

DON'T NAME IT

By HONEST BILL

By agreement with members of a Hansford county Tax league, week's Don't Name It will be "Farm Relief" ideas. Agreement came about when reverse suggested that certain issues and proposed legislation be thoroughly discussed in the column, and when the writer of this column suggested that these ideas would have to be discussed briefly because of lack of space, one of the members was kind enough to suggest that the Don't Name It column could be used, since it was all bull anyway—

AND HERE IT IS

But before we get serious we will record one idea not suggested at the Tax League meeting. One prominent citizen of the county suggests that we get the picture as carried in daily papers, with the nose hanging from the barn rafters, and the crowd of 9,000 farmers attending a sheriff's sale, and underneath this picture print the words "FARM RELIEF," and make car stickers, attaching them to the windshields of all cars in the county.

Briefly speaking the Tax League at the Saturday meeting adopted two resolutions with instructions for the secretary to ship these resolutions to the state legislators more likely to be in sympathy with the present plight of the farmers.

The First Resolution

Whereas the tax on gasoline is used for roads and improvement of roads for trucks and cars, and whereas practically all farming in this district is done by power, and

Whereas to pay the full tax on gasoline for power farming would add from 10 to 50 cents per acre to the cost of production, in this county and district, where farmers are unable to make operating costs,

Be it therefore resolved by the Hansford County Tax Payers League that we go on record against removing the Tax refund plan as now embodied in our state laws, governing the tax on gasoline, as used for farm purposes, unless a provision is made in proposed new legislation to sell gasoline to the farmers tax free.

The Second Resolution

Whereas the farmers of Hansford County and the entire North Plains district of West Texas have suffered virtual crop failures and the products of the farms have been sold on a market that is below the cost of production;

Be it resolved by the membership of the Hansford County Tax League that we officially petition the state legislature to enact necessary legislation which will remove the penalty and interest on delinquent taxes up until the present 1933 crops of this section can be harvested.

In addition to the above resolutions, which represented official action of the league, unofficially the members discussed most everything from the rapid increase in the purchase of fire arms in North Dakota, to new money.

One of the most practical extemporaneous ideas offered was the suggestion that the government take up all the entire mortgage indebtedness on farm land in the country with government money, pay off the mortgages against this land, give the farmers 40 years to repay the government at 3 per cent interest, and take the money out of circulation as the farmers liquidate their indebtedness to the government for the land, allowing the land to be the security for the money that is issued.

This may seem a bit unsound to some of you folks—but let's analyze the plan. In the first place government bonds are simply the promise to pay. The government bonds really are only promissory notes. Money issued with all the farm lands that are mortgaged as security for the money should make it a specie with a premium because as it would have as much backing as the gold currency of the nation. The government would net a profit of 3 per cent over a period of 40 years by the simple process of using their credit and promise to pay. If the matter is handled economically it seems that at least two and three fourth percent profit out of the interest could be used for lowering taxes.

It is a dead moral cliché that all the mortgaged land of the United States would liquidate the mortgage indebtedness in a period of 40 years. The government would not stand a penny loss. The farmer could profit millions in reduced interest, in long term payments.

Surplus money would be forced

COLD WAVE HITS PANHANDLE FOR WEEKS VISIT.

Dropping from a maximum of 60 degrees at noon Monday to 11 degrees above zero at 6 p. m., when United States Weather Observer Fred Brandt reset his thermometer, the temperature continued dropping until the low of 8 below zero was registered Tuesday morning.

Strong wind accompanied the drop in temperature and swept a light mist of snow and sleet to the extent that no registration of moisture was recorded by Mr. Brandt. According to information from Amarillo Daily News, moisture to the extent of .47 inch was registered at Amarillo.

Throughout the day Tuesday the temperature remained at near zero, registering as low at 4 below at 6 p. m. Tuesday evening. Falling temperature brought the mercury to an official of 10 degrees below on Tuesday night with a gradual rising temperature throughout the day Wednesday.

Temperature during this cold spell has been low all over the entire North Texas area. Lowest temperature, according to daily paper stories, was registered at Boise City, Oklahoma, with a low of 16 below zero. However these same reports as recorded in the daily paper gives Perryton and Spearman at 14 below zero, whereas officially the registration was 10 below according to Fred Brandt. One thermometer at or near the Bob Morton Ford Company registered a low of 18 degrees below zero, and a thermometer at the White House Lumber Yard registered a low of 13 below zero. At the Reporter office at 8 a. m. Wednesday a thermometer registered at low of 9 below.

With the extreme cold weather a damper has been placed on business, and everyone except the Gas manager Cecil Foote is carrying around a long face. Foote grins every time he gets a breath of the cold air.

John Collard, who knew Mr. Bonifis and Mr. Wright, partners in the first townsite company in Hansford County, when Old Hansford was established, brought in the information that is incorporated in this write up.

Quoting from the story of his life as related to the Panhandle country:

"Mr. Bonifis, however, apparently, visioning a Western Empire in Oklahoma and the Texas Panhandle, purchased for \$600 a section of land from Capt. Frank D. Baldwin, who later became a major general and adjutant general of Colorado.

This land lay in Hemphill County, Texas, about 30 miles from the Canadian River. The eastern boundary of the land adjoined Oklahoma territory and across the wire fence, which had been strung several years before, the Texas cattlemen often tossed food to the Cherokee Indians who gathered at the very spot where Mr. Bonifis' land lay. On this section of raw prairie land Mr. Bonifis platted the town of Oklahoma City, Texas.

Returning to Kansas City, he opened the offices of his newest company, the Panhandle Townsite Co., at 802 Delaware St. Banners stretched across the front of his office proclaimed that lots in Oklahoma City, Texas, would be sold at \$2 each.

This office was opened on March 25, 1889, almost a month before the Oklahoma strip was opened to settlers and purchasers flocked to buy lots in the town by droves. Mr. Bonifis dispatched a salesman to Denver to dispose of lots in the new Western town, and another to Omaha.

In less than 60 days more than 5,000 lots in the new town were disposed of at prices ranging from \$2 to \$25 a lot. The venture netted Mr. Bonifis several thousand dollars and became the foundation of his fortune.

He engaged in another townsite promotion scheme in Hansford County, Texas, with James H. Wright, an early Texas settler.

For a second time, Mr. Bonifis engaged in the sale of town lots in the Texas Panhandle. A courthouse was erected on the townsite and Mr. Bonifis and Mr. Wright went to Peekskill, N. Y., where they disposed of much of their land.

