VOLUME 41, NO. 30

This & That

Ground Gruver

The harvest in this end of the county has been delayed by the rains. But there is still wheat out here that is green and that it just will not get. Both of the elevators are on the ground. The rain, hail and Sunday afternoon could have been serious had it come a week earlier. As it was, hail damage largely on small areas of it; for example, Dave McClelland discovered Pete Bayless surfed down the windmill on the west side of town. A belonging to Jake Jacobs blown down. Most of the damage was west of town, where a reported small tornado was seen.

Our reporter visited the elevators this morning to get a report on the weeks activity. We talked with Lawrence Gruver and Richard Gruber at the Gruver elevator. Elevators both old and new all the warehouses are full. Everything closed down at 10:00 last Friday night. A week last Monday Gruver loaded and shipped twenty-one cars. Shipped and down to today they received and loaded 34 more. Makes them a total of 92 shipped, and everything full. Jim Edelman of the Ullman Co tells the same story. He says to the brim. While we were there he accepted one load for Mr. Dudley that he is going to store in the pit. Jim shipped 15 cars last week, making a total of 26 cars in all. This adds up to a serious situation. It rises from the fact that there are those who think of it as just a wide place in the country. They have never been here and are only aware that Gruver is one of the important wheat producing centers. We need a well organized group to be able to put pressure on the Rock Island and others who need to know we're here. At the moment the Rock Island is handicapped by the down flood. What few cars are being shipped are coming from the north and wheat being shipped from Fort Worth has to go out the way. But the fact is, the Rock Island should have been moved to move this crop before flood hit them. Anyway, let's tell the world about Gruver the Western end of Hansford County. We have had more rain here than anywhere else in the North Plains, last winter we had more rain, but we never mention it. This writer personally sent a letter to the Amarillo news last week and called KGNC and told them of storm conditions. But a word was mentioned. In fact we can't even get credit for our own murder!

Went down to the bank this morning to cash a check. That is only business we ever have in bank. Mr. Thom said we should have to take either one hundred dollar bills, or one hundred dollar bills. We immediately voted the one hundred dollar bills, our check would not permit, we took ones. Yesterday there were so many checks cashed that the bank ran clear out of money. We learned something, no one has to keep any money on hand unless they want to. We always supposed to have on hand any amount of money you demanded. So, the only place they must keep money is in the hands of the bank. When they cash your check they are just being nice to you. From now on, I'm going to be real polite when I go into a bank.

Mrs. Hazel Pearson the daughter of Lawrence Gruver has been visiting her father. In fact was for Father's Day. She helped her sister Mrs. Marvin Shapley with the interior decoration for her new home. Helen Ruth and Hazel decided that Lawrence needed a new car, so they talked away until he surrendered, and away went, and came home with a beautiful Maroon Buick.

During the recent illness of Mr. V. E. Barris, his daughter Betty and her husband visited him. Betty is now Mrs. Bearl Lockmiller. His son Glen and his family also visited. Both Glen and Betty with their families live in New Mexico. Mr. Barris is much improved.

Recently Warren Hart was injured as we reported, but that was not all the trouble the young family had. Janice Hart the young daughter of the young couple fell and fractured her arm.

Little Miss Loreta Black of Lubbock is spending the summer with her grand-parents Mr and Mrs. Bob Black.

Tom Jones Is Candidate For Commissioner

Tom Jones, well known citizen and civic leader of Precinct No. 4, Hansford County, has authorized the Spearman Reporter to make his announcement in the political column of this newspaper. Mr. Jones is a candidate for Commissioner of Precinct No. 4, subject to the action of the Democratic Primaries to be held in this county Saturday July 24. Tom agreed to submit his name to the voters of the precinct after a number of friends and neighbors had urged him to make the race. Mr. Jones has ever been a diligent worker in behalf of all civic and progressive programs in his section of the county, and he feels that he can give impartial and efficient service to the people of Precinct No. 4, if they see fit to elect them as their county commissioner.

Absentee ballots for the Democratic primary election will be available at the county clerk's office in Spearman July 5. Those desiring to cast absentee ballots can call for or write District and County Clerk F. J. Hoskins in Spearman.

Weather and Mkt. Report This Week

Rainfall ranging from the official report of 40 inches at Spearman to an unofficial report of one inch North and West of Gruver fell Sunday to interrupt an already prolonged harvest season in the County. Some hail fell in Spearman and reports from North and West of Gruver was to the effect that some slight damage was caused from hail. The report of the U. S. Weather Observer, Fred Brandt was as follows:

Date	Hi	Low	Rain
22	89	57	
23	80	56	
24	83	50	
25	90	60	
26	87	59	
27	85	60	.40
28	78	55

Canadian Rodeo

CANADIAN, Texas - Canadian, home of the original rodeo, is planning for its biggest post-war rodeo celebration over the long 4th of July week end. A two day show on Sunday and Monday July 4th and 5th, will feature three performances at the rodeo grounds, a gigantic pioneer parade, Old settlers reunion, and dance. Two thousand dollars in cash prizes are being offered this year to riders and ropers in the two-day rodeo. Opening performance will be held Sunday afternoon at 2 p. m. The celebration will really get underway on Monday morning, when old settlers will gather for an all-day reunion at Canadian American Legion Hall. Square dancing, old fiddlers contests, and prizes for oldest settlers are on the program. At ten o'clock Monday morning, the big parade will wind its way through Canadian, featuring floats carrying out the pioneer days theme and hundreds of mounted riders. The second performance at the rodeo grounds will begin at two o'clock Monday afternoon, and the final show gets underway Monday night at 8:00 p. m. Following the rodeo Monday night, the celebration will be climaxed with a public dance featuring Bobbie Burns and his orchestra. Canadian is already taking on holiday dress for the big celebration. Thousands of visitors are expected to throng the city for the 1948 edition of Canadian's famed Fourth of July Rodeo Celebration.

