Number 12

BIG DAY IS PLANNED FOR MONDAY, MARCH 2

Lynx Lose District Championship to Dalhart Wolves at Big Canyon Tournament

Favorites, But Were Nosed Out by Wolves By a Narrow Margin

The eighth annual Interscholar League Basketball Tournament District 1 was held in the famous Buffalo Gym in Canyon Friday and Saturday of last week, February 20 and 21.

The Spearman Lynx were the favorites throughout the meet. They started off with a bang Monday morning when the Quitaque boys downed the Hereford team. Next Canadian defeated Dalhart by a close score. The awful thing about this game was that Dalhart, Hedley forward, made twenty-two of the twenty points for his team and then lost the game. The best game Friday morning came when the Berger Bulldogs downed the fighting Stratford quintet by a close margin.

To start the afternoon off right the Farwell boys lucked out on the Ollett high team by a very narrow margin. Then the powerful Dalhart Wolves took on the high and mighty Perryton Rangers. The Wolves were fighting hard and came out with the big end of a 28 to 23 score. Next came the favorites of the meet, when the mighty Spearman Lynx took on the Pampa Harvesters in a hard fought game. The Lynx did not start out very good but in the second and third quarters they led up a lead that was never overcome by the fighting Harvesters. The final score being 41 to 21. Riley Windom and Walker were high point honors in this game with eleven points each. In the last preliminary game the Panhandle team easily defeated the Pappy Jacks.

The quarter-finals started late Friday afternoon with the Berger Bulldogs trouncing the small but fighting Quitaque team. In the next game the competition became keen when the Canadian boys finally won from Dimmitt by a very narrow margin. At eight the Spearman Lynx met a fighting Pampa Harvesters team over near the state line. The Lynx won by a score of 34 to 21.

Extends Thanks

The Blodgett Parent-Teacher Association is surely proud of the liberal patronage extended by the large number of people from Spearman and nearby communities who attended the play given at their school house on last Friday night. The house was full and from all reports everyone was well pleased with the play. The music by Halsey Hulbert and the readings by Mrs. Dennis Reed were surely appreciated by all. We thank each and everyone.

The next regular meeting of the Blodgett P. T. A. will be held on March 6 at 3:00 o'clock, when the following program will be rendered:

- Music—Milo Blodgett.
- Safety Pageant—School children.
- Safety First—S. J. Powell.
- Health—Mrs. Ralph Blodgett.

Fats Defeat Leans

The fat and lean basketball teams of the Spearman Lions club staged a game at the high school auditorium last night, in which the fats were victorious. At least, they claim the victory. This doubtless was the poorest exhibition of basketball ever witnessed in the mid-continent field.

of 1931, Following Long Dry Period

January and February have been more kind to Hansford county and the entire north plains country in the matter of rainfall than were the last six months of 1930. Those were dry, discouraging months, with cold winds, a greater part of the time, but scarcely any moisture.

January started off with poor prospects for moisture, but on the 10th of that month, the weather man began to notice this section and sent us .30 of an inch of rainfall. Nothing more happened in January, but February came through with a little snow on the 13th, which amounted to about .05 of an inch of moisture. A rain on the 18th registered .18 of an inch and another on Friday, the 20th, checked up .85 of an inch. This was the best rain that has fallen in this section for more than a year.

points ahead. After this the Lynx gradually began to overtake them when Big John Walker, tall Spearman center got hot and started knocking the bottom out of the baskets. He piled up twenty-eight points in this game. The last game Friday was between the Dalhart Wolves and the Panhandle team. Dalhart finally won by a narrow three point margin. The score being 12 to 9.

The semi-finals started Saturday afternoon when the favorites met the fighting Berger Bulldogs. It was nip and tuck all the way through, the home town boys winning a hard fought game 22 to 13. Walker again led the scorers in this game. Then the Dalhart Wolves took on the Canadian team. Dalhart had a pretty hard time the first half with the Canadian forward, but it seems that they had him pretty well covered the last half. Dalhart won this game by a 30 to 20 score.

And then came the final game at eight Saturday night between the Spearman Lynx and the Dalhart Wolves. To begin with, the game was tight all the way through. At the end of the first quarter the score was 2 to 1 in favor of the Lynx; at the half it was 9 to 8 in favor of the Lynx; at the end of the third quarter the score was 17 to 15 in favor of the Wolves. When the gun went to end the game Dalhart had won the District Championship by a score of 25 to 23.

O'Brien from St. Mary's university at San Antonio refereed the entire tournament and did the job in grand style.

The Spearman Lynx piled up a total of 108 points during the meet, "Big John" Walker, center, making 52 of them, to be high point man of the tournament. Orville Rippey, Lynx Guard, placed on the all-star first team for the second year. Walker, center, placed on the all-star second team, and Orville Rippey, Lynx Guard, received the honor of being named to the all-star team.

Safety First Bus Changes Schedule

Alfred E. Gosnell, general manager of the Safety First Bus company announced Tuesday a change in the schedule effective Wednesday, February 25, of the bus from Amarillo. The bus will arrive in Spearman at 10:30 a. m. which is one hour earlier than its former schedule and instead of just going on to Perryton it has extended its route to Liberal, Kansas. The bus will arrive in Spearman at 5 p. m. on its return trip to Amarillo. Mr. Gosnell also stated that plans are under foot to secure a contract to carry first class mail, which will be a great help to people in this vicinity. If this goes through the people of Spearman will mail first class mail anytime after 5 p. m. and it will make direct connections with the evening trains in Amarillo. Mail from Spearman and other points north will get here one day earlier than it does at present. The bus leaving Spearman in the morning makes direct connections with the bus in Liberal, going on to Garden City, Kansas.

Spearman Folks Attend Play At Blodgett

About forty Spearman folks went out to the Blodgett school house, 12 miles southeast of town on Friday night, February 20, to witness the production of the play, "Tony the Convict," staged by the people of that community. All who attended the play report that it was good and thoroughly enjoyed by a big crowd. The Blodgett school house was filled to capacity and the Parent-Teachers Association of that community is mighty well pleased with the results. The Blodgett P. T. A. sponsored the play. Every player in the cast did exceedingly well, and seemed well-fitted to the part taken.

C. L. Tackitt Buys Interest in Grocery Store

C. L. Tackitt of Glazier bought half interest in the F. J. Tackitt Grocery store on elevator row. The firm will be known hereafter as the Spearman Cash Grocery. Additional fixtures will be added, including a first class cold drink fountain. The store will handle cold drinks and ice cream. Mr. C. L. Tackitt is well known by many Spearman folks and we extend to him a cordial welcome to come and be one of us.

UNIQUE PLAN USED TO MULTIPLY SHADE TREES

Enough Chinese elms to plant 300 Cottle county homes, schools and seven churches were distributed recently in Paducah, Ky. M. Cantrell, county agent, demonstrated a method of growing trees from tree seed in a direct method from China and dated in July, 1929, in a 50-foot trench. The county agent two years ago offered to direct this shade promotion if the chamber of commerce would buy the seed and the city furnish the water for irrigation.

The growing plot was irrigated by a master lath tile as outlined in the M. College Extension Service plans. It was more work to keep out the weeds than to make the trees grow, according to Cantrell. In June 1930 the trees were planted to give each one a smooth body, and when the stampede for seeds began at daybreak on the distribution day the trees ranged in height from 2 to 5 feet. The record shows that 2375 trees were given away six to the family, but many were taken of which no record was kept.

Mr. and Mrs. J. W. Bushman Proud Parents of a Boy

Mr. and Mrs. J. W. Bushman are proud parents of a 9½ lb. boy, born Tuesday February 24.

"Tony The Convict" F. W. WALKER FATALLY SHOT To Spearman Friday Nite

The Blodgett community folks who staged "Tony the Convict" at the Blodgett school on Friday night of last week are making preparations to stage the play in the Spearman high school auditorium on Friday night, February 27. This play was staged by quite a crowd of Spearman folks when it was given at Blodgett and all report that it is good; above the average home-talent play. The play is given under the auspices of the Blodgett P. T. A. and this organization will appreciate the patronage of the public on Friday night, March 27.

