Service To Farmers

Credit facilities and services formerly provided by the Farm Security Administration and the Emergency Crop and Food Loan Division of Farm Credit Administration are available to eligible farmers through the Hansford county office of the Farmers' Home Administration, Lester J. Cappelman, Texas State Director of FHA announced today.

Mr. Cappelman also announced the designation of Arthur R. Turner, Hansford county supervisor of the Farm Security Administration, as interim supervisor in charge of the Hansford county FHA office, which is located in the courthouse.

The Farmers' Home Administration, created by the 79th Congress took over functions of FSA and ECFE effective Nov. 1. The new agency will make production and substance loans as well as loans for farm purchases. Facilities are available only to farmers who are unable to get the loans they need at interest rates not exceeding five percent from banks, cooperative lending agencies or other responsible sources in their communities.

The farm purchase loans made by the new agency are similar to those formerly made by the Farm Security Adm. Loans are made for 100 percent of the purchase price of family type farms plus needed improvements. Repayment is scheduled over a period of 40 years, and interest rate is three and one half percent.

Operating credit extended by the Farmers' Home Adm. under its production and substance loan program includes both annual loans and adjustment type loans at five percent interest.

The adjustment type credit is similar to the rehabilitation loans made by the Farm Security Adm. and is based on farm and home operating plans worked out by the borrower with the aid of FHA supervisors. It is accomplished by on the farm management assistance provided by FHA personnel. Loans may be repaid over a maximum period of five years.

The annual loans made by FHA are similar to the feed and seed loans made by the Emergency Crop and Food Loan Division of the Farm Credit Adm. Farm and home plans are not required as a basis for these loans, but they must be repaid within 12 months.

Production and substance loans to any one borrower may not exceed \$3,500 in any one year. Total indebtedness of any one borrower may not exceed \$5,000.

MR. AND MRS. F. A. SHAPLEY IN CAR ACCIDENT.

Word was received in Gruber this week that Mr. and Mrs. F. A. Shapley had been involved in a car accident at Marshall, Texas. Both Mr. and Mrs. Shapley and a brother, L. A. Morrison were badly bruised and shocked. Mrs. Shapley was carried to a Marshall Hospital for treatment, and is now using crutches.

The accident was unavoidable head-on, caused because of 3rd. car hogging the road.

The 1941 Pontiac car belonging to Mr. Shapley was completely wrecked and our good friend is on foot unless he can locate a new car down Marshall way.

Ball Team Plays Championship Game

Gruber Greyhounds Play Regional Football Game With Farwell Texas. Six Man Football Team November 22

Lawrence Brotherton's Gruber Greyhound football team has reached the heights of Schoolboy football teams in Texas by winning the District game played against Booker six man football team Friday Nov. 15. The score for the hard fought game, played under lights at Langer Field, Perrinton, resulted in a score of 25 to 8 in favor of the possible Regional championship Greyhounds.

The Regional game will be played at Farwell, Texas 10:00 Friday afternoon beginning at 2:30 Nov. 22.

This is as high as class football goes in this state and will represent the meeting of two undefeated teams. As far as we can learn the prospects favor the Farwell team but the Greyhounds have a habit of upsetting the odds.

Captain Brotherton believes his team will win the Regional championship Friday, but admits he breaks of the game will determine the winner.

A caravan of local fans from Hansford county will accompany the Greyhounds to the game.

In the game at Perrinton last Friday the play was a bit closer. If the score stood 13 to 8 with some minutes of the third quarter, McLellan, who did the punting and passing for Gruber. Hooker defensive players made a quick decision to run the ball, ending three plays, to chalk up a 30 yard run in and the deciding touchdown by Ed Vernon and Gordon also scored touchdown during the play.

Translation Of Holland Letter

Following is a copy of the letter from the Holland family which has been adopted by the Twentieth Century club of Spearman. It is in answer to a letter the club wrote to them.

The letter was written in their native language and the club sent it to Washington DC to be translated. It returned this week as follows:

22 September, 1945

Hansom Dear Madam:

It is a great pleasure to me to let you know that we received your letter. You will understand that we appreciate it very much, all the more as you ask in this letter for a picture of us and the children and their names, also our needs and to learn to know us better. We are very glad whole family, and give you the names in consecutive order:

Father with on his knees Josephus Hermanus (Josje) 4 1/2 years old. Then mother with our baby of six weeks Emma Cornelia (Emmy) Next to father Jacobina Cornelia (Jansje) 3 years old. Behind him our oldest daughter Anna Marthe (Annie) 12 years old. In between father and mother our oldest boy Wilhelmus Petrus (Wim) 14 years. Next to mother Stephanus Cornelis (Steeffie) 4 years and behind him Fransiskus Gerardus (Frans) 11 years old. Quite a family don't you think so? The Madam you ask me what sort of things we are in need of. To answer this question is not so easy because we are afraid to become a little indiscreet. But convinced that you will understand how much we have suffered during the war and that we were not able to buy anything we hereby give you a list of things we need most. Today it sometimes happens that when there are a few things for sale, prices are so terribly high that we are not able to buy it. Following you will find a list of the most needed things.