The old deeds show that Mr. Bonifis made a gift of five lots in the town to the county judge, a move designed to aid in permanent

Why Silas Isn't Getting Home

By Albert T. Reid

JUDGE PICKENS GUEST SPEAKER AT LIONS CLUB

Judge E. J. Pickens, guest speaker for the Lions Club Tuesday noon of this week made one of the most impressive and thought provoking talks ever heard by Spearman business men, according to comments that were prevalent following the noonday luncheon.

Without any special preparation Judge Pickens talked from the shoulder on conditions as they exist at this time. He clearly expressed his opinion that the present financial plight was proceeded by a laxity of morals and disregard of obligations that shook the confidence of the people. He predicted the return of prosperity with the return of honesty, sobriety, enterprise and lack of selfishness.

Judge Pickens stated emphatically that the citizens could not borrow themselves rich from the government, and predicted the R. F. C. board would follow in a few years, rebounding to the detriment of the mass of people.

"A leader will come forth from the mass of the people to lead us out of the wilderness," was one Judge Pickens predictions, and he added that such a man and the lessons we are learning would be well worth the price we are paying.

Pranksters Get Pranked

Everyone has heard of the old saying: "You Can't Kid a Kidder," "You Can't Fool a Fool," etc., but a case went on record last Friday night that proved the opposite. It was a case where two pranksters were pranked.

The pranksters, namely, Tom Johnson and R. E. Lee had a good one planned to pull at the social function of the Wendt's Friday night.

As the bridge party was progressing nicely Tom Johnson calmly asked R. E. Lee if he had his snuff with him. R. E. said that he had and pulled out a tin snuff box previously filled with cocoa, and each took a dip, to the horror of the guests, who thought it was really snuff.

Soon the sputtering, blubbering commenced. Tom Johnson resembled Mt. Vesuvius when erupting, and the two made a wild dash for the kitchen sink to get rid of the dip.

The worm had turned. The wives of these two pranksters, having been pranked for several years were in on the carefully planned prank, so they sliply slipped the snuff box and contents before the party and mixed its contents with a large portion of red pepper.

Mr. and Mrs. Harry New of Pampa have moved to Spearman to make their home. Mr. New will be shop foreman at McClellan Chevrolet Company.

ANOTHER OPEN LETTER TO MANAGER CECIL FOOTE OF THE GAS COMPANY

Dere Cec:

In the spirit of giving the devil his dues, I hereby record the argument you set forth as for the reason that gas bills were higher for January than December. You stated that due to the fact that the wind blew and blew considerably more in January than in December this was the occasion for higher gas bills. Now Cec, I confess that I kinda' thought that was blue-oney, but right now I am confused as to which it is. Down at the Reporter office we started our fires in high Monday afternoon and did not turn them off a bit Monday night when the wind was the windiest the water froze in Dr. Gowers' office adjoining the Reporter office and we had to knock Tanlack all day Tuesday on account of not having water. Wednesday morning, despite the fact that the official register at Fred Brandt's office showed two degrees colder during Tuesday night than Monday night, the frozen pipe in Dr. Gowers' office thawed out and flooded the entire block. That shore is a good argument that you are right. However, Monday night for the first time at the Miller homestead we kept the home fires burning all night long. Tuesday we had hot water in the bath room. Tuesday night we turned up the fires and lit the bath room heater leaving it burning all night long and we did not have hot water Wednesday morning; it was frozen. That's not a very good argument for your theory. So you can readily see that I have a right to be confused.

But getting back to what I started to say, was this: When I woke up Tuesday morning and trotted into a warm room, and visioned what kind of time I would have had if I had faced the ordeal of building a coal fire, I kinda' felt like the Kentucky Col. felt about corn likker—gas in a blizzard is cheap at any price. Here's hoping you fix up a page ad—so I can pay gas bills March 1st.—Bill.

Goodwell Colloge Play Here Tonight

Tonight, Thursday, February 9, the Spearman Eagles, town basketball team will be put to a severe test, when they meet the Goodwell Colloge five on the local hardwood.

Goodwell Colloge boasts of a winning team, three of whose players, the Hale boys, are well known in this section for their basketball playing ability. Coach L. B. Field is anxious to show the people of this section that he has a winning team. The Eagles are just as determined, and have been waiting all season for a game with Goodwell.

Atticus has game. Hooker Here Monday Monday night, February 13, the local boys will entertain both the first and second teams from Hooker, Oklahoma. The two games at Hooker a few weeks ago proved very interesting, and the Eagles expect to turn in a couple of victories from the encounter. However, you better come and see who wins.

Wilmeth Announces 70 Cent Wheat

Roy Wilmeth, manager of the Spearman Hardware Co., announces this week that the International Harvester company will pay 70 cents per bushel for No. 2 hard wheat, up to the amount of 20 per cent of machinery indebtedness or 20 per cent of the purchase price on new machinery.

MORE MEN WANTED IN ARMY

The United States Army Recruiting Station, Room 339 Post Office Building, Amarillo, has received an additional quota of 15 men for enlistment for Infantry, Ft. Francis E. Warren, Wyo., for the month of February, 1933.

If you care to join the army get in touch with the above station at an early date.

Dr. and Mrs. J. C. Jones are moving their household furnishings from Dallas this week to the Jones Ranch on the Palo Duro southwest of Spearman. Dr. Jones practiced medicine in Spearman several years before moving to Dallas.

BOY SCOUTS TO PLAY LIONS IN BASKETBALL

Accepting the challenge of the Boy Scout troop of Spearman for a basketball game at their regular meeting Tuesday noon, Lions set Monday night of next week for the contest.

Tailwister Bill Miller was elected as manager of the Lions Basketball team, and announced practice from 6:30 p. m. to 1 p. m. each night this week in preparation for the defeat he alleges will be given the eager eagles of the scout troop.

Tall slim and graceful Lee McClellan was accepted as jumping center for the Lions. Judge Broadhurst, Bill Merritt, Fred Brandt, John Collard and Bill Miller will try out for guard positions. Dwight Holland, Cecil Foote, Bill McClellan, Oh! Gosh Collins and Doc Word will vie for Forward positions.

In the camp of the enemy the Scouts are keeping a deep dark secret of their line-up, but it is alleged that Max Lackey and Bob Archer have seen them work-out and both men have been pestering the banks for loans for some unknown reason.

Championship Game Basketball Will Be Played Tuesday.

