Way Cleared By Wilson For OK To Defense Post

BULLETIN

WASHINGTON, Jan. 23 (AP) — Charles E. Wilson said today that he will sell his General Motors holdings and consult with President Eisenhower on any matter that "might be the subject of misunderstanding" because of his former connection with the auto firm.

By JACK BELL
WASHINGTON, Jan. 23 (AP) — Charles E. Wilson went before the Senate Armed Services Committee again today, his way now eased for Senate confirmation as defense secretary.

The White House announced last night Wilson had volunteered to dispose of his 2 1/2 million dollars worth of stock in General Motors, the firm he headed before President Eisenhower picked him for defense secretary.

That decision, called for by key a government official to have an interest in a firm doing business with the government, apparently removed the big barrier to confirmation.

Wilson's formal nomination went up only last night and Chairman Saltonstall (R-Mass.) called the Armed Services Committee into a closed-door session this morning to consider it.

Saltonstall said he expected the committee to give its approval today.

Wilson told a reporter he would prefer to have his testimony today at a public hearing rather than behind closed doors.

"I guess it's too late to ask that now," he added.

In addition to the committee members, Sen. Ferguson (R-Mich.), a friend of Wilson, also was present.

Saltonstall said no action would be taken by the Senate committee on four Defense Department assistants for Wilson until their nominations were formally submitted by the White House.

Asked whether each of them also must agree to sell stock or securities in any corporations having defense contracts, Saltonstall said he would have no comment until the nominations formally arrived.

GM stock opened at \$64 1/4 per share today on the New York exchange, unchanged since yesterday.

Wilson's retention of a financial interest in the company had aroused strong opposition in the Senate. As a result, Eisenhower

LATE BULLETIN

WASHINGTON, Jan. 23 (AP) — Sen. Morse (Ind-Ore) today blocked Senate confirmation of Harold E. Stassen as head of the Mutual Security Agency.

He said he was acting to prevent confirmation of Stassen today because the nomination went to the Senate floor the same day it was approved in committee.

Under Senate rules, action on nominations cannot be taken on the same day they are reported by committees except by unanimous consent.

Stassen's appointment was approved by the Foreign Relations Committee earlier today. So was President Eisenhower's nomination of former Sen. Henry Cabot Lodge to be U. S. ambassador to the U. N.

Morse said he would not object to Lodge's nomination since all members of the Senate were "fully familiar" with the record of their former colleague.

Eisenhower And Cabinet Talk At Formal Session

BULLETIN

WASHINGTON, Jan. 23 (AP) — President Eisenhower and his Cabinet held their first formal meeting today—a two hour and ten minute session from which the new administration's high command departed under orders not to talk.

WASHINGTON, Jan. 23 (AP) — President Eisenhower and most of the new Cabinet sat down in the White House today for their first formal session.

With Charles E. Wilson not yet cleared into the official family, the Defense Department was represented by W. J. McNeil.

McNeil, an assistant secretary of defense in the Truman administration, is now the department's ranking official and acting secretary.

The first big problem to confront the new Republican regime may have been solved last night when Wilson, at a White House meeting with Eisenhower, agreed to dispose of his 2 1/2 million dollars worth of General Motors stock.

The President then formally nominated him to be secretary of defense.

Besides the Cabinet, Eisenhower invited to the White House conference:

Vice President Nixon; Mrs. Oveta Culp Hobby, federal security administrator; Joseph M. Dodge, budget director; Harold E. Stassen, chosen to head the Mutual Security Agency; Henry Cabot Lodge Jr., who will be ambassador to the United Nations; and Sherman Adams, top assistant to Eisenhower.

All six have been asked to attend all Cabinet meetings.

Today's discussion of domestic and foreign issues probably will be related to the State of the Union message Eisenhower will deliver to Congress soon, possibly next week.

The Cabinet members and other key officials met informally with Eisenhower in New York on Jan. 5 and 6, and reviewed a preliminary draft of the address. Those present suggested some changes and the message has been revised.

The message will set forth the new President's legislative program in general terms.

Another conference Eisenhower arranged for today appeared likely to deal specifically with the labor aspects of the forthcoming message—possibly with Eisenhower's views regarding amendment of the Taft-Hartley law.

FOUR BILLS OFFERED

Legislators Try To Cut Down Divorces

AUSTIN, Jan. 23 (AP)—Legislators realize they can't pass a law making a man love his wife—or vice versa—but they want to do something about almost 40,000 divorces a year in Texas.

Already four bills have been introduced and others are ready on marriage and divorce problems.

The idea of the new proposed law is a "cooling off period—give 'em time to think it over."

The first attack was on marriages—because there can't be a divorce unless someone's married.

What some legislators want to do is stop the "gin" weddings of couples who stagger up to take their vows with a merry will but no intentions to make them last any longer than the fun lasts.

Nowadays a couple has to have a certificate saying they're free of venereal disease before they can get a marriage license. Once they have the license, they can get married without delay.

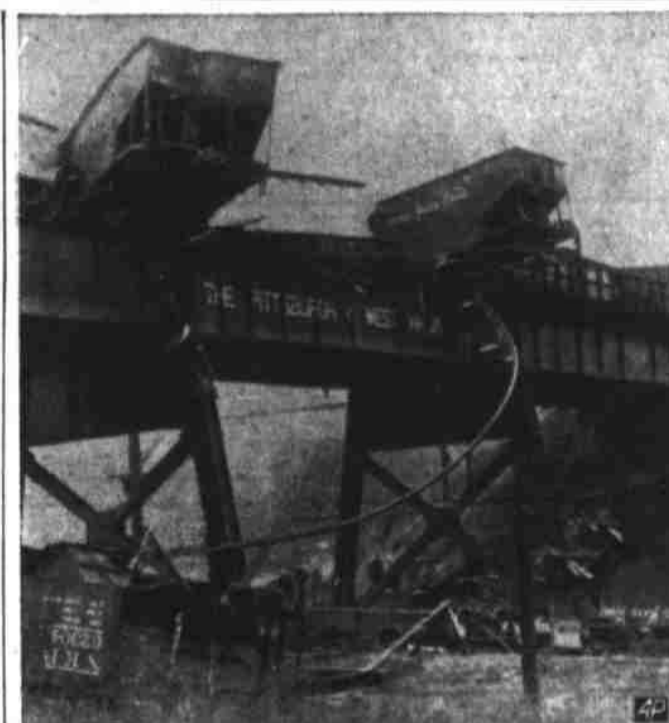

What one bill introduced this past week would do is make them apply for a license then wait 48 hours. "Give 'em time to think about it," said its author, Sen. Doyle Willis of Fort Worth.

And if a married couple wants a divorce, another bill would require a 90-day waiting period before the time of filing and the time the trial starts.

"Give 'em time to think it over," Willis, the author, said again.

Rep. Bill Miller of Houston has the same bill in the House, and he would require a 180-day waiting period if the couple has children.

Thousands of persons decide each year they really didn't mean it about leaving forever or going home to mama. Records show that in Texas in 1951, 37,150 divorces were granted, but 52,068 were filed.

Sky Rains Freight Cars

Several freight cars hang precariously over a railroad bridge at Mingo Junction, near Steubenville, O., after a derailment. One freight car toppled on an auto driven by Miss Sally Hotchkiss 26, of Martins Ferry, O. Auto shown in lower right of picture. She suffered serious injuries. Another car fell 60 feet to the roadside. The derailment of the Pittsburgh-West Virginia train was blamed on a broken wheel. (AP Wirephoto).

Prisoners End Riot After 'Tough' Order

By LEONARD A. UNGER
BELLEFONTE, Pa. (AP)—A band of 325 rebel convicts, mindful of a tightening ring of heavily armed state police and unnerved by the roar of National Guard fighter planes overhead, surrendered unconditionally last night to the "get tough" orders of Gov. John S. Fine.

The rebels released six guard hostages shortly before 7 o'clock, EST, and then fled meekly back into their cells from the barricaded building they had turned into a fortress.

None of the hostages had been harmed, although one was near the point of exhaustion from his 12-hour ordeal.

The convicts—a holdout segment of a riot that started last Monday—tossed out through the shattered windows of the cellblock the eight revolvers, five hundred rounds of ammunition and tear gas equipment that had been one of the main concerns of the prison officials during the insurrection.

Their surrender made unnecessary a planned attack on the cellblock strong point by state policemen and alerted National Guard units.

Earlier in the afternoon while planes were buzzing the building the prisoners dropped a note through a barred window asking to see the Catholic chaplain, Rev. Richard Walsh. When Father Walsh went to the wall of the building, the men shouted down that they were willing to give up if state officials would agree to an earlier offer that there would be no reprisals for the riot.

The governor made that offer two days ago and it had been accepted by the men in two adjacent cell blocks.

State Atty. Gen. Robert E. Woodside, after a conference with the governor, replied in a note that "only an unconditional surrender will be accepted." He ordered the prisoners to turn over their guns and ammunition to the priest or to the hostage guards who were to be released immediately.

Shortly thereafter the convicts shouted they were willing to give up and started dropping the guns and ammunition from the windows. The guards emerged "without a scratch" from the building. Five were taken to their homes and one, Paul Ginkler, was removed to the prison hospital. He was not injured but appeared suffering from nervous exhaustion.

Driving Conditions Bad After Panhandle Storm

Four MIGs Shot Down, Seven Are Damaged In War

By JIM BECKER

SEOUL, Jan. 23 (AP)—Allied Sabre jets destroyed four Communist MIG-15s and damaged seven in clear skies over northwest Korea today, the Fifth Air Force reported.

It brought to 15 the number of Russian-built jets knocked down in three days. At least 15 have been damaged.

The Air Force earlier had reported three MIGs destroyed today but a study of gun camera films showed another went down.

Capt. Delphin P. Overton III, Andrews, S. C., was credited with bagging his fourth MIG in three days—the hottest record in the current series.

He got his MIG today—only one more to go to become an ace on his 148th mission.

The Sabres were up at daybreak to shield Allied fighter-bombers striking farther south at Communist supply lines and battlefront positions.

Fighter-bomber pilots reported wrecking 90 Communist vehicles and destroying a locomotive and 10 boxcars. In the night 14 U. S. Superforts cascaded bombs on a railroad yard at Yangdok astride the Red's east-west supply route across the narrow, 90-mile waist of North Korea.

Grenade-hurling South Korean troops charged up to the crest of Big Nuri Hill on the Western Front today and blasted Chinese positions for one hour and 20 minutes, then withdrew.

An Eighth Army spokesman said the Republic of Korea infantrymen killed at least 85 Reds in the furious hit-run raid.

Decision Put Off On Gas Production Limit

A week or longer may be required for the Texas Railroad Commission to reach a decision on one of its engineer's proposal for limiting gas production which now provides the Big Spring area with most of its natural gas supply.

