## Pull the Trigger on Lazy Bowels

With herb laxative, combined with syrup pepsin to make it agreeable and easy to take. When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative Senna to pull the trigger on those lazy bowels, combined with good old Syrup Pepsin to make your laxative more agreeable and easier to take. For years many Doctors have used Syrup Pepsin, an agreeable carrier to make other medicines more palatable when your "taster" feels easily upset. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative Senna, combined with Syrup Pepsin. See how wonderfully its herb Laxative Senna wakes up lazy nerves and muscles in your intestines, to bring welcome relief from constipation. And see how its Syrup Pepsin makes Dr. Caldwell's medicine so smooth and agreeable to a touchy gut. Even finicky children love the taste of this pleasant family laxative. Buy Dr. Caldwell's Laxative Senna at your druggist's today. Try one laxative that won't bring on violent distaste, even when you take it after a full meal.

# High School Student Writes Safety Essay After Offending Law

Sometimes punishment of traffic offenders may bring about more respect than repentance. Such is not true in the case of H. I. Alexander, Big Spring high school student, who was recently arraigned before City Judge Tracy T. Smith for a traffic law violation.

Instead of fining the youngster, Judge Smith instructed him to write an essay on "Reckless Driving." The high school student did so in a manner that should win an "A" grade in any English composition class. The essay follows:

**By H. I. ALEXANDER**  
Everyone who drives a car should know the rules of driving, and should obey them. There are many people who break speed limits in town and in school districts when there is really no need

## Dallas Milkmen Consider Strike

DALLAS, Dec. 3 (AP)—Tom Vance, manager of the North Texas Milk Producers association, said yesterday a meeting would be held here Friday night to decide whether producer-members of the association would strike.

"We are going to demand more pay or take our milk off the market," Vance said. "The milk paid producers were paid \$1.12 per quart for milk and the consumer paid 10 or 11. The association will ask that the scale be raised from \$2.05 per hundred pounds to \$4.40.

# Local Man Has Newspaper Printed At Time Of French Revolution

When France's First Republic from Europe. Dispatches brought drew up a constitution providing a democratic form of government in 1791, the document was reprinted in at least one American daily newspaper—more than two months later.

A copy of that paper—a rare and interesting publication—is in the possession of E. L. Randall of 104 North West Second Street, Big Spring, along with several other early-day newspapers. It is "Dunlap's American Daily Advertiser," published in Philadelphia October 21, 1791.

The constitution of the First Republic was brought to America by packet, along with other news

in the newspaper offered \$200 reward for apprehension of two runaway slaves and \$200 reward for finding a pair of fine mares either strayed or stolen.

More than one column was occupied by notices of ship sailings, each notice bearing an engraving of the ship—colorful old vessels with sails billowing in the wind. The number of sailings listed was enough to make one wonder if the seas are so bustled with commerce today.

Publication of daily newspapers had scarcely begun in 1791. The news—rather "intelligence"—was incomplete and touched on a limited number of subjects. Content of

the paper was printed in type monotonously similar in size and appearance, but typography was better perfect, as was characteristic of early printing.

**Crude Production In U.S. Declines**  
TULSA, Okla., Dec. 3 (AP)—With Texas production curtailed, daily crude oil production in the United States declined 443,228 barrels to 3,325,725 for the week ended Nov. 30, the Oil and Gas Journal said today.

Texas' flow was down 422,500 to 1,089,350, with East Texas fields off 122,500 to 298,700. California declined to 10,000 to 995,700; Illinois, 73,000 to 830,970; Louisiana, 2,590 to 282,310; Michigan, 800 to

# Final 1940 AP Poll Places Minnesota As No. 1 Team

## Aggies Rank Sixth, H-SU Seventeenth

NEW YORK, Dec. 3 (AP) — By popular acclaim, Minnesota's Gophers have been chosen 1940's leading football team.

