## George W. Preall, Old-Timer Succumbs At 84

Funeral services for George W. Preall, 84 were conducted at 11:30 A. M. April 5 in the Chapel of the Lisle Funeral home in Fresno, California.

Mr. Preall died in a rest home after an illness of six months. He and his wife were married in Iowa in 1902 and soon came to Hutchinson County, Texas, to settle as pioneers in what is known as the Lieb Community. It was here that they farmed and began to rear their five children. In 1920 he and his family moved to Fresno, California where Mr. Preall worked as a carpenter in Fowler and later was a machinist for the Elliott Manufacturing Company in Fresno. He worked there for 32 years.

His wife died in December, 1954. Mr. Preall moved to Coalinga to live with two daughters, Mrs. Claude Jefferys and Mrs. Ernest E. Fleming.

He was a faithful member of the Presbyterian Church and worked hard to rear his family in a good Christian home. His other survivors are another daughter, Mrs. Pearl Helman of Brentwood, California; two sons, Ralph of Huntington Beach, California, and Paul of Morse, Texas, two sisters, Mrs. Betty Hiyatt and Mrs. Pearl Carmichel of Fresno; a brother, Charles, of Clearwater, Fla.; six grandchildren and four great grandchildren.

The family requested that any remembrance be sent to the memorial building fund of the First Presbyterian Church in Coalinga.

Mr. Preall made numerous trips back to Texas to visit his son, Paul, who now lives on the home section. His life-time desire was to see irrigation on the plains and his dream was fulfilled two years ago when Paul put in some irrigation wells on the home place and built a nice home in the section.

Punch and coffee were served with cake decorated with green coconut and small easter eggs. The table was beautifully appointed with a center piece of yellow jonquils. Mrs. John Trindel presided at the punch and Mrs. Robert Novak poured the coffee. Table favors were miniature ice-cream parlor chairs.

ter, Allen Pierce, Virgil Hull, James Sparks, Robert Novak and the hostess Mrs. Bob Hays.

### DR. C. A. KLEEBERGER IN HOUSTON HOSPITAL

Dr. C. A. Kleeburger, father of Dr. R. L. Kleeburger, is in a Houston, Texas Hospital recovering from two major operations.

Dr. and Mrs. C. A. Kleeburger and Dr. R. L. Kleeburger left for Houston for special major surgery relative to one of the larger arteries that control the flow of blood. Before preparations were completed for surgery, Dr. C. A. Kleeburger suffered a gall bladder attack. An exploratory operation revealed that gangrene had set up and the gall bladder was removed. Plans called for postponement of other major surgery until recovery from the gall bladder operation was effected.

Dr. R. L. Kleeburger returned to Spearman where he was badly needed, and early this week he received a phone call from his mother which informed him that the artery had punctured and that the second major operation had been completed. Tuesday the report was that Dr. C. A. Kleeburger was resting, but was considered in serious condition.

### MIKE SANDERS IS PROUD OWNER OF MESSERS' HMITZ

Mike Sanders, son of Mr. and Mrs. The Sanders is perhaps the happiest lad of his age in Spearman. He is the proud owner of a brand new Messerschmitt car. This shiny little jewel will be in the big parade Saturday morning, and Mike will be the first Hansfordite to drive a baby car in the Rodeo parade. Joe Traylor said he would have to figure out just where to locate the new car as he felt that it would not be appropriate for the car to be in the bicycle division of the parade.

The car will seat three people if they are not too large. The driver has an advance seat and the two rear seats will allow comfort. Fact is that this type of car is used in Europe for commercial and family transportation. It is only a one cylinder car, but under stress conditions it can reach a speed of 60 miles per hour. The fact that it will go 100 miles on a gallon of gas is the economy feature that makes it a favorite in Europe. The entire top lifts up to allow passengers to enter the car. These are two seat wheels and one rear wheel. Rose says it is perfectly balanced.

Several games were played, led by Mrs. James Sparks. Prizes were aprons and pot-holders made by the Medlin club Women and also each guest and member received a package of spring flower seed.

Punch and coffee were served with cake decorated with green coconut and small easter eggs. The table was beautifully appointed with a center piece of yellow jonquils. ### Three Youths In Wreck

Three teenage boys were in a car wreck Sunday, when the 1955 Ford car driven by Ronny Williams, age 15, rammed into a semi-trailer hauling a caterpillar tractor up a hill, 7 miles west of Spearman.

The driver was not injured, but the other occupants, Jay Fuller, 16 and David Murrah, 16, suffered cuts and abrasions from the impact.