Shapley Dairy Herd Given Second Test

The monthly test of the Shapley dairy herd at Grand Plains Dairy Farm, was given by C. A. Robinson of the Spearman schools on February 14 and 15. This test is being made monthly for the Master Dairy Farmer's Contest now being conducted by the Amarillo Daily News-Globe.

The tests show a good production both as to pounds of milk and percent of butterfat. These eighteen milking cows under test are keeping up a good heavy production under ordinary farm conditions. This means that nothing is being done which would have a tendency to overestimate or crowd these cows to heavy production. The average farmer needs only a ration that will get the most from a cow per dollar invested. Mr. Shapley believes he has this combination in the following ration:

It consists of 200 pounds of ground sweet clover, 200 pounds of oats, 300 pounds of milo, 100 pounds of wheat and 24 pounds of mineral mixture. This is all ground and mixed together and fed at the rate of one pound for each pound of milk produced per cow. In addition he feeds 12 pounds of cane and kafir hay and allows the cows to run on wheat pasture, from which he estimates that the animals eat 30 pounds daily.

Mr. Shapley is interested in having only the highest producing cows obtainable, feeding them a high quality of feed and giving the best of care. His machine milkers are convenient and clean, and his milk house is modern and clean, and he markets his cream at the low prices prevailing at this time with the hope and faith that the present depression will not last, and that ultimately there will be greater profits in the dairy industry.

Thomason Brothers Stage A Money Raising Sale

W. W. Bishop of Thomason Brothers, Texhoma, arrived in Spearman on Monday and since that time he and the local manager for this firm, E. B. Dodson, have been busy arranging the stock and otherwise making preparations for a big money-raising sale, which will begin at the Spearman store on Saturday, March 28. The local manager, E. B. Dodson states that this will be the greatest price-cutting sale ever held by the firm in Spearman. That is, greater reductions on high-class, seasonable merchandise will be made at this sale than ever before.

The entire \$25,000 stock of seasonable merchandise will be included in the sale, including most everything in dry goods, clothing and furnishings. All goods will be marked in plain figures on big, yellow price tags, so that there will be no misunderstanding as to price.

Saturday, February 28, is the big opening day. On that day refreshments consisting of cake, coffee, etc., will be served at the store and there will be other entertainment. Refreshments will be served from 11 a. m. to 2 p. m.

Special premiums will be given throughout the entire sale.

Attended Annual Banquet Of Amarillo C. of C.

W. W. Merritt, president and J. W. Rakecki, secretary, of the Spearman chamber of commerce, attended the annual banquet of the Amarillo chamber of commerce held on Tuesday night of this week. They report a great crowd in attendance and a most enjoyable program. Josh Lee of the University of Oklahoma, Sam Braswell of Clarendon, Stanley Draper and R. A. Singletary of Oklahoma City, were among the out of town speakers who entertained the more than 300 guests who attended the big meet.

Panhandle Stockers \$8.75

Walter Wilmet, one of the representative ranchmen of Hansford county, Texas, in the Panhandle district, had on the market today 140 head of stockers which were sold by the Long Perry Live Stock Commission company at \$8.75. They were Herefords, and averaged 483 lbs., being short yearlings. Mr. Wilmet reported conditions favorable in that part of the Panhandle district.—Kansas City Drovers' Telegram, February 13.

NAIL MACHINE AT WORK

A huge magnetic nail picking machine, owned by the State Highway department of Texas, made its appearance here on Highway 33 running through Miami late Tuesday afternoon and Wednesday morning. The machine is drawn by a truck and gathers up all kinds of nails, wire and slugs of iron that it passes over. This should save motorists traveling over 33 hundreds of flats caused from nails and wire on the roads. The nail picker was headed towards Canadian and the Texas-Oklahoma line over highway 33.—Miami Chief.

Rev. John W. Hendricks, pastor of the Canadian Methodist church, and Mrs. Hendricks, were guests in the home of Rev. and Mrs. H. A. Nichols in Spearman on Monday night.

W. S. Christian returned home today after a long confinement to his bed in St. Anthonys Hospital in Amarillo. He was accompanied home by his sister, Miss Mary Christian, a special nurse of Mineral Wells, Texas.—Hutchinson County Herald.

Rev. Ed R. Wallace of Hooker, Oklahoma, spent Tuesday night in the home of Rev. and Mrs. H. A. Nichols.

Mrs. H. L. White returned Tuesday from Oklahoma City, where she attended the Hair Dressers Convention held in that City last week.

Shapley Dairy Herd Given Second Test

The monthly test of the Shapley dairy herd at Grand Plains Dairy Farm, was given by C. A. Robinson of the Spearman schools on February 14 and 15. This test is being made monthly for the Master Dairy Farmer's Contest now being conducted by the Amarillo Daily News-Globe.

The tests show a good production both as to pounds of milk and percent of butterfat. These eighteen milking cows under test are keeping up a good heavy production under ordinary farm conditions. This means that nothing is being done which would have a tendency to overestimate or crowd these cows to heavy production. The average farmer needs only a ration that will get the most from a cow per dollar invested. Mr. Shapley believes he has this combination in the following ration:

It consists of 200 pounds of ground sweet clover, 200 pounds of oats, 300 pounds of milo, 100 pounds of wheat and 24 pounds of mineral mixture. This is all ground and mixed together and fed at the rate of one pound for each pound of milk produced per cow. In addition he feeds 12 pounds of cane and kafir hay and allows the cows to run on wheat pasture, from which he estimates that the animals eat 30 pounds daily.

Mr. Shapley is interested in having only the highest producing cows obtainable, feeding them a high quality of feed and giving the best of care. His machine milkers are convenient and clean, and his milk house is modern and clean, and he markets his cream at the low prices prevailing at this time with the hope and faith that the present depression will not last, and that ultimately there will be greater profits in the dairy industry.

Lions Club Held Interesting Meeting

The Spearman Lions Club held a jolly good meeting on Tuesday at noon. There was not a great deal of important business brought before the club at this time, but the hour was very profitably spent in attending to unfinished business, and in making preparations for the fat and lean basketball game, played last night.

The dinner served by the ladies seemed to be especially palatable and the recent great rains and other blessings added to the good feelings of the Lions and the good fellowship which always prevails at these meetings.

Two pretty high school girls entered and sold tickets to the "Colonial Tea," held on Tuesday night. All of the "fat" and a majority of the "lean" Lions bought tickets to the tea.

In the absence of Tailtwister Merritt, Lion Bob Archer was elected to that position for the day. Fred W. Brandt was fined, as usual, 10c for being late. Lion Bob Fuller was fined 10c for removing the chair and the change of the tailtwister.

This writer was unjustly accused of prevarication, given a hasty, one-sided hearing, convicted and fined 10c. It seems that in publishing the weights of the different Lion basketball players in last week's issue of the Reporter, the weight of Lion H. A. Nichols was given as 228 pounds, when in reality Lion Nichols weighs 238 pounds. This little discrepancy of 10 pounds cost us \$3. As explained by Tailtwister Bob Archer, it is all right for a reporter to lie about the weather, the crops, the price of cattle and various other matters, but a reporter who would lie about a preacher ought to be hung. We paid the fine without further protest, but the weights were handed to us for publication by Lion Pope Gibber.

Next meeting of the Lions Club next Tuesday at noon, March 3.

Rev. John W. Hendricks, pastor of the Canadian Methodist church, and Mrs. Hendricks, were guests in the home of Rev. and Mrs. H. A. Nichols in Spearman on Monday night.

W. S. Christian returned home today after a long confinement to his bed in St. Anthonys Hospital in Amarillo. He was accompanied home by his sister, Miss Mary Christian, a special nurse of Mineral Wells, Texas.—Hutchinson County Herald.

Rev. Ed R. Wallace of Hooker, Oklahoma, spent Tuesday night in the home of Rev. and Mrs. H. A. Nichols.

Mrs. H. L. White returned Tuesday from Oklahoma City, where she attended the Hair Dressers Convention held in that City last week.

From \$200 to \$300 Worth of Seasonable Merchandise To Be Given Away at Merchants' Auction—Bargain Day Is Planned

The merchants of Spearman have planned to make Monday, March 2, one of the biggest days in the history of the town. This is the date of the regular monthly Merchant's Auction Sale, and in addition, it has been arranged to make it a general bargain day over all of the town.

