## DON'T ME IT

LL. J. MILLER

The "steepest wheat weather I have ever seen" was the comment of Rex Sanders Ben Beck while conversing in the First State Bank Monday morning. Apparently the boys were not just putting out propaganda to pave the way for a loan, because neither of them visited the Sanctum Sanctorium of the bank.

Rex Sanders who is one man that should be the President spokesman, because he will not tell you anything for publication got stuck the past week while on a trip here in New Mexico. I heard him say something about being quick sand grabbing him at some location that was 30 miles from home or civilization. He said he was stuck for 16 hours. But when asked where he said he would not release any information for publication.

**FOUND:** 1 universal joint. It looks like it came off of a binder. It is in good condition and the farmer losing same may have it by buying the writer a coke.

Feed is doing fine in this county according to reports from County Judge Al Barkley, who expressed the hopes that we would not have a frost before the middle of October, in order that feed might mature.

County Agent Joe Hatton is doing some fine work with the 4-H boys of this county. This week some 13 calves will be exhibited at Amarillo as a result of his program. This is the largest number of cattle to be exhibited in Amarillo at the Tri-State Fair since the beginning of the fair.

An editorial in the Amarillo Times suggests that Congressman Marvin Jones will be appointed to a Federal Judgeship in the near future and brings up the interesting question of Mr. Jones' successor. Quoting from the Times: "John McCarty has long cherished an ambition to take Mr. Jones' place in the national capital. Mayor Ross D. Rogers is an able and qualified public servant. Then there is Senator Clint Small with his many loyal supporters, and a well-defined feeling outside of Amarillo in favor of men like John Sturgeon of Pampa, Curtis Douglas of Panhandle, and various others. We don't know when Mr. Jones will vacate his congressional seat, but we are certain of one thing—when he does, the Panhandle will see one of the liveliest district political races in history."

This writer for one sincerely hopes that the race will not include two such good friends as John McCarty and Curtis Douglas. It makes it embarrassing and down right difficult for this writer to come out in the open and take part in such an election. And to have a lively race without taking any part would be an awful punishment.

If the race should narrow down to the three Amarillo candidates McCarty, Rogers and Clint Small this writer could easily make his choice. McCarty would be the logical man. McCarty has the fighting spirit, the confidence of a large number of Panhandle people and he WORKS for accomplishing any program he enters. He has gained many friends over this area in his official duties as President of the Panhandle Water Conservation Association. While this writer feels a little peeved at the way some of the lake designations have been made we go on record right now and here in relieving John McCarty of any responsibility for the misjustice. McCarty has tried valiantly to see that a fair and just program be carried out, and when and if the Coordinating Committee Approves Lake Marvin Jones, this writer anticipates the loyal support of John McCarty in securing an adequate Federal appropriation to bring true our dream of the LARGEST and BEST lake of the Panhandle area.

One of the ideas that occurs to this writer relative to the rumored political race, is whether or not our well loved and respected Congressman Marvin

## WORK STARTED ON SURVEY OF PALO DURO WATERSHED

Oliver Basinger and J. E. James, engineers from the office of James C. Foster, head of the Bureau of Agricultural Economics at Amarillo, were in Spearman Friday of last week for a preliminary survey of the proposed Lake Marvin Jones Dam Site 10 miles north west of Spearman.

Basinger stated that a crew of several engineers started Monday of this week on the typography survey of the entire watershed of Palo Duro Creek. One division started in Dallam county where one branch of the Palo Duro heads, another started in Moore county, where another branch heads and a third crew started work in Hutchinson county where the middle fork of the Palo Duro heads. A complete survey of the watershed will be made and submitted to the office headquarters.

While no official statement has been made relative to location of Lake Marvin Jones in Hansford county, it is assumed that the expense of securing the complete watershed survey would not be undertaken without governmental officials anticipated a lake in Hansford county at some future date.

This writer gathered from recent information that the new policy of the governmental lake program rather favors lakes where both recreation and irrigation features are available. Should this angle be considered, a lake situated further southeast than the present proposed site would come nearer meeting government approval. Such a lake would serve both the recreational advantages, protect highway bridges, and would enable irrigation in the flats thru out the valley. While there is probably not quite as good sites south east, it is believed that there are many sites that would justify construction of 40 and 50 feet dams that would impound larger lakes than many in the present program.