For father a pair of socks, large size
For mother dress, slip, bloomers, vest, size 18
For baby knitting wool and some diapers
For Wim a pair of stockings, trousers, waistline 30 inches
For Annie shoes size 6 1/2, coat, dress and slip
For Frans shoes size 5 1/2, trousers and coat, waist 17 inches
For Josje little shoe size 4
For Steeffie shoes size 3
For Frans waistline 12 and stockings
For Josje little shoe size - stockings and some underwear as she hardly has any. Some towels also would be very welcome. As you see Madam this is quite a list of wishes and still with wintering coming our biggest worry is warm blankets for the children on their beds, which cannot possibly be bought yet in Holland. Dear Madam, it is his list which I am giving you believe me that I am not exaggerating and given you the needs in the most sincere way. We understand of course that you cannot fulfill all our wishes but believe me we will be thankful for the smallest thing you give us.

We are hopefully looking forward to hearing from you with kindest regards we are,
Father P. G. Hollander
Mother C. G. Hollander - van der Raadt and children.
P.S. the photo had been made in September.

Gruber Folk Lease Rich's Cafe This Week

Announcement is made in this weeks paper that Jack Thomas and E. D. Moore of Gruber have leased the Rich Coffee Shop Cafe in Spearman, and will open for business at the same location Thursday Nov. 21st. The new Cafe owners announce Free donuts and coffee for the opening day.

Mr. and Mrs. Thomas and Mr. and Mrs. Moore will operate the cafe, and plan to make their place of business attractive to the public, by giving good wholesome coffee and good food with service which a smile!

Last Rites For Walter Evans Held Sunday

Memorial services for Mr. Walter Evans were held at the Gruber Methodist Church Sunday evening at 8:00 o'clock. Mr. Evans passed away on Friday Nov. 15th at his home in Gruber.

He was born in Winney, England August 18th, 1871. He was married in Worcester, England to Rosina Pye and came to America in June 1907. To the union were born two sons, Walter T. and Arthur W. Also, there were three grandchildren, who survive: Walter Ted Evans, William Gary Evans, and Mrs. Weldon Cherry. There is one great grandchild, Nelda Gable Cherry.

Mr. Evans was a member of the Methodist church for 65 years and had been a Sunday School teacher for 46 years. During which time he had a perfect record of attendance.

Ministers were: Rev. Charles E. Fike and Rev. Herbert Hughes of Gruber.

pallbearers were: L. K. Garrett, Hayden Hart, Mark Hart, Frank Fleck, J. E. Sluder and C. H. Winder.

Flowers were from: Mrs. Elvin Garrett, Mrs. J. C. Harris, Mrs. Mart Hart, Miss Dorothy Ellis, Mrs. Bob Pollett and Mrs. Ella Decher.

Funeral services were held at 10:00 a.m. on Sunday, Nov. 17th at the Gruber Methodist Church. The casket was borne by the Gruber Methodist choir.

Funeral services were held at 10:00 a.m. on Sunday, Nov. 17th at the Gruber Methodist Church. The casket was borne by the Gruber Methodist choir.

Germans Worked on Brain Control of Artificial Limbs

An artificial leg activated by impulses from the human brain was the goal of German scientists during the war according to a report on an interrogation of German scientists revealed by the army air forces.

One of many "physic-mechanical" experiments of the Aeronautical Research Institute of Munich, the leg used electro-mechanical devices wired to the severed nerve endings. The Germans believed that Galvanic electricity flowing along the nerves would supply the power impulses and that these could be controlled mentally, manipulating the leg according to the wishes of the wearer.

Investigators believe that varying degrees of concentration were to be employed by the amputee on the theory that mental intensity would act like a rheostat, controlling the amount of nervous electricity and moving the leg in the manner desired. The Germans were as much interested in proving the disputed point of the existence of nervous electricity as they were in perfecting a fool-proof artificial leg.

Square Farming

In "square farming," rows run according to the compass, not across the slope. The result is that each down hill or furrow forms a watercourse along which the surplus from rains can flow, picking up soil and concentrating the muddy water into rills and streamlets that grow into gullies—as well as favoring the sheet erosion of "washing" that accounts for the loss of so much valuable topsoil. In farming "on the level" the good manager often breaks his sloping fields into comparatively narrow strips and alternates row crops that are truly "the level" with bands of close-growing crops such as mixed hay, alfalfa or clover. Then if a heavy rain causes some runoff from a cultivated strip, the silt-laden water flowing down the slope soon reaches the protective strip of sod where the soil particles are likely to be filtered out and held by the stems of the grasses.