An examiner for the commission Wednesday conducted a hearing on the proposal, which is opposed by the City of Big Spring and Empire Southern Gas Company. The examiner's report will be given the railroad commission for consideration in reaching a decision on the matter.

Protesting application of Rule 6-B, which would limit gas production to 1,000 cubic feet per barrel of oil produced, were Mayor G. W. Dabney and Manager H. W. Whitney of Big Spring, and Champ Rainwater, district manager for Empire Southern Gas Company. All oil companies operating in the Andrews County field affected also expressed opposition to the rule, local officials reported.

An engineer for the Texas Railroad Commission recently proposed that the rule be applied to the gas field in Andrews County where Empire Southern secures most of its gas supply.

Empire Southern objected on grounds that the field is primarily a gas producer, was developed by the gas company, and that recent oil production has occurred only on fringes of the field.

The gas company would lose about two thirds of its present gas supply if the rule were applied, said Rainwater. As a result, he told city officials, ESGC would have to purchase additional gas from other companies at a rate six to nine cents per thousand higher than present production costs.

Verd Van Gieson Dies; Rites For Local Pioneer Set Sunday

Virginia (Verd) Van Gieson, one of the real pioneers of Big Spring, died Thursday afternoon in a hospital here.

Final rites will be said by the Rev. William Boyd, rector, at 2 p.m. Sunday in the St. Mary's Episcopal Church, in which Mr. Van Gieson had labored so long as a leading layman. Burial will be in the Masonic section of the city cemetery with the Nalley Funeral Home in charge of arrangements.

Mr. Van Gieson was widely known throughout the state and messages of condolence came from many friends of other years.

\$2,400 IS TOP PAY

JP Salary Issue Solved For Present

The question of salaries for local Justices of the Peace apparently had been resolved, at least temporarily, this morning.

County commissioners took up the subject in a brief session, which included a conference with County Attorney Hartman Hooser. At the conclusion it appeared that the salary for Justice of the Peace, Precinct No. 1, place 1, would remain at \$2,400.

Hooser said that information he had obtained on the question indicated that this was the maximum indicated that this was the maximum that office under present statutes.

The question arose when a second Justice of the Peace was elected in Precinct No. 1 in the 1952 election. The law cited by Hooser (Art. 3366E, Revised Civil Statutes) provides that a county can pay a maximum of \$2,400 per year to a Justice of the Peace who serves in a precinct which has two Justices. This statute applies to counties with a population of less than 27,000, based on the last preceding Federal Census. The same statute, however, allows a total

of \$3,600 per year when only one Justice of the Peace is serving in such a precinct.

Heretofore, Precinct No. 1 has had only one Justice of the Peace, although it was entitled to two under the state law. Last year, A. M. Sullivan, former Justice of the Peace at Coahoma, who now lives in Big Spring, was elected to place 2 in Precinct No. 1. Commissioners set his salary at \$600 per year and reduced the salary for place 1 to \$2,400 per year.

The salary question was advanced by Cecil (Cy) Nabors who was elected to the place 1 post. He said that when he started to make the race for that office he thought it would pay \$3,300 per year, which is the amount paid last year for the office.

Hooser told commissioners that he had discussed the question in a telephone conversation with J. C. Davis Jr., chairman of the county affairs division in the attorney general's office, and in his opinion \$2,400 was the maximum amount the county could pay with two Justices of the Peace serving in the same precinct. However, the county attorney suggested that the question might be due some legislative consideration. Commissioners agreed, but reminded that legislation was out of their jurisdiction.

Two Construction Projects Underway

Two construction projects were underway in the 100 block of West Third Street today.

Excavation was continuing for lowering of the Third and Main intersection and elimination of a sharp dip on the west side of the crossing. And city workers were digging a channel across Third in front of the Courthouse for a new sewer line to serve the new county building.

The two projects were undertaken at the same time so that Third Street traffic would be detoured only once.

A new and lower sewer line to serve the Courthouse was necessary due to elevation of the building's basement which is below the present sewer grade. The modification is being made at county expense.

GUARDSMEN TO HELP IN MARCH OF DIMES PUSH

The National Guard will be called out Saturday to take over the local March of Dimes campaign.

Big Spring Guardsmen will wheel one of their howitzers into town for the operation. The gun will be set up at Third and Main and the public will be invited to fill its barrel with dimes.

Guard members collected a gun full of money last year; five gallons of dimes and dollars were poured from the gun's muzzle at the end of the day. They hope for a repeat performance this year.

A public address system also will be operated at Third and Main, and uniformed Guardsmen are to carry the solicitation effort to all sections of the business district.

Big Spring service clubs will conduct similar programs next week, with a different group to take over each day.

Power Lines Down; Snow, Ice Hit Area

By The Associated Press

Telephone crews were restoring damaged circuits and the Panhandle was shoveling out of a blanket of snow Friday after a vicious but shallow northerly blasted the northwest corner of the state Thursday night.

Power and telephone lines were put out of commission by ice and snow. A dangerous glaze of ice made driving "extremely hazardous" and stranded many motorists temporarily.

Southwestern Bell Telephone Co. offices in Dallas said 329 long distance circuits in the storm area were out of service at one time. A total of 63 men were working in the Panhandle-South Plains area to restore service. Reports said most of the trouble was from storm-caused shorting.

The company listed 14 towns without phone service Friday morning. They were Cotton Center, Oilton, Edmondson, Silverton, Claude, Goodnight, Groom, Sunray, Bovina, Friona, Hale Center, Tulla, Lockney and Hereford.

Vega and Dumas were isolated Thursday but service was restored by Bell's emergency radio equipment.

The snowfall ranged from two to three inches at Lubbock to around 10 inches at Akin.

Snow reached into North Central Texas Friday morning. At 9 a.m. it was snowing at Sherman, Denton, Gainesville, Dallas and Mineral Wells. Tyler and Longview had rain.

At the same time, Laredo and Brownsville had blowing dust. The severe storm area in the Panhandle and South Plains was clear or clearing. Temperatures included Amarillo 25, El Paso 26, Salt Flat 22, Lubbock 30, Dallas 36, Wichita Falls and Midland 33 and Brownsville 35.

Overnight the coldest temperature reported was 22 at Salt Flat. Winds blew into Daggart in the northern Panhandle Thursday with velocities up to 80 miles an hour. Hundreds of motorists sought refuge in farm homes already crowded in some instances by school children who couldn't make it home after buses stalled in deep snowdrifts.

The highway patrol warned that "extremely hazardous driving conditions" existed from the top of the Panhandle to extreme East Texas and the Upper Gulf Coast. Where there was no ice or snow in the region, drenching rains and winds of almost hurricane force

Road Around Lake Thomas To Be Studied

The State Highway Commission took a proposal to pave a 19 1/2-mile road around Lake J. B. Thomas under advisement Thursday. The proposal calls for paved portions in Howard and Borden Counties.

Representatives from Howard, Borden, Scurry and Ector Counties were present, as were officials of the Colorado River Municipal Water District.

The commission was asked to designate a road starting at an intersection on the Snyder highway and going north through Vincent and on around Lake Thomas into Borden County as a farm-to-market road or state highway.

However, County Judge R. H. Weaver stated today that funds for farm-to-market arteries in Borden and Howard Counties had been used up for the year.

At the meeting in Austin Thursday, Borden County officials said they would give \$50,000 toward the project from county funds. Colorado River Municipal Water District authorities pledged \$25,000 more, he said.

The Highway Commission told delegates that since the project would affect such a large portion of West Texas, it would be considered. Approximately 15 miles of paved road would be in Borden County and around 3 1/4 miles would be in Howard County, Weaver said.

In addition to Judge Weaver, Howard County Commissioners Ralph Procter and Pete Thomas attended the conference.

Thomas said that the commissioners court has agreed to pave the portion of road which is in Howard County. He said money would either be taken from the county fund or from what is left over on other farm-to-market projects now underway.

Two Persons Hurt As Tornado Hits Mississippi Area

GULFPORT, Miss., Jan. 23 (AP)—Two persons were hurt and property damaged as a tornado whirled over the Mississippi Gulf Coast section last night and early today.

In a freak accident at Handsboro, five miles east of here, a couple was injured when lightning felled a big oak tree into the path of their car.

No preliminary estimate of damage was available, but property in the towns of Mississippi City, Handsboro and Gulfport were damaged.

# Dawson County Wildcat Well Begins To Unload Oil Today

Ponder No. 1 Lindsey, a Dawson County wildcat about 18 miles northwest of Lamesa started unloading oil today after a drillstem test. As yet there are no reports on recovery.

A Borden County wildcat—Robinson No. 1 Conrad—was swabbing oil, and completions were reported in Midland and Howard Counties. Locations were staked in Howard and Martin Counties.

Magnolia No. 1-C Preston in Midland's Spraberry Trend came in for 344.11 barrels of 38.8 gravity oil per day. Cosden No. 2 Guffee in Howard's Coronet-2900 area, pumped 19 barrels of 24.8 gravity oil on potential.

Martin County has a new wildcat location about one mile south of Mabee production, and it is Joseph I. O'Neal No. 1 Mabee. Sun has staked its No. 2-A Jones in the Coronet-2900 area of Howard.

## Borden

Robinson No. 1 Conrad, 330 from south and west of lines, section 79, block 20, LaVaca survey, swabbed an estimated 1 1/4-barrels of oil per hour for 21 hours after the open hole at 4,167 to 4,182 feet had been acidized with 1,800 gallons. Operator is reacidizing now.

Rowan No. 1 Long, C NW NE, 87-30-4n, T&P survey, got down to 7,894 feet in lime and shale.

Lario No. 1-D Griffin, 467 from south and east of lines, 62-25-H&TC, reached 6,853 feet in lime and chert.

Superior No. 10-535 Jones, C NW SE, 535-97-H&TC, is reported at 6,815 feet in lime and shale.

## Dawson

Ponder No. 1 Lindsey, C NE NE, 108-M-EL&RR, wildcat about 18 miles northwest of Lamesa, took a drillstem test in the Pennsylvania Reef line at 8,564 to 8,579 feet with the tool open two hours. Gas came to the surface in six minutes, with a fair blow for the remainder of the test. The well started unloading oil from the drill pipe when 4,119 feet of pipe were still in hole, and it continued to unload. The rest of the pipe was pulled, and as yet there are no details of recovery.

Seaboard No. 1 King, 2,355 from north and 860 from east of lines, northwest quarter, section 2, block 35, top, 6-north, T&P survey, pumped 1 1/4-barrels of oil per hour.

## Glasscock

Cities Service No. 1-B Cross, C NW NE, 17-35-2s, T&P survey, got down to 10,686 feet in lime.

