Locations Way In Ford Area

Locations in the Ford area... The R.R. Commission has designated the area as an oil field.

John Neilson Died April 13th

John Neilson, son of Mrs. W. H. Neilson of Spearman, and for 17 years county agent of Hutchinson county, died April 13th.

Revival Starts In Gruver Church

Rev. C. M. Fields, pastor of the First Baptist Church in Friona, Texas, will conduct a revival at the Gruver Baptist Church.

Robbers Enter Corner Drug

Robbers broke into the Corner Drug Store recently to get a haul of \$465.00 in cash, some 20 cartons of cigarettes and a few other items of merchandise.

C. M. Fields - Friona

Bill Burton - Pastor

Union Church Revival Service

Rev. Calvin Springer, pastor of the Union Church of this city, is conducting special services throughout this week.

Sentenced To Two Years

Pauline Brown, 24 of Dallas, was tried in District Judge Jack Allen's Court Monday and given two years on two theft charges.

Dr. Hackley Attends Salk Vaccine Meet In Oklahoma City

Dr. D. E. Hackley attended the closed circuit television program for Physicians only, on the use, the effects and results of the Salk vaccine.

Plan To Vaccinate Children

Now that we know that the Salk Polio Vaccine is successful, and that it will shortly be available, plans are going ahead in this county for the vaccination of the first and second grade school children.

Revival April 17 In Morse Church

The First Methodist Church, Morse, Texas, has completed plans for revival services beginning April 17, and closing April 24.

Hester Family Reunion Sunday

Mr. and Mrs. Sonny Windom entertained the Ervin Hester family reunion Sunday.

Sanity Hearing For Carl Ed Wilbanks nearing Close Today

After almost a day of questioning a panel of 80 prospective jurors, a jury was selected late Saturday afternoon for the sanity trial of Carl Ed Wilbanks.

THDA District Meeting Success

The THDA District Meeting held here Tuesday April 12 was successful from every point of view, as attested by the response of the 356 registered members.

Merchants To Feature Farm Mystery Homes

Beginning, perhaps next week, the Reporter will feature a sponsored page in this newspaper. We have secured the services of a National Organization who have made aerial pictures of 82 farms in Hansford county.

THE ROAD OCTANE? Gulf Oil's new fuel test cars are designed to answer just that about its premium gasoline. In its newspaper advertising Gulf has pledged that no other will offer a better gasoline than No-Nox. The automotive engineers in charge of the project expect to drive 40,000 miles over Texas roads this year checking the quality of Gulf's instruments on the special panel give a complete picture of the motor's operating under all load and fuel conditions.

**Don't Name It**

194 Pounds  
 If you take off five pounds for clothes, I can go fishing when I discard 4 more pounds of surplus.

Believe that I really have the solution for losing weight. Just work about 14 hours a day. Last week our Linotype operator became very ill and I had to do all the machine work on the 12 page newspaper. It kept me busy most hours of day and night. Lost 3 pounds in 3 days.

Say... it's sumpin to have our little oil and gas field designated as a regular field with rules and regulations governing the field. Won't be long until we have pipe lines coming in to the field, and not too distant a date until there will be refineries on them their hills north of Spearman and Gruver.

Want to take time out to brag on Curtis Lee, the director of music for the First Baptist church. Course he has good material, but it is remarkable the kind of quality music he gets out of a small town choir. The Christmas program at the church was the finest this writer has ever heard at any church, including music from the choir of the First Baptist Church of Dallas. The Easter program was just as outstanding... We Baptist are very fortunate.

Looked like all the county was congregating around the court house this Monday morning. The 80 member petit jury, plus a lot of folk that wanted to be on hand for the coming trials made parking in the second best block in Spearman, very difficult.

I would not believe it... but there is a lot of dry land wheat that is alive and growing. Thought the chances for any dry land wheat production was with the wind... but if it could just rain and rain, we could have wheat production in this

county. Part is it must do a lot raining if we make a maize crop this year. Old timers will not that normal moisture will not be enough to get any growth on maize this year. Been dry so long the sub-moisture has all gone to China. WE COULD, you know have above normal Spring rain. I can remember when we harvested nine inches of moisture in April and more and more in May and June, could be we would forget the drought of the past 5 years.

Here's offering apology to Paul Smith for not attending his Gospel Meeting during the past week. I am sorry to hear of your preaching. I would go out to Paul's church. He is one swell guy, and he has been very cordial in extending me an invitation to church. He is asking for a rain check, and when I get caught up on my work to where I can not leave for the ball 14 hours a day, I'm aiming to come out and expose myself to some of that good Gospel preaching. Anyway, just associating with you as a hiker.

