

Friday nite fever at Tulia

The Spearman Reporter

VOLUME 69, NO. 46

THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, SEPTEMBER 28, 1978

Richard Holton, guest

Richard Holton brought the program at the noon Lions Club, concerning the irrigation and water situation in Hansford County. The program was very interesting to all present, and Holton proved to be an excellent speaker. He stated that irrigation wells were quite common on the South Plains in the late 1930's and early 40's, due to shallow water and very good water. Kansas also had early development due to the shallow water.

The first wells of commercial value were also drilled in Hansford County in the 1930's, but only four of them. These included Doc Hales at Old Hansford, and this was a Southwestern Public Service experimental well. The county probably had 25 wells by the end of the 40's.

In the early 50's irrigation really "got in hi gear" and by the time the water district was formed in 1955 there were approximately 200 wells in the county.

South Plains and Kansas drillers moved to this area after they drilled out their home areas. In 1955 the water district was formed. First permit was issued in April of 1955 to Jack Reed.

Holton stated that we are fortunate in this area to have some of the purest water in the nation, plus the best water district. Of course, the records on the first wells are not complete, just what someone could remember. Sand was a big factor, causing all kinds of trouble. Some of the first wells around Spearman were drilled by Dee Jackson, Joe Smith, Ray Skinner and approximately 95 percent of these wells are now abandoned. The years 1952-54 was the first big drilling rush with approximately 150 wells. It slowed up for a few years after that.

Drilling really started back in 1963, and stayed steady for over 12 years, counting the new wells and replacement wells. Holton stated that all wells since 1963 have been drilled to red bed, except in the salt water areas.

Drillers now days drill "sand free" wells, and this is the

result of 25 years of drilling experience in the water business. Holton stated that we have plenty of water in the Spearman area, but it is dropping about 3 feet per year, and the only problem is can we afford to pump water as deep as it is getting with the new high prices for fuel, etc.

There are some 2,000 wells in the 50 mile area around Spearman, and Holton praised the work of the water district and the farmers in conserving out water. We have the outstanding conservation water and soil district in the nation, he stated, and said that several other districts are being organized to operate as this one in Hansford county operates.

The program chairman for the Lions Program on Tuesday, was Everett Tracy.

Herbert Butt Services Held

Memorial services were held Wednesday, Sept. 27, 1978 at 2 p.m. at the First United Methodist Church here for Herbert I. Butt, 55, of Spearman. Mr. Butt died at 3:30 a.m. Tuesday, Sept. 26 in Hansford Hospital. Rev. Frank Oglesby, pastor, officiated with burial in Hansford Cemetery under the direction of Boxwell Brothers Funeral Directors.

He was born Oct. 21, 1922 at Clayton, N. M.

He moved to Spearman in 1942 from Clayton.

He was a veteran of World War II, and a member of the First United Methodist Church. He married Rose Clement, Sept. 8, 1941 in Clayton.

He was a farmer-rancher. Survivors include his wife, Rose; a daughter, Glenda Guthrie of Spearman; two sons, Larry of Sunray and Terry of Spearman; one brother, Carl Butt of Clayton; three sisters, Mrs. Opal Aaron, Clayton, N.M.; Mrs. Helen Kime, Oceanside, Calif.; and Mrs. Rosealea Troupe of Sacramento, Calif.; and 6 grandchildren.

Extension Agent Resignation

Hansford County Commissioners met Monday, Sept. 25 for their regular meeting. Bills were approved, and routine business disposed of. Commissioners appointed Dr. Mario V. Manese as the county health officer. He replaces Dr. Thu, who resigned prior to leaving Gruver.

County Agent Garland Stewart has tendered his resignation and commissioners met with District Extension Agent Paul Gross concerning replacing Stewart. Gross will present recommendations on applicants and the commissioners will consider them at a later date.

Other items discussed were repair of courthouse parking lot, and a persistent leak in the roof of the county barn.

Test Oct. 5

Glaucoma tests will be given in the Fellowship Hall of the First United Methodist Church, 407 South Haney, Spearman, Thursday, Oct. 5 from 7 to 9 p.m. These tests are being co-sponsored by the Spearman Lions Club and the Panhandle Branch of the Texas Society to Prevent Blindness.

Glaucoma, when it strikes you don't feel a thing. But after a while you can't see a thing either. The cause and cure of this treacherous eye disease are unknown. But if caught in time, glaucoma can be treated and checked. For this reason it is important to have the glaucoma tests.

Glaucoma is characterized by increased fluid pressure within the eye. This pressure destroys blood vessels and nerve fibers in the eye resulting in eventual blindness. It is an insidious process which nibbles away at vision without pain or noticeable symptoms. Sight destroyed by glaucoma cannot be restored; thus early detection is imperative.

To measure pressure within the eye at the free Spearman screening, members of the Top O' Texas Medical Society will give a simple, painless test with an instrument called a "tonometer." The test takes only a minute-but "it is a minute that can mean a lifetime of sight to someone in Spearman," says Dr. R.L. Kleiberger, medical chairman of the screening, warning that an estimated 94,000 Texans have the disease and only half of them may be aware of it.

The screenings are approved by the Top O' Texas Medical Society.

Also participating in the program as a public service will be members of the Lions Club and their wives and members of the Spearman Chamber of Commerce.

Ready Mix Have New Owners

The Perryton Ready Mix and Spearman Ready Mix companies have new owners. Two Booker people, Arthur L. and Doris Bora have recently purchased the two companies from Pampa Concrete Co., Inc. The businesses will continue with the same names.

Perryton Ready Mix began business in 1974 owned by Pampa Concrete Co. and has been most recently managed by Bernard Dossert of Spearman. The Pampa company purchased Spearman Ready Mix some 19 years ago from Johnnie Ferguson and Bill Whitford has been manager of the operation.

The ready mix concrete and materials business is nothing new to the new owners. A native of Darrouzett, Art Bora was owner and operator of Bora's Ready Mix in Booker from 1960 to 1973. That year he sold the business and he and his wife started Bora's Furniture Center in Booker. That business has recently closed.

During the five years the furniture store was in business, Bora worked part-time for Pampa Concrete Co. batching concrete on grain elevators.

Married to the former Doris Bechtold, the couple has three children-Lyndon, Cynthia, a 1978 graduate of Booker High, and Leslie, a junior at Booker. The Bora's have made their home in Booker since 1958 after he spent two years in the Army at Fort Lewis, Washington.

The two ready mix companies will be operated as a family partnership. Lyndon Bora will be assistant manager at Perryton Ready Mix. He's a 1976 grad of Booker. Danny Howell,

who is married to the Bora's daughter, will be assistant manager at Spearman. He's a 1974 PHS grad and graduated this May from Panhandle State University. Until recently he was employed by Kerrick Land and Cattle Co.

Art Bora will be managing both plants; where the children will be learning the trade from their father. Cynthia Howell will be bookkeeper at Spearman and Mrs. Bora will tend the same duties in Perryton.

Both companies, more or less, blanket the top of Texas area, specializing in the delivery of ready mix concrete. Bora said he plans to gear up efforts in serving the oil field business, while at the same time meeting the needs of his other customers.

Equipment at the two locations include six ready mix trucks, two dump trucks, and a trailer truck 22-yard dump rig. All concrete materials used by the companies come from Borer.

Rain

The rains of last week which were pretty general over the area, dumping 2 1/2 inches or more over the dry countryside, were most beneficial to farmers of the county. Farmers that had just planted their wheat will be assured of getting it up and those who had not planted as yet, will now be able to plant with the moisture received last week and get the wheat up.

Irrigation farmers were also benefited as in most instances, it rained enough to keep grain sorghum farmers from having to water one more time.

Those who were in the middle of harvesting corn were stopped, but the rains were welcomed by them as well.

