

Homecoming King And Queen Named

Pam Rylant, daughter of Mr. and Mrs. Bob Rylant, has been chosen 1976 Homecoming Queen of Spearman High School. Ed Pogue, son of Rev. and Mrs. Russell Pogue, has been chosen Homecoming King.

Other contestants for Homecoming Queen were Carla Harper, Senior class; Robin Denham, Junior class; Pam Largent, Sophomore class; and Patti Short, Freshman class.

The queen will be crowned at 7:30 p.m. Friday evening in Lynx Stadium before the Homecoming football game between the Spearman Lynx and the Shamrock team which will get underway at 8 p.m.

Homecoming events have been going on all week at Spearman High School. Monday was Crazy Day, with students appearing at school in all sorts of crazy outfits. Tuesday, the girls were to come as "LaVern & Shirley" and the boys were to be Fonz look-alikes. Wednesday was Stuff 'Em Day, with students bringing their favorite stuffed animal.

Thursday, Sept. 30, students are to attend school with no shoes, just socks. An assembly program will be held at 8:30 a.m. The annual

bonfire and pep rally will be held Thursday evening with the Sophomores and Seniors teamed against the Juniors and Freshmen for the biggest bonfire. The classes with the biggest bonfire will receive the Spirit Stick.

There will be a Homecoming dance in the High School Gym

from 10 to 1 with Day's disk jockey and program director from KIXZ in Area Todd, providing the music and entertainment for the dance. The SHS Student Council is sponsoring the dance. SHS ex-students and dates and SHS students and dates are to be

admitted to the dance. The charge will be \$4.00 per couple and \$2.00 single.

After game fellowship will be held following the Homecoming game at the Faith Sored by Church, co-sponsored by First Presbyterian

game features Lynx and Irish!

Shades of blarney! The purple and green will meet at Lynx Stadium Friday night, 7:30 p.m., in the feature game of the year for both teams! The Lynx are coming off of a big win against a fantastic Stinnett team and the Irish also are coming off of a big win Friday night; they defeated Challico the 7-6 in a thriller! According to our scouts (and they have been right every game this year) the Irish will have the four best backs that the Lynx have faced all year! And, as all coaches and fans know, it is hard for a team to keep their mind on football during the week of "homecoming" when the Irish will foul us, it will be Homecoming Week! Fans in the county remember what happened to the Gruver Greyhounds last week at their homecoming, when they were upstaged by a fine Texhoma

team! Coach "Doc" Beasley, trainer for the Lynx squad, says that the team will reach their peak physically Friday night when they entertain the Irish from Shamrock. In fact, Doc says we will be in our best shape since the Dumas scrimmage! This definitely will help the problem for Coach Sherwood as he must make a strong showing to stay in the field with the Irish, who have only been soundly defeated by state runner-up Childress, and that score was only 36-20!

We are anxiously awaiting the results of the 1976 football season. This is always a highlight of the fall season, and there are so many pretty girls in Spearman to pick from we can hardly wait to see who will be the new queen!

There is no doubt about the

"play of the year" at Stinnett Friday night! The Lynx pulled a fake field goal, and Mercury Morris raced over for a TD! The entire key to the play was the outstanding blocking by the Lynx offensive line! This Lynx line leveled the secondary of the Rattlers and Morris raced in un-touched! It was one of the most perfect plays that your sports dept. has ever watched!

Make plans to attend the Homecoming Game this Friday night. You will enjoy it and especially do the Lynx extend a big invitation to the Gruver Greyhounds and their fans to come over and enjoy Homecoming at Spearman! The Greyhounds rest this week and all of Spearman would like them to come over and watch the Lynx-Irish game!

Probably game roster for the Lynx is as follows:

SPECIAL BREAKFAST

Bob Close will visit Spearman Monday morning, Oct. 4th, for a special breakfast meeting, open to the public. The breakfast meeting will be held at 7 a.m. at Martin's Steak Garden, Spearman, Texas. Anyone in the county is invited to the meeting, and you will be expected to "come as you are" and visit with Bob, and his supporters at the breakfast.

Sheriff's Report

Following is the Sheriff's report for the period August 25, 1976 through September 25, 1976:

Twenty-four people were placed in Hansford County jail for public intoxication and creating a disturbance; 1 for aggravated assault, 1 for burglary, 3 for probation violation, 2 fugitives wanted by out-of-state departments, 1 driving while intoxicated, 3 for theft over \$200.00, 1 minor consuming alcoholic beverage, 1 for possession of marijuana, 1 for contributing to delinquency of a minor, 2 runaway juveniles, 2 for traffic violations.

Six people were indicted in Monday's session of the Grand Jury: Jimmy Clark, alleged auto theft and burglary; Darrell Hunter, alleged theft over \$200.00; Bobby Lusk, alleged theft over \$200.00; Leonard Garrard, alleged arson; George Graves, alleged burglary; and Jimmy Leal, re-indictment for alleged forgery.

Total miscellaneous calls made by the Sheriff's Department was 109. Forty-seven civil papers were served. \$1,289.86 was collected on "no account" and "bad" checks.

Sheriff McFarlin congratulates Police Chief Robert Wheeler and his staff for the outstanding job they are doing. The new city police department has taken a considerable work load off of the Sheriff's Department.

Gospel Music Singers To Appear Here

The Bentons, singers of Gospel music, will be appearing at First Christian Church for the morning worship service on Sunday, October 3, at 10:45 a.m. The Bentons are: D. Dean Benton, Carole Benton, Deas and Carole's two children Deb and Doug, and Carole's sister Joyce Kulp. The trio began singing together in 1970. Since that time they have appeared in hundreds of concerts in over thirty-five denominations. They have made appearances in nearly every state east of the Rockies and Ontario. The Bentons use orchestration tapes from their five albums in their concerts as well as piano and bass. The three are said to have one of the best blends in Gospel music. It is definitely easy listening. Dean pastored thirteen years in Iowa and Illinois. Most recently he ministered at the United Methodist Church in Mokena, Illinois. He is an author as well as singer and ordained minister. He is a graduate of Open Bible College, Upper Iowa College, and Evangelical Theological Seminary. Carole attended Open Bible College, Stamps School of

Music and worked for the public school system. She does most of the song arrangements for the group. Joyce is an Open Bible College graduate. She sings, plays bass and teaches Debi. She worked with Teen Challenge for a couple of years. First Christian Church invites you to worship with us and the Bentons.