Just wondering how I can take off this week end for the Panhandle Press Association, and then be ready to leave on a 5 minute notice for a fishing trip with Bill and Bruce. If I know my signs, then two fishermen will be anxious to wet a line before many more days?

**Readers**

Mrs. S. B. Koebel of Enid visited the past week with her daughters Mrs. George Buzzard and Mrs. Jimmie Hester. Mr. and Mrs. Hester took her home Sunday.

Mrs. Maude Yates of Texhoma visited with old friends over the Easter holidays.

Mr. and Mrs. J. R. Allison and Kirk visited her parents Mr. and Mrs. Delin Kirk Sunday. They live in Dumas.

**HIS and THAT**

**Around Gruver**

The Guy Coopers have had their two little grand daughters with them for the last week. Then on Saturday their parents Mr. and Mrs. Durwood Bell came to spend Easter with them. They took the little girls home to Wildorado with them.

Peggy and Barva Bort both were home for Easter and brought a friend with them. Miss Jo Ann Miller from Longview Texas.

Mr. and Mrs. Raymond Lunn and their son Don from Olney Texas visited Mr. and Mrs. Robert Alexander over the Easter holidays.

Mr. and Mrs. A. L. McElhaney left here for Rowell N. M. in time to spend Easter with Mrs. McElhaney's sister and her family.

Mr. and Mrs. Mickey Pool of Dumas were visitors in the home of Mr. and Mrs. A. R. Bort. Mr. Pool's son Mike who is a senior at S.M.I. drove home with Barbara and Peggy. He is studying to be an educational missionary and will be assigned to foreign service. Mickey Pool coached here in Gruver in the early 30's.

Mrs. Coy Holt and Elizabeth left last Thursday to spend Easter with Coy Miles at Fort Knox.

where he is stationed. Mrs. Cecil Holt traveled that far with them, and then went on to New Jersey to visit with Rosemary and her family.

The Ed Rafferty Jr's went to Beckenridge, Texas to attend a family reunion. All of Marjories family were there to meet them.

Mr. and Mrs. Sonny McCutcheon and their children, Rosemary and Curtis were here visiting with their parents Mr. and Mrs. Curt Lowe. Grandpa and Grand ma had a wonderful time.

Miss Ginger Cator spent Easter at home with her parents. She brought as her guest Miss Judy Camp from Austin.

Mr. and Mrs. Frank Gibson are back in Oklahoma City. Frank has not been doing too well lately.

Lieut. Paul Lynch Westerfield and wife and baby son spent Easter here with Mr. and Mrs. P. H. Westerfield. They will now be stationed in Arizona. Pat Westerfield also came home for Easter. He is a student in Texas Tech.

Mrs. Mary Howell is in Enid, Okla. for treatment. She has not been at all well lately. Her daughter Mary Lou is in Dallas taking training for an Air hostess. She graduated from Gruver High two years ago.

Mr. Hugh Frazier who has been in Minerals Wells for several weeks taking treatment, came home for Easter. He must now return, as he is not at all well.

Mr. and Mrs. L. A. Williams and Mr. and Mrs. E. A. Williams and their families are in Winter, Texas for Easter. The boys were called earlier in the week due to the illness of their father who suffered a severe stroke.

The Tom Doziers, and the Jack Hensons have just returned from a two weeks vacation in California. They visited Mrs. Dozier's parents.

Mr. and Mrs. Bill Etling and children spent Easter in Carnegie

Okla. They visited Mrs. Ellings mother, Mrs. De Berry.

Mr. and Mrs. Tommy Jo Bergin and children spent the Easter week-end in Shamrock visiting Mrs. Bergin's parents.

Mr. and Mrs. Frank Cook from Montana are house guests of their daughter and son-in-law Mr. and Mrs. Pete Maspin.

Most of our young people were home from college for Easter. Marguerite Winder, Jimmy Cox and Al Mitts home from Texas Tech. Paty Cluck, Bob and Judy Fletcher home from Baylor. J. D. Sander, Don Peedy and Bob Fryatt from Goodwill. Doyle Barkley and Val Winger home from NTSC at Denton. Charles Sanders, Betty Cooper from West Texas in Canyon.

Mrs. D. B. Ford is in St. Anthony's Hospital in Amarillo. She underwent surgery, but is doing very well.