So impressive was Minnesota's feat of winning eight consecutive games, all against major opposition, and taking the Western conference championship, that it wasn't forgotten in the rush to hail the season-closing feats of such other unbeaten and untied teams as Stanford and Tennessee.

In the season's final Associated Press ranking poll, the Gophers, who had held the lead for three preceding weeks, were named for first place by 95 of the 133 participating experts and received 80 votes below fourth place. They were placed second by 55 voters, third by eight and fourth by five. Last season, they didn't even rate among the first ten.

Stanford's Pacific Coast champions moved up to second place in the final ranking with 1,125 points, compared with Minnesota's 1,244. Texas A. and M. dropped from second place to sixth after suffering its only defeat of the season at the hands of Texas. Stanford polled 44 first-place votes, but was rated as low as seventh by some experts.

Although Michigan lost to Minnesota by one point, five voters picked the Wolverines for first place, and all regarded them highly enough to earn third place with 914 points. Tennessee and Boston College, both unbeaten and untied and scheduled to meet in the Sugar Bowl New Year's Day, wound up fourth and fifth with 885 and 798 points, respectively.

The Texas Aggies, last season's No. 1 team, received just one first place vote and 728 points. Following them were Nebraska, Stanford's Rose Bowl rival, seventh with 514 points; Northwestern, eighth with 525; Mississippi State, appearing in the top ten for the first time, ninth with 233 1-8; and Washington, tenth with 210 1-8.

Other teams figuring in the final ballot were: Santa Clara, 187 1-8; Fordham, 157 1-8; Georgetown, 133 1-8; Pennsylvania, 87 1-8; Cornell, 30 1-8; Southern Methodist, 9 1-8; Harvard-Simmons, 9; Duke, 8; and Lafayette, 4.

The final 1939 ranking was Texas A. and M., Tennessee, Southern California, Cornell, Tulane, Missouri, U. C. L. A., Duke, Iowa and Duquesne.

## Godoy Returns To South America

Cleveland, Dec. 3 (AP)—Arturo Godoy, satisfied he has staked a claim for a third match with Champion Joe Louis, packed his bags today and announced he was sailing Friday for South America—sadd would return only if Louis agreed to meet him again.

Godoy's manager, Al Weill, said he believed the Chilean's convincing 10-round decision over rugged Tony Musto of Chicago last night placed him in line for another title shot. Godoy battered and pounded Musto and floored him twice in the first round—once for no count and again for a count of three.

LEW JENKINS, who learned how to fight in the army some years ago, has enlisted again. The lightweight boxing champion was the first ring titleholder to sign up. Because of his previous experience, Jenkins hopes that he will get a commission, perhaps a second lieutenantcy, soon. Here the title king chats with officers right after enlisting at Washington, D. C. Left to right, Lieut. Robert B. Furman, Jenkins, Corporal Herman A. Wagner, and Corporal Archie S. Hallon.

## College Grid Scores Show Rising Trend

NEW YORK, Dec. 3 (AP)—The nation's football players and fans had more fun during the 1940 season than they did the year before. There was more scoring—and there's no denying the fact that touchdowns are what make the fans whoop and the players grin.

The increase is revealed in the 19th annual Associated Press survey of gridiron scoring statistics. The 269 teams covered in the survey averaged 13.38 points a game. That's a notable jump from last season's average of 13.06 and is getting up toward the 13.53 average of the 1938 season.

The average total points for each team throughout the season showed a decline from 112.98 last year and 114.96 in 1938 to 110.71 during the past season. Apparently the teams generally played fewer games and got more action into them.

The Southwest, long noted for its free-scoring games again, returned to the top of the list, with the South and Middle West not far behind.

## Class B Year Nears Close

By the Associated Press  
One division of schoolboy football ends the season this week but two others still have some time to run, one of them—the Class AA—going another month.

The Class B teams close the campaign with bi-district championships, five of which already have been decided.