## Howard

Cosden No. 2 Guffee, 330 from south and 2,640 from east of lines, 58-20-LaVaca survey, pumped 10 barrels of 24.8 gravity oil with no water in 24 hours. Gas-oil ratio was estimated at 50-1. Top of pay at 2,735 feet and total depth is 2,875 feet. 5 1/4-inch oil string goes to 2,761 feet. The open hole was acidized with 1,400 gallons.

Sun No. 2-A Jones, 990 from east and north of lines, southwest quarter, 10-26-H&TC survey, is a location in the Coronet 2900 area about 22 miles northeast of Big Spring. It will be a 3,000-foot rotary.

Sun No. 1-A Jones, 330 from south and 968.6 from east of lines, southwest quarter, 10-26-H&TC, pumped eight barrels of oil with no water in 24 hours, and operator is still testing.

Stanford No. 1 Smith, C NW SW, 45-31-3n-T&P survey, got down to 5,839 feet in shale.

Cosden No. 3 Guffee, 980 from east and 330 from north of lines, section 58, block 20, LaVaca survey, is taking a Schlumberger test at 860 feet.

## Martin

Joseph I. O'Neal and Zephyr No. 1 Mabee, wildcat about one mile south of Mabee production, is still testing.

Stamford No. 1 Smith, C NW SW, 45-31-3n-T&P survey, is a location set for 4,800 feet to test the San Andres. The well is to be just inside the Martin County line about one mile south of Mabee production. It is 20 miles northwest of Midland.

Hamon No. 1-B University, C SE SE, 12-7-12, UTI survey, reached 10,552 feet in shale and lime.

Pan-American No. 5 Breedlove, C NW NE, 10-26-H&TC, reached 10,686 feet in lime.

Stanford No. 1 Smith, C NW SW, 45-31-3n-T&P survey, got down to 5,839 feet in shale.

## Department Store Sales Over State Decline In Week

DALLAS, Jan. 23 (AP)—Department store sales in Texas dipped during the past week compared to the same period a year ago.

For the week ending Jan. 17, sales in the district were down 4 per cent over the week ending Jan. 19, 1952. Houston and El Paso showed increases of 10 to 8 per cent respectively but Dallas down 18 per cent, Fort Worth down 9 per cent and San Antonio 7 per cent.

For the four weeks period ending Jan. 17, Texas sales were 22 per cent above the corresponding period of last year. El Paso sales were up 40 per cent, Houston 29 per cent, Fort Worth 18 per cent, Dallas 16 per cent and San Antonio 10 per cent.

## Better Synthetic Rubber Is Found

AKRON, O., Jan. 23 (AP)—Good-year Tire & Rubber Co. said today it has basic patents on a new type of synthetic rubber to make automobile tire treads which "could easily outwear the automobile itself."

Before the new synthetic can be made for wide use, however, ways must be found to produce its raw material cheaper, improve its processing and better its resilient and adhesive qualities.

"There's every reason to believe these problems can be brought to a practical solution," said P. W. Litchfield, Goodyear board chairman.

The new rubber, surpassing present types in toughness and resistance to abrasion, is the result of secret research over several years.

## Fined \$100 In Court

Garvis Lindsey, arrested by city police Thursday, pleaded guilty in county court today on charges of driving while intoxicated. Lindsey was fined \$100 by County Judge R. H. Weaver, and his driving license was suspended for six months in accordance with law.

5,280 from east and 2,640 from south of lines, league 258, Briscoe CSL, is reported at 12,136 feet.

Plymouth No. 1 Millhollen, 1,980 from north and west of lines, 7-35-1s-T&P survey, has a total depth of 7,940 feet and operator is installing pump.

Cities Service No. 1 Orson, C SE SE, 139-M-Curtie survey, has depth of 855 feet in redbeds.

Phillips No. 1-C Schlar, 1,320 from south and 700 from west of lines, section 324, LaSalle CSL, drilled to 11,054 feet in lime and chert.

## Midland

Magnolia No. 1-C Sam Preston, 1,980 from south and 680 from east of lines, section 30, block 37, top, 4-south, T&P survey, flowed 244.11 barrels of 38.8-gravity oil through a 24-64-inch choke in 24 hours. Recovery had no water. Gas-oil ratio is 588-1, top of pay is 7,128, total depth is 7,298, and the 5 1/4-inch oil string went to 7,128 feet. Tubing pressure was 190 to 225 pounds, and the drill floor elevation was 2,748 feet.

## Mitchell

Weiner and Hayward No. 1 Solomon, 740 from south and 330 from west, northwest quarter, 73-97-H&TC survey, hit 4,700 feet in shale and lime.

Humble No. 1-B Coleman, 2,080 from north and 860 from east of lines, 77-87-H&TC survey, on first report is at 408 feet where operator is running 8 1/4-inch casing.

Sun No. 1 McCabe, C SE SE, 225-1A-H&TC, is now at 5,260 feet in shale.

## Clemency Urged For Doomed Man

AUSTIN, Jan. 23 (AP)—An Amarillo preacher urged clemency today for R. J. Hulien, pleading that Hulien was driven to the murder of his wife because of her conduct.

"I'm asking if you could see fit in some way to let him pay his penalty in life instead of death," the Rev. G. W. Hamilton, pastor of the United Pentecost Church, told the pardons board.

Hulien is sentenced to die in the electric chair Feb. 6. He was convicted in the Amarillo pipe slaying of his estranged wife, Mabel Rachel Hulien, in her home April 25, 1951.

"Crime is crime, and wrong is wrong. I believe he should pay a penalty, but I would ask you to reduce it to a life sentence," said Hamilton.

Board Chairman Lyle C. Harris said another clemency hearing has been set for Jan. 30 on the request of Hulien's attorney.

## And He Stays Quiet

DETROIT (AP)—Mrs. Carolina Nemith obtained a divorce today from her husband charging that he hadn't spoken to her in the last three years.

Mrs. Nemith said her husband, Louis, occasionally wrote her a note during the silence period.

Nemith did not comment on the divorce proceedings.

erected a building which provided for merchandising on the main floor and a meeting place for the Woodmen of the World on the second floor. About the time he returned to Big Spring, he sold this plant to the WOW.

Mr. Van Gieson worked briefly for Cosden and for some of the long-established merchandising firms here before he operated a car storage and parking business here and Mrs. Young established on the lot now occupied by the Greyhound Bus terminal. Later, when he decided to retire, he sold it to the union bus concern as a terminal site.

He was confirmed in the St. Mary's Church here on March 21, 1897 and held most of its lay offices and for many years was its senior warden. His association in the church lacked only one year equalling the present sanctuary.

When the Masonic Temple came into being in the early days, Mr. Van Gieson became a member of the Staked Plains Lodge.

He was active in the commercial and social clubs of the community, and when the Big Spring Opera Company was organized around the turn of the century, he took a leading role in promoting the cultural and other entertainments brought to Big Spring. No one seemed to have more zest for the centennial celebration of the "Big Spring" discovery in 1949 than he.

Mrs. Van Gieson and Mrs. Young.

Mr. Van Gieson was extremely active until Dec. 23, 1951 when he suffered a stroke. For seven months he was in the hospital, and although he was able to be taken home, it was not so long until he had to be returned to the hospital. He never rallied from the effects of the stroke.

Surviving him are his wife, the former Miss Jessie Miller, to whom he was married here in an Episcopal ceremony on Feb. 10, 1902; and his sister, Mrs. Agnes Young.

Palibearers include Matt Gribahn, Abilene, and Malcolm McAlpin, Toyah, close friends of the Toyah days; Jack Brennan, Santa Fe, N. M.; Bill McMurray, Seagraves, Dr. R. B. G. Cowper, D. M. McKinney, Obie Bristol and Jack Bequest.

## Mrs. M. Moore Rites Saturday

Mrs. Media M. Moore, 80, died at 4:30 a. m. Friday at the home of a son, R. W. Hewett, at 312 Edwards.

She had been in ill health for a long while.

Services will be held at 10:30 a. m. Saturday at Cuthbert with the Rev. Cecil Rhoades, pastor of the West Side Baptist Church in Big Spring officiating. Burial will be in the family plot in the Cuthbert Cemetery.

Mrs. Moore was a native of Breham, where she was born April 7, 1872. She moved to Lampasas and later to Scurry County. Most of her adult life was spent in Mitchell and Scurry Counties. Five years ago she came here to make her home with her son. Until ill health prevented, she was an active church worker.

Until time for services, the body will be in state at the Eberley Funeral Home.

Survivors include two sons, M. E. Hewett, Mountain Air, N. M., and R. W. Hewett, Big Spring; a brother, E. N. Mercer, Fort Worth; and 14 grandchildren and 13 great-grandchildren.

## Elephant Black Market Reported

RANGOON, Burma (AP)—A Burmese Army spokesman says the government will seek the aid of neighboring Thailand (Siam) in stamping out a rebel black market trade in elephants.

The lumbering beasts are valuable carriers along the jungle trails of Southeast Asia.

The secretary of the Burmese Defense Department told a press conference last night that notes will be exchanged with the Thai government over aid allegedly being given Karen rebels and Chinese Nationalist troops who fled from the Communists and are now holding out in the back country of Burma.

## Defense Rests In Basketball Player's Trial

NEW YORK, Jan. 23 (AP)—The defense rested today in the perjury trial of William Spivey, seven-foot former All-America and University of Kentucky basketball star.

Spivey is on trial on charges that he lied before a New York County grand jury probing basketball fixing scandals when he denied that he ever agreed to big scores or that he ever took bribes from gamblers.

The defense completed its case in General Sessions Court after five Kentucky businessmen, a professional football player, two of Spivey's fraternity brothers and a marine sergeant testified that Spivey's reputation for honesty and veracity was excellent.

Spivey yesterday completed testimony in his own behalf. He emphatically denied that he ever agreed to rig basketball scores or that he took bribes.

When the testimony was completed, Judge Saul S. Streit denied a defense motion for dismissal.

Harold O. N. Frankel of Spivey's counsel argued for dismissal on the ground the state testimony offered by the prosecution was that of two "self-confessed perjurers," James Line and Walter Hirsch.

Judge Streit, hearing the case with a jury of eight men and four women, ruled that there was "a question of fact, and it is for the jury to decide, not the court."

Two character witnesses were called by the defense yesterday. ONE 6th graf 78.

## Man Due Hearing In Clemency Plea

AUSTIN, Jan. 23 (AP)—A clemency hearing for Darious Golemon, convicted of murder in the 1948 slaying of a sailor's wife, will be held by the state pardons board Monday at 10 a. m.

Golemon is scheduled to go to the electric chair Feb. 4 for his part in the slaying of Cloyce Eloise Twichell. Her body was found in the "Big Thicket" near Beaumont Oct. 4, 1948.

Trial testimony indicated she was slain after giving a ride to two men on a trip from Beaumont to Colmesneil.