Also farmers are assured of some fall grazing for their livestock.

The Spearman Lynx will journey to Tulia Friday night, to play the Hornets in what promises to be a "toss-up" for this year. Both teams are smarting from a last weeks loss, but the Lynx are suffering probably one of their worst lucky streaks in years, as they meet the Hornets with a big questionmark in the back field.

Reneau is definitely out, and Sellers probably will see no action. Newton was injured as was Beedy in the Elk City game and fans from Spearman will have to guess who will be able to play Friday night. The only good thing about the situation is that Coach Smith is playing a bunch of people this year and if they all get well in time for the district games, he will have a bunch of experienced players. The Spearman - Tulia game will be one of the best in the area, and fans will enjoy going to

Tulia, a very nice community, and plenty of places to eat for visiting fans.

The 7th and 8th grade teams will journey to Canadian for 5 p.m. games this Thursday. Highlight of the week for the home crowd will be the 9th graders entertaining the Booker Klowas at home in a 5 p.m. game. Following this game, the B team will entertain Canadian at home at 7 p.m. It will be a big double-header Thursday in Spearman for local fans.

In the district last week, Dalhart squeaked by the Gruver Greyhounds, and Perryton was idle. The Lynx lost a heart-breaker to Elk City, and Vega demolished the Boys Ranch team which had been previously un-beaten. River Road is still a mystery but it looks like the district winner will be decided at Perryton when the Lynx and Rangers clash on October 27th!

Pip Squeak's by Pip Craig

Editor's Note: We are pleased to introduce a new column for our paper written by Pip Craig, probably the biggest sports fan in Spearman. These are his own observations. He is a staunch fan of the Spearman Lynx and the Dallas Cowboys.

Now switching to the pro ranks. Well the world champion Dallas Cowboys got back on their winning ways this weekend in a hard fought game against the St. Louis Cardinals. Thanks to the good playing of Scott Laidlaw, Randy Hughes, Roger Stauback, Robert Newhouse, Tony Dorsett and the rest of the guys those Cardinals, coached by Bud Wilkinson, were defeated 21 to 12. Hot Dog.

It was a strange weekend in football. Over in Notre Dame, the 14th ranked Michigan Wolverines met the national champions, Notre Dame and beat the fighting Irish 28 to 14. In this surprising upset, the national champions lost their second game in a row. Rick Leach had one touchdown, threw three touch down passes and made two interceptions. Joe Montana had two interceptions. The big thing is that the two teams had not met in 35 years and for Michigan to beat Notre Dame on their home field is almost beyond belief.

In other games, the surprising New England Patriots, after being shocked by the Baltimore Colts last week, came back to beat Oakland 21 to 14, after being down at the half 14 to 7. Well fans, now turning to the local scene. The surprising Elk City Elks beat our own Spearman Lynx Friday night by the score of 9 to 0. Right here and now I want you to know that you should not get down on our Lynx because they played a doggone good football game. Though we aren't trying to make excuses for losing, the loss of John Reneau and Billy Sellers had to have an effect on the outcome of the game, however, the score still stays the same and the Lynx go to a revolting 2 - 1 standing for the season. Though it pains me to admit it, the Elks played a good game and we got beat fair and square. Hopefully, it won't happen again.

In the gradation of the University of Southern California tailbacks, Charles White rushed for 197 yards as the USC Trojans met Alabama at Legion Field in Birmingham. USC knocked over the previously undefeated Crimson Tide for their first defeat in 12 games.

In other college football action, Penn State beat SMU 26 to 21; Oklahoma downed Rice 66 to 7. Texas beat Wyoming 17 to 3.

Hospital

Patients in Hansford Hospital are Angela Bynum, Kristie Bynum, Lenora Holdeman, Lu Howerter, Billy Close, Tillie Poston, Emma Lopez, Roger Cabaniss, Bill Branstetter, G. K. Wilimeth, A. N. Weant, Bob Cruse, Frances Scroggs.

Dismissed were Harold Boyd, Lelan Close, Agnes Windom, Shannon Bowling, Edna Evers, Kyle Beedy. Hollie Scott was transferred.

One death occurred, Herb Butt died at 3:30 a.m. Tuesday morning.

New Personnel In Police Dept

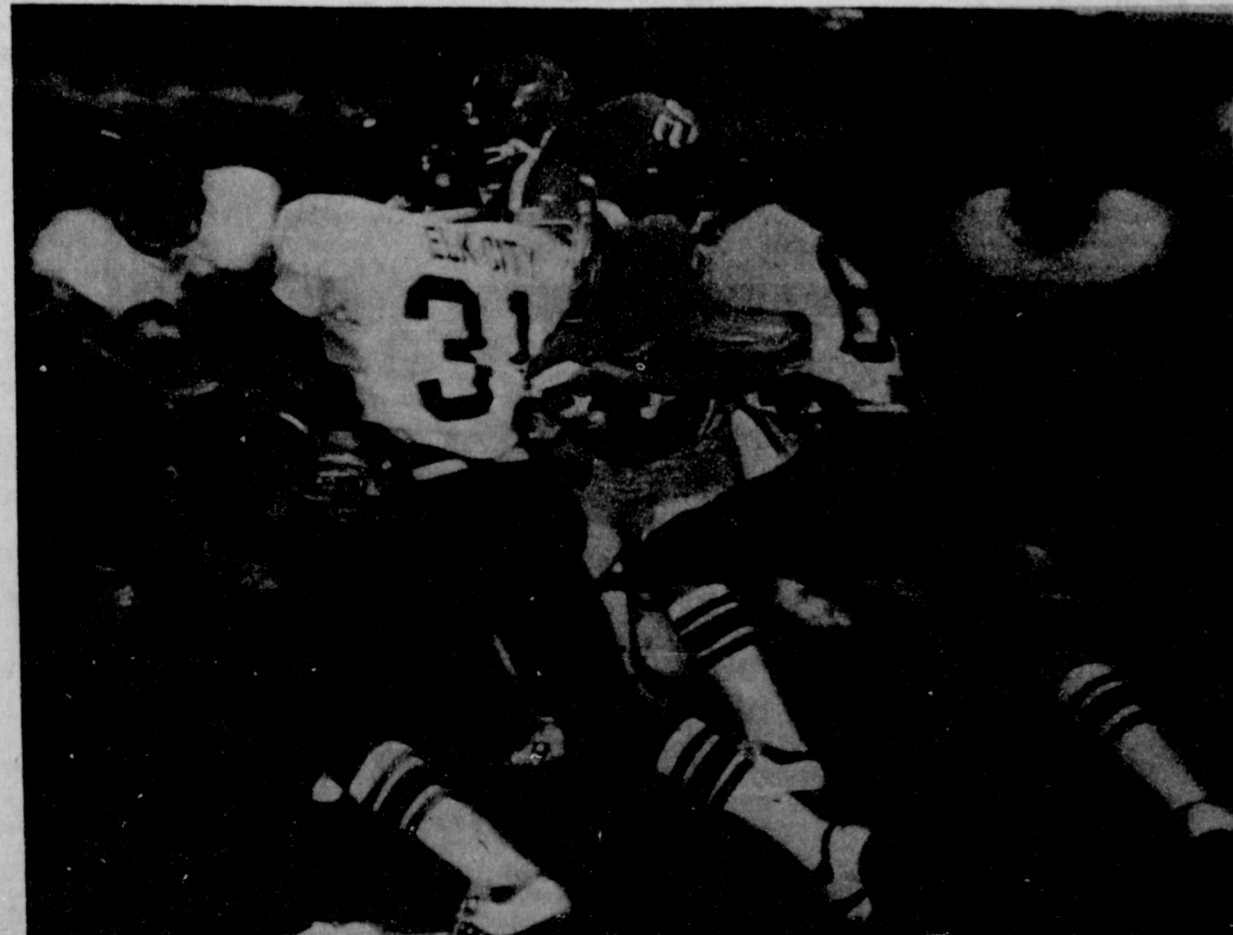

WOULD THE REAL Sarah Norton stand up? Two new city policemen are pictured above, and Spearman police dept. is proud to announce the hiring of Eddie Garcia, Jr., on the left, and Sarah Norton in the center. Chief Steve is on the right.

