

The Spearman Reporter

THE SPEARMAN REPORTER, HANSFORD COUNTY, THURSDAY JULY 21, 1955

Broadhurst Will Be Married At Special Service Gruver Sunday July 24th

...one of the... of Hansford County... a special service to... First Baptist... at 3:00 p. m. ... called to preach... member of the... at Gruver... Sunday evening... been one of the... at Gruver... days, and in the... He is well liked... and while he is... and he is no... mona. Charles was... player during his... days at Gruver.

Mackies From N. C. Here On Visit

J. Mackie, and his son and family, Mr. and Mrs. Paul Mackie and Dale, 7 year old, and Charles 5 year old, are visitors at the home of Mrs. W. L. Mackie, Albert Mackie and other relatives. Mr. and Mrs. Paul Mackie left Wednesday for a tour of Old Mexico. They plan to return home later this month.

Youth Ball Games

The ball teams have had some very exciting games this week and we hope a number of people who weren't there this week will be there at the next games.

Bank 3	Cut Rate 7
Lions 20	Jim and Oscar 7
Corner Drug 12	Girls 8
Bank 19	Jim and Oscar 7
Jim and Oscar 7	Girls 8
Cut Rate 14	Guymon 9

These teams have set a pretty good record of games won. The games won and lost by each team are as follows:

Bank-Cats	Won	Last
Lions	5	4
Jim and Oscar-Eagles	7	1
Jim and Oscar	2	3
Cut Rate - Bears	3	3
Corner Drug - Tigers	2	3

Willard McCloy Wins Free Subscription

Willard McCloy won the free subscription to the Spearman Reporter when his name was drawn from the hat for correctly identifying the mystery farm of Roy Jeffries.

Hospital News

Rickey Hefley of Gruver admitted the 10th and dismissed the 10th. Parents are Mr. and Mrs. R. E. Hefley.

Joe Entekin dismissed 7:13 after being in the hospital a month recuperating from a heart attack.

On the 14th J. B. Miller, employed by Leroy Tucker, was admitted for medical treatment and dismissed the 13th.

Francis Banister admitted the 14 for medical treatment and dismissed that afternoon.

Don Paddy of Gruver was admitted the 17th and dismissed the 17. He was a medical patient.

Mrs. Leonard admitted 14th as a medical patient and dismissed the 18th.

Carl Hull admitted for medical treatment 18th and dismissed the 19th.

Stanley David of Gruver, infant son of Mr. and Mrs. Buddy Gruver, is gaining in his incubator where he has been since his premature birth, June 19th.

State Offers To Build New McKibben Road

Judge Lee talked with us today, and said that there is a good possibility of getting the McKibben road paved, to tie in with the Gruver-Morse road. This road is paved to the rail road tracks, from the Spearman-Burger road. This would give the county a real hookup in this area, and facilitate the farmers traveling in this area.

Judge emphasized the need for a 100 foot right-of-way for this road, and said the eighty feet possibility of getting the McKibben road paved, to tie in with the Gruver-Morse road. This road is paved to the rail road tracks, from the Spearman-Burger road. This would give the county a real hookup in this area, and facilitate the farmers traveling in this area.

Mrs. Delbert Allen Wins Mystery Award

Mrs. Delbert Allen will receive a years subscription as result of correctly identifying the Mystery home of Hansford county printed in last weeks Reporter. In addition to Mrs. Allen, the following readers correctly identified the Mystery home: Mrs. J. L. Pierce, Elmond Jacobs, Billy Turner, Mrs. Lizzie Bennigle, Virginia Davis and Sandra Latham.

The home was that of Mr. and Mrs. Cecil Crawford Northwest of Spearman.

Farmers Can Take Advantage Of Wind Erosion

WACO—July 14—Farmers in drought-stricken West Texas counties will be able to take advantage of a federal cost-sharing wind erosion control program during this year, a spokesman for the Texas Farm Bureau said here today.

Gene Leach, TFB legislative director, revealed that the U. S. Department of Agriculture has approved the conservation program under the program about payments for special cover crop practices.

Recommendations for improving the conservation program were made at a meeting of county Farm Bureau and chamber of commerce leaders from 12 West Texas counties July 2 in Lamesa, the Texas Farm Bureau president.

The State Agricultural Stabilization and Conservation Committee earlier his week.

The federal government will pay from \$1.20 to \$2.00 per acre for special cover crop planted to control wind erosion. For sod crops, the payments are \$1.20 per acre for normal width rows, \$1.90 per acre for rows 16 to 24 inches in width and for drilling and broadcasting. Millet payments are \$1.75 per acre. The government will pay \$2.00 for small grains (wheat and hay).

Triple dwarf grain sorghum and volunteer crops will not qualify for Federal cost-sharing. Grazing, consistent with good management, is permitted, but a crop will not qualify if harvested for any purpose. The crop must be left on the land until the soil is plowed in preparation for seeding a crop in the spring or summer of 1956.

Leach and other Farm Bureau officials met with the State ASC Committee Tuesday to discuss the program. Presenting the West Texas recommendations were C. H. DeVaney of Goshua, vice president of the Texas Farm Bureau; H. L. King of Brownfield, District 2 director; and Fred Raney of Lamesa, Dawson County Farm Bureau president.

Two Mexicans Caught Sunday

Sheriff J. B. Cooke returned two Mexicans from Lubbock Sunday, who were charged with stealing two tires and wheels from the equipment yard of the B. & C. Equipment Co. The two are Frank and Marcelino Chadis.

Sheriff Cooke also reports that many of the irrigation wells in the county are being tampered with. One well had the throttles tied wide open, and the well had pumped so much water that it broke suction, also causing damage to the motors. One farmer reports the engine on his well was shot. One farmer had all of the tubes taken from his irrigation ditch one night.

Sheriff Cooke urges farmers to report all such activities, and try to assist the citizens of the county in protecting these water wells.

Polio Vaccination Program Important Announcement

This is to notify the parents of Hansford County children that our office has received the second injection of vaccine for those children who received the first injection in April has been given.