Both the girls and boys basketball teams will play at Perryton next Tuesday evening, the girls to decide the sub-district championship of this district. In the boys division both Perryton and Spearman have won a game, and the Tuesday contest will settle which is the premier team of the two squads.

Exceptional Show At Lyric Theatre

An exceptional show will be at the Lyric Theatre on Friday, Saturday and Sunday of this week. It is "Okay America," starring Lew Ayres and Maureen O'Sullivan. Many are familiar with this great picture and will welcome its showing in Spearman this week.

J. K. Baze, Marine Transferred to Calif.

Mrs. J. C. Tuttle, Miss Erma Crittenden and J. K. Baze motored to Sayre, Oklahoma, Saturday where they were met by a brother of Mr. Baze of Oklahoma City. J. K. returned to Oklahoma City with his brother and will entrain for San Diego soon and resume his duties in the marines.

He has visited in the home of his mother, Mrs. J. C. Tuttle, of Spearman during the past few weeks, while on a furlough. He received word several days ago that he had been transferred from the Atlantic Coast in Virginia to San Diego, California, and was instructed to report for duty there March 1.

WHO SAID WE'RE BROKE

According to information gathered from Hicks Wilbanks, Sam Gillispie, and D. W. Holland, taxes were paid in the following ratio:

School Taxes, 60 per cent.
State and County, Taxes 44 per cent.
City Taxes, 20 per cent.

Of interest to the writer is the fact that some of the money tendered for taxes was in gold and some of the currency had the smell of mother earth, indicating many have gone to their hoarded resources to satisfy the governments' claims.

JUDGE C. W. KING GIVEN AGREED COURT VERDICT

The following judgment was agreed to by all parties concerned in the case of C. W. King, after all testimony had been presented:

(1) It is agreed that adequate grounds for removal of C. W. King as Judge of the County Court of Hansford County, Texas, was alleged in the application for removal presented to and heard by the judge of this court on the 23rd day of December, 1932; and that the said E. J. Pickens, Judge of the said district court was fully warranted in executing the order of temporary suspension which he did execute on said date as prayed for in the petition presented to him by J. H. Broadhurst, county attorney of Hansford County, Texas.

(2) Due to the expense arising in connection with the trial of the case and taking into consideration the fact that the tenure of office to which the said C. W. King had been elected expired on December 31, 1932, and the further fact that not more than \$28 is the maximum amount which the said C. W. King could possibly recover should the plaintiff in this suit fail in its prosecution thereof, all parties agreed that it is consistent with good business and will conserve the funds of the county to terminate this suit without litigating the matters involved.

Wherefore, it is agreed between the parties hereto that the jury heretofore empaneled herein be discharged and that a judgment in accordance with the foregoing agreement be entered herein, and that Defendant waive all claim to the salary of said office as county judge for the remainder of the term of office for which he was temporarily suspended; and that no adjudication of the remaining issue be necessary.

And the Court having considered the foregoing statements and agreement made in open court by the parties hereto and being of the opinion that same should be approved and a judgment in accordance therewith entered herein, it is therefore ordered, adjudged and decreed by the Court that in accordance with the foregoing agreement said suit is in all things dismissed, and no judgment for costs be taxed herein as it appearing that same have heretofore been paid.

Signed, this 2nd day of February, 1933.

E. J. PICKENS, Judge
84th District Court.
W. L. McCONNELL,
District Attorney.
TATUM & STRONG,
By Frank Tatum,
Attorneys for State of Texas.
C. W. KING,
Defendant.
W. S. BIRGE,
Attorney for Defendant.

COURT RESPECTS COLD WEATHER

After what is recorded as the lightest docket of District court in many years, the cold wave Monday afternoon completely finished the present session of court. Juries for the term were dismissed, and the grand jury which was scheduled to meet Monday was dismissed until Saturday of this week. Judge Pickens held court Tuesday morning for one case which did not require a jury.

Little Jack Goodwin Victim of Pneumonia

The Almighty called into his fold the soul of little Jack Goodwin who succumbed to pneumonia at his home northwest of Spearman last Friday, February 3. Jack was the son of Mr. and Mrs. J. F. Goodwin, who have made their home near Hansford for several years.

Jack Goodwin was born at Cyril, Oklahoma, February 3, 1924, and he mourn his loss, besides his immediate family a host of friends.

Dr. G. F. Gibney's week purchased one of the new 1933 Chevrolets from McClellan Chevrolet Company in Spearman.

J. M. Miller of Morse was in Spearman Monday.

TO MISS CLARIECE KREIGER, GRUVER

Dear Miss Clariece: I noted in your paper last week that the Gruver boys' bounds went and defeated Spearman Lynx one point a basketball game. I noted that you were so at the outcome of the game that you had suggested to Bill that you were still mixing up in the County Camp cup. Now Miss Clariece, view of the optimistic view take as to the outcome of the game.

SCOUTS WILL VISIT PAMPA SATURDAY FOR BIG PROGRAM

Scouts of Troop No. 51 Spearman, together with several citizens interested in their work will attend the first annual Round Up of the Adobe Walls country. Scouts to be held at Pampa Friday and Saturday of this week.

Arrangements have been made for the Spearman troop under the leadership of Scoutmaster C. H. Chambers, to present a home-ent play at 10 a. m. Saturday as part of the two days program.

The program as arranged for this affair is one of the most elaborate scout programs ever arranged in this district. It includes a scout organization, it includes events to be distributed. Most of the officials of the Area will be present, making the Round Up a success.

The program includes a free show, scout exhibits, scout stunts, first aid demonstrations, obstacle races and wall scaling, chariot races, Eagle scout play, camping and building, tumbling stunts, bicycle patrol, harmonica band, archery, drills, battle of adobe walls, presentation of awards.

FARM LOAN BILL WILL PROVIDE FUNDS FOR SEED

Final passage of the ninety million Federal farm loan bill, terms of which become effective immediately, will materially aid farmers of Hansford county in planting spring crops. According to information carried in the daily news, the skeleton organization used in making seed loans in the past will be used to effect loans.

Many farmers of Hansford County may find it profitable to plant wheat land to spring crops, such as barley and row crops.

Harry S. New At McClellan Chevrolet

Harry S. New, for several years head mechanic for the McClellan Chevrolet Company, has accepted a similar position with the company and has moved to Spearman from his former home at Albuquerque, New Mexico.

Mr. New has many friends in Spearman who will welcome his work in the mechanical department, which has been outstanding, according to comment of those who know him.