The man pulling the trailer stated there was an approaching traffic, and he did not know anything was wrong until the Williams' car rammed him.

Two of the boys were treated at the Hansford County Hospital and remained for observation and further treatment.

I was real proud of the lady jurors at the real past week. Serving on the jury were Mrs. W. B. Barnes, Mrs. Ruben Hingerdard, and Mrs. Vic Ogle. Their new lady jury room is now finished, and it looks real powdery-puffy! You should go down and see it today!

We are printing up the Rodeo programs for the senior class this week. They will be given away at the gate, we understand. They are pretty nice, be sure and get one before going to the rodeo.

The Dairy Kream is now open. Francis Sim told us she had just about dug out from the blizzard. Her Dairy Kream was covered up during the big blizzard, but they

are back in operation now.

Elzey Vanderburg has come up with the prize blizzard story. He said the blizzard killed a lot of his big fish. One big catfish, that weighed ten lbs., plus a lot of other fish. He can't figure it out. Said he had seen the pond frozen before; will someone please send us in a blizzard story to match this one, and tell us why the fish all died.

Many of the area farmers and ranchers are bitter about having to plow up this good soil bank wheat. It is bad enough to put your land out of production, but to lose the grazing on it, after it has a lot of rain, is almost too horrible to mention. We all thought the boys in Washington would release the pasture for the duration of the cattle and wheat emergency situation, but they cut us right off! Course nobody made us get into it, but would have thought it would ever rain again!

**Don't Name It**

R. C. Cannedy and Kiffie White have earned the No. 1 Fisherman badge for this Spring. These two lads have just returned from a 10 days trip to Bulls Shoals, Arkansas and brought back 52 nice black bass—two of these weighed a little over 7 pounds. Cannedy said the fishing was mighty good—especially when you could get in a school of bass.

Bill Hutton, Bruce Sheets and the country editor had a visit from Ray Bunn, rancher and guide of Hayden, Colorado, this past week. For more than 12 years we have been begging Ray to come to Spearman and visit with us. He is the fellow who guided us to our Elk hunting ground summer fishing camps about 32 miles from Hayden, Colorado. There never was a finer fellow in this world, in my books, and really got a kick out of the visit. Bruce Sheets barbecued some thick steaks and then entertained us (Bill, Ray and I), with slide and motion pictures of hunting and fishing trips made during the past 12 years. It was a thrill and a pleasure to look back on some of the trips—and for the country editor a little embarrassing at times. Ray left Friday for Pampa where he planned to visit with a couple of the Doctors—Doc. Yeates and Doc. Bonner, who have made several trips at the same time the Spearmanites hunted and fished at his location. He planned to end up his visit with Doc. Bennett at Canadian, Texas. Following the visit with the Canadian hunter Ray will visit his folk back in Tennessee for a spell—however, he will be back home in time to make the early summer fishing trips up into the lake country.

 Olds Owner: That's Oldsmobile's new J-2 Rocket Engine!  
 Neighbor: What's that? Tell me how it works.  
 Olds Owner: When you're driving under ordinary conditions, it uses only one carburetor. That means economy with a capital E. But when you need a sudden burst of power, for safety's sake, you just press the accelerator three-quarters of the way down—and two additional carburetors cut in!  
 Neighbor: In other words, with J-2, you can have economy when you want it and power when you need it. That's for me!  
 Olds Owner: Better see your Olds dealer. He's expecting you!

 Come on children, let's run for the range. We won't be able to breathe in this place for awhile. I just saw the boss mining some more of his dirtiest. He thinks the stronger the odor, the better it kills germs. Why doesn't the boss vote up? That strong smelling, breathing stuff is old fashioned. It isn't worth a damn. We'll do a better job, without the stinky smell. We'll do it right!

Santa Fe logo: a cross inside a circle.  
the river that flows on wheels  
More petroleum moves over Santa Fe than over any other railroad in the country  
The 2,384,000,000 gallons of petroleum that Santa Fe moves every year is the river that flows on wheels.  
It's so large that it makes Santa Fe the No. 1 petroleum railroad in the country.  
This flood tide of oil gives heat and power to farms, factories, military installations and homes all over the nation.  
The tremendous demand for petroleum, in all its forms, poses special problems for Santa Fe. For it requires speed and service to keep that river flowing full force. Here are a few of the ways we get the job done:  
We move empty tankers just as fast as full ones, so no vehicle will stand idle.  
As new oil fields are opened up, we stand ready to serve them. And when new developments take place within the industry, we adapt ourselves to take care of them.  
As an example, take liquefied petroleum gas. The demand for it has skyrocketed in the last 10 years, because with this "bottled gas" rural families can cook and heat with gas just like city people. And the railroads have made it possible for them to get it.  
Santa Fe runs special LPG trains when the demand for this product requires it. In a year, these trains carry enough LPG to heat over 500,000 homes from November through April.  
This is just a part of the story of the dependable transportation service Santa Fe is providing to essential industries that contribute so much to the welfare of our country.