Beginning this week there will be some new faces in the Spearman Police Department. New Police Officers will be Eddie Garcia Jr., who comes here from Amarillo, and Sara

Norton, a former dispatcher for the department. Both of these officers will be attending the 6 week Basic Police training course at the Panhandle Regional Police Academy and familiariza-

tion of the city this week. Another face, though not new, will be Steve Gaines, who is returning to fill the position he vacated when he went to the Wheeler Co. Sheriff's Depart-

ment as a Deputy. Carla Kizlar, who comes from Gruver, has been employed as a dispatcher for the department, filling the vacancy left by Sara Norton.

OKLAHOMA and TEXAS clashed at Lynx stadium last Friday night, and the Oklahoma team from Elk City, came out on top 9-0 in a real thriller! An un-identified Lynx player crashes into two Elk City boys during the action packed game. The Lynx will journey to Tulia this Friday.

LEGAL NOTICE

PUBLIC HEARING NOTICE
The Texas Department of Water Resources will conduct a public hearing beginning at 1:30 p.m., October 24, 1978 Chamber of Commerce Conference Room Amarillo Building 301 South Polk Amarillo, Texas

in order to receive testimony concerning Volume II, Plan Summary Report, of the Water Quality Management Plan for the Canadian Basin. This document is the second of two volumes which comprise the Water Quality Management Plan for the Canadian Basin. Volume II, Plan Summary Report, presents the recommended plans for water quality management and the legal, financial, and institutional requirements of each plan. Also included in Volume II are descriptions of feasible alternatives, an environmental assessment, and a summary of the public participation activities conducted during the development of the plan. The Water Quality Management Plan for the Canadian Basin has been developed to satisfy the requirements of Section 26.036, Texas Water Code, as amended, and Section 208 of the Federal Water Pollution Control Act, and pursuant to Title 40 Code of Federal Regulations Parts 130 and 131 and the State of Texas Continuing Planning Process. The public hearing shall be conducted in compliance with Section 26.037, Texas Water Code, as amended.

Copies of the Volume II, Plan Summary Report, are available for public inspection. Review of Volume II, Plan Summary Report, at one of the following locations is encouraged due to the limited number of copies available for distribution: Texas Department of Water Resources Office, 1700 North Congress Avenue, Austin, Texas; Texas Department of Water Resources District 1 Office, 301 S. Polk, Room 306, Amarillo, Texas 79106; and Panhandle Regional Planning Commission, P. O. Box 9257, Amarillo, Texas 79105.

The public is encouraged to attend the hearing and to present evidence or opinions concerning Volume II, Plan Summary Report. The Department would appreciate receiving a copy of all written testimony at least five (5) days before the hearing. Requests for individual copies of the Volume II, Plan Summary Report, questions about the report or the public hearing, and copies of written testimony should be addressed to Tommy Slaughter, Texas Department of Water Resources, P. O. Box 13087, Capitol Station, Austin, Texas 78711, or call (512)475-3454. When requesting a copy or sending a query by mail, please include your complete return address and telephone number.

The date selected for this hearing is intended to comply with deadlines set by statute and regulation. Any publication or receipt of this notice less than thirty calendar days prior to the hearing date is due to the necessity of scheduling the hearing on the date selected.

This public hearing may be continued in order to fully develop the evidence.

Issued this the 5th day of September, 1978.
Emory G. Long, Director Construction Grants and Water Quality Planning

"JOBS FOR TEXANS"

Please note the inserts concerning Jobs For Texans and please read them so that you might be informed about the proposed amendment #2 which will be placed on the ballot in our General Election, November 7, 1978. Only three states do not have revenue bonds, Washington, South Dakota and Texas.

JOBS FOR TEXANS
6156 Waco Way, Fort Worth, Texas 76133 Phone 817-292-0372

Dear Chamber Executive: Thousands of jobs have been lost to Texas because our communities have not been able to offer industrial revenue bond financing. Amendment Number 2 - on the November 7th General Election ballot - affords Texas the opportunity to make our state competitive with 45 others in industrial development financing. See the enclosed sheet on safeguards about the amendment. We need your help. A campaign committee has been formed to work for the passage of the amendment. To do the job effectively requires money - a lot of money. We are not gathering a large war chest, just enough money to let folks know the importance of the amendment.

Would you contact your community leaders urging them to support "Jobs for Texans" by making a financial contribution? Any donation is welcome, but we hope most individuals will give \$50., \$100., or more. The checks must be from individuals. If you don't feel you can make the contacts, perhaps the chair man of your industrial committee will. Any way you can help will be greatly appreciated. Sincerely, Maxie Davie (Copy of letter sent to Texas Chamber of Commerce Executives)

JOBS FOR TEXANS

THE AMENDMENT: The 65th Texas Legislature placed a proposed constitutional amendment on the ballot for November 7, 1978, which would allow cities and counties to issue revenue bonds to create jobs. Enabling legislation was also passed to implement the amendment if approved by voters.

TEXT OF AMENDMENT: Political subdivisions of this state are empowered to develop employment opportunities for its citizens through the issuance of obligations payable solely from revenues derived from the lease or sale to others of facilities (land, equipment and improvements) under such terms and conditions as the Legislature may prescribe; provided that such facilities are found by the governing body of such political subdivisions to be required to develop employment opportunities. No facilities acquired hereunder shall be exempt from ad valorem taxes unless used exclusively by the political subdivision nor shall any revenues from the utilization of facilities so acquired be utilized for purposes other than the retirement of obligations issued while the same are outstanding.

PROPOSED ENABLING LEGISLATION: The legislation places other restrictions on how the bonds can be used and for what purposes. Highlights are as follows:

1. Property to be used as the site for the plant cannot be taken by eminent domain.
2. Neither cities, nor counties can be held liable for bond repayment in case of default. This must be printed on the bonds.
3. Three state agencies must approve the bond issue before it can be sold. The Attorney General reviews the issue to protect the city. The bonds

4. The county or city must publish public notice of intent to issue the bonds prior to their actual issuance and prior to approval of the three state agencies. The political subdivision issuing the bonds can call for a referendum, or the electorate can petition the city or county to call a referendum.
5. Bonds can be repayable only from the revenues derived from the lease. No general tax funds can be used for that purpose.
6. The company can have a purchase option only after all bonds have been paid off and only if the company has never been delinquent in its payments.
7. The bonds must meet all state laws now in existence for their issuance.
8. Bonds cannot be issued to purchase a facility and re-lease it to the same occupant.
9. No bonds can be issued on behalf of a company who relocates a plant from one city in Texas to another.
10. Language in both the amendment and legislation specifically provide that the company for whom the project is financed must pay ad valorem taxes just as if they owned the facility.
11. Other safeguards include a restriction of the Federal Government that a bond issue cannot exceed \$5 million dollars.

**Blake 'Pink Panther' Edwards
World-Wide Laugh Maker!**

Still ROP-2 *Mat 2C*
Mistaken for an escaped convict who dresses up in women's clothes, Chief Inspector Clouseau (Peter Sellers) is carted away by the French Surete. "Revenge of the Pink Panther," will open at the Theatre through release by United Artists, a Transamerica Company.

Although Blake Edwards has the manner and the accent of an eastern Ivy Leaguer, he is strictly a product of Los Angeles and the motion picture business. There he learned how to make millions of people laugh in his capacity as writer, producer and director.