Grand Jury Indicts 6

The Grand Jury met Monday, Sept. 27, and indicted the following:

Jimmy Leal, alleged to have committed forgery. This is a re-indictment and is expected to go to court next week.

George Graves was indicted on an alleged burglary of habitation.

Bob Lusk was indicted for an alleged theft of over \$200.00.

Daniel Hunter was indicted for an alleged theft over \$200.00.

Leonard Garrard was indicted for alleged arson.

Jimmy Clark was indicted on two counts, alleged burglary of habitation and alleged unauthorized use of vehicle.

Members of the Grand Jury were Clarence Zabel, Frank

County Farmers Gross Over \$83 Million

How did Hansford County farmers make out in the past year? Relatively well, the figures show. According to a national report on farm incomes, recently released, they ended the year in better financial shape than farmers and ranchers in many parts of the country. With the heightened demand for food, both at home and abroad, the farm community as a whole has been able to weather the recent recession more successfully than some other segments of the economy. To meet the added demand, farmers went all out to increase their production, putting most of their available acreage to use. The record output they achieved during the past year was made possible by generally good weather conditions, by more intensive use of fertilizers and herbicides and by improved operating efficiency. The figures on the year's operations, for the local area and for other sections of the country, are contained in survey findings released by the Standard Rate and Data Service. Gross farm receipts in Hansford County, it reports, amounted to \$83,679,000. By way of comparison, two years before, when a similar survey was made, the total was \$81,843,000. That was the gross, before deductions for taxes, labor, fuel, supplies and other operating costs, all of which rose considerably in the period. The major part of the income represented cash receipts from the sale of crops, livestock and other farm goods. The rest consisted of Government payments, which were much smaller than in former years, and "income in kind", which is the value of home-grown products consumed on the farm. Of the amount received by Hansford County growers from the sale of commodities, the latest Department of Agriculture breakdown shows that approximately 33 percent of it came from crops and 67 percent from the marketing of livestock, poultry and dairy products. The current year is shaping up fairly well for farmers in general. Although some have been hurt by poor weather conditions and others by low prices, the present indications are that it will be a better year than most.

COLLEGE LIST

Following is a list of students and their colleges. Most of the students whose names we have received are attending schools in Texas, but a few are attending out-of-state schools.

Texas Tech at Lubbock seems to be the favorite of Spearman youth for higher education. Attending Tech are Ken McClellan, Tina Clawson, Terrell Evans, Jeff Beedy, Scott Beedy, Janyth Lackey, Johnette Lee, Dan Pogue, Patti Blanton, Ted Harbour, Brent Wheeler, Becky Wheeler, Roger Jones, Rhonda Jones, Cary Collier, Kim Brock, Lee Ann Uptergrove, Katina McCloy, Michele Schumann, Rajan Martin and Buddy Dossett who is attending Texas Tech Law School.

West Texas State University at Canyon is also popular with students of Spearman. Attending that university are Virgino Ortego, David Harbour, Roy Harbour, Matt Lair, Randy Denham, Roger Brown, Kandy Martin, and Suzy Gatlin.

Shirley Abbott, Renna Abbott, Kurtis Hergert, Ricky Driscoll are attending McMurry College at Abilene. Robert J. Cochran and Sheila Cochran are attending Texas A&M at College Station. Mike Pack and Billy Jones chose Baylor University at Waco. Debra Clawson is attending Oklahoma City University. David Steele is attending Southeastern Oklahoma State University at Durant. Sandy Steele is attending Panhandle State University at Goodwell. Terri Brummett is attending Oklahoma State University at Stillwater. Nancy Lair is attending Southwest Texas State University at San Marcos. Gary Burke is attending the University of Texas at Austin. Attending Amarillo College are Curtis Hays, Van Lewis of Morse and Terry Jackson. Doug and William Porter are attending Wheaton College, Wheaton, Ill. Tommy Haner chose Texas A&I at Kingsville. Milana Papay of Morse is attending Frank Phillips Col-

lege at Berger. Harold Ellison is at Sam Houston State University at Huntsville. Kathy Garner is at Midwestern State University at Wichita Falls.

Sunday Series Set By Symphony

A new Sunday Concert Series by the Amarillo Symphony begins Sunday, October 10, at 3:00 p.m. in the Civic Center Auditorium, Amarillo, Texas.

For several years now, the Saturday evening concerts have been sold out and in order to meet the needs of

Panhandle music lovers, a second concert has been added. Conductor, Thomas Conlin, states that the Sunday concerts will be less formal than the Saturday evening performances. Designed for the family, the Sunday afternoon concert will be more instructional with Conlin adding comments from the podium about the composers and their music.

The Sunday concerts have been scheduled at 3:00 p.m. in order to make them available to music lovers from all over the Texas Panhandle.

You might be interested in watching Channel 10 (KFDA-TV) at noon on October 18. Ron Slover will be interviewing the president of Symphony Guild, Mrs. Lynn Harlowe, and her Symphony Ball Chairman.

For further information or tickets call Mrs. Dick Countiss, 659-2429; or Mrs. Tom Etter, 659-2651.

Card of Thanks

Thank you friends and relatives for help of all kinds before, during and after my sickness in an Amarillo hospital.

I very much appreciated the cards, letters, flowers, visits, telephone calls, prayers, food, transportation, yard mowing and many other kindnesses.

May God bless all of you. Bill Bratton

We would like to thank everyone for their cards, flowers, prayers and food during and after our recent stay in the hospitals in Amarillo.

Mrs. Eugene Yarbrough and Jennifer

I would like to thank everyone for their cards, gifts, flowers and prayers during my recent stay in the hospital. What would we do without neighbors and friends?

Thanks also for the nice things you did for Harold. Lu Howerter

Exemption May Lower Farmland Taxes

COLLEGE STATION-A recent Texas Supreme Court decision could save part-time farmers and ranchers many tax dollars, says an economist with the Texas Agricultural Extension Service.

"The court held that farmers and ranchers may qualify for agricultural tax exemptions on farm real estate even though they earn more than half their income from other sources", notes Dr. Wayne Hayenga. "Thus, the court relaxed eligibility requirements imposed in an earlier ruling."

The big impact will be in counties that have many part-time or low income farmer-who could not previously qualify for the exemption.

The Texas Constitution provides that the owner of a farm or ranch may request an "agricultural use" valuation for the property if it is his "primary occupation and source of income," points out Hayenga.

This valuation is based on the productive value of the land, which is often less than the market value generally used for computing tax payments.

"The state Supreme Court ruled earlier that a property owner must show that his farm or ranch income was greater than his combined income from all other sources. But, based on opinion by Associate Justice Price Daniel, the court changed the requirement to make it easier for owners to qualify for the exemption."

