DON'T BE UNDER ANY ILLUSION: YOU CANNOT MAKE A POOL OF GOD! A MAN'S HARVEST IN LIFE WILL DEPEND ENTIRELY ON WHAT HE SOWS. IF HE SOWS FOR HIS OWN LOWER NATURE HIS HARVEST WILL BE THE DECAY AND DEATH OF HIS OWN NATURE. BUT IF HE SOWS FOR THE SPIRIT HE WILL REAP THE HARVEST OF EVER-LASTING LIFE BY THAT SPIRIT. — GAL. 6:7-8 (PHILLIPS TR.)

In every land and with every religion there is the giving of thanks to the Divine Giver. Here we see a man offering thanks to his God, with wife and children joining in the simple grace at meat. Better than public and community services is this genuine family Thanksgiving. For here is where children learn to relate the gifts of the every day to the Divine Love and Goodness which carries them through the days and the nights of the year. Let's join with the church folk in praise to God; let's join with the community in some form of Thanksgiving Festival; but let's not forget to do this genuine and proper act of praise in the home circle. Give thanks!

Children are awed by the great Festival. They are impressed with the public service of praise, as a pageant of worship and of dependence. But here at the home table they will learn to speak praise in their own language. Here they will form the habit of saying "Thanks" for the simple and everyday good things. Here is born that sense of reverence and of awe which is the very core of religion. Girls and boys who look thus to God daily and are glad for His goodness will not run the risk of being afraid of the Loving Kindness that blesses through the years. "O, come let us give thanks unto the Lord; for He is Good, and His mercy endureth forever." A-men.

Railroads are vigorously promoting a so-called "Cabinet Committee plan" to restrict public controls over transportation rate-making—returning such power to railroad hands.

Both Protect You . . .

Both Are Modern!

Your rights and privileges as an American citizen are protected by the Constitution, a unique and magnificent document whose principles are as sound today as when written, over 150 years ago.

Through the years, amendments have been added to keep the Constitution up-to-date.

The same is true of the regulatory powers of the Interstate Com-

merce Commission. Congress has enacted more than 150 amendments to the Interstate Commerce Act since it was passed in 1887, completely overhauling it twice.

In principle, present ICC regulations governing the various transportation systems are pertinent, constructive, and modern in concept. Under these principles, we have developed the greatest competitive transportation system in the world!