Abnormal Fat

A combined lack of vitamins and endocrine hormones may cause the type of obesity in which humans weigh several times the normal body weight. Dr. Gustav J. Martin of Philadelphia told the American Chemical Society. Experiments were made on rats in studies concerned not with ordinary fatness, but obesity in which humans soar up in weight, sometimes 700 to 800 pounds. Truly fat rats, weighing almost twice the normal adult weight, were produced through a combined lack of vitamin E and the male sex hormones, testosterone. Dr. Martin said. The experiments, he declared, showed clearly "that castration alone does not cause obesity." But this combined with a deficiency of vitamin E does produce true obesity.

Hardy Weeds

A majority of weeds found in the eastern part of our country and perhaps in other parts are of a high order of development. These are hardy creatures. They are not easily disturbed by abnormal agencies such as too much salts or too little salts, as are found in commercial fertilizers. Grasses and other family members can withstand often ten times the osmotic concentration that could be tolerated by the mallows, geraniums or clovers. When the sea is blocked off and the land claimed for agriculture, when too much toxic salts of copper, mercury, or boron are used, grasses are one of the first economic plants which may be utilized after a time.

Remove Fruit Stains

Hold the kettle high when using boiling water to remove fruit, coffee or tea stains. The added force given to boiling water when poured from a height of two or three feet makes it more effective in driving out stains. Place the stained fabric over a large bowl or bucket on the floor, then pour boiling water from a kettle held several feet above. It is difficult to remove stains after they dry, so treat them at once if possible. Boiling water is one of the simplest remedies to use, if it doesn't hurt the cloth. Even warm water may remove the stain. However, never use soap. The alkali in it may set the stain and cause the removal to be even more difficult. If boiling water doesn't take out all the stain, use a mild bleach such as sunbrite, hydrogen peroxide or sodium perborate.

Poor Posture

Certain things tend to prevent good posture, says Dr. Beckett, Howarth of New York. For example, fatigue, lack of sleep, malnutrition, or mental depression causes drooping, and the pelvis shifts and tilts forward, the abdomen protrudes and the chest flattens. The corpulent abdomen throws the body off balance and the upper part of the trunk and the head are thrown back to maintain balance, resulting in a swayback posture and back strain. The tall person may stoop to reduce his height to that of his neighbors to fit his clothes, doorways, furniture and pullman seats. Clothes which are too small might also tend to cause imbalanced posture. High heels tend to throw the weight forward; this effect must be counter-balanced by swaying the back or flexing the knees and hips; either of these compensations is apt to be uncomfortable and fatiguing. Certain occupations, such as desk work, favor poor posture, especially when long hours are spent in one position.

Boilermaker's Ear

"Boilermaker's ear" is a condition in which the hearing may be normal or nearly normal in the middle and lower ranges of sound but cannot register high pitched tones, is a widespread impairment, resulting generally from long-continued exposure to noise. Foundrymen, riveters, welders, boilermakers, punch press operators, and tractor operators are often victims of this ailment. Elevator operators in high buildings are also subject to it. This ailment is being intensively studied by many large concerns, with brief regular rest periods found of preventive value. The ailment also crops up mysteriously among persons with no history of exposure to noise. Many persons with this trouble are unaware that a part of their hearing range is impaired or gone; they often fail to hear a telephone bell or even a warning siren, if it is pitched within their "lost" hearing range.

Determines Individualistic Strains of Flu Viruses

The influenza virus, an almost infinitesimally minute living particle, not only exists in several forms but these forms are quite different and individualistic, as if they were different species of animals. Dr. Jonas E. Salk of the University of Michigan concluded after studies. Determination of differences between strains is essential for effective vaccine.

Since virus particles are too small to be seen differences can be found only in their behavior in certain psychological and chemical tests. It has been recognized for some years that there are two major types of influenza A and influenza B. The maladies caused by these are indistinguishable so far as overt symptoms are concerned, but their immunological reactions are quite different. A vaccine prepared from A virus is of relatively little value in protecting a person from influenza caused by B virus. The vaccine used by the army is prepared from a mixture of both.

Dr. Salk's experiments show that within these two types there are highly individualistic strains. Since the flu viruses were first isolated several continuous hereditary lines have been maintained at various laboratories. He tested some properties of these strains—especially a blood-agglutinating ability—under various degrees of heat. Quite marked differences were found.

