October 18-24
Sponsored by
The Laymen's National Committee

Missionaries From Brazil Return LaMaster Hospitality

LeRoy (Pete) Lamaster gets a demonstration on sea shipping from Bobby Lawrence, two year old son of Rev. and Mrs. Kyle Lawrence. The Lawrences and the LaMasters met in April, 1953 at Manaus, Brazil, 1,000

missionary friends and were told to look them up when they visited Manaus.
Two other members of the Lawrence family were also guests of the LaMasters. They are Bobby, a son, age two—and Dorcas Ann, a daughter, age seven months. Bobby had been taught to greet Pete with "Howdy, Congressman Pete," and with this greeting he immediately won a favorable spot with LeRoy "Pete" LaMaster, who is currently campaigning for a seat in Congress to represent this district.
Rev. and Mrs. Lawrence will return to Macapa, Amazon, Brazil, in November, when they will continue their religious work with the Brazilians of that area. Kyle's background for missionary service comes from 16 years as a Baptist pastor, including three years spent as a chaplain in the European theatre with an air transport command.
From the Army, Kyle attended Southwestern Baptist Theological Seminary at Fort Worth and was graduated with a B.D. degree. He met Dot in an Eastern hospital where he had gone to speak to the nurses. Dot flew to Rio de Janeiro, Brazil and they were married in August, 1951.
Kyle and Dot will be the Baptist Missionary Board and in Manaus their duties include several agricultural projects, work with an orphanage and lepers. Dot set up a medical center in her room and she was busy as many hours a day as her health would permit thru May. The Lawrences think that Manaus is in the center of one of the largest great frontiers in the world. Both believe that the country will continue to grow until it rivals the valley of California for both production and population.
Manaus has few days of more than 100 degree heat. The nights are cool even though the altitude is only 250 feet. Rainfall for six

Don't Name It

When you read these comments I will be resting up in the hills 28 miles from Hayden, Colorado, waiting Bruce Sheets hot cakes and Doc Bennett Slum Gullion—ready to step out a few hundred yards from camp and eliminate a Bull Elk.
That is—if I don't give out and just stay down at the ranch house and hunt via horse back for the few days it will take Bruce Sheets and Doc to rack up the limit.
I really had not planned to make this trip this year... but as you can see from reading the Don't Name It column for last week... I do duty bound to go along and cook for Old Doc Bennett of Canadian. Hard luck overtook him and it looked for a long time like he would have to make the trip by myself but I arranged for Bill Hutton and Bruce Sheets to go along. Eddie Payne heard about the deal and informed me that I was GOING. She allowed that she could not possibly endure the hardship of living in the same house with me. If Bruce and I get back we will always on the annual Elk hunt and I believe she is right...
There is just a rare possibility that you may see me next looking out from behind bars. I had to write a check for the expense of the trip. I signed the check but typed at the bottom—wrote a charge to Clay Ginner et al. If it rains 2 inches during the next 10 days... It is just possible that the boys at the bank will carry the check as an overdraft until I get back and try to make a loan... and again Old Clay might up and pay off the overdraft part of the check if it does rain 2 inches. Anyway, I will worry about the situation after I get back from hunting trip.
THIS IS THE LAST ELK HUNTING TRIP and I ain't to have my fun and bring back the bacon.
Bill
The Blue Monday Bridge club met with Mrs. Bill Gandy this week. The next regular meeting will be with Mrs. Pope Ginner.
Dwane Bruce, son of Mr. and Mrs. Otto Bruce, is visiting his grand parents, Mr. and Mrs. J. A. Bruce this week. He is on a 30 day furlough from his base in the Pacific. He spent most of his leave in Albuquerque, with his parents.
Mr. and Mrs. Bill Martin have been notified that their son, Billy, is back in the States after spending some 16 months in Japan with the U. S. Marines.

Around Gruver

Gruver has many outstanding citizens and we like to talk about them sometimes. Some short time ago Ted McClellan attended a meeting of Chevrolet dealers from Texas which was in Amarillo. Along with a few other men Ted was presented with a beautiful plaque in recognition of more than twenty years of outstanding service as a Chevrolet dealer. The award was made by one of the corporation. We had hoped to have a picture of this event, but will have to wait until we can give our appreciation of Ted. So we salute him as an outstanding business, citizen, and official. Congratulations Ted McClellan.