District champions were:  
1—Claude, 2—Higgins, 3—Flomot, 4—Amherst, 5—New Deal (Lubbock), 6—Seminole, 7—Fort Stockton, 8—Eldorado, 9—Robert Lee, 10—Rockwood, 11—Luedera, 12—Clyde, 13—Lewisville, 14—Howe, 15—Birdville, 16—Lancaster, 17—DeKalb, 18—Wolfe City, 19—Tatum, 20—Malakoff, 21—Italy, 22—Gustine, 23—Meridian, 24—Lott, 25—Worthington, 26—Marquez, 27—Round Rock, 28—Bertram, 29—Barbers Hill, 30—Sealy, 31—Bas-

## TEXAS TECH, NEW MEXICO EXCHANGE UNHAPPY WORDS

ALBUQUERQUE, N. M., Dec. 3 (AP)—Coach Ted Shipkey of the New Mexico Lobos said today he was writing Texas Tech "offering to cancel any future games."

Shipkey's comment followed publication of a newspaper interview quoting the Tech's coach, Pete Cawthon as saying of New Mexico's 19-14 victory Saturday:

"We lost to a high school team, and the poorest team we played all year."

The Lobo defeat was the first this season for the Lubbock team. Shipkey charged Cawthon of being "unethical."

"I'm writing Tech today offering to cancel any future games," Shipkey declared "as I don't believe competition between the schools should continue with Cawthon's present feeling toward us."

"We beat Tech, and that's all there is to it."

"I knew before the game we had Tech, and it wouldn't have made any difference when we played them. Our scoring showed us mistakes in Tech's play that would allow a high school team to win, I'll admit that."

Members of the New Mexico University athletic council were roiled by the interview.

## Looking 'em Over

With Jack Douglas

Monday afternoon Big Spring's Steers were showing an uncommon amount of spirit, and well they might, since they have thrown dopsters for a loss and are finally on the warpath for El Paso high school for bi-district honors.

After being on the receiving end in drill sessions throughout the season, the herd reversed the procedure and gave Coaches Pat Murphy, Mule Stockton, John Daniels, and Carl Coleman a long-awaited dousing under a shower in which there was no hint of sissified warmth. This department went through some anxious moments at the same time and was beginning to figure on the way in which his thirty back special would stand the ravages of water, when last-minute pity was shown.

John Daniels, transplanted basketball coach, is continuing his preliminary trainings but has some doubt as to the improvement of his cagers. A tentative schedule has been arranged, subject to change.

More work toward getting Golden Gloves competition lined up. By tomorrow or the next day, a ring will be on hand and next on the schedule is to decide definitely on training quarters.

Entries are beginning to come in for the boxing tournament and more are expected before the week is over.

## Attendance Up At Grid Games

NEW YORK, Dec. 3 (AP)—There seems to be no reason to worry about the future success of intercollegiate football.

The big losers—like Army, Yale, Kansas, Tulane, Texas Christian, and U. C. L. A.—were the only ones whose attendance for home games slumped badly during the 1940 season, an Associated Press survey revealed today.

Attendance as a whole throughout the United States showed a 2 1/4 per cent gain over the 1939 figures.

Bad weather, as well as bad teams, accounted for some losses, but the Middle West, which suffered most from rain and cold, showed the biggest gain an 11 per cent increase.

The past season figures are based upon 330 home games for 64 representative schools, which drew a total attendance of 7,597,242. Last year, 69 schools, playing 317 games, had 7,414,966.

## Tariff Blamed For Farm Ills

WACO, Dec. 3 (AP)—A pledge to support parity income for the cotton farmer through whatever means necessary to achieve it was made here in an address yesterday by Rep. W. R. Poage (D-Tex.), who declared the protective tariff is responsible for "most of the farmers' present ills."

The Waco congressman spoke to about 100 persons here for a one day conference called to discuss means for enlarging farm income.