Harry S. New At McClellan Chevrolet

Text of Farm Allotment Bill Printed By Request

HOUSE RESOLUTION 13991

ACT to aid agriculture and to relieve the existing national agricultural emergency.

Enacted by the Senate and Representatives of America in Congress assembled, That this Act be and it is hereby enacted as the "National Emergency Act."

Section 1. It is hereby declared that the depression in prices of agricultural commodities for domestic consumption, and the effect of unsettled world conditions upon foreign markets for that portion of agricultural commodities for exportation abroad, and the inequalities between the prices for agricultural commodities...

(b) That it is the policy of Congress to encourage agricultural planning and readjustment to meet changed world conditions and to aid in restoring the parity between agriculture and other industries and in correcting the inequalities between the prices for agricultural and other commodities.

(c) That the provisions of this Act are made applicable solely with respect to wheat, rice, cotton, peanuts, tobacco, butterfat, and hogs by reason of the fact that the prices for these basic commodities are a controlling factor in establishing prices for other domestic agricultural commodities.

Title 1—Distribution of Commodity Benefits

Section 3. (a) The Secretary of Agriculture shall determine the marketing year for each of the following commodities: Wheat, rice, cotton, peanuts, tobacco, and hogs. The marketing year for butterfat shall be the period of twelve months beginning July 1; and there shall be an initial marketing period for wheat, butterfat, rice, cotton, peanuts, and hogs, commencing thirty days after the date of approval of this Act and terminating at the commencement of the 1933-1934 marketing year for the respective commodities.

(b) Adjustment certificates shall be issued for the initial marketing period for wheat, butterfat, rice, cotton, peanuts and hogs, and for the 1933-34 marketing year for wheat, butterfat, rice, cotton, peanuts, tobacco and hogs; and in the case of butterfat adjustment certificates shall be issued monthly. If this Act is extended with respect to any commodity for an additional year pursuant to proclamation of the President under section 28, then adjustment certificates shall be issued for 1934-1935 marketing year for the commodity.

(c) Each producer of wheat, butterfat, rice, cotton, peanuts, tobacco, or hogs shall be entitled, subject to the provisions of this Act, to have read to him adjustment certificates covering the domestic consumption percentage of the commodity of his own production marketed by him during any period for which adjustment certificates shall be issued with respect to the commodity; provided, That as to cotton, adjustment certificates may, in the discretion of the Secretary, be issued to the producer when the cotton is ginned or the unginned cotton sold. For the purpose of this subsection the domestic consumption percentage in the case of butterfat shall at all times be 80 per centum.

(d) For the purposes of this title the commodity shall be deemed marketed by a producer if sold or otherwise disposed of for him for processing or for but hogs shall not be deemed marketed when sold or transferred to a feeder.

No adjustment certificate shall be issued to a producer in the case of a commodity if the price of such commodity has been depressed by the depression...

(e) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

(f) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

(g) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

(h) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

(i) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

to act as agents of their members and patrons in connection with the issuance of adjustment certificates to which such members are entitled.

Domestic Consumption Percentage

Sec. 4 (a) The Secretary of— (1) In the case of wheat, rice, peanuts and cotton, shall within thirty days after the date of the approval of this Act, estimate, as nearly as practicable, and proclaim the percentage of domestic wheat, rice, peanuts, and cotton to be marketed during the respective initial marketing periods therefor, that will be needed for domestic consumption.

(2) In case of wheat, rice, peanuts, cotton, and tobacco, shall at least two weeks prior to the commencement of each marketing year with respect to which this title is in effect for the commodity, estimate, as nearly as practicable, and proclaim the percentage of the total domestic production of the commodity during the then current calendar year that will be marketed and needed for domestic consumption.

(3) In the case of hogs shall, within thirty days after the date of approval of this Act, estimate, as nearly as practicable, and proclaim the percentage of domestic tonnage of hogs to be marketed during the initial marketing period for hogs that will be needed for domestic consumption.

(4) In case of hogs shall, at least two weeks prior to the commencement of each marketing year with respect to which this title is in effect for hogs, subsequent to the initial marketing period for hogs, estimate, as nearly as practicable, and proclaim the percentage of domestic tonnage of hogs to be marketed during such year that will be needed for domestic consumption.

(b) Any such percentage proclaimed for any period shall be based on statistics of the Department of Agriculture and other Federal agencies as to the average domestic consumption of the commodity for the five preceding periods of like duration.

Face Value of Certificates

Sec. 5. The face value of any adjustment certificate per unit of any commodity covered thereby shall be equal to the fair exchange allowance per like unit of the commodity in effect with respect to such commodity at the time of its marketing, less a pro rata share of administrative expenses as estimated by the Secretary of Agriculture.

Issuance of Certificates

Sec. 6. The Secretary of Agriculture shall designate officers, employees, or agents of the Department of Agriculture (or with the approval of the President, of any other department or independent establishment or with the approval of the appropriate State authority, of any State or political subdivision thereof) for the issuance of adjustment certificates. Such certificates shall be issued upon application by the producer and proof satisfactory to the Secretary that the producer is entitled thereto pursuant to this Act and the regulations thereunder.

Redemption of Adjustment Certificates

Sec. 7. (a) Each adjustment certificate shall be issued in two parts, each to be a one-half the face value of the certificate. Title to either part of an adjustment certificate shall be transferable by delivery. One part of an adjustment certificate may be presented by the bearer for redemption at any time during the year commencing one month after the date of issuance thereof, and other part may be presented by the bearer for redemption at any time during the second six months of such year. Certificates shall be accepted for redemption at the United States Treasury or at such fiscal agencies of the United States as the Secretary of the Treasury shall designate.

(b) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

(c) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

(d) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

(e) The action of any officer, employee, or agent in issuing and fixing the value of any adjustment certificate and in redeeming such certificate shall not be subject to review by any court or by any officer of the Government other than the Secretary of Agriculture.

NOTICE OF REAL ESTATE UNDER EXECUTION

State of Texas, County of Hansford.