Judge Beck has been very ill and in the hospital again. His daughter Mrs. Bob Thom came from Albuquerque to see him. Mrs. Thom reports that Bob is doing well.

The illness of her mother, Mrs. O'Brien has kept Mrs. Robert Alexander for some time. We do hope that her mother will soon be improving, and that Mrs. Alexander can again give time to her many interests.

Mr. and Mrs. C. H. Winder spent the past week end in Lubbock with their daughter Margaret who is in school there.

Mrs. Jack Sweet (Rosemary Holt) and her two children have been visiting her mother, Mrs. Sweet. Later this week they will leave for Dallas to visit Dr. and Mrs. Zeno Holt, and will be joined there by Jack Sweet. After their visit there Mr. and Mrs. Sweet will go to the new home in the East. Jack is with the Dumont Co.

Mrs. Billy Lee McClellan made another trip to the hospital last week. She was suffering from pneumonia, and for a time it looked as though she might have to undergo surgery for appendicitis. But we understand she is doing O. K. now.

Grady Martin who has worked for many years on Hansford County roads is seriously ill at the Scott and White Clinic. Last week he underwent major surgery. He came through the operation fairly well, but he still is a very ill man. His wife Estelle is with him.

Mr. and Mrs. Fleck of Blackwell, Oklahoma, are visiting Mr. and Mrs. Frank Fleck. The two men are brothers. We are glad to hear Frank getting around pretty good, and we hope that he will soon regain his health completely.

Probably the reason God made woman last was that He didn't want any advice while creating man.— U. S. Coast Guard Magazine.

What About Tax?
The director of the United States Mint should consider the circulation of a new coin worth 98 cents, and folding money in \$129.95 and \$229.95 denominations.—Decatur, Ill. Herald.

Well, Well
The difference between "just so" and "just so-so" seems to be almost a unique case where doubling of the word tends to make it weaker. It is the general order, especially in pidgin English, that repetition is resorted to for emphasis.—Chicago Daily Tribune.

FOR SALE Wintex Winter Barley Seed. See H. I. Crooks, or Vernon Crooks. No. 45 Bp.

Downs 52-0

Greahounds suffered defeat of the McLean team 52-0 score, in conference game at Greahounds. Greahounds scored, it with the Greahounds, just an outburst.

Grade School News

Three new pupils enrolled in the first and second grades on Monday, increasing the enrollment to 405 in Grade School. Both sections of the first and second grades have 32 children. This is the first time in the history of the school that each grade has two sections. Forty pupils are in the 8th grade.

NEW AG ACT

The Agricultural act of 1954 was passed by congress and signed by President Eisenhower. This act embodies many of the policy recommendations made by the Farm Bureau members thru the American Farm Bureau Federation. The variable price support of 82 to 90 percent will continue through 1955. It seems as though the new farm act, it goes on record as rejecting the political philosophy of Governmental planning.

Grade Brownies will be this Thursday at 2:30 P. M. with troop 607 meeting at the school, and troop 608 meeting at the home of Mrs. Tom Suttin.

On Saturday October 16 the troops will go to Guymon, Okla. to an area girl scout rally.

LET'S GET TOGETHER ON THIS You are about to Hire a Congressman

YOU WANT: 100% support for the administration you elected two years ago. Intelligent treatment of your problems by a man whose background qualifies him to understand them. Active and alert representation by a member of the Eisenhower team, whose voice will be HEARD in Washington.

I, "PETE" LaMASTER, am applying for the Job!!

BEFORE YOU SUPPORT ANY CANDIDATE YOU'LL WANT TO KNOW HIS BACKGROUND, HIS RECORD, HIS CONVICTIONS.

LEROY "PETE" LAMASTER

DESCRIPTION: Age 36; resident of Perryton, Texas; native Texas; attend Baptist Church; married to Carolyn Conley of Perryton;

EDUCATION: Perryton High School; John Tarleton Agricultural College; Texas Tech.; Bachelor of Science Degree in Agriculture from Texas College of Arts and Industries in Kingsville;

EXPERIENCE: Asst. Supervisor with Farm Security Administration; during more than three years in Navy spent twenty months aboard ship in Pacific; Since 1946 a farmer near Perryton; eighteen months in South America studying the people and governments there.