## Final Date Set For Receiving FSA Loan Applications

The final date for receiving farm tenant loan applications has been set for the close of business on Saturday, Oct. 1, 1938, according to L. H. Hauter, region 12 director of the FSA, which is administering the program, now in its second year of operation. Regional, state and county officials are urging as many tenant farmers as possible to make applications in order that this region may receive favorable attention during the coming years of the program, as the number of applications made will be of effect in determining the scope of the program in future years. All farmers in the designated counties who desire to make application for loans with which to purchase farms under the provisions of the Bankhead-Jones Farm Tenant Act are urged to do so within the next ten days—before Saturday, October 1.

All tenant farmers, sharecroppers, farm laborers, or other person who obtain or recently have obtained most of their income from farming are eligible to make application to participate in this new program. County rural rehabilitation supervisors in the counties designated for this year have application blanks for all persons who may wish to participate. Mr. Hauter recently advised his county rural rehabilitation supervisors to make every possible effort to see that every tenant farmer has an opportunity to at least apply for one of the loans. This is important, as applicants who may now be among those chosen this year will be considered when the program goes into its next year of operation.

For the benefit of those who may have missed seeing previous newspaper notices, only farmers residing in the following counties are eligible to make application for the loans at this time: In New Mexico, Roosevelt and Eddy counties; In Colorado, Prowers and Bent counties; In Kansas, Wallace and Meade counties; in Oklahoma: Texas county and in Texas, Hall HANSFORD, Floyd, Randall and Wheeler counties.

Fred Hoskins and daughters were in Canyon Sunday to enroll Frances in WTSC. On the return trip they remained at Amarillo Sunday night and Monday to attend the fair.

## TWO YEAR OLD CHILD STARTS LINE PLUNGE WITH FATHERS CAR

The two year old daughter of Mr. and Mrs. Dillard Keim, left in their new Pontiac car for safe keeping while the parents watched the football game a few feet away from the car, decided the signals were right for a line plunge and started the car towards the football field. Just how the youngster got the car started no one knows, but it happened to be in gear, and J. E. Carter and his small son of Hardesty, Oklahoma was in front of the car. The lad was knocked down and pulled out from under the car when it was stopped after traveling a few feet. The father, J. E., also father of Joe Carter Lynn player, caught his arm between the car and one of the wires on the fence. His arm was badly wrenched and sprained but no bones were broken. The lad pulled out from under the car was uninjured but terribly frightened. The Pontiac suffered the loss of a headlight, snatched off by the fence wire.

## Secy. Of Agriculture To Speak At Hutchinson, Kans. and Ft. Worth

Secretary of Agriculture Henry A. Wallace will address farmers of Texas, Oklahoma, Arkansas, Louisiana, New Mexico and other Southwestern states at the Will Rogers Memorial Coliseum in Ft. Worth, at 11:30 a. m. Friday September 30, announces C. H. Day, president of the Texas Agricultural Association.

A joint invitation to speak at Fort Worth was extended Secretary Wallace by Mr. Day, J. R. McCrary, Calvert, president, Texas Cooperative Council, which is a federation of all farm cooperatives in the state, and V. C. Marshall, Temple, president, Texas Soil and Water Conservation Association.

The Texas Extension Service and the State Agricultural Conservation Committee, A. & M. College, are cooperating in making plans for the meeting. Mr. Day also has invited all other farm organizations and agricultural agencies in the state to cooperate in making the event a howling success.

"Farmers of Texas cordially invite and urge that you come to our state and discuss national and world problems affecting agriculture. We plan to have the greatest gathering of farmers in the history of Texas to hear you," said the joint invitation from the Texas organization heads.

"Am glad to have an opportunity to talk over present farm problems, particularly of cotton, and discuss the question that have been raised in Texas and other Southern states," said Secy Wallace in accepting the invitation.

Secretary Wallace will come to Texas from Hutchinson, Kansas, where he will address a large gathering of farmers at 2 a. m. on Thursday, Sept. 29, on the present wheat situation. A large number of Texas and Oklahoma wheat growers plan to attend the Hutchinson meeting.

Rev. A. F. Loftin filled the pulpit at the First Baptist church of Martin, Texas, for Clarendon.