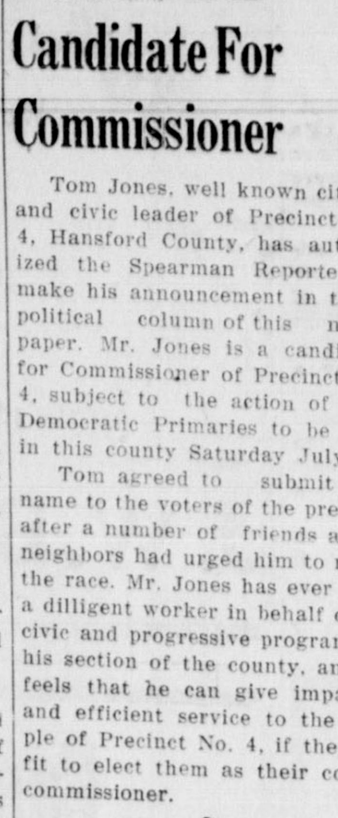

Mr. and Mrs. Cecil Bales and Sandy have moved to Canadian. Mrs. Bales was formerly employed as book-keeper for Boxwells.

Roy Jones is again in his place of business after a serious illness and stay in the hospital.

Mrs. Elmo Latham, Sandra and Joan Latham were on business in Guyton Tuesday.

Mr. and Mrs. Will Harris left this week for Colorado. Mr. Will has finished harvesting here, and is for Father's Day. She helped her sister Mrs. Marvin Shapley with the interior decoration for

First Major Project In The Development of Camp Ki O Wah will be a dining hall to accommodate 160 CAMPERS.

W. E. McClellan Heads Hansford Group In Campaign To Improve Boy Scout Camp Ki O Wah

W. B. Weathered has been appointed chairman of the Camp Ki-O-Wah Building Fund Committee, according to Rev. E. Douglas Carver, president of the Adobe Walls Area Council, Boy Scouts of America. Working with Mrs. Weathered as Vice-Chairman will be M. K. Brown and Frank Carter. Other members of the committee include Carl Fisher of Phillips, C. A. Huff, Farris Oden, and Rev. Carver of Pampa, W. E. McClellan of Spearman, and W. W. Grooms of Goodwell, Oklahoma. The building campaign will be for the purpose of raising funds to provide adequate facilities at Camp Ki-O-Wah for camping several hundred Boy Scouts each summer. The campsite, recently purchased by the council, is about one mile from Lake Marvin in Hemphill County, and includes 35 acres of heavily wooded land which is ideal for Scout camping. More than 400 Boy Scouts camped at Ki-O-Wah for this summer, and it is expected that with expanded facilities, this number will be greatly increased next year. Projects included in the building program are a dining hall large enough for 160 campers, water supply, 10 campsites, showers, kitchen, entrance, gateway and an outdoor chapel for devotional services. All of the projects will be built under the supervision of the Camp Development Committee of which A. W. Paris of Phillips is chairman. Serving with Mr. Paris are Noble Trueblood, John Caylor, and T. D. Wiggins of Canadian, and W. B. Weathered, John Pitts, Hugh Durdette, and George Thompson of Pampa. The Adobe Walls council includes Hansford, Ochiltree, Lipscomb, Hutchinson, Roberts, Hemphill, Carson, Gray, Wheeler, Donley, Collinsworth, and Hall counties in Texas, and Beaver, Texas and Cimarron counties in Oklahoma. All of this area will participate in the campaign and community chairmen are now being selected. If the present campaign for funds is successful, it is expected that all of the projects in the development plan will be completed before next summer's camping season.

Harvest Is Near Half Way Mark

What is considered a most trying harvest for Hansford county is well underway, as elevators over the county, despite the peak of storage capacity, have found it necessary to close down until more cars for shipping could be secured. In the matter of cars for shipping wheat, both the Santa Fe and Rock Island R. R. have been on their toes this year, and a peak shipment for early season of harvest has been recorded. At Spearman, Agent H. L. Heard of the Santa Fe reported 270 car loads of wheat shipped from his city so far this season. This represents close to a half million bushels of wheat from Spearman, with similar shipments being recorded from Gruver, Morse and other shipping points in the county. The fact that wheat producers have had to resort to storing their 1948 wheat production on the ground awaiting storage facilities, indicates the production this year is much greater than was anticipated some weeks ago. Some very optimistic street corner commentators are predicting a 20 bushel average for the county this year, which in the opinion of this writer is about 8 bushels too high. However, there are many sections this year producing more grain than last year during the all-time high production for the county.

Early estimates of two or three million bushels for the county have risen to a conservative guess of four million bushels. Rainfall, slowly ripening grain and lack of shipping facilities has slowed down the harvest to an estimated 6 weeks before all grain has been harvested. Some are predicting that grain will be harvested in Hansford county as late as July 20.