## Aggies Will Vote Bowl Preference

DALLAS, Dec. 3 (AP)—Somewhat recovered from the knockout blow that shook them out of the Rose Bowl, the Texas Aggie football players drifted back to their College Station campus today to formally vote on plans, if any, for another post-season appearance.

One game—the Orange Bowl in Miami, Fla.—was theirs for the taking.

But the feeling was general that the Aggies would voice a preference for the Cotton Bowl in Dallas, already half arranged by Fordham university's acceptance.

Not until Saturday night after the Southern Methodist-Rice game at Houston will the Southwest conference host team for the Cotton Bowl be known. Faculty representatives of the seven schools will cast a telegraphic vote.

Although the winner of the S. M. U.-Rice game will jointly share the conference title with the Aggies, it was virtually conceded that the Cadets would be the Cotton Bowl choice. The Aggies, in stretching their great two-season record to nineteen consecutive triumphs, had thrashed Rice, 25-0, and Southern Methodist, 19-7, before hitting the Texas snag that wrecked them.

Informed sources close to Aggie land said it was practically certain that the players would vote for the Cotton Bowl in lieu of the Orange Bowl, wishing to make their last stand before Texas homefolk against Fordham.

The Cotton Bowl, with its capacity of 48,200, would be jammed for that game, Cotton Bowl Athletic association officials have said.

## Fast Talk By Christmas:

COLUMBIA, Mo., Dec. 3 (AP)—The season's best football reporter:

Paul Christman, Missouri's merry magician, and an Oklahoma rasher. Both fell a second after the Tiger tosser let loose a pass.

"Did you complete it?" asked the prone Oklahoman.

"Yeah, but duck; here he (the receiver) comes," warned Christman.

Halfback Ralph Carter, who caught the pass, was thrown for a 23-yard loss as he backpedaled in a vain effort to elude tacklers.

## Steer Squad Trains With No Vacancies

According to reports from Coach Wallace's El Paso Tiger camp, the district 4-AA champions will be ready to shoot the works when they are entertained by Big Spring's Steers here Friday afternoon at 2:30.

Going through their wind-up bout with Austin high school of El Paso without any serious injuries resulting, the Wallacesmen are due to throw their full strength into Friday's battle.

El Paso defeated Austin in a sea of mud for their conference title, but in so doing showed little of the speed that is supposed to be their ace in the hole.

Big Spring gridsters turned out Monday afternoon with no vacancies on the roster. Guard Frank Barton, removed because of injuries from last Friday's tilt with Abilene when the herd copped district 3-AA's top spot, is back in the lineup after receiving the medico's go-ahead signal.

Winner of Friday's bout will meet the victor of the Amarillo-Wichita Falls encounter, to be decided this weekend, in the state quarter-finals.

A capacity crowd is expected for Big Spring's first bi-district joust since 1934, when Otis Bristow led his charges in a triumph over this same Tiger crew and on into a battle with Amarillo, El Paso, according to present plans, will send a delegation of backers and are bickering on the prospect of coming in full force by way of special train.

## White Swan 5 Holds Bowling League Lead

White Swan Laundry's bowling team seems to have taken a strangle hold on first place in the Classic bowling league, with Club Cafe running second.

Highest game of the week was turned in by R&R Theatre, with a 2,786 series. J. Y. Robb and O. D. Davis of that team turned in 241-600 and 237-617 series respectively for high scores.

High for three game series still belongs to J. C. Loper who earlier in the season shot a 245-663. Doug Albertson is high in the single game division with 289. Pat Cope and Stanley Wheeler have 251 each while Jake Douglas and Ben Daniels turned in 253 each. Harry Hoeckenford and J. C. Loper are still fighting for high individual honors with Harry having the upper hand with 193 and Loper second at 192.

## Canadian Pilots Trained In U.S.

TULSA, Okla., Dec. 3 (AP)—Four young American volunteers—the first in a new pilot training program for the Canadian government—began an intensive course in advanced flying today over Oklahoma's rolling flatlands.

