Local Farmers To Head A. S. C. Board For 1954

County and Community Election Results: Perhaps you have already noticed by the newspapers the results of the recent ASC County and Community elections. In the event you haven't, here are the results as tabulated by the Community Election Board for Community:

Chairman F. A. Stapley Jr. Vice Chairman Elmo Dahl Regular Members Roy Thomas

Chairman John C. Venneman Vice Chairman Bill Logsdon Regular Members Andy Forman

Chairman Lloyd Buzzard Vice Chairman Rue Sanders Regular Members Kiff White

Chairman Tom Dozier Vice Chairman Bernie Sparks Regular Members Jack Hart County Committee: Chairman Hix Wilbanks Vice Chairman Erle Pittman Regular Members Robert Alexander, Sr.

1st Alternate George Buzzard 2nd Alternate Cheta Lieb Office Manager: Earl S. Chapman. New committees will assume office September 1, 1954 and, of course, re-elected committees will continue their present term.

If you served during the past year and are going off the committee August 31, 1954, we want to thank you for your good work and we know your neighboring farmers will appreciate it too. If you are returning, or newly elected, let us state that we are happy to welcome you to the committee and know that we can expect your full cooperation during the coming year.

your poison, Ethylene Dichloride, or Paradichlorobenzene crystals. Another reminder will follow at the time for treatment.

SEARS GILT SHOW The five boys who have the Hampshire gilts distributed by Sears Roebuck and Company will have their county show Saturday September 18. The boys will get their gilts together at the Charles Beck, Jr. place. The winner will compete in the Sears' Division in the Tri State Fair.

BINDWEED CONTROL It is not too late to treat Bindweed. Two good preparations to use is 5 pounds of Soda Ash Chlorate per Square rod or 16 pounds of Concentrated Borax per Square rod.

HIDDEN ENEMY Some Morning Glory plants are being discovered in Soy Bean fields. For your own protection, be careful not to let these prolific seed producers make a crop of seed.

The Khapra (car-ra) beetle a native of India, Ceylon and Malaya, has been found by USDA entomologists in California, Arizona and New Mexico. It's small and brown and looks much like some other grain-feeding bugs. Uncontrolled, it could become a serious pest of stored grain and grain products. If an unfamiliar bug shows up in your stored grain, report it to your county agent.

Fire is a constant threat during the cotton harvesting and ginning season. Farmers and ginners can help each other by the farmer keeping fire hazards out of the unginned cotton and the ginner by maintaining adequate fire control equipment in the gin, training employees to handle fire emergencies and keeping the gin plant reasonably clean.

BOREDOM CONTROL This is a reminder that the best time to control borers in affected trees is between October 20th and November 15th. Now would be a good time to get

BIN MORE ACRES EVERY DAY

...WITH A JOHN DEERE No. 55 - It's the Leader of the Self-Propelled!

Every day in the field with the John Deere No. 55 Self-Propelled is a big day—big in acreage harvested—big in bushels binned.

Up on the operator's platform, you're in complete command of the "eatest" combine in the field. All controls are at your finger-tips. You can instantly raise or lower the hydraulically controlled platform—instantly change the travel speed to match field and crop conditions "on the nose." What's more, after a big day in the field you're not tuckered out—and you don't look or feel as though you'd been through a dust storm.

Come in and let us tell you the complete story on this great combine.

ASK THE MAN WHO OWNS ONE

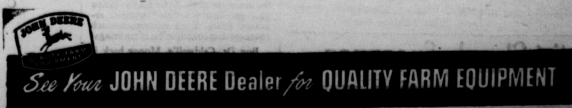

We think this is the greatest combine ever built. Of course you have heard your neighbors say that. But the absolute proof comes from the farmers who call on the custom cutters, and request that they use John Deere Combines.

The new combines feature a folding unloading auger, another new John Deere advancement. . . .

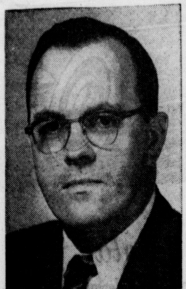

We urge every farmer to see us before maize harvest, and let us demonstrate the features of this fine machine. And, you farmers who have your maize custom harvested, we urge you to specify a John Deere Combine . . . as your preference. You'll never regret it!

Bluetongue
Bluetongue, a disease now in production in commercial laboratories of the Texas Agricultural Experiment Station, is making contributions to research on the disease.

Winter Pastures
The winter pastures in Texas, advises E. Extension pasture specialist in the seed is using as a time-saver. Use is in big demand but is short.