Several of our ladies were called up for jury duty this last week. This was a first for all of them. As it happened not anyone of them was selected for the first case, but they have another chance Thursday morning. They were all pretty nervous but they acquitted themselves well on the stand.

Mrs. Vance Close and Lanette of Coleman are visiting her daughter, Mr. and Mrs. L. M. Patterson Jr.

Mrs. Irvin Lamb and children visited her parents at Perryton Sunday and attended Easter services.

Mr. and Mrs. Guy Shields and children of Santa Fe Kansas were Easter guests of her mother Mrs. Ben Mazze.

Bill Kirk of Amarillo visited his parents Sunday.

**Protect Seeds**

FROM **WIREWORM** and **CORN SEED MAGGOT**

with a simple **dieldrin treatment**

Dieldrin protects small grain seed (wheat, oats, corn, etc.) during the vital germination period. You can depend on dieldrin for a healthy, uniform stand.

**IT'S EASY.** You can use dieldrin in either slurry or dry seed treaters... a one-shot application with or without a fungicide.

**IT'S SAFE.** Dieldrin does not affect seed germination, even when applied many weeks before planting.

**IT'S SURE.** Dieldrin's power remains effective for long periods. Treat seed any time... you can rely upon control when you plant.

**IT'S ECONOMICAL.** Just a few cents' worth of dieldrin will treat enough corn seed to plant an acre! It's economical for other grains too.

Ask for dieldrin-treated seed or treat your own seed.

USE **dieldrin**

Mr. and Mrs. A. N. Weant had as their Easter holiday guests their son Joe Goss and his friend Art DuBarry. These boys both DuBarry is an exchange student at Kansas University. Art from the Hawaiian Islands. Also visiting the Weants were Mr. and Mrs. W. A. Davidson from Wichita, Kansas.

**McBride H. D. Club**  
The McBride Home Demonstration club met April 6 with Mrs. T. W. Bayless with Miss June Gibbs giving a very interesting demonstration on the alteration of dresses.

Plans for the THDA meeting were discussed.  
Refreshments were served to Mesdames: L. J. Cator, I. L. Harris, B. W. Renner, Anson Ward, G. J. Brandvik, Miss Gibbs and the hosts.

**Reporter Oil Editor Makes First Report**

W. L. Russell, who has been appointed Oil Editor of the Spearman Reporter, but who has not officially accepted this honor, reports the following interesting bits of oil and gas news.

Testing at the Slim Gates well is underway at this time and there is every assurance that this will be completed as a good commercial gas and distillate producer.

A drill stem test at the Price Miller well indicated a good pay depth not known, but drilling to bottom hole is still underway.

The rig from the Sutton test, which was dry and abandoned, has been moved to the Stump well to be drilled on Section 13 in Ochiltree county.

**Moisture For Week Measures Close To Inch**

Following the 1.07 inches of moisture reported for April 1st, we can report 75 inches of moisture for this week up to Wednesday morning. The moisture was ideal with drizzle, sleet and rain. The reports were for three days with .30, .20, and Tuesday night .25 of an inch.

The rainfall has given new life to wheat that was virtually abandoned prior to the April 1st moisture. Dry land fields are greening up all over the county. However, old timers indicate that we will have to have

more than average moisture the remainder of the growing season if dry land production has a chance to be harvested.  
In the irrigated fields wheat seems to have developed some sort of a root disease, and there is considerable speculation about the prospective yield from watered fields.

Date	Max.	Min.	Rain
5	62	32	0
6	61	36	0
7	58	29	0
8	64	35	0
9	70	42	0.20

11	69	39	0
Total Moisture April 12th			0.30
			0.25

**Cancer Crusade In Hansford County Began**

During the month of April, your friends will knock on your door. Don't fail to let them in. They have something important to give you! The volunteers who are conducting the 1955 American Cancer Society Crusade throughout this county, have a two-fold assignment.

In addition to soliciting funds, these campaign workers are carrying out—a house-to-house basis—the Society's year round program of cancer education. This program is concentrated on teaching all Adult Americans that cancer usually is curable only when limited to the site of origin and that the disease may often be diagnosed in an early stage by one of seven danger signals.

Dr.erry White, of this city, who is the President, pointed out that this concentration of imparting cancer information to the public during April, has been reflected in cancer cures. Doctors, he said, have reported that more people have come for physical checkups during April than during any other one month in the year. The result has been more cancers detected in time for successful treatment.