THE MYSTERY FARM FOR THE PAST WEEK IS THE LOVELY RANCH HOME OF MR. AND MRS. LAWRENCE  
 TER OF MORSE AREA

This week the Spearman Reporter prints the 57th Mystery home, and for the first time we feature a strictly Oil Production man, who does not have cattle, or does not farm.  
 The home this week is the lovely two bed room home of Mr. and Mrs. Lawrence Lancaster, who get their mail out of Morse on the rural route. It is located North East of the Pringle school house. Mr. and Mrs. Lancaster moved into their lovely home back in 1949. The property belongs to Walter Knudson of Borger, and this section has 18 producing oil wells. Mr. Lancaster looks after the oil production not only on this lease, but for Holt, Spikes and Plummer of Kansas on an adjoining lease. Mr. Lancaster supervises the production of 24 wells. The second string

of wells are located on the Davenport Section. Lancaster works for both Holt Brothers and the other firm of Holt, Spikes and Plummer. Holt Brothers are located at Borger.  
 Mr. and Mrs. Lancaster came to this section of the country from Littlefield, Texas, where Mr. Lancaster was a contractor drilling irrigation and water wells. Prior to living at Littlefield the Lancaster family lived in Wheeler, Texas, where Mrs. Lancaster was born. While the Lancaster's lived at Wheeler Mr. Lancaster was a contractor drilling irrigation and water wells.  
 Mr. and Mrs. Lancaster have three children. Elaine is the oldest, a 13 year old daughter, who is an Eight grader at the Pringle school. Larry Don, an

eleven year old son is in the 6th grade school, and Mary, a ten year old daughter is in the fifth grade.  
 Mrs. Lancaster is a member of the Methodist church and Mr. Lancaster is a member of the Presbyterian church. However, both of them attend the same church with their children to the Community Church at Morse, Texas.  
 We extend a special invitation to the Lancaster family to visit with Spearmanites. An enlarged picture of your home, as well as for you to call for it Mr. and Mrs. Lancaster believe you will like the folk in this area, try, and if you have not visited here do so soon.

### This n' That

### Around Gruver

Mrs. Archie Nelson and her family returned to Oklahoma City last week to look for a home in which to live.

The Jewell Ward family had Sunday dinner with the Joel family.

The Ted TeBest family had supper with the O. J. Hoel family on Monday night.

The L. W. Rosenbaum Jr. family visited in the O. J. Hoel home on Friday night.

Mr. and Mrs. Warren Jefferies and girls had Sunday dinner in the James Stedje home. Mr. and Mrs. O. V. Walker, Jr. called there and visited over cups of coffee in the afternoon.

Gene Johnson was away on Friday and Saturday with the FFA dairy judges team to Plainview.

Bill Eling, of Gruver, is now home after having five weeks treatment at St. Pauls Hospital in Dallas.

Mr. and Mrs. Ec Lee have returned home from a ten day vacation on Waikiki Beach.

Mrs. Jack Hodges of Denton visited here the past week, with relatives, in preparation of moving her parents to Denton.

Last week we received a little more moisture, just about 1.10 of an inch. Not much but it all helps. It is amazing how the dry land wheat is coming out. It is good and green and growing just fine. If we can get another good rain, in the not too distant future, we will make some wheat. Of course the irrigated wheat is coming along just fine.

We did not say anything about our recent election last week, so perhaps you do not know how they came out. In the city election, both P. H. Westerfield and Ted McClellan were re-elected. In the school election, A. W. Evans and Gene Fletcher were elected. We wish them all well. Hope they have plenty of aspirins on hand.

Over in Amarillo yesterday we spotted Mr. and Mrs. Ed Rafferty Jr. shopping.

Our whole family, including all the grandchildren went to Amarillo. I went to the doctor. Mrs. Hughes, Rosalie, and Ethel, went along for the ride. Mrs. Gordon Gross, Philli and Nancy, Mrs. Bill Chandler, Lanny Bill and Theresa were also along.

Mr. and Mrs. Dean Langly, and their little girl, have been visiting in the home of "Gingers" parents Mr. and Mrs. Buster Cator. Dean is a student at the University of Arkansas at Fayetteville, Ark. Mr. and Mrs. Don McClain also

spent the week-end with the Carters.