Due to the difficulties in gathering all the children together at one time at a specific place as was done at school for the first injection, we have decided that it might be more practical for the parents to bring the children to our offices for these injections. Both Dr. P. M. White and myself, Dr. R. L. Kleeberger, will have the vaccine at our offices.

Beginning July 25th we will give the second injection of Polio Vaccine to those children whose parents wish it. We, as Physicians, neither give our approval or disapproval of this vaccine. Due to the great amount of controversy as to the safety and effectiveness of this vaccine, we leave it to the judgment of the parents as to whether or not they wish their children to take the second and third injections.

Our vaccine is available for TWO WEEKS ONLY. We will give the injections daily at our convenience during REGULAR HOURS ONLY, from July 25th through August 6th. Since these injections are given at no charge, we cannot be expected to give the vaccine at the office after office hours or on Sundays to give these injections.

May we repeat: This is the second injection for those children who received their first injection at the schools in April of this year.

We do not have our private office open for administration of vaccine to the other children. This is expected within the next three to four weeks. Also, no injections will be given after Monday July 25th, and none after August 6th.

R. L. Kleeberger M. D.
Hansford County Health Officer
P. M. White, Jr. M. D.

Card of Thanks

I take this means to express thanks and appreciation to Dr. Kleeberger, the Hospital staff, and to all neighbors and friends who helped me so many ways for flowers, cards, and calls made during my recent illness.

Fulton Will Drill Well On Sect. 72

Gulf Oil Company-L. Bailey McCarty located on section 6, blk 2, S&M&G survey, was the only new location in Hansford county the past week.

Other wells in Hansford county being drilled are as follows, according to the regional Sunday newspaper:

Cities Service No. 1-A Vernon, sec. 7, blk. 2, S&M&G sur. took DST 432-80, in first Dugout, tool open 1 hour, gas 1.250MCF, recovered 240 feet gas cut mud, drilling below 5300.

Lamar Hunt Trust No. 1 O'Loughlin, sec. 59, blk. 45, H&TC sur. to perforate 7094-7106.

Cities Service & Skelly Oil No. 1-C Brillhart, sec. 23, blk. 45, H&TC sur. D&A at 7517 Mississippi bottom.

Skelly Oil No. 2, Jackson, sec. 51, blk. 1, WCR sur. completed for 1,440MCF gas, Marmaton, 56-51-66 and 5681-86, and 9300MCF gas. Collier line, 4601-11 and 4612-21.

Standoli Oil & Gas No. 1 Jackson, sec. 52, blk. 1, WCR sur. 6820-34, swabbing 7094-7106.

Sharpley Oil & Baker-Taylor No. 1-B Beck, sec. 80, blk. 45, H&TC sur. completed for 7,250 MCF gas, calculated absolute open flow, 2 barrels condensate per million, perforations 6820-30 and 6873-98.

Shamrock Oil & Gas et al. No. 1 Steele, sec. 87, blk. 45, H&TC sur. drilling below 7502 in lower Morrow.

Gulf Oil No. 1 Ogde Gas unit, sec. 11, blk. 2, S&M&G sur. perforated 7495-7504, to treat and test.

Mr. and Mrs. Floyd Hays and grandsons Larry and Lorrin are vacationing in California.

Panhandle Eastern Hansford Station

Mr. and Mrs. Wallace Kirkland and family recently returned from their vacation. They visited relatives in Eastern Oklahoma. Jimmy and Malcolm returned home two months with their grandparents.

Robert and Allen Marshall left Sunday morning to spend a month with their father in Quanah, Texas.

Jeff Hogers had as his guest last week his sister and family of Washington, D. C.

Father Of Gus And Lester McInain Dies

Funeral Rites for T. P. McInain, father of Lester and Gus McInain of Spearman were held at the First Baptist church in Perryton Wednesday afternoon July 20th.

Mr. McInain died of heart failure at 8:00 a. m. Monday of this week. He had been in declining health for more than a year, and has retired from business. He was 82 years old at the time of his death.

Mr. McInain was one of the few remaining North Plains Pioneers left in our area. He filed on land North of Perryton in 1904, and in his early manhood engaged in farming and ranching in Ochiltree county. Later he sold his farming interests and moved to Perryton where he engaged in real estate, insurance, and loan business. He maintained his office at Perryton until his death.

Oslo News

Mr. and Mrs. Reuben TeBeest, and Mrs. Ernest Hull and the Henry Moen family are all vacationing with relatives and friends in and around Castlewood, So. Dak.

Adeline Dahl spent the weekend with Luanna Olsen in Guymon.

The Gordon and Ames Stedje families are vacationing for about a week at Lake City, Colo.

Mrs. Clara Stedje, Miss Gena Johnson and Kathryn Kuntson had dinner Saturday with Mr. and Mrs. Clifford Stedje and girls.

Mr. and Mrs. Archie Nelson and children of Amarillo visited Sunday in the Bill Johnson and Clarence Johnson homes.

Mr. and Mrs. Emil Kuntson and Kathryn had Sunday dinner in the Joel Stavlo home.

One and a quarter inches was our rainfall here on Wednesday night.

The Clifford Stedje family had Sunday dinner in the Jodie Knudson home.

Janice Vernon and Mrs. Floydene Palmer drove over to Burger Monday.

Mrs. Loraine Say of Lindsay, Okla., visited her sister, Mrs. Vera Rossen last week-end. George Brown, a brother-in-law of Lindsay also visited the Rossens while enroute to Colorado.

Mrs. Pete Vernon and children have returned from a trip to California.

Tyler Texas raises more than two-thirds of the commercial roses bushes grown in the United States.

Club To Work At City Improvement

A group of civic minded women met recently to work out a plan for general city improvement, and beautification. The group represented various Garden Club members; but isn't limited to just Garden clubs.