Notice of Execution Sale By virtue of a pluries execution issued out of the 84th District Court of Hutchinson County, Texas, on a judgment rendered in said court on the 26th day of May, 1932, in favor of James Shaw, Banking Commissioner in and for the State of Texas, and against A. P. Borger in the case of James Shaw, Banking Commissioner in and for the State of Texas vs. A. P. Borger, No. 2171 in said court aforesaid, I did on the 6th day of February A. D. 1933, at four o'clock p. m. levy upon all the right, title and interest of the said A. P. Borger in and to the following described tracts and parcel of land situated in the County of Hansford, State of Texas, to-wit:

All of Section 2, Block 3, Public Free School Lands, North 1/2 of Section 3, Block 3, Public Free School Lands, Section 17, Block 3, G. H. & H. Ry.; North 1/2 and Southwest 1/4 of Section 69, Block 2, G. H. & H. Ry.; Sections 117, 123, 155, 157, 161, 167, 169, 171, 175, 209, 213, 215, 255, 258, 259, 270, 272, 306, Block 2, G. H. & H. Ry.; and the Southeast 1/4 of Section 226, Block 2, G. H. & H. Ry.; and North 1/2 and Southeast 1/4 of Section 223, Block 2, G. H. & H. Ry.; Surveys and all of above described real estate is

present to us...
Witness our hands this 30th day of January, A. D. 1933.

Dated at Spearman, Texas, this 6th day of February, A. D. 1933.
H. L. WILBANKS, Sheriff of Hansford County, Texas.

NOTICE TO LAND OWNERS

To: N. W. Willard, Flake Reed, Wanda Wilbanks Reed, W. E. Hentz, Charles J. West and Mattie J. West, Non-residents of Hansford County:
You are hereby notified that the undersigned jury of freeholders, acting under and by virtue of an order of the Commissioners Court of Hansford County, will, on the 25th day of February, A. D. 1933, proceed to lay out and survey a road commencing at the S. E. Corner of Section No. 83, in Block 4T, Grantee, T. & N. O. Ry. Company, said County, and running thence west on section lines a distance of four miles to the S. W. Corner of Section No. 86, in said block and grant, and terminating at the said last mentioned point, in said County, and which may run through or along the section lines of certain lands owned by you, and will at the same time assess the damages incidental to the opening of said road,

NOTICE OF SHERIFF'S SALE

The State of Texas, County of Hansford.

Whereas, by virtue of an order of sale issued out of the 108th Judicial District Court of Potter County, Texas on the judgment rendered in said court on the 21st day of January, 1932 in favor of E. L. Roberts and U. N. Olver against R. H. Browder and Cynthia F. Browder, in the case of E. L. Roberts and U. N. Olver versus R. H. Browder and Cynthia F. Browder, No. 9116 on the docket of said court, I did on the 7th day of February, 1933, at 11 o'clock a. m. levy upon the following described property situated in the County of Hansford, State of Texas, as the property of the defendants R. H. Browder and Cynthia F. Browder, to-wit:

All of Lots 17 and 18 in Block 54 of the original townsite of Gruver, Texas, according to the map and plat thereof, and on the 7th day of March, 1933, being the first Tuesday of said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day at the court house door of said county, I will offer for sale and sell at public

THIS WOMAN LOST 35 POUNDS OF FAT

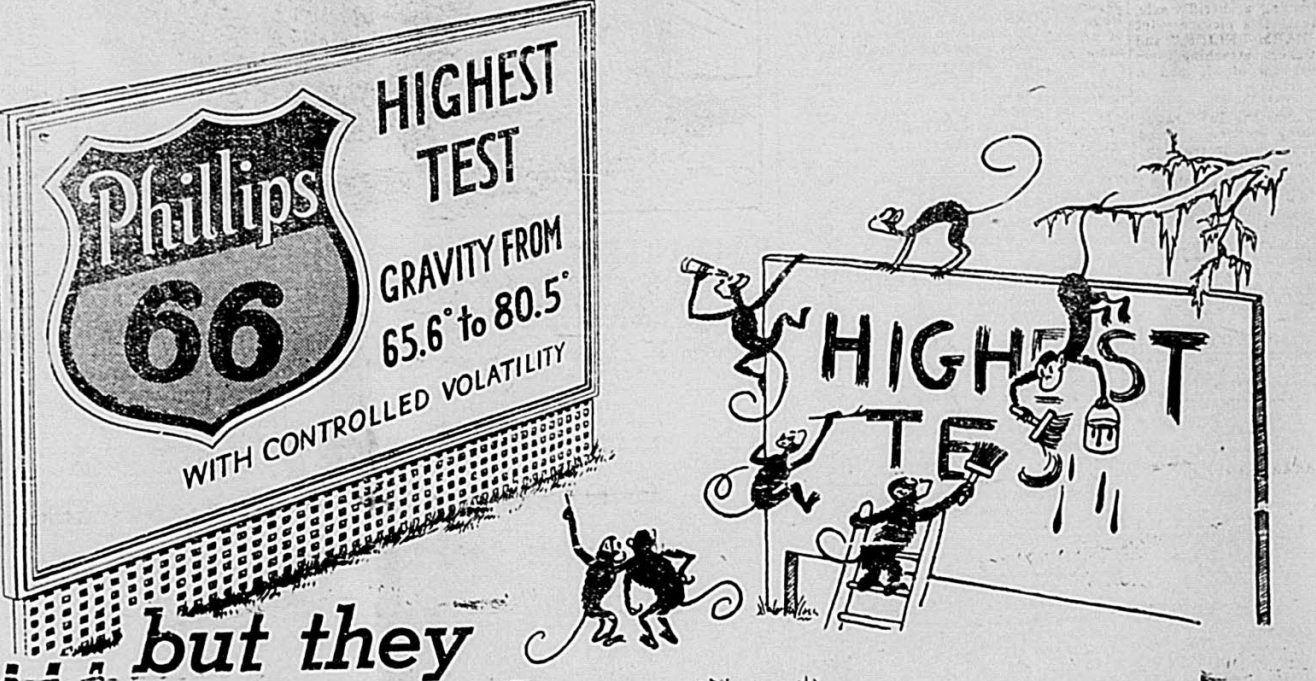

Miss M. Katner of Brooklyn, N. Y. writes: "Have used Kruschen for the past 4 months and have not only lost 35 pounds but feel so much better in every way. Even for people who don't care to reduce, Kruschen is wonderful to keep the system healthy. I being a nurse should know for I've tried so many things but only Kruschen answered all purposes." (May 12, 1932).

TO lose fat SAFELY and HARMLESSLY, take a half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—don't miss a morning—a bottle that lasts 4 weeks costs but a trifle—but don't take chances—be sure it's Kruschen—your health comes first—get it at a drugstore in America. If not fully satisfied after the first bottle—money back.

Wanted
FOR SALE—Bundle feed, 1 lb. per bundle, 2 miles north and 2 miles east of Hitchland.—Wagner Bros. 913p.

Probably there is nothing more distressing than to have somebody get you on the telephone and hooie-long you to death.