Daniel wrote..."it is sufficient if the landowner shows that he devotes a greater amount of time to his agricultural business than to any other occupation or businesses and that he receives more gross income from his agricultural business...."

This ruling will help farm and ranch owners who get incomes from a variety of sources, such as business investments, royalty payments and other jobs, but who spend a majority of their time on the farm, points out Hayenga.

Our Heritage of Faith...

notes from Faith Lutheran Church

Members of Faith traveled down to Beautiful Savior Lutheran Church in Amarillo, Sept. 25, for the Panhandle Conference Convention. Of special interest during the morning session was the presentation of a check by the Faith delegates to Dr. Heye representing The American Lutheran Church.

The FLCW is invited to the Fall Seminar of the Panhandle Conference which will be held on Oct. 9th in Littlefield, Texas, from 9 a.m. to 3 p.m. All members are urged to attend.

The Faith Luther League will meet at 2 p.m. on Sunday, Oct. 3. It will be the regular monthly business/social meeting. The League is eager and active this year and if you haven't attended yet, be sure to come and join in the fun and learning.

There will be a Youth Fellowship at the Faith Parish Hall on Friday, Oct. 1st, for the local youth following the Spearman High football game. It is open to youth of all denominations and persuasions.

One of the earliest, if not the earliest, confessions of the church is "Jesus is Lord". We must still confess this and keep it central in our activities and our worship.

If you have no home church, or would like to visit, we invite you to worship with us at Faith Lutheran. The Sunday morning worship service begins at 9:30 a.m. The Sunday School hour begins at 10:30 a.m.

Bridge Club

The Duplicate Bridge Club met Monday, Sept. 27, in the home of Mr. and Mrs. Roy Flowers.

OLDSMOBILE 1977 MORE THAN JUST BETTER CARS THEY'RE BETTER OLDSMOBILES

In our search for a new measure of excellence, we've strived to make every Olds a better Olds for 1977. Our new Ninety-Eights and Delta 88s are more space-efficient, more weight-efficient and fuel-efficient than last year.

There's lots more, too. Redesigned Rocker V8s... beautiful new interiors in many models... a new Cutlass Supreme Brougham 4-door with a luxurious 98 Regency-type interior... a new Toronado XSR so dramatic in design it causes excitement wherever it is seen.

CAN WE BUILD ONE FOR YOU?

98 Regency. A remarkable new kind of luxury.

Only a completely new car could do everything a luxury car must do in 1977. So here's the room, comfort and splendid luxury you expect in a Regency... plus the unexpected luxury of good gas mileage: an estimated 21 mpg in the EPA highway test; 16 mpg in the city test, with the standard Rocket 350 V8! You've got to experience its driving ease to believe it!

Delta 88 Royale. New idea in family cars.

Now you don't have to sacrifice the room, the comfort, and the great ride you want—to get the kind of good gas mileage you need! There's new headroom and legroom in the rear, new suspension systems for the smooth, big-car ride you like. Yet Delta 88 mileage is dramatically improved: 23 mpg, highway; 17 mpg, city test, with available Rocket 260 V8.

Which kind of Cutlass is the right Cutlass for you?

Salon: The "grand touring" Cutlass. With 260 V8, 5-speed transmission, 2.73 axle, EPA estimates are: 26 mpg, highway; 17 mpg, city. Hatch roof available.

4-4-2: The legend lives on! Bold, sporty looks. FE2 rallye suspension. EPA estimates with available 260 V8, 5-speed transmission, 2.73 axle: 27 mpg, highway test; 17 mpg, city.

Cutlass S: Classy Cutlass look, ride, and comfort in the lowest-priced Cutlass of all! Plus an EPA highway rating of 26 mpg; 16 mpg, city, with standard 231 V6 engine and manual transmission.

Supreme Brougham: Big-car luxury interior, practical size in coupe or new sedan! EPA estimates: 25 mpg, highway; 18 mpg, city, with 231 V6, available automatic, 2.73 axle.

Toronado XSR. New concept in personal luxury cars. Twin sliding roof panels, wraparound rear window, a new classic look. New Rocket 403 V8 with computerized MISAR electronic spark timing. EPA estimates: 19 mpg, highway; 13 mpg, city.

Starfire GT. The joy of driving is alive and well! See what's in Starfire with the available GT package: buckets, floor-shifter, tach and gauges, GT stripes, rallye wheels—and more! EPA estimates with available 231 V6, 5-speed transmission, 2.56 axle: 34 mpg, highway; 19 mpg, city. Sensational!

Omega Brougham. Economical answer to expensive European sedans. Our impressive "import fighter." Roomy, luxurious-feeling, inside; compact, maneuverable on the road. The affordable alternative! EPA estimates: 27 mpg, highway; 16 mpg, city, with standard 231 V6 engine and manual transmission.

TWDB Schedules Public Forums

The Texas Water Development Board (TWDB) announced Wednesday a schedule for 20 public forums around the State of Texas to gain citizen input on the revisions of the Texas Water Plan currently underway by the Board and staff of the water agency. Executive Director James M. Rose, in a report to the

August meeting of the Board Tuesday, said the forums will begin September 10 in Houston and conclude October 30 in the Waco-Temple-Killeen area. The public is invited.

One forum has previously been held in McAllen. The forums will be held in key cities and towns in Texas' Standard Metropolitan Statistical Areas where the state's economic activity is concentrated.

Rose said the Board and the TWDB urge citizens in each of the areas to attend one or more of the public meetings and make their wishes known concerning Texas' Water problems, opportunities, needs and ideas for meeting the water needs of the state now and in the future.

"We've already gained considerable information about the Water Plan from private citizens, various organizations, river authority directors and staff and others," said Rose.

The executive director said that the input was obtained at the McAllen forum and during visits he has made in recent months to river basin offices and facilities. Rose has spoken to numerous groups about the action program of the Water Development Board and the Governor's Water Task Force which he chairs.

The revised Texas Water

Plan will be submitted to the Texas Legislature early in the next session, said Rose.

water demands and supplies for municipal, industrial and agricultural uses.

Population projections will be made area by area, region by region, river basin and sub-basin, all calculated on whether an area has sufficient water or an insufficient amount in the year 2000, 2010, 2020 and into the early 2030's, explained Rose in his report to the Board.