## Attends Managers Meeting Next Weeks' Reporter

A. L. Schnell, local manager of the Community Public Service Co., returned Tuesday of this week from a four days trip to Fort Worth, where he attended a state wide meeting of managers for his company. Schnell attended a school for better lighting of homes, and more uses for electrical appliances while in Ft. Worth.

He stated that the policy of the company in the future was to make a complete survey of homes and place lighting where it would be most advantageous. Lighting planned for work and play is the new theme of the company. Schnell stated that thousands of electrical appliances were exhibited at the school.

## City Library Board Order New Books

At the first meeting of the city library board of managers held at the library in the city hall Wednesday afternoon, members heard a financial report of the summer and approved all expenditures to date. The report showed something more than \$15.00 available for new books. The secretary was instructed to order this amount of new books.

Among new books received this summer are "Twenty Four Hours A Day", by Faith Baldwin; "When Deggors Choose", by Katherine Burt; "Acres of Diamonds", by Russell Conwell; "A Reminder" by Kenneth Roberts; "White Oaks Harvest" by Mazo De La Roche, and "The Last Wagon Trail" by Zane Grey.

## Twilight Musical To Be Presented Sunday Night

Everyone is cordially invited to attend. The Musical will be over in time for church services.

## CAR WRECKS WAGON

A car driven by George M. Whitson ran into the back of a wagon on highway 117 owned by Chester Hughes. The wagon was practically demolished. The car was only slightly demolished. No one was injured. The accident occurred Sunday night.

## RACES AT PERRYTON SEPT. 30-OCT. 1

Announcement comes from the Chamber of Commerce of Perryton that Races will be held on the Perryton race track Sept. 30 and Oct. 1. Perryton has an excellent dirt track and will present an event of 40 horses in a series of races. Attractive prizes will be given.

Mr. and Mrs. C. A. Nash, Mr. and Mrs. Orville Nash and son Chester Lee, Mr. and Mrs. Ed Nash, Howard Nash and daughter Diane, of Guyton were guests in the home of Dr. and Mrs. Fred Daily Sunday.

## Halcomb Always Knows As 'Hick', So He Gets Court Permission to Adopt Name

LONGVIEW, Sept. 17—Wilbur Halcomb, well-known Panhandle newspaperman and more recently campaign manager for Jerry Sadler, has ceased to exist. Wilbur vanished from this mundane sphere by executive fiat.

In 11th District court at Houston, Judge Norman Atkinson entered an order changing Halcomb's name from "Wilbur" to "Hick" the latter an appellation (nick name) which he had borne among intimates since childhood, according to Halcomb's petition.

The petition recited that "Whereas, the name 'Wilbur' has always been somewhat burdensome to bear by reason of its objectionable connotations, even unto the suggestion of that which is timid and sissy (your petitioner being just the contrary); for which reason, with others, our petitioner now believes the name 'Wilbur' to be unbearable."

It was revealed that Halcomb had stricken from the petition a certain reference to the similarity of the names Wilbur and Wilbert and alleging that the latter name had fallen into ill repute.

Halcomb said in his petition that he was reared in "the most rural of rural districts in Texas" and that early in childhood his family and friends for lack of a more appropriate descriptive nick name, began to call him 'Hick', which designation stuck like the proverbial flea, until "literally thousands of citizens" have come to know him only by that appellation.

## Campfields and Speers Send Greetings

Mr. and Mrs. Harry Campfield, and Superintendent and Mrs. J. B. Speers of Canyon, former Hansford county citizens send greetings from Canyon to their friends in this county. Mr. Campfield formerly Santa Fe Station Agent holds a similar position in Canyon. Supt. Speers was formerly superintendent of the Morse, Texas schools. He is superintendent at Canyon now.

The two former Hansford families visited with this writer in Canyon Sunday, and expressed hopes of visiting in Spearman in the near future.

## Noel Womble Reported Much Better Today

Noel Womble, who was seriously ill Tuesday as result of the severe burns received last week, was reported much better today, Thursday.

## FOOD SALE

Members of the Mary Martha Missionary society will hold a baked food sale in the old Pekoe Cafe building next door to the Hays Barber Shop next Saturday Sept. 24, beginning at 11 a. m.

## Bond Election At Perryton Carries

According to the latest information available an election at Perryton to vote bonds that would match WPA funds to build a municipal power plant carried by a majority of 25 votes.