Five more trainers will join them next week, and another five the following week. Under present plans, no more than 30 will be in training here at one time. Capt. Maxwell Balfour, director of the Spartan school of aeronautics, said:

"Their instruction will concentrate on making them good instrument and night pilots," he said. "Completion of the course will fit them for air line or ferry pilot duty."

Two other schools in the United States also will train pilots for the Canadian government under a similar plan. They are the Dallas (Texas) school of aviation and Cal Aero Tech, Glendale, Calif.

# New Census Leaves Number Of Texas Congressmen Unchanged

## Largest Gain In Seats Made In California

WASHINGTON, Dec. 3 (AP)—Reporting a continued "westward movement" of population matched by heavy gains in the south, the census bureau advised President Roosevelt today that, on the basis of the 1940 census, California was entitled to three additional seats in the house of representatives and seven other states to one more each.

Although Texas' population showed a gain from 5,324,715 in 1930 to 6,414,824 in 1940, apparently the state will gain no seats in congress, the gain not being sufficiently greater than the general average over the nation. Texas' 21 seats make it the sixth strongest in representation.

All the calculations were based on existing apportionment laws and final tabulation of returns from last April's census, which showed a total population for the continental United States of 131,669,275.

California's gain would give it a delegation of 23, a tie with Ohio for the fourth largest. Ohio's population was given as 6,907,612 and California's as 6,907,387. New York continued to lead the field with a population of 13,479,142 and a house representation of 45.

Despite the loss of a seat, Pennsylvania remained in second place with a 9,900,180 population and 23 house members.

W. L. Austin, the census director, in a letter discussing the 1940 census findings, reported that "the trend long established in the United States of migration from rural areas has been slackened."

The reapportionment would apply to the 78th congress convening Jan. 3, 1941.

ARTIST'S CONCEPTION of the Big Spring airport administration building is shown above. The project has been approved by NYA and will cost approximately \$30,000. NYA enrollees will manufacture materials and furnishings, and will construct the building. They will be assigned to a NYA resident center scheduled to be opened in Big Spring around Jan. 1. J. H. Brown, Big Spring architect for the N. L. Peters firm, is due to have preliminary plans this week on the center construction and will dispatch them to the district NYA office for working drawings. Equipment has been ordered and should start arriving in a few days, according to Orris M. Cosby, Abilene, area director for NYA.

## County Quota In Red Cross Not Filled

Howard countians were urged Tuesday to bring in membership contributions to the Red Cross, as windup of the campaign was sought. Shine Phillips, county chairman, said that nearly 50 more members were needed to fill the quota of 2,500. "If we don't get them, this will be the first time the county has failed," he pointed out.

Members who have joined include: Mrs. D. C. Sadler, Mrs. W. A. Miller, Mrs. Sam Eason, Mrs. S. P. Jones, Mrs. G. W. Felton, Mrs. Ella Neil, Mrs. J. R. Marion, Mrs. G. Lusk, Mrs. Musgrove, Mrs. C. E. Talbot, Mrs. G. S. True, Mrs. W. A. Warren, Mrs. Elvace Satterwhite, Mrs. Pascal Buckner, Mrs. S. T. Nobles, H. D. Cowden, Olive Ruth Cowden.

## Pope Asks Truce During Christmas

VATICAN CITY, Dec. 3 (AP)—Pope Pius XII asked warring powers today to observe a Christmas truce to keep "the clash of arms from drowning out the angel chorus of peace."

The pontiff called on the belligerents to observe a truce "spontaneously or by mutual accord" in which is urinary calculi. This ailment, which results in precipitation of solids in the bladder, frequently clogs the urinary tract of the animal with the result it either does not respond to feeding or dies.

## Champion Typist To Demonstrate

Albert Tangora, world's champion typist, will give a free demonstration at Big Spring high school auditorium at 1:45 p. m. Wednesday. Tangora's record is 141 words per minute net in one hour of continuous typing.