Every country has its own directors, writers and actors capable of reducing audiences to hysteria, but this humor is rarely exportable, and enjoys success abroad only before limited audiences in art houses. Whereas the Edwards flair for comedy has them rolling in the aisles in every country in the world. His latest comedy offering is "Revenge of the Pink Panther," filmed in England, and on location in France and Hong Kong, is felt by veteran "Panther" crew members to be the best of the lot. "Revenge" is "Panther" number 5, and like its predecessors it is released by United Artists, a Transamerica Company. It will open at the Theatre.

Also like the previous "Pink Panther" comedies, "Revenge of the Pink Panther" stars Peter Sellers as Clouseau. Starring with him are Herbert Lom as his old nemesis, Inspector Dreyfus, Robert Webber and Dyan Cannon. Other veterans of the "Pink Panther" films include Henry Mancini who wrote the music; Tony Adams, the executive producer, and screen writer Frank Waldman, who collaborated on the script with Ron Clark and Edwards. Edwards produced and directed the film and also wrote the story.

Of course it is easy to hang a tag, "best in his field," on someone, and in many fields difficult to disprove such a statement, especially when uttered in an authoritative manner. In the film business it is very simple; you check the box office.

In 1975, while "The Return of the Pink Panther" was being shot, Blake Edwards' seven previous films reached a total gross of over \$100,000,000. His two latest films "The Return of the Pink Panther" and "The Pink Panther Strikes Again," have been credited with ticket sales of almost \$100,000,000 each.

Of course the director would be the first to point out that films are a team effort, and that the "Panthers" would not have been possible without the baffling detective, Clouseau, brought to life by the talents of Sellers.

But success is not exactly new

to Blake Edwards. On his first try in the movie business in 1947, he co-wrote and produced, and acted in "Panhandle." Blake maintains that he and his partner in that venture, John Champion, "didn't have enough brains to be frightened" at that early hit, and his next screen credit was as writer on "All Ashore" six years later. In between, he was busy writing for radio (Dick Powell's "Richard Diamond" series) and television, and acting.

Lest today's movie-goers make the error of thinking of Edwards in "Panther" terms alone, it should be pointed out that he wrote "My Sister Eileen," starring Janet Leigh and Jack Lemmon, in 1955; directed Cary Grant and Tony Curtis in the very successful "Operation Petticoat" in 1959, and followed that by his direction of the late Bing Crosby in "High Time" in 1960.

More highlights were "Breakfast at Tiffany's" in which he directed Audrey Hepburn, and "Days of Wine and Roses," starring Jack Lemmon and Lee Remick.

"Revenge of the Pink Panther" marks the sixth time that Blake Edwards, Peter Sellers, and United Artists have co-operated to make a very successful film. Five of these hit-movies were "Panthers," and the sixth was "The Party," a film which is moving into "cult" status.

Location Pays Off!
Burt Kwouk who has a featured role in the Peter Sellers' starrer, "Revenge of the Pink Panther," claims that Hong Kong was his favorite location because he could sleep later than the other stars. The reason, both Peter Sellers and Dyan Cannon required about an hour and a half to be made up as Chinese, and Burt's make-up call was for ten minutes prior to shooting.

A fringe benefit for all three was that once they were decked out as Orientals they could walk around unnoticed by either the holiday throngs around the camera, or the hotel guests.

"Revenge of the Pink Panther" was produced, directed and co-authored with Frank Waldman and Ron Clark by Blake Edwards. It's currently playing at the Theatre.

No. 45, Boone, is the leading rusher for the Lynx so far this year. Boone has had to take on a first string position at both offense and defense in several games... The senior is becoming a star for the Lynx... he also sings, and plays the guitar, plus writes his own songs!

This is the queen and her court: Mary Ann Martin, freshman, Kelly Harper, Senior Queen Christy Collier, senior, Jane Flowers, junior, Tami Maize, sophomore.

White House Seeking Fellowship Candidates

The President's Commission on White House Fellowships is seeking highly qualified candidates for its 1979-80 competition. Fourteen to nineteen positions are open for this extraordinary but highly competitive opportunity.

President Lyndon B. Johnson established the program in 1964 to give outstanding younger Americans firsthand experience in the process of governing of the nation. The White House Fellowship program is a non-partisan effort to draw in a few of the brightest and most promising people from all over the country to work at a unique level in the Federal government for a year.

Presidents Nixon, Ford, and Carter have continued the Fellowship program with a high level of support. President

Carter has removed the specific age limitations. The program is now open to all those who are early in their careers. Fellows have been chosen from a wide variety of careers and professions including law, medicine, teaching, state and local government and the arts.

The Fellows serve for one year, usually as a special assistant to the Vice President, a member of the President's Cabinet, or to a presidential assistant. The Fellows may be involved in the development of special programs, assist in speech writing, engage in inter-departmental task forces, or do other tasks assigned by their principals. The knowledge that each Fellow gains in his work assignment is shared with the other Fellows during the year-long educational program which

is conducted in addition to the work assignments and provides the Fellows an opportunity to meet with government leaders, journalists, and others related to government.

The Commission is looking for persons who will be the future leaders of their chosen career or profession and of their community. Applicants should possess enough credentials of accomplishments to show their potential for their leadership and of community or professional contributions.

The competition for the Fellowships is open to all United States citizens. There are no occupational, age, sex, racial, or religious restrictions. However, current employees of the Federal government are not eligible with the exception of career military personnel.

For additional information or an application send a postcard with name and address to the President's Commission on White House Fellowships, 1900 E Street NW, Room 1308, Washington, D.C. 20415 or call (202)653-6263. Requests for applications must be postmarked no later than November 15, 1978. The deadline for receipt of completed applications is December 1, 1978.

Waka PTA chooses theme for the year

The Waka PTA held a meeting on September 11. President of the group, Mrs. Alvin Buschman, presided.

After giving the PTA theme for the year, "Up With PTA - Keep Growing," she welcomed members and guests. Following the flag salute, Rev. Dave Stauffer led in prayer, and Mrs. Bob Ramsey led the group in a fun song, with Mrs. Dean Leighner at the piano.

Supt. Ray Robinson introduced the faculty and school personnel for the coming year. They are Loretta Loflin, kindergarten; Mrs. Edward Crall, first and second grades; Mrs. Lesley Stinson, third and fourth grades; Lesley Stinson, math; Mrs. John Daniel, social studies; Mrs. Larry Murphy, language arts; Joe Randolph, science and coach; Jimmy Blan, janitor; Mrs. Bob Schooling and Mrs. Jimmy Blan, cooks; and Eldon Gurley and Joe Randolph, bus drivers.

After the minutes were read and approved, Joe Randolph was elected as the new treasurer due to the resignation of Mrs. Reid and he gave the financial report.

Announcements included the fall workshop to be held in Borger's middle school on September 28, and the state convention in Waco in November. A rummage sale is planned for October 28 at the school.

Committee reports were given by Mrs. Waldo Buschman on membership, Joe Randolph on finance, with the year's projected budget, and health by Mrs. Bob Schooling. Mrs. Schooling discussed a proposed first aid course if enough were interested.

The bulletin board display was very attractive, using the idea of the year's theme. Mrs. John Daniel will be preparing these each month.

A report was given concerning Bruce Stinson, who is in Dallas Parkland Hospital with very bad burns he received the first of the month. Mrs. Neal Thompson and Joe Collinsworth are substituting for Mr. and Mrs. Stinson at this time.

Leader for the evening was Mrs. Thompson, who had a birthday party game in which everyone participated. They found their month's leader, lined up by birthdates, and learned everyone's name. They then paraded around the room with everyone calling out their names.