## Court Fines Man \$50 In Check Case

J. W. Stephens pleaded guilty to charges of passing a worthless check today and was fined \$50 and cost of court by County Judge R. H. Weaver.

Stephens said he gave a \$5 check to Art Kern in return for merchandise and cash. He was arrested by Constable W. O. Leonard and Deputy Floyd Moore.

## WILSON

(Continued From Page 1)  
left out of the defense secretaryship when he submitted the names of his other Cabinet choices on Tuesday.

In the defense post, Wilson would be in position to deal with GM, the department's biggest private contractor. And a federal law long on the statute books bars any federal official from transacting business with a firm in which he holds even an indirect financial interest.

Saltontall told a reporter he believes this anticipated switch in Wilson's stand will win him approval by the committee. Senators Byrd (D-Va.), who first cited the legal ban, and Russell (D-Ga.) agreed.

"I hope the Senate will follow the recommendation of the armed services committee," Saltontall said.

Most senators who could be reached seemed to think that it would, although a few expressed some reservations. In any event, considerable debate appeared likely if and when the appointment goes to the Senate floor. That probably will not be until sometime next week.

Eisenhower's formal nomination of Wilson, announced at 7:25 last night, at least brought to a head the controversy which has confronted the new Republican administration with its first crisis.

There was some indirect indication that the President had a hand in Wilson's decision. A Republican senator who declined to be quoted by name said the former GM president had, right up to the White House conference, maintained his refusal to sell the stock.

Wilson is said to have told the held before his formal nomination, that his GM stock is worth about 2 1/2 million dollars and that he would lose as much as \$600,000 in taxes by selling it now.

The announcement that Wilson would sell the stock he now holds brought words of praise from a number of senators.

## Allen Nelson Jr., Funeral Is Sunday

Services will be held at 3 p. m. Sunday in the Nalley Chapel for Allen Nathaniel Nelson Jr., 41, who had been a resident of Howard County all of his life.

He died early Friday in a hospital here.

Until he entered service in World War II, Nelson had been active as a farmer. More recently his home had been at 711 Virginia Street.

Surviving are his mother, Mrs. A. L. Nelson; two brothers, T. J. Nelson and Henry A. Nelson; a sister, Mrs. Myrtle Morris, all of Big Spring. He also leaves three nephews and two nieces and other relatives. Burial will be in the city cemetery, but other arrangements have not been completed.

## Youths Admit Theft Of Fireworks Here

Two boys were arrested Thursday by Juvenile Officer A. E. Long after they confessed the theft of approximately \$88 worth of fireworks from Brown's Trading Post. The boys are 12 and 13 years old.

Long said most of the fireworks were recovered. The boys agreed to pay for the part used, and they were released to their parents. The theft was reported to Long yesterday after the fireworks were found missing during an inventory.

# Group Plans To Deal With Flying Robots

WASHINGTON, Jan. 23 (AP)—The Aircraft Industries Assn., calling attention to "the fast growing importance of guided missiles as an arm of this nation's defense," announced today it is setting up a special committee to deal with the flying robots.

Meanwhile, the Air Force spiked a rumor that the colored aerial objects seen over north Japan recently were Russian guided missiles.

"Pure conjecture," said an Air Force spokesman. "We have nothing to indicate any such explanation."

The Air Force has earmarked an estimated \$27 million dollars for its guided missiles program in the fiscal year starting July 1. This is five times the amount of obligations—\$97,442,980—for missiles in the fiscal year which ended last June 30.

Although detailed information on guided missiles is classified for security reasons, one leading missile manufacturer, J. H. Kindelberger, chairman of the board of North American Aviation, said recently the intercontinental missile is "just over the horizon."

Kindelberger said such a weapon "will be capable of accurately delivering to any point on the surface of the earth, in a few hours, a warhead carrying infinite destruction and, because of its speed and altitude, will be impossible to intercept."

An Air Force spokesman told a reporter the U. S. has confirmed reports that fast moving colored lights were seen over northern Japan Dec. 29 and Jan. 9 and they were spotted by both ground and airborne radar.

But, the spokesman added, there was nothing in the preliminary reports to indicate the aerial sightings were different from those reported in the rash of spotlights in the U. S. several months ago.

At that time the Air Force offered the explanation that atmospheric conditions such as heat inversion caused reflections that were detectable on radar scopes.

## Mrs. Jetty Digby Funeral Saturday

Death claimed Mrs. Jetty Digby, 72, a nurse most of her life, at 2:15 o'clock here Thursday afternoon. Ill for more than six months, Mrs. Digby succumbed at the home of a sister-in-law, Mrs. Lula Harper.

Born in San Augustine, Texas, Jan. 17, 1881, Mrs. Digby had resided in Big Spring for three decades. For a number of years, she pursued a nursing career in Carbon (Eastland County), riding a horse on her house-to-house calls, much in the manner of the pioneer doctor.

## Jail Sentences Given To Four W-T Cattlemen

EL PASO, Jan. 23 (AP)—Prison sentences ranging from two to five years were imposed today on four West Texas cattlemen found guilty of smuggling cattle from Mexico.

Heaviest sentence in U. S. District Court was imposed on Walter (Dixie) Babb, Indian Hot Springs, Tex., rancher. He was given a five-year sentence on each of six counts of smuggling and transporting stolen cattle and two years on each of two other counts, the sentences to run concurrently.

Wayne Babb, Walter's brother, was sentenced to three years on each of six counts and two years on another count, all to run concurrently.

Irvin Babb, another brother, was given a three-year sentence on his conviction on each of two counts and two years on another conviction, the sentences to run concurrently.

Joseph T. Marchant, Midland, Tex., cattle buyer, was given a two-year suspended sentence on his conviction on two counts and he was fined \$3,000. The court ordered that the fine be paid within 30 days or the sentence would be imposed.

Defense Attorney W. H. Fryer indicated an appeal would be filed. Appeal bond for each of the convicted men was set at \$5,000.

Three truckers from Big Spring, Tex., charged with the four men convicted, were found innocent by the federal jury hearing the case. They were Herman L. Fred and Leonard Wilkerson.

## Funeral Is Saturday For Twin Daughters

Services are scheduled at 2 p. m. Saturday at the Nalley Chapel for the twin daughters of Mr. and Mrs. J. W. Griffith, who died at birth in a local hospital this morning.

Survivors, in addition to their parents, include a sister, Norma Jane Griffith; a brother, Arnold Lee Griffith; and the maternal grandmother, Mrs. Myrtle Kerr, Big Spring.

Burial will take place in the City Cemetery. Other arrangements for last rites were to be made today.

# USDA Workers Worried About Jobs In Shakeup

By OVID A. MARTIN  
WASHINGTON, Jan. 23 (AP)—Thousands of job-nervous Agriculture Department employees wondered today where and when the axe will fall in Secretary Benson's announced plan for overhauling their agency.

President Eisenhower's new farm chief made plain in announcements yesterday that he intends to cut the size of the department in an effort to economize on an agency which spends and lends more than any other civilian agency.

The great bulk of the department's 58,000 full-time workers have civil service status—that is, they cannot be removed without cause or unless their type of work is done away with.

A Benson memorandum to employees carried an implication that pay raises may be few and far between. It said most of Benson's new aides "are serving at great financial sacrifice because they have a deep sense of public duty and a desire to be of service to agriculture."

Some employees interpreted this as meaning the new secretary would expect a degree of sacrifice all along the line. The same memorandum spoke of "the unprecedented public debt and continued high government expenditures" and of the public's expectation of economy in government.

Just which activities might be trimmed or eliminated was not indicated. He said the streamlining would unfold gradually.

However, much that the department does is required by law.

### Trial Is Adjourned

NEW YORK, Jan. 23 (AP)—Testimony in the second perjury trial of William W. Remington, accused of lying about communism, was concluded in federal court yesterday.

The trial was adjourned until Monday.

### U. S. Deputy Commissioner C. B. Jackson Said

U. S. Dist. Atty. Charles Herring at Austin last night told a reporter a large number of subpoenas had been issued.

He said some of the subpoenas might have been issued in connection with the forthcoming trials of Fred Ford, former Galveston chief of police, and Benjamin S. Brown, Galveston retail merchant, who have been indicted on charges of income tax evasion.

Trial of these cases has been set for the week of Feb. 2.

Herring said the subpoenas also may have been issued for persons against whom complaints have been filed under the Wagering Tax Stamp Act of 1951, the federal tax that all professional gamblers are required to pay.

In the past several days, six or eight complaints of gambling tax evasions have been filed in the Galveston and Beaumont areas, Herring said.

Herring pointed out, however, that no indictments were necessary to bring violators of the gambling tax act to trial, since the charges are misdemeanors.

He said the grand jury investigation for which the subpoenas were issued is not a general one, that specific problems were in mind.

### Senator Files Bill Of Particulars In Suit Against Paper

CHARLESTON, W. Va., Jan. 23 (AP)—U. S. Sen. Harley M. Kilgore has filed a bill of particulars saying a news story accusing him of being the "water boy of communism" is the basis of his two million dollar suit against the Charleston Daily Mail.

Kilgore yesterday filed a court document detailing the basis for the suit filed last Sept. 30. In the bill of particulars, the West Virginia Democrat said the headline on the story, spread across eight columns on the front page, read: "Kilgore—West Virginia's Water Boy of Communism."

He called the headline "false, scandalous, libelous, defamatory and insulting," and charged the entire story was a "deliberate and malicious fabrication."

The newspaper used the story as a reprint from the American Mercury magazine.

### GOP Administration, Union Feud Possible

WASHINGTON, Jan. 23 (AP)—Steps apparently were being taken today to head off a possible feud between the CIO and the new Republican administration.

The union organization was bypassed when President Eisenhower filled two top jobs in the Labor Department. He appointed two AFL men.

CIO President Walter Reuther told newsmen yesterday the CIO has been asked to name a man for appointment as an assistant secretary of labor.

But Reuther said he wasn't jumping at the offer. He said the CIO wouldn't suggest anyone unless their man would have a voice in framing the new administration's labor policies.

### Bus Drivers Remain On Strike In McAllen

MCALLEN, Jan. 23 (AP)—A strike of Union Bus Lines drivers and mechanics went into its 20th day with no sign of a break in the dispute over a new contract.

The strike has shut down bus operations over much of South Texas. The company's routes run from Corpus Christi to Laredo, Brownsville, Hamilton and points between.

The drivers and mechanics struck after their contract expired Jan. 1.

### Named New Members

CINCINNATI, Jan. 23 (AP)—The Disabled American Veterans yesterday made the eight living survivors of the War between the States members.

The Civil War veterans include Walter W. Williams, 110, Franklin, Tex., and Thomas E. Riddle, 107, Austin.

**Best Screen Performers**  
Gary Cooper and Shirley Booth are top place winners in a nationwide Associated Press poll of critics to pick the best screen performances of 1952. Cooper won with his role of the marshal (left) in "High Noon." Miss Booth, a stage veteran, appears at right in her winning role in "Come Back, Little Sheba." (AP Wirephoto).