The uses of and the need for an additional funding of \$400 million for the Water Development Fund will be discussed at each of the public forums. Constitutional Amendment Number One on the November 2 ballot gives Texas voters the opportunity to authorize the Legislature, by two-thirds vote to increase the Development Fund, said Rose.

The increase in funding is vital if the water programs of Texas, for the benefit of many, many small towns and cities, including some large cities, is to continue to be healthy, and continue to make a real contribution to the economy and full-employment of Texans, said Rose.

The Development Fund, a loan fund, not a grant program, is used primarily for hardship cases where the only alternative to funding of water supply and distribution projects would be for the town to raise taxes and increase water bills to an already overburdened community, said Rose.

The Fund is also used to purchase water supply storage space in reservoirs before they are built so that the water is available when and where needed as an area or a town experiences the expected growth.

Rose said recent critics claiming the Fund makes an unusual draw from the General Revenue Fund are talking through their hat. "Yes the draw in the past 10 years has been several millions of dollars but the amount per capita is peanuts when compared to the benefits and the wise and efficient use of the fund," he said.

The real facts are that it has

cost the taxpayers of Texas a 'whopping' two-bits (one quarter of a dollar) a year, or \$2.50 in 10 years.

"We know that the Development Fund will be fully self-supporting by around 1990 if not earlier," Rose said, "and we are working diligently to reduce the time lag to get this done and reduce the draw from the General Revenue Fund."

It might be that this self-supporting feature of the Fund will occur in the late 1980's he said.

Rose said these and other issues are up for public input at each of the forums. Citizen participation is invited, in fact Board Vice-Chairman Robert B. Gilmore of Dallas, who presided at the August meeting, said: "The water needs of this state are so great, so important, every concerned citizen should make plans now to attend one or more of the meetings when the Water Development Board comes to their town."

The dates and towns of the forums follow: Houston, September 10; El Paso, September 13; Galveston, September 17; Lubbock, September 21; Amarillo, September 28; Midland/Odessa, September 29; Beaumont/Port Arthur/Orange, October 1; Dallas/Fort Worth, October 6; Sherman/Denison, October 7; San Antonio, October 8; Corpus Christi, October 12; Laredo, October 14; Bryan/College Station, October 15; Texarkana, October 18; Tyler, October 20; Longview/Marshall, October 21; Wichita Falls, October 25; Abilene, October 27; San Angelo, October 27; Waco/Temple/Killeen, October 30.

Specific location and time of the forums will be announced as soon as possible.

City Tax Rate Set

Residents of Crawford Addition were on hand at the Spearman City Council meeting Tuesday, Sept. 28, at City Hall to discuss a new gas line to that addition. The new gas line will cost \$6,218.00 and residents of the addition decided to contact all owners of property and figure out the cost per front foot that they must pay for the line. There will be 31 taps on the line at a cost of approximately \$200 each.

Should residents of the Crawford Addition decide to finance the line, they can then give it to the city and the city would then be responsible for repairs and upkeep and the liability of the city would be in force for the new line.

Dr. R. L. Kleeberger was appointed City Health Officer. Troy Sloan was appointed to the Zoning Board for Adjustment, subject to his approval. Candy Boxwell was appointed to the Park and Recreation Board.

Contracts were approved

Our daughter, Dena Jean, will be united in marriage to William George Eder on Friday the first day of October nineteen hundred and seventy-six at seven thirty o'clock in the evening. Their vows will be exchanged at the Trinity Lutheran Church Guymon, Oklahoma

We invite you to worship with us witness their vows and be a guest at the reception which will follow immediately in the Fellowship Hall of the Church

If you are unable to attend we ask your presence in thought and prayer

Mr. and Mrs. Darrel Harvey

with John Grist, grant consultant, and Purdie, Brandon & Blair, delinquent tax attorney.

The budget of \$811,637.00 was approved and the ad valorem tax was levied at \$1.20 per \$100 on 50 percent valuation of city property.

The City Council will have regular meetings on October 12 and 26.

HELLO, OLD BEANS!

Don't cook two different packages of dry beans together. Older beans take longer to cook than fresher ones, and a mixed batch will cook unevenly.

Daryl Denton Fund Set Up

A Daryl Denton account has been set up at the Gruver State Bank for love offerings to aid this stalwart young man in his fight for recovery from injuries received in a recent motorcycle mishap.

The Daryl Denton Fund will be initiated Sunday at the First Baptist Church in Gruver by a love offering at the Sunday morning worship service, Oct. 3. Daryl is the young son of the Rev. and Mrs. John Denton, minister of the Baptist

Church in Gruver.

Daryl is a patient at St. Anthony's Hospital in Amarillo where he has been making remarkable strides toward recovery. However, it will be a matter of many weeks and even months before Daryl can be released from hospital care due to cross grafts and other necessary treatment.

Anyone desiring to give to the Daryl Denton Fund may do so at the Gruver State Bank.

GAME NUMBER FIVE

Homecoming for the Rattlers,
Our game they learned;
Maybe they can run it,
Except the tables were turned.
Containing those snakes,
Our Bunch was just right;
Mighty team effort,
It was a beautiful night.
No count can be had, on the
Greatest fans in the land;
We thank for the support, and
Enjoy the full stands.
Enter foe number five,
Kings of Irish green;
It's our homecoming event,
No patsy can be seen.
The luck of the Irish,
It flows in their veins;
May they forget the four clovers,
It could leave a stain.
Deserving 'great' honors,
Are their running backs;
The best we'll have seen,
Except when our defense attacks.
The Angry Purple must show,
How its to be done;
Endowed with talent and desire,
It is second to none.
Raise the record to 4-1,
It's our turn to host;
Spearman's Fighting Lynx,
Have the best with the most.

CORNER CATCHER

The only center pivot in the world that hits the corners.

1st we introduced center pivot

Since 1953 Valmont has pioneered the center pivot irrigation industry, and over 10,000 center pivots are now in operation. It's the fastest growing part of irrigation.

2nd we made circles square

The Valley® Corner System is a revolutionary new center pivot that irrigates the corners. In a typical square quarter it means you can now get yields from 150 acres instead of 132. You can also irrigate any one corner or all corners.

VALLEY ELECTRIC

Look carefully at the tough one.

WE CAN GIVE PROMPT DELIVERY ON ELECTRIC SYSTEMS..... 2 to 4 WEEKS ON OTHER SYSTEMS.

"Every service man we send to work on your system will be factory trained."

There'll also be a tremendous parts inventory to back him up. Our service trucks are radio controlled for around-the-clock trouble shooting. No more waiting. Valmont is the largest manufacturer of center pivots in the world.