A report from the eighth graders, directed by Mrs. Murphy, was given on their trip last May to Amarillo. Patsy Blan told of the First National Bank, Denny Brewer gave the data of the trip, Penny Caison reported on KAMR television station, Martha Clark gave information about the police station, and Matt Trevino told about the Helium Monument.

Room mothers were announced for the October parties. The women are Mrs. Brinkley and Mrs. Hernandez, kindergarten; Mrs. Blan and Mrs. Flores, first and second grades; Mrs. Brewer and Mrs. Summers, third and fourth grades.

The social committee for October will be Mr. and Mrs. Blan, Juan Ochoa, Eyrebio Ortiz, and Mrs. Crall.

The meeting adjourned for an ice cream social hosted by Mr. and Mrs. Alvin Buschman, Mr. and Mrs. Richard Burger, and Mr. and Mrs. Bob Schooling.

National 4-H Week Is Oct. 1-7

COLLEGE STATION--Nearly 5.5 million young people across the nation--more than 100,000 of those in Texas--will observe National 4-H Week, Oct. 1-7. Activities will center on the theme, "4-H--Freedom to Be."

President Jimmy Carter called the theme "most appropriate for a program which is reaching out to all young Americans--rural and urban--from every cultural, economic and social background."

"For many," he said, "4-H is opening doors to a lifetime of

personal growth and fulfillment. In learning-by-doing, through educational projects and through community involvement efforts, 4-H is providing useful guidance and direction to young people and making them more responsible and sensitive adult citizens."

"National 4-H Week is set aside annually by the Cooperative Extension Service to focus attention on the values of 4-H as an informal educational program for boys and girls 9 to 19 years old," said Dr. John T. Pelham, state 4-H and youth

leader with the Texas Agricultural Extension Service. "The program's learning-by-doing philosophy encourages young people to acquire 'real life' skills and develop citizenship and leadership abilities," noted Pelham.

Most 4-H members are enrolled in locally organized clubs on a year-round basis. Others take part in 4-H through special interest groups, nutrition education programs, instructional television, international programs, short-term activities and camping.

Senator Tower Receives Award

WASHINGTON—Senator John Tower (R-Tex), the State's senior senator will receive the "National Americanism Award" this evening from the American Legion's Honor Society during its annual convention in Houston, Texas.

The "Americanism Award" recognizes exemplary work by an individual in the area of national preparedness, and specifically cites Tower for his "steadfast and responsible approach to foreign policy, particularly the Panama Canal Treaties."

Tower was one of the leaders of the opposition to Senate ratification of the treaties earlier this year.

The 70,000 member La Societe des 40 Hommes et 8 Chevaux, known as the "40 and 8", has awarded the "National Americanism Award" on only three previous occasions, including a posthumous presentation to BGEN Charles Lindbergh.

Frederick Van Sant, Chairman of the Americanism Com-

mittee, will make the presentation to Tower during a banquet session at the Shamrock Hilton in Houston. Thomas W. Fay of Hobart, Indiana is president of the organization founded in 1921. The Society selects outstanding Legionnaires from the ranks of 2.7 million members to join each year.

In remarks which present a critical analysis of many of the Administration's national defense and foreign policy decisions, and prepared for delivery to the convention members, Tower declared, "A national defense second-to-none has been, and must always remain, the number one priority of the United States. Without it the ability to reach those social and economic goals we so desperately want for our citizens will become nothing more than mere dreams. To make this nation a better place for the generations to come, we have to continue to work for it, not give away so many of the things that all of you fought for, and many have died for."

10 Gun Safety Rules

—Once again, during this fall and winter season, Americans will take to the open country to enjoy the ancient sport of hunting. Most of these hunters are sportsmen in the truest sense. Unfortunately, many others are inexperienced and reckless with deadly weapons.

The true sportsman gladly teaches the younger generation the responsibilities of gun ownership. He cooperates with all wildlife and law enforcement agencies. He respects the rights of property owners. And, most importantly, he is far less likely to become just another statistic by the end of the hunting season.

The statistics are discouraging according to the National Safety Council. More than 1,000 persons are killed in the field every year. Many of these accidents could have been prevented had hunters followed the 10 Rules of Gun Safety. The true sportsman follows them religiously, they are:

1. Treat every gun with the respect due a loaded gun.

2. Guns carried into camp or home, or when otherwise not in use, must always be unloaded. Unattended guns should always be unloaded.

3. Always be sure barrel and action are clear of obstructions.

4. Always carry your gun so that you can control the direction of the muzzle, even if you stumble. Keep the safety on until you are ready to shoot.

5. Be sure of your target before you pull the trigger.

6. Never point a gun at anything you do not want to shoot.

7. Wear a safe color. The best color is daylight fluorescent orange.

8. Never climb a tree or fence or jump a ditch with a loaded gun.

9. Never shoot a bullet at a flat, hard surface or at the surface of water.

10. Avoid alcoholic drinks before or during shooting.

The true sportsman also knows that a hunter's obligation

OCTOBER IS 'COOPERATIVE FARM DEMONSTRATION MONTH' --Governor Dolph Briscoe signs a proclamation designating October as "Cooperative Farm Demonstration Month" in Texas and calls upon all citizens to join in the observance. The proclamation indicates that the first farmer-conducted demonstration on the use of scientific research in farming was inaugurated on the Walter C. Porter Farm near Terrell in 1903, by Dr. Seaman A. Knapp, special agent for the U. S. Department of Agriculture. Observing the proclamation signing are W. A. (Bill) Porter (left) of the Porter Farm and Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension Service.

Receipts this week at the Texoma Livestock Comm., Co, were 2/4s cattle and calves, Stocker and Feeder steady with last week, Quality of cattle down from a week ago. Packer cows \$2.00 to \$3.00 higher, selling from \$30.00 to \$41.00 on the better kind, \$32.00 to \$36.00 on the canners and cutters, Stocker cows \$40.00 to \$45.00, Bologna bulls \$44.00 to \$47.50. Lots of action on the stocker calves

Family Services

BY J.L. WILSON

Don't Be Misled

People of our area have very different opinions of the purpose of the Perryton Family Services Center. This article is to give some idea of services provided, as well as some services we do not provide.

We occasionally get phone calls from people wanting food stamps, birth control information and home loans. This is not the function of our Center.

Our Center is a community mental health clinic. The communities it serves include those in Ochiltree, Lipscomb, Hemphill, and Hansford counties.

The next topic, and the one of major concern, is the services provided. First, are the psychological services. These include: psychological testing, marital and family counseling, individual counseling, and group therapy. The second category of our services is of an educational nature. These include: newspaper articles, radio broadcasts and special programs for area groups. Topics reviewed not only deal with mental illness, but with mental health. We work with people to help them, not only get more out of each day they live, but each hour. This is done by increasing awareness of ourselves, our world and then examining options that are open to us.

These services are provided by trained and experienced counselors. The counselors at the Perryton Center are Jim Morris, J.L. Wilson, and Beth

Murphy. In addition to these counselors, there are consultants from Amarillo that are in our Center regularly. These include: a psychiatrist, a psychiatric nurse, and a Ph.D level psychologist. The secretarial work at our Center is done by Marlene Moore and Penny Dollar.

The cost of these services is based on a sliding scale according to (1) income and (2) the number in the family. Exceptions can be made for certain cases. This determination is made after presenting the necessary information to the counselor. All cases are handled professionally and confidentially.

For additional information either phone 435-3671 or come by our Center Monday - Friday from 8:30 - 5:30, in the Kengle Building at 417 S. Amherst.

regarding how the program operates.

Free pamphlets are available. The best containing general information is "Your Social Security." However, there are also pamphlets covering specific programs, like Medicare, disability and Supplemental Security Income.