The funds will be devoted to the Cancer Society's three fold program of research, professional and public education and service to patients. Research is the long range quest for knowledge that will lead to successful cancer cures or preventives that will conquer the disease. Education aims at teaching Americans to take advantage of present cancer treatments before spread of the disease has made cure impossible.

Hansford County has a quota of \$4000. to raise. Open your door to the public during April, has been reflected in cancer cures. Research is the long range quest for knowledge that will lead to successful cancer cures or preventives that will conquer the disease. Education aims at teaching Americans to take advantage of present cancer treatments before spread of the disease has made cure impossible.

**Sanity Trial For Carl Ed Wilbanks Began Monday**

Some eighty potential jurors gathered in the court house Monday morning of this week, to be picked for a jury to try Carl Ed Wilbanks.  
The trial will be a sanity trial, and not a murder trial. The defendant must be judged sane or insane before he can be tried for the alleged murder, which occurred in Hansford county, Spearman, Texas, on the night of February 28, 1955.

The first juror interviewed was L. K. Garrett, of Gruver. Judge Jack Allen was presiding judge, District Attorney Bob Galloway, County Attorney Jimmie Linn were present, along with a representative from Scott and Saunders of Amarillo who will defend Carl Ed.

At 11:03 A. M. Monday morning, L. K. Garrett was accepted as a juror. Some of the questions asked the prospective jurors, are: Where do you live? How long have you lived there? Is your opinion of this case already formed? Did you know the family in a very personal way? Have you heard any evidence other than just hearsay? Do you have anything against the laying house of advice to more economic units — to at least 1,000 layers?

Stay in business in both good and bad years, he advises. Only increasing flock numbers to more economic units — to at least 1,000 layers.  
Efficiency increases with flock size," says Ben Wormell, extension poultry husbandman. "There is a definite need in Texas for increasing flock numbers to more economic units — to at least 1,000 layers."

When eggs make favorable returns one year, there is a tendency for backyard producers to jump into business the next. Although there is only a slight upsurge in production, it is enough to put prices on the skids, Wormell explains.

Mrs. Rave Gibson and children visited with her parents in Vernon through Easter holidays.  
Christofori made the first piano in 1709.

Every day 620 Americans die of cancer, statistics show.

Since 1945 American Cancer society has devoted about twenty five million dollars to research.

This year there will be an estimated 550,000 cases of cancer, statistics show.

**Something To Think About**

Published weekly by the Spearman (Continued)

blem there is a solution every temptation there of escape.  
Not always is the measure in harmony with human reasoning, but still remains, that is, a constant consideration. I want a solution to it if I want a way out of our many temptations, but one dependable word of God. If we will resign our will to Him, He will give us a way out of our many temptations. If we will resign our will to Him, He will give us a way out of our many temptations. If we will resign our will to Him, He will give us a way out of our many temptations.

Each of us have our individual problems, weaknesses, and needs. In each case they may be entirely different from everyone else, and yet they are in many ways very common to all men. Some of our problems are more difficult to handle than others. Some of them try us to the very breaking point. Others can be worked out with comparative ease and in a very short time. Others present seemingly impenetrable barriers, and pose what appears to be impossible situations. But whatever the case may be, we have a promise from heaven that with every prayer...

**No gasoline—no, not a single one—has higher octane than New 1955 GULF NO-NOX**

**but octane alone is not enough...**

That's why new Super-Refined NO-NOX is specially made to clean—to protect your engine—to give you thousands of extra miles of engine power.

Fill up with new Super-Refined NO-NOX and feel the difference in driving power. You'll get:

- More complete engine protection than with so-called "miracle-oil" gasolines.
- Extra gas mileage in the stop-and-go driving motorists do.
- Stall-proof smoothness... instant... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even today's high-compression engines.

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

This lamp test shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX. Just see how clean new NO-NOX burns.

**COOK ELECTRICALLY ...it's CLEAN!**

Cleanest cooking method known! That's electric cooking with a modern electric range. Electric heat is as clean as electric light. Utensils stay bright as new without scouring. Kitchen walls, curtains and woodwork stay color-fresh with less washing and care. Make your next range an ELECTRIC and enjoy cooking that's really CLEAN!

See the new Electric Ranges now on display at your appliance dealer's or at our office. Cook CLEAN... electrically!