Mr. and Mrs. R. L. Porter returned early this week from a trip to Fort Worth, Texas. Elsie Ruth Porter remained to enter TCU for the fall term of school work.

## ADDITIONAL ACREAGE REDUCTION WILL BE SMALL THIS YEAR.

Instead of Hansford county wheat producers reducing their wheat acreage an additional 6 percent from the blanket cut of 43 to 45 percent, only a slight increase in the reduction acreage will be required. This information was wired this paper Wednesday afternoon from County Agent Joe Hatton, who together with Frank Wallin, R. C. Bennett and other members of the wheat board were in College Station in conference with B. F. Vance of the state board.

Early this week information was received in Hansford county to the effect that an additional 6 per cent cut of acreage would be necessary to keep the wheat producers of the county in compliance with the agricultural program.

Local agricultural officials who had determined the cut according to instructions from college station immediately arranged a conference so that the matter might be corrected. Many local wheat producers had planted their acreage according to instructions, and it would have been very difficult to persuade them to plow up a 6 per cent of their total acreage. Such a procedure would create considerable blow hazard, and entail additional expense. The latest information does not indicate just what per cent of land planted incorrectly will have to be plowed up, but the message indicated it would be only a small percentage. Hansford farmers who are nursing their crop along and remembering past experiences with wheat that had to be plowed under before the spring wind storms, are rebelling at any change in the program that would require an appreciable reduction at this time.

Most everyone is in sympathy with the fact that the new program is difficult to figure out so it will apply justly to all sections of the nation, but all except the state and federal officials to keep ahead of the planting season and not make any changes after wheat has been seeded.

## Spearman Sends Large Delegation To Tri-State Fair Tues.

Perhaps one of the largest delegations that has ever attended the Tri-State Fair at Amarillo, left Tuesday morning. Headed by the excellent 40 piece Spearman band and an additional bus load of school children. The fair visitors made quite an impression on Plains people when they paraded down Polk street in Amarillo. The cars were decorated with invitations to come to Spearman, and phrases that would advertise Hansford county. The two buses carried large banners featuring the construction of Lake Marvin Jones. One banner stated "Spearman, the home of Lake Marvin Jones. Come fish with us next year." The second large banner stated "Announcing motor boat races, Spearman, Lake Marvin Jones, July 4, 1939."

## Directors of C of C Meet Monday Night

Starting their regular Monday night meetings, the directors of the Chamber of Commerce met at John Collard's office Monday night of this week. Late developments of the Marvin Jones Lake were discussed. Plans for securing WPA projects for Spearman area was discussed. The directors announced a large membership in the organization.

GUEST EDITORIALS

SCHOOL PRIDE

We find that school pride is at the base of all school activities. We take pride in our band, football team, choral club, and all school performances. We feel that we have helped to develop not only these things but also the recognition of our school. We like to know that our school ranks highly with other schools. It would be impossible for our school to rank highly if each pupil did not feel that it was his personal responsibility to take care of the property of our school. With each pupil doing his part we can be assured that our school will not suffer from each of school pride.

—Estella Garnett

SCHOOL LOYALTY

What is school loyalty? Different people have different ideas on the subject. One says that school loyalty is entering in all sports and contests. Another says that it's being at all ball games, etc., and shouting your loudest for the school. I think, however, that those are just the more obvious ways of showing school loyalty. Isn't one loyal if he tries to keep up his school's standard by doing well in his studies, although he doesn't enter in various contests and shout his head off, figuratively speaking, of course, at ball games? One can show his loyalty to his school in many ways, and it all amounts to the same eventually.

WE PRESENT

Mary Ann Sparks: She was born December 5, 1922, at Springfield, Colorado. She plans to go to school at Tech and major in Commercial Work. Her weakness is pretty clothes she is also an addict of tennis. Her favorite class is band; Mrs. Caldwell is her favorite teacher. Her hobby is collecting souvenirs.

50 STUDENTS

ENROLL IN

TYPING COURSE

There are approximately 50 students taking typewriting in the Spearman high school, and everyone seems to be interested in his work. Rapid progress is being made, and we are looking forward to having another winning team in county, district and regional meets. The Spearman school made a very creditable showing at the State meet last year.