It only makes sense that we'd have the best service organization too. Next time you have a problem—big or small—contact the Center Pivot Center. We can help right now.

Estate Tax Reforms Major Achievement

(Washington, D.C.) -- Congressman Jack Hightower said today that passage of estate tax reforms would rank as one of the major achievements of the 94th Congress.

The House and Senate yesterday passed the Tax Reform Act of 1976, which included the estate tax revisions, by virtually unanimous votes of 405 to 2 and 84 to 2, respectively.

"Since I came to Congress last January more constituents have communicated with me about the need to reform our antiquated estate tax laws than about any other single issue," Hightower said. "It was with a deep sense of satisfaction that I voted for the first positive reforms to be adopted in more than 34 years."

Hightower said that both the general tax reform bill and its estate tax revisions contained imperfections, but that the positive aspects far outweighed the negative points.

Because of the importance of the measure, separate votes were taken on the bill's general tax reform provisions and the estate tax provisions prior to a final vote on the complete package.

Hightower was one of only 26 congressmen, including 13 members of the Texas delegation, who voted against the bill's general provisions on the first vote. The vote was on the House-Senate Conference Report, excluding the estate tax portion.

"The Conference Report

contained provisions that could adversely affect energy producers, particularly the independent producers who supply the majority of our petroleum," Hightower said, "and I voted against it to protest that portion of the bill."

"In a separate vote on the estate tax section we tried to knock out the portion that will require heirs to pay more capital gains taxes when they sell inherited property," Hightower said, "but that effort failed 181 to 229."

The Congressman said it failed because too many members were more concerned about raising revenue than in providing the full relief needed by owners of family farms and small businesses.

The final vote was on the complete package, including the estate tax revisions.

"Having recognized that this would be the last opportunity this year to enact any meaningful tax reforms, the Congress passed the bill overwhelmingly," Hightower said.

Hightower said that despite its imperfections the estate tax portion of the bill accomplished most of what he had sought in co-sponsoring the bill introduced last January by Congressman Omar Burleson.

"I believed this Congress had to enact legislation that would prevent the heirs of family farms and small businesses from having to sell all or part of the estate to pay the prohibitive taxes," he said, "and this bill will help ease that unnecessary burden."

Funds Proposed For Texas Parks

SANTA FE* N.M.--National Park Service areas in Texas are scheduled to receive \$61.1 million under President Ford's proposed \$1.5 billion Bicentennial Land Heritage Act.

The act, made public by the President August 29 in a speech at Yellowstone National Park, will launch a 10-year program to expand and rehabilitate the nation's national parks, wildlife refuges, recreation areas, urban parks and historic and archeological sites, according to Secretary of the Interior Thomas S. Kleppe.

Joseph C. Rumburg, Jr., Southwest Regional Director of the National Park Service, said that a breakdown of the funding for Texas shows that the largest amount--\$37.3 million--will go toward the purchase of 49,534 acres of Texas' Big Thicket National Preserve not covered by previous budgeting.

The second largest hunk of money slated to go to the Texas national parks is the \$13.9 million for Guadalupe Mountains National Park in West Texas.

Guadalupe Mountains is a relatively new park with limited public use facilities and staffing at present. In store is the construction of visitor facilities, a ranger station and a trail system.

Other Texas parks scheduled to receive funds include:

--Big Bend National Park, \$4.5 million for construction, maintenance and rehabilitation, including the addition of a visitor contact station and an amphitheater. --Fort Davis National Monument, \$285,000 for maintenance, which will include some restoration work on the historic buildings at the old fort.

Two New Mexico National Park Service areas frequently visited by West Texans also benefitted from the proposal.

Carlsbad Caverns National Park will receive \$3.5 million, which will include the construction of an auditorium for the visitor center and an amphitheater.

White Sands National Monument will receive \$180,000 for construction and development, including picnic area improvements.

In addition, Rumburg said that some of the \$13 million annually that the program makes available for increased staffing will be allotted to Texas and New Mexico National Park Service areas.

Rumburg said that increased staffing is necessary to insure the protection of the natural and historical resources and meet the increasing public demand.

Maternal grandparents are Mr. and Mrs. C. J. Renner,

and paternal grandparents are Mr. and Mrs. A. F. Holland, all of Spearman.

Mrs. Renner went down on Friday and is expected back home this weekend. Mr. and Mrs. Holland will leave Friday to visit with their new granddaughter.

Hansford Lodge Meets

Hansford Lodge #1040 A.F. & A.M. met Monday, Sept. 27, in the Hansford Lodge Hall.

George Young, Worshipful Master, presided over the meeting.

Routine business was conducted. Host, Jack Whitson, served hot dogs, chili and ice cream to approximately eleven members present.

ETA ALPHA Has Initiation

Mrs. Allison Unruh, a first grade teacher at the South Elementary School in Perryton, was presented as an initiate of the Eta Alpha Chapter of Delta Kappa Gamma, international honor society for women educators.

Mrs. Unruh was presented at the initiation luncheon at The Perryton Club on Sept. 18. Mrs. Douglas Fiskin, second

vice president, conducted the impressive candlelight ceremony. She was assisted by Mrs. Albert Knox, Mrs. E. N. Flathers, Mrs. Clifford Beck, Mrs. Fred Gustin, Mrs. Dick Hudson and Mrs. Don Clark. Mrs. Ray Robinson was the musician.

During the business meeting conducted by Mrs. Fiskin, plans were made the Society's participation at the Area workshop in Lubbock on Oct. 2.

Three major projects of the year were considered. They are the Satellite program, Girls Town and Grants-in-aid. Members were reminded of the meeting on Nov. 13 in Perryton at the high school. Handmade articles will be auctioned to benefit the grants-in-aid program.

Mrs. Clyde Yeary was in charge of the devotional. Hostesses were Mrs. E. N. Flathers, Mrs. Violet Igou, Mrs. O. W. Nowlin, Mrs. E. D. Kelley, Mrs. Henry Bechtold, Mrs. Homer Price and Mrs. Thelma Davis.

Attending from Spearman were Mrs. Don Clark, Mrs. Dick Hudson and Mrs. W. W. Weaver; from Booker, Mrs. Fred Gustin and Mrs. Florence Lee Hance; from Darrouzett, Mrs. Clifford Beck, Mrs. Jerry Robertson and Mrs. Roberta Pugh.

Others included Mrs. C. P. Burrus of Follett; Mrs. Ray Robinson of Waka; Mrs. Carlie Knight and Mrs. Thomas J. Bergin of Gruver.