The Spearman Garden Council represents every home owner in the city, and will work toward the goal of a more beautiful town. The council plans to meet with the high plans of Commerce and city commission soon to work out plans for improvement of trash disposal, a clean-up of alleys and vacant lots, and any other civic improvement which may come before the board.

Officers for the club were elected by a representative group from each Garden Club. They were installed at a very lovely ceremony recently in the club room. The President is Mrs. Edgar Womble, and Vice President is Mrs. Johnnie C. Lee. Mrs. Willie Seitz is Secretary and publicity chairman is Mrs. Billy Miller.

Mrs. Charles Porter has long been needed in Spearman. Members from the Perryton club met with this group to help organize and assist in the work. Due to the outstanding work the Perryton club did for their city; it was voted the cleanest city on the high plans list for 1955. As well as being clean, new lawns; more flower gardens and trees were planted and alleys were kept clean and neat. As such, the members arose in the city, they were presented to the council; who represents the entire population. The high plans list for 1955, as well as being clean, new lawns; more flower gardens and trees were planted and alleys were kept clean and neat. As such, the members arose in the city, they were presented to the council; who represents the entire population. Questions & Answers
 Q—Are there any conditions at all under which a Korean veteran could draw GI unemployment pay and GI training allowances at the same time? I understand that normally the dual payments are prohibited by law.
 A—There are two exceptions to the law barring simultaneous receipt of both payments. Korean veterans taking GI correspondence courses, as well as those in school less than half-time, may be eligible for GI unemployment allowances at the same time as they are drawing GI training allowances.
 Q—I want to apply for a disability compensation but, since I do not live near a VA office, I cannot pick up an application form.
 A—Yes. Your letter will be considered as an "informal claim." VA will send you a formal application which you must fill out and return. The date of your original letter, so long as VA receives the formal application within one year.
 Q—I am planning to buy a house with a GI loan. Is it absolutely necessary to have the property appraised?
 A—Yes. Appraisal is required by law, in order to protect you. The law requires that the purchase price be no more than the "reasonable value" as determined by a praiser designated by the VA.
 Q—I am going to college under the Korean GI Bill. Will I receive my GI training allowance during the summer vacation months, when I am not in school?
 A—No. The GI training allowances will not be paid during the summer vacation months when you are not actually in training.
 George Washington's first employer was Lord Fairfax, whose lands he surveyed.
 Only about one-fourth of South America ever has been surveyed.
 Argentina, Brazil, and Chile are known as the ABC states.

thing goes at half price. It didn't cost me very much cause Eddie Faye said she only wanted the hat so she could cut the Neiman Marcus label out and sew it into another hat that she has at home. My advise—don't ever take a vacation to Dallas area in July. It's too hot.

Houston is the largest capital city in the United States. Largest county in the United States is DeWitt County, Texas. The virus of poliomyelitis spreads around a watermelon of an inch in diameter. "Docleberg" was a German scientist who was killed in action on Hitler's battleship during World War II.

Municipalities Using Atomic Six To 10 Yrs. Texas, July — Texas may be using atomic energy to generate electricity in the next few years. Dr. Herbert S. Giger, Texas visitor, declared that atomic power will supplement electric power soon. A University of Texas member and faculty member, added that a University of Texas program of peacetime nuclear development in Texas will have a large extent on cities and facilities and that critical barrier to atomic development is trained manpower, he said.

Don't Name It
 To Hot to go
 To Hot to Stay
 To Hot to work
 To Hot to Play
 I'm back home again enjoying this below 100 degree weather. Been down to my old home visiting my cotton picking brother and other relatives.
 There's one thing them cotton pickers never forgot—and that's eating. No matter how hot it gets, they always have plenty to eat, and plenty of time to enjoy it. Blackberry cobbler, fresh black eyed peas drowned in sow bellie soup, cornbread and fresh okra, vine ripe tomatoes and fried sweet potatoes.
 Needless to say I didn't lose any poundage, despite the fact that I would sweat a half bushel a day while seining tanks for crawfish to bait up lines in the river.
 We did catch a couple of mess of fish, but it was plenty hard work—not the fishing, but getting crawfish to bait out our lines. I had to drive 26 miles a day to locate surface tanks that had any crawfish left—and then had to walk as much as 400 yards in the hot sun and hold the sack while a couple of my young nephews would shove the crawfish in.

Texas Highway Patrol District No. 5

1. Rural accidents investigated by Texas Highway Patrolmen in the Amarillo District during June, 1955. (Does not include accidents in cities over 2,500 population or accidents investigated by other agencies.)
 A. Number of persons killed 2
 B. Number of persons injured 68
 C. Estimated property damage \$71,484.00
 2. Location of accidents during June 1955
 A. State and Federal Highways 76
 B. Farm to Market Roads 6
 C. County Roads 2,800
 D. Small Towns (under 2,500 population) 7
 3. Principal Violations as Causative Factors in June accidents
 A. Speeding
 B. Driving While Drunk
 C. Failure to Grant Right of Way
 D. Miscellaneous Hazardous Driving Violations
 E. Improper Passing
In May The Principal Violations Causing Accidents Were:
 A. Speeding
 B. Driving While Drunk
 C. Miscellaneous Hazardous Driving Violations
 D. Following too Closely
 E. Failure to Grant Right of Way
Comparisons
 A. Same month last year (June 1954) 18 killed; 64 injured; \$69,639.00 property damage.
 B. Last month (May, 1955) 10 killed; 73 injured; \$93,138.00 property damage.
 C. This year (First six months 1954) 32 killed; 337 injured; \$406,777.00 property damage.
 D. Last year (First six months 1954) 32 killed; 337 injured; \$406,777.00 property damage.

PATROL ACTIVITIES FOR JUNE, 1955.