Cows Prefer Quality

Long ago, cattle raisers observed that cattle eat more high-grade hay than they do low-grade hay. The more feed value cattle got from home-grown hay the less they will have to get from some of the expensive purchased grain feed. So it is important for farmers to learn how much more high-grade than low-grade hay cattle will eat. Fig.

OSLO NEWS

No news report has been made from this community the past 2 weeks because the mail carriers could not get it to the publishers in time for publication due to Armistice Day, muddy roads and etc.

Since the last report Mr and Mrs Gordon Stedje are proud parents of little Beverly Arlene, a baby daughter.

How much light is enough to safeguard young eyes?

Of course, a baby can't read, but he can strain his eyes under poor light. It is an appalling fact that while most children are born with good eyes, by the time they reach school age one out of five suffers from defective vision.

Don't take chances with your children's priceless eyesight. Give them the protection of good light—and plenty of it—when they play or study indoors at night. Make sure the light is evenly distributed and free from glare. We'll gladly help you with suggestions for improving your home lighting. Ask about it today.

COMMUNITY PUBLIC SERVICE COMPANY

EYESIGHT IS PRICELESS. LIGHT IS CHEAP.

Tilling with a Hundred Teams of Steel

MORE power on the farm means more food . . . more jobs.

If a farmer had three teams of horses twenty-five years ago he was well equipped. Now, with over two million tractors and thousands of other power producers, most farmers command the equivalent of . . . a HUNDRED TEAMS.

Wise use of their power, which can be packed into a few tons of steel, is enabling U.S. farmers to keep abreast of unprecedented food requirements. It is one of the secrets of national progress.

Steel horsepower does more than produce bigger crops with less labor. It has released, for production of human food, millions of acres once needed to feed horses and mules,

and has created thousands of new jobs for town and city people who process and sell the increased harvests.

The benefits of farming with steel are the result of teamwork between farmers and industry. The farmer knows what he needs; industry knows how to supply it at a price he can afford. This teamwork must continue if America is to remain a land of abundance.

Farmers need still more power. The country needs still more food. Uninterrupted industrial production will permit industry to catch up with the pent-up need for more farm power.

AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

Club To Potentate ... Dec. 1 ... of the Hanford Club will be held ...

hope of inviting any number of Master Masons and their wives as he desires. Of the thirty-five members present at the last meeting of the Shrine Club, most all indicate they would invite at least one couple. Perhaps the potentate and members of the Diva will present the social me-ttag.

Jack Pierce Home On Leave

Bobby Jack Pierce, member of the Marine Corps is home on a 30-day leave. Bobby is stationed at Ft. Ord, Calif. Marine Aviation Base, 28 miles south of Los Angeles. Bobby reports that Postal Director Gene Kerns is also stationed at Ft. Ord and that both are married.

Gene Kerns has a new baby, but Jack doesn't know whether it is a boy or girl, since he hasn't heard from them since he arrived in Spearman.

Jack is going to stay in the Marine Corps until March, 1951, when his three year enlistment expires. His plans to come back to Spearman then and help his father in the wool business.

Coffee Is Still 5c Per Cup Here

There's an awful lot of coffee "hoax" in it. It must be there, because there's a shortage of the stuff on the big plains. Several of you ran into the "hoax" of coffee at Canadian last Friday night, and in most of the larger towns on the high plains, coffee is a dime.

From what we can gather here in Spearman, the nickel cup of coffee (a dime cup is no doubt considered un-American) is still just 5 cents.

In a brief talk with several cafe owners in Spearman, it was learned that most of the owners simply refuse to sell coffee for more than a nickel, unless coffee jumps over \$2.00 a pound. And several of the owners think that raising the price of their coffee would hurt their business rather than make the coffee deal break even.

So, as far as we can tell, you can still get a cup of java for a nickel in Spearman.

Mrs. Watkins Elected Pres. Of Local UCCW

An all day observance of World Community was recently held by the United Council of Church Women of Spearman.

The meeting was held in the First Methodist Church and began at 11:00 A.M. Mrs. Jess Womble, president of the local organization, opened with prayers for world peace.

Mrs. R. S. Watkins, chairman, led the opening song, which was "Jesus Calls Us."

The devotional, given by Martha Mair and the members, was a responsive reading from Ep. 4-11, which was as follows:

World Peace:
"And there shall come forth a rod out of the stem of Jesse, and a branch shall grow out of his roots."

"And the spirit of the Lord shall rest upon him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord."

"And shall make him of quick understanding in the fear of the Lord; and he shall not judge after the sight of his eyes, neither receive after the hearing of his ears."

"But with righteousness shall he judge the poor, and reprove with equity for the meek of the meek of the earth; and he shall smite the earth with the rod of his mouth and with the breath of his lips shall he slay the wicked."

"And righteousness shall be the girdle of his loins, and faithfulness the girdle of his reins."