The large surplus of combines and trucks has gradually been absorbed, or have left for riper fields of wheat in adjoining states. At the present time, the supply has about caught up with the demand so far as machinery and labor is concerned. Some amusing stories of harvest are cropping up as the season goes into the home stretch. Tom Jones of Gruver tells of Paul Higgs starting plowing a section of his wheat several weeks ago, and a rain stopped his plowing. Mr. Higgs did not get around to completing the job, and about 60 acres was all that was plowed under. The result is that combines harvested more than 16 bushel average off the remaining acreage.

Generally speaking the volunteer wheat is averaging about 8 bushels per acre and the drilled wheat something above 15 bushels per acre.

Joe Smith Is Champ Wheat PRODUCER

Joe H. Smith, town farmer and implement dealer of Spearman has the production honors for Hansford County so far. Joe reports two acres of wheat, planted and harvested in a lake just East of Spearman as producing 65 bushels per acre. Mr. Smith says this was the only crop he had harvested out of the lake in three years, but he chuckled that the crop paid for the land and he had enough left over for a down payment on a Massey-Harris combine and a Massey-Harris tractor. Mrs. Elmo Latham, Sandra and Joan Latham were on business in Guyton Tuesday.

Mr. and Mrs. Cecil Bales and Sandy have moved to Canadian. Mrs. Bales was formerly employed as book-keeper for Boxwells.

Roy Jones is again in his place of business after a serious illness and stay in the hospital.

Mrs. Elmo Latham, Sandra and Joan Latham were on business in Guyton Tuesday.

Three Commissioners Are Opposed In Primary Election Saturday July 24th

Copy turned into the printer for the Democratic Primary ballots indicates three of the four commissioners of Hansford county will be opposed in the coming primary election to be held Saturday July 24th. In precinct No. 1, present commissioner Albert Jacobs has an opponent, Stanley Garnett. In Precinct No. 2, Commissioner Ed Vernon is unopposed. In Precinct No. 3, Commissioner Gus Olsen has B. W. Renner as an opponent. In Precinct No. 4, Commissioner Buster Schott, has Tom Jones as an opponent. In all other elective offices of this county, the present incumbents are unopposed for reelection, including Sheriff J. B. Cook, Co. Judge A. F. Barkley, District Clerk Fred Hoskins, County Tres. May Jones, County Attorney, T. D. Sansing, Justice of Peace, G. E. Oakes. No names are filed on the ballot for precinct chairman or county chairman. In the state races there are 11 candidates for U. S. Senate; Worley is unopposed for Congressman; eight candidates are listed for the Governor; two are on the ballot for Lieutenant Governor; Price Daniels is unopposed for Attorney General; two candidates are listed for Chief Justice of the Supreme Court, Fred Brewster of Bell County is unopposed for Associate Justice of Supreme Court; two candidates are contesting for Associate Justice of Supreme Court, place 1; Two candidates are contesting for Associate Justice of Supreme Court, place 3; two candidates are listed as Judge of Court of Criminal Appeals; 2 are listed for Railroad Commissioner regular term; while three are on the ballot for Railroad Commissioner, unexpired term; two are on the ballot for Comptroller of Public Accounts; four are contesting in the Commissioner of General Land Office race; two candidates are listed for the State Treasurer; L. A. Woods is unopposed for Superintendent of Public Instruction; two candidates are listed for Commissioner of Agriculture; Grady Hazlewood is unopposed for State Senator; while three candidates are on the ballot for State Representative and two candidates are listed for Associate Justice of Court of Civil Appeals.

Hospital NEWS

Patients Admitted to Hansford Hospital June 23, 1948 to date: Durward Paine, Spearman; E. C. Womble, Spearman; Phyllis Pattison, Spearman; Wayne Hickman, El Reno, Okla.; Mrs. Lois Gibner, Spearman; Perry Washington, Spearman; Bessie Mae Martin, Spearman; James Allen Bryant, Proper, Tex.; Alan Bayless, Gruver; John Henry Anderson, Spearman; A son George Thomas Gibner, was born to Mr. and Mrs. J. W. Gibner June 29th.

Miss Burgess Resigns As Secretary of C. of C.

President Marvin Chambers of the Spearman Chamber of Commerce announces this week that Miss Vivian Burgess has resigned as Secretary of the organization. The directors of the organization to accept a position with the B. and B. Grain Company. President Chambers stated Tuesday that the directors were considering the applications for a manager who could assume the secretarial duties. It is hoped that a new manager can be announced, perhaps next month after the rush of the harvest season has been completed.

MONTY COTTER (Red) LEFT FOR NAVY MONDAY

Monty Cotter, of Spearman, a star player of last year's Regional Championship Football team, and a 1st stringer on the basketball team, left to join the Navy Monday. Monty graduated last year. Monty will go to Albuquerque for official induction, and then will be transferred to the Naval Training Center at San Diego, Calif.

D. S. Dudley Show In Spearman

The V. F. W. Post of Spearman has arranged to bring the D. S. Dudley's shows here for the entire week of June 28th for 6 nights. This show comes highly recommended as a show for the entire family. They will be located East of the Court House. So come out & meet your friends and neighbors where they will go.