POLITICAL CONVICTIONS: Born a Democrat, like most natives of the Texas Panhandle. Now I have come to the conclusion that my political views are not entirely in keeping with those of the Democratic Party, as it has been controlled by the radical left wing element and big city machines. My convictions more closely conform to those of the EISENHOWER ADMINISTRATION. I believe I can render a greater service to you folks in this District as a Republican representative.

FOR THE SUPPORT PRESIDENT EISENHOWER NEEDS - AND THE 100% REPRESENTATION THAT YOU WANT

ELECT PETE LaMASTER TO CONGRESS

KFDA-TV CHANNEL - 10 Listen to the "HELP IKE" program Every Thursday at 10:20 p. m. This Thursday, October 14 Mr. Virgil Dotson of Hansford will discuss THE FARM PROGRAM

LIGHT'S DIAMOND JUBILEE

Man's first source of artificial light was the cave man's firebrand or pine torch.

The oil lamp, using fish oil or animal fat with a moss wick, was known to the Phoenicians as early as 4,000 B. C.

Tallow candles came into use during the Middle Ages and served as a source of light for centuries.

Coal oil lamps followed the discovery of oil in Titus County, Pennsylvania, in 1859.

Celebrating the 75th Anniversary of Thomas A. Edison's Invention of the Incandescent Lamp

Down through the ages, Man has ever turned to Light—for vision, for protection, for communication.

But not until Thomas A. Edison perfected the incandescent lamp in October, 1879, did Man have a truly efficient and economical source of light.

Edison's historic invention ushered in the Golden Age of Light and Electrical Living. For Edison did more than invent the incandescent lamp. He built the first central station electric system and contributed many other electrical inventions that made possible the great power systems that serve Mankind today.

So, on Light's Diamond Jubilee, we are proud to join the nation in a salute to Thomas A. Edison. His genius has powered America's progress and brought better living to us all.

Mr. and Mrs. George Small of Tahoka and their daughter, Alice Lubbock, visited his sister, Mrs. J. D. Hester the first of the week.

Mr. and Mrs. E. D. Clement left Friday for their ranch in South Dakota and to visit Shurty and family.

Mrs. W. A. Schubert left the past week end for Dallas where she will visit the State Fair.

The Seniors served dinner to 160 Friday in the HD Club room. This is an annual project to help raise funds for their senior trip. They will visit Washington, D. C. and scenic points in the east.

Mr. and Mrs. John Bertrand and children had supper with her aunt, Mr. and Mrs. D. B. Kirk Tuesday night. They were moving from College Station to Nevada where he will teach in the University.

Mr. and Mrs. Pat Neilson met their son Milton in Dallas this week and flew to California for a visit. Later they will return to the Rio Grande valley for the winter.

Mr. and Mrs. W. B. McCreary and children of Ulysses, Kansas spent Sunday here with relatives.

Mr. and Mrs. Paul Roach of Texline attended the Fair Friday. Mrs. Roach was one of the chint painting judges.

The First

Phillips 66 brings you the first All-Weather Motor Oil which has proved it meets the most exacting requirements ever established for automobile lubrication. Mil-0-2104, Supplement 1 level.

The toughest standard ever set up for automobile lubrication is the Mil-0-2104 Supplement 1 test. New Trop-Artic is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer... an oil so good it can double the life of an automobile engine! Compared to ordinary motor oils, new Trop-Artic reduces ring wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and bearings cleaner... longer-lasting. It saves you money by increasing gasoline mileage. This has been demonstrated in tests representing over 150,000 miles of driving. TROP-ARTIC is truly an all-weather oil. It flows instantly for easy starting at low temperatures, and yet it remains necessary to prevent engine temperature driving conditions heavy duty. It's double duty. Any car, in any climate, new year will perform better on Trop-Artic. It is a worthy product to Phillips 66 Full-Flow performance gasoline. Phillips. It pays to stop at a Phillips 66 Station. PHILLIPS PETROLEUM CO. THE NEW All-Weather OIL DOUBLE THE LIFE OF YOUR MOTOR OIL