In carrying out their basic duties of traffic law enforcement, the 28 Patrolmen of the Amarillo District No. 5, composed of 28 Panhandle Counties, performed the following activities during the month of June, 1955.
 1. Number of traffic accidents investigated 97
 Total number of traffic arrests 516
 (a) Speeding arrests 316
 (b) DWI arrests 53
 2. Total number of warnings for hazardous violations 1273
 4. Total number of Safety Responsibility Demand Orders served 61
 5. Number of Investigation for Restoration of Driver's License 2
 6. Hours worked: Day 3,499; Night 2,225.
 7. Miles travelled 59,682.
 J. W. Blackwell, Captain Texas Highway Patrol Amarillo, Texas

Buddy's

Don't Name It

Visited Big D while on this trip. First time I have entered Dallas via highway for more than 20 years. Made several trips to the village via airplane back when Hansford county had our annual exhibit at the state fair. This was strictly a pleasure trip.
 Going into Dallas from Denton, Texas, there is literally a hodge podge of things and buildings along the highway, where there used to be nothing but scenery.
 Truly, Big D is getting bigger. We, (my in-law-relatives) visited Dallas to attend the Cinerama. Never heard of it before. I talked with my brother-in-law who is a big shot in a Department store at Denton, Texas. Knew right off that it was sumpin special, and that I would have to take a bath, but on my store clothes and wear coat.
 Well, between enduring the discomforts of wearing a coat, eating in a Brass Hat Cafe at Dallas and walking a couple of miles thru Neiman Marcus big store at Dallas, I can truthfully say that I had a wonderful time. Cinerama is worth a big sacrifice.
 The show is a moving picture, with a screen that is 75 feet wide. Understand that it takes about 4 movie machines to produce the picture on the screen, and that it required an investment maybe in the hundreds of thousands of dollars to equip the theatre ready for showing the picture. It is the only theatre in St. Louis, Mo., that is equipped to show this picture—and we are wondering if our good friend and wonderful citizen the late Amos Carter of Fort Worth was not unavoidably out-of-town, or sick when Big D managed to get the theatre in Dallas.
 The picture show is worth driving across three states to see. Really it is like making a holiday trip thru America and several foreign countries. This writer especially enjoyed the scenic portion of the show taken in Paris, France. We recognized the Chamber Elysees (that ain't the right way to spell it—it is the large main Drag in Paris along the Seine river, ending up at the Arch de Triumph) and that ain't the right way to spell it either. We recognized Apollon's Tomb (they don't call the same in the picture show) and we believe we recognized me of the dancing girls that are part of the show, that's possible cause we were in Paris during the first world war. If you get a chance drive to Big D and see that show.
 Managed to keep Eddie Faye's wife on the main floor at Neiman Marcus store. She declared that she only wanted to accumulate atmosphere and would not buy a thing in the big D store. I turned her loose and that I did dodge behind some of them massive pillars (post to you farmers) that hold up the countless millions of dollars of fur coats and dainty underthings for women located on the next seven floors of the store. She caught talking with a lady floor clerk and whispered to me that she was a sale of hats on the Big D store. I looked around at the big signs and sale price marks and informed her she must be mistaken. However, she protested to me that even at NM's they cut prices they do it in a dignified way, and never let up their merchandise on an average counter or have yellow signs warning the public that every-

Municipalities Using Atomic in Six To 10 Yrs.
 Texas, July 20.—Texas may be using atomic power to generate electricity in six to ten years, Dr. Herbert S. Isbin, a University of Texas visitor, declared.

He cited an Atomic Industrial Forum Survey indicating U. S. industry alone will need at least 20,000 scientists and technicians in atomic energy work by 1958, and between 30,000 and 40,000 by 1964.

"We ought to begin now to make our high school students aware of that need and opportunity," Dr. Isbin declared.

Dr. Isbin has 20 students enrolled in two nuclear engineering courses this summer. Thirteen are in an undergraduate course on nuclear engineering in general, while seven are in a graduate course in nuclear reactor design.

Texas industrialists and government officials can obtain much atomic energy information at the University of Texas main library, Dr. Isbin said.

"The University is the only official

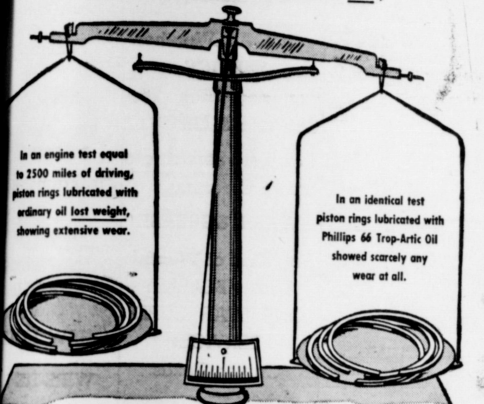

library depository in the state for Atomic Energy Commission University Of Texas Registration July 10

Austin, Texas, July 26.—Two members are special counselors this summer at Chulalongkorn University in Bangkok, Thailand.

They are professor Raymond F. Dawson, soil mechanics expert, and Associate Professor William Frank Helwig, electrical communications specialist. Three other University of Texas faculty members are teaching there full-time: Professor Ernes W. Steel, sanitary engineer; Associate Professor Harry L. Kent, mechanical engineer, and Dr. Fred Allison, physicist.

Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

In an engine test equal to 2500 miles of driving, piston rings lubricated with ordinary oil lost weight, showing extensive wear.

In an identical test piston rings lubricated with Phillips 66 Trop-Artic Oil showed scarcely any wear at all.