Went to the post office this morning and was greeted by Mrs. Ed Pinkerton. Mrs. Taber was not in this morning. Hope that does not mean that she is sick.

Mrs. Mary Fletcher has just passed through a sad experience in the loss of her brother Newt, but even out of sorrow can come joy. Mary has had several of her loved ones visiting her, since the funeral. Mr. and Mrs. "Mac" McClure of Norman, Okla., and daughter Mrs. James Graham of Denver and her two boys, Joe and Bruce, Mr. and Mrs. Cecil Winder of El Paso. These are Mary's children and grandchildren, and great grandchildren. Mrs. Fletcher and the McClures have gone to Hooker, to visit Mary's other daughter Bessie.

We are all distressed to hear of the accident that three of our Gruver boys were involved in. Ronnie Williams, David Jo Murrah, and Jay Fuller and had been over to Spearman Sunday afternoon. They were riding in the William's car and Ronnie

was driving. On the way home late in the evening, they must have misjudged their speed, and plowed into the back end of a big trailer truck. The car was very badly damaged and the boys all suffered injuries. David Jo was badly cut about the head and was the most seriously hurt. Jay Fuller also suffered bad cuts, and Ronnie escaped with some bad bruises. All were taken to the Spearman hospital. David Jo will probably go home today. The other two boys have already been released.

### Tomas Taylor Completes Course

Thomas A. Taylor, formerly of Spearman, Texas, recently graduated from a 9 month Air Defense Computer Training Course given at Kingston, New York, the Military Products Division of the International Business Machines Corporation announced today.

Mr. Thomas A. Taylor, the son of Jack R. Taylor of Spearman, Texas, has been assigned to an Air Defense Installation at Syracuse, New York, site of one of the SAGE Air Defense computers being manufactured for the Air Force by IBM Military Products Division at Kingston.

These high speed computers, comprising more than 350 tons of electronic equipment, are used to gather and evaluate Air Defense information coming from Radar posts and other sources. Crew members are responsible for keeping the giant computers in continuous, around-the-clock operation.

The training course completed by Thomas A. Taylor, included specialized electronic training required for the installation, testing and maintaining of the computers.

Mr. and Mrs. Thomas A. Taylor will move to Syracuse, N. Y. in the near future. Mrs. Thomas Taylor is the daughter of Mr. and Mrs. R. L. Tyson of Seattle, Wash. They have no children. Mr. Taylor attended the university of Houston, Houston, Texas.

M. F. Y. MEETING

Monday night the Methodist Youth Fellowship were hosts to youth guests from the Methodist churches of Follett, Darrout, Peryton, Booker, Gruver and Higgins, which form a sub-district Youth area.

There was a program of dedication terminating with a communion service.

Sixty eight young people took part in the meeting which was conducted in the Sanctuary and fellowship hall of the Methodist church.

Seven adult sponsors were present.

Jo Lynn Copeland, local MFY president, and the Youth group provided the program and refreshments.

Jane Griffin was elected sub-district sweetheart and Otis Shearer of Booker was elected sub-district beau.

The next meeting will be announced following the MYF council meeting on May 10.

Don't Name It

Hope you are ready for our biggest and bestest Celebration this week end. Know of a few visitors that are coming for the Saturday program, and they will

make the Celebration even more pleasant for the country editor.

Understand that the building vacated by the Spearman Drug store will house the Spearman Dry Goods, Roy Russell's establishment. Plans call for redecorating and a bit of changing, then Roy will move into the building. The building being vacated by Roy will move into a Paint, appliance and boilers supply store. Understand this new business will move to Spearman from Dumas.

Mr. and Mrs. Del Taylor and the children are visiting in the Bruce-Sheets home this week. Del is looking fine and was even pushing a truck helping Bruce Sheets move some of his merchandise to the new building.

# We Need Greater Churches And Greater Faith

to give us POWER for LIVING and to COMBAT ATHEISTIC "ISMS"

The cross and the tomb have both been snatched from their association with death. Christmas is now sanctified in Easter. Dark Friday has become Good Friday. The cross and the tomb have been transformed by love and self-giving. His promise, "Three days and I shall build this temple again," has been fulfilled. *He lives and we, too, shall live, in the measure in which we learn to kiss the Cross, our cross as well as His.* His journey to Golgotha transfigured the cross forever, turning a symbol of suffering into a symbol of triumphant life. It is the time for beginning again. This is the resurrection day... it is Easter.

**YOU IN THE CHURCH THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old are blessed with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCHGOER and a daily BIBLE READER.