The Philippines will not accept delivery of freedom without considering whether it would be better to start a revolution against it.

but they can't copy Phillips 66 results

WHAT has made Phillips 66 the most talked about gasoline in the industry? Why has Phillips 66 achieved the fastest and most sensational success ever recorded in the history of motor fuels? How has Phillips 66 made tremendous sales gains in the face of strongly entrenched competition, in a period of distinctly unfavorable conditions? What is the Answer? It isn't Phillips advertising... because others have already imitated our claims and even our phrases. It isn't the courteous service of Phillips driveway salesmen... because all service station men are trained to be prompt and helpful. So common sense tells you that the answer lies in something that can't be copied... in the dramatic and outstanding results given by Phillips 66, the greater gasoline.

You actually feel the difference the very first time you step on the starter. Whirr-r-r! In a fraction of a second, even a cold cranky engine hums into action. And it is smooth, sputterless action. Touch the gas... and you're away in a flash with a genuine thrill of extra power and response. Improved pick-up and get-away. Yes, sir! No question about it, once you have felt that difference! You get far finer performance from old car or new, with the honest high test of Phillips 66. And is it high? Right now, Phillips 66 gravity ranges from 65.6° to 80.5°, and DOES NOT cost 3¢ extra per gallon. This honest bargain is possible only because Phillips is the world's largest producer of natural high gravity gasoline. So watch your gauge, and the next time you need gas, Phill-up with a trial tankful of genuine Phillips 66 at the Orange and Black 66 shield.

What is CONTROLLED VOLATILITY?
In gasoline, volatility is that quality which makes it deliver perfect performance at any temperature. Since the weather can't be controlled, the only way to insure perfect performance is by CONTROLLING the VOLATILITY—increasing the volatility as the temperature drops. Phillips 66 is the gasoline with Controlled Volatility. That is why it always gives instant action even in below-zero weather... faster warm-up... flashier acceleration... more miles... less carbon and crankcase dilution. Phill-up with Phillips and you will feel the difference, because right now—this month—
PHILLIPS 66 Has 78% MORE VOLATILITY than any other leading gasoline.

"HIGHEST TEST" at the price of ordinary gasoline

Phillips Also Phillips 66 Ethyl at the regular price of Ethyl Gasoline
UNIQUE A gasoline of U. S. Motor grade at a competitive price

Borger Bulldogs Defeat Lynx In Close Contest

The Borger Bulldogs won over the Lynx to the tune of 37 to 26 last night, February 3 at Borger.

Sunday so that both basketball teams can go to the Canadian tournament.

SENIORS

The seniors have suffered from the shock of having passed their three weeks tests. They have really worked since mid-term.

The seniors enjoyed the program put on Monday morning by the grades. They are going to try to follow the health brigade and see if they can prevent themselves from being sick.

SENIORS ENJOY PARTY

The seniors were invited to the home of Mrs. R. B. Archer Monday evening, January 30 for their first class party.

The seniors want to say now that that was the best and liveliest class party that they have ever had, and they surely do thank Mrs. Archer for the good time.

SOPHOMORE NEWS

The enrollment of the Sophomore class has increased since mid-term examinations. The new pupils are: Paul Buchanan, Austin Cotter, Daily Easley, Arthur Haines, Samuel Patterson, Marva Smith, Richard Williams, and Alva Banks.

Our room mother, Mrs. A. F. Barkley, and her assistant, Mrs. R. H. Holton, are planning to give us a Valentine party. We are all looking forward to this event.

PRIMARY DEPARTMENT

The first grade is doing nicely despite so much flu and cold weather. They have begun spelling now and my how they work to make a hundred every day!

GRAMMAR REPORT

The 7 A enjoyed the chapel program very much. They are glad that Roberta Towe, Donavon Clark and Floyd Close are able to be back in school. They have been making talks in English class and enjoy them very much.

WAKA ITEMS

Waka Parent-Teachers to Observe Founders Day, Feb. 10

The observance of Founders Day, promises to be a very interesting meeting for the Waka P. T. A.

Mrs. John Williams has promised to bake the birthday cake, which is to be sold for five cents per slice.

Mrs. T. E. Miller will preside as leader and has worked up considerable interest for the coming program.

The Mennonite choir has promised their assistance and we all know what that means.

Mrs. W. B. Lamaster of Perryton shall talk on any subject she wishes.

A reading by Mrs. Raymond Powell and Miss Aynesworth.

We are happy to announce that the "Mother's Chorus," from Perryton has promised to complete the program.

OLD HANSFORD NEWS

Mr. and Mrs. Paul Roach and daughter were Sunday guests in the C. J. Todd home.

Most everyone in the valley attended the C. W. King trial the past week.

Gladdie Caldwell spent Sunday night with Hazel Thorne.

Everyone that attended the party at Edge's Saturday night reported a splendid time.

Opal Sparks, who has been taking treatments at Guymon, spent the week-end at home.

Mr. and Mrs. Chester Mitts have moved to the G. C. Mitts home.

Our hearts were indeed saddened to learn of the death of little Jack Goodwin. We wish to express our sympathy to the family and friends.

Ross Oldham, Woodie Davis, Leroy Cline and Paul Buchanan were valley visitors Saturday night. Mr. and Mrs. Melvin Hester were Spearman visitors Saturday.

Mesdames C. W. Hendricks and

Nature Park Items

Gid Noble and C. M. Smith were in Spearman on the jury.

Mrs. Dave Jones has not been so well this past week.

Ed Rafferty has been busy pipping water to his house the last week.

Mrs. T. J. May and Mrs. Alan Smith have been attending their cooking school at Gruver.

Mr. and Mrs. Roger Cornett and little daughter of Dalhart visited her parents on the Cavin Ranch Wednesday.

Lewis Smith is visiting William Smith near Tulla.

Rutledge Henderson of Gruver spent Sunday at Cator's.

Miss McCormick spent the week end with relatives in Amarillo.

Olive and Bob Smith spent Saturday and Sunday with their grandmother, Mrs. Jas. H. Cator.

Firestone

Values Realized by

Hansford Co. People

Firestone sales at Consumers Sales Co. in Spearman showed \$300 increase in gross sales from Jan. 1st to 10th, 1933 over sales of same period of 1932

There Must Be a Reason

SURE THERE IS. There is a reason for everything, and there is a reason why Consumers Sales Company sold \$300 worth more, gross sales, during the first ten days of January 1933 than they did the first ten days in January 1932!