Also Perryton members present were Mrs. Allison Unruh, Mrs. Douglas Fiskin, Mrs. Ray Bain, Mrs. Joe Champion, Karen Bennett, Mrs. Norman Crum, Mrs. Thelma Davis, Mrs. E. N. Flathers, Mrs. Violet Igou, Mrs. Albert Knox, Mrs. James Love, Mrs. Homer Price, Mrs. Ray Castle, Mrs. Henry Bechtold, Mrs. Jess Brownlee.

Mrs. L. B. Penick of Pampa was a guest.

Hansford Shrine Club Met

The Hansford County Shrine Club met Thursday, Sept. 16, at 7:30 p.m. at Martin's Steak Garden for their first meeting this fall.

George Young, President, presided over the meeting.

The following schedule of meetings was planned: October 21, the Club will meet at Joel Lackey's Ranch; November 18 meeting will be held at Martin's Steak Garden; and the December 16 meeting will be Ladies Night, but the time and place plans have not been finalized.

Approximately thirteen members were present at the meeting.

Shower Honors Bride-Elect

Miss Laura Barnes, bride-elect of Glen Ray Mackie, was honored with a bridal shower Thursday, Sept. 16, from 7 till 9 p.m. in the B & B Farm Industries Friendship Room.

The registration table was laid with a white linen cloth and was accented with an arrangement of burnt orange carnations in a milk glass vase. Mrs. Ricky Howard presided over the registration table.

The serving table was laid with an ecru cloth and was accented with an arrangement of burnt orange carnations, gold daisy mums, bronze red rosette mums, baby's breath, and fern in a milk glass vase.

The table was set with a silver coffee service and crystal appointments. Refreshments of cookies, mints, nuts, punch and coffee were served by Mrs. Mike McCoy and Margie Cage.

Miss Barnes was assisted with her gifts by Belinda Benavidez.

A burnt orange carnation corsage, accented by a miniature bride and groom and tied with a gold ribbon was presented to Miss Barnes by hostesses, Mmes. Albert L. Baker, George Collard, Odell Fanning, Robert Graves, Billie Jeff Hawkins, J. W. Pipkin, Earl Riley, Ruby McCullough, Wallace Berner, Gordon Cummings, B. J. Garnett, Dub Hanners, Herschel Jones, Chalmers Porter, L. W. Rosenbaum, and W. S. Weckesser.

Mrs. Bernard Barnes, mother of the bride, and Mrs. Glen Mackie, mother of the groom, were each presented a burnt orange carnation corsage.

Special guests present were grandmothers of the groom, Mrs. W. L. Mackie and Mrs. Viola Hutton, both of Spearman.

Out-of-town guests were Mrs. Ralph Pattison, aunt of the bride, Mrs. Clint Ragsdale and Mrs. Mike McCoy, all of Perryton and Mrs. David Turner of Gruver.

Pheleo Circle Has Meeting

Pheleo Circle met Wednesday, Sept. 15 at the First Christian Church.

Chairman, Mrs. Darl Hergert presided over the meeting.

The opening prayer was led by Mrs. John Trimmell.

Mrs. Hergert gave the program on Chapter 7 of "How To Be A Christian Without Being Religious".

Following the meeting, craft day was held.

Refreshments were served by Mrs. Carl Kunselman to members, Mmes. John Trimmell, Darl Hergert, Charlie West, Jimmy Vernon, Coy Palmer, Tim Assiter, Kon Kunselman, Irvin Davis, Ed Haner, A. D. Reed, and Elmer Wells.

Next meeting will be Oct. 20 at the church.

WTSU--West Texas State University will "Look Into the Future" for its 1976 Homecoming celebrations Oct. 28-30.

Festivities include a bonfire, carnival, parade, barbecue, Homecoming queen contest and the football game with the Buffs hosting McNeese State at 2:30 p.m. Oct. 30 in Frank Kimbrough Memorial Stadium.

First on the list Oct. 28 will be the bonfire, which will begin at dusk near the WTSU tennis courts. On Oct. 29, the carnival will open its doors at 4 p.m. and close at 11. Egg throwing, water dunking, rappelling and novel foods are always part of the fun.

Revived last year after a long break, the parade will return to downtown Canyon at 10 a.m. on Oct. 30. Parade officials have received 16 entries thus far, including the WTSU Song Girls, cheerleaders, ROTC Color Guard, Scribes Honor Society and Phi Delta Theta, national social fraternity.

The barbecue will be held after the parade in the commons area between the Cornette Library and Terrell Hall. All participants will be charged \$1, except for students with meal tickets.

The Homecoming queen, who will be selected by the students in a popular election Oct. 26 and 27, will reign over the Homecoming festivities. Men are eligible to enter.

8th Graders Enjoy Field Trip

The 8th Grade Earth Science classes from Spearman Junior High took their annual field trip to Capulin Mountain in northern New Mexico Thursday, Sept. 23.

Capulin Mountain is a national monument which is the cone of an extinct volcano which rises to an elevation of 8,215 feet above sea level. In addition to learning about the volcano, the 85 students also visited the museum at Folsom, New Mexico. The town of Folsom is near the site where spearheads were found in 1925, mingled with bones from an extinct species of bison.

The weapons were called "Folsom Points" and scientists have used the name "Folsom Man" to describe the prehistoric man who made and used the pointed weapons.

The 85 students and 6 sponsors left Spearman about 6:30 a.m. and arrived back in Spearman about 6:30 p.m.

Adult Basic Education Classes Set

The Spearman Independent School District is sponsoring Adult Basic Education classes. The classes are designed for adults who have not finished high school.

The classes will be offered in instruction to achieve a certificate of high school equivalency. Instruction will also be given in reading, writing, English and arithmetic.

There will be no charge of any kind for the courses. Anyone interested should attend a general meeting and

registration at: Spearman High School, Room 118, 7:00 p.m., October 18, 1976.

Immunization Clinic Set

An immunization clinic will be held Oct. 4 from 2 to 4 p.m. in the Spearman Elementary School at 511 S. Townsend.

Vaccines that give protection against polio, diphtheria, lock jaw, whooping cough, measles and rubella will be given at that time.

There will be no charge.

Producers Should Prepare for '77 Farm Bill

COLLEGE STATION -- "If farmers expect to influence 1977 food policy issues, it is time for them to begin planning, organizing and acting."

The reason for this is that the position of many political decisionmakers will be molded in the upcoming election, notes Dr. Ronald D. Knutson, economist in agricultural policy and marketing for the Texas Agricultural Extension Service.