Miss Valine Henderson Exchanges Wedding Vows With R. N. Lunn, Jr. In Gruver, Texas

Twilight nuptial rites were performed recently to unite Miss Valine Henderson and Raymond Nathaniel Lunn, Jr.

The bride is the daughter of Mr. and Mrs. Alfred Henderson and the groom's parents are Mr. and Mrs. R. N. Lunn of Olney, Texas.

Scenes of the ceremony were in the Sanctuary of the First Methodist Church, where burning white tapers in twin branched candelabra provided soft illumination. For the recitation vows the couple stood before an altar banked with greenery and baskets of white gladioli. John H. Allen, Minister of the Park Hill Church of Christ in Denver, Colorado, performed the ceremony. A program of traditional nuptial music was presented by Joe Goodin, organist, and Bruce Ayres, cousin of the bride, vocalist.

Miss Marguerite Winder was maid of honor.

The bride's other attendants were Misses Janelle Winkler, Jackie Thorsen, Glenda Green, Betty Ann Cooper, Barbara Bort, and Mrs. Charles Broadhurst of Abilene. Rita Henderson, sister of the bride, served as Jr. Bridesmaid.

The bridal attendants wore identical orchid amythest nylon tulle dresses with satin midriff and jacket. The maid-of-honor wore an identical dress of princess purple. They carried bouquets of purple asters.

Brenda Williams, flower girl and cousin of the bride, wore an orchid tulle frock and carried a basket of rose petals.

Mike Vincent of Stratford, Texas, was ringbearer. He is a cousin of the groom.

R. N. Lunn of Olney attended his son as best man. Groomsmen were: Neil Commins, Don Lunn, brother of the groom, Walter Bryan, Melvin Schlegel of Olney, F. L. Ballard of Crowell, Bob Waddle of Cedar Hill, and Leroy Mirris of Bonham.

When given in marriage by her father the bride was wearing a gown of exquisite Chantilly lace gracefully draped over billowing nylon tulle, with Chapel train. The veil is a scalloped tulle made of lace trimmed in seed pearls. The material is silk illusion. Her only jewelry was a single strand of pearls, which was a gift of the bridegroom. Her bouquet was a white orchid surrounded by stephanotis.

A reception was held in the Fellowship Hall of the Church. The serving table was laid with a white linen cloth centered with an arrangement of orchid asters, flanked by orchid candles in crystal holders. In the house party were Misses Patsy Cluck, Peggy Bort, Faezie Cooper, and Misses Donnie Thorsen, Dee Allen, and Bobby Alexander.

When Mr. and Mrs. Lunn return from a trip to Colorado they will be at home at 3605 35th St., Lubbock, Texas, where they will continue their studies at Texas Tech.

Out of town guests included Mrs. Stella Henderson of Gainesville, grandmother of the bride, Mrs. C. J. Bird of Fort Worth, grandmother of the groom, Mr. and Mrs. W. N. Lunn, of Olney, grandparents of the groom, Mr. and Mrs. Bernard Lunn, Lubbock, Misses Clyde Benson, E. C. Hallman, Dudley Myers and Miss Virginia Moore of Olney, Miss Estey Raines, Wichita Falls, Mr. and Mrs. G. W. Odum of Denison, Mr. and Mrs. Vern Vincent, Mr. and Mrs. Curran O'Brien, and Mrs. W. G. O'Brien of Stratford, and Mr. and Mrs. David Long of Guymon.

Family Reunion Enjoyed In Lubbock

Mr. and Mrs. Henry Roper and Mr. and Mrs. Otho Gammill, Mr. and Mrs. Emory Dee Roper and their families went to Lubbock over the weekend for a Reunion of Mrs. Henry Roper's family.

Over 100 relatives gathered in the park for a very enjoyable time.

Happy Homes Club

The Happy Homes H. D. Club met in the home of Mrs. Kenneth Evans Sept. 2. Miss Gibbs gave a demonstration on "Kitchen Fatigue".

Members present were: Mesdames: Bernard Barnes, Kenneth Bailey, M. L. Gunter, Alton Ellis, worth, Albert Mackie, the hostess, and two guests Mrs. Ita Tindell and Mrs. Sheppard.

Plan Reception For Teachers At Gruver Sept. 13th.

Members of the Gruver P. T. A. announce the annual reception and social honoring teachers of the Gruver School system. The reception will be held in the old Gym, beginning at 8:00 p. m. Monday September 13.

Everyone is invited and patrons of the school, whether they are members or not are urged to attend and get acquainted with the school personnel.