### Bankers and Sheriff Attend FBI School

Sheriff J. B. Cooke, accompanied by Woodrow Gibner, cashier of the First State Bank of Spearman and Kenneth Irwin, cashier of the Gruver State Bank, attended the FBI school held at Amarillo last Thursday, April 7th. The school was for the purpose of bringing late information on bank robberies. The instructions carried many suggestions for peace officers and bank officials in case of robberies. Sheriff Cooke reported one of the largest turn out of peace officers he had witnessed in the Panhandle area for many years.

# NOW BOTH Mobilgas and Mobilgas Special have Higher Octane and Mobil Power Compound!

With the addition of Mobil Power Compound to higher octane in both grades of gasoline, every car owner can get more economy . . . more power . . . and more driving pleasure. Now both Mobilgas and Mobilgas Special are powered two ways to give you more for your money:

1. Both are the result of the most modern, high octane refining methods. Both are advanced in octane to give smooth, quiet knock-free performance.
2. Both have Mobil Power Compound added — the most powerful combination of chemical additives ever put into any gasoline to correct car engine troubles.

**QUESTION:** What's the difference between the two grades — Mobilgas and Mobilgas Special?

**ANSWER:** Now, with the addition of Mobil Power Compound to Mobilgas, plus refining improvements — the only important difference is octane rating.

The octane rating of a gasoline is its ability to perform without "knocks or ping" in an engine. High octane or "anti-knock" value is one of the essential requirements for new cars with their high compression engines. This rule also applies to other cars, under certain driving and mechanical conditions. Most cars can perform satisfactorily on gasoline with a

lower octane rating. Increasing the octane value of a gasoline is an expensive process. That's why gasolines made for top "anti-knock" performance, like Mobilgas Special, cost a little more.

Mobilgas meets the octane requirements of a majority of cars on the road today, under average driving conditions.

Mobilgas Special exceeds the octane requirements of all cars, including those with engines of the most advanced design and under any kind of driving condition.

Selecting the correct grade of gasoline for your car can mean much to you in improved performance and greater economy. If your car can use Mobilgas, save the difference! Should your car require the highest octane fuel, try Mobilgas Special and enjoy a new power thrill . . . smooth knock-free performance and full economy of operation.

Expert drivers competing in the 1955 Mobilgas Economy Run demonstrated this by using either Mobilgas or Mobilgas Special, selected to meet the octane requirements of each car. Result: remarkable performance and mileage!

## WHICH GASOLINE SHOULD YOU USE IN YOUR CAR?

Ask a Mobilgas Dealer. He will show you the Magnolia engineers' recommendations for your car, based on engine specifications, mechanical and operating conditions.

## NEW CHEVROLET Task-Force TRUCKS

with a whole truckload of new advantages for you!

Here's what happens when America's No. 1 truck builder pulls out all the stops! Here are some of the new advances ready to work for you right now.

New Chevrolet Task-Force Trucks do more jobs faster, better and with new economy. If you've got a job for a truck, we've got the modern truck for your job! Look over the new features and advances highlighted here—no other line of trucks offers so much that's new. Then come in and look over these Task-Force Trucks in person.

- 1 New styling in trucks. It's Work-Styling—an exclusive development in truck design with two distinctively different styling treatments to match the job.
- 2 New 18,000 lb. G.P.W. capacity. New Task-Force Trucks are built to handle loads of all sizes. Capacities now go all the way up to 18,000 pounds G.V.W.

- 3 Six new "high-voltage" engines. All new engines feature a 12-volt electrical system for faster, surer starts; increased generator capacity—plus many exclusive advances.
- 4 The cab is as new as the view. New Sweep-Sight windshield—plus more glass all around. New High-Level ventilation. New softer seats—new cab construction.
- 5 A smoother, load-steady ride. New suspensions front and rear provide a smoother ride. New concealed Safety Steps guard against mud, snow, or ice.
- 6 New standard-width frames. All models now have new standard-width frames, with larger full-length parallel side members. They're more rigid and durable.
- 7 New Overdrive or Hydra-Matic. New Overdrive is now available as an extra-cost option on 1/2-ton models and truck Hydra-Matic on 1/2-, 3/4-, and 1-ton jobs.
- 8 New Power Brakes and Tubeless Tires. Power Brakes are standard on 2-ton models, optional at extra cost on all others. Tubeless tires standard on 1/2-ton models!
- 9 New handling ease with Power Steering. Chevrolet Power Steering now available on all Chevrolet Task-Force Trucks, optional at extra cost.
- 10 New colors! New two-tone combinations. Take your choice of a longer-than-ever list of attractive new colors and handsome two-tone combinations.