### Most Critics Think Movies Improved During Last Year

HOLLYWOOD (AP)—Did the quality of movies improve in 1952? Most critics voting in the nationwide Associated Press movie poll, just concluded, think so.

But the dissident minority is emphatic.

"Lousy year," commented Jim Hamilton of the Everett (Wash.) Daily Herald.

The sunnier comments included this from Milton Randolph of the Nashville (Tenn.) Banner: "In my opinion more good pictures were offered movie patrons last year than any year in the history of the industry."

Allen M. Widem, (Hartford, Conn.) Times: "Industry quality is definitely on the upgrade, with more and more top product coming through."

Joseph L. Presbrey Jr., Newport (Vt.) Daily Express: "Movies in general seemed to be a bit better than last year. TV is holding the house down but at the same time is forcing a better brand of movie."

R. M. Shepherdson, Peoria (Ill.) Journal: "There were so many superlative performances this year it is hard to make decisions..."

Naomi Caddell, Lubbock (Tex.) Avalanche-Journal: "...We had more good pictures to choose from this year than we have had in many years."

Jeanne Frankie, Ft. Wayne (Ind.) Journal-Gazette: "A poor movie year."

William Hogan, San Francisco Chronicle: "Hollywood this year was decidedly bleak, compared with 1951. Accent seemed to be on adventure rather than drama or imagination."

The coast-to-coast top choices of critics on member newspapers and radio stations were: "High Noon" as the best picture; Gary Cooper for his starring performance in that film; Shirley Booth as the feminine star, for her acting in "Come Back, Little Sheba"; Barry Fitzgerald as the outstanding supporting actor for his portrayal in "The Quiet Man," and Thelma Ritter as supporting actress for her performance in "With a Song in My Heart."

### U. S. Has Most Men In Korean Fighting

WASHINGTON, Jan. 23 (AP)—The U. S. still is providing the largest combat manpower contribution to the Korean War effort, although South Korea has more men in uniform than all other U. N. participants combined.

Exact strength figures for the U. S. and Korea forces are military secrets, but the apparent contradiction in the comparative contributions of the two nations is largely explained by the preponderance of U. S. air and sea forces. All but a fraction of South Korea's estimated 400,000 uniformed men are fighting or working on land.

### State Case Dismissed

AUSTIN, Jan. 23 (AP)—The District Court judgment dismissing the state's price fixing charges against 10 major gasoline distributing concerns was entered yesterday.

The suit was dismissed by Judge Charles Betts. The state has filed notice of appeal.

# Un-American Unit Plans For Probes

WASHINGTON, Jan. 23 (AP)—The House Un-American Activities Committee is planning to focus its spotlight on four stages: higher education, organized labor, entertainment and government service.

The group, headed by Rep. Velde (R-Ill.), mapped that course at an organization meeting yesterday.

Velde, a former FBI agent, told reporters committee investigators are virtually ready for hearings on two fronts:

1. A number of former educators who once belonged to Communist group will be called for questioning before mid-February, and

2. The committee will open shop in Los Angeles, at a time yet to be set, to wind up last year's probe for subversion among movie and labor union groups on the West Coast.

### New Connection For Highways 87 And 66

AUSTIN, Jan. 23 (AP)—The Highway Commission today conditionally designated a highway route connection through west Amarillo.

The action is conditioned on Potter and Randall Counties furnishing right-of-way for freeway construction.

The route would connect U. S. 87 south of Amarillo with U. S. 66 north of the city, relieving congestion on present routes through the city.

### At Least They Were Named Quite Properly

DECATUR, Ill. (AP)—Police sped to a street intersection yesterday in response to a report of a collision between two cats. No one was injured. The drivers, both women, told police they were in a hurry.

They identified themselves as Ellen Rush, 37, and Leona Quick, 30.

### New Tax Liens Filed Against Top Gambler

NEWARK, N. J., Jan. 23 (AP)—Frank Costello, bigtime gambler now serving a prison term for contempt, has been slapped here with income tax liens totaling nearly \$300,000.

The Internal Revenue Bureau filed the liens here yesterday, and as a result any assets Costello may have in Essex County are tied up until he settles his account with tax authorities.

# DESPITE BAD LEG Dazed Marine Gets Back To Own Side

WITH FIRST MARINE DIVISION, Korea, Jan. 23 (AP)—"Hey, I'm a marine, don't shoot!" PFC. Fred L. Roemele dragged himself past the machine gun leveled at his chest and then collapsed. For three hours the young Leatherneck from Jeffersontown, Ky., had been lost in the land no-body owns, dodging Communist soldiers. He had a shattered leg.

Roemele, 22, was a member of a squad which had attacked a Red outpost several nights ago. In the small but savage fight that followed, he had been pinned down by a Communist machine gun.

"They were shooting about six inches over my head," he said. "They could see me in the bright moonlight."

When the squad leader discovered Roemele's absence, he called for a curtain of fire.

"I heard our heavies opening up," he reported. "And the fire shut that Commie gun up in a hurry."

As soon as the guns opened up, Roemele ran. A fragment chewed into his leg. Half conscious, Roemele hurled himself into a hole and then watched as three Communists searched the area for him.

The dazed Marine began crawling to his own lines, guided by the light of tracer bullets. Later he learned the machine guns were firing for the express purpose of guiding him back.

En route he dodged a patrol sent out to look for him. He thought they might be Reds.

## Garden Club Compliments District Officer At Tea

Mrs. Liston Wilson of Amarillo, Dist. 1 councilor of Texas Garden Club Inc., spoke on "Garden Therapy" at a tea in her honor Thursday afternoon in the home of Mrs. J. E. Hogan, 509 Westover Rd. Members of the Big Spring Garden Club were hostesses for the occasion.

Mrs. Wilson pointed out the value of introducing gardening in schools for the blind, in state, VA and crippled children's hospitals and in prisons as part of the treatment

of patients. She also announced the short course and district convention to be held April 27 and 28 in Lubbock. All phases of gardening and flower arranging will be taken up at the convention.

Mrs. P. D. O'Brien presided at the tea table which was laid with a brown linen cloth and centered with an arrangement of yellow daisies, yellow bird figurines and bronzed tree bark. About 25 members attended.

## Mrs. Charles Read Elected President Of Study Club

COAHOMA, (Sp1) — Mrs. Charles Read was elected president of the Coahoma 1941 Study Club at a meeting in the home of Mrs. B. R. Thomason.

Other new officers are Mrs. Marion Edwards, vice president; Mrs. Sam Armstrong, secretary-treasurer.

Federation Day was observed and members brought gifts of clothing and knitting yarn to be sent to an old ladies home in Vienna, Austria. Members who were absent should send their gifts to Mrs. H. H. Tanner, who will pack and mail the package.

Mrs. Read read an article on "Texas Federation," and Mrs. Tanner discussed "Austria."

Seven members attended. The next meeting will be Feb. 11 in the home of Mrs. Ray Swann.

The Mary Jane Club met Monday evening in the home of Mr. and Mrs. Rex Shive with Mr. and Mrs. Marion Hays as co-hosts. Games furnished the evening's entertainment for four other couples.

Mrs. W. M. Sullivan entertained

## Vernon Sneed Is Married In California

Mr. and Mrs. L. O. Thompson of Rising Star are announcing the marriage of their daughter, Edna, to Vernon Sneed, son of Mr. and Mrs. Morris Sneed, 704 Matthews.

The ceremony was read Nov. 15 in the First Baptist Church in Bakersfield, Calif. Mr. and Mrs. G. B. Sandridge of Upland, Calif., uncle and aunt of the bridegroom, attended the wedding.

The bride was attired in a light blue gabardine suit with navy accessories and she wore a corsage of white orchids. She is an honor graduate of the Rising Star High School and attended Draughon's Business College in Abilene until her marriage.

The bridegroom is a graduate of Big Spring High School. Both are employed by the Union Circulating Co. out of New York.

## Book Review Club Observes Guest Day

Guest day was observed by the Thursday Review Club yesterday when Mrs. W. A. Hunt reviewed "The Silver Chalice" in the HCJC auditorium.

The first religious story by best-selling author Thomas B. Costain, "The Silver Chalice" gets its name from the cup from which Jesus drank at the Last Supper. It is the story of the young artisan Basil who was sold into slavery and purchased by Luke the Disciple for the purpose of making the chalice.

What to do about winter hazards if you don't have wings

Birds have a simple solution to the problems of winter. Blessed with wings, they use them. They migrate.

But migration is strictly for the birds.

We, being people, have to stay right here on the job and keep up the daily routine. It's complicated by icy streets and highways, blinding sleet and snow, long hours of darkness, and the other nasty conditions that promote winter traffic accidents.

Blessed with brains instead of wings, we had best use them—to figure out ways we can to avoid traffic accidents this winter.

Here's how it can be done:

Drive at slower speeds. Treacherous winter going often makes the safe speed far lower than the legal limit posted for dry, clear weather.

Use tire chains to increase control of your car on ice and snow and to shorten the distance required for safe, sure stops.

Keep bright at night. Winter means less daylight, extra hours of driving in the dark. Make up for it by extra alertness at the wheel. Keep the windshield clear of slush and mud. Make sure that headlights are bright and that defroster and wipers are working.

To weather the winter . . .

DRIVE CAREFULLY—the life you save may be your own!

# Steers Host Ponies In 1-AAA Contest

Big Spring seeks to return to winning ways in a District 1-AAA basketball engagement with Bennie Rutherford's Sweetwater Mustangs in the High School Gymnasium at 8 o'clock this evening.

Both teams lost opening conference engagements earlier in the week. Big Spring yielded to Vernon, 37-29, while Sweetwater, the pre-season favorite to cop the crown, dropped a surprise 58-52 verdict to Lamesa.

Steer Cagers

Two players who will see action for the Big Spring Steers in their game with Sweetwater here this evening are Frank Long (left) and Wayne Medlin (right). Both boys are juniors.

Big Spring (Texas) Herald, Fri., Jan. 23, 1953

The Ponies offer a leading threat for all-state honors in Carl Anderson, a 6-foot-6 senior who has done most of the scoring for the club this year.

Sweetwater starters, along with Anderson, are Jerry Shackelford, Harold Green, Dell Greer and R. L. Montgomery. A boy who was dropped for disciplinary reasons, Buster Davidson, has returned and will see action.

Coach Wayne Bonner of the locals will probably use Wayne Medlin, Steve Kornfeld, Luke Thompson, Jerry Brooks and Bobby Hayward in starting roles.

The game marks the return to local haunts of Rutherford, who coached the HCJC Jayhawks to a successful season last year.

A game featuring B teams of the two schools gets underway at 5:30 p. m.