## Crete Teems With War Activity

SUDA BAY, Island of Crete, Dec. 3 (AP)—Great Britain and Greece are forging a powerful base out of this strategic island in the eastern Mediterranean, and the British report it already is blockading effectively Italy's fortified Dodecanese islands.

Almost all Crete teems with British and Greek soldiers. Heavy anti-aircraft guns guard the rim of mountains overlooking the harbor, one of the biggest and deepest in the Mediterranean region.

## Houston Dairy Workers Strike

HOUSTON, Dec. 3 (AP)—A. Rankin, milk drivers' union head, said inside workers in five of six dairies here would be called on strike unless the Houston dairy council made a settlement proposal today in a controversy with the union.

## SPORTS ROUNDUP

**By EDDIE BRIEZE**

**NEW YORK, Dec. 3 (AP)**—If Army ditches Coach Bill Wood, Maj. "Biff" Jones of the Rose Bowl-bound Nebraskas may move right in—and don't laugh that one off for a while yet. (If the thing goes through, Line Coach Link Lyan may move up at Nebraska).

La. Marble, the tennis queen, has just finished eight weeks of football prognosticating with an average of 70 per cent—a mark most of the newspaper experts would be delighted to sport. Latest product of the rumor foundry—that the Reds are after Eddie Miller of the Bees—can be nailed right on the head. There may be a sports story breaking in Milwaukee today.

**Blame Mr. Hansen—**  
Mr. Russell Hansen of Tucson, Ariz., rises to remark that at least two of the bowl teams—Fordham and Nebraska—are "bowed over teams." We merely pass it along.

**News and views—**  
What was Fritz Crisler doing scouting Duke or Pitt Saturday? With the football season on its last legs, the college drum beaters are flooding sports desks with basketball dope. Auburn and Boston College are trying to arrange a third meeting in Beantown next year. The colonels down in Kentucky say there's nothing but Whirlaway in next year's Derby, but the Chicago money will be riding on Our Boots. Before the boys decide on their "little all-America," we'd like to put in a plug for a guy named Paul Newell, a 200-pounder, who does a pretty fair job of country tackling for Kearney State.

**Today's guest star—**  
Jimmy Wood, Brooklyn Eagle: "This Louis-Burman business at least has some merit. Burman is tough and game. He's not a great heavyweight, but he won't faint on the stool before the opening round. And that's just what most of the guys around here believe."

Who Killed Aunt Maggie?

By Madona Field

The Herald's Serial Story

Chapter 12

SOMETHING HORRIBLE "What did you see, Alice?" Eve demanded, and from the insistence of her tone I thought for a moment that perhaps Alice had seen Eve herself, though it is true Eve was not now wearing the fancy pajamas Bill had described.

Alice stopped and began to shake so that I was afraid she was headed for hysteria. But Bob made her take another sip from his flask and tried again to persuade her that she should calm herself and go to sleep.

Claire, in the toxic one might use to a child when one hopes to rout an imaginary fear by bringing it out in the open.

light they could have seemed to do almost anything, we told Alice. "But they couldn't have come all the way to the upstairs hall," she argued, insisting that what-ever it was had brushed past her before she had seen it going down the steps.

brought me wide awake again. Aunt Maggie had announced at dinner that she believed she had found the clue to the long-forgotten secret room. Soon afterward she had been killed. Was it possible there was a connection between these two occurrences?

**State Welfare Officer Moves**

Marjorie Whiteker, district supervisor for the state department of public welfare for the past year, has received notice of her transfer to the Stephenville district.

She will be succeeded here by Arch Carson, Brownwood, as district supervisor.

Miss Whiteker, who was a member of the district staff under the former old age assistance set-up and who was then named to head the Big Spring district on its organization in November of 1939, will be assigned to a larger district.