CWF Christmas Bazaar, Dec. 2

Stinson Funds

The Spearman Fellowship of Christian Athletes are taking up donations for Bruce Stinson, who was critically burned this past week. Donations are being taken because the expenses in the Dallas Burn Center are so great. The Claude Sheets family are donating a side of beef, which the FCA will process and deliver; for donations of \$3.50 or more, your name will be put into a hat; a name will be drawn and announced on October 20 at the football game against River Road. Members of the Fellowship of Christian Athletes will be going around taking up donations. We would appreciate your kindness!!

WT Homecoming Set

WTSU-With the theme "The Sound of WT," Homecoming activities will get underway at West Texas State University Oct. 12 and will climax Oct. 14 with the evening football clash with Lamar University in Kimbrough Stadium.

The activities will include the carnival, the Pigskin Revue, a bonfire, the crowning of the Homecoming queen, a parade and a barbecue preceding the

game.

The carnival, on Oct. 12 from 7 to 11 p.m., will be held in the All-Purpose Room of the WTSU Activities Center. It will consist of numerous student-sponsored booths for food and fun.

The Pigskin Revue, sponsored by the University Chorale, will begin at 8 p.m. Oct. 13. Several musical features will be presented with guest talks by Max Sherman, WTSU presi-

dent, and Head Football Coach Bill Yung. At least five campus organizations will also perform.

Immediately following the Pigskin Revue, the bonfire will be lit in the area between the Activities Center and the Tennis courts. The crowning of the Homecoming queen will highlight the bonfire along with a pep rally.

The parade will begin at 1:30 p.m. Oct. 14 at the First National Bank in Canyon, and will break up in the parking lot

of the Activities Center.

All entries can be obtained from and should be returned to the WTSU Military Science Department or mailed to WT Box 746 no later than Oct. 6.

First, second and third place trophies will be given to the top three winners. The top three floats will be recognized at the football game.

The pre-game barbecue will be held at the cottonwood grove south of the stadium. Ticket prices are \$2 for adults and \$1 for children. All band members marching in the parade will receive complimentary tickets.

The football game with Lamar University will kick off at 7:30 p.m. on Oct. 14 at Buffalo Stadium to conclude the WTSU Homecoming activities.

Social Security News

Howard Weatherly, Manager of the Pampa Social Security Office, said that many people are still confused regarding the social security taxes they pay. Many people think these taxes are used for purposes other than paying retirement, disability, survivor and Medicare benefits. The taxes can only be used to pay the previously mentioned benefits, plus the cost of operating the program, which amounts to a little more than 2 percent of the tax dollars collected.

Some people are of the opinion that individual accounts are established for each taxpayer and he can only draw from this account in case of retirement, disability or death. If this were true, the average retired worker could draw out all he had paid in slightly over 2 years, and then

his payments would stop. Records are maintained for the individual worker regarding the amount of wages on which he has paid the tax. This record of wages is used to determine the benefit he will receive in proportion to earnings on which he paid social security taxes.

Since the average retired worker will draw benefits much longer than two years, many people ask, "What keeps the program from running out of money?" The social security program operates on a "current pay" basis. That is, monies currently collected from payroll taxes are used to pay benefits to those people who are now entitled. Therefore, the programs remain fiscally sound because of the social security taxes paid by the employed populace.

Congress has attempted to keep the tax rate at such a level that contributions each year will equal payments with a small reserve on which to rely to cover periods when payments exceed the amount of money coming in.

Weatherly said the basic idea behind the social security program is like any other insurance in that it is a sharing of the risk. For instance, most people carry fire insurance on their home to protect them if they have a fire. Social security provides benefits to people when they retire, become disabled, Medicare at age 65, and benefits to their survivors if they die.

Anyone can telephone, write or visit the social security office to obtain additional information

CAPROCK INDUSTRIES

Caprock Industries, is now purchasing high moisture corn. High moisture corn can be delivered to the feedlots at 23 to 30% moisture during harvest. Several pricing methods are available. Contact a Caprock representative to discuss the various options.

Rho Rho Receives 3 Star Rating

Rho Rho Sorority met Thursday, September 14th, for their first meeting of the year in the home of Kari Lou Schumann. Members welcomed Sherry Moore, a transfer from Clarendon, into our Chapter.

An official communication from Beta Sigma Phi International reported that Rho Rho had received a 3 Star rating for our activities last year.

Ginger Pittman, Treasurer, reported that Rho Rho had made over \$1100.00 from our Ways & Means Project last summer.

Karen Blodgett, Social Chairman, stated that the three chapters of Beta Sigma Phi in Spearman would be having their Fall Ball Saturday, Sep-

ember 16, at the Perryton Club. Rho Rho also voted on the new Pledges they would be rushing this fall. Those women chosen are: Linda Brown, Gayle Smith, Karen Schnell, Joan Brown, Sharon Pearson, Linda Sanders, Brenda Shieldknight, and Dixie Smith.

Susan Pearson gave the program on "Growing up."

Members attending were: Jackie Pearson, Penny Ralston, Karen Blodgett, Marilyn Cline, Susan Pearson, Candy Boxwell, Debbie Clement, Janie Henton, Joan Hill, Milly Lesly, Donita Lusby, Delinda McLaughlin, Sherry Moore, Lisa Pipkin, Marsha Pipkin, Ginger Pittman, Jody Rex and hostess Kari Lou Schumann.

Cantu Participating in REFORGER '78

FORT POLK, La. (AHTNC) Sept. 21--Spec. 4 Ramon Cantu Jr., son of Mr. and Mrs. Ramon Cantu, Spearman, Texas is participating with other American and allied troops in REFORGER '78, NATO's largest yearly exercise held in Germany.

More than 11,000 soldiers were flown to Germany and some 37,000 tons of equipment and supplies have been shipped from the U.S. for the massive exercise.

REFORGER (Return of Forces to Germany) results from a 1967 agreement between the U.S., United Kingdom and the Federal Republic of Germany. The U. S. agreed to return stateside-based forces to Germany each year for exercises to demonstrate allied solidarity.

The entire exercise emphasizes the orderly disposition of forces and stressed deployment procedures and techniques.

Cantu, a fuel and electrical

repairman with the 5th Infantry Division at Fort Polk, La., entered the Army in September 1976.

The specialist is a 1976 graduate of Spearman High School.

Clarendon College Enrollment Up

Fall semester enrollment at Clarendon College is 536 students, an increase of 103 students compared to last fall's total enrollment of 433.

A total of 482 students are enrolled in the college Academic Program and 54 enrolled in Vocational-Technical Programs.

This year's enrollment figures show an increase of 121 students in the academic studies and a decrease of 18 in Vocational-Technical Programs.

The increase is the largest the college has enjoyed in three years.

Hightower Earns Award

WASHINGTON, D.C.--Rep. Jack Hightower, (D), 13th Dist., Texas, has earned the "Guardian of Small Business Award" presented by the National Federation of Independent Business (NFIB).

Rep. Hightower qualified for the NFIB "Guardian" award by voting in favor of small business 71 1/2% of the time during the 95th Congress.

NFIB President Wilson S. Johnson, in conferring the award on Rep. Hightower noted:

"We initiated our rating system to give special recognition to those legislators who support small business and to make sure that small business owners know how their legislators represented them in Congress."

"NFIB and its more than 540,000 member firms nationwide regard a 70 percent or higher rating on key small business issues as worthy of the 'Guardian' award," Johnson said. "Too many legislators go back home claiming to support small business simply because

Pamphlet Explains Property Taxes

Do you really know very much about the property taxes you pay?

If you don't, like most taxpayers, and would like to learn more, you can get easy-to-understand help in a new pamphlet now available free from your local school district tax office.

It's entitled, TAXPAYERS' rights/remedies/responsibilities.

This eight-page pamphlet explains the four basic stages of the tax process in the local school district -- from the first of each year when your property is valued, through the tax bill which you receive later that year.