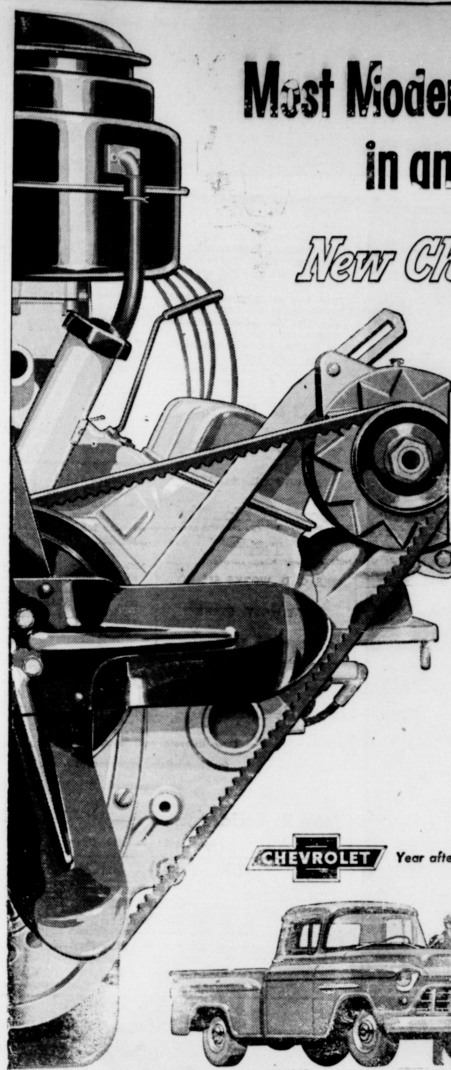

PERFORMANCE THAT COUNTS!

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils.

Most engine wear occurs when you first start your car or after stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

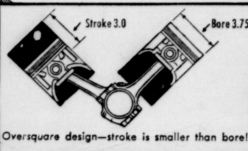

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting... save gasoline... and you can save 15% to 45% on oil consumption. TROP-ARTIC from your Phillips 66 Dealer.

PHILLIPS PETROLEUM COMPANY

Most Modern, Shortest Stroke V8's* in any leading truck!

New Chevrolet Task-Force Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction... greater efficiency... longer engine life!

Here are more dollar-saving reasons why new Chevrolet trucks offer you the most modern V8's* your money can buy!

MODERN 12-VOLT ELECTRICAL SYSTEM
 Double the punch for quicker starting and more efficient ignition for finer performance.

GAS-SAVING HIGH-COMPRESSION RATIO
 With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

EXTRA-HIGH POWER PER POUND
 Since these V8's deliver high power per pound of engine weight, more

power is available for hauling.

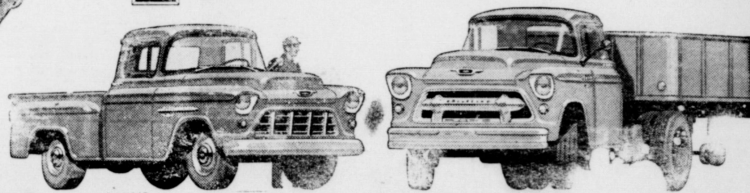

ADVANCED AIRCRAFT-TYPE VALVES
 Valve action is more positive... finer, smoother performance.

FLOATING OIL INTAKE... FULL-PRESSURE LUBRICATION
 Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Year after year... America's best selling trucks

Candlelight Wedding Service

In a lovely candlelight service Miss Judith Jane Meek, daughter of Mrs. Norris Meek and Ray Martin, son of Mr. and Mrs. E. E. Martin, exchanged nuptial vows Tuesday July 19th at 8:00 P. M. in the Sanctuary of the First Methodist Church.

Rev. J. B. Stewart of Tahoka read the double ring ceremony before the altar decorated with floor baskets of gladioli and fern flanked by four stands, seven point candlelairs. Wedding bells tied with satin bows marked the bride's side, completing the decor.

Mrs. Elma Gunn, organist played a prelude of wedding music and accompanied Judy Davis who sang "Always" and "Because of You". The traditional marches were used.

Mrs. Pat Holt, of Gruver, was matron of honor and Miss Charlotte Martin, sister of the bridegroom, was bridesmaid. They wore identical dresses of ice blue and pink crystalline designed with long torso fitted bodices, cuffed collar and billowy skirts. They carried baskets of pink and blue daisies.

Charlotte Martin and Bob Meek, brother of the bride, lighted the candles.

Don Cates was best man and the ushers were Don McCommond, cousin of the bridegroom, Jim and Charles Wallingford of Minneapolis, Minn., cousins of the bride, and Bob Meek.

The bride escorted to the altar and given in marriage by her uncle, Harry Emback of Phoenix, Arizona, was attired in a chapel length bridal gown of exquisitely embroidered Swiss organdy fashioned with a low cut bodice featuring a billowy, fine tiered skirt with a graceful train.

Her veil of illusion fell from a Mayan Age headdress adorned with pearls and rhinestones.

She carried a prayer book topped with a white orchid surrounded by stephanotis and showered with satin streamers tied with lover's knots.

Mrs. Meek chose a navy faille dress with white accessories for her daughter's wedding.

The bridegroom's mother wore a navy lace and lined dress with white accessories. Both mothers wore orchid corsages.

The bride chose a powder blue discipline cotton frock with fitted bodice of deep trucks and full skirts with white accessories for her trip to Colorado and other Western States.

The bride graduated with the 1955 class from Spearman High School.

The bridegroom graduated with the 1953 class and attended the Panhandle A. & M. College at Good-

Engagement And Approaching Marriage Announced

Mr. and Mrs. W. H. Forrester announce the engagement and approaching marriage of their granddaughter, Judy Jane Keifer, to Kenneth Pope son of Mr. and Mrs. C. U. Pope.

Judy Jane is the daughter of Edna Hammond Keifer of Catalina Island, California.

The marriage service will be read July 22 in the Church of Christ, by Paul Smith, minister, in the presence of the immediate families.

Bridal Shower Friday

Mrs. Carolyn Wilmetth and Mrs. Gene Cline were hostess at a bridal shower for Miss Belva Sparks, bride elect of Vern Betts, Friday July 15, from 2:00 to 6:00 p. m. at the home of Mr. and Mrs. Roy Wilmetth.

Those in the house party were Mrs. Louise Crawford, Beverly Morse, Rowene King and Rose Marie Coury.

The entertaining rooms were decorated in yellow and blue, the bride's colors.

Beverly Morse registered 45 guests in a miniature boudoir and the bride's table which was covered with a white linen cloth of cut work.

Rowene King poured coffee and Rose Marie Coury presided at the punch bowl. The serving table was laid with yellow organdy.

well, Oklahoma. He served two years in the armed forces.