Size of the Big Spring district also has been increased by two counties in a readjustment of division lines. Counties now served from the Big Spring office will be Gaines, Dawson, Borden, Scotty, Fisher, Andrews, Martin, Howard, Mitchell, Nolan, Ector, Midland, Glasscock, Coke and Sterling were removed from local jurisdiction and placed in the San Angelo district.

Carson is expected here within the next week and Miss Whiteker is to go to her new post on Dec. 12, she said.

**SANTA GIANT-KILLER**  
BY SIGRID ARNE

"YOU WILL FORGET YOUR VISIT WITH NEPTUNE."

The story so far: King Neptune's daughter, a mermaid, has promised a son to Saul, a fisherman who saved her life. Neptune plans to send a shipwrecked prince to Saul. He sends the mermaid to ask Santa for help.

All Rights Reserved  
AP Feature Service

**SANTA VISITS NEPTUNE**  
In a twinkling the gray sea gull was circling over the tall chimneys of Santa's toyland. It floated down to a window and hit the pane three times with its beak.

Santa was sitting at the fireside smoking his long, ivory pipe. A tired gnome was curled up in his lap asleep. Mrs. Santa was sewing a doll's dress. All the dolls were asleep in their cribs. But the fairies danced merrily around the Christmas tree.

Santa ran quickly across the room and threw open the window when he heard the three taps. In flew the sea gull. It settled on Santa's shoulder and he walked back to the fireplace.

"Well, well," he said, "what brings Neptune's daughter here on Christmas Eve?" You see, Santa knows the fairy world so well that he recognized the mermaid at once.

She told him the story of the prince, and of Saul and Inga. "Gracious," said Santa, "I know that prince and I'm glad he is going back to the land. His people need him. Let me call the Fairy Queen."

**The Fairy Queen**  
He blew a silver whistle. Suddenly there was a golden flash in the air and on his hand stood a tiny lady no taller than a blade of grass. She wore a gleaming dress and carried a little sceptre that flashed like diamonds. She was the Fairy Queen.

"I heard the story," she said. "And I am glad to help Neptune. But let us go see the lad. You are going down to the world tonight anyway, Santa, to decorate all the Christmas trees."

"Fine, fine," said Santa. In a twinkling the toyshop was in an uproar. Gnomes dashed outside to harness Santa's twelve reindeer. Santa pulled on his coat, his cap and his white fur gloves. Mrs. Santa dropped some peppermint candies in his pocket. And the party was off.

Santa in his great sleigh packed with gifts. The Fairy Queen flying at his side. And the sea gull flying ahead to tell her father.

Neptune sailed out to meet them in his most beautiful boat. The sails are of crimson silk. The decks are of pearl. Wind fairies float about it singing songs. The deck is so long that Santa's sleigh and reindeer settled easily down on it.

The Plan  
Neptune sat on a throne and next him stood the young prince. The mermaid dropped her sea gull's dress and curled up on the deck at her father's feet.

"Now," said the Fairy Queen to the prince, "you will forget your visit with Neptune. You will be the son of a fisherman and when you are twenty-one you must set

out on a year's adventures to prove you are worthy of being king. Here is a locket. Never open it except when you are in danger. Three times it will grant your wish."

She waved her sceptre and the prince was gone. Instead there lay in Santa's arms a tiny, new baby boy.

Then the mermaid spoke. "Good Queen, let me become a land maiden. I shall not be happy here without the prince."

"I will grant your wish," said the Fairy Queen. "But land maidens grow old. Do you still wish to go?"

"Yes, if I can find the prince some day," said the mermaid.

"Very well," said the Fairy Queen. She waved her sceptre a second time, and a tiny new girl baby lay in Santa's arms.

**West Texas Road Improvement Asked**

AUSTIN, Dec. 3 (AP)—West, central and extreme South Texas delegations presented pleas for road improvements to the state highway commission today.

The commission granted the request of a group from Midland and Upton counties, headed by County Judge E. H. Barron of Midland, to temporarily designate a road north and south from Lamesa to Rankin. Judge Barron promised that county officials would seek right-of-way.