"In the matter of food policy, producers can no longer be passive. At last count there were 26 agencies involved in decisions affecting food policy," points out the economist.

After the election, time for acting on new farm legislation will be short. "The impact of alternative agricultural and food policies is already being analyzed, and bills will soon be drafted. Ability to influence begins with an understanding of the issues," contends Knutson.

"The overriding issue is the degree of government involvement in agriculture," he emphasizes. "The Democrats favor increased government involvement on a variety of fronts while the Republicans favor a 'free market' or less government involvement.

"In the upcoming elections, most changes in farm policy will likely occur if the Democrats win," contends the Texas A&M University System specialist. "Democrats traditionally have been more willing to involve government in agriculture and have the image of being producer oriented. But if labor and consumer activists play a major role in electing a Democratic President, traditional producer orientation may be neutralized, lost or forgotten. Food reserves, higher target prices, consolidated and subsidized disaster programs, and expanded food aid are integral parts of this program of increased government involvement."

If the Republicans are elected, producers can expect a continuation of present freer market programs. "There is a desire to maintain a minimum of government restriction on production and prices. Price stability is not an objective of the free market approach. Instead prices are free to move in response to both domestic and international forces. However, when prices become 'too high' or supplies 'too short', government has become involved by means of export controls or price controls," notes Knutson.

As far as specific issues are concerned, the economist lists these--grain reserves, target

prices and loan rates, commodity programs, disaster payments, acreage allotments and food aid.

Advocates of grain reserves argue that these will increase price stability, reduce risk, reduce the need to impose export embargoes, and increase consumer assurance of an adequate and dependable food supply. On the other hand, free market advocates say that reserves will distort market signals, depress farm prices, and discourage importing countries from holding reserves. They also contend that reserves are subject to government manipulation and are costly to manage and hold. Knutson notes that each of the positions has merit. There is no easy answer.

To many producers, the level of target prices and loan rates is the major farm policy issue. Both target prices and loan rates can be used by government as a partial incentive to either stimulate or reduce production according to market needs. Currently target prices and loan rates are well below production costs. Some producers would like to see more protection from falling prices.

Although few farm commodity programs still exist--peanuts are of prime interest in Texas--there is a general trend toward general farm programs that apply to all commodities, explains the economist. Most commodity programs that control production are in trouble, yet there is little debate over the need to retain standby set-aside authority.

Regarding disaster payments, two programs currently cover production disasters due to weather--the Federal Crop Insurance Corporation program and the Commodity Credit Corporation. The FCIC is

voluntary and self-financing and is available for more than 20 crops although not in all areas of the country. On the other hand, the CCC program covers only five crops--upland cotton, wheat, corn, sorghum and barley--and provides disaster protection only to producers with acreage allotments. CCC payments come from the federal treasury. There is concern about federal costs and duplication between the two programs, with some discussion toward a producer-government insurance cost sharing program.

As far as acreage allotments are concerned, producers currently receive target price deficiency payments or disaster payments only on allotted acres. One proposal would eliminate allotments by making all current production eligible for support loans, target price deficiency payments, and disaster payments.

Food aid is perhaps one of the most controversial issues, points out the economist. Key areas of food aid programs are food stamps, school lunch programs and P.L. 480, the Food for Peace program. "The food stamp issue could be influenced greatly by how serious Washington is about welfare reform. There is the possibility that the school lunch program could change from a commodity to a cash program. With regard to P.L.480, the commercial market has taken precedent over our willingness to give food aid. The question here is at what level will we continue to give good aid and to whom."

Knutson indicates the possibility that the current farm program may be extended for a year to allow more time for the new Congress to develop specifics of a new program. Yet he urges all producers to

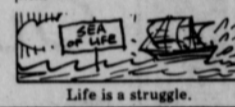

study the issues and the candidates seeking election so that they can have a voice in agricultural and food policies in the years ahead.

Six Flags Begins Fall Season

Six Flags Over Texas has begun weekend-only operation for the fall months on the heels of the most successful spring and summer seasons in the theme park's sixteen-year history. Through Labor Day more than 2,217,000 persons had visited the Arlington entertainment center, topping the old record by more than 200,000 visitors.

General Manager Dan Howells credited the attendance spurt to the introduction this year of the Texas Chute Out, a 1.5 million dollar parachute drop. "The parachute ride is the most spectacular addition to the park in several years," Howells said, "and there's not a doubt in our minds that it has been the key to the unprecedented attendance we've enjoyed so far this year."

Six Flags Over Texas will be open Saturdays and Sundays only through the last weekend in November. Hours on Saturdays will be 10 a.m. until midnight in September; 10 a.m. until 10 p.m. in October; and 10 a.m. until 8 p.m. in November. Hours on Sundays, September through November, will be 10 a.m. until 8 p.m.

Texas Ranger Retires

Texas Ranger MD Kelley Rogers was honored for his 35 years of service with the Department of Public Safety Friday night during a retirement banquet at the Villa Inn.

On hand to express appreciation for a job well done were the entire chain of command of the Texas Rangers with the exception of one and including his long-time friend Lewis Rigler who 'MCEED' the affair. Following the banquet Mr. and Mrs. Rigler who are from Gainesville came to Gruver for a visit with their daughter and her husband, Charlotte and Mike Murrell.

There are only 94 Texas Rangers, making them one of the most elite law enforcement agencies in the state and nation.

Both Mr. and Mrs. Rogers were presented with tokens of appreciation including a plaque to Mrs. Rogers for supporting her husband and his position in the department over the years. Rogers and his wife were also given a framed portrait of Ranger Rogers painted by Don Gray of Wichita Falls and as a final token of appreciation to Rogers from all the Texas Rangers, he was presented with a Remington .12 gauge shotgun.

Discussion Scheduled

AMARILLO -- Controlling ant dens along highway shoulders, the use of symbol signs for "Slow Down on Wet Pavement" signs, the correct deposition of money found on right of way where the owner cannot be identified, a study of more efficient and economical

ways of performing highway maintenance....

The above lesser complex topics are among several more technical subjects scheduled for discussion at a State Department of Highways and Public Transportation Regional Maintenance Conference September 22-23 at the Quality Inn in Amarillo.

About 100 employees of the State Department of Highways and Public Transportation from Austin, Wichita Falls, Lubbock, Odessa, San Angelo, Abilene, Brownwood, El Paso, Childress and Amarillo are expected to attend.

James N. Moss, Amarillo District Maintenance Engineer said the numerous sessions will include educational films and slide presentations.