City Officials Announce All Streets And Alleys Will Be Sprayed Monday of Next Week

Through the courtesy of the City of Pampa and in cooperation with the city officials of Spearman, all streets of Spearman will be sprayed with 5 per cent DDT for July 5th, according to an announcement made June 22 by Ray Salmon of Pampa health department. Salmon an operator, expects to arrive in Spearman July 5th, and work will get underway immediately. Approximately 3 hours is expected to complete the work of spraying all streets and alleys in this city, giving complete coverage to the area within the city. The DDT and Lethane preparation forms a fine mist under 2000 degrees of heat and terrific air pressure, becoming a dry fog as it leaves the huge atomizer. The spray makes a spectacular fog as it rolls in the air and on occasions has been mistaken for smoke. The preparation is absolutely harmless to warm blooded animals, vegetation and even clothes hanging outside are perfectly safe. All proprietors of business and professional establishments as well as home owners are requested to leave windows and doors open as the spray is harmless from all angles and if not allowed to penetrate into all buildings the purpose of the spray will be defeated.

Yelling Cow Pokes And Lovely Ladies Invite Hansfordites To Canadian For Rodeo And Old Settlers Party July 4th

A rollicking high spirited contingent of cow pokes and good looking girls, advertising the 4th of July Rodeo and Old Settlers reunion to be held at Canadian July 4th and 5th, visited Spearman at 10:45 A. M., Monday of this week. The Caravan of visitors entertained with a number of western songs, intermingled with a batch of whoops and yells that sounded like they were real cow pokes and not the drug store variety. Of course the visitors invited all to attend the Canadian Rodeo on JULY 4TH. Another news story in this paper outlines the events of the two days entertainment.

XIT Reunion

There won't be a dull moment at the 12th Annual XIT Reunion in Dalhart July 30-31. In the past that hasn't always been true. Some of the afternoons have been draggy. But they won't be this year. The XIT Rangers - an organization of men and women bound together by their common love of horses and things Western - have told the reunion directors they will provide a baseball game and horse races each afternoon. And they will be free, starting at 1:30 P. M. As in the past, the reunion will be prefaced with a memorial service Thursday night, July 29, in memory of all pioneers. Dalhart churches will join in the service. Ex-Gov. Coke R. Stevenson of Junction will be the speaker. Other events will include the Annual XIT parade Friday, July 30, at 11 A. M.; professional rodeo and three dances each night; XIT calf scramble; clowning and other specialty acts. Headquarters for all oldtimers will be the XIT Rangers big clubhouse. Reunion directors will be host to the oldtimers at a feed both Fri. and Sat. noons.

Number 1 Fish

W. Glover (the painter) not W. M. Glover the farmer, is the number one fisherman of Hansford county, at least until some one else brings proof of their prowess. Recently Glover went on a trip to Possum King-dam, and he had a chance to use one of those large 3 inch fish hooks the country editor had on display in our show window last fall. He declares he ties out a bait on one of those oversized hooks, takes a nap and comes back to pull out a 24 pound cat fish. Sounds terribly easy, and it may not be a fish story, cause he shore brought back the fish. But, the country editor happened to visit his home recently when he was ill, and his wife said it was too much fishing. So the number one fisherman must have to work same as other Hansfordites. Anyway, we thank Mr. Glover for about 4 pounds of the finest tenderloin cat fish we have ever eaten.

Near Fatal Car Accident Occurs On Canadian Highway Monday June 28

Robert Myers, 50 years of age was seriously injured, and Wayne Hickman, 25 years of age, was bruised and shocked as result of a car accident on the Canadian Road just before noon Monday of this week. Chester Barnes and his small son, driving a 1946 Chevrolet car escaped injury when the Chevrolet drove into the center of a 1942 Ford Sedan driven by Mr. Myers. The accident occurred at the intersection of the Waka dirt road and the Canadian highway, just East of the Ed Greever homestead. Mr. Myers had been to Perryton to secure combine parts, and was returning to the Grady Pearson farm where he was engaged in combining wheat. Mr. Barnes was enroute to Spearman. Both drivers must have been pre-occupied, as the intersection is clear of any obstruction of view, and even the wheat was cut. Mr. Barnes stated to a highway patrolman that he did not see the other

Joe Smith Is Champ Wheat PRODUCER

Joe H. Smith, town farmer and implement dealer of Spearman has the production honors for Hansford County so far. Joe reports two acres of wheat, planted and harvested in a lake just East of Spearman as producing 65 bushels per acre. Mr. Smith says this was the only crop he had harvested out of the lake in three years, but he chuckled that the crop paid for the land and he had enough left over for a down payment on a Massey-Harris combine and a Massey-Harris tractor. Mrs. Elmo Latham, Sandra and Joan Latham were on business in Guyton Tuesday.

If the present campaign for funds is successful, it is expected that all of the projects in the development plan will be completed before next summer's camping season.