"The wolf also shall dwell with the lamb, and the leopard shall lie down with the kid; and the calf and the young lion and the fatling together; and a little child shall lead them."

"And the cow and the bear shall feed; their young ones shall lie down together; and the lion shall eat straw like the ox."

"And the sucking child shall play on the hole of the asp, and the weaned child shall put his hand on the cockat's den."

"They shall not hurt nor destroy in all my holy mountain; for the earth shall be full of the knowledge of the Lord, as the waters cover the sea."

"And he shall judge among the nations, and shall rebuke many people: And they shall beat their swords into plowshares, and their spears into pruning hooks: nation shall not lift up sword against nation, neither shall they learn war any more."

"O house of Jacob, come ye, and let us walk in the light of the Lord."

The closing devotional was given by Mrs. Bruce Sheets and the closing hymn was "I've a Story to Tell to the Nations." Mrs. F. J. Dally was pianist.

Those present were Mesdames J. H. Buchanan, Clyde Mair, Carl Hall, Lester McLain, Harold Gray, Floyd Hull, Vester Hill, E. H. Healy, Fendorf Schubert, Jess Womble, Elizabeth Miller, R. L. McClain, M. Altha Townsend, Bruce Sheets, George Buzard, R. S. Watkins, F. J. Dally, Pope Gibner, Beth Masters, and Gus McLain.

Phillips Camp

Mr. and Mrs. Julius Schillings from Sunburn, Pa. and Mr. and Mrs. J. Porter from Lubbock were weekend guests at Mr. and Mrs. Earl Arnette home.

Mr. and Mrs. C. R. Gooch from Delaware, Okla. spent a few days with Mr. and Mrs. Roy Gooch. They went to Berger shopping and sightseeing.

Mr. and Mrs. Richard Brown from Lafayette, Indiana spent Monday night with Mr. and Mrs. John Rogers.

Mr. and Mrs. Elmer Jensen were callers at Mr. and Mrs. Joe Walker's home Sunday and also Mrs. Walker's mothers, Mrs. Peter Dahl.

Mr. and Mrs. Sherman Schibler and David were supper guests of Mrs. Schibler's sister, Mr. and Mrs. Jewel Ward last Wednesday.

Mr. and Mrs. Robnett were dinner guests at Mr. and Mrs. Tom Prater's Sunday.

Mr. and Mrs. Lawrence Jackson and children from Long Beach, Calif. visited in the home of Mr. and Mrs. Joe Walker.

Mr. and Mrs. Dick White from Guyton visited in the home of Mr. and Mrs. Kenneth Bailey Sunday.

Friday evening, Mr. and Mrs. Guyton visited in the home of Mr. and Mrs. Kenneth Bailey.

We are glad to hear that Mrs. J. H. Miller is well.

First place winners were Evelyn Scally, Evans Richardson, and Hollis Dixon and Tom Bannister.

Second place winners were Elizabeth Scally, Evans Richardson, and Hollis Dixon.

Third place winners were Rosanne Taylor, Donna Nell Womble and Jimmy Deak.

Blodgett News

Mrs. Vera Wroten and Mrs. J. P. Jackson attended the Canadian

Spearman game at Canadian last Friday.
Mr. and Mrs. John Kenney, J. M. and Mrs. Kathleen Conrade and daughter attended the funeral of Mrs. Sadie Kenney, at Dal-

hart Monday. Mrs. Kenney is the mother of Mrs. John Kenney.
Mrs. Mort Lynch, Mrs. Claude Stowe and children and Mr. and Mrs. John Kenney were shopping in Perryton Saturday.
Mrs. Deta Blodgett spent a few days at Plainview, Texas visiting her father, Mr. J. P. Patrick recently.
Lester Howell and John Kenney attended the cattle sales at Tahoma, Oklahoma and Beaver Oklahoma last week.
Mrs. Dave Lard and son, Henry Lee Lard of Hot Springs, New Mexico visited in the J. M. Blodgett and Mrs. Archie King home Tuesday. Mrs. Lard is a sister of Mrs. J. M. Blodgett and Mrs. Archie King.
Mr. Mort Lynch is helping Frank Novak build his new home Mrs. Verna Kenney, Mrs. Vina Dick and Mrs. Sid Beck and children attended the wedding of Miss Thadine Beck at the First Methodist Church in Amarillo Saturday evening.
Mrs. Kathleen Conrade and Ramona visited a few days last week in the home of her parents Mr. and Mrs. John Kenney and her grandmother, Mrs. J. M. Blodgett.
John Kenney and J. M. were Amarillo victors Saturday.
Mrs. Verna Kenney and Mrs. Lonnie Kenney attended the funeral of Mrs. Sadie Kenney at Dalhart Monday.
Melva Stinnett, Mrs. J. M. Blodgett, and Mrs. John Kenney attended the football game at Canadian Friday evening.