The Commercial department has been built up considerably during the last few years. The desks have all been reconditioned and at present there are 20 machines in the dept. There is a nominal fee of fifty cents per student per month, which goes for the up-keep of the machines.

Clifton Douglas: He was born December 21, 1921 at Spearman, Texas. He plans to go to school at Tech and major in aviation. His weaknesses are girls and football. His favorite class is manual training; Mr. Wilkins is his favorite teacher, his dearest teacher. His hobby is also football.

Mr. Wallace of Denver, Colorado, was here Monday taking Senior pictures. You should have seen all those store bought clothes and powdered noses. Most of the seniors took in the Tri-State Fair at Amarillo, Tuesday and made a gala occasion of it.

I wonder what interest Booker holds for a certain member of the senior class???

The Juniors had their picture made Monday. They feel sure it will be the best picture made, as the class is full of handsome boys.

Most of the juniors attended the fair this week at Amarillo.

The Juniors are well represented this year on the football team by J. R. Keim, Roy Reed, Henry Horn, Howard Perry, Robert Phelps, William Newcomb and Dave Fields. The football boys sure hated to miss football practice.

The juniors are trying to make money selling gum, candy and pop at the football games played here. We want everybody to help us out. The juniors will back the Lynx when they play Phillips Friday night.

Doris Jean reported a nice trip to Austin last week.

Willie Mackie is a very promising young lady in the junior class she makes eyes at all the boys and goes with only the most outstanding one (Merle Mizar), the ladies' choice.

Lynx Lose Opener To Higgins Coyotes

Higgins defeated the Lynx 31-6 in the first home game. The game was a much better game than the score indicated. The Lynx could not get their passing attack to work, but their running attack gained lots of ground.

Book of the Week

—Betty Morton

To give this column a good start let us begin with "White Banners," by Lloyd C. Douglas.

"White Banners" is a story about a family, the Paul Wards, and their children, and Hannah, their servant. Mr. Douglas has woven an interesting story about the heart breaks, the joys and the failures and the successes of

Tuesday Sept. 20, the Spearman High School Band journeyed approximately 100 miles to Amarillo and the annual Tri-State Fair. The first thing in the order of events concerning the band was marching a good way down Polk street. I might mention that it seemed more than a good way to some members. We then proceeded directly to the Fair Grounds.

The parade took place between 11 and 12 o'clock and we had from the time it ended until 2:30 to enjoy the carnival and side shows. At 3 o'clock we broadcast a fifteen minute program over KGNC. We did what we liked from then until 7:30 when we went to the Cavalcade of Hits. Of course opinions differ, but I think most band members liked this show and I'm sure that everybody enjoyed the trip as a whole.

Since this fair is the only thing anyone has talked about, that about concludes the band news for this week.

There is rumor that we may attend the Spearman-Phillips football game at Phillips, but nothing definite.

Joyce Dulaney: was born in Spearman, Texas. Her favorite movie actor is Clark Gable. Her favorite subject is home ec. Her favorite teacher is Miss McLain. She hopes to make this year in Spearman High a good one.

Viola was born in Spearman, Texas. Her ambition is to be a nurse. Her favorite actress is Claudette Colbert and her favorite actor is Robert Montgomery. Her favorite teacher is Miss McLain. Viola Dillow will be rooting for the Lynx team Friday.

these so life-like people. The Wards are rather an unreliable couple and when Hannah comes to them under very unusual circumstances, practically their whole lives are changed.

Lloyd C. Douglas' purpose in writing this book, I believe, was to try to make us see that even though we may fail in something, we may really gain more than if we had succeeded. That sounds rather mixed up and hard to understand, but if one will read this book, he will understand. Constant relief in the odd way in which Hannah handles things prevents this book from becoming too intense.

"White Banners" is an excellent example of a man's adopting a theory or belief and sticking to it and what he gains by it. This may sound as though the book were written just for adults and people who wish to bother with uninteresting theories which characters in the book go by to keep up their ideals, but "White Banners" is really a very interesting and amusing book. If you have not read "White Banners" this column urges you to do so.

His message was interesting and inspiring and full of good advice about which all young people should think. My we have more good talks in chapel like this one.