Advertising in the Reporter and on two-page bills sent out over all the surrounding country announces that bargains of exceptional merit may be had at practically every business house in town, and covering every line of merchandise carried in the town, from automobiles down to a paper of pins.

This will be the day to come to Spearman to trade. The merchants have arranged this sale especially for the benefit of their friends and customers, and they want everyone to come to town that day and take advantage of it. These are days of readjustment in business circles. Merchandise is being sold in Spearman now at better figures than ever before in the history of the town. And on Monday March 2, even lower prices will prevail.

The Auction Sale will take place about 4:00 o'clock in the afternoon, but the bargains are in effect all day.

Come to town on Monday, March 2. You will be well repaid for your visit by the savings you will make on any line of merchandise which you purchase.

Colonial Tea and Program Proved a Great Success

The "Colonial Tea," given by students of Spearman schools on Wednesday night of this week, was one of the most enjoyable events of the season. A sumptuous dinner was served in the gymnasium of the grade school building preceding the program. The program consisted of songs and recitations by the grade pupils, interspersed with music by an orchestra. The two minuets, one by grade students and the other by high school students, were greatly enjoyed by the audience. The costumes worn were quite attractive. It was an evening of real entertainment to all those in attendance. The proceeds, which will be used in making payments on the school piano, amounted to \$80.01.

J. B. Cooke Takes Charge Magnolia Service Station

J. B. Cooke, who for the past several months has been employed in the Spearman postoffice, on Sunday last took over the management of the Magnolia Service Station. This oil and gas business formerly had been conducted by Warren G. McNabb, in connection with the Spearman Motor Company. The latter will continue the business of the Spearman Motor Company. Mr. Cooke is taking over only the gas, oil and tire repair business.

H. B. Towe and J. G. B. Sparks, are looking after business matters out in Union county, New Mexico.

P. H. Westerfield, merchant of Gruver, was attending to business matters in Spearman Wednesday.

Mrs. Barbara Wright, who has been confined to her bed the past six weeks, is still very ill, at the home of her daughter, Mrs. R. P. Kern.

Mr. and Mrs. H. C. Eberhart arrived from Strong City, Oklahoma, the first of the week, and are guests in the home of their son, E. N. Nickens.

Chas. Whippo and C. H. Jenkins, of the Texas-Louisiana Power Company, were here from Perryton Wednesday, attending to business at the local plant.

Arthur Kirk, son of Mr. and Mrs. D. B. Kirk, came from Duluth, Minnesota, last week and is a guest in the home of his parents, Mr. and Mrs. D. B. Kirk in Spearman.

Santa Fe Will Begin Laying Steel Next Monday on Extension of Line to Morse

The work of putting up the grade for the extension of the Spearman branch of the Santa Fe from this point to Dumas is about completed and laying of the steel rails will begin next Monday, March 2. The line will be completed in plenty of time to take care of the coming wheat crop, state Santa Fe officials. The Spearman branch of the Santa Fe, after this extension is completed, will run from Shattuck, Oklahoma, to Morse. Trains running over the Spearman branch will use Rock Island tracks from Morse to Dumas, where a connection with the Amarillo-Las Animas line of the Santa Fe is made.

The rails and ties and other material which will be used in building the Spearman extension are being unloaded in the Spearman yards and the big yards at this place are crowded almost as badly as they were during the oil boom days of 1926.

Deputy Collector Internal Revenue Here March 2

For the convenience of those who are required by law to file Federal Income Tax returns, a deputy collector of Internal Revenue will be at the First National bank of Spearman, Texas, on March 2, 1931, to assist tax payers in filing their returns. No charge will be made for this service. The matter of filing income tax returns should be given immediate attention in order to avoid penalty and interest.

Income tax returns for calendar year 1930 shall be filed not later than March 15, 1931, with the collector of Internal Revenue for the district in which the taxpayer resides or has his principal place of business.

Buy It in Spearman.

Welfare Association

The Spearman Welfare Association meets on Monday night, March 2, at 7:30, chamber of commerce offices. All members be present.

ILLEGAL CHARITY
 Law has never been written to prevent thoughtful giving, but an unwise warning is slowly but surely impressing itself upon the common sense mind of people today.
 Business like methods for charity problems seem cruel and the percentage of people who give unquestioningly is greatly above those who stop to learn the details of the case. Various charity organizations and leaders now are striving to put a stop to some of these methods of generosity, instead of the other way around. Not every beggar has a large bank account and a Rolls Royce around the corner, but there are many of them who could work if they would.
 Work of segregating the needy cases from the others is being carried on by the local charity organization, and is promised as a campaign in nearby towns. Housewives and merchants have been asked to send the various beggars to the leaders of the organization instead of giving them money or food without first learning if they

are really in need of help. Some families with strong men and boys able to work, but being more willing to accept help, have been threatened with jail or having to leave town, unless they will work at jobs found for them. The so-called hard-boiled attitude is the only one leading itself to the occasion where the deserving needy of the town may be protected from the underserving.—Shamrock Texan.

SALE CONTRACT

State of Texas, County of Hansford.
 This contract of bargain and sale entered into this 23rd day of February, A. D. 1931, by and between the County of Hansford, hereinafter referred to as the "COUNTY," acting herein by and through its Judge and County Commissioners, and the City of Spearman, Hansford County, Texas, hereinafter referred to as the "CITY," acting herein by and through its Mayor and City Commissioners, witnesseth:

I. That the City of Spearman, through its Mayor and City Commissioners hereby agrees to sell to Hansford County, and transfer and convey, free from all debts, liens and encumbrances of every kind and character the following described parcel or tract of land, all of Block 17, of the City of Spearman, known and platted as the "Public Square."

II. The City of Spearman retains all personal property located upon and across the above mentioned land, which includes the building known as the "City Jail" and all water lines and further retains easement or permit to maintain, repair and operate the above mentioned personal property.

III. The County hereby agrees and binds itself to pay the City of Spearman Twenty Dollars (\$20) per month, payable monthly, for the use of the City Jail, so long as used by the County and to be moved at the option of the County. The City retains the right to use

the said jail when not filled to capacity by County prisoners.

IV. The County, acting herein by and through its Judge and County Commissioners, hereby agrees and binds itself to pay to the City of Spearman the cost of paving abutting said Block 17. Said cost to be the actual contract price paid for said pavement.

V. Hansford County, Texas, acting herein by and through its Judge and County Commissioners, hereby agrees to buy the above described property and pay therefor the sum of Ten Dollars (\$10.00). All of the above mentioned payments to be paid upon the delivery of the deed to said property.

VI. It is understood and agreed that this contract is subject to the holding of an election by the qualified voters of the City of Spearman and their approval of sale as provided by law.

This contract is issued in duplicate, each party hereto receiving an original.

In witness whereof said parties have caused these presents to be executed by having their names signed and their official seals affixed by their duly authorized officers.
 (Seal) COUNTY OF HANSFORD.
 By: C. W. KING, Judge.
 J. G. B. SPARKS, Commissioner.
 CHAS. C. BECK, Commissioner.
 FRED McREE, Commissioner.
 J. P. WINDER, Commissioner.
 J. E. WOMBLE, County Clerk.
 (Seal) CITY OF SPEARMAN.
 By: W. D. COOKE, Mayor.
 ROBT. E. MEEK, Commissioner.
 L. S. McLAIN, Commissioner.
 R. C. SAMPSON, City Secretary.

SPECIAL ELECTION PROCLAMATION

Under and by virtue of an ordinance adopted by the City Commission of the City of Spearman, Texas, authorizing the calling of an election for the purpose hereinafter set forth, duly passed and approved by the Mayor and City Commission of the City of Spearman, Texas, on the 23rd day of February, A. D. 1931, I, the undersigned Mayor of the City of Spearman, Texas, do hereby call a special election to be held in the city hall of the said City on the 26th day of March, A. D. 1931, the qualified voters of said City, for the purpose of submitting to their approval or disapproval, the following proposition:

"Proposition No. 1. Shall the Mayor and City Commission of the City of Spearman, Texas, be authorized to sell, transfer, convey and deliver to Hansford County, Texas, free from all liens and encumbrances, in accordance with all the terms and conditions of a written contract entered into by and between the City of Spearman, Texas, and Hansford County, Texas, bearing date of the 23rd day of February, A. D. 1931, and now on file in the office of the City Secretary of said City, Block 17, of the said City, known as the "Public Square," for the sum of ten dollars, to be paid in accordance with the terms and conditions of said contract, upon final delivery and acceptance of said property."
 YES
 NO

The voters who desire to vote in favor of such proposition shall run a pen or pencil mark through the word "NO." The voters who desire to vote against said proposition shall run a pen or pencil mark through the word "YES."