## Yearlings Lose Pair Of Games

ODESSA—Crockett Junior High's teams won two basketball decisions from Big Spring Junior High School here Thursday night.

The Odessa Ninth Graders finished in front, 40-21, after the Eighth Graders had won, 41-29.

## Yearlings Meet Lee In Tourney

Big Spring Junior High sent its basketball team to Odessa this morning where at 2 p. m. it was to open play in the annual Odessa Junior Tournament.

The Yearlings' foe was to be the strong Lee team of San Angelo. Lee is unbeaten in five starts. Eight teams are in the field, including two from Odessa, two from Midland, two from San Angelo and one each from Lamesa and Big Spring.

At 3:30 today, San Jacinto of Midland and Edison of San Angelo were to play. Odessa's Crockett meets Lamesa at 5:30 p. m. Bowie of Odessa and Cowden of Midland complete first round activity at 7 p. m.

If Big Spring loses, it plays again at 10:30 a. m. Saturday. If it wins, it swings back into action at 2:30 p. m. tomorrow.

## Webb Uses Gratis Pitches To Defeat Wolters, 61-58

Webb Air Base's Dusters used charity pitches to nudge the Wolters AB team, 61-58, in a Southwest Air Force Conference basketball game played here Thursday night.

The two teams are booked to meet here again this evening in the base gym.

The Dusters sank 35 free pitches to sneak by the Mineral Wells team in an exceedingly rough game.

George Simpson and Bill Heater, Webb stars, were held to one field goal between them but Simpson hit the target 11 times from the penalty line and Heater made good on nine gratis tries to save the night for the Big Springers.

Alton Mann paced Webb in scoring with 18 points. Ron Lopes added to the Duster aggregate with 11 points.

Webb led all the way, though Wolters crept to within five points of the Dusters at one point in the

## LOOKING 'EM OVER

With Tommy Hart

Isn't it understood that Sid Hudson is to become manager of the San Angelo Colts of the Longhorn League, when he can no longer fool the big league batters?

Hudson owns \$10,000 stock in the Colts, which he picked up for a song.

The Big Spring Relays will, in the future, be identified as the American Business Club Relays, for a very obvious reason.

The ABCub not only spends more than \$200 every year to provide the meet with as nice a lineup of trophies as you'll find anywhere, but supplies much of the help necessary to run off the show.

Judges, timers and catchers are all supplied from the ranks of the local club.

Duane Jeter, Odessa JC's red-hot basketball player, becomes eligible to play in Western Zone games on Monday, the day before the Wranglers entertain the HCJC team.

Without Jeter, the Wranglers are just another team. With him, the Odessans may best HCJC or any other Western Zone team. He's that good.

Russ Mayes may not return to pro ball.

Russ Mayes, who played third base for the Roswell Rockets a few years back, may perform for the Sinton Oilers, the powerful semi-pro club down south, next season. He's out of the service.

Al Monchak, last year the field foreman of the Roswell team, is due to pop up in the WT-NM League next season. Monchak is hale and hearty again, after flirting with the Grim Reaper most of last season.

Hirsch says Howton will walk with giants.

Elroy (Crazy Legs) Hirsch of the Los Angeles Rams, who visited here last summer, says he thinks Bill Howton, the Plainview boy, will become one of the all-time great ends in professional football.

Howton has already been compared to the great Don Hutson by some observers. There are those who think he is faster than Hutson, although that would always be debated by Hutson's champions.

Sammy Adams, who performed against Big Spring teams while wearing the uniform of the Lubbock High School basketball club a couple of years ago, is now a regular on the University of Houston quintet. Fact is, he ranks third in scoring on the Cougar squad, and he's only a sophomore.

Steer Park, home of the Big Spring Bronzes, should be better lighted next season than ever before.

Plans now are to add extra row of lights to the infield standards. Time was when fans saw three batters—the original and two, very conspicuous shadows.

The batters also found it hard to follow the ball in from the mound.

## Game Is Reset

The Big Spring-Snyder high school basketball game, which was to have been played last week, has been reset for Saturday, Jan. 31.

Both A and B teams of the two schools will see action that night.

## John Landy Makes New Bid For Mile Record Today

JOHN LANDY

By VIV GOLDSMITH  
PERTH, Australia, Jan. 23 (AP)—John Landy, whose attempt tomorrow to set a new world record for interest, got a break today. He drew Lane Number One against eight other contestants for the Australian Mile championship.

Thus the 22-year-old Melbourne University student should avoid any early jostling for a clear run in his attempt to lower Gunder Haegg's world mark of 4:01.4.

Although in the past he has run on cinders Landy is pleased with

the condition of the Leeverville grass track.

Hot weather was forecast for tomorrow with the late breeze off ocean at race time, 4:25 p. m. (3:25 a. m. EST, U. S. time).

The breeze may prove a big factor in Landy's record attempt because he will have to run against it four times. The finishing run will be into the prevailing breeze.

Even if he is unable to crack Haegg's time, Landy will be out to better the Australian record of 4:09 and his own as yet unrecognized time of 4:02.2 on Dec. 13.

## Eight Sextets In Junior High Tourney Here

Individual awards will go to 12 members of the all-star squad chosen during the Big Spring Junior High School Girls' volleyball tournament Jan. 30-31.

In addition, coaches of the championship, runnerup and consolation round teams will be given desk sets and a large, engraved loving cup will go to the tournament queen.

To the title-winning team will go a 15-inch trophy. The runnerup will win a 13-inch cup and the consolation round an 11-inch cup.

All awards are being purchased by the Big Spring Quarterback Club; the sponsoring organization.

Eight teams, including two local sextets, have been entered in the tournament, which gets underway with an afternoon game a week from today and will be concluded the night of Jan. 31. The queen will be crowned following the championship game.

The queen will be selected from the Seventh, Eighth and Ninth grades. Candidates are Sue Arlick, Sue Barnes and Joyce Horne. The queen contest started Jan. 19. Votes for the contest cost 1 cent each.

Big Spring A team and Lamesa meet at 3 p. m. Friday. San Angelo and Plainview clash at 9 p. m. Saturday, Jan. 31. At 10 a. m., it will be Imperial against Wink and at 11 a. m., Denver City against Big Spring B team.

Championship semi-final games are down for 2:30 and 4:30 p. m. Saturday. The title game goes on at 8:15 p. m.

The tournament director is Anna Smith.

## Lamesa Party Set Saturday

Coaches Carl Coleman and Wayne Bonner and four members of the 1952 Big Spring High School football team go to Lamesa Saturday evening, where they will attend the annual District 1-AAA banquet.

The party is held every year for members of the all-district defensive and offensive platoons chosen by the coaches and sports writers within the conference.

Local players eligible to go are J. C. Armistead, Raymond Gilstrap, Norman Dudley and James (Tiny) Ellison.

Representations are also expected from Vernon, Snyder and Sweetwater, as well as the host school.

Jess Neeley, Rice Institute coach, will deliver the principal address. The banquet will be held in the Lamesa High School cafeteria, beginning at 8 p. m.

Sponsors of the party are the Lamesa Chamber of Commerce, the Lamesa Boosters Club and the Lamesa Daily Reporter.

## RESERVES WIN, TOO

# Jayhawks Coast To 90-61 Win Over Frank Phillips

Without betraying any of their play patterns, the Howard County Junior College Jayhawks coasted to a 90-61 decision over Frank Phillips JC of Berger here Thursday night in their opening West Zone basketball game of the season.

Coach Harold Davis' reserves got a liberal workout and more than held their own as the locals swung back into action following a mid-term exam lull.

The game was 6:10 minutes old before Deb Jones connected with Phillips' first field goal. HCJC built up a 14-3 lead and was never pushed thereafter.

Charley Warren zeroed in on the nets, collecting 20 points to pace

the Big Springers' attack. Most of his field goals came from far out. Casey Jones crowded 15 points through the hoop, as did Don Stevens.

The Plainmen's best quarter was the second, when they banged in 21 points.

Charley Meadows, Bill Hines and Jones made it as close as it was by connecting from the side consistently.

HCJC led at half time, 52-30, after limiting the visitors to a mere nine points in the first ten minutes of play.

The victory was HCJC's 13th of the season, compared to three losses. Phillips has now won six and lost three.

The Hawk B stringers also prevailed in the preliminary game, turning back the Phillips reserves, 55-32.

In that one, Rodney Cramer penetrated the Phillips defense for six field goals and three gratis pitches. Lonnie Muse scored 12 points and Charley Howie ten for the locals.

HCJC owned only a six-point edge at half time but limited the Plainmen to a mere three points in Round Three.

The Hawk varsity troops perhaps went into their shell because they were being scouted by Larry McCulloch, the Odessa JC coach. HCJC plays in Odessa Tuesday in an important Zone game.

# Stolhandske And Sewell Are Grabbed Up In First Round

PHILADELPHIA, Jan. 23 (AP)—All-American Tom Stolhandske, University of Texas end, and Harley Sewell, ace Longhorn guard, were first-round choices by national professional football teams.

The 49er's of San Francisco picked Stolhandske, and the Detroit Lions—home base for Doak Walker, Cloyce Box and Bobby Layne—picked the stellar Sewell.

Walker, Layne and Box, all previous picks of the Lions, played at SMU, Texas, and West Texas State, respectively.

Other Texans picked and the teams selecting them included:

Third round: Bill Forester, Southern Methodist tackle, Green Bay.

Fourth round: Jack Little, Texas A&M tackle, Baltimore.

Sixth round: No selections.

Seventh round: Bill Athey, Baylor guard, Baltimore; Don Ringham, Sul Ross back, Chicago Bears.

Eighth round: Bob Blair, Texas Christian end, Baltimore; D. L. Ashley, East Texas State tackle, Chicago Bears; James Gray, Panola Junior College back, New York; Carlton McCormick, Texas Christian center, Detroit.

## McMurry B To Play HC Hawks Saturday

McMurry's Papooses, with a lineup composed of freshmen and B stringers representing that Athlene school, come to town Saturday night to meet the Howard County Junior College Jayhawks.

Game time is 8 o'clock but there is preliminary entertainment. The HCJC reserves meet the strong Phillips Tire Company team of Big Spring in a 6 p.m. go.

McMurry has won three of five starts. Tallest man in the Papoose starting lineup is Bernard Knapp, a 6-foot-5 led from Gatesville. All others in the starting lineup are 6 feet or better.

Elroy Payne, 6-2; Bill Easterling, 6-2; Avoca; Othella Moody, 6, Paint Creek; and Jackie Weathers, 6, Brooksmith, are other starters for McMurry.

Additional players making the trip here with McMurry will be Charles Currie, 6-1, and Philip Conaway, 6-3, both of Colorado City; Wilbert Rudolph, 6-5, Star; and W. G. Birt, 6-6, Snyder.