W. E. McClellan Heads Hansford Group In Campaign To Improve Boy Scout Camp Ki O Wah

W. B. Weathered has been appointed chairman of the Camp Ki-O-Wah Building Fund Committee, according to Rev. E. Douglas Carver, president of the Adobe Walls Area Council, Boy Scouts of America. Working with Mrs. Weathered as Vice-Chairman will be M. K. Brown and Frank Carter. Other members of the committee include Carl Fisher of Phillips, C. A. Huff, Farris Oden, and Rev. Carver of Pampa, W. E. McClellan of Spearman, and W. W. Grooms of Goodwell, Oklahoma. The building campaign will be for the purpose of raising funds to provide adequate facilities at Camp Ki-O-Wah for camping several hundred Boy Scouts each summer. The campsite, recently purchased by the council, is about one mile from Lake Marvin in Hemphill County, and includes 35 acres of heavily wooded land which is ideal for Scout camping. More than 400 Boy Scouts camped at Ki-O-Wah for this summer, and it is expected that with expanded facilities, this number will be greatly increased next year. Projects included in the building program are a dining hall large enough for 160 campers, water supply, 10 campsites, showers, kitchen, entrance, gateway and an outdoor chapel for devotional services. All of the projects will be built under the supervision of the Camp Development Committee of which A. W. Paris of Phillips is chairman. Serving with Mr. Paris are Noble Trueblood, John Caylor, and T. D. Wiggins of Canadian, and W. B. Weathered, John Pitts, Hugh Durdette, and George Thompson of Pampa. The Adobe Walls council includes Hansford, Ochiltree, Lipscomb, Hutchinson, Roberts, Hemphill, Carson, Gray, Wheeler, Donley, Collinsworth, and Hall counties in Texas, and Beaver, Texas and Cimarron counties in Oklahoma. All of this area will participate in the campaign and community chairmen are now being selected. If the present campaign for funds is successful, it is expected that all of the projects in the development plan will be completed before next summer's camping season.

Morse - Pringle News

The wheels of harvest are turning despite gasoline shortages, boxcar shortage, and rain! Lex Board, Magnolia dealer, is perhaps feeling the gasoline pinch as much as anyone in this area because he is being forced to turn down chances for gasoline deliveries and sales because he is unable to get gasoline to his station. Combine operators are unable to purchase gasoline without its being billed to the farmer for whom they are cutting. The road construction company, Bell and Braden, are also having trouble getting gasoline for their continuing road work Wayne Gault, Rock Island agricultural agent for seven states with headquarters in Kansas City, says the box car supply in the Dalhart area, and ours too, will get tighter as the wheat harvest hits its stride. This will be in the last days of June and the first week or two of July. Mr. Gault, in Dalhart this week to look over the situation, said he finds yields running five to eight bushels more per acre, and in some instances, much better. Saturday night's rain hit the Two and Three Tenths mark by gauge; and harvesting was delayed until Wednesday. Thursday morning's shower and fog again delayed cutting until after noon in most instances. Other showers continue to hamper harvest operations, and in many instances, fields that look ripe enough to cut are testing too much moisture content to be acceptable by the elevators. Elevators from both Morse and Capps have been sending wheat to Amarillo in semitrail trucks, being unable to attain sufficient box-car space. Sunday June 27th was the 74th anniversary of the Battle of the Adobe Walls in Hutchinson County. Radio station KHUZ presented a 30 minute dramatization of the battle. The program began at 1:00 o'clock Sunday afternoon and featured Billy Dixon, the famous Scout, who was reared in Lipscomb County. His wife still lives in Amarillo and is known by many old-timers here. The site of the Adobe Walls is marked with monuments and lies South and east of the Holt Community. Mr and Mrs Steve Gannon and sons returned home to Chicago last Friday. They have been visiting her parents, the Roy Wombles for the past several weeks. Mr and Mrs Roy McNutt are over from Amarillo for harvest, and the Jim Ownbeys are here from Canadian for the same purpose. But bad luck seems to be trailing the McNutts. Last week Roy was in Berger waiting at the red-light of an intersection when a car plowed into the side of his car and smashed bumper, radiator and Roy. However, Roy seems none the worse for the little scuff. It was all proven to be the fault of the lady driving the other car and Roy is having his car fixed in Amarillo. This week Roy was parked in Sunray in Mrs. Roy's car, and a truck backed into him with no warning and smashed in the rear trunk and side of the car.

Disaster also came to the telephone system in Morse. Last Mon. a truck hauling a Massey-Harris Combine drove under the telephone wires and part of the combine hooked into the wire, tearing it loose. Communication service was disrupted for all telephone except the one at the Ferryton was not damaged. One of our merchants is expanding his business. To the extent that he has purchased and is operating a new business in Sunray. He has an ice-cream parlor with cream dishes and soda fountain services and also makes hamburgers and sandwiches. He is remodeling and repainting the building there. He still plans to maintain the Morse Cafe here. Mrs. Annie Clifton visited Mrs. Henry Davis Monday afternoon. Mrs. Henry Davis was a visitor in the R. C. Berry home Thursday evening. Mr. and Mrs. Bryant Tice and family of Corpus Christi are visiting in the Sid Board home this week. Mr. Tice is a brother of Mrs. Board. They have been on an extensive trip along the West Coast and the Northwest having visited points from California thru Utah, Montana, and Colorado. The railroad has been very busy indeed with their weedburner. Up and down the right of ways, clearing rubble, burning weeds, and inspecting tracks. Farmers may not have thought it but any riddance of weeds in any right of way may be a major cause in the grasshopper fight. The Hoppers are beginning to travel here although they have not reached such major proportions as they have in other adjoining counties. Any disturbance of their bedding places may help in destroying both eggs and small insects. There was quite a bit of excitement when fire was noted recently in the middle of Henry Davis' wheat field South of Capp Elevator, but it was learned that it was a weedy strip of ravine in the middle of the field which had been set afire on purpose, but everyone was a little excited about it for awhile. Semitrucks are still hauling wheat out, but in many instances wheat is being piled on the ground for lack of storage space, and many farmers have found they were able to cut wheat that was too wet either to go to the elevators or to be put in home storage without a drying out period first. During Velma Board's recent trip to Corpus Christi and other points I told you that she had planned a deep-sea fishing expedition, but it was the wrong time of the year, and everyone advised against such a trip because of the uncertainty of weather conditions which often produce quick, severe storms which makes maritime travel unsafe. So actually, the "big-one got away"; but she was able to make a short trip out to some islands, and says she enjoyed it tremendously. Sunday's storm produced from half inch to two inches of rain in this community, and hail damaged wheat and gardens. Several farmers lost small chickens in the hail, and stock was drifted against fences, and in a few instances cut with wire. Todate, have heard of no wind damage. Lengthening Blankets It is possible to make a short blanket longer by sewing an extra length of blanket material, taken from an old blanket, on the end used at the foot of the bed. This provides a tuck-in length.