was entertained by the Gravel
Club Wednesday Evening
November 16th, in the home of
Mrs. Dan Shrader.
Mrs. Buddy Murrell played a
piano solo, "Fantase Impromptu"
by Chopin.
Mrs. Andrews spoke briefly
on what other clubs of the Dis-
trict were doing and on Internat-
ional Relations.
The group closed the program
by singing, "Onward Christian
Soldiers" accompanied by Mrs.
Andrews.
A pot luck dinner was served
to Mrs. Andrews and her mother,
Mrs. Edna B. Daniel, Rev. and
Mrs. R. L. Porterfield and the fol-
lowing music club members: Mes-
sames V. H. Ogle, G. H. Hill, E.
C. U. Lowe, H. H. Hester, B. H.
Buddy Murrell, Jack Hart, Ralph
Reynolds, E. M. McClain, Au-
drey Peck, A. L. Thurston, A.
R. Bort, Wm. Edlin, and the host-
ess, Mrs. Dan Shrader.

The meeting was adjourned with
a prayer.
Those present were Mesdames
Ruby Hull, Mava Gray, Beth Mas-
ters, Terry Hull, Shirley, Peggy
Ellsworth, Ruth McLain, Ruth
Whitson and Cora Hester.

Last Rites For Jack Giblin Held Tuesday

Final rites for Jack Giblin, 49
year-old man who died Saturday
evening of a self-inflicted gun-
shot wound, were held Tuesday
afternoon in the school building
at Morse.

Funeral services were held at
Morse Tuesday afternoon in the
school building at Morse.
Burial was in the Lieb Cem-
etery near Morse with the Minton
Funeral Home of Borger in charge
of the arrangements.

Giblin, a veteran of many years
in Texas oilfields, took his life
with a single shot of a .22 Colt
pistol at dusk Saturday while ly-
ing in bed at his Slimmet home,
located above Curry's Hardware
Store, Justice of the Peace En-
gense Hedgecock, Borger, held the
inquest.

Survivors, other than the widow,
include two sisters; Mrs. C.
E. Jordan of Ft. Worth and Pearl
Hileman of Canyon, a brother,
Charlie Giblin of Glendale, Ariz.
Robin Giblin of Morse was a neph-
ew.

Mr. Giblin was well known in
Morse, having drilled several
holes for men of that community.

Christian Fellowship Group Meets At The Church

The Christian Women's Fellow-
ship Group 2, met Wednesday at
the First Christian Church. The
meeting was opened with a prayer
by Mrs. Ernest Hester, who also
gave a very interesting devotion-
al on "Life of Paul." A play
was given by members of the
group. The play, entitled, "Con-
versation Concerning Communi-
ty." Those taking part were Mrs.
Mava Gray, Ruby Hall, Beth Mas-
ters and Ruth McLain.

The banar is set for Nov. 28
at 8 o'clock in the G. I. Parks build-
ing. The next meeting of the group
will be with Mrs. Bill Masters at
her home where we will entertain
our "District Lady" with a tea.

Pringle HD Club Has "42" Party

Families of members of the
Pringle Home Demonstration
Club were entertained with a "42"
party Saturday evening in the
home of Mr. and Mrs. Joe Hagan
with Mrs. Forrest Price as co-
hostess.

After several hours of play,
a delicious refreshment plate was
served to Messrs. and Meses. Er-
nest Lieb, H. B. Parks and Sharon,
Charles Thompson, Shelby Chis-
um and Deryl, Jack Johnson, Sr.,
Miss Rena Harrison and Mr. and
Mrs. Price and Mr. and Mrs. Ha-
gan and Albre.

This and That

Around Gruver

This is Thanksgiving Week and truly we here in the United States have much for which to be thankful. But it seems to us that the Thanksgiving spirit as we used to know it, is gone. Now-a-days, Thanksgiving seems to be mainly concerned with football. Not that we are against football. We are for it and plan to see a good game Thursday. But we like to see more of the Thanksgiving spirit. God has been very good to us. We still have freedom of many things, we have prosperity, we have more of the good things of life than we ever had before and more than any other people in the world. So let us make this a real Thanksgiving.

A great many Gruver people plan to go to Bovina Thanksgiving for the big football game. Naturally, we are hoping to see our boys win this one. As far as statistics are concerned, we are the underdogs. But, occasionally, underdogs win and we hope I will be that way this time.

serious eye operation. We understand that Mrs. Hart is doing just fine, but will be required to stay several days yet, before she can be dismissed.