**Speech Class To Give PTA Program**

Members of the Big Spring High School Speech class were to present a panel discussion on "A New Type of High School Curriculum" at the program for the High School P.T.A. this afternoon.

The speakers are under the supervision of Miss Elouise Naley and include H. E. Weaver, Wadell Welch, Jack Ralston, Odell Woods, Sara Maude Johnson and Grover Cunningham.

**Land Planning Committee Meets**

Howard county's land use planning committee Monday afternoon approved a series of recommendations for area problems, heard reports and reorganized for 1941.

The group, which meets quarterly to consider agricultural problems, adopted a resolution asking the Texas extension service to authorize the Texas experiment station to study methods whereby mesquite and other brush could be economically and effectively eliminated.

Reports were heard from the soil and water conservation committee, with particular attention to the work done by the soil conservation district in Howard county. There was no report from the freezer locker group, but the unit was continued into the new year.

M. L. Hamlin, land use committee chairman, and representatives from governmental agencies were named as committees on cotton, and feed crops. L. N. Powell, O. D. O'Daniel and M. L. Hamlin were selected as a range improvement committee.

For the mattress program, L. H. Thomas, Ross Hill and Earl Hull were chosen to serve with the women from the home demonstration council. Mrs. O. D. O'Daniel, Mrs. W. C. Rogers, and Mrs. Ross Hill were delegates to investigate the possibilities of a cooperative fruit purchasing program.

Area representatives for the committee in 1941 were announced as: 1. Mr. and Mrs. W. F. Heckler; 2. M. L. Hamlin and Mrs. C. E. Lawrence; 3. Mr. and Mrs. C. E. Palmer; 4. Mr. and Mrs. C. E. Prather; 5. Mr. and Mrs. B. J. Petty; 6. L. N. Powell; 7. J. F. Wynans; and 8. Mr. and Mrs. O. D. O'Daniel.

**Dies Solicits Public Favor**

WASHINGTON, Dec. 3 (AP)—Chairman Dies (D-Tex) staked the future of the house committee on unamerican activities today on appeals by the "people of America" for a continuance of the work he said it was doing in exposing fifth columnists and saboteurs.

Exactly one month before the legal expiration of the committee's authority, the Texan went on the radio last night to review its work and conclude with the assertion that there had been at least five acts of sabotage on "a most important experimental plane" at one of the largest plants in the country.

He declined to identify this incident further, saying privately that in view of the possibility that corrective measures might be adopted, the company should not be named.

In his appeal to the people of the country Dies' thoughts were centered on having congress do what it has done twice before—order continuation of the investigation of unamerican activities for another year. Dies already has announced he would seek such action.

**SEVEN ARE KILLED**

Police spin an interesting yarn of how a man, tired of being attacked by a game cockrell, finally called upon the patrol car for help. The cantankerous cockrell had previously attacked the man, whose name police did not have, but Monday evening he really did a job of it. Finally, the man beat the bird off with a stick and tossed him over the fence in an alley for dead. But he made the mistake of walking by the fowl. Game to the end, the creature rose up again and attacked the man, spurs and bill. Then the patrol car was called.

**Rotary Club Talks Roads**

Rotarians Tuesday heard a discussion on the state highway system and its economic importance. The program was in keeping with observance of Texas Highway Week. Joe Pickle addressed the club and pointed out that highways had worked an economic transformation in the state during the past score of years, and was more vital than ever to future progress of the state.

B. Reagan also spoke a word for highways and urged each Rotarian to ask the chamber of commerce to stress a roads program in 1941. Ily Pratt, Midland, announced that Jeff Williams, Chickasha, Okla., Rotary International director, would speak at Midland Friday at 7:30 p. m. Pratt also advocated a defense of moral and spiritual values in these troubled times. Clint Lackey, Midland, was another visitor. J. H. Greene asked Rotary members to cooperate in the chamber's Decision Week program.
