Spearman Tuesday of pleted by Friday week. Permanent service unit committee for the organization is the low altitude at made up of Judge J. C. Lee, was hampering his re-end his doctor advised for conveles-treasurer; Bill Miller, Clay Gib-ner, Ed Huutton, Bruce Sheets Hospital at this time, but it is this group and taking care of the sed that he will be able to re- Salvation Army work in Gruver home in Spearman is W. H. Willoughby, Rev. J. M. Doak, R. A. McMillian and J. W.

Riley.

Judge Lee states that the local salvation army program is one that all citizens of Hansford county can freely support because the local program is very prac-tical and does not have any "red tape" involved with it. Many people have been given emergency assistance during the past 12 months with the salvation army program. Plans are now being laid to send one of our boys to the salvation army summer camp during the first week in

Gruver will have their kick-off meeting for the salvation army drive Friday morning with a coffee meeting at the Masonic hall there is going to be a county-wide at 8:30 a. m. W. J. Eddleman ground observer corps meeting man for Gruver and surrounding at 8:00 p. m. trade territory. Eddleman states that he hopes to have about 15 or 20 workers participate in the drive to insure a successful campaign for the army this year.

HEAVY SHOWER WED.

cloud moved North and East of pertaining to these storms.

Clean Up Spearman Now Till June 1, City To Help

City Officials are working with the Spearman Garden Council toward an all-out clean up campaign for this city. Especially is this important at this time, due to the fact vacant lots and alleys are covered with weeds, and damp spots which breed mosquitoos.

Every citizen is asked to clean all refuge from your yard, lot and adjoining vacant lots and pile this trash in your alley for City men to pick up in trucks. These trucks will run two days, Friday and Saturday May 31 and June 1st. They will pick up everything piled by the

most especially. Due to heavy rains and a long damp cool season, polio carrying insects breed in such places. If everyone will cooperate in this campaign, Spearman will go a long way toward having a disease-free Spring

Dates for this clean-up drive have been set to start immediately. From now until June 1st.

Clean up your property! Or see that someone else

Oil And Gas Activities Back To Normal With Clear Weather

and Gas field are back to normal Spearman PTA after several weeks of slow down caused by the bad weather. Three new locations were staked this week. Humble Oil Corp staked a location on what is known as year of work. Mrs. George Collard Stavlo land on section 132, blk. 45 HandTC. We understand that D. G. and J. C. Cluck of Gruver own most of the royalty on the

many beauti, able acreage, should it prove a Lee, treasurer. now owned by Jackson Brothers, Dee and Bud Jackson. We understand the royalty is owned by Jacsons, Wilmeth and No-

The third location is on the Collard and Steele land North of Spearman on section 87, blk 45, Salvation Army Start H.TC. Proposed depth is 8300 feet and Huber Oil Corp. will be

drilling their own well. In the same area with this test will be a location on section 88, now being tested for oil in the E. J. Copeland has been sel- Cherokee sand, with prospects very bright for oil production.

Another well testing Wednesday of this week by the R. R. Commission is the test on Collard and Steele land on section 90. There is known production at an upper level of approximately seven million cubic feet of gas, and it is understood the test is expected to be a dual producer. with a much richer lower sand. One of the mysteries of this field is the dry and abandoned well on Jackson and Crawford land on section 112, just East of the orginal Jackson discovery gasser. This well is literally surrounded by seven producing wells.

Wheat Plowing Extended To

Plowing up of excess wheat has been extended to May 31st, further information.

County Wide Observer Corps Meeting June 7

Judge Johnnie C. Lee announced this week that on June 7, is serving as campaign chair- in the Gruver school auditorium

All ground observer corps members in the county will be present, and any and everyone interested in this has a cordial in-

Dan True will be special guest A heavy shower hit Spearman and he has some films on Tornaat 3:40 Wednesday, leaving the dos to show, and will talk exgutters full of water. The black tensively on weather conditions

entered in the Spearman Celebra-tion parade.

the city, with the West part of the county receiving little mois-ture.