Married Couples Want 'Prestige' But Not Children

WASHINGTON. — Childless marriages are increasing because Americans are "obsessed with cleanliness" and because new babies aren't worth much in "prestige value." Dr. Lewis L. Sharp, New York City psychiatrist, made these observations in a report to the National Conference on Family Life. The report, prepared in collaboration with a New York colleague, S. Bernard Wortis, said there are no "physiological factors" to explain why the rate of childless marriages has doubled in the last 30 years. "Today one out of every seven American women who marry never have children," it said. Psychological Reasons The report cited five "psychological" reasons: "Cleanliness": People want to be protected from the things that are part of normal healthy childhood. "Prestige Value": The value of the child is diminishing... prestige value of a new automobile is much greater than a new baby. "Economic": The high cost of having babies is a "very important" factor. "Milk Bottle": This has enabled mothers to substitute movies, cocktail parties, and outside work for family life. The child reared by "absentee parents" is apt in later life to be maladjusted in marriage. Such a marriage likely will be short-lived and is unlikely to produce children. "Weak Men": The male figure today is "weak"... washing dishes, doing shopping and frequently passive... "It is not remarkable that he has ceased to exert his prerogatives and has retired to the poker game, the club and the national conferences to compensate..." Recommend Subsidies As one remedy, Sharp and Wortis recommend that the government pay parents subsidies for babies. This was proposed earlier at one of the discussion sections but voted down. The 800 delegates representing 125 major national organizations ended their discussions after a four-day meeting. Conference officials said they were agreed "that American family life is threatened with disintegration but that something can be done about it." Returning to their homes in 48 states and Hawaii, the delegates took with them approved recommendations. The section meetings endorsed the "public housing program" in the Taft-Ellender-Wagner housing bill.

Hydraulic Press Crushes Old Autos into Scrap Packages

LOS ANGELES.—What is claimed to be the world's largest hydraulic press went into operation to help relieve the shortage of scrap iron among the Pacific Coast's booming steel mills. The machine, which looks like an elaborated guillotine, will crush an entire automobile into a solid mass of metal two feet square and four feet high. Set up at the plant of Jerry Williams, a salvage dealer in suburban Southgate, the press was developed to help handle the unprecedented quantities of postwar scrap coming in from the Pacific and other sources. The machine was two years in design and construction, and cost over \$100,000. While there are in operation a number of presses that will flatten an entire automobile, Williams was unable to locate one that would crush and bale simultaneously. His specifications were a press that would take a mass of scrap sixteen and one-half feet long, six feet wide and five feet high and reduce it to bale size. This called for a pressure of 500 tons. As finally designed, the machine itself weighs 250 tons, and has a foundation extending 30 feet into the ground. It is now demolishing a small mountain of old cars and everything else from bedsteads to water heaters, which is one of the principal scrap sources of southern California mills. Spinster Names Nine Cats Beneficiaries of \$75,000 PHILADELPHIA, PA.—Nine cats that comforted an elderly spinster in the last years of her life were named beneficiaries of her trust fund estimated at \$75,000. The will of Mary I. Clay, 72, admitted to probate, estimated her personal property at upwards of \$50,000 and her real estate holdings at more than \$20,000. The will provided for hiring a caretaker to "assume full charge of my pets, and the caretaker shall purchase fresh chopped beef, lamb for stewing, canned salmon, milk and bread at cost of at least \$5 a week." The trust fund is to continue in effect for 20 years after which it will be divided equally among three Odd Fellows lodges.

Called for establishment of a new-type 'family court' to handle divorce cases and appeal for more formal education in family living and more professional experts to help in 'family counselling.'

STEPS TO LAUNDERING LUXURY

ELECTRICALLY
First you'll want an electric washer, easy on your clothes, yet capable of turning out an entire week's wash sparkling clean. Then a dryer, a convenience any time, a blessing when bad weather holds up line drying. And then to top off your "luxury laundry" an electric ironer, so easy to operate, so efficient, and so wonderfully suited to giving your ironing that professional look.
Have all of this home equipment if you can now, or begin with the unit you think will suit your immediate requirements. Even if you're not ready now... start planning today for the day when Reddy Kilowatt will do your laundry work... economically and electrically.

Editorial

THAT, A feature service provided for many weekly newspapers is the "Zeke Says" column. August Ezekiel Brown of the Palo Pinto County, Palo Pinto, Texas. While this newspaper is not a member of the service, and due to lack of news print we do not plan to pick up this attractive service, we are publishing this week's comments as our editorial. Here they are: A lot of things have happened the past week, the biggest being the nomination of a Republican candidate for president. While a lot of us Democrats would like to have some other Republican get that nomination, we certainly didn't do anything to stop Tom Lewey, whose wife was born in Texas. That's like the Eisenhower story. He was born in Texas. Although he was raised in Kansas Mrs. Dewey was raised in Oklahoma. The New York error, from all signs now, will undoubtedly be the president of these United States.