Mr. and Mrs. Warren Hart took their young son Mart, to Amarillo last week to have his tonsils removed. We are glad to report that he is doing just fine. We told you last week that Mr. Mahan was taken to an Amarillo hospital, and that was all we knew. Mr. Mahan underwent a very serious operation that night. However, the doctor has allowed him to come home, but he is still a very sick man, and it will be some time before he will be able to work again.

Mr. and Mrs. Leon Casteel of San Bernado, California announce the birth of a son, Neil Harmon Casteel. The young man arrived in California Nov. 13, 1919. Mrs. Casteel is the former June Harmon. Mrs. Estelle Martin, the grandmother left right away to be with June, and see her first grandchild. Congratulations everybody.

Mr. and Mrs. I. W. Ayres, Jr. and their family, and Mr. and Mrs. V. Barris left last Sunday morning for Missouri to spend the Thanksgiving holidays. They will visit Mrs. Barris's sister, the Turk family and Mr. and Mrs. Jake Jacobs. The Jacobs and the Turk's are former residents.

Mr. LeRoy Mussett accompanied by Mrs. Ben Harris and Mrs. Frank Wallin visited Denver last week. They went to see LeRoy's wife, who is a sister to Mrs. Harris and Mrs. Wallin. Mrs. Mussett has been ill for some time, and has been a patient in the Mayo Clinic. We are glad to report that

are students at Canyon. Mr. and Mrs. Gamberfeld were visitors in the home of Mr. and Mrs. Jack Taber. They came up to attend the Hilly Billy show at the high school.

Mr. and Mrs. Clarence Winder left this morning for Georgetown, Texas where their daughter the former Anna Beth Winder is in school. They will spend Thanksgiving there.

Mrs. Cecil Holt is a brave lady we think. She left very early this morning, all by herself for Austin, Texas. Her daughter Rosemary is a student at Texas University. We may have this wrong, but we understand that Mrs. Holt and Rosemary will go from Austin to Fort Worth and spend the Thanksgiving holidays with some friends. Mrs. Holt has a brother there.

Dr. Zeno Holt has at last finished all his post graduate work and will turn his attention to regular practice.

Mr. and Mrs. Guy Cooper and Mrs. Pete Barnes will spend Thanksgiving with their daughter, Mrs. Durward Bell at their home in Bovina. They will of course take in the football game.

Well the Hilly Billy show was a great success. At least from the box office standpoint. The biggest crowd we have ever seen at anything in Gruver filled the high school auditorium to overflowing. Every available chair, including the office chairs were pressed into service. And still many had to stand. The play was sponsored by the Music Club for the benefit of City Park. Over three hundred dollars were taken in. Of course there will be

Hope To Open Gruver Greyhound Basketball Season With Game Against Amarillo Golden Sandies

According to information from Supt. Lawrence Brotherton the new Gruver Gymnasium lacks only flooring and completion of installation of electricity before the gym will be ready for service. The work is being held up at this time because the electrician on the job has not completed his work. The floors can be laid in a few days and Brotherton feels sure that the plumbing will be completed and that the gym, which will seat 1200, will be available for the first basketball game. The first game at the present time is the game with Sanray January 2. However, Brotherton has two open dates, Dec. 6 and Dec. 9. He is expecting to schedule the Amarillo Sandies for one of the open dates.

Speed of Bowling Ball
In one series of tests made recently the average speed of a bowling ball was found to be about 30 miles per hour, with 37.5 miles per hour as the highest speed recorded.

How Gruver Teachers Will Spend Holiday

Gruver teachers will spend the Thanksgiving holiday as follows: Mrs. Herbert McClellan will spend the holiday at Gruver. Miss Louise Branton will spend the holiday at Texhoma.

Mr. and Mrs. Don Ward will drive to Sentinel, Okla. following the winning of the bi-district game at Bovina. They will visit relatives there and at Post, Okla. before returning to Gruver on Monday.

Fred Beck will remain in Gruver for the holiday.

Mr. and Mrs. Carlson will visit relatives at Buffalo, Okla. Miss Mary Lee Reid will visit her parents at Wheeler, Texas.

Floyd R. Dunsworth, principal of high school, will visit kinfolks at Canyon, Texas. Supt. and Mrs. Lawrence Brotherton will remain in Gruver and have postponed their Thanksgiving dinner until Sunday on account of the bi-district football game. Guests for the Sunday dinner will be H. E. Root, father of Mrs. Brotherton; Mr. and Mrs. Gene Root and family, brother of Mrs. Brotherton; Mr. and Mrs. E. A. Michael, sister of Mrs. Brotherton. The visitors are all from Canyon, Texas.

Gruver Students Get Annual Pics

Pictures of school seniors, classes, football and basketball teams were snapped at the Gruver School Wednesday, Nov. 23. The pictures will be used in the school annual which is to be published at the close of the present school year.