The various tax procedures are explained in separate articles which can be read any time and then checked again at times of the year when you need specific information about school taxes.

Humorous cartoons of exaggerated tax situations are included, along with a helpful tax-year calendar and information on such things as how to

render your property; the tax assessor-collector's job; the items your tax bill should list; determining a fair appraisal; agricultural land value; meeting the board of equalization; certain exemptions; how tax rates are formed; lawsuits; school budgets; and public meetings.

The pamphlet is produced by the Texas School Tax Assessment Practices Board for public distribution through local school district tax offices.

Our Heritage of Faith

notes from Faith Lutheran Church

If both Mom and Dad attend church regularly, 72% of their children will remain faithful.

If only Dad attends regularly, 55% remain faithful.

If only Mom attends regularly, 15% remain faithful.

If neither attends regularly, only 6% remain faithful.

We teach our children what is important for our lives.

Faith Lutheran Church has Confirmation Instruction classes Tuesdays at 4:30.

This Thursday (28th) there will be a Church Council meeting at 8:00 P.M.

As Jesus walked on the earth he used everything possible that would help people understand the love and salvation his Father and our God offers us. One way he used as a teaching method was to show what we can learn about God from the things around us. This is still

an effective way to teach and to learn.

Each day and week and year we learn from those things that are around us. One of the areas we learn very much from is our families and homes. The way we act has an effect upon our families. We teach our children how important God is by the way we value our relationship with Him. Our children learn from this.

If we want our children to learn that attending church is an important part of life, the best way to show them that is to let it be a part of our lives. If we want Bible study to be a part of their lives, we should show them that it is a part of our lives. Our lives are a very important teacher to our children.

A study has shown the following facts.

Prizewinning Recipe

COUNTRY BRISKET
(Winning recipe in 1978 Texas Beef Cook-off)

Not the least of beef's many qualities is its versatility. There is no limit to the number of exciting and delicious dishes that can be prepared with beef. The following recipe won the 1978 Texas Beef Cook-off in San Antonio this year. Give it a try - we're sure you will like it.

INGREDIENTS:
3 1/2 - 4 lb. brisket
1 large onion minced
1 round tablespoon powdered orange drink or frozen orange concentrate
1/2 cup catsup
1 tablespoon liquid smoke
1 1/2 teaspoon barbeque spices or, pepper, cayenne, garlic salt, ground mild chili peppers, salt to taste
1 cup buttermilk or 1 coke

For garnish
Lemon, lime and orange slices, parsley or lettuce leaves (optional)

Marinate brisket for one hour in buttermilk or coke; wipe dry. Mix all other ingredients and work into brisket. Cook at 275 degrees uncovered, until done or wrap in foil and cook at 375 degrees for approximately 3 1/2 hours. Pour drippings in gravy boat and serve with meat.

Remember - Beef... the food you're right to like!

SS Rep schedule

A field representative of the Social Security Administration will be in Spearman at the Courthouse on Thursday from 10 to 11:30, October 12, 26; November 9, 30 and December 14. He will help you on any matters relating to social security, supplemental security income or Medicare.

You may also obtain service by going to the Social Security Office at 1541 North Hobart Street, Pampa, or by telephoning 669-3381 (area code 806) between the hours of 9 a.m. and 4:30 p.m. Monday thru Friday (except national holidays).

A representative is available to explain the provisions of the Social Security Act and answer questions at meetings, farm groups, and other organizations.

Mr. and Mrs. Sidney Beck had some guests in their home. Their daughter and her husband Don Beggs and children from Pampa. Becky Aylor and son from Perryton. Lida Beck and two children.

Susan and James Ather and son spent the weekend at the home of Arthur Adkison. Susan is the daughter of the Adkison's.

The son of D. H. Ball had surgery two weeks ago and is home and doing well.

CWF BAZAAR, Saturday, Dec. 2

John Hill sets record with service as Secretary of State, Attorney General

John Hill will be the first governor in the history of Texas who takes office with eight years of valuable experience in the executive branch of state government. His two years as Secretary of State and six years as Attorney General are unprecedented among Texas governors. This experience will give Texans a governor ready to take charge on the first day in office -- a governor who knows how to bring efficient management to the job of the state's chief executive.

Jamie's Jabber

The band has added another drill to their show that I think you will enjoy. The drill is done to So Nice. The show will be in this order this week. Fanfare, SAC, So Nice, Magnificent Seven and Espani Cani. The drill that is added is a little harder drill than the band is used to, so let's all support and root for our band. We all need to give a hand to Mr. Prather for working so hard with us. Mr. Newsom and Mr. Prather have both worked hard for us this year, they have spent a lot of time working on things the band could do. The drum majors have also worked hard for us. They spent a lot of their summer sorting music. Let's really get behind the band and wake up some of that old band spirit. **GOOD LUCK BAND!!!!**

DECA IN THE NEWS

There have been some minor changes in the Car Wash at the COOP this Saturday, and they are: the tickets will be \$7.00 instead of \$7.50 and the hours are from 8 a.m. til 6 p.m. instead of 8 a.m. to 7 p.m. The DECA members are really looking forward to Sat. so don't disappoint them. Let's show up and let the members wash your car for you. This is the first of a few money raising projects that the DECA members are working on. The money from these projects sends members to Area contests and then on to state if we have some finalists.

As most of you know the football game is in Tulia this week and we really encourage you to go and cheer for our boys. The support that you as spectators give them is tremendous. The band will also be there and they need your support. The band is there to support the boys and you as spectators are there to support not only the boys but the band, too.

Martin's Attend Anniversary In Slaton

Mr. and Mrs. Tony Martin and Amanda attended the 35th Wedding Anniversary of his parents, Mr. and Mrs. B.C. Martin, Slaton, Texas this weekend. Children hosing the event were Mrs. Janet Singleton & family, Mr. and Mrs. Alan Martin and family of Slaton; Mr. and Mrs. Leland Martin and family of Odessa; Mr. and Mrs. Tony Marin and daughter of Spearman; Angela and Jeff Martin of the home.

Rush Luncheon Held

Rho Rho Sorority held their Fall Rush Luncheon on Wednesday September 20th at the Methodist Church Fellowship Hall. A Hobo theme was carried out with decorations and costumes. Newspapers were used as tablecloths and brown bottles with fresh sunflowers were the centerpiece. Guests were treated with a fare of hamburger stew, salad, cornbread, cherry cobbler and tea which they ate out of personalized tin cups and aluminum pie plates. Those attending came dressed as hobos, and Donita Lusby won the prize for the best costume. Guests also participated in a game of making the silliest costume from sacks of discards provided.

Members attending were: Jackie Pearson, Penny Ralston, Linda Blackman, Susan Pearson, Candy Boxwell, Donita Lusby, Lisa Pipkin, Marsha Pipkin, Ginger Pittman, Jody Rex, Kari Lou Schmann, Hazel Shieldknight and guests Linda Brown, Gayle Smith, Karen Schnell, Joan Brown, Sharon Pearson, Linda Sanders, Brenda Shieldknight, Dixie Smith and hostess Karen Blodgett, Janie Henton, Delinda McLaughlin, and Marilyn Cline.

CFW Christmas Bazaar, Dec. 2

Peggy's Pointers

If you feel your yard was the scene of the national bug conference this summer, fall and winter might not give much relief. Cooler weather means those insects will begin seeking a warmer place. And that "resort" will more than likely be your home. I thought you might be interested in what an extension landscape horticulturist has to say--

Most common among these household invaders are ear-

wigs, crickets, pillbugs, spiders, millipedes, and certain cockroaches. In addition to their annoying presence, many of these pests will damage fabrics, feed on food products, and some are also capable of transmitting disease-causing organisms from place to place within the home.