THE ANSWER:—Hansford County people have learned that the quality of Firestone tires are never equaled and the low prices offered on them seldom matched. Then who would ever think of paying more for an inferior tire, when they could get a genuine Gum Dipped Firestone, loaded with many miles of Service at no higher price? Ladies and Gentlemen of Hansford County, that is the reason why Consumers Sales is leading in Spearman's tire business.

BUY at Our February SALE

Tire prices have hit the zero mark along with the weather at Consumers FEBRUARY Firestone Tire Sale. You should drive on good tires when you can get such values as we are now offering at prices 25 to 30 percent under the regular list prices.

Fifty and Fit

Whether you are old—or as young—you can be in your prime. You can go along with "fairly good" when you might be enjoying "you haven't felt for years?" There's a simple little thing anybody can do to keep the vital organs in shape, and feel fit all the time. Don't realize how sluggish you are until they've tried it. Want that will stir your new life is Dr. Caldwell's. It will make a most difference in many ways. Your doctor's prescription syrup made with fresh pepsin, and pure pepsin is good work with the

first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive. Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

SOCIETY CHURCH LOCALS

Methodist Church

Last Sunday was another good day. Good attendance at both services. The League had some thirty or more—but not as many as should have been there. Some were sick and others perhaps were afraid to brave the chilly night. Make an effort to be there for all services Sunday.

Sunday school at 10 and preaching at 11 a. m. League at 6:30 in the evening and preaching at 7:15. We give you a special invitation to attend all services. Strangers and visitors are invited to worship with us Sunday.

H. A. NICHOLS, Pastor.

YOUNG PEOPLES UNION

The Young People's Union met Sunday evening at the Union Church to reorganize.

The officers elected were: President, Robert Schertz; Secretary, Matilda Biemer; Yvya Howard, secretary; Leona Leimer, pianist; Laura Rose, treasurer.

The young people of Spearman are very proud to have as our sponsor, Mrs. W. D. Cooke.

The subject of our lesson next Sunday evening will be "Jesus Teaching by Parables," those taking part in the lesson are: "Elsie Harbison, "Parable of the Sower," Laura Roland, "Parable of the Seed," Daniel Traylor, "Hearing the Word," James Gilliam, "The Word Enlightening," Attie Martin, "The Word Sanctifying," Mr. Martin, "Building on the Word."

If you do not attend any other young people's meeting we cordially invite you to attend ours at six-thirty every Sunday evening.

Epworth League

The Epworth League is planning a one-act play to be given at church Sunday night, February 12. The following program will also be given:

Song—Selected.

Scripture—John 15:12-27.

Taking Orders—Leader.

Who Takes Orders and Who Gives Them.—Lloyd Terry.

What is Ideal Religion?—Allene Parker.

Some Difficulties and How They May Be Overcome.—1. Hollie Brown; 2. Robert Newcomb.

Song.

Benediction.

Rev. John Eldridge At M. E. Church

Rev. John E. Eldridge presiding elder of the Perryton district, preached Sunday evening at the Methodist Church, being the first Sunday in this quarterly conference. A goodly number was present and heard the sermon delivered by Rev. Eldridge.

AFTERNOON BRIDGE WITH MESSDAMES, KIRK AND HAYS HOSTESSES

One of the truly enjoyable afternoon parties of the past week was that held at the home of Mrs. Delon Kirk, with Mrs. Kirk and Mrs. Lon Hays joint hostesses.

Progressive auction bridge at four tables served as the pleasant pastime for the afternoon. Mrs. D. W. Holland received high score award and Mrs. W. S. McNabb low score.

An appetizing plate lunch was served the following guests:

Messdames, W. J. Miller, E. C. Worble, R. E. Meek, Lynn Pack, E. K. Snider, Paul Rosch, W. S. McNabb, Tom Johnson, R. W. Maples, Fred Hoskins, R. W. Morton, W. L. Russell, J. D. Hester and D. W. Holland.

MR. AND MRS. FRANK WENDT ENTERTAIN

A tasteful and timely Valentine motif was symbolized at the bridge party Friday evening, February 3, when Mr. and Mrs. Frank Wendt were host and hostess to a number of their friends.

After the guests arrived, each took a tally and found their designated place at the nine tables prepared for bridge. When seven games were played and the plus and minus scores computed, high score awards were won by Mrs. Max Lackey and Cecil Foote and low score awards went to Miss Orene McClellan and Wm. E. McClellan. The score awards were crimson heart shaped boxes of chocolates.

The patriotic motif was also cleverly carried out in the one-course refreshments, consisting of chicken salad on lettuce, a heart of strawberry ice cream, cake with Valentine decorations, and white and red mint hearts with coffee.

Those playing were: Messdames, Robert Douglas, W. E. McClellan, W. L. Russell, W. Holland, T. E. Johnson, C. D. Foote, J. N. Jackson, W. J. Miller, J. Todd, J. M. Lackey, J. E. Gower, J. P. Perrotin, L. B. Cook, and Mrs. W. S. McNabb.

International Sunday School Lesson

By DR. J. E. NUNN

FOR FEBRUARY 12, 1933

General Topic—Jesus Teaching by Parables—Four Kinds of Hearers.

Scripture Lesson:—Mark 4:1-10, 13-20.

1. And again he began to teach by the sea side. And there is gathered unto him a very great multitude, so that he entered into a boat, and sat in the sea; and all the multitude were by the sea on the land.

2. And he taught them many things in parables, and said unto them in his teachings, 3. Hearken: Behold, the sower went forth to sow:

4. And it came to pass, as he sowed, some seed fell by the way side, and the birds came and devoured it.

5. And other fell on the rocky ground, where it had not much earth; and straightway it sprang up, because it had no deepness of earth:

6. And when the sun was risen, it was scorched; and because it had no root, it withered away.

7. And other fell among the thorns, and the thorns grew up, and choked it, and it yielded no fruit.

8. And other fell into the good ground, and yielded fruit, growing up and increasing and brought forth thirty-fold and sixty fold, and a hundredfold.

9. And he said, Who hath ears to hear, let him hear.

10. And when he was alone, they that were about him with the twelve asked of him the parables.

13. And he saith unto them, Know ye not this parable? and how shall ye know all the parables?

14. The sower soweth the word. 15. And these are they by the way side, where the word is sown; and when they have heard, straightway cometh Satan, and taketh away the word which hath been sown in them.

16. And these in like manner are they that are sown upon the rocky places, who, when they have heard the word, straightway receive it with joy;

17. And they have no root in themselves, but endure for a while then, when tribulation or persecution ariseth because of the word, straightway they stumble.