Dancing Class Show Fine Improvement

According to Miss Coons, the dancing class has some interesting plans for the winter; it plans to appear in several programs. Lora Ann Dodson and Verna Lee Gibber together with their instructor presented a very interesting program at the Lions club luncheon last Tuesday. They will appear in the chapel program next Friday. Miss Coons reports that she regrets to lose Miss Fern Gower, who is going away to school.

WHERE DO FRECKLES GO WHEN OTHINE IS USED?
It's Amazing to Many
For nearly 30 years Othine has been "blasing freckles" and lightening sun-tanned skin. Where do the freckles and tan go? They mildly flake away with the nightly use of this dainty cream. Satisfy yourself, as thousands do each year. The Othine jar must please you, or your money will be refunded. Your local druggist has Othine—or he will gladly get it for you.

OSLO NEWS

The following are my announcements for Sunday, Sept. 25, 15th Sunday after Trinity: The annual outdoor service and picnic, postponed from Sept. 4th will be held on this Sunday, if the weather is favorable. In case of unfavorable weather, the picnic and outdoor service will be called off and regular services will be held in the Church. There will be no Sunday school except if the services are held in Church. The outdoor service and picnic will be held on the James Ranch, south of Guymon.
The confirmation class will enroll on Saturday, Sept. 24 at the Church at 9:30 o'clock.
The Luther League Meeting for Sunday Sept. 25 will be postponed until the following Sunday if the picnic is held. If there is no picnic, due to bad weather, the League will meet Sunday evening. The place will be announced at services.
The Leadership Class meets on Tuesday evening, Sept. 27 at 8 p. m. The place will be announced later.
The Ladies' Aid meets at the Parsonage on Thursday afternoon, Sept. 29. The Brotherhood meets on Friday evening, Sept. 30 at 8 p. m. The place will be announced later.
Ocee Johnson of Clifton, Texas is visiting friends in the community for a few days. He is on his way to St. Paul to take up his last years work at Luther Theological Seminary. The past year he has been serving as assistant to Rev. A. M. Kraebel, Portland, Oregon. One year of practical work is required of all students before graduating from the Seminary which Mr. Johnson attends. He is making the Emil Knutson home his headquarters while visiting in this community.
The fall meeting of the Texas Circuit of the Synod to which the Oslo Church belongs, the N. L. C. A., was held at Waco, Texas, Sept. 18-20. Those from Oslo who attended were James Stedje, Rev. and Mrs. H. C. Hjortholm. Mrs. Betsy Stavio, who is a member of the Oslo church but lives at Gruver and Mrs. Rockaway of Guymon accompanied Rev. and Mrs. H. C. Hjortholm. Mrs. Rockaway went to visit her mother and other relatives who live at Clifton, Texas which is not far from Waco.
Many in the community are already through drilling wheat. Stedjes' were through by Tuesday and Emil Knutson expected to finish Thursday of last week. The favorable weather and soil conditions and the reduced acreage shortened the time for drilling this year.
Gorden Stedje sowed the field belonging to the parsonage property on Wednesday of last week. He was a dinner guest of Rev. and Mrs. Hjortholm on Wednesday.
Mr. and Mrs. Knute Holstad and daughter, Mabel and Mrs. Lars Helvig from Lake Mills, Ia., and Ocee Johnson of Clifton and Inga Reinertsen visited at the parsonage Wednesday evening. All of these people except Miss Reinertsen who makes her home with Emil Knutson's while teaching here, are guests at the Emil Knutson home while visiting the community.
Mr. Ocee Johnson, student at the Luther Theological Seminary, St. Paul, Minn., conducted services at the Oslo Church last Sunday in the absence of Rev. H. C. Hjortholm.
Mr. and Mrs. Clarence Johnson and daughter, Amelia, accompanied Bill Johnson, who returned to Lubbock, as far as Amarillo on Monday of last week. Mrs. Julia Jones, a sister of Mrs. Johnson also went that way to her home in Denton, on the same day.

R. V. CONVERSE SAYS—

The War Dogs in Europe are still snarling and growling although the Czechs have thrown the bone of contention to the British Lion for settlement. It looks as if the snarling will gradually lessen with the dismemberment of Czechoslovakia. This shows what wonderful ability the British diplomats have at their command. In some quarters Great Britain is being excused for her support of Hitler's demand because of the Japanese naval force in close proximity of her Pacific possessions, and again it is easy to spend the other fellow's wealth.