Cotton Required by Law
Ancient Hindu laws required that sacrificial thread for Hindu Brahma religious ceremonies be cotton.

Miss Hill Here For Short Visit

Miss Bettie Jean Hill, who is a member of the Dallas Symphony Orchestra, visited her parents Thursday evening, returning to her Dallas address Friday at noon. Miss Hill is making an outstanding record in the 55 piece orchestra. At the present, she is taking advanced lessons in violin under private instructions.

Blizzard Hit Here Year Ago Sat.

One year ago, Saturday Nov. 27, one of the worst blizzards in Hansford County history struck. Official weatherman Fred Brandt has the following in his observer's book:

"Saturday, Nov. 27, began raining at 7:30 A.M. Snow began at 1:00 P.M. High wind blowing blinding snow from 3:00 to 7:30 P.M. Visibility from 3:00 to 7:00 P.M. absolute zero. High wind still blowing blinding snow at 7:00 P.M. Cleared about 1:00 A.M."

(morning of the blizzard, 3 in. of snowfall, 3 in. below zero. Minimum 27th, 21 degrees, degrees. Temperature after storm, 15 degrees.

The outlook for Day in Hansford County is for a cold day. However, armed about the blizzard. Just remember are out driving, in any time. If these of those little can may be wise to get them there for the could come in hand a blizzard.

Canadian Stops Shrine Club Has Spearman, 24-0 Meeting Nov. 8

The Canadian Wildcats blanked the Spearman Lynx 24 to 0, Friday night at Wildcat Stadium, using a devastating aerial attack to break the Lynx defense. Canadian started a mixture of 2nd string and 1st string players, but the Lynx rumped all over the team, holding them to 0 first downs, while the Lynx garnered three. However the Canadian coach promptly put in his 1st stringers in the middle of the 1st quarter, and didn't take them out until the game ended.

The Lynx played gamely, and a time or two, tempers were short as the game almost got out of the officials hands.

Spearman tried everything in the book, and used about every player they had, in an attempt to crack the Wildcats.

In the fourth quarter, the Lynx finally began rolling and drove to the Canadian 11 yard line. A mixup between the officials and Coach Head cost Spearman their scoring chance, however. A Spearman ball carrier was tackled out of bounds and this was supposed to stop the clock. A substitute was sent in for Spearman, but the head linesman claimed that the clock wasn't stopped and they penalized the Lynx five yards. Two plays failed to gain the necessary yardage and the Lynx lost the ball and their only scoring chance.

It was a much better game than the score indicates and the last Canadian touchdown was scored against several of the Lynx second string players.

This was the last game for the Lynx this year.

In a business meeting of the Hansford County Shrine Club held at the Hansford County Memorial Building in Graver Friday evening, Nov. 13, the resignation of J. C. Harris as vice-president was accepted. The rules of the constitution make it necessary for the vice-president to become president at the close of the year. Shrine Harris already has many city positions in the county and therefore his resignation as president so that another member of the club could be elected president at the next regular business meeting of the club. Harris is president of the Farm Bureau in the Graver circuit, church affairs and felt that conflicting meetings he might sign the Shrine Club position automatically. Ralph Blodgett, present treasurer as the vice-president who will become president in the 1939 term. The member will receive at the Dec. 15 meeting secretary-treasurer and president of the club.

Cotton Picking
More than 800 cotton chises have been registered in U.S. patent office.

Picks and Shells
A machine has been invented which picks the ears of corn, and also shells the grain.

Spearman's Jim Morrison this year's body's book, it is a son.

Early in the fourth quarter, from the Stinnett 35 yard line, Norvell Wilson faked back and hit big Al Tucker squarely in the bread-basket for a touch down, but the Spearman line was off-sides and received a 5 yard penalty. This was the prettiest and most effective pass play of the game, and big Al made a beautiful pass catch, only to have it nullified. Stinnett elected to try and win the ball game by two points, and this proved to be good quarter-backing. Stinnett quick-kicked three times the last half, and put the Spearman team in the hole everytime. However, a recovered fumble in the fourth quarter, on the Stinnett 35 yard line, gave the Spearman team a new lease on life. They promptly drove down to the 11 yard line, but attempted a pass which Stinnett intercepted, and ran back to the 32. A quick kick good for 47 yards put the Spearman boys on their own 23 where the game ended one play later.

The line play on both teams was outstanding. It was next to impossible for the offensive team to gain any yardage thru the line.

Time Milking
A milking machine should not be left on a cow longer than three to five minutes. A cow will only "let down" her milk for this length of time.

1948 Dairy Output
Seventy-eight per cent of the U.S. dairy output in 1948 was sold as whole milk, compared with 57 per cent 10 years ago.