Your first line of defense for controlling these invaders should be outside. Remove hiding places such as plant debris around the foundation, particularly around flower beds. Check doors, windows and other portals of entry for loose screening and poorly fitting joints. Performing the needed maintenance will not only keep insects out of th home but will also provide better cooling and heating efficiency.

Next, if insects have been a problem in the past, use a recommended insecticide such as diazinon, malathion or Sevin

(carbyl 1) to treat 12-24 inches above the soil line on the foundation, as well as the soil surface next to the foundation. Also, apply the insecticide around the sidewalks, patios, driveways, and storage areas.

If your first line of defense fails, your second is to control pests already in the home. Commercial pest control operator can be called in or you can do it yourself by using aerosol household insecticide sprays which can be purchased at the food store. In most all cases it would be better to hire a certified pest control operator than to try taking care of the problem yourself!

However, before using any type of insecticide, be sure to read the label, and follow directions closely. The use of any insecticide should be based on the presence of an insect problem. Absolutely do not treat where a problem does not

exist or has not existed in prior years.

But...if they do exist, shut down the conference before it becomes "resort time."

To CANCEL a home sale, the purchaser must mail a signed, dated copy of the cancellation notice to the seller no later than midnight of the third business day after the sale.

Send the letter "certified," "return receipt" and/or "restricted delivery."

CFW BAZAAR, Saturday, Dec. 2

Mrs. Harold Dean visited in the home of her son, Boyd Dean and family over the weekend. Mrs. Dean makes her home in Seminole, Texas. She returned home Monday.

Keyes Collector's Show & Sale Set

The Keyes Lions Club will hold their fifteenth semi-annual collectors' show and sale on October 7 & 8th at the Keyes Junior High Auditorium. Eighty tables of merchandise including antiques, guns, stamps, coins, handmades, etc., will be on display and sale by dealers from five states. There will be a 50 cent admission charge at the door. Golden Spread Center Group Enjoys Fair

Reports came that the fair grounds were muddy from the big rains that had fallen in Amarillo. Plans had been made several members of Golden Spread Center would attend the fair on Thursday, Sept. 21 that being Senior Citizens Day. Thursday morning eight members boarded the Golden Spread Van under the capable hands of Marcus Larson as driver accompanied by his wife Jo. We arrived at the fair grounds about 10 am and to our surprise found the grounds dry and the weather beautiful. All enjoyed viewing the booths and at the Lions Club Booth many of us made donations of our eyes to the Eye Bank. At noon all being real hungry we enjoyed a good meal at Furr's. Back to the fair where all went without incident until we missed two of our

lovely ladies who had slipped away for hamburgers and said they got lost. One having lived almost to the age of 80 to get L. O. S. T. Finally they were sighted and were happy to rejoin their congenial group. During the noon hour the group decided to try to get tickets to the Ronnie Milsap show at the fair grounds to make the day complete. The Blackwood Band put on a good program of Gospel and Western music preceding the Milsap show. Though Ronnie Milsap is blind, he is a marvelous entertainer and gave us a good show. He was well received. Those making the trip were Lena Beeson, Rhoda Overton, Mabel Edwards, Verna Finley, Addie Novak, Vonda Keim, Mae Shaul, Mildred Chamberlain and Escorts Marcus and Jo Larson.

HD Club News

In lieu of the regular meeting of the Holt Home Demonstration Club, club members met at the Holt School House for an all day affair with Georgia Holt demonstrating "Wheat Weaving." Members present were Georgia Holt, Sue Holt, Ruth Ann Jones, Auden Beck, June Jackson, Virginia Poole, and Gayle Porter. The next meeting will be Tuesday, Oct. 17.

CWF Christmas Bazaar, Dec. 2

Golden Spread Circle Meeting

About the time the crowd gathered at the Golden Spread Center Tuesday evening Sept. 19th at 6:30 p.m. rain began falling. It didn't dampen the spirit of the sixty one people who came to play games and enjoy fellowship together. Our thanks to the Gladiola Flower Club for their delicious sandwiches and cakes. They were both enjoyed.

Arts & Crafts Guild News

The Arts and Crafts Guild met September 22 in the home of Mrs. Ned Turner. Each member worked on individual crafts. Refreshments were served to Mmes: Deta Blodgett, Mildred Daily, Pope Gibner, Clay Gibner, Nolan Holt, Fred Hoskins, P.A. Lyon, Sr., Bill Russell, Joe Traylor, by the hostess Mrs. Ned Turner. The next meeting will be Friday September 29 in the home of Mrs. Bill Gandy.

Fire-ettes Meet Held

The Spearman Volunteer Fire-ettes met Monday September 25 in the home of Mrs. Kathy Slater. President Mrs. Vicky Bullard presided over the business meeting. The Fire-ettes are selling certificates for \$6.95 to have a family photo made. These are for family photos only. The photos are 11x14 and are mounted on a fiber board. The photographer will be here on November 4, 1978. You may contact any Fire-ette member. Discussion was held on the Halloween Carnival. The Fire-ettes will have a toilet paper throwing booth, and will sell chances on a large stuffed bear. Refreshments of chocolate cake, coffee and tea were served to members; Vicky Bullard, Sherry Brand, JoDell Tigrett, Kim Williamson, Glenda Baker and by hostess Kathy Slater. The next meeting will be October 2 in the home of Mrs. Sherry Brand.

Gladiola Flower Club To Meet

The Gladiola Flower Club met September 21 in the home of Mrs. Lloyd Buzzard. President Margaret Evans called the meeting to order. Roll call was answered to "A Timely Tip". The minutes from the last meeting were read and approved. Rose Cummings and Virginia Head are in charge of park duty for the next two weeks. A letter was read from The Leukemia Society of America asking for help from clubs in the area. Virginia Head moved that each member donate \$1.00 to the Leukemia Society. The motion was seconded by Dorothy Buzzard, motion carried. A letter from the Station Masters Museum was read, no action was taken at this time. The nominating committee presented the list of new officers: President-Virginia Head, Vice President-L. Kunselman, Secretary-June Jackson, Treasurer-Dorothy Haner, Park Chairman-Wanda Brown, Flower Chairman-Myra Berner. Mrs. Gwen Smith gave the program on sea shells that she gathered on a recent trip to Mexico. Mrs. Smith showed pictures and designs made with shells and dried flowers. Names were drawn for small pictures that Mrs. Smith made with shells and dried flowers. The pictures were won by Dorothy Haner, Dorothy Buzzard, and Mrs. Clois Baker. Members present were Mmes: Clois Baker, Myra Berner, Wanda Brown, Betty Davis, Margaret Evans, Dorothy Haner, Virginia Head, Estelle Jackson, Judy Martin, Francis Newel and guest Mrs. Gwen Smith. The next meeting will be October 5 in the home of Mrs. Irvin Davis.

Presbyterian Church News

Presbyterian Men will have their monthly prayer breakfast on Thursday, September 28 at 6:30 a.m. There is a Sunday Church School class for everyone every Sunday at 9:45 a.m. with a well-prepared Bible lesson designed to meet your spiritual needs. "Four Steward" will be the subject of Pastor Edward D. Freeman's sermon at the service for the public worship of God on Sunday, October 1 at 11:00 a.m. This is World-Wide Communion Sunday and the sacrament of the Lord's Supper will be celebrated. Rosh Hashanah, the Jewish New Year, is Monday, October 2. The First Presbyterian Church of Spearman offers intimacy and reassurance. In this caring group, people can share the rhythm of the seasons, and the silence of life's transitions. To visit the First Presbyterian Church is to experience relationships that are warm, intimate, spontaneous, and personally satisfying.

Servitors Club Met

The first meeting of Servitors was held Sept. 21 at 7:30 at the B & B Building. President Rene Wisniewski called the meeting to order and the roll was answered by "My Favorite Quilt."