18. And others are they that are sown among the thorns; these are they that have heard the word, and the cares of the world, and the deceitfulness of riches, and the lust of other things entering in, choke the word, and it becometh unfruitful.

19. And these are they that were sown upon the good ground; such as hear the word, and accept it, and bear fruit, thirty-fold, and sixtyfold, and a hundredfold.

Golden Text:—Herein is my Father glorified, that ye bear much fruit; and so shall ye be my disciples.—John 15:8.

Introduction

Jesus had just returned to Capernaum at the close of his second great preaching tour through Galilee. But he did not for a moment cease his ministry. While the crowding multitudes gathered thick about him in the house and around it, his mother and brethren sought him. They had heard of his arduous labors; to their ears had come from Pharasic sources the report that he was insane; so now they sought to get him out of and away from the throngs to a place of quiet and rest. ing then to the seashore for more commodious quarters, Jesus uttered his remarkable sermon in parables. Matt. 13 and Mark 4. It was a new form of instruction in the presence of foes and friends for the two-fold purpose respectively of concealing and conveying the truth. These ten parables (eight in Matthew and two additional in Mark), reveal the Kingdom at its various stages from its establishment in the hearts of men, as set forth in the Net. Thus ten of the thirty-five or forty recorded parables of our Lord were delivered on this one day.

Jesus Taught "Many Things in Parables." v. 2

"And he taught them many things in parables, and said unto them in his teaching." "Parable" is from two Greek words which mean to place beside, that is, to compare. In a parable some object of nature, or some happening of human life is placed beside moral or religious truth in such wise that it throws light upon it. Christ's parables are by far the greatest ever produced. They have entered into the mind of mankind and have moved it profoundly. Such parables as those of the prodigal son, the good Samaritan, the ten virgins, and the last sheep reach the apex of spiritual teaching and of social philosophy.

The Meaning of This Parable

The main teaching of the parable of the Sower which was repeated later (Luke 8:5-15) was to show that "the harvest is regulated by the kind of soil in which the seeds are sown." The sower represents the teacher or preacher of truth, Christ first of all, and then his followers who were with him and who came after him. The seed is the Word of God as contained in the Holy Scriptures and proclaimed in the truth as it is in Jesus. The soils pictured in two general classes; the one productive and the other unproductive.

Different Effects of the Same Sermon

Doctor Whyte, of Edinburgh, tells how one morning he met a lady who said to him, "I did not like your sermon on Sunday." She did not know that the same week her son wrote to the great preacher and said, "That sermon led me to Christ."

The Seed by the Wayside, v. 15

The Hard Soil on the roadway beside the field and on the beaten path across the field does not hide the grain that falls upon it. It represents hardness of heart which may be due to self-hardening or to the fact that one's life becomes a

The Bayer cross is not merely a trade-mark, but a symbol of safety.

The name Bayer tells you that it cannot depress the heart.

The tablet that's stamped Bayer dissolves so quickly you get instant relief from the pain.

There's no unpleasant taste or odor to tablets of Bayer manufacture; no injurious ingredients to upset the system.

Tablets bearing the familiar Bayer cross have no coarse particles to irritate throat or stomach.

Church of Christ

Bible Study Sunday 10 a. m.
Preaching 11 a. m.
Evening Service 7 p. m.
Mid-week Bible Study Wednesday 7 p. m.

Good attendance and growing interest shows that more good and honest people are becoming aroused and are seeing the importance of their religious lives, and its relation to their eternal salvation.

Last Sunday Bro. J. Porter Sanders compared the Christian life to the branches of a tree. Jesus said "I am the vine and ye are the branches." He proved by the scriptures where every branch must bear fruit or be taken away. Also that it would be impossible for a branch to bear fruit unless it had a connection to the trunk.

These simple Bible truths are worthy of your consideration. Look up all the references along this subject and then make sure you are a branch of the church that Christ established. Each individual christian is a branch—are you bearing fruit?

You are invited to tune in on the following radio broadcasts of Gospel sermons every Sunday:

8:30 a. m., K. G. K. O. Wichita Falls, 570; 6 p. m. W. L. A. G., Nashville, Tenn., 1430; 9 p. m., W. D. A. G. Amarillo, 1400.

DON'T NAME IT

(Continued from Page 1)

to find a place to become of some use to its owners. This would place men to work thru-out the nation, start business on the up-grade, and virtually assure markets that would enable the farmers to pay back the government as rapidly as they obligated themselves to do.

Just get a picture of this plan. It seems fool proof to the writer. Farmers and property owners throughout the nation would be relieved of immediate strain, and could pay taxes, taxes would liquidate bonds, bond liquidation would place more money on the markets of the world to accomplish new and practical projects. And one of the greatest injustices of the whole monetary system would be

The man was in his sad and sober senses. "I attended church," he explained; "but my habit was, so soon as you began the sermon, to thrust into my pocket a small tin of snuff, and to participate and arrange the business of the next."

... farm land under cultivation will produce two times the amount of products there is a market for in the world today?

Bear this in mind—if all the money that tax payers have paid to reclaim farm land in the United States could be assembled and applied to liquidating farm mortgages at this time, it would go a long way toward relieving present conditions. If thousands of government subsidized acres of farm land was not placed in the hands of the people overproduction could not exist.

Certainly this plan would not impair the value of our currency, since the currency would be taken out of circulation each year, one-fortieth of the total amount being destroyed as the farm liquidation is effected annually. At the end of forty years the government would profit several million dollars more from the money that was destroyed thru carelessness, thru souvener hunters, and via fires, etc. This profit could be placed to the credit of the people and used for government operations.

Let's study the plan a little. Certainly no one could be hurt without it would be the big mortgage companies, and they could not be materially damaged. The plan could be worked on the basis of liquidating the mortgages over a period of three to five years. Thus the mortgage companies would have time to find new investments for their surplus money. If the market would not absorb the money with securities that would meet the approval of the mortgage companies policies, they could reduce their capitalization by refunding the capital investment immediately to stockholders. In this way Bill Smith over at Pumpkin Center would have \$500 that he did not need, and would be inclined to loan it to John Jones, who in turn would begin producing more wealth for Uncle Sam.

Why would it not be as logical and sensible for the government to issue money to liquidate the mortgage indebted thus giving the farmers a long period and low interest to liquidate, as it would for the government to spend countless millions building dams and reclaiming swamp and desert land for farming, when the present