The race for the United States Senate in which the 3 candidates - Coke Stevenson, George Peddy and Lyndon Johnson - are making a strenuous campaign now, has yet to fire anybody's imagination. The "Johnny Come Lately" from Austin has tried, in a bungling way, to get most worked up by use of a helicopter and sensational news against Coke, but the average voter still is not interested. Stevenson will undoubtedly go into the runoff if sentiment counts. The question is whether George Peddy or Lyndon Johnson goes into it with Coke. Peddy is the most effective campaigning. He is up around every morning; writes his radio speech; then mixes with crowds on the streets; makes an afternoon speech at the courthouse steps and a radio speech at 6:45. He is in every town and village in the State now. He has "steel guts" and his bull-dog tenacity, they are writing in.

The State Federation of Labor, in convention at Fort Worth last week, endorsed Coke for the Senate job, and for Q. Evans for the governor's race. However, the leaders of the state have never been able to line up members for any particular candidate in any race. They just can not deliver. Wallace A. Reilly of the labor leader, told the convention, "We've had one of the O'Daniels and the Lyndon Johnsons and the

rest of that category."

One of the evils of Texas of today is the practice of having old folks committed to state insane institutions. Governor Beauford Jester last week branded this practice as uncivilized and almost barbaric, but he said his hands are tied but suggested to a group in Austin that they come back in January, when the Legislature will be in session, to present their views. It seems some folks have their oldsters sent to the institutions so they will have a place to stay and be able to eat. The Governor says he will recommend that the ceiling of 35 millions be lifted to provide additional funds for old folks. This is a big news story as the Legislature has been inclined to let the pension fund remain as is. The limit was voted several years ago. High costs of living have brought a great demand for more money for pensions.

Heavy rains fell in Southwest Texas, along with some points in North Texas, last week, ending a severe drouth in many areas. The water in Medina Lake, near San Antonio, rose 30 feet in 24 hours after a five-inch flood in that part of the hill country.

Jess Davis Variety

CONSIDER THESE FACTS

Mr. Wheat Grower!

- Better Quality Variety of Wheat Insures a Better Market Demand
- Export Markets are the only outlet of inferior varieties; export wheat is only 50 percent of last years shipment. When export demand disappears soon, there will be Absolutely

NO DEMAND

FOR INFERIOR WHEAT VARIETIES

- At present Spearman is listed on the world Market as 99 percent producers of Better Quality Variety of Wheat. Let's Keep our records and the profit.

Poor Milling and Baking Properties Render these Varieties Undesireable:

- Chiefkan
- Early Blackhull
- Red Chief
- Superhard Blackhull

These varieties recommended as Satisfactory:

- Comanche
- Tenmarq
- Pawnee
- Westar
- Turkey Type
- Wichita
- Triumph

"FREE & Independent STATES"

This Is
Our Fine
Heritage

With these words the Declaration of Independence created a new nation as of July 4th, 1776. Ever after the highest hope of this nation has been the perpetuation of its people's right to freedom which can benefit mankind. Often we have met a challenge to one

or more of those freedoms; and we have succeeded in supporting the forty-six whose signatures first declared it vital that people may "assume among the powers of the earth the separate and equal station to which the laws of Nature and Nature's God entitle them."

Judy Canovah To Be In Borger

Judy Canova, the highest paid singer in the country will be seen at Borger, Texas on July 3, as the headliner of her own variety show, surrounded by one of the greatest all-star casts of comedy, musical and terpsichorean artists ever assembled in one company.

The famous star of stage, screen and radio turned down \$18,000 at the mammoth Palladium in London to take this engagement. It is the first time she has taken out her own company in personal appearances on the road, and neither money nor effort was spared in making the Judy Canova show the finest entertainment program ever offered the public.

With Judy will be seen her talented sister and brother, Annie and Zeke; also Joe Mole, the bicycle act; the Taylor family, five daring acrobatic youngsters; Marie Mayo and her equine clown, "Pansy the Horse"; and Robert & Renee, a trampoline act.

The Judy Canova show, produced and directed by William H. King, is rounded out by several big musical production numbers staged with a bevy of glamorous Hollywood beauties, arrayed in gorgeous costumes against colorful Mexican, Indian and Egyptian backgrounds. Music is by the popular Frank Kony's orchestra.

Judy, Annie and Zeke close the show with an original screaming funny character dance number. The show in Borger is sponsored by the Borger Kiwanis club and any profits will go to the underprivileged childrens clinic.

Fireworks For Kiddies At Borger 4th

Next Sunday night, July 4th, at 9:30, the kiddies of the whole Panhandle will see the largest fireworks display ever held in Borger, FREE. There will be 52 set pieces consisting of fourteen big illuminators, two mystic circles which are six feet in diameter, two silver circles and two golden glory circles, all over six feet high. There will be radium mines, silver wheels, battery mines, floral fountain devices, crazy wheels, sun wheels, criss cross devices, two 25-foot Niagara transformation wheels, star devices, that will make the kiddies Oh and Ah all during the show.

While the set pieces are being fired there will be hundreds of shells fired into the air. The nite sky will be colored red, blue, and green, white, yellow, and all the rest of the colors of the rainbow. This display is being brought to Borger by the Pythian Good-fellows for the pleasure of all Children 15 and under, and over 90 years of age will be admitted free. Kids from 16 to 90 will be charged 50c to help defray expense of the display.

The display will be held in the Canadian River bed with the Plemmons bridge as a grandstand.