The game will be the last for HCJC before their all-important West Zone battle with Odessa in Odessa Tuesday night.

## Bennie Rutherford Shines As Rotary Licks Phillips

Phillips Tire Company of Big Spring dropped its first basketball game of the season Thursday night when it yielded to the powerful Rotary Engineers of Midland in a game played at Midway, 78-60.

The Tremen, who had won 14 straight games, made a game of it after trailing by 18 points at half time.

Bennie Rutherford, former HCJC

mentor and now the coach of the Sweetwater schoolboy team, blazed the trail for Rotary, roping 32 points.

For Phillips, Bob Parkin set the pace with 18 points.

## Lamar Tech Gains 57-52 Decision

BEAUMONT, Jan. 23 (AP)—A desperate but futile last-minute attack by the McNeese Cowboys of Lake Charles failed here last night and Lamar Tech copped a 57-52 basketball victory.

The lead changed 14 times in the nip-and-tuck affair which started slow but wound up as a rough, tough, hell-for-leather cage tussle.

Claude Gilson paced Lamar with 15 points and Jerry Simmons, McNeese freshman, paced the Cowboys with 11 points.

## Hawley Is Hired

TEXARKANA, Jan. 23 (AP)—Charles (Chuck) Hawley, veteran minor league pitcher and manager, has been named manager of Texarkana in the Class B Big State Baseball League.

## Mac Alexander Track Mentor

Six schools have already indicated they will be represented at the April 4 American Business Club Relays, which will be held at Steer Stadium. Invitations were mailed to approximately 50 schools last Monday.

The six which will send teams here are Breckenridge, Rawls, Brownfield, Rankin, Albany and Kermit.

Snyder has tentatively set the date for its track and field meet for April 4 but indications are it will be changed to March 13-14 to avoid conflict with the local show.

Snyder will probably compete here, Big Spring will send a team to Snyder, in event that meet is set for March 13-14, Coach Carl Coleman has indicated.

Mac Alexander will coach the Big Spring High School tracksters. Wayne Bonner, now concerned with basketball, had the job last year. Alexander is coaching the Steer B cage team but will switch to track, once the season gets here.

Several candidates for the local track team are already working out.

## Another Links Parley Slated

STANTON — Persons interested in formation of a golf club will meet at the Cap Rock Electric offices at 7:30 o'clock here this evening.

Information concerning site, construction, cost and membership has been assembled by a special board and will be given to those attending tonight's meeting.

## Traylor To Get Trophy Tonight

HOUSTON, Jan. 23 (AP)—Doyle Traylor, quarterback on the Class AAA Temple High School football team, will be honored tonight as Texas' outstanding schoolboy star of last season.

He will be honor guest at the annual University of Houston football banquet.

Traylor, who led Temple into the state finals two straight years, is an outstanding passer. He polled 35 votes to nine for James Peters, Brenham end, and six for Jimmy Welch, Lubbock fullback, in voting by members of the Texas Sports-writers Association. The poll was sponsored by the University of Houston Ex-Students Association.

## Odessa Meets Rams

ODESSA — Odessa Junior College, preparing for its West Zone basketball opener with HCJC of Big Spring, takes on San Angelo College in San Angelo this evening. Odessa defeated the Rams in a previous meeting.

## KLONDIKE GRABS PAIR

# Host Teams Achieve Wins In Knott Cage Tourney

KNOTT — Play in the boys' and girls' basketball tournament at Knott will be resumed at 5:30 o'clock this evening and continue through Saturday night.

The girls' championship contest goes on at 8 p.m. Saturday, with the boys' final scheduled for 9 p.m. All-tournament teams will be announced immediately thereafter.

The Dawson and Union girls clash at 5:30 p.m. today. At 6:40, it'll be the Dawson and Ackerly boys. Knott and Union boys tangle at 9 o'clock.

In games Thursday evening, Knott's girls thrashed Courtney, 52-28, with Wanda Roman collecting 19 points for the winners. Knott's boys then vanquished the

Courtney boys, 62-34, thanks to a 38-point effort on the part of Phillip Stovall. Knott led at half time in that one, 31-19.

Klondike girls then took the court and turned back the Garden City girls, 43-30. Theora Calverley paced the losers with 12 points. Klondike was in command at half time, 24-15.

The Klondike boys later trounced the Garden City boys, 61-42. The Cougars picked up after leading at half time, 28-24. Jimmy Airhart started for Klondike with 15 points but Bryant Harris of Garden City outdid that with 16.

Play is scheduled throughout Saturday, beginning at 10 a.m. with Garden City's girls meeting the

loser of the Dawson-Union game. There'll be games at 11 a.m., 2:15 p.m., 6 p.m. and 7 p.m. Girls' consolation finals will be decided at 6 p.m., the boys' consolation finals at 7 p.m.

## Mulloy In Command At Orlando, Fla.

ORLANDO, Fla., Jan. 23 (AP)—Gardnar Mulloy easily brushed aside two opponents his first day in the Florida Invitational Tennis Tournament.

## Y Games Slated For HCJC Gym

Tonight's YMCA Industrial Basketball League games will be played in the HCJC Gym rather than the Junior High fieldhouse.

Toby's Medics have at Western Auto in the 7 p. m. opener. At 8 o'clock, it'll be Dibrrell's Sporting Goods against Forsan. A contest between Coca-Cola and Vic Melinger's Filers closes out the entertainment. That one starts at 9 p.m.

Dibrrell's and Phillips Tire Company are still unbeaten in league competition.

# Army Is Paying Reich Employes For Top Ideas

By TOM STONE  
HEIDELBERG, Germany (AP)—  
The U. S. Army is paying Germans  
cold cash for hot ideas.  
Some of the ideas are corkers,  
saying Uncle Sam large sums in  
money and manpower.  
The Army is shelling out cash  
in a campaign to get more  
use out of its funds, materials,  
facilities and personnel. All con-  
cerned are profiting by it.  
American and German employes  
of the Army, as well as GI's, are  
eligible to turn in suggestions and  
ideas. But the Germans are the  
biggest contributors.  
The Army is shelling out cash  
prizes. Soldiers earn commenda-  
tions.  
In a three-month period last  
year, German employes submitted  
1,430 suggestions, of which 691  
were adopted. For these, the Army  
paid out 34,431 marks, or the  
equivalent of \$8,200.  
The Army estimates that first-  
year savings resulting from these  
suggestions will amount to \$67,894  
and 2,113,736 in marks (\$503,276).  
That means that for \$8,200 worth  
of German marks the Army gets the  
equivalent of \$571,164 worth of  
ideas.  
One German prize-winning sug-  
gestion was a better way to fasten  
wooden screws in brick walls.  
Someone clicked with the obvious  
idea of building a vehicle wash-  
ing rack at a military post here  
instead of using one more than a  
mile away—saving a yearly sav-  
ing of \$2,700 in manpower and  
transportation costs.  
Sleeve patches once discarded by  
soldiers leaving the command are  
now cleaned and re-issued because  
a master sergeant thought of it.  
Another winner was the substi-  
tution of paper tape for costlier  
adhesive tape in packaging. It  
saves the Army \$15,760 a year.  
Following a suggestion, the  
Army substituted a combined pas-  
senger-freight vehicle for two  
smaller vehicles. The saving is  
\$20,000 a year.  
At the same time, the Army is  
putting price tags on everything  
from screwdrivers to tanks so the  
men using them can see what they  
cost. The Army figures they'll be  
more careful.  
Secretary of the Army Frank C.M.  
Pace sent a message to military  
and civilian personnel in Europe  
urging them to co-operate in com-  
mon-sense economies.  
Enclosed with paychecks, it  
said: "A portion of your pay has al-  
ready been deducted for income  
taxes. A portion of what you pay  
today in cash will be paid out  
in both direct and indirect  
taxes.  
"Some of this money will be  
spent by the government for Army  
weapons and equipment which will  
be issued to you. I urge you to take  
special care of these things, which  
are costing you money."

**Fire Breaks Out In  
Oil Transport Truck**  
Fire broke out in an oil trans-  
port truck at 210 W. 2nd early  
today, but the blaze was extin-  
guished before any damage resulted.  
City firemen said back of the  
cab of a truck operated by Pecos  
Oil Company became ignited be-  
cause of a leaking gasoline tank.  
They quickly extinguished the fire  
and said the vehicle was only  
slightly damaged.  
The fire occurred at 12:50 a.m.

# George Melear Wins Top Scouting Award

The Silver Beaver award, highest  
within gift of the Buffalo Trail  
Council, went to a Big Spring man,  
George Melear, at the annual  
council meeting Thursday evening  
at Odessa.  
The award was one of three given  
by the council for outstanding ser-  
vice to boys of the area over a pe-  
riod of years.  
A banquet crowd of approxi-  
mately 300 people heard Jeff Wil-  
liams, Chickasha, Okla. attorney  
and lecturer, say that the hope of  
the day is that adults may yet  
impress upon youth that a great  
abiding spiritual faith is the basis  
of real living.  
"You are already jelled," he told  
Scouters. "It's the young people  
who carry the guns of build for  
the future."  
Council reports reflected pro-  
nounced gains: Total boys 5,142  
(14.5 per cent gain for the year;  
advancement up 10 per cent;  
24 per cent increase in number of  
top unit leaders trained; 52.4 per  
cent increase in long term camp-  
ing; record turnouts at the Big  
Spring Round Up and at the Davis  
Mountains Scout Ranch; delivery  
of 35,000 youth reminders last ge-  
neral election day. Virtually every  
phase of work showed gains.  
Lyle Defebach, Snyder, was re-  
elected president. Dr. W. B. Hardy,  
Big Spring, was made a vice-  
president and a member of the new  
board of trustees which con-  
sists of George Abel, Midland,  
Frank Myers, Pecos, H. L. Wren,  
and active leader and at the Davis  
Mountains Scout Ranch. His award  
minister the newly established  
trust fund of the council.  
Improvements up to \$10,000 for  
the Scout Ranch were approved,  
although a national recommenda-  
tion that the rugged area be pre-  
served as a wilderness camp will  
be followed. Most of the ranch  
area is as it was hundreds of years  
ago in isolated and little explored  
canyons. Announcement was made  
of the gift of Camp Murphy on  
Lake J. B. Thomas in southwest  
Scourry. It is a 47-acre tract, in-  
cluding an island, and will be used  
as the council's water camp.