TAMMY DONAHUE

Tammy Donahue In Who's Who

Tammy Donahue, age 12, daughter of Mr. and Mrs. Ray Donahue of Spearman, Texas, has received word that she will be featured in Who's Who of Baton Twirling.

This is the fifth consecutive year she has been chosen. In state competition this

summer, she placed second in her solo, fancy T-strut, basic strut, 2-baton; third in advanced Military flag-hoop; and second in modeling. In Divisional, she placed first in everything.

Besides twirling, she loves to dance, swim, model and attend school.

Enrollment Slightly Up

Enrollment for the Fall Quarter on the Mid-Continent Campus is only slightly above last year's number. A check with personnel in the Student Services Office indicates an enrollment figure of 520 as compared to 513 last year. Administrators had predicted a 17 percent increase in enrollment. Reasons given for not reaching the expected increase included the availability of jobs in the Amarillo area, an estimated 35 percent attrition rate and many students who had planned to enroll this quarter but didn't show up for one reason or another.

Recruiting efforts were evidently successful due to the rise in enrollment among high school seniors who graduated last May. It was noted that

most of these students were paying their own way through school.

Students receiving funds through the Comprehensive Employment Training Act numbered at 215 as compared to 170 last year. According to the Financial Aids Director, Jim Brown, more students could have been put through school if more CETA money was available.

Enrollment at the other three campuses is about the same as compared to this time last year with the exception of Waco who boasts a 19 percent increase. According to national news reports, nationwide college enrollment has dropped. The TSTI System as a whole has managed to hold its own with slight increase in student attendance.

SPEARMAN HIGH BAND

Sounds of music,
Piercing the night air;
Every half time show,
All play for first chair.
Right in step and in line,
Marching Lynx Band;
A great white army,
Number one in the land.

Headed by two drum majors,
In the middle the musicians;
Girls bearing the flags,
Hurling batons are magicians.

Bells, horns, and drums,
Add a beat and mix well;
Now the music comes out,
Doesn't it sound swell?

You Name It!

IT'S GOOD to be a Lynx CAT, and know where you are AT! That is the theme song for the Lynx this week, as they prepare for Homecoming this Friday night. And, the Habitat of the Cat, is all swash, with purple and white signs, and all kinds of Homecoming decorations, to get the school ready for the bonfire, etc. this weekend!

Homecoming activities start with the 7th and 8th Grade teams entertaining River Road in Spearman this Thursday at 5 p.m. The 9th Grade will journey to River Road for a 4:30 p.m. Thursday game. The Lynx B team will be open for the second week in a row, and will go to Canadian Oct. 7.

If you want to see some real exciting football, start by watching the Kittens this Thursday at Lynx Stadium or go watch the 9th Grade team play in Amarillo!

I was sure disgusted with Jimmy Carter over his interview with Playboy magazine! Why he consented to give this type of magazine an interview,

concerning his religious beliefs, is beyond my wildest imaginations! And, almost everyone I have talked to was stunned by his statements! And, I am equally confused over his trying to fire the FBI Chief, re-do the income tax, tax the rich people and give it to the poor, and about almost all of his statements are unreal! Of course, as most any poor man knows, if you took all of the money away from the few rich people we had, threw them in prison, their money wouldn't run the country hardly a full day! So, if Mr. Carter has any ideas about soaking the rich, he better explain who he thinks is rich! Of course, I know that the farming community has taken a beating at the hands of the Republicans these last few years; and the simple fact is that the farmer and rancher has to have some relief soon or he is never going to get over this price situation. I can't imagine wheat under \$5 per bushel, and cattle so cheap they are losing \$50 to \$100 per head coming out of the feed

lot! And, most farmers are blaming the Republicans for this!

My fearless editor from Gruver came rushing in this week, about to have a heart attack, when she found out that we didn't get all of the printing from the school, etc. in the county! I informed her that this had been going on in the county for at least 52 years; that is, the school, city, hospital had a perfect right to take their printing wherever they could get the best work for the cheapest price! And I went ahead to assure Fran that the Lord would take care of us here at the newspaper and give us our just due! Fran stated, "That's what I am afraid of!"

I was talking with our "Letters to the Editor" man this week, Chalmers Porter, and he came up with a statement that must deserve some space in our column. We were discussing the rise and fall of the Roman Empire, as compared to our present day America! That is the people all turned to material things, sin, etc. Porter did remind me that in that particular era of history,

the Roman Empire lasted over 1200 years! So, maybe our American way ain't so bad! We still have a 1000 years to go!

The hail damage from the Saturday night storm was pretty heavy north of Gruver and Spearman and actually hit Spearman dead center. Earnest Newcomb and I were at Goodwell, Oklahoma Saturday evening when this hail cloud raced across south of Goodwell towards Spearman and Gruver. We made some pictures of the cloud, and had planned to make pictures of the Boy Scouts who were camped out near the Hitch Ranch, but thought that they were in the middle of the storm. Apparently, the storm went south of them, right towards Spearman. We also took pictures of the Gruver band which marched at half-time of the Goodwell College game. The band looked great, and I must admire Mr. Ladd and his group for such a fine performance!

Mankind is — A composite of the heavenly and earthly.

"Texas" Draws Biggest Crowd Yet

In 1976, the musical drama, "Texas" played to 98,710 people. Raymond Raillard, the executive vice president of the producing organization released the audited figures in a report to the meeting of the Panhandle Motel Association at Howard Johnson's East, Thursday noon, September 9, 1976. The final figures were somewhat higher than the earlier estimated number, and show the highest attendance in the history of the production.

The staff and the cast are thankful to everyone who came, who brought a guest, who spoke enthusiastically about the show, and who shared a brochure. This support throughout the area is the backbone of the production.

36 1/2 percent of the people came from the area 120 miles around the canyon. 35 1/2 percent traveled from 120-500 miles to see the show. 28 percent came more than 500 miles. Fifty states and 67

foreign countries were represented in the audiences and 33 of the performances were played to sold-out houses. 43 percent of the patrons had seen the show before.

These figures about the audiences were drawn from surveys taken at eight performances spread throughout the season on different nights of the week.

21,275 cars on the parking lot came from 49 states. (The visitors from Hawaii did not come in their own cars.) 477 buses brought groups.

Groups are already making reservations for 1980.

The dates for the twelfth season, 1977, will be June 15 through August 20, nightly except Sundays. There will be only one Sunday performance and that will be on July 3. To make ticket reservations, call 806-655-2182, or write to Box 268, Canyon, Texas 79015.