**Performance That Counts!**  
 In his car CAPTAIN ROGER DON RAE uses FLITE-FUEL containing the Super Aviation fuel component Di-isopropyl!

"I fly one of the new Super-G Constellations for Trans World Airlines. Of course, I am familiar with Phillips 66 Aviation Gasoline because TWA uses it regularly. It's the Avgas with added Di-isopropyl.

"Now Phillips is putting Di-isopropyl in its automobile gasoline, too. New Phillips 66 FLITE-FUEL is the only automobile gasoline with added Di-isopropyl. I use FLITE-FUEL regularly in my own car, and I always get wonderful performance."

*Roger Don Rae*

**BORGER WILL HOST PARENT TEACHERS CONGRESS SOON**

Borger will be host to the thirty-second annual conference of Parents and Teachers Congress on Tuesday, April 19. The Borger C. of C. will compliment members of the district board with a pre-convention dinner at the Borger American Legion Hall on Monday evening at 8 o'clock. More than 400 delegates and visitors are expected to register for the three general conference sessions on Tuesday at Borger high school.

Mrs. Crews Henry of Canyon, vice-president of the Texas Congress of Parent Teachers, and Dr. Cecil Yarbrough, superintendent of Snyder schools and state citizenship chairman, will be featured speakers at the conference. Mrs. Henry will review the state and national programs at 10:30, and Dr. Yarbrough will speak at 12 o'clock. Mrs. J. R. Shackelford of Amarillo, district president, will preside.

Registration from 8 to 9:30 a. m. will open Tuesday's activities. Coffee will be served to the delegates as they enter the school. A thirty-minute period of organ music will precede the opening of the first general session at 9:30. It will be featured on the morning's program.

During the luncheon at the high school cafeteria at 12:45, Mrs. George Graham of Hereford, district chairman, will present a report of life membership for the year.

A series of workshops designed to help local units cope with their problems will highlight the afternoon program. The special workshop for local unit presidents will be conducted by Mrs. Crews Henry, with Mrs. Claude Osborn of Friona serving as hostess and Mrs. J. B. Howe of Pampa and Mr. B. R. Nichols of Pampa as resource personnel.

The program planning workshop will be under the guidance of Dr. Yarbrough, with Mrs. Henry Foster of Memphis as hostess and Mrs. George Bonecutter of Stinnett, Mrs. Raymond Powell of Perryton, Mr. Elmer Wooten of Dumas, and Mrs. Elmer Moore of Shamrock as resource consultants. Mrs. Elmer Patterson of Hereford will serve as chairman of the workshop on publicity and publications. Hostesses will be Mrs. W. F. Cox of Dal, and consultants will be Mrs. L. G. Dodge of Borger and Mr. Kenneth Preise of Perryton.

Treasurers and budget and finance chairmen of local units will find help in the workshop conducted by Mrs. W. E. Miller of Canyon. Helping will be Mrs. C. C. McDaniel, as hostess, and Mrs. Frank White of Clarendon, Mrs. John Smith of Memphis, Mrs. F. H. Jernigan of Pampa, and Mrs. Robert Wynne of Dalhart.

Mrs. W. D. DeGrassi of Amarillo, a member of the state board, will conduct the workshop for parliamentarians, historians and other chairmen. She will be assisted by Mrs. Frank Gule of Burnham as hostess and Mrs. Murray Vise of Tulsa and Mrs. Roy D. Yeatt of Nazareth.

The concluding session of the conference will be held at 3:45 when an evaluation of the workshops will be given. A parade of presidents will be featured. Those attending the conference will be honored at a tea in the high school following the adjournment at 4:15.

**Eddie Melin Will Be Guest Speaker, 16**

Eddie Melin, member of the Amarillo Symphony Orchestra, will be guest speaker at the meeting of the regional area arts association Saturday, April 16, at 8:30 at the Amarillo Country Club.

"All persons interested in any of the creative arts are invited and urged to attend the meeting," Mrs. Raymond Harrah, president, announced today.

Reservations for the dinner, with a check for \$2.50 should be mailed to Mrs. H. E. Eriandson, 2509 Julian Blvd., Amarillo, before Thursday April 14.

Others on the program include the Rev. Smythe Lindsey, who will give the invocation, the Chamber Music Quartet of the Amarillo Symphony Orchestra, which will provide musical entertainment.

There also will be an art exhibit showing the participation of outstanding students from the Universities of Oklahoma, Texas and Colorado.

Members of the general board will meet at 5 p. m. at the Country Club.