Mr. Martin is engaged in farming. He and Mrs. Martin will reside at 519 Barkley Street.

A reception for the immediate families and close friends followed the wedding service at the home of the bride, Mesdames Tam Etter, Jimmie Hicks and Willard Davis were hostesses. The bride's table was laid with a lace cloth, centered with the wedding cake and a floral arrangement of yellow and green daisies.

The bride was honored at a shower Friday July 1, at the home of Mrs. H. C. Brillhart, Mesdames H. R. Hartman, Leonard Jameson and George Buzzard were co-hostesses.

Sherry Lou Cates and Charlotte Martin poured the punch. Belva Sparks, Carolyn Wilmetth and Mrs. Pat Holt alternated at the guest book.

The serving table was laid with a lace cloth and centered with a white umbrella of yellow daisies. A miniature bride and bridegroom decorated the piano.

Weaver-William Vows Exchanged

Marriage vows were exchanged between Lucille Weaver and Marvin J. Williams July 15 in the First Christian Church Rev. C. N. Van Dyke performed the ceremony at 6:00 p. m.

Mrs. Wanda Leeper, organist, played pre-nuptial selections. Mrs. J. L. Brock sang "Wedding Song" and "Thru The Years" receding the vows, and "The Lord's Prayer" in conclusion.

Candlelighters were Mrs. Weaver's twins, Cathy and Wilson. Matron of Honor, Mrs. John Eslinger, wore a natural colored frock with tan accessories. Her colonial bouquet was red miniature roses. Max Williams served his brother as Best Man.

The bride wore a champagne lace street length dress with white accessories. Her cascade bouquet was of white rose buds lined with stephanotis and tulle. The double ring ceremony was read before a background of greenery flanked with branched candlelairs and baskets of rose color gladioli.

A reception was held in the fellowship hall following the exchange vows.

The serving table was draped in a lace cloth over pink linen. The three tiered wedding confection was served by Betty Whitson. Janice Vernon served the punch. Mrs. Bus Banister registered 62 guests.

The bride's grandmother, Mrs. Wright chose a tailored dress of neutral gaberdine. Her accessories were brown and her shoulder corsage was white carnations.

The groom's mother, Mrs. Williams of Anoka, Texas, wore a light blue dress and pink accessories. Red rose buds were her flowers.

Mr. and Mrs. Williams will be at home in Spearman where he is employed with the Humble Oil Company.

Committee And Sponsors Program Meet Thursday

The Youth rendered, weighing less than half its former weight and with one broken leg. He has been properly hospitalized and is no doubt now reconciled to civilization.

The thinking as to the advisability of the proposed "summit" meeting is decidedly divided. The thinking as to the results that will flow from such meeting is decidedly divided. In other words, there are two distinct schools of thought. One is that communists cannot be trusted and that it would be simple folly to enter into negotiations with such a group. These people argue that experience shows that in past meetings with communists, the entire game was fixed in advance. That is, the communists had no qualms or qualms about the promises they made because they didn't intend to keep them anyway. Their purpose was to drive as hard a bargain as possible, but to get their objective regardless of price, also to gather together as much propaganda material as possible.

The second school of thought is subscribed to by people of this country who are just as patriotic as the first group, but who believe that the interest of peace would be best served if we give the communists an opportunity to meet at the conference table and to carefully and searchingly examine the entire world picture to the end that the peace objective of all people may be attained.

This second of thought is very noble in purpose and exemplifies the thinking of Americans if they are dealing with each other or with other countries whose word and commitment can be honored. Personally, I am inclined toward, and shall support, the first school of thought unless and until I am finally convinced that an

international meeting at which Russia, or any other communist nation is a party, is governed and controlled by effective and enforceable rules of conduct and ethics—enforceable not only at the meeting itself, but as to the conclusions arrived at in such meeting.

THE GAS BILL

The fight on the gas bill continues. Interest tempo. The very close vote (16 to 15) by which the bill cleared the committee seemed to give new life to much of the opposition. Propaganda was immediately spread that the gas bill was dead for this session. Some of the staunchest supporters against federal control of gas were caught off base by this unfair propaganda and made public statements to the effect that the gas bill was in serious trouble. The truth is that the gas bill is not in any more trouble now than it was before. There are as many Members of Congress for free enterprise and against federal bureaucracy as advocate themselves to be the gas bill will pass by an overwhelming vote. There is no better time to bring this bill to the floor than right now. The bill is in keeping with the recommendations of President Eisenhower's Advisory Council. This Council was appointed by the President to gather the facts and give him the truth about the whole problem. I feel sure that the President had confidence in these men

or he would not have appointed them. Since he did appoint them and since they came forward with a recommendation, I think it behooves the President to come out specifically and publicly and stand behind his own appointees. If he will do this, the bill abolishing federal bureaucratic control over the production and gathering of gas will be passed by the great majority that it deserves.

Whether it passes the House or not, it should be brought to the floor of the House and the floor of the Senate and voted on at the earliest possible moment. The entire record should be made available to all of the people of this country concerning this legislation, and especially the misrepresentations that have been made to the consumer groups in the cities. No battle was ever won by retreating. The battle on the gas bill in this session of Congress in the best opportunity that has been presented in the last ten years to separate the sheep from the goats on the question of who is not for centralized government and bureaucratic control. It is time to stand up and be counted, and we should not miss the opportunity or the occasion.

Russian aircraft plants have promised to turn out next year 20,000 streamlined choco-coated baby carriages.

FOR SALE

To a veteran who can qualify. New 2 Bed-room home 803 Roland. No money needed. Payments \$49.50 per month. See Russell Beckurth At the House all day Friday.

Something To Think About

(Published weekly by the Spearman Church of Christ)

All of us have occasion to read something from time to time that makes a rather vivid impression on us. Such was the case recently when we read the following:

It seems that old Satan saw a man walking through the street one day. "Go! Get him for me!" commanded Satan of one of his imps. Quickly the imp crossed the street and silently hopped to the man's shoulder and whispered: "You are discouraged!" "No," said the man, "I am not discouraged." "You are fearing to return to his master without his prey."