It is predicted by some that farm income will only show a slight increase in prices during 1939. It looks fine for the farmer, doesn't it?

It looks as if nearly everyone has the jitters, even the farmers in many localities are becoming dissatisfied with the farm program. The beneficiaries under Social Security are dissatisfied with their benefits. The old folks on pensions are dissatisfied with their benefits; the big industries are dissatisfied with the federal

allotments for their benefits, and in general everybody seems to be dissatisfied with his or the other fellow's portion — all of which points to a very interesting and lively political campaign in 1940.

I noticed a newspaper headline which stated that the banks are bulging with idle money, but they have no borrowers. And some bankers must be totally blind.

Some of the arguments against the poll tax are that it creates an improper division of the electorate; that it promotes corruption in politics and disfranchisement of certain groups of citizens.

A great many new paper writers are criticizing President Roosevelt for dabbling in the primary elections. Why isn't it just as fair for a president or governor to advise the people on whom they think they can best work with as it is for a superintendent or foreman to suggest to the owners of a business whom might make the best employee. Are not the politicians the employees of the people? I will admit it sometimes looks as if the people are employees of the politicians, especially when it comes to political pay day.

Yours,
R. V. Converse.

## POLITICS

When W. Lee O'Daniel ran for governor, it amused him to write a song which he called "The Hillbillies are Politicians Now."

If O'Daniel whistled that tune this week — conceding he even feels like whistling—it must be with a plaintive minor; for as Senator Hill of Henderson platinudously and succinctly stated the case, "the honey moon is over."

Many thought the honeymoon was over when O'Daniel endorsed six men in the run-off primaries, thereby alienating many a voter. They had proof of it at the Democratic convention in Beaumont last week.

Cat Fight

The "love feast" cheerfully predicted by W. Lee O'Daniel for his term as Governor of Texas seemed destined to turn into a cat-and-dog fight as a turbulent state democratic convention closed in the early morning hours after refusing to listen to the gubernatorial candidate it had endorsed only a few hours before.

The O'Daniel harmony program ended in a succession of blue notes upon introduction of the subject of a platform plank dealing with old age pensions. In the end the plank which O'Daniel's friends said he approved, but which was denounced by its opponents as ambiguous and even meaningless was carried nearly two to one.

Before the final vote, however, the governor-nominate had stood on the speaker's platform for several minutes, facing a howling crowd of delegates which refused to hear him speak. Finally he left the stage and when the convention finally agreed to hear him, he had left, not to return.

The plank finally adopted, as submitted by Jess Martin of Fort Worth, nominee for State Senator and chairman of the platform and resolution committee, reads: "The Legislature should make immediate and adequate provisions for the social security program and immediately provide for the payment of the maximum amount of pensions and old-age assistance to persons over the age of 65 within the limits and provisions of the constitution of this state and of the constitution and laws of the United States."

Opponents had attempted to amend the plank as submitted, striking out the reference to the United States constitution and laws.

Costly Victory

All in all, the convention was a victory for the O'Daniel forces, but a victory gained not without considerable loss of prestige. Also victims of the surge of emotional voting was the pet theory of O'Daniel and President Roosevelt for abolition of the poll tax.

A proposed resolution to that effect was shouted down. —State Observer

rumored prospective candidates. We have seen the effect of men who hold the respect and confidence of the public attempting to advise their constituents how to vote. Our President has been rebuffed for taking part in such elections. Our most popular governor elect has felt the sting of repudiation from voters when he attempted to tell them how to vote. It is the belief of this writer that our Congressman would have a difficult time to become any one of the many capable men who will likely be in the race to succeed him, and that he will ultimately take no part in such election.

Personally this writer sincerely hopes that the rumor relative to Congressman Jones future is a mistake. Regardless of the splendid talent we have in this district to step into his shoes, have a man that has 10 years of training and work. His prestige and service is so valuable to the Panhandle area that regardless of our choice to succeed him, it would mean a loss to the citizenship of his congressional district.

If Marvin is willing to do this district, I personally think that he is too big and too good to serve our nation as a Judge. I would like to see a Democrat of Texas work for the office of Vice President. If that or make our plans to see what Marvin Jones is selected Secretary of Agriculture when John Nance Garner becomes president in 1940.