Everyone interested in observ-ation, weather, etc., is asked to be present on this night.

Closes Season

The Spearman Parent-Teachers met May 13, to close the current announced that the project of graveling the parking area is underway.

Mr. Woodville Jarvis gave the section. The location is West of devotional entitled "Achievementhe Ned Turner producer, and ts." Mrs. Woodville Jarvis, President of Hansford County PTA A second location is that of Council, officiated the installation ton, Texas. The big problem is likely to Jack and Robert invite you in be labor. It is almost impossible today, and they promise you the to find any local tractor hands. the spotlight of activity in the county. All of this land will have to be worked several times before planting maize; and this could be one of our best maize years! Many farmers are concerned about how they are going to get their wheat harvested, with such a shortage of help. All in all, the county is getting ready for action, on the harvest front, for the first time in almost seven years! We all hope for a boutlful harvest this year, and merchants, as well as farmers, are getting ready for the big plow ing and hervest season, already underway in the area.

J. C. Miller won the Mystery Farm contest guess this week. He guessed the farm as that of Asberry Cookston, and it was right. Others guessing the farm were: Perry Dixon, Mrs. Pearl M. Dixon, Elvagene Thuett, Bill Dean Reagan, Woodie Jarvis, John Lackey, J. C. Miller, Mrs. C. M. Russell, Mrs. J. L. Pierce,

Twentieth Century Club

The spring luncheon for the Fine Arts and Home Science Department of the Twentieth Century Club was held May 9th. at 12:00 O'clock in the Fellowship Hall of the Methodist Church with Mesdames Raymond Kirk, Wilson McClellan, R. W. Morton and Deta Blodgett as hostesses. Lovely spring flowers served

as center pieces. Special music was provided by members of Mr. Sam Watson's Spearman High School Band. Carolyn Collard played a flute solo accompanied by Susan Sheets and Dianna Witcher played a clarinet solo accompanied by Teddy Sparks.

Invocation was given by Mrs. Fred Holt.

Santa Fe Electronics

New electronic methods keep constant check on all freight cars moving over Santa Fe rails

New electronic wonders are contributing to precision railroading on the Santa Fe.

Take freight car locating, for instance. With our Red Ball service, we can "put the finger" any time on any one of many thousands of freight cars moving over the 13,150 miles of Santa Fe rails every day.

Information on these cars is recorded on cards which are fed into electronic machines. These "electronic brains" process the cards as fast as 2,000 per minute-and tell us within a few seconds . where every car is, what it contains, where it is going.

This information is immediately available for our customers. Shippers of produce may take advantage of any changing market conditions and divert their shipments while en route to other points where markets may be more favorable. With this advice, consignees know in advance the time of arrival of their shipments. This facili-

tates their plans for delivery of shipments or scheduling of production. This method of locating freight cars is only one of the many electronic tools now employed by Santa Fe. Some of the others are microwave, twoway radio, and supersonic rail detectors.

Something new in the science of railroading is a daily objective on the Santa Fe-the railroad that's always on the move toward a better way.

SANTA FE SYSTEM LINES

Always on the more toward a better way

"I like those extras you get in an Olds!"

> MI: You mean the advanced styling, I suppose The Accent Stripe and . . .

SME: Oh, there's more to it than that. For example, the "park" position on the Hydra-Matic Drive makes it safer and easier to start, even on hills.

Ma: Well, Olds has a reputation for attention to details. That's one reason the value lasts.

SHE: You can tell that someone took a lot of patience in planning and building it right. Even the two ash trays are lighted.

ME: I'll bet the Oldsmobile engineers would love that, but I wonder how they'd feel about you not mentioning the Rocket Engine? Now there's a power plant. There's still nothing quite like a Rocket!