The polls shall be open at 8 o'clock a. m. and shall remain open continuously and close at 7 o'clock p. m.

The location of the polling place shall be in the City Hall.

The names of the persons who shall conduct the election and who shall certify the results shall be as follows:

R. W. Hunsuttler, Presiding Judge; P. M. Maize, Associate Judge; W. L. Russell, Associate Judge; D. W. Holland, Associate Judge.

Witness my hand as mayor of the City of Spearman, Texas, and attested by the City Secretary, this 23rd day of February, A. D. 1931.
 W. D. COOKE, Mayor, City of Spearman, Texas.
 Attest: (Seal) R. C. SAMPSON, City Secretary, City of Spearman, Texas.
 1214.

CITATION BY PUBLICATION

The State of Texas. To the Sheriff or any Constable of Hansford County, Greeting: You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in Hansford County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week, for at least four successive weeks previous to the return day hereof, the following notice:

 To Malissa Atkinson, a widow, Susan Kearns, a widow, Mrs. A. C. Cordner, a widow, Mrs. J. A. McDonald, joined by her husband J. A. McDonald, J. M. Medlin, Laura A. Farise, a

widow, Rebecca Medlin, a feme sole, Mrs. J. A. Mulkey and husband J. A. Mulkey, J. H. Medlin, Willie Fischer Medlin, a minor, Roy Morris Medlin, a minor, Cecil Hallie Medlin, a minor, P. H. Medlin, Mrs. J. A. Delameter and husband J. A. Delameter, Isola B. Medlin, a feme sole, Maud B. Rosenberger and husband T. H. Rosenberger, Walter McKean and Hume McKean, each being non residents of the State of Texas, and the unknown heirs, their heirs and legal representatives of L. L. Medlin, deceased, and to all persons interested in the estate of L. L. Medlin, deceased:

You are hereby notified that A. F. Barkley, administrator of the estate of L. L. Medlin, deceased, joined by Dora Medlin, a widow, individually, and as next friend of Oma Lena Medlin, a minor, Isaac Medlin, a minor, Joe Medlin, a minor, Mildred Medlin, a minor, otherwise known as Sallie Ann Mildred Medlin, Cecil Jerome Medlin, a minor, J. M. Medlin, Jr., Larkin Wade, Lela House, and husband J. T. House, Jay Driver, Oran Driver, Mrs. Isaac Medlin, a widow, L. J. Medlin, Roy V. Medlin, Cecil Alvin Medlin, Lena Medlin Key, and husband J. H. Key, Ethel Medlin Hale and husband O. E. Hale, Essie E. Hughes and husband Harry Hughes, Opal Alene Hughes and husband R. M. E. Hughes, Bessie Rose Maltzberger and husband Allen D. Maltzberger, Keeble Inez Hill, and husband Willard Hill, filed in the County Court of Hansford County, Texas on February 4, 1931, an application for the partition and distribution of a certain tract of land belonging to the estate of L. L. Medlin, deceased, described as follows:

Section No. 20, Block 3, Cert. 20-171, S. A. & M. G. R. R. Co. Grant, containing 640 acres, lying partly in Hansford County, and partly in Hutchinson County, Texas.

In said application, setting forth that said land was owned by L. L. Medlin, deceased, and is still the property of said estate, and the only property thereof remaining on hand undistributed, and that the foregoing named persons to whom this notice and citation is directed together with the persons joining with the said administrator in said application, together with Florence Driver Burnett, constitute all of the heirs of said L. L. Medlin, deceased, and are the sole joint owners of said real estate; also setting forth the respective places of residence of the said heirs and persons above referred to; alleging that said L. L. Medlin, died intestate; that administration is still pending on his estate in Hansford County, and that A. F. Barkley is the administrator thereof; that all debts, claims and obligations due and owing by said estate have been paid; that a portion of the said estate has heretofore been sold, and the proceeds thereof, after the payment of his debts and obligations have been paid, and the residue distributed ratably among his said heirs, each receiving his or her respective share thereof; and praying in said application that a partition and distribution be made of the above land, and that if not susceptible of partition in kind, that the court make a special order to such effect, find the value of said land, permit any of said heirs to purchase same, as provided by law, and if not so purchased, that he order the said land sold, at public or private sale, as provided by law, and the proceeds thereof distributed among the said heirs according to their respective interest therein; that he find and determine the names of all of such heirs, and the share to which each is entitled, and for all other relief to which they may be entitled;

This is therefore to notify you, and each of you, that said application will be heard at the next term of the county court of Hansford County, Texas, to be held at the court house thereof, in the town of Spearman, Texas, at which time all persons interested in the said estate of L. L. Medlin, deceased, and the property above described, shall appear and show cause why such partition and distribution should not be made.

Herein fall not, under penalty of law, and of this writ make due return.

Given under my hand and seal of office, at office, in Spearman, Texas, this 4th day of February, 1931.
 (Seal) J. E. WOMBLE, Clerk of the County Court, Hansford County, Texas.
 P. A. LYON, Deputy.

NOTICE TO BIDDERS

Sealed proposals addressed to the Hon. W. D. Cooke, Mayor of the City of Spearman, Texas, will be received at the office of the City Secretary until 10:00 a. m. Friday, March 10th, 1931, for furnishing all necessary materials, equipment and labor for constructing certain street improvements for the City of Spearman, Texas.

Bidders must submit certified check in the sum of Five Thousand (\$5,000.00) Dollars, payable without recourse to the order of W. D. Cooke, Mayor, as a guarantee that bidder will enter into the contract and execute bond in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required check will not be considered. The successful bidder must furnish bond for fifty percent (50) of the sum bid, on the attached form, from a responsible surety company satisfactory to the City Council.

The City reserves the right to reject any or all bids and to waive formalities.

Bidders are expected to inspect the site of the work and to inform themselves.

Proposal forms, specifications and plans are on file at the office of the City Secretary, and of Montgomery & Ward, Consulting Engineers, Wichita Falls, Texas,

or may be secured upon deposit of Five (\$5.00) Dollars, to be returned to the Contractor on submission of a bona fide bid on the work with such plans and specifications; or upon returning such plans and specifications immediately after examination of same and advising the Engineer that bid will not be submitted; otherwise the deposit shall be forfeited.

Approximate Quantities Are:
 28,384 square yards Excavation.
 28,384 square yards Reinforced Concrete, Brick or Asphalt Pavement.
 11,290 linear feet Curb and Gutter.
 202 square yards Alley Aprons.
 600 linear feet Concrete Headers.
 R. C. SAMPSON,
 City Secretary.

FORD COMFORT

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways — up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Tripex shutter-proof glass windshield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

LOW PRICES OF FORD CARS \$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

FREE- ONE CHICK FEEDER WITH EVERY 100-POUND BAGFUL OF PURINA STARTING CHOWS THAT YOU ORDER WITHIN THE NEXT 7 DAYS... FOR EITHER IMMEDIATE OR FUTURE DELIVERY-

50 CHICKS can eat comfortably from one of these up-to-date, sanitary and feed-saving feeders... eating one 100-pound bagful of Purina Startena Chows in six weeks. Each one of these chicks can eat only one thimbleful of feed per day. From this little feed they must get so much. That's why there are 14 feeds in every thimbleful of Purina Startena Chows (mash or all-mash)... 14 feeds which are there in just the right proportion... mixed over and over 960 times. The 1930 national feed survey of 1,834,513 chicks tells you the kind of a job these thimblefuls do. At six weeks of age, 92 out of every 100 Purina-fed chicks are alive and growing. And they weigh an average of one-fourth of a pound more than other chicks. There's the story for you... the story of Purina Startena Chows.