LOCALS

Mr. and Mrs. Coy Oakes and Mr. and Mrs. Hunter Watson and Mrs. Brazell visited in the homes of J. D. Wilbanks, Judge Oakes, and Duane Oakes over the week-end.

George Pierce and two sons, Billy and Clem, of Alice, Texas, are helping Allen Pierce in Harvest.

Mr. and Mrs. Pete Vernon have moved back to Spearman.

Mrs. Dave Hester was in Childress the past week-end visiting her sister who is very ill.

Don McCammond is visiting Mr. and Mrs. Raymond McCammond for Harvest.

Fount Campbell, of Houston, Texas, has been employed by Boxwell Bros. of Spearman. Fount will have his funeral directors license soon, and will help with all Boxwell Bros. ambulance calls and funeral arrangements.

Mr. and Mrs. Bill Russel Jr. announce the birth of a baby boy, weighing 8 lbs. 6 oz., named Robert Allen Russell. Mrs. Russel is doing fine, and Bill is very proud of his new son. The baby was born at the Sanford Hospital in Perryton, Texas.

Oscar Donnell, Johnnie Crowder and Curtis Jones were fishing in Ochiltree county over the week-end.

Mr. and Mrs. Cecil Allen and daughter Shella, have been visiting in the Verne Osborne home. Mrs. Allen is a sister of Mrs. Osborne's.

Wilbur Fullbright and a friend had a car accident near Woodward over the week-end. The friend driving, had his arm out the window and was seriously injured. It was thought the arm might have to be amputated.

Spearman Reporter, Spearman, Hansford County, Texas

Mr. and Mrs. Dale Hull, and her parents Mr. and Mrs. Harry Eckman of Calif visited places of historic interest in Kansas over the week-end. They visited the Dalton Gang hideout and Boot Hill.

Mrs. R. E. Townsend is visiting relatives and friends in Spearman.

Dr. John Neely went to Dallas Monday of this week on an emergency call. He returned Tuesday morning.

Mrs. Bernice DeArmond and children of Levelland are visiting relatives here this week.

Mr. and Mrs. Noel Womble and Larry of Dalhart visited here over the week-end.

Marvin Shapley of Gruver was a Reporter visitor Tuesday morning.

Miss Lora Ann Dodson of Texoma visited over the week-end in the Vernio Rosson home.

The 2 year old daughter of Mr. and Mrs. James Master almost drowned Thursday morning in a water tank at Andy Snowden's place. The little girl fell into a

tank, and her brother began calling for help. Mr. Masters heard the boy, and ran in from the field to find his daughter lying on the bottom of the tank. He quickly got the little girl out, bent her over his knee and began pumping water out of her. Soon almost a quart of water was pumped from the little girl's lungs, she was rushed into town, and before long, was feeling fine. This was a near disaster, and we take our hats off to a fine brother and father who calmly did everything "perfect" in the emergency, and were well rewarded.

Mrs. Jones of Canyon is here visiting her daughter Mrs. John Bishop.

Mrs. Helen Fisher and Zack B. with Mrs. Latours Fisher and Mrs. J. H. Buchanan, visited in the home of Mr. and Mrs. John Allen of Gaynon Okla. Friday.

Mrs. Gene Richardson and Mary Frances visited in Amarillo the past week-end.

Mr. and Mrs. W. H. Jones and family returned the past week-end from a visit with relatives in Oklahoma. When returning they narrowly escaped the Flood at Hydro, Okla.

WE ARE INTERNATIONAL TRIPLE DIAMOND DEALERS
AND HERE'S WHY THAT MEANS TOP TRUCK SERVICE AND MONEY SAVED FOR YOU

We now have in stock the famous . . . K-8 INTERNATIONAL FIVE TON TRUCKS

These trucks are equipped with single and two speed axels, budd wheels and air brakes. The K-8 is the most Versatile truck on the American market today. Operates cheap enough for light loads, and then can be loaded for the maximum weights allowed by the State of Texas.

To earn our rating as International Triple Diamond Service Dealers we had to meet seven rigid qualifications. Among these qualifications are technical skill and training of our mechanics; use of International-approved tools and equipment; installation of International-engineered parts; and established fair prices. And the seven qualifications we have met mean this to you: 1. You get the very best in truck service from us, anything from a lubrication job to a complete overhaul. 2. We save you money because of our quick, expert work and our established fair prices. So bring your trucks to us for the best in maintenance service—any make of model—and to save money.

OLIVER
Begins Its Second Century

...with a New Farm Tractor Fleet

Three new Oliver tractors to fit your farm power needs! A new 2-plow, 4-cylinder "66"! A new 2-3 plow, 6-cylinder "77"! A new 3-4 plow, 6-cylinder "88".

Your choice of three great new engines for all three! An "HC" for gasoline, a "KD" for tractor fuels, and a diesel that will be available later.

All three are equipped with 6-forward-speed transmissions. The remarkable new direct drive power take-off is available for all three. A choice of cast iron or stamped steel wheels to fit your traction and weight requirements—interchangeable among all three Row Crop models.

All three are farm-engineered . . . incorporate the same advanced new features. Oliver's full line of centrally mounted and rear suspended tools are basically interchangeable among all three Row Crop models.

Available in Row Crop, Standard, Row Crop with Adjustable Front Axle, or Row Crop with Single Front Wheel. See us first for facts on all the modern, valuable farm features on this versatile new tractor.