SME: That's for me too, but I look for lots of other things - like upholstery . . . and that glove box. It's big enough for an

James Pendergraft is new assist ant Coach:

James Pendergraft has recent ly been hired as the Assistant Coach for Spearman High Schooll, and has already moved to Spearman to assume his duties as Youth Program Director for the summer.

Pendergraft is married and has two boys, Bradley and Stanley. He attended West Texas State College where he received his B. S. degree and played on the Buffalo 1950 - 1953 football team. Prior to coming to Spearman he was Ass't Coach to Roy Pennington at Darrouzett and then he moved to the Air Base in Amarillo where he has been a civilian instructor for the past two years.

Pendergraft will be the overseer of the Youth Program this summer as he already has the program outlined. By being in this position, it will give the citizens of Spearman an opportunity to meet him and work with him during the summer months. He has been responsible for other programs such as we have here in Spearman, so his activities

will be nothing new to him. After completion of the sum-Mrs. E. C. Womble, Mrs. Jack mer program, James will be working with the football team, will probably handle both boys and girls' "B" teams in basketball, and will also help with the

track coaching. The sports and recreation committee thank you for the wonderful response you have been giving to the letters recently sent you asking for your contribution for the Youth Program this summer. We are getting close to the \$1,500 goal previous-

ly set-Lets go over all the way! If you have not mailed your contribution in yet please do so at your earliest convients. Send your check to "Spearman Summer Youth Program", R. L. Mc-Clellan, Spearman, Texas.

HOME THIS WEEK IS THE LOVELY FARM, RANCH HOME OF MR. AND MRS. ASBERRY COOKSTON.

ely seven room modern farm home for Farm is the property of Mr. and Cockston of Spearman. The farm is bed at this time by Mr. and Mrs. A. C. Green, t the Mystery farm.

d Mrs. Green took over the management we years ago, and have lived at the uring that time. They have four grown arried, none living with them at the

poliston purchased the Mystery farm back

in 1937, when it was just farm land, with a small 2 room house. Since owning the land he has improved the facilities with the new home, a 12 x 24 smoke house, 32 x 14 bunkhouse, 12 x 42 chicken house, granary space for storage of 3000 bu. of small grain, wind mills, surface tanks and other fence and minor improvements. He estimates that he has spent more than \$20,000.00 in improvements since he has owned the land. However, Asberry says the money came out of the ground right there on the 600 acres of cultivated land. He can remember back in 1940 when

he harvested 200 acres of summer fallow wheat that yielded 60 bushels per acre . . . and says several times during the time he has owned the land that he has produced an average of 30 bushel wheat.

Mr. and Mrs. Cookston were married December 2. 1917 at their then home in Stephens, County, Texas. They lived and farmed in Stephens county until Asberry bought this Mystery farm section in 1937.

The well liked Spearman couple retired from active farming back in 1950 when they moved to Spear-

bombs to use for peaceful ends. man, Texas. Have YOU had your POLIO

Protection?

To you who have been reading these appeals for the past Three Weeks and have not taken advantage of the opportunity to protect yourself and your family against Polio, may we remind you that the time is growing short to start the series of Polio Shots so that adequate protection may be obtained before the onset of the peak Polio season. There is still time, but you must act promptly. The schedule for Polio injections can be arranged as follows: Take your First Injection NOW. Four weeks later, you will take your second injection. Then, seven months later, you will receive your Third injection. As recommended now by the National Foundation, a Booster injection of Polio vaccine is advised each year, during May or June, before the onset of the Polio Season.

May we also remind those of you who have had your three injections, the latest more than 4 to 5 months ago, that you are due for your Booster injection NOW. DO NOT NEGLECT THIS VITAL PROTECTION.

The Spearman Lion's Club is sponsoring this series of informative articles because they firmly believe in this program of protection against Polio and they are sincerely interested in maintaining the cooperation of the citizens of the community in the preservation of the health of our people.

Will you be one of those who fail to heed this appeal or will you be one of our citizens who is likewise concerned about the future health of yourself, your family and your community?

Contact your doctor TODAY.