'Sixth Sense' And Business

President Don R. Grimes, of the Independent Grocers' Alliance, says women shoppers sometimes have what he calls a "sixth sense" about coming business conditions. He attributes it to something like women's intuition, and says there is definitely something to it.

Grimes maintains that those studying economic conditions, and probably future trends, would do well to watch the habits of housewives in the nation's stores. The food purchases of housewives in particular, he says, reflect what is happening in the average American family, and that attitude of tightening up or enjoying good times.

One way this can be detected, according to Grimes, is by watching what types of food women buy. If they begin to switch to starchy foods, and less expensive cuts of meat, then hard times are being experienced, or expected. When the trend is in the other direction, times seem to be good or the outlook optimistic.

Speaking of the last depression as an "era of bread and potatoes," Grimes says at that time housewives bought very little of the choice cuts of meat and more expensive items. In recent years Americans have been eating better than ever before and this reflects the relative prosperity enjoyed by most Americans.

In answer to the 864 question, whether the buying habits of housewives are now indicating a trend for the future, Grimes replied that the housewife's habits today indicate a period of prosperity. The current outlook is optimistic, according to Grimes, who bases his opinion on the current attitude of food purchasers in the nation's independent grocery stores.

BARGAIN RATES AVAILABLE NOW.

We are glad to inform the public that the Amarillo Daily News and Sunday News-Globe is available at BARGAIN Rates. Perhaps the lowest rate that will ever be offered the public again, in view of the advancing production cost newspapers. Just phone or write Bill Miller at Spearman Reporter and we will book you up for a full year at the low rate of \$8.95. This subscription rate good for paper via mail only.

BILL MILLER
AT REPORTER Phone 5441

PHILANTHROPY.

Gifts and bequests of \$1,000 or more in ten large city areas of this country totaled \$374,860,716 for the first six months of this year. During the same period in 1953, the total was \$247,470,097.

RAILROADS.

The nation's railroads, which last year lost a record \$704,600,000 on passenger service, are seeking to recover economic strength by pleas for permission to abandon service on more unprofitable lines.

CANADIAN ORES.

The first iron ore from the fabulously rich Unsuva fields near Seven Islands, Canada, was recently shipped by freighter to the United States. The ore, of the Canadian woods, is expected to strengthen defense and economic planning.

GERMAN SOVEREIGNTY.

President Eisenhower received the unanimous support of the Senate to take direct action in the restoration of German sovereignty unless France ratifies the European Defense Community treaty. The Senate voted 88-0 for the resolution.

NATION'S BUSINESS.

Industrial activity in July was sustained by the heavy rate of building construction and consumer-buying at the retail level. Stock prices continued to reflect the step-up of the cold war and better corporation earnings made possible by lower Federal taxes. Department store sales reported by the Federal Reserve Bank showed an over-all increase of 1 per cent in the week ended on July 24, compared with a year ago.

You'll always be glad you bought a Chevrolet

(and now's a great time to buy one)

Isn't it great to hum along the highway in a car fresh out of the showroom? But how long is why it lasts longer and pleasure last? This is why it lasts longer if you buy a new Chevrolet... and why right now is such a smart time to buy one.

You'll stay proud of Chevrolet's lasting good looks. You won't find another low-priced car with the look of quality you see in Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always. For there's fine design in those clean and smoothly curved lines (nothing "boxy" about Chevrolet). Fine design like this, you know, always wears well—never really goes out of style.

You'll enjoy exclusive features for finer motoring. Chevrolet quality runs deep. There's more

pride for you in the only low-priced car with the finer materials and workmanship of Body by Fisher. There's more fun for you in the highest-compression power of any leading low-priced car. (Higher compression means more ginger in the going and more miles out of the gas.) There's more safety for you in the biggest brakes and the only full-length body-girdler frame in the low-price field. And there's softer Uniflex Chevrolet's more finely built Safety Plate Glass in all windows of sedans and coupes!

You save when you buy and when you trade. Even so, Chevrolet is priced below all other lines of cars. (That's possible because Chev-

rolet builds the most, and can build 'em better to sell for less. And at trade-in time, you'll be ahead again from Chevrolet's traditionally higher resale value.

You'll get a special deal right now. Right now, we're in a position to give you the deal of the year on a new Chevrolet. Come in and let us show you how much you'll gain by buying now!

Now's the time to buy! Get our big deal! Enjoy a new 1958 Chevrolet

YEAR AFTER YEAR, MORE PEOPLE BUY CHEVROLET THAN ANY OTHER CAR!

