Miss Bonnie McFadin in the Joe Knutson home on Sunday after church service.

Brother and Mrs. Frank Reece of Gruver were visitors in the parsonage here on Sunday afternoon.

Mr. and Mrs. Ray Osborne and daughter, Gayla Raye and Mrs. H. C. Brown of Perryon were visitors in the E. J. Copeland home Friday of last week.

Mr. and Mrs. Marvin Andrews and son and Mr. and Mrs. Ralph Mathis had Sunday dinner in the Reuben Tebest home.

The Bill Johnson family had supper in the Gordon Stejle home on Sunday night.

Gordon Olson is home on a fourteen day furlough from service in the navy. Mr. and Mrs. Marvin Olson of Amarillo also visited in the Gus Olson home on Sunday.

Ruth Tebest and Ernest Hucc had Sunday dinner in the Oscar Dahl home.

Mr. Emil Knutson is being of some help while getting acquainted with her new granddaughter, Karen Charlene, daughter of Mr. and Mrs. E. David Knutson of Stillwater, Okla.

Vilous Dahl was home over the week-end from her beauty school in Amarillo.

Miss Johnson Weds Albuquerque Resident

Announcement of the approaching marriage of Miss Jo Ann Johnson to John Waldo Teeter was made by her parents, Mr. and Mrs. T. E. Johnson, at a coffee Tuesday afternoon at the Old American dining room.

The wedding will be held in the First Methodist church at four o'clock on the evening of November 25. Mrs. Paul Mershon will be her sister's matron of honor, of the groom, and Miss Roena Mason as bridesmaids. Mrs. Kenneth Ford will sing traditional wedding songs.

Miss Johnson is a graduate of Artesia High School and the University of New Mexico. She was graduated in 1934 from the university and is at present employed at the First National bank.

Her sorority at the university is the Pi Beta Phi. She also attended Texas State College for Women.

Mr. Teeter, son of Mr. and Mrs. W. W. Teeter of Albuquerque, is attending New Mexico University and will receive his degree in June. He was graduated from Casper Wyo. High school. His fraternity is Phi

Hitchland News

Mr. and Mrs. Lee Williams entertained with a card party Saturday night. Ice cream, cookies, coffee and chocolate were served to Mr. and Mrs. E. T. Kirk, and son Richard, Meon Mullins, Benjie O'Brien, Mr. and Mrs. Claud Sloan and Peggy, June and Wayne, Mrs. Viola Mitchell, Lewis Gorman, Donnie Doreen and Darlene Williams of Hughton Kansas.

Mr. and Mrs. Jim Melton and Sue and Lou were Guymon visitors Saturday night.

Dorene and Darlene Williams of Hughton, Kans. spent Saturday night with Peggy and June Sloan.

Mrs. Viola Mitchell and son Donnie Lewis Gorman of Hughton, Kans. spent Saturday night in the home of Mr. and Mrs. Lee Williams.

Mrs. Bill Leighton and Jboay, Mrs. Ray Etter and Connie were in Guymon shopping Monday.

The Ladies of Hitchland Community gave a banquet for the fathers and sons. Kens Starns of Decaha, Okla. did the speaking. Those who attended: John Gephart, Phil Bush, Charles Brillhart, John Milligan, Bill Barnes, Malcolm Kirkland, Mr. Matlock, Bobbee Hilds, Derrell Crawford, Virgil Myers and Donnie, Roy Smith and Dinnie and Tom, Bill Logsdon and Billy, Elmer Kirk and Richard, Ray Etter and Allen, Ed Pappy and Eddie, E. J. Johnson, Jimmy and Jerry, A. L. Thorsen and Dinnie, Ed Marshall and Nickey, Ed Marshall and Eddie, Tommie Tommie

Management plays a big role in the success of small grains and annual clovers for winter grazing. Plants should be at least six inches high before they are grazed. Rotating grazing is strongly recommended.