# People Are Riled Famed London Fogs Costing City Money

By COLIN FROST  
LONDON (AP)—Normally easy-  
going London is finally getting  
riled up about one of its  
long-time winter complaints—the  
city's famous pea soup fogs.  
In the last three months, four  
big sulphur-laden smog blankets  
have led to an estimated 6,000  
deaths and seriously crippled com-  
munications in the world's biggest  
capital.  
During one week in December,  
when the worst fog in recent mem-  
ory muffled the city, the death  
rate jumped by 2,000 persons—  
more than doubling the normal  
figure for the period.  
Most of the deaths have been  
attributed to bronchitis, pneumonia  
and heart ailments touched off by  
the king-sized overcast. The gov-  
ernment says it is probing the  
fatalities with "the gravest urgen-  
cy."  
A fog costs big money, too. On  
each of 16 dark days this far this  
winter, the big international air-  
lines using London's two main air-  
ports lost an estimated 60,000  
pounds (\$168,000) through delays  
and diversions.  
The squeeze on the airlines is  
so bad that they are pressing the  
British government, which runs  
the airports, to bring back the  
wartime fog disposal system known  
as "Fido."  
Under this system, gasoline or  
diesel oil is set afire in blazing  
rows alongside airport runways.  
The heat shifts the fog.  
"Fido" is expensive, but airline  
officials say its cost is small in  
comparison to their losses. Peter  
Masefield, boss of the nationalized  
British European Airways Corp.,  
said: "A fog costs us 20,000 pounds  
(\$50,000) a day. We are all in  
favor of Fido."  
The National Smoke Abatement  
Society, a voluntary organization  
supported by hundreds of munic-  
ipalities, has called for a full-scale  
investigation of the fogs.  
The society has been studying  
reports of a U. S. government in-  
vestigation into the 1948 smog dis-  
aster at Donora, Pa. The U. S.  
Embassy here also has offered to  
supply copies of the official re-  
port to members of Parliament.  
The deadly smoke and fog that  
cost 19 lives in the Pennsylvania  
city was laden with acid fumes  
from industrial plants in the area.  
Similar chemical contamination  
also has characterized the London  
fogs.  
Yet smoke abatement authorities  
think industry may be only part  
of the problem here. They see a  
link between the recent fogs and  
the vast increase in road traffic  
that followed the end of gasoline  
rationing in 1950. Another cause,  
they say, may be London's big  
double-decker, diesel-powered bus-  
es. Every extra bus adds more  
fumes to the permanent haze cov-  
ering the city.  
And the problem has existed a  
long time. The famous diarist  
Samuel Pepys complained about  
London's pea soups back in the  
17th Century. King George II said  
at that time that somebody should  
do something about them.

# Two Trucks Involved In Traffic Accident

Two pickup trucks were involved  
in a traffic mishap at Second and  
Benton about 8:30 a.m. today.  
Police said Billie E. Casey, 1811  
Nolan, and Tommy Hutchinson,  
406 Gollad, were drivers of the  
trucks. There were no personal in-  
juries.

Commerce directors have been  
completed by Dr. R. B. G. Cow-  
per, new president.  
The executive committee, to take  
office along with other 1953 officers  
at the Chamber banquet Feb. 2,  
includes Dr. Cowper, Champ Rain-  
water, Truman Jones, Al Dillon,  
K. F. McElbannon, W. C. Foster and  
C. L. (Jack) Roden. Rainwater  
also will be vice president of the  
Chamber of Commerce this year.  
Jones is retiring president.  
AUSTIN, Jan. 23 (AP)—Six new  
cases of polio in Texas last week  
were reported today by the State  
Health Department.  
Two were in Bexar County, two  
in Midland, one in Van Zandt and  
one in Wharton.  
The department won't have new  
reports on influenza until next  
Tuesday. Previously it had esti-  
mated 200,000 flu cases in Texas  
for the week ending Jan. 17 and  
called that a conservative esti-  
mate.

**CHEMICAL ELEMENT**

**Mesonium Aids In Atomic Research**

By FRANK CAREY  
Associated Press Science Reporter  
CAMBRIDGE, Mass. (AP)—A will-of-the-wisp chemical element that exists for less than a millionth of a second is aiding atomic research, a famous scientist said.  
The short-lived substance is called "mesonium." Man can cause it to form in the laboratory.  
Dr. Enrico Fermi of the University of Chicago told a reporter it is science's newest yardstick for measuring the size of the nucleus, the basic core of the atom, and may well become the most accurate means of taking such a measurement.

The measurement of the nuclei of all kinds of atoms is of fundamental importance in science's continuing quest to learn more about the innermost secrets of atoms — secrets whose solution might aid in the further development of atomic energy.  
Dr. Fermi, one of the world's pioneer atomic researchers, made the comments in an interview at the annual meeting of the American Physical Society of which he is president-elect. He said he himself is not working on mesonium, but he declared the subject is of prime interest to all physicists as evidenced by the fact that a number of technical papers on it were presented at the Harvard University meeting by Dr. James Rainwater of Columbia University and others.

Fermi said mesonium is produced in the laboratory in this way:  
Atomic "rays" issuing from a machine known as a cyclotron strike a target material. Various particles are released from the atoms of the target material. Among them are particles known as "mesons" which are believed to be a kind of "glue" that ordinarily holds the various parts of the nucleus of an atom together.

A released meson can then be absorbed by any material—such as lead, iron or carbon—which is placed nearby. Such a material is thereby converted into an entirely different element—mesonium—but it remains in that state for less than a millionth of a second, sometimes for as little as one hundred millionth of a second.

Meanwhile, however, sensitive instruments can pick up X-rays given off by the short-lived material. Study of these rays allows measurement of the atomic nucleus of the material which had temporarily absorbed the meson.  
Fermi said the availability of mesonium as a laboratory tool might also aid towards better understanding of mesons—and also of cosmic rays which enter the earth's atmosphere from outer space. These rays cause the natural production of mesons when they strike atoms of oxygen and nitrogen in the atmosphere.

**Eight Are Held For Robbery Of 4 Postoffices**

SHREVEPORT, La., Jan. 23 (AP)—Eight persons are being held in connection with the burglary of four Texas Postoffices and the cashing of forged money orders in 10 states.  
George T. Heaberg Jr., postal inspector from Fort Worth, said yesterday three persons involved were J. R. Turner, 31, of Notres, Tex., an escaped convict charged with cashing forged money orders in Texas and New Mexico; and Robert Adams, 31, of Tracy City, Tenn., charged in Shreveport with attempted cashing of a forged money order.

Adams' arrest in Shreveport led to the arrest of Turner and the woman. Adams was placed under \$3,000 bond.  
Heaberg said Turner and the woman were scheduled to appear before the U. S. Commissioner today for a hearing in extradition proceedings.  
Heaberg said five other persons—two men and three women—were being held in Plainview, Tex., in connection with the burglaries of Postoffices. The Postoffices involved were in Dougherty, Thalia, Ringgold and Longworth, Tex.  
The postal inspector said the prisoners said money orders were cashed in Ohio, Arkansas, Pennsylvania, Tennessee, Oklahoma, Indiana, Kentucky, Michigan and New Mexico. In addition to the attempted cashing of a money order in Shreveport.

**Leader Of Prison Mutiny Convicted**

JACKSON, Mich. (AP)—Earl Ward, 28-year old leader of last April's mutiny at Southern Michigan prison, yesterday was convicted of kidnaping a guard during the costly million-dollar riot.  
A jury convicted Ward after less than two hours' deliberation.  
Judge Harry D. Boardman sentenced Ward to serve a 20-30 year term for the abduction of guard Frank Hinton.  
Ward actually will serve only four years of the sentence. Judge Boardman directed the new term to be served concurrently with Ward's present 15-30 year term for armed robbery.  
Before Judge Boardman pronounced the term, Ward blurted out: "Don't use no discretion. Give me life."

**No Time Is Wasted In Saving Pilot**

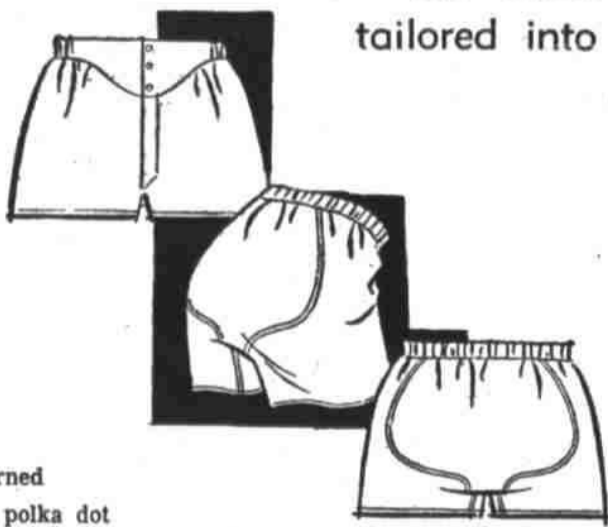

TOKYO, Jan. 23 (AP)—A U. S. jet pilot was trapped helplessly in his F94 Thunderjet today when it crash landed in rugged, snowbound northern Japan. Only 40 minutes later he was in a military hospital being treated for a broken leg.  
Two air-rescue medics parachuted into four feet of snow within five minutes after witnesses gave the alert. They administered first aid and a helicopter completed the rescue.  
The injured man's name was withheld.

The helicopter was piloted by Capt. Richard V. Gerda, Los Angeles. The other helicopter crewman was a para-medical, T. Sgt. Onie V. Hale, Brashear, Hopkins County, Tex.

**Creek Nation Seeks 29 Million Dollars**

ATMORE, Ala. (AP)—Fifteen hundred members of the Creek Indian nation held a pow-wow here last night to reaffirm their loyalty to the great white father in Washington and to ask 29 million dollars from the federal government.  
Calvin W. McGhee, head of the Council of the Creek Nation and an Atmore farmer, presented a progress report on the Indians' claim for payment for 23,267,000 acres of land in Alabama, Mississippi and Georgia.  
The Indians contend the land was taken from them after they were defeated by Gen. Andrew Jackson in the War of 1812.

**'Military Mary' Just Won't Pay For Social Security**

JACKSON, Miss., Jan. 23 (AP)—The job of collecting a \$42 social security bill from a Mississippi woman, an editor who refused to pay it is now a legal matter instead of an administrative matter.  
James Enoch, collector of inter-

nal revenue who was unsuccessful in his year-long attempt to force payment by Mrs. Mary Cain of Summit, said yesterday the case is now in the hands of the U. S. Justice Department.  
Mrs. Cain, editor of the Summit Sun, about 1,500 circulation, recently hawksawed a padlock and chain put on the building by revenue department agents in a tax lien seizure.

**Mexican Program Seeks To Boost Farm Production**

MEXICO CITY, Jan. 23 (AP)—The Mexican government last night announced a sweeping 300 million pesos (36 million dollar) program designed to hold down food prices by boosting farm production. Special emphasis will be placed

on increasing output of corn and beans, Mexico's most important food items, a government announcement said.  
The program was worked out at a national meeting of top Cabinet members presided over by President Adolfo Ruiz Cortines.  
Under the plan, 150 million pesos (18 million dollars) will be placed at the disposal of the National Ejido (communal farm) Bank and the National Agricultural Bank for loans to farmers.