We offer you this proven starting feed... with a free feeder per 100-pound bagful. Take advantage of this 7-day bargain. Order now and we'll have the feed and feeders ready for you when you want them... either now or any other date you set this spring.

Yes, Sir, I can back up what I say about Germ-Processed Oil with actual proof, O.K'd by A.A.A.

THREE stock cars from three price classes went through six weeks of testing on Fike's Peak. Three nationally known oils were used in comparison with Conoco Germ-Processed Motor Oil. All of the testing was directly supervised by the American Automobile Association.

At the end of six weeks the AAA took the more than ten thousand observations, then issued a report of the outcome. The report stated that in the Fike's Peak Tests Conoco Motor Oil had shown a reduction of 76.4% in the rate of motor wear... that it had shown greater stability... had lowered frictional temperatures... increased compression pressures... reduced oil consumption... added to gasoline mileage... reduced crankcase dilution... lengthened motor life.

No higher authority could have been called upon to prove the merits of Germ-Processed oil. No more sweeping commendation could have been asked for. The complete story of the Fike's Peak tests is told in an attractive booklet. We'll gladly send you a copy upon your request mailed to "Conoco, Ponca City, Oklahoma"... or you can obtain it at stations showing the sign of the Conoco Red Triangle when you go there to change to Germ-Processed oil, as thousands of other motorists are doing every day.

CONOCO GERM PROCESSED PARAFFIN BASE MOTOR OIL

Travel with a Conoco Passport... Send an outline of your proposed motor trip or let us help plan your trip. Get a Conoco passport, individually marked maps and other travel helps... all FREE! More than thirty thousand motorists used this service in the season just passed.

International Sunday School Lesson

By DR. J. E. NUNN

FOR SUNDAY, MARCH 1

General Topic:—Jesus Sending Forth Missionaries.
Scripture Lesson:—Luke 10:1-11, 17, 21, 22.

Luke 10:1. Now after these things the Lord appointed seventy others, and sent them two and two before his face into every city and place, whither he himself was about to come.

2. And he said unto them, The harvest indeed is plentiful, but the laborers are few: pray ye therefore the Lord of the harvest, that he send forth laborers into his harvest.

3. Go your ways; behold, I send you forth as lambs in the midst of wolves.

4. Carry no purse, no wallet, no shoes; and salute no man on the way.

5. And into whatsoever house ye shall enter, first say, Peace be to this house.

6. And if a son of peace be there, your peace shall rest upon him; but if not, it shall turn to you again.

7. And in that same house remain, eating and drinking such things as they give: for the laborer is worthy of his hire. Go not from house to house.

8. And into whatsoever city ye enter, and they receive you, eat such things as are set before you:

9. And heal the sick that are therein, and say unto them, The kingdom of God is come nigh unto you.

10. But into whatsoever city ye shall enter, and they receive you not, go out into the streets thereof and say,

11. Even the dust from your city, that cleaveth to our feet, we wipe off against you: nevertheless know this, that the kingdom of God is come nigh.

17. And the seventy returned with joy, saying, Lord, even the demons are subject unto us in thy name.

21. In that same hour he rejoiced in the Holy Spirit, and said, I thank thee, O Father, Lord of heaven and earth, that thou didst these things from the wise and understanding, and didst, reveal them unto the babes: yea, Father; for so it was well-pleasing in thy sight.

22. All things have been delivered unto me of my Father: and no one knoweth who the Son is, save the Father; and who the Father is, save the Son, and he to whomsoever the Son willeth to reveal him.

Golden Text:—The harvest indeed is plentiful, but the laborers are few; pray, ye therefore the Lord of the harvest, that he send forth laborers into his harvest.—Luke 10:2.

Time:—The mission of the Seventy, November, December, A. D.

29, in the third year of Christ's ministry.

Place:—Peraea, the region east of the lower Jordan.

Introduction

"The choice of the Twelve marked the beginning of a distinct phase of our Lord's ministry. Mark says that he appointed them 'that they might be with him and that he might send them forth to preach and to have authority to cast out demons.' Luke's record of events between our last lesson and this reveals the methods and richness of their instruction. 'With him' they were constantly being taught, through his public speech and private conversation, the nature of his Kingdom, his spirit, his purpose. Their eyes were opened to his true nature, that he was the Messiah, the Son of God (Luke 9:18-20). They were told about his approaching death and resurrection (9:22), the demands of true discipleship (9:23-27). Their faults and failures, ambition and intolerance, were corrected by word and deed (9:46-56). In fact all that Christ did, while having its own direct purpose, was turned to account in preparing these men for their apostleship."

Training Through Service. v. 1

A most vital part of their training was their own service. In 9:1 Luke tells us of his sending them out: "To preach the kingdom of God and to heal the sick."

On such a journey they would not only do much good to others, but would be profoundly impressed with the magnitude of their task, the meaning of the gospel, and the reality of the Lord's communicable power as they healed the sick and cast out demons. This kind of service and training was not confined to the Twelve. Our lesson this week is based upon a similar mission upon which he sent seventy others. The Twelve were sent forth into Galilee; the Seventy were probably sent into Judea, or Peraea, during a brief ministry there after the Feast of Tabernacles. These two missions, important on their own account, reveal the purpose of Jesus for his disciples in years to come, and are harbingers of the world-girdling missionary enterprise of our day.

Christian Hospitality. vs. 5, 6, 7

"And into whatsoever house ye shall enter," "Hospitality in the East is not merely a personal and social virtue; it is a center from which all social virtues radiate, and it takes precedence of all other personal virtues—On my landing, in the East, at Alexandria, I was invited by an Alexandrian merchant to be a guest at his house. When I called on him, as he welcomed me into a large room on the first floor, and brought me coffee and cakes, he said, 'This room is my hospitality'; which was his way of saying, 'This is my

guest room, or guest chamber,' as the Bible calls it. And from that time on, during my stay in the East in Egypt, Arabia, and Syria, I found a guest-chamber in every house, and a guest-house in every village. And that is the normal state of things in the East, wherever the primitive customs have sway."—Henry Clay Trumbull.

The Worthy Laborer. v. 7

"For the laborer is worthy of his hire." Their food was not their pay; they were to have no other wages than a bare subsistence. Gospel workers through all the ages have been marked by extreme unselfishness, rejoicing that they can "spend and be spent" in Christ's dear service. It is not to the credit of the churches that ministers' wages are still, on the average, so very low; but it is greatly to the credit of ministers that they are willing to work for these low wages. "Go not from house to house," Christ evidently held this injunction to be very important, and so repeated it. He knew what a temptation it would be to turn the evangelistic journey into a "junket."

The Joy of the Seventy. v. 17

"And the seventy returned with joy." All Christian work should be reported. For the worker's own good, he should take account of what he has done, that he may better it next time. For the inspiration of others he should lay his achievements before them, not in boasting, but that they may know what God can accomplish through human weakness. How careful was Paul, on the conclusion of his missionary journey, to return to Antioch and make his report! The Seventy had met with great and unexpected success, and were full of joy.

The Joy of Jesus. v. 21

"In that same hour he rejoiced in the Holy Spirit." It was a divine exultation, shared by his heavenly Father through the third Person of the Trinity. As this same Spirit had led Jesus into the wilderness for his combat with the devil, so now he joined with Jesus in rejoicings over the anticipated complete conquest of the adversary. "And said, I thank thee, O Father, Lord of heaven and earth, that thou didst hide these things," "The affairs of the kingdom of heaven, the teachings of salvation, the principles of the gospel." "From the wise and understanding." "Our Lord rejoices not that the truth was hidden from any, but that it was not hidden from all."—Rev. C. H. Irwin, D. D. "And didst reveal them to babes." "Babes" are the simple, humble followers of the Lord, trustfully

accepting his word and quietly doing his will. "Yea, Father; for so it was well-pleasing in thy sight." This is the Amen of the Saviour's reverent meditation on his Father's plan.—American Commentary.

"Go Ye Therefore."

"The one thing for Christ's disciples to do is to go, and keep on going; to preach and keep on preaching; for if they do this he will be with them even unto the end of the world. The commission is universal and perpetual. The 'limit of space' is the globe itself. The 'limit of time' is all the time there is. Until the end of the world is reached, the commission runs. 'Go ye therefore and disciple all nations.'—Rev. Henry van Dyke, D. D.