Don't Name It

The nights are cooler—but the day time heat is terrible for the month of September. Maybe it will RAIN soon.

My cotton picking brother told me some five years ago that he would have a nine year drouth—said he got the information from a government report. I gave him a merry ha, ha—at the time—but it sure looks like that cotton picker may have accidentally given me the correct information. I got a hunch though we will have a severe cold wet winter this year and Wheat PRODUCTION next year. What I mean is 25 bu. average over the county.

Want to express thanks to Clyde Hazelwood for coming into the shop for a visit. He had hardly entered the door until I told him I had a new part for my Linotype that he would have to put on for me. He did it in about 15 minutes, and saved me the expense of sending for an expert mechanic. Comes Christmas, I mean to see that Santa Claus makes a stop in Amarillo and leaves a pocket knife or a new hat for Clyde. Incidentally he had Cowboy (Bobby) with him. I used to whip Bob all over the front yard when I first mov-

ed to Spearman. At that time I was boarding with Clyde and family—and Cowboy was only a teenager. Now he is as big as Wesley Weston, and I bet I couldn't whip him with both his arms tied behind him.

Speaking of Wesley Weston. He is making as good a preacher as he was a football player—and with his talented wife, The former Miss Dale Daughter of Rev. and Mrs. C. R. Dale.

We predict the two will do great things for the church they represent. They plan to enter Bible School at Oklahoma City in the near future, and both of them will be out on the field in evangelistic services during their college days. Miss Dale was formerly employed at the First State Bank here, and has many friends among Hansford folk. Wesley is a nephew of Mr. and Mrs. Chip (good I can't think of Chip's real name) Martin. He lived here in Spearman and finished at Spearman High School. He and his wife have been in evangelistic meetings during the last few months, and are now visiting Mr. and Mrs. Chip Martin. Mrs. Weston is a talented musician, and she can make a piano talk Chinese and an accordion moan Hindustian, or in other words she's GOOD. Our best wishes go with this Spearman young couple, and we will be expecting a lot of them during their future life.

I am announcing here and now that I have no intentions of going Elk hunting or deer hunting this October. It's just too rugged for a man of my age and temper-

ments—but I shore do hope I catch up on all my work and help Billy get his wheat crop underway before the season opens. They say that only a FOOL never changes his mind, and I don't rate myself as a FOOL.

Slim Cates came in the week end to inform me that he had not abandoned the position of Assistant Curstone Coach, and warned me that he had plans that might usurp my position as Head Curstone Coach. I tried to pry out the secret, but Slim said just wait until we get started and I will show you some curstone coaching that will open your eyes. I sure hope he is able to help me and Mickey pace the Lynx to a victorious season—and if he REALLY does produce I aim to resign in his favor and step down to the Assistant Job. Poor John Bishop is getting so old and decrepid that he doesn't even report for curstone coach meetings any more. It's pitiful. Maybe he had better try to learn tennis or sumpin that aint so rough.

The Reporter is printing 300 Last will and testament for E. C. Greene, the Insurance and Loan Man. Not, you understand that E. C. needs that many—but because he is a generous fellow and plans to give these printed wills to his friends and customers. We will say this much for the contents of the legal document—it covers the ground more thoroughly than any will this writer has ever read. We paid \$25.00 to a lawyer to prepare our will, and if we had not been so hasty we could have used that \$25.00 bucks for a fishing trip—and maybe brought a rain—but so mote it be—and if you want to take care of the job of making your will—I advise you to see E. C. Greene—he will give you this printed will and all you have to do is to insert a few words here and there and get a witness. The will was originally prepared by Lawyers representing a large corporation. It is thorough.

United States exports continue to decline.

O'Brien betters 60 feet for world shutout mark. Cotton crop in 1933 totaled 16,465,000 bales.

Light THE WAY TO BETTER GRADES

THIS EASY THREE-STEP WAY

Homework is finished faster and more accurately when the study light is right. Give your children the advantage of good light for home study this easy three-step way. Then watch their grades improve!

- 1 Get a lamp measuring 15" from shade bottom to table top. Shade should be wide enough to spread light over work area and deep enough to conceal bulb from eyes.
- 2 Equip the lamp with a 150-watt inside frosted bulb (A) if the lamp has a diffusing bowl; with a 150-watt white indirect bulb (B) if it has not.
- 3 Place the lamp 12" from front of desk or table and 15" to left of work center. For a left-handed student place lamp at right.

See your lighting equipment dealer or our office for the bulbs and lamps you need. Better light means a better student.