The man replied this time, "I do not think I am discouraged!" Louder and more decidedly the little imp whispered again, "I tell you, you are discouraged!" The man dropped his head. "Well, perhaps I am," he replied slowly.

The imp hopped back to Satan, and said proudly, "I got him; he is discouraged."

Another man passed. Again Satan commanded, "Get him for me!" The proud little demon of discouragement repeated his tactics. The first time he whispered to the man "You are discouraged," the man replied, "No, I trust in God." The second time the man replied, "I tell you I am not dis-

couraged. I believe the Bible, the word of God! To the third attempt of the imp, "You lie; I am not discouraged!" I can do all things through Christ who strengthens me!" And the man walked down the street his head high, going toward the light.

The imp of discouragement returned to his master, crest-fallen. "I could not get him. Three times I told him he was discouraged. The third time he called me a liar, and that DISCOURAGED ME."

Resist the devil and he will flee from thee.

That's a wonderful lesson, and a lesson we need. We too, can be like the second man. We know that because others have done it. Noah, Moses, Daniel, Elijah, Christ, the apostles and others too numerous to mention. It isn't a matter of being able—it is a matter of a full and complete trust in God.

Among the most noble words that man can utter, are these: "I believe in God." The next time you are inclined to be discouraged, try it. Resist the devil, be a man, turn to the Lord, and Satan cannot command enough of his devilish imps to overcome you. Through Christ we CAN be victorious.

Paul Smith Minister

Mystery Home Is O'Laughlin Horse Creek Ranch Home Of Mr. And Mrs. Cecil Crawford.

The Mystery home published in last weeks Reporter, and re-printed above on this page is the O'Laughlin Horse Creek Ranch home of Mr. and Mrs. Cecil Crawford.

Truly the three section ranch home is a landmark in the Spearman area. It was first settled with an old Dug-out residence, and the large 8 room and two bath residence is quite a comfortable home for a large family.

Mr. and Mrs. Crawford have lived in the ranch home for more than 18 years, and have added 4 rooms to the residence during their tenure of residence. There are 4 bed rooms, living room, kitchen, dining room and utility room.

Mr. and Mrs. Crawford first moved to Spearman area 28 years ago. They came to this area

a few years after they were married at Buffalo, Oklahoma, where they both lived as teen agers and young folk. They were married in 1926. In addition to the three sections of farm land operated on the Horse creek ranch, Mr. and Mrs. Crawford own three quarters of a section of land just at the edge of Amarillo on the Fritch Highway.

They also own real-estate and farm land near Buffalo, Oklahoma, including the farm homestead by Mr. Crawford's grandfather back in 1900.

The Crawford's have not only made good at farming and ranching in this area, but they have reared two outstanding young ladies (now married) and have three other younger children that are quite outstanding among the folk of this area. Donna Crawford now Mrs. Don Cruce will be remem-

bered by most Spearmanites as a young lady, Marilyn Crawford, and Alexander, is another talented and popular young matron.

The other children are: Mike, 12 year old 8th grade student when he was in school, and a real farm and ranch hand in the summer months. Next is Kathy 11 years old and last is Mac the 9 year old 4th grade student.

Mr. and Mrs. Crawford have been active in church and civic circles in the Spearman area. Cecil has been very active in a de-bureau organization, Masonic Lodge, and the club of Hansford county, as well as in other organizations out of Amarillo.

West Texas Band Camp

Canyon, July, (Special) About 300 area high school musicians have registered for the third annual West Texas Music Camp, slated July 31-Aug. 12 on the campus of West Texas State College.

The camp's capacity, from the standpoint of campus housing, has been reached, according to M. J. Newman, camp director and head of the WT music department. There is no limit on number of students commuting, he said.

Rapidly becoming one of the outstanding summer music camps in the Southwest, the West Texas Music Camp boasts a number of the nation's top college bandmen among its faculty this year. Two outstanding twirling instructors have also joined the teaching staff.

Instructors this summer include Frank Piersol, band director at Iowa State College; Gerald Prescott, director for the University of Minnesota band; Hiram Henry, marching band director at Oklahoma A & M College; Bob Roberts, Los Angeles twirler; and Bill Allen, Miami, Fla., twirling instructor.

Social Security News Block

QUESTION: What is a farm operator's responsibility with regard to filing a social security report of the wages paid to his farm workers?

ANSWER: Beginning January 1, 1955 the Social Security law covers farm workers who are paid at least \$100 by a farm operator. In these cases, the farm operator will withhold 2 percent social security tax from wages paid to the farm worker. The farm operator will add 2 percent as his share, and will file report at the end of the year with the Internal Revenue Service. The report will show the names of each employee who was paid \$100 in cash wages during the year, his social security number, and the total amount of wages paid. Only if the total tax due the Government by the farmer on his hired help totals as much as \$100 by April 1, July 1, or October 1, will he deposit that tax money with Internal Revenue but will not report names of employees until time for his annual report. The farm operator will keep a permanent record of the name and social security number of all his employees.

For further information contact Social Security Field Representative Nat Houston or Floyd B. Ellington.

A representative from the Amarillo office of the Social Security Administration will be in Spearman on Tuesday, July 26, at 1:00 p. m. in the Court House.

MAIN STREET **GROCERY MARKET** SPEARMAN TEXAS

Texas Viewpoint in Washington By U. S. Senator Price Daniel

The biggest news in Washington last week was tragic for Texas and the nation. It was the heart attack suffered by Senator Lyndon B. Johnson. I had seen Senator Johnson only the day before, when I left on a trip to Texas, and he appeared to be in good health and good spirits. The only trouble was that he was working too hard in his capacity not only as senior Senator from Texas but as majority leader of the Senate. It was a shock, although not too much of a surprise, to learn of his serious illness. Although his condition is still quite serious, we are encouraged by the possibility that his recovery may be complete enough for him to resume his Senate leadership in January.