"When we try to sum up Christ's influence, all the armies that ever marched, all the parliaments that ever sat, all the kings that ever reigned, are absolutely picayune in their influence on mankind compared with that of this one solitary life."—Rev. James A. Francis, D. D.

The Coming Missionary Triumph

"There is nothing whatever in the nature of things to prevent the missionary from being a great deal more useful than the statesman, the soldier, and the merchant put together. Europe was not only evangelized but civilized by Christian missionaries. The same work has been done again in Africa and Asia. What is needed is that strong men of courage and patience, of wisdom to plan and will to execute, of large views and long vision, filled with the spirit of Christian consecration, shall go in the name of Jesus Christ as the disciples went in the beginning, and win for him the empire of China, the empire of Japan and the empire of Rome. It waits only for the men to do it."—Dean George Hodges.

Boldness in Evangelism

"Christ came to give men life. These disciples were the first men with whom he came in contact. Did he succeed? I say without hesitation that he succeeded. And what he did in these first followers he will do in us, if we will only let him."—W. Garrett Horder.

"When Adoniram Judson was

living among the Karens, they were profoundly impressed by his daily illustration of the Christian graces, inasmuch that they called him 'Jesus Christ's Man.' Higher than this we may not aspire; better than this we cannot be."—David James Burrill.

"A friend of recognized position among American scholars was in his student days, spending an evening with that prince of German professors, Dr. Harnack. Their discussion had been chiefly of the trustworthiness of the Gospels, and the outcome was reassuring. Yet, as the learned professor said 'Good night' to his young guest, he closed the matter by this earnest word; 'But, after all, the greatest evidence is the personal testimony'—the testimony, that is, of each believer, to his experience of Jesus as Friend and Saviour."—Rev. Chauncey W. Goodrich.

THE WORM TURNS

A local minister, in the Times office one day recently, stated that in the many years in which he had been in the ministry only twice had people included "the pastor" when publishing cards of thanks in the newspaper, after death. Cards of thanks include singers, flower senders, pall bearers and "those who offered their sympathy," but only twice, he said, had he noticed where the thanks had included him. At that, he didn't seem to have it very much on the newspapers. In 30 years' service to the public the Times does not remember a time where the newspapers were also thanked for the fine obituary notice given. At some of the funerals they are called upon to conduct, the ministers do not lie any more wholeheartedly and enthusiastically than the newspapers do in the obituary notice. Why should the ministers be thankful and the newspapers forgotten? Nevertheless, the newspapers are perfectly content to let it go as it is.—Lew Valentine in Clay Center Times.

For heavy work the whole year 'round— at the lowest cost-per-mile

Whether it's heavy loads to be hauled in the country, or quick deliveries to be made through city traffic, Chevrolet trucks are always ready to do a good job—at low cost. These big, powerful Sixes have the strength and stamina for continuous hard work the year 'round. Long hauls, hard pulls, fast schedules, rough going are all a part of the day's work for trucks like these. And Chevrolet's cost-per-mile is not only extremely low, but it stays low, season after season.

You will find it well worth while to inspect today's Chevrolet truck line. Many features have been introduced that have a direct bearing on Chevrolet performance, capacity, endurance and appearance. And there are now available Chevrolet bodies built by Chevrolet for use on the Chevrolet chassis.

Come in and arrange for a trial load demonstration. Regardless of your hauling problem, Chevrolet has a quality truck to do your work the way you want it done.

READY TO SERVE YOU

TWICE Each YEAR

USED TWICE each year, the Case 3-Row Lister gives you double returns for your money.

In the spring, with planting attachment in place, it's all set to do an accurate, first-class job of listing. Speedy right along—plants 3 or 2 rows at a time. A wide variety of seed plates; shovel or disk covers are regular equipment.

Immediately following harvest, when conditions

are just right, you use it again. As a wheatland lister hitched to your tractor, it covers the ground rapidly—checks evaporation and conserves moisture for the next crop.

Heavy, angle steel frame, is built to last. Simple construction—smooth-running—easy to operate. Power lift controlled from seat. Come in and see this double-action money maker. Then decide for yourself.

The H108 Corn Lister is adaptable for horse or tractor use. Power lift equipped.

"I've passed through the dark valley. Thank heaven I am no longer Tony Warren the CONVICT."

NATIONAL UPLIFT

A long pull all together on millions of American bootstraps will mean a big lift for the whole nation.—Woman's Home Companion.

A SAD DAY

It's a sad day for a politician when newspapers quit printing things about him. It is a sadder day when people quit talking about him. It makes but little difference whether it is something nice said about them or whether it is something bad—the fact remains that they must be talked about in order to stay in politics. The same thing holds true with the merchant who forgets entirely to advertise. People simply quit thinking about them. Just stop right now for a second and think of some business house in Paducah. . . Have you thought? Well, we are going to guess, without fear of guessing wrong, that it was some business house that consistently advertises some way or another. Now, let's bring it a little closer. Think of a dry goods concern in Paducah. We are again going to guess, without fear of missing it, that you thought of some dry goods firm that advertises consistently. Not in a hundred years would you think of a firm that never advertises. Why? Because you can't. It's just as impossible as buying some article that you never saw advertised or else someone did not tell you about. You simply can't, for you don't know anything about it. Another thing, too, that has been proven time and time again is that the house that advertises sells a better product at a less price than the ones that do not. The house that advertises is not afraid of its goods. It wants the world to know about them, about the quality and the price. The ones that don't always figure on getting you "inside the doors" by some hokus-pokus method and then forcing a sale through glib talk on some kind of merchandise that you are not acquainted with.—Paducah Post.

UNHAPPY CHILDREN

The spoiled child, fretful slave of his own wilfulness, is as surely unhappy as the cowed, over-disciplined youngster.—The Country Home.

REST YO'SELF

Sleep gets a lot of publicity but not half enough praise.—Woman's Home Companion.

Big Wrestling Matches To Be Staged at Amarillo

AMARILLO, Feb. 25.—Three big wrestling matches on one card will be the pre-Fat Stock Show attraction next Friday night, February 27, at the Municipal Auditorium in Amarillo.

The program will mark the return to the ring of Cal Farley, outstanding contender for the welterweight crown. The Amarillo business man will meet Billy Hallas of El Paso, another outstanding welterweight. Farley and Hallas have met several times, and the result has always been a sensational match. Farley's last bout was with Jack Reynolds, the champion, in Amarillo last June.

The semi-windup will see the famous "ape man," Dutch Mantell, of Amarillo, matching holds with "Blacksmith" George Pedigo of Toledo, Ohio. Pedigo has wrestled his way up the welterweight ladder until he is among top-notchers, while Mantell's ability is known far and wide.

The third match will feature Bob Roy of Amarillo and Bob Bennett of San Francisco. Roy is a youngster who has won his spurs on recent trips through the Southwest and West, while Bennett, who is on his way East after a successful conquest of the Pacific Coast, has proven the sensation of the last few months in Amarillo. His showing against Jack Rose and Pete Brown the last two weeks has convinced fans that he is one of the greatest stylists the game has ever known.

The triple card will be sponsored by the Tri-State Fair Association.

GETTING MOST OUT OF ELECTRICAL EQUIPMENT

Do you secure the maximum service and satisfaction from the electrical conveniences you have purchased? Are they given a chance to save labor and contribute all the enjoyment of which they are capable?

Take the ironing machine as a glowing example. The versatility of this device varies to an astonishing degree in different households, according to replies received by Miss Nell Nichols of the Woman's Home Companion from several housewives.

Only flat work is turned out by the ironer in one home while in the house next door almost all the family clothing, such as the children's garments, house dresses, aprons and men's underwear, passes between the padded roll and the heated shoe. It depends almost entirely on the wishes of the operator.

If you like to work you won't have any trouble finding someone to let you enjoy yourself.

The loss of the basketball championship of District No. 1, Inter-scholastic League, by the Spearman Lynx to the Dalhart Wolves last Saturday night at Canyon, was keenly felt by the loyal fans and the great Lynx athletic organization of Spearman schools. But, we have much to be proud of; in fact we should push out our chest and walk proud like a banty rooster. In the first place, we lost to one of the greatest, if not the greatest, basketball team ever produced in District No. 1. Second, we won the district championship last year, and came very near winning it again this year. Third, and best of all, our boys have finished a most strenuous season in a most gentlemanly manner, and with the reputation of being a bunch of as true and honorable sports as ever donned a uniform. Hurray for the Lynx! They can't win all the time, but they can make 'em all sit up and take notice.

A FABLE

Once upon a time there was a big strong man. This man had a small pup wished off on him, so to speak. The pup was a weak little thing and in just the right attitude to appreciate and need all the help and sympathy possible from the big strong guardian.

But such was not the case. The big strong man ignored the pup as long as possible and when he was forced to give him some attention instead of a kindly pat or word, gave him a gentle boot which sometimes became a heavy kick. The pup was awfully blue and sad about this master who treated him in such a way, but there was little to be done about it.

And as time went on the master kept kicking that pup around, but he failed to observe one important point—the dog was growing.

And then there came a day when the pup was a full grown dog. Then the master awoke to the awful realization that he was no longer able to kick the dog around. That dog did pretty much as he pleased and that the kicks which cut so deep into the small pup's heart failed to make a dent in the composure of the grown animal.

Then the world began to sit up and take notice of the canine which had sprung so suddenly, it seemed, into the everyday affairs of all the neighbors.

And when the master realized that he could do nothing about the fact that the dog got more attention than he, his master cried salty tears and tore his hair, but it was no use. The thousand opportunities to endear himself to the dog had passed.

Moral—Be sure that pup don't grow up when you start cuffing him around.

A MODEL TOWN

The town of Highland Park has issued its balance sheet for the year ending September 30, last. Oddly enough for a municipal report, it is understandable, a great violation of custom. Furthermore, the town seems to be managed with efficiency and careful economy, making it a sort of curiosity among American cities. More surprising still, the councilmen serve without pay, the auditing accountants, searching with a fine-tooth comb, can find no evidence of graft, and assets of the town are greater than the liabilities. Evidently the managers of Highland Park have no qualifications that would fit them for membership in Tammany. They ought to be demoted and put in charge of the State's administration, as a punishment for their departure from standards set by New York and Chicago.

The balance sheet further shows a low tax rate of 90c on the \$100 in assessed valuation of 60 per cent on a fair valuation, a bonded and warrant indebtedness of about 1 per cent of the assessed value, and less than \$8,000 of uncollected taxes since the town's organization in 1914. As the larger part of this is for the year 1929, presumably most of it will be collected within the next year. The town budgets its finances year by year, and expects at the close of the current year to show a large excess of income over the outgo, thus forming a fund for further improvements. If any one doubts the truth of the sheet, the town books are open for inspection.

Highland Park is the show part of the Dallas area. It is well policed, has an efficient fire system and is a "spotless" town in appearance. There is nothing wonderful about all this. Any town or

city can do as well or even better. The recipe is very simple. Select honorable, intelligent councilors, free from political entanglements, and encourage them by hearty support and approval of worthwhile achievements.—Dallas News.

LITTLE WHITE HOPES

There is enough intelligence and leadership in the school children of America to keep the country free for the next 100 years.—The Country Home.

The young man who wants to see a girl's eyes sparkle should buy her a many-carat diamond.

County Jail Break Frustrated by Givens; Two Prisoners Shot

"They're laying a trap for me every day," Jailer Jack Givens of Stinnett said of his prisoners Saturday evening, and Sunday morning he shot two in a fight to prevent possible wholesale jail delivery and serious injury to himself. He was giving the prisoners breakfast when two of them attacked him.

Aubrey Hess, about 28, and Eugene LaGrange, said to be the same age, and both from Moore county awaiting trial on highway robbery charges, were wounded. Hess was shot through the thigh as he attempted to leave his cell when Givens was set upon. The bullet went completely through the leg but did not break the bone. LaGrange received a slight flesh wound in his hand between the thumb and forefinger when Givens fired a second shot.

Jump on Deputy

The prisoners who leaped upon Givens were by themselves in one of the four-man divisions of the old "number two" cell which is part of the new courthouse bastle at Stinnett. The jail is equipped for 40 men and 16 women. The two men had backed away from the door and as Givens went in with their tray of breakfast, LaGrange jumped on him.

Attempting to fight off his assailants, Givens backed out of the cell and tried to close the door. He fell, with LaGrange on him. In falling, Givens worked his left hand free and reached behind him to draw his gun. He shot and Hess was hit in the leg. LaGrange tried to grasp the gun as the jailer fired the second time.

"All right, I give up," officers said LaGrange replied, and Givens locked both men up in their cell to get a doctor.

Bryan to Rescue

Deputy sheriff Bert Bryan was in the courtyard working on his car when he heard a shout and the first shot. He ran up to the jail and got there as Givens backed the men into their cell.

There were 37 men in the courthouse jail, almost filling its capacity. Several were from Moore and Hansford counties, where there are not proper jail facilities. LaGrange and Hess had been in the jail several months awaiting trial in Moore county. Had they made good their attempt to overpower the jailer, they might have obtained the keys and liberated all the men.

Sheriff Jim Crane reported today that Hess was getting along all right. He was being kept in jail after Dr. E. A. Jones treated him yesterday.

The sheriff discovered that the prisoners were working a ruse to get venal tablets into the jail and that several of the men were "hopped up" on the medicine. Crane stated that neither Hess nor LaGrange had taken anything.—Hutchinson County Herald.

MODERN BUILDERS BETTER THAN OLD

Scientific investigation has punctured the often accepted statement that old-time houses were necessarily better built than modern ones. Just because the timbers were bigger and hand-hewn does not mean that they were more scientifically put together.

Impartial comparison of the work of old builders with that of their modern successors, made by Donald G. Tarpley for the Woman's Home Companion, gives the following interesting results:

"Old houses did not have insulation in the outside walls. Flashing was not so good as it is now. Plastering was inferior. Metal lath was unknown. Chimneys did not have metal throats and frequently several flues ran together. Modern chimneys have terracotta flue lining which is not only smooth, but which in one-inch thickness is equivalent to four inches of brick.

"Floors were usually only one thickness whereas now we use two layers of board with sound-deadening felt between. The wide floor boards which were so appreciated in old houses were practical in their day because they were laid in houses which were not thoroughly heated. But in modern homes with steam heat wide boards are more likely to swell and open up. They have to be put down by a different process—veneered and screwed in addition to being side-nailed."

Buy It in Spearman.

Highway Agreement Assures Completion Of Grading Work on 117

Road grading work on the last mile of Highway 117 in the northern part of Hutchinson county has been resumed following final settlement of right-of-way litigation. County commissioners ordered payment of \$2,990 to Jack T. Hodges for 23.92 acres and damages for right-of-way.

Five north plains farmers who brought injunctions against the county officials after road work through their land was nearly completed have been paid and deeds have been received for the land. Hodges was the last property owner to be reached. County Judge Norman Coffey today expected workmen and machinery to start in again to complete the grading for the highway.—Hutchinson County Herald.

Churches and Society

Methodist Church

Sunday school at 10 a. m. Preaching at 11 a. m. League at 6:30 p. m. Evening worship at 7:30 p. m. W. M. S. Wednesday, 2:30 p. m. Choir practice Thursday evening at 7:15 p. m.

To all of these services we extend you a hearty welcome. The church work is still growing in interest so don't slacken your pace, but spur up a bit. Our pre-Easter meeting will begin on Sunday before Easter Sunday. Let's look forward to a genuine revival meeting and work to that end as Sunday school teachers, W. M. S. and League—in fact all of us, and the results will not be disappointing.

H. A. NICHOLS, Pastor.

Church of Christ

This week has been a great one for the Church of Christ in Spearman. Sunday morning a great audience was present to begin the week right. Sunday night an exceedingly large audience was present and witnessed the obedience of a lady in baptism. Others are expected to accept Jesus as their "All in All" soon. On Monday night, in spite of the inclement weather a good audience was present at the beginning of the singing school being taught by Brother and Sister Harriman of Perryton. Tuesday night a large crowd was present and we are expecting even larger crowds during this week.