In a recent column I mentioned the outstanding accomplishments of Senator Johnson as majority leader and the commendations which he has received from all over the nation. There is no doubt that his present condition is the result of the tremendous amount of work he has been doing both for our State and the Nation. The position of majority leader is one which involves constant efforts in resolving conflicts and seeking to reach accords among a majority of the 96 Senators whose thoughts are sometimes quite diverse. In order to properly carry forward a legislative program, it is necessary for the majority leader to be constantly alert and to bring together enough divergent views to provide the necessary votes for success of the legislative program. The enormity of this task cannot be overstated. In fulfilling this duty Senator Johnson has given so freely of himself that he has impaired his health.

Senate Prayer

In a completely unprecedented action, the Senate paused for a moment of silent prayer for the

recovery of Senator Johnson. The resolution which provided for this action stated, "Resolved that the Senate stand in silent prayer to the Almighty for the early and complete recovery of the majority leader, the beloved senior Senator from Texas." This has never been done in the Senate before and is considered one of the highest tributes ever paid to a man in the position of Senator Johnson. More important, it shows that members of the Senate recognize that God has the power to heal and restore our colleague if it is God's will.

If Senator Johnson is incapacitated in any great degree after January 1 of next year, it will be a great loss not only to our State but to the Nation and the Democratic Party. It is he more than anyone else who has been able to bring together for the good of the country a majority in the Senate on many important issues. It is he more than anyone else who might be able to help restore unity and confidence in the Democratic Party, both in Texas and the Nation.

Royalty Guests At Crazy Hotel

Mineral Wells, Texas: The Crazy Water Hotel is host this week to royalty as six charming young women, all 1954 candidates for Texas Farm Bureau Queen, literally lead the life of queens while guests of the Crazy.

The six are Gayle Moore, daughter of Mr. and Mrs. R. C. Moore of Spearman; Loretta Gough, daughter of Mr. and Mrs. Sam Gough of Graham; Bertha Johnson, daughter of Mr. and Mrs. J. N. Johnson of Round Rock; Peggy Chamblé, daughter of Mr. and Mrs. R.

P. Chamblé of Canton; Peggy Seay, daughter of Mr. and Mrs. Edwin Seay of Floresville and Eppie Williams, daughter of Mr. and Mrs. J. H. Williams of Kingsville.

Three of the visitors are college students, Miss Johnson, Texas Lutheran College, Miss Chamblé, Tyler Junior College and Miss Seay. The others are all high school students and all live on farms or ranches except Miss Gough whose home is in Graham. Each is accompanied by a chaperone and they are being entertained at swimming parties, theatre parties and bingo. Miss Gough is amusing herself and delighting guests in the Crazy Coffee Shop with music at the organ. But everyone of the six and some of their chaperones are taking advantage of the mineral baths, and appetites are zooming as a result. They agree in chorus that they are having a wonderful time and are "Crazy about the Crazy Water Hotel."

Each girl was selected by her county Farm Bureau unit to participate in the queen's contest and from county contests they went to district and then to state. There are 13 districts in Texas and the 12 girls invited here were runners-up in the state contest. Six were unable to accept the invitation here. One of the requirements for participation in the contest was a speech on why they like Texas Farm Bureau. Other talents and physical beauty were considered. Fred Brown, Manager of the host hotel, praised the young women Tuesday morning as charming representatives of some of the state's finest families, "families which represent the very backbone of our society."

At last report they were turning their eyes toward Wolters Air Force Base.

One of the University of Texas furnished more officers to the Army in World War II than did West Point.

Ginger Rogers won a Charleston contest in Fort Worth, Texas, and thereby entered upon the career that led to movie stardom.

Announcement Made

Mr. and Mrs. Roscoe Sparks are announcing the engagement and approaching marriage of their daughter, Belva, to Vern Bettis, son of Mr. and Mrs. C. M. Bettis of Canadian.

The wedding ceremony will be read Friday August 26, in the First Methodist Church at 7 p. m. by Rev. Van Dyke, pastor of the First Christian Church.

Mrs. Art Lynch and children of Almogorda, N. M. are here visiting her mother, Mrs. Edgar Womble. Mrs. Jimmy Hicks, Mrs. Billy Miller, Mrs. Oscar Donnell, and Mrs. Ralph Blodgett enjoyed coffee with Faye Tuesday morning.

Because there had been no mention in the contract, of a cornerstone for the Texas State Capitol, Gus Wilke, the contractor paid for it out of his own pocket.

Shanghai Pierce, a giant Texas cattleman known for his unusually loud voice, could stand on the front porch and bellow orders to the men at work at the cattle pens, a mile away.

Fielding H. Yost, athletic coach of the University of Michigan, was nicknamed "Hurry-up."

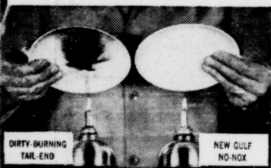

Important thought to keep in mind:

There's no need to worry about stalling in hot-weather traffic; no need to worry about balky, hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulf-Grade H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stumbling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf NoNox Gasoline and

New Gulfpride H.D. Select Motor Oil

- The only motor oil super-refined by the Alchlor Process for modern high-compression engines.
- Controls carbon
- Combats corrosive acids, rust and deposits
- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil
- Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30

AMERICA'S NEW RAILROAD

Quarter-mile lengths of welded steel rail curve around a football field.

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail...

Fewer joints mean a smoother ride for you

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new electric welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story. Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy

with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to stay strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of earned dollars every year for new roadway and new equipment. And not one penny comes from the taxes you pay.

SANTA FE SYSTEM LINES

What about expansion in these quarter-mile stretches? Near Newton, Kansas, temperatures vary from 114° above, we had a 100-foot stretch of welded rail. Other than anchoring the rail, the only restriction was the area between anchors. Expansion of an inch between anchors was expansion in whatever.