Our regular weekly program is as follows:

Sunday school, 10 a. m.
 Preaching, 11 a. m.
 Communion, 11:50 a. m.
 Preaching, 7:30 p. m.
 Prayer meeting and Bible study Thursday at 7:30 p. m.
 Come and be with us. We promise you a hearty welcome and a lesson of truth.

FELIX W. TARBET, Minister.

First Christian Church

All regular services at the First Christian church next Sunday, February 28. Preaching services at both morning and evening hours. A most cordial invitation is extended to all to worship at this church.

JASPER BOGUE, Pastor.

W. M. U.

The W. M. U. met at the home of Mrs. Fred Brandt on Wednesday afternoon at 2:30 with 18 members and one visitor present. Our visitor, Mrs. W. D. Cooke led the Bible lesson which was the

20th and 21st chapters of Matthew. It was one of the most interesting lessons that we have had and we are very grateful to Mrs. Cooke.

Next meeting is the March week of prayer and we will meet each afternoon from Monday through Friday at 3 p. m. in the church. Interesting programs have been arranged for each afternoon on Home Missions. The Gruber ladies have been invited to give the program on Wednesday afternoon. All are urged to be present each afternoon and help make it a week of earnest prayer for Home Missions.

Missionary Society

The Missionary Society of the Methodist church met Wednesday, February 25, at the home of Mrs. J. L. Hays. Mrs. J. L. Davis led the devotional and gave a very inspiring lesson from the Study Book, the subject being Jesus the Son.

Mrs. L. S. McLain and Mrs. H. C. Stinnett discussed "Prayer." The following answered roll call: Mesdames Garrett, Allen, Baily Buzzard, Chambers, Clark, Caldwell, J. L. Davis, Darnell, Hays, Hester, Trower, P. A. Lyon, Womble, Wolfe, Lee, Maples, McClellan, Morton, L. S. McLain, H. A. Nichols, Dawson Nichols, Stinnett, Ratekin. The Missionary society was glad to welcome Mrs. Maynard McLain as a new member, and Mrs. A. F. Smith, a visitor. The next meeting will be held at the home of Mrs. H. A. Nichols. This will be a business meeting and all officers and committee chairmen should be present.

Epworth League Program for March 1, 1931

General topic:—"How May We Discover and How to Remove the Obstacles to Our Achieving Maturity in Christian Life?" Matt. 13:3-17.

Song: "More Like the Master"—Congregation.

Reading: "The Common Street"—Mary Jane Redding.

Testing Our Lives—Faye Files.

"A Way to Peace, Health and Power"—Lloyd Terry.

A Book of Prayers—Mr. Finley.

What do We Really Want in a Christian Life?—Chester Lieb.

Prayer—Leader.

M. E. Church Pre-Easter Meeting

At the Methodist Church beginning ten days before Easter and continuing to and including Easter Sunday a protracted meeting will be held by Rev. Ed. R. Wallace of the Perryton district. Everyone is urged to attend these meetings.

The Rebekahs

The Rebekahs wish to thank all those who contributed to our quilt fund by buying a pencil, and all those who favored us by their presence at the musicale held on Tuesday night. Especially do we wish to thank those who furnished the music. We realized the sum of \$27.58, above all expenses, from our quilt. We also had a cake sale for the ugliest man in the house, which brought \$9.70. The cake was given to Bert Briley.

Wilbanks-Ooley

Miss Wanica Wilbanks and Elmer Ooley were quietly married in Beaver City, Oklahoma, October 22, 1930. Mrs. Ooley is the daughter of Mrs. Lucille Wolverton and the groom is the son of Mr. and Mrs. B. F. Ooley, proprietors of the Ooley Hotel in this city. The wedding came as a great surprise to their many friends and was successfully kept a secret until a few days ago.

Hartshorn-Reed Nuptial Vows Read Saturday

Simplicity marked the wedding Saturday evening of Miss Mattie Hartshorn and Mr. Roy Reed. The ceremony was read at the home of the bride's parents, 1813 Fillmore Street.

The nuptial vows were spoken before an improvised altar formed with fern and greenery. Floor baskets filled with roses, chrysanthemums and gladioli were placed before the altar.

Only a few intimate friends and relatives were in attendance. An informal reception followed the ceremony. The prettily decorated bride's cake was served with ices moulded into the shape of wedding bells.

Mrs. Reed is connected with the Southwestern Public Service Company and Mr. Reed is in the accounting department of the Mistletoe Creameries.

Mr. and Mrs. Reed will make their home at 804 Carolina Street. —Amarillo News, Sunday, February 22.

The bride is well known to early residents of Spearman. She is a daughter of Mrs. Jess Cummings of Amarillo and a cousin of Mrs. M. D. Jackson of Spearman. Mrs. Reed attended high school in Spearman, but the family have resided in Amarillo for the past several years.

Ten Commandments Of Chick Raising

The Ten Commandments of chick raising—as essential to the poultryman's success as Moses' original laws—are offered in the 1931 edition of the Purina Poultry Book—a handy hip-pocket volume of 100 pages, devoted entirely to statistics to railroads plan-

tirely to the feeding, care, management, diseases, and cures of poultry.

In brief form this outline gives a simple plan of what the poultryman should do to raise a high percentage of his chicks—to care for them properly—to give them what they need for life, health, and growth—to cure their ailments—to guard them against infection and disease.

Numbers one and two of these commandments lay the foundation for chick raising: "Move the brooder house to new ground" and "Thoroughly clean and disinfect all equipment." These precautions are deemed necessary to prevent any chance of disease being carried over from last year and to give this year's chicks the chance to start without handicaps of any kind.

The third commandment advises that brooder houses and stoves be carefully regulated for several days before the chicks arrive to insure even, steady temperature conditions, proper ventilations, and the elimination of drafts.

A sound piece of advice is offered next. "Start with early-hatched, vigorous chicks"; with the explanation given that early hatched chicks mean pullets laying early in the fall at the beginning of high prices, and broilers ready before the market is glutted.

Not more than 360 chicks should be placed in a 10x12 brooder house, the next law declares, since more than this number will mean crowding, with the consequences of poorly developed, stunted, and possibly diseased birds.

Commandment No. 6 explains that a drinking fountain and a two-foot Starline feeder should be provided for each 50 chicks to allow each individual chick all the room it needs to get feed and water—upon which life and health depend.

Frightening or stampeding chicks by sudden movements is advised against in No. 7, since, if done only a few times, it will mean highly temperamental chicks which are thrown off feed by slight disturbances, resulting in poor development. Chicks should be taught to roost early says No. 8, usually beginning about the third or fourth week.

The ninth commandment advises the adoption of a plan of feeding which will give the chicks the right start and the best chances for growth thruout.

Finally it is recommended that every poultryman remove the cockerels, which are usually about half his flock, fatten them in a separate pen, and market them as broilers as soon as possible. The complete set of commandments is contained in the Purina Poultry Book together with a full explanation and detailed information on poultry raising. A copy may be

obtained from R. L. McClellan, the local Purina dealer, at the store with the Checkerboard Sign.

FARMERS OF WEST TEXAS TO PROFIT BY CENSUS BILL

AUSTIN, Feb. 25.—That vast grain and livestock section which has achieved picturesque and distinctive unity under the name "West Texas" would perhaps be the greatest beneficiary of the Farm Census Bill pending in the legislature, according to its sponsors.

It was pointed out that an annual census of natural resources such as is planned would be of special value in the industrial and commercial development of those areas of potential great value as farming and ranching sections. The census would furnish authority to penetrate new territory; to flour mills seeking a new location; to a hundred other industries whose interests are closely tied to the land.

Texas now has no means of collecting data annually on crop acreage, prospective acreage, production of principal crops, numbers of livestock, and other vital farm and ranch data by counties. Cities in the newer country, seeking to induce businesses to locate with them, must make expensive agricultural surveys, or depend upon the federal census. This census is highly unsatisfactory, as it is taken only every five years and does not keep pace with a country developing as rapidly as West Texas.

Officials of both the state and federal departments of agriculture the University of Texas and Texas A. and M. college are cooperating in seeking enactment of the measure.

Support was drawn from an unexpected quarter when officials of the state department of public health gave the bill their approval, since pertinent health information might be included in the bulletins to be sent out under government frank by the terms of the bill to disseminate agricultural information.
